COUNTY FAMILY IN AUTOMOBILE ACCIDENT

The Sentinel gets the information from a passenger who was on the train this morning, that a family by the name of Muckerson, whose initials were not learned, of Martinsville, were in a very dangerous and some what serious automobile accident near Bronson yesterday.

The family was accompanied by a daughter to some place near Bronson, where she will teach school this fall. In attempting to overtake a wagon that was passing, which they were passing, the steering wheel failed to work properly and the car was run on to the side of the bridge and spilled the occupants down the embankment, breaking the young lady's collar bone, and the old gentleman and his wife received many painful bruises. The car is reported some mangled.

The passengers were brought back on the train last night to Timpson, and on down the Gibbs by extension of the Sant Fe to their home this morning.

Look out for great activity all along the line—be land and sea—and you will find the papers, please to your John Bull.
Each year, from the way.

Some of these populists ought to be in the process now. They are about the only people who can talk about the next and spiritual, for they can right now it takes that kind of talk to get by in congress.—Longview Times-Citizen.

There are many little valleys, washed under hills from which springs gush, in Nacogdoches county which could be converted into irrigated gardens and furnish the country with fresh vegetables in the fall season when people are starving for such commodities. If you have a farm with these conveniences take the hint.

Now that crops are good and selling at good prices, remember the preacher, and do not give anything to him—The Morning Tribune.

Also remember that you are a man. There is no responsibility on the part of many people of their obligation to work for the preacher and the church, when money is to be made, when there is a good reason for it, and a good time for it.

ion also to answer, why is a board of pardon advisers? While it has been well known that its recommendations had no constraining force, the constitution forbidding that it be invested with any such power, it has been popularly supposed that they were meant to exert a decisive moral influence over the executive. But, in practice they apparently do not; or so seldom as to move one to wonder whether the function it performs is worth the cost of its maintenance. If we can not bring ourselves to the point of giving it, or some other body, final power over pardon applications, we can at least so amend the law as to require that every pardon proclamation issued by a governor shall certify, first whether the pardon was recommended by the board of pardon advisers, and second, who were the indorsers of the application for pardon. There would be some small prophylactic virtue in such requirements.—Galveston News.

I am the boy in black; I am a mother's son; I am the pride of a family and part of a home; I love my folks as you love yours, and I'll be with you when you need me, yet I am a gambler, and I'll be with you when you need me, and I'll be with you when you need me, and I'll be with you when you need me.

VALUE OF GOOD ROADS.
As never before, hard-surfaced roads are going to mean prosperity to the American farmer, says a writer in the New York Engineering News Record. No small part of the great American problem of feeding the rest of the world rests on the serviceability of our country highways. The difference between mud roads and hard-surface roads will be the difference between crops rotting on the ground in many states and crops on the way to the world's markets. It is admitted that never before have the railroads been so tied up with the transportation of industrial products. Building of the many army cantonments and the immense shipments of lumber and other construction material required for them is but one item in the transportation business which the establishment of these cantonments and military training camps will bring about.

If the pinch of railroad congestion has been felt by such shippers as the great industrial concerns, how much more will be felt by the lone farmer. The question asked by the editor of the Modern Farmer, is, if the great motor trucks have solved the problem for the manufacturer, merchant and contractor, how much more will they do to solve the problem for the farmer provided the farmer has the roads to utilize the trucks. You can be sure that more than ever before will the farmer appreciate good roads. If he has them, or if he can have them, he will be better off than ever before.

COTTON YARD NOTICE.
GINNING NOTICE.
I will be in charge of my father's cotton yard this season and continue the business in the same manner and on the same principle that he conducted the business during his lifetime. I want to answer all of old customers, and new ones as well, that this patronage will be greatly appreciated by me, and by my mother, and that no pains will be spared to give good service and absolutely fair and correct weight.
The yard is now open and ready for business.
You are invited to leave your teams in our yard while attending to other business up town.
Very respectfully,

WHISKEY MAKERS SEE FINAL DOOM
Peoria, Ill., Aug. 30.—The distillers of Peoria expect to be forced out of business entirely by the law prohibiting the use of food products in the manufacture of intoxicating liquors for beverage purposes after September 8. This became evident tonight with the announcement of Robert D. Clark, vice president of Clarke Bros. & Co., distillers and rectifiers, that they are preparing to immediately liquidate their immense business.

UGH! CALOMEL MAKES YOU DEATHLY SICK
Stop using dangerous drug before it salivates you!
It's horrible!
You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.
Here's my guarantee! Ask your druggist for a 60 cent bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.
Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling grand. It's perfectly harmless, so give it to your children any time all can't salivate, so let them try anything else.

