### NACOGDOCHES COMPANY IS NOW IN SERVICE

Oath Was Administered Yesterday Afternoon Which Put our Boys in the Service

About 3:30 yesterday afternoon Colonel Hoover administered the military oath to the Nacogdoches company of guardsmen which puts them into the service of Uncle Sam for a period of six years if their services are needed that long, but by the arrangement of the organization they will be released with the termination of the war if it should come sooner.

The boys were lined up in double-file in front of the city hall for this service, and after the oath was read, and inquiry made if each thoroughly understood, all answered "I will."

In taking the oath, there was no emotion or spirit of regret manifest with the manly young fellows subscribing to it, all smiling and cheerful and assenting with that spirit of determination which they would employ in entering upon any undertaking.

After administering the oath, General Hoover made a most impressive talk, in which he assured the boys that they were entering upon no picnic proposition, that they would encounter many hardships with the possibility of even losing their lives, and admonished them to always give heed to their superiors, submit cheerfully to discipline, and acquit themselves like men.

Col. Hoover announced in conclusion that the Federal inspector would be here on the 20th for the purpose of inspecting the members of the new company, at which time it is imperative that every member be present, and after which the new company will be mustered in to the Federal service. The new company will be sent to the training camp at Fort Worth within the next few weeks.

From Capt. Shindler The Sentinel gets the information that the boys will draw "army ration" pay from yesterday which amounts to about thirty cents a day. As soon as they go to the training camp they will draw full pay of thirty dollars per month and all expenses.

Several of the boys, who reside in other towns, did not get the word in time to get here yesterday, and will be taken in on the 20th when the Federal inspector comes, as will any acceptable volunteers who may come in during the week. Until the list is closed, the officers of the new company advise that the publication of the list be deferred, which will be better, enabling The Sentinel to give a complete list at one time of the boys who will take actual service.

Dr. Mayfield wafts a "hooray for the real mother of Texas," from San Antonio, and rejoices with us in the capture of the location of the Normal.

### SPECIAL JUDGE CHOSEN.

The attorneys of Nacogdoches bar held a meeting this morning, with Hon. Moss Adams presiding, at which Judge E. B. Lewis was elected special judge of the county court for the trial of any cases in which the attorneys can agree on trial.

This step was taken for the reason that there are some cases

## Special Introductory Prices on "Pueblo Hog Fence"

A strictly high grade fence at a price you can afford to pay. A real bargain,--nothing cheap about "PUEBLO" Fence but the price. For a few days we will sell:

20 inch high 6-20-12 Fence at 22½c rod

26 inch high 7-26-12 Fence at 26½c rod

We will sell "PEUBLO" Fence at these low prices for a few days and if you are going to buy any fencing this year we would suggest that you buy now. We have a big stock now but when this is sold prices will be a whole lot higher.

Buy now and you will save money.

## CASON, MONK & CO

### SCOUTS LEAVE FOR SUMMER ENCAMPMENT

That was a jolly bunch of the finest boys in the world who assembled at the Stone Fort this morning, and were loaded into automobiles, furnished by citizens, for the journey to the headquarters chosen for the summer encampment.

There were upward of forty boys who went this morning, and several will be picked up along the way. Others will go on the train this afternoon, and some others who can't break away from their work sooner, will go later, thus swelling the number to a good encampment.

The boys are in charge of Commissioner M. C. Johnson Scoutmaster W. W. Lee who will see to it that they have the greatest time of their lives, and at the same time learn some valuable lessons in camp-life training that will be observed.

En route the boys are due to receive some social favors at Cushing, of which they were not previously advised. They will also receive a most hearty welcome at Saul, near which place the encampment will be held. As previously noted, Sunday will be the big day with the encampment, at which time regular Sunday school and preaching services will be held, and at the noon hour visitors will assemble with well-filled lunch baskets and a feast will be spread and enjoyed that will be the biggest thing of the summer in this section of East Texas.

### TWO COUNTY MEN ARE CAUGHT IN SHREVEPORT

A few days ago Sheriff Prince told The Sentinel reporter that he was hot on the trail of some men who had taken large quantities of brass fittings from the Mayo mill. He said that the men had been through Timpson, Tyler and other places and that he had hopes of catching them in the next day or two.

The following report, taken from today's issue of the Shreveport Times, follows up the statement of the sheriff, and would indicate that he is at last successful in the quiet chase he has been conducting:

Two hundred pounds of brass fittings stolen from the Frost-Johnson Lumber Company's mill at Nacogdoches, Texas was re-

covered by Patrolmen Kostella, Cowart and Schroeder Tuesday when they arrested Stephen Phillips and C. H. Daughtit after a chase carrying them through the section from Hope street to the St. Paul bottom. Phillips is 27 years old and hails from Etoile, Texas, and Daughtit is 52 and gave Chireno, Texas as his home. A deputy sheriff from Nacogdoches will be here Wednesday to take charge of them.

At first the police were unable to discover where the brass was stolen from, but Lieutenant Doshier learned that the men were from Texas and the brass was identified in reports from officers at Nacogdoches.

The men had taken it to a junk dealer who refused to buy it and informed the police. The three patrolmen went to his junk yard and learned that they had gone to the Chicago Iron and Metal Company. When the police reached that place the men had just left; they had seen them coming and ran through an old wagon yard into the High School grounds. The patrolmen got an automobile and searched the streets on the west side of Texas avenue from Hope street to the bottom and back and caught the pair as they turned into Texas avenue from Hope street.

### WORK BEGUN ON NEW OFFICE BUILDING

The work of excavating and laying the foundation has been begun on the new garage and office building, on the lots formerly occupied by the old court house, and we understand that it will be pushed until the new building is completed.

As previously noted in this paper, this building will be three stories high, with basement underneath, and when completed will be the largest and finest building in the city, overlooking the public square where it will be a great ornament to the whole town.

Mr. John Thompson, a stirring contractor of San Augustine, has the contract, and he has a record of never allowing anything to lag, insuring that there will be something doing with the job this summer, and ere the bad weather of winter approaches, the great building will tower above its neighbors.

which the attorneys are very anxious to dispose of, and as the county judge can not recover from his illness in time to preside over any part of this term of court, this was the only way to get trial.

### OFFICIAL NOTICE OF NORMAL.

At the meeting of the locating committee for the Stephen F. Austin State Normal School held in Dallas, Texas, July 14th, 1917, the following resolution was adopted by the committee:

"It was moved and seconded that the proposition of the city of Nacogdoches, Nacogdoches County, Texas, as embodied in their application for the Stephen F. Austin State Normal School, be accepted upon the condition that all the terms and agreements and obligations as set forth in their application and brief on file with the committee, together with their additional verbal agreement with the committee, are fully complied with; and upon the compliance of such further conditions precedent as may be required by the board."

The above is the official notice to the board, which we have received from the Secretary of the board.

In addition to the above, the locating board, after having adopted the above resolution, called unofficially on us at our hotel and stated that a sub-committee consisting of Mr. Flowers, Mr. Kendall, and Mr. Eckhart had been appointed to visit Nacogdoches in the very near future to work out the details before the school would be finally officially located at Nacogdoches.

R. F. DAVIS,  
EUGENE H. BLOUNT.

### EAST TEXAS FURNISHES CAR OF GOLF STICKS

Lufkin, July 16.—This section of East Texas has long been noted for its immense output of pine lumber, but it is little known that the country also has millions of feet of hardwood timber. Since lumber has advanced in price in recent times, and the demand has grown steadily, attention is turning more and more to hardwood sawmilling in this immediate section. The Hickory Jones Company of Memphis, Tenn., who give attention to cutting

nothing but hickory timber, now have two mills located near Lufkin, and are now moving their fourth mill from a point in Mississippi and will have it erected and cutting lumber within the next 10 days. This firm cuts special orders only, and one of their recent orders was for a solid carload of golf sticks, to be shipped to a firm in Scotland.

Mr. S. J. Black and family, who have been in the city the past three weeks while the lady was recovering from an operation, returned to their home in Center today.

## FARMERS!

We have money to loan to help you to make a "bumper" crop of Corn, Peanuts and Cotton. The real farmer is going to "clean up" this Fall. If we can help you, come to see us.

## OUR NEW ERA.

With the capture of the location of the Stephen F. Austin Normal, a new era has been born in the industrial, commercial and social life of Nacogdoches.

The victory is two-fold for the reason that it brought our people together in unity of purpose, every man, regardless of financial standing, doing everything in his power, willingly and cheerfully, to accomplish the victory, and it was through this impenetrable organization and enthusiastic co-operation that we won—an object lesson of the value of co-operation that we will never forget, and an inspiration that will hold us together in the future.

And it is this feature of the accomplishment The Sentinel wants to stress in this editorial.

Our campaign was clean and dignified, no schemes, no political tricks and no underhand holds being employed to further our interests.

We got together with the best brains and brawn of the community, and the man in the "trenches" worked as faithfully as the men put in the front. No one balked, and no one pulled back. We did everything possible, with good measure, to meet every requirement, we never let up until the vote was taken, and we succeeded gloriously.

With the superb organization we now enjoy, and with the inspiration we get with our victory, we will go after other things, in which we will again succeed, and old Nacogdoches is coming into its own in the development of the splendid little city our "Sociability" invites, our "Fitness" will sustain, our "Accessibility" makes practicable, and the "Nacogdoches" of which all East Texas will be proud.

"S. F. A. N."

Nacogdoches is feeling quite "normal," think you.

A half dozen candidates are in the race for mayor of Houston already.

Bully for Tyler! She wires 'Doches congratulations, proving that she is a good loser.

Hello, Lufkin! Are you still at the same place, with the same old standpipe?

Watch Timpson! — Tenaha Messenger.

She will bear watching, alright.

The Stephen F. Austin Normal will never know what a good town it missed.—Beaumont Enterprise.

"Where ignorance is bliss, 'tis folly to be wise."

The nice rain that visited Nacogdoches this morning made the temperature of the weather conform to the "normal" feeling of the people who are celebrating a "normal" victory.

General Hulen has given our a statement in which he says men eligible to the selective draft cannot volunteer after the work of the draft has been inaugurated. There is still some room in the Nacogdoches Coast Artillery.

No citizen of Nacogdoches has enjoyed more, and few as much as Mayor Matthews the most thorough cleanup the town has recently enjoyed. Throughout his administration Judge Matthews has constantly urged the

importance of sanitary conditions for the city, and the body over which he presides has done everything in their power to promote this interest.

Frugality is good if liberality be joined with it. The first leaving off superfluous expenses; the last bestowing them to be the benefits of others that need. The first without the last begets covetousness; the last without the first begets prodigality.—William Penn.

Many friends have called at the office today to inquire what we are going to do to Lufkin now. In answer to all we will state we shall heap coals of fire on the head of our "hated contemporary" by being good to him. Only a coward would stamp a fellow after getting him down.

Why should we teach German in our public schools and refuse to teach Spanish which would be a great help to millions of our population? Why teach "dead languages" anyhow? The Tribune would gladly give space in its columns for a discussion of this subject.—Tyler Morning Tribune.

Timpson may not be as large as some towns in Texas, but if she was as old as some places she would be a lot larger.—Timpson Times.

We presume the contemporary had in mind, when he penned the above lines, that Timpson will be as large as Nacogdoches is now when its gets as old. Here's hoping.

