MASS MEETING CALLED "LIBERTY LOAN" MATTER

Judge Perritte Receives Commission as Chairman and Calls Meeting of Citizens of County.

Nacogdoches, May 19, 1917. County Judge Nacogdoches County, Nacogdoches, Texas.

Dear Sir:

By authority of the Secretary of the Treasury, you have been appointed Chairman of the "Liberty Loan Committee" to be organized in your county to enlist the support and cooperation of your people in the flotation of the Liberty Loan Bonds.

It is the desire of the Secretary that you call a mass meeting of the citizens of your county not later than Saturday, May 26th, and at that meeting effect an efficient organization for the purpose of conducting a whirlwind campaign, having as its object the arousing of your people to a realization of the necessity of their subscribing for the Liberty Loan War Bonds. In selecting your assistants you are requested to draw from the representative business men, farmers and professional men of your county; and to invoke the assistance of your newspapers in a campaign of publicity. At your organization and other meetings you should request the aid of the best speakers obtainable, in order that they may impress each individual with his or her responsibility in this hour of our Country's need. The Committee created at that meeting will proceed along such lines as they may deem best, appointing such sub-committees and local organizations as may be expedient, but the burden of carrying your campaign to a successful conclusion must devolve upon your organization.

We hope you will appreciate the

Peanut Pickers and Threshers, Hay Presses, Gasoline Engines, Etc.

We buy all these goods in CAR LOAD LOTS, getting the best quantity discounts and making a big saving in freight. This is the reason we can deliver you an outfit for handling PEANUTS cheaper than the others who buy in small quantities and ship by local freight.

What you buy from us is no experiment for we know what machines best suit East Texas.

If you are interested write or come to see us for full information and prices. We can take your order now for delivery in August or September.

If you want Farm Machinery or Hardware of any kind let us know. We can "fit you up."

Cason, Monk & Co.

COL. A. B. BOYNTON DIES AT CARTHAGE
CARTHAGE, Texas, May 21.—Col. A. C. Boynton died at 4:30 a. m. He was a pioneer settler and a Confederate veteran who served with Robert E. Lee. He was 76 years old and leaves a wife and several children. Mrs. Daniels of Carthage, A. C. Boynton, Jr., Lee Boynton, Moses Boynton, Albert Boynton, Walter Boynton and Lester Boynton, all of White City, and who are engaged in the sawmill business in San Augustine county.

Sheriff Prince is a very busy man now, getting things in readiness for the selective conscription day, June 5th. The responsibility rests upon him to select and administer the oath to the registrars, see that each is equipped with supplies for the service, see that the returns are properly made, and that no hitch or interruption occurs from any quarter. Everything must work automatically on the day set apart, and to accomplish this result, the greatest system and co-operation must be employed on the part of all connected with the service.

Graduation Time

We wish to call your attention to our extensive assortment of suitable Graduation Gifts.

Silk Hosiery in plain and fancy colors.

Crepe de Chine Handkerchiefs at 25c and 35c.

Fitted Traveling Bags in a wide variety of colors, at 50c, 75c, \$1.00 to \$2.00.

Ivory Pieces-- Nail Files, Nail Polishers, Button Hooks, etc., at 25c, 35c, 50c, 75c.

Fancy Parasols in the newest ideas and suggestions from \$1.00, \$2.00 on up.

Ladies' Hand Bags and Purses. Especially suitable for gifts. Ranging in price from \$1.00 to \$5.00.

Ladies' Silk Dresses and Silk Coat Suits---1-4 Off

Here we offer the new spring styles at the following reductions:

\$10.00 Silk Dresses and Coat Suits at	\$ 7.50

Millinery Specials

One lot small tailored Hats, special for 10 days. \$2.00
All other Hats, except white, at REDUCED PRICES.
New shipment of beautiful White Hats just received.

Mayer & Schmidt, Inc.

great importance of the work that has been entrusted to you, and that you will give the matter your earnest and patriotic attention. The greatest problem that confronts the American people, for the moment, is the successful flotation of the \$2,000,000,000 Liberty Loan Bonds. The eyes of the world are on us. A failure to successfully and quickly float these bonds might vitally affect the results of the war.

It is the expectation and desire of our president that these bonds be subscribed for as largely as possible by the masses of the people; he wants every citizen to have a part in the great war for democracy and the liberty of the world. Each individual who takes a bond thereby becomes a better and more patriotic citizen, and the amount of his subscription should only be limited by his ability. Our people should buy bonds even if they have to borrow a part or all of the money to do so.

The president appeals to the patriotism of the people and urges them to do their full duty in this great crisis of the country. We confidently believe that this Federal Reserve District will absorb its proportionate share of the bonds; but it will require systematic organization and education to bring about that result.

In taking our full quota of these bonds we will not only demonstrate our patriotism but perform a service that will result in economic good to our section of the Nation. The purchase of these bonds by our people will inculcate habits of thrift as well as love of country.

All of your local banks have been officially authorized to receive subscriptions for these bonds and are provided with subscription blanks and detailed information in reference thereto. Your citizens should be urged to go immediately to these institutions and arrange for participation in this war loan.

The Liberty Loan Department of the Federal Reserve Bank of Dallas will gladly furnish, upon request, such further information as you or your committee may desire. The subscription lists will be closed on June 15th, and it is therefore imperative that your work be accomplished without delay.

Kindly acknowledge receipt of this communication, advising us of your acceptance of this trust and of the

date on which your mass meeting will be held.

Yours very earnestly,

R. L. VAN ZANDT,

Governor.

In accordance with the above letter I hereby make a call to all liberty loving citizens to meet at the Court House in the town of Nacogdoches Saturday, May 26th, 1917, at 2:00 o'clock p. m. to formulate plans to secure subscriptions to said Liberty Bonds. There will be some able speakers to explain the details.

Be sure to come; farmers especially invited.

Very respectfully,

J. E. PERRITTE,

County Judge.

CHANGE VENUE GRANTED IN BODENHEIM CASES

LONGVIEW, Texas, May 21.—Upon his own motion this afternoon Judge Walker of the district court transferred the cases against former Mayor G. A. Bodenheim, growing out of the failure of the People's State Bank last summer to Shelby county and set same for the fifth week of court there, which will be late in August. Judge Walker intimated that the cases against G. N. Campbell, cashier of the bank, would also be transferred to Shelby county, but deferred entering the order until tomorrow.

Miss Ida Monk has returned from a few days visit to relatives at Alto.

Miss Nellie May Day came down from Garrison yesterday and entered the Sanitarium for treatment.

FARMERS!

We have money to loan to help you to make a "bumper" crop of Corn, Peanuts and Cotton. The real farmer is going to "clean up" this Fall. If we can help you, come to see us.

The Farmers and Merchants State Bank
NACOGDOCHES, TEXAS

The Sentinel

 O. M. GIBBS, Editor

And Japan is now sending some warships to the turbulent waters.

It is not too late to plant a few more peanuts, and that man who does so will reap a rich reward.

John D. Rockefeller has subscribed \$5,000,000 to the "liberty loan" fund. We could do the same thing if we had lots of gasoline and could control the price like the big oil companies do. Timpson Times.

The corn crop in Nacogdoches county is so backward this year that a June and July drought would cut the yield mighty short. A few more peanuts would make up for this shortage, and it is not too late to plant them.

After reading an editorial on the subject in the Lufkin News we get the inference that the most valuable land in Angelina county is that which is desired for widening making new roads. Unfortunately, this condition obtains in too many places.

There is no longer an excuse for the Sons of Rest. The nation is calling for help, the food and feed crops must be increased, the manufacturing industries must be kept going, and the weeds need cutting all over town. There is work for every one and he should do his part.—Lufkin News.

That cunning Lufkin editor sends word up the line that the standpipe has an American flag floating over it, and dares us to shoot at it. This being true, we are reminded of the axiom that "circumstances alter cases," and defer—but we warn him to stick close to the folds of Old Glory.

The indications now are that the selective conscription census will be taken next Wednesday or Thursday, and would be well for all men between the ages of twenty-one and thirty-one to be on the alert and ready to report on the day selected. There will be a heavy penalty for those who evade the matter—and ignorance is no excuse in law, you know.

The boys who signed up for service in the engineering department yesterday, and those who have taken service in the other branches of the government for the defense of our country, are the first patriots of the country, and are entitled to the congratulation and encouragement of all good people. They offer to do what they can, and if they should never be called, it will be no fault of theirs.

News breaking in today's papers announce the safe arrival of U. S. battleships in European waters. All information is deleted by censors and the departure of these vessels was not announced; neither have any information as to the kind of campaign they will inaugurate, but it is not unlikely that they are bearing the new invention to the scene of the conflict, and that a new form of lightning will flash in the seas and in the trenches with the next news.

The News learns that Commissioner Fenley has agreed to spend \$250 out of the sum apportioned to his precinct on the river bottom road between Lufkin and Nacogdoches. The News also learns that a number of Lufkin parties have signified their willingness to supplement this amount with private subscriptions sufficient to put that road in at least a passable condition. As long as there is life there is hope, and some day in the future our Nacogdoches friends may yet be afforded the pleasure of visiting a real live little city without having to take chances on submerging their automobiles in the Angelina River bottom mud.—Lufkin News.

State Superintendent Doughty has approved the new state text book law enacted by the recent legislature, and in commenting on it says that in his opinion the new measure meets every legitimate demand that could reasonably be expected of such a law. "In the first place," Superintendent Doughty said, "the great purpose of the text book legislation is uniformity of textbooks to be used by the children in the schools. The new measure does well in this respect, by providing for continuous uniformity, which will, of course, mean that no unnecessary changes will be made in the adopted lists of books used in the public schools. In addition to continuous uniformity, the measure will protect school patrons against high cost of books in that it provides that all books must be selected on compet-

itive bids. Without question the bill is in the interest of the people who must use the books and pay for them with their own money."

The Sentinel observes advertisements in several of its exchanges offering as much as \$1.50 per bushel for the coming crop of peanuts. The East Texas farmer can make a fortune at the price, and if he has a bad stand of cotton, he could do nothing more profitable than plow it up and plant peanuts.

We wonder if the editors of the Tyler, Lufkin, Nacogdoches, Palestine, Longview, and several other East Texas papers won't have time to come over to Jacksonville in a few weeks and see how the Jacksonville country backs up her talk of being the center of the fruit and truck industry of the state—Jacksonville Progress.

Wait until the war is over, brother, as the country has about all the trouble on its hand it can well take care of at this time.

The Sentinel is taking up most of its space today with the full text of the bill for selective conscription. We are doing this because every one, particularly those between the ages of twenty-one and thirty-one years of age, should read it. If they fail to familiarize themselves with the requirements of the measure it might cost them dearly, and The Sentinel gladly contributes this service in the hope that it may save some embarrassment. Uncle Sam is talking in this matter—and it would be well to remember that he usually means what he says, making no allowances for ignorance.

The growing fellowship of the people of the towns with the people of the country is one of the encouraging signs of future happiness and prosperity of the country. We are all one big family, and it is the internal qualifications that make the man. The man in the overalls is doing his bit to make up the whole, just as is the man whose occupation will allow him to dress better, but who often has a harder task than his brother of less pretension. With improved educational facilities, such as are coming very rapidly, and better roads, which are also on the way, we are all going to get in closer touch with each other in the future years, and the artificial lines, which have their foundation in imagination, only, will be wiped out.

Some months ago the road crew of Nacogdoches county was kept busy on the Nacogdoches and Lufkin road until a first class road was built to the river, which is the county line. Yesterday the commissioners court of this county voted to repair and put in good shape a good road from this city to the Rusk county line, in an agreement with the Rusk county officials that they would connect with it and build through that county to a connection with the good roads of Gregg county, which follows on to Central Texas. This will give a good automobile and wagon road from the Angelina river through Nacogdoches county, Rusk county, Gregg county, Smith county, and on through the other counties of Central Texas. Lufkin paper, please copy.

Now while the campaign is on to conserve every resource of the country, and increase production in all lines to the fullest capacity, there should be no idlers in the country, and when one is found, be he white or black, he should be put to work. Around every town there can be found many idlers with no visible means of support—"they toil not, neither do they spin." If in the present emergency any fail to get busy, there is a remedy in the vagrancy law which will reach them, and it should be vigorously applied. The cry for labor is nation-wide, and there is no excuse for any man in the enjoyment of health to remain idle for a moment.—Nacogdoches Sentinel.

The above paragraph hits the bull's eye. Every individual without visible means of subsistence should not be permitted to loaf on the streets of any town, cuss the government and create dissatisfaction and discord. There is work for all to do. There should be no slackers, no sons of rest, no loafers, no knockers and no dead heads in any community. The wheels of progress are moving as never before. Manufacturing industries of every kind, are running full time and calling for more men; Uncle Sam is out after help and there is plenty for all on the farm to produce the necessities of life to feed the great army of this country and that of Europe. If every official throughout the country will only do his full duty, there will be not a single loafer left to tell the tale, and there will be prosperity heretofore unknown from one end of this glorious country to the other, even while the war lasts.—Lufkin News.

Make a list of requirements such as beauty, comfort, convenience, horsepower and the like.

Overland has won the verdict of over 400,000 owners after a comparison of such items.

If this is not enough to convince you, then judge your Overland by what you cannot see.

You cannot see the accuracy, the minute care, nor the patient perfecting that are practiced in Willys-Overland manufacturing methods.

But you may know that these things are definite Willys-Overland accomplishments—else it would never have been possible for us to market those 400,000 cars.

You cannot see the quality in the materials—the scientific reasons for designs, nor the proven superiority of every part and principle.

These things, and the millions in economies effected by Willys-Overland's vast production, are vital factors in your car although not visible to the layman's eye.

But they are visible to the layman's reason—they are seen in continued consistent performance—and they are shown convincingly in the price that gives you a better car for less money.

The Big Four—the car that made Overland—exemplifies this excess value. The experience accumulated in the building of over 300,000 similar four-cylinder Overlands has contributed directly to the development and perfecting of this model.

Test its superior mechanical excellence and remarkable easy riding qualities—come in and judge for yourself its incomparable beauty of design.

Nacogdoches, Texas

THE ANNUAL EXHIBIT INDUSTRIAL ARTS DEPT.

(High School Building)
 Within a few more days school will have closed with one of the most successful year's work in the Industrial Department of the Nacogdoches High School.

Not until recent years has this work been placed in the curriculum of High Schools, but the popularity of the work bought about by the profit and interest gained by the students, have made the continuation of teaching Manual Training and Home Economics in the school, a necessity. Now that our president is calling for great economy in food conservation as well as food production, where can the younger generation gain this knowledge in a better way than in the school?

