WILSON CALLS OUT THE ENTIRE MILITIA

WAR CLOUDS HOVERING DARK—PRESIDENT PREPARING FOR TROUBLE

Washington, D. C., June 18.—President Wilson this afternoon issued a blanket order calling out all state militia of every state for service on the Mexican border in case of necessity.

This will increase the fighting strength of the border army by approximately 150,000. At the beginning of the year the total National Guard strength of the United States was 8792 officers and 119,250 men.

Recent activities, with the intention of bringing up these guards to full war strength, is believed to have increased it to 150,000 men. Brigadier General Alfred Mills, chief of the division of militia affairs, estimated the minimum force to be called out to be 145,000.

FOR PROTECTION, SAYS BAKER. Secretary Baker issued the following statement:

"In view of the disturbed conditions on the Mexican border, and in order to assure complete protection for all Americans, the president has called out substantially all the state militia and will send them to the border, wherever and as fully as General Funston determines them to be needed for the purpose stated.

"If all are not needed, an effort will be made to relieve those on duty there

Bale Your Hay! Why?

Baled Hay, well housed, is worth 50 per cent more than loose hay full of dust and dirt. Dust and dirt are injurious to animals. Baled hay is clean and fresh all the time.

Your surplus hay can be sold at better prices if it is baled. Baled hay can be stored in a good dry place but loose hay "takes up too much room."

Bale Your Hay With One of Our Presses.

We have two sizes and styles in stock—prices \$85. and \$175. They are the best values we can buy and we want you to see them. One of these presses will, we believe, suit your needs. If not we can make a special order for just what you want.

Come to see us about a Hay Press and we will guarantee to please you.

Send us your name—we want to send you a catalogue.

Cason, Monk & Co.

GIVES BURGLAR ALARM; SHOT IN HIS HOME

Houston, June 19.—While his wife stood with her arms around him, G. L. Davis, a salesman, was shot and killed on the sleeping porch of his home early this morning after telephoning police headquarters that a burglar was trying to enter a house adjoining his.

Davis was watching the intruder when the officers arrived.

Two shots were fired, one passing through Davis' head. An investiga-

tion to determine whether a policeman or the burglar, a negro, fired the shot, is being made.

W. H. Woods, a well known and substantial citizen of the community, made The Sentinel office a pleasant visit yesterday afternoon, dropping to get a line on the latest war news. Mr. Woods was once very active in the business affairs of Nacogdoches life, but of late years has retired from the more active life and enjoying the competence provided in the days of his frugality.

Monday, June 26

We will have a sale of Ladies Collars and Neckwear, also a sale of Stamped and Art Linen. Come to this sale, Special Reductions will prevail.

Viole Dresses in new styles, sizes 34, 36, 38, 40, elegantly different trimmed, \$6.95, 7.50, 8.95, 10, up to **\$15**

Wash Skirts with belts and pockets, materials are Gabardine and Pique, Special values at \$1.25 & **\$1.45**

New Corsets The Warner Rustproof. We have in all sizes, Special at \$1.00 and **\$1.25**

Boy's Palm Beach Suits, natural color, Sheppard and blue checks, size 10 to 18, at \$3.50, \$4.00, \$5.00.

Children's Wash Suits, ages 2½ to 7, special values at 50 cents to \$2.95.

Children's Union Suits, sizes 4 to 12; special values at 25 and 50 cents.

Boy's Union Suits, ages 6 to 16, special 50 cents.

Children's Hats, straw and soft, at 25 and 50 cents.

Boy's Wash Pants, sizes 6 to 18, at 50 and 75 cents.

We are showing a complete line of Boy's Palm Beach Pants.

Boy's Sport Shirts, low neck, short sleeves, new patterns, at 50 and 75 cents.

Boy's Blouses, ages 5 to 14, made of madras and fine percale, at 50 cents.

MAYER & SCHMIDT, INC.

from time to time as to distribute the duty.

"This call for militia is wholly unrelated to General Pershing's expedition and contemplates no additional entry into Mexico which may be necessary to pursue bandits who attempt outrages on American soil.

"The militia is being called out so as to leave some troops in the several states. They will be mobilized at their home stations, where necessary recruiting can be done."

The apportionment of the militia which will actually be sent to the border has been determined upon by the war department. A statement now is being prepared and will be issued later tonight, showing just how many troops from each state will be taken into the federal service.

New York and Pennsylvania Lead. New York has the largest National Guard unit, with 974 officers and 15,591 men. Pennsylvania is next, with 745 officers and 10,190 men. Illinois comes third, with 508 officers and 5447 men.

Nevada is the only state in the union that at the beginning of the year did not have a single National Guard organization.

In time of peace the National Guard can be used only for intrastate purposes, such as suppression of strikes or breaches of the peace, unless in the very improbable event that it is called upon by the president to serve in quelling disorder in some state. The proposed reorganization of the army suggests a stronger federal control over the state militias.

The action of the president today in ordering the entire National Guard to the border is viewed in Washington as meaning that official circles realize that at last open warfare with Mexico is inevitable.

It is not believed that this action would be taken unless it became known beyond a doubt that there is no hope whatever of patching up peace with the Carrancista leaders.

NOTICE

The photos of good roads citizens are now ready for delivery. I also have some photos of schools and canning club for sale at 25c. These are good pictures, real value 75c, and as I have no use for them offer them for sale at this price. If you want one send in your order at once. Kodak finishing, the better. Prof. G. G. Macham, the new studio, 12w

WILSON NOTE REJECTS CARRANZA'S DEMANDS

Galveston, Texas, June 19.—The Mexican government in Yucatan has issued a proclamation ordering all Americans out of Mexico and declaring a state of war existing between the two countries, according to passengers arriving here this morning on the Norwegian steamer Nils from Progreso.

While the whole country is astir with military activities on a scale not seen since the Spanish-American war, chief-ly through the mobilization of the National Guard of the Union for border duty, with a prospect of their use in event of hostilities with Mexico, the Mexican situation may be said to have marked time during the early hours of the day.

President Wilson's only official act in connection therewith was to direct that his reply rejecting General Carranza's demand for the recall of American troops from Mexico go forward immediately.

In refusing to withdraw the troops, the United States reaffirms the friendly intervention of the United States toward the de facto government in Mexico and sharply rebukes General Carranza for unwarranted charges and insinuations of bad faith contained in his communication.

Secretary Lansing declined to say whether the note would be sent to Mexico City direct or would be delivered here to Eliseo Arredondo, ambassador-designate of the de facto government. It has not been definitely decided when the communication will be given out for publication. The document is believed to contain between seven and ten thousand words.

Four Reasons For Apprehension in Latest Mexican Developments.

The Mexican situation might be worse—and it might be decidedly better. While officials of both countries are doing their utmost to preserve the balance and keep the peace—General Carranza in an address in Mexico City calling on his people to be "good Mexicans"—several overnight developments have accentuated the seriousness of affairs. They are:

(1) A reported proclamation by the governor of Yucatan, announcing that a state of war exists with the United States and warning all Americans to leave. Passengers on the Norwegian

steamboat Nils, reaching Galveston, are authority for this report.

General Carranza's address, referred to above, in the course of which he said that in event of armed hostilities he would personally lead his army.

(3) A clash between a boat crew from the American gunboat Annapolis and Carranza soldiers at Mazatlan, on the west coast of Mexico.

(4) Preparation of a resolution by Chairman Hay of the house military committee putting into effect immediately the militia draft clause in the army reorganization bill, by which state troops taking allegiance to the government may be used anywhere.

In connection with the Mazatlan incident, General Carranza has addressed a note to the United States, asking that in view of present conditions Americans be not permitted to land from warships, under any circumstances.

On the other hand the situation is given a better tone by Secretary Baker's explanation that the calling out of approximately 100,000 militiamen does not mean they will go to the border. They will mobilize at central points, undergo military training and be kept in reserve, to be ready to relieve the regular troops in event such a step becomes necessary.

PERSHING WILL TAKE OFFENSIVE IF ITS WAR

Columbus, N. M., June 19.—Notwithstanding the threat of General Trevino, the Mexican commander, to attack him if he moves in any direction except toward the border, General Pershing, field commander of the American expeditionary column in Mexico, is said to be quietly laying plans for quick dashes north and south at the first signs of hostility. His plans, it is believed by observers, are to gain possession of the Mexican Northwestern Railroad, which virtually commands the territory adjacent to his line of communication. His men slept on their arms last night.

The American commander is in receipt daily of information relating to the de facto Mexican government troop movements. Prisoners have been treated kindly, but Mexicans have voluntarily supplied valuable information.

Roy McLamore of Garrison was a visitor to the city yesterday. Mr. McLamore is attending the A. & M. College, and came home a few days ago to spend the vacation.

O. M. GIBBS.....Editor

Wilson "marshalled" the Indiana man to safety in the nomination and will marshal him to victory in November.

George Baily of the Houston Post wants the last three letters dropped from the party slogan, making the point that we have too many "isms," and that plain old "American" will sound better than "Americanism."

The farmers of Cherokee county have bulging pockets, loaded with the coin of the realm now as a result of the good harvest and the good price of the tomato crop. Nothing is more practical than intelligent diversification.

An editorial squib in this column a few days ago was to the effect that a public man who couldn't stand criticism was dead and didn't know it. The application fits Col. Roosevelt in his statement that he is not out of politics—the politics having been taken out of him.

The war clouds are hovering darkly on the Mexican border just now, and the necessity of intervention is becoming more apparent if not inevitable. In preparation of such a contingency, President Wilson is having 150,000 soldiers placed along the border, and making such other preparations as may be necessary to handle the job.

Nacogdoches county is talking good roads, Rusk county is soon to vote on the issuance of good roads, bonds. Panola county is already building good roads, and Shelby county is contemplating a bond issue for the purpose of good roads. We trust the good roads enthusiasm will spread until it reaches every nook and corner of this undeveloped East Texas country, and nothing would please us more than to see old Shelby county "come alive" to the situation and build a system of roads that will make her grow by leaps and bounds. No country will ever amount to anything that does not have a system of good roads.—Timpson Times.

Glory be! The Sentinel had about decided to abandon the sidewalk discussion, the response being so weak that we felt it an intrusion, but we may "come to life" again. Capt. Wilson said to the editor this morning that he had been reading the "column" with much interest and in response thereto was arranging to put down a thousand feet of sidewalk on his premises. He further said that he could not believe the civic pride in Nacogdoches would allow the old town to pass up this proposition, and that he looked for much activity in the sidewalk building. Later we met up with Judge Blount who is also alive to the proposition and anxious to see the matter pushed. In speaking of the matter, Judge Blount is of the opinion that the city council should make a survey of the city—not of the expensive kind, but a trip over the streets in which an estimate could be gathered—and encourage those who are not able to build concrete walks to build walks with dirt and gravel which can be done cheaply. We will be glad to hear from others, particularly of Mr. Wilson's kind who is speaking with substantial action.

One of Timpson's wide awake business men was heard to remark this morning that East Texas was learning more and more each day, and that sometime in the very near future this grand old country of ours would blossom forth as the rising sun when it spreads its glowing rays out over the dew kissed morn, and the people would awake to find themselves in the midst of the most progressive country in the world. This day he said would come when the people got to the point where they were not afraid of taxation and begin to build good roads throughout the land. Continuing, he said no country would ever amount to anything that did not have a big tax rate, and men at the head of affairs who know how to spend this money for the best interest of the common people. And this he said, was being done in the State of Texas at the present time. The Times agrees with this progressive citizen, and we, too, can almost see the time when our people will awake to their full duty to humanity and begin to bring East Texas out of the wilderness by voting upon themselves a tax to build good roads. We must first spend money to make money and when we begin to demand taxation for the development of our country then we are going to grow so fast that we will soon overtake the most progressive sections of Texas.—Timpson Times.

OPTIMISTIC ADDRESS.

In opening up the Democratic National convention at St. Louis yesterday, chairman McCombs made the following optimistic observations which have a joyous ring, and which set the convention to work with much new inspiration:

"We are in the atmosphere of victory. We have no feeling of guess, but a spirit of certainty. We meet to celebrate the marvelous achievements of the democratic party since it came into power and to place the milestone upon the path of its future success.

"Over two thousand years ago an old slave related the fable of the frog who wanted to grow to the size of an elephant. Such was the ambition of his soul that his body swelled to a marvelous proportion. Indeed Aesop went so far as to predict that the frog, upon reaching the size of the elephant, would burst. I commend to your notice the wisdom of Aesop. It took over two thousand years for his prophecy to come true. Only last week the frog-elephant, or the elephant-frog exploded. The republican party for years succeeded in deceiving the country. Now it is successfully deceiving itself. In its platform it offers pulchritudinous promise—but with vacuous intent. It promises the country, in the main, what the democratic party has already done, or is in the process of doing, saying always the bogus god—protection. It has cloaked its iniquity with a judicial robe, but the cloven hoof of special interest still protrudes.

"The board of directors has sat in Chicago and again resolved that they are the country. They have adopted the doctrine of fore-ordination and pre-destination, but have made it applicable only to themselves.

"The rest of the people are their wards—for profit. The ambition is a noble attribute, but when it is adulterated with greed, a cataclysm is inevitable. We have recently witnessed the painful spectacle of two great American parties at Chicago, putting self in place of ideals; self-glorification in place of national honor; republicanism and progressiveism so-called, in place of our only 'ism'—Americanism.

"We have witnessed the drab spectacle of two groups of men trading principles like competitors in a fish market, in the hope that some compromise would win public support. They have not come together—they have fallen out over the 'swag.' For the sake of victory many of these men, essentially opposite in principle, have been willing to become friends with false masks. The result is inevitable—'divided they fall.' We are proud in the thought that 'united we stand.' We welcome the pent-up Americanism of the real progressive, individually to our ranks, offering them a haven, in principle. Their leader has abandoned them with cross cruelty.

"This is a crucial hour in the history of the world. It is an hour when every man should take stock of himself and his principles. This is an hour when every one should see whether in his inner consciousness he squares with ideals of 1776 and later periods of dramatic episodes when this country resolutely maintained peace with honor.

