### Receiver Asked.

A petition has been filed in the District Court here by J. S. Besser and others asking for the appointment of a Receiver for the property of the Attoyac River Lumber Company. It appears from the petition that the assets of the company largely exceed its liabilities. Those familiar with the company's affairs say that if the business is continued until the financial stringency now existing throughout the country is passed, they expect all debts to be paid, dollar for dollar, and the stockholders will re-assume the management of the business.

June C. Harris of this city is the receiver appointed by the court.

County Judge J. F. Perritt had to go all the way down to Charco to attend to proof on some other judicial case. He returned with a confidential commission and a letter from the State Comptroller, Camp R. Harris, who is in the hospital. There are many peacocks drawn by undeserving parties, and many deserved that can not be obtained.

### Boy Scouts Candy Pulling.

The candy pulling that was postponed so many times was "pulled off" Friday night from 7:30 to 12 at the home of W. T. Wilson.

Three large tents were put up in the vacant lot in front of Mr. Wilson's home. A long table was put under one of the tents to put that good old homemade syrup candy. Another table was out by the roaring camp fire.

The small boys and the other boys that did not take or care for any interest in the girls, played games and had a fine time around the tents. Oh, but the boys who did take a liking to the queens played forty-two and did the same old things that are done when boys and girls get together.

Time came when the candy was ready to pull. It was easy to get a girl to hang on one end and help pull. After everybody was through pulling candy, hot chocolate, cake and sandwiches were served.

About fifty boys and girls and fifteen or twenty "old folks" were present. We are always glad to have the mothers and fathers with us on such occasions. Everybody began to depart about 11:30. A Scout.

### Boys Train Jumping.

Complaints are made to the officers here by the railroad people that boys are in the habit of jumping on trains for a ride to the Bonita Junction and back for a joy ride and for the fun of it. One boy had a narrow escape for his life. He barely missed being run over. Deputy Sheriff King caught three negro boys, 12 to 16 years old Sunday who had done the trick. When brought in they tearfully declared that they had never before, and would never again. They appeared neat and two of them wore clothes that showed patches by a careful mother. The officers spoke of this, and the third boy spoke up and promised to have his clothes patched as soon as possible, hoping to be favored as the others. They also promised to be good and thereupon they were released and went away joyfully.

Official report of cotton ginned in Nacogdoches County for year 1914 to Dec. 13, 14711 bales, counting round bales as half bales. Same date 1913 was 20910 bales. Difference 3799.

The oil fields of Nacogdoches county are now receiving attention, and will probably revive. There are two separate propositions on foot to develop these fields, and both are able to do it. There are numerous gushers in the Oil Springs section, to be brought in, by some one who is lucky.

GILBERT M. HALTOM, MANAGER

Governor Colquitt's Last Attack on The President

It is an old saying that they who are least able to do are most ready to find fault with what others do. The competent always incurs the envious enmity of the incompetent.

Those outside of Texas who have read the fourth revised edition of Governor Colquitt's tirade against the president will be less able to appreciate the point of this observation than those of us in Texas. For outside of Texas there are few—and it is happily so—who know that, of all the governors this state has had in recent years, Governor Colquitt proved himself pre-eminently the unfittest. The affairs of Texas were never so grossly mismanaged as they have been during the four years of his administration. It would hardly exaggerate to say that the elevation of Mr. Colquitt to the governorship of this state has shaken the faith of thousands in the ability of the people to choose their servants wisely. Indeed, if one were to rank the misfortunes which Governor Colquitt's administration has brought on Texas, it is probable that the weakened faith in the feasibility of democracy, resulting from his ineptitudes, his intellectual limitations and his intimation of himself, would be counted a graver and more condign consequence than even the plight into which he has brought our governmental affairs.

It may not be said that the president is fortunate in having incurred the political enmity of Governor Colquitt, it is solely because it is only Texas people who are in a position to know how inimitably preferable to his approval is his disapproval. The country seems to have been pretty thoroughly "regularized" with Governor Colquitt's opinions of the president. The press bureaus and republican papers have attended to that. That fact offers the democrats an opportunity. They have only to give equal circulation to a political biography of Governor Colquitt to make certain that the country's admiration of the president will be raised and intensified.—Galveston News.

Puritans of England Made Christmas Illegal

English Puritans of the seventeenth century guarded against looking upon the rosy side of life. Because Christmas is really a survival of the Celts' Yule, and is not the actual anniversary of the birth of Christ, they refused to countenance Christmas festivities. Not only did they refuse to recognize the day, but they made laws to that effect.

The parliament of 1645 passed an act ordering all law-abiding citizens to observe December 25 as a solemn fast, to be spent in silent atonement for previous Christmas

days that had passed in riotous living and merry-making. Naturally the community did not share in these hard and fast rules, and many a turkey was surreptitiously killed, and many a plum pudding quietly boiled. But were beside the unfortunate offender against the act were he luckless enough to be discovered.

Soldiers were sent to search the houses of those suspected of harboring such delicacies as mince pies, etc., and many were the pitched battles between disagreeing sections of the public.—Exchange.

Horse vs Auto

My good old trusty mare, named Myrtle, which to my cart I daily hitch, was never accused of turning turtle and dumping people in the ditch. She's always prompt to do my bidding, though from a well-filled manger torn, and I have never seen her skid-drip because her tires were badly worn. She has a dozen daily uses, she's safe and sane and city broke; she doesn't honk like bughouse geese, or fill the air with noxious smoke. Along her stately way proceeding, she calmly hits her eight-mile gait, and nothing tempts her into speeding; she always keeps her head on straight. Along the road she doesn't thunder, with roar and shriek and dust and stench; as nothing breaks, I don't crawl under to fix her with a monkey wrench. I take my nephews and my nieces for pleasant drives, when day is over; we all come home, but not in pieces, our fragments piled upon a door. And then my good old nag adores me, and when I think I'll buy a car, my busy conscience up and scores me and gives me quite a savage jar.