We have in the new High School building of Nacogdoches, laboratories for this work that are a pride to every citizen who has been interested enough to visit them.

The Manual Training equipment includes machinery for work that is modern in even sense. This course includes a study of woods, uses, furnishes, costs, the joining of parts, and mechanical drawings. The student is encouraged in originality which is proven by the many articles made during the year. As a whole the work done by the boys is indeed creditable to both the boys and teacher.

Articles for household use in the way of simple furniture are especially stressed.

Not only is this branch of work helpful to the boy, but it shows him the pleasure and dignity of manual labor. The work in each department is so arranged as to be of great help to the pupils in their other work in school in a literary way in that the written word helps in their English work and their projects in mathematics. This is the first year of work in Domestic Science and Art since the burning of the building several years ago. But the new laboratories are the pride of every girl in the work. The cooking room, containing the sixteen gas stoves is equipped with the modern labor saving devices that appeals to the heart of every home-making woman. If you have not paid a visit to

this department, during the year, to see the white aproned girls at work, you have missed something. After becoming acquainted with their surroundings the girls were given a study of the classes of foods, uses to the body, preparation, menu planning, and costs. Two breakfasts were planned, cost lists studied, and served by the two classes during the year. In serving the planning, cutting of patterns and kinds of material have been worked out. On Wednesday and Thursday of next week, from 1 to 4 o'clock, May 23 and 24, the manual training and home economics department will have some of the work done by the students on display in the laboratories at the High School building. Everybody interested in the work of the children during the year are cordially invited to come out. Come see what industrial education means to your boy and your girl. Parents come, bring your friends, and make the annual visit of one short afternoon, one of encouragement for your child, see an exhibit worth while, and meet your neighbor for a social conversation that you will enjoy.

IF YOU MUST YOU MUST.

Sore at yourself?
 You have reason to be. You are a procrastinator, a dodger of issues. Be not offended. No one is pointing an accusing finger at you—no one except yourself. The ill-past spoken of you is but the harsh word you speak daily of yourself to yourself. And you are your own best judge. Therefore, your self-indictment is doubtless a true bill.

Now if things would tolerate being left to slide, it is conceivable the shortcomings you find in yourself would prove to minor import. Somehow you would drift through the world. All of you is not bad, most of you is good and the good would carry you over. As for the bad the saying of thoughtless men is, "What difference will it all make in a hundred years?"

But it is under the law of drift that you have your being. In truth there is no law of drift. Have you noticed the rain-swollen creeks this spring? They are litter-

ed up with fallen tree branches and fence rails, a litter of debris bent on damming the waters. Yet the creek finds a way. Somehow, it rushes on, around if it can't go forward, but surely on and on to the destiny of its nature craves.

Are you so different from that creek?

Like the creek your nature must be realized. Whether you will or whether you won't, life pushes you on. Despite all, the futile in you becomes masterful. Yours is the potentiality of perfection.

Herein, however, you differ from the creek—that, whereas, it is blind and deaf and of itself unaware, you can see and hear and know yourself. Consciously you can help in the unfolding of the perfection within you, which perfection, mind you, must be unfolded.

So why be a creek? Get behind yourself and push with all the intelligence that distinguishes you from a mere stream of water.

Why procrastinate? If you must you must.—Shreveport Times.

A SPIRIT OF SACRIFICE

All well informed persons know that no successful war can be prosecuted without an active spirit of sacrifice animating the people of a country. Such a spirit is very active in France, Belgium, Italy and England for the achievements prove it. There will have to be such a spirit in the United States if the victory is to perch upon its banners. Such a spirit, for example, as that manifested by Captain H. B. Moore of Texas City, who is now regularly in the service.

Captain Moore was the executive head of a great corporation a steamship line, wharves, warehouses, a ter-

minal railroad, a bank and other services and enterprises which center there.

He has relinquished these and the large salary which went with his position to take the onerous service which the war imposes at a fraction of what his civil income was.

He did not have it to do. He is fifteen years beyond the age which would have exempted him from conscription.

Moreover, he has a family, and back among the hills of Tennessee an aged mother, who still survives to recall that years ago in the morning of her life nineteen of her mail relatives followed the Stars and Bars in that great struggle and only two returned.

That is the spirit of sacrifice that tells in war—the consecrated service that offers everything and risks all.

When the American spirit reaches that level, no doubt of the final result will remain.

The Post mentions this example because it is fine, because it well deserves mentioning and because it must be generally emulated before the articles of peace are signed in ultimate victory.—Houston Post.

Observes the Shreveport Times: "Every little U-boat has a stigma all its own."

EXPRESS RATES MAY BE RAISED

NEW YORK, May 16.—Rumors that the principal express companies were about to file with the interstate commerce commission an application for an increase in rates were met today by a statement from the executive office of the Adams Express company that the rates of the companies were now being analyzed "in connection with the increased cost of conducting business."

GOOD ROADS MEETING LARGELY ATTENDED

Much Interest Was Aroused and Plans Were Worked Out For the Needed Improvement.

The people of Nacogdoches county and the people of Rusk county shook hands across the county line yesterday afternoon, and entered into a solemn agreement to build first-class road from Nacogdoches to Henderson.

Some eight or ten cars loaded with Nacogdoches people with a similar crowd of people from Rusk county met at Beech Creek, near the county line, yesterday afternoon. In the crowd was the commissioners court from this county, and the county and judge and one of the commissioners from Rusk county, by which arrangement the people of the two counties were able to complete arrangements they sought and close up the matter at the one meeting.

Judge Middlebrook of this city called the meeting to order, and in the gifted manner for which he is noted, made a happy little speech in which he said, among other things, that Nacogdoches county had come to shake hands with Rusk county and remove the physical line as it had long been removed in the affections of the two people. At the conclusion of Judge Middlebrook's talk, Hon. Webb March, a prominent business man and citizen of Mt. Enterprise, was elected chairman, and he presided over the meeting in a dignified and diplomatic manner.

It was moved and unanimously elected that it was the sense of the people of the two counties that a first-class thoroughfare be built between Nacogdoches and Henderson. Considerable discussion as to ways and means followed the adoption of motion, in the course of which the county judge and the commissioner of Rusk county offered to build their part of the road to the county line, and Charley Langford, a progressive saw mill man of the community, offered to donate the lumber for the building of a bridge across Beech Creek, which is on the Nacogdoches side.

The county judge and commissioners of this county retired and discussed the matter within themselves, returning with the good news that Nacogdoches county would also do her part, which was the signal for much applause, and disposed of the business of the meeting.

Nacogdoches county has a pretty fair road nearly all the way, the only bad part being two or three miles this side of the county line which has never been laid and which seems to have been sadly neglected in the past. But even this bad part is so situated that it can be repaired without any very heavy expense, and it was estimated that Nacogdoches county could do her part several hundred dollars cheaper than her neighbor.

In the meeting yesterday many old friends had the pleasure of meeting with each other, and many acquaintances were made. Everybody was optimistic and inspired with the spirit of good fellowship, and when this road put in good repair we are going to see each other oftener and know each other better.

There was also a number of ladies in attendance upon the meeting who seemed equally interested in the purposes of the assembly and who added grace and dignity to the assembly.

In all things, it was a great day for the people of both counties bringing us closer together in the bonds of friendship and co-operation in the greatest enterprise which any section can employ, that of road building.

In the whole field of medicine there is not a healing remedy that will repair damage to the flesh more quickly than BALLARD'S SNOW LINIMENT. In cuts, wounds, sprains, burns, scalds and rheumatism, its healing and penetrating power is extraordinary. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

County Treasurer W. Y. Hall advises that he can pay Road and Bridge scrip up to No. 1333 and General Fund up to 240. If you have scrip, look at your numbers.

Dizziness, vertigo, (blind staggers) sallow complexion, flatulence are symptoms of a torpid liver. No one can feel well while the liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 50c. Sold by Stripling, Haselwood & Co.

NEGRO WIFE SLAYER GETS LIFE SENTENCE

LONGVIEW, Texas, May 17.—District court here this week has made an unusual record in the large number of cases disposed of and bids fair to clear the criminal docket this week. The criminal docket is the heaviest in a number of years by reason of the large number of bootlegging cases

A WOMAN'S HEAD is level and her judgment good when she puts her faith in Dr. Pierce's Favorite Prescription.

low the use of the "Prescription." All women require a tonic and nervine at some period of their lives. Whether suffering from nervousness, dizziness, faintness, displacement, catarrhal inflammation, bearing-down sensations, or general debility, the "Prescription" is sure to benefit.

Mrs. JULIA A. DOOK, of Paris, Texas, says: "I was in bad health, was suffering from weak and nervous spells, and tried several kinds of medicines but got no relief until I took 'Favorite Prescription.' I found that it did me more good than anything I ever used."

found by the last grand jury. The case against Bell, a negro charged with murder of two women, one his wife and the other a relative of his wife, was tried yesterday and the jury sentenced him to life imprisonment. This murder attracted considerable attention at the time of its commission about two months ago talk of lynching by negro citizens caused the removal of the accused to an adjoining county until the excitement subsided.

When the baby takes too much food the stomach turns; the result is indigestion, sourness and vomiting. Frequently the bowels are involved and there is colic pains and diarrhoea. McGEE'S BABY ELIXIR is a grand corrective remedy for the stomach and bowel disorders of babies. It is pure, wholesome and pleasant to take. Price 25c and 50c per bottle. Sold by Stripling, Haselwood & Co.

A NACOGDOCHES BOY RECEIVES AN HONOR

News has been received in the city to the effect that Asher Mintz, son of Mr. and Mrs. S. Mintz of this city, has been elected recorder of Hella Temple without opposition, at a handsome salary.

Mr. Mintz has been holding a good position with Thomas Bros. of Dallas, which he resigns to take this position.

The many friends of the young man in this city will greatly rejoice with him in the good honor he has received, and have an abiding faith in him making good with it.

INCORPORATES.

News from Austin announces that the Furnad Company of this city has been granted articles of incorporation. The capital stock is listed at \$7500 and \$600 paid. Messrs. B. M. Isaacs, A. H. Smith and F. B. Sublett are named as the incorporators.

The company manufactures and sells through the wholesale markets "Furnad," a hair tonic and dandruff exterminator, for which they are finding an increasing demand, and with the extension of their trade, the enterprise will ere long take its place with the prominent industries of the community.

ANNIVERSARY.

(Nacogdoches Railroad Traditions by I. L. Sturdevant with apologies to Dr. J. E. Mayfield.)

Today, May 21st, is "our" anniversary—"mine" and the railroad—as on May 21st, 1883; at about 10 o'clock, a. m., "we" arrived here, and Nacogdoches was officially opened to the world as a railroad station, with Mr. S. T. DeMilt as agent. This was, at that time, the terminus of the H. E. & W. T. railroad, a narrow-gauge road built and operated by Paul Bremond out of Houston, with Shreveport, La., as its objective. There were no buildings of any kind then in the "5th ward" except Col. Clark's home and the passenger trains used the "Old Liberty Elm" tree as a depot. The railroad office was kept in one end and my office (which was officially opened when I hung up my hat) in the other end of a box car No. 1028.

This was only thirty-four years ago and there has been a few minor changes in the 5th ward since then. In fact the whole town looks a little different. I could write several columns from this "text" but as I have received only kindness from the people of Nacogdoches during my short stay, I will spare them; as I expect to remain here.

Truly,
I. L. STURDEVANT.

(The captain's friends would like to be "punished" with a little more of his reminiscences, and The Sentinel would be glad to furnish the space.—Editor)

Sallow complexion is due to a torpid liver. HERBINE purifies and strengthens the liver and bowels and restores the rosy bloom of health to the cheek. Price 50c. Sold by Stripling, Haselwood & Co.

Mr. J. P. Coon of Appleby has been spending the day in the city.

TEN OF OUR YOUNG MEN ACCEPTED FOR SERVICE

Will Be Held in Reserve Subject to Call in Engineering Service of the United States.

Capt. Crotty, engineering examiner and Capt. McDonald, physical examiner, for the engineering service of the United States, arrived on schedule time yesterday, and immediately got busy in the examination of the applicants.

After a most rigid examination, both as to qualification and physical fitness, ten of the applicants, all well known young men of this city, were accepted, as follows: Avery Barron, Herbert Shindler, Rho Cox, Ashby Pipkin, Mack Monk, Cater Gaston, Tom DeLamar, Homer Loden, Frank Smith, Asa Moore.

The following failed to stand the examination by reason of some minor physical defects: Leo Zeve, Carl Monk, G. B. Stoker, Graham Barron.

To give the reader an idea of how rigid the examination was, one applicant was rejected because of a slight defect in one eye which he did not know existed before.

Those who passed are said to have made very fine grades in the examination, and the recruiting officer highly complimented Nacogdoches on the good showing. No town in the country of similar size has furnished so many. Some thirty names had been offered in the preliminary application, but those not reported here-with failed to show up. The recruiting officers will return to the city again within the next eight or ten days, at which time some of them may come in.

Those accepted will be held in reserve subject to call on short notice without further examination. They have exhibited the patriotic spirit and if they should never be called into service, they have done all they can do, and are entitled to as much credit as if they had actually experienced service.

The recruiting officers went from this city on to Lufkin where they conducted an examination last night. They were very pleasant gentlemen, very efficient in the mission in which they are engaged.

THE OFFICERS FOR THE TEXAS CAVALRY

AUSTIN, Texas, May 19.—Tom D. Collins of Gainesville today was named by Governor Ferguson to be lieutenant colonel of the First Texas cavalry, commanded by Col. Arthur K. Sholars of Orange. Majors of regiments are John B. Golding, Amarillo; Felix D. Robertson, Dallas; Louis H. Younger, Austin.

Captains: Roy E. Blount, Houston; Harvey M. Crudginton, Amarillo; Joe M. Daniels, Gerns; Charles G. Duff, Hillsboro; C. A. Davis, Corsicana; Tom C. Harris, Dallas; W. B. McCollum, Waco; Lewis Maverick, San Antonio; John R. Richter, Houston; R. B. Ridgeway, Fort Worth; Peter Schramm, Taylor; R. O. Whitaker, San Antonio; H. J. Weiler, Corsicana; George W. Winter, Bonham.