"The democratic party in the face of scandalous and vicious attacks has maintained this great American ideal. While for peace, it has steadily and surely worked for sound and powerful preparedness. It has maintained a solemn, calm dignity in the face of circumstances which might have drawn it into the vortex of a world destruction. Though vilified by self-seekers, it has maintained friendly relations

throughout the world; it has been true to the spirit of America; it has been true to the great principles of Washington, Jefferson, Madison and Jackson; it has allowed no self-interest to blind it to its fundamentals of faith, and the country has found its confidence has been well bestowed. The democratic party has proven itself a party of principles, a party of performance. It has proven that ideals can be realized. United we stand for America.

"Ladies and gentlemen of this convention, the elephant is dead, the moose is dead. Long live the American eagle."

THE NOTE TO MEXICO.

"After we get through nominating the next President of the United States, Senor Carranza, we'll attend to your case."

This about sums up the attitude of the administration at present, according to the Washington dispatches. It is forecast that the bewhiskered gentleman who presides over that portion of the Mexican republic which is not in the hands of the revolutionists will be due to receive a red hot missile just about the time the delegates at the St. Louis celebration have reached home. Unless something unforeseen happens in the meantime, the reply to the Mexican note will be held up until then.

Close observers of the Mexican situation cannot fail to see that intervention by the United States seems to be drawing nearer every day. Whether Carranza's note was due to a desire to unite the factions behind him by drawing the fire of President Wilson make no difference. He probably will have his desire gratified, and in the event he backs up his bluff, intervention, or rather war, will be practically inevitable.

While the attitude of President Wilson in holding up the note in order to avoid the charge of playing politics is commendable, and unquestionably reflects a genuine desire to attain the end sought it is doubtful that it will attain it. Almost every act of his is now being criticized by the Republicans who hope to elect Hughes by discrediting the administration, and we shall be prepared to hear the charge made that in a desperate desire to rally the people to his support, he is willing to plunge the nation into war.

If war with Mexico comes it will not be of Wilson's making. He has endeavored to ward off that extreme necessity with all of his power. If finally he is forced into accepting the inevitable, the Republicans had better think twice before charging the move to politics. The American people know Woodrow Wilson, and if they have had any criticism to make of him with respect to his Mexican policy it has been that he has not dealt with the Mexicans severely enough. A charge of politics therefore, from that faction of the people which has been loudest in its criticism.

The charge probably will be made, however. In that event it will serve only to make President Wilson's re-election all the more certain, for it will expose the motive behind the entire program of criticism upon which Republican hopes for success rests.—Fort Worth Star-Telegram.

During the progress of the convention Col. W. J. Bryan has proved the "Great Commoner" the American people have long admired and loved with his expressions of loyalty and offer of service, notwithstanding a breach is supposed to exist between President on

WELLS-FARGO HAS A GOOD PENSION PLAN

Announcement is made by Wells Fargo & Company Express to its employes of a new benefit and pension plan, which ranks in the generosity of its provisions with the best of the other pension plans of the other great transportation or industrial corporations across the land. The new system, which went into effect on June 1, is not the first pension provision established by Wells-Fargo. The company has been retiring its older men on pensions for more than a quarter of a century—for the past twelve or fourteen years its pension board has been a distinct feature of its general organization. But the new plan, as its name indicates, contemplates much more than pension relief. One of its most salient features is a disability clause, which applies to any established worker in the company's ranks who may be stricken by illness or by accident. This, of itself, is a tremendously advanced step among the pension plans of the great corporate interests of America.

To make this clause clearly understood, it is only necessary to read the program of the new pension system. It specifically states that any Wells Fargo salaried employe, who has been six months or more in the service, when incapacitated for work by accident or sickness while not on duty, may be allowed pay for the period of the enforced absence, in accordance with the very generous table of time allowances. If the accident should occur while he is on duty the compensation granted is, of course, much greater. For instance, even in the case of an injury temporarily disabling him, he may, to the extent required, be granted full pay for six months and half-pay for a year following the time of his injury. If, after the year, he still is disabled, the pay is continued for two additional years. Then, if he shall have been fifteen years with the company at the time of his accident, he may go upon a pension until the end of his days, an arrangement which greatly increases in its monetary value, if his service with Wells Fargo is as long as twenty-five years.

Another feature of the new pension plan and not less interesting, is the one which provides for the continuance of a man's salary to his beneficiaries for a season after his death. It is a principle that is being written into many of the new policies of the life insurance companies. Here is a principle that is bound to be of great benefit to the widows and children by the loss of their bread-earners. Full pay for a month after his death and half-pay for an additional number of months—depending upon the length of his service with Wells Fargo—means that they will have time to collect their senses and plan for the future before the bread-earner's wages cease to come to them. No one who has known how close some families live to the narrow margin can appreciate what the provision alone of the new plan means.

President Wilson sounds a note of warning to foreign-born citizens, urging them to be more loyal to the government which is giving them protection. This warning is very timely. Foreign-born citizens are given the same protection and opportunities that are enjoyed by the native-born, and in appreciation of this they should be loyal to the country they choose for their new home, or return to their native land.

Love may be blind, but it has a delicate touch.

SUPPORT TO PARTY PLEDGED BY BRYAN

Coliseum, St. Louis, June 15.—The crowd yielded to the rapping of the gavel long enough to hear the prayer and then renewed its demonstrations for a speech from Bryan. Chairman James admonished the galleries.

Senator Thompson then moved a suspension of the rules to permit Mr. Bryan to speak. When the motion was put there were some "noes," but the chairman ruled two-thirds had voted in favor.

A committee headed by Senator Kern of Indiana escorted Mr. Bryan to the speaker's place while the floor galleries roared with approval. Senator James introduced Mr. Bryan "as one of the leading citizens of the world and America's greatest democrat."

Mr. Bryan opened by expressing his appreciation of the honor conferred by the invitation to speak to the convention.

"Every democratic convention is a love feast to me," he said. "It gives me an opportunity to meet and renew acquaintances with men with whom I have been associated in politics for twenty years."

He paid his respects in complimentary manner to a number of democratic officers and leaders of the present convention.

Reviewing the struggles of the democratic party, Mr. Bryan said:

"After 10 years of waiting our party entered the White House and, fortunately, we won the senate and house at the same time. Our party become responsible for national affairs and now we come, after three years of labor to make plans for the future and to submit to the American people the claims of our party to continued success.

"Whatever opinion may be or have existed in the particular measures or particular acts, we are here to fight the fight of 1916 a united party in every state in the union ready for battle.

"Today those who stand for the democratic party are able to give a reason for the faith that is in them, but give a defense of the administration's claims to the confidence of the people.

"You may take all the administrations from the beginning of our history as a republic to the beginning of the present one and you will not find as many laws written upon the statute books of great importance to the people as you will find written in the last three years by Woodrow Wilson, a democratic president."

Briefly Mr. Bryan then referred to the tariff revision, the federal reserve law and the strengthening of the anti-trust laws.

There seems to be a considerable shortage in the June bride crop in Polk county. And this is leap year, too.—Polk County Enterprise.

The editor of the Enterprise, author of the above lines, is said to be a most worthy old bachelor, able to take care of a June bride in good shape and of affectionate disposition. He is also said to be handsome, and if there is a surplus "June Brides" in any other section, they will not overlook the opportunity of this modest and gentle suggestion. His address is W. L. West, Livingston, Texas.

Dispatches announce that preparations are being made for the levy of a big bond issue for the country in the vicinity of Corpus Christi, the money to be used in public improvement at a time when the people need work as a result of a drouth which has made farming impossible. This is judgment coupled with charity in a practical way.

INVOCATION.

St. Louis, June 14.—The following invocation was delivered before the Democratic national convention at its opening here today by Rev. James W. Lee, Methodist:

"We thank thee, O Lord, for the wisdom, conservatism, and patience shown by thy servant, the president of the United States, and by those associated with him in authority, which have enabled them to keep the people of this country out of a war which is threatening with ruin the civilization of mankind.

"Grant, O Lord, that there may be one wide-stretching, region between the oceans left as a refuge for the stricken, starving and hopeless of all the earth.

"Let it be the function of the people of the United States to demonstrate that it is possible for human beings to adjust their relations one to another and settle their difficulties between one another without practicing the laws of the jungle.

"Give us peace and prosperity, not that we may merely live to enjoy ourselves, but that we may use both to bless our kind in all the world."

At the conclusion of his prayer, Dr. Lee recited the Lord's Prayer, the convention joining him.

NEW COMMITTEE TO DECIDE CONTEST

Convention Hall, St. Louis, June 15.—The convention adopted the committee on rules recommendation to refer all contests for places on the national committee to the incoming national committee.

A Texan asked Tom Love when he was going home.

"When they do me," he answered.

"Who are they going to give it to?"

"Why the man who got the most votes of course."

Both sides appeared elated over the course the Love-Poindexter contest had taken.

Love told the Star-Telegram correspondent that it was at the instance of his friends on the rules committee that such a recommendation was made. On the other hand, Judge Wear of Hillsboro, who was chairman of the state convention where Poindexter won his first victory, said that this was precisely what Poindexter's friends had been working for.

There is a question as to whether Cato Sells, retiring committeeman from Texas, will sit on the new national committee until the contest is decided.

The new committee probably will organize Saturday.

"GOOD-BYE FLY"

According to Department of Agriculture Bulletin No. 118: Apply 0.62 Borax to every 10 cubic feet of manure. Apply Borax particularly around edges; sprinkle with 2 or 3 gallons of water. This treatment should be repeated with each addition of fresh manure. Borax prevents fly eggs from hatching.

In the case of garbage cans 2 oz. of Borax will effectually prevent flies from breeding.

BARBECUE DATE CANCELLED

The Sentinel is reliably informed that the barbecue and political rally advertised to be held in Garrison on July 4th has been cancelled.

Failure to get speakers desired and other causes made the enterprise impractical for the present of the magnitude the progressive people of that community desired, hence they call in this date hoping to have the people of the country with them at some subsequent time.

STARVATION IN MEXICO.

El Paso, Tex., June 15.—Many refugees, including four Americans, arriving in Juarez last night from Chihuahua and the district around Torreon. The Americans declare that famine conditions prevail around Torreon and that the civil population would welcome intervention or any other measure that would relieve them from the danger of starvation. The newest issue of Carranza currency, they say, is absolutely without purchasing power.

Canuto Reyes and Jose Isabel Roblez, former Villistas who recently made their peace with the de facto government, are reported to have again revolted and with a number of Carranza officers, declare they will not oppose the Americans.

MERRY FISHING PARTY.

A merry fishing party was organized yesterday in honor of Mr. and Mrs. D. L. Mills of Dallas who are here visiting Mr. G. K. King and family and other relatives. In the party were Mr. and Mrs. Mills, Mr. and Mrs. G. H. King, Herbert Arnold, Wade Walters, Mr. and Mrs. Motus Smith, and Mr. and Mrs. Pat Murphey.

The party went out to Spradley's Ferry and Mr. Spradley met them there, furnished his boat and did what he could to help them have a good time. Plenty of fish were secured, and the day was a most enjoyable one without accident of any kind save a little misfortune which Mr. King says happened to Pat Murphey, who lost his balance in chasing a fish and fell into the river.

Messrs. Wiley Burnaman, John Wiley, George Lowery, Bud Partin and J. H. Barnett of Etolle were visitors to the city today.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, only acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THE NORMAL.

From Thursday's Daily: We wish to apologize to Messrs. Cason and Lindsey for the error of this column yesterday made in the statement that the lady students of the Normal only were invited for a car ride about the city at some future date, to be set by the Normal body. The gentlemen of the Normal accept with pleasure.

There were a goodly number of visitors at the Normal today to hear Mr. Cunningham of the State Department in his masterly talk on school progress in Texas. Mr. Cunningham is in close touch with the public schools of the state, and has been for many years. The Normal body received enthusiasm from his talk of the kind that inspires men and women to go out into their home districts and start something educationally.

Through the courtesy of Superintendent Davis, a party of teachers and others in company with Mr. Cunningham, were shown through the new high school building.

The trip to Weatherly Creek for the good roads boost was participated in by all the men of the Normal, and they are ready now to spread the good doctrine of road improvement throughout Eastern Texas. We believe such work as this no less the duty of a school teacher than the teaching of arithmetic. If the teacher does not stand for civic improvement, he doesn't stand for anything.

From Friday's Daily: Chapel was conducted today by Mrs. Marshall. The program provided consisted of music by Miss Stinson and an address by Bro. E. L. Thompson. Both numbers were an inspiration to the Normal students and teachers.

Miss Verdian Barham and Ruth Weaver were among the visitors today.

Mr. Whitton of Swift is in town visiting his daughter, Miss Florence, who is attending the Normal.

Mr. Rushing has been called out of town on business for the remainder of the week.

Mr. Dirickson will motor to his home in Lufkin this afternoon for the week-end with home folks.

Mrs. Adams and children visited Mr. Adams here today after a week's visit with relatives at Appleby. Mr. Adams will accompany them to Chireno this afternoon.

From Monday's Daily: In the absence of the conductor, whose place it is to conduct chapel on Mondays, Superintendent S. W. Dirickson took charge of chapel today and instructed the entire Normal body along the line of accuracy in life. His address was full of points, well taken.

Alton Thomason gave the Normal a reading today at chapel which was exceedingly interesting, though short.

Mr. Windham of Manning, who is in attendance at the Normal, made homefolks a visit during the week, returning Sunday evening.

Superintendent Dirickson visited at home Sunday.

J. E. Covington of Waterman, a member of the first-grade class, was home for the week-end.

The Normal classes are now hard at work and both teachers and students have taken on a serious air significant of those who have this heart. The work being done is showing to be that of a class that will bring results in the schools of Eastern Texas the coming session. Such work as is being done in the Nacogdoches Summer Normal is to be one of the factors of the educational progress of this section of Texas.

Hon. C. W. Howth, candidate for congress who has been spending this week in the county, speaking at different places, came in and spent last night in this city. Reports from the places that he visited are to the effect that he is having fairly good attendance at his appointments, and his addresses are being listened to with good attention.

