## NACOGDOCHES SONS TO BE GATHERED

SHERIFF RECEIVES TELEGRAM FROM GOVERNOR TO GET MATTERS IN READINESS

The wars and rumors of wars which we have read and talked about so much lately, but which we were prone to look upon as something far removed, is coming closer home to us.

We have been feeling the effects of the world-wide trouble in the high cost of living, with which some prospered while others suffered, but now the time is arriving when we must contribute some life-blood and real men to the service.

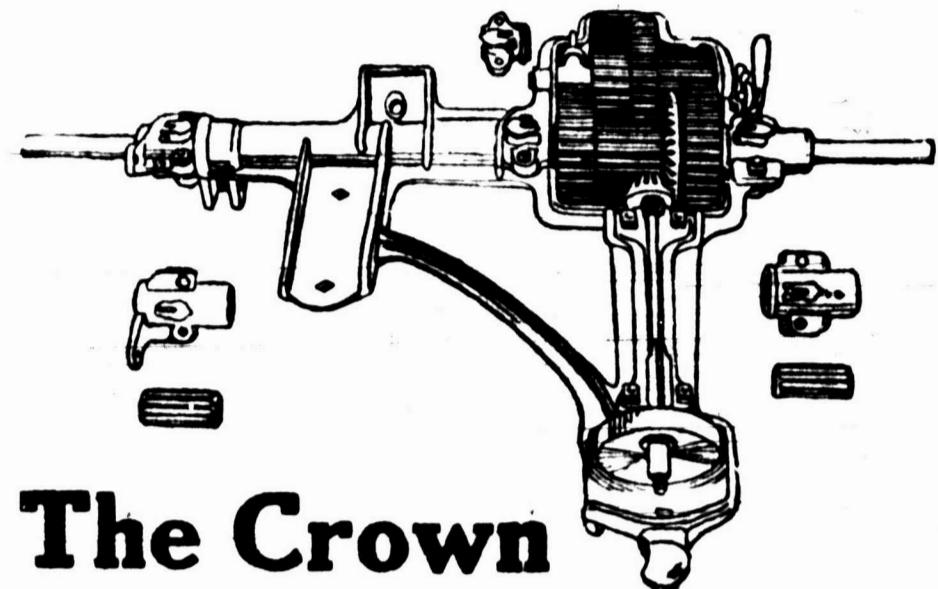

As noted elsewhere in today's paper, congress has passed the bill which provides for selective conscription. There is yet some details to be worked out, congress favoring an age limit of twenty-one to forty years, while the senate lowers the limit, but this discrepancy will be arranged in the next day or two and active work inaugurated in raising the army. Both houses of congress are agreed in the measure, and the administration is so sure of the final passage that the work is already being inaugurated.

The sheriff of Nacogdoches county is in receipt of the following telegram from the governor which reads like business:

Austin, Texas, April 29, 1917.  
Sheriff Nacogdoches County,  
Nacogdoches, Texas.

Acting under directions of the president, I request that you at once get in communication with the county judge, the clerk, the county phy-

## HERE IT IS

### The Crown

The Mower With a Simple Double Speed Gear

The Crown Mower has many points of superiority over any other machine we have seen but the greatest thing is the "double or changeable speed;" there is no other mower on the market with a similar device. The gears are very strong, heavy and durable and perfect in their operation. It is a simple matter to change from one speed to another. The Crown gives you a Fast Speed for hard cutting and a Slow Speed for ordinary or light cutting. This saves the life of the machine and much easier on the team.

It's the greatest mower we have seen and we want you to see it whether you intend to buy or not. Come around and take a "look" or if you are not coming to town just phone or write us and we will send you full information about it.

## Cason, Monk & Co.

### NOTICE

Don't Let Your Cough Hang On.

Don't throw away or sacrifice your old automobile tires. If we can't reconstruct them, we will pay the highest price for them. See Arthur B. Summer, with the Texas Tire & Rubber Co. 26-6d2w

LOST - Between depot and Geo. Grimes' residence, on Logansport road, one gold watch with N. T. S. N. seal on fob. Finder please return to Sentinel office and get reward. H. H. Wellborn. dwlt

A cough that racks and weakens is dangerous, it undermines your health and thrives on neglect. Relieve it at once with Dr. King's New Discovery. This soothing balsam remedy heals the throat, loosens the phlegm, its antiseptic properties kill the germ and the cold is quickly broken up. Children and grown-ups alike find Dr. King's New Discovery pleasant to take as well as effective. Have a bottle handy in your medicine chest for grippe, croup and all bronchial affections. At druggists, 50c. dw

## The Summer Line of Boy's Wash Suits

Is complete of everything for the boy of 2 to 8 years

Sporty little Suits in pretty solid colored materials, such as green, tan and navy, with white collar and belt.

Blouse Suits in the combination styles, coats of stripes and pants of solid colors.

The authoritative expression of the newest white fabrics. A showing distinguished by its excellent interpretation of the various white goods weaves, you will find here in the broadest sense of words.

For graduation dresses we offer White Voiles, White Organdy, White Lingerie, fancy White Transparent Fabrics, ranging from 25c, 35c, 50c, 75c, \$1.00.

## MAYER & SCHMIDT, INC.

sician, and the presiding judges of the various voting precincts of your county and hold them in readiness for the next ten days, within which time I will further communicate to you directions from the president for the quick enrollment of all men of military age under act of congress just passed. Where presiding judge is vacant, arrange at once to fill place.

Please acknowledge receipt by wire JAS. E. FERGUSON, Governor.

Sheriff Prince is sending a copy of the telegram and the following letter to each of the presiding officers of the county.

"The above telegram is for your study and you will therefore, please yourself in readiness for the day and date therein. Please acknowledge receipt of this letter.

"Yours truly,  
"J. L. PRINCE,  
"Sheriff Nacogdoches County."

### THE GERMAN CHANCELLOR TO OFFER PEACE TERMS

The Hague, Netherlands, May 1, via London. Dr. von Bethmann-Hollweg, the German imperial chancellor, will make another peace offer in the reichstag on Thursday of this week, according to an announcement made today by The Berliner Tageblatt.

"The world will be astonished by the moderation of the German peace terms," said General Anzeiger of Dusseldorf of Germany, quoting in a recent dispatch from Berlin a statement given out to foreign correspondents in Berlin.

For several weeks it has been intimated that Germany might soon make another peace offer, and recent information from Berlin showed that Chancellor von Bethman-Hollweg was expected soon to make an announcement in regard to international questions, although heretofore no statement has come from a responsible quarter that a peace offer actually would be made.

For several months a controversy has been in progress in Germany as the aims of the war. The socialists, vigorously opposed by the pan-Germans, are urging a clear statement of Germany's peace terms, on the basis of no annexations or indemnities. The chancellor was recently reported

to have decided to defer definite formulation of peace proposals.

The announcement of the chancellor's plans to make a peace offer on Thursday is given added weight by the fact that it appears in the Tageblatt, one of the most widely circulated German newspapers.

### Best Remedy for Whooping Cough.

"Last winter when my little boy had the whooping cough I gave him Charles' Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough from getting any worse than it was, and he was able to get on his feet in a few days. It is the best cough remedy I ever used in the house, and I think it is the most considered remedy. This remedy is also good for colds and croup."

### LANDS PLUMBING CONTRACT.

Mr. S. L. R. Lufkin Sanitary Plumbers' Company, made a business Nacogdoches yesterday, and while there he closed up a contract for the plumbing in the new United States post-office building now under construction.

Mr. Randolph is an expert in this particular line, and the fact that he has headed this contract in competition with some of the best plumbers in the country speaks well for him and for Lufkin. Lufkin people, however, are always on the job and usually land whatever they go after. He is to be congratulated upon his success in this particular instance. Lufkin News.

## FARMERS!

We have money to loan to help you to make a "bumper" crop of Corn, Peanuts and Cotton. The real farmer is going to "clean up" this Fall. If we can help you, come to see us.

HALTOM & GIBBS, Proprietors  
G. M. HALTOM, Manager  
O. M. GIBBS, Editor

American marksmanship gets the "first blood" in a fight with the German submarines—and she will get some more if the little dare-devils persist in sticking up their noses in the vicinity of our ships.

Since there has been some discussion in the matter of which community was the most "progressive" in the matter of voting for the roa dtax, let us not forget Woden which registered a vote of twenty-one to five for the tax. Bully for Woden.

With the approach of the German "zep," our Lufkin neighbor has lost his "pep."—Nacogdoches Sentinel.  
Now, Mr. Gibbs, don't you get gay; that German "zep" may come your way.—Lufkin News.

The slogan, "Swat the Fly," is going the rounds of the press now, and it is a good substitute for temporary relief of a bad condition, but a better remedy could be secured through improved sanitary measures and screens.

Nacogdoches is the latest town to institute the monthly Trades Day. But if the ancient redlands city keeps their Trades Day up with Center's the redlanders will be compelled to get up before breakfast and keep busy during the dinner hour. Center has the only original Trades Day.—Shelby Optimist.

The Jacksonville Banner announces that Col. Wm. J. Bryan, of erst-while fame as the "Great Commoner," will speak in Jacksonville May 23rd. People will not go as far to hear the distinguished gentleman now as they would of yore, but he is nevertheless a great speaker, and a great man, notwithstanding his eccentricities.

Many people over the country are disturbed over a loud report that was heard about 7:30 Thursday morning, which sounded like a dynamite explosion in the distance. The report was distinctly heard at many places in the state, but so far the source from which it came has not been located, which makes it all the more mysterious.

One of the best arguments for church work is given by Dr. Johnson, a celebrated theologian, from which we take the following excerpt: "To be of no church is to be a proselyt. Religion, of which the world is so full, is distant, and which is only by degrees out of the mind. It is to be invigorated and renewed by external ordinances, by stated calls to worship, and the salutary influence of example."

"Sociable-Fit-Accessible—Nacogdoches!" Catch the slogan and write it in burning letters that will carry with it the inspiration that will accomplish the noble purpose for which it is planned. Write it at the bottom of your letter, send it to your friends, and sing it at the public gatherings. Every word of it is inspired with a chapter of logic founded upon a great truth, and if the world could know it as we experience it, the battle would be won.

At his own expense, and for purely patriotic reasons hoping to render his country a service thereby, Mr. Robert Lindsey had printed and is having distributed today a circular in which is contained much valuable information in the matter of peanut planting and culture. This was quite an enterprising and patriotic movement on the part of this progressive gentleman and should be appreciated by all of those whom he seeks to serve. The Sentinel will also give publicity to the circular, with other information, in time to catch next week's weekly.

The matter of canning surplus fruits and vegetables is one that must be given far more attention this year than ever before and it is not too early to begin preparations for this important work of conservation. Canned goods are already higher than ever before and are advancing every week. It is known that the government will take the product of the big canneries. Our own soldiers and the soldiers of the allied countries must have these goods and the government will pay the price. This will cause such a scarcity of canned fruits and vegetables that only the well to do will be able to afford such luxuries. This condition can be met and large handled if the people will see to it that the surplus of vegetables is canned. Every garden in the country will produce more than

the family will consume, and if this surplus is saved there will be plenty for all and at the prices that can be paid.—Honey Grove Signal.

Many of the universities of the country are turning loose all the young men, with full grades for the term, and urging them to go to the service of their country. Those who are not eligible for military duty are urged to get back to the soil and grow feed crops, one being as essential to the support of the cause as the other. This is a patriotic concession on the part of these great educational institutions, and it is pleasing to note that the great majority of the young men being offered in this service are responding with patriotic enthusiasm.

The Sentinel is informed that a number of farmers have abandoned the idea of planting peanuts because seed are scarce and hard to get. This is a matter that should have the immediate attention of the country, and some way should be provided whereby the trouble can be remedied. Any honest farmer of the county can get the money with which to purchase these seed, but many of them do not like to apply for credit they can escape, and many of them do not know how to find or obtain seed if they do not find them in town. To overcome these two troubles, the business men should get together and make some provisions whereby seed can be obtained easily at first cost and let it be known before the land is planted in cotton.

A young banker said to the writer this morning: "We can not make a fortune now in the same manner, and with the same methods that our fathers employed, for the reason that conditions are different, and we must adjust ourselves to the new conditions if we succeed." That is a great truth carrying with it a lesson everyone should get. Father made the best of conditions that existed in his time, and succeeded. He doubtless used methods better than those employed by his father, and thus contributed his part in the evolution of better conditions. If we wish to honor his memory, we should improve conditions, making the best of those at hand, just as he did, and not stay in a rut that has already been robbed of its treasures.

We often feel like telling the world what a splendid country surrounds Jacksonville, but we know that the editors at Nacogdoches, Tyler, Lufkin, Athens, Palestine and dozens of other East Texas towns would get into a rampus over it by claiming that their towns were situated in the center of the best country in the whole United States, and just for that reason we refrain from telling the whole truth. But the fact that we continue to make this our home is sufficient evidence that this is the best place on God's foot stool.—Jacksonville Progress.

We could compromise on this issue by agreeing that East Texas is the best country in the world, with historic old Nacogdoches in the center. Doesn't that open a way to go ahead with your good work?

Here in East Texas there are thousands of acres of land that will lay idle this year. And what a pity that such is the case. This condition is not to be blamed on the people residing here so much, but it is because we need more farmers. Just think of the food and feed stuff that could be produced on the idle land, and land that could be easily cleared for cultivation. There is not an acre of land in East Texas that will not produce something—unless it be land that is under water a part of the season. It doesn't matter what you may grow this year there will be a market for it—and a good one at that. Look about you and if possible see that every acre of land produces something. If there ever was a time when the farmer had a chance to make money it is this year.—Timpson Times.

The conservative, economical buyers always read the advertisements in their local paper—and save money, too.—Clifton Record.

Merchants used to advertise in an experimental way. The most successful ones consider that when they have nothing to sell and the public looks upon it in the same way. There is no profit in keeping the doors open with nobody coming in. And if there is nobody coming in it is a sign that no invitations have been issued, no inducements offered. Men and women in these war times are becoming more discreet in their purchases. There is less careless spending than there was, notwithstanding a more widespread prosperity. Advertising is more universally read and responded to than ever before. The non-advertising store is a small store—and must remain small. Casual customers never build up a big business.—Galveston News.

## PREPARING FOR PEACE!

The spontaneous wave of enthusiasm that is passing over the country is characteristic of our people. The critics and pacifists predicted that we would be too prosperous to make sacrifices and meet the nation's call for defense of our homes and the world's peace. It now seems that we will astonish the world in our determination to act our part in the great war that means life and liberty for a democratic people. Business men have been responsive in offering assistance, farmers seem willing and anxious to make any changes in their system of farm management that will benefit the nation and thus help win world freedom.