First Lieutenants: Walter Acker, Jr., San Antonio; R. S. Dilworth, Jr., Gonzales; Joseph E. Denoon, San Antonio; J. K. Edmundson, Houston; J. Willis Johnson, Jr., San Angelo; William G. Kinsolving, Corsicana; Grover C. Malone, Amarillo; Barry D. Mann, Houston; William J. Montgomery, Amarillo; W. E. Nicholson, Houston; J. S. Pape, San Antonio; Robert F. Penn, Houston; P. H. Swearingen, Jr., San Antonio; Emmett L. Wilkerson, Corsicana; Frank Wozener, Dallas; Walter Woodul, Laredo.

Second Lieutenants: T. R. Burk, Fort Worth; Charles A. Cudginton, Amarillo; Austin Farnsworth, Dallas; Frank Hare, Sherman; T. W. Harris, San Angelo; Otto Kahier, San Antonio; C. K. Lawson, Dallas; L. L. Leslie, Sherman; C. L. Mason, Fredericksburg; Othe O. Roquemore, Amarillo; E. J. Smith, Sherman; Ernest Sauer, San Antonio; Luther G. Taylor, Corpus Christi; Randolph Weibert, Seguin; Drain Wolters, Houston; Henry A. Whittaker, San Antonio.

THE ADVANCE MAN FOR RECRUITING OFFICER

Mr. W. J. Peters, advance man for the recruiting officer who will be here June 2nd to 4th, is in the city doing some advertising and giving such information as may be desired to those who may be interested in the matter of enlistment.

The recruiting officer will open headquarters at the city hall upon his arrival where examinations will be conducted after the manner employed in the recent engineers examination, and applicants accepted in this preliminary examination will be sent to Houston. If they fail in the final examination at that place, they will be given a ticket back home, but if accepted, will be sent to the training camp.

The tablet form of this old reliable remedy makes it possible for you to check any illness at the very onset. It is a safeguard against coughs, colds and other catarrhal conditions, no matter what symptoms are manifest. Catarrh is an inflammation of the mucous membrane that lines the breathing apparatus and the digestive apparatus. PERUNA relieves catarrh. In tablet form it is

EVER-READY-TO-TAKE

Its prompt action makes it invaluable for men and women exposed to sudden changes in the weather or compelled to be out in slush and rain.

It will also be found most satisfactory as a tonic following an attack of illness.

CARRY A BOX

wherever you go. Travelers and others compelled to long drives in the cold and anyone whose occupation subjects him to the danger of sudden colds may use it as a preventive with the assurance that the tablets made are from the same formula as the liquid medicine with its 44 years of success before the American Public.

HAIG THREATENS THE DEFENSES OF CAMBRAI

PARIS, May 17.—A number of Japanese gunboats have arrived at Marseilles to aid in the war on German submarines and convoy French merchantmen. If the experiment has satisfactory results, it will be extended.

After days of most intensive fighting in which the position several times changed hands and men fell in hundreds in attacks and counter attacks, the British forces have at last driven the Germans out of the village of Bullecourt and once more are threatening the southern end of the Drocourt-Queant line, which Field Marshal Von Hindenburg constructed to defend Cambrai from the eastward advance of Field Marshal Haig's army.

Thousands of fresh German troops recently have been thrown into the fray around Bullecourt, but their efforts, according to official communications have gone for naught in endeavoring to drive out the British from the entire village. Although several times the line has been bent by the preponderance of weight of the German formations, at no time have the British been forced to evacuate, holding here and there fringes of the outskirts and keeping back the Teutons until their elements were reformed with sufficient strength to make effective counter attacks and regain their lost territory.

NEIGHBORLY ADVICE.

Freely Given By a Nacogdoches Citizen.

When one has suffered tortures from a bad back and found relief from the aches and pains, that person's advice is of untold value to friends and neighbors. The following neighborly advice comes from a Nacogdoches resident.

Mrs. John H. Cox, N. Fredonia st., Nacogdoches, says: "The grip left my kidneys in a bad fix. I had a dull aches in my back until I was almost exhausted. I had used Doan's Kidney Pills only a short time before I got fine results. I steadily became better and haven't had to use Doan's Kidney Pills since that attack."

THE ARMY BILL GOES TO THE PRESIDENT

Selective Conscription Will Be Inaugurated one Day Next Week—Probably Wednesday or Thurs.

WASHINGTON, May 17.—The senate late today adopted the conference report on the war army bill, accepted yesterday by the house, and sent the measure to the president for his signature.

The vote was 65 to 8. Those voting against adoption were Senators Gore, Gronna, Hardwick, Kirby, La Follette, Norris, Stone and Trammell. Senator Fall was excused from voting.

With the signature of the bill by the president, immediate action will be taken by the war department to put into effect its many provisions, in particular that covering selective conscription.

Five days are allowed after President Wilson signs the bill in which the draft registrars are to receive their final instructions. The president's proclamation will fix definitely the date of registration, which may be Wednesday or Thursday of next week.

Passage of the bill followed a statement by Senator Chamberlain warning his colleagues that if the measure was to be delayed by hair-splitting and the report sent back to conference there would be no military legislation for 30 or 60 days.

BUSINESS DISPOSED OF IN THE CLOSING HOURS

In the closing hours of the legislature yesterday, a number of important measures were disposed of. The following is reported up to two o'clock in the afternoon:

Bill providing for increasing of the state ranger force to 1000 and appropriating \$250,000; appropriating \$750,000 for increasing the Texas National Guard; providing for appointment of additional deputies by sheriffs during the war, not exceeding 25 in each county; appropriating \$24,000 to fight citrus canker; correcting error in \$2,000,000 rural school law; amending the penitentiary laws; absentee voting bill; creating state council of defense; fixing by statute salaries of state officials; making it unlawful to wear uniform of Texas National Guardsmen; appropriating \$25,000 a year for establishment of lepers colony; amending state warehouse and marketing law.

Of the bills killed, the most important were the measures increasing the governor's salary to \$8000, the full crew bill and the Sunday movie bill.

The seven general appropriation bills passed during the special session of the legislature carries a total of approximately \$25,000,000 for the support of the government for the next two fiscal years.

Most of the business of the special session was transacted during the last week of the session.

While waiting for the free conference committees to report on the appropriation bills, Speaker Fuller addressed the house during which he declared himself as being opposed to any reduction in the membership in house. He also took occasion to say that he longed to see the day when the appropriations for the support of the state government will reach \$50,000,000 instead of \$25,000,000, as it will show the great progress being made in the development of the state.

The house spent considerable time by members making farewell addresses.

Both branches of the legislature adopted resolutions permitting the use of the hall of the house and the senate chamber by the State Farmers' Institute, which is to convene here on July 25-27. There was some discussion of the resolution in the senate, but it was finally adopted.

Senator Hudspeth had adopted a resolution that the fund for telegraph and telephone expenses not exhausted be apportioned to the senators who did not use the full amount allotted to them.

Change Appropriations.

The free conference committee report of the educational appropriation bill was adopted by both branches of the legislature late this afternoon. The conferees on this measure added an appropriation of \$176,000 to take over the Normal College at Commerce cut \$115,000 off of appropriations for buildings at the Agricultural and Mechanical College, \$65,000 of the appropriation for buildings at the College of Industrial Arts and \$65,000 for buildings at the Prairie View Normal. The bill as agreed upon carried approximately \$6,225,000.

The conference committee report on the bill fixing by statute the salaries of state officials was adopted by both houses. The free conference committee struck out of this bill the Fly amendment, the effect of which action makes these salaries as fixed

IF YOUR FOOD DOES NOT DIGEST

You feel a hot burning sensation in the throat, fullness or bloated feeling in the stomach, belching, sour risings and a loss of your usual vim and energy. You need the help of

PRICKLY ASH BITTERS

It is an admirable digestive stimulant. It cleanses the stomach of fermented food, cools and tones the digestive organs, drives bilious impurities into the bowels where its excellent cathartic properties force the bowels to operate thus ridding the body of the disturbing matter. It acts quickly and thoroughly, checks heartburn in a few minutes, restores the appetite, comfortable digestion and cheerful spirits.

by the bill applicable now.

The senate adopted the free conference committee report on the miscellaneous appropriation bill. One important change made in this bill was to allow \$50,000 instead of \$20,000 to refund retail liquor dealers whose licenses have been forfeited.

One Measure Left.

The senate, under a suspension of the rules, passed finally the house bill authorizing county commissioners to expend not exceeding \$1500 a year for canning demonstrations. Senator C. B. Hudspeth of El Paso was during the afternoon unanimously elected president pro tem. ad interim of the senate. Practically every senator present made seconding speeches.

The departmental appropriation bill has not as yet been reported by the free conference committee. This is the last measure yet to be acted on by the legislature before final adjournment. As this measure and the other appropriation bills have to be enrolled, it is not expected that final adjournment will come before a late hour tonight.

MORTUARY.

From Saturday's Daily.
MATTHEWS—Walter, the year-old son of Mr. and Mrs. W. E. Matthews, died at New Willard yesterday and the body was laid to rest in Fairview Cemetery this morning. Rev. G. L. Taylor officiating.

LUCAS—John Lucas, a former citizen of this city, where he was engaged in the carpenter trade, and a brother of Monroe Lucas of the Trinity community, but who has been making his home in Oklahoma for several years, died yesterday, and his body will arrive in this city at 2:38 this afternoon. The funeral will occur at Fairview Cemetery upon arrival of the corpse.

BABY—the baby of Mr. and Mrs. Elbert Dixon died yesterday and the body was laid to rest in Fairview Cemetery this morning.

MIZE—News has been received in the city of the death of Don Mize, which sad event occurred at his home in Dallas yesterday. He was thirty-two years of age, and had been in declining health for some time. He leaves a wife and one child. Mr. Mize once resided in this city, and will be remembered as having been connected with the laundry.

DEAFNESS CANNOT BE CURED. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

"A hearth is no hearth unless a woman sit by." And "what is home without a baby?"

Each man is a hero and an oracle to somebody, and that person whatever he says is an exalted value.—Carlyle.

There have been many brilliant school closings in the county within the past few weeks, and old Nacogdoches will bring up the rear in a blaze of glory this week.

A good listener has more admirers among those with whom he is associated than the good talker, and it is right that he should because he has to bear more.

The Shreveport Times hastens with the paraphrase that "in spring a young man's fancy lightly turns to thoughts of whether he will be in the trenches next winter."

"Where there's a will, there's a way," works as well with communities, on a larger scale, as it does with individuals. The people of Nacogdoches are of one mind in everything for the advancement of the town and surrounding country at this time, and their "will" is set on bigger things.

Mad dogs are running riot in Lufkin again, and three people have been bitten. The city council should install steps to the big standpipe where Editor Watford and the populace could take refuge until the epidemic passes. As "bad" as we "hate" the impudent contemporary, we do not want him to get the rabies.

Never disregard what your enemies say. They may be severe, they may be prejudiced, they may be determined to see only in one direction, but still in that direction they see clearly. They do not speak all the truth, but they generally speak the truth from one point of view; so far as that goes, attend to them.—Shreveport Times.

People from all parts of this and neighboring counties are requested to get Tuesday, July 3rd, firmly fixed in their minds. That is the day on which the greatest Trades Day, and "Traders Day" in the history of East Texas will be promoted in the town of Nacogdoches—the place so accessible with its various railroads, fit with its sociability, and financially able to take care of all comers.

America has proved that it is practicable to elevate the mass of mankind—that portion which in Europe is called the laboring or lower class—to raise them to self-respect, to make them competent to act a part in the great right and great duty of self-government; and she has proved that this may be done by education and the diffusion of knowledge. She holds out an example a thousand times more encouraging than ever was presented before, to those nine-tenths of the human race who are born without hereditary fortune or hereditary rank.—Daniel Webster.

As there seems to be some confusion in the matter, The Sentinel feels it a duty to make the reminder that colored men between the ages of twenty-one and thirty-one are subject to the same restrictions as the white men in the forthcoming registration for selective conscription. As many of the negroes do not read, it would be well for the leaders of the race, and white men who have opportunity, to inform those eligible, otherwise many will unconsciously violate the law. This is a proposition on which the colored organization recently formed in this city should get busy.

If you are between the age of twenty-one and thirty-one years, fix firmly in your mind Tuesday, June 5th, and hunt up the registrar of your community on that day, failure in which one year in federal prison will be your penalty. Remember that there will be no allowance made for sickness or absence. If you are sick, provisions are made that you can send a relative or friend to represent; if you are absent, you can get a blank from the county clerk in the place where you are sojourning and must mail it in time to reach your registrar on the day set apart for this service. Uncle Sam is after you and there is no means of escape as to registration.

THE FULL TEXT OF THE CONSCRIPTION MEASURE.

Following is the full text of the new selective conscription measure which will be employed in raising an army for the United States, and it would be well for every one to read and study it well, especially those between the ages of twenty-one and thirty-one years of age, and report for registration of June 5th, failure in which they will be liable for one year's imprisonment and conscription that will be dishonorable to them:

President Wilson's proclamation putting into effect the selective draft provision of the war army bill, signed tonight, follows:

"A proclamation by the president of the United States:

"Whereas, Congress has enacted and the president has, on the 18th day of May, one thousand nine hundred and seventeen, approved a law which contains the following provisions:

All Men Must Register.

"Section 5.—That all male persons between the ages of 21 and 30, both inclusive, shall be subject to registration in accordance with regulations to be prescribed by the president; and upon proclamation by the president, or other public notice given by him or by his direction stating the time and place of such registration, it shall be the duty of all persons of the designated ages, except officers and enlisted men of the regular army, the navy and the national guard and the naval militia, while in the service of the United States, to present themselves for and submit to registration under the provisions of this act, and every such person shall be deemed to have notice of the requirements of this act upon the publication of said proclamation or other notice as aforesaid given by the president or by his direction; and any person who shall willfully fail or refuse to present himself for registration or to submit thereto as herein provided, shall be guilty of a misdemeanor, and shall, upon conviction in the district court of the United States having jurisdiction thereof, be punished by imprisonment for not more than one year, and shall thereupon be duly registered; provided, that in the call of the docket precedence shall be given in courts trying the same to the trial of criminal proceedings under this act; provided further, that persons shall be subject to registration as herein provided who shall have attained their twenty-first birthday and who shall not have attained their thirty-first birthday on or before the day set for the registration, and all persons so registered shall be and remain subject to draft into the forces hereby authorized unless exempted or excused therefrom as in this act provided; provided further, in the case of temporary absence from actual place of legal residence of any person liable to registration as provided herein, such registration may be made by mail under regulations to be prescribed by the president."

Duties of Officers.

