### APPROPRIATIONS FROM MILLION-DOLLAR FUND.

#### Nacogdoches County Gets Good Block—Increase For Some Districts.

County Superintendent Strippling is in receipt of a letter from State Superintendent W. F. Doughty informing him that aid had been appropriated in the following amounts to the schools named in Nacogdoches county:

Lilbert No. 42	\$500.
Martinsville, No. 16	400.
Oak Ridge No. 17	450.
Attoyac No. 32	385.
Lone Star No. 64	250.
Blake No. 66	350.
Appleby Ind., D.	400.
Happy Land No. 68	200.
Smyrna, No. 46	250.
Maytown Ind. D.	300.
McKnight No. 7	250.
Woden No. 23	450.
Nat No. 12	300.
Cross Roads No. 45	300.

TOTAL \$4,785.

At the meeting of the State Board in November the following amounts were given, mention of which were made in this paper:

Swift No. 1	\$400.
Friendship No. 11	325.
Harmony No. 15	300.
Martinsville No. 16	250.
Oak Ridge No. 17	300.
Mahl No. 20	250.
Alazan No. 28	300.
Trinity No. 40	450.
Shady Grove No. 41	350.
Clear Branch No. 44	125.
Jamesville No. 50	300.
Hickory Flat No. 55	200.
Morell No. 57	150.
Blake No. 66	250.
Sacul No. 70	350.
Appleby Ind.	300.

TOTAL \$4,605.

It will be noted in comparison of the two lists that an increase of amount has been granted of \$150 for Oak Ridge, \$100 for Blake, \$100 for Appleby and \$150 for Martinsville.

In addition to these appropriations \$1250.00 has been appropriated for agricultural purposes from the \$50,000.00 industrial fund appropriated by the state, which has been appropriated, Nat \$750, Chireno \$500.

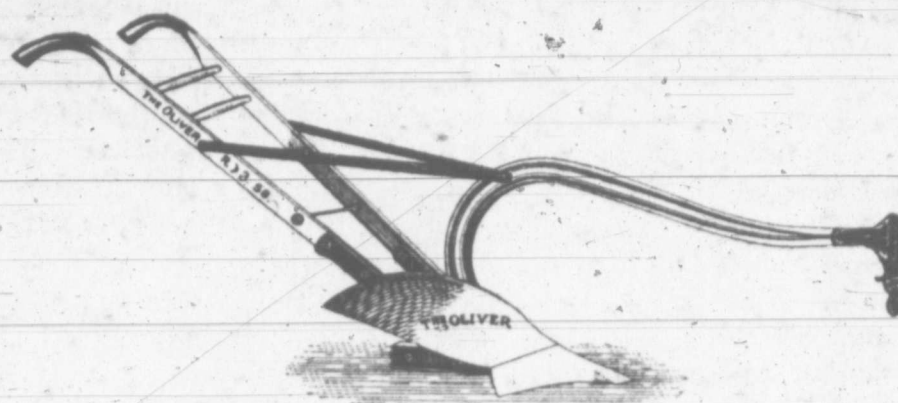

In the aggregate amount this makes \$10,640.00 of new money Superintendent Strippling has captured for the rural schools of Nacogdoches county which will contribute much new life and usefulness to the educational interests of the county, and for which he is to be congratulated.

Up to the present the State Board has appropriated \$290,000.00 of the \$500,000.00 to be appropriated for the rural schools of this year. This leaves \$210,000.00 yet to be appropriated, and Superintendent Strippling expects to exert every effort possible to raise these appropriations and make it possible for our schools to run at least seven months in the year.

There are yet four or five applications for State Aid before the Board that will be acted upon favorably at a later date, which will make about thirty schools receiving state aid.

A strong effort is being made by Woden for aid to enable them to establish an agricultural demonstration station.

Miss Annie Nash, who recently had an operation performed for appendicitis, was able to be moved from the sanitarium to her home yesterday, and is reported to be doing nicely.

## The Genuine Oliver

We do not have to tell any man who has ever used an OLIVER "just why" the OLD GENUINE is the best plow for him to use. But we do want to talk to you—if you happen to be one of the very few who have not yet "Followed in the Trail" of one of the Old Reliable Olivers.

The man who has used the GENUINE OLIVER knows that it will "turn the sticky, gummy spots" where many other plows would "choke." He knows that it will "scour" clean, run light, and handle easily. He is more than satisfied with his OLIVER. Are you satisfied with the plow you have been using? If not come to our store at once and get a GENUINE OLIVER. Give it a fair trial and then smile with the other OLIVER users.

It's a "cinch" and we guarantee that you'll be well pleased.

### C. I. A. COURSE IN HOME ECONOMICS.

Over thirty canning club demonstrators responded at Denton.

The three weeks course in Home Economics is being conducted at the C. I. A. and is attended by between thirty-five and forty Texas canning club and demonstration agents. The course is given by faculty members of the college and in cooperation with A. & M. ideas, and during the second week Extension Director Clarence Ousley, of the A. & M. will be here to lecture.

The course as planned by the College of Industrial Arts includes practical demonstration in cooking, sewing, basketry, etc., in the college laboratories, with lectures in dairying, poultry, bacteriology, and demonstrations in modern labor-saving devices which may be installed in every farm home. Prominent Texans who will appear on the program include Governor Ferguson, who has been invited Jan. 19th; President W. B. Bizzell of A. & M. College; Extension Director Ousley on Jan. 17th; Miss Bernice Cartar, state agent and director of canning club work in Texas, who will attend throughout the course and will address the evening program Jan. 17, as will also C. M. Evans, specialist in charge of local short course work for the A. & M., and Mr. W. F. Proctor, state agent in charge of farm demonstration for the same college whose subject is "Co-operation of County Agents" from the United States Department of Agriculture will be at least three representatives, Mr. J. L. McLain from the Bureau of Animal Industry who will speak on "Butter Making on the Farm Home"; O. B. Martin, chief of the canning clubs and home demonstration work of the U. S. who will speak on the "Outlook for Club Work"; Miss Ola Powell, also of the U. S. Department of Agriculture, who will give the principal address Friday, Jan. 22, speaking on the subject, "Special Packs and Labor-saving Devices."

The following have enrolled at the College of Industrial Arts for the Home Economics course which begun Jan. 10, and continues to Jan. 31: Miss Bernice Carter, state agent, College Station; Mrs. Clara Bagwell, Wharton; Mrs. May Click, Beeville; Mrs. Cora Cross, Fort Worth; Mrs. Gertrude Davis, Waxahachie; Mrs. Cassie Ferguson, Corsicana; Miss Ruby Fincher, Hereford; Mrs. Daisy Frazier, Springfield; Miss Pirdie Griffin, Burk Bennett; Mrs. L. G. Gaston, Jefferson; Miss Kate Lee Hendley, Temple; Miss Mary Holloway, Victoria; Miss Edna Huffaker, Bonham; Miss Ethel Hale, Coleman; Mrs. Gussie Latimer, Marshall; Miss Mary Locke, Zack; Miss Mary Sue Maddox, Weatherford; Mrs. Beulah Marshall, Dallas; Mrs. Edna Wilkinson, Edna, Texas; Mrs. Lucas Vaden, Sherman; Miss Lilla Pearce, Jourdanstown; Miss Lillian Shackelford, Jefferson; Miss Annie Reed, Fairbanks; Miss Osborne, Harris; Miss Lula Martin, Stephenville; Mrs. Cora Martindale, Lockhart; Mrs. Beulah Murphree, Mt. Pleasant; Miss Eta Bellard, Orange; Miss Bess Mason, Nacogdoches; Miss Immogene Neely, Roscoe.

It is stated the four of the county demonstrators are former graduates of C. I. A., Miss Ruby Fincher 1915; Miss Mary Holloway, 1914; Miss Lilla Pearce, 1914; Miss Bess Mason, 1915.

### MARRIAGE LICENSES.

She comes into a world already well-supplied with friends, who will unite in wishing her a long and prosperous voyage upon the sea of life.

### FAMOUS SAPP CASES

#### CONTINUED FOR TERM.

#### Counsel for Defense Moves For Postponement and Motion Was Granted

The following report of the Sapp cases, called for trial at Lufkin is taken from yesterday's issue of the Lufkin Daily News:

The general public is quite familiar with the notorious case of the Sapp brothers set for trial in the Angelina County District Court, being charged with murder upon various counts. The cause of action came up yesterday morning before Judge L. D. Guinn, and after the day had been spent in argument of counsel upon either side, adjournment was taken until morning at nine o'clock. During the morning session of court attorneys for the defense presented a motion for continuance, based chiefly upon the ground of absent witnesses considered material to the progress of the trial. Judge Guinn granted this motion, and the legal machinery already set in motion came to a halt. Hundreds of witnesses, veniremen and interested spectators are leaving the city of Lufkin today for their various homes scattered throughout East Texas. It may be said in this instance that the curious public has been somewhat disappointed in the matter, as they expected to linger around the court room and "drink" in every parcel of testimony offered, but the plain public can only accept matters and things as they happen to transpire through the judicial channels.