Sudan Grass. Every farmer in Nacogdoches County should plant at least one acre of Sudan Grass this coming season, because it is the earliest and largest yielder of hay that can be grown on the farm. Sudan grass is a Sorghum and should be planted after all danger of frost is past. Right after corn planting time or the latter part of March or first of April is the best time to plant it. It will be planted at this time three or more cuttings can be had during the season. The first cutting can be made from 50 to 60 days after planting, and the remaining cuttings about every forty days, under normal weather conditions. This grass, as tested out on the Experiment Station on North Street can be planted as late as June 24 and a yield of close to two tons per acre obtained, but when planted in April the grass will yield five and more tons to the acre for the season. To obtain the best results Sudan Grass must be planted on well drained land, a good seed bed prepared and planted in 24 inch rows. The seed can be planted with an ordinary corn and cotton planter using a five hole sorghum plate 2 1/2 pounds of seed to the acre will give a good stand, three cultivations to the first crop is all that is necessary but every time the grass is cut it should be given a working. An application of cotton seed meal and acid phosphate equal amounts of each should be applied before planting in the drill and well mixed with the soil. The amount to be applied depends entirely upon the nature of the soil. Of course the better the soil and the more fertilizer applied the larger will be the yield of grass. On the Station 400 pounds of this mixture was used to the acre on sandy land.

For hay the best time to cut is when the grass is in full bloom, the stems then are tender and juicy. After cutting, this grass will continue to grow until frost and after the last cutting there will be good grazing for stock, the heavy stubble plowed under will also add a large amount of organic matter to the soil, but will add no nitrogen as it is not a legume, and therefore should not be planted on the same land the following year. This grass works well in a crop rotation for the reason that it is an annual and dies with the first frost. Any crop can be planted on the same land the following year, but in order to maintain the fertility of the soil it would be best to follow Sudan grass with cowpeas or some other legume. This crop also makes good silage and is eaten with relish by all stock either as hay or silage and on account of its high content of sugar is fattening.

It is time the farmers of Nacogdoches County turn their attention to other crops besides cotton and this is one crop that should be planted in connection with cowpeas, peanuts, tobacco, and corn. These crops if planted in a rotation will maintain and increase the fertility of the soil, as well as provide feed

for the stock and a money crop with which to purchase the necessities of life.

Our people must live at home and so must the stock on the farm. In the past the farmers of this county have lived out of the town, instead of the town living out of the country, and the stock have lived out of the feed store instead of the barn and crib. The advice of the Experiment Station is the same as Mr. Hotchkiss told in last week's paper. Keep out of town, go to work, visit the Experiment Station. It is yours and it you follow this advice there will be no cry of hard times next fall.

How To Give Quinine To Children. FEBRILIN is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for 2-ounce original package. The same FEBRILIN is blown in bottle. 25 cents.

early. I think the folks should hear my jokes, my ancient jokes and punning: I think all hands should my commands obey and so it running. Alas, I know I selfish grow, my faculties get muddy. I cry, "Gee whiz? My comfort is the thing you all should study!" An open door makes me so sore, and I get up and slam it, and to my shame I then exclaim some words that rhyme with "Jam it!" A fire burned low fills me with woe, I snort like Alexander, till women flee to comfort me and soothe my senile dander. And thus old age brings empty rage and temper cross and mulish, and peevish pout and mental gout and passion false and foolish. My folks I tire with useless ire, and bore them to distraction; to my sad kinny cashing in should bring large satisfaction. Walt Mason.

How We Get The News

Day before yesterday a perfectly nice lady called us up and with tears in her voice reproved us for not mentioning the fact that she had had a friend visiting her last week. We told her that she had not let us know anything about it and that therefore, we did not know that she had a visitor. Then she said, "Well you should have known. I thought you were running a newspaper." Wouldn't that rattle your slats? Some people think an editor ought to be a cross between Argus and Anna Eva Fay. They seem to think that our five senses are augmented by a sixth that lets us know everything that happens, even if we see, hear, feel, taste or smell it not. Dear lady, editors are only human, or at least almost human. If you have a friend visiting you, if you are going away, or have returned from a visit out of town, if Johnny falls and breaks his arm, if your husband chops his toe instead of a stick of wood, if anything happens that makes you glad, or sad or mad, call us up. Tell us about it. That's the way to get it in the paper. Exchange.

# UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

**"Dodson's Liver Tonic" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salivate.**

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver. If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tonic instead of using sickening, salivating calomel. Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your head aches and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of energy, vigor and ambition!

## Life Insurance Loans to Farmers, Nit.

Fort Worth, Tex., Dec. 29 — W. D. Lewis, President of the Farmers Union of Texas, today gave out the following statement:

"I understand that the next Legislature will be called upon to amend the Robertson law so that the Foreign Life Insurance Companies may be permitted to lend money in Texas without suffering the pains and penalties of that law.

"The Farmers' Union favors the free and unlimited lending of money, and every farmer who ever rode a bale of cotton to market knows that the volume of a product offered has largely to do with controlling the price, but it not asking too much, we would like for the foreign life insurance companies that are knocking at our door to take the stand and say whether or not they will lend money on farm property; what amount is available and at what rate of interest? Perhaps the latter is a hypothetical question, but they can at least give the present rate of interest they are asking on farm loans.

The man who was brought here yesterday from Aljo, suffering from a gunshot wound in the spine, causing paralysis of the lower half of his body, is reported to be doing fairly today at 2 p. m. His name is George B. Ellis, of Paris, Texas. He is a nephew of Rev. M. C. Johnson, one of our local Presbyterian ministers. He is a cotton buyer and had bought a list of cotton from Mr. Henry Berryman, a prominent merchant of A to, and the two men fell out over this deal and it is charged engaged in a clinch fight during which Berryman fired a 32 automatic pistol with effect. The wound has not yet been satisfactorily examined. The X-ray is used in the case. Mr. Berryman's wife is a sister of the late Mrs. R. C. Monk, and all are of fine old time families.

City Marshal John S. Doughtie requests the Sentinel to state that there are forty two names of defaulters on the city road tax that have been turned in, and are sued and summoned to answer. They have, from one cause or another, failed so far to account, and tomorrow is their last day. If they do not attend to this and judgment is rendered against them, warrants for their arrest will be issued, and then it will cost each one \$13.90 or more to get released. Up to now I will only cost four dollars each. He says he does not want to be compelled to arrest any one, and he will take it as a personal favor if they will meet their cases and save him and themselves much trouble. There were fifty two delinquents but ten of them have shown their good sense by paying out.

## Nacogdoches In The Lead In Boy Scout Activity.

Nacogdoches, Texas, has more Boy Scouts in proportion to its population than any city in the United States, while New York City appears at the bottom of the list as far as percentage is concerned.

The metropolis of America is, in fact, the fifty-first and last city on a list recently compiled by national headquarters of the Boy Scouts of America.

