DRUGGISTS.

FOR COUNTY TREASURER.

The Sentinel is authorized to announce W. O. Strode of Appleby as a candidate for county treasurer of Nacogdoches county subject to the action of the forthcoming democratic primaries.

Mr. Strode was reared in the Appleby community and has spent his whole life in that section. He has always been a staunch democrat, and as an evidence of what his home people think of him it is sufficient to note that they elected him justice of the peace once, which position he filled with credit to himself and the satisfaction of his community. He is a good man and a good citizen, full of life and energy, well qualified to perform the duties of the office, and if elected, the county would have a worthy public servant in him.

MARRIAGE LICENSES.

The following licenses to wed have been issued since last report:

- Wm. Gardner to Miss Vera Turner.
- Alvie Vanderer to Miss Corine Rogers.
- Joe Woods to Miss Mary Crawford.
- Clark Sparks to Miss V. V. Noble.
- J. Brown to Miss Alice Holt.
- John Ciupka to Miss Bertie Ridley.

Lawrence Hughes, who has been connected with the drug store of Stripling, Hazelwood and Co., went to Houston yesterday where he will take a business course in Massey Business College. Mr. Hughes is almost worthy young gentleman who applies himself closely to his business, and with his new training will become a prominent business man.

Tom Martin, a former citizen of this county who is now making his home in San Augustine county, has been in the city today looking after some business interests.

The many friends of Sam Stripling over the country will rejoice to learn that he is now able to sit up, and hopes to get down town in a few days. He has suffered a very severe illness.

CAUGHT A BOOTLEGGER

Constable Burrows landed a negro by the name of C. C. Cloudy in jail Saturday night on three counts for illegally selling whisky.

The negro is said to have been plying his illicit vocation in the cotton yard when the constable apprehended him and caught him in the act.

MRS. JOHN H. REAGAN DIES NEAR PALESTINE.

Palestine, Texas, Jan. 19.—Mrs. John H. Reagan, widow of the former Senator and Southern statesman, died at her home near here at 12:25 o'clock this morning. She is survived by a daughter and two sons, Mrs. P. F. Watson of Palestine, Jeff Reagan of Arizona and Lieutenant Mills Reagan of Palestine. Funeral arrangements will be announced later.

PORT ARTHUR FIRE CAUSES BIG LOSS.

Port Arthur, Texas, Jan. 9.—Fire originating in Snipper's department store in Proctor St., this evening at 11 o'clock did damage estimated to be over \$40,000. The origin of the fire is not known. Three wooden buildings, occupied by Shipper, City Barber Shop, John Haney, K. E. Bell, Ray Canada, were entirely destroyed with the contents. The heaviest loser was Shipper, who, it is estimated, will lose in the neighborhood of \$15,000. The buildings were owned by W. E. Hall, Pelter of Colorado Springs and S. E. Newton.

The Port Arthur Hunting and Fishing Club on the second floor of one of the buildings was entirely destroyed with its stock of fixtures valued at \$1200. A warehouse on Weller's department store, situated on the alley was also partly destroyed and its contents somewhat damaged. In addition to the actual loss caused by the fire, the Manhattan Bar, N. M. Barrier, real estate, Electrical Construction Co., and People's Theatre were water soaked.

Messrs. Jno. T. Nagle and K. J. McKinsey of Woden were registered in the city today.

COMMISSIONERS COURT.

Commissioners Court met in regular monthly session Monday morning, January 10, with Judge Perritte and all commissioners present, and transacted the following business:

- W. L. Johnson et al, petition for hog law election, granted.
- J. C. Fall, county treasurer, report registered indebtedness, approved.
- Tom H. Summers et al, petition hog law election, granted.
- Amelia V. Mullers, petition stock law election, granted.
- J. F. Perritte, county judge, report of fines collected, approved.
- W. T. Orton county clerk, report of fines collected, approved.
- W. B. McKnight, application for hog law granted.
- Jim Johnson, petition for hog law, granted.

It is hereby ordered by this court that an appropriation of \$800 be appropriated annually out of the general fund of this county to supply the appropriation made by the U. S. Department of Agriculture for the purpose of conducting the farmers co-operative demonstration in this county according to law, said appropriation to begin Jan. 16, 1916, and continued until otherwise ordered by this court.

It is hereby ordered by this court that the county judge shall hire out women county convicts.

C. C. Watson, monthly itemized report, approved. It is hereby ordered by the commissioners court that the county clerk be instructed to draw two warrants on the court house sinking fund as follows: First for \$1525.00 the purchase price of \$1500.00 of Swift district No. 1 school bonds with accrued interest of \$25.00, making a total amount of \$1525.00; second for \$813.33, the purchase price of \$800.00 of McKnight school district No. 1 school bonds with accrued interest of \$13.33, making the total amount of \$813.33 for the purpose of buying the above school bonds.

The Genuine Oliver

We do not have to tell any man who has ever used an OLIVER "just why" the old GENUINE is the best plow for him to use. But we do want to talk to you—if you happen to be one of the very few who have not yet "Followed In the Trail" of one of the Old Reliable Olivers.

The man who has used the GENUINE OLIVER knows that it will "Turn the Stick, Gummy, spots" where many other plows would "choke". He knows that it will "scour" clean, run light, and handle easily. He is more than satisfied with his OLIVER.

Are you satisfied with the plow you have been using? If not come to our store at once and get a GENUINE OLIVER. Give it a fair trial and then smile with the other OLIVER users. Its a "cinch" and we guarantee that you'll be well pleased.

FIFTY YEARS AGO

Fifty years ago today Capt. John S. Doughtie, one of our most highly respected and esteemed citizens, left his home in Eufalia, Ala., and started for Rio de Janeiro, Brazil. Arriving at New Orleans he changed his notion and went to Houston. After spending awhile in Texas as he went back to Alabama and spent several years, returning to Texas again and settling in San Augustine where he lived a number of years, moving to Nacogdoches thirty-two years ago where he has resided continuously since. The captain is preparing a review of the incidents of the early life of the country for the Houston Post, of which he has been correspondent many years, which we shall reproduce.

RAILROAD COMMISSION DISPOSES OF DOCKET

Austin, Texas, Jan. 11.—The railroad commission today quickly disposes of its docket of cases set for hearing. Dismissed for want of prosecution the proposition to reduce the rates on rough logs and cross ties from certain points on the Cotton Belt to Lufkin.

Consideration was given the petition of the watermelon growers of Waller county to require the railroads to slat stock care used in shipping watermelons. The railroads objected to this expense on the ground that the courts had held that the shipper must pay the damage. The commission took this under advisement as well as the other six propositions before it.

FIFTH SUNDAY MEETING

Program Fifth Sunday meeting to be held with Trinity Baptist Church beginning Friday, Jan. 28th.

FRIDAY
7:00 p. m.—Devotional, Rev. Wm. Spivey.

7:30 p. m.—Preaching by Rev. A. T. Gerrard.

SATURDAY
9:30 a. m.—Devotional, by Fulton Fuller.

10 a. m.—Organization and Enrollment of our Forces, C. A. Westbrook, Bro. S. A. Acree and Bro. Lee Hefflin.

11:30—Preaching, C. A. Westbrook.

12:15 p. m.—Dinner on the ground.

2:00 p. m.—Devotional, Bro. H. M. Hutson.

2:30 p. m.—Women's Work, Mrs. B. G. Holloway, Mrs. Robt. Lindsey and Mrs. W. U. Perkins.

7:00 p. m.—Devotional, Bro. Bagley.

7:30 p. m.—Preaching Bro. Boynton.

SUNDAY

10:00 a. m.—Sunday School rally lead by Rev. L. F. Parker.

11:00 a. m.—Christian Education, B. G. Holloway.

12:00 m.—Dinner on the ground.

2:00 p. m.—B. Y. P. U. rally, lead by Hon. Arthur Seale.

7:00 p. m.—Devotional, Bro. Elery Adkinson.

7:30 p. m.—Preaching, Bro. E. M. Gentry.

Aching in the small of the back is an indication of Bright's Disease. The proper course in such cases is to take a few doses of Prickly Ash Bitters. It is an effective kidney remedy and bowel regulator. Stripling Hazelwood & Co., Special Agents.

GERMANS GETTING AMERICAN COPPER.

(Correspondence of Associated Press.) Allegations that German agents are trying to smuggle copper and other contraband from the United States into Germany by shipping it first to a Swedish port disguised as unprohibited foodstuff have resulted in the stricter surveillance of all incoming ships by the Swedish government.

The Andrew Welch, an American steamer which arrived recently at Halmstead from Philadelphia is still detained at the former port pending detailed examination of an alleged cargo of beans. She was sighted off Halmstead, cruising about for no apparent reason, and when questioned by the commander of a Swedish torpedo boat, the captain said he had orders to wait there. Soon afterwards a large German tug came up to the Sound and made for the Andrew Welch. The captain of the tug was equally ignorant of the reason for sending him to a point off Halmstead and the tug disappeared in a southerly direction. A cursory examination of the Andrew Welch showed that she carried beans, but members of the crew told the Swedish customs inspectors that the weight of the bags had caused some comment among them, and "they thought there might be other things inside."

Enormous quantities of non-contraband foodstuffs from America have been going into Germany from Sweden during the last six weeks including preserved fruits, from the Pacific coast, coffee and tea. Imports of American coal are increasing, owing to the continued ban on British coal by the British government. Germany is sending cargoes of Belgian coal from Luebeck and Stettin to Malmo, but it is of inferior quality and the demand for American coal is growing. Ten thousand tons arrived at Malmo this week.

The activity of British commercial agents whom the Swedes called "commercial spies" has caused great irritation here. Several have been expelled because of their activity in "shadowing cargoes unloaded at Gothenburg and other ports. American buyers are carefully watched and their negotiations with Swedish business men followed in detail.