"Section 6.—That the president is hereby authorized to utilize the service of any or all departments and any or all officers or agents of the United States and of the several states, territories and the District of Columbia and subdivisions thereof in the execution of this act, and all officers and agents of the United States and of the several states, territories and subdivisions thereof and of the District of Columbia, and all persons designated or appointed under regulations prescribed by the president, whether such appointments are made by the president himself, or by the governor or other officer of any state or territory, to perform any duty in the execution of this act, are hereby required to perform such duty as the president shall order or direct, and all such officers and agents and persons so designated or appointed shall hereby have full authority for all acts done by them in the execution of this act by the direction of the president. Correspondence in the execution of this act may be carried in penalty envelopes bearing the frank of the war department. Any person charged as herein provided with the duty of carrying into effect any of the provisions of this act or the regulations made or directions given thereunder, who shall fail or neglect to perform such duty; and any person charged with such duty or having or exercising any authority under such regulations or directions, who shall knowingly make or be a party to the making or any false or incorrect registration, physical examination, examination, exemption, enlistment, enrollment or muster; and any person who may make or be a party to the making of any false statement or certificate as to the fitness or liability of himself or any other person for service under the provisions of this act or regulations made by the president thereunder, or otherwise evade or aid another to evade the requirements of this act or of said regulations, or who in any manner shall fail

or neglect fully to perform any duty required of him in the execution of this act, shall if not subject to military law, be guilty of a misdemeanor, and upon conviction in the district court of the United States having jurisdiction thereof, be punished by imprisonment for not more than one year, or if subject to military law, shall be tried by court-martial and suffer such punishment as a court-martial may direct.

"Now, therefore, I, Woodrow Wilson, president of the United States, do call upon the governor of each of the several states and territories, the board of commissioners of the District of Columbia, and all officers and agents of the several states and territories, of the District of Columbia and of the counties and municipalities therein, to perform certain duties in the execution of the foregoing law, which duties will be communicated to them directly in regulations of even date herewith."

June 5/Date Set.

"And I do further proclaim and give notice to all persons subject to registration in the several states and in the District of Columbia in accordance with the above law, that the time and place of such registration shall be between 7 a. m. and 9 p. m. on the fifth day of June, 1917, at the registration place in the precinct wherein they have their permanent homes. Those who shall have attained their twenty-first birthday, and who shall not have attained thirty-first birthday on or before the day here named, are requested to register, excepting only officers and enlisted men of the regular army, navy, the marine corps and the national guard and naval militia while in the service of the United States, and officers in the officers' reserve corps and enlisted men in the enlisted reserve corps while in active service. In the territories of Alaska, Hawaii and Porto Rico a day for registration will be named in a later proclamation.

"And I do charge those who, through sickness, shall be unable to present themselves for registration that they apply on or before the day of registration to the county clerk of the county where they may be for instructions as to where they may be registered by agent. Those who expect to be absent on the day named from the counties in which they have their permanent homes may register by mail, but their mail registration cards must reach the places in which they have their permanent homes by the day named herein. They should apply as soon as practicable to the county clerk of the county wherein they may be for instructions as to how they may accomplish their registration by mail. In case such persons, as through sickness or absence, may be unable to present themselves personally for registration shall be sojourning in cities of over 30,000 population they shall apply to the city clerk of the city wherein they may be sojourning rather than to the clerk of the county. The clerks of the counties of cities of over 30,000 population in which numerous applications from the sick and from non-residents are expected are authorized to establish such subagencies and to employ and deputize such clerical force as may be necessary to accommodate these applications.

Entire Nations Armed.

"The power against which we are arrayed has sought to impose its will upon the world by force. To this end it has increased the face of war. In the sense in which we have been wont to think of armies there are no armies in this struggle. There are entire nations armed thus, the few remain to till the soil and the man the factories are no less a part of the army that is in France than the man beneath the battle flags.

It must be so with us. It is not an army that we must shape and train for war; it is a nation. To this end our people must draw close in one compact front against a common foe. But this cannot be if each man pursues a private purpose. All must pursue one purpose. The nation needs all men; but it needs each man, not in the field that will most please him, but in the endeavor that will best serve the common good. Thus, though a sharpshooter pleases to operate a tip-hammer for the forging of great guns and an expert machinist desires to march with the flag, the nation is being served only when the sharpshooter marches and the machinist remains at his levers. The whole nation must be a team in which he is best fitted. To this end, congress has provided that the nation shall be organized for war by selection and that each man shall be classified for service in the place to which it shall best serve the general good to call him.

"The significance of this can not be overstated. It is a new thing in our history and a landmark in our progress. It is a new manner of accepting and vitalizing our duty to give ourselves with thoughtful devotion to the common purpose of us all. "It is in no sense a conscription of

unwilling; it is rather, selection from the nation which has volunteered in mass. It is no more choosing of those who shall serve an equally necessary and devoted purpose in the industries that lie behind the battle line.

"The day here named is the time upon which all shall present themselves for assignment to their tasks. It is for that reason destined to be remembered as one of the most conspicuous moments in our history. It is nothing less than the day upon which the manhood of the country shall step forward in one solid rank in defense of the ideals to which this nation is consecrated. It is important to those ideals no less than to the pride of this generation in manifesting its devotion to them that there be no gaps in the ranks.

Accord Honor Today.

"It is essential that the day be approached in thoughtful apprehension of its significance and that we accord to it the honor and the meaning that it deserves. Our industrial need prescribed that it be not made a technical holiday, but the stern sacrifice that is before us, urges that it be carried in all our hearts as a great day of patriotic devotion and obligation when the duty shall lie upon every man, whether he is himself to be registered or not, to see to it that the name of every male person of the designated ages is written on these lists of honor.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington this 18th day of May, in the year of our Lord, one thousand nine hundred and seventeen, and of the independence of the United States of America the one hundred and forty-first."

By the president:
ROBERT LANSING,
Secretary of State.

THE SOCIALIZED VS. THE UNSOCIALIZED TEACHER

Some teachers believe that all of education is locked up in the mysteries of books. These teachers usually have but little interest outside of the four walls of the school room and the pay check at the end of each month. They are often unsympathetic and quite commonly disliked by the children and young people. They seldom have the social qualifications, the personal magnetism, and the broad knowledge of human life that entitles them to recognition as leaders of any sort.

The better-liked teachers are free from such stupidity. All their sensibilities are keenly alive. They know human nature and adapt themselves with ease to the presence and conversation of people of all ages and stations in life. They are sure of themselves in all they undertake. They are interested and active in all that pertains to the civic and social uplift of the people they serve. They are respected by all for their much common sense. Though nominally school teachers, they are in all respects social and community leaders. They add spirit and zest to every worthy activity of the community. The boys' club, the girls' club, the farmers' meeting, the reading circle and Sunday school, all welcome and appreciate them for their genial sympathy and timely suggestions. The teacher's greatest opportunity for educational leadership is outside of the school room if he or she only has the gift of social adaptability. Industrially, socially, and educationally, the teacher should be the biggest person in the community.

The compensation, equipment, and conveniences provided for the teacher by the community are coming more and more to be governed by the character of the service rendered. There are scores of Texas communities that will pay better salaries and even build teachers' homes when it is clear that the presence and influence of the teacher in the community's life are worth the price. Much has been said about the poor pay for teachers. Considering the character of service rendered, the remarkable thing to me is, that some of them are paid as well as they are. For the public school teacher whose ideals of education are purely academic, the way is hard and constantly growing harder. But for the man whose vision of education is broader than the four academic walls of the schoolroom and whose interests are actively and intelligently identified with all the legitimate affairs of the community a brighter day is dawning in the realm of public education in Texas.—University of Texas, Division of School Interests.

Friends of Prof. George Adams will be pleased to learn that he is rapidly recovering from the operation he recently underwent for appendicitis at the sanitarium, and will soon be able to return to his home in Center.

THE NECESSITY OF PRODUCING AN EXTRA POUND OF POULTRY PRODUCT FOR EVERY MAN, WOMAN AND CHILD IN THE UNITED STATES.

(By E. E. Richards, President of the American Poultry Association.)

Before another hatching season, the great United States will, no doubt, be in the deepest throes of the world's most cruel war and no one can foretell the countless thousands that may be crying for bread. It is up to the United States, the world's greatest, richest, and most resourceful nation, to not only look after the welfare of her own citizens, but to give aid and assistance in supplying food to countless thousands of suffering humanity in the torn and stricken war zone. The great agricultural resources of America must prepare to assume this burden. Every one of us must do our bit. Every acre, every neck and corner must bear its share. It is lucky that in poultry we can produce the cheapest and most quickly produced meat of all the various sources of our meat supply. Here, we have an opportunity of producing an extra one hundred million pounds if the American farmers, the fanciers and breeders will give their attention to hatching during the months of May and June.

It is a well known fact that the available supply of meat products is today the lowest in our country, per capita, in the history of the United States. In order to meet the extremely dangerous condition, we have within ourselves a wonderful opportunity of aiding what may prove to be a world-wide cry for food. Let us all join enthusiastically in the propaganda of helping in the probable time of need, by putting forth now every effort to meet, in a measure, the demand that is sure to come for untold quantities of food stuffs. Never in the history of the world will there be a greater demand than in the next twenty-four months that are to follow.

For the past twenty-four months we have been killing the goose that has been laying the golden egg, and with the hue and cry of costly feed, poultry and meat products have been soaring far above the usual estimates as to the usual cost of production and the selling price. The margin of profit on the production of eggs and poultry for meat is far in excess of the percentage of profit in normal times. But aside from the question of profit, we Americans must look at the situation from a philanthropic and humanitarian standpoint and each and every one "do his bit" to meet an exigency that seems inevitable. Let us all try to be a factor in the production of an extra hundred million pounds of poultry meat which is less than one pound additional for each man, woman and child in the United States.

The United States Department of Agriculture has just issued an estimate that upwards of seven hundred millions of dollars is the annual tribute paid by Americans to the garbage can. Why not convert this into feed to produce poultry and eggs. Every home can have a self-supporting and profitable flock in the back yard by converting the offal from the table and kitchen into the very choicest of poultry feed. Why such extravagance that costs us nearly seven dollars for every man, woman and child in the United States? Let every home have a neat poultry house and a few well kept, profitable fowls. The editor of this publication will be only too pleased to co-operate with every reader desiring any information.

It is not unusual for the fancier to quit hatching with April. Let me urge that hatching be continued during the months of May and June and also during July in a large part of our country. Let the old hen do her part—fill up the incubators—keep them going through May and June—the results will be worth while. Let us be prepared to consume every bit of table and kitchen scraps and make them a source of profit.

No SALICYLIC ACID.

AUSTIN, Texas, May 19.—Advices have been received by the State Pure Food Department that certain persons are personally and through agents throughout the state, selling to housewives recipes for canning and preserving fruits and vegetables, and that these recipes contain salicylic.

Pure Food Commissioner Hoffman stated that this drug is considered injurious to health and its use as a preservative for foods offered for sale is prohibited by the Texas pure food laws, also by the laws of nearly every state in the Union and by Federal act.

It is an illegal preservative. The use of this preservative cannot be prevented in the homes, but warning is given that it is injurious to health and no food containing it may be offered for sale.

THE HAS-BEENS OF THE KHAKI.

When the banners are a-waving and the clarion call "To arms!" Rings along the nation's highways, city canyons, country farms, There's a certain bunch of fellows who will do their bit and more, They're the has-beens of the khaki who have all been there before! For it's soldiers know the call, For it's soldiers fell the thrall Of the rumbling and grumbling In the village and the mart! It's "Tenshun! Right Dress!" and "Halt!" And it's sweet and sometimes salt, But the has-beens fell the soldier game A-tugging at their heart!

You can see their wistful glances when recruits flock up the stairs, You can see their back all stiffen when the new-voiced bugle blares! You can see the joyful shimmer when the nation's flag goes by, And the grim, determined duty that's reflected in their eye! For it's soldiers know the call, etc.

Oh, the service men are assets, but you never think them so Till they pump on deck and teach you just the things you ought to know They're the men who sure will answer when the first chief orders war, They're the has-beens of the khaki who have all been there before! For it's soldiers know the call, etc. —Albert Jay Cook.

SUBSTITUTES FOR WHEAT.

Houston Post. Wheat has soared to the highest point ever known. Wheat bread is out of reach of many families in every city in the land. And corn meal is following fast after the higher priced grain.

But there are substitutes for wheat flour which can be used to advantage. Capper's Weekly, the interesting publication for which the governor of Kansas is responsible, tells of a bread made in the University of Kansas home economics department from alfalfa. This has heretofore been impractical because of the weedy flavor and green color of the bread. These objections have now been overcome and alfalfa bread and biscuits of fine flavor and high food value are now baked there.

The same publication tells of biscuits and hot cakes made from kaffir. This is ground in the home coffee mill in many Kansas kitchens. Cooked as mush for breakfast it is said to take the place of all other cereals, and a loaf made from three parts wheat flour and one part kaffir by a Kansas baker "looked as good and tasted as good as mother's best," according to the Weekly.

The University of Texas has long been demonstrating cotton seed flour and peanut meal in its home economics department. The former is a regular product of at least one Texas cottonseed oil mill. The latter is probably produced in small quantities for that particular use, as there is no mill—so far as The Post is informed—which manufactures an edible peanut meal. But both of these substitutes for wheat are grown in sufficient quantities to assure that Texas can get along very well without any large quantity of high priced wheat.

And there is, besides all these, the sweet potato and the "sweet potato pone" of happy memory! This year there will be enough sweet potatoes grown in Texas to furnish one "pone" a day to every person in the state for no short period of time—and a curing plant in nearly every progressive community assures the grower that his potatoes will be preserved until they are needed.

SENATE TO RESUME FOOD LEGISLATION

WASHINGTON, May 22.—Food legislation laid aside in the senate yesterday is to be taken up again at once. A bill dealing with stimulating production first will be taken up and a new bill dealing with food control will follow.

The senate agricultural committee today reported a redrafted bill dealing with production. It amends the house bill introduced by Representative Lever for the department of agriculture and made plans to bring it before the senate for action at once. By Friday it is planned to introduce the food control bill dealing with price fixing, food administration, prohibition and regulation of grain exchanges.

The amended bill agreed upon today by the senate committee provides for a national food survey and appropriations for various measures to increase food production.

Appropriations for specific purposes, including federal purchase and distribution of seeds are proposed. It is hoped to expedite enactment of the first measure as extended debate on the food regulation bill to follow is threatened.

BUSINESS MEN OF CITY
HAD INTERESTING MEET

Banquet Was Spread and Many Interesting Talks Were Made for the Good of Nacogdoches.