Houston appears nineteenth on the list, with 264 active Boy Scouts, which gives the community one scout to every 325 inhabitants, using the census figures of 1910 as a basis for the calculation.

Dallas is fourteenth, with 339 scouts, one scout to every 272 inhabitants.

Greater scout activity seems to have been manifested in cities with populations averaging 125,000, although in this recently published list cities with populations ranging from 3500 to nearly 3,000,000 are shown.

The population of Nacogdoches is given as 3809 and the scout enrollment is 124 boys, which means that for every 27 citizen there is one Boy Scout, entitling that city to first place on the schedule.

This percentage leads by far the record established by any other city. Morristown, N. J., second on the list, has one scout to every 55 inhabitants; New York City, fifty-first on the list, has one scout for every 1547 inhabitants.

I wish to thank my customers for the liberal trade they have given me in the past years.

Times have changed and owing to conditions of trade now I am going to make a change in the policy of my business for the future.

I shall sell for cash only. This I am sure will be a benefit for all. It will reduce the cost of your living from 10 to 25 per cent and on your years purchases will show a large gain for you for I am going to make my prices low enough to justify you. Try it. We will still maintain our delivery service.

Thanking you again and believing that you will not be disappointed, I am,

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

## IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

## The Itinerant Burglar Jailed Here.

The Mahl burglar was lodged in jail here yesterday evening. He confessed to the burglary of Lee Winder's store at Mahl, and to the six burglaries at Lutkin, and accounted for all the articles and money stolen. He lost part of the money betting at a gamblers trick here, as he was on his way up from Lutkin to Mahl. He claims that his mother and father are dead, and that his home is on the face of the earth. He is less than 21 years old, and not of a bright type of intellect.

Deputy City Marshall W. F. Teal of Lutkin is here, and identifies the articles stolen at Lutkin.

Berlin, via London, Jan. 1 — Emperor William, in a New Year's message to the army and navy, made public at main headquarters, says:

"After five months of heavy and hot fighting we enter the new year.

"Brilliant victories have been gained by the German army almost everywhere on the territory of the enemy. Repeated attempts of our opponents to swarm on German territory have failed.

"My ships have covered themselves with glory on every sea, and the crews have proved not only that they know how to fight victoriously, but to die like heroes when overwhelmed by superior forces.

"Next to God's wise guidance, I trust to the matchless bravery of the army and navy and know myself to be as one with the entire German nation. Therefore, let us face the new year unflinchingly, looking forward to new deeds and new victories for our beloved fatherland. (Signed) Wilhelm."

New Year Greetings are to be seen in big letters in every newspaper, and in many big advertisements. It seems superfluous for the Sentinel to repeat the chorus, but here goes. The Sentinel thanks all of our friends and patrons for all favors, and solicits a continuation and multiplication of the same and extends Best Wishes for one and all, for a Happy and Prosperous New Year.

The following out of town dancers attended the 9th Annual Ball of the Elks on New Years evening: Miss Donna Buford, Henderson. Miss Mamie Hazel of San Augustine, Miss Ruth Glen of Lutkin, Messrs. Furman Pinson and Tidell of Shreveport, Mr. and Mrs. Roy Kent of Virginia, Mrs. Beatty Smith of Shreveport, and Mrs. Farmer of Richmond, Texas.

## What's The Use

Man toils at his appointed task till hair is gray and teeth are loose, and pauses now and then to ask, in tones, despondent, "What's the use?" We have distempers of the mind when we are tired and sorely tried; we'd like to quit the beastly grind, and let the tail go with the hide. The money goes for shoes and pie, for hats and pork and dainty juice; to get ahead we strive and try, and still are broke, so what's the use? Then, gazing round us, we behold the down-and-outers in the street; they shiver in the biting cold, they trudge along on weary feet. They have no home, they have no bed, no shelter neath the wintry sky; they'll have no peace till they are dead, and planted where the paupers lie. No comfort theirs till in the cell that has a clammy earthen lid; yet some of them deserve as well of Fortune as we ever did. And, having seen the hungry throng, if we're good sports we cease to sigh; we go to work with cheery song, and make the tur and feathers fly. Walt Mason.

## Weight Must Be Stamped on all Butter.

Exact weights of all packages of butter must be printed on the package beginning Friday morning. If the package contains less than one pound, the weight must be printed on the package in figures one half inch high. If it contains a full pound the figures must be one-quarter inch high.

An ordinance prescribing the stamping of weights on packages of butter was passed by the council some months ago, to be effective January 1. It was not made immediately effective because some creameries protested that they would have to destroy packages already on hand.

In case the ordinance is violated by any dealers in butter prosecutions will follow, say city officials—Houston Chronicle.

There has been considerable interest taken in the cutting scrape at Mahl. Ned Whitaker, the colored man, who was so badly cut last week and was expected to die, is still living, and has a chance of recovery. Calvin Johnson, a colored man of good standing, admits that he did the cutting, and claims he had good cause. His son assisted. He had declared before that he would kill Ned, when he got a chance, and he gave his reasons. Ned had skipped, but he returned and met his fate.

## END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diapepsin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, indigestible food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get blessed relief in five minutes. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest stomach doctor in the world. It's wonderful.

## TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrivel, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

## War News Puzzling.

The Sentinel can only repeat, what it has heretofore said, that the European war still rages in an almost inconceivable degree, but with no decisive results. Great battles are fought every hour, on land or on sea, and the carnage and havoc are incalculable. And each side claims victories. The G-rmans are indomitable, aggressive and boastful. The Allies meet them in equal kind and severity, and with greater numbers. All are entering the New Year with pretensions of renewed vigor and hope.

## Elks Reception and Dance.

From Saturday's Daily:

The most elaborate entertainment of the holidays took place on yesterday's beautiful New Year's day and evening in the reception suite of the Elk's home.

Several hundred guests shared the hospitality of this order of whom most of the city's leading society gentlemen are members.

Many pretty favors and courtesies were extended for pleasures while their guests were present in the beautifully decorated rooms of which there are four large ones, the reception hall the drawing room, the dancing hall and ladies boudoir.

Music was furnished by the Humason orchestra of Lutkin, which name speaks for itself, for this orchestra has been famous throughout East Texas for years for its high quality of music.

This entertainment was the 7th Annual Ball and reception for the Nacogdoches Elks and each time seems to excel the former, it is possible.