As The News gathers the information, this celebrated trial will be called again in Angelina County on Tuesday morning, May 2nd, at 9 o'clock. At that time the city of Lufkin will be flooded with visitors again, and

it is said that every witness subpoenaed in the cases will be doing himself or herself a splendid service by being on hand. The court will expect this much from every one concerned—and it is safe to presume that this trial will be enacted during the coming spring.

The array of legal counsel represented some of the best known talent in this portion of Texas, and every point, it seemed, was contested to the bitter end. The trial of the case is of such magnitude that most of the larger State papers had special representatives on the scene to report the progress of the same, and these newspaper correspondents are joining the multitude today in climbing on board railroad trains for their respective homes—ready for the next assignment.

The attention of county court is still being taken up with bootlegging cases. In the case of C. C. Cloudy which was on trial when our report was gathered yesterday, a verdict of acquittal was returned. The attention of the court this morning was taken up with Henry Banks, charged with unlawfully selling whiskey, and the jury in the case had not rendered a verdict when this report was gathered today. After dinner C. C. Cloudy was called again in another charge of selling whiskey, and the case was on trial when this report was prepared.

### COUNTY COURT.

The attention of county court is still being taken up with bootlegging cases. In the case of C. C. Cloudy which was on trial when our report was gathered yesterday, a verdict of acquittal was returned.

The attention of the court this morning was taken up with Henry Banks, charged with unlawfully selling whiskey, and the jury in the case had not rendered a verdict when this report was gathered today.

After dinner C. C. Cloudy was called again in another charge of selling whiskey, and the case was on trial when this report was prepared.

### COUNTY GINNER'S REPORT.

The Ginners Report for Nacogdoches county shows that up to Jan. 1, 1916, 12,530 bales of cotton have been ginned as compared with 15,016 up to this date last year.

### WERE PINCHED HERE.

The correspondent of the Beaumont Enterprise who came to Lufkin to report the trial of the Sapp cases, also makes a report from Nacogdoches as follows:

Lufkin, Texas, Jan. 16.—In spite of the efforts of the city marshal of Nacogdoches, the Sapp special carrying about 150 witnesses for the Sapp murder trial which begins in the District Court here tomorrow reached Lufkin intact and on time this afternoon at 5:30. It looked for a time as though the arm of the law at Nacogdoches was going to tie up the special overnight.

A friendly dice game in progress in the smoker while the two cars were waiting at Nacogdoches to be picked up by Southbound H. E. & W. T. unlimited freight was raided by the city marshal and nine witnesses in the Sapp case arrested.

The officer threatened to arrest every one on both cars and make them stay over in Nacogdoches for court Monday morning, but Sheriff W. C. Jordan interceded and got the number reduced to the nine who were in the smoker at the time the raid was made. Further argument on the part of the sheriff got all of those arrested released except the two actually engaged in rolling the bones. Those two pleaded guilty and each of them left \$18.30 in Nacogdoches.

Mr. E. C. Branch of San Antonio arrived in the city yesterday for a little visit with relatives and friends. Previous to his removal to the Alamo City, Mr. Branch was a citizen of this city, being prominently connected with the industrial and business life of the town, and has many friends here who are glad to see him again.

## THE FRIGHTFUL TOLL.

A Boston editor impresses upon us one of the frightful consequences of the European war, as follows:

"Four million men gone! Think what it means! Try to count them! It takes all day for a procession of 40,000 men, marching abreast from curb to curb on Washington Street, to pass a given point. It would take 100 days to watch the ghost of those 4,000,000 men to pass in procession of dense ranks, from curb to curb on Washington Street, if they marched all day, every day, including holidays and Sundays.

"But that is not all. It does not begin to spell the awful loss to the human race which is represented in the killing and maiming of these 4,000,000 men.

Not 4,000,000, drawn haphazard from the old and young, the strong and the weak, the efficient and the inefficient alike. They are young men, selected for their physical perfection at the period of life most efficient for the procreation of the race and the bearing of the burdens of civilization. It is the very vitals of the white race that are dying."

In commenting upon a historical sketch of Chireno which appeared in yesterday's paper, Dr. Mayfield, one of the best posted men of the early history of the country and a most scholarly gentleman who is equally well informed on current events offers a correction in the spelling of the name of the place from which it was named. The town is located on the old Spanish land grant which is spelled Chirino, while the official name of the town is Chireno. From him we also learn that the tax assessors and collectors have long had trouble in keeping the name of the grant spelled properly, confusing the old name with the new.

There is no news value in the statement that it is cold today, with the thermometer ranging down below the freezing point, and sleet falling, to the people in the range of the freeze—but it is a fact.

The limit of time in which to make legal and valid settlement of your poll tax is rapidly drawing near. Make haste and get the matter off hand and let's focus our attention to some of the other work that will further develop our good old town and country.

Notwithstanding that "civilization" has been restored in Mexico, and its government officially recognized the Mexican continue to kill Americans at every opportunity, the latest toll numbering nineteen. And another "note of protest" goes forward.

The News editor is penitent; he is sorry he did such a thing, and will never be guilty again. How will that do?—Lufkin Daily News.

That will do for the present—but we warn you to be careful "an old sore is easily hurt," you know.

The Sentinel has had trouble of its own today. With the ad man sick abed two hours delay in machine trouble, and the weekly edition with some big ads to set and correct, we have had more than we could systematically or in any other way handle, and any shortage of today's paper is chargeable to these unforeseen and unavoidable and unforeseen circumstances.

From an exchange the information is gained that there is a chicken law in the state of Indiana providing that when chickens wander away from their owner's premises and engage in tearing up a neighbor's yard or garden they automatically become wild birds and the aforesaid neighbor may shoot them. How would you like to have a "hunting preserve" of this kind?

With the erection of one of the most modern hotels in the South, and the passing and putting into operation an ordinance against "jay-walking," Beaumont is coming around with the metropolitan airs, for all of which we congratulate the "Queen City of the Neches." With its deep water, oil and lumber interests, together with its many other resources and progressive citizenship united in everything that will further the interests of the town, Beaumont is destined to become one of the leading cities of the South.

## "THE FAMILY CIRCLE"

How often it happens that the father, mother, sister and brother live a life of indifference around the fireside. The father comes home from his place of business and expects his supper meal ready when he arrives. After eating if he doesn't go to lodge meeting, he repairs to the easiest chair and indulges in a long, dreamy smoke. The wife after clearing the table, takes her place at the corner, near where the family cat sits. The son who comes in near, or after midnight, retires to his room unnoticed. The daughter and sister, if not entertaining in the parlor, is buried in a Bertha M. Clay.

There seems to be no affection in the home. But now, the grim reaper calls a member, three hearts are broken and the home grief stricken, and all manifest a great and sacred love for the lost member, but alas! too late.

And that reminds us, how some treat their little home daily which is indeed a member of the family. They pick it up and read mechanically through in search of a report of some great local catastrophe, murders, destructive fires or some other kind of great calamity. If they don't find it, they throw the little daily down with an oath, when they should pass it gently on to the other members of the family and tender thanks to God that another day has passed without any great misfortunes to anyone. And like any other member of the family if the little daily fails to reach the fireside one night, there is much sorrow in the home and then a true regard for the little daily is expressed.

MORAL—Manifest your love for your family when with them, and don't forget to keep the "little daily" coming home every night.

Wm. A. Skillern, an excellent old gentleman of LaNana, is in the city today renewing acquaintance with his many old friends. Mr. Skillern's father is said to have been the first settler of Melrose, locating at that place in 1835.

## SAINTED OLD MOTHER IS NOW AT REST.

Grandma Cooper died at the home of her daughter, Mrs. Hamilton, in this city, last night after a lingering illness with pneumonia. Funeral services will be held from the residence by Rev. C. A. Westbrook at 3:30 this afternoon.

Grandma Cooper is the widow of the late J. D. Cooper who preceded her to the grave some 18 or 20 years. She is in the eighty-seventh year of her age, and has been a member of the Baptist church seventy-two years, in which she has always lived a consecrated Christian life, and was loved and admired by those who knew her. She is survived by a son and a daughter, Tim Cooper and Mrs. Hamilton, making her home with the latter.