Fifty plates were laid at the Banquet Hotel last evening, under the auspices of the Progressive Business Men's Association, and fifty of Nacogdoches' most progressive business and professional men enjoyed the bountiful spread that was laid for them—eating, drinking and making merry as only the men of this city can.

The idea was evolved at the time of the organization of this association that a social get-together-meeting would be held at some time in the near future, and the chairman and secretary got busy and arranged for it without delay, believing it the next step leading up to the work being planned by the organization.

There were four courses in the supper, prepared and served in the most excellent manner for which this hotel is noted, followed with a smoker, and no occasion of the kind was ever more enjoyed in Nacogdoches than this for the reason that it would be impossible to bring more enjoyment to any occasion than was manifest at this meet.

With Chairman Lee presiding as toastmaster, many interesting addresses were made, in the course of which many new ideas were brought out, which will be worth much to the practical interests of the city. Among those responding the following are worthy of note for the good ideas they advanced and the inspiration they brought to the meeting:

Mr. Walter Gintz was the first to respond on the subject of "Some of the Things the Organization Has Accomplished." He made a pretty talk, in the course of which he reviewed the splendid start that had been made in community co-operation, and the possibilities of the future.

Mr. Robert Lindsey responded to the subject of "Some of the Things We Should Avoid." Having been associated actively with commercial and community organizations of the past and having large experience in such matters, Mr. Lindsey was chosen for this subject for his special fitness to handle it—and he handled it in a most happy, able manner. In the course of his talk, he told of things that would hinder the work of community progress, and in conclusion developed a pretty and most logical line of reasoning to the idea that "power comes in the doing."

Capt. I. L. Sturdevant was invited to talk about the liberty loan bonds of which we are hearing so much now, and made a most interesting, patriotic speech in the course of which he showed that the bonds would be a good investment for every one, paying 3 1/2 per cent interest, and making the best collateral in the world with which the investor could borrow money or cash them at any time he desired, and urged the people to look at the proposition this way. In a happy vein he opposed the idea that prevails that we would be "helping the government in subscribing to this issue, insisting that we had been invited to partnership with the government" in subscribing to this issue, considering as a compliment and respond as an individual duty.

S. Mintz was next called, and responded with a pretty little appreciation speech.

By the time these speakers had finished Prof. R. F. Davis was so full of pent-up emotion that the chairman would not take the risk of holding him off longer—and it is fortunate that he did not, because he had the message that was needed to electrify the good logic that preceded, coupled with the good reasoning he brought with it. Prof. Davis is eloquent and logical on all occasions, but it was commonly remarked that if possible he had excelled himself on this occasion. He talked about the beauty of the location of Nacogdoches, the chivalry and patriotism of the people, and the wonderful possibilities with organizations and concerted effort. It was a masterly address which inspired his hearers with new life.

Mr. Geo. T. McNess talked about the possibilities of agricultural development in this section, in the course of which he urged the importance of a peanut oil refinery, and factory to work up the byproducts of this coming crop which is so rich with possibilities, and so well adapted to our soils.

At this juncture it was elected that July 3rd be designated for next Trades Day, and the motion unanimously prevailed. In seconding the motion, Mr. J. Thos. Hall made an interesting talk, in the course of which he advanced some good ideas which will be adopted at some future meeting, it being deemed that the time was not ripe for their adoption with the next trades day.

Mr. R. C. Monk responded with a

good talk on the credit business, offering some ideas that will also be considered at a future meeting.

Hollis Mast made an interesting talk in which he urged the importance of creating a place with sheds, etc., where the farmers could bring their stock, produce and anything they have to trade—a place where they could trade with each other as well as the people of the town, and the suggestion was adopted, adding a "Traders Day" to the Trades Day. A committee will be appointed by the chairman to look after this matter.

Prof. R. F. Davis was heard from again, offering to lead with a donation of five dollars for the erection of a band stand for our splendid band. Mr. McNess followed in a donation of equal amount, and the idea was quickly adopted that the chairman appoint another committee to look after this matter.

This concluding the business of the evening, the meeting was adjourned by singing "America," and all repaired to their respective homes feeling that a new spirit had been born in Nacogdoches, and that a new day had dawned.

Lazy Liver is Spring Fever.

Same old symptoms—coated tongue, bad breath, headache, dizziness. Brighten up! Don't let a sluggish liver dull your brain. Po-Do-Lax, Nature's liver regulator made from the may apple makes work easier for your liver. It stimulates the flow of bile and by its mildly laxative quality removes the impurities that clog your intestines. Clear up that muddy complexion, chase out that tired feeling with Po-Do-Lax. Get a bottle today at your druggist, 50c. dw

QUIET CHURCH WEDDING SOLEMNIZED YESTERDAY

From Monday's Daily.
At the Christian Church at 1:30 yesterday afternoon the pastor, Rev. C. R. Cook, officiating, Mr. Percy Blount was married to Miss Pauline Curtright.

The wedding was a quiet, informal affair, only relatives and a few of the most intimate friends being present. At the time for the ceremony, Mr. Allison of the High School, played the wedding march and Miss Lena Justice, a special friend of the bride, approached the altar, followed by the bride and groom, and the pretty ring ceremony was used.

Immediately after the ceremony Mr. and Mrs. Blount left for Dallas on a little bridal tour, and will return via Calvert where they will visit with Mr. Blount's sister, Mrs. Acker, arriving home the later part of the week.

The fair bride belongs to a good family of Paris, Mo. She has been engaged with Miss Lena Justice in the millinery business here the past four seasons, through which she has obtained a wide acquaintance with the people of this community, and those who have had the pleasure of making her acquaintance have learned to love her for the easy grace and charm of manner which she possesses. She is a beautiful and accomplished young lady, possessing all the sweet traits of character that go to make up the most gracious type of womanhood, and the friends whom she has made in her sojourn with us will rejoice to learn that she will take permanent residence with us.

Mr. Blount is a son of Judge and Mrs. S. W. Blount, and comes from one of our most prominent families—a family that is prominent in the history of the country as well as the affairs of today. Full of life and energy, and a young gentleman of sterling honesty and integrity, he is of the kind that go to make up the best type of citizenship, and in his new relationship he will carry with him the best wishes and congratulations of a great host of friends.

Proper Food for Weak Stomachs.

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect. dw

NOTICE OF DANCE.

There will be a dance at Mr. Louis Akin's, at the Hoya Switch, Friday night, May 25th. Everybody invited.—(Contributed.)

Get Rid of Your Rheumatism.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment a great help. The relief which it affords is alone worth many times its cost. dw

PROCEEDINGS OF THE COMMISSIONERS COURT

The commissioners court met in called session April 21st and canvassed the delinquent report of the tax collector for the years 1916-17, and approved the report.

The court met again Monday, May 14th, and remained in session all the week, disposing of the accumulation of business for the quarterly session.

The usual batch of accounts for road and bridge work and other expenses of the county, were passed on, and allowed, rejected or continued as the court in its wisdom saw fit.

Other business was disposed of as follows:

J. G. Scroggins et al., road petition, granted.

Dan Hancock, et al., road petition, granted.

The following road petitions were continued: Wiley Denman et al.; J. T. Sowell et al.; L. R. Plucker, et al.; J. T. Rasberry, et al.; H. L. Rogers et al.; A. J. Chapel et al.; J. C. Menefee et al.

E. R. Ashley, stock law, granted.

H. T. Mast, stock law, granted.

Commercial Guaranty State Bank, annual report school fund, approved.

H. T. Mast et al., hog law, granted.

H. V. Fall, quarterly report, approved.

M. E. Rider, resignation as school trustee, accepted.

O. W. Bailey et al., to have Elbert Berryhill appointed trustee school district No. 3, granted.

Annual report Garrison State Bank as depository Garrison Independent School District, approved.

G. W. Tillery, petition for stock law, granted.

G. F. Partin, petition to have George Lowery and R. A. Powers appointed trustees school district No. 45, granted.

N. B. Hall, monthly report as district clerk, approved.

J. F. Frederick, justice of the peace, approved.

N. B. Hall, district clerk, quarterly report, approved.

J. D. McKnight, justice of the peace, quarterly report, approved.

J. F. Perritte, county judge, quarterly report, approved.

G. B. Layton, petition to have Dock Sitton appointed trustee district No. 5, granted.

G. B. Layton, petition for appointment of J. W. Christian and R. H. Baugh trustees district No. 37, granted.

J. F. Cash, justice of the peace, quarterly report, approved.

F. D. Huston, justice of the peace, quarterly report, approved.

R. E. DeLoney, justice of the peace, quarterly report, approved.

W. D. Johnson, et al., trustee district No. 28, granted.

G. S. Tatum, application for exemption from road duty, granted.

Jas. D. Greer, monthly report.

Certain warrants, some of which have been paid and others issued to paupers who are dead, were cancelled.

W. Y. Hall, county treasurer, quarterly report, approved.

On this day, the 17th day of May 1917, came on to be considered the matter of levying a road tax in accordance with an election held March 10th, 1917, and declared to be carried by the commissioners court on April 16th, 1917, and there is hereby levied by the commissioners court of Nacogdoches county, Texas, all members of said court being present, a tax of fifteen cents on the one hundred dollars valuation of taxable property of Nacogdoches county, Texas, for road and bridge purposes, in addition to the fifteen cents tax already existing.

Ordered by the court that the county treasurer be instructed to transfer \$90 from the jury fund to the court house sinking fund.

Ordered by the court that the county clerk have certain records re-bound.

The court will meet again June 4th, 5th, 6th and sit as an equalization board. People of Nacogdoches and the rural routes supplied from this office, cited to appear, are requested to come the first day, June 4th; people of the county outside this district, June 5th; non-residents June 6th.

Don't Let Your Cough Hang On.

A cough that racks and weakens is dangerous, it undermines your health and thrives on neglect. Relieve it at once with Dr. King's New Discovery. This soothing balsam remedy heals the throat, loosens the phlegm, its antiseptic properties kill the germ and the cold is quickly broken up. Children and grown-ups alike find Dr. King's New Discovery pleasant to take as well as effective. Have a bottle handy in your medicine chest for gripe, croup and all bronchial affections. At druggists, 50c. dw

LOG TEAMS WANTED—Good haul and good money. Wire or write me quick if you want something good. D. M. McDuffie, Garrison, Texas. 22-2d1w

THE KAISER FOLLOWS FOOTSTEPS OF BISMARCK

WASHINGTON, May 20.—Germany's next peace declaration, which is expected to substitute a program for territorial renunciation on the east and west, is regarded here as largely revealed by information revealing for the first time the full scope of the imperial government's aspirations for conquest in the south. This information discloses as one of the primary aims of the war a plan for concentration of an impregnable military and economic unit stretching from the North sea to the Mediterranean, cutting Europe permanently in half, controlling the Dardanelles, the Aegean and the Baltic, and eventually forming the backbone of a Prussian world empire.

Follows Footsteps of Bismarck.

In the light of German history the plan shows him implicitly the kaiser has followed out the blood and iron political-economic methods of Bismarck for development of Prussian power. Considered in view of the present war map it shows that the major portion of the kaiser's war program has been accomplished, regardless of what disposition is made of conquered territory in France, Belgium and Russia. A full realization of this situation adds another force to the repeated declarations of allied statesmen that German peace maneuvers are in reality war moves and that a premature truce only gives Germany a resting period in which to further Prussianize.

Although officials have refrained from definite public expressions of what the United States might demand as a peace guarantee, these possibilities recall with recurring emphasis President Wilson's declaration that America might fight until "the world is safe for democracy."

German Plan Being Carried Out.

How minutely defined is the German plan and how accurately it is being carried out has become fully apparent only with the opening up, during the last few weeks of several avenues of information. The return of American diplomatic agents from the central empires, the visit of the British and French war commissioners, detailed official reports of the recent frank expressions in the reichstag and in the Ferman press and deductions of alert American agents abroad watching peace movements had suggested more than one path to the obscured future German policy.

Muscle Soreness Relieved.

Unusual work, bending and lifting or strenuous exercise is a strain on the muscles, they become sore and stiff, you are crippled and in pain. Sloan's Liniment brings you quick relief, easy to apply, it penetrates without rubbing and drives out the soreness. A clear liquid, cleaner than musky plasters or ointments, it does not stain the skin or clog the pores. Always have a bottle handy for the pain aches of rheumatism, lumbago, gripe, bruises, stiffness, backache and all external pain. At your druggist, 25c. dw

CALL OUR FIRST MEN SEPTEMBER 1

WASHINGTON, May 17.—In response to a suggestion by Senator Jones of Washington that the new selective draft army help harvest crops, Secretary Baker today disclosed that it is not expected to call out the first 500,000 men before September 1 because of "the depleted state of our supplies" and that there would, therefore, be no appreciable interference with the labor supply of the country until that date.

Best Remedy for Whooping Cough.

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup. dw

PEDDLERS QUARREL AND ONE MAN IS NOW DEAD

The information is gleaned from the Carthage Register that E. J. Nader shot and killed Bill Thomas, near Horton, in Panola county, one day last week.

The men were Syrian peddlers and quarrelled over the territory in which they were selling goods.

The body of the dead man was carried to Blocker for interment and the survivor was lodged in jail.

Road to Happiness.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets not only move the bowels, but improve the appetite and strengthen digestion. dw

ARE RUSHING THE WORK SECURING THE REGISTRARS

The high sheriff, the county clerk and the county attorney have been right busy men the past two or three days getting things in readiness for registration day—and they have had a mighty big job on their hands.

Yesterday afternoon they started out to secure the service of a registrar for each voting box in the county. They left at 4:00 o'clock, and covered the entire western part of the county before arriving home, getting in at 3:30 this morning. Having previously arranged the list of names that would be appointed for the service, they called at the homes of the various men, and after bedtime would have to wake up the appointee to administer the oath to him, passing from one to the other as rapidly as possible until they had finished the territory mapped out for the trip.

Today Messrs. Orton and Wade are working the eastern end of the county and Mr. Prince is working the northern end of the county. The law requires that they finish today which they hope to do by night, but if not they must keep on until they do finish, even though it takes another night ride, so that they can make their report tomorrow. This report must be made wire.

Mr. Orton says that the people they "qualified" last night all accepted the service cheerfully, and that none of them will file a bill for the work, gladly contributing this much to the cause. The officers who are making these trips over the county receive no pay, and they, too, are gladly contributing the work.

For Your Child's Cough.