Nearly one hundred couples of beautifully gowned women and escorts in handsome evening dress suit participated in the preliminary march.

An account of committees and the many details which tend to give such a public occasion an individual touch, will be given in a later paper, this being merely a preliminary mention.

Mexico is still all to pieces. It seems from the trend of the News from there, that the Gutierrez provisional presidency is holding the lead. Gen. Villa and other military supporters of this faction are occupying the most prominent localities and towns. But the Constitutionalists lead by First Chief Carranza, claim to be gaining strength and hope. Both sides boast of being in the ascendancy, and winning in battles. Both claim to be in favor of peace and law, as opposed to military rule.

## Well Said

Governor O. B. Colquitt has announced that the Wilson administration is a failure. Well, if there is anyone capable of knowing what a failure is, it is Oscar B. Colquitt. In our estimation he has made the poorest governor Texas ever had. He is a failure, as governor, in every sense of the word. To read his epistle that appeared in the big dailies, Sunday is amusing. He reminds us of the fellow who gets a little too much "O. B. Joyful" and thinks everybody is a failure except himself. In the estimation of the Times President Wilson is the greatest man in the history of America. We believe that no other man could have directed the affairs of the nation as Mr. Wilson has done, in view of the fact that so many perplexing problems have come before him. Mr. Colquitt tells what he would do if he was president; he had better apologize to the people of Texas for making such a mess of the governor's office, and let President Wilson alone.—Timpson Times.

## Colquitts Climax

Victoria, Tex., Jan. 3.—The Daily Advocate will print tomorrow, according to information received from a source which is considered reliable, Governor Colquitt's ambition, has exceeded going to the United States senate, and now has his eye on the presidency of the United States instead, and it is reported that Randolph Hearst intends to support him, and it is thought Colquitt's Mexican and cotton policies will line up sufficient southern and border states together with the republican states to defeat Wilson for renomination.

Geo. T. McNess,  
Superintendent of Texas Experimental Station, No. 11.

Nothing of great importance has occurred in Mexico during the last few days. Gen. Scott, of the U. S. army and Gen. Villa of the Mexican army are to meet today in El Paso, for conference, in reference to border troubles. The result of this conference is expected to be satisfactory in every way. Other Mexican war matters are still in an unsettled condition. Some scattering battles are fought now and then between the Carranza forces and the Gutierrez forces.

## Obituary.

On Christmas evening, Bill Tubbe's family was visited by a very sad accident. Several families had gathered together at the residence of B. F. Kirkland to enjoy themselves over a little Christmas tree and were all ready, just waiting for Otto Akin, son of S. A. Akin, who had gone out duck hunting with his uncle B. R. Kirkland. Otto came running in, in a hurry to get with the children who were all on the front porch. He ran up within four feet of the children with his gun on his shoulder and just reached up with his left hand taking the gun off his shoulder and as the gun swung round, it fired striking Dewey Tubbe in the thigh, almost taking the leg off. The shock was more than the little fellow could stand. He never complained much and only asked if they were going to get a doctor. Dr. Sweatland was called, got there as soon as he could, and temporarily dressed his leg, but he never did revive enough any more to have it redressed. On Sunday about 2:30 o'clock the death angel called and took him out of his suffering. It was hard to give him up in that way, but God knows best. So weep not dear parents, he is not dead only asleep in Jesus. We can't call him back to earth again but can go to him. Dewey I think was nearing his 14 birthday. He was a bright little fellow and loved by all who knew him. He will be missed in the home, but your loss is heaven's gain.

Two little hands crossed over the breast.

Two little feet laid down to rest

Two little eyes in slumber closed.

How our hearts bleed none but God knows.

One little voice that prattled in love,

Sweet song is making in heaven above.

An angel is watching and waiting for me,

Till I shall cross the dark rolling sea. I. V. A.

## Cone Johnson on Colquitt.

Washington, Jan. 2.—Cone Johnson, solicitor of the state department, tonight gave out a statement in reply to Governor Colquitt's recent attack upon President Wilson and his administration. He declares the governor "displayed vast ignorance of the subjects discussed and an amazing recklessness of statement." He continues:

"Governor Colquitt, no doubt, anticipated that his attack on the president, the cabinet and congress would meet with the instant favor of the enemies of democracy, and to make assurance of his acceptance with them doubly sure he adopts the whole creed of republicanism on the tariff, currency legislation, canal toils, foreign policy, etc."

"His article was promptly inserted in the Congressional Record to become a republican campaign document in the election of 1916, which Governor Colquitt says he has no doubt will end the democratic reign."

## To The Public

We the undersigned members of the Commissioners' Court, desiring that you should know something of the financial affairs of this county, give you the following synopsis:

The rate of taxation for 1913 was as follows:

General Fund 25 cents,  
Road and Bridge Fund 15 cents,  
Jury Fund 10 cents,  
Court House Fund 8 cents,  
making a total of 58 cents on each \$100 valuation levied for all county purposes. Under these rates we had the following results.

From Dec. 1st, 1913 to Dec. 1st, 1914.

The Jury Fund shows to have received from all sources during the year the sum of \$9,724.73. Of this amount \$2500.00 was transferred to the Road and Bridge Fund. Warrants for the year to the amount of \$5,829.50 were registered against the Jury Fund. This fund started in to the year something like \$1400.00 in debt, and the Treasurer's report for Nov. 1914 shows a balance to the credit of said fund of \$198.00.

The Road and Bridge fund shows to have received from all sources for the year the sum of \$25,840.59, which amount \$5,000.00 was transferred from the Jury and General Fund. Warrants were registered against the Road and Bridge fund during the year for the amount of \$32,816.55. This fund was something like \$8,000.00 in debt at the beginning of the year and the Treasurer's report for Nov. 1914, shows the amount of \$15,784.09 to be still outstanding and unpaid.

The General fund shows to have received from all sources during the year, the sum of \$23,238.90, of which amount \$2500.00 was transferred to the Road and Bridge fund. Warrants were registered against the General fund for the year for the amount of \$21,468.52.

There was an obligation of \$2600.00 as balance due on Court House steel furniture that was created some two years before that is included in the above registered indebtedness. The Treasurer's report for Nov., 1914, shows a balance of \$4,284.35 to be still outstanding and unpaid.

