SUCCESS ZIGZAGS WITH GERMANS AND CANADIANS

After five days of extraordinary hard fighting between the Canadians and Germans, the little village of Fresnoy, lying southeast of Lens, and the adjacent wood are again in German hands. In the retaking of this position, where the Canadians had stood for days, holding the most advanced salient in the British line projecting toward Douai, the Germans evidently paid a terrible price. Preceded by a heavy artillery fire in which asphyxiating gas shells also were used in large numbers, the counter attack was launched in the early morning.

The machine gun and rifle fire met the Germans as they threw themselves forward, but they would not be denied and finally penetrated the trenches northeast of the village and even entered the outskirts of the village itself.

Canadians Drive Them Back.

Their tenure of position, however, was short lived, for the Canadians soon afterward returned to the fray, drove out the Germans and again held full sway.

Reforming, later and reinforced by two fresh divisions, the Germans again made a bid for victory along the entire front before the village and wood. The right wing of the defenders held steadfastly and inflicted heavy losses on the Germans. The left wing, however, notwithstanding its stubborn resistance, was compelled to give ground and evacuate the village and wood, leaving them in the hands of the Germans. Berlin reports that 200 prisoners and six machine guns fell into the hands of the Germans.

There has been a continuation of the violent fighting southward in the Bullecourt and Roeux sectors, but no notable changes in positions have been reported.

GOVERNMENT TAKES STEEL PRODUCTION

WASHINGTON, May 8.—The program evolved by the shipping board contemplates the diversion to government uses of the products of every steel mill in the country, cancellation of existing contracts between those mills and private consumers, and where necessary, payment of damages by the government to the parties whose contracts are cancelled.

The only manufacturers of steel to be exempted from the program will be those needed otherwise as national defense. Bills for introduction in congress have been prepared and the administration hopes to get them under way so promptly that the first of the shipbuilding operations may be in motion within two weeks. Just how the \$1,000,000,000 will be provided is to be left to congress, but the tentative program calls for an additional issue of bonds.

Co-operation of the labor organizations has already been pledged, it is understood, and there will be no legislation, unless the present program is changed looking to the drafting of the labor necessary to carry out the plans.

The only other exception to the general cancellations of private contracts with steel mills will be those of railroads. Steel mills, it is contemplated, will be permitted to supply them with the minimum amount of steel products with which the railroads can get along.

All other industries kindred to the steel trade or in which the use of steel figures largely will be affected by the proposed legislation. The administration contemplates creation of a tribunal to determine the extent of private losses due to cancellation of contracts.

The program contemplates the use to the maximum of every resource within the United States speedily to design and build the largest number of ships possible.

Estimates of the shipping board are that 5,000,000 to 6,000,000 tons of steel and wooden vessels will be constructed by the government during the next two years.

LOST—On Tyler road, or about town, steel casting rod. Suitable reward for return to Sentinel office. 5-3tdlw.

Lumber teams wanted for a two-mile haul. Can use ten. Report to D. M. McDuffie at Garrison, Texas. 8-1d-2w.

HERE IT IS

The Crown

The Mower With a Simple Double Speed Gear

The Crown Mower has many points of superiority over any other machine we have seen but the greatest thing is the "double or changeable speed;" there is no other mower on the market with a similar device. The gears are very strong, heavy and durable and perfect in their operation. It is a simple matter to change from one speed to another. The Crown gives you a Fast Speed for hard cutting and a Slow Speed for ordinary or light cutting. This saves the life of the machine and much easier on the team.

It's the greatest mower we have seen and we want you to see it whether you intend to buy or not. Come around and take a "look" or if you are not coming to town just phone or write us and we will send you full information about it.

Cason, Monk & Co.

TEXAS ROAD MATERIAL IN DEMAND.