It is said of this good lady that she is possibly one of the oldest continuous church members in the city, as well as one of the most consecrated Christians, and the good influence of her beautiful life will be missed by many, but having been overtaken by affliction, and the weight of her great age which was bearing so heavily upon her, she is entitled to the "port of refuge" which the poet so beautifully describes in the following lines:

"Death is the port where all may refuge find,  
The end of labor, entry into rest;  
Death hath the bound of misery confin'd  
Whose sanctuary shrouds affliction best."

## "BABY WEEK"

Austin, Texas, Jan. 12—"Baby Health is Texas wealth" is the slogan whose true import bids fair to be forcibly driven home to the citizens of Texas during the week March 4 to 11, if the combined efforts of the General Federation of Women's clubs, the Children's Bureau of the United States department of Labor, the Texas Federation of Women's clubs and the Divisions of child Welfare and Home welfare of the University of Texas prove strong enough to accomplish this purpose. This week has been set aside at the request of the General Federation of Women's clubs, as a nation-wide "Baby Week," and every town and city in the nation is urged to hold an educational assembly in the interest of better babies.

Professor Mary Gearing, chairman of the School of Domestic Economy of the University of Texas, has been appointed by the Children's Bureau as state representative to work with the Texas Federation of Women's clubs in the interests of the week. She will co-operate with the various branches of the Federation of Clubs in an effort to kindle a keen interest among the women and men of Texas cities and towns in having their communities represented in the national effort to protect babies and prove that "Baby Health is Texas Wealth."

Specific suggestion for the organization of local "Baby Weeks" have been issued by the Children's Bureau of the Department of Labor, and the Division of Home and Child welfare of the University have compiled a bulletin along the same lines, but adapted more especially to Texas and further aid will be supplied by the University to all clubs requesting them. Mrs. Fred Flem-

## ONE DOSE RELIEVES A COLD—NO QUININE

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and sniffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store.

ing, President of the State Federation of Women's Clubs in Texas has been issued a letter to the chairmen of Women's clubs throughout the state, earnestly requesting them to give the matter of holding "Baby Weeks" in their communities serious consideration. As a result of this action the following cities have signified their definite intention of participating in the national "Baby Week": Waco, Belton, Waxahachie, Beaumont, Galveston, Corpus Christi, Bryan, Whitesboro, San Benito, Temple, Cleburn, San Marcos, Dallas, and Jacksonville.

The success of these "Baby Weeks" has been proven beyond all doubt, and their value in the work of conserving baby health has been declared inestimable by many of the large cities of the east which have held them, including New York, Pittsburg, Indianapolis, Grand Rapids, and others.

## THE DOCTOR

Free Press.  
The doctor he come and he holds my weary hand.

And he says I'll soon be better, and that soon he'll let me stand;

He promises the roses to my cheeks shall come again,

And he laughs away the fever, and he jokes away the pain.

Through the long, long night I suffer; weird the dreams that come to me.

Quaint the thoughts that I am thinking; strange the sights I can see.

But the sunbeams of the morning bring the doctor up the stairs

And the heart of me is lighted of a thousand different cares.

There is courage in the twinkle of his kindly smiling eyes.

And before his merry laughter fly a thousand fears and sighs; And the thoughts that have been dreary change to pleasant ones and gay.

When the good old kindly doctor smiles the doubts and dreads away.

For the doctor he comes singing and he sits beside my bed

And he lifts my weary spirits, as the pillow lifts my head;

And the fever seems to leave me and the pains are not severe

And I'm better for his presence and I'm stronger for his cheer.

The doctor he is clever, sure and certain to his skill.

And his people long have praised him for his work among the ill;

But it's not his wisdom only, that the life life of us insures

And it's not the pills and tonics, but the heart of him that cures.

## DEATH AT GARRISON.

News has been received in the city that R. T. Patterson, a good citizen of Garrison, died last evening at six o'clock.

Mr. Patterson has been in failing health for several months and for some weeks but little hope has been entertained for him to ever regain health. He is survived by two daughters, Mrs. Jarrett who has been making her home, with her husband, in this city for several months, and Mrs. Belton Latimer.

Mr. Patterson was an industrious, progressive and prosperous gentleman and had accumulated considerable property, owning several big farms, a big gin and the light plant at Garrison, a saw mill, three brick business houses and other property, all of which he accumulated by hard work and close management. In the community where he was best known he had many friends who are made sad with his death and with whom The Sentinel unites insympathy for the surviving members of his family.

## GIVES MIDNIGHT ALARM

Farmer Stout was awakened from a sound sleep by the ringing of his telephone bell. The bars of his neighbor, three miles down the turnpike, had been broken into and a driving horse stolen.

The horse-thieves were headed toward the Stout farm. Calling his hands he armed his force, fired them upon the turpicks, captured the thieves and held them until the arrival of the Sheriff.

THE SOUTHWESTERN TELEGRAPH AND TELEPHONE CO. DALLAS, TEXAS

Another campaign that is starting in Texas just now is that of crop diversification for 1916. Through the Texas Banker's Association every affiliated bank in Texas will be urged to use some of its advertising space in the newspapers advising the farmers that the bankers will finance only those who will raise feedstuffs. The commercial organization will be asked to inaugurate a series of educational campaigns in their communities advocating diversification. The wholesale houses of the state will be expected to send letters to the different retail merchants asking them to co-operate in such a movement having for its object "safe and sane" farming. Diversification has meant much to the farmers in the recent past, and it will mean just that much more in the future.—Lufkin News.

## 10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your heat aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

## HALTOM-MAXEY.

Mr. Geo. H. Haltom and Miss Odie Lee Maxey drove to the home of C. A. Westbrook at 3:30 o'clock Sunday afternoon and were quietly married in the presence of a few friends, Bro. Westbrook officiating.

Mr. Haltom is a member of the firm of Geo. H. Haltom and Bro., a well known mercantile firm of city, and is a promising young business man of the city with a host of friends who will rejoice with him in his new-found happiness. His fair bride is an accomplished gracious young lady who is loved and admired by all who know her, and who will make a gracious queen of the new home over which she has been chosen to preside.

The Sentinel joins the many friends of the happy couple in congratulations and good wishes.

Messrs. J. A. Scogin and R. S. Crawford, good citizens of the Appleby country, were pleasant callers at the office Saturday afternoon, coming in to see about their subscription to their county paper.

**Face Washday With a Smile**

GET some **TEXWAX**. Shave off about half a cup full, put it into the wash boiler with the clothes. It makes the dirt fly, and yet cannot harm the most delicate fabric. It eliminates the need for heavy rubbing.

And when you iron, it makes the linen fresh, crisp, and white. The iron slides more easily and reduces the work.

Try it once; you will come back for more, and also find out about the other **TEXACO HOUSEHOLD PRODUCTS**. They are on a par with **TEXWAX** for producing results and saving work. Some of them are:

- TEXACO LIQUID WAX DRESSING**  
For Floors
- TEXACO HOME LUBRICANT**  
For Sewing Machines, Clocks and many other uses.
- TEXACO QCKWORK METAL POLISH**

There is a **TEXACO AGENT** near you. He will be glad to sell you any of our complete line of Petroleum Products.

**COUNTY COURT.**

The attention of county court has so far been taken up principally with bootlegging cases in which negroes are being made to pay the penalty.

A feature of these trials is that a jail penalty is being added which will put them out of business for a little while anyway, and give them time for meditation upon the folly of illicit avocation of which they are being made the toll of the mill of the courts. Cases disposed of are as follows:

Nathan Ballard, unlawfully selling whiskey, plea of guilty, thirty days in jail.

Will McIlwaine, unlawfully selling whiskey, \$35.00 fine and thirty days in jail.

C. C. Cloudy, unlawfully selling whiskey, on trial when this report was prepared at noon today.

J. F. Parmelly of the Trawick country called in today and joined the Sentinel's family of readers in his section.

**AGED LADY DEAD.**

The remains of Miss Rebecca Morrison were laid to rest in the cemetery at North Church yesterday. The funeral service occurred from the residence of L. R. Davis with whom she had been making her home the past three years.

Miss Morrison was seventy-nine years of age, and was an estimable Christian lady who was loved and admired by those who knew her.

**RECIPE FOR GRAY HAIR.**

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

**FEDERAL GRAND JURY INDICTS GEN. HUERTA.**

San Antonio, Tex., Jan. 12—General Victoriano Huerta, his former purchasing agent, Jose B. Ratner, and ten others, were indicted here this afternoon by a federal grand jury for conspiracy to violate the neutrality laws.

Huerta was arrested in New Mexico in company with General Pascual Orozco several months ago while en route to El Paso to take command, it was charged, of an entirely new revolutionary movement in Mexico which supposedly was promoted by the old Cientifico element. He was at liberty in El Paso on bond for a time, but after General Orozco jumped his bond and fled Huerta was arrested as a military prisoner and detained in Fort Bliss. Orozco was later killed in a battle with deputies near Van Horn, Texas.

