### War News

Paris, May 24.—An attack by Austrian warships on the coast of Italy along the Adriatic is announced in an official communication from the Italian war office, transmitted to Paris by the correspondent of the Havas agency. It is said the Austrian warships were forced to withdraw after a short cannonade.

The statement says: "Small naval units of the enemy, especially destroyers and torpedo boats, fired upon our Adriatic coast, on May 24, between 4 and 6 a. m. At the same time aeroplanes attempted to attack the arsenal at Venice."

"The enemy's ships, after a very short cannonade, were forced by our torpedo boats to withdraw. The enemy's aeroplanes were fired upon by

our anti-aircraft artillery and attacked by our aeroplanes and by a dirigible flying over the Adriatic.

"The aeroplanes attacked Porto Corsini, which obliged the enemy to quickly retire. At Ancona, where the attack was intended to interrupt railway communication, slight damage was inflicted.

"At Barlette an attack was made by a scout steamer and destroyers, which were put to flight by one of our ships, escorted by torpedo boats. Finally at Gess, the enemy's aeroplanes attempted in vain to throw bombs on the hangars.

London, May 24.—A dispatch from Paris to the Exchange Telegraph company says a telegram from Basel states that the Wolff agency announces Germany has declared war against Italy and recalled Prince von Buelow, her ambassador at Rome.

#### Przemysl Once More Shelled

Petrograd, May 22.—The Austro-Germans who threatened Przemysl are now on the defensive. Bombardment of the outer forts of Przemysl has ceased and the Russians have driven the enemy's left wing out of the village of Ignatso, on the east bank of the San above the Jaroslau.

"Along the entire Galician frontier the enemy's attacks are growing weaker," said an official statement from the war office tonight. "Russians advancing from the Vistula have occupied the villages of Pshyshow and Kamerale on the left bank of the lower San."

#### To Sing U. S. Anthem.

Philadelphia, May 24.—"The Star Spangled Banner," will be sung all over the United States at noon on the Fourth of July, according to plans of the committee which is arranging for a national celebration of Independence day in this city.

Governors of all the states and mayors of cities throughout the country have been requested to issue proclamations asking the people to join in the observance of this feature.

The executives of many states, Governor Geothals of the Panama canal zone and Governor Stone of Alaska have already written to the committee approving the suggestion.

#### European War

It seems necessary to say something about the great war in Europe. But this is a difficult topic to handle. It is so extensive that it is bewildering. Victories and defeats are alternating in all lines. Battles of huge importance are raging incessantly. Every known agency and art of death, dealing is employed to the limit. The carnage and ruin is phenomenal, and not slacking. Where it will end or how or when God only knows.

The name of Aaron Cox of the fifth grade was in some way left off of the perfect attendance roll. Aaron has not missed a day this school year or been tardy and his name should have appeared.

#### Italy Declares War.

"When in Rome do as Rome does." But fortunate Uncle Sam is not in Rome. So we are not in the luss, and we are glad of it. The following is clipped from one of our exchanges:

Italy's entrance into the war will mean that Italy believes that in the end she will stand a better chance of territorial aggrandizement by taking sides against Germany and Austria, her former allies in the triple alliance, than she can by remaining neutral.

The war spirit among the Italian people has run high since the beginning of this war, particularly in the northern provinces of Italy, along the Austrian border, where for ages the Italians and the citizens of what is now the Austrian empire have hated each other. As the world sees it, Italy has temporized for nine months for the purpose of getting the best bargain she could get. Austria and Germany have failed to satisfy her territorial demands and Italy therefore casts her fortunes with the allies.

Italy might have kept out of this conflict with honor, but perhaps she feels that if the Teutons win they will punish her for breaking away from the triple alliance, and she hopes to make the success of the allies more certain by throwing her strength into the balance.

## The Boiled Dinner.

How dear to my heart is the luscious boiled dinner, which fond recollection brings back now and then, that balm to the stomach, that forty-time winner—oh, give me an old time boiled dinner again! So often I've sat at the restaurant table, and down through the menu I've hopefully looked, for something to comfort my northeastern gable, for such a boiled dinner as grandmother cooked! The steaming boiled dinner, the noble boiled dinner, the grand old boiled dinner my grandmother cooked. I'm tired of the fodder you're constantly shovin', the things out of box and the things out of can, the dofunnies baked in a gasoline oven, the chafing dish horrors which frighten a man; your cooking school triumphs are weird and uncanny. That sort of refreshment too long I have brooked; I long for the skill of my dear sainted granny, I long for the dinner that grandmother cooked! The fragrant boiled dinner, the juicy boiled dinner, the cultured boiled dinner my grandmother cooked.

## How About Ice.

To the Sentinel:

The citizens of Nacogdoches are face to face with a hard proposition. The Nacogdoches Ice and Cold Storage Company requires its ice customers to buy its coupon books at \$9.00 for 2000 lbs., which is 45¢, a hundred pounds and pay in advance, or else pay cash on delivery at 60¢ per hundred. Note the difference in price, one third more, if you pay cash on delivery, or one third less if you buy a coupon book.

The Company waited till the hot weather got here, to take advantage of the citizens who pay monthly for the ice books.

This city owns its electric plant and water works. Why not own an ice factory? Managers of ice companies combined to save expenses. The city can do as well for its citizens, as big corporation companies do.

Let us hear from good citizens on this subject.

We could have Ice plant, Water works and Electric Light Plant, all at one place and own it all.

Let us do something to help each other. For the city and for the people.

## To Succeed Senator Culberson

There are numerous candidates out for U. S. Senator to succeed Senator Culberson.

One a new one, is Congressman Burgess, of Gonzales, who has served eight years in congress.

Another is John Davis, of Dallas, Angelina, and several other counties, who has a platform of seven planks.

Another is the aforesaid ex-Governor O. B. Colquitt. And there are others. But why not Culberson succeed himself?

## Oil Springs Report.

Melrose, May 21, 1915

Wednesday morning, we got in our buggy at 7:30 drove through Melrose, taking the Brown's ferry road, for the famous historic grand oil spring. Driving along we passed the little home, with its tall cedars where uncle Thee Blakey and aunt Ritta lived, so many years in plenty in prosperity, and happiness. He was one of the good old timers that raised every thing that was good at home, with his faithful wife by his side bringing up her part equally as well. The home, four miles south of Melrose, is so lonely now, only standing as a monument to the lives of those dear old people. My dear mother spent many happy hours visiting there in that home. On we go to the Hardeman oil wells, about 20 in number, all with oil in them, and a fine new derrick ready to be used when the moneyed man comes. Riding along in the cool of the morning we saw many beautiful things to admire in the wood, all of God's wonderful works, we passed by old Father Rector's mill site, where he ran a water mill near 70 years ago. My husband told me that he came to mill there from below Chireno, nearly 15 miles, when a boy, 60 years ago. Turning to the right we crossed the Rector creek, and driving 3 miles, we come to what is left of that once busy little place called oil city. Twenty years has passed since my last visit to that place. Only 2 houses are standing now that was there at that time. One of them is the oil men's office, the other was built by Doc Simpson for his sick wife to spend awhile there for her health. Our editor was at that time her physician. Mrs. Eula Barret's family and Will Alders make up the city inhabitants. Oh that fine oil spring water is the best on earth. We drank and drank while there wishing we could always drink of that spring, 12 o'clock came, finding us on the same old bench, eating our dinner with a relish. Mrs. Alders sent out two cups of good coffee, which we enjoyed very much. The two large beach trees near by have dozens of names cut in the bark. H. T. Crain is one, so plainly cut, with too many others to mention. It reminded me of the song, "The spring that bubbled neath the hill, close by the spreading beach, is very low, 't was once so high that we could almost reach, and kneeling down to take a drink, dear John I started so, To see how sadly, I am changed Since 30 years ago."