AUSTIN, Texas, May 7.—Engineers of the United States army wish to secure at the earliest possible date complete information about available materials for road construction in the Southwest. The authorities of the University of Texas have been requested to collect this information and transmit it to Washington. To carry out this plan it is necessary to secure the names and addresses of owners and operators of plants producing crushed stone, gravel and sand in every county in Texas. Information is also desired about localities where road materials may be obtained, and the kind of road materials available. Persons owning gravel pits, sand pits, or stone quarries, or who have information about such deposits, are urged to write and, if possible to submit samples of the materials to Dr. J. A. Udden, University of Texas, Austin, Texas. By responding at once to this request a great service can be rendered to the work necessary for the defense of the nation and in the development of one of the most important national resources of Texas. It is of the utmost importance that action in the matter be taken promptly.

Rev. J. D. Burke, one of the oldest ministers of the Methodist Church, is lying at the point of death at the home of his son, A. L. Burke, at the little town of Burke. It is to be hoped that he will soon recover his usual health.—Lufkin News.

TECHNICAL MEN WANTED.

WASHINGTON, May 7, 1917.—The Marine Corps is especially in need of technical men—men experienced in electrical, mechanical, civil and automobile engineering, and aviation, and is offering special inducements to men of this kind who want to be "first to fight," according to an announcement made from their headquarters today.

To insure a completely uniform and trained body all Marine Corps recruits must first undergo preliminary military and naval training, but upon its completion those so desiring are available for position in which they are best fitted.

MEXICO RESCINDS ITS MARTIAL LAW

MEXICO CITY, May 4.—The law of 1862, revoking individual guarantees, which is equivalent to martial law, was officially rescinded last night after being in force since last August.

Prisoners arrested under this law have been released. Among them was General Carranza's son, who deserted the Carranza cause in 1914 and was primarily responsible for the break between General Carranza and Villa. General Lucio Blanco was not released.

MAY WHEAT \$3.

CHICAGO, May 8.—May wheat sold at \$3 a bushel today, the highest price on record. It was an advance of 17c. The close was at \$2.97. July wheat rose 7 1/2c to \$2.33 1/4.

Fruit Jar Rubbers Fruit Jar Tops Jelly Glasses Fruit Jars

We sell such a tremendous quantity of fruit jar rubbers that our buying order is placed direct with the maker of them. This cuts out the fat profit that Mr. Jobber usually retains. As a result we offer at 5c straight a thick red rubber that is the equal of most of the 8c (3 for 25c rubbers being offered you. Some of the best canners in the county use them and declare to us their worth. We cannot pay postage on mail orders at this price. Add 1c a package for mailing.

PRICES THIS SEASON

Jelly Glasses, dozen	32 1/2c
Pint Fruit Jars, dozen	60c
Quart Fruit Jars, dozen	65c
Half Gallons, dozen	90c
Fruit Jar Tops, dozen	25c
Fruit Jar Rubbers, (red)	5c

These prices guaranteed only until June 1st. BUY NOW.

CHARGED AMERICAN SHIP SUPPLIED THE SUBMARINES

WASHINGTON, May 8.—Persistent rumors of German submarines in the South Atlantic received additional color today when it was disclosed that government investigation agencies are running down a story that freighters of the American Trans-Atlantic Company flying the American flag are carrying German submarines to the coast of Brazil.

Officials would not go into details, but it was assumed the report prompting the investigation probably came from members of the crew of the seamanship Manitowoc, quoted in news dispatches from Porto Rico today as charging that the Manitowoc and other Trans-Atlantic Company vessels had transported to German submarines at sea quantities of food and fuel smuggled out of New York.

Both the navy department and the department of justice have taken a hand in the investigation. How far the inquiry has progressed was not known, but the officials, by their silence, indicated that no definite conclusion had been reached.

The inclination was to regard the report as merely another of the crop of unfounded rumors current here since the visit of the U-53 to Newport.

Some naval officers on the other hand have not concealed their belief that German submarines and raiders have been supplied this side of the Atlantic.