But let us not confine our vision to the present, but prepare for the future. Peace, it is believed, is not far distant. Our farms must maintain the nation in peace as well as war. To keep them up will be our sacred duty. Equipment will be needed; the flocks and herds should be increased; fertility of the soil for future crops must be provided for. It will not be economy to deprive ourselves of implements, teams, hands, and other things needed for greater and more economical production. Economy will require such permanent improvements as make farming prosperous and enjoyable.—Farm and Ranch.

## HISTORY REPEATING ITSELF.

On December 22, 1776, Washington's call for the militia for the continental army: "I most earnestly entreat those who are not so far lost to a love of country as to refuse to lend a hand to its support at this critical time; they may depend upon being treated as their business and want of public spirit will most justly reserve. I am, sir, your most obedient servant, GEORGE WASHINGTON"

On the 23rd of January, 1775, at a provincial convention at Philadelphia, among many other resolutions, the following was adopted: "That if any manufacturer or vendor of goods and merchandise in this province shall take advantage of the necessities of his country by selling his goods or merchandise at unusual and extravagant profit, such person shall be considered as an enemy to his country, and be advertised as such by the committee of the place where such offender dwells."

The prosperity of our country depends so largely on the prosperity of our farmers, that everything possible should be done to render life in the rural districts agreeable as well as profitable, and nothing could conduce more to the comfort and happiness of our people than the improvement of roads. Good roads attract population as well as good schools and churches, and improve the value of town and city property. The only way to secure good roads is by "Voting" for them and the papers can render more real service to this section by creating some good road sentiment than any other way. The more service a newspaper renders along this line, the more development will result. It seems strange that there could be any "opposition party" to those who want better roads, but if you think there is an opposition, start a road campaign in your locality and find out. The Sentinel has rendered most valuable service to the cause of good roads, and it was no fault of that splendid paper that a larger percentage of the voters of Garrison favored the tax than Nacogdoches. The progressive citizens of this place are striving for good roads to Nacogdoches, Timpson and Mt. Enterprise and when we succeed with this undertaking, we then hope to follow the example of Nacogdoches and borrow enough money to ketch up with that city in the matter of municipal progress. In the meantime we hope Nacogdoches will continue to progress in her municipal affairs and that it will not be long until she reaches that "last analysis of progress, the accomplishment" of a street car line, running from the depot to the Sentinel office.—Garrison News.

Bully! The fine Italian hand "rolled" a good "pill" with that prescription, and we bid for another. It has completely "cured" the "sore" in the discussion and brings the street car line right up to the door of The Sentinel office! Could anything be greater! And won't Doc Lovely be jealous! "S. F. A. N."

## ABOUT TRADES DAY.

The Trades Day to be held in this city May 15th will be the biggest event of its kind ever pulled off in an East Texas town, because more will be put into it. We receive in the proportion to which we put into nay enterprise; Nacogdoches is going to put more into her day of entertainment and good fellowship, and has an abiding faith in the people doing the balance. Watch for the big advertising campaign that will soon

# TAKES THE PLACE OF DANGEROUS CALOMEL

New Discovery! Dodson's Liver Tone Acts Like Calomel But Doesn't Gripe, Salivate or Make You Sick—Don't Lose a Day's Work—Harmless Liver Medicine for Men, Women, Children—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you

right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

## TO CITIZENS OF A FOREIGN HEART

Go forth, ye men, with foreign hearts,  
And join the foe's brigade,  
Ye have no right on free-born soil  
Our pilgrim fathers made.  
Go eringe beneath a foreign crown  
That rules across the sea;  
Ye have no right to drink the toast  
Made to our liberty.  
Go join the serfs that worship kings,  
This land is not for you;  
Ye have no right to shelter in,  
The Red, the White and Blue.  
This is a man-sized glory land,  
Go back from whence you came;  
Ye have no right among the free,  
Unless it be in shame.  
Go forth, then, to your foreign love,  
Rush to your monarch's call;  
Go, give to him your carcass too,  
So that you give him all!  
Go forth, at least, and dare to be  
An undivided man!  
Ye have no place on all the earth  
By any other plan!  
—OLIVER ALLSTORM.

## RETURNS THE MONEY FOR UNUSED POSTAGE STAMPS

AUSTIN, Texas, April 24.—The first refund from a former member of the legislature on account of postage stamps not used positively and absolutely for the state's business has just been received from Dr. B. F. Bean of Kirbyville, a member of the Twenty-sixth, Twenty-seventh and Twenty-eighth legislatures. Dr. Bean has sent to the state treasury \$75.60 with the following letter:

Enclosed find check for \$75.60, which pays back to the state of Texas the amount I used for postage stamps during the Twenty-sixth, Twenty-seventh and Twenty-eighth legislatures, of which I was a member. The above-named amount was in violation of the state constitution and I protested at the time we passed the resolution giving members postage stamps and wanted other members to agree with me, and they advised me to drop the subject and accept the stamps as other members had done and were doing or it would cast a reflection on the democratic legislature; and further, if I wanted any assistance from any of the members in passing bills for the laboring people I had better not insist on trying to change an established rule of the house by its members, being elected as I was.

## NAMED FARM LOAN BANK APPRAISERS

WASHINGTON, April 25.—Another step was taken Wednesday toward putting the federal farm loan bank of Houston into operation, when the treasury department announced the appointment of the eight appraisers who will be charged with the duty of passing upon the value of the farm lands offered as security for loans procured through the new rural credit system. These appointees are E. F. Shropshire of Houston, J. W. Mackey of Beaumont, H. H. Jacoby of Dallas, R. T. Milner of Henderson, J. L. Franklin of McKinney, A. P. Graves of Gatesville, T. P. Whitts of Plainview and S. P. Smith of Fluvanna. There were several hundred applicants for these eight positions and considerable delay has been experienced in making the selections. It will be observed that all sections of the state are represented in the list of appointees.

## THE KID HAS GONE TO THE COLORS

The Kid has gone to the Colors  
And we don't know what to say;  
The Kid we have loved and cuddled  
Stepped out for the Flag today.  
We thought him a child; a baby  
With never a care at all,  
But his country called him man-size  
And the Kid has heard the call.  
He paused to watch the recruiting  
Where, fired by the life and drum,  
He bowed his head to Old Glory  
And thought that it whispered  
"Come!"  
The Kid, not being a slacker,  
Stood forth with patriot-joy  
To add his name to the roster—  
And God, we're proud of the boy!

The Kid has gone to the Colors;  
It seems but a little while  
Since he drilled a schoolboy army  
In a truly martial style.  
But now he's a man, a soldier,  
And we lend him listening ear,  
For his heart is a heart all loyal,  
Unscourged by the curse of fear.  
His dad, when he told him, shudder-ed,  
—His mother—God bless her!—cried;  
Yet, blest with a mother-nature,  
She wept with a mother-pride.  
But he whose old shoulders straight-ened  
Was Grandad—for a memory ran  
To years when he, too, a youngster,  
Was changed by the Flag to a man!  
—W. M. Herschel in the Indianapolis News.

## APPLEBY COUPLE WED HERE

Mr. Ide R. Hall, son of Mrs. G. M. Hall of Appleby, and Miss Rosa Lambert, daughter of Mr. and Mrs. T. S. Lambert of Melrose, but formerly of Appleby, were married in this city Saturday night, Rev. J. N. Cunningham officiating.

The happy couple are most worthy young people, coming from good families, and have many friends with whom The Sentinel joins in congratulations and good wishes.

# BROKEN DOWN IN HEALTH

Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sensitive Wash. I began taking your remedial and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a mild-wife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women.—If women wish to write to me I will be delighted to answer them."  
—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.  
Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

### THE LEGISLATURE IS DOWN TO BUSINESS

AUSTIN, Texas, April 30.—When the senate convened today Senators Strickland and Westbrook introduced a resolution protesting against the creation of a deficiency appropriation of \$90,000 for the equipment of the new general land office now in course of construction.

The resolution points out that when the Thirty-Fourth Legislature appropriated \$300,000 for the construction of the new general land office, it was to construct and equip a building three stories in height, but that since the adjournment of the legislature a contract was awarded for a four-story structure and now a deficiency of \$90,000 is asked; further that the law providing for a three-story building has been ignored. It is further provided in the resolution that hereafter the legislature will not approve or ratify such unwarranted expenditures. The resolution was referred to the senate finance committee and a report is to be made Tuesday.

### New Bills Are Offered.

Senator Hudspeth introduced in the senate the bill making appropriations for the eleemosynary institutions of the state, the bill carrying a total of \$4,748,652 for the next two fiscal years.

The bill by Senator Harley providing that the governor shall appoint the officers of the Texas National Guard and also prescribing the qualifications for enlisted men, came up for consideration. Senator Lattimore offered an amendment striking out that provision that officers shall hold their positions until they reach 64 years and providing they hold their positions until other officers are named by the governor to take their places. Senator Dayton moved to table the amendment.

Senator Suiter introduced a bill providing for the extension of the state textbook contracts for a period of one year from August 31, 1919, to August 31, 1920. The bill provides that the textbook contractors must furnish new bonds to be approved by the attorney general with the terms of the present contract.

The Bee textbook bill providing for the creation of a permanent textbook commission comes up for hearing in committee tomorrow afternoon.

The Dayton amendment was debated at length. Senator Harley, author of the measure, went into an extended explanation of the various features of the bill; that the age limits placed in the bill were necessary in order to conform to the United States army regulations.

Senator Henderson sent up a substitute for the Dayton amendment, which substitute provides that the provisions of section 1 shall not apply to officers of the line as to tenure of office, but that such officers of the line shall be appointed and commissioned by the governor at his discretion and none of the line officers shall be recognized as an officer unless he shall have been duly commissioned and shall have taken the oath of office. This substitute was pending when the senate adjourned until 10 o'clock tomorrow morning.

### Decrease Warehouse Costs.

AUSTIN, Texas, April 30.—The finance committee of the house today decreased the provision for managers of the warehouse department by eliminating one manager and allowing but one warehouse examiner. Provision was made for a weights and measures inspector. The total appropriation carries \$34,180 for each year.

The budget of the livestock sanitary commission was also approved carrying \$134,300 for each year. The house was not in session this morning.

### ONLY ROOM FOR TEXANS AT TRAINING CAMP

SAN ANTONIO, Texas, April 30.—So many Texans are offering themselves for training as reserve officers that southern department headquarters has found it necessary to divert applications originating in Oklahoma to the Fort Logan H. Roots camp.

It was the original plan to have the Leon Springs camp serve both Texas and Oklahoma, but events of the last few days have made it apparent that Texas will more than supply the 2500 men desired for the encampment. A total of 1326 men is the present enrollment and the rate of application is growing from day to day.

### HIGHEST PRICE EVER KNOWN MARKED UP

CHICAGO, April 25.—Another milestone in the advance of wheat prices to unprecedented heights was reached on the Board of Trade this afternoon when May wheat sold at \$2.50 a bushel. A few minutes later \$2.51% was bid.

Prices of wheat, corn and oats were all on the highest level in the history of the Board of Trade.

### SUBMARINE SINKS U. S. OIL TANKER

LONDON, April 30.—The American oil tanker Vacuum has been sunk. The captain and part of the crew and the naval lieutenant and nine American naval gunners are missing.

The Vacuum was sunk by a German submarine on Saturday while on her way to the United States.

The chief mate and 17 men, including three of the American navy gunners have been landed.

A boat containing the masts of the ship and the remainder of the crew, together with the lieutenant and nine naval gunners is missing.

NEW YORK, April 30.—The Vacuum Oil Company today received this message from its agents abroad:

"Vacuum torpedoed 23th, 140 miles west of Barra, No. 1 life-boat with captain and others missing.

The American steamship Vacuum, commanded by Captain S. S. Harris of this city, left New York on March 30 for Birkenhead, England, carrying a crew of 34 men, of whom 15 were American citizens, including nine native born.

### PROPOSE GOOD ROAD NACOGDOCHES TO DALLAS

The Sentinel is in receipt of the following letter from Carl W. Thorn, editor of the Mt. Enterprise Herald, the contents of which should at once arrest the attention of all good roads enthusiasts, proposing, as it does, the filling in some gays that would furnish a good road from this city to Nacogdoches, or connect with the old Henderson-Nacogdoches road, and I have been instructed to write you and enlist The Sentinel's support.

"We are going to have a meeting here some time next week to organize, appoint committees, etc., and the matter has been taken up at Henderson.

"As I understand it, this is an old road and is being traveled quite a bit now, but there are some bad hills and sand beds between this place and your town, and this proposition is to remedy them. Our commissioner has promised us that he would see that the county gave all they possibly could, and that he would get work from those living along the road in Rusk county.

"What we want is to connect this Henderson-Nacogdoches road with the Gregg county model roads, giving us good roads from your town through to Dallas.

"Action must be taken in this matter at once as the road crew is within one mile of Mt. Enterprise now and our commissioner will want to know what to expect.

"This matter has been discussed by our Mr. Charlie Langford and Mr. Stripling, and some others that I do not remember just now. You can probably get all the information you desire from Mr. Stripling."

The Sentinel hopes that the commissioners court and the good roads committee will get busy with this proposition at once, and co-operate with these good people in this matter. No road would contribute more to the convenience of the people than this thoroughfare which has for its purpose to connect with other good roads leading into Central Texas, and into which tributary from all parts of the western end of the county could connect.

### A CENTER MAN IN SERIOUS ACCIDENT

Shelby Optimist.

Alex H. Mills, a prominent citizen of this city, residing on Shelbyville street, was dangerously hurt in a runaway accident Sunday afternoon, while driving on the street near the home of J. M. Ross. It seems that the horse became frightened at a passing automobile and Mr. Mills was unable to prevent him from running. In the dash the buggy struck a fence and then a telephone post, throwing Mr. Mills out with great force against the post, breaking three ribs, badly bruising one entire side of his body and it is feared that he sustained internal injuries, from all of which he has suffered greatly and is yet in a critical condition.

Medical skill, a devoted family and neighbors who sincerely love him are doing all in their power for the unfortunate man, and it is the hope of everyone that the worst has passed and he will soon recover.

### CUSHING LOCALS

Cushing Enterprise.

H. B. Davis of Nacogdoches visited old friends in our city Saturday and Sunday.

Miss Vera Cariker was a visitor to Nacogdoches the first of the week.

Mr. and Mrs. B. S. Shirley of Nacogdoches spent Saturday and Sunday visiting their friends in Cushing.

W. L. Power and Charlie G. Morrison motored to Cushing Sunday afternoon from Cushing.

Jas. D. Greer spent Wednesday in this section of the county looking after the farming interests.

### SELECTIVE CONSCRIPTION VOTED BY CONGRESS

WASHINGTON, April 29.—Departing from a tradition formed at its inception, the republic will raise its army of 2,000,000 by selective conscription.