Reports indicate that Huerta who has been in acritical condition from a complication of diseases, is in no condition to go to trial. He has been at liberty in his home on his own recognition.

Mr. R. Stalling, a good citizen of Garrison, came down yesterday and remained over until today visiting with friends.

Mrs. A. D. Parnell has been among the victims of lagrippe in the city lately, and is confined to her room.

Hon. S. M. King is arranging to go to Alto this afternoon to look after some legal business.

H. A. Dotson, agent for the Caro Northern railroad at Mt. Enterprise, was in the city yesterday looking after some business interests.

**END STOMACH TROUBLE, GASES OR DYSPEPSIA**

"Pape's Diapepsin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get blessed relief in five minutes. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest stomach doctor in the world. It's wonderful!

Mrs. Vernon Matthews left today for Jacksonville to visit her mother and sister at that place.

Jeff Jones of Moscow passed through the city yesterday en route to Dallas where he goes to take a business course.

Senator S. M. King went to Beaumont this afternoon in response to an invitation from the Chamber of Commerce where he will likely be called on for an address tonight before the body. Mr. King is very popular with the people of Beaumont as he is with the people in other parts of the district. He will return here tomorrow.

**WHAT CATARRH IS**

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal-foot and a building-tonic; free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.

R. from Chireno, having caught the train from there on his return from San Augustine, where he held district court Monday for Judge A. E. Davis. Judge Guinn disposed of nine cases in that court the one day he was on the bench, and is now presiding over the special term of his own court here in Angelina County.—Lufkin News, Wednesday.

J. L. Pullen went to Nacogdoches Monday on some legal matters.

Dr. J. D. Ellington came up from Nacogdoches Sunday on account of the illness of his father T. J. Burkhalter went to Nacogdoches on business one day this week.

Prof. J. B. Stripling, County Superintendent, was in Garrison this week looking after our school.

Belton, Latimer went to Nacogdoches on business Saturday, was a business visitor here last week. Mr. Hunt has many friends here.

J. C. Melton, candidate for tax collector, was in town Trades Day shaking hands with his friends and voters.

J. F. Floyd, candidate for treasurer was in town a couple of days this week, meeting his friends and voters. He is the father of our fellow townsman, Oscar Floyd.

The Woodmen are reminded that Sovereign A. A. Seale of Nacogdoches will address the W. O. W. meeting Saturday night and explain the action of the Sovereign convention in raising the rates.

A fine boy was born in the home of E. M. Weatherly Jr. and wife Sunday. His name is also E. M. Weatherly Jr., and he is the fourth E. M. Weatherly living in this county. Weatherly Sr. There is no family more prominent in this county than this family, and no family on earth with a better name, their very name being a tower of strength and honor.

## DEVELOPMENT OF NACOGDOCHES COUNTY.

Does it not sometimes occur to you that development in our county is slow? No doubt it does, for the Mill of Time grinds seemingly slow. But let us just look back down the dim trail of the past and observe a few things that have been done. We don't have to look back over many years of time that have passed to look upon Eastern Texas and Nacogdoches county as a vast wilderness, inhabited only by wild beasts and savage tribes. Then we see a few bold adventurers blazing out trails and building missions; a year or so more and we have a few families of liberty loving people opening up little farms and building little villages, and the old town of Nacogdoches is one of them. Day by day they toiled through many hardships, and day by day the country was converted into a land of traffic and trade. Each year many schools and churches were built. Finally a railroad was built through, which brought many more people in.

Now let us reflect only upon the short space of twenty years time. Thousands and thousands of acres of fertile land has been put in cultivation. Hundreds of modern school buildings have been erected; and each and every community has a church and may have more than one. Great manufacturing enterprises have sprung up like mushrooms in our midst, creating payrolls of thousands of dollars each month. Thousands of miles of the very best roads have been constructed. Our banks are filled with money and our people have comfortable homes where once they lived in shacks; onward we go each year, each month, each day, building, improving and developing.

And here let us say that The Sentinel has not stood idly by all these many years and watched, but has ever stood, day after day with its shoulder to the wheel, always pushing and pulling for the betterment of our community. No worthy enterprise was ever contemplated but that The Sentinel came forth to assist in its development. And we are still going to push and pull, but in order to continue our efforts and get the results we should get, we must ask the co-operation of our readers. And we have been thinking, what should be the first duty of our readers in co-operating with us, and what could they do first that would assist us the most, in furthering the interests of our community, our county, and after due deliberation we have come to the conclusion that the most help could be rendered to us just at this time by our subscribers paying up their subscription, enabling us in turn to publish a better paper.

If you are interested in the upbuilding of our county—if you believe that a live newspaper is one of the most potent factors in this work, we kindly ask you to show your good faith by your works—send us something on subscription, unless you have already done so.

It is supreme folly to engage a fight when you have nothing to fight with.—Austin American. And if you have "nothing to fight with," why should you want to fight?

To the layman it would seem that a very important link had been left out of the law which will punish the man who peddles whiskey and lets the man who furnishes the goods go free. Through a "subterfuge" many ig-

norant negroes are decoyed into violations of the law, while others are enabled to ply the illegal vocation who could do so on their own resources—and there are many men in the county who will "finance" the scheme for a share of the profits.

It was the case of a "drowning man grabbing at a straw," when people of El Paso appealed to Roosevelt for protection against Mexican invasion. He has been stripped of his plumes by an imperishable democracy and spurned by his own household of political faith.

The Overseas News Agency says that Count Tisza, the Hungarian premier, has announced in the Hungarian parliament that Montenegro has asked for peace. Montenegro was asked conditionally to lay down her arms and she has accepted, the premier declared. Let us hope that now one nation has come to reason, others may do likewise.

"It is an obvious fact," says State Topics, Congressman Jeff McLamore's paper, "that if a railroad train, consisting of 12 cars, only one of which were loaded, were run from New York to Houston, the one loaded car would have to pay the cost of transportation for the train." We are rather inclined to the idea that the firm getting the "load" would have to foot the bill.

The ginners report of the United States is out, announcing that 10,643,783 bales of cotton have been ginned this season. This practically gets the crop and shows the greatest shortage experienced in several years, insuring a good price for all cotton on hand—but it does not insure a good price for the next "bumper" crop that may be inspired with the prices prevailing now. Keep this thought in mind, farmer friend.

With the increased facilities we will have when the new buildings are completed, Nacogdoches High School could profitably add a business college department which would bring many boarding students to us, as well as furnish the convenience to those of the community. Tyler Commercial College has contributed more than any single agency in recent years to putting Tyler on the map; a Nacogdoches Commercial College would do the same.

A writer in the Texas Stockman and Farmer has figured it out that there are 7000 leaves on a sixty-foot elm tree. We will have to take his word for it now and forever unless some other expert finds an error in his count. Continuing, the correspondent says that if these leaves were spread out they would cover a surface of 2000,000 square feet or five acres. We will also have to have to accept this statement, as we will have to do in the further comment that over seven tons of water in the form of vapor pass over these leaves into the air within a summer day.

When a man gets along toward 11 o'clock in life he usually begins to seriously to reform his ideas concerning bald heads. In his hirsute youth he is apt to be rather gay, even ribald, in his remarks upon or flings at the bare pates of those whose hair has loosened the silver cords and fallen into desuetude. But as mists and the winters recede the summers come up out of the into the murk, season by season, year by year—as the springs fade and the autumns sift their frost upon the just and unjust—that is to say, when an irrelevant mull begins to lose his youth and his hair, he commences to look upon bald heads with more respect, and to concede to their

proprietors more sympathy than previously was granted. But it is doubtful if women will ever become fully reconciled to bald-headed husbands—State Press, in Galveston News.

The Sentinel gleams from the Garrison News that J. F. Fulghum, a well known liveryman of that town, is in the race for commissioner from Beat No. 3. Mr. Fulghum is a stirring, progressive gentleman who keenly realizes need of road improvement by reason of his experience in the livery business, and is a practical man who would know how to have the work done.

The Signal editor saw the other day an article in Farm & Ranch headed, "How to keep up with turkeys." He did not read the article because he was disgusted with the head line. Once when he was a boy, and only once he tried for three hours to keep up with a turkey, three days before a Christmas, and he couldn't do it.—Tyler Signal.

A dispatch from Washington says "Stone may Move Use of American Troops to Assist Carranza in Crushing Revolt." In the language of one of the erstwhile immortals, let's "Turn Texas Loose." In the absence of the "preparedness" for which the national government is engaged in a policy of "watchful waiting," we can summon enough volunteers to do the work if Uncle Sam will let us do it in our own way.

