County School News.

In the happenings of the county schools, Libbert voted a 50c local tax on last Saturday by a majority vote of 32 to 17. The question of consolidation is still being worked on. Chireno and Woden the principal actors in the move. D. C. Mast is working on the field notes for Chireno district, which includes Bethl, Long Ridge and Chireno, an area of 50 or 60 square miles. George Meisenheimer is preparing field notes for Woden district which includes Woden, Dorr Creek, Persimmon Grove and Prospect neighborhoods, an area of 70 or 75 square miles. These, which are now common school districts, expect to apply to the legislature for an independent legislative district government. This form of government is the most improved school government in Texas.

These forward steps disposed of, other developments await attention, which akspe loudly for the development and growth of the county as well as the schools.

THE MISS DIXIE

Is the simplest and strongest light weight planter made. Has all steel wrought channel construction making it very strong and sturdy,—yet it is light. There is NO CAST IRON TO BREAK. The removable hopper may be thrown out of gear by a "touch of the foot." The drive is the double pitman "LOCOMOTIVE" style on outside of frame—on both sides,—no "side-pulls." See the lugs in the wheel? It can't slip. NO SLIPS NOR SKIPS WITH A POSITIVE DRIVE MISS DIXIE. Ask your neighbor he has a Miss Dixie.

Suffrage League Notes.

A permanent organization of this league was established at the meeting at Mrs. K. P. Branch's, on Wednesday morning, and Mrs. Ben Wilson elected president to succeed Mrs. Ford, who was temporary president. In accepting the presidency of the temporary organization, Mrs. Ford did so with the understanding that she be permitted to resign the office on the formation of a permanent body. Mrs. Ben Wilson was unanimously elected to the new office. Mrs. Ford still remains an active worker in the league.

Several motions were put before the order. Among those that carried were: A motion to join the State Organization; one to study Municipal Government, and the day and hour for meeting; that being every alternate Wednesday at 5 p. m. Next meeting to be with Mrs. Ben Wilson, and another was to appoint a leader for the study and to order some literature for this work.

Mrs. Wade Walters has been quite ill, but is now improving, and Wade himself is in a new mood of going a fishing. He says Peter went a fishing, and Jonah swam the river in a whale boat, and the frost has not yet killed the sweet gum buds. Moreover there is a number of autogoes ready to take him, and he is bound to go, to prepare a way for the good boys.

European War News.

It is difficult to sum up or write up the conditions and doings in the big war. The fighting there is raging fiercely and incessantly at many points many miles apart, and in battle lines that are many miles long. England, Russia and France, with other allies, are opposed by Germany and other nations. Both sides claim daily victories. All are fighting madly. None are really vanquished. It is like a see-saw. There is now and then a word from on-lookers about peace, but the combatants will not back off. They are all bullies, and can't be whipped. Each claims bravery and honor. That old gag about "fight for your altars and your fires, God and your native land," is the animus of all alike.

Mexico In The Bad

There seems to be no solution of the Mexico muddle. There is no union of the nation, in direct purposes. The confusion of authorities and the lack of concentration continues. Armies are scattered all over the republic, fighting in different places. It is impossible to say what faction is leading in victories, or which is more to the liking of the common people. The entire country is almost devastated, and in places, destitute of food. Starvation is not impossible. Sufferings are great in many sections. Even in the City of Mexico conditions are terrible.

Leaving for Dialville.

Mr. and Mrs. A. W. Grimes are shipping their household goods to Dialville today and tomorrow. They themselves will go down to make their home, Mr. Grimes being now connected with the Dialville Mercantile Co. American Legion

The military authorities of the United States are not officially supporting the proposed organization of the civilian American Legion. It is not within their restricted duties. But some of them have spoken favorably of it.

General Wood has been called upon by the war department to make an investigation and report back to the department all the facts he obtains regarding the legion. Such a report, it is expected, will go forward in a few days.

Captain Gordon Johnston, aide to General Wood, who issued the statement in which the organization of the American Legion was publicly announced in a statement today said his connection with the legion is of a purely advisory nature.

The American league to limit armaments is opposed to the legion and has sent a telegraphic protest signed by Bishop David H. Greer and other of its members to President Wilson.

Dividing Texas

Congressman Garner, of Texas, believes that the state should at once be divided into five states, in accordance with the provisions of the treaty of annexation, in order that the control of the United States senate may be completely wrested from the east, which has so long dominated it. The making of five states out of Texas would add eight democratic senators to the democratic majority. He says: "In the course of time it will be realized that Texas is too large for a single state, and the population will have grown to such proportions that it can not be a well-governed state. The necessity for division will then become apparent and the sooner we divide and exert a power in the national government the better it will be for the country."—El Paso Times.

Ramona.

San Diego, Cal., Feb. 28.—A harking back to the old days in San Diego, was furnished this week by the arrival at the Exposition of Deputy State Labor Commissioner John J. Tobin and his wife, the latter a member of the famous Estudillo family, which once was supreme in San Diego. It was at Estudillo House, near the old presidio, that Ramona, the heroine of Helen Hunt's novel, was married to Alessandro. The old house, better known as Ramona's marriage place, continues one of the standard attractions of the romantic vicinity of San Diego, and shelters a remarkable collection of antiques from the days of the Spanish occupation. The San Diego founder of the family was Mrs. Tobin's great-grandfather.

The value of all the gold produced in the United States from 1792 to January 1, 1914, is estimated by the United States Geological Survey at \$3,549,790,400; the value of the silver at \$1,709,517,600.

Congress Adjourns—No Extra Now.

Washington, March 4.—Concluding the first halt of President Wilson's administration, the Sixty-Third congress adjourned sine die at noon today. The capitol re-echoed with cheers when the gavels of Vice-President Marshall and Speaker Clark sounded "taps."

The President and his entire cabinet witnessed the close, in the President's private chamber, adjoining the senate. The President's signature on the last bill was the signal for the concluding ceremonies, in accordance with time-honored custom.

Shreveport "Wet" By Vote 1457-42; Pros To Contest

Shreveport, La., March 4.—Shreveport today voted overwhelmingly to return licensed saloons. Of the total vote cast the antiprohibition forces received 1457 votes, while 42 were credited to the prohibitionists. The fact that the prohibition forces advised voters to their belief to ignore the day's election explains the light vote cast by that side. The prohibitionists will contest the issuance of licenses in the courts.

Spanish Language

The usefulness and necessity of speaking the Spanish language is becoming greater. G. F. Hall, adjunct professor of Spanish in the University of Texas, has written a two volume work entitled "All-Spanish Method," which has been adopted by various colleges, high schools and Universities in nineteen states. There have been numerous works of the kind published heretofore.