The draft army bill passed both houses and senate shortly before midnight last night, the house by 397 to 24 and the senate 81 to 8.

The final vote came after an epochal session during which the volunteer system advocates fought fiercely against the overwhelming current for the draft and died still struggling.

Joint conferences this week must settle differences between the measures.

Differences in Bills.

The senate bill authorizes the Roosevelt division, which the house overwhelmingly rejected. The senate voted the army and congress dry while army prohibition was thrown out of the house by a point of order. The senate bill would draft men between 21 and 27, the house between 21 and 40. Other minor differences pertaining to exemption and the like will have to be smoothed out.

It is believed there is nothing incompatible, however, in the bills and an agreement is expected in conference early during the week.

Speaker Clark, democratic house leader, Minority Leader Kitchin and Representative Jeannette Rankin, who earlier in the day voted against the Kahn amendment striking out the volunteer amendment, lined up solidly for the bill in the final vote.

Prohibitionists maintained their fight in the house to the end, attempting by one rule or another to force concurrence in the senate dry action.

### What Draft Measure Is

WASHINGTON, April 29.—The army draft bill's provisions call for:

Total armed force of 1,000,000 men.

An army of 287,000. A National Guard of 625,000.

Filling the gaps in the militia by volunteer and forced enlistments, each by selective conscription.

Liability to service of all male citizens between the ages of 21 and 40 years, inclusive.

Exemption from service of those belonging to religious organizations whose creeds oppose war, clergymen and federal and state officials.

of recognized religious denominations

### THE CUSHING SCHOOL IS CLOSING TODAY

From Friday's Daily.

In company with County Superintendent Layton, the writer had the pleasure of attending a part of the closing exercises of the school at Cushing this morning, and in the outset we will say that if the remainder of the exercises measure up to the program rendered this morning, it will be one of the most brilliant events of the county for the season.

Prof. H. P. Cayness, the superintendent, announced in the opening of the exercises this morning that attendance at school had been seriously handicapped by reason of an epidemic of measles that had been raging in the community lately; it had also interfered with his program in the closing exercises, forcing them to have to cancel the play for which considerable preparation had been made, and keeping some away who had parts in the commencement exercises.

But if there was any interference of this nature, the places had been supplied by others so well that it would take a greater expert than this writer to detect it. The recitations, readings, dialogues, little plays, musical selections, etc., were delivered with such perfect ease, and were so well selected in their appointment, that human endeavor could not excel them so far as they went, and it was indeed a creditable program.

Prof. Layton followed the morning program with a great address, talking directly to the children in teacher-fashion on the subject of character building, taking a section at a time and having the children repeat the essential steps in the order in which they came, until the whole ladder was constructed and the name of each rung memorized. The speaker quickly captured the attention of the children who entered heartily into the discussion with him, and they learned a lesson that many of them will never forget.

The Cushing school has an enrollment of approximately three hundred pupils, and employs five to six teachers. This is Prof. Cayness' first term as superintendent of the school, but he has done a great work, and the student body and patrons of the school are highly pleased with him, insisting that he remain with them.

The flourishing little town of Cushing is settled up with a might body of people who take great pride in their schools, their churches, and everything of community interest, and they meet the stranger with a hospitality that is so charming that he wants to go back again.

### NACOGDOCHES TRADITIONS

It has been disputed that General Sherman said "War is Hell," but if he said it, he did not lie. The horrors of the present world's war in Europe are but a repetition of history. Nacogdoches has experienced this horror at least three times, namely in 1836, the revolution for freedom from Mexico; in 1846 for the U. S. war with Mexico; and in the war of secession, and also the Confederate war. In all these instances Nacogdoches took a prominent part.

It is a fact that Nacogdoches actually supplied the blood that fought the battles of the Alamo and San Jacinto, and this made Texas a government of and for the people that this old town has sent abroad in the land.

In 1836 the pro rata of Mexican population in this county was far greater than now, and the feeling against the Mexicans and Indians here was hotter than right. These were peaceful settlers, but General Houston issued and published an official general order that these settlers should not be molested. An authentic copy of this order can be shown today. It is one of several souvenir papers of the Flores family preserved by Mrs. Mary Mora, an aged senora who lives near Swift about twelve miles east of town.

The Mexican war with the United States in 1846-1848 was not so very distressful at Nacogdoches, yet it was bad enough. Many of the heroic sons of Nacogdoches went into this war. The names included Leak, Rector, Hardeman, Hutchison, Gilbert, Arnold, Shanks, Hoya, Garrett, Clark and others of their blood and type. There were few slackers in those days.

"And what shall be said of the horrid but patriotic war of secession? Then there was fire in every heart. All who were true and brave went at once. No hanging back was excused; every able-bodied man volunteered, if possible. Those who could not go in to the field of action lent every energy to the cause. General Sam Houston was one of these, and they did their best, but they felt as if looked upon unfavorably or unkindly by active volunteers.

There was a large sprinkle of citizens here who came from the north, and they were closely watched. But they all took sides with the South, and were mostly in favor of secession. The old county clerk, O. L. Holmes,

was one of these; Judge Clark was one. But when a secession convention was called at Austin this county sent two delegates instructed to vote against secession. These were Wm. Clark and Haden Edwards. When the convention met nearly all the delegates favored secession. Seeing this, the Nacogdoches delegates voted for secession. The renowned Governor O. M. Roberts was proud of being the author of the secession ordinance. When the war ended he was elected to congress but not allowed a seat. Secession was disputed and never recognized by the North, yet the South was counted out and had to be reconstructed. So Roberts was excluded.

After the volunteers in the Confederate army were all in there was a conscript law passed, 18 to 45 years. The woods were scoured; deserters, dodgers, run-aways and bush-whackers were run in or run out. They "skeddaddled" and hid out. Some had good excuses; some were traitors; some were natural born cowards. Volunteers had little respect for them, right or wrong.

On occasions the volunteers had to pass through towns where some other soldiers chanced to be at home on leave of absence. The soldiers on the march would see them and think them shirkers, and would hallow out: "Oh boys, look at them—home guards all dressed up in billed shirts," and sing "Her's your mule, here's your mule," to the tune of Maryland, my Maryland, or else yell out "Howdy, Joe," or "Hello Joe," and "Come out of them clothes, you fops."

Active services tested men, and all knew by test who would "face the music." When the war ended it took a long time for these prejudices to fade away. And a Confederate record was an honor that was long recognized as proof of patriotic manhood, just fifty-six years ago.

national anthem, on the maternal side. Deuber's resemblance to his renowned ancestor is said to be so noticeable that many of those who have seen the original Francis Scott Key picture have commented upon the remarkable likeness.

There is a worthy German citizen living in our town who has one brother in the German army, another brother in the French army, and a son in the American army. He says he is himself an American, now—and so he is perging away at his trade, a shoemaker, and not kicking his feet off.

Dr. E. E. Leak and daughter, Mrs. Rafe Stripling, of San Augustine, came up yesterday for a few days visit with relatives and friends.

## They Earned \$29.00 For Each \$1 Invested

THAT'S WHAT INVESTORS EARNED WHO PURCHASED ORIGINAL SHARES IN MY FIRST COMPANY. OTHER COMPANIES I ORGANIZED EARNED SHARE PURCHASERS TREMENDOUS PROFITS. NOW I AM ORGANIZING A BIG, NEW, COMPANY JOINING ME NOW MAY BE THE MAKING OF YOUR FORTUNE. INVESTIGATE IT.

### FORTUNES IN OIL YOU CAN INVEST

Here in the Coastal Oil Belt, millions of dollars are being earned by all classes of investors, from the man who can afford to invest only a few dollars a month to the investor of thousands. Single wells often come in with initial production of 10,000, 15,000 and 20,000 barrels of oil daily. Oil is selling up to \$1.30 a barrel at the well, so that single wells often produce enormous fortunes every day that passes. Figure it for yourself. I organized the Hoffman Oil Company and sold shares at \$10 each. Within nine months investors in the original shares of this company received \$29 for every \$1 invested, or \$2900 for every ten share purchased. Here's what some of my investor friends got for coming in with me:

One man invested \$70. In nine months time this small sum grew into \$1906.70. Two ladies invested \$84 each, and within the same time got back over \$2200. One man invested \$670, and when the profits were divided he received over \$18,000 as his share. Many others profited in proportion, at a rate of \$29 for every \$1 invested.

Now I am organizing a big, new company, the Hoffman Oil & Refining Corporation. I want to make this one of the biggest oil producing, refining and marketing companies in the Southwest. The par value of shares in this company is \$10, the same as in my first company. But for a limited time, early buyers will get the benefit of a big discount. The recent allotment of shares will be sold at only a fraction of the actual par value. But this offer is positively limited. At the present price and terms, no matter how MUCH or how LITTLE you can afford to invest your opportunity to participate in the large profits we expect to make is just as great as anyone else, because ALL shareholders will share equally in the profits, according to the interest each one holds.

Don't lay this paper aside until you have clipped out and sent in the attached coupon. By return mail I will send you full details about my phenomenal success in the oil business and the wonderful profits I made for my investor friends in previous companies I organized. You'll be interested, and it may be the means of making your fortune.

Mail This Coupon NOW!

Mr. Henry H. Hoffman, President, Hoffman Trust Company, Fiscal Agents, No. 1006 Carter Building, Houston, Texas.

Dear Sir: Please send me full information about the plans of the Hoffman Oil & Refining Corporation and your SPECIAL OFFER to investors. Also please send me FREE copy of your magazine, "Hoffman's Investment Journal." I am interested but do not obligate myself in any way.

HALTOM & GIBBS, Proprietors  
G. M. HALTOM, Manager  
O. M. GIBBS, Editor

A significant fact about the lieutenant in command of the gun crew on the Magnolia which sank the German submarine is that his name is B. Ware. It is a name that should command itself to the commanders of U-boats.—Shreveport Times.

Some one asks the question: "In the meantime, has anybody heard from Cyclone Davis?"—Nacogdoches Sentinel.

Sorry you mentioned that name. Been trying to forget "Cyclone" for many months.—Lufkin News.

May 1 has arrived, and this reminds us that this is the month that Nacogdoches is going to pull off the biggest trades day ever witnessed in an East Texas town. Begin your preparations now to be the guest of the Stone Fort City on that day.

"I tell you," said the real estate man "there isn't a finer residence development on earth than this. Just look at the wonderful scenery." "The scenery is alright," replied the man who was looking for a home. "The only trouble is there's too much of it between here and the city."

Go to church! In these days of trouble and impending disaster from every quarter we will need all the blessings that a kind providence can bestow, and we should neglect no opportunity to do our christian duty, remember that those who hunger for righteousness are always filled.

There will probably be more men over forty years of age, and more boys under the age of nineteen, in the immediate future than have been in evidence in the past. Age "creeps" up on a man mighty fast, and it takes a boy a long time to reach his majority, you know.

Our people are making a great mistake by letting war talk and financial business depression absorb their minds. The more they talk these things the more people get to believing that the country is going to the bad, and trading stops and business men get blue, and soon failures will follow and sure enough panic will follow. Don't ever talk hard times and poor business. You can tell a fellow he looks sick and he doesn't pay much attention to you, but let two or three more mention that fact to him and pretty soon he begins to think something is wrong with him, and when a few more have told him he doesn't look well he comes to the conclusion that he is sure enough sick, and goes home and goes to bed and has to have a doctor.—Jacksonville Progress.

With the comment of The Sentinel to the effect that "we would compromise on this issue by agreeing that East Texas is the best country in the world, with historic old Nacogdoches in the center," the Lufkin News comes to life and vows and avers that Lufkin has everything outclassed with more railroads, more industrial enterprises, etc. The Sentinel has almost despaired of keeping this contemporary straight, but in a further effort to settle the matter we will submit to a comparison of the bank statements and the advertising patronage furnished the daily newspapers of the two towns. If Lufkin has so many railroads and so many great industrial enterprises with which to make up the superior life and importance of the town, it should be reflected in these commercial arteries; and if the promoters and owners of these enterprises have the 'life' and modern business methods you would insinuate in the broad statement, the advertising columns of so good a little paper as The News should carry their message to the trading public daily.

## LONGVIEW DISTRICT COURT ATTRACTS MANY VISITORS

LONGVIEW, Texas, April 30.—District court convened here this morning with many notable persons in attendance and Judge Dan Walker of Center presiding for the first time since his election. The grand jury was organized, with R. M. Kelley, president of the Kelly Plow Company, as foreman. A few orders were made this morning and a hearing of the People's State Bank matter set for this afternoon. Notable among those attending court here today are Charles O. Austin, commissioner of banking and insurance of Texas; James Root, special agent of the banking department of Texas; Hon. C. M. Curston, assistant attorney general of Texas; ex-Senate Senator Odell of Fort Worth, Beeman Strong of Nacogdoches, Judge Walker expects to expedite court business and will insist on cases being disposed of.

## "JUST A MOTHER"

A little story came over the wires from Chicago the other day that makes us pause and reflect that in "the concert of nations" the enlightened, free, domestic peoples, who, after the world war, will keep the world peace, woman with her vote; will be one of the principal factors in making war an obsolete barbarism.

Mrs. Ernestine Schumann-Heink is not only a world-famous prima donna; she is a mother. Of her five sons, one is enlisted in the United States Marine corps, one in the German navy, one in the National Guard of New Jersey, one is a member of a regiment of Arizona cavalry, and the fifth is a cadet at a widely known military academy in the Middle West. The mother was born in Austria, reared in Germany and is a citizen of the United States, owning homes in California, New Jersey and Chicago, for her adopted country has showered her with honors and fortune.

"We mothers must suffer!" exclaimed the diva when war was declared. The probability, although remote, that one son may take the life of his brother in the war between the two nations which she loves almost as she loves her sons, has prostrated her.

"I love America, but I love Germany, too," wept the mother. "And the German people love America and Americans. O, those people who make war—all of them, all nationalities, all kinds—I hate them! I have a son in the American navy. Just think! Some day they may be shooting at each other. Brother against brother! There are thousands of such cases on the battlefields of Europe. This is not a war of the people of any land. I am not pro-German. I'm not pro-ally, or pro-American. I am just mother, and my sons are going to take each other's life!"

Motherhood is of the Country of Love, first. The mothers of the world have suffered since men took to slaying one another, the monstrous wrong of man-made system. Not upon them, but upon her, has fallen the tragedy! But the day when the thorns are pressed upon her gentle brow and the cross is laid heavily on her anguished shoulders is passing. The world is listening, at last, to her voice in the councils of its nations!

"I am just a mother!" is a cry that will be lost in the night winds of the old order. Woman's mind, speaking through woman's lips, will help to shape and fashion the brotherhood of man in the world's lasting peace.—San Antonio Express.

## THE SENTINEL ADOPTED.

At the meeting of the City Council last night, The Daily Sentinel was unanimously adopted as the official organ of the city of Nacogdoches, an honor the editorial and business management of the paper greatly appreciates.