Here's Speedy Relief from Kidney Troubles

"Foley Kidney Pills have done me a heap of good." A. T. Bartlett, Brockton, Mass.

Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder trouble. The ache across your back grows worse with every move you make, and with every step you take. It not only robs you of all your strength and energy, but it affects the other important organs of the body as well. Nervousness, headache, disordered stomach, liver trouble, bad eyesight, are only some of the conditions that follow kidney trouble.

Foley Kidney Pills help the sick weak kidneys to regain their normal healthy state and activity. When they are again able to do their work effectively, your system is no longer choked and blocked with poisonous waste matter. Your symptoms clear up, your weariness, pain, misery and weakness go away. Foley Kidney Pills can do you also "a heap of good."

Stripling, Haselwood & Co.

WODEN'S RED LETTER DAY.

From Monday's Daily: Yesterday was the third and last day of the big county singing meet at Woden, and was a great day in that line, and still more.

The attendance was greater than had been expected, and the interest was wide spread and inspiring.

There were people there from distant points of the county, and from near-by points there were more. More than 150 passengers went down on the S. E. railroad special train, and others went by auto or other modes. Fully as many ladies as men were there, and they did their usual part in getting up a feast that was of the choicest quality and ample in quantity. Every body feasted. And as for singing, well there was music in the air, on the earth, and in the clouds, soul-stirring, heart feeling music.

The fine and commodious two-story brick school building at Woden is a wonder from several points of view. The second floor is entirely used as an auditorium, and this was used for the singing. It seats several hundred people and it was filled yesterday, standing room and all, and many people were outside of the building.

Woden is 1 1/2 miles southeast of Nacogdoches, and five miles south of Melrose, on a ridge between the Carrizo creek, on the west, and the Ponte Suelos creek on the east. There was always a thick settlement of the very best class of farmers on this ridge, and it was known as Pea Ridge, and as Jacobs Chapel, after the original old timer known as Uncle Jim Jacobs, a most worthy and lovable pioneer, whose descendants are numerous there now. Other respected and memorable pioneer names there are Alders, King, Hobbs and Chisum. Uncle Jack Chisum's home, which is widely known there now, and was the first house there, is still occupied by himself and family. He is regarded as the father of the village, and his home was the original nucleus. He was born there or near there in 1845.

There are about a half dozen business houses in Woden, and a dozen residences. The name was suggested by Hon. Hugh B. Short now living in Center when he was residing here and editing the Nacogdoches News, the predecessor of The Sentinel, and was taken from one of Walter Scott's novels.

EDUCATIONAL RALLY WAS BIG SUCCESS

From Friday's Daily:

Yesterday might well be termed a day of "Educational Rally" for Nacogdoches county. It was the day set for a mass meeting of the trustees of the county to assemble with a representative of the state department of education, and there were about forty-eight trustees from different parts of the county present.

At ten o'clock in the morning Mr. Cunningham of the state department addressed those present at the court house, making a logical, practical talk, giving the trustees many new and good ideas which they can employ in the government and upbuilding of their schools.

In the afternoon Miss Bess Mason, county domestic science teacher, addressed the trustees in the interest of her work, making a most logical and practical talk which was well received by those present. She also contributed another brilliant service to the exercises of the day by having her Trinity class with her and serving refreshments prepared by those bright, industrious girls.

In summing up the events of the day, and the work of the county, Prof. Stripling, the county superintendent, informs The Sentinel that much definite value will grow out of the meeting in view of the fact of the trustees coming in personal contact with the representative of the state department, and deriving much good information direct. In discussing the school work of the county at further length he says that practically every school in the county will conform to the rules which will give them state aid and more efficient teachers. Nearly all the districts of the county have some tax, but with the new inspiration, practically all will fall in line and vote a fifty cent tax authorized by law. Thirty-five of the districts have voted a tax within the past twelve months, and others are rapidly falling in line. Holly Springs voted a fifty cent tax last Saturday with seventeen for the measure and only two against, and Cedar Bluff will have an election tomorrow. Petition was carried out yesterday for another school which will vote a fifteen-hundred-dollar bond issue.

Owing to the fact that Prof. Cunningham was called away in the afternoon by a telegram, the trustees did not finish all the work contemplated, but will meet back again on the 30 of the present month when State Superintendent or some representative of his department will be present.

BOUGHT BRICK BUILDING.

Mr. N. D. Naman, a well known cotton man of the city, has recently purchased the building known as the First National Bank building on the west side of the public square from the owners, Judge Ingraham and Mrs. Loden.

Mr. Naman is having the building put in good repair, and is having the skip in the pavement paved. He will also have a concrete walk put down in front of the house, and when through will have a most attractive building and premises.

Hon. C. A. Hodges, who has been spending several weeks at Marlin recreating and using the mineral waters, has returned home and is receiving the glad hand from his many friends. His friends over the county will be pleased to learn that he is much improved in health as a result of the trip.

Rev. E. L. Thompson, pastor of the Christian church of this city, will attend a Sunday School convention near Shreveport this week.

WILSON AND MARSHALL WERE NOMINATED

Demonstration Lasted Forty-Five Minutes—Bryan Also Receives an Ovation.

The Sentinel received a telegram from Hon. Beeman Strong of this city who is attending the National Democratic Convention at St. Louis, this morning, which reads as follows:

"Wilson nominated at 11:15 p. m. (Thursday night). Demonstration lasted forty-five minutes.

"Marshal for vice-president by acclamation.

"Bryan addressed the convention and received ovation. Convention will adjourn tomorrow." (today)

The telegram was dated yesterday, being filed late last night and not received until this morning.

It was the original intention to make the nomination today, but the work of the convention was so harmonious it was despatched in less time than was planned.

Throughout the convention everything has been harmonious, giving unqualified endorsement to the administration of President Wilson and his policies, and with this, possibly the greatest harmony ever known to exist with any party, the democratic standard-bearers go before the nation for ratification of the administration and the policies of the party.

WILSON INFORMED.

Washington, June 16.—President Wilson was notified at 1 o'clock this morning by Secretary Tumulty that he and Vice President Marshall had been nominated by acclamation at the St. Louis convention. His only comment was: "I am very grateful to my generous friends."

FIRE AT GARRISON.

Garrison News. At 3 o'clock Monday morning the home of J. L. Grayson was discovered by the occupants to be in flames. Neither Mr. Grayson or any member of his family has the slightest idea as to the origin of the fire. When discovered the flames had made such headway that the occupants of the building barely had time to escape in their night robes. But very few articles of clothing and furniture could be saved.

We understand that Mr. Grayson carried insurance to the extent of \$800; \$500 on the building and \$300 on the furniture.

The destruction of any kind of property is more or less a serious matter, but when we lose our homes by fire it is always the case that certain trinkets and heirlooms are lost that no amount of insurance could replace.

MANY PEOPLE WILL GO TO A. & M. SHORT COURSE.

County Agricultural Agent Jas. D. Greer informs The Sentinel that much interest is being aroused among people of Nacogdoches county in the Farmers Short Course to be held with the A. & M. College July 24-29 inclusive, and that some twenty-five have already signified their willingness and intention to attend.

The railroads have made a rate of one cent a mile each way for the trip; board can be secured for \$1.25 per day, and no tuition will be charged, the only expense being an incidental fee of \$2.50 for those who take the course of study.

Many distinguished educators, from different parts of the United States will be present and will lecture on the subjects of Agriculture, Engineering, Agronomy, Animal Husbandry, Horticulture, Rairy Husbandry, Home Economics, Agricultural Education, etc.

It is a trip well worth many times what it will cost for both farmers and business men, and any and all who can break away for the occasion should attend.

SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uraemic poisoning occurs, and the person dies and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a large trial package of "Anurie"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. This "Anurie" of Dr. Pierce's is 37 times more active than lithia, for it dissolves uric acid in the system, as hot water does sugar. It relieves backache, lumbago, rheumatism, osteodynia. 50c. at druggists.

SCHOOL HOUSE SANITATION.

Forty states of the union have taken some legal action toward safeguarding sanitation of public school buildings according to a bulletin on "School House Sanitation," just issued by the bureau of education of the United States department of the interior.

"Probably nine-tenths of the existing regulation of this sort has come within the past decade," declares the bulletin. "Each state profits by the experiences of forty-seven others."

A law passed in one extreme of the country today is copied next month or next year by a state 2,000 or 3,000 miles distant.

Thirty-eight states have some legal provisions regarding the school site according to the bulletin. Nearly all of these provisions are state-wide in their application and are mandatory in character. These provisions include the proximity of "nuisances," availability of the site, and side of the site. Nineteen states have laws prohibiting the location of school buildings within a specified distance from places where liquor is sold, from gambling houses, houses of prostitution, and noisy or smoky factories.

Thirty of the states have sought to regulate the water supply of the public schools. "The revolt against the common drinking cups," says the bulletin, "has come within the past five years. Kansas was the pioneer, but other states followed rapidly, so that half of the entire number have either a law or a regulation regarding drinking cups."

Some form of protection against fire and panic is found in 36 states. Blanket regulations, or the powder to make such regulations, exist in twelve states. General or special construction with a view to fire prevention is dealt with in ten states. Thirteen of the states have something to say as to corridors and inner stairways; twenty-four have regulations as to exits, and twenty-five as to exterior escapes; ten mention alarm and fire-fighting apparatus; and eleven states provide by law or regulations for fire drill. Less than half the states, according to the bulletin, have any legal word on ventilation. Thirty cubic feet of fresh air per pupil per minute is the conventional amount specified.

In the matter of cleaning and disinfecting, slightly more than one-fourth of these states have regulations which control conditions to any degree outside the district themselves. Some of the laws and regulations are almost model; others are wholly inadequate. A few state boards of health have done notable work in this particular. Special cleaning and disinfecting follow in seven states immediately upon discovery in any school of any of a certain class of diseases. "Three of the states have a special list of specific diseases that call at once for action. The list includes scarlet fever, smallpox, and diphtheria in all three, measles in two, and infantile paralysis, epidemic spinal meningitis, and bubonic plague in one each."—Exchange.

PICNIC FOR MELROSE.

The Sentinel is requested to give notice that a picnic will be given at Melrose on July 7th. Among the features will be a ball game between Melrose and Nat. Everybody invited.

SPECIAL TRAINS RUSH REGULARS ACROSS TEXAS

Palestine, Texas, June 18.—Two special trains having on board United States troops passed through Palestine today, going to Laredo. One train carried a company of artillery from Fort Hamilton, N. Y., and the other had on board a company of the Fifty-Sixth Infantry from Sandy Hook, N. J. They had orders to proceed with all possible speed and both trains made more than forty miles an hour over the International and Great Northern. Another train will go through tonight.

RUB-MY-TISM

Will cure Rheumatism, Neuralgia, Headaches, Cramps, Colic Sprains, Bruises, Cuts, Burns, Old Sores, Tetter, Ring-Worm, Eczema, etc. Antiseptic Anodyne, used internally or externally. 25c

The Sentinel

HALTOM & GIBBS, Proprietors

O. M. GIBBS, Editor

"War Talk Puts Wheat on Rise," reads a headline. We are likely to become familiar with the sentence, "War Talk Causes a Rise," by the time it reaches other commodities, which in turn they will in the event of war.

The voters of Angelina county have turned down the proposition of a bond issue for a county hospital. The people of that county do not seem to take very kindly to a bond issue for any purpose, having voted down a bond issue for road improvement on several occasions.

We glean from the Lufkin News that the candidates of Angelina county had a speaking and political rally at the fire station in Lufkin yesterday afternoon. Just why the fire station was chosen for such an auspicious event we do not know—but the idea of "preparation" seems to be the hobby of the day and there is nothing like being close up to a fire department when there is danger of a conflagration.

A Mexican editor, publishing a paper at Laredo, became too inflammatory in his remarks about the United States as a result of which thirty citizens of the town, composed mostly of business men, led him to the border of his native land and bade him not to return to this good land of the brave and home of the free. Other attaches of the office which publishes the paper were given notice to close up the shop—and they did.

Carranza makes the dramatic exclamation to his people: "I will lead you in person." The next most interesting statement would be his way-bill and avenue through which he will make his escape. Mexican ports are being supplied with battleships while the borderland is being recruited with additional guardsmen by Uncle Samuel who is growing tired of the insolence and impudence of the bewildered general so void of all appreciation.

The Sentinel gets the information from the different candidates, who have been visiting the various sections of the county, that the crops are looking fine, and the farmers are well up with their work for the most part. A few weeks ago the outlook was somewhat discouraging, but the recent rains have put new life in the plants of all kinds, and they have outgrown all stunt received with the unfavorable weather had during the early part of the season.

Today is the time set for the meeting of the committee of ten citizens from different parts of the county, who will come together at this place for the purpose of working out and formulating plans for a good roads campaign in Nacogdoches county. The meeting will not likely get through in time for a report of its proceedings in today's issue of the paper, but a full report will be gathered for tomorrow. A recent letter from Mr. C. R. Langston, the chairman, says that he has the plans used by many places before him, and is working hard in an effort to work out some plan that will be practical and adapted to the particular needs of this county. As the Sentinel has taken occasion to say before, Mr. Langston never shirks a duty of community interest, and is a tireless, efficient worker who can be depended upon to bring up his part of the service.

The Nacogdoches Sentinel comes to the News exchange table today in an entirely new dress. The laymen may not know just what is meant by this, but in order to keep the record straight it will be said that formerly the Sentinel was "set up" in ten point, the same size type that The News employs in its daily edition. The change that the Sentinel has made is from ten point to eight point—a smaller letter, if you please. This gives opportunity for the handling of more matter of a news nature in less space, and is a mark of prosperity with any publication. The News wafts its felicitations and trusts that the Sentinel will live long in the land, and prosper—Lufkin Daily News.

The Sentinel greatly appreciates the compliments and good wishes from its neighbor across the creek. The definition is correct. The editor could not work off his surplus energy with the big type, and the young linotype operator was beset with a similar handicap, not having room to report all the news and say all the good things necessary about this good old town and county. The business and high cost of paper would not admit of the addition of extra pages, and as a last resort "will" found a way in this method which we hope will be satisfactory and appreciated by the readers.