A state highway from Tyler to Nacogdoches is a certainty, and Tyler ought to become actively interested in locating the route. One or two towns are the only ones so far to go before the state highway commission and they got from the commission all they asked for. Arp, Omen and other towns that ought to be on the highway are asking for a square deal and Tyler people ought to help them. They are Smith county towns and besides the population on the line to include Arp and Omen is twice as large from Tyler to Henderson as it is via Overton to Henderson. This matter is of enough importance to Tyler to warrant a mass meeting of its citizens of the greatest activity on the part of the Chamber of Commerce or both. We need a road from Tyler to Arp and from Arp to Henderson. It is a good farming district all the way from Tyler to Henderson by the way of Omen and Arp; and as Smith county auto owners will be heavily taxed for road building and maintenance they are entitled to a hearing before the state highway commission before the line from Tyler to Nacogdoches is finally located. It has been intimated that it is now too late, but it is not too late if we act promptly and intelligently.—Tyler Morning Tribune.

And Nacogdoches should likewise look to the interest of her county towns, and give her assistance as she can. Garrison, Appleby, and Mayo are candidates for a place on this highway, and more of our county people would be served with that route. Let's extend them all the help possible.

## FORMAL ORDERS FOR THE MILITARY DRAFT

Texas will be called upon next week to furnish 30,545 men in the selective draft. This gives credit for volunteers in the absence of which our gross quota would be 48,116.

Separating these figures from the table of the different states, and a lengthy summary, the dispatch from Washington under date of July 13th reads as follows:

"A formal order by President Wilson drafting 687,000 men into the military service under the selective conscription law, was promulgated Friday by the war department, together with an official allotment showing what part of the total must be furnished by each state and territory.

The only steps now remaining are distribution by the governors of states quotas among the local exemption districts and the great lottery, which probably will be held next week and which will establish the order in which registrants are to present themselves for service or exemption.

## TYLER CONGRATULATES US ON OUR VICTORY

Tyler, Texas, July 16, 1917. Nacogdoches Commercial Club, The members of the Tyler Chamber of Commerce wish to extend congratulations on your success in securing Normal School. S. BRUCK, President. EARL JACKSON, Secretary.

## THE MAJESTIC STANDPIPE

Mr. and Mrs. Langston King of Nacogdoches were in the city this morning, driving down in their Reo just to see the sights of the city. Mr. King states that Nacogdoches was in gala attire yesterday when the locating committee for the Stephen F. Austin Normal visited that city, and they feel confident of landing the prize by reason the fact that Lufkin remained comparatively quiet and put forth no effort to secure the school. By reason of this fact Nacogdoches should certainly feel very kindly toward Lufkin, and Bro. Gibbs of the Sentinel should desist his rock-throwing at our standpipe hereafter.—Lufkin News.

They took some sheet-iron, tin and bolts  
And put them all together,  
With maul and wedge and spike and sledge

To stand all sorts of weather;  
And when they took a pair of mules  
And dragged it to the station,  
Where pioneers for miles around  
Had brought their whole relation.

And then they had a big-to-do—  
As Lufkin folks declare—  
And took some hay-wire and some rope  
And raised it in the air.

And there it stands until this day,  
The pride of Angelina;  
If you have ever gone that way  
No doubt you must have seen her.

But why the deuce they put her there—  
Right-jam up to the station—  
Will always be a mystery to  
The coming generation.

Perhaps they built it there so folks  
Could see it from their coaches,  
And know that twenty miles away  
Was fair and lovely 'Doches.

In company with D. W. March and R. B. Bradley, we went over the Nacogdoches - Henderson road that is being clayed and graded between this place and Nacogdoches and found the work progressing nicely in both counties. Nacogdoches county let their work out by contract to a firm in San Augustine and Mr. J. W. Arnold of that place has charge of the work. He is doing a fine work on the two Beech Creek hills, having graded new roads and is putting about eight inches of clay on the bed. This part of the road will be completed this week and the crew will grade the road back in the direction of Nacogdoches where they have already clayed. In this county the work is in charge of Commissioner HARRIS and Kelley Tipps, the overseer, and they are doing some beautiful work.

When completed this will be a good road from this place to Nacogdoches and will cause a great deal of travel between the two places.—Mt. Enterprise Herald.

When one reads of the drowning of a baby in an old well by a band of kidnapers near Springfield, Mo., he must blush with shame over the fact that he is a member of the human race. Even the beasts of the jungle are not capable of a deed so hellish. With the hope of wringing money from the child's parents as a ransom, a band of men and women kidnaped the child; then through fear of being caught they deliberately threw the innocent child into an old well and left it to its fate. There far from those who loved him, the baby boy's life ebbed out. Somehow, we cannot believe that the baby was permitted to suffer as the circumstances of its cruel death suggest; somehow we can not believe that the hand that was nailed to the cross was in that old well to caress the dying babe, and but for this comforting belief the mind would soon lose poise while dwelling on this crowing feat of diabolism. But what of the fiends incarnate who perpetuated the hellish deed! Like Judas of old they were led by the love of money until sympathy and pity and all the nobler attributes were driven from their hearts and they sank far below the beasts that rend and the serpents that hiss. Seeing the depths of the degrading to which the love of money can lead, it well behooves every person to watch and pray lest his affections be fastened upon the gold that glitters.—Honey Grove Signal.

It is equally certain that all the world knows just what the United States is fighting for and what must be obtained before this nation will consent to any treaty of peace.

But this is not the time for any planning which shall include the days and months and years after victory has come to our arms. That victory is yet a long way off. We do not know the means by which it is to be attained.

If victory shall come through our armies and ships in battle array and a peace shall be arranged which shall allow William to remain on the throne of a German empire—that will be one victory.

If victory shall come through an internal revolution which shall hurl the princes of Austria and Germany from their high places and inaugurate republican forms of government over all those peoples—that will be another victory.

The United States can not dictate the method by which victory shall come, nor can this nation control the course of conduct of the entire world after victory shall come. Certain it is, however, that the United States will have much to do with the terms of peace and the after terms of settlement. And the full power of this nation will be thrown on the side of justice and liberty for all the world.—Houston Post.

## FOR WHAT DO WE FIGHT.

Dr. Frank Crane says time has come when the two parties to this war should declare plain terms exactly what they are fighting for and what each of them intend to do if victorious.

It is certain the kaiser is not going to tell anybody just what he's fighting for or what his intentions are if his armies are victors in the field. The German war lord holds that he must account to no one—that he is supreme.

It is equally certain that all the world knows just what the United States is fighting for and what must be obtained before this nation will consent to any treaty of peace.

But this is not the time for any planning which shall include the days and months and years after victory has come to our arms. That victory is yet a long way off. We do not know the means by which it is to be attained.

If victory shall come through our armies and ships in battle array and a peace shall be arranged which shall allow William to remain on the throne of a German empire—that will be one victory.

If victory shall come through an internal revolution which shall hurl the princes of Austria and Germany from their high places and inaugurate republican forms of government over all those peoples—that will be another victory.

The United States can not dictate the method by which victory shall come, nor can this nation control the course of conduct of the entire world after victory shall come. Certain it is, however, that the United States will have much to do with the terms of peace and the after terms of settlement. ## FROM "UNCLE FRANK."

Hot Springs, S. D., July 2, 1917. Daily Sentinel:

I have been requested to write something about this place and will endeavor to do so in my feeble way. I will not attempt to give a definite description of it, as that would be beyond my descriptive ability, but only in a general way.

You approach Hot Springs by winding around gulches, canyons and points of mountains, following along Fall river, what to most people would seem to be a very insignificant creek for five or six miles. Then you come in sight of the sanitarium situated on a small plaza about 250 feet above the little city of

Hot Springs, the county seat of Fall River County, located in the southwest corner of the state, and the extreme part of the famous Black Hills of South Dakota. The sanitarium is located at the base of Battle Mountain which towers above Fall river about 4,000 feet, and is so named from some old Indian legend. At first sight one would think that "Uncle Sam" had been "stung" by some one, but as you become more acquainted and accustomed to the country, and consider the altitude, atmosphere, climate and beautiful scenery, with its many hot and cold springs of invigorating and health-giving waters, he is lead to say, as did our Uncle Sam, here it is: I have found the place where I can build a sanitarium and harbor for my disabled veterans. Here I can partly repay them for what they freely gave me in time of need. And many of the old vets are taking advantage of the opportunity. Have met men from all parts of the glorious country, from the eastern shores to the western.

Some men are here in every branch, of which there are ten, and pronounce this to be the best of all. Twelve miles away there is a great cave which rivals the mammoth cave in Kentucky. Here the government has set apart a large tract of land for park purposes and game preserve which is already stocked with buffalo, elk and other species of wild animals that are fast disappearing elsewhere. It is 410 miles from Denver.

The sanitarium is erected on the old Spanish plan, and contains six immense wings where-in all the various wards are located. The governor and other officers are located in the center of the main building. The governor and doctors are loved and respected by all the inmates for their skillful and kind treatment. There are trained nurses, and the whole institution is thoroughly inspected three times a week. It is always clean, which is one thing the management insists upon. The mess hall and kitcheners aer models of neatness, and the food is of the best and well cooked. There are now about three hundred and forty present, mostly civil war veterans who are enjoying themselves any way they choose. There are card and domino rooms, pool room, reading room, swimming pool and picture show all free to members. There is a barber shop and a post store, but I will not have anything to buy but tobacco, writing material and stamps.

My health is just the same as it was when I came here but I feel that I am going to be benefited. My address is Frank Robbins, B. M. S. Ward 1, Hot Springs, S. D. "UNCLE FRANK."

Mr. Tom Jordan, familiarly known and tenderly addressed as "Uncle Tom," was in town yesterday afternoon, and honored this office with a pleasant call.

An automobile is a mighty good thing to ride in, but the many accidents we read of, remind us that it is well to be careful as we speed along the highway.

## CHILD AT THE WHEEL.

Houston Post.

The new Texas auto traffic law makes it an offense against the laws of the State for a child under 18 years of age to drive an automobile on any public street or highway.

The child at the wheel is one of the most dangerous factors in the operation of the death machines.

The legislature took account of this fact when the new law was drafted. It was expressly provided that children should not act as chauffeurs either in private or rent cars. The lawmakers sought in this way to curtail the careless driving to which many deaths are due.

The law is in effect. It should be enforced.

Yet there is not a day when children do not drive automobiles in the streets of this and every other Texas city.

County and city peace officers have declared that the law will be enforced to the letter.

The way to enforce that law is to enforce it.

The people would rather see a strict enforcement of the law than to hear so many promises that it is to be enforced.

## FORTHCOMING DRAFT.

Shreveport Times.

Did you register on June 5? If you did, it is incumbent on you to take the following steps for yourself in connection with the selective draft:

Find out the number of the exemption district in which you live.

Find out where the headquarters of the exemption board for that district are located.

Find out whether you have been given a new number by the local board, and if so, what the number is.

Find out when the numbering will be completed, if it is not already complete, and learn your number at the earliest moment.

Find out, as soon as the "drawing" take place in Washington whether your number was drawn.

Find out where to present yourself if your number was drawn, irrespective of whether you receive notice by mail or not.

Present yourself on the date specified to the local board, no matter whether you think you are physically fit or not.

If you are going to claim exemption, make your preparations early because your claim must be filed with the local board within seven days after your are called.

And remember: It is up to you!

You are not exempt, no matter who or what you are, until you have been examined.

You cannot be exempted or discharged until you have demanded exemption or discharge.

You are not exempted automatically because you are married or because of your occupation.

You may find yourself suddenly ordered to a training camp or branded as a deserter unless you see to it that you comply with all these legal requirements.