That little place was alive 28 years ago, with business of all kinds. Sawmills, shingle machines, boarding houses, shops of different kinds. My husband sold groceries, taking in so much money during the week he wasn't sate coming home. Saturday night with his money in his pocket. But those days are forever gone, and many of those people, but the memory of them is sweet and refreshing to our minds.

## "How Came Douglass"

Douglass, Tex May 20.

To the Sentinel:

Referring to your inquiry as to the history of Douglass, I would say that I am an old timer of the vicinity, and I have heard the subject discussed by older residents who preceded me many years, but I have no definite information about it. However I can give you this legend.

In the year 1840, there was a merchant residing in the town of Nacogdoches, who had been there for years, by the name of Kelsey H. Douglass. He was a prominent man in a general way, but especially as to military matters. He was quite popular and had been, or was a commander of some military organization, possibly had served in the Cherokee war, in which Rusk, Reagan, Blake and others of note from East Texas participated, when the Kickapoo battle settled the Indian uprising in 1838. So, at any rate, Douglass was known as General Douglass. His store was located on the corner where the Wettermark brick still stands, and he slept in the store. On one occasion, being inclined to drink, he became intoxicated and, by some accident set fire to the mosquito bar of his bed, and burnt up his store and narrowly escaped from burning himself up alive. He then went to where Douglass is now, which is fifteen miles west of Nacogdoches, on the original old Indian trail, which was blazed out by St. Denis a century before, and had become the great "Old San Antonio Road." Just west of Douglass half a mile is a big spring where the original Tejas Indians lived, and where Texas was first heard of.

When Douglass was started, there were quite a number of farmers and neighbors around there, within a circle of about five miles. The three noted Dursts lived along the Angelina river, about Linnwood and the Durst crossing. This had become an attractive locality, and the men who came to Texas to make history traveled this "Big Road," from the beginning of the century and earlier. So, when you go to Douglass, "take off thy shoes, for the ground whereon thou standest is holy."

Here General Douglass set up a store, and naturally, that started the town and its name. And in ten or fifteen years it became a place of considerable business and importance.

In 1852 the town of Douglass had two good sized two story hotels, one built by Squire Clute, and one by Jim Johnson. Both buildings are there now. They were quite flourishing at first, with bright blazing signs and the regulation hotel bells of that day, swung on the outside. There was a two story Masonic lodge building, several stores saloons etc. Douglass was quite a noisy place. It is now a has been. General Douglass is said to be buried in Nacogdoches, but his town is not buried in oblivion.

## Jack Johnson.

Alas, poor Johnson, badly whipped, and of his wreaths and honors stripped! When he appeared in yonder ring he was that ring's unconquered king; and when he left it, sick and sore, he was a has-been, nothing more, and all the country felt relief when Brother Johnson came to grieve. No words encouraging he heard; no breasts with sympathy were stirred, but all were glad to see him slump before Jess Willard's cultured thump, and e'en the men of his own race exulted in his loss of place. 'Twas not because his skin was brown that men rejoiced when he came down. But Johnson, since he gained his fame seemed destitute of sense of shame, and laughed with foul, unholy glee, at all the claims of decency. An out-cast from his native land, and by most other countries banned, he'll skulk, since from the height he's hurled, along on every decent scene, a leper with the sign, "Unclean." A man all morals can't defy, and with that sort of thing get by; and when he falls, as tall he must, rejoicing follows long disgust.—Walt Mason.

Announcement of the annual summer school in cotton classing has been made by J. B. Bagley, Professor of Textile Engineering at the A. and M. College. This summer school in cotton classing will open June 14 and will continue for six weeks. The equipment of the textile mill together with the United States approve samples will be used in this instruction work. This school is designed especially to fit country merchants to cotton and to instruct farmers on the grading of their staple. A registration fee of \$5.00 is charged per week. Men in England will be in charge of the instruction work.

## President Wilson is Grand.

What I try to remind myself of every day when I am almost overcome by perplexities, what I try to remember, is what the people at home are thinking about. I put myself in the place of the man who does not know all the things that I know and I ask myself what he would like the policy of this country to be. Not the talkative man, not the partisan man, not the man who remembers first that he is a republican or a democrat, or that his parents were German or English, but the man who remembers first that the whole destiny of modern affairs centers largely upon his being an American first of all. If I permitted myself to be a partisan in this present struggle, I would be unworthy to represent you. If I permitted myself to target the people who are not partisans, I would be unworthy to be your spokesman, I am not sure that I am worthy to represent you, but I do claim this degree of worthiness—that before everything else I love America.

## A Peculiar Incident.

Last Monday evening Mrs. J. E. Southerland was suddenly stricken blind. Mr. Southerland left with her at once to consult a specialist at Longview, who upon their arrival immediately dilated the pupils of her eyes. Mrs. Southerland awoke about three o'clock Tuesday morning and to the joy of herself and husband, she could see. They took the morning train from Longview arriving home at 7 o'clock, her sight being fully restored, but yet quite nervous from the shock. The specialist said it was one of the most peculiar cases he had ever seen.

The many friends of Mr. and Mrs. Southerland are congratulating them on all sides on the happy outcome of what was thought to be a terrible calamity.—Panola Watchman.

## I. & G. N. Highest Bidder.

Houston, Texas, May 18.—Judge Waller T. Burns of the United States court Monday afternoon issued a final decree of foreclosure in the case of the International & Great Northern Railway. This means that the entire property will be sold to the highest bidder. The sale will be conducted by a special master yet to be named and will take place at the passenger station in Houston subsequent to August 1 this year.

Senator Sheppard is visiting near Georgetown, where he attended the unveiling of a monument of the Woodmen of the World and delivered an address Sunday night. Senator Sheppard's aunt, Mrs. J. S. United States Senator Morris Sheppard will be a visitor in Austin some time this week, according to information received by Judge A. S. Walker, Collector of Internal Revenue.

## "TIZ" GLADDENS SORE, TIRED FEET

No puffed-up, burning, tender, aching feet—no corns or callouses.

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains. "TIZ" draws out the acids and poisons that puff up your feet. No matter how far you walk, how long you dance, how long you work, how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight. Get a 25 cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! A whole year's foot comfort for only 25 cents.

## The Big Bank Suit

Mr. Bailey began his argument by contending the controller, in fact, did not have power to assess that penalty.

"It he had the power," said the lawyer, "then we can not get satisfaction he.e. But it he had no right to impose it, he is wrongfully withholding our property and this court should intertere to protect us.

"If I had ever doubted the malice of the defendants that doubt would have been removed by their airs here and by Mr. Untermeyer's speech. If what they say is true, this bank's charter should be revoked and the officers called to answer for misdeeds."

Mr. Untermeyer's reference to a "pipe line" between the treasury and the Riggs bank and the National City bank Mr. Bailey characterized as "potitical accusations."

"I might as well say," he declared, "that while they eliminated the 'pipe line,' they have established another from the government to Kuhn Leob & Co. I do not say it however, I might as well say there now is a pipe line to the Commercial National bank in Washington, but I will not say it."

The Commercial is headed by a former associate of Comptroller Williams.

## KIDNEY TROUBLE CAUSES INTENSE SUFFERING

Sixteen years ago I was taken sick with Kidney trouble and suffered terribly for three months. I did not work during this time and was mostly confined to the house. After using other remedies I finally tried a bottle of Swamp-Root. I immediately began to feel better, and after using seven fifty-cent bottles, was entirely cured and have had no Kidney trouble since. I can truly say that I owe my good health to Swamp-Root. You may publish this letter for the benefit of other people afflicted as I was with the hope of bringing to their attention this most wonderful remedy.

Yours very truly,

## Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Nacogdoches Weekly Sentinel. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

## HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles? Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows. Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat. Scott's is prescribed by the best specialists. You can get it at any drug store. Scott & Bowne, New York, N. Y.

The Sentinel had a pleasant call yesterday, Wednesday, from three of the railroad officials of the Sunset Central System. One was Mr. G. S. The Record in Nacogdoches is a Unique One.