We appreciate this honor because it comes as a recognition of service the paper is endeavoring to render to the city, and because it gives us official connection with the splendid body of gentlemen who compose the council, and the untiring service they are rendering to the glorious old city of Nacogdoches.

It is the first and burning ambition of The Sentinel to be of real service to the community in which it is published—a "clearing house" for all the good news that will inspire the citizenry to go forward in every good work, and a forum through which the people may thresh out matters of community interest and come closer together in bonds of friendship and unity of purpose. We have no personal enemies to punish, and no special friends to reward; no axes to grind, and no individual schemes to promote. The Daily Sentinel is a paper of, for and by the people of Nacogdoches, while the weekly issue reaches out over the county with a similar mission for the people it serves, and that both are succeeding in the mission they are espousing is the splendid endorsement we are receiving from every quarter.

When we can serve you in any legitimate capacity, it is our pleasure, and we bid you command us; if you are an enemy to any of these good purposes, let us remind you that a Sentinel is on guard.

"S. F. A. N."

## NEBRASKA GOES DRY;

DRUNKS ARE PARDONED  
LINCOLN, Neb., April 30.—At 8 o'clock tonight 829 saloons, 15 breweries and 10 rectifying plants in Nebraska closed under a prohibitory law, enacted by the electorate and enforced by a supplemental statute enacted by the legislature. Purchase, manufacture, sale or gift of liquor is prohibited, but the possession is not forbidden. A large number of saloons throughout the state, reports tonight said, sold their stock before noon today. As a consequence, prices remained unchanged on whiskeys and beers.

Mayor C. W. Bryan of Lincoln tonight pardoned all offenders "now confined in the city jail on account of overindulgence in liquor."

## BY DIRECT TAXES \$150,000,000 IN YEAR

WASHINGTON, April 30.—A war revenue measure designed to raise not less than \$1,500,000,000 by direct taxes during the coming year will be reported to the house ways and means committee tomorrow by a subcommittee which has been drafting the bill in secret sessions.

Reduction of the income tax exemptions from \$3,000 and \$4,000 to \$1,000 and \$2,000 for single and married persons, respectively, and an increase of the excess profits tax from 8 per cent on all amounts over 8 per cent and \$5,000 to 16 per cent are two of the subcommittee's proposals.

The tentative bill also carries increased taxes on liquor, beer, cigars, cigarettes and tobacco, new taxes on automobiles, soft drinks, ammunition boxes, freight and passenger traffic and a stamp tax of wide scope.

Much of the bill follows the lines suggested by Secretary McAdoo, but many of the most important proposals are rejected. Included in these are all tariffs and making the income and excess profits and consumption taxes retroactive. Hence the total of the proposed bill falls millions of dollars short of the original figure of \$1,800,000,000 to be derived from taxes this year.

Opposition of Senator Fordney of Wisconsin, ranking member of the committee, to raising more than \$1,000,000,000 by direct taxes is largely responsible for this situation. He doubts, it is understood, if more than this amount will be needed and urges that any further sums shall be raised by other methods than by direct taxation if it should become necessary. Democratic Leader Kitchin also opposed consumption taxes.

A bitter fight on the bill in full committee is certain. Resentment among some members aroused by the prolonged executive meetings of the committee, coupled with vigorous opposition to the income and excess profits, tax proposals, make storms inevitable.

## THE NEW FOOD LAW STRINGENT RESTRICTIONS

WASHINGTON, April 30.—The new Lever bill would make it unlawful for anyone in the manufacture, storage or distribution of food, seeds or fertilizer to commit or permit preventable waste or arrange for stocks exceeding the amount reasonably necessary to supply individual or business requirements, to monopolize or attempt to monopolize, locally or generally any such article, engage in any discrimination in its handling, arrange to restrict supply, distribution or enhance prices, charge excessive rates for handling or distributing, exacting of excessive prices for those articles, or for any service in connection with them or to aid and abet as to these acts.

Agents of the secretary of agriculture could "enter during business hours any place except a dwelling house" to inspect books or papers. Failure to furnish information would be a felony.

The administration food legislation in the form of a joint resolution was introduced in the senate by Chairman Gore of the agriculture committee. Another bill to be introduced later will confer plenary power on the president, on suggestion of the Council of National Defense, to more adequately handle the situation including the fixing of prices, both minimum and maximum; to prescribe national prohibition in the president's discretion; regulate transportation of food products and deal with produce exchanges and board of trade to prevent undue speculation.

## BELGIUM WANTS AMERICAN LOAN

WASHINGTON, April 30.—In addition to large loans to France and Italy totalling between \$200,000,000 and \$300,000,000, the United States soon will make a loan to Belgium, the amount of which is yet to be determined. Unofficial estimates of the size of the Belgian loan place it at approximately \$150,000,000.

Administration officials have been in a receptive mood toward an application for a Belgian loan ever since the war finance measure became a law, but formal application for a loan was not made until today, when the Belgian minister, Baron de Cartier, called upon Secretary McAdoo and placed before him tentative estimates as to the relief desired.

Secretary McAdoo and Assistant Secretary Crosby discussed details with the minister for more than three hours. The tentative estimate was not divulged, but it is understood that it contains provision for meeting in part the Belgian government's needs in maintaining a large number of refugees domiciled in France, in addition to requirements of a military nature.

Mr. C. E. Hall of Hallville is in the city visiting his brother, Prof. H. H. Hall.

## CITY COUNCIL ORGANIZED FOR NEW YEAR'S WORK

Had Interesting Meeting Last Night at Which Organization of New Body Was Perfected.

The City Council met last night to perfect organization for the new year's work, and had a most interesting and harmonious meeting.

The mayor submitted the following communication, which contains recommendations for the organization and work to be done, and this communication being accepted by a vote of the council, we reproduce it as the minutes of the meeting:

Nacogdoches, Texas, May 1, 1917.

Gentlemen of the Council:

This is the meeting at which the Standing Committees and Appointive Officers of the City are to be appointed for the ensuing year, and under the ordinances of the City it becomes my duty to submit appointments for your approval or rejection. I therefore recommend the following:

Finance Committee—J. R. McKinney, Zeno Cox, Jr., W. L. Baker, whose duties are to have general supervision of the finances of the city, examine and approve monthly reports of the officers required by law to make to them, and to attend to any and all financial matters referred to it by the city council.

Fire and Building Committee—W. G. Reid, I. L. Sturdevant. The main duties of this committee are to look after the fire department, confer with the fire company when requested on matters of business, examine plans and specifications of proposed new buildings in the fire limits, issue permits for the erection of same, and issue permits for the repair of buildings in the fire limits.

Sanitary Committee—G. H. King, J. R. McKinney. This committee has full charge in connection with the health officer of matters pertaining to the health of the city; to see that the scavenger properly performs his duties, inspect and require disinfected all places injurious to health and proper sanitation of the city.

Light and Water Committee—W. G. Reid, Zeno Cox, Jr. This committee has general supervision of the light and water departments, whose duty it is to take general cognizance of all matters pertaining to both light and water plants of the city, and from time to time recommend to the city council such rules and regulations as may be for the best interests of the city in the economical and efficient management of both these important plants of the city; audit and approve all bills for expenditures in excess of fifty dollars at any one time; audit and approve monthly reports filed by officers of the departments; confer with and advise the superintendent as to all expenditures for betterments, purchases and employment of employes and labor, and have general supervision over all matters pertaining to the successful management of said plants.

Street and Bridge Committee—G. H. King, W. L. Baker. This committee has full charge and control of all street and bridge work in the city, the terms what streets should be opened and maintained by the city; the repair and building of bridges where necessary, and generally look after all street improvement of the city. In connection with this committee I believe it would be advisable to appoint a street commissioner to take active charge of the street work of the city, to act and be under the control of the committee and responsible to them for the proper working and keeping up of the streets and bridges, and I recommend that Pat Murphey, who has given the street work active attention for the past eight years, and from experience has learned how best to maintain the streets, be appointed street commissioner, and that ten dollars per month be added to his present salary.

Mayor Pro Tem—I recommend the appointment of Alderman G. H. King mayor pro tem for the ensuing year. The officers appointed each year by the council are as follows: Light and Water Superintendent, Health Officer, City Attorney, Assessor and Collector of Taxes, Fire Marshal, Secretary and Treasurer. The present officers now holding these positions have been efficient and have satisfactorily discharged their respective official duties, and I recommend the re-appointment of each of them. As to the office of secretary-treasurer, which has been so efficiently filled for the past eight years by Alderman J. R. McKinney, I wish to state that he made the race with the understanding that he would be relieved of this position, and I don't think we should insist upon his acting longer unless it is entirely satisfactory to him. At the meeting of the council Mr. McKinney was authorized to make a change in the present system of bookkeeping for the city (which he recommended) and to make this change will take some time and labor. I recommend that the council request Mr. McKinney to act as secretary.

treasurer at least until the new system is inaugurated and in satisfactory working condition, and that he be allowed twenty-five dollars per month for this work, and performing the duties of secretary as long as he acts as such.

While I have made these recommendations, each member of the council should make such suggestions as to same as he thinks proper in the interests of a successful and economical city administration.

Respectfully,  
GEO. H. MATTHEWS,  
Mayor.

The above appointments and recommendations of the mayor were confirmed and adopted by unanimous vote.

On motion duly made and carried, The Daily Sentinel was made the official organ of the city for the next year.

## PROVIDE FOR TAKING OVER ENEMY SHIPS

WASHINGTON, April 30.—By unanimous vote the senate passed a resolution Monday night providing for transfer to the American government of title and possession of enemy ships in American ports and their use in commerce under the direction of the shipping board.

There are about 100 German and many Austrian ships in American ports, and all are under repair, though the Austrian ships are not included in the resolution as the United States and Austria are not at war.

One German ship, the Clara Menig, is ready for sea and will begin loading a cargo Tuesday for Italy. The Pisa, another, will be repaired by Wednesday and will take supplies to France. Five more will be ready by the end of the week.

The resolution was debated in the senate today for more than four hours behind closed doors.

## FASHIONABLE WEDDING APPLEBY LAST NIGHT

Mr. Henry Winder of Richmond, Texas, and Miss Mollie Skeeters, one of Appleby's fairest daughters, were married at the home of the bride's parents in Appleby last night (Sunday) in the presence of a large circle of friends and relatives.

The wedding is reported to have been one of the prettiest and most fashionable in the history of the neighbor town, with one of the most popular couples as the contracting parties.

Mr. and Mrs. Winder left on the night train for Richmond, Texas where they will make their future home, and to which the good wishes of a great host of friends will follow them.

## JOHN H. KIRBY NAMED ON DEFENSE COUNCIL

John H. Kirby, president of the Kirby Lumber Company, and one of the most prominent men in Texas, has been honored with a call to serve the country as a member of the council for national defense.

Saturday he received a telegram advising him of the fact that he was placed on one of the committees.

His duties are supposed to be to aid in mobilizing the industrial resources of the nation for use and service during the war. He left for Washington immediately.—Houston Post.

## ALAZAN LOCALS

April 30, 1917.—Mr. Lloyd Johnson, returned from a four months attendance in school at Huntsville, and now holds a first-grade state certificate.

Alazan school closed Friday. Mr. Perkins, principal teacher, and Miss Mary Crawford, assistant teacher, have returned to their homes for the vacation. Our teacher will be Mr. Joe Spurgeon, and Miss Mary Crawford will be retained as assistant teacher.

There will be preaching at Alazan next Saturday night and Sunday. The rain Friday night did a great deal of good in helping our cotton and peanuts to come up. Everybody seems to think that peanuts will be a good price, and there will be a good acreage planted in this community.

A week ago last Sunday some one broke into Joe Rogers' store and stole some \$10 to \$15. The sheriff is searching for the burglar, but has made no arrest yet.

## FIRE AT LUFKIN.

LUFKIN, Texas, April 29.—At 8:30 tonight the residence of Homer Garrison, managed of the Lufkin Abstract Company, together with its contents was totally destroyed by fire. The origin of the fire is unknown.

A personal letter from Robert Jordan, Jr., to a friend here, stated that he is on the job here in Los Angeles, Calif., and is well pleased with his work, which is with a film company.

## FLAG RAISING AT THE CENTRAL SCHOOL BUILDING

The most patriotic, beautiful and impressive event occurring in the modern days of Nacogdoches was the raising of "The Emblem of Liberty" on the Central School Campus this morning at 10:40 o'clock.

As noted in The Sentinel of yesterday, a mammoth flag pole had been raised on the south-east corner of the Central building. This was the work of the boys of the High School. The fitting climax to the raising of the flag-pole came this morning, when, in the presence of every member and teacher of the Central School, and a few guests, a large United States flag was "raised" to spread its silken folds to the breeze.

A speaker's platform had been arranged on the mound just around the tree to the north of the flag pole and on this stand were Superintendent Davis, Prof. Huffor, and the speaker of the occasion, Hon. Eugene Blount and others.

At the opening of ceremonies Prof. Zimmerman of the High School, solemnly and silently fastened the flag to the cord and as silently raised it to its position, while the assemblage lifted eyes in solemn grandeur—so impressive that it sent a thrill into the hearts of each one present. Standing at attention for a moment the participants waited while photographer Machann made a picture of the scene. Then followed the singing of the patriotic hymns, "America," and "The Star Spangled Banner," started by the members of the primary department, and taken up by the whole school in a manner showing enthusiasm and earnestness, and the Sentinel reporter wondered just then if such a scene could well be passed by even the biggest "slacker" without the taking of a single thought of what "Old Glory" means to all people everywhere. A thousand voices joined in the singing and a thousand hearts lent an inspiration as the song lifted its wing on the winds of heaven and went soaring heavenward toward the skies of celestial blue.

In a few well chosen words in reference to the occasion, Prof. Davis presented to the student body the speaker of the occasion, Mr. Blount, who was at his best and delivered a speech most befitting the occasion—a gem in oratory—and he was loudly cheered by the entire assembly.

The erection of a U. S. flag on the school campus is indeed a patriotic move and shows much of the true American spirit that should be manifest in these days when "Old Glory," spotless and untarnished, should be nestled close in the heart of every American citizen.

Long may it wave!

## TEXAS UNIVERSITY TO TRAIN AVIATORS

AUSTIN, Texas, April 30.—The army aviation school for the Southern department this summer will be established at the University of Texas.

This was the information contained in a telegram from President Robert E. Vinson of the institution who now is in Washington, D. C., attending the conference of college presidents on the war situation.

The message was lacking in details, but it is generally believed among the instructors to be that the school will be in operation in several weeks.

Army officers are expected to aid in the work of this branch of the service soon.