"Shelby Daily Optimist," Vol. 1, No. 1 is a new arrival on the Sentinel's desk. "A newspaper—not a political organ, or would-be reformer, but an enterprise run on strict business principles, giving the same square deal to all." Its home is Center, Texas, and George K. Gibbs is editor and owner. This first issue has four pages of solid, sensible business like matter. The Sentinel extends a warm fraternal welcome and an X.

Two Views.

It rained all day, and Sarah Jane surveyed the dismal scene; her face against the window pane, she gazed, and cried, "How mean! Here I'm condemned to stay in side, and mope and break my heart, when I would like to take a ride in Willie's chug-chug cart! Oh, rain, you spoil this life of mine, you make me wail and sob! The sun should have to pay a fine for loafing on its job!" Said Gladys Mae Rebecca, "Hoots! This weather can't be beat! It's just the stuff for men and brutes, and also for the wheat. What more could any one desire than such a day as this, when one can sit before the fire, and read, in perfect bliss? The music of the blessed rain, as on the roof it falls, should soothe away our every pain, and heal our harness galls. I like the sunshine when it gleams on hill and bosky dell, but when the rain gets wet and streams, I like that just as well." Then Gladys Mae Rebecca took the Uplift Magazoon, and in the cozy inglenook enjoyed the afternoon; while Sarah Jane, with gloomy mind, looked forth at gusty showers, and, in a manner most refined, she cursed the dragging hours.—Walt Mason.

In These Days.

A farmer who was carrying an express package from a mail order house, was accosted by a local merchant: "Why didn't you buy that bill of goods from me? I could have saved you the express and besides you would have been patronizing a home store, which helps pay the taxes and builds up this locality." With characteristic frankness replied: "Why don't you patronize your home paper and advertise? I read it and didn't know you had the goods that I have here, nor do I ever see your name in the paper inviting one to come to your store."—Ex.

Teachers' Examination.

Austin, Texas, February 28, 1915, Supt. J. B. Stripling, Nacogdoches, Texas. Dear Sir:

I desire to call your attention to the fact that there will be a special examination for all grades of State certificates, to be held at each county seat in Texas, on the first Thursday, Friday, and Saturday in April, 1915. This is a special examination granted in response to many requests for same from practically every section of the State, and will be given for the State Certificates only.

Sincerely,
W. F. Doughty,
State Superintendent.

Notice Wheat Growers.

I want to ask every one who planted wheat this year to drop me a post card stating how much acreage they have. My object is to see if there will be enough to justify putting in a mill, etc. There are parties ready and willing to put in a flouring mill if the acreage will at all justify.

Respectfully,
H. M. Cate,
Maytown, Texas.

"TIZ" FOR ACHING, SORE, TIRED FEET

"TIZ" for tender, puffed-up, burning, calloused feet and corns.

"Ah! Boys, 'TIZ' is the thing!"

People who are forced to stand on their feet all day know what sore, tender, burning feet mean. They use "TIZ" and "TIZ" cures their feet right up. It keeps feet in perfect condition. "TIZ" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "TIZ". You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet. Get a 25-cent box of "TIZ" now from any druggist, department or general store. Just think! A whole year's foot comfort for only 25 cents.

Equal Suffrage Petition

The president of the Texas Women Suffrage Association, Annette Finnigan, has addressed a circular letter to every number of the legislature who voted against submission of the question to a vote of the people, concluding with the following words, which will doubtless call forth answers:

We do not ask you to vote for woman suffrage. Vote as you please when the issue is submitted to the arbitration of the ballot box, but we do ask you to give others an opportunity to vote as they please on this issue. We ask you as a fair man and a Democrat to vote for the resolution on the third reading, to the end that the legal voters, the men of Texas, may have an opportunity to register their views as to equal suffrage. Have we not the right to ask this much? Can you find it in your heart to say that you have the right to refuse this request?

Physicians Object

The Beaumont Journal gives a full account of a largely attended meeting of the Jefferson County Medical Society, at which the Harrison antinarcotic law was unanimously indorsed, but the \$1.00 a year tax on physicians for registration, and the one cent charge for each prescription blank, were strongly opposed. Red tape and taxes on physicians in their practice is distasteful to them, because they dislike to be placed on the mercenary plane of money sharks. They claim to be on a higher plane, the plane of humanity, in a similar sense to that of ministers of the gospel. They give their lives to humanity.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

The True Harbinger

Most harbingers of spring are fakes; the man depending on them wakes to find they fooled him and he sees he has the grip, or some disease. He sees some harbingers on deck, and says: "The winter's gone, by heck; a soft wind from the southland blows, and I shall change my underclothes, and put my overcoat in soak, and dance and sing and laugh and joke." And then a blizzard comes along, and shows him where he got in wrong. Oh, don't assume that spring is here, when jim crow harbingers appear; but wait until the clucking hen is fussing round the yard again intent on hatching sundry chicks into this world of politics. And don't be fooled by pullets young, which cluck around ere spring is sprung; they're too impatient in the cause; the fire of youth is in their craws. But wait serenely till you've heard the clucking of the wise old bird, which has outlived the zeal of youth, has long since cut her wisdom tooth. When she gets busy, when she begs for nest of straw and fourteen eggs, then, gentle reader, you may shed your underwear of flannel red; for when the old hen plays her game, we realize that spring has come.

"A Hot Time in the old Town Tonight"

Beaumont has a red hot revival running, a religious revival, headed by Doctor McConnell, Methodist, and it is "doing things" in that line. Converts are numerous, and attendance is phenomenal. It is the talk of the town, and of the newspapers also. One of Dr. McConnell's pointed remarks is to the effect that there is only one newspaper in that town. The Journal retorts by a request that he name the one only paper in Beaumont. The Enterprise devotes its space very largely to the revival, and therefore it is in the limelight. The question has been brought up by the revivalist, "Is there a hell?" He says yes, and he clearly intimates that Beaumont should and will furnish a liberal share of the population of that populous metropolis. This has produced arguments on the streets and writings in the papers, both pro and con; and on both sides, as to pious purposes, and also of the wicked type.

But the biggest agitation is to exterminate certain inhabitants of the city who carry on certain wicked work. The way all this stirs up things, well, it is a plenty; and it is no longer popular to be bad in Beaumont.