If the reader has a "bad back" or any kidney ills and is looking for an effective kidney medicine, better depend on the remedy endorsed by people you know. Doan's Kidney Pills have given great satisfaction in such cases. Nacogdoches citizens testify to this. Here is a case of it: Mrs. H. Morris, 221 Taylor Ave., Nacogdoches, says: "My back ached at night and in the morning I was stiff and lame. I tired easily and felt languid. Doan's Kidney Pills, that I got at Switt Bros. & Smith's Drug Store, cured me."

The little nine year old son of Jim Murphey had an alarming accident Friday just asternoon. He was in Bill Johnson's delivery wagon on the college campus to hold the horse while the other boy went into the college. Some skating boys scared the horse, and a runaway and smash up occurred. Little Murphey was thrown out and knocked senseless. He was carried home and when he recovered it was found that he was not seriously injured. His father is in the hospital convalescing from a serious surgical operation.

### Presbyterial Meeting.

The Presbtery of Eastern Texas met in the First Presbyterian Church Tuesday evening at 4 o'clock. Members present Eld. David Singleton of Lufkin, with Revs. F. E. Robbins, Beaumont, L. W. Matthews Lufkin, A. L. Cunningham Nacogdoches. Candidate H. N. Cunningham. Mr. S. P. Cunningham of the Nacogdoches Church was received under care of the Presbtery as a candidate for the Gospel ministry. Rev. L. W. Matthews was released from the pastorate of the Groveton church.

Reports from Committees was received and measures set in motion to supply vacant churches until the fall meeting of Presbtery.

The visiting members of Presbtery were given an auto ride over the city through the courtesy of Capt. Sturtevant and Mr. G. M. Haltom which was very much appreciated.

Presbtery adjourned to meet with the Lufkin Congregation on June 3, 1915, at 4 o'clock.

### Base Ball

The Elks made it three straight from San Augustine Friday. Notwithstanding the heavy score, the game was a very exciting one, Nacogdoches coming from behind and winning an uphill game.

Most of the visitors runs were scored on errors. Drewry relieved Rults in the fourth, and his team mates settled down and supported him, finally overcoming the visitors lead, and winning in the tenth inning, when Stegall mashed a scorching grounder between third and shortstop, scoring Monzingo who was trying for a squeeze play.

The Score:

### Rural Carrier Examination.

The United States Civil Service Commission has announced an examination for the County of Nacogdoches, Texas to be held at Nacogdoches on June 26, 1915, to fill the position of rural carrier at Chireno and vacancies that may later occur on rural routes from other post offices in the above mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practical date.

### The Public Library.

The renovating which has been going on at the court house is finished, and the library is now comfortably established in its spacious new quarters. This will no doubt be good news to its many patrons, who have realized for sometime the crowded condition of affairs and the need of more room, both for book cases and for reading tables. Since its removal to the business part of town last February the library has so increased both its membership and its circulation, having in fact tripled each, that the executive committee decided last month that two rooms instead of one were necessary.

Thus the room just back of the first one engaged, was secured, and the dividing partition between the two torn down. Fresh paint and calcimine have done their work and the result is a most attractive large room, well lighted and ventilated by large windows. Screening will be done in the next few days and will complete the comfort of the room. There is now not only ample shelf room for the books, but space on the floor for the comfortable reading chairs which were the generous gifts of Mr. E. H. Blount and the large magazine table.

In choosing the magazines for this table, the committee has endeavored to bear in mind the wide variety of tastes to which it must cater, and it is hoped that the interests of no class of readers has been overlooked. Among those that will be found regularly on the table are the Literary Digest, Harper's Monthly Outing, Woman's Home Companion, American Boy, Popular Mechanics, Country side Magazine, Photoplay Magazine, Cosmopolitan, Current Opinion, and the Saturday Evening Post.

The general public is most cordially invited to visit the library in its new quarters, and to use freely both its books and magazines. The reading room will be found to be a most comfortable rest room. And people from the country who come to town for the day are especially urged to take advantage of its privileges. The Executive Committee.

The big habeas corpus trial, or case, at Kountze, against E. E. Sapp and Lou Sapp, charged with killing Watts and Harvard, in the big thicket in Liberty county, has been quite a drawing card for some time. The district judge granted bail to Lou Sapp, in the Harvard case, in the sum of \$1000, and to E. E. Sapp bail was granted in the same case, at \$7,500.

In the Watts case, both had been refused bail, but they may be tried on habeas corpus, and then get bail, in that case also. If not so, they must stay in jail on the Watts charge.

Big interests seem to be in trouble at several places. That big city bank, the Gibbs bank is on trial for grafting out of the U. S. treasury. Of course they deny it. And Senator Bailey was for the bank, and was assigned to close the argument. Innocent, of course.

## Among Acid Fumes for Three Weeks

A large manufacturer of cotton oil, fertilizer, etc., needed some roofing. Up to that time no roofing had been found which would stand the acid fumes given off in the manufacture. So his chemists thought of the strongest test they could make.

In the laboratory a cabinet was used for all experiments where dangerous acids were required; this cabinet being provided with a flue to carry off the fumes.

Up in the neck of the flue, right where all the acid fumes concentrated, different brands of roofing were placed, Texaco among the number. For three weeks they remained right in the destructive gases.

Texaco Roofing was untouched—as good as before. The rest were eaten away and partially destroyed.

Texaco Quality and Service are always ahead. All products marketed under the Red-Star-Green-T emblem are reliable under any conditions.

From Thursday's Daily:  
The Elks Base Ball Club opened the season yesterday with San Augustine, the hitherto undefeated phenoms, defeating them by the tidy score of 8 to 1.

Drewry pitched masterful ball, letting the visitors down with four hits, one of which was a puny grounder that rolled out of its course missing a put out by a hair. Drewry deserved a shutout, the visitors tally being scored on an error.

The locals pounded Sharpe's offerings to the four corners, touching him up for eleven hits, ending the session in one hour and fifteen minutes, said to be the fastest time ever recorded here.

Rults started the fireworks in third frame with a ripping two base line drive to right field scoring Monzingo and Gee.

Monzingo in left field pulled down two long flies that would have counted for runs on a fielder less fleet of foot. Fred Merkle, alias Davidson, covered first base as only Geo. H. can, accepting and executing perfectly every chance but one, and Stegall on second brought the crowd to their feet several times by stopping scorching grounders that threatened to score men on bases.

Muller on third provoked generous applause with his perfect pegging to first and batted like a house afire.

Blohm playing shortstop for the visitors was the whole show, playing all over the field and robbing our boys of many hits. He gave the crowd many thrills and an imitation of Rabbit Maranville running amuck.

The game displayed the greatest baseball machine that has ever represented the Elks and those who witnessed

the game were loud in their praise of the team.

### The Base Ball Games.

From Friday's Daily:  
The second game of ball between the Elks and San Augustine yesterday was a very interesting and closely contested affair, featured by the air tight pitching of Frank (Warhorse) Smith, who struck out eleven men, and Stegall's fielding.

Smith received wonderful support, and Monzingo and Mast, in left and right, starred as usual.

If anyone doubted Frank Smith's ability as a pitcher they have good reason to change their opinion, as he not only showed rare talent, but good control and released only enough steam to make his delivery effective.

The visitors having apparently recovered from their stage fright put up a stubborn fight. Kirkley pitched as good ball as any visiting pitcher ever heaved here, and if his team mates had given him the support that was accorded Smith, the result might have been different.

Today will wind up the series and promises to be the hardest fought battle of the three. The San Augustine aggregation is a collection of clean, high grade gentlemen and it is a genuine pleasure to welcome them, and we indulge the hope that they may visit us again in the future.

The Score:  
San Augustine 000 001 000

Nacogdoches 200 008 10

Our legislature is crazed over the Gibbs bill. There is more money involved in this controversy than can be well counted. The senate is using the utmost tactics to do, or not to do, any thing, according to the wishes of each party pro and con. The no-quorum-dodge is being used, members being absent. This is called filibustering.