Here's a pleasant cough syrup that every child likes to take, Dr. Bell's Pine-Tar-Honey. If your child has a deep hacking cough that worries you give him Dr. Bell's Pine-Tar-Honey, the soothing pine balsams relieve the cough, loosen the phlegm and heal the irritated tissues. Get a bottle today at your druggist and start treatment at once. 25c. dw

THE SHELBY TRAGEDY.

In yesterday's issue The Sentinel carried a brief report of a tragedy that occurred in Shelby county one night last week. From yesterday's issue of the Timpson Times we take the following report which gives more particulars:

"In conversation with Sheriff Jim Swanzey at Center today, over long distance telephone, the Times learned of a very regrettable tragedy that occurred in the lower part of Shelby county Friday night. Jack Wilburn—a farmer and one of the oldest residents of that section, is dead from knife wounds, and his son, Dean Wilburn, is badly wounded.

"Lonnie Carpenter, a neighboring farmer, is in jail at Center charged with murder.

"From what could be learned it appears that Jack Wilburn and his two sons had a quarrel with Carpenter, culminating in all three drawing knives and engaging in a bloody combat, during which Carpenter is said to have inflicted knife wounds resulting in Wilburn's death.

"All of the men are reported to have been drinking at the time of the difficulty."

\$6000 PAID IN.

In reporting the incorporation of the Furnad company in Saturday's issues, The Sentinel stated that \$6000 of the capital stock had been paid in when it should have read \$60000—one of those little typographical errors that will get by the best proof-reader occasionally.

As noted in the initial announcement, the Furnad company manufactures and sells to the wholesale trade Furnad, a hair tonic and dandruff exterminator for which there is an increasing demand. It is sold in all parts of the country, and with its increasing trade much new money is brought to the commercial channels of this city, making it a worthy home enterprise which deserves encouragement. The men behind the enterprise are all well known business men of this city who are live-wires and financially able to develop the industry to meet every demand, and with the good business methods they are adopting, the company will ere long take its place with the leading industries and manufacturing enterprises of the country.

TEXAS GUARD TO BECOME FEDERAL

A dispatch from Washington announces that all National Guard organizations will be called into the federal service between July 15th and August 5th, and that the governors have been advised to recruit all organizations to full war strength.

STRINGFELLOW GAINS TWENTY-TWO POUNDS

Railroad Man Says Tanlac is the Only Thing That Ever Helped Him After Suffering 4 Years.

"If the people of this town only knew what Tanlac had done for me you would sell a thousand bottles tomorrow," said Tom Stringfellow, a well known employee of the Southern Railway, who lives at 126 East Ninth Street, Anniston, Ala. Mr. Stringfellow is well known in railway circles and is on the Atlanta and Birmingham division.

"I suffered from stomach trouble and indigestion for four years," continued Mr. Stringfellow, "and got so I could not eat hardly any thing. I fell off until I only weighed one hundred and nineteen pounds and finally got so weak and run-down I was on the point of having to resign my position. To tell you the truth I just felt like life was not worth living because I just seemed to be getting worse all the time and nothing seemed to do me any good.

I would have awful pains in my back and kidneys and could hardly sleep. Two hours each night would be about all the sleep I would get. Most always after eating I would have gas on my stomach and my heart would palpitate. I would get weak in my limbs, and have dizzy spells and would have spots in front of my eyes.

"About a month ago I began reading about Tanlac, and heard the railroad men talking about it. Several of my friends had taken the medicine and said it was a fine thing for stomach trouble so I decided to give it a trial. The first bottle helped me so much I kept on taking it and have just finished my fifth bottle. When I weighed the other day I kicked the beam at one hundred forty-one pounds and was so surprised I turned around to see if some one was not standing on the scales. Yes, sir, that's a fact. I had actually gained twenty-two pounds and feel like a new man again for the first time in four years.

"Tanlac helped me from the start, and before I had finished taking the second bottle I got so I would eat and sleep and work as good as anybody. That's what the medicine did for me and everybody who knows me will tell you the same thing. Why, I can just eat anything now and indigestion never bothers me a particle any more. I can sleep good too, and feel just fine in every way. Speaking of eating, my grocery bills have gone up to almost double.

"Just to show you what I think of the medicine I bought a dozen bottles today in order to always have a supply on hand, I wouldn't be without it for anything in the world."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., in Sacul by Arkan Cranford and in Cushine by A. J. Beck and in Douglass by Campbell & Watkins.

AMERICANS ARE BENIG HELD IN GERMANY

WASHINGTON, May 22.—Protest to Germany against the detention of American citizens was made by the state department Tuesday through the Spanish government. The department has received positive information that Americans are held in Germany and has asked for a full and definite statement of the imperial government's attitude concerning their departure.

It is pointed out this government always has acted promptly on applications of German subjects to leave the United States.

The department's protest is based specifically upon the cases of two American employees of an electrical company at Antwerp. The names have been withheld. It is not believed that there are more than 50 or 75 Americans in all Germany if there are that many.

All efforts to obtain information as to why the two men of Antwerp have not been allowed to depart have failed. The department statement announcing the protest directs attention to the fact that no obstacle has been placed in the way of Germans wishing to leave America. This generally was construed as an intimation that some measure of reprisal might be adopted in the event that Germany persists in ignoring the right of Americans to leave her territory.

A SERIOUS TRAGEDY IN SHELBY COUNTY

TENAHA, Texas, May 20.—Word reached here this evening of a tragedy in the lower end of Shelby county last night, resulting in the death of Jack Wilburn, a farmer, and one of the old-time residents of this section. Another farmer, named Carpenter, is the county jail at Center charged with murder.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . I can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

All Druggists

J 72

The remains of Mr. A. I. Shippey were brought to Lufkin today from Tyler and taken to Chireno, his old home for interment. They are accompanied by a brother of the deceased, Mr. E. J. Shippey, Messdames J. E. Whitney, J. T. York and H. R. Akers of Tyler, also accompanied the remains to Lufkin, returning home this afternoon.—Lufkin News.

To Prevent Self-Poisoning.

Bowels clogged with waste matter poison the whole system. Foley-Cathartic Tablets work gently but surely; do not gripe nor cause nausea. Recommended for indigestion, constipation, sick headache, bloating, biliousness, sour stomach, gas on stomach, coated tongue, bad breath or other conditions caused by disordered digestion. Stripling Haselwood & Co.

Mr. H. M. Carter, formerly a citizen of Angelina County, but who has been living in Nacogdoches County for a number of years, was in the city today and informed a News reporter that he had just completed arrangements to move his family back to Lufkin to live. They will arrive next week, and all Lufkin will welcome these good people.—Lufkin News.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Chefield Ave, Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills and Foley Cathartic Tablets. Stripling, Haselwood & Co. dw1

HONOR MEN WHO REGISTER.

WASHINGTON, May 17.—Registration day for service under the war army bill will be made the occasion for patriotic demonstrations all over the country. There will be celebrations in honor of the men who register, with patriotic talks by governors, mayors, presidents of chambers of commerce and others.

The place of honor in local parades will be given young men of registration age.

Committees of men and women will be at every registration booth to pin an emblem on each man who registers.

We will buy your fresh country butter. Branch & Goldsberry. w 3t

SELECTIV E REGISTRATION SET FOR JUNE THE 5TH

On This Day Every Man Between 21 and 31 Years of Age Must Register Without Fail.

WASHINGTON, May 18.—In his proclamation under the draft law, the president declaring establishment of the selective conscription system "A new thing in our history and a landmark in our progress," enjoined the nation to approach the day of registration "in thoughtful apprehension of its significance," set June 5, 1917, between 7 a. m. and 9 p. m. as the day of registration.

"It is not an army that we must train for war," said the proclamation, "it is a nation. To this end our people must draw close in one compact front against a common foe. But this can not be if each man pursues a private purpose. All must pursue one purpose."

"The nation needs all men, but it needs each man, not in the field that will most please him, but in the endeavor that will best serve the common good."

Those who remain to till the soil, the president pointed out, and others who help keep the vital processes of the nation are to be no less a part of the army than those who actually take the field. Every country in the great war, he said, must be a nation in arms, for the scale of war has become so great that armies have been replaced by nations in arms.

"It is in no sense a conscription of the unwilling," the president said, "it is rather selection from a nation which has volunteered in mass. It is no more a choosing of those who shall march with the colors than it is a selection of those who shall serve an equally necessary and devoted purpose in the industries that lie behind the battle line."

SPAIN'S CABINET IN SPECIAL SESSION

MADRID, May 18, via Paris.—An extraordinary meeting of the cabinet was called yesterday evening immediately upon receipt of news of the sinking of the Spanish steamer Patricia of 2500 tons. The account's stated that the crew was saved, but that one sailor was seriously injured. It is supposed that the cabinet decided to send another note of the most energetic character to Germany. A violent clash between Franco-philis and Germanophiles occurred here last evening as the outcome of arguments over the Spanish note to Germany and Germany's reply concerning the sinking of the Spanish steamer San Leandro. Severy hundred persons took part in fist fighting, and some of them used canes during the encounter.

Trouble Entirely Disappeared.

Knudt Litt, Wannaska, Minn., writes: "For several years my daughter had a bad chronic cough. Not until we tried Foley's Honey and Tar did anything produce any great relief. In a few days the trouble entirely disappeared and has never returned."—Contains no opiates; a safe, reliable remedy, children like it. Stripling, Haselwood & Co. dw1

Mr. J. V. Howerton of Abilene has been in the city a day or two visiting with relatives and old friends, and will go out to Linn Flat this afternoon for a visit with relatives and old friends in that section. Mr. Howerton has risen from the ranks of an obscure Nacogdoches county boy to a prominent banker and capitalist, and is very popular with the people of his new home.

A. M. Hunsucker, Bogue Lenoir, Miss., writes: "I suffered from rheumatism, kidney and bladder trouble, also dizziness; would almost fall down at times. Foley Kidney Pills gave me entire relief." Disordered kidneys give warning by pains in side and back, sore muscles, swollen joints, tired and languid feeling. Stripling, Haselwood & Co. dw1

OFFICERS FIND DISTILLERY OVER IN SHELBY COUNTY

The following report of the finding of a distillery and the arrest of three men, is taken from this week's issue of the Center Optimist:

Sheriff James T. Swanzy left town late in the afternoon of last Saturday, and went off down the road toward Shelbyville, returning Sunday morning with Wade Hutto, W. M. Cox, and W. J. Porter, all well known citizens of Huxley, in charge, whom he arrested on a charge of selling whiskey.

When asked for a statement of the cases against the men, Sheriff Swanzy said that he is not as yet in position to give out any information, on ac-

Mother's Troubles

Mother's unending work and devotion drains and strains her physical strength and leaves its mark in dimmed eyes and careworn expressions—she ages before her time. Any mother who is weary and languid should start taking

Scott & Bowne, Bloomfield, N. J. 16-4

count of having other facts to work out. But rumor in the neighborhood of the accused is to the effect that someone has been operating a distillery and turning out John Bartycora in the good old way, though just what part the men above named play in the case can not yet be ascertained.

The officers here have been noticing for some time that the Pickering front has been well supplied with booze and to locate the source of supply has been the objective point. It would appear now that the still, true to its name, hasn't been keeping still even after work hours and persons passing nearby evidently got a whiff of the aroma that was "as mellow as moonshine," and the secret was too good to keep.

Later—Sheriff Swanzy made a second trip to Huxley this week, returning yesterday afternoon, wearing a wise but non-communicative smile on one side of his face. And this morning when Jesse Permitter and W. B. Kirkland of Huxley came driving up with the distilling outfit in a wagon, further explanations were not necessary. It was a home-made, improvised outfit, consisting of a wooden top for a wash pot, twelve feet of piping, and a water cooling trough about seven feet long, the whole of which is now closeted at the sheriff's office.

The outfit was found in Hutto's field and confiscated by the authorities, to be used as evidence in the case.

It is said that the distillery has been operated at different places in the community since last fall.

Hutto has been released on bond in the sum of \$2,500, to await the action of the grand jury, but Cox and Porter remain in jail.

"Maximum" inner tubes are better for less money. Try them. Stripling Haselwood & Co. 113d2w

THE COUNCIL PLANS FOR FUTURE ACTION

AUSTIN, Texas, May 18.—Meeting at the Driskill Hotel here this morning for its first session under the legal status given by the legislature, the State Council of Defense perpetuated the organization formed a few days ago at Dallas; those 10 standing committees, and constituted their chairman an eleventh, on organization and unification of effort; named Austin as the headquarters of the council, and listened to an address by Governor James E. Ferguson.

The governor was introduced by Chairman O. E. Dunlap at the opening of the session, and made a plain, matter of fact address, declaring that this was a time to "get down to brass tacks" and not for oratory.

The governor stressed two points—the necessity of a campaign of education, and the importance of preventing hasty legislation on price control that would drive producers to lessen rather than increase their output. Production can only be stimulated, the governor said, by appealing to the self interest of the producers. If they are convinced that production will be profitable—he spoke especially of the fears of stock raisers—they will abandon production for a business that promises more profits.

It was hard to say, the speaker declared, what all the council should undertake, but it was plain that they should give their best thought and efforts to these two things.

The chairmen of the 10 committees are: Finance, Royal A. Ferris, Dallas; publicity, Joseph Hirsch, Corpus Christi; legal, Thomas H. Ball, Houston; co-ordination of societies, R. E. E. Knight, Dallas; sanitation and medicine; J. M. Wagstaff, Abilene; food supply and conservation, Frank Kell, Wichita Falls; state protection, R. J. Gleberg, Kingsville; transportation, F. G. Pettibone, Galveston; labor, H. W. Lewis, Smithville.

We have a lot of good ribbon cane syrup. Phone us your order. Stripling, Haselwood & Co. 113d2w

DIVISION OF TROOPS ORDERED TO FRANCE

Major General Pershing Will Carry Stars and Stripes to the Scene of Conflict.

WASHINGTON, May 18.—President Wilson tonight ordered that division of regular troops commanded by Major General John J. Pershing be sent to France at the earliest practicable date.

This is the answer of American to France's plea that the Stars and Stripes be carried to the fighting front without delay to hearten the soldiers battling there with concrete evidence that a powerful ally has come to their support against German aggression.

Announcement of the order followed signing of the selective draft war army bill by the president and the issuing of a statement that under advice of military experts on both sides of the water the president could not employ volunteers nor avail himself of the "fine vigor and enthusiasm" of former President Roosevelt for the expedition.

Hard Work For Women.