In New York City a plot was discovered and the devilry prevented that was planned by anarchists to kill rich folks, destroy church and places of wealth and loot stores, homes and every available place of booty. It was hellish beyond imagination. Murder and robbery were to be carried on in most fiendish manner. It was discovered and prevented by the police just in time. Some two or more leaders were arrested. They were caught in the act.

WHAT \$10 DID FOR THIS WOMAN

The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTIE HALEY, 501 Colquhoun Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

School Apportionment

Austin, March 1.—Prot. W. F. Doughty, state superintendent of public instruction, today announced the apportionment of the school fund for the month of March, the per capita apportionment being \$150, based on 1,096,000 scholastics in the state. This makes a total of \$4 thus far apportioned during the present scholastic year. Vouchers for the present appropriation will be mailed within the next few days. This is the largest per capita apportionment made so far this year and the total amount apportioned is approximately \$1,600,000.

President Abandons Trip

Washington, D. C., March 3.—President Wilson today practically decided to abandon his contemplated trip to the Panama Canal in July because of the action of Congress in eliminating from the legislative and executive bill the appropriation for the celebration of the formal opening of the canal. He still is undecided about the trip to San Francisco this month.

A Wonderful Healing Influence In Kidney Troubles.

A year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as Stone in the Bladder and prescribed Lithia Water. I took Lithia Water and Tablets for some time and received no relief from them. I stopped taking medicines for some time, later having some Swamp-Root in the house I decided to try it and felt much relieved. While taking the second bottle commenced to pass Gravel in urine until I had passed in all at least a half dozen or more and have not suffered the slightest since—and in all have taken one bottle and a half and feel very grateful to Swamp-Root.

Yo rs very truly,
H. W. SPINKS,

Personally appeared before me this 16th day of August, 1909, H. W. Spinks, who subscribed the above statement and made oath that the same is true in substance and in fact.

Died—James H. Thomas.

From Saturday's Daily:

Only a few days ago James H. Thomas was reported to be confined at home sick. He had been missing from the streets but a few days, and when it was learned that his illness was serious, his friends were surprised and distressed. From day to day his friends sought information, and gradually became aware of the worst only two or three days ago. It was understood that his heart and kidneys were in an alarming condition, and that Bright's disease had been the prime factor in his downfall. He passed away peacefully Friday, March 5, 1915, at 10:05 p. m., surrounded by all of his weeping family, and by others who were near and dear.

He was born in Fairfield, Texas, in 1845. His mother was a Rook, and she died there when he was about 11 years old, leaving, besides this son, two daughters. The father died before this, and the three orphan children were brought to Douglass, where their mother's brother, Dr. Henry Rook, raised them, and where they all married. Among the numerous relatives of James H. Thomas are the Fenleys, Hinkleys, Davises, Weavers and Rooks.

James H. Thomas was a Confederate soldier, in Co. H, 4th Texas cavalry, which was originally Henry W. Raquet's Co. in Sibley's brigade, and was in numerous battles, and he served till the end of the war. He returned to Douglass after the war and from there he moved to Nacogdoches about the year 1885, and has made his home here ever since, being engaged in mercantile business.

He was noted among his acquaintances for his sturdy integrity and reliability. He was of a quiet and orderly disposition, and was a general favorite among all people where he was known. His health has not been good for some months past, and he was greatly overcome by the recent fire in which his stock of groceries was destroyed in the Clifton building, where he did business many years. He was a circumspect member of the Presbyterian church, and a most worthy man and useful citizen.

He is survived by his widow and seven children, viz: Jas. N. Thomas, John Thomas, David Thomas, Mrs. Andy Legg, Mrs. Hattie Parsons, Miss Mollie Thomas and Miss Winnie Thomas and other relatives, all living here.

The sympathy of numerous friends goes out to all of these sorrowing relatives.

Funeral of J. H. Thomas.

From Monday's Daily:

The mortal remains of this good father and citizen were laid to rest in Oak Grove Cemetery on Sunday afternoon in the presence of a large attendance of loving and respecting friends.

A beautiful service was held at the residence conducted by Rev. J. N. Cunningham, pastor of the First Presbyterian church of which Mr. Thomas was a member.

That brotherhood, The Knights of Pythias, then escorted the body to its last

resting place and by virtue of the burial rites of this order, the last respects were paid their much honored brother.

The profusion of floral offerings covered the sacred place in their hues of gold purple and white all symbolic of the richness and pureness of the soul at rest.

Mr. Thomas, as an example of all that life holds that is most worthy will ever stay in the hearts of his relatives and friends.

Another most notable tribute of respect was the attendance in a body, of a large number of Confederate veteran comrades.

The pall bearers were an honorary list of closest friends, J. O. Ray, J. H. Summers, K. P. Branch, W. F. Gintz, A. H. Smith, W. I. Baker, Jno. B. Nelson, Chas. Hoya and the active ones were Knights, W. U. Perkins, R. D. Burrows, R. L. Hardeman, W. A. Nelson, W. M. Rults, I. L. Sturdevant, P. M. Sanders and H. F. Tucker.

No Sailings For England Next Week.

New York, March 6.—After the departure today of the steamships New York and Cameron for Liverpool, the only opportunity to send letters to Great Britain during the coming week will be by the steamship Northland, which will leave Portland, Me., March 13, for Liverpool.

There will be no mail for England this week, either from New York, Boston or Philadelphia, and the first vessel listed to sail from New York for England is the Arabic on March 17.

This is the first time in more than thirty years, steamship men said today, in which there has been a lack of ocean liners going to England, or since the date when steam vessels with a regular schedule, succeeded the old sailing clippers. Strikes in English ports, congestion of freight in the Mersey and the Thames, and the extraordinary demands made by the admiralty upon the British trans Atlantic lines for transports have caused the situation, it was stated. The blunt of the shortage has fallen on New York. Six steamships sail next week for the Mediterranean, France and Holland.

Appleby Notes.

Appleby, Tex., Mar. 6, '15.

Mr. Will Watkins and Mrs. Ola Melton, daughter of Mr. W. B. Thomas, were united in holy bonds of matrimony this evening at 5 o'clock, Rev. J. R. Frederick officiating. Congratulations are extended by the people of Appleby and surrounding territory, who wish them a happy and prosperous future.

Appleby Marketing Club, a newly organized body of farmers and business men of Appleby, met in regular session this evening at 2 o'clock. There was a good attendance for the evening, as it was raining, but great enthusiasm was shown and everything moved off nicely. Mr. R. W. Tille y made an impressive talk on marketing, followed by other members of the club. The object of this organization, as understood, is the bulking together and shipping of hogs, cattle and other products, in car lots, when we haven't a market at home for same. The following officers were elected for the ensuing year: H. M. Carter was elected president; J. R. Day vice-president; J. J. Boyett, secretary, and J. H. Seay, treasurer.