But farmer's boys are attending the Agricultural Colleges, the Universities and the private and denominational College. They are learning how to farm, how to live comfortably and be useful citizens of the state and nation. They will be the leaders of this nation in the years to come. Farmers will then come into their own—Farm and Ranch

COGDOCHES TRADITIONS

The death of John W. Johnson to the minds of many older memories of past. He called by his nick name, among his home folks, in the Confederate army his name was "Old Boy." Here every where else he was spoken of with respect as genial, jovial, moral and in battle. Hence he was loved and loved. Numerous relatives, the sons, are genuine pioneers best type, and so are his life's relatives, the Stones. In the last three years he with a second wife in Anderson county, where he died. He was an old acquaintance in this county. His parental was on the Durst Lake from Nacogdoches, on the all west of the seven mile and just beyond the Alazan and this is the vicinity in which he spent nearly all of his life. The old Johnson there was afterwards the of Whig Rogers, and his Uncle Billy Rogers, a and son who were com- in the Confederate army, being life-long democrats true blue.

There is something remarkable about the history of this old and its ancient neighborhood, produced some of the best of Texas, and was first in first in fate and first in people. It was on one of the very best big roads, leading to the contentious and noted John crossing on the Angelina, and thence up the river on west side, to Joe Durst's Buckshot crossing, and on James Durst's near, or at Lincoln crossing. The Dursts were in the making of Texas.

to France, Spain and Mexico before Texas was freed, and they spoke Spanish so fluently that they were frequently designated by their Spanish names, Juan, Jose, and Iago. The defeat of Piedras in the Nacogdoches war of 1830 had its ending at one of these crossings on the Angelina river, where Jim Bowie headed off the retreat and captured the refugees.

The venerable and honored John B. Long of Cherokee county, was born in the vicinity of this old Johnson home, and the famous Governor Jim Hogg, barely missed one year being born here, where his father lived, and his brother, Tom, was born. George Weaver's father died there just afterward, and Judge Ingraham lived a little ways westward. This was then a land of milk and honey and wild meat and also money.

One of Dick Johnson's army experiences was that he was taken prisoner while sick in New Mexico, and carried to Santa Fe. He was a member of the famous Raguet's Co. H. 4th Tex. Cav., Sibley's brigade, afterwards Green's brigades. There were many hot battles, but the closest call Dick had, was with three other comrades, one of these being John Norvell of Henderson. This four met four Federal cavalry soldiers in a lane face to face. All were mounted alike, but not armed alike. The Confederates had but one shot each. The others had repeating arms. Dick's side played buff and challenged, and were ordered to surrender. They replied, "You surrender." All fired. Our boys fled. A horse followed them—no rider. They never knew the results exactly, but one other of the enemy's horse was shot down. The fleeing horse was our boy's trophy. Honors were even. J. E. M.

HELD FOR KILLING OF TOM SANDLIN

Houston Chronicle.

Capture of one of the two men believed to have killed Tom Sandlin near Humble last Friday night is reported from Trinity. The marshal there phoned Doctor Sandlin of Humble brother of the dead man, that officers and citizens had captured one of the two men and were only 15 minutes behind the other, who is being pursued by bloodhounds.

According to the information given Dr. Sandlin, the captive confessed to being one of the convicts who recently escaped from Imperial state prison farm. He suits the description of one of the slayers of Sandlin.

Rewards totalling \$2800 have been offered for the men who killed Tom Sadlin. Yesterday Acting Governor Hobby authorized a reward of \$300 by the state.

Sandlin was killed last Friday night. At the request of J. B. Conner, a rent car driver, Sandlin accompanied Conner to Westfield, Conner having been engaged by two men to convey them to that point. Knowing of the recent escape by convicts and the riot by negro soldiers, Conner did not want to make the return trip alone, hence requested Sandlin to accompany him.

Bob Baucom, of San Antonio, son of Rev. S. F. Baucom, was in the city today, going out to Cushing to visit with relatives. A good portion of Mr. Baucom's boyhood days were spent in this city.

HABEAS CORPUS TRIAL.

A man named Eddington of Angelina county, had a habeas corpus trial before Judge Guinn here this morning on a charge of using abusive language about the president and was released on \$500 bond to await the action of the Federal grand jury at Tyler.

The defendant had been confined in jail at Lufkin the past several weeks.

ROAD INSPECTORS WERE HERE TODAY

Making Preliminary Survey of The Proposed Route From Paris to the Gulf.

Mr. A. C. Hoffman and family and Messrs. H. A. Wilson, Bill Edwards, and J. W. Debenport of Mt. Pleasant were in the city today, making a preliminary survey of the proposed Federal highway from the Great Lakes to Galveston.

