NACOGDOCHES SECURES

THE "CHOCTAW TRAIL"

The Old Town Secures Another "Plum" in Reward For Its Progressive Efforts.

It will be recalled by our readers that during the month of August Nacogdoches sent Messrs. W. S. Davis and R. F. Davis as her representatives to the great good roads meeting at Tahleah, Oklahoma. At this meeting R. F. Davis was elected one of the four directors for Texas of the Gulf Scenic Highway, or Choctaw Trail. The Directors held a meeting at Daingerfield September 27 for the purpose of hearing arguments by representatives from along the proposed routes through Texas. Most "live" towns in East and North-east Texas were represented in this meeting, fine delegations going both from Nacogdoches and Lufkin. Each delegation was heard through its representative in favor of its section. A most interesting meeting was this. The directors asked for a fee of ten dollars from each county interested in this highway to defray the expenses incident to a thorough inspection of the proposed routes. It was made plain that only such routes as qualified by paying this fee would be inspected. Shelby, Nacogdoches and Angelina counties were among the first to thus qualify. This fee was paid

R. F. Davis has just returned from Dallas, where he attended a meeting of the directors of this highway. At the Dallas meeting held November 17, the route of the "Choctaw Trail" through Texas was definitely settled and representatives were sent to Austin to go before the purpose of getting this highway designated by the commission. A telegram from F. L. McGee to R. F. Davis Tuesday brings the good news that the "Choctaw Trail" has been officially designated as a State Highway by the Commission.

As designated by the directors and the Highway Commission the "Trail" runs from Paris through Mt. Pleasant, Daingerfield, Hughes Springs, Jefferson, Marshall, Carthage, Timpson, Garrison, Nacogdoches, Lufkin, Livingston, Liberty, Houston, to Galveston. Hurrah for Nacogdoches and the good work she continues to do!

MR. IKE MAYFIELD IS WITH THE DEAD

From the undertaking department of Cason, Monk & Co., The Sentinel gets the information that Mr. Ike Mayfield, a highly respected and well known citizen of the North Church community, died last night at 7:30 o'clock. The funeral will occur at North Church this afternoon at 2:00 o'clock.

Mr. Mayfield was fifty-six years, six months and seven days old at the time of his death. He is survived by six sons and five daughters, who are now bereft of both parents, the mother having been cut down by the Grim Reaper about a year ago. He was a member of the well known Mayfield family and a native of the county who has

ever occupied a place in the ranks of the good citizenship, and was highly respected and esteemed by all who knew him. Rev. Gerrard will conduct the funeral service this afternoon, and many sympathizing friends will turn out to pay the last tribute of respect to their neighbor and friends.

GINNERS' REPORT.

There were 15,580 bales of cotton ginned in Nacogdoches county from the crop of 1917 prior to November 1, as compared with 11,001 bales to the same date last year.

WILL ENTERTAIN AT MELROSE SCHOOL.

The Sentinel is requested to give notice that there will be an entertainment at Melrose school house Friday night, the 23rd, proceeds to be devoted to the school. The price of admission will be ten and fifteen cents.

A good entertainment will be provided and the general public is cordially invited to attend.

his country.

This is mighty pretty weather in which to clear up new land, and a blessing will attend the man or men who respond with the discharge of the sacred duty. The world needs the things we can produce here in good old East Texas, and we can make it the most prosperous, happy section of the world if we will direct our energies in an intelligent way to the development that is needed to reach this goal.

In an election held in that city yesterday Shreveport people gave a majority of 642 votes in favor of abolishing the vice district, and thus the North Louisiana metropolis has taken another step forward in the matter of civic righteousness. This city was among the first important cities in the south to vote prohibition, and with the last move in which the people declare themselves in such large majority against vice, is bound to become one of the cleanest, morally, of the country.

Before this war is over the humble little East Texas farm will be more to be prized than the mansion of the city. The occupants of the former can live comfortably and happy on their own resources while the occupants of the latter may be confronted with a condition in which their dollars can not purchase many of the necessities.—Nacogdoches Sentinel.

And there will probably be many more little East Texas farms in cultivation before the close of the war. It is noticeable right here in our county that the "back to the farm" movement has struck some as being the best means of living.—Polk County Enterprise.

Mr. H. P. Fall, the banker of Ghireno, with a party of other citizens from his thriving little town, was a visitor to the city today, motoring over in an automobile. Mr. Fall says that some people in his section after listening to speeches in which the statement was made that if the people did not support the government, the government would take it anyhow, took fright and withdrew their money from the bank, and that some others had not deposited as much as they should. The speakers possibly didn't make this statement plain enough and would join The Sentinel in the statement that it would be take through taxation and not confiscation. Money deposited in the banks of the country will never be disturbed and is perfectly safe. Instead of disturbing it, the government has thrown around it every protection with legislation, going so far as to guarantee the deposits, and the man who withdraws his money in this fear does both himself and his bank, as well as his country, an injustice. The more money we have in circulation, the better opportunities are afforded for all lines of business and industry, and if the people were to become panic stricken and withdraw their money from the natural avenues of circulation to any considerable extent we would not enjoy the good prices for all kinds of produce and labor that are now being enjoyed, and which were brought to us with the new democratic system of putting the government money at the disposal of the people through the Federal reserve and land banks.

ANOTHER TYLER REPORT IN AN OPEN LETTER.

The following open letter in the Tyler-Nacogdoches football controversy appeared in Saturday's issue of the Tyler Courier-Times:

November 16, 1917
 Mr. S. Bruck,
 President Chamber of Commerce,
 Tyler, Texas.

Dear Sir:

Answering your inquiry concerning the unpleasant occurrence in the Nacogdoches and Tyler game last Saturday afternoon, I beg to state that Mr. Stilwell and I were late at the game, and arrived just after the unpleasant occurrence and therefore some of the facts here given are not first hand information. If the facts, as given here, are not correct we would be glad to get the correct facts and to make any amends that the proprieties of the occasion would demand.

If I am correctly informed, Nacogdoches does not deny that one of her men struck one of the Tyler boys first, although this was not seen by the referee of the game. The Tyler boy struck back and this precipitated an affray in which the side lines took part. The affray occurred within six yards of Nacogdoches' goal, with the ball in possession of the Tyler team. The Nacogdoches team immediately withdrew from the field and refused to continue the game. I understand that the Captain of the Nacogdoches team and of the Tyler team met and agreed each had a man who had violated the rules of the game, and agreed also that these two men should be put out of the game and the game continued. I also understand that Superintendent Davis refused to permit his team to play further. It was at this point that Mr. Stilwell and I arrived on the field, conferred with the officials and coaches, and also with Superintendent Davis.

The referee complained that the jibes from the side lines had been of an insulting nature, and Superintendent Davis said that considering the feeling, he believed the game ought not to be continued. I told him that the side lines were made up of Tyler and Nacogdoches citizens, and that I would see that the side lines were controlled, if necessary, I would call in the police to control them. I assured him that we wanted a clean game and that we had no desire to do anything that was not entirely right and proper towards them as guests, that we were willing to make any reasonable concessions in order for the game to continue.