Dr. Vinson in the same message directed six faculty members, technical men, to report to him at Washington Friday, prepared to go to Toronto, Canada, for a month's intensive training in aeronautics.

The men to report are J. M. Bryant, professor of electrical engineering; R. G. Tyler, professor of highway engineering; J. P. Nash, of the Bureau of economic geology; S. L. Brown, school of physics in charge of the university wireless station; J. W. Ramsey, electrical engineering; T. S. Painter, school of zoology.

With the assistance of men from the army, well versed in the art of flying it is expected that the faculty members will have charge of the training school for army aviators within the next few weeks.

## TO ERECT POSTOFFICE

ORANGE, Texas, April 30.—Postmaster J. J. Ball received notices from the United States treasury department Monday that bids for the construction of the federal building for this city would be closed by June 6.

This news was received with great enthusiasm, as it will mean the early beginning of work on the federal building, for which there is an available sum of about \$50,000, the site having already been purchased on Fourth and Front streets. Numerous business buildings will start in a short time as a result of this announcement.

## Keeping Yourself Well

### THE FIRST STEP

Usually the first indication of a lowering of health is found in the bowels and liver. Something goes wrong—we eat too much, or work too hard—and the bowel action weakens or the liver is sluggish. That heavy feeling on arising in the morning, dryness of the throat, with bad taste, a slight headache, dull eyes—all show that food has fermented in the intestines, and that the body is manufacturing poisons instead of good blood.

Clear it all out. Give the stomach and bowels a fresh start. Encourage the liver to go to work. Manalin does all of this, without griping or weakening. It's the ideal laxative and liver tonic, because it follows Nature's plan, without discomfort, inflammation or forming a habit. Constipation may be overcome with its use.

### GARRISON LOCALS.

P. V. Dale was a business visitor to Nacogdoches Tuesday.

Miss Pattie Oxshier visited friends at Nacogdoches last week.

Sheriff J. L. Prince of Nacogdoches was in town last Friday afternoon.

Leo Zeve, Earl Williams and others of Nacogdoches were here Sunday.

Mesdames W. Y. Garrison, S. W. Womack and R. B. Walthall motored to Nacogdoches Monday with J. E. Garrison.

Mr. and Mrs. R. C. Lattimer, Mrs. Adelle Chandler, Mrs. J. D. Wilson and Miss Effie Parker motored to Nacogdoches Tuesday.

### CHAIRMAN W. F. GINTZ THANKS THE SENTINEL

The Sentinel greatly appreciates the following pretty endorsement from the pen of its valued friend, Mr. W. F. Gintz, chairman of the slogan committee and author of the timely enterprise:

Nacogdoches, Texas, April 26, 1917.

Messrs. Haltom & Gibbs, City.

My Dear Friends:

Just want to thank you both for launching the chosen slogan so beautifully upon the sea of publicity.

You two can do more towards securing the Normal than any two citizens can, and I know you will.

Yours very truly,

W. F. GINTZ.

The Sentinel is ever ready to do anything in its power to capture this or any other good enterprise for its home town, and its crowning ambition is to be useful in all the affairs of community interest.

### THE KNIGHTS OF PYTHIAS IN DECORATION SERVICE

As per previous announcement, Lanna Lodge, Knights of Pythias, held its annual decoration service yesterday, and it was a most brilliant and impressive affair.

The members and those participating in the exercises met at the hall and marched in a body to the cemetery. The procession was led by thirty beautiful girls bearing flowers. Arriving at the cemetery, the impressive ritualistic exercises of the order were observed, including a most interesting, eloquent and impressive fraternal address by Rev. G. L. Taylor. At the conclusion of these exercises the graves of deceased knights were decorated with beautiful flowers and solemn ceremony, all combining to make it beautiful and most impressive event, showing profound respect for the dead and cementing more closely the bonds of fraternal love of the living.

### THE CHRISTIAN CHURCH ENGAGES A PASTOR

At a meeting of the official board last night, a contract was made with Eld. C. R. Cook to serve the church two Sundays in the month until such time as the services of a pastor for full time can be arranged. Mr. Cook will arrange to come here alternating Sundays, beginning with May 20 as the next preaching date.

This minister preached for the congregation yesterday and last night, and the membership is delighted with him, feeling that with his leadership they can go forward as a unit in the religious life of the city and contribute a part.

Last you forget: "Sociable-Fit-Ac-sociable-Nacogdoches!"

### DR. LESLIE PIERCE DIED THIS MORNING

From Wednesday's Daily. A message was received in the city just before noon today bearing the sad news that Dr. Leslie Pierce, son of Dr. and Mrs. C. C. Pierce of this city, was dead in Asheville, N. C., at which place he has been making his home the past two or three years.

At this writing no definite information can be obtained as to the funeral arrangement, but it is presumed that his remains will be brought back to this city for interment.

This death is one of the saddest events that has come under this writer's observation. The young man prepared himself for the practice of his profession, dentistry, and located in Lufkin where he was making a pretty start when he was called to the service of his country, when the state militia was sent to the border several years ago at a time war seemed imminent with Mexico. Returning and picking up his lines where he had left off, he was making the second pretty start when he was stricken with an illness that made it necessary for him to hunt a higher climate. Through the intervening space of time he has remained cheerful, and did what he could, but alas for human hopes! He has been cut down in the beginning of what promised to be a brilliant and useful career.

The Sentinel will have more to say of the life and death of this young man after the funeral.

### APPLEBY LOCALS.

The Senior Class of Appleby High School rendered the play, "Down in Dixie," very successfully Saturday night at the high school building.

Miss Mamie Hill has returned home from Cushing where she was music teacher.

Mrs. C. T. Simmons and two little daughters and Miss Joanna Barr have returned from a week's visit to San Antonio where they were guests of relatives and friends. They report a great time.

Mr. Louise Hayes of Shreveport was a visitor between trains Sunday.

Miss Ruth Massey of Texarkana was in town Sunday.

Mr. Ide Hall and Miss Rosa Lambert were quietly married Saturday night.

Mr. and Mrs. W. Whitaker and family and Miss Sybil Rudisil of Cushing were guests of Mrs. M. Hill and daughter, Miss Mamie Sunday.

Mr. and Mrs. J. W. Hobbs and family left Friday morning for Fort Worth for a visit to their sister, Mrs. Hill.

### 100 ACRES FOR AVIATION FIELD

SAN ANTONIO, Texas, May 2.—The Southern Department of the United States army has been authorized to begin establishment of what is said to be the largest aviation field yet opened by the government. Options have been obtained on 1000 acres of land six miles south of the city. Major General John J. Pershing was directed to organize two more aero squadrons, each of 150 officers and men, and each to be equipped with 12 machines. It is planned to abandon the present aviation field, located near Fort Sam Houston, and move all equipment to the new station. While approximately eight miles from Fort Sam Houston, the new aviation field offers one distinct advantage, in that testing of machines can be carried on privately.

### CLIP THIS AND PIN ON WIFE'S DRESSER

Cincinnati man tells how to shrivel up corns or calluses so they lift off with the fingers.

Ouch! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dies immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a bottle for you. 61

The Sentinel learns that it was mistaken in stating that Mr. W. H. Woods had moved to San Antonio, Austin being the place. We hope that he and Mrs. Woods may soon recover their health so that they can again take residence in this city where they have so many friends.

### SHE HAD NO HOPE OF RETURNING ALIVE

Mrs. Cason Left Home For Atlanta Propped Up on Pillows—Only Weighed 60 Pounds—Now a Well Woman

Mr. J. B. Battle, who is well known in Atlanta, Ga., recently went into Jacobs' Pharmacy to get a bottle of Tanlac for his sister-in-law, Mrs. O. C. Cason, who lives some distance out of Atlanta, near Acworth. While making the purchase, Mr. Battle told of the wonderful improvement in Mrs. Cason's condition since she began using the medicine about six weeks ago.

He also made the statement that Mrs. Cason felt so grateful for the wonderful benefit she had received that she wanted to make a public statement, as she felt it her duty to tell the whole world about Tanlac. He then suggested that Dr. Elder, the Tanlac representative at Jacobs' call at his residence for a personal interview.

When Dr. Elder called at Mr. Battle's residence on English avenue, the following morning, it happened that Mr. Battle himself met him at the door and very cordially invited him into the living room. Mrs. Cason, who was bright and happy, soon made her appearance and began with delight to tell of the wonderful recovery of her health, and her statement will go down in history as being one of the most remarkable ever given a proprietary medicine. Here is her story in her own words:

"About six weeks ago I left my home on our farm near Acworth, Ga., to come to my sister's home here in Atlanta, and I left with only a shadow of hope of ever returning alive to my home and husband.

"I left Acworth," she continued, "in a comfortable automobile, propped up on pillows, coming through the country. I had almost as much medicine as I had baggage, a big box full of all kinds of medicines that had been prescribed for me. I reached here very weak and exhausted and with scarcely enough strength to walk to the door. This trouble, from which I suffered so long, had reduced me to almost a shadow, as I only weighed sixty pounds.

"My brother-in-law, Mr. Battle, said, 'Well you have tried everything else with no relief, now I want you to lay aside your "drug shop" and take Tanlac.' Of course I was willing to try it, for the medicine is the talk of the whole country. Well he got it for me and I started on my first bottle that day.

"When I had taken about half of the first bottle I began to feel stronger and encouraged. I continued to take it and it is nothing short of marvelous how I improved day by day. I felt myself further and further from the grave. My appetite returned and my food seemed to nourish me and agree with me. My skin and complexion began clearing up and I improved in every way possible until I am now a well woman, and when I say now, I mean absolutely what I say—I want to tell the whole world that I thank God and Tanlac.

"I weigh ninety-five pounds now and feel as well as I ever felt in my life. I am going back to my husband and home on the little farm five miles from Acworth tomorrow, and won't it be a joyful meeting, returning to my husband and home absolutely well and happy—and won't I tell everybody about what Tanlac has done for me?"

"Yes, it's just like she says," chimed in Mr. Battle about this time, "Tanlac has simply robbed the grave and if you could have seen her when she started on this medicine, you would say the same thing.

"I didn't know at the time just what the trouble was, but the doctors said she had pellagra. She may have had it, for all I know, but there is one thing certain, she hasn't got it now, or at least you wouldn't think so if you could watch her eat. I told her, jokingly, the other day, that she was eating me out of house and home. I don't guess there ever was a case like hers' and there is one thing certain, you can count on us telling everybody about it, because I fully believe she owes her life to this medicine."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith, in Woden by M. J. King, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., in Sacul by A. J. Beck.

Pure, nourishing blood makes healthy flesh, good muscles and a strong vitality. The reverse is the case when the blood is poor. To drive out impurities and enrich the blood take Prickly Ash Bitters. It is a most efficient blood purifier and system regulator. Stripling, Haselwood & Co., Special Agents.

The work of tearing down the old court house to make room for a new three-story garage has about been completed.

### YOUNG MAN, YOUNG LADY

Prepare to Better Serve Your Country and Yourself—Will You Give Orders or Only Take Them? Poverty is no Barrier—You Can Succeed! And Your Country Needs You.

The one thing absolutely necessary to success is the rugged determination that makes a fellow grit his teeth, clinch his fist, and say "I CAN BECAUSE I WILL." Your place in the world depends not upon circumstances, but upon YOU. Whether or not you will attain a high position in the work of your choice; whether you will give orders or only take them; whether your pay will be "wages" or "salary"—all this depends upon your determination. First, last, and all the time, he wins that turns a resolute face to the grim old world of war, and answers its challenges with an unflinching, "I can serve my country and I WILL."

The supply of "average" workmen is usually greater than the demand. That is why even in times of peace the unskilled live so often in dread of idleness, with its specters of humiliation and discouragement. The market for untrained help grows narrower with every invention of a labor-saving machine, and with every "examination" safeguard adopted by states or employers. The demand of today is for trained men and women. Men and women qualified, not only as soldiers, but to help manage the business affairs of commerce and war. "What Can You Do?" Every office of business and war demands the keeping of books, the filling in of contracts and other legal documents, shorthand, typewriting, or the operating of a telegraph key. Young man, young woman, can you do these things that are so much in demand in these trying times of war? Say to yourself: "I will prepare, I will succeed," and write for catalogue today, asking for credit plan if necessary. State confidentially your financial condition, and the course you are interested in. Make the start. DO IT NOW. Girls this is your opportunity, your country needs you, prepare to serve it honorably and efficiently. Young ladies make the best of private secretaries. Tyler Commercial College, Tyler, Texas, America's business training university. It has helped more than sixteen thousand boys, girls, men and women.

### HOLLWEG DEFERS PEACE ADDRESS

COPENHAGEN, via London, May 2.—The speech which was to have been made in the reichstag by Dr. Von Bethmann-Hollweg, the German imperial chancellor, on peace and international relations, has been postponed to a more fitting occasion, according to word received here.

According to the Berlin Tagelblatt, as quoted in a dispatch from the Hague on Tuesday, Dr. von Bethmann-Hollweg was to have made a peace offer in the reichstag on Thursday.

Authentic news from Germany has been so meagre of late that it is difficult to judge what developments, either internal or external, may have induced the chancellor to alter his reported plans.

### BABY BOY DIES

The Sentinel gets the information from the undertaking department of Cason, Monk & Co., of the death of the two-year-old baby boy of Mr. and Mrs. Claude Spence, which sad event occurred at the family residence at Melrose yesterday afternoon. The funeral will occur today.

### THE REVIVAL MEETINGS ARE NOW IN PROGRESS

A great service was had last evening when Dr. Truett preached on Prayer.

Another great service this morning, when he preached on the personal element in soul winning.

There were large crowds at both services. This morning was an exceptional service for the stage of the meeting, since so many of the business men of the city closed their business places and attended the service.

As pastor of the Baptist church and on behalf of my congregation I wish to express our appreciation of this action on the part of our business men and Dr. Truett requests that we also whisper his appreciation. Let everybody in Nacogdoches take advantage of the opportunity to hear this great man of God who is in our midst for this series of meetings.

### JITNEY LINE FROM NACOGDOCHES

Mr. W. G. Davis, the liveryman of Nacogdoches, was in the city Monday, having established a jitney line from Nacogdoches to this city, via Melrose, Chireno, etc., a schedule of which can be found in another part of this paper. This is a convenience to the traveling public that should be duly appreciated.—San Augustine Tribune.

### THE SENIOR CLASS OF GARRISON HIGH SCHOOL ANNOUNCE THAT THEIR GRADUATION EXERCISES WILL TAKE PLACE ON MAY 26.

The senior class of Garrison High School announce that their graduation exercises will take place on May 26.

## A Real Bargain!

Six 1-year old and past registered Jersey heifers, highly bred, all beauties, solid colors. (Registry papers furnished)

One registered Jersey bull, 2 years old, splendid individual. (Registry papers furnished).