The town and the country are so closely related that when one prospers the other must prosper also. The more the farm produces and the better the prices the farmers receive, the more business the town will have. The farmer's dollar is the dollar that builds the town and yet the farmer's dollar will not be efficient in supplying his wants unless the town provides a market. Better farming means better business, and better business gives farmer's a better market. Farm and Ranch.

The Sentinel can't agree with Governor Ferguson in the statement that the United States is unprepared for war with Mexico in the event we should find such a course necessary. To the contrary, we believe Texas could do the job single handed if Uncle Sam would get out of the way and let us do the job in our own way. We also believe that such statements, coming from high official sources, are injurious to the cause of defense, giving new courage to those who would trespass upon us.

The home is no place to carry your grouches at the end of the day. If you have it in you to be pleasant to anybody, show your good side to the folks at home. And you "queens of the home" according to your wedding notices, who are so sweet, so ready to smile, so altogether charming while out shopping, making calls, doing church work or responding to invitations to social functions, remember when you get home to keep your claws hidden under the soft fur. Make home the place to learn the good manners, the real smile that won't wear off, and the kind courteousness that wins success in the business and social world. The real character grows, it is not put on, and reputation is only veneer.—Hamilton Record.

## JUST FOUR—READ THE ANALYSIS.

You do just four things. You think; you remember; you imagine; you act. When you learn to think better, remember better, imagine better or act better, you are increasing your efficiency, and, therefore, your income. You may feel that you are very successful now. Suppose you are; it isn't a question of what you know, but of how beneficial business education will be to you in addition to what you already know. You will agree with us that to violate a part of the laws of business means partial failure, and to violate all the laws are; it isn't a question of what part of the laws of business means partial success, and to observe all the laws means complete success. Our aim is to help you observe a higher percentage of the laws of business success. The late Prof. James of Harvard declares that the average man only uses ten per cent of his brain power. Suppose you are twice as capable as the average man? Even that would mean you are only twenty per cent of your maximum possibilities. The purpose of our course is to produce a maximum of proficiency with a maximum of effort. Did you ever stop to think that eighty-five per cent of the men of this country are only earning \$15 a week or less? That nine per cent fail in business between the age of 40 and 50? That ninety-five per cent have no money at the age of 60? We have been marvelously successful in raising salaries, as is conclusively proven by the letters in our catalogue from former students. The business world wants thinkers and doers. There's a famine of high priced men today; there are thousands of men worth a thousand dollars a year, but only a few worth ten thousands a year. Be the latter kind of a man, you can if you will. We know that a man is worth only about \$2.00 a day from the chain down, selling muscle but as high as hundred thousand dollars a year from the chin up, selling brains. Be a chin upper and sell brains; but remember you must get them before you can sell them. Take our thorough, practical course of Bookkeeping, Shorthand, Stenotype writing, Cotton Classing, Business Administration & Finance, and Telegraphy; learn how to think, to remember, to imagine and act. We can teach you and thereby increase your usefulness throughout life.

Our large catalogue is free for the asking, if you will only fill in and mail the following blank at once.

FOR COMMISSIONER.

The Sentinel is authorized to announce A. B. Stoddard of Appleby as a candidate for county commissioner of Beat No. 3, subject to the action of the democratic primaries.

Mr. Stoddard is well known to the people of his beat. He has served as operator, has kept books for different firms, and has lately been giving his attention to farming. He is a good business man of fine practical judgment, and a man of energy and sterling integrity who would make a most worthy public servant in this most important branch of the county administration.

FURS WANTED—I still need 350 pieces, Coon, Mink and O'Possum. Bring what you have to me quick while the market is good. This is my last call before making shipment this month. A. Zeve, opposite Hazel Bldg., Nacogdoches, Texas. 20-1w

## LETTER FROM DR. ELLIS.

Austin, Tex., Jan. 15th, 1915.

Supt. J. B. Stripling, Nacogdoches, Tex.

Dear Mr. Stripling:

I have not written sooner to acknowledge the receipt of your kind letter of appreciation of the work which our extension lecture did under your directions in Nacogdoches county, because of the fact that it has been impossible for me to keep up with my mail this fall. I am truly glad that they were helpful to your people, and I appreciate most highly your kindness in letting me know this. I might say in return our lecturers are just as enthusiastic about the fine work that you are doing there, as you are about their lecturing. You have a great work over there, and I am sure if they give you a chance, you will put those schools a long stride forward.

A great many times county superintendents want me to furnish them suggestion about how to get out a program, and I am writing to ask if you have left any of the programs which you used for this last campaign. If you do have any, I should be glad to have as many as you could conveniently spare, because it would save my doing a lot of letter writing, since I think your program was very well arranged. I will appreciate any number that you could send me, from one to fifty.

When you think we can be of further service to you, please let us know.

Have you succeeded in getting many of your teachers to take up the schoolhouse meetings? I hope that you have, for they are a great help and have been taken up this year by a great many. I have about 8000 teachers on the list now.

Sincerely yours,

A. CASEWELL ELLIS

Dr. Ellis is at the head of the Extension Department of the University, and is also instructor in a number of classes in the University.

Perhaps Dr. Ellis is the greatest school man in Texas, taking him from various view points.

He has devoted quite a good deal of study in the plan of raising the standard of the rural schools, and it was through his kind co-operation that we were able to have Mr. E. F. Davis and Miss Amanda Stoltzfus in this county during Nov. of 1915, for a period of nine days.

W. F. PROCTOR DIES AT A. & M. COLLEGE.

College Station, Texas, Jan. 17.—W. F. Proctor, state agent in charge of farm demonstration work in Texas, in the joint employ of the United States department of agriculture and the A. & M. College, died suddenly at his home here this morning. Although Mr. Proctor had been slightly ill for the past few days, the serious nature of his illness was not suspected. This morning while dressing he became very ill and within a few minutes died of heart failure.

Mr. Proctor was the first man to be employed as demonstration agent in agriculture in the United States. A life-long friend of Dr. Bradford A. Knapp, who originated that work, he received his appointment in 1903 when the government first entered that field. Later when the office of state agent was created, Mr. Proctor was appointed to that position. He came with his family to the A. & M. College four years ago.

"If I can render you or your good citizens any service," wrote Congressman Cyclone Davis to the Delta-Courier, "do not hesitate for one moment to command." To which the Courier immediately and briefly replied: "Bully. Resign!"

### REMEMBER Pe-ru-na

When You Call At Our Drug Store

Mr. Robert H. Norris, No. 1232 Henry St., North Berkeley, Cal., writes: "We have never had any other medicine but Pe-ru-na in our home since we have been married. I suffered with kidney and bladder trouble, but two months treatment with Pe-ru-na made me a well and strong man. My wife felt weak and was easily tired and was also troubled with various pains, but since she took Pe-ru-na she is well and strong."

## FOR SHERIFF

To the Citizenship of Nacogdoches County.

In serving this county four years as County Clerk, I think I learned something of what the duties of the Sheriff's office are, and I believe I can fill that office satisfactory to the majority of the people of this county. Should the majority of the voters on July 22nd, next, see fit to give me the opportunity I will make an honest endeavor to discharge the duties of said office to the best of my ability, and at the same time conduct myself so that I will retain their respect.

Respectfully,  
O. F. BAXTER

## HOW TO USE FERTILIZERS.

Bulletins 167 and 176 of the Texas Experiment Station deal with fertilizers. Bulletin 167 is entitled "Commercial Fertilizers and Their Use," and tells how to use fertilizers in cotton, corn and other crops; what fertilizers are and how to mix them. Bulletin 176 shows the composition of fertilizers sold in Texas.

These bulletins are free. Requests for them should be sent to the Director of the Experiment Station, College Station, Texas. Yours very truly

CLARENCE OUSLEY  
Director of Extension A. & M. College of Texas, College Station, Texas.

## FOR TAX COLLECTOR.

To the Democratic voters of Nacogdoches county.

I hereby announce myself as a candidate at the 1916 July Primaries, for the nomination for the office of Tax Collector of Nacogdoches County. I live near Chireno where I was born thirty-three years ago, and where I have spent my life, engaged in farming and stock-raising.

When I was eleven years old I lost the sight of one eye and five years ago, by an unfortunate accident (the explosion of a Winchester rifle) I lost my other eye and have since been totally blind. In all other respects I am strong, vigorous, hopeful and ambitious young man—but absolutely blind for the balance of my life. I am unmarried, live on the farm with and assist my mother and sister. Of course if elected Tax Collector I shall employ a competent and reliable deputy or assistant to be with me always in the office.

HORRACE METTAUER

With the establishment of a big steel plant in Beaumont, report of which will be found elsewhere in today's paper, will be the beginning of another great industry in Texas. Texas has many rich beds of iron ore, particularly in the eastern part, with a proven field in a few miles of us, and with its development much new money will be brought into circulation. For this reason all of East Texas will feel an interest in the new enterprise, and wish for it a full measure of success.