PERSHING GOES TO WASHINGTON

SAN ANTONIO, Texas, May 8.—Major General John J. Pershing, commander of the Southern department left last night for Washington to confer with war department officials on the training of the new army to be organized after passage of the conscription bill. It is believed that a large portion of the army will be trained in the South and it is to get General Pershing's views on this subject that he was summoned to Washington.

Army officers are of the opinion the training of the new increments under the conscription bill may extend over a period of years and that preparations should be made accordingly with contentments for housing the men. They also believe that these training camps should be located

in the south so that training could be carried on throughout the year. These also are General Pershing's views and he has advocated them frequently in communications to the war department.

It is believed that the department is now considering the question and has called on General Pershing to outline his plans.

Mr. and Mrs. T. B. Hardeman, former citizens of this county who are now making their home in Oklahoma City, arrived in the city Saturday for a visit to relatives and old friends.

Capt. J. P. Ross of Cleveland was an arrival to the city Saturday afternoon, coming up to visit his daughter, Mrs. Jno. B. Stripling, and look after some business interests.

HOUSTON LAWYER DRAFTED FOR AID BY GREGORY

WASHINGTON, May 8.—F. C. Proctor, prominent lawyer of Houston, has been drafted by Attorney General Gregory to assist him during the period of the war in the disposition of the many big problems now confronting the department of justice. Proctor will serve without compensation and without title, although he will in reality be an assistant attorney general.

He will not be utilized by the attorney general to assist in disposition of routine matters, but in an advisory capacity on the big problems. Proctor's new employment adds another Texan to the long list of Texans actively assisting in the direction of the war.

Men's Walk-over shoes and low cuts in the season's newest styles and colors at prices from \$4.50 to **\$6.00**

Men's Gun metal and Kid, high or low cut shoes, in either lace or button—with all leather soles, or the famous Neolin sole; prices **\$3., \$3.50, and \$4.00**

See our line of men's Work Shoes. Absolutely solid leather, and shoes that have always sold for \$2.50 and if bought on today's market prices of leather would sell for at least \$3.50; Special **\$2.50**

Your purchase of a pair of SHOES from us isn't of first importance—and we want you to know that it isn't. The all-important thing is the amount of attention and service you receive while being fitted with the proper shoes.

Your one purchase won't make us successful, but by rendering continued good service that meets with your approval you'll come in again and possibly bring other customers with you—that is what we are building on to reach the goal of success.

MAYER & SCHMIDT, INC.

AN OPERATION AVERTED

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble, and would not get any relief until I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOS. MCGONIGAL, 3432 Hartville Street, Phila., Pa.

GOOD ROADS MEETING.

It will be remembered that The Sentinel carried a letter from Mt. Enterprise a few days ago in which the announcement was made that the people of Rusk county were interested in the matter of reviving and putting in repair the old Henderson road which leads out from the city to Henderson, Rusk county offering to put her part in repair if Nacogdoches county would do likewise.

The Sentinel suggested the idea that a joint meeting be held at which representative citizens of the two counties could meet, which was heartily endorsed by officers and citizens approached on the matter in this county.

The citizens of Rusk county have taken the initiative in the matter, and the following call is made, which we hope will be generously attended by people from this city:

"There will be a meeting of the citizens interested in the Henderson-Nacogdoches road at Beech Creek Hill Thursday, May 17th, for the purpose of raising funds and making plans for building a good road between the above places.

"The greater part of this road is in good shape, and with the sand beds clayed, together with the work the two counties will do, an excellent road will be had."

"The hour of the meeting is not stated, but we presume it will be held the afternoon, and The Sentinel trusts that a good attendance will be in attendance from this city. This improvement contemplates the connection with the good roads of Gregg county, giving a good road on to Central Texas points, as well as furnish a main line of good road through a big section of this county.

CHILI BREAKS WITH GERMANY.

AGRICULTURAL REPRESENTATIVE VISITS THE CITY TODAY

Mr. C. E. Dove, with the State Department of Agriculture, was in Nacogdoches today, coming to meet with the farmers, but through some mistake previous announcement of his coming was not sent in, and he did not get to see as many of the farmers as he would like to have met.