These seven head of registered cattle will profit the man or woman who buys them \$300 in one year's time and will be worth more than they cost now. Let us show them to you here.

\$550, cash, note or trade gets them.

They are cheap.

### BLACKBURN & MAST

Jersey Cattle

### IDLE CAPITAL.

Schoolhouses and church houses are not used as intensively as they should be. As a matter of sound business economy, all the people should co-operate in using the school plant for a greater number of legitimate purposes than it is ordinarily put to. On the average, school property represents just so much fixed capital that is idle more than eighty per cent of the time. Its full earning capacity at best is never completely realized. Industrial concerns with like investments of capital not infrequently operate with a day force and a night force so as to realize the most on the investment. But night schools and other forms of educational extension outside of the regular school hours are rare exceptions in Texas. This means so much idle capital and a consequent economic and social loss to our people. There is no industrial institution in the land with such a high per cent of its investment idle so much of the time as is true with our schools and our churches. They are earning small dividends and society is having to bear the cost. To meet this social and economic deficit a broader service must be rendered by the church and the school, and to do this, a closer articulation of the interests and the efforts of teacher and preacher, school patron, and church layman are imperatively necessary.

With more decent church lawns used as community play-grounds, and with more attractive "sociables" given in the church parlors, a social environment much less hostile to good morals can be created. No other thing has so great a possibility for reducing the present high percentage of crimes and moral delinquency among our youth. A modicum of leisure is a necessary concomitant to a healthy and happy life. It is well known that leisure hours are the hours of life that have the very most to do with the making or the marring of human character.

### Farms for Sale.

290 acres at \$28.50 per acre, 125 acres at \$15.00 per acre, 139 acres at \$18.00 per acre, 100 acres at \$12.00 per acre, 84 acres cut-over land at \$3.00 per acre. This is the Jim Dalton farm property and is one of the best farm propositions in Nacogdoches county. If the whole 737 acres are bought by one man he will have an income for life without worry. All of this property is improved except the 84 acres of cut-over land, and is situated in the red land belt of this county, with the best roads of the county to travel over. The property lies between the upper Melrose and Martinsville roads about 6 1/2 miles east of Nacogdoches. Who will take this bargain? See Giles M. Haltom, at The Sentinel office.

### Mrs. Carl May of Garrison motored down to the city yesterday afternoon for a little visit to her sister, Mrs. J. B. Stripling, and Mrs. Stripling returned home with her to spend the night.

### Ford Hale left last night for a business visit to Houston. He will return tomorrow.

### DR. PIERCE'S REMAINS COMING SATURDAY

A telegram has been received by the family announcing that the remains of Dr. Leslie Pierce will arrive Saturday on the noon train, accompanied by his father, Dr. C. C. Pierce, who was at the bedside of the young man when he died.

The funeral will occur Saturday afternoon at 5:00 o'clock with interment in Oak Grove cemetery.

### LOST—Between Banita Hotel and Eichel's store, a gold-handled pocket knife. Finder please return to Eichel's and receive liberal reward. 3-38

Mr. H. W. Barkley, a Confederate veteran and a grand old gentleman who is now making his home in the Confederate Home at Austin, is in the city visiting with his nephew, Mr. B. Davis, and family for a few days.

Mrs. E. D. Williams arrived home yesterday from a few days visit to relatives at San Augustine and Center.

# LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists. J. 69

## THE AUDITOR'S REPORT CITY OF NACOGDOCHES

The Honorable Mayor and Councilmen, City of Nacogdoches, Texas, Nacogdoches, Texas.

Gentlemen: We, your committee appointed to make an audit of the records of the different departments for the past two years, viz: R. W. Murphey, tax collector 1915; D. L. Thomas, tax collector 1916; Ford Clevenger, delinquent tax collector; Geo. H. Matthews, mayor; G. W. L. Woodland, city marshal; J. R. McKinney, secretary, city of Nacogdoches, and D. L. Thomas, secretary City light and water department, with the exception of R. W. Murphey, city tax collector 1915, whose reports show more money turned over to the city treasurer than the 1915 tax rolls show having been collected. The difference is accounted for in the delinquent collections of the 1914 tax roll.

We find the records of D. L. Thomas, city tax collector for 1916, well kept and all collections accounted for as per our statement attached.

We find the records of Ford Clevenger, delinquent tax collector, to be correct as per our statement attached, and believe him to be a very valuable and competent man in this department.

We find the reports of Geo. H. Matthews, mayor, to be correct as per our statement attached. We suggest that the mayor keep a cash book, entering thereon all receipts and disbursements for permanent records.

We find the records of G. W. L. Woodland, city marshal, to be correct as per his reports, our statement attached. In the amount of uncollected fines, we learn that at least one of the parties whom the city has charged with a fine is now dead, and a number of others against parties who are now gone, and such fines being uncollectable, we suggest that credit be given the marshal for these as in your discretion are collectable. We also suggest that in order to facilitate a more accurate record of street taxes, the council furnish the city marshal or collector of street tax, a receipt book with stubs, each numbered beginning with No. 1, running numerically to whatever number receipts required, each receipt to be charged to whoever collects such tax, at the rate of \$4.00 each, and audit said collector with his collections as per his reports to the city council, receipts unused turned back for credit. This system would make it easier for the collector of such tax to make his report; also due the city, comparing each year's receipts against the previous year. We would also suggest that he use a cash book showing collections, same being for the purpose of a permanent record.

We find the records of D. L. Thomas, secretary city light and water department, to be correct as per our

### Coughs Worse at Night

The simplest and quickest way to get rid of a wearing, racking night cough, tickling throat, hoarse, wheezy breathing is to take  
**Foley's Honey and Tar.**  
In it, you get the curative influence of the pine tar and other healing ingredients, together with the mollifying and laxative action of honey.  
Editor C. T. Miller, Canton, Ind. (Enquirer) writes: "I was troubled with bronchial infection and coughed constantly day and night. I took Foley's Honey and Tar and got relief. It is great for bronchial colds and coughs. La grippe and bronchial coughs, croup, hoarseness, and all other ailments of the throat, are all quickly relieved."  
Stripling, Hazelwood & Co.

## A VICTORY IS CLAIMED BY BRITISH AND GERMANS

LONDON (April 29 (10:35 p. m.))—The British troops captured a German trench system south of Oppy on a front of about a mile this morning, says an official report from British headquarters in France. The Germans offered strong counter-attacks, but these failed. The number of prisoners taken by the British since Saturday is 967, including 16 officers.

### Germans Claim Victory.

BERLIN, via London, April 29. British Admiralty press wireless (4:55 p. m.)—After a battle of extraordinary violence, the Germans yesterday defeated the third English attempt to pierce their lines near Arras, the war office announces. The British forced their way into German advanced positions in several places, but were driven back everywhere except in the town of Arleux-en-Cochelle. The statement follows: "A very heavy drum fire, which was begun before daybreak over the whole front, from Lens as far as Queant, was the prelude to a battle by which the British, for the third time, hoped to pierce the German lines near Arras. By mid-day the great battle was decided by a heavy defeat of the British."

"At dawn on a front of about 30 kilometers (18 miles) British storming columns forwarded curtains of steel, dust, gas and smoke, which had been advanced by degrees. The weight of the enemy thrust north of the Scarpe was directed against our positions from Cheville as far as Roeux, where the battle raged with extraordinary violence. The British forced their way into Arleux-en-Cochelle and Oppy and near Gavelle and Rouex occupied by us as advanced positions. "They were met by a counter-attack by our infantry. "In a severe hand-to-hand struggle, the enemy was defeated. At some points he was driven beyond our former lines, which, with the exception of Arleux-en-Cochelle, is again in our hands. "The British losses were extraordinarily heavy. "April 28 was a new day of honor. Our infantry showed itself fully equal to its tasks. With the other armies on the front in the Aisne and Champagne, as well as in the east and the Balkans, the general position is unchanged."

### RESPECTFULLY SUBMITTED.

E. E. IVEY,  
J. L. LANGSTON,  
Auditors.

In the time covered with this audit a total of approximately \$83,402.80 has been collected and disbursed, a good portion of which is applied to the sinking fund provided for the payment of the light, water, sewer, and paving enterprises. At the bottom of the secretary's report we get the net financial condition of the city in his recapitulation, in which he reports cash balance on hand \$9772.89 overdrafts in all funds \$5011.02, leaving a net cash balance on hand of \$4731.87.

### POISONS FOR INSECT PESTS.

Every person growing a garden is troubled with insects, and unless they are controlled they will do a large amount of damage to a garden in a very short time.

This time of the year the Colorado beetle, or potato bug, as most people call it, is getting in its work. This pest is easily controlled by the use of Paris Green, London Purple, or Oseanate of lead. This can be used either as a dry powder or as a solution. For a solution use 1 pound of green to 100 gallons of water. For a dry powder use the green mixed with 20 parts its value of a slacked lime. Snap beans also are damaged by plant lice, the remedy for this is to apply sifted wood ashes upon the plants when they are dry, never apply it when the plants are wet with dew or rain. The cabbage worm does considerable damage. Pyrethrum powder which your druggist can get for you will kill the cabbage worm and does not injure the person eating the cabbage. This can be applied with a blow gun in its powdered form, or can be diluted with water at the rate of one ounce to 2 gallons of water and sprayed upon the cabbage plants.

Kerosene emulsion will control the white fly which works on cape jasmine. This is made by dissolving 1/2 pound of soap in one gallon of water, then add 2 gallons of kerosene oil and mix well together, dilute this stock solution with 15 parts of water and spray on plants.  
GEO. T. McNESS,  
Texas Experimental Station.

### DRUG STORE IN GARRISON WAS ROBBED LAST NIGHT

Last night the Garrison Drug Company, of Garrison was entered by a burglar and robbed of 19 watches, a six shooter and about \$18.00 or \$19.00 in cash.  
The burglary took place about 8:30 while the proprietors of the store were attending a Sunday school institute being held at the Methodist church in that city. No clue is known as to who the mysterious prowler was.

### HEALTHY CHILDREN come from healthy mothers.

And mothers will certainly be healthy if they'll take Dr. Pierce's Favorite Prescription. Nothing can equal in building up a woman's strength, in regulating and assisting all her natural functions, and in putting in perfect order every part of the female system. It lessens the pains and burndens, supports and strengthens weak, nursing mothers.  
It's an invigorating, restorative tonic, a soothing and bracing nerve.  
Mrs. BERTHA FLEMING, of 1225 Clinton Avenue, Fort Worth, Texas, writes:  
"I had been in bad health and the doctor would get me up for a while. Two years ago I was in the same bad health, had constant nervousness, had tried several different things and at last I began taking Dr. Pierce's Favorite Prescription and to-day I weigh 172 pounds, than I only weighed 120. I praise your medicine to every suffering woman, and tell them the good it has done and does till to-day for me."

## LEGISLATURE WILL SPEED UP THIS WEEK

AUSTIN, Texas, April 29.—Business is to be speeded up in the legislature this week in order to preclude any chance of having to force Governor Ferguson to call another extra session. The house is scheduled to take on Monday afternoon the bill making appropriations for the educational institutions of the state and after that is disposed of the departmental bill is scheduled for consideration, consequently it will be the latter part of the week before the house tackles the military bills.

While there is some opposition in the house to the senate concurrent resolution authoring the state treasurer to invest as much as \$7,000,000 in the emergency certificates issued by the federal government, it is expected that this will pass, although here are certain members who believe that such authority should be given in a regular bill and not by resolution.

The senate has already adopted the resolution. No bill has as yet been introduced in the house looking into the increase of the state ranger force to 600 men and there seems to be a disposition to let the senate take the initiative in this matter.

The house finance committee yesterday completed the consideration of several actions of the house department bills. Those sections adopted were: department of insurance and banking, \$125,000 each year, state fire insurance commission \$130,000 each year, comptroller's department, \$153,400 for each year, treasury department, \$16,500 each year, educational department, \$73,840 each year; railroad commission, \$43,000 each year; state reclamation department, \$26,000 each year.

This bill is expected to be completed during the early portion of the week. A spirited contest is expected to develop on the appropriations asked by the warehouse and agricultural departments.

In the senate the bill by Senator Harley which provides that the governor shall appoint the officers of the Texas National Guard, is scheduled for consideration. The other military bill which reorganizes the Texas National Guard to conform to the national defense act, is expected to be given consideration also.

The preliminary skirmish on the textbook question will begin before senate committee on education on Tuesday.

Although the senate finance committee has now completed three of money bills and expects to have the fourth, the departmental bill ready early in the week, it is not expected the senate will give serious consideration to appropriation bills during the week. The committee last night completed the eleemosynary institution bill. It carries \$4,648,652 being \$2,578,544 for the first and \$2,070,108 for the second fiscal year. The committee sliced \$1,256,220 from this bill as it was originally drafted, based on the budgets from the various institutions.

### NO POSTPONEMENT.

Headquarters United Confederate Veterans Association, Opelika, Ala. April 25, 1917.

Having carefully considered all the reasons proposed and recently suggested for postponing the Twenty seventh Annual Reunion of the United Confederate Veterans, and being confident that a large majority of my comrades are opposed to any postponement, I hereby appeal to all loyal members of our Association to cease further discussion of the subject and consider that the Reunion will be held on the 5th of June as heretofore agreed upon.

To meet in the Capital of our country at this time is very opportune, cementing friendships in all sections. Let us go there and by our acts proclaim to the world that those who wore the gray alike with those who wore the blue stand for our country and our common flag, the stars and stripes.  
GEORGE P. HARRISON,  
Commander-in-Chief.

### ROOSEVELT GETS

123,000 RECRUITS  
NEW YORK, April 26.—Approximately 123,000 men have applied thus far and been found to meet the necessary requirements for membership in Colonel Theodore Roosevelt's proposed army division, it was announced last night. None under 25 years of age are now being accepted. Sixty per cent of the volunteers are from Southern states.

### U-BOAT SHELLS

CREW OF SHIP  
LONDON, April 26.—The British steamship Kildale, bound for Malta, was torpedoed in the Mediterranean sea on April 12. While the crew was in boats the submarine came to the surface and fired on the boats with a mounted gun and rifles.  
One member of the crew was killed and eight others wounded.