### Fateful Poland.

Russian, German and Austrian armies have fought back and forth across Poland. All three armies have conscripted the able-bodied men, and it is said that there are Polish families that have sons in three armies, and none of them under the flag of their country.

Polish villages have been burned; Polish women have been ravished; Polish children have been driven out to freeze and starve in the forests; Polish crops have been destroyed, cattle driven off and houses razed to the ground. Pestilence has broken out and typhoid and typhus are adding to the horrors of war.

Because of her situation, surrounded as she is by belligerent armies, Poland has been able to secure little relief from abroad, but an effort is being made by the Rockefeller foundation and by friends of the Polish people to enlist the aid of this country. Paderewski, the Polish pianist, is now in this country for this purpose and it is hoped that means will be found to relieve the necessities of the unhappy Polish women and children at least. Perhaps when the war ends the nations will insist that Poland be given its freedom.—Beaumont Enterprise.

While the eyes of America have been directed upon the leading events in the world drama being enacted in Europe, the Mexican sideshow has been steadily increasing the quality of its production. The Carranza organization is gradually attaining the ascendancy in Mexico affairs, and at the present rate of progress, will have established peace in Mexico before Europe again settles down to tranquility. That is, providing the Carranza faction themselves do not fall out in the division of the spoils. This eventuality seems less likely to occur, in the event of success by the Carranza faction than should either the Villista or Zapatistas reign supreme. The Carranza leaders, as a rule, have shown considerably more executive ability and self-restraint, than those in either of the other camps. Like predicting rain in South Texas, however, predictions based upon the Mexican situation, usually go the other way.—Galveston Tribune.

### East Texas Normal.

And now comes Garrison, a pretentious and worthy town on the H. E. & W. T. railroad twenty miles northeast of Nacogdoches, and in the northern edge of Nacogdoches County, and enters the contest for the location of the East Texas Normal school.

Now, this is a free for all race, and the winner shall have the congratulations of Nacogdoches. The ring is open for others to pitch in. But listen, Nacogdoches has all the requisites, and will not throw mud. Let us all stand up in a line for a fair count.

### Dreamers and Workers.

The dreamers sit and ponder on distant things and dim across the skyline yonder, where unknown planets swim; they roam the starry reaches—at least, they think they do—with patches on their breeches and holes in either shoe. The workers still are steaming around at useful chores; they always save their dreaming for night, to mix with snores. They're toiling on their places, they're raising roasting ears, they are not keeping cases on far, uncharted spheres. They're growing beans and carrots, and hay that can't be beat, while dreamers in their garrets have not enough to eat. Oh, now and then a dreamer is most unduly smart, and show he is a screamer in letters or in art; but where one is a winner, ten thousand dreamers weep because they lack a dinner, and have no place to sleep. There is a streak of yellow in dreamers, as a class; the worker is the fellow who makes things come to pass; he keeps the forges burning, the dinner-pail he fills, he keeps the pulleys turning in forty thousand mills. The man with dreams a-plenty, who lives on musty prunes, beside him looks like twenty or eighteen picayunes. Walt Mason.

### Garrison is After Normal

Garrison, Texas, May 25.—An enthusiastic mass meeting of citizens of Garrison was held at which it was unanimously decided that this town would make application for the Stephen F. Austin Normal to be located in East Texas. The required amount of land was guaranteed, with several different tracts from which to make selection, all close in. Garrison is the logical health resort of East Texas, having a superior mineral water, which is said to be a sure specific for the ills peculiar to East Texas. A large brick factory, from which building material can be secured, at a saving of several thousand dollars; good railroad facilities, a progressive Christian citizenship and a fine school sentiment combine all the essential elements to make this an ideal location for an institution of this character.—Houston Chronicle.

### Russian Man-of-War Destroyed.

Berlin, May 24. (By Wireless to Sayville).—The Overseas News Agency today gave out the following: "According to a Bucharest dispatch, the Russian armored man-of-war, Winteleimon has been sunk with 1400 men in the Black Sea."

The foregoing evidently refers to the Russian battleship Panteleimon, which is listed in naval reference books as having a peace complement of about 740 men. The Panteleimon was built in 1897. She was 378 feet long. Her displacement was 12,582 tons. She carried four 12 inch guns, 16 six inch, four three inch, six three pounders and five torpedo tubes.

Portugal is not yet mixed up in the great war, but she has troubles of her own. A revolution has arisen there.

### Mass Meeting of Fruit and Truck Growers and Sales Managers.

To the Fruit and Truck Growers of Texas.

Realizing that there will be a fairly good crop of fruit in Texas this season, especially in East Texas, if no unforeseen calamity occurs to destroy it. And realizing that market conditions in the North are not as good as might be desired, and that the growers are not sufficiently organized to market and distribute their products to the best advantage, we have decided to call a meeting of fruit and truck growers and sales managers, who handle produce for the growers, so that a better system may be adopted for marketing the fruit and truck crops this season.

We hereby call said meeting to be held at Mt. Pleasant, Friday and Saturday, June 11, 12, 1915. We especially urge the growers to send delegates, and urge every sales manager who handle produce for the growers to attend this meeting, in order that a system of co-operation may be established to avoid competition among the growers in the different localities and to secure a better distribution of the products in the various markets.

We have requested the railroads to make reduced rates for meeting, and trust that they will grant our request. We will arrange a program and have some of the most successful salesman discuss the market problems. We trust that this meeting will be of material benefit to all who will attend.

The State Department of Agriculture will use its best efforts to assist the growers to secure better prices for their products, and desires to cooperate in every way possible with the growers for their mutual benefit.

Respectfully,

Fred W. Davis,  
Commissioner of Agriculture  
Geo. B. Terrell

### America Neutral.

Washington, May 25.—A neutrality proclamation by the United States covering the entry of Italy in the European war was published by the state department under date of May 24.

The proclamation cautions American citizens that "the laws and treaties of the United States, without interfering with the free expression of opinion and sympathy, or with the commercial manufacture or sale of arms or munitions of war, nevertheless, impose upon all persons who may be within their territory and jurisdiction the duty of impartial neutrality during the existence of the contest."

The language of the proclamation is identical with the other neutrality proclamations issued at the beginning of the war.

### Now Able To Look Through A Wall.

New York, May 22.—An instrument patented after a camera, which permits persons to see through a wall is the latest invention claimed by Guglielmo Marconi, the discoverer of wireless telegraphy.

Marconi first told of this invention today. No exhibition of it has been made yet. The inventor sailed for Italy today to take charge of Italy's telegraph service.

### Gov. Colquitt Got Hot.

Charges have been made that Gov. Colquitt used state funds to buy clothing for his family. He at once in forcible style denied it and called it lebelous and slanderous. He said that when such things were said of him for political seasons he did not care to respond. But in this case he felt it his duty to denounce it. It was presented to the legislature for action and caused a stir.

### German Americans Loyal.

Baltimore, Md., May 22.—Paul J. Prodoehl, president of the German Catholic Union of Baltimore, has made public a letter received from President Wilson, thanking the union for its pledge of support. President Wilson said: "For myself I have never for a moment doubted the loyalty and fidelity to our nation and our flag of the American of German derivation and ancestry, but it is very gratifying indeed to get so patriotic a resolution, conceived in so high a spirit."

### New Management.

J. J. Marshall, of the new firm of Marshall Bros. of Nacogdoches, who recently purchased the ice and light plant here, has arrived, and took charge this morning. He will have the management of the Center business.

No change has been made in the employes of ice and light plant, all of the recent management's men holding their jobs.

As stated in these columns before, Marshall Bros. come to us highly recommended as enterprising and successful business men and will be valuable in the industrial affairs of the town.—Shelby Optimist

### Wilson Speech Model of English Language.

Philadelphia, May 22.—President Wilson's speech, delivered here May 10 to a group of newly-naturalized citizens, is to be used as a model of the English language in the public schools of this city. At present models of English used in the schools here include Lincoln's Gettysburg address and Washington's farewell address.