THE ROAD ISSUE.

If our recollection serves us correctly, it was King Solomon, reputed to be the wisest man the world has ever known, who said that "in the multiplicity of counsel there is wisdom." If he didn't say it, he would doubtless agree with the philosophy of it. In the public discussion of issues we arrive at the best conclusion, and this is one of the great and inalienable rights guaranteed to American people. With this idea in mind The Sentinel is going to lead out with a discussion of the road question, about which there is much interest just now, and in so doing we will be just as free with space for others who may have different views. We are all interested in getting a better system of roads for the good old county, and the only subject of a discussion should be the most equitable and sure method to get them.

There are two ideas uppermost in the minds of the leaders of the campaign just now, either one of which will get results. Some favor the idea of a bond issue with which a large sum of money could be secured at one time and first-class system of roads built, reasoning that we could enjoy them while we are paying for them. In objection to this it is reasoned that the interest would during the forty years amount to more than the money used in the improvement, and we would still have the burden of upkeep. The other idea is to vote a special road tax of fifteen cents on the \$100 worth of property.

Briefly summed up, The Sentinel looks with favor to the following plan: We have a fifteen cent tax which gives us fifteen thousand dollars road and bridge money. We would vote another fifteen-cent tax which would give us fifteen thousand dollars more, or thirty-thousand dollars per year. We would recommend the abolition of the present road law and make a per capita tax of five dollars on those eligible to road duty, which would give us ten thousand dollars more, or a total of forty thousand dollars per year.

Instead of community road overseers, we would recommend the employment of a competent road engineer as county superintendent, who would direct and inspect the work of the county, employing sufficient help to do the work, and we would have an advisory committee consisting of one citizen from each commissioner's precinct and one at large who would work conjunction with the commissioners court in directing and approving the work.

With this plan twenty-five to thirty thousand dollars per year could be used, building first class roads, giving us something like fifty miles per year, the balance of the fund to be used in the maintenance of the roads of the county. Following this plan up a few years, we could have the county belted with good roads, and every dollar of the money assessed against the people would be utilized in road building instead of having to cut off a big slice for interest on the bonds. The road superintendent should have full authority to hire and discharge hands, and employ such labor as may be most valuable in the service. In matters of purchasing machinery, or making investment of the money for any purpose save work, the commissioners court should call in the advisory committee, and the advisory committee should also be consulted with in the distribution of the work.

There are many other ideas that could be developed in support of this theory which may be threshed out from time to time. The gist of the whole is that the money should be handled by men capable of giving the best service, and expended in the most practical way.

Another idea in favor of the campaign for the tax is that a majority vote would elect it, while it will take a two-thirds majority to elect a bond issue.

We have no "war" to make on a bond issue if in the wisdom of a majority of the committee it is finally decided to launch a campaign to that end—we are for any measure that will lead to road improvement, making these observations and suggestions for whatever they may be worth. If any have a better or different idea, we shall be glad to give them space for a discussion of the matter.

A DISTINGUISHED VISITOR.

Judge Jno. N. Conley of Beaumont, chief justice of the Ninth Court of Civil Appeals, was in the city today meeting with the voters in the interest of his candidacy for re-election. He will visit several places in the county before leaving, and hopes to meet with as many of the voters as possible. Judge Conley is serving by appointment in the new court, and is making a good record for himself, as a result of which he has many friends over the district who feel that he should be elected and given a full term of office before being retired.

Everything in your printing line supplied by high class workmen at the Daily Sentinel Office.

HOW BIG A FARM.

"What size should the farm be to produce the best returns?" This question is often asked, but one might ask as well the size of an ear of corn or an Irish potato. The kind of farming, the capital available and especially the "size" of the man who manages it are all important factors which influence the answer to this question.

The first point to be clearly set forth is just what is meant by the "farm." In some cases 1,000 acres is regarded as a "farm," when as a matter of fact there are 20 to 40 distinct units, or in reality 20 to 40 small farms, which are generally accepted as making up one large farm.

If the question refers to the farm unit and not to the number of these that may be grouped under one management, then the answer depends on the kind of farming, the available capital for financing, the farming operations and the ability of the farmer; but if it refers to the number of farm units, or the number of negro families which can be looked after by one man, then the size is only limited by the activities and ability of the manager.

If the acreage or the farm unit be too small, the expense per acre for the implements and machinery necessary to do economical and efficient work will be too great and yet without this equipment the operator of the farm cannot obtain the best financial results. For instance a man with 40 acres, on which 5 to 10 acres of small grains are grown, cannot afford to own a binder, and yet there is no question but the binder is necessary to the most economical harvesting of crops. This same principle applies as to all equipment of large cost and limited use. For a small acreage, one cannot afford high-priced implements that can only be used for a few days out of each year, no matter how efficient these implements may be in accomplishing work. On the other hand, a farm of more than 300 acres, or possibly of more than 500 acres at the most is generally too large for the best results. The reasons are that there is too much for one manager to look after well, if a good type of farming is done, and the distances from the central point or from the farm buildings, or from the most distant parts of the farm are so great that much time is lost in going to and from work and in hauling crops of products.

It is only by carefully studying the earnings of a large number of farms in relation to the cost and to the incomes of the farm workers, that such a question can be answered in a way to fit the average farm and farmer. In so far as I know, there are no data gathered from or based on Southern conditions which will enable anyone to say what is the best size of farm for Southern crops and conditions. But basing an opinion on data relating to other conditions and sections, it is perhaps safe to state that for mixed or general farming of the safest and best type the farm should not be smaller than 150 to 200 acres of improved land, and probably not larger than 400 to 500 acres.

The American farmer, while only producing about one-half as much per acre, has by larger farms and the greater use of labor-saving machinery earned much more than the European farmer. If the farm is large enough to use three or more work animals and to afford labor for two, three, or more men, and the acreage in crops is large enough to justify the purchase of the best or most efficient machinery, the earnings will be larger. In general farming it requires at least 200 to 300 acres to supply these conditions. Intensive farming may and generally does produce more per acre; but extensive farming, up to a certain limit at least, brings larger returns per man.—The Progressive Farmer.

HAVE NO LICENSE TO CRITICISE.

It would show much better sense and judgment for the New York editors who are making fun of Texas, to hold their typewriters for a bit. They quote someone as saying that Texas alone could take care of Mexico if the job were turned over to her and then draw attention to the fact that 116 of the Texas National Guard refused to take the oath required of them when entering the government's service. As a matter of fact, that number represents only about one per cent of the guard, who responded promptly to the call and were ready and on the way to the point of mobilization within less than thirty-six hours after the call was issued. There is no excuse to be made for those who were delinquent, of course, but their breakdown was probably due to a non-desire to do police duty along the Rio Grande. If there had been actual fighting in eight days there would have been no delinquents at all, for the Texas Guards have exactly what some of the New York's brag National Guards lack, that best of all preparedness, courage, and the fighting spirit thoroughly developed.

H. L. DARWIN

(State Senator)
of Delta County
Candidate for
CONGRESSMAN-AT-LARGE
Democratic Primary July 22, 1916.
Your support earnestly solicited.

MY PLATFORM:

I favor Rural Credits, Marketing Bureau, Government aid to Good Roads, Organized Labor, Public Health, Preparedness, Prohibition, Flood Control, Levee and Drainage, Improvements of Harbors and Worthy Waterways, Competitive Cattle Market, Merchant Marine, and oppose "Pork Barrel" appropriations of every nature.

Yours to serve,
H. L. DARWIN.

Resolutions adopted at Cooper, Texas, March 18th, 1916, at the organization of the Darwin Club:

Whereas, Senator H. L. Darwin of Delta County is a candidate for Congressman-at-Large in the July Primary, and we, the voters and Democrats of Delta County, know his qualifications to be in every way such as to enable him to make a valuable Representative in Congress; therefore, we commend his candidacy to every Democrat in Texas, because he represents the best interest of all Texas, and Texas will be ably and favorably represented in his election. He is broad-minded, liberal and fair in all things.

He is a graduate of the University of Texas, and the East Texas Normal College. He has represented the Second Senatorial District in the Texas Senate for the past four years, and was an able and conscientious member. Was prominent in advocating Workman's Compensation Act, "Blue Sky Law," Compulsory Education, Good Roads, Levee and Drainage, Property Rights of Married Women, Labor Legislation, Warehouse and Marketing Law, Rural Credits, Pure Seed Bill, Public Health, and opposed useless expenditure of Public funds of every nature. He was loyal to the best interest of the State, whether North, East, South or West, and no section appealed to him in vain when its best interests were involved.

Senator H. L. Darwin possesses the highest educational training, which, combined with his native ability, energy and courage, will enable him to render valuable service in Congress. He represents the best the State affords in a personal, political and industrial way.

Therefore, we urge all Democrats in Texas to support Senator H. L. Darwin of Delta County for Congressman-at-Large.

Resolution No. 2.

We, the Farmers of Delta County, recommend Senator H. L. Darwin to the voters of Texas for their support.

He was raised on a farm in Delta County, and now owns and operates a farm in this county. He has equipped himself with the best education the State affords. As a member of the State Senate he was a supporter of better agriculture, better marketing, better roads, better schools and better public health. He is an active member of the State Corn Growers' Association, the Farmers' Institute, and Farmers' Union. He is one of those who is working to better the condition of the farming interest in every way.

He will make an efficient Congressman, and we recommend him as one of our number to every farmer and voter in Texas. The business interests will be ably and fairly represented in his election, and the producing class will have one of their number in Congress and one who will faithfully render a service to the State and Nation.

Respectfully submitted,

W. S. Miller, W. White, Jack Lemmons, G. Skeen, Arch Hendrix, J. W. Russell, and 500 others.

With memories of San Juan Hill still fresh in the memories of thousands, where one of the brag regiments of the New York National Guard showed the white feather, groveled in the dust in an agony of fear and were so demoralized through fear that they allowed themselves to be spurned and kicked by the negro troops of the Tenth Cavalry; with so black a record against the New York Guard, it will become any New Yorker to criticize the one per cent of Texas boys who tried to avoid doing police duty along the Rio Grande. The New York editors had best take a look at their home record before attempting to criticize the Texas soldiers who, whatever may be their faults, a lack of courage or shirking a fight can not be numbered among them.—State Topics.

La Pryor will have her Brass Band, Col Ike Pryor will give them a Banquet on their arrival in San Antonio.

Bosque County will send a big delegation, possibly 30 or 40 autos, and Walnut Springs is considering bringing the famous Band from that town, that made such a "hit" at the last annual meeting of the Texas Good Roads Association at Taylor. Maybe others will try to "go them one better." It wouldn't be bad if we had a dozen or so fine bands like these to furnish music during the convention. We would almost put on a "Band Convention" at the same time.

You can say to your people that an auto line will be in operation from San Antonio to the Lake and the fare will not be more than regular railroad fare.

A great many will come by railroad and we will see that they get good service and every courtesy shown them. Remember, plenty of fishing, bathing, boating, etc.—Pub. Dept. Good Roads Congress.

MR. J. PERRITTE WAS BITTEN BY ANIMAL

News has been received in the city of an unfortunate accident which happened to Mr. J. Perritte of Attoyac last Sunday, in which the gentleman's hand was severely bitten by a mare from which he was taking off the harness.

The mare had a young colt following her, and it is presumed that she thought her baby was being molested and was ill in consequence. Mr. Perritte's hand was very badly lacerated, and at first it was thought that the member had been ruined, but was found not so serious upon further investigation, and will be restored if no complications set up.

News of the sad accident was brought to town by Tom Blankenship of the community who was in town this morning.

THE MOTHER OF THE MAN.

(Hall Caine's reply to Kipling's "Female of the Species.")

When the Lord of Creation gave the woman to the man,
In that blest but brief existence ere the rule of ill began;
Then he knew what of her conduct,
Whether innocent or frail;
That the female of the species would be scapegoat to the male.

When he banished them from Eden for the sin that each had wrought,
And the flaming sword of vengeance sealed the fate that both had sought,
Then he knew throughout the ages,
Long as man should tell the tale,
That the female of the species would be temptress of the male.

When he cast his children from him
and by the primal earthly vow
Doomed their seed to eat their life-bread
in the sweat of blood and brow,

Then he knew where the paths were
redest down the line of labor's trail;
There the female of the species would be slave-mate to the male.

When he dowered the man with passions,
when he formed him from the dust,

With its wildness of instincts
with its lava steam of lust,
Then he knew that in the whirlwind
of his manhood's wasteful gale
Still the female of the species would be subject to the male.

When he ordered that the woman, both as mother and as wife,
Should obey her law of being, as the vehicle of life,

Then he suffered it to happen lest the generation fall
That the female of the species might be "deadlier" than the male.

But when the Lord of Creation gave the woman to the man,
In that blest but brief existence ere the rule of ill began,
Then he willed it that if sharing in man's faults and in his fate
She would therefore be his equal and the partner in his state.

Not to govern or cajole him, not to court or speak him smooth,
Not to snare or enslave him, but to cheer, inspire and soothe;
Not his temptress, not his slave-mate, not his subject, nor his squaw,
But his help-mate and his angel by the right of God's own law.

If he cursed the man with labor, as the human lot's alloy,
He provided that for woman his work should be his joy,

If he dowered the man with passions which the grosser instincts move,
He reserved it for the woman to uplift his lust to love.

If he ordered that the mother for the children of her womb
Should share her death by travail and fight till crack of doom,
He ordained that by that impulse, still the purest and the best,
She should gather all that suffer in her pity to her breast.

Nurturing, nursing, guarding, guiding,
giving strength with heart and hand,
Paying tolls in pangs to nature, which no man may understand;
Dauntless from the God who made her without fear to draw her breath,
Savior of the weak and helpless, first at birth and last at death.

Since—the Lord creating woman—she became a living soul,
Hers has been the old earth's burden, age on age, from pole to pole,
Hers the conflict, hers the conquest, hers the flag of life unfurled,
Hers the sorrow, hers the suffering, hers the love that moves the world.