The referee, who was of Nacogdoches' own selection, at this point said that it would be proper to penalize Tyler half across the field and that he would not agree to any lesser penalty. It must be remembered that at this time Tyler was within six yards of Nacogdoches' goal, with a touch-down in sight. In deference to the visitors, however, Tyler agreed to the referee's demand that Tyler be penalized half across the field, since he insisted that he had not seen the Nacogdoches boy strike the Tyler boy. He blew the whistle in accordance with the rules, announcing that the game should proceed according to his ruling; but the Superintendent of the Nacogdoches school refused to permit his team to play further. The referee, therefore, in accordance with the rules, forfeited the game to Tyler, and the game ended.

Our coach attempted to make a settlement with the coach of the Nacogdoches team after the game, offering to pay all of their expenses, as per agreement when we arranged the game, notwithstanding the fact that according to good custom, the Nacogdoches

team was not entitled to its expenses because they had refused to a reasonable adjustment and had positively declined to play the game. This last fact was not discussed with the Nacogdoches coach, but a frank effort to pay the expenses without quibble or hard feelings was made perfectly clear to him.

He refused to accept any money, saying that he was heartily ashamed of the end of the game and that he did not believe Nacogdoches was due one cent of money since they had not carried out their part of the agreement. He said they that they had come to Tyler to play us a game of football, and had refused to do so, and that their expenses should not be paid. The same offer was made to Superintendent Davis by Messrs. Binion, Key, and Stilwell of the Tyler High School, and he declined to accept it, saying he preferred to take up the matter by correspondence with me. This he has not done up to the present time.

Messrs. Stilwell, Binion, Key and myself, as well as the players of Tyler team, treated the visitors with every courtesy in the High School building while they were dressing after the game was over, and took them to the train in autos, having a pleasant chat with them until the train departed. Both the Nacogdoches and the Tyler representatives expressed regret at the unfortunate occurrence, and the Nacogdoches coach said that he considered none of the players of Tyler, or students connected with the High School, or members of the High School faculty were to blame for the occurrence. Superintendent Davis assured us that he had no ill feelings toward the school or the team.

I am writing Superintendent P. E. Wallace, of Mineola, who was on the side lines at the time of the occurrence for a frank statement of the facts as he observed them, as Mr. Wallace is the only disinterested out-of-town party that we happen to know who was at the game.

I want to make it perfectly plain that we regret the whole occurrence, that we made every effort to make an adjustment at the time, and that we are more than willing to make any amends that are due, if it should develop that we do not understand the facts.

If the facts are as we have understood them, we consider the attack made on the Tyler players and citizens as unjustifiable, and unsportsmanlike in every sense of the word. Tyler has played a number of games this year, without the least particle of trouble, so far as I have been able to learn, and after the game with Marshall, which was the last game before the Nacogdoches game, the coach and players told the Tyler coach and players that Marshall had not played a cleaner, more sportsmanlike team in their whole experience.

Respectfully yours,
 T. H. SHELBY,
 Supt. of Schools.
 H. W. STILWELL,
 Principal High School.

FROM "UNCLE FRANK."

The Sentinel is in receipt of a letter from Uncle Frank Robbins, a well known and highly respected old gentleman of this city, who is sojourning in Hot Springs, S. D., for the benefit of his health, in which he says, among other things:

"Wilton Ratcliff has been here about two weeks, and is doing fine. I visit him every day and take The Sentinel to him. He wants to hear from old 'Doc' and keep up with all the news.

An inside secret about fried potatoes

As far as taste is concerned there are only two sides to fried potatoes—inside and outside. But both sides must be just right or your fried potatoes won't be!

Take the outside, first! It must be brown—a crisp brown. Potatoes fried in wholesome Cottolene can certainly answer "here" when it comes to a

crisp brown outside. But this outside is not only a crisp brown. A quick brown means that the outsides of your potatoes are rapidly sealed, and that the insides will be just as tender and mealy as fried potatoes can be.

Frying proves, too, how wholesome and digestible fried foods can be, when you use pure Cottolene.

In baking with economical Cottolene, be sure to use one-third less than you would ordinarily use of other shortenings.

That is because Cottolene sets the highest possible standard for purity and richness.

FAVORABLE NEWS FOR MR. A. TUBBE

Washington, D. C., Nov. 16, 1917
 Mr. John Schmidt,
 Nacogdoches, Texas.

Arranged everything satisfactory and favorable to our friend, A. Tubbe. C. D. Mims.

It will be remembered that Mr. Tubbe was arrested a few weeks ago in this county and carried to jail in Tyler as an alien enemy, the charge growing out of Mr. Tubbe's activity in opposing the selective draft. Having been a law-abiding and useful citizen of this county for more than half a century, his neighbors and friends have been inclined to draw about a mantle of charity, feeling that the old gentleman was laboring under a misapprehension, and that he was not in reality an enemy to the country to which he had so long been loyal, and that with a better understanding of matters he would not further oppose anything recommended by the administration, many signed a petition for his release, and Judge Mims carried it to Washington to present it, together with other information and arguments, before the proper authorities.

DON'T WAIT TILL I AM DEAD

(St. Olen in "Magnificent.")
 If with pleasure you are viewing any work that I am doing, if you like me or you love me, tell me now; Don't withhold your approbation till the Father makes oration, and I lie with snowy lilies o'er my brow; For no matter how you shout it, I won't care a bit about it. I won't know how many tear drops you have shed; If you think some praise is due me now's the time to slip it to me.

For I cannot read my tombstone when I'm dead.
 More than fame and more than money is the comment kind and sunny,
 And the hearty, warm approval of a friend;
 For it gives to life a Savior and it makes me strong and braver
 And it gives me heart and spirit to the end;
 If I earn your praise, bestow it, if you like me let me know it, Let the words of true encouragement be said.
 Do not wait till life is over, and I'm underneath the clover,
 For I cannot read my tombstone when I'm dead.

THE SOLDIER'S BURDEN.

The load which an infantryman has to carry on his back weighs from 39 to 60 pounds, according to the length of the march he is about to make. Anyone who has tried to march with a load of such size on his back will readily understand why 10, to 15 miles is considered a good days march. The soldier's burden includes his field ration, his mess kit, canteens, first-aid pack, blanket and usually a gas mask.—Ex.

A bulletin from Camp Travis says that Geo. T. Wragg and Richard D. Loy have reported at Camp Travis and been assigned to Co. A, 343rd Machine Gun Bat. These young gentlemen went from Nacogdoches county to the training camp and have made suitable proficiency to admit them into a regular company ready for service.

Many an untimely grave has been filled by the emptying of the wrong bottle.

SEND CHRISTMAS PACKAGES EARLY

Corporations usually want all the business they can get. Business with them means profit—for they don't carry on their affairs at a loss. And the public is accustomed to seeing much advertising directed to securing business for the country's larger concerns.

The war has changed many things—and it has in a large measure changed the purpose of the publicity of so few corporations.