### Berries Galore.

Jacksonville Progress: This editor enjoyed a big berry pie yesterday that he helped to pick. They are growing in the fence corners, in the woods along the railroad tracks and in the pastures, and there is no reason why everybody can not have berry pies and jams and jellies if they will only take the time to pick the berries.

### California Volcano Compels People to Flee for Their Lives

Redding, Cal., May 22.—A flood of mud from Lassen Peak is reported today to have swept over Hat Creek valley in eastern Shasta county, taking houses with it, killing cattle and driving farmers to the hills. The mud, it is reported in many places reached a depth of four to six feet.

The mud reached two miles above Cassel, fifteen miles north along Hat Creek. Several bridges are reported swept away, roads made impassable and homes destroyed. Farms, it is said, have been completely buried.

Fre Seaborn, government forest ranger at Hat Creek, rode at midnight through the valley, warning the farmers of the coming danger. Great clouds of smoke still obscure the crater. The flood which began at midnight, slowly spent its force and its volume during the morning hours.

Prof. Earl Huffer, principal of the Nacogdoches High School, accompanied some twenty or thirty of his pupils to The News office while in the city last Friday, to give the pupils an opportunity to see our linotype machine at work. Each of the young men and young ladies seemed greatly interested in the workings of this human-like machine, and unhesitatingly pronounced it a wonder. While they were watching the machine the operator was instructed to set up the words "Nacogdoches High School," which he did, and each visitor was given a "slug" with these words on it as a souvenir to take home from the most up-to-date printing office in East Texas. The News was glad to have them call, and hopes that they will come again.—Lutkin News.

### Volcanoes In Eruption

Seward, Alaska, May 24.—Iliamna volcano and an unidentified peak have been in eruption since Tuesday, according to reports brought today by the Alameda.

Four slight earthquakes have been felt during the last three months.

Iliamna volcano is 12,066 feet high. It has been known as an active volcano since the earliest records of the Spanish and American explorers. The district around Iliamna virtually is uninhabited. Iliamna is 150 miles west of Seward.

All in all, from the various dispatches it appears that Germany is victorious, or more so, at least than the allies. Her armies fight to win.

Conductor Snow of the H. E. & W. T. states that business is a little quiet on "The Rabbit" just at present, something quite out of the ordinary for this line of railway, which was recently said in a hearing before the Texas Railroad Commission to be the only road in the state making any money. However, Mr. Snow's assertion will have to be taken with a grain of salt, as the absence of Mrs. Snow, who is visiting relatives in Nacogdoches, makes the time hang heavy on his hands and leads the conductor to think that his layover in Lutkin is much longer than it really is.—Lutkin News.

County Health Officer Dr. L. Meriwether will go to Grapeland to exhume the body of R. H. Murchison, who was killed at Lutkin a few weeks since, and whose wife is now under indictment for the crime. His purpose will be to examine the stomach of Murchison for poison. The Angelina County officers have ordered that this examination be made, and the sheriff of Angelina County will come here for that purpose.—Crockett Courier.

### The Trotting and Saddle Stallion

## Edgemont Ideal 38598

Record 2.15 1-4, Trial 2.08.

The breeding of Edgemont is the sort that delights the student of blood lines. His sire, the sensational young Stallion Beau Ideal 2.15 1-4, was a fast race horse and a grand show horse, winning everything at National horse show, New York, in 1904. Dare Devil 2.09 1-4, his grandsire, and Mambrino King, his great grandsire, both won everything before them at National horse.

Edgemont Ideal won three year old class and second in grand championship class at National show. He has also shown in six saddle rings and never been defeated. The above stallion is without doubt one of the hand-somest horses in the country and good judges pronounce him an improvement on his sire.

Edgemont Ideal is making the season of 1915 at the Fair Grounds, Nacogdoches, Tex., at the reduced rate of \$25.00 with return privilege.

### The Graduating Exercises.

The Graduating Exercises which occurred Tuesday evening at the Central School Auditorium, were honored by the presence of a crowded house of interested relatives and friends of the graduates, nineteen in number.

At the opening hour the seniors were escorted to their places on the beautiful decorated stage, by the juniors who passed on off and sang, in chorus, "Seniors We Will Miss You." Supt. Davis then announced the program numbers as follows:

Salutatory Address—Miss Exier Lewis.

Quartette—Messrs. Davis Lewis, Thompson Duncan.

Valedictory Address—Geo. Lewis.

Piano Duett—Misses Lloyd and Layton.

Address—Trustee Schmidt.

Song—Miss Eleanor Thomas.

Address—E. H. Blount.

Diplomas delivered by B. E. Strong.

The numbers were each spicy in their variety of charms and were applauded generously by the hearers.

The closing incident was the delivery of scholarships. These were awarded to George Lewis and sister Miss Exier Lewis. From the State University, two scholarships, one for a boy and one for a girl, and by the A. & M. College. One was offered for the highest scholar, and by Trinity University, (won by George Lewis); one for highest girl by the College of Industrial Arts. And one by the Woman's College, (both won by Exier Lewis). Also one scholarship offered by the Texas Christian University, was won by George Lewis. These two successful scholars are children of the widow Lewis living four miles from the school. They never missed a day, and they won all the scholarships.

### Death of Miss Mary Jane Ramos

The sad news of Miss Mary Jane, daughter of Mr. and Mrs. Dadio Ramos was a great shock to this community. She died Thursday, May 20th, 1915, at her home 10 miles south of Nacogdoches on the Nacogdoches and Lulkin road.

She had been sick for about three weeks previous to her death but not dangerous. On Tuesday before she was up. She was taken suddenly and violently ill Thursday about 2 o'clock and by 7:15 she was dead.

Medical attention was provided at once but could not get a doctor in time.

The cause of her death was supposed to be typhoid fever. The funeral occurred at the Moral cemetery 4 miles southwest of Nacogdoches, Friday at 3 o'clock. There were a large crowd of sympathizing friends at her funeral to pay the last respects due to her remains and a profusion of floral tribute.

She was a true sweet woman of character and a Catholic.

Miss Ramos was a young girl only 17 years of age. Her parents are natives of this county, their daughter, Mary Jane was held in highest esteem by her people, as she was well thought of and respected by all who knew her.

Her father, mother, three brothers and three sisters survive and mourn their loss. Also a number of other relatives and friends. W.X.Y.

### Elks 10, Lulkin 6.

The Elks played the Lulkin High School yesterday at Lulkin, winning the game 10 to 6.

Frank Smith pitched and is said to have surpassed his showing here in the game against San Augustine, but owing to the poor condition of the Lulkin grounds and indifferent support, more scores were made against him than were merited. Four of Lulkin's six runs were unearned. Smith struck out ten men.

The team will commence working out this afternoon in preparation for the series with the Marshall T.P's. These games will furnish plenty of thrills and those desiring to see the very best games played this season should not miss a single game of this series.

Dallas, May 24.—E. C. Ringwalt, bookkeeper for the Oriental Hotel, who disappeared from here Monday last, is charged with embezzling \$5,000 of the hotel funds in an affidavit filed Saturday and made public today.

Police today indicated the alleged shortage might reach \$20,000. Auditors were set to work on the books today. It was said Ringwalt's speculations had existed for the past eighteen months.

Ringwalt is said to have been studying Spanish for the past month, and this led police to believe he has gone to Mexico. He is 26 years old and married.