The taxes being collected now is at the following rate, to wit:

General fund 15 cents,  
Road and Bridge 15 cents,  
Jury 5 cents, Court House 8 cents, making a total of 43 cents on each \$100 valuation. This will produce about 25 per cent less revenue than the rate of last year obtained. It is very plain that the revenue, even of last year, failed to meet the current demands and of course the lesser rate being collected now will fail to meet our current obligations.

We make this statement that all may know under what handicap we work and what all may expect for the coming year, especially in the way of road improvement.

Respectfully submitted,  
J. F. Perritte, County Judge.  
Jno. W. Byrd, Commis-

## Obituary.

A feeling of sadness came into our hearts Christmas Eve day when death came into our midst and took from us our friend and brother, Albert Nolan Commander. When the joyous Christmas bells were ringing on Christmas morn, there was sorrow and sadness in the homes of the Commander family, but the one for whom they mourned was basking in the sunlight of God's presence, celebrating the Lord's earthly birthday with Him, in the eternal happy home of the soul. We believe he was fully prepared. He testified to his pastor and friends who visited him while here, "that he was ready and willing to go." He was sick several years hence death ended suffering.

He was born in Mississippi and came to Texas with his parents when but 4 years of age. At time of his death he was 33 yrs. and 9 months old. Was married to Miss Mattie King also of Mississippi 10 years ago, whose care of him and devotion proved how much she loved him. He leaves besides a wife, a mother, sister and seven brothers. He was laid to rest in King's graveyard at 3 o'clock Christmas Day. He cannot come to us but we can go to him. May God's Grace comfort and sustain the bereaved ones. We all must go, yes one by one.

When the strife is over and life is done  
It was hard with his aged mother and loving wife,  
To part from him in the prime of life  
With sisters, brothers and kindred  
Near, and those he loved while he was here,  
But God in his infinite mercy and love,  
Has taken him from earth to the home above.  
So let us cease to mourn and cry,  
For soon we'll meet, never to say Goodbye. D.H.

## Five Times Mayor.

Chicago, Jan. 1.—Mayor Carter Harrison, who recently said his candidacy for reelection was contingent upon obtaining his wife's permission to make the race, announced today she had consented to his becoming a candidate. Mayor Harrison is concluding his fifth term. His father Carter H. Harrison, Sr., also served five terms.

The roads leading out from the hub are in fairly good condition since the past week of sunshine and rural trade is moving again. The city streets are busy with hurrying vehicles and business seems to be looking bright for the New Year.

H. A. Thurston, of Attovae was in town Tuesday on business.

## Woodman Installation.

One of the largest gatherings of Woodmen and their friends that ever assembled in Nacogdoches met at the W. O. W. hall last night (Tuesday) to witness the installation of officers for the ensuing year of Liberty Elm Camp No. 210. W. O. W.

The installation was under the management of L. I. Muller, who handled the situation in a way that showed he was a veteran in this work. The following were installed into office:

A. A. Seale, consul commander.  
J. F. Summers, advisor lieut.  
H. T. Mast, clerk.  
G. W. L. Woodland, banker  
J. W. McKnight, escort.  
J. Pat Jenkins, watchman.  
Frank M. Hartt, sentry.  
F. E. Buxton, manager.

After the installation refreshments were served by the Woodmens Circle, consisting of cake of every kind and description, coffee, chocolate, etc., which was enjoyed by all present.

Several short talks were made by County Judge J. F. Perritte, Steve M. King, Rev. J. H. Swann and Rev. C. A. Westbrook, which were enjoyed by all present.

Toward the close of the evening A. A. Seale, the newly elected consul commander, presented the retiring consul commander, F. E. Buxton, with a handsome gold headed umbrella, as a token of esteem in which he was held by the members of Liberty Elm Camp. He made a brief reply, thanking the members for their confidence and loyal support during his term of office. The usefulness and appropriateness of the gift was evidenced right at the outset as the unexpected rain was then pouring and Mr. Buxton with most of the other guests were caught unprepared.

A string band furnished music during intervals and everybody went away at a late hour thanking the Woodmen and the Woodmen Circle for the pleasant evening that was enjoyed among them.

## Methodist Board of Stewards at Dinner.

Last evening Rev. H. C. Willis entertained the Methodist Board of Stewards and Supt. Gaston at the parsonage.

The elaborateness of the menu lifted the affair from the level of a mere supper to the banquet order.

Toasts were perpetrated, under the able leadership of Ex-Judge, George F. Ingraham who is chairman of the board as follows:

"The Ideal Steward" from I. L. Sturdevant, "An Effective Board" from Beeman Strong and Chas. Hodges.

"Effect of war of Europe on church and christianity," R. F. Davis and to close in a fitting manner, H. T. Mast voiced the guests sentiments of the dinner and their host and hostess.

# A Member of The Rebeccas A Bad Case of Nasal Catarrh Cured By Pe-ru-na.

That any case of nasal catarrh can be cured by an internal medicine is denied by some. Only a glance at our files would be necessary to convince any sane person that catarrh can be cured by the internal use of Peruna.

Mrs. Victoria Pickel, of Columbus, is a case of this sort. She had nasal catarrh very badly, and was cured by Peruna. We will let her tell her own story. Mrs. Victoria M. Pickel, 130 E. Mound Street, Columbus, Ohio, writes:

"I have been using Peruna for catarrh, having had a very aggravated case, so bad that it clogged the nasal organs. When I did get the nasal organs opened, the mucus would drop into my throat and make me very sick.

"A friend advised me to take Peruna, and after using four bottles I was cured. I have no trouble now, and am happy to say that I am enjoying the best of health and attending to my lodge duties, being a member of the Rebecca Lodge of Odd Fellows.

"I would recommend Peruna to those suffering with the same obnoxious trouble."

## Uncle Sam Offers All Americans a Chance to Feed Starving Belgium

Arrangements Made For Sending Parcel  
Post Packages From Rural Districts.  
How to Aid the Stricken Little Sister  
of the World  
By WILL IRWIN

HOMELESS BELGIAN WOMEN ON THE WAY TO THE BREAD LINE.

FOR the first time in its history the postoffice department has been enlisted in a charitable undertaking. From this time forth any American who wishes to give food to the starving people of Belgium has only to stamp his parcel in the regular way and send it through the parcel post. It will go as straight and fast as rail and water will carry it to the doors of the starving Belgians, and the money he has paid for stamps will be refunded to the donor by the American Commission For Relief In Belgium, the executive offices of which are at 71 Broadway, New York city.