Mr. H. M. Carter of Mayotown, Texas, requests every person in this county to write him immediately and let him know their acreage on wheat. This is very important, and if the amount sown is found sufficient, there will be a flour mill erected at Nacogdoches. After several committees were appointed to see after important matters pertaining to the club, they adjourned to meet again on Saturday, the 20th inst., at 2 p. m. Everybody is urged to attend the meeting.

Mrs. Molly Hill died at her home last night at 8:45 o'clock after an illness of over five weeks of severe suffering. She leaves a husband, mother and several brothers and sister to whom the entire town offers a word of condolence and sympathy to the bereaved family. Mrs. Hill was about 38 or 39 years of age, and a daughter of Mr. and Mrs. Nancy Baker of this place. She has been a member of the Baptist church about 3 years. For the last few years she and her husband has been engaged in the hotel business.

Prizes to Farmers.

More than ten thousand entries have already been made in the prize crop and gardening contests of the Texas Industrial Congress for the year 1915. The contestants live in all portions of the State and have enrolled of their own initiative in many cases, and in other cases have joined in the work of the Congress upon the presentation of its aims by a representative, or by a citizen of the community.

Vigorous educational campaigns have been conducted in Ellis, Harris, Cherokee, Gregg, Nacogdoches, Bexar, and other counties. As a result, literally thousands of farmers will receive bulletins of the Congress, instructing them how to comply with the requirements and giving the most reliable information as to methods of growing large crops at lowest cost, and will have the opportunity, also, of receiving the large cash prizes offered for record yields in the various classes.

Campaigns in Nacogdoches and Gregg counties have been in progress during the past week and congress officials are in correspondance with reference to putting on a campaign in a number of other counties. The congress is anxious to reach as many counties as possible and is prepared to undertake the work wherever the co-operation of local persons and organizations, such as county demonstrators, county superintendents, commercial clubs and associations, is assured.

Shreveport Goes Wet.

Shreveport, La., March 5.—In the prohibition election held here yesterday the town went wet by a vote of 1457 for and 48 against. According to the total vote polled in the last mayoralty election 1062 citizens did not vote yesterday owing, no doubt to the advice given the prohibitionists to not vote as the election would not be legal inasmuch as the parish had already voted dry.

Old Citizen Passes Away

While 'tis a fact we live in the face of every day, that the living here must become immortal, it is one of the sweet things of life, that we are unable to realize it, until we must. This has been so with the relatives and friends of Uncle George Haney of Appleby, who, after long suffering with dropsy passed at nine o'clock Monday morning.

"Uncle" George as he was endearingly known throughout the county, having gained this term of love and respect because of his inimitable character, was 83 years old when he died at his home three miles north of Appleby.

A wife, three married daughters and two sons whose homes are in Appleby and one daughter in Comanche county survive him.

Besides the useful citizen and helpful neighbor that he was, his influence was largely felt through the channels of Methodist church of which he was a faithful member.

There will be many heads bowed with grief to learn of his demise, and many friends friends will go to pay a last homage to the memory of this fine old gentleman.

Leased the Press-Journal.

Messrs. Albert Priest and Walter Long have leased from Editor-Representative Ellis the Rusk Press-Journal during the remainder of that gentleman's legislative labors at Austin. They will in all likelihood have charge of the paper under that arrangement several months. Editor Ellis made the Press-Journal a very readable and interesting paper and it is to be expected that these gentlemen will keep it up to its well known standard as they are experienced and trained newspaper men. More than this, they are clever and obliging competitors as one could wish. Editor Ellis will be detained at Austin during the entire legislative session, and there may be one more extra session before he can return home. We wish for his temporary successors happiness, health and wealth. We would like to borrow some of all the three commodities, or whatever you'll call 'em.—Cherokee Sun.

Planting A Tree.

To be in line with worthy folk you soon must plant an elm or oak, a beech or maple fair to see, a single or a double tree. When winter's storms no longer roll, go, get a spade and dig a hole, and bring a sapling from the woods and show your neighbors you're the goods. What though with years you're bowed and bent, and feel your life is nearly spent? The tree you plant will rear its limbs, and there the birds will sing their hymns, and in its cool and grateful shade the girls will sip their lemonade; and lovers there on moonlight nights will get Dan Cupid dead to rights; and fervid oaths and tender vows will go a-zipping through its boughs. And folks will say, with gentle sigh, "Long years ago an ancient guy, whose whiskers brushed against his knee, inserted in the ground this tree. 'Twas but a little sapling then; and he, the kindest of old men, was well aware that he'd be dead, long ere its branches grew and spread, but still he stuck it in the mould, and never did his feet grow cold. Oh, he was wise and kind and brave—let's place a nosegay on his grave!" We don't forget such men as he! Go, then, and plant a beerbolm tree.—Walt Mason.

The Cotton Belt is taking off one steam pulled train a day and in lieu thereof is putting on a motor car. The motor car answers every want of its patrons and costs considerably less; and it is both unique and attractive as an instrument of public travel.—Cherokee Sun.

Snow fell here this morning in a slow and limited way. It melted as fast as it fell. There was a sprinkling rain also, and clouds hide the sun. The thermometer, early this morning, Tuesday, registered 38. It was 82 in the three preceding mornings, and several frosts appeared. Whether or not fruits are damaged remains to be ascertained. The probability is that fruit has escaped.

The proof reader loses his equality, or head quality, or good quality when he finds that he overlooked mistakes in the type work. Words happen to get the wrong letters, and are not discovered till too late. For instance, anybody knows that "cemetery" is a mistake. But it slipped into the paper. So did the word "regort" displace "report". But it got in at some open gate, or other point.

Prize Fight To Be Staged In Havana.

El Paso, March 7.—The Johnson-Willard fight for the heavyweight championship of the world will be staged at Havana, Cuba, during the first week of April, according to announcement made here today by Willard's manager. Willard, who is now in Los Angeles, is expected to leave soon for Havana.

The Legislature.

Austin, Tex., March 8.—Governor Ferguson tonight announced his intention of calling the legislature in extraordinary session on April 19th or April 26th. He has not determined upon the exact date of session. He wants the time to secure information on all sections of the appropriation bill for every amount. The appropriation bill as drawn totals \$17,005,000, or almost \$4,000,000 more than previous requests have been.