### WORKED HIS WAY THROUGH UNIVERSITY OF TEXAS

Jack G. Grissom

That there is no boy in Texas so poor who, having the ambition, the health and the will, cannot obtain a University education, is demonstrated by J. G. Grissom, whose photograph in reproduction appears above. Mr. Grissom will receive this year two degrees from the University of Texas, the degree of Bachelor of Arts and the degree of Master of Arts. He has earned himself every penny he has spent at the University. But for the munificence of the state in supporting a University it would be impossible for poor boys to secure a University education. Handicap young Grissom, for instance, with a payment of \$200 per year for tuition, and he would be unable to attend the University. The founders of the Republic pointed out this fact, that whereas the rich can send their sons and daughters anywhere, to the East, to Europe, or to the Orient, to secure an education, the children of the poor must depend upon state supported institutions of higher education. Therefore, the University of Texas has been truly called "the poor man's school," since above half of the students within its walls are either in whole or in part self-supporting, and fifty per cent of the remainder would be unable to attend a university that demanded tuition-fees.

A private telegram was received here this morning by Mr. Naman, cotton buyer, that an American freight ship called Nebraska, was blown up by a torpedo in St. George's Channel, English waters. There is a U. S. war ship called Nebraska. It seems that when a ship is willing to take risks of mines already set, she is apt to get blown up and sunk.

Thousands keep on suffering coughs and colds through neglect and delay. Why make yourself an easy prey to serious ailments and epidemics as the result of a neglected cold? Coughs and colds sap your strength and vitality unless checked in the early stages. Dr. King's New Discovery is what you need—the first dose helps. Your head clears up, you breathe freely and you feel so much better. Buy a bottle today and start taking at once.

Before adjourning court for the term, Judge L. D. Guinn last week entered an order on the docket for a special term of District Court for Angelina County to begin in this city on June 14th and lasting for a term of four weeks.—Lutkin News.

**Are You Rheumatic?—try Sloan's.**

If you want quick and real relief from Rheumatism, do what so many thousand other people are doing—whenever an attack comes on, bathe the sore muscle or joint with Sloan's Liniment. No need rub it in—just apply the Liniment to the surface. It is wonderfully penetrating. It goes right to the seat of trouble and draws the pain almost immediately. Get a bottle of Sloan's Liniment for 25c. of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied but it does give almost instant relief.

**West End School Closes.**  
The closing exercises of the West End School were presented Thursday evening in a most unique manner after the style of the ancient players in Shakespearian days, the theatre being in the open air. This made things most pleasant for the attendants and also accommodated a larger crowd than could have otherwise been indoors.

The stage setting was made attractive by natural foliage, flowers and pot plants, the back ground being massed with flowers, and the front overhead, outlined with flowers on poles. Here with the canopy of heaven overhead the little children of the school from the sixth grade down entertained in perfect training with various songs, drills, pantomimes and dances special mention due each.

A timely speech from R. C. Monk, a patron of the school and retired trustee, was respectfully listened to and the point of the successful spending of money as well as the making, made in regard to \$60,000 bond issue election about to be ordered for the improvements of the schools was a good argument in favor of the issue.

**Health Promotes Happiness**  
Without health, genuine joy is impossible; without good digestion and regular bowel movement you cannot have health. Why neglect keeping bowels open and risk being sick and ailing? You don't have to. Take one small Dr. King's New Life Pill at night, in the morning you will have a full, free bowel movement and feel much better. Helps your appetite and digestion. Try one tonight.

The H. E. & W. T. railroad will have a rate of one and a third fare to Houston, sell on June 2 and 3 good for June 7, to attend the big conventions, one on Good Roads June 3, and the other for Development League June 4 etc. There will be a large attendance, and an enjoyable excursion.

**Danger to Children**  
Serious illnesses often result from lingering coughs and colds. The hacking and coughing and disturbed sleep saps a child's body and the poisons weaken the system, so that disease cannot be thrown off. Foley's Honey and Tar Compound has eased coughs, colds and croup for three generations; safe to use and quick to act. There is no better medicine for croup, coughs and colds. Swift Bros. & Smith.

A man named T. Donthard had a painful fall from the top of a box car on an extra of the T. & N. O. at the depot Friday morning. At first he was thought to be badly broken up, but examination proved that he was merely badly bruised, and he was carried home to Jacksonville.

**"Slewed up" at Middle Age.**  
The hard working kidneys seem to require aid sooner than other internal organs. At middle age many men and women feel twinges of rheumatism, have swollen or aching joints and are distressed with sleep disturbing bladder ailments. Foley Kidney Pills are safe, prompt and can be depended on to give relief. Swift Bros. & Smith.

**FOLEY'S Successful KIDNEY PILLS EVERYWHERE**

for Backache, Rheumatism, Kidneys and Bladder.

Everywhere people are talking about Foley Kidney Pills, telling how quickly and thoroughly they work. You can not take them into your system without good results following.

That is because Foley Kidney Pills give to the kidneys and bladder just what nature calls for to heal those weakened and inactive organs.

Try them for Sound Health.

Woden held a school bond election last week, and will issue bonds and build a brick school house. Prof. George M. Hale is entitled to great credit for his efforts in behalf of the Woden school.

**Our "Jitney" Offer—This and 5c.**

Don't miss this. Cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills, and Foley Cathartic Tablets. Swift Bros. & Smith.

A final casting of the entries in the better farming campaign of the Texas Industrial Congress shows a total of 34,008 men, women, boys and girls from 149 counties who are studying modern agricultural methods. This is more than three times as many as have enrolled in any former year.

**Infection in the Air.**  
Medical authorities agree that colds are infections. In some cities children with colds are barred from schools. Spring's changing weather brings many colds. The quickest and safe way to stop colds, coughs and croup is to give Foley's Honey and Tar Compound. Swift Bros. & Smith.

**Planting Tree on the Road.**  
The post road between San Antonio and Austin, a distance of 85 miles, is to be beautified by planting shade trees all along on it. The first tree has recently been planted about nine miles north of San Antonio with much formality and eclat.

**A Seventy-Year-Old Couple**  
Mr. and Mrs. T. B. Carpenter, Harrisburg, Pa., suffered from kidney trouble for many years but have been entirely cured by Foley Kidney Pills. He says: "Although we are both in the seventies we are as vigorous as we were thirty years ago." Foley Kidney Pills stop sleep disturbing bladder weakness, backache, rheumatism and aching joints. Swift Bros. and Smith.

Dick Coats is here for a day or two with his friends and relatives. He lives in Center now, but he was born in this county and has spent most of his life here.

**Deafness Cannot be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; none close out of ten are cured by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

Sold by druggists. Beware of cheap imitations. Take Hall's Family Pills for constipation.

**Two Fires At Cleveland Within Two Weeks.**

About ten days ago, the store of Bate Simmons, the Cleveland Herald and the store of Williamson Bros. were destroyed by fire. None of these firms carried any insurance.

On Tuesday morning of this week, at 2 o'clock, fire broke out in the Central Hotel, and a whole block of business houses were destroyed. Mr. R. F. Beckham of this town, owned a cleaning and pressing establishment, at Cleveland was one of the losers in the last fire.—Polk County Enterprise.

**Don't Be A "Grouch"**

Many person's acquire a reputation for crankiness and grouching when their dispositions are not to blame. Peevishness, irritation, morbidness, biliousness, melancholia most often are the results of impaired digestion and torpid liver. Foley Cathartic Tablets make you light, cheerful and energetic. Swift Bros. & Smith.

The town of Cleveland, on the H. E. and W. T. railroad 50 miles this side of Houston, had an extensive and very destructive fire last Sunday. They had a fire about a week before but not so extensive. These fires were both in the business part of town.

**"What's in a name?"** The word "bitters" does not always indicate something harsh and disagreeable. Prickly Ash Bitters is proof of this. It cleanses, strengthens and regulates the system thoroughly, yet it is pleasant so the most delicate stomach will not object to it. Stripling, Haselwood & Co., Special Agents.

**New Congressional Districts Bill**

Following is the 2nd congressional district as proposed in the new bill now before the senate:

Panola, Shelby, San Augustine, Sabine, Newton, Jasper, Orange, Jefferson, Hardin, Tyler, Angelina, Nacogdoches and Cherokee.