Seven million people, mostly women, children and old men, are still shut up in Belgium. Industry stopped when the Germans came; the money gave out through the payment of fines and indemnities; the crops were mainly ruined. With the coasts cut off, Belgium, which imports three-quarters of her food supply in normal times, could import no more. Work is gone; money is gone; most important of all, food is gone. The German conquerors, who need all their own supplies to guard against the proposed "siege of Germany" by the allies, cannot and will not feed them. The allies, fearing that the Germans will seize any food coming from a hostile source, cannot or will not feed them. America must feed them or they will starve. There is no other way. Seven million people, until last year the most industrious, peaceable and prosperous nation in Europe, will go to their graves this winter unless America gives as never nation gave before.

While Belgium needs everything, she needs most of all just food—non-perishable food which will stand the test of ocean transportation, such as flour of any kind, peas, beans and preserved meats. The donor has only to put up his gift in packages of not less than twenty-five pounds nor more than fifty pounds, stamp it in the usual way and mail it at the nearest postoffice. If the donor adds his own name and address, TOGETHER WITH THE LETTER "R," the money he has paid for stamps will be refunded to him by the commission.

Packages mailed from TEXAS should be addressed to TEXAS WAREHOUSE COMPANY, INC., HOUSTON; SCOBEE FIREPROOF STORAGE COMPANY, SAN ANTONIO; ROBERT FRAZIER, WACO; FORT WORTH WAREHOUSE AND TRANSFER COMPANY, FORT WORTH; WESTERN TRANSFER AND STORAGE COMPANY, EL PASO; and DALLAS TRANSFER COMPANY, DALLAS, who are collecting agents for this district.

New Year's Ball  
(CONTRIBUTED)

"Flute and viol and flageolet.  
Throb and sigh thro' the  
scented night,  
A gleam with a thousand  
tapers alight  
Where swaying in rhythm the  
dancers float."

The ninth annual ball given by the Elks on New Years night may be designated as the most elaborate from many viewpoints yet sponsored by the club, whose custom it is to make the first day of the year one of pleasure and joy.

The decorations, in complete harmony with the holiday season, were accomplished with an exquisite taste well in keeping with the quiet beauty of their rooms, the splendid ball room receiving the largest share of ornamentation. Here, southern smiles and holly wreaths contributed to the beauty of embellishment, added to which the beautiful gowns of the ladies, the entrancing music furnished by the Humason Orchestra of Lufkin, the tremendous attendance, combined to make the occasion one that should go into the social history of Nacogdoches as one of marked importance.

Promptly at nine-fifteen the Grand March composed of more than fifty couples, was led by Miss Tannie Stinson and Mr. Austin W. Baxley through many intricate and attractive figures. Miss Stinson's radiant young loveliness was enhanced by an exquisite gown of flame, with corsage and trimmings of gold, her corsage bouquet being of orchids and lilies of the valley.

The program booklets, distributed at the conclusion of the march by Miss Mary Ann McKinney and Master Max Switt, featured on the cover the characteristic symbols of the order and contained twelve dance numbers, comprising the popular canter, fox trot, four hundred one-step, hesitation and Castle walk, also sufficient extras to convey festivities into the "wee sma' hours."

The punch bowl occupied the position usually allotted to it and at twelve o'clock a delectable supper of pressed turkey, waters, cheese and olive sandwiches, salted nuts and coffee were served.

There were a great many out of town guests, but among the dancers were noted Mr. and Mrs. Roy Kent of Bramwell, West Va., Mrs. Beatty Smith of Shreveport, La., Mrs. Ernest Farmer of Richmond, Texas, Miss Hazel of San Augustine, Miss Glenn of Lufkin, Miss Greenwood of Donaldsonville, La., Messrs. Furman Pinson and Stiles Lidell of Shreveport, La., Mr. Simon Zeve of Dallas, and Mr. and Mrs. Metteuheimer of Austin.

### Had it Ever Occured to You?

Had it ever occurred to you that you had as well try to be a successful physician without attending a medical school, or a successful lawyer without attending a law school, or a successful minister without attending a theological school, as to try to be a successful banker or merchant or business man of any kind without first getting a practical business training? If you wanted to make a first class doctor, lawyer or minister, you would attend a university with a reputation. Why not use the same good judgment in selecting a business school in which to securz your training? The Tyler Commercial College of Tyler, Texas, is the business university of the South; it enrolls more students annually for book-keeping, business training, shorthand, business administration and finance, and telegraphy than any other similar school in America. Its students have come from 39 different states; its graduates are holding the very best of positions in the leading cities of the United States.

If you will spend \$100 for tuition, board and books for a course of shorthand and typewriting or \$110 for bookkeeping and business training or \$115 for telegraphy and station work or better still, spend \$175 and complete any two of these courses, you will have made the best investment of your life. What young man or woman with grit and determination cannot raise this

amount? Hundreds of students who borrowed every cent of the money to attend our school or gave us their note on tuition have found it the best venture of their lives; they were soon able to pay back the borrowed money, continue holding a job, or go into business for themselves, with assurance of success. If you always remain where you are you will always be what you are. More than 100 new students will enroll before this month closes. Why not you be among the number? You can enter any day and take up the work. For large free catalogue, verifying all the above claims, fill in and mail.

### "Mr. and Mrs. Stallings Entertains."

Last Monday night Mr. and Mrs. A. T. Stallings entertained six of their young friends viz: Misses Lula Rector, Mattie Stallings, Emma, Edna and Fanny Lue Gaston and Mr. Grady Stallings (as ladies man), with a "stay all night" party.

At six o'clock our hostess served a most delicious "turkey dinner" with cranberry sauce, mince pies, and My! we dare not try to say the rest, least Grady Stallings see this and think we are going to have him over again to do the "turkey trot." After dinner Mr. Stallings entertained with music on the violin while the rest enjoyed different games 'till a late

hour when Mrs. Stallings served lovely fruit salad and waters.

At 4:30 our hostess scampereed us off to bed to nibble chocolate creams and dream of more good times than in the home with fresh bouquets to be seen in her rooms and every body happy and every body trying to make some one else happy and we don't wonder at Grady forgetting his favorite one step!

Thanks to our hosts for such lovely time.

### THE SECRET OF SUCCESS

Genuine Merit Required to Win the People's Confidence.

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medical preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited by those who are in need of it.