Mr. Dove made this office a pleasant call while here, and we obtained the following interview from him, which will be of interest to readers of The Sentinel, because it deals with the most important matter that is now before the people of the world, the matter of food supply and increased production of those things that go to sustain man and beast:

"I have just returned from a trip through the small grain belt of Texas," said D. C. Dove, "Oats and wheat are not good. In fact, in many places the growers are plowing up their grains and planting other crops. The present supply of wheat is many million bushels short. It is not possible now to produce more than a half crop of wheat. Flour is now \$15.00 per barrel and no one knows what it will be worth five minutes from now.

Corn-Bread Again.

"In view of these conditions," stated Mr. Dove, "it looks like the people of Texas will have to go back to corn-bread. But that will not be bad, if we can get the corn. Many of the older people of the present generation were raised on corn-bread. We have not forgotten how it tasted. But where is the supply of corn to come from? It must be grown in East Texas, South Texas, Central Texas and North Texas. West Texas will grow the grain sorghums instead of corn. These grain sorghums will also make good bread."

An Increased Acreage Necessary.

"But all these grains are very scarce just now," continued Mr. Dove. "Supplies of corn, milo-maize, feterita and kafir corn are millions of bushels below normal. In fact, there are hardly sufficient quantities of grain on hand to last until harvest time. The fact that the people of the United States must feed themselves and their allies during this horrible world-war, makes the present shortage of four staple food supplies a very grave problem. Famine may come before harvest time. With only a half crop of wheat in sight, the only means of meeting the present crisis is to increase our acreage in other staple food crops.

"In East Texas the following staple food and feed crops may be planted yet, with reasonable assurance of a normal yield: Spanish peanuts, sweet potatoes, fall Irish potatoes, peas, staple vegetables, early maturing varieties of corn, June corn, sorghum for both syrup and forage, and millet on suitable land.

Meat Supply Must Be Increased.

"The shortage in the meat supply has made meat prices almost prohibitive. This gives the farmer a splendid opportunity to secure profitable prices for all surplus yearlings, hogs, and poultry. While we are giving attention to more beef animals, dairy cattle should not be overlooked. All dairy products are scarce and high. Hogs never were higher. Poultry and eggs are most profitable farm products. We can't go wrong by growing feed crops, staple food crops, livestock and poultry. Your state department of agriculture believes that safe farming for 1917 lies along these lines. That is the only way Texas can feed herself."

SUBMARINE RECORD FOR THE WEEK

LONDON, May 2.—(6:29 p. m.)—The British official announcement of the number of vessels sunk in the week ending on Saturday last, shows that 38 merchant vessels of over 1,600 tons each were sunk, those of less than 1,600 tons numbered 13, and eight fishing vessels were sent to the bottom by submarines or mines.

Arrival of all nationalities, over 100 tons, 2,716; sailings, 2,690 tons, including three not previously recorded, 38; under 1,600 tons, including one not previously recorded, 13.

"British vessels unsuccessfully attacked including two not previously recorded, 24.

"British fishing vessels sunk, including two not previously recorded 8."

Last week's statement showed that 40 vessels of over 1,600 tons each were sent to the bottom by mines or submarines.

MATTHEWS ACQUITTED.

At fifteen minutes before 3 o'clock this afternoon the jury in the case of C. C. Matthews, charged with murder, returned a verdict of not guilty after deliberating for only eight minutes. The case was submitted to the jury without argument.—Lufkin News.

CALOMEL SALVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It's a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

THE SENATE DEBATES THE FOOD SITUATION

WASHINGTON, May 2.—The rising sentiment in congress for legislation to meet the nation's food problems broke out in the senate today in a debate that started over the high price of seeds, but developed into denunciations of food speculators, with predictions that the best way to deal with them was to string them to lamp posts or to put them behind prison bars.