There are a few country newspaper men over the state who could off handedly and without hesitation or blush "chatter off" the financing and details for working out the plans for the greatest railroad or banking institution that has ever been thought of by the great financiers, but have never borne the reputation of "making the ghost walk" at the end of each month. These same fellows are always ready to hop onto the other fellow and tell him how to run his business and dictate to him the line of business he should pursue, and the class of advertising he should accept or decline. Would these same fellows walk into a dry goods store and dictate to the proprietor just what customers he should wait on or decline to wait on? If the merchant accepts the business of one purchaser, so long as he or she pays the price of his merchandise, should not the newspaper man do the same thing? The columns of the newspaper is the merchandise of the man engaged in that line of business just the same as the stock of dry

goods, drugs, groceries, toys, novelties or hardware is the line or merchandise of the other fellow. Why not accept one man's business just the same as another's regardless of the business you happen to be engaged in? Is the world growing so biased that it is not willing to concede a legitimate line of business to any one engaged in an honest, legitimate pursuit of livelihood.

A NEW INDUSTRY.

A new industry is promised for Texas—an industry which, it is believed, will help wonderfully toward diversification on the farms of the state. Somebody has discovered that the oil of the peanut is valuable, perhaps more valuable than the oil of the cottonseed, and a few oil mills have gone into the business in a small way of producing peanut oil.

Oil men who have investigated the possibilities of peanut oil are enthusiastic about it, and in some portions of the state increased acreages of peanuts will be planted this year as a result of recent discoveries in connection with the production and use of the oil.

It is said that the cottonseed oil mills can, with the addition of a little inexpensive machinery, press the oil from peanuts in marketable form, and the oil mills will naturally aid the new industry in every way possible, since the peanut matures before the first cotton is ginned, thus giving the millers a greater period of production.

Another promising feature of the peanut as an oil producer is the fact that the growing of peanuts is said to improve the condition of the land for the growing of other crops.—Beaumont Enterprise.

PROF. A. E. DAY WITH S. H. NORMAL.

Prof. A. E. Day, superintendent of the schools in Garrison, has been elected to a position in the faculty of The Sam Houston Normal for the summer session. He was offered the position by wire, and accepted in a similar manner.

Prof. Day taught in the summer session of the Normal before last, and could have had the position again last summer, but preferred to take a little vacation.

Prof. Day is an ideal man for this class of work. His scholarship is in all things sufficient, and training teachers is his specialty as well as his hobby, which fact will be substantiated by teachers all over East Texas who have received much of their training from him, and who would be glad to indorse him for permanent connection with the Normal. In fact, many of them have suggested that the Normal would make a wise movement by annexing his services permanently, even if a new place had to be made, for the reason that it would put the institution in closer touch with the teaching profession of a large section of the state. Had the new Normal school, of which there was considerable agitation last year, but which failed through technicality of legislation, been established, Prof. Day had the endorsement of the whole profession of East Texas for the position of president of the institution, and would doubtless have received the appointment. This same endorsement would attend him for a position in the Sam Houston Normal.

Rev. Geo. S. Hines and Joe Ezzell of Garrison were arrivals to the city yesterday afternoon, remaining over until today to look after some business interests.

A GOOD INVESTMENT.

While our water system is a great convenience to domestic users of water, the prime object in maintaining our fire department and water-works system is the protection of property from fire and the reduction of insurance rates.

By installing an additional pump, giving us a duplicate pumping system, a reduction of 3 cents per \$100.00 can be secured in the insurance rate.

By housing these pumps in a semi-fireproof building and erecting a brick boiler house at the city light plant an additional reduction of 10 cents per \$100.00 in the insurance can be secured.

These improvements will cost at a rough estimate, \$3,500 to \$4,000. The saving in insurance premiums effected by making these two improvements will amount to approximately \$2,000 a year.

This means that a mercantile establishment carrying \$10,000 insurance will save \$130 a year on their premiums. One carrying \$1,000 insurance, will save \$13.00 a year.

While the larger insurers will be the greater beneficiaries under these improvements, it is well to note that they are also the largest contributors to the city funds in the matter of taxes.

The advantages to be derived from these improvements have been brought to the attention of our aldermen at various times in the past five years, but they have continued to oppose them, usually on the ground of insufficient funds, whereas if the improvements had been made at the proper time they would have paid for themselves twice over by now in reduced insurance premiums.

The recent purchase of a motor propelled hose cart, while an excellent thing in itself can not be considered in the light of a good investment since it brings practically no returns for the money spent.

The reduction of 1/2 cent in the insurance rate for this investment will produce a saving of about \$75.00 a year or about 8 per cent of the purchase price whereas the improvements previously mentioned will pay an annual dividend of 50 per cent on the money invested.

In order that I may not be accused of mercenary motives in advocating these improvements, will state that insurance agents are paid a commission on premium receipts and the lower the rates the lower the commissions.

Yours for cheaper insurance,
F. H. INGRAHAM.

ORGANIZATION TO FIGHT SHREVEPORT CASE

"Our idea is to have a demonstration of such magnitude as will attract the attention of people in Texas, who so far have never realized the importance of the Shreveport rate case, and to let them fully understand what the conditions are," said J. A. Morgan, traffic manager of the Chamber of Commerce, who has just returned from a meeting at Dallas, where he was elected secretary of a temporary association of traffic managers, and who is mailing out invitations for a mass meeting at Austin on January 20.

By means of a strong delegation at Austin, it is hoped to impress upon the public the necessity of carrying on the work in hand. It is probable further legal talent will be obtained, and the State will be asked to furnish funds.

Shippers, traffic organization men from all over the state have been mailed invitations to go to Austin and take part in the interstate rate matters.

Grant S. Maxwell of the Dallas chamber of commerce was

made chairman of the temporary association at the same time Mr. Morgan was made secretary. The Houston office has undertaken the work of arousing proper interest in the coming meeting.—Houston Post.

MAKING OVER LAST YEAR'S CLOTHES

The collars this year are high and close around the neck, most of the coat collars being of fur.

The sleeves are long, set in at the shoulder and tight at the wrist. Some of them have cuffs and some flare a little at the bottom over the hand, though most of them have a simple strip of fur around the bottom at the wrist. In fact, fur has never been worn more than it is now. It is especially seen at the bottom of the skirts, the sleeves and around the neck, and at the bottom of the coats, which comes a little above the knee.

Most of the coats give a suggestion of fullness belted loosely. The skirts and coats are not always of the same material; therefore if you had a long, rather worn coat last winter, you can make it into one of this winter's short coats, and have a skirt of plaid silk, or any cloth that blends with it, for a suit.

The jumper effects are still worn. I have recently returned from New York, and one of the fashions I noticed very much in the windows was the lower part of the waist being made of the material of the skirt and the upper part of lace or chiffon, folded in. Any thin summer frock can be used for the upper portion, particularly if it looks soft and silky. The skirts, of course, are full.

Buttons are a good deal used, so get out any old buttons you have put away; also, steam up any scraps of velvet you have and use them for edging the belt or skirt.

If your skirt is very skimpy buy enough chiffon to make a pointed overskirt. Two of last year's dresses, the skirt making a little overdress, will make a very handsome new gown.

The hats this year are of no one particular shape though most of them are of velvet, with little sprays of tiny feather standing up around the crown. If you have any tinsel look it up and wear it. The tinsel fad is being encouraged, I believe, to give the women of middle France work to do.—Mrs. Hutt, in The Progressive Farmer.

The Lufkin date line is very much in evidence now, and our esteemed contemporary, the Lufkin Daily News, is as busy as a cranberry merchant trying to give first-hand information, in which it is succeeding most admirably.

Some expert in mathematics with a knowledge of printing has figured it out that there are several hundred ways to make a mistake in a single line of type. There is the possibility of errors in spelling, punctuation, grammar, spacing, justification, right position, print, and so many other ways known to the craft but which could not be understood by the reading public that we shudder with the fear that something will happen to this reference before we get through with it. If any critic can do better he is invited to a trial.

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed-up! Quit blowing and sniffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end griping misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and "air passages"; stops nasty discharge or nose running; relieves sick headache, dizziness, fever, sore throat, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores.

APPLEBY, TEXAS.

This hustling little town is in Nacogdoches county, eight miles northeast of the old county site, Nacogdoches, on the H. E. & W. T. railroad. It has quite a live population, a depot and the usual town business houses, residences, schools and churches. For years past it has been famous for its large shipments of eggs and poultry, and at the same time the town was ahead in other enterprises, one of these being the manufacturer of railroad ties and another cotton being ginned there, and the amount of produce shipped. Statistics of these industries would be tedious on account of the volume.

When the H. E. & W. T. Railroad was built in 1883 it made no halt there because Appleby was not even dreamed of. It went on four miles further northeast and located Sterne, near where the noted Crandfords and Stephens lived, they being prominent pioneer families. But Sterne did not grow. Meantime Will Skeeters, then a young business man born and raised in the "neck of the woods" near where Appleby now looms up, went over from his father's pioneer home and set up a small store by the side of the railroad. He secured a side-track and freight business and soon other folks came and set up there. Then the place was named Appleby after the name of a railroad official. It ought to have been named Skeeters for he is there yet, a leader in business.