Yesterday they were begging for business. Today they are endeavoring by all the means at their command to direct business to other channels.

The president of one of the larger express companies begs his customers to send as little by express as possible. The companies can not handle the business offered them; and he would have the public use other means for getting goods to their destinations.

If this is true now, the conditions will be much worse as Christmas approaches. There are 700,000 young men away from home this year who must receive gifts at the holiday season—and the express companies were swamped last Christmas with the business offered them. It is going to be a great deal worse at Christmas 1917—and there is every reason for the people of America to do their Christmas shopping early and get their packages in the mails, the express and freight cars, as soon as may be.—Houston Post.

**NEGRO ELECTROCUTED
YESTERDAY AFTERNOON**

Will Ballenger Picked Up Live Wire Which He Could Not Turn Loose.—Killed.

Monday's Daily
Will Ballenger, a negro boy about eighteen years old, was electrocuted yesterday afternoon by picking up a live wire down at the stable of Luther Swift, on East Main street.

The particulars of the unfortunate affair as best we can gather them are about as follows:

A wire leading from the lead wire into the stable formerly furnished light, but the light having been discontinued, the wire had in some manner come loose from its bearings where it entered the stable and the end of it was hanging down. At this point the boy met some other colored boys and girls, and stopping for a chat unconsciously reached out and took hold of the wire which shot 110 volts of electricity into him. The others were so frightened that they did not know what to do, but finally one boy ran up and pulled him off, and in doing so, he, too, was knocked down. After pulling him loose the boy ran up to the Swift home and reported what had happened, and Mrs. Swift immediately phoned for a physician, but by the time he could arrive the injured boy was dead.

It is reported by those who are familiar with such matters that the charge of electricity would not have been sufficient to kill a normal person, and the explanation for the death in this instance is that the unfortunate boy was afflicted with heart trouble, and was also standing on wet ground, and he did not have the physical resistance to overcome the shock.

When the news spread a great crowd of people assembled at the scene, and it is needless to say that those who witnessed the sad spectacle will be more afraid of live wires in the future.

**INVITES COMPANY TO
THE STATE MEETING**

County Superintendent Layton authorizes The Sentinel to say that he would have as many teachers as can conveniently do so go with him to the meeting of the State Teachers Association, which will be in session at Waco on Thanksgiving Day.

To make connection it will be necessary to leave here Wednesday before.

The superintendent believes the trip will be worth any teacher's time.

Prof. Layton also reports fine interest in the rural schools, and says that the teachers and pupils are doing the best work this year he ever knew them. He has been spending the past several weeks visiting the various schools of the county, and is in close touch with the progress they are making.

**A BARN BURNS AT
CHIRENO SUNDAY**

News has been received in the city that the barn of Mr. W. H. Gray, a prominent and well known citizen of the county, residing at Chireno, burned Sunday morning.

In the barn Mr. Gray had stored sixty-two bales of cotton, about twelve hundred bushels of corn, four tons of seed, twenty-five loads of unthreshed peanuts, a wagon loaded with seed cotton, and several sets of harness and other effects. The cotton being under the shed outside, it was all saved but twelve bales, but this was covered with insurance, the balance of the effects, including the building which is estimated to be worth \$1000, being a total loss, and the whole making a loss

that will run up to several thousand dollars.

There is no clue as to how the fire caught in the barn. Mr. Gray was up a few minutes previous to the outbreak and had not gone back to sleep.

**QUASH INDICTMENTS
AGAINST FERGUSON**

Austin, Nov. 17.—Indictments in seven cases against Former Governor Ferguson, charging misapplication of public funds, were quashed today by Judge Hamilton.

Judge Hamilton refused quashal in two other cases, charging embezzlement and diversion of funds, and overruled the contention of defense that the indictments were invalid because of being returned when the court was in vacation.

The seven indictments were quashed on the grounds of whether the governor was legally the receiver of public money.

**A CARTHAGE DENTIST
IS WITH THE DEAD**

The following dispatch reports the death of a man who is well known to many men of this city, the gentleman having visited the Masonic lodge here at different times:

Carthage, Texas, Nov. 17.—Dr. W. P. Lawrence died this morning at 8 o'clock of pneumonia. He was 53 years of age, and had lived in Carthage 50 years, while he was in the active practice of dental surgery 30 years. He was a Scottish Rite Mason and for a number of years lectured on Masonry in different parts of the state, and was prominent in other fraternal orders. He is survived by his widow and three grown daughters. He was an active member of the Methodist Church.

**A YOUNG MAN FROM
LUFKIN DIES HERE**

Wayne Burros, a young man eighteen years of age from Lufkin, died at the hospital here last night, and his remains were prepared for burial and shipped back to Lufkin by the undertaking department of Cason, Monk & Co.

His parents and two brothers were here with him when he died, and accompanied the remains home.

The young man was suffering with an acute attack of appendicitis, and his condition was so bad when he was received it was impossible for surgical and medical skill to save him.

**MR. FRANK MAPLES
TAKES A BRIDE**

Frank Maples, superintendent of the county road gang, for several years deputy sheriff, later making a good race for sheriff himself, through all of which being well known to the people of Nacogdoches county, and Miss Kathleen Tynes, a charming young lady of Chireno, were married in the parlors of the Redland hotel Saturday night, Judge Perritte officiating.

Mr. Maples is a most worthy young gentleman who enjoys the respect and esteem of all who know him, while his bride belongs to one of the good families of Chireno and is a young lady in every way fitted to make an ideal queen for the new home, and a great host of friends unite in congratulations and good wishes.

When a fight is on between feotional politicians and the people it behooves the people to win. The people cannot hope to win through prejudice; it takes sober thought and judgment. The people can win.—West News.

**CITY COUNCIL HAD
INTERESTING MEETING**

The City Council had an interesting meeting last night with several important matters under consideration.

The first matter to engage attention was the recommendation from the Fire Department that some more fire hose be purchased to take the place of some that had given down. Representatives of two different houses were present with samples and a deal was closed with one of them for 500 feet at 80c per foot, the hose carrying with it a guarantee of three years. An extra "length" of rubber hose was also purchased which will be used in the sprinkling service.

The next matter to engage attention was a proposition to open certain alleys as per petition filed at previous meeting. It was reported by a member of the citizens' committee that the money could be raised for the purpose if some plan can be worked out by which it can be made agreeable and practical with the owners of the property affected, and after some discussion of the matter the Council adopted a resolution offering to make and put into effect an ordinance opening up said alleys when the citizens provide the revenue or lands necessary.

After disposing of the alley proposition the matter of regulating awning construction was taken up, and considerable discussion followed. It was the sense of the council that the need of such regulation was one of the greatest needs for the civic attractiveness and safety of the city, but in the meantime the gentlemen of the body do not wish to impose any unreasonable demands upon those affected with the change, and are therefore going into the matter cautiously. In this spirit, some amendments were offered to the ordinance submitted to the one drawn by the city attorney, and he was requested to draw a new ordinance incorporating these amendments. The idea of a swinging awning, suspended with heavy chains, meets the approval of the council, and will likely be adopted at the next regular meeting.