Representative Gainer today visited the governor and advised him that the house of representatives was opposed to the one board bill and that they favored divorcement overwhelmingly. He requested Governor Ferguson to assist in having the divorcement resolution passed and not to press the one board plan.

The senate adopted the house resolution to adjourn sine die March 20th. Governor Ferguson says he will call the special session April 19th or April 26th.

The house killed the Parks Sunday amusement bill by striking out its enacting clause and passed to engrossment the Laney child labor bill. The bill by Burton of Rusk, exempting managers and employes of telegraph and telephone companies and rural mail carriers from jury service, was engrossed, as was the Spencer bill authorizing executors under foreign wills, properly probated, to sell property in this state. The house also engrossed the Bryant bill, authorizing the sale of public school and asylum lands in certain counties it tracts up to eight sections without condition of settlement. The McAskill bill regulating indemnity insurance contracts was engrossed. The Dickson of Lamar bill requiring tax collectors to prepare lists of delinquent taxes and requiring county attorneys to bring suits for collection, was postponed.

Austin, Texas, March 8.—Governor Ferguson this afternoon signed the Texas company bill which grants the company extra territorial privileges.

Austin, Texas, March 8.—House committee on education today reported favorably Senator Bee's county superintendents' bill which provides for the election of county school superintendents by the boards of trustees instead of by the people as at present.

House judiciary committee today killed senate bills which permitted out of state guests of land owners in Texas to hunt on their premises without obtaining a hunting license; reported favorably Senator Morrow's bill changing the method of transferring cases in the courts of civil appeals.

The Mexico disturbance worries Uncle Sam. Those combative trouble makers bother other folks, and the sufferers call upon Uncle Sam for protection. He reads them the riot act but they will not heed.

Mount Zion Church

The above is the name of the fine new church of the colored baptists of Nacogdoches, located on LaNana and Bois d'Ark streets, just north of Oak Grove cemetery. Rev. J. C. Sweeny is the pastor. He is a pupil of the noted Booker T. Washington school at Tuskegee, Ala. and to say it modestly he is no discredit to that great institution. His devotion to his calling and his intellectual force of character, are demonstrated by this splendid modern style edifice erected as he says to the honor and glory of God. The cost was about \$9,000.

Sunday was appointed as a public reception day at which white people were to attend, and several leading white citizens were booked for addresses at 2 p. m.

This program was interrupted by the funeral of James H. Thomas being set for 3 p. m. and so conflicting and preventing persons from attending both gatherings.

There were quite a number of white people, ladies and gentlemen, in attendance. An address or sermon was delivered by Mr. Westbrook, pastor of the white Baptist church. Rev. A. R. Griggs, colored, of Dallas, Texas, who is a prominent official in the colored Baptise organizations, was present, and he made a most interesting and catching talk. The chief point in his remarks was the benefit to the white people by the progress of the colored people in good morals and religion. He stated that there is a deficit in the church fund, and contributions are solicited.

Four Train Loads Of Steers Pass Through Crystal City

Two thousand head of steers consigned to Manager Russell of the Jones Ranch near La Pryor, passed thru Crystal City this week. They came from Kerrville, and will be fattened for the market on the Jones Ranch.

To convey this army of future marketable beeves required four trains of cars, 76 cars in all, each car being loaded with an average of 26 1-3 steers. Two trains of 18 cars each passed thru Tuesday, and two trains of 20 cars each came in Wednesday morning.

The crews of all four trains tied up for the night in Crystal City, and the sleeping accommodations of the Hotel Cooper were taxed to their full capacity. Good Mother Cooper fed 'em all right al right, and she is now firmly convinced that after this culinary experience she is competent to take charge of the commissariats of the allied armies of Europe, with Mexico thrown in.

Bridge Club Entertained.

Mrs. J. R. McKinney entertained the Tuesday Bridge Club yesterday. In spite of the rain and mud the members present enjoyed the afternoon all the more gaily. Delicious refreshments of stuffed crab, asparagus salad, waters, toast and olives with amber pie and coffee to follow, were served.

Mrs. Powell, Mrs. Bolivar Williams and J. M. Fewell substituted to absent members.

Keeping Up the Service

The European war brought to our attention with very great force the dependence which modern industry places upon the complete and continuous transportation service. Let something happen to disturb the action of transportation facilities and the whole machinery of modern commerce slows up.

In this country the railroad systems are the arteries of the commerce system, and the service rendered by them is so important that any difficulty is speedily felt by everybody. All materials which enter into the running of the railroad must be carefully selected for quality and service in order to avoid disastrous interruptions.

TEXACO QUALITY AND SERVICE have made themselves felt in keeping up the railroad service. On the books of The Texas Company as customers are almost all the railroads of any importance in all parts of the country—using "Made in Texas" Texaco Products because of the quality which insures the reduction of operating difficulties and the prompt service which insures supply.

The same quality and service which have induced these immense transportation systems, with their difficult requirements, to use Texaco Products are to be secured by you.

Call up the nearest agent. He will be delighted to serve you.

It Isn't Your Town, It's You.
If you want to live in the kind of a town
Like the kind of a town you like,
You needn't slip your clothes in a grip
And start on a long, long hike.
You'll only find what you left behind.
For there's nothing that's really new,
It's a knock at yourself when you knock your town.
It isn't the town—it's you.
Real towns are not made by men afraid
Lest somebody else gets ahead.
When every one works and nobody shirks,
You can raise a town from the dead.
And it while you make your personal stake,
Your neighbors can make one, too.
Your town will be what you want to see.
It isn't the town—it's you.

The Mora Grant Bill passed the senate yesterday. This validates the title to the land. The state does not claim it. There are many owners of homes and of tracts on this grant who honestly paid for it, and they will be glad to learn this. This grant includes the village of Woden and many miles of land from Oil Springs westward. The real oil spring, as generally understood, is exactly on the line between the Chirino grant on the east and the Mora grant on the west, just fifteen miles southeast of Nacogdoches.

Santone Has Real Big Snow Storm.

San Antonio, Tex., March 9.—The first real snow storm in San Antonio in twenty years began this morning at 10:35 o'clock and at 12:40 p. m. was still coming down. At that hour it lay in places three inches deep, while in dripts it was seven and eight inches. The weather bureau predicts a continuation thru out the afternoon.

AT EL PASO.

El Paso, Tex., March 9—Heavy snow over the entire section surrounding El Paso is today extending as far as Alpine, in western Texas. At Clouderoft, N. M., 125 miles northeast of here, the snow is four feet deep. In El Paso today the snow virtually put the automobile bus service out of commission.