A prominent druggist says: "Take for example Dr. Kilmer's Swamp Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

As coming to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp Root is due to the fact that it fulfills almost every wish in overruling kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp Root by enclosing Post Address Dr. Kilmer & Co., Binghamton, N. Y., and enclosing ten cents; and also mention the Nacogdoches Weekly Sentinel.

**GETTING BETTER AFTER SICKNESS**

Nothing has ever equaled or compared with the medicinal fats in **Scott's Emulsion** to arrest the decline, invigorate the blood, strengthen the nervous system, aid the appetite and restore the courage of better health.

**Scott's Emulsion** is pure health-building food, without alcohol or opiate.

**Governor for Simple Spelling**

Springfield, Ill., Dec. 30.—Governor Edward F. Dunne of the Illinois State Teachers' Association last night that he favored simplified spelling. He said such a system would shorten the ordinary child's course in school at last one year.

"If the plan is started in the schools the children will adhere to the practice when they arrive at a mature age," the governor said. "Why should any one be compelled to write 'ph' for 'f'?"—Hous-Chronicle.

**Colds Are Often Most Serious Stop Possible Complications**

The disregard of a Cold has often brought many a regret. The fact of Sneezing, Coughing, or a Fever should be warning enough that your system needs immediate attention. Certainly Loss of Sleep is most serious. It is a warning given by Nature. It is man's duty to himself to assist by doing his part. **The Liver Regulates The Body A Sluggish Liver Needs Care.**

Someone has said that people with Chronic Liver Complaint should be shut up away from humanity, for they are pessimists and see through a "glass darkly." Why? Because mental states depend upon physical states. Brounsness, Headaches, Dizziness and Constipation disappear after using Dr. King's New Life Pills. 25c. at your Druggist. 8

The County Jail. Frank Robbins, keeps a lodging house, board and lodging free to guests. The Sentinel editor called these yesterday for admission and Frank showed him through. The rooms looked comfortable and cosy. Some of the lodgers were in their rooms, nine in all. The editor did not take a room, on account of some of his whims about liberty. But understand, this refers to the jail, and Frank is the jailer. He is an expert in this line but some guests are displeased at the accommodations, and are going to quit as soon as they make arrangements.

One of the prisoners was introduced to the editor, and said, "Dr. Mayfield, you ought to know me. You sewed me up once, when I was stabbed in the stomach, and you cut a knife blade out of my shoulder, broken off when I was stabbed." It was Bob Bessent, then living at Joe Clevenger's about the year 1890.

The county jail is conveniently arranged and located near the court house. It is well equipped with all facilities one of these being an office in which the jailer sleeps.

**It Really Does Relieve Rheumatism**

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents at any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. Buy a bottle to-day. 3

Mr. A. G. Lestergett informs the Sentinel that he is receiving liberal substantial encouragement towards the boring of the artesian well for city water, as explained in a former statement. ### Tennessee Girl Diversifies Crops

Madge Farrar has proved the possibilities of growing crops all the year round in her state. By raising and selling vegetables throughout the year she made a net profit of \$131.62, while the second best girl, who also did good work but did not diversify, made \$96.20 profit. The girl with the second average grew only beans and tomatoes during the fall and summer. Miss Farrar, however, having grown these crops, put in onions during the winter, which she sold at a good profit early in February. She then proceeded to plant cabbage which brought her an income during April and May, while peas were her main crop in June. This brought her back to the tomato and bean season and rounded out a year of profitable vegetable growing.

Another young woman found a peach orchard into which hogs had been turned. She took her canner with her and established herself in the orchard to save what was left from the hogs, and made \$60 in one week from her work. Similar instances have demonstrated the possibilities of saving waste in that section and

there has been a more general interest exhibited not only by the farmers' daughters but by many of their wives.—Bulletin

### Kansas Girls Take Engineering

About 500 students are enrolled in the engineering school. Girls register in this school for courses in household architecture, the planning of the dwelling, household sanitation, and are even prepared to do a little plumbing on their own account. In the engineering department Kansas-made cements and coal are tested, also oil for internal combustion engines, road-building materials and the like. Blue prints and specifications are furnished free for much county and state work, underground water is tested, and experts are sent out to supervise the building of good dirt roads. In the shops much of the machinery, and nearly all the lathes have been built by students. Indeed, the foundry work has proved to be a money-maker for the school. The senior engineer does not write a thesis but constructs a piece of machinery or carries out an original experiment.—Bulletin.

"Why not give jury duty to the unemployed?" asks Jacob H. Schultz, head of the Social Service Federation employment bureau.

"To the unemployed a chance to serve on the jury would be a blessing. They need the fees and they have nothing to keep them from serving. Good juries could be selected from the unemployed.—Houston Chronicle.

### A Rare Old Bible.

In the office of F. D. Huston, J. P. precinct No. 1 of Nacogdoches County, in the county court house, there is a book of more than ordinary interest. It is an old bible, and it bears dates and data that make it unusually attractive to the lover of local antiquities.

The date of publication on the title page is given as 1829, and it is "stereotyped for the American Bible Society by D. & G. Bruce—D. Fenshaw printer, New York." It is very much worn, as it by age and abuse, and it has on its pages names prominent in the long ago, written by idle scribblers at various times. On each of the two lids is marked a very plain catholic cross, and on the three smooth leaf edges of the book the same cross is marked with ink.

The first account of this book from personal acquaintance is that it was an archive or heirloom of the district clerk's office, as far back as in the fifties, and it had a legendary history of having been there away back in the thirties, and of having been used in the administration of official oaths to the Mexicans and others during the rule of Spain and of Mexico, and it was said that in taking an oath, this bible was held in hand, and the oath was sealed with a kiss on the cross, by raising the book and placing the figure of the crucifix to the lips.

And so this old book, after the day of such use, lay around upon the official tables and desks of the court house with no special care, till it drifted into the office of Justice of the Peace.

Among the names idly written plainly on the yellowed, ragged leaves, are the following: Adolphus Sterne, in his own neat handwriting in several places. He was a learned and leading Texan patriot residing here from 1828 until his death. Bennett Blake in several places, probably not in his own handwriting. D. S. Kaufman is written several times as it by him self. A. A. Nelson, R. Hotchkiss, R. Parmalee, O. L. Holmes, J. R. Arnold, James P. Henderson, are Texas pioneer names.

Family records are these: Rebecca J. Fisher was born Sept. 15, 1828. Sarah A. Fisher was born Nov. 11, 1830, Mary E. Fisher was born Mar. 20, 1833. Nancy Fisher was born Dec. 25, 1835, Bethna Fisher, born Sept. 11, 1810. Several deaths are recorded, and several other births of the name Fisher, some of them twice.