It is now officially announced that the first draft will call 687,000 men to the colors for service. Of these 500,000 will constitute the new national army and the remainder will be assigned to the regular army and the national guard to bring these organizations up to full war strength. The land forces of the United States, therefore, will soon exceed 1,000,000, with the prospect of a further draft of 500,000 a few months hence.

Born to Mr. and Mrs. B. Windham, this morning, a fine boy.

# NACOGDOCHES GETS THE NORMAL SCHOOL

## MASS MEETING CALLED FOR SATURDAY MORNING

The Sentinel is authorized to give notice that a mass meeting of farmers and business men will be held at the city hall in this city at 10:00 o'clock next Saturday morning for the purpose of perfecting plans and working out the details for the establishment of a sweet potato curing plant in this city.

It is earnestly urged that every business man, and all farmers interested in the matter, be present, and that all come prepared for business that there may be no more delay.

In discussing the matter, County Agricultural Agent Jas. D. Greer, authorizes the Sentinel to say that sweet potatoes can be put out up until the first of August, and that with the location of the new normal here, it will take a big crop to supply home demand, while there will be a market for all the surplus that can be grown, but that the only effective way to save and market the product is with the curing plant. The people who have used the cured product prefer it, and the market for the other will be poor.

Nacogdoches people can not go into another season without this great enterprise and the only way for her to escape doing so is for the people to get busy and build one. Compared with the utility of the enterprise the cost is insignificant, and we must have it.

## Chamberlain's Colic and Diarrhoea Remedy.

Now is the time to buy a bottle of this remedy so as to be prepared in case that any one of your family should have an attack of colic or diarrhoea during the summer months. It is worth a hundred times its cost when needed. dw

## W. O. W. VOTES TAX FOR WAR CLAIMS

Atlanta, Ga., July 12.—Delegates to the twelfth biennial convention of the sovereign camp, Woodmen of the World, in session here Thursday approved an emergency fund measure providing for the taxation of 30 cents monthly of 800,000 members of the order for the period of the war. The fund will be used to pay the insurance claims of Woodmen killed or physically disabled while in war service. It is estimated more than 25,000 members are already serving the colors.

If you have the itch, don't scratch. It does not cure the trouble and makes the skin bleed. Apply BALLARD'S SNOW LINIMENT. Rub it gently on the affected parts. It relieves itching instantly and a few applications removes the cause thus performing a permanent cure. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. eodw

Mr. A. E. Bonnell, a prominent citizen of Tenaha, in company with Mr. W. B. Pearce and daughter, Mrs. Gertrude Burk, of the Fairview community, were pleasant callers at the office this afternoon. Mr. Bonnell came down at noon to visit the Pearce family.

## Cause of Despondency.

Despondency is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. These tablets strengthen the digestion and move the bowels. dw

## FROM MAYOR MATTHEWS.

Competing with 27 towns of East Texas, some of them much larger than ours, the fight for the Stephen F. Austin Normal has been made and ended, and the victory won, due solely and alone to the united and undivided effort and work of the entire citizenship, the credit for which every man, woman and child in Nacogdoches is entitled to.

This happy result demonstrates beyond question the power of a united people, and should inspire us all to stay together, work together and pull together, for every venture launched in the future, for the interest, development, and improvement of our little city. I heartily congratulate each of you.

Now many other improvements are needed, to prepare and be ready for a new and greater Nacogdoches, which is sure to come.

The capacity of our electric light plant must be doubled. New artesian wells must be sunk to obtain a larger water supply. We must extend our sewer system, good sidewalks should be made in every part of the city. More streets should be paved or gravelled. The unsightly wooden awning and posts in our business districts should be replaced with swinging awnings, and many other improvements made. All this can be accomplished if the same united spirit, and effort given in the normal fight, is given and kept up.

Won't you do it? I know you will. Let's get ready, and go at it in earnest right now.

Respectfully,  
GEO. H. MATTHEWS, Mayor.

Miss Ruth Spradley, of Nacogdoches who has been the guest of Miss Myrtle Pugh for a few days left Friday for a visit to Greenville and Jacoby, Texas, where she will join her friends there in their season's entertainments. She will return home via Dallas where she will be the guest of Mrs. Onstod, who has come south for the summer. Mrs. Onstod is the honored mother of Vernon Delhart, one of the greatest singers of the Grand Opera of New York.—Logansport Record.

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, mowels loose and the body uncomfortable. The best help you can give the little sufferer is McGEE'S BABY ELIXIR. It corrects sour stomach, cools and quiets the bowels and helps digestion. Price 25c and 50c per bottle. Sold by Stripling, Haselwood & Co. eodw

## JAPS RAISE \$1,000,000 FOR WOUNDED SOLDIERS

Tokio, July 12.—The Japanese national fund for the entente sick and wounded soldiers has been closed. It amounts to \$1,000,000. The fund will be forwarded to the powers through the diplomats accredited to Japan.

Children that are affected by worms are pale and sickly and liable to contract some fatal disease. WHITE'S CREAM VERMIFUGE expels worms promptly and puts the child on the road to health. Price 25c per bottle. Sold by Stripling, Haselwood & Co. eodw

## GIVEN TO US BY UNANIMOUS VOTE ON THE SECOND BALLOT

About 11:00 Saturday night a big noise broke out in Nacogdoches, and the people understood.

The fire whistle blew, bells rang out with lively peels, automobiles loaded with people filed in procession over the different streets of the city, the band played, and everything and everybody that could make any kind of noise was employed, with no "shock-absorbers" to interrupt.

It was indeed, some noise and it was worth the money.

The cause of the great outbreak and universal rejoicing in the community had its inception in the receipt of a message from Dallas, announcing that the location of the Stephen F. Austin Normal, a prize for which we have worked so faithfully the past several months, had been awarded to Nacogdoches.

The Board met at Dallas Saturday night, being joined there by Governor Ferguson and having a full representation present. Judge S. M. King and Prof. R. F. Davis met with them and delivered some remaining data they expressed a desire for when here, and Hon. Eugene H. Blount arrived on the night train about 10:00 o'clock.

Two ballots were taken, the first being distributed with different towns, and in the second ballot the vote was unanimous. In the third ballot Kingsville was given the South Texas Normal in unanimous vote.

And news from Kingsville is to the effect that the citizenship celebrated in the same vein that was employed in this city.

The Board also decided to acquire the East Texas Normal at Commerce. The price will be \$80,000 and other considerations.

For the Stephen F. Austin Normal, which will be located here, \$150,000.00 will be expended in buildings and improvements, and \$30,000 is appropriated for the first year's support of the school. This all comes in addition to the grounds at the site which are donated by the people of this city. The bill pro-

vided that the selection of locations must be made before the first of August, this year, and that the contracts must be let for the improvements by the first of October following, all work to be completed and everything in readiness for the opening of the school by the first of October, 1918.

The committee will likely return to Nacogdoches in a few days to close up the contract with our people and perfect plans for the improvements to be made. A further inspection of the site would be necessary to do this intelligently and a member of the committee made this statement while here inspecting the site.

The site up North street, which comprises about 205 acres, is the choice of the committee, and it is an ideal place for the great institution. Upon it most beautiful parks with natural shade and drainage can be worked out, agricultural gardens and experimental farms with different types of soil can be developed, and everything is as ideal as a generous Nature could make it.

Another advantage is the near and easy approach of the city, being but about a mile from the public square with not a hill on the route to interfere in the development of perfect roads to it. Another feature is that it is in one of the best residence sections of the city, almost surrounded by pretty homes.

The causes leading up to our victory in the capture of this great institution, makes another chapter of this story which we do not care to parade in this article further than the statement that we got together and got busy in an energetic, clean, dignified campaign, leaving no legitimate effort undone that would contribute to our success, employing a wise leadership from our ranks and giving it every co-operation that it craved. We have thus received it with clean hands, and will enjoy our victory with a clear conscience.

## Are You One of Them?

There are a great many people who would be very much benefitted by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence. dw

Messrs. Emery Waters, Frasier Shattuck, O. M. King and John Halcomb of Alto motored over to this city this morning, coming to give assistance in the matter of having the body of their friend, John Norwood prepared for burial.

## Doing Good.

Few medicines have met with more favor or accomplished more good than Chamberlain's Colic and Diarrhoea Remedy. John E. Jantzen, Delemy, Sask. says of it, "I have used Chamberlain's Colic and Diarrhoea Remedy myself and in my family, and can recommend it as being exceptionally fine preparation." dw

Horace Rainbolt, who is attending Tyler Commercial College, is in the city on a little visit to his parents.

## HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine. Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions. After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

## LUFKIN MAN KILLED IN AUTO ACCIDENT

Port Arthur, July 15.—W. C. Cole of Lufkin is dead, R. A. Passmore of the same city is in the Mary Gates hospital badly bruised, and shaken and W. E. Behannon of Lufkin and C. A. Babin of Beaumont were given a severe shaking up and had a narrow escape from worse injuries when an automobile in which they were riding left the road and plunged into the ditch near Griffing last night about 1 o'clock.

The automobile was being driven by Passmore and the car is supposed to have been traveling at a high rate of speed. The party was out riding from Beaumont and reached the curve near Griffing station at the head of the asphalt road when the outside wheels ran off into the earthen shoulder of the grade. In trying to get back the machine was ditched, the radiator striking the outside of the ditch and the car turning completely over and then rolling over onto its wheels again.

Cole and Passmore were unconscious and Behannon and Babin were stunned and frightened so that they lay as though unconscious until a passing automobile discovered the injured men and brought them to the Mary Gates hospital, arriving about half an hour after the accident. Cole was found to have been badly crushed about the head, shoulders and chest, and he died in about an hour from internal hemorrhages. Passmore was bruised badly and did not recover consciousness until this morning. Behannon was shaken up pretty badly but was soon able to get around while Babin was not injured at all. The automobile was pretty badly used, the left hind wheel torn off, the top mashed, the fenders and radiator crushed. It can be repaired, however.

Mr. Randolph Fall, a progressive business man of Chireno, was in the city yesterday, returning from Angelina county, where he went to ship out a car load of syrup which he had recently purchased. Mr. Fall has been handling syrup extensively this year, and seems to be working up a good market for this famous product of East Texas with the people of the western part of the state.

A bilious, half-sick feeling, loss of energy, and constipated bowels can be relieved with surprising promptness by using HERBINE. The first dose brings improvement, a few doses puts the system in fine, vigorous condition. Price 50c. Sold by Stripling, Haselwood & Co. eodw

## WHY WORRY

Over small matters? List your Rentals, Leases and Real Estate business with us. Exclusive and efficient service. Drop us a card and representative will call. d-tf-w  
EAST TEXAS LAND CO.,  
Nacogdoches, Texas.

Mrs. H. H. Berryman honored her little niece, Helen Monk, of Nacogdoches, who is spending the summer in her home, with a birthday party last Friday afternoon from 4 to 6 o'clock. Mrs. Berryman was assisted in entertaining the little tots by Miss Bernice Avery and Miss Emma B. Berryman. Delicious refreshments were served. The little honoree received many beautiful gifts from her friends. —Alto Herald.

## BIG DAY FRIDAY AT WALNUT GROVE

A number of Nacogdoches people visited the Walnut Grove community yesterday where a big dinner was spread, and an all-day singing was promoted.

The good community makes a feature of annual picnic at which the lemonade stands are operated in the interest of the cemetery fund, and the people of the community meet in annual reunion to renew acquaintance and friendship ties.