In the course of the awning discussion reference was made to the great necessity of opening up West Main street from the public square to North street, and Pecan street, from the public square up to Hospital street, with an amendment to the ordinance which forbids the parking of cars and vehicles, and the hitching of horses. In the course of the discussion the facts were reviewed that this important thoroughfare was almost blocked to traffic by reason of this congestion, and at the same time it was more important that it should be kept open by reason of its importance as a thoroughfare, being the main outlet to the railroads and connection with other important streets. The city attorney was instructed to prepare an ordinance in the matter and submit it to the next meeting for adoption. In the course of the same discussion a resolution was adopted instructing the city marshal to make better enforcement of the ordinance which forbids the parking or standing of cars in the prohibited zones, and arrest all who violate its provisions.

Another resolution was adopted requesting all parties having to connect with the sewer to do so as the new pipes are being put down, by which they can save much trouble and expense.

Sergeant Vincent Davidson, one of the worthy and popular members of the Coast Artillery, is in the city visiting his mother and other relatives and friends for a few days.

THE BAND CONCERT.

The Junior and Senior Bands of the city furnished a most excellent program of music at the auditorium of the new school building last evening, which was highly enjoyed by those present.

A pleasing feature of the evening was the most excellent music rendered by the Junior band. All were familiar with the good music the old band could render, but few were familiar with the great progress that had been made by the juniors who played like "old hands" at the business.

At the conclusion of the program John Crawford, a member of the Junior band, was presented with a medal by his teacher for his application and advancement in study and the senior band presented him with a five-dollar gold piece.

Manager Muller in thanking the people present for their patronage made the statement that the band had been organized and was maintained for the benefit of the town, and that they were always ready to give assistance to every laudible enterprise. The boys have proven this with their good work in the past.

After the adjournment at the school house the members of both bands repaired to the band hall where a swell banquet was spread by the boys of the Junior band in honor of the members of the old, coming as the happy climax of the most cordial relations that had existed between the two organizations and causing them to wipe out all lines and

MARRIED AT COURT HOUSE.

Mr. W. F. Lark and Miss Ella Nix were married in the county court room this morning, Judge Perritte officiating.

The happy couple, accompanied by a party of friends, appeared while county court was in a little recess.

The young man comes from Hunt county, and is a young man of good appearance. It is reported that he met his bride when over here on a business mission about a year ago, since which time a correspondence has been kept up. The bride is a daughter of Mr. and Mrs. J. A. Nix, a good family residing near Garrison, and is a most worthy young lady who is loved and admired by those who know her.

This morning about 2:00 o'clock Mr. and Mrs. T. M. Lovell, residing some three miles south of the city, found their three-months-old infant dead in its cradle.

Friends of the family, and the people of the community generally will deeply sympathize with the fond parents in the loss of their little treasure.

**HOOVER WARNS
FOOD DEALERS**

Washington, Nov. 18.—"I propose to use all the power the law gives to protect the American consumer. Dealers, both wholesale and retail who take advantage of the present emergency will be dealt with severely."

This is the warning given yesterday by Herbert Hoover, food administrator.

SETTING THE RIGHT.

"This writer says the so-called Hawaiian music being played everywhere in this country is nothing of the sort."

"I'm glad to hear you say so," replied the patron of the vaudeville. "I've always had a kind of admiration for the Hawaiians which I was rapidly losing."

The Commissioners Court adjourned yesterday afternoon after being in session all week with its quarterly meeting. The time was taken up with routine matters in the way of examining and approving monthly and quarterly reports of the various officers and allowing the usual batch of accounts for current expenses of the various branches of the county government.

Mr. J. E. Armstrong, a veteran drummer of East Texas, residing at Center, was in the city this morning calling on the trade with a line of shoes. Mr. Armstrong's eldest son has recently taken the courses necessary to qualify him for service with the aviation corps and is now en route to France to do service for his country.

Economy makes happy homes and sound nations. Instill it deep.—Geo. Washington.

We have never been able to make that fine distinction between "accepting a position" and "getting a job." There must be a great difference judging by the emphasis some persons put on the former.—Southern Engineer.

There have been a few men who amassed wealth by questionable means, but whatever success they met with was not due to their unprincipled methods so much as to their unappreciated qualities of strategy and administration, with which they could have achieved more than accrued through doubtful practices.—Herbert Kaufman.

In a rhyme of "autumn musings" Walt Mason rings in the following pointed suggestion of some wasteful "losings": "If I were selling soft-boiled lumber, I'd keep this matter in my head, and have on hand of facts a number, to show how one can build a shed that will protect his plows and harrows, and save him money on the spot; and show that wasteful men have sparrows nest-building in their domes of thought."

Dealers in drugs and particularly narcotics are facing the highest prices they have ever known. The supply is short. The demand, because these drugs are largely used to relieve the wounded behind the lines in Europe, is very great. Cocaine has gone from \$2.50 to \$8 an ounce. Morphine has risen from \$4.70 to \$13.80 an ounce. While opium once bought for \$4.75 a pound is now worth \$30. It would seem that, with these prices obtaining, the Harrison anti-narcotic law might be repealed with perfect safety.—Houston Post.

A dispatch appearing in yesterday's state papers announces that President Wilson has been asked to make an emergency appropriation of fifty million dollars for the relief of the people of the drought-stricken section of the state. The appeal went forward by wire Saturday night and is made by Governor Hobby, Texas Warehouse and Commissioner F. C. Weinert and other state officials; the Texas State Council of Defense, E. A. Paden, Texas Food Administrator; Dr. Chas. McCarty, personal representative of farming, banking, commercial organizations and industrial interests of the state. The action was taken at a conference which was held in Austin Sunday at the call of Governor Hobby, and it is a very timely move. The whole western part of the state, extending into a good portion of Central Texas, made a total crop failure, and added to this there has been no rain to save the fall pastures, making the calamity absolute. Still another bad feature entering into the deplorable condition is the present high price of all kinds of feedstuff, and thousands of people will suffer for the realities of life, while others will sustain losses that will wreck them if help is not quickly forthcoming. They are our people, right here at home with us as it were, and we should extend to them a helping hand in every way possible, a duty that we are likely to overlook while we are so much disturbed with wars and war news.

PIONEER CITIZEN SUMMONED IN DEATH

"Uncle" Tom Jordan, a well-known and highly respected citizen of the Martinsville community, died at his home yesterday morning. At the time this report was prepared The Sentinel was unable to learn when and where the funeral services would be held.

Mr. Jordan, who was familiarly known to his great host of friends as "Uncle Tom," was a native of Shelby county, coming to this county when a young man. He belonged to a family of good people such as were the early pioneers of East Texas, and was a good patriotic citizen throughout his long life, ever ready to do his part for anything pertaining to the cause of his country, a good neighbor and a loyal friend. In the war between the states he rendered patriotic and loyal service to the cause of the Confederacy, and in which he received a very severe wound which troubled him for the remainder of his life, but his love of country and patriotism never cooled in consequence.