It will be remembered that Prof. R. F. Davis and Editor W. S. Davis attended a meeting in Oklahoma a few weeks ago, at which a campaign was launched to bring this route on through Texas via Paris. The line has already been adopted to Paris, and the contest is now for the route from that point on to the Gulf. At this meeting Prof. R. F. Davis was elected one of the directors, and at the adjournment of the meeting it was elected to meet again at Daingerfield, Texas, on Sept. 27th, for the purpose of taking testimony in the matter of the most feasible route and hear the report of the directors and those making these preliminary surveys over the route.

Messrs. N. D. Naman, Prof. R. F. Davis and W. S. Davis met the visiting committee at Garrison this morning and accompanied them on to this city.

The visitors are making the trip in automobiles, by which they are getting first-hand information as to the condition and feasibility of the routes, and our people will trust that that they may find our lines measure up with other proposed routes.

After the visit of these people, it is important that the people of Nacogdoches, and the other towns along the line proposed to come this way, should wake up, gather all the data and information possible in the matter, and have a strong delegations at Daingerfield on the 27th. Being located on a first-class highway that stretches across the continent is one of the greatest prizes any community could capture, not alone for the local convenience, but for the tourist travel it would capture and the new people that would be brought into touch with our country as a consequence, and we should go after it with the same zeal and inspiration that we went after the Normal.

156 NEGROES MAY BE GIVEN DEATH

El Paso, Texas, Aug. 30.—One hundred and fifty-six negro soldiers of the Twenty-Fourth Infantry brought here Wednesday from Columbus, N. M., and placed in the military prison stockade at Fort Bliss, will in all probability receive trial by court martial here, military authorities say.

It was said the negroes, or most of them would face charges of mutiny in time of war, an offense which might be punished by death, in consequence of the rioting last week in Houston, which resulted in the killing of 17 and the wounding of many more in the disorders there.

Officers explained that the court martial probably would be held here in the belief that it would be undesirable to take the negroes to Houston for trial.

Transfer of the prisoners from Columbus was effected without incident.

Whether the prisoners against whom indictments have been preferred will be returned to Houston for trial by civil authorities upon demand was uncertain Wednesday night.

Military officers stated it was not obligatory to release to civil authorities for trial military prisoners in time of war.

70 YEARS ON ONE FARM

John G. Orton Lives at Birthplace Near Nacogdoches.

Houston Post.

Nacogdoches, Texas, August 31.—John G. Orton, who was 70 years old on August 16, lives on the place where he was born. Orton hill took its name from his father, who died many years ago.

Henry W. Ruschie, who was born on August 26, 61 years ago is living in the house he was born in. F. H. Hoya, born on March 12, 1839, was born one mile south from town and the property is still in the Hoya family.

BODENHEIM ACQUITTED IN TRIAL AT CENTER

Center, Texas, Sept. 2.—After 11 hours consideration of the case of the State of Texas vs. G. A. Bodenheim, charged with the wrecking of the People's State Bank of Longview, and transferred here from Gregg County on a change of venue, the jury brought in a verdict of acquittal this morning.

The case had been stubbornly contested for five days in the District Court here, some of the strongest legal talent of the state being employed in the case, especially for the defense.

Argument in the case lasted well into last night and it was 10:30 o'clock when the court submitted the fate of the defendant, who is a former mayor of Longview, to the jury. The decision of the jury was made to the court at 9:30 o'clock this morning.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the affected part. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c, 50c, and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

BUTLER RETURNS AND SURRENDERS TO SHERIFF

Walter Butler, who was under indictment for burglary in this county, and jumped his bond in 1913, has returned to the city and surrendered to Sheriff Prince, asking that he be given a trial at the first opportunity.

Mr. Butler says that he has been in Oklahoma and the Pan Handle country during his absence.

If your child is pale and sickly picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Price 25c per bottle. Sold by Stripling, Haselwood & Co.

A card from Paul Perkins, one of our worthy sons who went to Galveston with the Coast Artillery Guards organized in this city, to a friend, says, among other things: "We have comfortable quarters, plenty to eat and not much work, so what could we want? We are fast learning to be soldiers, and we are getting awfully lazy. Our company has been changed from No. 4, C. A. G. to Co. No. 7, Ft. Crockett."