Cattlemen's Big Meeting

The Cattlemen's Convention in San Antonio is a huge meeting. There are expected big ranchers from five states, and a total attendance of more than 8000, besides the usual large attendance of tourists and pleasure seekers. It is to be the greatest "round up" ever known. The city is making great preparation to entertain them in a variety of unique ways.

There will be "a hot time in the old town." The famous Buck Horn Saloon will have its "horns on exhibition, as usual and these will be tested and criticised in due form.

Shower for Mrs. Alford.

On Wednesday afternoon Mrs. George W. Eason and daughter, Miss Marion, entertained with a miscellaneous shower in honor of Mrs. C. A. Alford, who was married Sunday.

About forty of the bride's most intimate friends were invited to partake of this lovely affair. Mrs. Eason and Miss Marion are noted for their hospitality, and on this occasion seemed to excell themselves.

The house was beautifully decorated in pink, that being the color scheme. In the center of the living room was placed a chair all draped in pink for the bride, and to the strains of Mendelssohn's wedding march, played by Mrs. Henry Millard, two little girls (Caroline Sturdevant and Doris Millard) came marching in with a basket filled to the brim with pretty cut glass, silver, china and linen, which they presented to the bride, who was so overcome with joy she had to have assistance in opening and reading the little verses in rhyme (the hostess having asked for a rhyme with each gift). After viewing all the pretty things and listening to several musical numbers, Mrs. Eason, assisted by Mrs. Nichols and Miss Ruby Miller, served a most tempting course of chicken salad, sandwiches, salted nuts, wafers and hot coffee, Miss Marion singing throughout the service.

John B. Guinn, of Rusk was in town today.

COLDS

An up-to-date remedy for colds. That is what Peruna is. In successful use over 50 years.

Colds are caught in many ways: illy ventilated rooms; rooms that have direct draughts; crowded rooms; damp houses; stuffy school rooms; offices illy heated.

A dose of Peruna at the right time, at the first symptom of cold, before the bones begin to ache, before the sore throat manifests itself, or the cough, or the discharge from the nose, just a dose or two of Peruna before these symptoms begin is generally sufficient. But after the cold is once established with the above symptoms prominent, a bottle of Peruna, or maybe two, will be necessary.

"For several years I have been troubled with colds at each change of season. I took Peruna and have not been troubled with the slightest cold this entire season." Mr. Harry Fisher, 1928 Mosher St., Baltimore, Md.
 "I give the children Peruna if they have a cold, and it always relieves them." Mrs. I. D. Hayes, 1937 Druid Hill Ave., Baltimore, Md.
 "When I feel a cold coming on I take a little Peruna, and it does me good." Mr. Charles S. Many, 12 Water St., Ossining, N. Y.
 "No family should ever be without Peruna, for it is an unfailing cure for colds." Mrs. M. P. Jones, Burlington Springs, Ky.

Birthday Party.

Little Cecil Dean entertained quite a number of his little friends last evening with a birthday party. Cecil was four years old. Many games were played by the little fellows after which his mother, Mrs. Taylor Dean served the most delicious supper. Everything was cooked just to suit the taste. He received many presents suitable for boys. The little folks retired to their homes after assuring Cecil of a most enjoyable evening. A guest.

Mr. I. L. Sturdevant, Chief Nacogdoches Fire Co:

The German Wounded.

Berlin, Feb. 6th. (By wireless to Sayville, L. I.)

The Germans are terrifically systematic about their care of the wounded. All their men found on the battlefield receive a "First aid dressing." Each is tagged with a card, which indicates whether he is badly hurt or not. From the battlefield the wounded men are gotten back to the field hospitals or to headquarters. A man may be badly wounded and yet be back on the firing line in three months. Good pure blood is what helps the soldier through — his wounds heal easily after antiseptic dressings. It is well for every body to put the blood in good order. Don't trifle with health! its too precious a possession.

It is trifling to neglect the little every day kind of ailments. It is trifling too, to take medicines of unknown or doubtful ingredients. If your stomach gets out of order, your food is not digested and, of course, your blood gets thin and you become weak, ready to be a prey to the disease germs always ready to attack the run-down and the anaemic. If your liver can't do its work, your blood becomes impure and many troubles follow. If your bowels are irregular, poisons accumulate in your body. Dr. Pierce's Golden Medical Discovery (in tablet or liquid form) helps the stomach to digest food properly, strengthens the liver, regulates the bowels. As a consequence you are vigorous, full of snap and life! Fifty years ago Dr. Pierce discovered that a glyceric extract of Golden Seal and Oregon grape root, of queen's root and bloodroot with black cherry bark would aid all the digestive organs to work as Nature intended they should. Thousands have found that the "Golden Medical Discovery" he then introduced to the world has restored them to health when suffering from stomach and liver troubles. Now is the time to try this famous remedy.

Shreveport Pros Seek Injunction on Saloons

Shreveport, March 6.—As a counter move against the anti-s yesterday in voting for a return for saloons, the pros have filed an application for an injunction to restrain the city from issuing any licenses, claiming that the city council usurped authority. This action follows the promise of the pros when they asked all pros to refrain from voting in the recent election.

J. & G. N. Spend Millions In Improvements

He said that part of this sum had already been spent regardless of the freight rate increase.

FRECKLES

February and March Bring out Unsightly Spots. How to Remove Easily.

The woman with tender skin dreads February and March because they are likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind the recent discovery of a new prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.

Notice

To Road Overseers in Commission's Precinct No. 1.

For several years the county has been spending money through the overseers on public roads, this practice has run on until the county has become badly in debt. The present Commissioners Court thought it wise to stop this practice until the county could be put on a cash basis; therefore you and the public as well must not, and should not, expect the county to spend money on the public roads when you well know that the county is in debt. Now with all kindness, I want to ask you to get busy, ask your neighbor to help you. The road are the property of the people, and it is your duty to work them, and it is my duty to see that you do work them. We must have better roads.
 J. W. Byrd,
 Com. Prec. No. 1.

Greece and Italy are about to be dragged into the big war, and the United States is by no means safe. It does seem like a travesty on honor to engage in a war that will destroy multitude of men, millions of property and human happiness in order to avenge a small insult, which was unintentional.