Mr. Jordan is survived by his widow, one son, Arch, and a daughter, Miss Annie. Two older daughters are dead. A great host of friends living in different parts of East Texas will enter into profound sympathy with these survivors in the great loss they have sustained.

GOOBERINE FOR BETTER SHORTENING

Until about ten years ago there was a feeling of uneasiness as to the future supply of cooking fats. This uneasiness was felt among the packers, grocery-jobbers and the sober-thinking public in general, as the only source of supply came from the hog, which demand was getting beyond the supply, and our imported olive oil which came too high for the average use. About this time the condition began to become alarming. King Cotton, with its cotton seed oil, came into its own, and not only relieved this shortage, but forced hog lard down from one-third to one-half its former relative value.

Now comes the dawn of the peanut oil industry and with the manufacture of Gooberine, the trade name of the shortening made by the Texas Peanut Works, we will have to dismantle both hog lard and cotton seed oil compound. Why? you may ask. The answer is easy. Just shell a hand full of cotton seed and eat them; then try the raw peanuts and you will see the difference. If the raw peanut is palatable, then naturally the oil would be no less palatable. About one-fourth the weight of the Spanish peanut is oil and this oil is perfectly odorless, colorless and after a little refining process it is perfectly tasteless. Naturally compound made from oil of the white peanut would be preferable to that made from cotton seed oil, and for this reason I look forward to the time when Gooberine will hold a predominant place in every American kitchen.

BOYS' CLUB MEETING.

County Agricultural Agent, Jas. D. Greer authorizes The Sentinel to say that December 1st has been definitely decided upon as the date for the Boy's Club meeting, and he hopes that a fine attendance will be present.

Nacogdoches has some great boys belonging to this worthy organization, and they are doing a great work, insuring that when they take their places in the ranks of the citizenship of the country there will be no lag in the industrial and commercial affairs.

The well known Pipkin family, who have been making their home in this city for almost a quarter of a century, have moved back to North Carolina, where they will make their future home. All the boys of military age have volunteered for service in their country's cause, which doubtless caused a feeling of lonesomeness to come over the remainder of the family and cause them to want to return to relatives and old friends of other days.

Patton Says Tanlac Ends His Troubles of Twenty Years Standing.

"I suffered for twenty years with rheumatism, indigestion and a chronic liver trouble, and spent hundreds of dollars for different kinds of medicine trying to get well, but it only took three bottles of Tanlac to straighten me out and make me feel like a different man," said J. D. Patton, of Keefeton, Okla., a man well known in that section and also in Rains County, Texas, where he served as deputy sheriff for several years. Mr. Patton is now deputy sheriff of Muskogee County, Okla., and holds large farming interests there.

"It's an actual fact," he continued, "I was hardly ever free from rheumatism and was so full of misery most of the time I couldn't rest or sleep at night to amount to anything. The main trouble seemed to be in my shoulders and the awful pains where due. I think to the condition of my liver. I couldn't eat to do any good and had to be very careful about the little that I managed to force down or I would have hours of suffering afterwards. I fell off twenty pounds in weight and got into such a bad shape it was a burden to look after the work on the farm and attend to all of my other business. I kept getting worse all the time and had just about given up hope of ever getting anything to relieve me.

"But three bottles of Tanlac have done me so much good I haven't had an ache or a pain since I finished taking them, and honestly I don't feel like the same person. I have a good appetite and I can eat anything I want and it all agrees with me, too. I have gained back all of my lost weight, sleep like a log at night and when I get up in the morning I am full of energy and attend to my business without a bit of trouble.

"My wife is so pleased with the results that I have gotten from Tanlac that she bought a bottle for herself today. We know just what it will do and feel satisfied that there isn't another medicine in the world just as good."

Tanlac is sold in Nacogdoches by Stripling, Haseywood & Co., and Swift Bros. & Smith, in Woden by M. J. King, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., in Sacul by Arkan Cranford, in Cushing by A. J. Beck, in Douglas by Campbell & Watkins and in Chireno.

A GOOD RECORD IN HOG RAISING

The Patton brothers of this city bought a sow and two "litters" of her pigs from Mrs. D. A. Russell at Aiken yesterday, for which they paid \$797.25.

This will sound unreasonable to the reader at first glance, but it is a fact. There were seventeen of the pigs, representing two litters, the first of which were full grown hogs, and the sow and her offspring altogether weighed 5,315 pounds.

It is possible to accumulate this amount of hogs from a good brood sow in one year, and with prevailing prices no industry would be more profitable than extensive hog raising here in East Texas where we have plenty water, plenty grass, wild mast, and where we can raise peanuts and potatoes to such perfection with which to feed them.

BIG PEANUT SALE.

Mr. Nat Sisco, a well known farmer of the county residing a few miles west of this city, brought in 500 bushels of peanuts this morning which he sold to the Nacogdoches oil mill at \$1.65 per bushel.

The train of wagons bringing in the product was so interesting and inspiring that many assembled out on the front and watched them pass, while Leo Zeve made a run for his kodak with which to catch a snapshot.

Mr. Sisco says that he had about thirty acres in cultivation this year, and that he had some more at home, possibly another hundred bushels. Running the figures through the production, and making a proper allowance for the hay and the hogs that can be fattened on the "leavings" in the patch, it will be found to be a most profitable crop, and greater still is the fact that it is adding to the foodstuff supply of the country.

A great deal of talent is lost in this world for want of courage.—Sidney Smith.

BE GRATEFUL, IS MESSAGE

Austin, Texas, Nov. 18.—Governor Hobby yesterday afternoon issued his Thanksgiving proclamation, officially designating Thursday, November 29, as a day of thanksgiving, and called upon the people of Texas to refrain on that day from their daily routine of work and join fully and freely in the observance of the day.

"Let us as a grateful people remember our benefits and let us as individuals return humble thanks to God for his unfeigned mercy and watchful, tender care," said Governor Hobby.

POTATO WAREHOUSE FOR NACOGDOCHES

Mr. Herbert J. Schmidt has under construction the building of a sweet potato curing plant and warehouse near his warehouse in the vicinity of the N. & S. E. depot.

The plant will be of 2500 bushels capacity, which is deemed sufficient for this season's crop, but it will be enlarged as needed.

Mr. Schmidt will buy sweet potatoes direct from the farmers and cure them for the trade himself, an arrangement that is more satisfactory to the farmers and is destined to become very popular.

The new plant is being constructed on approved plans, insuring that it will be a success in so far as curing the product is concerned.

The Sentinel has long contended for an enterprise of this kind, and we rejoice in the reality. It may not prove so profitable this year by reason of the short crop of this particular commodity and the lateness with which it is being established, but the farmers will grow potatoes for it another year, and we predict that Mr. Schmidt will have to greatly increase his capacity.

The sweet potato crop is one of the most profitable for this section when we have a market assured, and with this assured the farmers can be depended upon to greatly increase their acreage.