NACOGDOCHES BOYS IN GUANANAMO BAY
The Sentinel is in receipt of a letter from Claud Thompson, dated at Guanamo, Cuba, August 12th, in which he says, among other things:
"Some one was so kind to send us, Claud Barham and I, a copy of the Daily Sentinel. I want to tell you how much we appreciate it, knowing it was from the old home town. We read it with eagerness to find out how things were at home.
"Claud and I are the only boys on this island that are from Texas.
"I see from the papers that Baxter Duncan is home on a furlough. We left him at Paris Island, S. C. Bob Cason is in Haiti, while Claud Barham and I are in the extreme southern part of the West Indies.
"We have just finished up on the target range where Claud Barham made expert riflemen, which gives him \$5.00 a month additional pay. I made sharpshooter, which gives me \$3.00 a month additional.
"We like the service fine, but Claud Barham can't get used to eating beans three times a day, and it goes against the grain with me.
"We expect to reach Pensacola, Florida, the latter part of the month, then expect to cross the muddy pond in the spring. We finished up our training last Saturday, and we are now doing guard duty, four hours on and eight hours off.
"There goes another of those bugle calls. I have been in the service four months, and all the bugle calls are the same except the "chew call."
"High Prices and Sickness
Nobody can afford to be sick with the cost of living at the present high mark. It is cheaper and more sensible to prevent sickness than to pay doctor bills. Take Foley's Honey and Tar in time to check colds, stop coughs and relieve croup before serious illness attacks a weakened constitution. Stripling, Haselwood & Co. dw

FRO MASA MOORE.

The Sentinel has been given authority to publish the following letter from Asa Moore to his mother, which will be of interest to his friends and others here:

Dear Mother:—I am now in England and will probably be here for two or three days longer. Then we will go to where we can do all that is in our power to win the war. I am in a training camp where there are many soldiers. I can not tell where because it might be seen by some German.

I suppose you saw in the papers where we made the trip across the Atlantic in perfect safety. We had absolutely no trouble with submarines, but many got seasick.

England is the most beautiful country I have ever seen, and the people are so nice and good to us. The British soldiers are glad and willing to go into the trenches and offer their lives to help destroy Kaiserism. They are like America in that respect. They have nothing against the people, but it is necessary, as you know, to kill many of them before you can win. Even the women assist in many respects such as peddling fruit, candies, etc., and most of all, they do not try to spend a fortune dressing. They wear common clothes and walk instead of riding in cars as the American women do.
When we left Atlanta, Ga., I did not have time to write any more until seven days past my birthday, which was the first one spent on the water. I have no idea how long it will take to get this letter to you.
I presume Dillard has gone from home to a camp long before this, has he not? Guess Aunt Mary is grieving very much over him. I fully intended to write him before leaving the States, but never did. Will you please find out his address.
I, as well as thousands of others, must suffer many hardships in order to win the war, but we are not suffering and sacrificing near as much as many others. We will be on the front soon where things are more dangerous than here.
Probably I can hear from home in a few weeks, if you or any one else wrote when I wrote you from Georgia. I have not heard a word from home or anywhere else since I left there.
If this war will only end by the time our new school opens up so I can come home and go to school, I will appreciate going very much. The majority of the men in my regiment think it will last three or four years, but all the English soldiers who visit us think it will end within a year, which sounds very good to me.
Our food has been reasonably good, considering the circumstances, except I would like a few more sweets as I have always been used to eating as much as I felt like. I do not know what the people thought about the letter I wrote to The Sentinel, telling them of how well pleased I was with everything in the camps.
Signed "Asa," and in conclusion the gallant young man pays his dear old mother some tributes, inquires about some personal friends, and promises that his habits will be as exemplary in the war as they always were at home.
Safe Remedy for Children.
Chas. Baker, Brownsville, Tex. writes: "For years I have used Foley's Honey and Tar and found it especially efficient for bad coughs of my children. I recommend it to my friends as a safe remedy for children as it contains no opiates. It is certain to bring quick and lasting relief." Stops coughs.

THE FARM LOAN BANK. ANGELINA COUPLE WERE MARRIED HERE. A DOUGLAS CITY FOUND DEAD.

The visits of Col. Milner to this community, who comes to us to inspect lands for the Federal Farm Loan Bank, and his address on the workings of the institution, are arousing much interest with the people in this section, and it is a safe prediction that ere long many people will own homes, or improve the ones they have, who are now lagging in the matter.
On this visit Col. Milner explained how a man can buy his home outright, and make the security safe. The plan is worked by giving a second mortgage to the party selling the land, which makes him entirely safe for the reason that he can take up the indebtedness of the Farm Loan Bank if the purchaser does not meet his obligations, and by so doing make his second mortgage a first mortgage or vendors lien.

Col. Milner thinks that there will soon be some great corporation organized for the purpose of handling these second liens and for the reason that the abstracts would have already been perfected and passed on, by the Farm Loan Bank, leaving nothing for them to do but to furnish the money and draw their interest as it accrues.
This opportunity is going to insure the rapid development of East Texas with a happy prosperous citizenship of home-owners, and make it the most delightful place under the sun in which to live.