Senators from farming states denied that there is any real shortage of staple foods in the United States. Senator John Sharpe Williams declared there had been a hysteria throughout the country and that the cause of high prices were largely psychological.

"Word should go straight out from the senate," Mr. Williams said, "that there is no shortage of food."

The attack on speculators was led by Senators Thomas and Borah. The Colorado senator declared they were the real enemies of the nation, expressed the hope that congress would not adjourn without legislation that would remedy the evil and said the lamp post is the thing to cure such speculation.

Senator Thomas introduced an amendment to the espionage bill empowering the president by proclamation to suspend during the war the operation of boards of trades and chambers of commerce.

Senator Thomas predicted a world famine if the war lasts two years, if extraordinary and sustained efforts are not made here to avert the food problem.

He attacked the packers, declaring they made enormous profits. He favored conscription of food and government possession of the packing companies. Food speculation, he said, would not be ended until the speculators "are put in stripes behind the bars."

CANADA WOULD JOIN U. S. TO LOWER THE PRICES

OTTAWA, May 3.—A motion was made in parliament today by Thomas White, the minister of finance that plans are under way for joint action by Canada and the United States to reduce the price of wheat.

Sir Thomas said the price of flour, wheat or any other necessity could not be regulated by the Canadian government alone. To be successful the regulation of food prices must be the simultaneous action of the United States and Canada, he declared. He stated that Sir George Foster, the Canadian minister of trade and commerce, now in Washington, is discussing with the American authorities the fixing of maximum prices for wheat on the whole of the North American continent.

Sir Thomas will leave for Washington at the end of this week to relieve Sir George Foster, who is representing Canada in the conferences between the representatives of the United States, France and England.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore-throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

CAUSE OF EUROPEAN WAR.

(Contributed.)

On the 2nd of April of the present year, our president addressed both houses of congress, assembled in joint session stating in wise and forceful words the reasons that compelled the United States to enter and participate in the European war.

The state papers should be read and kept in every home. Let us forget; it is well to take retrospect of the incidents that led up to the tragedy that today fills the whole civilized world with horror, and fix in our minds the cause of the beginning of the most-terrible calamity the world has ever known.

By the terms of the Treaty of Berlin, made in 1878, the Powers agreed that Austria should occupy the provinces of Bosnia and Herzegovina for an indefinite period. Thereupon Austria established a protectorate over the provinces and administered their affairs. Emperor Francis Joseph, on October 5th, 1908, proclaimed the formal annexation to the Austro-Hungarian empire. Thus in violation of the Treaty of Berlin made thirty years earlier annulled her protectorate, and boldly purloined the provinces.

On the occasion of a National holiday in Serbia, the archduke Francis Ferdinand of Austria, heir to the Austrian throne and leader of the Austrian nationalist party, accompanied by his wife, made an official visit to Sarajev, the capital of Bosnia. Both were shot dead in the street, on June 28th, by Gabriel Princip at the head of a band of Serbian students. Austria-Hungary demanded that Serbia arrest and punish all directly or indirectly connected with the assassination of the crown prince and his wife, and that all anti-Austrian propaganda be immediately suppressed. This Serbia agreed to do, but as Austria made the further demand that Austrian army officers sit as jurors on the commission making inquiry into the matter, Serbia, knowing full well that such a demand could never be supported by any rule of international law or practice, would not consent to it, but offered to take settlement to the Hague tribunal. Austria then declared war on Serbia and began to mobilize her army. At this time, nominally pledged to the peace of Europe, there existed three principal partnerships, the Triple Alliance, composed of Germany, Austria-Hungary, and Italy; the Dual Alliance, composed of France and Russia, and the Triple Entente, composed of France, Russia and Great Britain. These understandings, or agreements, pledged the powers who signed the compacts to support and aid one the other whenever one of the signatories was made the object of attack. The day after Austria's declaration of war against Serbia, the Russian minister of Foreign Affairs warned the German ambassador that if Serbia was invaded Russia could not remain neutral, and the czar immediately began to mobilize his forces. Great Britain at this juncture of affairs proposed to Germany, France and Italy that a council be called between Austria and Russia. Germany declined to enter in such deliberations, and being an ally of Austria, asked of Russia the reason for the mobilization of her army. The reply not being satisfactory, Germany declared war against Russia, although Austria had in fact yielded to Serbia (August 1) and there was every prospect of Austria, Russia and Serbia coming to terms.

