Washington, Oct. 18. Henry Watterson, editor of the Louisville Courier-Jourmal. called on President Wil son at the white house today following the example set two weeks ago by George Harvey, tormer editor of Harper's Weekly. The meetings mark the end of the controversy between the paesident and two editors, which arose during Mr. Wilson's pre-nomination campaign for the presidency

Mr. Watterson, like Mr. Harvey, went to the white house at the invitation of the president. He remained with Mr. Wilson for more than an hour and later the visit was described as entirely pleasant and harmonious. The presi dent and the editor are related by marriage and their talk was said to have been largely personal. Every incident of the visit emphasized the restoration of good rela tions.

ecently Mr. Watterson has been supporting the president in his editorials and an exi change of triendly letters tol lowing Mrs. Wilson's death was said today by filends of both men to have made the meeting tree from embarrassment.

Suffered Twenty-One Years Finally Found Relief

Having suffered for twenty-one year with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-root found relief in Dr. Klimer's Swamp-root. Injections of morphine were my only re-lief for short periods of time, I became so sick that I had to undergo a surgical operation in New Orleans, which bene-fitted me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root and I at once commenced using it. The 1st bottle did me so much good that I pur-chasek two more bottles. I am now ofi my second bottle and am feeling ike a new woman. I pissed a gravel stone as my second bottle and am feeling ike a new woman. I pissed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp Root and I feel it my duty to recom-mend this great medicine to all suffer-ing humanity. Gratefully yours. MRS.