## FEWER PEOPLE GROWING OLDER

The Public Health Service reports that more people live to the age of forty years to-day, but from forty to sixty years mortality is increasing from degenerative diseases. Thousands of well-informed men and women to-day are learning the true value of

### SHERIFF'S SALE.

THE STATE OF TEXAS, County of Nacogdoches—

By virtue of an order of sale issued by order of a judgment decree of the Honorable District Court of Nacogdoches County, Texas, by the Clerk of said Court, on the 18th day of April, A. D. 1917, in a certain suit No. 4149, wherein The State of Texas is plaintiff, and George W. Cavin, Lilly Cavin Lella Cavin Morris, joined by her husband C. J. Morris, Vannine Cavin King, joined by her husband W. Marvin King, Effie Lattimer, joined by her husband Belton B. Lattimer, Mamey P. Jarrett, joined by her husband N. H. Jarrett, are defendants, in favor of the said plaintiff, for the sum of One Hundred and 30-100 (\$130.30) Dollars for State and County taxes, interest, penalty and costs, with interest on said sum at the rate of six per cent per annum from date fixed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiff by the said District Court of Nacogdoches County, on the 17th day of February, A. D. 1917, and to me directed and delivered as Sheriff of said Nacogdoches County, I have seized, levied upon, and will, on the first Tuesday in June, A. D. 1917, the same being the 5th day of said month, at the Court House door of said Nacogdoches County, in the City of Nacogdoches between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendants in and to the following described real estate, levied upon as the property of said defendants, the same lying and being situated in the County of Nacogdoches, and the State of Texas, to-wit:

The Fred Carter Survey of 160 acres in Nacogdoches County, Texas, abstract 667, delinquent in the year 1909 in the name of R. H. Lee, and unknown owners for the other years, or upon the written request of said defendants or their attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs; subject, however, to the rights of the plaintiff for any other or further taxes on or against said property that may not be included herein, and the right of redemption, the defendants or any person having an interest therein, to redeem the said property, or their interest therein, at any time within two years from the date of sale by paying double the amount paid for said property, and subject to any other and further rights the defendants or anyone interested therein, may be entitled to, under the provisions of law. Said sale to be made by me to satisfy the above described judgment, together with interest, penalties and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.

J. L. PRINCE,  
Sheriff, Nacogdoches County Texas.

By S. S. MYERS, Deputy.  
Dated at Nacogdoches, Texas, this 18th day of April, 1917.

Dr. W. H. Bruce, Osteopathic Physician, Redland Hotel.

### CAUGHT A BURGLAR.

Deputy Sheriff Swab Myers locked up David Rasberry, a negro, this morning on a complaint of burglary.

Rasberry caused suspicion to be fastened upon himself when he sold several merchants around town large quantities of tobacco. The deputy got busy and soon learned that John Fenley had lost the tobacco of one brand the negro was selling, and this, with other things that aroused suspicion, caused the officer to take him in custody.

Deputy Myers is an energetic officer, and the law-breakers are learning that he is on their trail.

### For Sale at a Bargain.

One second-hand 30x36 boiler with sixteen 3 in. flue, all complete in fair condition. Phone or write us. Stripling, Hazelwood & Co.

### IRON WANTED.

Will pay \$5.00 per ton for scrap iron, free from steel iron and tin, delivered Nacogdoches Elevators Company's warehouse. Also want all other kinds of junk. Claibe Johnson, wtf

### COW HIDES WANTED.

We are paying 18c per pound for green hides. Green hides should be salted heavily as soon as possible, and shipped by express. Put one tag with your name and address inside of the sack and one on the outside.

We also handle horse hides and wool.  
A GOLENTERNEK & CO. wtf

### WANTS MORE RANGERS, BETTER BORDER GUARD

AUSTIN, Texas, April 25.—Acting upon a resolution adopted in the senate, Governor Ferguson today transmitted to the legislature a message recommending that the sum of \$1,000,000 be appropriated for the purpose of border protection and to augment the national guard, which he deems necessary on account of present war conditions. The governor also recommends the passage of a law looking to a material increase in the state ranger force.

I have on hand 500 bushels of cotton seed for the benefit of the farmers that I now offer at \$1.25 per bushel, cash. Arrangement can be made for time. J. P. Clevenger. 19-3w

If a woman falls in love, that's her business; if a man falls in love, that's his business. List you farm with me and I'll sell it—that's my business. See Lovett, the land man (ws-tf)

Five good cows, properly handled, will make more clear money in a year's time than you can make profit on ten bales of cotton. Can you make ten bales of cotton? You need a separator; sooner or later you will buy a DeLaval. See and try one before you get sorry. H. H. Cooper. 25-tf

## FOR SALE

We are now offering practically all of our old houses for sale. Have them ranging in price from fifteen dollars up. These houses can be torn down, moved and reproduced at a very little extra cost for lumber.

We also have three large lumber sheds that would make excellent barns, about fifty thousand feet of lumber in each shed, also a lot of old dolly way lumber that we will sell cheap.

3 second-hand Lindsey eight wheel log wagons, for mules.  
2 second-hand Lindsey eight wheel log wagons for oxen.  
Quite a lot of 1 1/2, 1 1/2 and 2" second hand pipe in fine condition.

All of above now located at Caro, Texas and can be seen and priced any day.

## AMERICA GETS ITS FIRST SUBMARINE

WASHINGTON, April 25.—The policy of the government is to make no announcement or comment upon the destruction of a German submarine by the steamer Mongolia at this time.

LONDON, April 25.—Captain Rice of the American steamship Mongolia, which has arrived at a British port, told the Associated Press today that the Mongolia had fired the first gun of the war of the United States and sunk a German submarine.

The submarine, Captain Rice said, was about to attack the great liner, in British waters on April 19. He declared there was absolutely no doubt that the U boat was hit and that there was every reason to believe it was destroyed.

The naval gunners on board made a clean hit at 1000 yards. The periscope was seen to be shattered.

Even more pertinent as fact as regards the ultimate fate of the submarine was that the shell disappeared immediately after the hit was made. The captain stated that a shell always ricochets in the water and can be seen again unless it finds the mark. Oil was also seen on the water after the submarine disappeared.

The Mongolia was going at full speed and was a long distance away when the spray and foam subsided, but from the bridge the officers observed the spot through their glasses and they are confident the submarine was sunk.

The periscope was sighted dead ahead on the last afternoon of the voyage. The captain gave the order for full speed ahead with the intention of ramming the submarine. The periscope disappeared and a few minutes later reappeared on the ship's broadside. The gunners fired, hitting the periscope squarely.

## Largest Armed Liner.

The Mongolia carried a crew of United States navy gunners in charge of a lieutenant. She is one of the largest vessels under the American flag. The Mongolia was built at Camden, N. J., in 1904 for the Pacific Mail Steamship Company. She was purchased by the International Mercantile Marine in 1915.

Captain Rice outlined the incident with modesty, but could not quite conceal the pride he felt in the achievement of his ship. He paid high tribute to the gunners, and especially to the manner in which they were handled by the officers, who directed the firing of the telling shot.

## GERMAN-BORN BAKERS SHOW LOYALTY TO U. S.

DALLAS, Texas, April 25.—When the delegates to the Texas Master Bakers' convention largely of German birth or descent, assembled in their second day's session here today, conversation dwelt largely on the patriotic dinner dance last night which was one of the entertainment features of the meeting.

Under the inspiration of the German-American members all the delegates stood under the folds of the American flag before the first course was served and sang "America." As the evening progressed they fox-trotted to the air of "The Star Spangled Banner," played in rag time, and one stepped to "The Stars and Stripes Forever." As a waltz number the orchestra played "Wake Up America."

## THE BUY-IT-MADE-IN-TEXAS ASSOCIATION

DALLAS, April 28.—Texas consumers will soon be able to obtain the answer of the question, "How May I Buy Texas Products?" The Buy It Made In Texas Association is putting to press at this time its new directory, known as the "Made in Texas Book," which gives in an imitative manner an answer to this query. Just when and where to buy Texas-made goods, and what the State produces is given, first in a general list, and next in classifications which will be of benefit to the individual buyer.

This directory will be broadcast over the State, and should prove a valuable adjunct to "Buy It Made in Texas," which begins May 7th. Plans for this week are progressing rapidly, and indications are that it will be generally observed. Plans for the employees buying campaign, which will bring the employees of each member of the Association to study other Texas products for a fifteen-minute period one day of the Buy It Made in Texas Week, have attained great promise. This is one of the most novel moves of the week.

## RECORD SHIPMENTS OF TEXAS ONIONS MADE

WASHINGTON, April 25.—A record for shipment of Texas onions in a single day was established last Thursday when 179 cars were moved, the department of agriculture announced today. The largest single day shipment last year was 119 cars, or 60 cars less than last Thursday.

## SUGGESTED TEXAS BUY U. S. BONDS

AUSTIN, Texas, April 25.—State Treasurer Edwards suggests to the legislature that Texas invest from one to four million dollars of the State's funds now lying idle in the treasury in United States treasury certificates. Why not?

"I think this would not only be a patriotic service," says the State treasurer in his communication to the lieutenant governor and the speaker, "to our country in time of need, showing the world that Texas was ready to do her part, but would be a good business proposition, especially as the State will not need this money for the next 60 or 90 days, and it could be used in this manner without any risk or loss whatever." Will Pay Bonds On July 30.

The State treasurer explains that the United States is issuing and placing on the market \$200,000,000 in treasury certificates bearing 3 per cent interest, redeemable July 30 this year, and that it has occurred to him that it would be a patriotic act if the legislature would pass a law authorizing him to invest these millions.

"At a rate of 3 per cent each million dollars invested," says Treasurer Edwards, "would bring into the State treasury \$5000 at the end of 60 days, or when these certificates are cashed by the United States government."

Some action by the legislature looking to the investment of these funds in this way may confidently be expected on Thursday or the day after.

## NOT ASKED TO SIGN WITH THE ALLIES

WASHINGTON, April 25.—Complete understanding of America's attitude in the war—unreserved co-operation in the fight for democracy against the German military menace without entangling political alliances—was expressed by Foreign Minister Balfour, head of the British war commission, in a statement today to newspaper correspondents.

"I am told," said Mr. Balfour, "that there are some doubting critics who seem to think that the object of the missions of Great Britain and France is to inveigle the United States out of its traditional policy and to entangle it in a formal alliance, secret or public, with European powers. I can not imagine any rumor with less foundation nor can I imagine any policy so utterly unnecessary. Our confidence in the assistance which we are going to get from this community is not based upon such considerations as those which arise out of formal treaties."

## TART MESSAGES SENT TEXAS REPRESENTATIVES

MARSHALL, Texas, April 25.—At a meeting of the home guards held last night in the city hall matters pertaining to the good of the organization was discussed and disposed of and the resolutions adopted endorsing President Wilson's administration and the following message was sent Congress-at-large Jeff McLea more and D. E. Garrett:

"Many of us voted for you as our representatives, but all of us voted for President Wilson. We have read your opposition to the president's plan for raising an army. We are still with the president. Will you represent us or not? (Signed) "R. P. LITTLEJOHN, Chairman of Mass Meeting, 500 Voters."

## ROOSEVELT GLEEFUL OVER U-BOAT SINKING

OYSTER BAY, N. Y., April 25.—Col. Theodore Roosevelt, was gleeful tonight when told that a gun on the Mongolia named after him had sunk a German submarine.

"I am greatly rejoiced," he said, "and I congratulate the captain, the gunners and all the crew of the Mongolia. Thank heaven, some Americans have at last begun to hit. We have been altogether too long purely at the receiving end of this war Germany has waged on us."

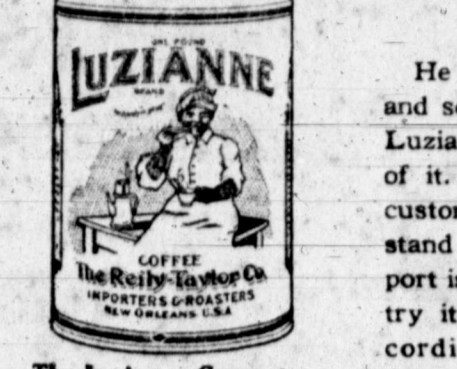

## IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

## Get Your Grocer's Opinion

He knows coffees—has mixed them and sold them for years. He knows Luzianne. Ask him what he thinks of it. Ask him what most of his customers think of it. Luzianne will stand or fall by this test. If the report is favorable, take home a can and try it yourself. Make up a pot, according to directions. You have nothing to lose, for the guarantee assures your money back if you don't like Luzianne. Buy a can today. Ask for profit-sharing catalog.

**The Luzianne Guarantee:** If, after using the contents of a can, you are not satisfied in every respect, your grocer will refund your money.

## MISS MARY ELLIS SMITH WINS THE SLOGAN PRIZE

MISS Mary Ellis Smith, a bright and charming young lady with most excellent literary talent, was awarded the prize for the best slogan on the subject of "Why Nacogdoches Should Have the Stephen F. Austin Normal."

The unique contribution submitted by the young lady carries the first letters of Stephen F. Austin and Normal, "S," "F," "A," "N," and put together reads: "Sociable, Fit, Accessible, Nacogdoches." The slogan carries with it the things of which our citizenship are proud and can rightfully boast. No town is more noted for its sociability, more fit by reason of this sociability which inspires people to higher ideals and better things of life, accessible with its good railroad facilities which are superior for this particular purpose—and old Nacogdoches with its hallowed memories! The analysis is enough to inspire every citizen to the greatest activity of his life in going after this great institution which will be so much in keeping with the life and ambition of the town.

## PASS NAVY TEST.

The Fowler Davis, mentioned in the following report, which is taken from a recent issue of the San Antonio Light, is a son of Mr. and Mrs. Chas. E. Davis, former citizens of this city:

The three San Antonio boys who left this week for Houston as recruits for the United States navy have passed their final examinations successfully and been assigned to a training ship now stationed at Newport News, according to a telegram received Thursday morning by Mrs. E. C. Tarrant, from her son, Fred Tarrant, who is one of them. The other boys are Fowler Davis and Oscar Powell.

On account of his military training received at West Texas Military Academy, Tarrant has been made second yeoman and put in charge of twenty recruits which composes one party for the training station. Tarrant was the first of the three San Antonians to reach Houston but waited over there so as to enter the navy with Davis and Powell who are chums and fraternity brothers.

"We leave for Newport News at noon today, and are all jubilant," Tarrant's telegram read. "I have been made second yeoman in charge of twenty men because of my West Texas training."

## MARRIED LAST NIGHT

Mr. C. R. Rigby of Caró and Miss M. Josie Mitchell, residing some six miles west of the city, were married at the residence of Judge Frank Houston about 1:30 last night, Judge Houston officiating.

The hour of the wedding was made late by the jitney having to go to both places for the contracting parties.

The Sentinel joins the friends of the happy couple in congratulations and good wishes.

## Arch McKnight, a former citizen of this city who is now making his home in Oklahoma, where he is engaged in the cotton business, is in the city renewing acquaintance with old friends.

## "GOULD"

will be his answer. We have pleased the most exacting and will please you if given your commission. The same attention given a modest head-stone and larger work. Gould Granite and Marble Co. Jacksonville, Texas.

"Buffalo Bill, where do you get saddle and pads for your Rough Riders?" "From Waco, Texas, made by Tom Padgett Co.—Forty-eight years in business—they don't hurt your horse." (Padgett's ad has been carried by the Halton papers 40 years.)