Therefore, why should man, the ingrate, when he chooses to confer,
Welcome every fool and coward, only close the door to her!
Room, sirs, room, within your councils, bare your foreheads if you can,
For behold, without your portals stands the mother of the man!

MARRIAGE LICENSES.

Licenses to wed have been issued to the following parties since last report: Wm. Carlwell to Mollie Sanders, (col).

J. O. Owens to Miss Hattie Matlock.

D. B. Walker to Miss Viola Carnes, Rufus Finley to Miss Nettie Harjia, Fred E. Self to Miss Themie Edings.

Montie Powers to Miss Ettie Strong, Harry Storylong to Janie Ayers, (col).

B. L. Thomason to Miss Amanda Baker.

Neckwear, shirts, hosiery, hats and clothing all new. Zeno Cox Jr. 30-60

GOOD ROADS COMMITTEE INTERESTING MEETING

All Were Enthusiastically in Favor of Any Measure that Will Insure Necessary Improvement.

Eight members of the committee appointed to get together and formulate plans for a campaign for road improvement in Nacogdoches county, met at the city hall in this city yesterday afternoon and had a most harmonious and enthusiastic meeting, resolving "That We Favor a Better System of Roads in Nacogdoches County."

The feature of the meeting was a report from the committeemen from the different parts of the county who advised that the people they discussed the matter with were almost unanimous in favor of some system that would insure improvement, and would support a tax or bond issue for the purpose.

The committeemen had expected to have the state good roads expert, Mr. Marshall, with them in this meeting, having had a promise to the effect, but he was detained and did not arrive.

The chairman, Mr. C. R. Langston, and the other members of the committee are very enthusiastic in the mission which has been assigned to them, and are filled with an enthusiasm that will insure they will leave nothing undone in the discharge of their duty.

One interesting feature that was brought out in the discussion, for which we may congratulate the people, is the new spirit of progress that has been born in the county. From the report of the different committees, the information was gathered that bond issues have been voted in a great majority of the communities of the county for the purpose of erecting new school buildings and having better schools; new methods of agriculture are being employed by many of the farmers; nice churches with regular services are to be found in almost every community, and rural life generally is being improved with a growing tendency for still better conditions.

ARMY WANTS 50,000 HORSES AND MULES

San Antonio, Tex., June 20.—General Funston admitted at noon today that the War Department had ordered the quartermaster's department at Fort Sam Houston to purchase 50,000 horses and mules for the militia, to be assembled at remount stations throughout the country.

The War Department also asked General Funston how many National Guardsmen he wants at once. He wired a request for a certain number, but declined to state the figures. It is believed, however, that General Funston asked for at least 25,000, and perhaps more, to be distributed from the Gulf of Mexico to California, with a main base at San Antonio.

It is reported here that the New York and Illinois Guard have received their initial orders and that they will be moving toward the border by tonight or early tomorrow morning.

Constable Burrows is making a visit to Fineland today where he went after a negro who escaped from this county some time ago.

CARRANZA OFFERS TO LEAD TROOPS AGAINST THE U. S.

Mexico City, June 19.—Gen. Carranza, addressing a mass meeting in front of his residence last night, urged the citizens to refrain from hostile acts against Americans, and declared that he had hopes of arranging peacefully the difficulties between Mexico and the United States.

The first chief said in part: "This is not the time for hasty action. I am trying to arrange our difficulties with the United States peacefully, and have hopes of succeeding. I want you to aid me."

"The encounter between American soldiers and Mexicans near Matamoros has been temporarily solved with the withdrawal of American troops from that region. The matter is now being taken up diplomatically. There was some trouble in Mazatlan, caused by an American sailor, and that has also been adjusted for the time being."

"Go to your homes and be good Mexicans, remembering also that I will do my utmost to preserve the dignity of the Mexican nation. If we are forced to arms, I will lead you in person."

A crowd of several thousand cheered his remarks. Early in the evening a big demonstration had been made in front of the national palace and afterward the demonstrators had paraded through the principal streets. The metropolis was perfectly calm late last night, and Gen. Carranza's words were expected to have a good effect in maintaining this condition.

U. S. SAILORS FIRE ON BUNCH OF NATIVES

Washington, June 19.—Communications from the Mexican embassy announcing that there had been a clash between a boat crew from the gunboat Annapolis and Carranza soldiers at Mazatlan yesterday and asking that in the present tense situation no men be landed in Mexico from American warships under any circumstances were delivered today by an embassy secretary.

The embassy communications brought the Washington government its first news of trouble at Mazatlan, latest radio advices from Admiral Whistler, on the Pacific coast making no mention of it.

The embassy presented a report from the military commander at Mazatlan, General Mezo, telling of the incident, accompanied by instructions from the Mexico City foreign office, urging that the Americans be kept aboard their ships.

The Mezo report told this story: A boat from the warship approached a Mazatlan wharf and was warned to keep off until permission to land could be obtained from the military authorities. It went back to the ship and several hours later returned with its crew armed. The officer in command was told permission for landing had not been given and an argument ensued. A crowd of soldiers and civilians had gathered on the wharf and in the midst of the discussion a drunken Japanese fireman shot at the Americans, who promptly replied with a volley into the crowd. Carranza soldiers returned the fire and the boat withdrew, leaving behind two officers, who were arrested. Explanations then were exchanged by the commander of the warship and the Carranza general and the American officers were released.

The report makes no mention of American casualties, but says two Mexican soldiers and one civilian were wounded.

CELEBRATE "VICTORY"

Brownsville, Texas, June 19.—Mexicans in Matamoros are rejoicing in the belief that a small band of Mexicans compelled a force of about 300 American soldiers to re-cross from Mexican territory into the United States early yesterday, according to reports received here today. It was also reported that two Mexicans wounded in the rear guard attack with American soldiers were taken to a Matamoros hospital.

General James Parker, who commanded the American forces on the fourth punitive expedition, announced his confidence today in the statement of General Ricant that he would use his forces to exterminate bandits, and proceeded on the supposition that the rear guard attack was made by bandits.

All was quiet in the vicinity of the border today.

KILLED BY AUTOMOBILE

News has been received in the city that a man named Loper was killed in an automobile accident at Jacksonville either yesterday afternoon or last night. He was related to the Aldridge family of Garrison who passed through the city going to Jacksonville in response to the news.

The Sentinel has been unable to get further particulars.

GOV. FERGUSON ISSUES A PROCLAMATION TO MEXICANS

Austin, June 19.—Governor Ferguson today issued a statement addressed to Texas Mexicans as requested by Gen. Funston, in which he said:

"To Texas Mexicans: "At this time I want to say a word to citizens of Mexican parentage residing permanently or temporarily in Texas."

"The state of Texas demands of all persons while in her borders absolute obedience and respect to her laws and constituted authority."

"If Texas Mexicans will aid, by word and deed, the various peace officers in Texas to carry out this demand they need have no fear of bodily harm, and they will receive the protection of our laws. If they do not in some manner show their loyalty to this state and nation, they will bring trouble upon themselves and many crimes will be committed which can not be prevented."

Warns Against Bandits.

"There are thousands of Mexicans in Texas employed in many different occupations. This employment will continue so long as Mexicans remain loyal to Texas. If these people were left alone there would be little cause for alarm with the Americans. But unfortunately the prejudice of many Mexicans who might otherwise remain loyal to Texas, has long been aroused by bandit leaders from Mexico and feeling of hatred exists along our Texas borders which should not be."

"In the future when one of the bandit leaders from Mexico comes among you and tries to tell you that the Americans want you to join some secret movement, report him at once to the first officer you can get to. Report the names of other Mexicans who are mixed up in the gang. Show that you are loyal to this county and as governor of Texas, I guarantee that you will be protected from all harm. In addition to this, I will pay a very liberal reward in gold to any Mexican who will furnish to the sheriffs and ranger captains, reliable information and names of those who are seeking to arouse the Mexicans of Texas to take up arms against the Americans or to destroy their property."

Invites Co-operation.

"I earnestly invite the help and co-operation of all law-abiding Mexicans in keeping down any race hatred and strife. If you do not want to confer with the officers, write me direct at Austin."

"But the better plan is for the good Mexicans to get in close relation with the officers and show them that you are loyal citizens and there will be no trouble in Texas."

"I appeal to the Mexican press and Mexican leaders to warn their people against the strange Mexican who comes to this country to stir up trouble. By so doing you can render a great service to your people and you will be the means of promoting peace and good will between Texas and Texas Mexicans."

(Signed) "JAMES E. FERGUSON, Governor of Texas." (By John G. McKay, Secretary of State.)

REBUKES MEXICAN CHIEF FOR DISCOURTEOUS TONE

Washington, June 20.—The American note, flatly rejecting General Carranza's demand for the withdrawal of United States troops from Mexico and rebuking the Carranza government for the discourteous tone and temper of its last communication, was handed today to Eliseo Arredondo, the Mexican ambassador designate.

It concludes with the statement that if the de facto government continues to ignore this obligation and carries out its threat to defend its territory by an appeal to arms against the American troops, the gravest consequences will follow.

"While this government would deeply regret such a result," says the note, "it can not recede from its settled determination to maintain its national rights and to perform its full duty in preventing further invasion of the territory of the United States and in removing the peril which Americans along the international boundary have borne so long, with patience and forbearance."

"I am reluctant to be forced to the conclusion which might be drawn from the circumstances," Secretary Lansing declares, "that the de facto government, in spite of the crimes committed and the sinister designs of Villa and his followers, did not and does not now intend or desire that these outlaws should be captured, destroyed, or dispersed by American troops, or, at the request of this government, by Mexican troops."

"If a denial is needed that this government has had ulterior and improper motives in its diplomatic representations, or has countenanced the activities of American sympathizers and the American press opposed to the de facto government, I am glad most emphatically to deny it. It is, however, a matter of common knowledge that

How About That Old Wagon?
Don't You Need a New One?
We are still selling the old reliable Mitchell and Espenshied.
The tried and true kind. The kind that you can always depend on.
The kind that are designed especially for our East Texas territory.
These Wagons are built of all air seasoned timbers and consequently you have no bursted hubs.
These Wagons are built and proportioned so as to give you the lightest draft possible.
We would like an opportunity to show you and explain the good features of these wagons before you buy. Drop in and look them over. It costs nothing to look.
Yours to please,
Tucker-Sitton Hardware Co
Mitchell and Espenshied Agents

The Mexican press has been more active than the press in the United States in endeavoring to inflame the two peoples against each other and to force the two countries into hostility.

Long continued outrages against Americans and their property, both in Mexico and on American soil, are reviewed in the note and warning given that the troops will be kept in Mexico until such a time as the de facto government performs the duty, which the United States has not sought, of pursuing the bandits.

FUNSTON ASKS FOR LARGE NUMBER OF GUARDSMEN

Laredo, Texas, June 20.—All persons found on the Mexican side of the border with arms who attempt to enter the United States will be immediately executed without trial and without documentary proof, Gen. Reynaldo de la Garza, de facto commander at Nuevo Laredo, stated tonight. He will issue a proclamation to this effect tomorrow, he said, in the name of the de facto government. Officers will be warned in the proclamation. Garza said, that failure to execute such armed persons will result in the execution of the responsible officers without recourse to superior authority. Funston Requests Militia.

San Antonio, Texas, June 20.—Facing Carranza's defiant army in northern Mexico there will be stationed along the Rio Grande within a week or ten days an American force that will total, it was believed today, almost 70,000 men. General Funston has requested the war department to send him as quickly as possible a large part of the national guardsmen, and advices received late today indicated that entraining of the first troops would be begun tomorrow. As fast as they arrive in the south they will be sent to the stations chosen. Part will be brought to San Antonio and held here as a reserve, but a large part of them will be within sight of Mexico when they get off the trains. General Funston did not announce how many he has asked for nor the stations to which they would be sent, but it is known that he expects more than a division, and it was stated that not less than 28,000 would be sent. Secretary Lansing's note to Carranza's minister of foreign affairs was read carefully by General Funston and members of his staff.

A PRACTICAL JOKE.

Senator King was the victim of a practical joke this morning which he entertained with much seriousness, but which he enjoys with the philosophy extended to the small boy who is advised that "it will feel good when it quits hurting."

Senator King was once captain of a military company that was finally mustered out of service, and upon invitation of General Hulen Mr. King was retained as a supernumerary captain which makes him eligible to call to service should he be needed. This morning he received a call to report for duty at Fort Sam Houston, worded and made out in regular form, and and coming at the psychological moment when the air is full of war news, he never questioned its authority, beginning immediate preparations for a response to the call of

his country, being intercepted just before he broke the news to his family and saving them the shock.

With the knowledge of the joke he laughed heartily and enjoys it as much as any one. He it said to his credit in this connection that he manifested no disposition to shirk the duty, and if the call does finally come to him he can be depended upon.

Read the announcement of Hon. H. L. Darwin for congressman-at-large elsewhere in today's paper. Unlike many of the state and national candidates, Mr. Darwin sends along a check to defray the expense of his message to the people.

Mesdames C. R. and J. H. Langston came down with Mr. Langston and Mr. L. D. Smith yesterday afternoon and spent the time socially while Messrs. Langston and Smith were in attendance upon the good roads meeting.

DR. CRAYTON S. BROOKS
Evangelist

PROF. MALCOLM R. SIMONDS
Singer

This evangelistic company will begin a revival meeting at the Christian Church, July 2nd. Dr. Brooks is an evangelist of wide reputation, having held successful meetings of late in Salem, Oregon; Portsmouth, Ohio; Marion, Indiana; Minneapolis, Minn.; Texarkana, Tex.; and other important cities. He is a man of pleasing personality and address; his wide travels make him an interesting speaker.

Prof. Simonds is a young man who is rapidly coming to the front in his chosen profession. He possesses a voice of rare quality and range—is a soloist and chorus director of ability. These men will do much to lift Nacogdoches to the spiritual level she ought to occupy.

The exact formula on every can

Even an expert cannot tell by looking at varnish whether it is adulterated. That is why it is so important that you should always buy varnish with a guarantee formula.