Impurities in the blood produced by digestive disorders must be driven out before hot weather sets in, otherwise sickness will appear at a time when a strong vigorous body is most needed. Prickly Ash Bitters will expel all impurities and put the system in perfect order. Stripling, Haselwood & Co. Special Agents.

**UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED**

**"Dodson's Liver Tonic" Will Clean Your Stagnant Liver Better Than Calomel and Can Not Salfivate.**

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver. If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tonic instead of using sickening, salivating calomel. Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of energy, vigor and ambition.

**The Sentinel's Echo.**

The Times is in receipt of a certificat bearing the seal of the State from the governor of Texas, appointing us as a delegate to the International Press Congress, to be held at San Francisco. July 5th to 10th, from the state of Texas, and granting to us all the rights, privileges, and emoluments appertaining to said appointment, for all which we thank the governor. But walking across the Arizona desert in July is no pleasant trip to contemplate, so we will have to respectfully decline.—Henderson Times.

**Some Weather**

Washington, May 19.—Weather bureau forecasters said tonight there would be no relief from the cold weather prevailing over the entire country except in the Gulf states, before the last of the week. Killing frosts were reported in the Great Lakes region and in eastern Colorado and Southeastern Wyoming unusually heavy snow prevails for this season.

There is a rumor about in town that some managed oil men are planning to bore a well near Oil Springs 3600 feet deep, or till they find a gusher. There are pumpers operating there now, shipping oil.

**Grammar Grade Exercises.**

The pupils of the grammar grades of the Central School rendered a splendid program Friday evening in the auditorium to a full house. Every heart is interested in what the children do and their entertainments always bring a crowded house.

Many pretty ideas were carried out in the program, in song and story, with appropriate fancy costume.

The owls, the woodpeckers, and the flowers, the fairies Queens, Sir Knights, and ladies, all did credit to high class artists.

The proceeds will go to the good purpose of furnishings for more elaborate school work.

**First Bill Signed.**

Austin, May 20.—The first bill passed by both branches of the legislature at the special session and to be signed by presiding officers of the house and senate was the act making an appropriation of \$10,000 for the purchase of the of first Texas capitol at Old Washington in Washington county, which was signed today.

**SYMPTOMS**

Slight Symptoms Sometimes Provoke Serious Results.

Do you feel tired, have you a sallow complexion, constipation, headache, bad breath, sleeplessness or circles around your eyes? If so, you are undoubtedly suffering from some liver complaint.

Perhaps you don't feel very badly now, but delay is dangerous. To allow your liver to continue out of order, is to invite a serious chronic illness.

Whenever you have the slightest symptoms of liver trouble, stop it immediately. You can do it harmlessly and mildly by taking LIV-VER-LAX, the natural vegetable compound that is replacing calomel everywhere. It has all the effectiveness, not the effect of calomel. Insist on getting the original LIV-VER-LAX, bearing the likeness and signature of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by Stripling Haselwood & Co.

## REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."

Mrs. JOSIE HAM, R. F. D. 1, Box 22, Shamrock, Missouri.

### Bamboo Roots

George Blackburn's colored cropper, Henry Perkins, the man who discovered the bellied-buzzard, sprung another surprise on this editor last Saturday. He brought in, from the farm where he works on Lanana creek, in the north eastern suburbs of town, a clump or cluster of bamboo roots or bulbs, a wonderful bunch of a dozen or more bulbs that resemble Irish potatoes, and connected together by necks and joints. They looked like they would be good to cook and eat. The bunch would weigh five pounds or more, and would fill a two gallon measure. They are the material that is used in the manufacture of bamboo pipes for tobacco. They are truly a great curiosity to an unacquainted observer.

### B. F. Chalker Dead.

Mr. B. F. Chalker, a well known farmer who lived many years at Shady Grove, eight miles east of Nacogdoches, died last night, Sunday, after a lingering illness of several months from internal cancer. He will be buried at Shady Grove by the Masonic Lodge of Swift. He was about sixty years old and was a man above the ordinary in morals, and in the esteem of his neighbors. He leaves a wife and children, to whom the Sentinel extends sincere sympathy.

### Interesting Old Records.

Among the many early day official records of Nacogdoches that may be seen in the court house those copied below are worthy of special note.

Gen. Thomas J. Rusk, the idol of Texas, suicided by a rifle shot, in July 1857. No greater shock could have been given to the town or the state. The demonstrations of grief, were more pronounced than in any case ever known here.

The following is copied from records in the district clerk's office.

Minute of a district court, began and holden in and for the county of Nacogdoches, on Monday, the 3rd day of August, A. D. 1857.

Court was opened, according to law, whereupon, there being no Judge present, the Sheriff adjourned court to tomorrow, Tuesday 10 o'clock, a. m.

Tuesday morning, August 4th, 1857. Court met pursuant to adjournment. Present A. W. O. Hicks, Judge. James M. Noble, clerk, and W. E. C. Mayfield, sheriff.

William B. Ochiltre, a member of the bar this court arose and announced the death of Thomas J. Rusk and James M. Ardrey, Esqs. attorneys of this court as having occurred since the last meeting of the same. And moved as a mark of respect for the memory of the deceased—that this court do adjourn until tomorrow morning 7 o'clock. The Hon. A. W. O. Hicks, presiding Judge, responded in a brief and feeling manner to the address, and ordered the court to adjourn instanter.

University Station, May 21.—At a recent meeting of the Board of Regents of the University of Texas, a leave of absence was granted to Mr. William E. Dunn, Instructor in Spanish-American History, from June, 1915, to September, 1916. Mr. Dunn will spend the coming year in Spain, where he will continue research in his special field with the purpose of securing historical material relating to the history of Texas and the Southwest. This is the most ambitious enterprise that has yet been undertaken by the University of Texas in the way of securing material from foreign archives. It has already a great deal of historical material from Mexico, and last summer Mr. Dunn began his work in Spain which he now hopes to finish.

Ex-President Theodore Roosevelt won the suit in which William Barnes sued him for libel and \$50,000 damages. Roosevelt says it is a victory over ring rule politics, which was his charge against Barnes. The suit was five weeks on trial, and required an elaborate discussion at politics. It has attracted unusual notice. Barnes proposes to appeal, but if he gains on a technicality he can't undo the opinion of the jury of twelve men, deciding that he acted as a ring boss in conjunction with the democratic leader Murphy.

These courses, as outlined below, will be of especial interest to Practical Electricians. The fee for each course taken is \$7.00 for the session of six weeks. Five hours per week courses are offered in 1915.

#### Fine Small Grain Here.

Cash Linthicum, who lives in the north eastern suburbs of town, is showing a very fine sample of green growing wheat that is called sleek headed wheat. He only has an acre and a half, an experimental crop. The stalks are about four feet high, and the heads are large and fine looking. It appears like it may turn out 40 bushels of No. 2 grade to the acre. Mr. Linthicum says he is also growing some very fine oats.

It is rumored that there is to be a wedding in the city next month. We may expect some "Showers" on North street that will not lay the dust.

### The Mournful Muse.

The lost Lenore, who's gone before and all her dismal breed, have lived in loads of weepy odes which made our bosoms bleed. O! bards a crowd have sung the shroud, the grave, the bier, the hearse They've chanted death with every breath, and made their are a curse. Oh Lord of hosts! We need no ghosts, or skulls, or dead men's bones; why fill this vale with hopeless wail? It has enough of groans. A Byron's woes, a dirge of Poe's, ne'er cheered an aching heart, ne'er helped a soul from out the hole, or made a fear depart. They call it Art to rend your heart with agony boiled down, but I declare I'd rather wear the jester's motley gown, than end my game in the Hall of Fame among the highbrow guys, who'd rather croak than spring a joke or brighten weary eyes. I hate that Art so far apart from human toil and pain, it sings Greek gods and other frauds, or fools with Charles's Wain. I hate that bard who labors hard to make the morgue seen near, who would impart (and call it Art) the graveyard atmosphere. The mighty lay that's grim and gray is but an empty din; the song of gold; I'll always hold, is that which brings a grin.—Walt Mason.