## TENTH OF ARMY IS DESTROYED EACH MONTH

WASHINGTON, April 27.—While definite ascendancy over the German war machine has been established by the allied forces in France, both in personnel and equipment and eventual victory is in sight, many months of bitter fighting are still ahead. This is the view of military experts attached to France's war commission, as gathered by officers of the American general staff today during the informal conversations at the war department. The French officers discussed the situation most frankly. Much of what was said was strictly confidential and information as to the immediate military situation of the utmost importance was freely given under that seal.

In addition the American experts obtained many facts and figures applying directly to problems to be considered by the United States in raising its war effort and which are not regarded as military secrets.

Statements of the Frenchmen fully confirmed conclusions reached by the general staff after its long study of losses in all armies actually engaged in Europe in an effort to learn the provision they must make for maintaining the fighting strength of an army at the front. The terrible toll in dead, maimed and prisoners computed on figures including Russia's enormous losses in captured, amounts to 10 per cent a month of the troops at the front. Half of these are permanently out of action and were it not for the constant stream of recruits going forward every day an army of a million of men soon would fade away.

Of the wounded or ill sent to the rear, great numbers recuperate and return to their regiments. With a medical corps service working at the highest possible efficiency, half of the entire loss of an army is recovered to active duty. But the process takes more than three months.

## M'ADOO AND BALFOUR REACH UNDERSTANDING

WASHINGTON, April 26.—Announcement was made today that British Foreign Minister Balfour and Secretary McAdoo have arrived at a complete understanding on questions affecting finance, trade, shipping, banking, exchange and kindred problems. Mr. Balfour expressed himself today as tremendously pleased with the sympathetic understanding and co-operation of the American government.

The actual detailed working out of the broad principles outlined will form the major portion of the next 10 days work of the commission. Mr. Balfour devoted himself today to coordinating the suggestions made by

Secretary McAdoo with the tentative plans brought over by the British commission and to arranging for the most efficient linking up of personnel in the two governments.

The foremost point of difference between the American and allied governments relates to trade, both with the enemy and with neutral governments. There is a gap between the extreme which this government believes justified under international law and the practices of the allies. As a result the United States will pass as strict laws as possible and allow the entente to carry out other restrictions which they have found necessary.

## 120 MEN TRAPPED IN BLAZING MINE

TRINIDAD, Col., April 27.—There is hope of saving any of the men who caught behind the fire in the Hastings mine of the Victor-American Fuel Company, near Ludlow, and it is expected that all have perished.

Rescue crews reported tonight they cannot reach the entombed men because of the wreckage. Superintendent Cameron tonight said he had little hope of saving any of the men who were in the mine when the explosion occurred.

The exact number of men caught in the mine still is undetermined. The company has compiled a list of 83 names of men known to be in the mine, but it is asserted that the list is not complete.

Late tonight only meager reports of the progress of the rescue work had been received here. The only means of communication between Trinidad is a single telephone wire, which has been crowded with official messages relating to the organization of the rescue work.

## BRITISH COMPLAIN OF OF NAVY'S FAILURE

LONDON, April 36.—The startling increase of the sinking of British ships during the last week is prominently displayed in the morning papers, several of which comment gravely on the serious outlook. The Times complains of the lack of details and contends that much harm is being done by trying to minimize the facts.

The Mail comments in a similar tenor and complains of the omission of French, Italian, American and neutral losses which gives a false impression. The Telegraph says that the submarine campaign has become the predominant war problem and calls for a maximum effort to defeat it.

"No success on land," continues the paper, "can compensate for failing at sea."

# TEN MORE of THEM

These are ten more great artists photographed as they were singing or playing in direct comparison with Edison's Re-Creation of art by means of his greatest invention.

## The NEW EDISON

This is the wonderful new musical instrument of which the New York Tribune said, "Edison snared the Soul of Music." It is a positive fact, which has been proved in public before more than 300,000 music lovers, that an artist's voice or instrumental performance cannot be told from the New Edison's Re-Creation of it.

COME TO OUR STORE and let us prove to you that the New Edison is capable of doing what no other sound-reproducing device can do. When you listen to an ordinary talking machine, you don't expect to hear a true reproduction. You make allowances for the fact that you are listening to a talking machine record. It is not necessary to make any such allowance when you listen to the New Edison as this new invention gives you literally the Re-Creation of the original music. Nothing is subtracted. Nothing is added.

ALICE VERLET  
Soprano, Paris Grand Opera

NOTICE—Please don't ask us to sell you Edison Re-Creations if you intend to attempt to play them on any other instrument than the New Edison. No other instrument can bring out the true musical quality of Edison Re-Creations. Furthermore, injury to the records is likely to result if you attempt to play them on an ordinary phonograph or talking machine.

BETSY JANE SHEPHERD  
Concert Soprano

ELIZABETH SPENCER  
Concert Soprano

MARIE KAISER  
Concert Soprano

HARDY WILLIAMSON  
Tenor, late of Century Opera Co.

Stripling, Haselwood & Co.

### AN ESCAPED CONVICT HAS BEEN CAPTURED

Deputy Sheriff Swab Myers informs the Sentinel that he has located and arrested and held for him, Wade Butler, a negro who is under sentence to serve three years in the penitentiary from this county, and who escaped from the jail at this place in 1915.

The negro was located at Tulsa, Oklahoma, and upon advice from the officers of this county is being held in the jail at that place. He has waived requisition and Mr. Myers will probably leave this afternoon for him.

This is a good piece of work on the part of the Nacogdoches officer, demonstrating the fact that they are constantly on the alert and will sooner or later catch the fellow who attempts to make good his escape.

### TO THE TAX PAYERS OF NACOGDOCHES COUNTY

In making the assessment of your property for the year 1917 it has been my aim to see every one and give each of you a chance to personally render your property to me or one of my deputies, if any have been overlooked it has not been intentional.

I desire to be fair to every one, and therefore if you have not been assessed, kindly notify me by mail or otherwise and I will see that you have the opportunity to value and render your property.

I take this opportunity to express my thanks for the courtesies shown my deputies and myself in making these renditions.

Very respectfully,  
B. S. SHIRLEY,  
Tax Assessor.

### Hard Work For Women.

It is doubtful if there is any work harder than house work. Overwork tells on the kidneys, and when the kidneys are affected one looks and feels older than the actual years. Mrs. A. G. Wells, R. R. 5, Rocky Mount, N. C., writes: "I cannot praise Foley Kidneys Pills enough for the wonderful benefit I have derived. Stripling, Haselwood & Co. dw1"

Mrs. O. E. Hubbard left Saturday for her home at Clarksville, accompanied by her two children, Master Louise Oscar, and little Miss Lillian; also Miss Martha Moore of Decoy. Mrs. Hubbard came to Nacogdoches some months ago on account of the prolonged illness of her son, Louise, bringing him here to Dr. Ford for treatment. He is much improved.

Mrs. (Dr.) J. D. Ellington arrived home yesterday from a visit to her parents, Mr. and Mrs. Hamp Bell, parents, Mr. and Mrs. Hamp Bell, and other relatives and friends at Paterson.

**Right Now!**  
We have seven good milk cows, better than the average. Few with baby calves and others to be fresh in next few days.  
Terms: Cash or trade  
**BLACKBURN & MAST**  
We buy cattle too—Best prices

Dizziness, vertigo, (blind staggers) sallow complexion, flatulence are symptoms of a torpid liver. No one can feel well while the liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 50c. Sold by Stripling, Haselwood & Co.

Mr. W. B. Pearson, a good citizen and farmer of the Shady Grove community, was a pleasant caller at the office this morning.

A nice, pleasant purgative that also has a genial stimulating effect in the liver and stomach is one reason why Prickly Ash Bitters is so well liked by people who have used it. They find it a good medicine for the whole family. Stripling, Haselwood & Co., Special Agents.

Mr. and Mrs. Ward Johnson of Timpson visited Mrs. Johnson's parents, Mr. and Mrs. G. A. Nelson, in the city, Sunday.

Pimples and blotches on the skin are caused by bilious impurities in the blood. The right remedy is Prickly Ash Bitters. It removes the cause by purifying the blood, liver and bowels. Stripling, Haselwood & Co., Special Agents.

### THAT BAD BACK.

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing kidney and bladder disorders? For bad back and weakened kidneys Nacogdoches residents recommend Doan's Kidney Pills. Read this Nacogdoches statement.

Mrs. J. J. Coker, S. North St., Nacogdoches, says: "I felt miserable all the time, and had no life and lacked energy. My back was weak and seldom let up paining. Dizzy spells and head aches constantly annoyed me and kept me feeling all out of sorts. Doan's Kidney Pills eased the pain across my back and strengthened my kidneys. My health also improved." 50c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mr. L. C. Faulkner and son, Dr. W. H. Faulkner, of Concord, are in the city visiting daughter and sister, Mrs. Beaman Strong.

### Lazy Liver is Spring Fever.

Same old symptoms—coated tongue, bad breath, headache, dizziness. Brighten up! Don't let a sluggish liver dull your brain. Po-Do-Lax, Nature's liver regulator made from the may apple makes work easier for your liver. It stimulates the flow of bile and by its mildly laxative quality removes the impurities that clog your intestines. Clear up that muddy complexion, chase out that tired feeling with Po-Do-Lax. Get a bottle today at your druggist, 50c. dw

Miss Dora Muckleroy of Jacksonville, who has been visiting relatives and friends in Nacogdoches and vicinity, left at noon for Lufkin where she will visit other friends before returning home.

Proper Food for Weak Stomachs. The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect. dw

Miss Matilda McKay, evening chief operator with the Telephone Co., of this city, who was granted a ten days vacation, has returned from a visit to relatives at Salmon, Texas, and resumed her position in the telephone office.

## POULTRY, BUTTER AND EGGS

## JOE ZEVE

### Muscle Soreness Relieved.

Unusual work, bending and lifting or strenuous exercise is a strain on the muscles, they become sore and stiff, you are crippled and in pain. Sloan's Liniment brings you quick relief, easy to apply, it penetrates without rubbing and drives out the soreness. A clear liquid, cleaner than mossy plasters or ointments, it does not stain the skin or clog the pores. Always have a bottle handy for the pain aches of rheumatism, gout, lumbago, grippe, bruises, stiffness, backache and all external pain. At your druggist, 25c. dw

Mr. W. H. Woods, who went to San Antonio some days ago, mention of which has previously been made in this paper, returned to the city Saturday, coming back to wind up some business interests. He will be here several days.

The foundation and the framework Mr. Robert Lindsey's big warehouse has been finished, and the building will soon be ready for occupancy. The Sentinel will gather a more extended notice of the magnitude and purposes of this building when the work is finished.

### To Prevent Self-Poisoning.

Bowels clogged with waste matter poison the whole system. Foley Cathartic Tablets work gently but surely; do not gripe nor cause nausea. Recommended for indigestion, constipation, sick headache, bloating, biliousness, sour stomach, gas on stomach, coated tongue, bad breath or other conditions caused by disordered digestion. Stripling, Haselwood & Co.

Dr. Bruce left on the train today to attend the annual Texas State Osteopaths Association which meets at the Rice Hotel in Houston the latter part of this week, and will be away until Sunday.

### Cut This Out—It is Worth Money

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Cheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills and Foley Cathartic Tablets. Stripling, Haselwood & Co. dw1

Rev. C. D. Atwell has received information that his son, Donald B. Atwell, has enlisted in the Hospital Corps of the regular army, and is now in training at Jefferson Barracks in St. Louis.

### For Your Child's Cough.

Here's a pleasant cough cypur that every child likes to take, Dr. Bell's Pine-Tar-Honey. If your child has a deep hacking cough that worries you give him Dr. Bell's Pine-Tar-Honey, the soothing pine balsams relieve the cough, loosen the phlegm and heal the irritated tissues. Get a bottle today at your druggist and start treatment at once. 25c. dw

The name of Miss Florence Hillencamp, daughter of Mr. and Mrs. W. G. Hillencamp of this city, has been proposed as sponsor of Camp Raguet at the Confederate reunion at Washington, D. C., June 5 to 7. She comes of a good old patriotic blood. Her grand-father, John T. Watson was a true Confederate hero, and was shot all to pieces in the battles of the lost cause.

Sallow complexion is due to a torpid liver. HERBINE purifies and strengthens the liver and bowels and restores the rosy bloom of health to the cheek. Price 50c. Sold by Stripling, Haselwood & Co.

### Trouble Entirely Disappeared.

Knudt Litt, Wannaska, Minn., writes: "For several years my daughter had a bad chronic cough. Not until we tried Foley's Honey and Tar did anything produce any great relief. In a few days the trouble entirely disappeared and has never returned." Contains no opiates; a safe, reliable remedy, children like it. Stripling, Haselwood & Co. dw1

Cates Ford, who recently underwent a very serious operation, and who has been detained at his home for several weeks, is able to be up town again to the delight of his many friends.

A. M. Hunsucker, Bogie Chitto, Miss., writes: "I suffered from rheumatism, kidney and bladder trouble, also dizziness; would almost fall down at times. Foley Kidney Pills gave me entire relief." Disordered kidneys give warning by pains in side and back, sore muscles, swollen joints tired and languid feeling. Stripling, Haselwood & Co. dw1

Dr. C. A. Tindall and son of Appleby have been in the city today, coming down to arrange for automobile jitney service from this city to Center, via Appleby, Garrison, Timpson and Tenaha, making round trips daily.

When the baby takes too much food the stomach turns; the result is indigestion, sourness and vomiting. Frequently the bowels are involved and there is colic pains and diarrhoea. McGEHE'S BABY ELIXIR is a grand corrective remedy for the stomach and bowel disorders of babies. It is pure, wholesome and pleasant to take. Price 25c and 50c per bottle. Sold by Stripling, Haselwood & Co. eodw

Friends of Mrs. E. M. Roberts will be glad to learn that she seems to have passed the crisis of her illness, and some hope is now entertained for her recovery. She has suffered a very serious illness, during part of the time, but little hope being entertained for her recovery, but she has been attended by physicians, nurses and loved ones who have spared nothing to save her life, and there will be universal rejoicing in the community when her improvement becomes sufficiently substantial to justify hope of her full recovery.

### Get Rid of Your Rheumatism.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment a great help. The relief which it affords is alone worth many times its cost. dw

Mr. N. Golub has moved his shoe shop to a room next door to Miss Lena Justice's millinery store where he will have more room to serve his trade.

DEAFNESS CANNOT BE CURED. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.  
F. J. CHENEY & CO., Toledo Ohio.  
Sold by Druggists, etc.  
Take Hall's Family Pills for constipation.

**Keep Cool**  
during the hot summer days and nights—you will enjoy better health and do better work

**DELCO-LIGHT**