DEVOE THE GUARANTEED VERNOSITE THE LONG LIFE SPAR VARNISH PALE INTERIOR VARNISH MARBLE FLOOR FINISH

For outside work and all surfaces exposed to water, use Vernosite. It will not turn white from rain or sleet and the sun will not blister it.

For inside woodwork where extremely transparent varnish is required, use Pale Interior. It preserves the natural beauty of the wood, is hard to mar and won't scratch white.

For all floors use Marble Floor Finish. It waterproofs the wood, and enables it to withstand the severest wear and tear without marring.

We strongly recommend these three varnishes, because the guarantee formulas on the cans prove that they have been properly aged and that they are absolutely free from resin and other adulterants.

Never take chances with varnish. Get Devoe and be sure.

Swift Bros. & Smith

Nacogdoches, Texas

ROOSEVELT'S HEALTH TAKES A BAD TURN

New York, June 16.—The physical condition of ex-President Theodore Roosevelt is reported as alarming by his physicians, and members of his family and friends anxiously await further developments.

He rested very badly last night, and after a worrying coughing spell, the bulletin was posted this morning that he was much worse.

The cause of the Colonel's illness is traceable to former complications, it being recalled that he was wounded some years ago by a would-be assassin, and suffered for some time.

It is presumed that the recent strenuous time through which he has passed incident to the Progressive Republican nominee of his party, has but served to bring on a renewed attack of his former malady.

A Laxative Blood Cleanser.

Don't put off taking a treatment of Po-Do-Lax. Your system needs a cleanser and tonic—nothing like Po-Do-Lax to purify the blood, gently move the bowels and stimulate the liver to healthy action. The first dose releases the accumulated poisons. It is a laxative tonic for young adult and aged. Its mild non-gripping action commends it to delicate women. Guaranteed—a trial will convince you. Get a bottle today. dw

200 CARS FROM JACKSONVILLE.

Approximately 200 cars of tomatoes have been shipped from this immediate section since our last issue, and the Government Bulletin issued yesterday afternoon stated that the total shipments for the season up to Wednesday night were 336 cars. Not more than one-third of the crop has moved, and indications now point to a total movement of 1000 to 1100 cars. Mississippi has already shipped more than 1000 cars, and her crop must be more than half gone. Louisiana has shipped 67 cars. Florida is still shipping, having put out 14 cars Wednesday.

Prices have been good up to this time, 70 cents per crate being the lowest. The market seemed to be firm yesterday, with prospects of sales at about the same prices received for the past several days.

The weather has been ideal, and everybody seems happy except the fellows who have late crops or those who have lost heavily from the blight.

The Crystal Spring, Mississippi, market Wednesday, quoted at 65c to 70c for green wrapped, with nearly all cars sold, was really stronger than the price paid here, which was 70c to 72 1-2 for pink stock.

Stock is good this year as a general rule, although the packing is not all that it should be. Cars seem to be arriving in the markets in good order, and there is a fairly good demand for our stuff. Next week will be the heaviest week here, and if Mississippi shipments fall off as expected the balance will be very well maintained and little variation in price is to be looked for. —Cherokee County Banner.

To The Public.

"I have been using Chamberlain's Tablets for indigestion for the past six months, and it affords me pleasure to say I have never used a remedy that did me so much good."—Mrs. C. E. Riley of Illion, N. Y. Chamberlain's Tablets are obtainable everywhere. dw

ALTO SHIPS 64 CARS OF TOMATOES UP-TO-DATE.

Alto's chief crop—tomatoes—is the all-important topic of the day, as train load after train load of this most palatable of fruits pass out of the yards on their way to the big markets, there to be distributed to the thousands of city folks not so fortunate as we to live here and pluck them fresh from the vine.

The proceeds from the sale of tomatoes means much to this immediate section, where probably the heaviest planters of the state are, many of whom depend on this as a money crop. It is estimated that already this season's yield has been a mortgage-lifter for some of the growers over the county.

The excellent quality of the East Texas tomato this year, together with probably other influences, have kept the price at a reasonable point so far. The Lone Star Shipping Agency thus far has shipped from this point 19 cars; from Redlawn 16 cars.

The East Texas Fruit and Truck Growers' Association has shipped from here 27 cars, from Redlawn 2 cars. The two shipping agencies are about even as to shipments from Jacksonville and vicinity. —Alto Herald.

Bad to Have a Cold Hang On.

Don't let your cold hang on, rack your system and become chronic when Dr. Bell's Pine-Tar Honey will help you. It heals the inflammation, soothes the cough and loosens the phlegm. You breathe easier at once. Dr. Bell's Pine-Tar Honey is a laxative-tyr syrup, the pine tar balm heals the raw spots, loosens the mucous and prevents irritation of the bronchial tubes. Just get a bottle of Dr. Bell's Pine-Tar Honey today, its guaranteed to help you. At druggists. dw

WILSON AND LEADERS TO CONFER ON PLANS

Washington, June 16.—The plans for the vigorous democratic campaign that will be directed from the White House will begin to take definite shape after President Wilson has conferred with Vance McCormick, the new chairman of the national committee, and other party leaders, probably next week. The president, it was said tonight, probably will receive formal notification of his renomination at Shadow Lawn, N. J. Hundreds of congratulatory messages reached the White House today from all parts of the country.

One of the first to come was one from Vice President Marshall at Indianapolis. The president spent the morning attending to routine matters, and in the afternoon motored with Mrs. Wilson. In the evening he read newspaper stories of the St. Louis convention, where his suffrage plank won today only after a fight on the convention floor. The White House made no comment on the convention. The president's next speech will be made before the New York Press Club on June 30.

Forethought.

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere. dw

YOUNG MAN DROWNED IN SABINE RIVER

Brother of Frank Sharp Lost His Life While in Swimming Yesterday Afternoon.

Frank Sharp of this city received a message late yesterday afternoon bearing the sad news that his brother, "Buddie" Sharp, had been drowned in the Sabine river at a point near Blue Lake while in swimming with a party of friends.

His companions had noticed nothing wrong with the unfortunate young man until he began to sink, and the water was so swift and deep at the point they were unable to rescue him. The party had been to the lake fishing, and chose the river for a swim.

Mr. and Mrs. Sharp and Mr. W. F. Price went to San Augustine last night, and Messrs. Hal and Ben Tucker, Eugene and Guy Blount, Herbert Shindler and possibly others will go this afternoon to attend the funeral which will be held at five o'clock.

The unfortunate young man was about twenty or twenty-one years of age, and was a worthy, upright young fellow who was highly esteemed by those who knew him. He has visited in this city a number of times, and will be remembered by some as having been with the San Augustine baseball team which played the boys here last summer. The people of San Augustine were greatly shocked with the news of the deplorable tragedy, and all business will be suspended for the funeral this afternoon.

SAPP BROTHERS WERE DENIED A NEW TRIAL

Lufkin, Texas, June 17.—At 4 o'clock this afternoon Judge Guinn of the Angelina county district court overruled the motion for a new trial in the case of E. E. and Lou Sapp, charged with the murder of Dick Watts.

The jury in this case was brought before the court and the attorneys for the defense put up a strong plea, but the judge overruled the motion in a short time. The attorneys are pre-carried to the higher courts. The paring a statement and the case will court room was crowded with spectators during the afternoon session.

One of the principal contentions of the attorneys for the defense in their motion for a new trial was the allegation that the court erred in permitting the testimony of Joe Flowers, Dave Green, Shirley Gunter and Sam Griffith to go into the record. It was largely upon the testimony of the witnesses named that the state depended for a conviction.

Without the testimony of these witnesses the state could not establish its motive theory. It was the contention of the defense that such testimony could not be introduced because the alleged confession of Watts and Harvard to these witnesses had no part in carrying out the conspiracy, if a conspiracy existed.

Another strong contention of the defense in the motion for a new trial was the allegation that members of the jury read in a Houston paper before they returned their verdict an account of the arrest of Thomas Van Aiken on a charge of forgery and carrying a pistol. Because of the fact that Van Aiken's name had been kept before the defense alleged that the reading of this story prejudiced the minds of the jury against the defendants.

Bowel Complaint in India.

In a lecture at one of the Des Moines, Iowa, churches, a missionary from India told of going interior of India, where he was taken sick, that he had a Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India, both as a preventive and cure for cholera. You may know from this it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere. dw

THE DEMOCRATIC PLATFORM HAS BEEN APPROVED

St. Louis, June 16.—The democratic national convention finished its work today by adopting the party platform exactly as approved by President Wilson and submitted by the resolution committee, including the plank on Americanism and favoring woman suffrage, but not until the harmony of its three days' session had been ripped with a row over the suffrage plank.

No voice was raised over the vigorous declarations of the Americanism plank. For a time it looked as if the suffrage plank had been lost, but after Senator Walsh of Montana had told the convention that President Wilson himself considered it vital to party success it was voted into the platform by a ballot of 888 1/2 to 181 1/2.

The whole platform then was adopted without roll call.

As it went into the platform the suffrage plank stands:

"We favor the extension of the franchise to the women of this country, state by state, on the same terms as to men."

Stomach Troubles and Constipation.

"I will cheerfully say that Chamberlain's Tablets are the most satisfactory remedy for stomach troubles and constipation that I have used in thirty-four years' drug store service." writes S. H. Marphey, druggist, Wellsburg, N. Y. Obtainable everywhere. dw

LUFKIN MAYOR DEAD.

Lufkin, Texas, June 17.—Thomas C. Mantooh, mayor of Lufkin, died at his home here at 6 o'clock this morning, after an illness of several months. Mr. Mantooh has served as mayor of the city for one year, being elected in 1915. He was 53 years of age. At one time he was sheriff of Angelina county, and also had served as justice of the peace. He was one of the pioneers of this section, and is related to some of the most prominent people of this county. He was brother of Judge E. J. Mantooh, Mrs. W. H. Bonner, Mrs. Ben McPherson and half brother of Calvin Mantooh. A widow and five children survive him.

Interment will be made at Glendale cemetery tomorrow afternoon.

If you have the itch don't scratch. It does not cure the trouble and makes the skin bleed. Apply BALLARD'S SNOW LINIMENT. Rub it in gently on the affected parts. It relieves itching instantly and a few applications remove the cause. Price 25c 50c and \$1.00 per bottle. Sold by all druggists. codw

CHAPTER ELECTS OFFICERS.

At the meeting Saturday night, Chapter No. 13, E. A. M., elected officers for the ensuing year as follows: F. P. Marshall, High Priest. W. G. Barron, King. J. Thos. Hall Scribe. E. H. Blount, Treasurer. E. M. Roberts, Secretary. There are several officers to be appointed. The new officers will be installed at the next regular meeting, July 15.

Children that are affected by worms are pale and sickly and liable to contract some fatal disease. WHITE'S CREAM VERMIFUGE expels worms promptly and puts the child on the road to health. Price 25c per bottle. Sold by all druggists. codw

MRS. WALTHALL IMPROVING.

The Sentinel has a letter from Hon. R. B. Walthall, who has been attending his wife at San Antonio some days where she underwent an operation, in which he says: "My wife is now improving and I expect to leave for home about next Tuesday or Wednesday, or as soon as she gets out of the hospital." This will be good news to the friends of the family over the county.

A regular morning operation of the bowels puts you in fine shape for the day's work. If you miss it you feel uncomfortable and cannot put vim in your movements. For all bowel irregularities, HERBINE is the remedy. It purifies, strengthens and regulates. Price 50c. Sold by all druggists. codw

GRAVEYARD WORKING.

All parties interested in the graveyards at Melrose are invited to come Friday, June 30th, prepared to work both cemeteries. Bring tools to work with, and dinner. The candidates are also invited. At this time the matter of the picnic for July 7th will be discussed.

Are you dull and stupid? Do you miss the snap, vim and energy that was once yours? You need a few doses of that great system regulator, Prickly Ash Bitters. For reviving strength and energy, increasing the capacity of the body for work, it is a remedy of the highest order.—Stripling, Hazelwood & Co., Special Agents.

16 WAR VESSELS ARE ORDERED TO MEXICO

Washington, June 18.—Secretary Daniels tonight ordered seven destroyers and nine other small war vessels to Mexican water to join units of the Atlantic and Pacific fleets already stationed on the east and west Mexican coasts. The secretary described the movement as "precautionary."

If warm weather makes you feel weary you may be sure your system needs cleansing. Use Prickly Ash Bitters before the hot weather arrives; it will put the stomach, liver and bowels in order and help you through the heated term.—Stripling, Hazelwood & Co., Special Agents.

Mrs. Will Smith and children of Nacogdoches are in the city, the guests of Mr. and Mrs. W. M. Glenn.—Lufkin News.

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not grip or sicken. 25c

COW HIDES WANTED.

The hide market is strong and prices are high. Until further notice we will pay 16c per pound for all weight, sound, green hides branded included. We advise you to salt the hides heavily as soon as you get it. Put the hide in a sack. Write your name, address, route and box numbers on two tags. Put one tag inside of the sack and one on the outside. Ship by express to A. Golenternek & Co., Tyler, Texas. We remit the day that the shipment is received.

At prevailing high prices for hides, it will pay for every community to organize a "Fresh Beef Club" and enjoy good, fresh meat. The hide will almost bring as much as would your surplus yearling or cow.

We also handle wool at the highest market prices. Horse hides bring from \$1.50 to \$3.00 each, according to the size. We furnish shipping tags on request. A. Golenternek & Co., Tyler, Texas. 3-23tf

A bilious, half-sick feeling, loss of energy, and constipated bowels can be relieved with surprising promptness by using HERBINE. The first dose brings improvement, a few doses puts the system in fine, vigorous condition. Price 50c. Sold by all druggists. codw

PUBLIC LANDS FOR SALE.

The following communication from the general land commissioner is self-explanatory: The Sentinel, Nacogdoches, Texas, Gentlemen:

For the information of those wanting to know something of our land affairs and for the benefit of those who may desire to acquire homes thereon upon very favorable terms, will you kindly say to your readers that I have sent to the printer a list of the lands that will be offered for sale September first. This list includes about 4,300,000 acres. They will be ready for distribution about July first. The lists are free and will give further information. Those wanting them may write me now and the list will be forwarded just as soon as they are received from the printer.