There were a number of remarkable farmers in that vicinity long years ahead of this, back in the 40's. One of these was Absalom Hunt on whose premises Appleby now stands, and whose descendants are yet living here and there. One of these was Sam Hunt who died there in 1914, at the place of his birth. His memory is revered by all who knew him. Another family was that of Josiah Richardson, father of John H. Richardson, now living at Maytown which is located at the homestead of another highly respected farmer of the same neighborhood, J. P. Sutphen. This Richardson family has many descendants hereabouts. The homestead was half a mile south of Appleby, adjoining the Hunt premises. So, also, was the L. B. Davidson family homestead that became a great factor in that section, and now well known. The Legg family homestead on the site of the previous Ambrose Crain homestead was also a noted point and gave the name of the Legg school house, and were equally prominent. Uncle Ned Legg, the original head of the family, was noted for his quaint ways and queer doctrine's, and his descendants are now living up to the cord, as might be said of Uncle Halloway Power, the saintly old "sock-dollager" Hard-shell Baptist preacher who settled at Redfield and left descendant of the same typical blood. The McCuistons, Crains and others could be listed in this worthy pioneer class, coming from Tennessee, North Alabama, and other adjacent sections. The J. P. Weatherly family, "Uncle" Park Weatherly, whose home was always at the same place on the Henderson road ten miles north of Nacogdoches and was always a noted open-door hostelry, was a man of note and worth. Among his descendants is our venerable and worthy citizen, E. M. Weatherly, Sr., known as "Uncle Mitch," who still lives near Appleby on the same spot where he settled in 1850 when he was a young married man. He cleared the land and built his dwelling and all improvements upon it. He is a feeble old man, well up in the 80's, and is awaiting a call to his heavenly

home. He has "played out his time," as expressed in the Confederate camp song where he was a valiant soldier. He has finished his work, a noble work, and will soon go to his reward. He has raised a family that he is proud of, and who are an honor to his name. He has no enemies, he has harmed no human. He has merited honors and is a fit object of "flowers to the living." He has been a faithful soldier in the armies of the Great Ruler and is now awaiting his command to "cross over the river in the shade of the trees." Flowers to the living! Boquets in this life! The next life will contribute the crown of glory.

REGISTERING TITLES.

Land titles have always been prolific source of litigation. Much fraud has been practiced, expenses borne and property lost, because of the numerous technicalities and irregularities in our system of land titles.

Land is the basis of wealth in this country. It was in the beginning of civilization and it will be in the centuries to come. Man occupies the land for production during his life-time, then it is passed on to the next generation. In other words abstracts of titles show various and sundry transactions, many of which under the present system of transfers may involve considerable expense with danger or loss in ownership.

The courts are always crowded with suits both in law and in equity involving land titles. Lawyers have employed technicalities, resorted to previous court decisions and as a result millions of dollars are lost every year because of our present system of transfers.

The time has come for the people's interest to be regarded as the Torren's system. Not only should there be such uniform, safe and economical system in the state, but the country as a whole should have some such registrations as the Torren's system.

A national rural credit system is likely to soon be passed. This will make farm mortgages far more numerous and important than they have ever been. To get the benefits of rural credit some modification of land titles will be a necessity in some of the states. Why not introduce the Torren's system or a modification of it in this country? There will always be enough litigation for lawyers without continuing our present methods of land transfers. Society economy and business require a change.—Farm and Ranch.

FOR COUNTY SUPERINTENDENT.

The Sentinel is authorized to announce Prof. Jno. B. Stripling as a candidate for re-election to the office of county superintendent of public instruction, subject to the action of the democratic primaries.

Prof. Stripling is serving his first term as county superintendent, and is doing a fine work. He has aroused much new interest with the rural schools along practical lines, has helped many districts to get new buildings and equipment, and has brought many new features to the county from the extension department of education, which are of inestimable value. His whole heart and soul has been in the work, and he is a school man of fine ability who is qualified for the service, combining the essential qualities necessary to make good public servant in the capacity which he now holds, and which he would like to hold another term.

FOR COUNTY TREASURER.

The Sentinel is authorized to announce Jno. C. (Uncle Cal) Fall as a candidate for re-election to the office of county treasurer of Nacogdoches county subject to the action of the democratic primaries.

Uncle Cal has been serving the county in the capacity to which he seeks re-election, and has been faithful to every trust. He can always be found at his post of duty at office hours, he has kept his books and accounts

straight and in good shape, he is obliging and courteous to those who have business with him, and he is an old man who needs the office, yet able to keep it up as it should be.

FOR TAX COLLECTOR

The Sentinel is authorized to announce Jas. W. Christian as a candidate for tax collector of Nacogdoches county, subject to the action of the democratic primaries.

Mr. Christian is no stranger to the voters of Nacogdoches county having made a most creditable race for this position four years ago, at which time he made an active canvas of the county. He is farmer by occupation and was born and reared in this community. He is a man of sterling integrity and energy and who is well qualified to perform the duties of the office with credit to himself and satisfaction of the people of the county.

FOR COUNTY TREASURER.

Cushing, Tex. Jan. 10, 1916. To the voters of Nacogdoches County:

At the age of sixty-three, I find myself broken in health and without a fortune. I have been actively engaged in the Presbyterian church since 1893 until July 1915 when my family doctor told me I would have to give up my work as a preacher for an indefinite length of time, and perhaps I would never be able to take it up again. My presidency ordered me to lay off for a time, which is also indefinite.

I am not physically able to do pastoral work. The only thing I know how to do well, and without being out of means for a living, I began to think what I could do for a living and decided to ask the good people of Nacogdoches county to give to me the office of county treasurer.

In doing so I know that I have no more claims than those that are common to the citizenship of the county. I need the pay—so do hundreds of others. I want the place because of the pay, and because I believe I can fill it with as good satisfaction to the people as anyone who will offer for it.

I was born in Middle Tennessee in November, 1852. My father brought me to Nacogdoches county in 1860, and I have been a resident of the county fifty-five years. While I am not physically able to do pastoral work, I am fully able to do the office work. Elect me and I will show my appreciation by doing the very best service possible.

Sincerely yours,
(Rev.) G. W. C. SELF

FOR CONSTABLE.

The Sentinel is authorized to announce R. J. (Bob) Christian as a candidate for constable of precinct No. 1, subject to the action of the democratic primaries.

Mr. Christian was born and reared in the community, about three miles west of Nacogdoches, and is well known to the voters of the precinct. He has always followed the occupation of farming, and has lived a good honest life. He promises that if he is elected he will give his whole time and energy to the discharge of the duties of the office, and it will be his ambition to make the community a worthy public servant in this capacity.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

News from Appleby today, brings the cheering information that C. T. Simmons, a well known citizen of that place who has been seriously ill with pneumonia is improving.

MR. FRANK PARSONS CENTER OF INTEREST

One Thousand People Turned out to See Him Upon His Arrival in Lufkin.

The following interesting and well written report of the arrival of Frank Parsons at Lufkin is taken from yesterday's issue of the Lufkin Daily News:

"Mr. George Frank Parsons, the young man employed at the H. E. & W. T. railway station in this city at the time the depot was wrecked by an explosion in March, 1913, and who could not be found afterwards, arrived in this city today at noon on the train from Houston, being accompanied by Judge E. J. Mantooth who caused the arrest of the young man in Palmdale, California, a few days ago, and made the long journey with him without an officer, without sidearms and without the use of irons.

"When the train steamed into the station today there was not less than one thousand citizens—men, women and children—eager to catch one view of the party who had been away so long. Delivery wagons stopped delivering goods, and dray wagons paused with their heavy loads—business was temporarily at a standstill. There were those who went to the station who required nothing less than the young man in flesh to thoroughly convince them that he was still in the land of the living.

When Mr. Parsons stepped out on the back platform and descended the steps on the opposite side from the depot, there was the unanimous expression from those who gazed on his features "That is him." It was with some difficulty that he was led through the surging crowd of hundreds, and as still others would have the opportunity to look upon his face, it would be "That is him." He wore an overcoat and a rather broad-brimmed hat, and never offered to recognize anyone, look up, or say a word so far as the News reporter could discover; his coat collar was turned up around his ears and his hat pulled slightly down over his eyes. He was carried through the main business part of town to the law offices of Mantooth and Collins over the Lufkin National Bank, and as the procession went by the fire gong sounded District "36," blowing the same number that it blew so loud and so long the night young Parsons left the city, while the department was responding to the alarm of fire occasioned by the explosion, and which was probably the last sound the young man heard as he left Lufkin on that eventful night.

After he was carried to the law office mentioned, the great crowd stood in the streets below, thinking possibly that he would be led out again; but it remained for Judge Mantooth to come to the foot of the stairs and say a few words, which were so pleasantly spoken and so logical that the people soon disbanded and went to partake of their noon-day meal.

Just here it must not be inferred that there was the slightest indication of anything harsh, even dreamed of by anyone; it was merely the absorbing curiosity of interested citizens which prompted them to see as much of the noted character as possible.

"Judge Mantooth explained that the unfortunate young man was deeply penitent and that already he had been humiliated enough for the day, and that he would be kept in his office for the afternoon. Further than this The News has been unable to gain any information that would be of any especial interest to its readers. If he has made any "confession" it has not been

given out. It is presumed that he will be remanded to jail on charges already existing to await the action of the grand jury may take when it convenes next Monday morning, at the re-convening of the special term of the Angelina county District Court.

"It is said that about \$6,000 of insurance money has already been garnished in one of the Houston banks."

AFTER THREE YEARS.

Nacogdoches Testimony Remains Unshaken.

Time is the best test of truth. Here is a Nacogdoches story that has stood the test of time. It is a story with a point which will come straight home to many of us.

F. Peterson, truck farmer, S. Fredonia St., Nacogdoches, Tex., says: "I suffered severely from kidney trouble for all of a year and nothing seemed to do me the least bit of good. Often the pain in my back was terrible and sharp twinges in my loins cramped me up so that I could scarcely move. The kidney secretions were irregular in passage, contained sediment like brick-dust and disturbed my sleep at night. I used Doan's Kidney Pills for several weeks and was cured." (Statement given December 13th, 1911)

A LATER INDORSEMENT.

On May 19th, 1915, Mr. Peterson said: "The benefit Doan's Kidney Pills gave me have been permanent."

Price 50c at all dealers. Don't ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Peterson has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

NORTH-END SCHOOL

Mrs. Thomason, teacher in North-End School, reports the following students to have made A in department during the past scholastic month:

Seventh grade—Eddie Gil, Beatrice, Hutson, John Partin.