**STONE FORT NATIONAL  
ELECTED OFFICERS.**

The annual meeting of the stockholders, directors and officers of the Stone Fort National Bank was held at the bank Tuesday and all the old directors and officers were re-elected as follows:

Directors: J. L. Sturdevant, S. H. Watkins, S. E. Hayter, W. U. Perkins, Chas Hoya, D. K. Cason, F. B. Sublett.  
President—J. L. Sturdevant.  
Vice-President—W. U. Perkins  
Cashier—F. B. Sublett.

Notwithstanding the depressed condition of the country, the officers of the bank inform the Sentinel that they have had the most prosperous year in the history of the institution, a fact that is borne out with the recent statement submitted upon call of the government and published in this paper. And the best evidence that the stockholders are highly pleased with the management of the affairs of the institution is attested by the reelection of the old board and old officers.

**COMMERCIAL GUARANTY  
STATE BANK OFFICERS.**

At a meeting of the stockholders, directors and officers of the Commercial Guaranty State Bank Tuesday, the old board of directors and officers of the institution were re-elected with the exception of the assistant cashier, Frank Sharp, Jr., who withdrew of his own accord on account of being engaged with other affairs which take up his whole time, and Herbert Shindler was elected to the vacancy. Elected are as follows:

Directors G. A. Blount, V. E. Simpson, F. H. Tucker, Jno. Schmidt, Eugene H. Blount, Thos E. Baker.  
President—Eugene H. Blount.  
Vice-Presidents—Jno. Schmidt  
Thos. E. Baker, V. E. Simpson.  
Cashier—F. H. Tucker.  
Assistant Cashier—Herbert Shindler.

From the officers of the institution The Sentinel learns that the Commercial has had the most prosperous year of its career, and goes into the new year with most flattering prospects for even greater growth and usefulness. Proof of the strong condition of the bank, and the claim made of its prosperous condition is substantiated with the statement published in this paper and the best evidence of the satisfaction of the stockholders with the way the affairs of the institution are handled is attested by the fact that they voted unanimously to retain the entire board.

**LONE PINE.**

Health is good with the exception of colds and lagrippe.

We are having some very bad weather at present.

Ben Bell has moved to S. H. Watkin's place, Ross Matlock has moved to J. B. Vardman's place in Union Spring's community, Sam Sparks has moved to one of Mr. Langford's houses, Joe Skeeters of Brileytown has moved to Rusk county where he is now at work at a saw mill.

The saw mill of Muller & Morrow has been stopped the past few days on account of a breakdown.

Our school has stopped for a few days on account of the illness of Prof. Bell who is suffering with lagrippe.

Normal B. Hall of Appleby, candidate for district clerk of Nacogdoches county, was in the city today shaking hands with friends.

**FOR KIDNEY AILMENTS  
PRICKLY ASH BITTERS**

Pains in the Back or disturbances in the Urinary Organs, there is no remedy more powerful and effective than  
**PRICKLY ASH BITTERS**  
It is an exceptionally fine restorative for ailing kidneys. Inflammation of the kidneys, Bright's Disease in the early stage, Diabetes, and all irregularities in the urinary organs yield to its great tonic and renovating influence. Weak, nervous people who suffer from pains in the back, too frequent calls to pass urine, torpid liver or constipated bowels, need this admirable cleansing stimulant because it contains the necessary medicinal properties for correcting these debilitating diseases.

Sold by all Druggists and Dealers in Medicine.  
Price \$1.00 per Bottle

A. D. Holt of this place received a telephone message from Carthage this morning bearing the sad news of the death of his brother, J. T. Holt, who died very suddenly with heart failure. The latter gentleman was once county treasurer of Panola county, and was a popular and prominent citizen of Carthage.

**To Cure Children's Colds.**  
Keep child dry, clothe comfortably, avoid exposure and give Dr. Bell's Pine-Tar-Honey. It is pleasant, soothing, antiseptic, raises phlegm and reduces inflammation. The first dose gives relief; continued treatment with proper care will avoid serious illness or a long cold. Don't delay treatment. Don't let your child suffer. Get a bottle today. Insist on Dr. Bell's Pine-Tar-Honey. 25c at druggists.

Hon. John B. Burns, ex-sheriff of Shelby county, with his son, Barkley, his brother, Harry Burns, and Messrs. Marian Davis and Jim Booth, all well known citizens of Center, were visitors to the city today. They came through the country in an automobile and returned home this afternoon.

Miss Gertie Dowdle is visiting friends in Rusk.

**For Rheumatism.**  
As soon as an attack of rheumatism begins apply Sloan's Liniment. Don't waste time and suffer unnecessary agony. A few drops of Sloan's Liniment on the affected parts is all you need. The pain goes at once. A grateful sufferer writes: "I was suffering for three weeks with chronic rheumatism and stiff neck, although I tried many medicines, they failed, and I was under the care of a doctor. Fortunately I heard of Sloan's Liniment and after using it three or four days am up and well. I am employed at the biggest department store in S. F. where they employ from six to eight hundred hands, and they surely will hear all about Sloan's Liniment."—H. B. Smith, San Francisco, Cal., Jan., 1915. At all druggists.

Any little wound or abrasion of the flesh occurring in cold weather that is not promptly treated becomes a bad sore and is difficult to heal. Apply Ballard's Snow Liniment at once when such accidents happen. The wound heals promptly and soon does away with the annoyance of a bandage. Price 25c, 50c and \$1 per bottle. Sold by all druggists. eodw

The liver loses its activity at times and needs help. Herbine is an effective liver stimulant. It also purifies the bowels, strengthens digestion and restores strength, vigor and cheerful spirits. Price 50c. Sold by all druggists. eodw

**EUCALINE**

You will not have the best if you fail to get EUCALINE for Malaria, Chills and Fever. It acts on the liver and bowels and relieves the system of the cause, pleasant to take.

**FAMOUS SAPP TRIAL  
BEGUN AT LUFKIN.**

The information is gleaned from the Lukin News that the famous Sapp cases were called for trial in the special term of court of Angelina county at Lufkin yesterday, with Judge Guinn presiding.

As these parties are known throughout East Texas, and the cases are attracting general interest with East Texas people, we give space to the following extended report prepared by our contemporary:

"A partial history of the case involves the death of three individuals, one of them being the wife of E. E. Sapp, one of the defendants, her death being brought about by the supposedly accidental discharge of a gun while she was one of the members of a hunting party in Liberty County in 1914. After this tragedy two other members of this same hunting party could not be located, one of them being Richard Watts and the other being Frank Harvard, the latter having resided in Angelina county. It was on February 1st 1915, that a Hardin County farmer found the body of Watts while he was hunting in Big Thicket near Sour Lake. On March 27 the body of Harvard was found buried in a shallow grave in the same locality. On April 14 the Sapp brothers were arrested in connection with these crimes. Habeas corpus proceedings were held at Kountze, and later the cases were transferred to this county.

"Yesterday afternoon a special train from Beaumont bore many witnesses to this place, and the special venires ordered brought hundreds of others to Lufkin from all portions of Angelina County. Just as The News goes to press counsel for both the state and defendants are arguing points of law preparatory to entering into trial, and it is understood that the State has announced ready for trial.

"A strong array of legal talent has been retained upon each side and the following list of attorneys has been secured: For the State—District Attorney W. E. O'Quinn, District Attorney Joe Many of Livingston, W. R. Blaine and Ralph Durham of Beaumont, John W. Gaines of Bay City. For the defense—C. W. Howth and F. J. Duff of Beaumont, E. J. Mantooth, Chester B. Collins, I. D. Fairchild, Kester W. Denman, J. W. Thomas, all of Lufkin, Joshua Collins of Huntington.

"The cases to be tried are of such interest that many of the State papers have representatives in the city to report the conduct of the trial, and the district judge has made various arrangements for the welfare of the press gang and the large crowd in attendance.

In tomorrow's paper there will appear a full report of the progress of the case."

Mrs. Langston King and little daughter went to Houston last night to hear the noted singer and visit with relatives for a few days.

**MRE. W. P. REID DEAD**

Mrs. W. P. Reid died at her home in Longview Tuesday night and her remains were brought to this city on last night's train and carried out this morning to the family burying ground at Shady Grove for interment.

Previous to their removal to Longview, the family were citizens of this county, belonging to prominent pioneer families of the county.

The Sentinel joins friends of the surviving members of the family in sympathy.

Mr. H. M. Carter of Maytown, was in the city today and made this office a pleasant call while here, and to better keep up with the political events of the year ordered the Daily Sentinel sent to him for one year.

**ALL TIRED OUT.**

Hundreds More in Nacogdoches in the Same Plight.