As Germany sent an ultimatum to Russia, followed by a declaration of war, her object evidently was to make any settlement whatever impossible, hence Austria, not Germany, was the one dragged into the war against her will.

The demand of the kaiser on Russia was a 24-hour ultimatum requiring instant abandonment of all war preparation by the Muscovite government. At this juncture of affairs the premier of France advised the German ambassador at Paris that in case of a Russo-Germanic war, the republic would be compelled to safeguard her own interests, and on August 4th the German ambassador announced that war was on between his country and France.

England had asked of France, and Germany, if in case of war, they would respect the neutrality of Belgium. France replied in the affirmative, and as Germany made no direct reply, Belgium began at once to mobilize her troops. The Treaty of London, 19th of April 1839, between England, Austria, France, Russia and Prussia, at later date Germany, included Prussia and became heir to all her treaties, agreements, etc., on the one hand, and the Netherlands on the other. Article VII reads, "Belgium shall form a state independent and perpetually neutral. It is under obligation to observe such neutrality towards all other states." The interposition of England in the present war arose directly out of the question of Belgium's neutrality. Great Brit-

The LUZIANNE Guarantee:

If, after using the contents of a can, you are not satisfied in every respect, your grocer will refund your money.

—or your grocer will make good to you, to the last penny. We knew you expected something unusually good in a coffee when we first had Luzianne in mind. So we made Luzianne so good that it will stand on its own feet, without apologizing, without acknowledging any rivals. YOU buy a can of Luzianne. If you can't honestly say that Luzianne tastes better and goes farther than any other coffee at the price, then you are entitled to your money back. And your grocer will give it to you upon request. A PIONEER CELEBRATES EIGHTIETH BIRTHDAY

Mr. J. M. Justice, a pioneer citizen of the Martinsville country, celebrated the eightieth anniversary of his age yesterday, and notwithstanding this great age is bringing him to the evening of life with the shadows of eternity hovering near, it was possibly one of the happiest days of his life, as it was for the others participating.

All of his children, except two, Boone Justice and Mrs. Oscar Hanna, were present, together with other relatives and friends, combining a crowd of forty-nine visitors. His daughters and daughters-in-law met the day before and prepared a great dinner, and at the noon hour yesterday the tables groaned under the weight of the many good things to eat which were enjoyed by the great crowd present, with Father Justice as the central figure of honor.

In the afternoon singing, social greetings, and the re-union of kinship and friendship ties were the features, the climax of a day of genuine happiness for this good family and the more intimate friends who were present.

Mr. Justice came to Texas from Georgia fifty-three years ago, settling on the place in which he is now living a year later. On this place he is now making his fifty-second crop of agricultural products. Here he has also raised a large family of useful sons and daughters who have taken their places in the useful affairs of life, and who still love the old family home about which are entwined so many pleasant memories, and the keeping of which is still spared to their venerable old parents.

MANY OF OUR CITIZENS ATTENDED THE FUNERAL

A large crowd of relatives and friends of the deceased lady and her family attended the funeral of Mrs. H. V. Fall at Chireno yesterday afternoon, among whom were Messrs. Frank Sharp, Beeman Strong, Moss Adams, Eugene H. Blount, Judge S. W. Blount, Capt. I. L. Sturdevant, Thos. E. Baker, Capt. J. S. Doughtie, Mrs. Davidson, Miss Mary Hoya, Mrs. R. R. Wilson, Mrs. John Weeks, Mr. and Mrs. Benton Wilson, Mr. and Mrs. Horace Wilson, Mrs. John Weeks, Ulric Wilson, Mr. and Mrs. B. F. Hardeman, Mr. and Mrs. T. B. Hardeman, Mr. and Mrs. R. L. Hardeman, Jno. N. Gilbert. There may have been others whose names we failed to get.