Mr. Wm. Monroe Gilbert, of Homer, Angelina county, and Mrs. Maude Thomas of Lufkin, were married at the county clerk's office in this city yesterday, Esquire Frank Huston officiating.
The couple are people of good appearance, and belong to the good citizenship of the neighbor county.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Rosse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a line... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a chance for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 71

LUFKIN CITIZENS IN AUTOMOBILE ACCIDENT

The following report of an automobile accident suffered by a Lufkin citizen, near this city Sunday, is taken from Monday's issue of the Lufkin News:

"An automobile accident occurred yesterday afternoon on the Lufkin and Nacogdoches road five miles this side of the latter place in which Bill Sapp of this city sustained a broken arm and was otherwise severely bruised. In company with Jones Smith, Sapp was making the trip to Nacogdoches in a Ford roadster, and while traveling at a pretty fast clip it seems that Mr. Smith, who was driving the car, released his hold on the steering wheel for the purpose of lighting a cigar. All went well until a sand bed was encountered on one side of the road, causing the car to suddenly swerve to one side and turn turtle with the result as above noted. Miraculously enough Mr. Smith escaped without injury.

"Claude Smith and Frank Jones were just ahead of the car when the accident happened, and one of them happened to be looking back at the time. They immediately returned to the place, and while Mr. Sapp was suffering severely and Mr. Smith was scared almost out of his wits, they finally succeeded in getting Mr. Sapp into a car and conveying him to a Nacogdoches hospital, where he received medical attention. Reports from there this morning state that he was resting well, and while his injuries are necessarily painful, they are not considered dangerous."

Great Faith in Chamberlain's Colic and Diarrhoea Remedy.

"Chamberlain's Colic and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking three doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y.

We have said it before, we say it now, and we will say it again "lest you forget," that every acre of idle land in East Texas should be put into immediate cultivation. The world needs the things we can produce on these good lands where the seasons never fail, and we need more of them at home than we have hitherto been able to supply.

Experience the Best Teacher.

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take. dw

LAST WEEK

I returned from a little trip. While on this trip I picked up a little bunch of shoes, pants, overalls, underwear and other goods at a bargain. These goods will arrive here during the next ten days, and I believe you will find the goods and prices attractive. I do not expect to try to make a big profit on them, as I know that crops are short and I am willing to divide up with my customers. We are not much in the bag, but want you to come in and let your eyes be your judge and your pocket book your guide, and we will sell you the goods. C. W. Butt, 1w

Has a High Opinion of Chamberlain's Tablets.

"I have a high opinion of Chamberlain's Tablets for biliousness and as a laxative," writes Mrs. C. A. Barnes, Charleston, Ill. "I have never found anything so mild and pleasant to use. My brother has also used these tablets with satisfactory results."

Get the idea firmly fixed in your mind, and weave it into a motto, that this is a time when we must save everything of value, not for the sake of individual accumulation, but that the other fellow may have a chance at a share of the available supply.

FROM SOLDIER BOYS.

Ft. Crockett, Galveston, Tex., Sunday, Sept. 2, 1917; The Sentinel—Probably there are some who would like to know how the boys of Company 4, Battery A. C. G. A. are getting along and for that reason I decided to send in a little "write-up."

Will go back to the time when we left Doches and say we appreciated the "send-off" the people of Nacogdoches gave us. We can never forget the delicious watermelons prepared for us at the freight depot at the hour of our departure.

We realize the people of Nacogdoches appreciate our efforts to do our bit for our country and believe each and every one of us will try to do what is expected of him.

Well, after leaving Nacogdoches we yelled ourselves hoarse at nearly every station. Probably some thought we were the entire National Guard, from the fuss we were making.

We only stopped in Houston long enough to hook into the train for Galveston.

We had coffee served on the train near Houston.

We arrived at Galveston about 10:30 a. m. and immediately marched out to Ft. Crockett, a distance of about four miles. We arrived at the Fort just a few minutes after the noon hour, and as there was nothing prepared for us, we had to intrude on the hospitality of the Waco company. Not expecting us, they could only serve us with army bread and coffee, but even that was appreciated.

We soon got busy and by bed time we had everything straightened out in our own quarters and had eaten a very good supper in our kitchen which the cooks had hastily prepared.

We are camped only about one hundred yards back from the sea wall, and we sure have some fun bathing in the Gulf and riding the waves.

Most all the boys seem to be well pleased. We get plenty to eat and have a good place to sleep. We will not get our suits until after the Federal physical examination, which will be in a few days.

We have to drill only about three hours per day, but we are informed that two more hours will be added in a short while.

After retreat, which is at 6:30 every afternoon, we are free to go to town or the beach, or any place we care to go. There is no certain hour to retire, but we have to arise at 5:00 o'clock and go through a calisthenic exercise before breakfast.

After breakfast we drill about two hours, which is divided into three and sometimes four different periods. We have been having one hour's drill in the afternoon.

The mail comes twice per day, and believe me, there is some crowding around the one who distributes the mail.

We all appreciate letters, cards, or packages so much. The number of our company has been changed from four to number seven.