Sixth Grade—Eugene Muckleroy, A. V. Gerrard, Elsie Reese.

Fifth Grade—Dollie Muckle-Glady Means, Annie May Hettie Partin.

Ansley, Mattie May Hutson.

MR. J. B. FENLEY RETURNS WITH BRIDE.

Mr. John B. Fenley, a well known grocery merchant of this city, left last Sunday afternoon for New Orleans La. His departure was reported in this paper in Monday's issue, but not the mission of his visit, because the gentleman did not previously make known the object of his visit to the ancient city. Yesterday afternoon he arrived home with a bride.

Mr. Fenley was married Monday afternoon about 8 p. m., to Mrs. Mary H. Hartman, a beautiful and accomplished lady of New Orleans who returned with him to take her place in the social life of this city.

By close application to business, good methods, and courteous treatment to the trading public, Mr. Fenley has developed into one of the leading merchants of East Texas and has a host of friends who are extending to him the glad hand of congratulations and good wishes.

WALKER SMITH ARRESTED.

Constable Burrows arrested and locked up Walker Smith, a well known negro of the city yesterday upon a charge of assault upon Mallie Green's thirteen year old daughter.

A physician was called to treat the girl, and if his verdict, together with the statement of the girl, is sustained the offense is most serious.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

WAS TREATED HERE

We take the following report of an accident sustained by a minister, and his treatment in the Tucker Sanitarium at this place, from this week's issue of the Mt. Enterprise Herald:

Wednesday, Dec. 22, Bro. Y. H. Mathison took passage on the train to Caro, and before reaching that city he was informed that he was wanted at the home of a Mrs. Graham, who lives just this side of the Caro Northern depot, and where he had been in the habit of getting off the train, the engineer slowing down for the purpose. When he stepped off the train this time from some unaccountable cause he lost his balance and was thrown to the ground so forcefully; that he sustained a broken left arm, the bone being split in three places, also some painful bruises about the head. He was carried immediately to the sanitarium at Nacogdoches, and late advices from here inform us that he is doing nicely and will soon be able to return home, if no complications set up.

He arrived home Sunday on the motor, accompanied by Mr. and Mrs. W. T. Whiteman of Caro, and is doing nicely.

STOCKHOLDERS IN OIL COMPANY ARE JUBILANT

Logansport Record.

The Oil situation here is assuming "Big Field" shape these days, and indications already in sight have surpassed the hopes of even the men responsible for the drilling and organization of the company, and it is not out of place to add that many are the strange faces seen here on our streets daily and many visitors come in on each train to look after personal and interests of other responsible concerns.

First of the week the well that was drilled and finished only a few days ago and "blew out" and those in charge of contract called back their large force of men, and are now at work preparing receptacles for the oil, and expect to have this work finished soon.

The local company has already sub-leased some of their holdings to a responsible company, with the understanding that they, too, are to begin drilling another well within the next few days, and this, with another well that the company expects to begin drilling, will make things look better than heretofore, as the first well has proven remunerative and assured the stockholders that oil is here under their property in paying quantities.

FIRED INTO DEPOT.

In the dead hours of last night some one fired a shot through the window of the ticket office at the depot.

Three shots are said to have been fired, but only one was fired into the depot.

There are different theories as to the cause, some thinking the offender was trying to cut loose the fastenings which would allow him admittance into the building, while others think it was fired for the amusement of the man with the big gun.

HALTOM & GIBBS, Proprietors
G. M. HALTOM, Manager
O. M. GIBBS, Editor

The announcement has been made that the St. Louis American Baseball Club will train in Palestine, and the Palestine Herald calls it a "piece of big news." The assets will consist chiefly of the temporary residence of a baseball team and an increase of the use of the Palestine date line.

We may survive the wrath of the hour, but we serve notice here and now that if Dock Lively, of the Lufkin News ever leaves a gap open it will be put up for him, in good and proper shape, for the dirty Irish trick he did in reproducing an article from this paper, verbatim, which escaped the attention of the proof reader. Vengeance is mine at the first opportunity.

It is estimated that war conditions in Europe are costing the cotton producers of the United States \$25 per bale in excess freight levied to get it across the big pond. In the meantime the prices of cotton goods are going up and we estimate a similar loss in the excess of the toll on a matter with which we had nothing to do in the making and seem powerless to remedy.

There is millions in hen eggs.—Temple Telegram.

We do not attempt to dispute the truthfulness of this bold statement—but suggest that the word "are" if substituted for "is" would make the item sound more euphonious and aesthetic, to say nothing of the more pleasing conformity with the well established rules of grammar—Longview Times-Clarion.

The following from the Beaumont Journal will apply with equal force to the small towns as well as to the cities: "Cities are recognizing the value of a good first impression on travelers, and railroads, themselves, are recognizing a good business investment in the improvement of depot and surroundings. The railroad station is a community's front gate." It is unfortunately the case that in small towns in most of East Texas the poorest improvement is in evidence along the right-of-way, property in the vicinity of passing trains not being so much in demand by people who are able to build the best homes and make the best improvements. Add to this a poorly built depot with unattractive premises and the "first impression," which is said to be the most lasting, is anything out flattering.

With the coming summer the government will send a man to us who will assist in the matter of working out better warehouse and marketing conditions for this country, and The Sentinel wants to begin right now to insist that the people give him a close hearing and such co-operation as his plans may warrant when he comes. It is no trouble to grow stuff in this country, but hitherto the trouble has been in finding a profitable market for so many things we can raise, and for which there is a demand somewhere, but no intelligent system of connecting the demand with the supply.

When a boy or girl takes a diploma from the Longview High School to any of the great colleges, it is accepted at its fact value, without question.—Longview Times-Clarion.

Well, what is the "fact" in the case? Nacogdoche's High School diplomas are accepted at face value—and that is a fact too.

CIVIL SERVICE EXAMINATION

(March 4, 1916)
A field Service (first grade) examination will be held at the following named places to fill future as well as existing vacancies for the positions of inspector, clerk, deputy collector, storekeeper, gauger, revenue, etc., in Alexandria, Baton Rouge, Lake Charles, Monroe, New Orleans, and Shreveport Louisiana; Abilene, Amarillo, Austin, Beaumont, Brownsville, Corpus Christi, Dalas, Del Rio, Eagle Pass, El Paso, Fort Worth, Galveston, Houston, Laredo, Nacogdoches, Port Arthur, San Angelo, San Antonio, Texarkana, Waco, and Wichita Falls, Texas.

Competitors will be examined in the following subjects, which will have the relative weights indicated:

1. Spelling—Twenty words of more than average difficulty, 10.
2. Arithmetic—Fundamental rules, fractions, weights and measures, percentage, interest, discount, commission, custom house business, stocks and bonds, partnership, analysis, and statements of simple accounts, 25.

3. Penmanship—The competitor's handwriting in the subject of report writing will be considered with special reference to the elements of legibility, rapidity, neatness and general appearance, 15.

4. Report Writing—Test in writing letter from a report not more than 200 words in length, summarizing and arranging in logical order a series of facts included in a given statement of 400 or 500 words, 25.

5. Copying and Correcting Manuscripts—Test in making smooth, corrected copy of a draft in manuscript which includes erasures, misspelled words, errors in syntax, etc., 15.

6. Geography and Civil Government of the United States, 10. Total, 100.

Competitors who fail to obtain at least 70 in arithmetic or 65 in report writing will not be eligible to appointment.

Five hours will be allowed for the examination.

Any of the following named defects is sufficient to exclude a person from examination: Insanity, tuberculosis, paralysis, epilepsy, seriously defective defective sight of both eyes which cannot be corrected by glasses, loss of both arms or both legs, loss of an arm or leg, badly crippled or deformed hands, arms, feet of legs; uncompensated valvular disease of the heart, locomotor staxin, Bright's disease, diabetes.

Age, eighteen years or over on the day of examination; but no person under twenty-one will be eligible to the appointment of any of the following positions: Deputy collector, Store-keeper, and storekeeper gauger in the Internal Revenue service. And no person under twenty-one or more than forty-five years of age on the date of examination will be eligible for the appointment to the positions of day inspector, assistant weigher in the customs service, or to any position in that service whose duties are partly those of inspector.

Applicants must submit on the day of their examination their photographs taken within two years, securely pasted in the space provided on the admission card. This examination is open to all citizens of the United States who meet with the requirements.

Application blanks can be secured from the United States Civil Service Board at the custom house, or any postoffice at any of the above mentioned places.

Tenth Civil Service Secretary, New Orleans, La.

A SENSIBLE LETTER FROM COL. H. M. MAYO.

The Sentinel has received the following letter from Col. H. M. Mayo of the Sun-set Central lines which we pass to our readers:

From what I can ascertain there will be a heavy demand for peanuts this coming year, both as an adjunct to cotton seed products and because of a greater demand for the nut in its own particular sphere.

The degree in cotton seed production the past season stimulated interest in the peanut market. The prices proving satisfactory to growers fortunate enough to have made this commodity part of their 1915 production.

An investigation of the situation as it now exists, seems to point to an increased demand for the nut during the coming year at prices which will make the cultivation profitable, particularly if the farmer applies approved methods and secures seed that has not been permitted to suffer through deterioration by inbreeding.

I would urge upon the farmers in your territory that they devote some acreage to the development of the Spanish product, preparing their fields and at the earliest possible moment and endeavoring to secure an increased yield that their profit per acre may be enhanced.

Discussing the matter a day or two since with a prominent buyer, he stated he would contract to day for an unlimited quantity of nuts at from 60c to 65c per bushel F. O. B., point of production. This is the price that ruled during the past season and which apparently gave the farmer a satisfactory profit.