A very large crowd of sorrowing relatives and friends from all parts of the county were present, best attesting the love and esteem in which the sainted old mother was held.

Rev. J. S. Wilson, pastor of the Methodist church of Chireno, conducted the funeral services, and the visitors say that he made a beautiful, feeling talk, picturing the beauties and virtues of the life which had been taken from the community, and offering feeling consolation to the bereaved ones left behind.

Strayed or Stolen.

From our farm 4 miles south of town one black cow with white in forehead and little white between fore legs. Cow left young calf in pen. Will pay for return or information. Miss Mary Stewart, at Mayer & Schmidt's store. 3td-1w

CAR STOLEN AT CHURCH LAST NIGHT

Among the out-of-town visitors to the protracted meeting last night was Henry Pittman of Cushing, who motored over in his automobile. After the services he discovered that his car had been stolen, and the officers and others immediately got busy in an effort to find it.

After considerable search the car was finally found over near the negro school house where the engine had gone "dead" with the driver and the car had been abandoned. It was about eleven o'clock when the car was found by some negroes who had been detailed by the officers to assist in the search, and Mr. Pittman returned home.

City Marshal Wooland and Constable Hagan and son got on the track of a car that filled the description in so far as it could be detected with the track and followed it to a point two miles below Chireno. They arrived back home at three o'clock this morning.

It is the general opinion that the party who took the car merely intended stealing a little joy ride, but it is unfortunate that he could not have been overtaken in the act and suitably punished. He may be discovered yet, as the officers are still at work on the case, and after the long ride and trouble they suffered will never be satisfied until they catch the intruder.

Prof. George Adams, a former teacher of this county who is now superintendent of the schools of Center, is being brought to this city for an operation, and he has many friends in the county who trust that the operation may prove successful and that he may soon be restored to his former usefulness. Prof. Adams has been suffering with the trouble for which he will have the operation all the year, but has endeavored to postpone it until he could finish his term of school, making it a great disappointment to him that he must break away on the threshold of the commencement exercises of his school where he would have opportunity to witness the fruits of his labors—but the people of Center greatly appreciate his good work and the school will be carried forward in the glorious achievement for which the superintendent had planned.

STONE FORT NATIONAL BANK IS NOW DOING THEIR PART

In response to a telegram received from W. G. McAdoo, Secretary of the Treasury, authorizing them to receive subscriptions to the "LIBERTY LOAN," immediately telegraphed to reserve Twenty-five Thousand Dollars worth of these bonds. This in addition to Ten Thousand Dollars U. S. certificates of indebtedness already purchased a few days ago. Making a total of \$35,000.00, and now wish to say, that if any of their customers and friends desire to purchase any of these bonds, they may do so by calling at this bank. 9-3td-1w.

Mrs. Balfour Patterson and children, who had been in the city some weeks visiting the lady's parents, Mr. and Mrs. Roland Jones, prolonging their visit on account of the illness of Mrs. Jones, have returned to their home in Houston, making the trip via Beaumont where they made a little visit.

Robert Wilson has returned from Austin, where he went to take the military examination. Mr. Wilson formerly belonged to the Timpson military company and is well trained in military tactics, through which he is likely to receive a commission as an officer.

THE BANK STATEMENTS

Notwithstanding there is considerable disturbance in the country with the preparations that are being made for war, the drain that is being sustained upon the country in the high cost of living, etc., there is still lots of money in Nacogdoches and vicinity as is attested in the bank statements, just published in this paper.

In the aggregate there is on deposit \$1,100,879.34 in the three banks, and the total resources of the three banks show \$1,417,578.91.