RESIGNATION ACCEPTED TEXAS CATTLEMEN

Washington, Nov. 15.—Resignations of Gilford Pinchot and E. O. Lassater, a Texas cattle man, have been accepted, as members of the food administration's organization. They have been serving as voluntary aides to Food Administrator Hoover.

Mr. Pinchot and Mr. Lassater resigned, it was said at the food administration today, because they differed with the administration officials as to how the meat situation should be handled.

Both urged that the packing industry be taken over and operated by the government, and that the cotton seed crop be taken, so that cottonseed meal cake could be sold to cattle growers at low prices.

JUDGE W. T. BURNS IS WITH THE DEAD

Houston, Texas, Nov. 17.—Waller T. Burns, federal judge for the southern district of Texas, died today at Laredo.

Arrangements announced today for the funeral provide for the interment at the jurist's birthplace, La Grange, Texas, Monday.

Waller T. Burns was born January 14, 59 years ago, the son of Colonel J. Randolph Burns, a distinguished Texan and officer in the Confederate army. He removed to Galveston as a youth of 18 and found employment in the customs service, meanwhile fitting himself for the law. After a 20-year stay in Galveston he came to Houston to enter the practice of law. His deep thought, his eloquence and quick grasp of law questions quickly brought him to the front and his appointment as judge of the United States district court for the southern district of Texas met with universal approbation. The appointment came from President Roosevelt.

He is survived by his widow and three sons, Coke N. Burns, 34, Waller T. Burns, Jr., 19, and Richard Burns, 16. One brother survives—Judge Evaldo Burns.

REMEMBER THE BOYS.

A lady of the city, who is the thoughtful mother of one of the boys, telephones The Sentinel a reminder that while we are planning Thanksgiving dinners for ourselves we should not forget the soldier boys.

If any have a turkey to spare it would be most welcome. Others can send cakes, jellies, etc., and if all will respond as liberally as possible, the boys can put their supplies together and have a good dinner, which they will enjoy with relish and fond appreciation.

Turkeys would have to be sent by express, while many of the smaller articles can be sent by parcel post.

SOLDIER BOY DIED.

The Sentinel is in receipt of reliable information to the effect that Charley Kennedy, a young man of Appleby who went to Camp Travis with the second installment from this county, died of pneumonia. His remains were brought back to Appleby for interment.

The death is a most sad one, coming to a worthy young man who was giving life and all that he had for the service freely, and when the roll of loyal soldiers is called in another world this young man will wear the star of duty well done in his crown.

PERSHING REVISES CASUALTY TOTAL

Washington, Nov. 15.—A revised report from General Pershing today on the German raid on American trenches November 2 puts the killed at 3, the wounded at 11 and 12 missing.

First Lieutenant William H. McLaughlin is added to the list of wounded. Private William P. Grigsby of Louisville, Ky., previously reported a prisoner in the hands of the Germans, is also among the wounded.

The list of three killed is unchanged, but the following are added to the wounded:

Private Louis A. Deifer, mother, Sullivan, Ind.

Private Pal W. Fann, father, Sacona, Wis.

Private George Wesley, Miss Margaret Welch, Dayton, Ky.

Private Lester C. Smith, R. A. Smith, Concord, N. C.

The following are added to the list of missing and probably captured:

Private Clyde I. Grimsley, Frank Grimsley, Stockton, Mass.

Private Hoyt D. Decker, W. T. Decker, Visconnes, Ind.

The casualty report as Private Harry R. Langham should be Private Harry R. Laughman, Ada Laughman Chicago.

An Old Man's Stomach.

As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally feel more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. San Augustine, Texas, July 20, 1917

Mr. J. R. Dickerson, Delco Light Dealer, San Augustine, Texas.

Dear Sir:— You asked me how I was pleased with my Delco Light Plant. Will say that I am highly pleased with it. It makes so fine light—the very best. Simple in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 5 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.

Yours very truly, E. ROBERTS, Tax Assessor.

PERSHING REVISES CASUALTY TOTAL

Washington, Nov. 15.—A revised report from General Pershing today on the German raid on American trenches November 2 puts the killed at 3, the wounded at 11 and 12 missing.

First Lieutenant William H. McLaughlin is added to the list of wounded. Private William P. Grigsby of Louisville, Ky., previously reported a prisoner in the hands of the Germans, is also among the wounded.

The list of three killed is unchanged, but the following are added to the wounded:

Private Louis A. Deifer, mother, Sullivan, Ind.

Private Pal W. Fann, father, Sacona, Wis.

Private George Wesley, Miss Margaret Welch, Dayton, Ky.

Private Lester C. Smith, R. A. Smith, Concord, N. C.

The following are added to the list of missing and probably captured:

Private Clyde I. Grimsley, Frank Grimsley, Stockton, Mass.

Private Hoyt D. Decker, W. T. Decker, Visconnes, Ind.

The casualty report as Private Harry R. Langham should be Private Harry R. Laughman, Ada Laughman Chicago.

An Old Man's Stomach.

As we grow older and less active, less and less food is required to meet the demands of our bodies. If too much is habitually taken, the stomach will rebel. When a man reaches the advanced age of 85 or 90, you will find that he is a light eater. Be as careful as you will, however, you will occasionally feel more than you should and will feel the need of Chamberlain's Tablets to correct the disorder. These tablets do not contain pepsin, but strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. dw

U. S. SENATORS AT PERSHING'S CAMP

With the American Army in France, Wednesday, Nov. 14.—Senator William E. Kenyon of Iowa and Senator John D. Kendrick of Wyoming arrived at headquarters today on their tour of the military zone.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HERBINE is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by Stripling, Haselwood & Co. eodw

Neuralgia of the face, shoulders, hands, or feet requires a powerful remedy that will penetrate the flesh. BALLARD'S SNOW LINIMENT possesses that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. eodw

Mr. T. J. Williams, a former citizen of this city who is now residing in San Antonio, spent last night in this city, and those of his friends who had the pleasure of meeting him were pleased with the opportunity to see him again. He reports his family to be enjoying fine health except Mrs. Williams, who suffers some with rheumatism.

Mrs. P. O. Stuchell Tells How She Cured Her Son of a Cold

"When my son Ellis was sick with a cold last winter, I gave him Chamberlain's Cough Remedy. It helped him at once and quickly broke up his cold," writes Mrs. P. O. Stuchell, Homer City, Pa. This remedy has been in use for many years. Its good qualities have been fully proven by many thousands of people. It is pleasant and safe to take. dw

Mr. Tom Blacksher, a well known business man of Appleby, was a visitor to the city this morning.

Stop coughing! you rack the lungs and worry the body. BALLARD'S HOREHOUND SYRUP checks irritation, heals the lungs and restores comfortable breathing. Price 25c, 50c, and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. eodw

TRAVIS REMAINS "WET."

Austin, Texas, Nov. 15.—Travis county will remain in the "wet" column as a result of Thursday's prohibition election, the anti-prohibitionists winning by a majority of 78 votes. Complete figures show for prohibition 3,193, against prohibition, 3,721.