How this old book came and why, and whose it is no one living can tell. Perhaps the venerable Rebecca J. Fisher, of Austin could tell. As above stated, the book is now in the custody of F. D. Huston, and no one can claim better title.

The written names above recited are persons of note, some of them being of great historic interest.

### Editor Sentinel:

Last spring I persuaded my father to let me enter the contest in the peanut club of the Texas Industrial Congress, who offered several nice prizes for the best acre, cost of production considered. As I had the pleasure of winning the fourth prize in the club I will tell your readers how I cultivated them.

I planted 9-10 of an acre in Spanish peanuts. My yield was 4530 pounds of dry peanuts and hay worth one cent per pound or \$45.30 the crop.

Cost of production:  
Land rent, \$5.00.  
Fertilizer \$1.70.  
Seed \$1.50.  
Cultivating and harvesting 6.20.  
Total cost \$14.40.  
Net profit \$30.90.

Land was dark gray sand, 8 to 12 inches deep, with red clay subsoil, has been in cultivation 15 years. was broken with a one horse turn plow 6 inches deep April the 20th. On May 22nd I laid off my rows 3 feet apart and distributed 150 pounds 10-2-165 fertilizer, and listed on same with turn plow, leveled down row with harrow, opened up rows and planted peanuts a foot apart. This left the ground in good condition, and I got a fine stand. I cultivated them 7 times with shovel plow and heel sweep and V shape harrow, going from one to three times to the row each working. I hoed them once. We had a ten weeks drouth on them but under the advice of the congress I kept up cultivation, and they continued to grow and do well. The moles damaged them some, but I made balls of meal and paris-green and dropped in their runs, which checked them. The prize I won was \$25, but the knowledge that I obtained from farming under such unfavorable conditions as we had this year is worth many times the amount to me. The congress is doing a great work for Texas and should have a helping hand from every citizen who wants to see every boy and girl of old Nacogdoches join the pig and peanut Club next year and show our fathers how to farm.

Yours for more pigs and peanuts.

Mrs. Anna Blackburn passed over the great divide Monday morning at the home of her daughter, Mrs. C. C. Cooper, of this place and the interment was in the Ozark cemetery this afternoon.

Mrs. Blackburn was born in Blount county, Alabama, and was left an orphan at the age of eight years.

To those who knew Mrs. Blackburn, any eulogy of her life would be superfluous, but let us say that the world is richer for her life and that her friends feel that the last years of sweet, patient suffering, through all of which she held her kindly, loving ways, represent a benediction beyond expression.

"Adieu, sweet friends, I have waited long To hear the message that calls me home,

And now it comes like a low, sweet song Of welcome over the river's foam

And my heart shall ache and my feet shall roam No more—no more—I am going home.

The Great Edwards Estate For many years, or for a century past, the papers have from time to time, had reports of an enormous estate in New York City, and in London, or some other place over there, that is supposed to have been left by one Haden Edwards, worth \$80,000,000, possibly more.

There were three Edwards brothers who came across the big waters to New York, or rather to Manhattan Village. One of these three died single. The other two Benjamin and Haden owned eight acres of land in the village now in the big city.

The Edwards families of Nacogdoches and San Augustine. Texas belong to these lines. Also the I. D. Thomas and the Polk families and some others, are about in the fourth generation of descendants.

There were missing papers and data that were sought for all these years, and they have just now been discovered. The deeds were found among the papers of Emory O. Edwards, of Colville, Washington, who recently died suddenly in New York City.

The above details may not be accurate by a great deal, but they are sufficient to indicate the magnitude of the matter.

Cum Concilio Club Dinner. CONTRIBUTED Perhaps the most notable event of the year 1914 was the eight o'clock dinner given by the Cum Concilio Club to their husbands on December thirtieth at the home of Mr. and Mrs. E. B. Williams.

Whatever is sponsored by this coterie of brilliant, capable progressive women, whether of a serious or social nature, carries with it the hall mark of success. Their annual functions therefore, are eagerly anticipated and it is then that the "tired business men" comes into his own socially.

Therefore, for him on this night of nights, the spacious home of Mr. and Mrs. Williams was brilliantly illuminated; for him it was adorned with the festive holly, the graceful mistletoe, and for him fair women donned their prettiest frocks, wore their brightest smiles, prepared their most delectable viands.

Covers were laid for eighteen couples in small perfectly appointed tables and dinner partners were found by matching of pictured heads of presidents, past and present.

Preceding the service of the several delicious courses, Mrs. W. F. Price, the charming president of the club, extended a gracious welcome to those present, explaining that as the watchword of the club has always been "forward" the dinner was to be of a progressive nature, and as it is also the aim of the club to be good "mixers," she illustrated by a very clever and apt Irish bon mot the best method of attaining the desired combination of progress and good fellowship.

Each table was presided over by a permanent hostess. The several courses were deftly and skillfully served by Misses Mary and Ritchie Williams, the young daughters of the home, Miss Merle Miller and Master Richard McKinney. The club colors, purple and gold, were effectively used in the service and were specially charming in the desert course of Bavarian cream in orange baskets tied with purple ribbons.

The Elks Reception. (CONTRIBUTED)

It is the charming custom of the Elks Club to keep open house on the first day of the year. In accordance with this time honored precedent, invitations were issued to their numerous friends and from three to five on the afternoon of January 1, 1915, a constant stream of callers were greeted and welcomed by various members of the club.

The beautiful reception suite was charmingly decorated for the occasion; the Humason Orchestra of Lutkin was requisitioned to furnish lovely music.

Good cheer also was provided in an excellent brew of punch conspicuously placed and generously dispensed, and thus auspiciously was the New Year ushered in.

Thursday Evening Dinner.

M. and Mr. K. P. Branch complimented their niece, Miss Mary Ellis Smith with an elaborate six course dinner on last Thursday evening.

Covers were laid for fourteen guests, chosen from the student friends of Southwestern University Georgetown of which there is a large number here.

The center piece of table decorations was a handsome vase of poinsettias with green fern on a mirror placue with birds on the edge of the mirror producing a dainty reflection in the mirror.

The jolly game of Bunco was enjoyed as part of the amusement during the last hours of the old year which passed while the guests were still assembled to welcome the New Year.