James Willard

James Willard would restore the wreath that Johnson wrested from the whites: with warlike zeal he grits his teeth, this hero of at least two fights. Alas, our bosoms are not warmed when such a hero gambols in; unless black Jack is chloroformed, we do not see how Jess can win. The chances are he'll come to grief before they're fairly down to biz; for while he's surely long on beef, the spark of genius isn't his. He hasn't the immortal fire which made the Bard of Avon great, which made Jack Milton punch his lyre, and get his laurel crown on straight. He has the lard, his heart is game, he has the height, he has the reach; but, oh, he lacks that deathless flame which makes a pugilistic peach. With confidence he goes to meet the greatest fighter on this sphere, but he will tumble o'er his feet and cork himself and interfere. They'll bear him helpless from the ring, while drearily the White Race groans, and Johnsing, he will dance and sing, and draw his thirty thousand bones.
 Walt Mason.

English language is often provincial. One of the big London papers called President Wilson "Doctor" Wilson in the sense of high respect, as the word "Doctor" is used over there. But some of Uncle Sam's papers understood this title to be intended as a slur, or burlesque, as it is often used here ironically. Americanisms of lingual custom do not always mean the same as they do in other Anglial lands.

James D. Greer, of the U. S. agricultural department, was in town Wednesday. He has recently been quite sick. He says he is overrun with official work, chiefly in the way of farm terracing to prevent lands from washing away. He also says that there is to be a school of instruction held here in August for the benefit of farmers free of charge, and headed by able talent.

Compulsory Education Bill Passed.

County Supt. Stripling received a message from Austin Tuesday stating the compulsory education bill had passed both houses. This bill has been one of the worst fought bills to come before the houses. It was hotly contested from last Wednesday when it was first taken up until it went thru. Supt. Stripling was also advised in this same message that attention was now given to the county superintendent's bill which provides that the county superintendent be appointed by the school board.

"Dodson's Liver Tone" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver. If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you'll wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of energy, vigor and ambition.

E. Burdick's Death Shock to Family.

E. Burdick, 61 years old, proprietor of the San Antonio Mattress Factory and formerly a wealthy farmer of Hollis, Oklahoma died suddenly of heart disease at 2:30 o'clock Monday afternoon at his residence, Washington avenue and Essex street. Although he had not been in good health recently, Mr. Burdick's death came as a shock to members of his family.

Shortly after noon Monday Mr. Burdick lay down for a short nap. He awoke feeling unusually well and arose to get some object in the room. Attacked by heart disease, he died almost instantly. He never had been troubled with heart disease before, members of his family say.

Mr. Burdick came to San Antonio two winters ago. He liked the climate so well he made San Antonio his home and a short time ago, became one of the proprietors of the San Antonio Mattress Factory. He was a native of New York, but as a young man came west, settling in Oklahoma. He owned much property there. Mr. Burdick is survived by his widow and three step-children, Misses Dora and Minnie Samuels and Mrs. Ida Hollis of Hollis, Oklahoma. Mr. Burdick was a member of the church of Christ.

The Sloan & Hagy Undertaking Company is holding the body pending advices from relatives in Hollis, Oklahoma.—San Antonio Light.

Mrs. Burdick is a daughter of the late J. W. Power, and has many relatives here, who are the best class of people. She was born here, and married James D. Samuels, who died over fifteen years ago and was also a well known business man in this city. She has lived at her present home in San Antonio many years.

City Artesian Well

The artesian well bored for the city by A. J. Lestergette is about complete and appears highly satisfactory. It is about 400 feet deep, and is in the proven sand, and is of about the same depth and character as three other satisfactory wells in town in the same region. All these wells have fine soft water, and a free flow.

The city council believe that this well will be amply satisfying in all respects. They have ordered 100 feet strainer which will be here in a day or two, and then the well will be tested thoroughly, and probably be found satisfactory, and thereupon be accepted.

The well is located about half a mile north of the court house, near the light plant, which is owned and operated by the city, and will be used for pumping power for the city water works. It is near the H. E. & W. T. rail road, and also near the Banita creek.

"Half and Half" Cotton.

The U. S. Department of Agriculture has issued circulars showing that "half and half" cotton is a deceiving product. Thorough tests have been made, and thus the misleading facts shown up. In strong language that a farmer may understand, this cotton is not worth a whoop in hades. The Department gives the reasons in full, and they are plain. Farmers ought to get in touch with this Department for general information. It is intended for them. Cotton is a Jonah anyway. Cut it out is good doctrine.

Man of Grief

I now am bent and old and gray, and I have come a doleful way. A son of sorrow I have been, since first I reached this world of sin. Year after year, and then repeat, all kinds of troubles dogged my feet; they nagged me when I wished to sleep and made me walk the floor and weep. I had all troubles man can find—and most of them were in my mind. When I would number all the cares which gave me worry and gray hairs, I can't remember one so bad that it should bother any lad. And often, looking back, I say, "I wonder why I wasn't gay, when I had youth and strength and health, and all I lacked on earth was wealth? I wonder why I didn't yip with gladness ere I lost my grip? My whole life long I've wailed and whined of cares which lived but in my mind. The griets that kept me going wrong were things that never came along. The cares that furrowed cheek and brow look much like hop-joint phantoms now. And now that it's too late, almost I see that trouble is a ghost, a scarecrow on a crooked stick, to scare the gents whose Xhears are sick. Walt Mason.

Germany Will Win' Says Ex-Rear Admiral F. T. Bowles, U. S. N.

Boston, March 2.—"The chance of a successful invasion of England cannot be lightly dismissed," said Rear Admiral Francis I. Bowles, retired, formerly of the United States navy in an interview upon his return from Europe. "I am convinced that Germany ultimately will be successful. The probable situation is that all the allies are now ready to quit, and that means not only Russia and France, but England; that Germany is ready to make peace with Russia and France, but never with England. The possible consequences of such a situation are easily discernible and merit the most serious consideration by the people of the United States."

"Buffalo Bill, where do you get saddles and pads for your Rough Riders?"

"From Waco, Texas, made by Tom Padgett Co.—Forty-six years in business—they don't hurt your horse."

Equal Suffrage Vote in Chicago.

Women voted lively in the recent primary election in Chicago for Mayor. Both democrats and republicans elected anti suffrage candidate. The result was a great surprise. It means that the moralists and reformers got defeated, and the women were against them. The comments of leading women of both sides are interesting and scathing. One of the suggestions is that the Chicago result demonstrates that as a rule the good women stay away from the polls—excepting of course, the suffragist enthusiasts—while the women who are interested in a wide open town go to the polls and vote. The suggestion may be unfair to the women of Chicago, but it certainly looks as if the results in the late election might be interpreted that way.

Procella Telephone Company.