Tired all the time.  
Weary and worn out night and day.

Back aches; head aches.  
Your kidneys are probably weakened.

You should help them at their work.  
Let one who knows tell you how.

Mrs. W. H. Wood, North St., Nacogdoches says: "My bladder was inflamed and my kidneys acted too freely. The kidney secretions caused me much annoyance. I lost my rest and in the morning felt exhausted and as though I hadn't had any sleep. I used Doan's kidney pills and soon got relief. They have also been taken by another member of the family with excellent results."

Price 50c at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wood had. Foster-Milburn Co., Props., Buffalo, N. Y.

T. P. Matthews, a former citizen of this city who has been making his home in Salado for some time, arrived in the city yesterday for a visit to his father, I. W. Matthews, and other relatives and friends. Mr. Matthews had the misfortune to lose his good wife who died Friday night of last week, leaving him and their four children without a dear companion and mother, and his many friends in this section deeply sympathize with him in his great bereavement.

Miss Wessells and Miss Sweetney, who have been employed in the millinery department of Mayer & Schmidt, announce that they will open up a millinery establishment of their own about the first of February.

Mrs. W. J. Teamer and baby, and Miss Ivy Chapman arrived home this afternoon from Jacksonville where they spent the past fortnight with Mr. and Mrs. A. W. Grimes.

**MARRIED AT COURT HOUSE.**

Mr. Frank Gilmore of Gonzales county was married to Miss Lillie Hammock at the court house this morning, Judge J. F. Perritte officiating.

The bride has been making her home with her brother, Ben Hammock, two miles south of town.

Mr. and Mrs. Gilmore left on the noon train for Gonzales county, where they will make their future home.

**Live Up Your Torpid Liver**

To keep your liver active use Dr. King's New Life Pills. They insure good digestion, relieve constipation, and tone up the whole system—keep your eye clear and your skin fresh and healthy looking. Only 25c at your druggists.

**TAKES OFF DANDRUFF,  
HAIR STOPS FALLING**

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf that robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair root to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knott's Danderine from any drug store. You surely can have beautiful hair and lose it if you will not try a little Danderine. Save your hair!

**COUNTY COURT.**

The winter session of county court convened this morning with his honor, Judge Perritte, presiding.

The court was organized for work, but on account of the inclement weather, preventing many from getting to the city, not much work will be done today.

This week will be devoted to criminal business, next week to civil jury cases, and the third week to non-jury civil business.

The court has a good accumulation of business on hand, and if not interrupted too much, with bad weather, a big court will be had.

Remains of Mrs. Earle were shipped from Terrell to Garrison and interred in the cemetery at that place yesterday. The unfortunate lady had been confined in the asylum at that place several years. Previous to her affliction she was a useful woman well liked by all who knew her.

**COL. ROY E. WALKER  
WAS HERE TODAY.**

Col. Roy E. Walker, the genial and most capable superintendent of the E. & W. railroad, was in the city this morning shaking hands with his many friends, and looking after business in his line.

Col. Walker was slightly indisposed and cut his visit short, departing at noon.

Upon this trip he stopped off at Lufkin and saw Frank Parsons, for whom his company has felt an interest for several years. He does not speak harshly of the young man, but says that he always was firm in the belief that some day he would be found, and that no surprise was occasioned in his mind with the arrest.

It's a wise saw that knows its own maker.

## PAINS IN SIDE AND BACK

How Mrs. Kelly Suffered and How She was Cured.

Burlington, Wis.—"I was very irregular, and had pains in my side and back, but after taking Lydia E. Pinkham's Vegetable Compound Tablets and using two bottles of the Sanative Wash I am fully convinced that I am entirely cured of these troubles, and feel better all over. I know your remedies have done me worlds of good and I hope every suffering woman will give them a trial."—Mrs. ANNA KELLY, 710 Chestnut Street, Burlington, Wis.

The many convincing testimonials constantly published in the newspapers ought to be proof enough to women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

This good old root and herb remedy has proved unequalled for these dreadful ills; it contains what is needed to restore woman's health and strength.

If there is any peculiarity in your case requiring special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for free advice.

### KNIGHTS TEMPLAR OFFICERS INSTALLED.

Followed With Social Hour—Banquet Spread, and Enjoyable Time Had.

One of the most brilliant lodge events of the season, if not in the history of the town, was had last evening, the occasion being the installation of the new officers of Knights Templar.

The newly elected officers installed as follows: F. P. Marshall, E. C.; M. C. Johnson, G.; W. F. Gintz, C. G.; Hayden Clevenger, S. W.; H. H. Cooper, J. W.; S. M. King, S. B.; John Schmidt, S. B.; W. E. Thomason, W.; E. C. Pierce, S.; Geo. T. Mc Ness, B.; A. A. Seale, T.; C. A. Westbrook, P.; W. G. Barron, 1st G.; V. E. Simpson, 2d G.; R. F. Davis, 3rd G.

Following the installation the business session was adjourned and the crowd repaired to the lower story of the building where one hundred plates and a most sumptuous banquet was spread. With Hon. A. A. Seale as toastmaster, many eloquent addresses were made, and the occasion was truly "a feast of reason and flow of soul," highly enjoyed by all present.

A number of ladies were present which added grace and beauty to the occasion.

Tom Greer, a well known citizen and business man of Huntington, was in the city today, coming up after his daughter, Miss Gertrude, who has been staying with Mrs. Williams and attending school here.

W. D. Crawford, a good citizen of the Appleby country, and one of the Sentinel's valued friends, was a pleasant caller at the office today.

## UGH!—CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

"Dodson's Liver Tone" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver. If you are bilious, feel lousy, sluggish and all knocked out, if your bowels are constipated and your head aches or cr-mach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of energy, vigor and ambition.

### FIFTH SUNDAY MEETING

The Fifth Sunday Meeting of the Congregational Methodist Church of Nacogdoches district will meet at Pergah C. M. Church Friday night Jan. 28th, with the following program:

Sermon by S. A. Stevens, Saturday, 10 a. m., "Does the Bible Require of Us Purity of Heart and Life for Divine Acceptance?" W. V. Perry.

11 a. m., "The Necessity of the New Birth," Marvin Wright.

3 p. m., "What Must a Young Christian do to Keep Sound?" Miss Sid Philips.

7:30 p. m., "Does the Bible sustain a Congregational Form of Church Government?" W. H. Hartgreaves.

Sunday, 10 a. m., "The Purpose of, and for Whom is the Lord's Sacrament?" E. Helpinstell.

11 a. m., "Mode and Purpose of Water Baptism." W. F. Carnes.

3 p. m., "The Nature and Purpose of Christ's Death," B. G. Carnes.

7:30 p. m., "The Relation of Christ to the Church," A. G. Smith.

### COMMITTEE THE COLDEST WAVE

Our genial friend Capt. Doughtie, who is authority in matters of statistics in all matters, is authority for this statement that the present freeze is the coldest in three winters. He says that the thermometer went down to 14 last night as predicted. The coldest temperature last winter was 18 degrees, while the coldest of the winter before was 16.

### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Mark S. Watson, writing to the Houston Post, gives an account of the great corn shortage in Mexico, and says that the overtly that will follow will make suffering of last year appear as luxurious in comparison. Mexico is rated as one of the richest agricultural sections in natural resources, in the world, and notwithstanding its backwardness in agricultural methods, has in years gone by been an importer of corn, thus demonstrating more forcibly the disastrous results of the war and strife that has been raging in the stricken republic the past several years.

A small boy says the road to knowledge has too many branches.

### TO MAKE A HAPPY NEW YEAR

Recipe That is Guaranteed to Produce for Those Who follow Direction.

Take twelve fine, fullgrown months, see that these are thoroughly free from old memories of bitterness, rancor, hate and jealousy; cleanse them completely from every clinging spite; pick off all specks of pettiness and littleness; in short, see that these months are free from all the past—have them as fresh and clean as when they first came from the great storehouse of Time.

Cut these months into thirty-one equal parts. This batch will keep for just one year. Do not attempt to make up the whole batch at one time (so many persons spoil the entire lot in this way) but prepare one day at a time, as follows:

Into each day put twelve equal parts of faith, eleven of patience, ten of courage, nine of work (some people omit this ingredient and so spoil the flavor of the rest), eight of hope, seven of fidelity, six of liberality, five of kindness, four of rest, (leaving this out is like leaving the oil out of the salad—don't do it), three of prayer, two of meditation, and one well selected resolution. If you have no conscientious scruples put in about a teaspoonful of good spirits, a dash of fun, a pinch of folly, a sprinkling of play and heaping cup-full of good humor.