It is doubtful if there is any work harder than house-work. Overwork tells on the kidneys, and when the kidneys are affected one looks and feels older than the actual years. Mrs. A. G. Wells, R. R. 6, Rocky Mount, N. C., writes: "I cannot praise Foley Kidney Pills enough for the wonderful benefit I have derived. Stripling, Haselwood & Co. dw1

McADOO POINTS TO URGENT NEED

CHICAGO, May 18.—William G. McAdoo, secretary of the treasury, began his Western campaign in behalf of the Liberty Loan bonds here last night with a speech before financiers, bankers and business men. McAdoo arrived at noon and was entertained at an informal luncheon at the Chicago Club.

In his speech the secretary said it was difficult to make the country people understand that they were involved in the most colossal war of all time. He regarded it as a serious defect of democracy that its people could be aroused only after some great disaster. It was no longer true, he said, that the "best friends of the American people were the Atlantic and Pacific oceans." Submarines already had crossed the Atlantic and sunk vessels off American shores; wireless telegraphy had enormously facilitated military operations on land and sea—all modern science had nullified space, and no longer was the United States secure because of its isolation, he asserted.

"Prompt financial assistance to the allied governments, by which they may be able to acquire quickly the necessary supplies and munitions of war from this country, may enable the allies to gain a decisive victory before American soldiers may be sent to Europe," the secretary said. "The Liberty Loan will put the government in a position to extend this financial aid. Every man and woman who buys a Liberty bond will contribute in the most immediate and helpful way to bring this horrible war to a quick conclusion."

If you want a pocket knife, come and see our line of W. R. Case, guaranteed. Knives at the old price. Stripling, Haselwood & Co. 11-3d2w

ANOTHER PATRIOTIC MEETING.

According to previous appointment, a second patriotic meeting was held Thursday night, May 17, by the colored citizens of the city at the colored High School building.

The resolutions adopted in the first patriotic meeting were reviewed. Rev. T. J. Hunter, Rev. H. Hall, W. M. Bonaparte, J. H. Hollis, H. C. Carpenter, Rev. F. Stern made speeches to the audience present.

We feel it our duty to continue lecturing our people concerning our duty as citizens in upholding the rightful authority of this government.

We feel that this is our country, first by adoption and now by choice; therefore, whatever its struggles are concern us as well as the white man.

The economic side of living was discussed at length. Be a producer of some food product, raise corn, peas, vegetables, chickens, thereby lessening the cost of living, was the prevailing sentiment.

We may not be called to the firing line, but we can produce something here to feed the men who are at the front.

E. J. CAMPBELL, Chairman. M. W. Harris, Reporter.

No. 666

This is a prescription prepared especially for MALARIA, CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Colomel and does not gripe or sicken. 25c

Californian Had Kidney Trouble

Jack Maltos, Copperopolis, Calif., says: "I had such a severe case of kidney trouble I thought I would have to sell out my business. I took three bottles of Foley Kidney Pills which entirely relieved me and I have had no recurrence of kidney trouble since then."

Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder troubles. The ache across your back grows worse with every move you make and every step you take. It just seems to rob you of all strength and energy. Your head aches, you are nervous and worn out, sleep poorly and have no appetite, stomach is upset and bowels irregular.

Foley Kidney Pills lessen the pain, until it is finally gone entirely. They give strength and tone to the kidneys—make them strong, active, their action becomes regular and normal again, and your health grows better each day you take this great healing medicine.

Stripling, Haselwood & Co.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION. PROVIDING FOR AND RELATING TO THE CREATION OF CONSERVATION DISTRICTS.

Senate Joint Resolution No. 12.

Proposing to amend Article 16 of the Constitution of the State of Texas by adding thereto at the end thereof another section to be known as Section 59 declaring the conservation and preservation of all the natural resources of the State of Texas are public rights and duties; providing for the creation of conservation districts, defining such districts bodies politic and corporate, defining the authority of such districts, and conferring upon the Legislature authority to pass laws with reference thereto; declaring that the Legislature shall have authority generally to legislate for the purpose of conserving the natural resources of the State; fixing the time for the election for the adoption or rejection of said proposed constitutional amendment; making certain provisions for said election and the ballots thereof and the methods thereof; directing the issuance of the proclamation thereof, prescribing certain duties of the Governor of the State and making an appropriation to defray the expenses of said election.

Be it resolved by the Legislature of the State of Texas:

Section 1. That article 16 of the Constitution of the State of Texas be amended by adding thereto at the end thereof another section to be known as Section 59, and which shall read as follows:

Section 59a. The conservation and development of all of the natural resources of this State including the control, storing, preservation and distribution of its storm and flood waters, the water of its rivers and streams for irrigation, power and all other useful purposes, the reclamation and irrigation of its arid, semi-arid and other lands needing irrigation, the reclamation and drainage of its over-flowed lands, and other lands needing drainage, the conservation and development of its fore te, water and hydro-electric power, the navigation of its inland and coastal waters, and the preservation and conservation of all such natural resources of the State are each and all hereby declared public rights and duties; and the Legislature shall pass all such laws as may be appropriate thereto.

(b) There may be created within the State of Texas, or the State may be divided into, such number of conservation and reclamation districts as may be determined to be essential to the accomplishment of the purposes of this amendment to the constitution, which district shall be governmental agencies and bodies politic and corporate, with such powers of government as such powers of government exercise such rights, privileges and functions concerning the subject matter of this amendment as may be conferred by law.

(c) The Legislature shall authorize all such indebtedness as may be necessary to provide all improvements and the maintenance thereof requisite to the achievement for the purpose of this amendment, and all such indebtedness may be evidenced by bonds of such conservation and reclamation districts, to be issued under such regulations as may be prescribed by law and shall also, authorize the levy and collection within such districts of all such taxes, equitably distributed, as may be necessary for the payment of the interest and the creation of a sinking fund for the payment of such bonds; and also for the maintenance of such districts and improvements, and such indebtedness shall be a lien upon the property assessed for the payment thereof; provided the Legislature shall not authorize the issuance of any bonds or provide for

any indebtedness against any reclamation district unless such proposition shall first be submitted to the qualified property taxpaying voters of such district and the proposition adopted.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held for such purpose on the Third Tuesday in August, A. D. 1917, the same being the 21st day of August, A. D. 1917; At said election the vote shall be by official ballot which shall have printed or written thereon the words "For the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation" and also the words "Against the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation" constitutional amendment shall erase words "Against the amendment to constitution amendment shall erase the words "For the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," and those opposing it shall erase the words "For the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," which said erasure shall be made by making a mark with pencil or pen through said words. All ballots cast as above provided shall be counted as cast for or against this proposed amendment, and if a majority of the votes cast shall be for the amendment it shall be declared adopted; if a majority of the votes cast shall be against the amendment said amendment shall be lost. All the provisions of the general election laws as amended and in force at the time said election is held shall govern in all respects as to the qualifications of electors, the method of holding such election and in all other respects as far as such election laws can be made applicable.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the constitution and laws of this State.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the State Treasury not otherwise appropriated to defray the expenses of such proclamation, publication and election. C. J. BARTLETT, Secretary of State. (A true copy.)

Dr. W. H. Bruce, Osteopathic Physician, Redland Hotel.

IRON WANTED.

Will pay \$5.00 per ton for scrap iron, free from shoe iron and tin, delivered Nacogdoches Elevators Company's warehouse. Also want all other kinds of junk. Claibe Johnson, wtf

COW HIDES WANTED.

We are paying 18c per pound for green hides. Green hides should be salted heavily as soon as possible, and shipped by express. Put one tag with your name and address inside of the sack and one on the outside.

We also handle horse hides and wool. A GOLETERNEK & CO. wtf

Five good cows, properly handled, will make more clear money in a year's time than you can make profit on ten bales of cotton. Can you make ten bales of cotton? You need a separator; Sooner or later you will buy a DeLaval. See and try one before you get sorry. H. H. Cooper. 25-tf

FOR SALE

We are now offering practically all of our old houses for sale. Have them ranging in price from fifteen dollars up. These houses can be torn down, moved and reproduced at a very little extra cost for lumber.

We also have three large lumber sheds that would make excellent barns, about fifty thousand feet of lumber in each shed, also a lot of old dolly way lumber that we will sell cheap.

3 second-hand Lindsey eight wheel log wagons, for mules.

2 second-hand Lindsey eight wheel log wagons for oxen.

Quite a lot of 1 1/2, 1 1/2 and 2" second hand pipe in fine condition.

All of above now located at Caro, Texas and can be seen and priced any day.

Saner-Whiteman Lumber Co.

BUSINESS AND BLUES

Symptoms of More Serious Sickness.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies." —Mrs. ROBT. STOEPLER, Sage Avenue, Washington Park, Illinois.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

THE REGISTRARS.

WASHINGTON, May 16.—Persons volunteering to act without compensation as registrars under the selective draft bill were requested in a war department statement today to communicate direct with the sheriff or mayor of their home jurisdiction. The department has been flooded with such volunteer offers which in each case have to be referred to local authorities.

The statement announced that the pay of registrars not volunteering would be \$4 per day, but that compensation for the registration day only would be allowed.

Slackers who seek to evade registration for the war army on the day to be set by President Wilson, can be detected easily. Another department statement today explains that lists of persons registered will be posted and all citizens who know of evasions are expected to report them.

In failing to register, says the statement, a citizen places himself cross-current to the overwhelming sentiment of the country as voiced by its representatives in congress. He casts doubt upon his courage, commits a misdemeanor and renders himself liable to imprisonment."

ALAZAN LOCALS.

Health of the people of Alazan hasn't been so good the past week, there being considerable sickness in the way of chills and fever in the community.

A mad dog passed through this community, biting several dogs, a horse and several dogs. A citizen shot at him three or four times, but was too far away and the dog made his escape and has not been heard from since.

Miss Ollie Booty of Nacogdoches is visiting Mr. and Mrs. Morgan in this community for several days.

MORTUARY FUNDS FOR CONFEDERATE PENSIONERS

The recent session of the legislature passed a law by which a mortuary fund of thirty dollars is created for Confederate pensioners and the department has posted the following notice in the matter:

The following bill has become a law, and will go into effect on April 1st, 1917, and will effect only pensioners whose deaths occur after April 1st, 1917, and I cannot approve affidavits for pensions, who deaths occur a few days before this date.

You will note that notices of deaths must be reported to this office within forty days, after said deaths occur, otherwise I cannot request the issuance of a Mortuary Warrant. Forty-one or more days after the death, notices will not be honored, hence will ask that you post this notice so that interested parties will be informed regarding this.

The Commissioner of Pensions, Austin, Texas will furnish blank at time of death, hence all notices must be sent to him, and notices must be in his office within FORTY DAYS after the death of the pensioner.

NO WARRANT CAN BE DRAWN FOR OVER THIRTY DOLLARS.

Every blank on the mortuary application must be filled in, or reason given why such blank has not been filled. If this is not complied with the application will be returned to the applicant.

A BILL

To be Entitled.

An act providing for the return of pension warrants where the pensioner dies during the quarter for which the warrant was issued, the cancellation of the same, and the issuance of a Mortuary Warrant to pay the funeral expenses of the deceased pensioner, etc., and declaring an emergency.

Be it enacted by the Legislature of the State of Texas.

Section 1. Whenever any pensioner who has regularly placed upon the pension roll under the provisions of law relating thereto shall die and proof thereof shall be made to the Commissioner of Pensions within forty days from the date of such death, by the affidavit of the doctor who attended the pensioner during the last illness, or of the undertaker who conducted the funeral, or made arrangements therefor, the Commissioner of Pensions shall have authority to approve and have issued by the Comptroller of Public Accounts a mortuary warrant for an amount not exceeding thirty (\$30.00) Dollars payable out of the pension fund, in favor of the heirs or legal representatives of the deceased pensioner, or in favor of the person or persons who are entitled to the proceeds of the existence and justice of such amounts to be made to said Commissioner under oath and in such form as he may require, for the purpose of paying the funeral expenses of the deceased pensioner.

In such cases where a warrant for the pension for the quarter during which the pensioner died has been issued, the same shall be returned to the Commissioner of Pensions, who shall mark the same "Canceled," and file it with the Comptroller of Public Accounts before the mortuary warrant herein provided for shall issue.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Where such warrant for the pension has not been issued, the same shall not be issued, but the mortuary warrant herein provided for shall take the place thereof.

Section 2. The fact that there is now no adequate law covering the subject matter of this Act, together with the crowded condition of the calendar, and together with the fact of the importance of this matter, create an emergency and an imperative public necessity, requiring the suspension of the constitutional rule requiring bills to read on three several days, and that this Act take effect from April 1, 1917, and such rule is hereby suspended and it is so enacted.

AMERICAN NAVY TAKES PART IN WAR WORK

LONDON, May 16.—The admiralty today announced the arrival of American destroyers in British waters.

The following announcement was given out:

"The British admiralty states that a flotilla of United States destroyers recently arrived in this country to cooperate with our naval forces in the prosecution of the war."

ENTIRE FLEET TO GO.

WASHINGTON, May 16.—When the British admiralty's announcement was received the navy department officials here confirmed the presence of the American ships in the war zone, but made public no other information.

The destroyers are in command of Rear Admiral Sims, who is directing their operations in conference with the heads of the British and French navies.

Ultimately the entire American destroyer flotilla will be sent to the war zone. The navy department's reasons for not announcing the presence of those already there was that it wished to complete the movement before making it public.

WHEAT FUTURES CONTINUE DROP

CHICAGO, May 16.—The price curbing effect of restricted regulations by grain exchanges was enhanced by warm weather today and wheat futures by noon had shown further declines of from 23 to 24 cents.

July dropped to \$2.18, which is 57 cents cheaper than it was before the regulations went into effect. September dropped to \$1.98, which is 47 cents under the maximum price fixed by the board of trade.

The restrictions apply only to futures. Actual wheat was still selling at over \$3 a bushel and very hard to get.

CLEANING UP COURT HOUSE.

People who have recently complained about the unsanitary condition of the court house will be pleased to learn that the building is now being cleaned from "center to circumference."

The day yesterday was devoted to cleaning up the jail. All old dirty bedding was burned, and the building was thoroughly cleaned and renovated. Finishing this job, the court house was next tackled, and is being thoroughly cleaned and renovated.

Our court house is a building that the whole county can well be proud of. There is not another building that measures up to the proportions and arrangement of this building in East Texas, and with it in a sanitary condition, as it should be at all times, we can invite the attention of visitors to it, as well as enjoy its convenience in the purposes for which it was planned.