Elton Lambert, Private, 7th Company, Ft. Crockett, Galveston, Texas.

People Speak Well of Chamberlain's Tablets.

"I have been selling Chamberlain's Tablets for about two years and heard such good results from my customers that I concluded to give them a trial myself, and can say that I do not believe there is another preparation of the kind equal to them," writes G. A. McBride, Headford, Ont. "If you are troubled with indigestion or constipation give them a trial. They will do you good."

WACO NEGRO SOLDIERS HAVE BEEN CONVICTED

San Antonio, Texas, Sept. 3.—Six negro soldiers of the Twenty-Fourth Infantry, who clashed with the civil police and the troops sent to subdue them at Waco on the night of July 29, were found guilty of violation of the ninety-third article of war before the general court martial held at Camp MacArthur, Waco.

Five of the men were sentenced to five years at hard labor in the United States penitentiary Leavenworth, Kas. The sixth man received ten years.

All were sentenced to be dis-

honorably discharged from the service and to forfeit all pay and allowances due or to become due while in confinement under the sentence.

The findings of the court martial, which were given out for publication at headquarters of the Southern Department Monday morning, have been reviewed by Major General John W. Ruckman, commander of the department, and have been forwarded to the war department at Washington.

An author says that it is a man's errors that makes him lovable. But how will we understand that his misconduct is nothing more than an accumulation of errors?

CRISIS OF WOMAN'S LIFE

Change Safely Passed by Taking Lydia E. Pinkham's Vegetable Compound.

Wagoner, Okla.—"I never got tired of praising Lydia E. Pinkham's Vegetable Compound because during Change of Life I was in bed two years and had two operations; but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.

RECOVERS AFTER 20 YEARS OF SUFFERING

Gains 20 Pounds on Tanlac and Says She Now Feels Fine—Told She Could not Live 3 Months.

"When they carried me to the hospital and I refused to be operated on, I was told I would not be alive three months longer, but since I got to taking Tanlac, I have actually gained all of twenty pounds and my improvement is a surprise to lots of people who knew about my dreadful condition."

The above remarkable statement was made by Mrs. J. H. Spears, residing at 765 Crockett street, Memphis, Tenn., a few days ago.

"For twenty years," Mrs. Spears continued, "I suffered with a bad form of indigestion and the most painful form of cramping trouble in my side and back. Some said I had a floating kidney, some said neuralgia and others called it gallstones. I don't know what the trouble was, but anyhow I just can't describe the awful sufferings I had to endure with these spells. I had no appetite at all, and everything I ate would sour on my stomach and form gas which caused a pain to start that would draw me double. The misery would begin in my back and then work up into my chest and make my heart flutter and palpitate until it would almost choke me to death. Many a night I have stayed awake and cried with pain and misery and I have even hobbled out of bed to sit on the doorstep, trying to get relief and I was so weak, especially in the mornings, I couldn't walk."

"I had no strength at all and frequently would have to have my breakfast brought to my bed, as I couldn't get up for it. My husband spent a small fortune trying to get me well, but nothing helped me, so it was decided that an operation was necessary. I was so despondent that I felt I wouldn't live through it, and refused to allow it."

"About this time Tanlac came to Memphis and though I didn't have much faith in any medicine I tried a bottle of it and quit. Last September, my husband and I decided that I should give it a thorough trial, and I began taking it again."

"Soon after I had taken the first bottle, I noticed my appetite began to come back, and now my husband says he will have to get a raise in salary to keep me in something to eat. I am so ravenously hungry all the time. I have gained so that I am about to outgrow my clothes and my strength is increasing every day. My stomach is perfectly well now and I haven't had one of those dizzy spells since last September. My back and side feel a great deal better and are improving all the time and I can sleep like a child at night. After my second bottle of Tanlac, I could go to the table for meals and now I frequently cook our Sunday dinners so the cook can go to church. Money just couldn't buy the good Tanlac has done for me, and I can't praise it too much."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros. and in Sacul by Arkan Cranford.

About 200,000,000 pounds of wool have been required for military purposes since April.

Of course, we bought an unusually heavy stock of

"The same price, the nation over."

These are the nationally famous clothes whose price is always known.

The price has remained at \$17 as usual during the last few years. Great volume centered on these suits and overcoats allows the makers to specialize in a scientific way—the results have been almost unbelievable.

The makers are able to continue the present price \$17, but do not know how long they can keep doing it. All wool fabrics, hand tailoring where it counts, models designed by great fashion artists. Guaranteed satisfaction.