Yours truly, J. T. ROBINSON, Commissioner.

Insure your health in Prickly Ash Bitters. It regulates the system, promotes good appetite, sound sleep and cheerful spirits.—Stripling, Hazelwood & Co., Special Agents.

DON'T CROSS IS THE STERN WARNING

San Antonio, Tex., June 16.—The only new development in the Laredo situation, as shown by overnight dispatches to headquarters, was Gen. Ricaut's action in ordering 1,000 de facto government troops into the general territory opposite San Ignacio to pursue bandits who took part in the attack on American troops. In notifying United States military officials about the step, Ricaut expressed regret that the attack had been made and at the same time gave warning that if American troops crossed the border Carranza forces would attack them.

It was the opinion of officers at headquarters that Maj. Gray had abandoned search for the bandits' trail and given up hope of following and apprehending them in Mexico.

PAINS IN SIDE AND BACK

How Mrs. Kelly Suffered and How She was Cured.

Burlington, Wis.—"I was very irritable, and had pains in my side and back, but after taking Lydia E. Pinkham's Vegetable Compound Tablets and using two bottles of the Sanative Wash I am fully convinced that I am entirely cured of these troubles, and feel better all over. I know your remedies have done me worlds of good and I hope every suffering woman will give them a trial."—Mrs. ANNA KELLY, 710 Chestnut Street, Burlington, Wis.

The many convincing testimonials constantly published in the newspapers ought to be proof enough to women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

This good old root and herb remedy has proved unequalled for these dreadful ills; it contains what is needed to restore woman's health and strength.

If there is any peculiarity in your case requiring special advice, write the Lydia E. Pinkham Medicine Co. (Confidential), Lynn, Mass., for free advice.

M'CORMICK CHAIRMAN.

Washington, June 15.—Vance McCormick of Pennsylvania has been selected to succeed William F. McCombs as chairman of the Democratic national committee.

Administration leaders in St. Louis were notified by the President today.

Making the Most of June

To enjoy the beautiful month of June to the utmost, one must be in good health. Kidneys failing to work properly cause aches and pains, rheumatism, lumbago, soreness, stiffness. Foley Kidney Pills make kidneys active and healthy and banish suffering and misery. Why not feel fine and fit? Be well! Be strong. Sold by Stripling, Haselwood & Co.

J. J. Frederick came down from Garrison yesterday afternoon and has been spending today in the city.

How to Feel Good Tomorrow

Indigestion quickly develops sick headache, biliousness, bloating, sour stomach, gas on stomach, bad breath or some of the other conditions caused by clogged or irregular bowels. If you have any of these symptoms take a Foley Cathartic Tablet this evening and you will feel better in the morning. Sold by Stripling, Haselwood & Co.

The truth is out that it was G. H. King who fell in the river while out fishing Wednesday, attested to by other members of the party who say that the only reason that he did not suffer more serious consequences was due to the fact that his feet would not sink, and was thereby more easily found and rescued from his perilous position.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

GOOD ROADS RALLY INTERESTING EVENT

Some Two Hundred People Attended and All Enthusiastic For Better Roads System

From Thursday's Daily.

The Good Roads meeting held at the creek near the home of Uncle Mich Weatherly at Appleby yesterday afternoon attracted the presence of some two hundred people, who were all alive to the importance of a better system of roads for Nacogdoches county, and much new enthusiasm was generated in the course of the meeting which insures an interesting campaign to the end desired.

The meeting was called order by Judge S. W. Blount of this city, after which C. R. Langston, president of the First State Bank of Garrison, was elected chairman. In a few well chosen words, spoken in the business-like manner characteristic of the gentleman, Mr. Langston explained the object of the meeting and made a plea for some system that would give us good roads for the county. Mr. Langston was followed by Hollis Mast, a well known banker of this city, who gave the audience much statistical information, the leading point of which was that Nacogdoches has ten million dollars taxable valuation, and that a thirty-cent tax on the one hundred dollars worth of property, would give the county \$400,000 for road improvement and maintenance, or if less money was needed the rate could be lowered accordingly.

Mr. Mast was followed by Hon. L. D. Smith of Garrison in a most eloquent address, in the course of which he stated that Texas had spent seventy-five million dollars on road improvement in the past few years, and that if the expenditure was unwise, it was a blunder to that amount; that Governor Ferguson had recently added a good roads expert to his force whose services could be had for the asking in making plans for this improvement, etc.

Mr. Robert Lindsey of this city gave unqualified endorsement to the remarks of Mr. Smith, supplementing the address with some good suggestions.

Hon. Eugene H. Blount related a sad experience as a good roads booster, implicating Moss Adams with him, and refused to make an extended address in the interest of the movement.

Prof. R. F. Davis in a unique way insisted that good roads were as necessary as the protracted meetings for the reason that a bad road would send a man to torment quicker than any other agency.

Commissioner R. L. Williamson of Garrison voiced his approval of the agitation for better roads.

At the conclusion of the speaking program, a committee was appointed composed of following gentlemen, who will meet in Nacogdoches next Tuesday and formulate plans for the campaign: Messrs. C. R. Langston, chairman; Ellis Mast, Chireno, R. R. Loy, Nat. L. D. Smith, Garrison; T. E. Baker and Hollis Mast, Nacogdoches; Roland White, Appleby; Jas. D. Davis, Douglass; W. T. Whitman, Caro; A. J. Cariker, Cushing; T. J. Maroney, Nacogdoches. Mr. Hollis Mast was elected secretary of the committee.

The committee hopes to have present at their meeting the government good roads expert, and at this time work out something tangible, equitable, and practical and report back to another mass meeting, to be called by the chairman. And at this meeting a campaign will be launched.

Various plans have been discussed. Some favor a bond issue with which to put the roads in good condition quickly, while others favor a tax with which the roads can be built up gradually and maintained. Many practical suggestions and good talks were made at the meeting, and it was manifest that a sentiment has been aroused in a bunch of men who will go after the proposition with a spirit of enthusiasm and determination that will result in capturing this much needed improvement in time if it does not do so in the present effort.

Telephone and Find Out

What was the weather report?
What is the market price of cotton?
Has my team left town in there any freight for me?
Do you want to buy any butter or eggs?
When is the meeting who was elected?
The telephone answers these and many other questions for thousands of farmers every day.
The cost of a telephone on your farm is small.
The savings great.
Our nearest manager will tell you about it or write to—

DALLAS - TEXAS

HARDWOOD MILL AND A BIG TIMBER DEAL

Ryan Lumber Co. of Lufkin Takes Over Property in Eastern Angelina.

Lufkin News.

The News learns that the Phillip A. Ryan Lumber Company of this city has leased what is known as the Foster hardwood mill, situated in the eastern portion of this county, a few miles from Manning, and will operate same in the future. Mr. Jim Ryan of this place to be superintendent of the new property.

It is understood that the Ryan people have also acquired several million feet of timber in that section, which will be manufactured at this new hardwood mill, and the Harrel Transfer Company has secured the contract for logging the same. Teams, men and wagons, with a large quantity of feed stuff, left this city yesterday for the scene of work, the handling of the contract being in the hands of Mr. Labe Steward, also of this place.

This new deal will in no way affect the operation or the output of the splendid mill of the same company in Lufkin, which is one of the valuable properties in the county, and which it is said has many feet of hardwood lumber already secured to insure its running on full time for years to come.

This new venture means the employment of more labor, which of course puts more money into circulation as the raw product of the forest is being carried through the process of manufacture.

It is understood that the concern recently taken over will be immediately put into operation, Mr. Ryan having returned from there yesterday after having made the necessary arrangements for putting everything in shape for a steady run.

Cut This Out—It's Worth Money

DON'T MISS THIS. Cut out this slip, inclose with 5c to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for bronchial coughs, colds and croup; Foley Kidney Pills, and Foley Cathartic Tablets. Specially comforting to stout persons. Stripling, Haselwood & Co. dlw

MEXICAN BANDITS

ATTACK BORDER

Laredo, Texas, June 15.—One hundred Mexican bandits, crossing over the Rio Grande, forty miles southeast of here, early today, attacked the American border patrol near San Ignacio, killing three and wounding six according to a report sent to Fort McIntosh, here, over the field telephone.

The Mexicans expected to find an insignificant detachment of Americans. Instead they were met by troops I and M of the Fourteenth calvary, 140 strong, under Major Alonzo Gray. They were hurled back across the river, losing eight dead and several wounded.

The bandits made their attack on troop M. Troop I, a short distance up the river, heard the shooting and hurried to the scene arriving in a few minutes. The attackers soon lost heart. They retreated southward along the river, keeping on the American side for some distance before crossing back to Mexican soil.

The attack began at 2 a. m. The fighting lasted about thirty minutes. A bright moon lighted the scene.

The Americans were only partly surprised. The Mexicans succeeded in making their way around to the rear of the patrol's camp. The first shot was directed at a sentry.

sue with which to put the roads in good condition quickly, while others favor a tax with which the roads can be built up gradually and maintained. Many practical suggestions and good talks were made at the meeting, and it was manifest that a sentiment has been aroused in a bunch of men who will go after the proposition with a spirit of enthusiasm and determination that will result in capturing this much needed improvement in time if it does not do so in the present effort.

Indiana Man's Experience

Frank Moseley, Moore's Hill, Indiana, writes: "I was troubled with almost constant pains in my sides and back. Great relief was apparent after the first dose of hours all pain left me." Foley Kidney Pills make kidneys active and healthful and stop sleep disturbing bladder ailments. Sold by Stripling, Haselwood & Co. dlw

MAKING APPLICATION FOR NEW TRIAL

The information is gleaned from the Lufkin Daily News and the Beaumont-Enterprise that the Sapp brothers, recently convicted of murder in the district court at Lufkin, are making application for new trial, alleging that the jury was influenced against them by the newspaper report of the arrest of Van Auker, which they were allowed to read while meditating upon the case, and for the admission of certain testimony.

How to Get Rid of a Cold?

Read how C.E. Summers, Holdrege, Neb., got rid of his cold: "I contracted a severe cough and cold and could hardly sleep. By using Foley's Honey and Tar as directed my cough was entirely cured and I give it full credit for my speedy recovery." Foley's always soothes and heals. The children love it. Sold by Stripling, Haselwood & Co. dlw

Mr. and Mrs. D. G. Rogers of Meridian, Miss., are new arrivals to the city to take citizenship. They are moving into the home of W. G. Barron, up North Fredonia street.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years. To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

GARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.

NOTE TO CARRANZA HAS BEEN FINISHED

Washington, June 15.—Secretary Lansing laid before President Wilson today the completed draft of a note to Gen. Carranza replying to the demand that American troops be withdrawn from Mexico. The president and Mr. Lansing conferred at length on the situation.

Unless some new development forces the situation, the reply will not be sent until next week at the earliest. President Wilson and his advisers are anxious to deal with the Carranza note in such fashion that action can not be attributed to domestic politics.

As prepared by Secretary Lansing, it is understood the note flatly declines to withdraw American troops from Mexico until the de facto government has shown both its willingness and its ability to police the border states properly. It also is said to make sharp rejoinder to suggestions of the Mexican communication which officials regard as discourteous and uncalled for. Carranza questioned the good faith of the Washington administration and openly hinted that President Wilson had his eyes on the American political situation in dealing with the situation beyond the border.

It will be pointed out, it is understood, that a friendly spirit constantly has been manifested towards Mexico and Carranza will be told that failure of Mexican and American troops to cooperate for the extermination of bandits was due to the hostility and suspicion exhibited by the Mexicans.

NORMAL NOTES.

From Tuesday's Daily.
Among the new pupils at the Normal this week are Messrs. Chester Holt and Don Green of Center and W. V. Ballard of Nacogdoches. We are glad to see these young men entering the Normal just to show Sup't Davis that the women haven't driven the men out of the profession yet at any rate. We are preparing some statistics that will demonstrate to him his theory of women driving men out of the profession won't hold.
Senator S. M. King will address the Normal body tomorrow at 10:15 on some topic of vital interest to all. We also have the promise of a lecture on the subject of "Health" by Dr. T. J. Blackwell, our county health officer.
Conductor Rushing was absent from his work yesterday celebrating the 19th. We judge that he celebrated with discretion as he is meeting his classes today.
Messrs. T. A. Cook and Fred Cooper were among the visitors at the Normal today.
Mr. J. E. Covington, a student at the Normal, found by experience, while at home for the week-end, that mules should never be approached from the rear end. His lesson cost him about two days of his time, however.
The value of the Victrola in school was fully demonstrated by Sup't Davis, who gave the Normal body a series of readings, patriotic songs, and Mother Goose stories, using the new Victrola at the High School.

THE NORMAL.

From Wednesday's Daily.
The Normal took a vote at Chapel today upon the question of the date and hour of their acceptance of the citizen's invitation of a joy ride about the city. It was decided to go on Friday morning at such an hour as would best suit the convenience of the citizens. Every teacher and student of the Normal indicated his intention to participate. Senator King addressed the Normal today and gave us a brief but enthusiastic talk on the subject of patriotism in its broadest sense both in time of peace and of war.
Mrs. J. J. Rushing and Miss Orva Rushing of Center who are visiting Mr. and Mrs. Rushing, attended chapel today.
Several of the Normal classes are being given short written tests in the subject matter covered so that they may know "where they are at" as some great philosopher once put it.
A joke in classes is not always out of place. The following Normal class incident is a point: After a young lady had written a sentence on the board using "the word man, followed a dash, the instructor remarked that he couldn't see why a young lady should always be making a dash after a man.