The above is the name of a new telephone company chartered by the State. The name might be misleading as to the Procella crossing on the Angelina river, between Nacogdoches and Lufkin, which is not on this phone line. The line has been in use for months, and simply extends from Nacogdoches to G. A. Blount's big farm, or ranch, at Lake Alazan, about eight miles from town and two or three miles above Procella crossing, or A. J. Spradley's ranch. The line is connected as a part of our local exchange, and is quite a convenience to the public.

Mr. and Mrs. Thad Floyd have a new arrival at their home in the person of a bouncing boy weighing ten pounds and with a shock of hair that's tickling his daddy to death—it's black.—Lufkin News.

Of course Thad is tickled, you would be too if you were red headed.

Snow 25 Years Ago.

It is most unusual for it to snow in March here.

Some of the older citizens say that on March 8th 25 years ago it snowed here.

Mr. and Mrs. Ed S. Blount moved yesterday from the Wilson cottage, on North Fredonia street, to their new place on Virginia avenue.

Obituary.

The death angel again visited the Kerss home, near Trawick, Texas, and called away the mother, Mrs. C. M. Kerss, on February 7, 1915. Sister Kerss was born in Coffee county, Ala., November 15, 1858, and came with her parents, Rev. W. A. and Mary E. Revell, from there to Texas, in the early part of the year 1878, and was married to George G. Kerss on March 3, 1878. To this union were born six children, of whom three died in infancy, the husband also having died on June 17, 1909.

Sister Kerss was converted when quite young, while in her teens, and united with the Missionary Baptist church, of which she remained a consistent member until her death. She was a light and an example in her community that would be well for others to follow. While Sister Kerss' suffering was of long standing, and at times of great agony, the disease being gall stones, and at last terminating in cancer of the liver. She bore her affliction with patience, and would say to her friends: "The Lord suffered for me, and now I am suffering for Him." While she suffered long, the last four days before she passed away, she slept peacefully, from which she could only be aroused for a few moments at a time, although she was conscious until the last. She went into a deep sleep on Friday night at 11:30 o'clock, and could not be aroused so as to understand anything she would say until 5 o'clock Saturday evening, when she awoke and spoke clearly, saying: "This is the hour of prayer," and then she called all to her side and exhorted them to live right and prepare to meet God. Then she looked up to her weeping sister and said: "Ella, don't cry; I never have felt that I was going to die, but going home to live." After talking for quite awhile, and advising all present, (which was quite a number) to prepare to meet God, she again fell into a peaceful sleep, which lasted until death relieved her at 6 o'clock Sunday morning.

Oh! it is so sad to part with loved ones, but it pleased God in his wisdom to call her to her final reward, after all loved ones, with the aid of several good physicians, could do. Sister Kerss leaves three sons, W. S., J. J. and U. G. Kerss, all of Trawick, Texas, one brother, J. A. Revell of Sterling City, Texas, and one sister, Mrs. Ella Swanson, of Nacogdoches, Texas, and an aged father, W. A. Revell, who made his home with her, at her death, and a host of relatives and friends to mourn her death. May God help us all to be prepared for death as she was when they are summoned to go.

By One Who Loved Her.

The Broad Way Leads to Goodyear Tires

Try it a little while. It has carried some 400,000 motorists to the haven of content. It is traveled by more users than has any other tire. That has been so for years.

We can't win you to Fortified Tires by asking you to try them. The tires themselves must win you.

But our plea is that you should try the tires that countless men found best. There must be a reason as you know, why Goodyears dominate like this. Last year men bought about one Goodyear for every car in use.

Men Like You

This Goodyear army is composed of men like you. They want quality, safety, endurance. They want trouble-saving and low cost per mile.

Goodyears best met these wants. They met them because they are Fortified Tires.

In five costly ways, employed by no other maker, they offer unique protection. They combat five troubles—rim-cuts, blowouts, loose treads, punctures and skidding—as is done in no other tire.

Price Reduction

On February 1st we made another big price reduction. That makes three reductions in two years, totaling 45 per cent.

Today Goodyears, more than ever before, offer you more for the money. They offer you the utmost possible in tires, measured by cost per mile. Doesn't their top place prove that? The following Goodyear Service Stations will supply you:

Melrose Letter

To The Sentinel:

The quarterly meeting is over. The presiding Elder, Bro. Elrod, preached three fine sermons, and the attendance was good, considering the very cold weather.

Earnest Thomas and Ohma Barrett are on the sick list.

Mr. John N. Wilson is in ogdoches getting up field notes, preparing to survey several school districts above town. He has already completed quite a lot of work in that line.

The ladies, Mrs. Hattie Morten, Mrs. Leila Mathews, and Miss Genie Thomas, are giving the afternoon quiltings and serving refreshments when the quilt was out.

The farmers were very busy preparing ground to plant corn when the snow came this morning and stopped every thing but the cooking, it still goes on, but we are glad we have something to cook.

Spring is coming with smiles and lovely flowers, with new hope, inspiration and gladness, music of birds and the whole earth radiant with promise. Since last spring some have walked in the shadow of sorrow and have known grief for death is lurking within, ready at any moment to sever the brittle thread that holds us here. No wonder the bible calls it an enemy. While it has been in the world for thousands of years and has taken the billions of the past and daily is counting its toll by nearly a hundred thousand, yet when it enters a home it brings with it the same unutterable sadness and sorrow as if it had made its appearance for the first time in the world.

Last year was seemingly a financial failure to us in this country, yet we are rich with

our homes and loved ones, for the glory of the country is in its homes, which contain the true elements of national vitality, and are the embodied type of heaven.

Our mothers were our earliest instructors, and they have an influence over us, the importance of which, for time and eternity, surpasses the power of language to describe, my hair has grown with silver threads among the gold, yet each day I long more and more for my precious mother, who has been in heaven for 16 years. Boys and girls let me beg you to love your mother while she is with you.

Jno. N. Wilson, of Chireno, was in town Tuesday, on school business. He is surveying the boundaries of the county school districts to ascertain more definite boundaries.

Wash Adams Dead.

Uncle Wash Adams died last night at his home near Mount Moriah, about 9 miles northeast of town. He was about 78 years old and was a Confederate veteran. He came from San Augustine county to this county about fifteen years ago. He has 7 living children, but only one of them lived with him. This was a widow Stoker. He was a quiet good man, and had many fond friends.

Sewing Circle Meeting

The Mound Street Sewing Circle met Tuesday with Mrs. D. K. Cason. The usual fancy work took up the time of the afternoon, interspread with discussions of Easter plans, which season demands just such stitches as are common to sewing circles.

Mrs. Lin Curl was a welcome guest.

A delicious salad with relishes and sandwiches was served.