Among those attending from this city were Prof. G. B. Layton and daughters, Misses Willie Green and Grace, and Miss Shirley; B. S. Shirley, N. B. Hall, J. C. Melton, Luther Prince, and possibly others whose names we failed to get. The visitors bring back a glowing report of the event, saying that a fine dinner was served in which there was plenty and to spare, good order prevailed throughout the day, and everything connected with the day was pleasant and enjoyable.

Capt. Frank Garrison of Garrison was in the city a short while this afternoon, coming down to meet Capt. J. P. Ross of Cleveland on a little matter of business. When seen by the newspaper man, Mr. Garrison said that he had many things to be happy for—and that he was happy. He says that the farmers have the best crops around Garrison in the history of the section, that he has orders for over a million brick, that his lumber mills are flourishing, and that for one time everything with which he connected is prosperous. Coming as a happy climax Saturday night his favorite Jersey cow brought in a fine heifer calf, his old brood sow showed up with a litter of seven fine pigs, and about midnight some friend phoned him that Nacogdoches had secured the normal. This was so much that he called up some Timpson friends and informed them gently, and resumed peaceful slumbers. Mr. Garrison is a great character, spreading a spirit of optimism and sunshine wherever he goes, and is one of the county's most prosperous and useful citizens.

Mr. and Mrs. W. M. Cox and Mr. Scott Chadwick arrived home last night from Marlin where they have been several weeks taking the hot baths and drinking the mineral waters, and their numerous friends will be pleased to learn that they feel much refreshed for the trip.

Clarence Tally, who crushed his hand at The Alto Gin & Crate Company a few weeks ago, and was thought to be necessary to remove same, is home from Nacogdoches where he has been under treatment of Dr. Sweatland. The bruises are gradually healing and he will not suffer the loss of his hand.—Alto Herald.

## IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

# The Sentinel

HALTOM & GIBBS, Proprietors  
G. M. HALTOM, Manager  
O. M. GIBBS, Editor

## TIMPSON CONGRATULATIONS.

The esteemed Timpson Times, which always reflects the spirit of the good town in which it is published, makes several complimentary references to Nacogdoches' victory in securing the location of the Stephen F. Austin Normal, as follows:

Timpson congratulates Nacogdoches on her success in winning the location of the Stephen F. Austin Normal. In view of the fact that the board could not see fit to place the school in Timpson, it is gratifying to know that they put it nearby. Nacogdoches is only thirty miles distant from Timpson, and the boys and girls from this section will have easy access to the normal. They can reach Nacogdoches in an hour's run on the train, or can go through the country in automobile, reeking a little over an hour to make the trip.

There was great rejoicing in Nacogdoches Saturday night when the message came from Dallas that Nacogdoches had been chosen for the location of the Stephen F. Austin Normal. The citizens paraded the town, with a brass band leading the procession. Parties coming through on the early morning train Sunday report that several hundred people were down at the depot, together with the band and that the occasion was almost equal to Fair time in Timpson. In fact, it is said that the Nacogdoches people have been awake ever since the fire whistle awoke them on the morning that the locating board arrived in that city. Well, Nacogdoches has a right to rejoice. She has won a magnificent prize. The normal will make Nacogdoches grow, and Timpson, although defeated in the race, arises in the midst of her disappointment and extends her neighbor the glad hand.

Hello Henderson. Nacogdoches got the normal.

According to the Sentinel, the coast artillery company organized at Slackerdoches is still short of recruits.—Lufkin News.

Isn't that "cute?" The Lufkin rooster must have been on top of the sandpipe with this shrill little crow.

The News congratulates Nacogdoches on her successful fight for the Stephen F. Austin Normal. The prize is well worth the price, and it is the sincere hope of this paper that our neighbors will stand by the school until it develops into one of the very best in the state.—Lufkin News.

King Solomon, accredited with being the world's wisest man, past, present and future, is authority for the philosophy that prejudice and ignorance are blind. His proverb is fully verified in the contention of the Lufkin News that the present instance is the first time the people of Nacogdoches have gotten together in twenty years. The editor of the contemporary paper either forgets or ignores the fact that the town got together a few years ago and paved the public square and several of the leading streets, spanned the creeks with concrete and steel bridges, and made substantial improvements in the electric light and water systems. He might also get wise to the fact that we have, for some years,

maintained the best fire department in East Texas. Through a spirit of co-operation we also secured a government agricultural station, and have kept a county agricultural agent in service for many years. Through this same spirit we have induced congress to give us a new postoffice building, and each year the business men of this city, collectively, render some co-operative assistance to the farmers of the county. There are many other things of more or less importance which our people have accomplished through co-operative effort, and it might be well for the contemporary to get wise to our co-operative strength before entering another contest with us.

## "THE KING'S HIGHWAY"

To The Sentinel:  
Shall the Old San Antonio Road be made a state highway? France claimed Texas as a part of Louisiana under the discovery of La Salle, the noted French explorer.

In 1712 Louis 14th, king of France, granted to Anthony Crozat the whole of Louisiana, including Texas, in 1714, Crozat sent St. Dennis, a brilliant and accomplished young man into Texas, to open up trade with the friendly Indians and with the northern provinces of Mexico, in order to show his authority, and to hold the country for France.

St. Dennis left Natchitoches, La., in 1714, crossed the Sabine river at Caine's Ferry and laid out the Old San Antonio Road, passing through Milam in Sabine county, San Augustine, Nacogdoches, Alto, Crockett, Bastrop, San Antonio and Presidio on the Rio Grande.

This historic road crosses the Neches near where La Salle was buried, and crosses the Angelina where the writer was born.

The legislature in 1915 appropriated \$5,000.00 to have this road surveyed and marked. Mr. V. N. Zively surveyed and marked the road by putting up posts every five miles on which are inscribed "The King's Highway."

The State Highway Commission, of which Hon. Curtis Hancock is chairman, will have charge of all Federal road funds appropriated under the National Good Roads Act, and of all State funds collected from the automobile tax to be used in connection with the road funds of the various counties in constructing public highways throughout the State.

I suggest that the citizens of the counties through which this historical road passes, get up petitions and present to the State Highway Commission and request them to make the Old San Antonio Road, or "King's Highway," the first State highway across the State, because it can be cheaply constructed, because of its importance as a thoroughfare from Louisiana to the Republic of Mexico, and because of its historical value.

I tried to give it preference in the State Highway Law, but the majority were against me.

Respectfully,  
GEO. B. TERRELL.

When Wilton Blakey came around to deliver our package (advertising cuts) this morning, he looked refreshed and happier than usual—if that condition is possible with this sunny individual. The explanation was soon extracted when in the course of a short conversation it was learned that he and family had spent last week with his parents in the good old community of Melrose where they ate watermelons and other good things, went fishing, romped over the fields and pastures and had a good time generally.

## NORMAL ECHOS.

Prof. A. E. Day, who is teaching in the summer session of the Denton Normal, writes: "I congratulate you most heartily upon your good luck in securing the location of the Stephen F. Austin Normal College. It means a greater Nacogdoches; a greater East Texas."

How do Longview, Marshall, Beaumont, Texarkana and the other losing candidates for the state normal feel? Of course we must stand by the winner—the historic town of Nacogdoches. It was the home of Stephen F. Austin for whom the school is named. It is the grandmother of all or nearly all the other applicants. This whole section was in the early days the western portion of Nacogdoches county; and we can't afford to fall out with our grandmother town when it pulls a plum.—Tyler Morning Tribune.

Nacogdoches won out in securing the location of the Stephen F. Austin State Normal. We trust there will be no such irregularity discovered in the work of the locating committee as was in that of the West Texas A. & M. College. We would have preferred Tyler to any other point, yet doubtless Nacogdoches made a better presentation of their claims than did those of Tyler.—Athens Review.

It may be as some seem to think, that Henderson, along with several other good East Texas towns, never even had so much as a look in, much less "the ghost of a chance" toward securing the Stephen F. Austin Normal, she made a hard and determined fight for it just the same. Nothing was left undone by her citizens in presenting her advantages and the inducements she offered for the location of the school before the locating committee. Every citizen interested in securing the school for Henderson did his part and did it well. While it is true some did more than others, this is always the case in all undertakings, for the reason that some men have a greater capacity for doing things than others, and possesses in a larger measure the spirit of service. It has always been this way and ever will be. Looking upon her defeat without any reason for disappointment except she did not get the school, she most graciously bows her acknowledgments and congratulations to the good old town of Nacogdoches.—Rusk County News.

## URGE CONSERVATION RAILROAD CARS

An interesting meeting was held at the court house yesterday afternoon which had for its purpose the conservation of railroad cars to meet the country's demand just at this time when the government is needing so many of them.

Many out-of-town visitors, representing different railroad lines and shipping interests were present, and a full and free discussion of the issue was enjoyed by those present, in the course of which many new ideas were brought out for the benefit of those not familiar with such matters which will be very helpful if needed. Among the important matters stressed is that a car should be unloaded quickly when received and let it go on its way; likewise it should be loaded quickly when set for loading, and every car should be loaded to the limit.

Mr. J. J. Greve the local representative of the company, called the meeting to order and introduced Sup't S. P. Coughlin, who

presided as chairman. Other addresses were made by W. P. Smith, general manager, N. & S. E.; W. C. Menefee, traffic manager T. & S. E.; S. W. Demint, chief interchange, Shreveport; H. T. Long, agent, Haslam; S. P. Coughlin, assistant sup't, E. & W.; Houston; W. W. Pate, agent, Shreveport; Wm. Morris, agent, Timpson; K. P. Branch, Merchant, city; Robt. Lindsey, merchant, city; Roy Kent, Agent Texas Co., city; D. K. Cason, Merchant, city, R. C. Monk, merchant, city, Carroll Holt, sup't Light & Water, city; Arthur Marshall, Manager Lee Co., city; D. B. Wallace, Manager Urbana, O. & S. C., Urbana, Texas; J. P. Ross, Lumberman, Cleveland; J. H. Summers, Lumberman, city; L. I. Muller, Traffic Manager, Nacogdoches Grocery Co., city; C. C. Watson, attorney, city.

There were a number of other visitors from out-of-town, and a representative attendance of local citizens, together combining a good attendance, and a most interesting meeting in the mission for which it was called.

## OLD HENDERSON ROAD IS NOW PASSABLE

Mr. J. H. F. Vardeman of Mahl was a pleasant caller at this office this morning (Saturday), and in discussing the matter of road improvement in the county, said that people could now go to Mt. Enterprise, and on to Henderson in their autos over a good road. He says that a good bridge has been put in across Beech creek, as originally planned, that the bad hill on this side of that creek had been put in good repair, and that a good crowd of workmen were busy putting in a sand-clay road between Mt. Enterprise and the creek, thus getting in good repair the bad places which have hitherto interrupted travel over that route.

With the road in good repair, the old Henderson road will readily become a very popular thoroughfare, and the people who have taken sufficient interest in the matter to get the improvements made are to be congratulated for their enterprise.

## HAS EDISON SOLVED SUBMARINE PROBLEM

New York, July 15.—There were broad intimations that Thomas A. Edison, the famous wizard, has solved the submarine problem, the best intimation coming from Mr. Edison himself, who announced yesterday that "we now have all the rebellious elements under control." He also told visitors yesterday that he would always remember the date as being "contemporaneous with the time when he removed the last jinx from the record."