From Monday's Daily.
TIES TIES for men and young men. The latest out. Zeno Cox Jr. 20-6d-1w.
Hon. W. F. Hays, editor of the San Augustine Tribune, was a visitor to the city yesterday. Mr. Hays expresses himself as being well pleased with his new location, and is giving his town a good paper which in turn pleases the people with him.
Percy L. Blum of Crowley, La., who has been in the city a day or two visiting at the home of Joe Zeve, received a telegram from the captain of the military company to which he belongs, this morning, commanding him to report for duty at once. He will leave tonight or tomorrow.
Mr. and Mrs. O. B. Ross and little daughter, Cecil of San Augustine, and H. L. Hillen, Mrs. H. Gerald and son Weldon of Lone Star, visited with each other at the Redland Hotel in this city yesterday meeting here by appointment. The ladies are sisters.
Prof. G. E. Day, who had gone to Austin to take the summer course in the State University, was called home last week by the illness of his mother who had an operation in the sanitarium here yesterday. If his mother's condition will permit, he will return to the University in a few days, otherwise he will abandon the course for this summer.
The very latest out in neckwear, just received by express. Zeno Cox Jr. 20-6td-1w.
Friends of Mrs. (Dr.) Holt will be pleased to learn that she is doing nicely in Houston, where she was carried for treatment, and hopes to soon recover her health. The trip was pretty trying on her, but she rallied and is responding to the treatment nicely.

GRAVEYARD WORKING.
Everyone who is interested in the Shady Grove Cemetery is asked to come June 30th and bring something to work with. Come early, and come to work.
SAM S. ARTHUR.
WEDDING AT APPLEBY.
A man named Thompson, formerly a citizen of Timpon who is now stationed at Seattle, Wash., where he is engaged as recruiting officer for the U. S. navy, was married to Mrs. Armada Wheeler at Appleby at high noon today.
Mr. and Mrs. Thompson left immediately after the ceremony for Timpon where they will spend a few days with relatives, after which they will go on to Seattle, where they will make their home.

GIRL WAS FRIGHTENED.
From Saturday's Daily.
Officers were called out to the farm of W. M. Cox, some two miles south of town, this morning where it was reported that a negro had held up a white girl at the point of a gun.
From one of the officers who investigated the matter The Sentinel learns that several girls and children were being in the field when a girl named Haney went to a cluster of bushes to get her hoe. At this place she found a negro, which frightened her so that she screamed and fainted, when the others rushed to the scene, finding the girl alone.
The officer says she did not verify the statement that the negro drew a gun on her, and is inclined to the idea that the negro was merely loafing at the place when the girl walked up on him and became frightened.

GRAVEYARD WORKING.
There will be a graveyard working at Swift on June 29th. Every one interested come, and be prepared to work.
MRS. S. P. BLANTON.
T. K. CURETON.

YOUNG FOLKS, IT'S COMING AND YOU CAN'T HOLD IT BY THE TAIL.

Prepare to grasp opportunity by the horns, you can't hold it by the tail.
Opportunity is knocking at your door. You probably do not fully realize what this means; how much it means to you. What preparation have you made for the reception of your opportunity when it comes? Are you prepared? It will not take you long to make the preparation if you adopt the following motto: "DIG," "DETERMINE," "DELIVER." To dig means to strive earnestly, conscientiously, diligently day after day, securing a practical training for which the business world pays cash, and then when you have secured this training, keep on digging—Dig, Determine, without determination you cannot make a success of the future. It takes determination to do anything, and with it you can revolutionize the world you can accomplish everything, Deliver—that is the natural result after putting into operation the other two mottoes—Dig and Determine. Can you not embody these three words in your life to an advantage? Begin today to Dig by entering the Tyler Commercial College of Tyler, Texas, for a course of Bookkeeping and Shorthand, Business Administration and Finance, Handling and Classing of Cotton, or Telegraphy. Secure a training that will help you deliver the goods. When we fail to make a success we have no one to censure but self, for we are the architects of our own future. It is far easier to fall than to succeed.
Do your best to begin on your practical cash-producing education this month, and finish your course before the beginning of the busy fall season, and then when the many demands for well qualified bookkeepers, stenographers and secretaries or operators are made, you will be ready; not getting ready, but ready. A whole lot of energy and a little cash will greatly increase your earning capacity. Write us for free catalogue; we have helped thousands and can help you. Tyler Commercial College, Tyler, Tex.

TWO NEW LAWYERS.

Nacogdoches has two new lawyers, fresh from the moulds, in Mr. J. J. Greve, station-agent of the E. & W. railroad, and Mr. C. C. Watson, district clerk of Nacogdoches county who took the bar examination at Beaumont last week.
These gentlemen have been studying law, within themselves, for the past several years, thus putting their idle moments to a good purpose. Neither contemplated entering into active practice just at this time, taking the examination as a part of their studies to ascertain in what points they may be deficient. In discussing the matter, Mr. Greve feels that the legal knowledge will be of incalculable value to him in his work, and Mr. Watson has picked up much of his legal knowledge in the preparation of legal papers while serving as district clerk, the office thus giving him the benefit in this line, and with his close study along legal lines he has also improved himself for work in the office, making the rule work both ways, and serving a double purpose with his industry.

Prof. T. R. Day, a former well known and prominent educator of East Texas who has been making his headquarters in South America the past two years where he engaged as industrial agent for a railroad system, was in the city today en route to Dallas where he goes to purchase some supplies for his company. Mr. Day arrived in Texas some two weeks ago and has been visiting with his family in Garrison. Many places have been soliciting him for a lecture while here among the number being the Normal in session here. He will return Friday and it would be a good time to press him into service while waiting over for a train if he hasn't made arrangements to get out on an automobile.

WHY SUFFER SO?
Why suffer from a bad back, from sharp shooting twinges, headaches, dizziness and distressing urinary ills? Nacogdoches people recommended Doan's Kidney Pills. Could you ask for stronger proof of merit?
J. O. Cox, general supervisor of Aluminum Co., Main St., Nacogdoches, says: "I had a lame and painful back and trouble with the kidney secretions. I had a lot of standing to do and this and a lack of proper out-door exercise, I blame for the trouble. Two boxes of Doan's Kidney Pills cured me."
50c at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

GRAVEYARD WORKING.
There will be a graveyard working at Swift on June 29th. Every one interested come, and be prepared to work.
MRS. S. P. BLANTON.
T. K. CURETON.

The Happy Medium

Somewhere, in between the over-weight cars at extortionate prices and the under-weight cars at figures that are frivolous—there is a value which is the "Happy Medium," equally fitted to your purse and its purchase.
If you pay more for your car than the price of the DORT you will not get proportionately more merit-for-money; if you pay less, you will not get nearly so much saving in service! Two years of test and precaution and liberal designing preceded this car's appearance, before PRICE was even thought of. The result is a happy medium cost for a superlative-performance car.
A DORT ride will help you decide.

J. A. WARNER, Nacogdoches, Texas.

DORT MOTOR CAR CO. Flint, Michigan. Send for Catalog.

\$665. f. o. b. FLINT, MICHIGAN

NOTICE OF SALE OF REAL ESTATE.

The State of Texas, County of Nacogdoches:—
Whereas, by virtue of an order of sale, issued out of the District Court of Mills County, Texas, on a judgment rendered in said court on the 2d day of May, 1916, in favor of Mrs. Alice King and husband, J. M. King, against A. P. Haakmsa and R. H. Yarbrough in cause No. 1468 on the docket of said Court, I did on the 21st day of June, A. D. 1916, at 1:00 o'clock p. m. levy upon the following described lot or parcel of land situated in the County of Nacogdoches, and State of Texas belonging to the said A. P. Haakmsa and R. H. Yarbrough, to-wit:
280 acres of land to be taken in a square out of the north east part of the 420 acre tract out of the Jose Flores grant conveyed by Mrs. M. J. Brown to the defendant A. P. Haakmsa by deed dated January 21st, 1911, and which 280 acres is more fully described by metes and bounds, as follows, to-wit:
Beginning at the N.E. corner of Block No. 7 therein described; thence W. 773 yrs. passing the N. W. corner of Block No. 7 and N. E. corner of Block No. 8, 1257 yrs. to a st. md. for corner; thence S. 1257 yrs. to a stone mound for corner; thence E. 1257 yrs. to a stone mound in E. line of Block No. 7; thence N. 1257 yrs. to the place of beginning, containing 280 acres of land; and on the 1st day of August, A. D. 1916, being the first Tuesday in said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day at the courthouse door of said County, I will offer for sale, and sell at public auction for cash, all the right title and interest of the said A. P. Haakmsa and R. H. Yarbrough in and to said property.
Dated at Nacogdoches, Texas, this 21st day of June, A. D. 1916.
A. J. SPRADLEY, Sheriff, Nacogdoches Co., Texas.

TIES WANTED
I want to buy ties delivered on right of way of H. E. & W. T. and T. & N. O. railroads in carload lots. Write to J. O. GRIFFITH, Route No. 4, Lufkin, Texas. 22-3tw

RESIDENCE WAS BURNED LAST SATURDAY NIGHT

Saturday night about 12:30 fire broke out in the cottage on Forbes hill occupied by B. T. Brandon of Mr. C. W. Butt's store, and the flames had gained so much headway before being discovered that the family barely had time to escape, and could not save anything from the burning building. Mr. Brandon says that the dining room and kitchen were falling in when he awoke. The fire is supposed to have caught from the kitchen stove.
The fire department responded to the alarm, but the house was beyond the water limits, and the flames had gained too much headway for the boys to do anything if it had been within their limits.
The house was the property of Mr. C. W. Butt, and was a five-room building. He carried six hundred dollars insurance on the building. Mr. Brandon had only \$250 insurance on his furniture, and both are pretty heavy losers in the fire.

FOR SALE CHEAP.
A good restaurant business. Will take some good stock as part payment. WIT FRANK FEAZELL.

Just received Fresh shipment of PEANUT COOKING OIL. Try it. 22-2w BRANCH & GOLDSBERRY.

From Wednesday's Daily.

Mr. and Mrs. Frank Sublett are entertaining a new boy, born yesterday.
Mrs. C. D. Thomason has returned from a several weeks' visit to Dallas.
Prof. A. E. Day and nephew, Alfred Day, of Garrison, were visitors to the city today.
Rev. J. W. Bridges, pastor of the Methodist church at Garrison, was a visitor to the city today.
Mrs. Dee Brown went to Martinsville this morning to visit with a niece, Mrs. Forest Fuller.
The best line of underwear in East Texas at our store. Zeno Cox Jr. 20-6td-1w.
Misses Willie Blount and Ruth Lloyd, who have been attending the Southwestern University at Georgetown, have arrived home to spend the vacation.

Do you believe in fair trade? Our prices are reasonable and in return we give you the best class of printing. When you wish high class printing at a reasonable price, no matter how large or how small your order, phone 94 the Sentinel Office.
Dr. Ford takes The Sentinel to task for using the word "militia," in reporting the movement of the American soldiers to the front. He is correct and we stand corrected. All militias have been mustered into the National guard and will henceforth be known as guards and guardsmen.

Rev. L. V. Aldridge and family of Garrison passed through the city at an early hour this morning en route to Jacksonville in response to a message announcing that Mrs. Aldridge's father had been killed in an automobile accident.

Miss Lillian Moss, who has been in the city a few days visiting with friends and having her leg which she had the misfortune to get fractured in an automobile accident treated, returned to her home in San Augustine yesterday. Her brother, W. S. Moss, Miss Kate Polk, and Misses Mary Moss and Betsy Garrett, came up in a car and accompanied her home.

From Monday's Daily.

From Wednesday's Daily.
The Normal took a vote at Chapel today upon the question of the date and hour of their acceptance of the citizen's invitation of a joy ride about the city. It was decided to go on Friday morning at such an hour as would best suit the convenience of the citizens. Every teacher and student of the Normal indicated his intention to participate. Senator King addressed the Normal today and gave us a brief but enthusiastic talk on the subject of patriotism in its broadest sense both in time of peace and of war.
Mrs. J. J. Rushing and Miss Orva Rushing of Center who are visiting Mr. and Mrs. Rushing, attended chapel today.
Several of the Normal classes are being given short written tests in the subject matter covered so that they may know "where they are at" as some great philosopher once put it.
A joke in classes is not always out of place. The following Normal class incident is a point: After a young lady had written a sentence on the board using "the word man, followed a dash, the instructor remarked that he couldn't see why a young lady should always be making a dash after a man.
If he could be induced to write it, Mr. Chas. Perkins could give us a good article on the value of good roads. He has recently returned from an overland journey to Bryan and back, during which he traveled through many counties and over all kinds of roads from the pike variety down to the neighborhood makeshift, and made an interesting talk of his experience to the good roads committee yesterday afternoon.

GRAVEYARD WORKING.
Everyone who is interested in the Shady Grove Cemetery is asked to come June 30th and bring something to work with. Come early, and come to work.
SAM S. ARTHUR.
WEDDING AT APPLEBY.
A man named Thompson, formerly a citizen of Timpon who is now stationed at Seattle, Wash., where he is engaged as recruiting officer for the U. S. navy, was married to Mrs. Armada Wheeler at Appleby at high noon today.
Mr. and Mrs. Thompson left immediately after the ceremony for Timpon where they will spend a few days with relatives, after which they will go on to Seattle, where they will make their home.

GIRL WAS FRIGHTENED.
From Saturday's Daily.
Officers were called out to the farm of W. M. Cox, some two miles south of town, this morning where it was reported that a negro had held up a white girl at the point of a gun.
From one of the officers who investigated the matter The Sentinel learns that several girls and children were being in the field when a girl named Haney went to a cluster of bushes to get her hoe. At this place she found a negro, which frightened her so that she screamed and fainted, when the others rushed to the scene, finding the girl alone.
The officer says she did not verify the statement that the negro drew a gun on her, and is inclined to the idea that the negro was merely loafing at the place when the girl walked up on him and became frightened.

GRAVEYARD WORKING.
There will be a graveyard working at Swift on June 29th. Every one interested come, and be prepared to work.
MRS. S. P. BLANTON.
T. K. CURETON.

WHY SUFFER SO?
Why suffer from a bad back, from sharp shooting twinges, headaches, dizziness and distressing urinary ills? Nacogdoches people recommended Doan's Kidney Pills. Could you ask for stronger proof of merit?
J. O. Cox, general supervisor of Aluminum Co., Main St., Nacogdoches, says: "I had a lame and painful back and trouble with the kidney secretions. I had a lot of standing to do and this and a lack of proper out-door exercise, I blame for the trouble. Two boxes of Doan's Kidney Pills cured me."
50c at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.