The "wets" carried the county boxes by a majority of three and the city of Austin, capital of the state, by 75 votes.

The last election of the local option question was held 11 months ago when the "wets" won by a majority of 560. Mayor A. P. Woolridge of Austin was among those who participated in the campaign in behalf of the prohibition forces.

VILLA PLANS TO TAKE JAUREZ NEXT

Presidio, Texas, Nov. 15.—Jaurez is Francisco Villa's next border objective, after which a general attack on Chihuahua City, the state capital, is planned according to Villa leaders in the Ojinaga garrison. The capital of the new movement, headed by Villa, is to be stationed there, according to the plan.

The Villa movement has no connection with the Felix Diaz or any other revolutionary movement, according to Colonel Ojinaga garrison. The new movement is called the conventionist party, and is a revival of the former movement by Villa, called the conventionist movement, following the convention of revolutionary chieftains at Aguas Calientes.

Mexican Consul Cosmo Bentechea, tonight transmitted orders to Colonel Flores, encamped at Vada Piedra, 420 miles above Ojinaga, to proceed to Guadalupe, below Jaurez, to defend that town against an attack by Villa, moving toward Jaurez. It is believed Villa will go first to Villa Ahumada, in order to have water en route.

Gen. Jose Murgua, at Jaurez, also has been warned of the reported plans of the new Villa or conventionist party. Formal request was transmitted to W. W. Carpenter, deputy collector of customs at El Paso, by Collector Weisiger, here. The port was closed when Villa took the town, nothing being permitted to cross today, although Villa officers who came to the Ojinaga ford, said there was a shortage of food in the town.

No one from the American side has been permitted to enter the Mexican town proper, heavily armed guards being stationed along the winding roads from the ford to the mess.

No one from the American side has seen Francisco Villa or Hippolite Villa in person, although there is every assurance that Francisco is in command. He is believed to have 1,500 men in this district.

The records reveal that a marriage license has been issued to Mr. O. S. Harris and Miss Alma Dent. Mr. Harris is a prominent planter from the northern part of the county, and his bride is a well known and most capable teacher of the county.

What to do when Backache comes on

"I found immediate relief in the use of Foley Kidney Pills, have recommended them, and do not know of a single instance when they failed to give relief."

C. U. Landrum, a traveling salesman, writes from San Angelo, Texas: "Driving over rough roads and in all kinds of weather gave me acute pains in the back and I suffered greatly. I found relief in the use of Foley Kidney Pills, and before the first bottle was used, the pain in my back had entirely disappeared and I have had no recurrence of those pains which frequently amounted to almost neuralgic proportions."

When backache comes on, and it seems as if you can't stand the pain and pressure in your back, you will find quick and grateful relief comes with the use of Foley Kidney Pills. They stop the cause of the pain, ease the stiff aching joints and muscles, and clear the poisons out of your system by helping your kidneys and bladder to normal healthy action.

WAR "INFORMATION" BIRTHDAY PRESENT

Everybody is interested in any bit of news or rumor as to when the war will end, and seize upon it with interest. No assembly for a meeting of any kind can adjourn without some discussion of the matter, and if two meet in social conversation some reference will be made to the matter before they part, so absorbing is the topic. In the same spirit Mr. John Schmidt celebrated his birthday yesterday, a time when he could rightfully expect some token of remembrance from his loved ones and friends—and this is what he received coming from his daughter, Mrs. W. F. Gintz:

"When the war will end, absolute knowledge have I none, but my aunt's washerwoman's son heard a policeman on his beat say to a laborer on the street that he had a letter just last week, written in the finest Greek from a Chinese coolie in Timbuctoo, who said the negroes in Cuba knew of a colored man in a Texas town who got it from a circus clown that a man in Klondyke heard the news from a gang of South American Jews, about somebody in Bornea who heard of a man who claimed to know of a swell society dame whose mother-in-law will undertake to prove that her seventh husband's sister's niece had stated in a printed piece that she had a son who knows just when the war will end."

Y. M. C. A. CAMPAIGN IS SCORING SUCCESS

Only a small crowd of citizens assembled at the court house last night to attend the meeting which had for its purpose to inaugurate a campaign in which Nacogdoches would do its bit in the Y. M. C. A. campaign, but the crowd was representative, and plans were made that are scoring a success.

After a most interesting talk by Mr. Upton, supplemented with short talks by some other citizens present, organization perfected by the election of Hon. Eugene H. Blount as chairman and Capt. I. L. Sturdevant secretary-treasurer. Mr. Blount set the campaign to work in a practical way by calling for subscriptions, and some \$1200 was subscribed. To finish the campaign and raise the amount assessed against the county, a large committee was appointed whose duty it would be to make a "drive" this morning and finish raising the entire amount here in the city of Nacogdoches, today, and allow the representative to go on without further trouble in so far as this county is concerned.

When he came to this city Mr. Upton announced that a minimum of \$2000 with a maximum of \$2500 had been assessed against this county, and that he hoped to raise the maximum as he was late in reaching his territory. He was somewhat surprised last night when citizens present told him if he would remain over until today the assessment for the county could be raised here today. At noon today the minimum had been subscribed, and the committee adjourned to meet again after dinner to raise the maximum.

This is the Nacogdoches way, and The Sentinel will have more to say about the matter tomorrow.

AMERICA TO JOIN COUNCIL OF WAR

Rome, Nov. 14.—Great enthusiasm and patriotic feeling marked today's sitting of the Italian chamber of deputies. Professor Victorio Orlando, in his first speech as premier,

CLIMBED STAIRS ON HER HANDS

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story: Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may wish them for the benefit of other women."—Mrs. M. O. JOHNSON, Route D, Box 190, Richmond, Ind.

struck the keynote of his policy, namely that the situation called for acts rather than for words.

The premier spoke feelingly of the assistance being rendered by the entente allies to Italy and a passage in which he expressed the cordial gratitude of Italy to the "great American republic" for her willing and powerful aid, aroused tremendous cheering.

Alluding to the creation of an inter-allied supreme council and a military council, Professor Orlando replied they would include representatives of the United States.

TRUSTEE'S SALE

The State of Texas, County of Nacogdoches. Whereas, by virtue of authority vested in me, as substitute trustee for J. L. Burrows, deceased, named and appointed on a certain deed of trust, recorded in Vol. No. 7, pages 111 to 114, deed of trust records of Nacogdoches County, Texas, my authority as such substitute trustee, made, executed and delivered to me, on the 7th day of Nov. 1917, by V. E. Middlebrook, said deed of trust being executed by said Albert Short, in favor of J. L. Burrows, trustee for the better securing the payment of two certain promissory notes, the first for \$80.75, the second for \$129.80, each of which are more fully described in said deed of trust, executed by the said Albert Short, payable to V. E. Middlebrook, the first due Oct. 1st, 1914, the second due Jan. 6th, 1914, which said notes were renewed after deducting all offsets and credits by execution of new notes by Albert Short, on the fourth day of June 1917, due on the first day of Nov. 1917, for the sum of \$143.54 on which said date said deed of trust was also renewed said note bearing ten per cent per annum interest from date, the interest payable annually, and past due unpaid interest to bear interest at the rate of ten per cent per annum, and providing for ten per cent upon the amount, as attorney's fees, for that certain tract or parcel of land described in said deed of trust before referred to and more fully described in a said partition deed before Albert Short, and Prince McLain, dated July 10th, 1889, recorded in Vol. X, Pages 464-465, of the Deed Records of Nacogdoches County, Texas, reference to which deeds and the records thereof is here made for a more full and complete description of said land.