Three days ago a high government official said that Mr. Edison had just completed a task that would make him the greatest man in the world. There also is some speculation in this respect over the anxiety of the Westinghouse people to secure a thousand experienced workmen who will agree to be locked up in the factory working on war munitions for a period of the months, this precaution being necessary to guard a military or munitions secret of great value. Today's advices from Germany would indicate that the spy system is working well and that the German junkers have heard something that has greatly disturbed their equanimity.

Mr. and Mrs. H. F. Gillette will leave tomorrow morning for Bristol, Connecticut. They will make the trip in the family car via Washington, New York, Baltimore and other places of interest, and anticipate a very pleasant trip.

## FAMILY RE-UNION.

Melrose, July 16, 1917. We left Alto June 29th, after enjoying the re-union of Hood's Brigade, and were soon speeding our way to Jacksonville, over the red hills of Cherokee county, to attend the Hardeman reunion at the home of Mrs. Anna Gillespie.

Five of us met the first day, Sam Hardeman of Grand Saline; John Hardeman of Dallas; Mrs. Kate Collins of Chireno; H. V. Fall of Chireno; Mrs. Leah Wilson of Melrose.

We found Mrs. Gillespie in her jubilant humor, ready with the latch-string outside the door, the fatted calf in the larder, home-cured ham in the smokehouse, the cool rock fire place full of eggs with everything else good in store. Sunday-morning's train brought in for breakfast Mrs. Cora Engledow of Troup, with her two daughters of Longview. How we did enjoy that breakfast, with nine of us at the table! Isaac Gillespie of Palestine came in for dinner. From their homes in Jacksonville Mrs. Gillespie's two daughters, with their families, ate supper, swelling the number to twenty-two. By this time the re-union was fully in the swing, rolling in the luxurious hospitality of that big-hearted Hardeman woman. The table was filled with the choicest viands to eat, while around the board sat most of the children of Major and Mrs. Black Hardeman, the dearest and best of parents, devoted to each other. We rejoiced in the social pleasures of living under the same roof for the time being. Some of our brothers take business before pleasure while we, woman like, lay down our burdens and take in the rich pleasures of a family re-union so sweet that time can't efface it, so sweet that memory can't erase it, and so sweet that life is not complete without it. The associations unanimously draw us together in heart and love. In the shades of the evening we sat on the porch talking of the joyous, thrilling incidents of our girlhood and boyhood days, our courtships and run-aways beaux and sweet hearts, the joys and pleasures of our dear father's home that yet stands among the cedars as a sacred relic of by-gone days.

We have met in five re-unions at Mrs. Gillespie's spacious lovely home, one memorable time with our sister and brother, H. V. Fall, all too sacred. These gatherings help to make us better men and women, because we go as envoys from our homes which invite us as a loving example to the world, wielding an influence for the love of home.

One dear sister that sat with us last time has gone to live with God. The circle is broken, but she leaves a halo of light behind for us to walk in.

We are longing for the next re-union, wherever it may be, hoping all to meet here, and a re-union in heaven.

Leah Hardeman-Wilson.

## AMERICAN STEAMER SUNK.

New York, July 11.—The American steamship Kansas, carrying a crew of 50 men, has been sunk, presumably off the French coast, according to a cablegram received here Wednesday by the France and Canada Steamship Company which chartered the vessel. The fate of those on board is not known. The Kansas was valued at \$1,000,000. She carried a cargo of flour and other foodstuffs, together with 4,000 tons of steel, which valued in all at \$2,000,000, was consigned to the French government. A majority of her crew were Americans.

## REMINISCENCE OF BOYHOOD.

### To My Brother.

I would like some day to hie away  
To the scenes of our boyhood days,  
And play again, as we did then,  
In our simple, childish ways;  
I'd like to rip and romp and race,  
With a heart all free from care  
And wander down to the swimming place,  
Where the water's deep and clear.

And roll and roll on the old sand pile  
In summer's balmy breeze,  
Yes, I would like to spend awhile  
Beneath those shady trees;  
And I would like to take a plunge  
In the same old swimming hole.  
And dive again from the same old bank,  
As we did in the days of old.

I sometimes wonder, brother,  
If  
The song-birds in the wild  
Sing just as sweetly as when  
You  
Were but a little child,  
And I a wee bit older  
Together we would stray  
Through sunshine and the flowers  
That grew along the way.

I wonder if the meadows and  
The hills are just as green,  
Or flowers bloom along the trail  
Where the willows used to lean?  
I wonder if the flight of time,  
Which passes nothing by,  
Has changed those dear old scenes we love  
As it has you and I.

Yes, I would like to hie away  
From the weary toils of life,  
And go and live another day,  
Where comes no care or strife,  
And I would like to meet you  
There,  
Our hearts all filled with joys,  
And play again as we did then,  
When we were little boys.  
—DR. WALTER SIVLEY.

Mr. Pete Albritton, the well known automobile dealer of Lufkin, and a prince of good fellows of that city, was in the city this afternoon, coming up to bring Dr. Denman, Corporal G. W. Duhan, and his charming daughter, Miss Ima Albritton, who will remain a few days for a visit to her friend, Mrs. Vernon Matthews. While in the city Mr. Albritton came by to see the newspaper man, bringing words of good cheer and extending us a cordial invitation to visit Lufkin, promising us immunity from all danger while in his city. In the course of his conversation Mr. Albritton said that Mr. L. E. Lewis of the Universal Car Company, residing at Houston, had made Dr. Denman an absolute present of a Ford car in appreciation of the service the doctor was rendering to the country at this time, and that there was much rejoicing with all mutual friends. Our visitor also reports that he and Mr. W. R. McMillan had just returned from a visit to Galveston and Goose Creek, where Mr. McMillan had gone on oil business and that they had a most enjoyable and interesting visit.

## U. S. WARSHIPS SINK 4 U-BOATS

London, July 16.—Four of the largest and most modern German submarines were destroyed by American warships which were convoying the first installment of American troops to France, according to a report from German sources as contained in a Berne dispatch to a Rome news agency and forwarded from Rome by the Central News.

# RAILROAD ENGINEERS OUT WITH STATEMENT

## Men in the Cabs From Many States Declare Tanlac Conserves Health of Railroad Men and Makes Them Fit for Responsible Duties in Most Nerve-Racking Service.

NO calling demands a clearer brain, steadier nerves, a more perfect state of health than that of a railroad engineer. The safety of thousands depends on guarding his health, which is as important to the public as the efficiency of his engine. Every engineer realizes this enormous responsibility, he dares not take chances with so important a matter. That is why so many of them are using Tanlac—it steadies the nerves, clears the brain, corrects indigestion, strengthens the arm, insures the safety of the traveler, and keeps him on his job.

Railroad engineers everywhere endorse Tanlac because they have tried it and know. Read what they say.

W. L. Nabers, Atlanta, Ga., engineer Southern Railway, says: "I had lost appetite—liver and kidneys deranged—since taking Tanlac haven't had a pain—gained 14 pounds."

L. C. Bowers, 910 First avenue, south, Nashville, Tenn., engineer Tennessee Central, says: "Stomach trouble and nervousness—overcome—nothing too good I can say about Tanlac—gained 8 pounds."

D. A. Middleton, 1717 Chenoy Street, Houston, Texas, engineer Southern Pacific, says: "Was in bad shape—couldn't walk—Tanlac built me up like new man—gained 11 pounds."

T. G. Ayers, 107, Raines avenue, Nashville, Tenn., engineer Louisville and Nashville, says: "Kidney trouble, nervousness, poor appetite—Tanlac put me in good shape—gained 7 pounds."

J. T. Toy, Atlanta, Ga., formerly engineer Seaboard, says: "Nervous indigestion—kidney in bad shape—pains in back—am satisfied with what Tanlac has done for me."

R. H. Owens, 2700 Avenue G, Birmingham, Ala., engineer says: "Roundness—indigestion—palpitation of heart—had to give up job—since taking Tanlac eat anything—have gone back to work."

T. G. Burrows, 3915 McKinney avenue, Houston, Texas, engineer St. Louis, Brownsville and Mexico, says: "Catarrh of head and stomach—headaches—nervous—Tanlac is railroad man's friend—feel like new man."

Lynn Sills, 440 North Bellevue avenue, Memphis, Tenn., engineer Louisville and Nashville, says: "Headaches—pains in back and kidneys—strained every nerve to keep up—Tanlac relieved me entirely."

S. T. Watkins, Birmingham, Ala., engineer Southern, says: "Suffered 27 years—stomach trouble—Tanlac has ended my troubles."

G. G. Geiger, 133 East Linden street, Atlanta, Ga., engineer Georgia Railroad, says: "Tanlac relieved my wife of rheumatism—she gained 25 pounds from using it."

C. J. Weeks, 2139 Lydia street, Jacksonville, Fla., engineer Seaboard, says: "Suffered 20 years from nervous indigestion—Tanlac entirely relieved me—gained 20 pounds."

Jeff D. Riggs, 2020 Pearl

### NOTICE.

I've been informed by letter that Rev. J. C. Weaver of Saint Joe, Texas, will not meet me at Shady Grove on the 27th, 28th and 29th of July as agreed by us both in the discussion of church government and other subjects.  
W. H. HARTGREAves.

FOR SALE—Pair good mules, one stout work horse and one wagon, will sell cheap. Apply to C. L. Bennett, Sup't for Wrought Iron Range Co., Baxter Hotel.

## No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

### GRAVEYARD WORKING.

There will be a graveyard working at Attoyac on August 1st, 1917.

Everybody interested is requested to come and bring tools with which to work, and a basket of dinner.

C. B. BLANKENSHIP,  
Attoyac.

### GRAVEYARD WORKING.

There will be a graveyard working at Jacobs' Chapel on July 27th, 1917. Everybody that is interested come and bring tools with which to work, and all bring basket of dinner.

W. F. BUTLER.

WANTED—To buy Bermuda or Johnson grass hay. Apply to the Ice Company. 13-3dlw

### IN MEMORIAM.

**Mrs. Walter G. Giesecke.**  
In the untimely death of Laura, the beloved child-bride of Walter G. Giesecke, and the youngest daughter of Mrs. E. A. Blount, Nacogdoches again suffered an irreparable loss. Again, does the stricken community hold a great common sorrow with the family of Mrs. Blount. Laura Blount Giesecke is gone! There is less radiance in the sunshine, there is less fragrance to the flowers, there is less color to life, since she, the very embodiment of sunshine, is not here to share it.

Only a few short weeks ago, and she was the center of loving interest and affection. We had seen her enter the church that kindly hands had made so beautiful—radiant, lovely and wonderful in fairest white, surrounded by her rainbow-clad bridesmaids, for all the world like the fragile glory of a tender lily. One recalls like a very vivid dream that one retraces in waking hours, the music, the flowers, the kindly minister, the sea of faces—glad, joyous faces that for the time had forgotten every care in the happiness of the scene—the smiles and congratulations of relatives and friends.

Yesterday, she was a girl-bride, with the door of care-free days closed behind her—precious days receding farther away with every thought—but, with hand and heart in the keeping of the splendid young man she had chosen from all the world, eager for the new adventure, full of hope and optimism and forward looking thoughts, looking upon the world for the first time with a woman's eyes.

She was glad of life, glad of the years to come, glad of the golden glories awaiting her. And, if in her magical city sorrow should come, because she came of race that knows not defeat and that faces trouble with the same indomitable spirit that meets joy, we know she would have only been sweetened and strengthened by it.

Laura Blount Giesecke had that unusual charm and winsomeness which won her hosts of friends in every walk of life, yet excited no envy for—she fairly radiated love and kindness.