I know I may count upon the assistance of your journal to preach a propoganda which however should not be permitted to divert attention from the necessity for an intelligent diversification. Cotton cannot be ignored, but the success of our farmers will depend largely upon their ability to feed themselves during the cultivation of their main crops whichever these may be. Cattle, hogs, poultry vegetables, fruits and other varied products should be grown in addition to money crop, whether this may be cotton, corn or peanuts.

Will appreciate your efforts in making this suggestion public.
Yours very truly,
H. M. MAYO.

FOR COMMISSIONER.

The Sentinel is authorized to announce Edwin H. Tillery as a candidate for county commissioner for Beat No. 1, Nacogdoches county, subject to the action of the forthcoming democratic primaries.

Mr. Tillery was born in Angelina county and moved to this county when a small boy. He lives about two and one-half miles west of town and has been engaged in the avocation of farming all of his life. He is an upright, energetic, ambitious young gentleman well qualified to perform the duties of the office, and if elected promises the faithful discharge of every duty. A friend of his says that if he proves as good a commissioner as he is a raiser of fine watermelons he will make a plum good one.

Up at Gladewater Monday a boy had his life snuffed out while stealing a ride on a freight train, the train failing to slow up at the place he anticipated and taking the risk of a jump. Many others have lost life and limbs in a similar manner, and your boy may do the same if you do not drill him on the danger of riding on freight trains, the next most dangerous practice to playing with an unloaded gun.

THE DOLLAR.

Just a dollar on a mission sent makes a lot of people glad each time the coin is spent. You pay it to the butcher for the meat to give you strength; he takes it to the grocer from whom it goes at length, some pretty lace or cloth his better half to buy, or help to get her winter hat to make her rival sigh. The dry goods man sent on the coin to pay the market bill, and the coin often spent, it stays a dollar still, and every time 'tis spent at home, some good act is done; in booming local industries is bound to make them run. But if you take the shining coin and break the local chain, the chances are that from afar 'twill not return again. If once it passes out of town the butcher and the dry goods man, the grocer and the baker, the butcher, the furniture man, the carpenter, the wagonman and blacksmith, the shoeman and the printer, every one will lose the chance to touch the coin ere the setting of the sun. Just keep the little coin at home, just keep it moving well, and everytime it changes hands some body's goods 'twill sell. That single little dollar has thus a wondrous power to make some body happy a dozen times an hour. It pays the bill and wards off ill and ne'er its power relaxes, to sooth the doctor; buy the coal, and pay for clothes and taxes.—Swiped.

SAVING THE FARM MANURES MADE.

Probably the fact of most importance in this connection is that fully one-half the fertilizer value of the droppings of farm animals exists in the urine of liquid manure. Moreover, the plant foods in the urine are in a more ready available form for the use of the crops and are consequently more valuable. But on the other hand, being in solution, the plant foods are more readily washed out and lost. Of the plant foods in the manure—both solid and liquid—about one-half the nitrogen and four-fifths of the potassium are in the urine, while the balance of the nitrogen and potassium are practically all of the phosphorus are in the solid manure or dung. Nothing more need be said regarding the necessity of saving the largest part of the liquid manure practicable under farm by tight floors and sufficient litter or bedding to absorb it, or by tight floors, and running it into a cistern or tank. The latter is not generally regarded as practicable under average farm conditions. With deep stalls, good ground floors and an abundance of litter which is allowed to accumulate in the stalls or sheds, most of the urine can be saved, but on board or ordinary ground floors, or in lots, a large amount of the liquid manure is generally lost.

Thorne, in his "Farm Measures," shows that the value of the manure from a 1,000 pound steer for six months on a cement floor was worth \$10.73, and on an earth floor \$8.77. In this experiment the increased value of the manure made on the cement floor was sufficient in six months to pay for more than one half the cost of the cement floor. Stating the matter in another way, it was found that on the cement floor 87.8 per cent of the plant foods in the feeds used was recovered in the manure, while on the ground floor only 78.4 per cent was recovered. From these facts it is apparent that cement floors are economical unless the amount of bedding be large, the stalls deep and the manure allowed to collect in quantities sufficient to absorb or take up the liquid manure or urine.—The Progressive Farmer.

ANOTHER OLD MOTHER IS NOW AT REST.

Mrs. M. L. Cronkrite Died in Beaumont Yesterday—Remains Will Arrive Today.

From Monday's Daily: Many hearts were made sad in this city yesterday when a message was received bearing the sad news that Mrs. M. L. Cronkrite was dead at the home of her son in Beaumont.

Her remains, accompanied by her children, John Cronkrite and family, Albert Cronkrite and family and Robert Cronkrite will arrive over the T. & N. O. in this city this afternoon, and will be conveyed to the home of her brother, R. A. Hall where they will lie in state until tomorrow morning when they will be carried out to Chireno over the N. & S. E. for interment.

It will be remembered that Mrs. Cronkrite was taken suddenly ill at the home of her son in Brownsville some days ago, and from which place she was carried to Beaumont for treatment. Dr. Ford of this city was called in consultation, and everything that good treatment and good nursing could do was administered, but the ravages of the malady with which she suffered were too great to yield to the treatment.

In addition to the children coming with the remains, Mrs. Cronkrite is a mother of Mrs. A. T. Russell of this city, and a sister of R. A. Hall. She spent most of her life in this county, and was a sainted, lovable old lady who was loved and admired by all who knew her.

And belonging to one of the old-time prominent families of the county she had a wide circle of acquaintances and friends over the county.

Many friends will meet the train this afternoon to extend sympathy to the surviving members of the family and accompany her remains to the home of her brother.

ABOUT MRS. CRONKRITE

The following report of the death of Mrs. Cronkrite, whose remains were brought to this city yesterday, mention of which was made in yesterday's paper, is taken from Monday's issue of the Beaumont Enterprise:

Mrs. Mary L. Cronkrite, aged 57 years, widow of the late A. H. Cronkrite, died at Hotel Dieu yesterday morning at 10:10 o'clock after an illness of about six weeks. Death was caused by injuries received from a fall at Brownsville some time ago. Mrs. Cronkrite was brought to this city three weeks ago. She is survived by two sisters, Mrs. P. W. Harsh of St. Louis, and Mrs. J. B. Booth of Paris, Texas; two brothers, R. A. Hall of Nacogdoches and J. A. Sharp of Fort Worth; four daughters, Mrs. T. J. Curl of Chireno, Texas; Mrs. A. T. Russell of Nacogdoches and Mrs. J. F. Blanton and Mrs. John Stark, both of Brownsville; three sons, John H. and Robert M. Cronkrite of Beaumont and A. H. Cronkrite Jr. of Groveton. Robert M. Cronkrite and Mrs. John Stark of Brownsville were at the bedside when the end came. The body will be shipped by Pipkin & Brulin to Nacogdoches at 9:45 this morning. Interment will be made at the family cemetery Tuesday at 4 p. m.

AN IMPRESSIVE FUNERAL.

Supplementing the crowd that went from this city a great crowd of Chireno people turned out to attend the funeral of Mrs. Cronkrite, at Chireno, yesterday, and a most beautiful and impressive service is reported to have been held.

Rev. E. L. Thompson, pastor of the Christian church of this

city, conducted the service in which he spoke of the beauties of the life of the sainted old mother and offered feeling consolation to the surviving members of the family.

AGRICULTURAL WORK FOR THE NEW YEAR.

Mr. Greer Has Planned Most Extensive Program for New Year, and is Busy.

Hon. Jas. D. Greer, agricultural agent for Nacogdoches county, was a pleasant caller at The Sentinel office recently, and requested us to say to the boys and girls who want to join the Boys and Girls Club work, to please send their names to him at once. Some have made the mistake of sending their names to the department which delays the service as they have to be sent back to him and embarrass him by the people not being better informed in the matter. Mail your applications direct to Jas. D. Greer, Nacogdoches, Texas.

Mr. Greer also urges that those who wish to enter this work, as well as for all kinds of farming, break their lands at once, if this work has not already been done. The lands should have been broken in the fall. Break from six to eight inches deep, and plow close so that the soil will thoroughly pulverize. But don't plow too wet. Harrow well after plowing.

Mr. Greer will be pleased to receive applications from those who wish to join the corn club, cotton club, peanut club, tomato and baby beef club.

During the past year Mr. Greer has aroused much new interest in farming and stock raising in Nacogdoches county, bringing many new features with valuable lessons to the county, but an even greater program has been arranged for this year, and if the farmers give him the right kind of co-operation the service will be of incalculable value. Among the special features planned for this year the coming of the following specialists will be of great interest:

Prof. J. C. Olson will be here the first week in February to give demonstrations in terracing. Mr. Greer will have him visit places that have not been visited heretofore.

Prof. W. B. Lanham, an expert orchard man, will come at an early date. With observance of the methods he will teach, a fruit crop can be had almost every year, and the life of your trees preserved.

Prof. J. A. Evans, a pecan expert, will come early in the summer. This section is adapted to the growth of the pecan, and a valuable crop can be developed with a pecan orchard, suitably cared for.

Prof. Elliot or Prof. Lewis, of the home economics department, will come during the summer, and if sufficient interest can be aroused, the matter of building a warehouse will be taken up. The Sentinel is especially interested in this feature of the work, for in the establishment of suitable warehouse facilities depends the future development of the agricultural interests and future greatness of Nacogdoches county.

During the year Mr. Greer will also have an expert veterinarian visit the county who will give special attention to the treatment of blind staggers, distemper and black leg, showing the farmers how to prevent these diseases with their stock, and how to treat them.

With this program, Mr. Greer has secured more help for Nacogdoches county than has been given to any other agent in the state, for which he is to be congratulated, and of which the agricultural interests of Nacogdoches county will be beneficiary.

The General Clearance Sale of Winter Merchandise starts Monday, Jan. 24th

WHITE GOODS SALE

The General Clearance Sale of Winter Merchandise starts Monday, Jan. 24th

Our Annual Sale of Women's Dainty Undermuslins Starts Monday, January 17th

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

Scott & Bowne, Bloomfield, N. J.