This statement is a great compliment to the community, showing that our people are in a flourishing condition, able to take care of all the affairs needing financial help, and are not frightened with any war scare. Come to Nacogdoches.

COMMERCIA LGUARANTY BANK WILL TAKE SUBSCRIPTIONS

Government Night. Washington, D. C., May 8, 1917. Commercial Guaranty State Bank, Nacogdoches, Texas.

Government will receive subscriptions until June 15th for two billion dollars, three and one-half per cent liberty loan. You can render invaluable service to your country by receiving subscriptions and co-operating with Federal Reserve Bank in your district. Will you kindly do this and telegraph me, government expense, soon as practicable rough estimate amount of bonds you estimate will be subscribed by you and your customers?

W. G. McADOO,

Secretary of the Treasury.

In accordance with the above telegram, we will be pleased to receive and forward application from those desiring to buy any amount of the UNITED STATES WAR LOAN. Commercial Guaranty State Bank, 5-3td-1w.

MR. W. W. LEE TAKES MILITARY EXAMINATION

Mr. W. W. Lee, a patriotic citizen of this city who is ready to serve his country in any capacity he can, has returned from Houston where he went to make application to attend the officers' training camp at Leon Springs next week.

In physical examination Mr. Lee made a perfect score, but in the eye test he fell below the minimum requirements which bars him from the service.

We regret that our city is not better represented than now appears probable in this camp which turns out the first 10,000 officers for the new army. Practically our only representative is Mr. Rook, a graduate from the high school last year and now a student at Rice Institute, Hurrah for Rook! And may he find rapid promotion. Our city should have had at least a dozen young men in attendance upon this camp.

GARRISON LOCALS

From The News. Dr. J. D. Ellington of Nacogdoches was in the city Sunday.

Sheriff J. L. Prince and deputy W. J. Carnley were visitors here Thursday.

Dr. F. R. Tucker of Nacogdoches was a professional visitor at this place Monday.

Mr. and Mrs. A. C. Schattenberg motored to Nacogdoches one day last week.

Hon. S. M. Adams, Luther Swift and H. Millard spent several hours here Monday afternoon.

Mr. and Mrs. W. T. Whiteman of Caro were in the city this morning.

Right Now!

We have seven good milk cows, better than the average. Few with baby calves and others to be fresh in next few days.

Terms: Cash or trade.

BLACKBURN & MAST

We buy cattle too - Best prices

Mr. Dearing, editor of a newspaper at Stamford, Texas, who has been in Garrison a day or two visiting with his brother, motored down to this city this morning.

Miss Maude Atkins long distance operator at the telephone office has been granted a few days vacation, and is spending the time with relatives and friends at Garrison.

Mr. and Mrs. Jno. C. Lacey and Mr. and Mrs. Frank Edmondson of Crockett are visiting in the city, making the trip through the country in an automobile. Mr. and Mrs. Lacey are guests of their daughter, Mrs. D. H. Barnett.

Prof. Davis, who has been teaching in the school at Woodville, and who is a brother of our townsman, Prof. R. F. Davis, took the train here this morning for Austin, where he goes to attend the interscholastic meet.

EASTERN STAR OFFICERS.

At a meeting of the Eastern Star Tuesday night the following officers were elected:

Mrs. R. D. Burrows, Worthy Matron.

G. B. Engledow, Worthy Patron.

Mrs. G. T. McVess, Associate Matron.

Mrs. G. B. Engledow, Secretary.

Mrs. C. C. Pierce, Treasurer.

Mrs. Z. T. Mast, Conductress.

Mrs. K. N. Matthews, Associate Conductress.

Father D. J. Cassley, pastor of the Catholic church at Nacogdoches, was in the city Monday, calling on some of the communicants of his church at this place. Father Cassley is a very affable and talented gentleman and made a fine impression upon those with whom he came in contact.—Tenaha Messenger.

A. W. Harrison, an insurance man of Joaquin, has been in the city today.