She was one:  
"In whose eyes the smile of kindness made  
It's haunt, like flowers in a brook in May,  
Yet, at the thought of others' pain,  
A shade  
Of sweeter sadness chased the smile away."

She who is gone from us sings her gladness in a brighter world. Nothing finer, nothing sweeter, nothing fairer can the world ever know.

### The Tribute of a Friend.

### NEW LUMBER MILL

#### IN ANGELINA COUNTY

Lufkin, July 16.—It is stated on good authority that the Kirby Lumber Company of Houston will at once begin the erection of a large sawmill in the lower part of Angelina County. This plant will give employment to several hundred people, and has a cut of several years in sight. The Kirby company owns about 50,000 acres of fine pine timber in Angelina County, and twice as much or more, in Jasper County.

### WHY WE ARE NERVOUS

In perfect health we hardly realize that we have a network of nerves, but when strength is declining the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability, and unless corrected, leads straight to a breakdown.

Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and so feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. Scott & Borne, Bloomfield, N. J.

### LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lock jaw or blood poison by trimming the corns with a razor, are told by a Cincinnati authority to use a drug called Freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dies the moment it is applied, and simply shrivels the corn or callus without inflaming or irritating the surrounding skin. A small bottle will cost very little at any drug store, but will positively rid one's feet of every kind of soft corn or hardened callus. If your druggist hasn't any Freezone he can get it at any wholesale drug house for you.

### THE PROOF OF THE PUD- DING IS IN THE EATING

There is no question, but that the Byrne Shorthand is the greatest system in use today. It may be written either with a pencil or any typewriter. It has over 30,000 enthusiastic writers, it holds the world's record for speed in a given length of time, is the most simple, legible and rapid system in use, as is shown from the following remarks by our students who first studied other systems:

"I take pleasure in telling the public that the Byrne Shorthand is the only system. I previously studied Pitman 8 months, used it in actual practice for four months; at the end of 6 weeks study of the Byrne I was a better writer than I had ever been with the Pitman."

"I have been a Sloan-Duployan stenographer for 15 years; I found the system inadequate. I then took the Gregg under Mr. Gregg of Chicago, but found it illegible. I then took up the Byrne which I consider the stenographic marvel of the age."

"I first studied Pitman Shorthand, then took up the Byrne, and found the Byrne to be 35 per cent shorter and that it could be written at a much higher rate of speed, and read like print."

"I studied Pitman four months, gave it up in disgust; I then took up Pernin and studied it almost night and day for 6 months but was not competent to hold a position. I then took up the Byrne for three months and find I can hold any kind of a position."

"I graduated in Graham shorthand, writing 100 words a minute after 9 months study. After studying the Byrne Simplified, together with Byrne Practical Bookkeeping, for 4 months, I could write Byrne much faster and regard it superior to any other system."

"I thoroughly mastered 14 systems seven of the most prominent Pitman systems, Greg, Chartier, Byrne, and four minor systems, and find the Byrne much easier to read that it can be written with one and one-half times the speed that can be made with any of the other 13 systems."

"I spent 27 months trying to learn Pitman shorthand, but owing to the hundreds of rules, hundreds of exceptions and thousands of word signs, I failed to become a good stenographer. After studying Byrne in your school two weeks, I had a more practical working knowledge of shorthand than I did after 27 months study of the Pitman."

"After studying six different Pitman systems I was unable to hold an ordinary office job, but with five weeks study of the Byrne I went into the District Court and did reporting successfully, and was appointed regular court stenographer."

"Why study any system of shorthand other than the Byrne, when the Byrne can be learned in half the time or less, read with greater ease and written at a higher rate of speed which means better salary and promotion? It does not cost half as much to complete a course in our school as it does one of the other schools. We hold the exclusive right to teach the Byrne in this section."

Write for catalogue containing full indorsement and names and addresses of the above and

of others who have tried the other systems and abandoned them for the Byrne. Our Bookkeeping, Cotton Classing, and Telegraphy are as far superior to the other systems as is the Byrne Shorthand. Don't fail to write or phone for our large free catalogue.  
Tyler Commercial College, Tyler, Texas.

### IMPRESSIVE FUNERAL HELD THIS MORNING

A great host of sorrowing relatives and friends assembled at the Blount home this morning to pay the last tribute of respect to Mrs. Laura Blount Giesecke, report of whose untimely death has previously appeared in this paper.

Rev. C. D. Atwell was the officiating minister, reading the beautiful and impressive service of Christ church, and Mr. Beeson, in a clear, soft voice sang "Face to Face."

The undertaking department of Tucker-Sifton Hardware Co. were the funeral directors, through whose direction all details of the program were carried out in systematic, impressive manner.

Dr. Tucker, Dr. E. A. Blount, Eugene H. Blount, G. A. Blount and Graham Stewart served as pall-bearers, and after the service at the residence the remains were tenderly borne to the cemetery and laid to rest.

A most luxurious and beautiful floral offering was contributed, and a great crowd of sorrowing friends followed to the cemetery, best attesting the universal esteem in which the lady was held in this community. In addition to the large crowd of homefolks who attended, there were Mr. McNeill Chapman of Liberty county; Mrs. I. D. Polk, Miss Tassie Polk, I. D. Polk, Jr., and Mrs. Ara Broocks of Beaumont; Mr. and Mrs. Giesecke of San Antonio; Mrs. Geo. H. King and daughters of Houston; Capt. T. W. Blount, Willie Sharp, Mrs. E. F. Harrison, Eugene Harrison, Misses Dollie and Lillian Garrett of San Augustine.

Elsewhere in today's paper a friend of long standing of the lady pays a beautiful tribute to her memory, and as it is so much better than anything this writer could prepare, we invite attention to it as a further report of this solemn occasion.

This paragraph appeared in Collier's for August 14, 1915. (We were quoting a Buffalo judge.) "Now—though in the meantime the wording has been somewhat altered—the paragraph is sent to us from a friend who found it recently in the Bulletin of the University of Arizona School of Mines. It is good enough to be repeated.

To the married man who thinks he can't get along without his drinks, the following is suggested as a solution to the bondage of his habit: First, start a saloon in your own house. Second—Be the only customer, and you'll have no license to pay. Give your wife \$2 to buy a gallon of whiskey, and remember there are 69 drinks in one gallon. Third—Buy your drinks from no one but your wife, and by the time the first gallon is gone she will have \$8 to put in the bank and \$2 to start business again. Fourth—Should you live ten years and continue to buy booze from her, and then die with snakes in your boots, she will have money enough to bury you decently, educate your children, buy a house and lot, marry a decent man, and quit thinking about you.

Miss Catherine Guggar, who has been in the city visiting Miss Anita Huston for several weeks, left Sunday for her home in San Marcos.

### GIRLS! WHITEN SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents and remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

### TO CELEBRATE VICTORY.

The Sentinel is authorized by the chairman of the Progressive Business Men's Association of this city to announce that, immediately following the supper next Friday evening, an informal reception of our victory in securing the Stephen F. Austin Normal will be held at some convenient point on the public square or nearby.

This is the night for the regular band concert, and good music will be interspersed. Speeches will be made by different citizens, bombs will be shot, and it will be a glorious jubilee, patriotic meeting which will be enjoyed by all who attend.

Let nothing keep you away, for at this meeting you will learn something of the great development the old town is going to enjoy in the next few years, and you will be even more proud of your citizenship in the community.

### GREAT TOTAL OF PRISONERS TAKEN

Petrograd, July 16.—The Russians yesterday captured 16 officers and 900 Austro-Germans in Eastern Galicia, says the official statement issued today by the Russian war department. The Russians also took a number of machine guns.

From July 1 to July 13 the statement says, 834 officers and 35,809 men were captured by the Russians. General Brusilov's forces also captured 93 heavy and light guns, 28 trench mortars, 403 machine guns, 43 mine throwers, 45 bomb mortars, three fire throwers, two airplanes and much equipment.

### FIGHT NOW UP TO GOV. FERGUSON

Washington, July 12.—After a conference of Southern representatives in congress over the threatened invasion of the pink boll worm across the Mexican border into the cotton fields, Representative Garner of Texas, chairman of the conference, today appointed a committee to communicate with the governor of Texas as to the situation and to wait on the house appropriations committee to urge the prompt appropriation of \$500,000 to check the raid.

The committee comprises 13 members, each representing a Southern state. It was instructed to ascertain what Texas will do in the way of co-operation with the federal government.

Chairman Fitzgerald of the house appropriations committee will be asked to call his committee together at once and report out the half million dollar appropriation which the department of agriculture has recommended.

## Caro-Northern Ry. Company's Sale of Refused Over and Damaged Freight

The Caro Northern Ry. Co. will sell to the highest bidder, on Saturday, July 28th, 1917, the following articles:

- 1 Davenport, upholstered leather, consigned to W. G. Ross.
- 1 Roll roofing paper, consigned to W. A. Davis.
- 1 Bbl. E'ware, consigned to Mt. Enterprise Gro. Co.
- 4 Boxes Stock Food, consigned to W. A. Elliott.
- 4 Crts. Pump Oil Cans, consigned to W. A. Elliott.
- 1 Keg gin grease, consigned to Wallace Gin Co.
- 1 Mattress, consigned to W. L. Davis.
- 1 Box soap powder, consigned to E. Searles.
- 2 Cs. Baking powder, consigned to C. L. Dennard.
- 1 Bbl. roofing paint, consigned to G. L. Crawford.
- 1 rocking chair, consigned to L. M. Hatt.
- 1 Iron bed and mattress, consigned to Lucy Cleere.

All of the above freight originally destined to the above named parties at Mt. Enterprise Texas.

Any of the above named parties may claim and receive the articles consigned to them before date of sale by calling for and paying all freight and storage charges, and by surrendering the bill of lading covering.

This advertisement to be published once a week for five consecutive weeks in accordance with the law. No bids will be received by mail, and all sales are subject to payment upon receipt of goods on date of sale.

G. L. Shirley, Traffic Manager.  
CARO-NORTHERN RAILWAY COMPANY

### CITATION BY PUBLICATION

To the Sheriff or any Constable of Nacogdoches County—Greeting:

You are hereby commanded to summon Francis Treanna by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Nacogdoches County, to be held at the court house thereof, in Nacogdoches, on the 1st Monday in September, A. D. 1917, the same being the 3rd day of September, A. D. 1917, then and there to answer a petition filed in said court No. 448, wherein Gus Treanna is Plaintiff and Francis Treanna is Defendant, and said petition alleging that plaintiff and defendant were legally married in Nacogdoches county, Texas, on or about the 22nd day of August, A. D. 1915, and continued to live together as husband and wife until on or about the 1st day of September, A. D. 1914, at which time defendant left the bed and board of plaintiff to live in adultery with one Paul Hernandez, since which time plaintiff and defendant have not lived nor cohabitated together as husband and wife. That the conduct and action of such a nature as to render their ever living together again as husband and wife insupportable.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and upon a final hearing hereof he have judgment dissolving the marital contract which still exists, for cost of suit, and for such other and further relief both general and special, in law and equity as he may be entitled to receive and will pray.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches, this the 27th day of June, A. D. 1917.