And, whereas, the said V. E. Middlebrook is the holder and owner of said notes, and the said Albert Short has made default in the payment of the said \$143.54 note above described, due on the 1st day of Nov. 1917, and the same is now past due and unpaid, principal, interest, and attorneys fees, by reason thereof, and as provided for in said note, and in said deed of trust, the said V. E. Middlebrook has declared said note and all of said indebtedness due and mature and has heretofore so notified the said Albert Short in writing; and whereas, each of said notes are now past due and unpaid, now aggregating, principal, interest and attorneys fees, \$164.42; and whereas, I have been requested by the said V. E. Middlebrook to enforce said trust, I will offer for sale, between the legal hours thereof, to-wit: between the hours of ten o'clock, a. m., and four o'clock, p. m., at public auction, to the highest bidder, on the first Tuesday in December, 1917, the same being the fourth day of December, 1917, at the court house door, in the city of Nacogdoches, in Nacogdoches county, Texas, the above described property, with all the rights, members and appurtenances thereto in any wise belonging.

Witness my hand this 7th day of Nov. A. D. 1917.

V. O. MIDDLEBROOK, Trustee.

AMERICAN LOSSES IN THE TRENCHES

The American forces "Somewhere in France" have suffered some more losses, as reported in the following dispatch:

With the American Army in France, Wednesday, Nov. 14.—A number of American soldiers have been killed or wounded in the recent shelling of the American trenches by the Germans. One shell, which dropped into a trench, caused several casualties.

The American artillery fire has been heavy recently and there is good reason to believe that it has accounted for a considerable number of the enemy.

The accuracy of the American artillery men's fire has evoked enthusiastic comments from the French superior officers of the command in which are the trenches occupied by the American troops. The general in command told American officers today that the marksmanship of the artillery men was excellent, comparing most favorably with that of troops which had been at war for years.

The only complaint heard is that a few of the American batteries are not as rapid as they might be, but they are improving daily.

The infantry is now interesting itself especially in patrols. It is the unanimous opinion that the men are learning more of the science of war by their short stay in the trenches and gut pits than is possible to gain in months of other instruction.

ANOTHER PROPHECY FOR END OF WAR

The following report of a new "prophet" abroad in the land is taken from this week's issue of the Jacksonville Banner:

"A man calling himself 'Belland the Wonder Seer,' was in Jacksonville Tuesday and made a speech in the City park, in which he predicted the close of the great war claiming to base his predictions upon Scripture. He has it all figured out that the war will close at 6:02 p. m. Jerusalem time, on March 24th, 1918, or at 3:05 a. m., our time March 25th. Turkey will be the only nation destroyed, it being gobbled up by Russia; Alsace Lorraine will be restored to France, and all other countries will retain the same territory held before the war. The Kaiser will be assassinated before this year is out, and Germany will become a republic. No other wars are to follow this one, he says.

"We haven't very much confidence in Belland's prophecy, but will be very well pleased if it comes true. In the meantime we will wait and see what happens."

TROUBLE IN MEXICO WITH VALLA AGAIN

Just now the eyes of Uncle Sam are being turned on Mexico again while General Villa is making a raid on a border town, just over the line, fearing that he will break across the line with another Columbus New Mexico assault on this country:

Of the assault on the Mexican town by the bandit and his band an Associated Press dispatch makes the following report:

Presidio, Texas, Nov. 15.—Francisco Villa's force last night took Ojinaga, opposite here, by assault, four years after he captured the same town from the Huerta federals.

Wholesale executions were ordered to occur today when the Villa commanders will wreak vengeance upon enemy prisoners. In a detention camp on the American side are the remnants of the Mexican government's defenders.

Villa was not located yesterday,

day, although he was reported to have been seen, and was wearing a black beard and was mounted on a mule. This is doubted however. He had fully one thousand men in his command.

CAVE MEN IN AMERICA.

The cave man has long been supposed to have lived only in the old world and if the term is used to mean the very primitive species of homo sapiens, this is true. Explorations made in Kentucky this year by scientists of the American museum, however, show that primitive men did live in caves in America. In the mammoth cave and others, they found unmistakable evidence that the mouths of the Kentucky caverns were used as dwelling places, and that the Indians explored the caves and mined quartz in them. This is especially interesting because it is known that Indians did not live in this region after its discovery by white men. The American cave dwellers; therefore, must have belonged to an earlier period.—Ex.

Mrs. Dial Deckard, residing out at the mill, underwent an operation for appendicitis at the Tucker Sanitarium Saturday afternoon, and is reported to be doing nicely. The lady had been suffering for some time, taking treatment preparatory for the operation, when the appendix burst, and she was rushed to the sanitarium for immediate operation. It is very seldom that one recovers when the trouble reaches a stage so violent, and only the immediate operation, performed in a skillful manner, saved her.

T. L. Martin, a former citizen of this county who is now making his home in San Augustine county, has been in the city a day or two looking after some business interests and renewing acquaintance with old friends.

When the kidneys are ailing, use Prickly Ash Bitters. It is a fine kidney tonic. Relieves backache, bladder troubles, indigestion and constipation. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

DON'T RISK NEGLECT.

Don't neglect a constant back ache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. A Nacogdoches case.

Mrs. E. Astoria, N. Fredonia St., says: "I had backaches and pains in my hips. My kidneys acted irregularly and caused me much annoyance. Doan's Kidney Pills had been used with such good results in my home, I took them myself. They did away with the trouble and I am pleased to tell others of my cure." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Astoria had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

COUNTY COURT.

The jury in the case of Jim McBride failed to agree in a verdict and was discharged this morning. The defendant is a negro, and was charged with bootlegging.

Mary Stubblefield, a negro, charged with stealing a pair of shoes from the store of Julius Eichel, was sentenced to one hour in jail and pay the cost of trial.

The bulk of the forenoon today was taken up in setting the civil docket, resuming work in the criminal docket just before noon when the cast of John Menefee, charged with aggravated assault, was taken up and is on trial as this report is prepared.

SPECIAL NOTICE.

Mme. Burns Colwell, the Dermatologist, wishes to state to her friends and others that she is located in Tyler, Texas, for a short time. Any one having cancerous warts, moles or any bad growths, freckles, birthmarks or blemishes of various kinds will do well to come to her and have her remove them with her radio mineral. Causes no pain and leaves no scars. Will refer you to Mr. C. S. Spurlin, whom I treated while in your city.