THANKS M'ADDOD FOR AID TO SOUTH.

Washington, Jan. 4.—Representative Henry of Texas in a speech in the house Wednesday, advocating rural credits, "thanked the secretary of the treasury on behalf of the 30,000,000 southern people for his wise action in depositing funds in southern banks to be loaned to farmers with cotton as collateral." The value of the 1915 cotton crop, Mr. Henry said. The Texas congressman said that promptly in the fall of 1914 the southern farmers would have been able to hold their cotton and would have averted a loss of more than \$400,000,000 due to the European war.

He called attention to his efforts to induce the treasury department to deposit money in the banks of the south to be loaned to the farmers on cotton as collateral and contended that if this had been done promptly in the fall of 1914 the farmers would have been able to have held their cotton and the south would have averted a loss of more than \$400,000,000 due to the European war. "In 1914 for many months," continued Mr. Henry, "I contended that such a course would save millions of dollars to Southern Farmers. The secretary of the treasury by his wise action preserved the value of the crop of 1915 and I congratulate and thank him for 30,000,000 to Southern people. Mr. Henry said that he had visited Washington in August, 1916, and urged the secretary of the treasury and the federal reserve board to come to the aid of the farmers by placing money in southern banks to be loaned on cotton warehouse receipts at a low rate of interest as was eventually done.

The liver loses its activity at times and needs help. Herbine is an effective liver stimulant. It also purifies the bowels, strengthens digestion and restores strength, vigor and cheerful spirits. Price 50c. Sold by all druggists.

OIL WELL AT LOGANSPORT.

We take the following news of a new oil well at Logansport from yesterday's issue of the Center Daily Optimist:

"The news reached Center yesterday that a well has been brought in at Logansport and oil is gushing over the derrick in great quantities. This report has not been confirmed, but comes through a traveling man and also a gentleman from the Flat woods, near Logansport, both of whom are here today.

"The well was put down by the Citizens' Oil Co., of Logansport, principally home capital."

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, Ohio. Sold by all druggists. Take Hall's Family Pills for constipation.

MASS MEETING CALLED TO MEET IN AUSTIN.

Business Men of Texas to Assemble With Railroad Commission.

Dallas, Texas, Jan. 5, 1916 To the citizens of the State of Texas:

The representatives of various cities and towns of the state of Texas assembled at Dallas, Texas, on Jan. 3rd, 1916 and unanimously adopted a resolution to bring to the attention of the public the serious conditions confronting the state of Texas by reason of a complaint filed before the Interstate Commerce Commission by the commercial interests of Louisiana against the people of the state of Texas.

The legislature and commercial interest of the state of Louisiana appropriated something like \$50,000.00 for the employment of experts and attorneys for the purpose of filing and prosecuting the complaint before the Interstate Commerce Commission against the system of railroad freight rates promulgated by the Texas Railroad Commission.

The declared intention of this complaint is to deprive we of the state of Texas of the right of local self-government in fixing the charges for freight transportation of the railroads wholly within our state. The complaint if granted as the law now stands, would make the regulation of local state freight rates of Texas upon the rates to and from Shreveport La., or, in other words, we, of the state of Texas would be deprived of the right to fix the rates for traffic, unless there was a demand for such rates from Shreveport, La., into the state.

The development of the state industries and protection of four million people will depend upon the whims of Shreveport La. a city of some 25,000 inhabitants.

The railroads of this country admitted to be public servants are controlled by private capital and as to the development of these railroads depended, it become necessary for the protection of the public, first, the regulation of freight rates, second, the financing.

Our late, honorable and illustrious Governor Hogg was one of the first to conceive the idea of the commissions form of railroad rate regulation for the protection of the public. Immediately following this, the states have adopted this form of regulation, including Louisiana, who is the complaint against the Texas commission, declaring it to be their intention to deprive we of the state of Texas of the right of local, self-government, which right they enjoy.

Little did our illustrious Senator Reagen dream, that in introducing, inspiring and creating an Interstate Commerce Commission to govern the movement of freight between states, that this creature of his inspiration would in its development of strength turn and destroy the memory of its creator, a lover and protector of state rights.

The purpose of this letter is to call upon all patriotic citizens of this state, who believe that it is our divine right to enjoy local, self-government to assemble in Austin, Texas, on Thursday, Jan. 20th, at 10 a. m. in the senate chamber of the State capital. We expect all patriotic citizens to attend this meeting and acquaint themselves with all facts in this case and to make an appeal to our governor that action may be taken by our executive and legislature to maintain the integrity of the great state of Texas.

If you are a shipper, a consumer or citizen of this state you are vitally interested in this

WORRY, DESPONDENCY.

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, lumbago, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Many of your neighbors have testified to immediate relief from these symptoms after using Dr. Pierce's Anuric Tablets for kidneys and backache. Druggists in town are now supplied.

From personal observation in large hospital practice, Dr. Pierce knows "Anuric" will give you speedy help if you are suffering from uric acid trouble, and to show his faith send 10c. to Dr. Pierce, Invalids' Hotel, Buffalo, and you'll receive a large trial pkg. of "Anuric." "Anuric" dissolves uric acid as hot water melts sugar and Dr. Pierce has thoroughly tested it in his hospital and found it 37 times more potent than lithia.

meeting as the facts and details of the result of the decision in this matter are too numerous to be brought to your attention in the form of a letter. Therefore we earnestly urge that we may have the value of your personal assistance and representation at this meeting.

Please advise the undersigned secretary if we may expect you at this meeting.

We are cordially yours in the interest of the state.

J. A. Morgan, Secretary of the Committee.

Care Houston Chamber of Commerce, Houston, Texas.

R. C. McCormick, Fort Worth, Texas.

J. E. Anderson, Austin, Texas.

A. L. Reed, Dallas, Texas.

Lame back may come from over-work cold settled in the muscles of the back or from disease. In the two former cases the right remedy is Ballard's Snow Liniment. It should be rubbed in thoroughly over the affected part, the relief will be prompt and satisfactory. Price 25c, 50c and \$1 per bottle. Sold by all druggists.

A FORMER CITIZEN IS DOING WELL.

Commissioner Jno. W. Byrd, who spent the holidays back at his old home in Ozark, Ala. says that he had the pleasure of meeting, with Earley Dowling, who once lived in this city and was engaged in the mercantile business here, and found him to be doing well as general manager of a cotton mill.

Mr. Byrd says that Ozark is not as large a town as Nacogdoches, but that the people got together two years ago and built a cotton mill which makes thread of the raw cotton, and the thread in turn is sold to the mills which weave it into cloth. The mill is making its first year run, with Mr. Dowling as manager, and Mr. Dowling informed him that the enterprise would pay a good dividend with this, its first year's run, and would be a great enterprise in future years. Not only is it doing this, but it is giving a home market for cotton thus knocking out some of the middlemen who must be supported with the old methods.

The Dowling family made many friends during their residence with us who remember them kindly, and who will be glad to learn that they are doing nicely.

Speaking further of his visit Mr. Byrd says that Alabama does not look like the country he left left a few years ago. Instead of hunting new lands and new countries, the people have learned how to build up and improve what they have, as a result of which old Alabama is becoming one of the agricultural sections of the south, with a prosperous and happy people.

EUCALINE

You will not have the best if you fail to get EUCALINE for Malaria, Chills and Fever. It acts on the liver and bowels and relieves the system of the cause, pleasant to take.

FIFTY CENTS by YOUR DRUGGIST Stripling, Haselwood & Co.

SENATOR S. M. KING GIVES AN INTERVIEW.

Upon Recent Visit to Beaumont, Enterprise Catches Him in Following Interview.

Senator S. M. King and J. J. Greve visited Beaumont this week, and while in that city Mr. King got into the "spot-light" with the following interview which the Beaumont Enterprise extracted from him:

Senator S. M. King of Nacogdoches does not favor a special session of the legislature. Senator King is spending a few days in Beaumont on personal business.

"I do not see any reason for a special session of the legislature," said Mr. King last night. "While it is true that the election laws need amending I do not think the need is so great as to justify a special session. It would be very expensive to hold a special session of the legislature and once such a session is convened it might last a great deal longer than some might think. Of the two evils, I think allowing the election laws to stand as they are is the lesser."

Senator King declared that he was heartily in favor of the administration's preparedness program. He believes the struggle in Europe has emphasized the importance of preparedness.

Senator King is serving his first term as Senator. He was elected in 1914 for four years, and therefore will not be directly interested in the election this year.

Industrial and agricultural conditions in the Nacogdoches country are better than they have been in many years, Senator King declared.

"We are undergoing a change in that section," said the senator. "A few years ago the farms were practically depopulated and the people flocked to the saw mill. When the timber began to thin out and the mills began to reduce their forces and the people went back to the farm and started all over again, and now they are beginning to reap the benefits of their labors. The crops have been fine this year. Especially is this true of peanuts. The growing of peanuts is coming to a considerable industry in that section. Farmers are finding that they can make more money growing peanuts than cotton. The peanut hay makes a fine feed and a ready market is found for the nuts."

Senator King will probably return home Thursday.

For Rheumatism.

As soon as an attack of rheumatism begins apply Sloan's Liniment. Don't waste time and suffer unnecessary agony. A few drops of Sloan's Liniment on the affected parts is all you need. The pain goes at once. A grateful sufferer writes: "I was suffering for three weeks with chronic rheumatism and stiff neck, although I tried many medicines, they failed, and I was under the care of a doctor. Fortunately I heard of Sloan's Liniment and after using it three or four days am up and well. I am employed at the biggest department store in S. F. where they employ from six to eight hundred hands, and they surely will hear all about Sloan's Liniment."

—H. B. Smith, San Francisco, Cal., Jan., 1915. At all druggists.