N. B. HALL, Clerk,  
District Court, Nacogdoches County, Texas.

### CITATION BY PUBLICATION

To the Sheriff or any Constable of Nacogdoches County—Greeting:

You are hereby commanded to summon Josh Malone by making publication once in each week for four successive weeks previous to the return day hereof in some newspaper published in your county, to appear at the next regular term of the District Court of Nacogdoches County, to be held at the Court House thereof, in Nacogdoches, on the 1st Monday in September, A. D. 1917, then and there to answer a petition filed in said court on the 23rd day of June, A. D. 1917, in a suit, numbered on the docket of said court No. 446, wherein Rebecca Malone is Plaintiff and Josh Malone is Defendant, and said petition alleging that on June 12th, A. D. 1913, Plaintiff and Defendant were lawfully married to each other in Nacogdoches County, Texas, and thereafter lived and cohabitated together until on or about the 18th day of October, A. D. when defendant with out cause or provocation on the part of this plaintiff abandoned the bed and board of this plaintiff, since which time they have not lived or cohabitated together as husband and wife.

That during the time plaintiff and defendant lived together she made him a kind and dutiful wife, but notwithstanding his marital vows he abandoned her as above alleged.

That as a result of said marriage there was born unto plaintiff and defendant a boy now about three years old, and named Oscar Allen Malone.

Wherefore plaintiff prays the Court that defendant be cited to appear and answer this suit, and that upon a final hearing hereof she have judgment dissolving said bonds of matrimony now existing between plaintiff and defendant, for custody of said child, for cost of suit, and general relief.

Herein fail not, but have before

## MR. JOHN NORWOOD DIED THIS MORNING

From Saturday's Daily.

Yesterday (Friday) The Sentinel carried a report of Mr. John Norwood, a prominent young citizen of Alto, having been brought to the sanitarium in this city with a fractured skull Thursday evening, caused in an automobile accident.

An operation was performed yesterday, at which time the attending physicians found a very badly fractured skull, and clots of blood on the brain and on the spine. They announced at the time that there would be no chance for the patient to survive, and he died this morning about 5:00 o'clock.

The body was prepared for burial by the undertaking department of Cason, Monk & Co., this morning, and the remains will be carried to Alto on a truck tonight, the trip being put off until night for the benefit of the cooler weather. The funeral will occur at Alto tomorrow.

The deceased was about twenty-two years of age, and is survived by a loving young wife to whom he was married about eight months ago, and who is almost prostrated with grief over the untimely death of her companion.

It is said by those who know him, that Mr. Norwood was an upright, very energetic, honorable young man, and was highly esteemed by those who knew him, and many hearts have been made sad with the fate that planged him into eternity so suddenly.

### DRAFTING POSTPONED UNTIL NEXT WEEK

Washington, July 11.—Postponement until next week of the drafting of numbers of men who will be called for examination for the national army seemed probable today when it became evident that states are not completing organization of their district exemption boards as rapidly as war department officials had hoped. Only twenty-one states have reported their organization complete, although in most others only a few districts are missing. The drawing will not be made until the lists for the country are complete.

A so-called revised census estimate for the entire country compiled on the basis of the draft registration will be used for determining apportionments. Each city, county or state must furnish two-thirds of one per cent of its paper population, according to the new estimates, which were made for the purpose of equalizing the draft rather than to represent accurate population totals.

### A COUNTY BOY WINS DISTINCTION

At a flag raising conducted by the Naval Academy of Culver, Illinois, recently, a student from each state was appointed to fire a salute, and Gus Whiteman, son of Mr. and Mrs. W. T. Whiteman of Caro, was chosen to represent Texas.

Immediately after the salutes were fired, the flags were unfurled, and it was a great patriotic demonstration.

This was a good distinction for our county boy, and his friends will waft congratulations and good wishes.

The Sentinel is very grateful to its stirring farmer friend, Joel Burrows, for a fine watermelon brought to the office yesterday afternoon. It was the finest melon the writer has seen this season.

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. had us get Cardui. . . I began improving, and it cured me. I know, and my doctor did for me, for my nerves and health were about gone."

**TAKE**

# CARDUI

## The Woman's Tonic

She writes further: "I am in splendid health. . . I can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

## SHERIFF PURCHASES PAIR BLOOD HOUNDS

Sheriff Luther Prince has purchased, and now has at his home ready for service, a pair of trained blood hounds, and he is as proud of them as the boy is supposed to be of his first pair of red-top boots.

The dogs are young, yet, and haven't been used but little but they are reported to take the trail like old-timers, and the sheriff feels that they will be of incalculable value to him in running down cases of burglary and other cases in which the law-breaker takes advantage of the dark to do his devilment.

Mr. Prince and his deputies have been doing some good work lately in running down people who have appropriated things that did not belong to them to their own use and benefit, a fuller report of which will be published later.

### ANOTHER MELON.

It is now manifest that Joel Burrows is the best watermelon friend this office has.

A few days ago he brought us a very fine melon, which was good enough for any time of the season, but this morning he drove by with a load and left a much larger.

Mr. Burrows has a very fine crop of melons this year, for which he is finding a ready sale.

### MARRIED YESTERDAY.

Marcus J. Christian and Miss Nealie Cook were married at the residence of Esquire Frank Huston yesterday afternoon, Judge Huston officiating.

The happy couple are worthy young people of the county, and The Sentinel joins their friends in congratulations and good wishes.

## NEW INJUNCTION IN U. OF T. TANGLE

Austin, Texas, July 11.—Judge Ireland Graves of the Twenty-sixth district court, today issued an order directing the university regents and the secretary of the board to recognize S. J. Jones of Salado as a regent of the university and to record his vote on all matters presented. The court also issued an order restraining John Ward of Temple, named by the governor to succeed Dr. J. P. Tucker, resigned, as regent in place of S. J. Jones, whom the governor sought to remove from assuming or exercising the functions of a regent. No announcement of the resignation of Dr. Tucker, or appointment of Mr. Ward has been made at the executive office.

Neither Governor Ferguson nor his secretary were in Austin today and it could not be determined when the chief executive took steps to name John Ward in place of J. P. Tucker of Galveston, who was originally appointed by the governor to take Jones' place on the board and who was restrained by an injunction granted by Judge Graves. According to the petition, however, Tucker has resigned his appointment and Ward has been named in his stead.

### CITATION BY PUBLICATION

To the Sheriff or Any Constable of Nacogdoches County—Greeting:

You are hereby commanded to summon G. R. Greene by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Nacogdoches County, to be held at the Court House thereof, in Nacogdoches, on the 1st Monday in Sept., A. D. 1917, the same being the 3rd day of September, A. D. 1917; then and there to answer a petition filed in said Court on the 11th day of July, A. D. 1917, in a suit numbered on the docket of said court No. 448, wherein Mrs. Delia Greene is Plaintiff and G. R. Greene is Defendant, and said petition alleging: Plaintiff and Defendant were lawfully married in the year of 1910 and continued to live together as man and wife until March, A. D. 1916. That during their cohabitation Plaintiff made defendant a loving and true wife, discharging all duties of a dutiful wife. That during said relationship there were born to Plaintiff and Defendant two children—a boy and a girl—Alma, a girl of 5 years of age, and Marvin, a boy 3 years of age. That said children are now with Plaintiff and she is caring for them. That notwithstanding her discharge of all wife's duties toward said Defendant, he in total disregard of his duties as a husband and in violation of his marriage vows, and obligations in the month of March abandoned this Plaintiff and in illicit companionship with another woman left his house and wife and their children, and in criminal relations with her, fled the country to parts unknown to Plaintiff, since which time she has never heard one word from him nor learned his whereabouts.

That the conduct of Defendant constitutes such cruelty towards Plaintiff as to render their ever living together again insupportable.

Therefore Plaintiff prays for judgment for divorce from said defendant and for the custody of the children and for general relief as she may be entitled to receive in law and equity.

Herein fail not but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and Seal of said Court, at office in Nacogdoches, this the 11th day of July, A. D. 1917.

N. B. HALL, Clerk,  
District Court, Nacogdoches County, Texas.

Mr. and Mrs. Pierce McKnight of Cushing were in the city this morning looking after some business matters and doing some trading.

## STOP COUGHING

The simplest and best way to stop coughs, is to take **Foley's Honey and Tar**

You get the curative influence of the pine balsam together with the mollifying effect of the honey, and other healing ingredients. It leaves a soothing coating on the inflamed tickling throat, raises phlegm easily and puts a quick end to hard wearing coughs.

R. F. Hall, M.D., Va., writes: "One bottle of Foley's Honey and Tar stopped a troublesome bronchial cough and irritation that had bothered me for fifteen years." Your dealer sells it. Try it.

**Stripling, Haselwood & Co.**

## TO THE CREDITORS OF C. E. PETTY

The State of Texas, County of Nacogdoches.

You are hereby notified that C. E. Petty of the County of Nacogdoches and State of Texas, on the 2nd day of July, A. D. 1917, executed a deed of assignment conveying to Ellis Gaston all of his property for the benefit of all of his creditors, and that the said Ellis Gaston, has accepted said trust, and has duly qualified as required by law. All creditors consenting to said assignment must within four months after the publication of this notice, make known to the assignee their consent in writing, and within six months from the date of this notice file their claims, as prescribed by law with the said Ellis Gaston, who resides at Nacogdoches, Texas, which is also his post office address.

Witness my hand this 2nd day of July, A. D. 1917.

ELLIS GASTON,  
Assignee.

5-31w

Dr. W. H. Bruce, Osteopathic Physician, Redland Hotel.

### IRON WANTED.

Will pay \$5.00 per ton for scrap iron, free from steel iron and tin, delivered Nacogdoches Elevators Company's warehouse. Also want all other kinds of junk. Claibe Johnson, wtf

### GRAVE YARD WORKING.

There will be a grave yard working at Melrose Friday, July 20. Everybody interested come and bring something to work with, and plenty of dinner.

### 25 Tie Makers Wanted.

For jobs at Cushing and Mahl. Good timber, pine or hardwood. Good prices; pay once a week. For particulars see SPEARS & ORTON, 5-wtf. Nacogdoches, Texas.

### COW HIDES WANTED.

We are paying 20c per pound for green hides. Green hides should be salted heavily as soon as possible, and shipped by express. Put one tag with your name and address inside of the sack and one on the outside. We also handle horse hides and wool. wtf

### A GOLETERNEK & CO.

## FRIEND'S ADVICE

### Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctors said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, and the result is I feel like a new woman. I am well and strong, do all my own house work and have an eight pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. NELLIE FISHBACK, 1521 Christy Ave., Louisville, Ky.

Everyone naturally dreads the surgeon's knife. Sometimes nothing else will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary. If you have any symptom about which you would like to know, write to the Lydia E. Pinkham-Medicine Co., Lynn, Mass., for helpful advice given free.

### WILSON GIVES FULL POWER TO GOETHALS

Washington, July 12.—The controversy over the government's shipping program was settled Thursday by President Wilson directing the emergency fleet corporation of which Major General Goethals is manager, to take charge of construction and authorizing the shipping board to operate the vessels after they are built and to requisition and operate tonnage now on the seas.

The president, by dividing the powers conferred on him by congress cleared the way for an immediate speeding up of construction. General Goethals will commandeer at once the contracts for most of the two million tons of shipping building in American yards, and will put on double and triple labor shifts to hurry their completion.

Frank Day, the inotype operator and head printer on the Alto Herald, has been in the city today visiting relatives and renewing acquaintance with old friends. Mr. Day is a native of this city, the family moving away when he was a boy, and like many others who have gone out from here, he has made good and developed into a most excellent, capable man who is highly esteemed by all who know him.

### COMPROMISE LIKELY ON FOOD CONTROL BILL

Washington, July 11.—Considerable progress towards a compromise on food control legislation was made Wednesday in the senate, but several important features still are to be worked out and the whole outlook remains uncertain.