TO BE FOREWARNED IS TO BE FOREARMED

The following—a clipping taken from the De Laval Monthly; the official organ of the Separators Company of that name, should be of interest to all merchants who are trying to increase their sales to dairy farmers. More especially so to those who are selling dairy equipment:

Herman Rosenthal, advertising manager for a well known Chicago mail order house, recently appeared before the American Ad. Club, and in his address enlightened the club regarding to one of the methods by which his company extends its trade.

Mr. Rosenthal is quoted as saying: "We have a bureau whose duty it is to read each week the country newspapers from all over the country. There is not a paper of any consequence in our trade territory that our bureau does not get. This bureau looks over these papers and when it finds a town where the merchants are not advertising in the local papers, we immediately load that territory with our literature. It always brings results far in excess of the same amount of effort put forth in a territory where the local merchants all the time use their local papers."

This statement is illuminating. Where the local merchants are aggressive and advertise in their local papers, the mail-order houses find no encouragement to spend their money and energy. Where the local merchants are heedless of their opportunities and do not advertise there the mail order house finds a fertile field—Selected.

A knick taken from the methods used by mail order houses in communities where merchants fail to avail themselves of their superior advantage over an outsider. As flowers die from a lack of earthly sunshine, so many business die from lack of business sunshine. Publicity is the sunlight a business demands. See that yours doesn't expire for lack of it.—Contributed.

The Sentinel is glad to note that there has been a great awakening among the business men of Nacogdoches in this matter, and the trial is proving the philosophy of the argument. There are some yet who do not appreciate the value of the printers' ink as much as they should, and in this lack of appreciation they are the losers, but with the splendid examples that are now in daily evidence the new day is dawning and the mail order competition is being overcome.

GARDNER RESIGNS FROM CONGRESS

WASHINGTON, May 16.—Representative Gardner of Massachusetts has resigned from congress to enter the army.

Mr. Gardner has been one of the most active figures in the movement for military preparedness and was a member of the ways and means committee. He has been ordered to active duty as a reserve officer. He is the first member of the house to quit congress for military service in the present war.

Mr. Gardner has been one of the ones in the officers' reserve corps, adjutant general's department, and will report next week to Major General Leonard Wood's headquarters of Charleston, S. C.

THE TEXTBOOK BILL GOES TO GOVERNOR

AUSTIN, Texas, May 16.—The Bee textbook bill was passed finally in the house today. The measure as amended by the house was sent to the senate and that body concurred in the house amendments. The bill now goes to the governor for approval.

Before final passage in the house, an amendment was adopted which provides that the state shall allow the same discounts from central depositories; in other words, central depositories and sub-depositories are placed on the same footing when the time arrives for the state to furnish free textbooks to the school children.

BAPTISTS HONOR DALLAS PASTOR

NEW ORLEANS, May 16.—Rev. Dr. J. B. Gambrell of Dallas, Texas, was elected president of the Southern Baptist convention for the ensuing year at its opening session here today.

Doctor Gambrell received 553 votes out of a total of 1149 cast on the first ballot. The five other candidates for president withdrew and the convention directed the secretary to cast the entire vote of the body for Doctor Gambrell.

Among the other candidate Dr. S. P. Brooks of Waco received 195 votes. He later was elected one of four vice presidents.

Doctor Gambrell immediately took the chair and will preside over the present convention, which is to close May 22.

All other former officers of the body were re-elected.

Give Your Percolator a Chance to Make Good

The Luzianne Guarantee: If, after using the contents of a can, you are not satisfied in every respect, your grocer will refund your money.

The best percolator and the finest recipe cannot produce a good pot of coffee if the dry coffee isn't exactly right to start out with. If the same percolator and the same recipe do not produce the same results every time, you can bet your boots it's the coffee that's off-beat! Luzianne is uniformly good coffee. There is no guesswork about it—ever. Give your percolator a chance to make good. Buy a can of Luzianne today. The guarantee is genuine—means just what it says. Ask for profit-sharing catalog.

The Reily-Taylor Company, New Orleans

FOOD MEASURES BEING DRAWN ONCE MORE

WASHINGTON, May 16.—Redrafting of food regulations, pending to meet the view of the administration was forecast today in the request of the senate agricultural committee that the house committee name a subcommittee to assist it in drawing new bills.

Members of both committees received a clear idea at a White House conference last night of what the administration wants. The administration program calls for 3 measures, one to promote food production, another providing regulatory measures, and the third giving authority to ensure preferential shipments of food supplies. The first two bills are pending in the house and the third was introduced today in both houses.

The first-house bill probably will be allowed to stand, but the second will be changed to give the president regulatory powers vested in the bill in the agriculture department. The second bill also will authorize creation of an emergency food agency to operate under direction of the president. It will be headed by one man with a staff of assistants, many of them business men, working without pay, and would be authorized to utilize the services of other government departments and agencies.

Herbert C. Hoover, in all likelihood, will be named to head this board.

The main things sought in the administration program outlined today by Secretary Houston, are:

Power to increase production, regulation of exchanges, power to fix prices and to requisition hoarded supplies, power to regulate use of grain prevention of speculation, licensing in the manufacture of alcoholic prevention of speculation, licensing of distributing agencies and authority to create emergency food control measures.

Among the physicians of Nacogdoches county who attended the meeting of the Medical Association, and were not mentioned at the time, are Dr. T. J. Blackwell of this city; Dr. Y. P. Barton of Cushing, and Drs. G. E. Samuels and C. H. Tindall of Appleby. They all had a very pleasant and profitable visit.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Mrs. Vick Martin and baby of Houston are visiting Mrs. Martin's parents, Mr. and Mrs. Dick Hall.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, when this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whiter and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

APPLEBY LOCALS.

Miss Ada Belle Thacker of Garrison was a business visitor here last week. She has accepted a position in the school as Latin and English teacher.

Mrs. H. B. Hodges and daughters, Misses Kate and Susie Belle, visited Mrs. Patterson at Garrison Sunday.

Mrs. Ernest Lloyd and little daughter, Florine, are visiting her parents, Dr. and Mrs. Harrison.

Mr. J. W. Hobbs and two sons, Max and Pierce, have returned to this place.

Mr. Willie Coon, who has been at work in Palestine for some time, will be at home with his father, Mr. J. P. Coon.

The "Jolly Stitches" meet with Misses Jewell and Ethel Wednesday afternoon.

Miss Lillian Hart of Garrison was a visitor Sunday and Monday with Mr. and Mrs. Frank Hill and Miss Mamie Hill.

Mr. Johnnie Scoggins, who is at work at Nacogdoches, was a visitor to homefolks Sunday.

Mr. and Mrs. O. W. Skeeters and Mr. and Mrs. Tom Blacksher motored to Garrison Friday night to attend the High School play.

Mr. W. T. Kenna has returned to Appleby.

Horace Rainbolt, son of Mr. and Mrs. Geo. F. Rainbolt, has gone to Tyler to take a business course in the Tyler Commercial College. It will be remembered that Horace served with the National Guards in the recent unpleasantness with Mexico, and with his company, was mustered out of service several months ago. He expected to be re-called, and held himself in readiness to serve his country again, but a few weeks ago received an honorable discharge from his company by reason of some minor physical defect and for the faithful service he rendered. His career as a soldier thus being brought to a close without his solicitation or desire, he will now train himself for a business man, and his friends expect of him the same faithful application and success that characterized him as a soldier.

ATTENTION!

Uncle Sam Wants Stenographers at Good Salaries.

Be patriotic, serve your country; go into training immediately. The Government is making an extraordinary effort to fill the great number of clerical and stenographic positions created by the war. Read the following letter and be convinced.

Washington, D. C. April 18, 1917.

Tyler Commercial College, Tyler, Tex. Gentlemen:

The present emergency conditions are taxing the resources of this Commission to furnish stenographers and typewriters in sufficient number for the departments at Washington. For the present, examination for both men and women are being held every Tuesday in 400 of the principal cities.

Enclosed are two poster announcements of stenographers' and typewriters' examinations. It is requested that they be displayed where they will come to the notice of your students and other stenographers that you personally make announcement in the class-room of the NEED OF THE GOVERNMENT, and that, if practicable, you communicate the information to your graduates.

The civil as well as the military forces must be recruited to meet the unusual situation. STENOGRAPHERS AND TYPEWRITERS IN LARGE NUMBERS ARE NEEDED. IT IS THE PATRIOTIC DUTY OF THE CITIZENS WHO HAVE THIS SPECIAL KNOWLEDGE TO USE IT WHERE IT WILL BE OF MOST VALUE TO THE GOVERNMENT.

The commission will be grateful for your co-operation.

By direction of the commission. Very respectfully, JOHN A. McILHENNY, Pres. Civil Service Com.

Can you say that a young person fighting a typewriter or pushing a pen for Uncle Sam is an otascum pen for Uncle Sam is not at patriotic as one who shoulders the rifle? You are not required to enlist and you may resign at any time and, too you have received a training worth thousands of dollars to you after peace is declared. The entrance salary is from \$900.00 to \$1200.00 per year. Can you equal that in any other way during the war, which it is claimed by high officials, will last three years, considering the duty you owe your country? Young ladies, this is an excellent opportunity to show your patriotism, for you are as much in demand as men. These positions are permanent, for business never gets dull with "Uncle Sam." The Government has long since recognized the Tyler Commercial College as one of the greatest institutions of its kind for successfully preparing young people to pass these various examinations. Get busy. Do your part. Don't be conscripted into doing your duty. A stenographic course is only \$60.00 for all tuition and stationery. Write for free catalogue, TYLER COMMERCIAL COLLEGE, Tyler Texas.

O. G. Bright's Confectionery is where you get what you want. Star Fruits and all kinds of sandwiches. Next door to Candy Kitchen, 24-2w.

Notary bonds at \$1.00. Sublett Insurance Agency. 25-611w

LIFT YOUR CORNS OFF WITH FINGERS
Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison from trimming the corns with a razor is told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any drug store, but will positively rid one's feet of every kind of soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you. 60

WILL GIVE PLAY

The Sentinel is requested to give notice that the teachers and pupils of Red Oak school will give a play entitled, "Call of the Flag," on some convenient evening about the first of July. More definite date will be announced later.

GRADUATING EXERCISES GARRISON LAST NIGHT

Some six or eight cars of Nacogdoches people attended the graduating exercises of Garrison High School last night, and bring back a glowing report of the event.

There were eleven graduates in the class, all participating in the exercises, and the brilliant manner in which each handled his part demonstrated the careful training each had received, and efficiency of which the school may feel proud.

Alfred Day, Jr., received the medal in the oratorical contest for the boys and Miss Lettie Lou Humphreys the medal for the girls. There were several participants in the contest, and it is said that each rendered his part so well that it was hard to decide as to the winners.

Prof. R. F. Davis, superintendent of Nacogdoches High School, delivered the class address in the eloquent and masterful manner for which he is so gifted, and County Superintendent G. B. Layton made a short, but most interesting and practical talk, but being limited in time could not develop his subject so thoroughly and eloquently for which he, too, is gifted.

In view of the interruption the Garrison school suffered in losing its building during the progress, and having to finish the term in different and unfurnished buildings, the splendid showing made last night is doubly complimentary.

Prof. M. A. Shaver, who has been serving as principal of the school the past four years, and who supervised the finish of the term after the fire, has been elected superintendent for the next year, and the trustees made

Right Now!

We have seven good milk cows, better than the average. Few with baby calves and others to be fresh in next few days.

Terms: Cash or trade.

BLACKBURN & MAST

We buy cattle too - Best prices

A DEAD NEGRO WAS FOUND YESTERDAY

George Coven, a well known negro, was found dead on the premises of his home near the Frost-Johnson mill yesterday morning.

Esquire Huston went out and held an inquest over the remains, the verdict of which was that the deceased came to his death from natural causes.

The old negro was subject to epilepsy, and it is presumed that he died while suffering with a fit of the trouble.

Mr. W. H. Wood, who moved to Austin for the benefits of his good wife's health some months ago, and who was bereft of his companion several weeks ago, returned to Nacogdoches Saturday afternoon.

The many friends of this most excellent gentleman greatly sympathize with him in his loneliness, and are glad that he has returned that they may console and minister to him in his bereavement.

Prof. A. E. Day, formerly of Garrison, but now superintendent of the schools of Jefferson, Texas, was a business visitor to the city today. His school closed Friday and he is visiting his family at Garrison and making arrangements to move to Jefferson before taking up his duties as one of the teachers in the Denton Summer Normal. Prof. Day is highly pleased with his new location, and will soon build up a great school in the old town.

REP. GARNER GOES TO THE HOSPITAL

WASHINGTON, May 22.—Representative Garner was taken to a hospital today to have a minor operation performed. It was explained that his ailment should not cause any of his friends uneasiness.

Garner has been working under a severe nervous strain since the convening of the war congress and was badly in need of rest. His physician advised that he should have the operation performed and at the same time get the opportunity to rest and recuperate for two weeks.

I represent a Loan Company who is anxious to make some loans against improved farms at a reasonable rate of interest, five to ten years time. Loans can be completed in a very short time. C. A. Hodges. 1w

S. MINTZ

WOODMEN PICTURE COMPANY ORGANIZED LAST NIGHT

At the meeting of the Woodmen last night a company was organized for the promotion of the new Woodmen picture being gotten up by Capt. Elmer Weaver, and with which readers of this paper are familiar.

S. M. Adams was elected president, Audley Harris secretary-treasurer, and the following well known citizens were elected directors: G. M. Halton, A. A. Seale, H. T. Mast, J. H. Brantley, Bob Parrish, J. F. Summers, Jr., T. J. Kinsey. Elmer Weaver will be a member of all committees.

The new company will sell the remainder of the stock as quickly as possible, incorporate, have the picture finished and negotiate with the picture shows of the country for its exhibit. All this work will be done as quickly as possible, and in the course of a few weeks the picture will in all probability be going the rounds, meeting with the good reception its merit warrants.

A LARGE CROWD ATTENDED THE MUSICAL RECITAL

Some twelve or fourteen cars of Nacogdoches people attended the musical recital given by Miss Fannie Middlebrook's music class at Garrison last night, and bring back a most interesting and complimentary report of the affair.

Miss Middlebrook had a large and energetic class of music pupils this year, which has made commendable progress, and the program rendered last night was a most interesting and brilliant one, reflecting credit to both the teacher and those taking her lessons.

Keep Cool

during the hot summer days and nights—you will enjoy better health and do better work.

DELCO-LIGHT

will operate an electric fan, churn, cream separator, or washing machine. It will supply all the lights you require about the farm. Delco-Light is the most simple electric lighting plant made. Any child can operate it. Pays for itself in a short time. Ask to see it work.