A PRETTY WEDDING

From Thursday's Daily:

A pretty and most impressive wedding occurred at Christ's Church last evening when Mr. Graham Preston Stewart led to the sacred altar Miss Mamie Ethel Blount, and the happy couple was united in marriage by Bishop Kinsolving of Austin.

The church was lighted with

andles, and the color scheme was orange and white. As a prelude Mrs. Claib Johnson sang "Because," and Mrs. Robert Lindsey played the wedding march. The bride entered on the arm of her brother, Dr. E. A. Blount of Dallas, and was attended by Miss Tassie Polk of Beaumont as maid of honor, and her sister, Miss Laura Blount, as bride's maid. The groom was attended by his brother, Malcolm Stewart, as best man. The flower girls were Misses Rosine Sharp and Anna Mary Blount, with little Mamie Ethel Blount acting as junior maid of honor, and Misses Rosine and Elizabeth Blount as trainbearers.

After the ceremony a reception was tendered the wedding party and relatives at the home of the bride's mother, Mrs. E. A. Blount.

Mr. and Mrs. Stewart departed on the night train for a bridal tour to the East, during which they will visit New York and other places of interest.

The fair bride is the daughter of the late E. A. Blount and his good wife who is still spared to us. She is a beautiful young lady of great refinement and culture, possessing all the sweet traits of character and refinement that go to make up the most gracious type of Southern womanhood. The groom is a promising young man of Fort Worth where he is employed as assistant cashier of the Farmers and Mechanic's National Bank, and like the fair bride he has won a host of friends in the circle of his acquaintance who join the friends of his wife in congratulations and good wishes.

To Cure Children's Colds.

Keep child dry, clothe comfortable, avoid exposure and give Dr. Bell's Pine-Tar-Honey. It is pleasant, soothing, antiseptic, raises phlegm and reduces inflammation. The first dose gives relief, continued treatment with proper care will avoid serious illness or a long cold. Don't delay treatment. Don't let your child suffer. Get a bottle today. Insist on Dr. Bell's Pine-Tar-Honey. 25c at druggists.

CAN PAY SCRIP.

County Treasurer Fall authorizes the Sentinel to say that he can pay road and bridge scrip to 4581; jury scrip registered to 9001; general scrip registered to 1981.

Any little wound or abrasion of the flesh occurring in cold weather that is not promptly treated becomes a bad sore and is difficult to heal. Apply Ballard's Snow Liniment at once when such accidents happen. The wound heals promptly and soon does away with the annoyance of a bandage. Price 25c, 50c and \$1 per bottle. Sold by all druggists.

MARRIED SUNDAY.

Clark Sparks and Miss Virgie Noble, living several miles south of the city, were married yesterday, Esquire Frank Huston officiating.

The Sentinel joins friends of the happy couple in congratulations and good wishes.

Liven Up Your Torpid Liver

To keep your liver active use Dr. King's New Life Pills. They insure good digestion, relieve constipation, and tone up the whole system—keep your eye clear and your skin fresh and healthy looking. Only 25c at your druggists.

J. B. Lilly, ex-commissioner and a prominent citizen of the Appleby country, was a visitor to the city Saturday afternoon. The present Commissioner of the Appleby and Garrison beat, C. R. Brown, deciding not to make

GAS IN THE STOMACH

Is a symptom of impaired digestion. To neglect digestive trouble is to bid high for disease in the kidneys as these diseases all start in bad digestion. Take

PRICKLY ASH BITTERS

It is a corrective medicine for all disorders in the digestive organs. It quickly checks sour stomach. Gas or wind in the stomach or bowels, heartburn, bloated feeling, belching, bad breath, dizziness, headaches and a constipated habit. If you have any weakness in your digestion, take Prickly Ash Bitters. It relieves all distress immediately and if used for a reasonable period it cures permanently.

Sold by all Dealers in Medicine.

Price \$1.00 per Bottle

Prickly Ash Bitters Co. Proprietors St. Louis, Mo.

Stripling, Haselwood & Co. Special Agents.

the race for re-election, Mr. Lilly is being strongly solicited to make the race. During his tenure of office Mr. Lilly made one of the best commissioners the county ever had, and his election would insure the continuation of the good service. Mr. Brown is also making a good commissioner, but his private affairs conflict with him making the race again, so the Sentinel is informed, and in the event he can not make the adjustment to enter the race for re-election to second term, there is a general demand for Mr. Lilly.

How to Cure Colds.

Avoid exposure and drafts. Eat right. Take Dr. King's New Discovery. It is prepared from Pine Tar, healing balsams and mild laxatives. Dr. King's New Discovery kills and expels the cold germs, soothes the irritated throat and allays inflammation. It heals the mucous membrane. Search as you will, you cannot find a better cough and cold remedy. Its use over 45 years is a guarantee of satisfaction.

Mr. and Mrs. G. W. Chrouch, formerly of Temple, arrived in the city this morning, and are moving out to a farm which they recently purchased. Mr. Chrouch has been engaged as associated press editor of the Temple Telegram for a number of years, but tiring of the work which confined him so closely, and which is so taxing, has decided to try the farm awhile and get back close to nature. He comes to us highly recommended and is agentleman of pleasing bearing who will doubtless make the community a good, progressive citizen.

A dry, hacking cough is hard on the lungs, often causing them to bleed. Ballard's Horehound Syrup is a healing balm that quickly repairs damage in the lungs and air passages. Price 25c, 50c and \$1 per bottle. Sold by all druggists.

Farm For Sale.

160 acres of fine red and bottom land. Situated about nine miles east of Nacogdoches and about two miles of melrose. Has two sets of four-room houses. Ninety-five acres in cultivation, balance in pasture. As fine piece of redland property as there is in the country. Made seven-hundred gallons of ribbon cane syrup, twenty-five bales of cotton and six hundred bushels of corn last year. Who wants it? See J. J. Haltom or call at the Sentinel office. 7-3drwf

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."
—Mrs. FRED BEHNKE, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."
—Mrs. THOS. DWYER, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."
—Miss IRENE FROELICHER, 1923 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

A BUSINESS CHANGE.

Zeno Cox, Jr., has sold his tailoring business and cleaning and pressing establishment to T. J. Kinsey, who took possession this morning.

Mr. Kinsey has been connected with the big store of Mayer & Schmidt for many years, and is a fine salesman and a good business man, insuring that he will keep the tailoring house up to the highest standard of such institutions and enjoy a flourishing business.

Mr. Cox has rented the Dr. Pierce building in which he will open up with a complete and up-to-date line of clothing and gents furnishing goods as soon as his stock can arrive, thus adding a new establishment to the commercial life of the city.

Mr. Cox engaged in the tailoring business of this city in 1901, and by good business methods, close application to his business, and giving a square deal to all, built up a trade of which any man might be proud, and through which he has prospered. With his new line he will have opportunity for the development on a larger scale and will soon take his place with the leading merchants of the country.

Mr. Kinsey will do likewise because he possesses the same elements of good life and enjoys the same good confidence with the people of the trade community of Nacogdoches, giving to the city two live firms in place of one.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—Indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Ollie Strode, a well known citizen from Appleby, was a visitor to the city. Mr. Strode is seriously entertaining the idea of making the race for county treasurer of Nacogdoches county and if he definitely decides to enter the race, his announcement will be forthcoming within the next few days.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" is Harmless To Clean Your Sluggish Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

INTERESTING REVIEW OF PARSONS CASE.

Clue as to Whereabouts Was Reached—Insurance Paid History of Case

The Sentinel takes the following review of the Parson's case, which is the absorbing topic of interest in East Texas just now, from yesterday's issue of the Houston Chronicle:

Letter Gives Clue.

A clue to the whereabouts of Parsons is understood to have resulted from a letter he wrote inquiring about the income of the suits. The handwriting was identified by Judge E. J. Mantooth, who traced Parsons to Arizona, where he had enlisted in the army. The company to which Parsons belonged, had in the meantime been transferred to California, and Judge Mantooth followed there, with the result as stated.

Details of Explosion.

The explosion at Lufkin, March 2, 1913, wrecked the freight shed and scattered its contents. Plate glass windows and other windows were shattered in dwellings and stores throughout the town.

On the night of the explosion young Parsons and another employee of the railroad had left the station and started to a lunch counter. Parsons excused himself for a few minutes saying he had forgotten to make an entry in a set of books which he had been keeping for a fraternal insurance company. He stated that he would join his companion at the lunch counter in a few minutes. He returned to the station, which in a very short time afterwards was wrecked by the explosion.

Insurance Settlements.

Insurance suits and settlements on policies held by Parsons have been made as follows: National Life Association, judgment for \$7375, settled by payment of \$6750, after the case had been affirmed by the Galveston Court of Appeals, but before the case reached the Supreme Court.

Knights of Honor paid \$1850 on policy for \$2000 without lawsuit.

Modern Maccabees, policy for \$1000, paid in full. Knights of Maccabees judgement for \$3000, affirmed by Galveston Court of Appeals, now pending in Supreme Court.

Angelina County Benefit Association for \$653, trial before Judge Clark Wren in Harris County Court of Law, with judgment in favor of the defendant insurance company.

When Parsons disappeared the Knights of Honor and Modern Maccabees wrote to attorneys representing the beneficiaries of Parsons asking for six months time in which to investigate the matter, agreeing that at the end of six months, if they failed to produce satisfactory proof that Parsons was still alive they would pay the claims without contests. The six months elapsed and though Pinkerton detectives worked on the case, no proof that Parsons existed was carried out their agreements and paid the claims through Attorneys Bacon of St. Louis, who came to Houston to make the settlements.

Interesting Proof By Doctors.

An interesting phase of the litigation growing out of insurance claims was testimony by prominent doctors of the state, who after making an analysis of the blood found at the scene of the explosion.