We also show the New Styleplus \$21 grade—just as exceptional at this price as the \$17 grade is at that price. Each the leader of its class.

graph and freight blanks and books of record; tickets, and in fact everything just as complete as found in the best equipped railroad offices, the best practical teachers to be obtained, thoroughly experienced in commercial and railway telegraphy, station and freight work—the Tyler Commercial College of Tyler, Texas, is unable to supply the demands of the railroads, Western Union and Postal telegraph companies for operators. Read the following letters—just received from two leading railroads. Tyler Commercial College. Gentlemen: Further reference to our conversation of recent date concerning shortage of competent telegraphers, on account of so many entering the Government Signal Corps Service. As it is likely that more will join the Colors through the selective draft, and we cannot hope to fill vacancies with any degree of certainty with men over 21 years of age, the St. Louis Louis Southwestern Railway Lines will, as vacancies occur, use competent lady and young men telegraphers, and it would seem to me an opportune time

for young men and young ladies to take up the study of telegraphy and station accounts. The wages and opportunity for advancement are very good, and with the well equipped school you have, I am very much in hopes that you will be able to increase your telegraphy class to 200 in a short time. Yours truly, W. J. Williams, Supt. Telegraph. Tyler Commercial College, Gentlemen: Replying to your inquiry with reference to our being able to take care of more of your telegraph students, if you will send us the high class students that you have been sending us, I will say that we can use all that you send. Could use a large number at the present time if you have them. In this connection will say what students you have sent us have been very satisfactory and have developed in some of the best telegraphers and agents that we have. Also wish to advise you that effective July 1, 1917, we have granted our telegraphers and agents an 8% increase which makes the wage schedule the most

attractive of any paid by a railroad. Trust that you will be able to send us more of your students at once and keep them coming as fast as they are capable. I had the pleasure on August 2, 1917 to visit your great school and made a personal investigation of the methods used by you in preparing student telegraphers, and I find they meet with all requirements of my road and I wish further to say you have the largest and most complete and thorough business college that I have ever seen. R. F. Frenzer, Supt. Telegraph, Union Pacific Railroad. Our telegraph students are on all the leading Southwestern roads, and in Western Union and Postal Telegraph offices. Our graduates of our other departments are also holding high positions in the commercial world. With our help you can be a big success. Write for free catalogue.  Dear Sir:— You ask me how I was pleased with my Delco Light Plant. Will say that I am highly pleased with it. It makes so fine light—the very best. Simple in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 5 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco-Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.
 Yours very truly, I. E. ROBERTS, Tax Assessor.

Are You Neglecting Your Eyes?

A large per cent of the young men who have been rejected by Uncle Sam was rejected on account of BAD EYES. A large per cent of this trouble could have been overcome if their eyes had been properly treated and cared for.

Have Your Eyes Tested at Least Once a Year. Examination is Free.

Have them examined by one of the best graduated opticians in the South. If your glasses need changing or if you need to wear glasses he will tell you. Don't forget it is essential to your future life. Our optical department is properly equipped and in charge of an expert optician.

Porter Moore, a substantial farmer from the northern end of the county was in town looking after some business matters today.

Mr. E. Chandler, a substantial farmer of the Garrison country, was an arrival to the city yesterday afternoon coming down to look after some business interests and renew acquaintance with old friends. Mr. Chandler is one of those substantial farmers who lives at home and boards at the same place, and he says that notwithstanding the hard times, he is still getting three meals a day.

DOUBT CANNOT EXIST.

Investigation Will Only Strengthen the Proof We Give in Nacogdoches.

How can doubt exist in the face of such evidence? Read here the endorsement of a representative citizen of Nacogdoches.

Dr. J. A. Drewry, dentist, S. Fredonia street, says: "I have used Doan's Kidney Pills and have had good benefit from them. My former endorsement for Doan's Kidney Pills holds good and I now heartily back it up."

I am at Mayo because I was not physically able to do my practice at Melrose. All those who owe me on account will please call and settle with Mrs. Fannie Hardeman, or Cullis Wilson at Melrose. I expect to come back to Melrose some time and take up my practice as before. But in the meantime hope you will settle your accounts now that we may start over when I do come. Respectfully, H. A. Hardeman.

YES, LIFT A CORN OFF WITHOUT PAIN

Cincinnati Authority Tells How To Dry Up Corn or Callus So It Lifts Off With Fingers.

You corn-pestered men and women need suffer no longer. Wear the shoe that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all without pain.

A small bottle of freezone costs very little at any drug store but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

EDUCATION UNDER PROPER ENVIRONMENT

Parents have many questions to consider when trying to select a school for their boys and girls who must leave home to continue their studies. One thing which means success, or failure in after life in almost every instance is the environment under which the student lives and studies during that character forming period. The course of study may be planned by the greatest educators of the world, the teachers may all be masters, and the material equipment may cost millions with truition free. But alas! when the boy or girl comes home after the one or four years course, as the case may be, what will be his or her attitude toward the Bible, the old church, and the Higher Life? Without the proper attitude toward these all else is destined to certain failure—eternal ruin.