Pour into the whole love ad libitum, and mix with a vim. Cook thoroughly in a fervent heat; garnish will a few smiles and a sprig of joy; then serve with quietness, unselfishness and cheerfulness, and a Happy New Year is a certainty.—Baltimore American.

### BIG CROWD TO LUFKIN.

Lufkin is looking for a big crowd of visitors to court next week as will be gathered from the following report which we take from yesterday's issue of the Lufkin Daily News:

Mr. E. J. Conn, acting sheriff of Angelina county, in the absence of Sheriff Evans, informs The News that a special train will be made up in the city of Beaumont next Sunday morning to come to Lufkin, and that several hundred witnesses will be on board for the purpose of attending the Sapp brothers' murder trial which will be called in this city next Monday morning. The train will go over the T. & N. O. railway to Nacogdoches and be transferred to the H. E. & W. T., and will arrive in Lufkin about 8 o'clock Sunday night.

"Lufkin is going to have for her guests upon this occasion more visitors than she has ever been called upon to take care of before, and the matter is of such importance that all of the people should be more or less concerned, to the end that the city establish a reputation for hospitality second to none. If you are so situated that you can take care of one or more of these visitors, Mr. Conn would appreciate it very much if you would let him know in advance so that he will be able to make proper assignments Sunday night. Remember that you are not only to be well paid for your trouble, but what is much more than that, you will be aiding the old home town to maintain her reputation as one of hospitality which knows absolutely no bounds. Make some preparation to help Lufkin entertain next week."

H. F. Martin of the Decoy country was a pleasant caller at the office today, dropping in to have the paper sent to his address to better keep up with the campaign this year.

### ADVANCED PRICES OF DRUGS.

To the Houston Chronicle. As your paper several weeks ago, when so many drugs had risen in price steadily and quinine in particular had taken suddenly a big jump, had published statements in regard to the cause of the increase in prices of medicines, I promised to issue an elaborate explanation to show the condition of affairs as they relate to drugs and dyestuffs.

Everybody thought at that time (October, 1915) that there must be a corner in the traffic of drugs, but my surmise was that since the British blockade went into effect in June no more shipments could be obtained from Germany and whatever supplies were on hand were not sufficient to satisfy the demand. Enclosed list which I have compiled will bear out the truth of my assumptions.

Kindly publish these notes in your Sunday issue in as prominent place as possible, as it is of intense interest for the public to know why they have to pay high prices for drugs and prescriptions, especially at this time.

As a rule the druggist gets the blame for raising prices, but when the public takes proper notice of the enclosed list the enormous rise of values or account of the market fluctuations.

I can not help but express my opinion that if we had an efficient navy to enforce our demands, as Senator Hoke Smith correctly says, the interference with our trade on the ocean would have never happened and the public would not have to suffer the terrible cost of increases in prices of drugs. Besides we are face to face now with a famine in many items such as dyestuffs, salvarsan and peroxide of hydrogen, not to forget moth balls.

If this blockade lasts until the end of the war there will be no more peroxide of hydrogen nor salvarsan nor any moth balls here within the next six months.

Thanking you very much for allowing me the courtesy of valuable space in your esteemed paper, I remain, your very respectfully, I Lewyn.

## It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me—I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

### SENATOR S. M. KING WINS APPLAUSE.

Senator S. M. King of this city was one of the distinguished guests at the big banquet and business men's rally held at Beaumont Wednesday night, at which was gathered many prominent people from over the state and of his address the Beaumont Enterprise gives publicity to the pretty notice and extracts.

"Senator S. M. King of Nacogdoches made a happy address, receiving the plaudits of the audience. He stated he was always a booster for Beaumont, and paid a glowing tribute to Beaumont and her people. Beaumont is not shedding any tears over what she has lost, he stated at the close of his fine address. Some battles we win, and some we lose but the same spirit that fostered these early day enterprises is still here, and will always be on the firing line, fighting for the best interests of the city, and the country at large. Senator King also lauded the towns of Nacogdoches and San Augustine, stating that we should not forget the rich blood and sinew of those valient warriors and statesman of days gone by."

### MOVING TO SAN ANGELO.

Hon. J. B. Burns is making preparations to leave Center and will take up residence in San Angelo, where he will engage in the real estate business. Optimist editor will nearly cry when Mr. Burns leaves, for years of association with him has made become as a near relative for whom we will always hold a most fond regard. John has favored hundreds, being one of those big-hearted fellows who never tires of serving a friend and if he should move thousands of miles away, they will never forget him. He may have some faults, as every man does, but those we have never seen, and we, along with his multitude of other friends wish him every good fortune in his new home.—Center Daily Optimist.

Judge F. P. Marshall went to Tyler this afternoon to look after some legal business in the federal court.

Mrs. J. E. Teutsch left Thursday in response to amessage announcing the serious illness of her mother. She wired Mr. Teutsch this morning that her mother was better, and hopes are entertained for the sick lady's recovery.

# Stalk Cutters and Disc Harrows

## These are two tools that are very essential to the better farming in preparing the soil

We all have to agree that the thorough preparing of the soil is one of the best things that we can do to make larger and better crops.

Now, we have, we think, something in the way of stalk cutters and disc harrow. ESPECIALLY DO WE CALL YOUR ATTENTION TO OUR DISC HARROW, that is better adapted to this country than any other.

We have a stalk cutter that has a little more weight than any other, which is one great advantage and very necessary to get the best results.

The Disc we offer has better scrapes than are offered by others and other advantages which we can show you if only given an opportunity.

We will appreciate a call from you and chance to show these tools to you.

We also have complete lines of all other farm tools and ask that you call in and allow us to show you through our stock, it costs nothing to look.

Yours to please,

Haltom attended the meeting of the new Odd Fellows lodge at Sacul Saturday night where they went to assist with the work of conferring the degrees upon some of the new applicants. They went to Sacul Saturday afternoon, returning Sunday afternoon, and were most hospitably received and entertained by the people of Sacul while their guests and delighted with the good advancement the new lodge is making.

Miss Eva McLain, who has been making her home in Kirbyville, and who has recently been attending the Buyer's Convention at Houston, returned via this city, and is visiting with her parents for a few days.

### CHIRENO, TEXAS.

Twenty miles east of the town of Nacogdoches is the town of Chireno. It was named for one of the old-time Mexican settlers, J. A. Chireno, to whom the Spanish government granted a large survey of land, embracing many thousand acres, about the year 1795. At that time it was unsettled and undesirable, hardly worth the taxes.

The first settler of the town of Chireno was Dr. John N. Fall, a young physician from Georgia, who had lived a year, six miles south of there, intending to practice hunting wild game as well as do the practice of medicine. He came there in the spring of 1839, and built a small house near the spring for convenience of spring water. A spring of good water in that day was considered a very important convenience and an indispensable item for a country homestead. This log house was still there on the old Fall country homestead a few years ago. H. V. Fall removed it. He is the occupant of the premises from the days of the doctor, who married and raised a large family there. "Uncle Cal" was born there July 22, 1841. Dr. Fall bought the land from A. Hotchkiss, one of the pioneer land men of East Texas.

The neighborhood about Chireno was settled in the 40's by several wealthy planters of the best old-time class. They were located on or near the famous old San Antonio road. One of these was D. H. Vail for whom Vail Fall was named. He bought the place in 1850 of Bill Duffield. It is four miles west of Chireno. The original old loghouse and chimneys are there now. Another was T. J. Curl, who bought the Dr. Hartman place two miles west of Chireno. John Ander-

son was another. He lived north of Chireno. Mrs. Peevy is one of his relatives or descendants. The Wilsons and Flournoys were others. Flournoy was an old Tennessee friend of Gen. Sam Houston. The name of Atkinson belongs in the list, and later came Roberts, Brantley, Burk, Cronkrite, Pack, Briley, and Dr. D. T. Taylor. Many of these have passed away, but their "foot-prints on the sand of time" remain.

Chireno has been founded and held its place until a railroad got there just a few years ago. It has now become an average railroad country town, with a bank and other institutions that pertain to such towns. There are many of the older settlers of that vicinity, who have spent long and useful lives there, and have memories of those who have gone before. One of these survivors who is well worthy of special mention is "Uncle" Mitch Flournoy. He is up in the 80's, but is active, hale and hearty, a characteristic old Tennessee comper, who is as solid as the rock of Gibraltar. He could recite many events and "tell the tale of other days" worth while.

### POU AND THOMAS COMING.

County Agricultural Agent Jas. D. Greer is in receipt of a letter from Prof. J. L. Thomas, dairying manufacturing specialist, in which he says, among other things: "Mr. Pou and myself will be in Nacogdoches next Monday, the 24th, to get sure enough busy on the work we planned when we were there. Owing to the death of Dr. Procter, our work for this week will be thrown out and I am not sure now if we shall get there Sunday night or Monday morning."