Another interesting detail was the unblemished record of young

Parsons, whose father was an itinerant Methodist preacher. At the age of 14 years, the boy, at the death of the father, became the head of the family. He was held in the highest esteem by the entire community. On the night of the explosion Parsons accompanied his sister to church, from which place he had but recently returned when the explosion occurred.

The Houston, East & West Texas Railway company paid out large sums in settlement of property damages due to the explosion. One suit against the company by M. D. Cavanaugh, resulted in a verdict for personal injuries in the sum of \$7,500. The verdict as affirmed by the Court of Civil Appeals at Galveston, and is now on approval to the Supreme Court.

Attorney Can't Believe It.

"We just can't believe that Parsons is alive," said Attorney George King, member of the firm of Woods, Harris and King, which has represented beneficiaries of Parsons in insurance litigation, and which firm also represented Cavanaugh in his suit against the railway company.

"The trial of the various suits involved in the litigation developed overwhelming proof of Parsons' death. Prominent doctors analyzed blood found as human blood. Parsons was seen two minutes before the explosion occurred. He not been seen since. Testimony showed that a great throng of people were on their way to the scene of the explosion. Parsons' reputation was splendid. Taking these things into consideration, I can't believe the California report that Parsons is alive, I have just had a phone message from Judge Garrison, who represented the insurance companies, that there does not seem to be the least doubt that Parsons has been located."

Parsons was located through a letter which he wrote to the clerk of the Court of Civil Appeals at Galveston asking the outcome of one of the insurance suits. The letter was signed by an assumed name, but the handwriting was recognized by Judge E. J. Mantooth to whom it was exhibited.

KILLING IN SHELBY COUNTY

We take the following report of a man being stabbed to death in Shelby county from yesterday's issue of the Timpson Times:

"The Times is informed by its correspondent at Arcadia that Jake Nolan, who was stabbed Christmas day by Amos Price, died Monday after a hard struggle for his life. The trouble was at a Christmas tree in the Oak Grove community, and a large number of people were present when Nolan received his death wounds. Authentic reports say the affray happened in this manner: Price and Nolan had a had a misunderstanding about something and after spirited quarrelling they were quieted. Later, Price, who was drinking became very boisterous and Nolan was asked to quiet him. Price resented Nolan's efforts to bring about peace and drew his knife, stabbing Nolan several times, before the horrified spectators could stop him. Both parties are very prominent in that section of the country, and the affair is a very sad one to all concerned.

BEE COUNTY ELECTION IS CARRIED BY PROS.

Corpus Christi, Texas, Jan. 8. With all boxes except one small box which will not affect the result, Bee County today moved into the prohibition column, the pros winning in a heavy vote by a majority of 21 votes. Beeville, the county seat and

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Theford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Theford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Theford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

largest town, gave the anti a majority of 3. Skidmore, the next largest town, and where the anti had expected a big lead, gave the anti but a majority of 17 votes. All other boxes voted prohibition majorities. The election will remove nine saloons from the county and will go into effect about Feb. 20.

SOOR, ACID STOMACH, GASES OR INDIGESTION

Each "Pape's Diapiesis" dissolves 3000 grains food, ending all stomach misery in five minutes.

Time it takes to get all stomach distress will pass. No indigestion, heartburn, sourness, or belching of gas, acid, or eructations of undigested food, no dizziness, headache, faint breath or headache.

Pape's Diapiesis is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach remedy in the whole world and besides it is harmless. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapiesis from any drug store. You realize in five minutes how needless it is to suffer from indigestion, especially of an stomach disorder. It's the quickest, surest and most beneficial stomach doctor in the world.

LUMBER CO. FORMS \$100,000 CORPORATION.

The San Augustine Lumber Company of Keltys, Angelina County, with a capital stock of \$1000,00, yesterday filed charter with the secretary of State. The incorporators of the company are: S. W. Henderson, Eli Wiener and J. H. Kurth. Other charters filed during the day were:

An amendment was filed by Schultz Oil Company of Houston, increasing its capital stock from \$60,000 to \$75,000.

Certificate of dissolution was filed by the Democratic-Voice of Coleman.

Proof of final payment of capital stock was made by the Cameron Hospital Post Graduate School of Operative Surgery and Training School for Nurses of Cameron.—Austin American.

A CORRECTION.

My article in yesterday's Sentinel stated that is the suggested improvements were made, a mercantile establishment carrying \$130.00 a year on their premiums.

This paragraph should have read as follows: "This means that a mercan-

till establishment, carrying \$100,000 insurance will save \$130.00 a year on their premiums."

Respectfully,
F. H. INGRAHAM.

Furs Furs Furs

We are paying more for raw furs than you can get from any other market. And if you are not selling your furs to me we are both losing money. Send me a trial lot and let me show you how much I am paying.

"Buffalo Bill, where do you get saddle and pads for your Rough Riders?"
"From Waco, Texas; made by Tom Padgett Co.—forty-eight years in business—they don't hurt your horse."

(Padgett's ad has been carried by the Haltom papers 40 years.)

Now Time to Re- new Your Office and Start the New Year Right

WITH A BRAND NEW SET OF BOOKS AND OFFICE SUPPLIES.

OUR LINE OF LEDGERS, JOURNALS, CASH BOOKS, DAY BOOKS, AND IN FACT GENERAL OFFICE ACCESSORIES ARE UNEXCELLED IN THE CITY.

Give us a trial, we want your business.

Stripling, Haselwood & Co.
EAST TEXAS' LARGEST RETAIL DRUGGISTS.

R. O. Lout writes the Champion from Nacogdoches to ask us to send him the paper. He has recently moved from the Shelbyville country to Nacogdoches—Center Champion.

Oscar Haris, a prominent planter from the Garrison country, was a visitor to the city Saturday, and made this office a pleasant call while here.

Rev. J. H. Helpinstell, pastor of the Melrose circuit, in company with his son, was in town today.

Mr. and Mrs. M. C. Thomason of Center are visiting with relatives and friends in the city. These good people are natives of Nacogdoches county, and have many friends here who are pleased with the opportunity to see them again.

I still need 750 pieces of fur this month. I will pay the highest market price. Bring your furs in quick while the market is good.

A ZEVE, opposite Hazel Bldg. Nacogdoches, Texas

From a note from J. C. Stalling, ordering his paper changed from Garrison to San Antonio, the information is gathered that Mr. Stalling has engaged in business in the Alamo City, and is highly pleased with his new location. Mr. Stalling was formerly engaged in business in Garrison, and has many friends over East Texas who hope that prosperity will attend him in his new field of labor.

To the Public:

I have made arrangements to do business during 1916 and am prepared to give you better bargains than ever. After taking a stock—we are willing to close out our line of fall and winter goods at a great discount. They must go to make room for the spring and summer goods which will arrive soon.

Thanking you for your business in the past and asking for a continuance of the same, I am,
Your friend,
S. MINTZ

FOR COUNTY COMMISSIONER

The Sentinel is authorized to announce John W. Byrd as a candidate to the office of county commissioner of Nacogdoches beat No. 1, subject to the action of the democratic primaries.

Mr. Byrd is serving his first term of the present tenure, and is making the beat a most worthy commissioner. He is an advocate of an economical administration, yet not penurious, and looks after the county's business with the same interest that he would his own personal affairs. If re-elected, we will continue to have the same good representation in him.

John L. King returned from a little visit with relatives at Garrison.

We are going to put on Specials every Monday, Tuesday, Friday and Saturday. You will make money by watching these specials.

For the coming Friday and Saturday we will make the following prices:

12 yards, 36 in., Hope Bleaching for \$1.00;
20 percent discount on all towels.

For Monday and Tuesday the 17th and 18th of this month we will sell:

White Bed Spreads, less 20 per cent a real nice assortment to select from, Hope 36in. Brown Domestic for 6½¢ per yard.

THOMAS & RICHARDSON

Mr. Norman Muckieroy was an arrival in the city today from Nacogdoches and has accepted employment in the job printing department of the News. He has been with the News before in this capacity, and has a number of friends here who will be glad to meet him.—Lufkin News.

Constipation leads to liver trouble, and torpid liver to Bright's Disease. Prickly Ash Bitters is a certain cure at any stage of the disorder.—Stripling Haselwood & Co., Special Agents.

WILSON REFUSES

TO NAME NEGRO.

Washington, Jan. 10—President Wilson today refused to appoint negro recorder in District of Columbia, a place long held by negro men. He so informed Bishop Alexander Walters, president of the Colored Democratic League. Southern Democrats in the Senate had served notice that a negro could not be confirmed.

FIFTH SUNDAY MEETING

The Fifth Sunday Meeting of the Congregational Methodist Church of Nacogdoches district will meet at Pergah C. M. Church Friday night Jan. 28th, with the following program:

Sermon by S. A. Stevens.

Saturday, 10 a. m., "Does the Bible Require of Us Purity of Heart and Life for Divine Acceptance?" W. V. Perry.

11 a. m., "The Necessity of the New Birth," Marvin Wright.

3 p. m., "What Must a Young Christian do to Keep Sound?" Miss Sid Phillips.

7:30 p. m., "Does the Bible sustain a Congregational Form of Church Government?" W. H. Hartgreaves.

Sunday, 10 a. m., "The Purpose of, and for Whom is the Lord's Sacrament?" E. Helpinstell.

11 a. m., "Mode and Purpose of Water Baptism," W. F. Carnes.

3 p. m., "The Nature and Purpose of Christ's Death," B. G. Carnes.

7:30 p. m., "The Relation of Christ to the Church," A. G. Smith.

COMMITTEE

MASONIC NOTICE.

There will be a called communication of Milam Lodge No. 2, A. F. & A. M., Wednesday evening for work in Master's degree, and a good attendance is desired. Sojourning Masons cordially invited.

H. F. WILSON, W. M.

Miss Mattie Sanders has returned home from Doucette, where she went to visit with her brother.