#### Marshall—Wild.

Friday evening at the pastor's home, Rev. C. A. Westbrook was officiator of the wedding ceremony for Mr. Mark Marshall and Miss Hulda Wild.

This quiet affair will be of general interest to the public, owing to the prominent places held by the contracting parties.

Miss Wild has been four years teacher of chemistry, physics and German in the Central School here, and in this valuable capacity has merited the esteem of all in this contact. Mr. Marshall is one of the Nacogdoches practicing bar, a lawyer of splendid ability, a native Nacogdoches son. Mr. and Mrs. Marshall will spend a few days in Houston and Galveston, after which they will return here, where they will be at home to their numerous friends.

## It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

Last Day.

From Tuesday's Daily: Today ends the closing exercises of the Central School program, after five days of entertainments given in honor of the occasion.

The citizens meeting at the Auditorium this Tuesday morning was attended by the usual packed house and after a pretty program of songs and impromptu speeches and promotion cards were delivered to several hundred students.

Tonight the graduation exercises will take place. An interesting program has been arranged and diplomas will be delivered to the following graduates: Misses Exa Maud Lewis, salutatorian, Edna McCuistian, Willie Gretn Layton, Irene Forsythe, Rusa Lloyd, Fairy Cavin Mamie Deckard, Bernice Dowdle, Rosalie and Lella Mast, and Eleanor Thomas, Messers George Lewis, valedictorian, Charles Whiteman, Hal and Stephen Tucker, Claude Thompson, Neil Davis, and Leo Mintz.

Little Miss Ardrie Wilson and Miss Louise Moore have returned to their homes in Chireno, after a two weeks visit to their grand mother, Mrs. R. R. Wilson. During this visit Ardrie went with her grand mother to Liberty on a visit to Claxton Wilson Esq. Miss Louise attended all of the closing exercises of the schools here. So they both had the time of their lives.

Orton Bill

Seventy five years ago, (1840), S. M. Orton came here from Maury County, Tenn. He was the first white child born in that county, and he was called Maury Orton. He preempted some vacant land a mile east of town, and he bought land on the hill nearer to town and cleaned the woods off and built his little log house home there, where he spent the remainder of his life and raised a family, who still live there, occupying the original house as originally built. Other houses have been built, but the old one is there now. John G. Orton was born in it and still lives in it.

But he is about to build a new home east of it about 300 yards, on the south side of the road. The old house on the north side of the road, and nearest to town, is to be preserved, with its primitive stone chimneys and other olden time features.

"Woodman spare that tree. Touch not a single bough. In youth it sheltered me, And I'll protect it now.

'Twas my forefather's hand That placed it near his cot. Woodman, spare that tree, Thy ax shall harm it not.

First Presbyterian Church.

Services, other than ordinary, were conducted in the First Presbyterian Church, Sunday night. This congregation has been looking forward to a time when conditions would warrant the election and installation of additional officers. Congregational meetings were called and Mr. W. C. Finklea and Mr. Geo. C. Fewell were elected elders, May 16, the congregational meeting was left open for one week, when on May 23, Mr. A. G. Reavis and Mr. Scott Ratcliff were elected deacons. After the sermon, Sunday night these gentlemen were ordained and installed into office, the beautiful ceremony of the ritual of the Presbyterian church was used by the pastor Rev. J. N. Cunningham in inducting these brethren into office. Mr. Fewell, was absent and will be ordained and installed at some future date.

A Correction

In the list of graduates of the High School given in the Sentinel yesterday, the name of Baxter Duncan is missing. This was an accidental omission. Baxter Duncan was one of the graduates who received diplomas last night.

Dave Eason, who is express messenger on the H. E. & W. T. railroad between Houston and Shreveport, got a short lay off to be with the home folks here, and he went out to Fern Lake, for an outing. He landed a trout that weighed 7 pounds and nine ounces after it was brought to town. This is an oversize, and Dave's share of fun was oversize in a general way.

Mrs. G. F. Middlebrook Dead.

Mrs. Middlebrook, wife of Dr. G. F. Middlebrook, of Caro, Texas, died at her home in Caro Tuesday at 2 p. m. and will be buried here this afternoon from the T. & N. O. 2:30 train. Rev. Will East-erling, of Bay City will conduct the funeral services.

She was a daughter of A. E. Carter, and was about 20 years old. She had only been married about two years.

Besides her husband and her one year old babe, she is survived by three sisters and one brother. One of these sisters is Mrs. Josh Ivey. Another is Miss Bernice Carter, who attended school here. Dr. Middlebrook is not related to Judge V. E. Middlebrook.

The Sentinel extends sympathy to the mourning relatives and friends of the family.

Missionary Meeting.

The Woman's Missionary Society of the First Presbyterian Church met in their regular social meeting Monday afternoon, May 24th, in the home of Mrs. Finklea. There was a good attendance of members and a number of visitors present. The president led the devotional exercises, and then followed the well-studied lesson, which was on Foreign Missions, in general. An offering, amounting to two dollars and sixty cents, was taken for Foreign Missions.

A delightful social hour was spent, during which time, the hostess served delicious refreshments. The meeting closed to meet again on the following fourth Monday.

Reporter.

Sheriff Spradley reports that he has arrested and jailed a transient man named Lee Sanders, who is charged with burglarizing a farmer's home over on the river near Hinkley's ferry, from which he took a watch, which has been recovered. Sanders had just sold the watch.

School Carnival

The Carnival of Wednesday, gotten up and carried out by the Nacogdoches High School, with local talent assistance, was a decided success.

The parade was headed by the suffragettes, an auto of school girls dressed in manish attire, was a realistic representation. Other pageants following were the little flowers, (little girls in costume representing the violet, poppy and doffodils). Automobiles, the gypsy wagon, the Queen's float with her court, the bicycle girls, the tackey float which created much laughter, the Indian boys and clowns on horse back, all were splendidly gotten up, each detail giving proper and appropriate emphasis to the completeness of the idea in view. The boys and girls and their managers deserve much praise on the part of the public who enjoyed their efforts and that was given in the generous support received from the public.

The Carnival pike presented as live a place as any Nacogdoches has ever had and the attractions were high class.

The sum realized was about one hundred dollars, from which will be realized a nice net profit.

The entertainment at the auditorium was attended by a good crowd and the program of school and local talent was well received.

The carnival's king, Mr. Forest Gee and queen Miss Eleanor Thomas were most royal, in their regal costumes, of velvet, gold and purple, seated on their throne of white and purple placed in the center of the float, decorated in the royal purple and white, surrounded by their court of ladies in lacy, dainty costumes and gentlemen in handsome attire.

This is the first attempt, at Carnival Day, made by the school here and if 1916 pupils improve on this, they will have to work hard and think long.

Look at Me I am Well.

"I cannot say too much for Peruna. It has entirely cured me of my trouble. My eye lids were thick and red nearly all the time. My eyes were especially sensitive to light. Catarh was my trouble. I had had my eyes treated and took a great deal of medicine, but nothing seemed to help me until I tried Peruna. I always use Peruna when my family need it. Always find it very good. It helps wonderfully. You can use my testimonial anywhere you wish to." So says Mrs. C. Skahan, No. 614 S. Leavitt St., Chicago, Ill.

Musical Recital

Saturday evening at the High School auditorium the music pupils of Miss Willie Granuling rendered their closing program. This program represented the years work of pupil and teacher in cooperative sympathy in the musical line, and their splendid rendition did credit to her conscientious labor. The audience was most appreciative of each number.

Don't forget the big Christian meeting that begins here the 2nd Sunday in June conducted by Evangelist D. A. Leak. You will hear good preaching, good singing, and good music. Begin with the first sermon and you will hear them all. Tell your friends about it. The place for the meeting will be announced later. Committee.

FRECKLES

Don't Hide Them With a Veil. Remove Them With The Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.