Upon actual investigation it was found that more than eighty per cent of the men who have been Presidents of the United States, Supreme Judges and America's greatest men of Letters have been trained in schools where God is revered, His Word taught and the teachers

A. K. Layton, a well known citizen of the Black Jack county, was in the city today.

Mr. George Stripling, a progressive farmer of the Shady Grove community, was a visitor to the city today, and in conversation with a party of friends said that he had a small patch of corn from which he was gathering at the rate of sixty bushels per acre. He also said that his whole crop of corn was good, but, of course, not all like this.

GIRLS, LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white make a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

christian men and women, that is, in Christian Schools.

The Christian Schools have often been accused of giving all attention to classical and theoretical questions. There is one Christian School in East Texas which guarantees to parents that their children will be taught by example as well as precept the highest principles of life, by a competent faculty of christian men and women. This school offers practical as well as the classical branches so that the boys and girls who finish its courses can do things as well as know things.

Rusk Academy, Rusk, Texas, challenges comparison with any other school of its rank anywhere. With sixteen units of entrance in the University of Texas, and strong courses in Domestic Science, Commercial, Music, Expression, Art, Agriculture and Stock Raising, and a beginning in Manual Training, the school is fast becoming vocational as well as classical. The school has one hundred and eighty acres of land all in one tract adjoining the campus and this farm is stocked with fine blooded hogs, dairy cattle, and chickens. By means of this farm the school is able to give very excellent table board with rooms, tuition and incidentals for the small sum of from \$225. to \$250. for the nine months term. The school will gladly give any information regarding any points.

The fall term opens September 10, 1917. For catalogue or information address J. M. Cook, President.

THE GRAND JURY.

After summoning some requisites to make up for those who claimed exemption, Judge Guinn organized the grand jury yesterday afternoon, composed of the following well known citizens of the county:

R. R. Loy, Foreman.
W. F. Gintz.
J. C. Elliott.
Geo. L. Muckleroy.
Jno. T. Barker.
E. L. Dennard.
E. H. Flournoy.
Berk Roberts.
J. M. McClure.
Jas. S. Allen.
Lee Gaston.
R. B. Walthall.
Door Bailiff—H. Holbrook.
Riding Bailiffs—V. L. Crimes, G. I. McGuire, T. G. Vaught, Jack Lawrence, Lee Rector, M. S. Muckleroy.

After being impanelled, the grand jury immediately repaired to the room set apart in the court house for their deliberations and got down to business. District Attorney O'Quinn and Deputy County Attorney Audley Harris met with them and are giving them such assistance as they may need.

Judge Guinn has authorized The Sentinel to say that the jury next week has been excused, and the jury civil cases set for this time will be tried beginning Monday of the fourth week.

On Monday of the third week the ordinary felony docket will be taken up.

On Monday of the fifth week the docket of capital cases will be called.

In the sixth and seventh weeks unfinished business of civil and criminal cases will be tried as they become available.

Heartburn after a hearty meal means weakness in the digestive organs. Prickly Ash Bitters gives them strength, tones up the stomach and purifies the bowels. Stripling, Haselwood & Co., Special Agents.

DISTRICT COURT

Quite a number of civil suits and divorce cases were disposed of yesterday, which included practically everything that could be tried this week, and Judge Guinn went to Center last night to hold court for Judge Dan Walker the remainder of the week, in the trial of cases in which Judge Walker is disqualified.

Judge Walker had offered to come over here and preside in Judge Guinn's place, but there was practically nothing left to do, and to save him this trouble, the bar met this morning and elected Judge S. W. Blount special judge who will receive the reports of the grand jury and preside in anything that might need the services of the court during the remainder of the week.

If you feel bad; if you are "blue," tired and discouraged, without apparent reason, you need Prickly Ash Bitters, the system purifier. It restores action in the torpid liver, cleanses the stomach, helps digestion, drives out gas and fermented matter in the bowels, and brings back that fine feeling of strength, vim and cheerfulness which belongs only to perfect health. MILLINERY

Our millinery department has always been our boast. We have always carried a large stock of ladies, misses and children's hats. This year it will be greater than ever. Mr. Mintz is now in the Northern and Eastern Markets purchasing goods, and he has informed us that he has bought the largest and most complete line of ladies, misses and children's hats than ever before, and at prices that will enable us to sell them without any advance over last year's prices. We have already received a large portion of these hats and will be pleased to show you through Miss Gertrude Bourland, an experienced milliner will have charge of our millinery department, and she will be pleased to have her friends and customers of this store to pay her a visit. Our prices on ladies hats run from \$1.00 to \$3.50, and are exactly the same styles and patterns that you pay elsewhere from \$2.00 to \$3.00. Take a look and be convinced.