On the floor perfunctory debate continued on the administration bill which leaders virtually have agreed to abandon, but in the agriculture committee such headway was made with consideration of Senator Gore's substitute measure that members said final committee approval was withheld only because of minor details. The committee virtually washed its hands of the troublesome prohibition laws, voting to put into the substitute the same regulations which the senate already has approved.

Thursday the committee will meet again and may give formal approval to the measure and report in a substitute for the administration bill.

The Democratic steering committee will also hold a conference on the subject in an effort to make certain that legislation is finally put before the senate as will command a majority when the vote is taken under the agreement of July 21.

### WEEKLY U-BOAT TOLL IS LOWER

London, July 11.—The sinking of 14 British merchantmen of more than 1,800 tons is reported in the weekly summary of shipping losses issued here Wednesday.

Three merchantmen of less than 1,800 tons and seven fishing vessels also were sunk.

With one exception the number of merchantmen sunk is the lowest of any week since the British inaugurated in March the system of giving out weekly reports.

The official statement follows: Arrivals, 2,898; sailing, 2,798.

British merchant ships sunk by mine or submarine over 1,600 tons, including one previously reported, 14; under 1,600 tons, 8.

British merchant ships unsuccessfully attacked, including four previously reported, 17.

British fishing vessels sunk, including one previously reported, 7.

### TO REGULATE CAR SERVICE

Washington, July 12.—Creation of a division of car service to deal with the movement, distribution and exchange, interchange and return of freight cars, was announced Thursday by the Interstate Commerce Commission.

E. H. Degroot has been appointed chief of the division. A. Guthrie will have executive charge of the organization and its operation, assisted by H. C. Barlow.

Through this division the commission will regulate car service throughout the country through direct orders to the carriers, with the purpose of dealing with car shortage and seeing that troops, war materials and necessary supplies are moved more quickly.

The creation of the new division, which is the first definite supervision over traffic movements, is in accordance with the car service act, approved May 29, amending the act to regulate commerce.

The urgent necessity for regulation in the distribution of cars has been pointed out to the commission many times by both

## Long Distance

Bell Telephone Service is being used more and more by the farmer and ranchman.

He makes sales over long distance and buys his machinery from the city by Bell Telephone without leaving the house.

The farm telephone connected with Bell service is a wonderful time and travel saver for the farmer.

THE SOUTHWESTERN TELEGRAPH & TELEPHONE COMPANY

shippers and carriers. Despite the efforts of the railroads, certain sections have suffered more than others from shortage.

The new division will develop field forces quickly and probably will place agents in many of the great traffic centers to adjust local shortages, congestions and other problems.

### AUTO REGISTRATION IS UNDER WAY

Austin, Texas, July 12.—The state highway commission began today the actual registration of automobiles, all applications for licenses having been classified by counties, and it is the aim of the commission to have this task completed by July 15, at which time the enforcement of the law will commence. The commission has been deluged with requests from all over the state by persons desiring certain numbers. Chairman Hancock said that no such reservations will be made to any individual as that would upset the plan of the commission in issuing of registration licenses and number plates.

Among the requests for special numbers was one from a Fort Worth negro, the owner of a Ford. He wrote that it was his understanding that Fort Worth was to have a block of numbers from 40,000 to 50,000, accordingly he would very much appreciate it if the commission would reserve "4-11-44" for him, as points out that it "would not look well upon the car of a member of any race but mine."

The members of the commission have been receiving many invitations to appear and make addresses at good roads meetings, including one from Kansas City, Mo., when the King's Trail Association meets. Because of pressure of business the commission was forced to decline this invitation. The commission has, however, accepted an invitation to attend a meeting at Pflugerville on July 17, and Chairman Hancock has accepted an invitation to attend a meeting at Grand Saline on next Saturday. At this meeting the question of the construction of a proposed highway through Van Zandt and Wood counties will be considered, which it is claimed, when finished, will give a direct road from Dallas to Shreveport, La.

Be calm in argument, for fierceness makes error a fault and truth a discourtesy.—George Herebirt.

### DR. FLY DEFIES COURT WILL GO TO JAIL

Galveston, Texas, July 12.—Dr. A. W. Fly of Galveston interrupted the reading of President Vinson's report to the board of regents of the University of Texas this morning just after the board met at 11:30, to announce that an injunction had been issued against him at Austin to restrain him from acting as a member of the board of regents because of his having accepted another position.

Doctor Fly declared his intention to defy the mandate of the court, asserting his willingness to go to jail if necessary. He said this was the first time he had ever disobeyed a court order, and admitted he had accepted the office of chairman of the exemption board in Galveston, but said that before doing so his lawyer had advised him that his duties on the exemption board would not conflict with his services as a regent.

After hearing Doctor Fly's remarks the board took up the consideration of the budget for the medical branch of the university. When this has been finished the board will adjourn and go to Austin to complete consideration of the remainder of the budget.

### TYLER PEOPLE WENT AFTER THE COMMITTEE

The following report of the effort being put forth by people of Tyler to interest the normal committee in giving that city the Stephen F. Austin Normal, is taken from the Tyler Courier-Times; published yesterday afternoon:

"The committee from the Chamber of Commerce selected to go to Henderson to meet the committee to select the site for the Normal School left Tyler at 3 o'clock this afternoon. They will take supper at Henderson and bring back to Tyler the locating committee. It is contemplated that the party will reach Tyler about 9 o'clock. The visitors will spend the night at Judge Sam Lindsey's lake home at Green Brier.

"Early tomorrow morning citizens of Tyler will show them the various sites to be offered for the location of the normal. They will also be driven over Tyler and shown the churches, residences and various manufacturing enterprises.

"Tyler people who went to Henderson rode in Cadillac cars, and are Tom Bonner, J. W. Fitzgerald, F. M. Bell, Walter Conally, Gus F. Taylor, Will Goodman, Oscar McFarland, S. H. Cox, T. B. Butler, R. Bergfeld, A. W. Orr, W. H. Adams, J. B. Mayfield, C. E. Wood, P. K. Birdwell, S. Bruck, F. H. Merrill, Nat Gentry."

### GARRISON LOCALS

From The News.

Paul Commander is spending the week at Nacogdoches, visiting relatives.

Mrs. Eugene Turner of Nacogdoches is visiting her sister, Mrs. Dock Watson.

Miss Vera Powers spent the week-end at Nacogdoches visiting her sister, Mrs. Lake Orton.

Byron Price of Nacogdoches spent Wednesday in the city.

C. R. Langston and wife, Misses Ruth Webb, Nell Roach and Gladys DeVaughn and Mayor J. D. Garrison motored to Nacogdoches Tuesday afternoon in Mr. Langston's car.

When the members of the state normal locating board reached Garrison yesterday morning every business house at this place closed and the business men asked the committee to give Nacogdoches the normal.

FOR SALE—24 hogs, all or part. Phone No. 9026-F2. J. W. Hutson. 14-1d1w

### WILSON WARNS TO AVOID EXTORTION

Washington, July 12.—American business interests today had assurances from President Wilson that they will be paid fair prices during war, coupled, however, with a warning that attempts to extort unjust prices will not be tolerated. In an appeal addressed to the country's coal operators and manufacturers, the president urged that every selfish consideration be abandoned in this time of national peril.

"Patriotism," said the president, "has nothing to do with profits in a case like this. Your patriotism is of the same self-denying stuff as the patriotism dead and maimed on the fields of France, or it is no patriotism at all."

### Condemns Excessive Prices

The president expresses confidence that the problem of wartime prices will be solved through patriotic co-operation. There must be but one price for the government and the public, he emphasized.

The president vigorously condemns ship owners of the country for maintaining a schedule of ocean freight rates which has placed "almost insuperable obstacles" in the government's path.

## EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the liver and should never be put into your system.

When you feel illious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

## CHILDREN NO EXCEPTION.

In Nacogdoches as Elsewhere Youth and Age Suffer Alike From Kidney Weakness

Is your child weak, frail and pale?

No control over the kidneys' action?

Kidney weakness is a serious thing—

Far too serious to overlook. It may mean a life of sickness.

Profit by Nacogdoches experiences.

Use Doan's Kidney Pills.

Endorsed by Nacogdoches parents.

Read this Nacogdoches' parent's endorsement:

W. H. Johnson, grocer, S. Fredonia St., Nacogdoches, says: "I know Doan's Kidney Pills are a fine kidney medicine, as we have used them for a long time. My children have taken Doan's Kidney Pills with excellent results when suffering from spells of weakness of the kidneys."

50c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mr. J. N. Thomas, one of Nacogdoches' most progressive merchants, is suffering with some lacerated fingers which he had the misfortune to get caught in an electric fan.

Pigs for sale. J. W. Petty. 17-4td-1w.

## Right Now!

We have seven good milk cows, better than the average. Few with baby calves and others to be fresh in next few days.

Terms: Cash or trade.

**BLACKBURN & MAST**

We buy cattle too—Best prices

### Good For the Little Ones.

Every year sees a big increase in the demand for Foley's Honey and Tar Compound for coughs, colds and croup. J. A. Parger, Lundgren, La., writes: "I gave my children, aged two and four years, Foley's Honey and Tar for severe colds, which gave almost immediate relief. I also took same with good results." Stripling, Haselwood & Co.

Capt. J. P. Ross, a former well known citizen of this section, but who is now engaged in the sawmill business at Cleveland, was an arrival to the city this afternoon.

### Has Had Beneficial Results.

A man is not treating himself fairly when he neglects backache, rheumatic pains, dizziness, stiff joints, sore muscles, or other symptoms of kidney or bladder trouble. Isaac B. Turman, 1277 Washington Ave., Ashbury Park, N. J., writes: "I used Foley Kidney Pills and had the most beneficial results from same." Stripling, Haselwood & Co. dw1

Mr. Tom Wragg, a well known mill man of the Garrison-country, was a business visitor to the city today.

You can get relief from racking coughs, from wheezy, sneezy breathing, from raw, inflamed throat and tight chest. W. G. Glazier, Bentonville, Ark., writes: "I can recommend Foley's Honey and Tar Compound. I used it for a cough that I had for years, and was said to have consumption but it cured me." Stripling, Haselwood & Co. dw1

### Stopped His Backache

George Lawrence, railroad fireman, Kittrell, Miss., writes: "I used three bottles of Foley Kidney Pills when I was so sick I hardly could stay on the engine, and they cured me. My back ached all the time; kidneys acted sluggish; dull headache, felt sleepy all the time; nervous, had to rise many times each night." Stripling, Haselwood & Co. dw1

Friends of County Judge Perrette will be glad to learn that he is recovering nicely from his operation, and hopes to soon be able to move home from the sanitarium.

### Different—But Satisfactory.

Indigestion causes worry, sick headaches, biliousness, bad breath and constant distress. W. A. McRae, Raleigh, Ga., writes: "Foley Cathartic Tablets cleanse my system thoroughly and do not gripe or hurt at all. I find them entirely satisfactory and wonderfully different and more pleasant than any other pill." Stripling, Haselwood & Co. dw1

A. C. Irwin, a well known business man of Garrison, with his family, were visitors to the city yesterday afternoon.

### Just What She Needed.

When women complain of weariness, dull headaches and similar ailments, they accept those troubles as their lot because they are women, when the ailments may be the results of disordered kidneys. Mrs. Mary V. Bunker, Milton-on-the-Hudson, N. Y., writes of Foley Kidney Pills: "Just what I needed"

Monday, July 23rd and Throughout the Week
