PRESIDENT WILSON PRESENTS PEACE TERMS

Freedom of the Seas for All Nations,
Reduced Armaments
—No Annexations.

Washington, Jan. 8.—President Wilson today in addressing congress delivered a restatement of war aims in agreement with the recent declaration by the British premier, David Lloyd George.

Fourteen Requirements For Peace:

Open covenants of peace without private international understandings.

Absolute freedom of the seas in peace or war, except as they may be closed by international action.

Removal of all economic barriers and establishment of equality of trade conditions among nations consenting to peace and associating themselves for its maintenance.

Guarantees for the reduction of national armaments to the lowest point consistent with domestic safety.

Impartial adjustment of all claims on the basis of the principle that the peoples concerned have equal weight with the interest of the government.

Evacuation of all Russian territory and opportunity for Russia's political development.

All French territory to be freed and restored and reparations for the taking of Alsace-Lorraine.

Readjustment of Italy's frontiers along clearly recognizable lines of nationality.

Freest opportunity for autonomous development of the peoples of Austria-Hungary.

Evacuation of Roumania, Serbia and Montenegro, with access to the sea for Serbia and international guarantees of economic and political independence and territory integrity of the Balkan states.

Secure sovereignty for Turkey's portion of the Ottoman empire, but with other nationalities under Turkish rule assured security of life and opportunity for autonomous development, with the Dardanelles permanently opened to all nations.

Establishment of an independent Polish state, including territories inhabited by indisputably Polish populations, with free access to the sea and political and economic independence and territorial integrity guaranteed by international covenant.

General association of nations under specific covenants for mutual guarantees of political independence and territorial integrity to large and small states alike.

Will Fight Until Peace is Achieved.

"For such arrangements and covenants," said the president in conclusion, "we are willing to fight and continue to fight until they are achieved, but only because we wish the right to prevail and desire a just and stable peace."

Such a program, he said "removes chief provocations for further war."

"The moral climax of this, the

culminating and final war for human liberty has come," said the president in ending his address.

"and they (people of the United States) are ready to put their own strength, their own highest purpose, their own integrity and devotion to the test."

Adlai Mast left today for Austin where he will enter the government school to prepare himself for the ground aviation school in the aviation corps when he receives his call to enter the service. Just how soon he will be called into regular service he does not know, but expects to

be called in about ten days, when he will try to make the ground aviation school. During his absence the Buick agency and Post Office drug store will be looked after by his partner and brother, H. R. Mast. Adlai says he expects to return some day.

Pin your faith to Mr. Edison, the electrical wizard. When the proper time comes for his inventions to save the day, he will find a way.

If it ever does rain again—and of course, it will—the need for a connected belt of sidewalk will be more apparent than it is now. And this is another reason for the wish that it may soon rain.

When Uncle Sam gets all his units properly organized, and on the firing line, the world will tremble and don't you forget it. America is going to win the great war and dictate the terms of peace.

Every foot of garden space, which would include all surplus yard, should be planted to vegetables this spring, for the time has come when we must produce the bulk of our "living" at home if we live.

The candidates are beginning to come in pretty fast now, and the admonition is: "Come on in; the water's fine." It will cost no more to enter now than later, and since the "ice has been broken," the people at large will be interested to know who will be in the running.

By heck, we must have some more sidewalks to go with the new postoffice and these new awnings. This is the one thing we lack in making old Nacogdoches the perfection of civic righteousness, and "The Nacogdoches Way" must be enlisted for its relief.

A headline in today's Houston Chronicle announces, "Married Men Exempt." If this is true in its final analysis, it will be a great blow to the divorce courts of the country, and there will be a marked difference in affections of many of the husbands.

One of the signs of prosperity now in evidence is the sale of new farm wagons to our farmer citizens. Local dealers have just received a car load of these wagons and it is reported that they are sold faster than they can be set up, in some cases buyers having to wait until their wagon is put together before they can be delivered.

The Sentinel has prepared and is now carrying in its columns a correct time table of the railroads, and a directory of the city council for the benefit of both people at home and those reading the paper at a distance. The idea is inspired by the frequent inquiries of when a certain train leaves, or who is the officer in a certain branch of the city government.

Cotton has soared to thirty-one cents a pound in its upward flight, a condition that is calculated to sweep many from their bearing in the matter of diversification, particularly if they have meat and feedstuff at home, but if they have to buy these supplies at present prices we can entertain some hope that feedstuff and foodstuff crops will not be entirely overlooked.

It would be a disgrace to the community to have a Federal postoffice building, furnished by the National government, and then be denied free mail delivery because some people were so lacking in civic pride that they

failed to connect up with a good belt of sidewalk to make the service possible. This condition is not in accord with "The Nacogdoches Way" in other matters of community interest, and will be the weak link in our chain of community progress if we do not mend it.

With the establishment of free mail delivery The Sentinel would have to pay postage on all the papers that go to subscribers in the county, an expense from which we are now exempt. But we would cheerfully bear the additional expense for the improvement, and make this statement as a further guarantee of our sincerity. Let's have a connected belt of good sidewalk with all the convenience it would afford, and the free mail delivery.

Says the Alto Herald: "As the result of one little worthless dog, twelve of Alto's citizens are this week in Austin receiving treatment for having been bitten by a rabid dog." Lately there has been much discussion about worthless dogs, the food conservation campaign committee endeavoring to impress upon the people that a hog could be grown with the foodstuff that is wasted on a worthless dog. With both strong arguments to back up the idea, it would seem time to do away with the dog nuisance.

A new newspaper has been born in Lufkin, with the dawn of the new year, and christened "The People's Messenger." Messrs. Nixon Ricks and C. L. O'Bryan are listed as the publishers, and they announce that they have also taken over the Ricks job printing shop of Lufkin and the Huntington Courier. Mr. O'Bryan was connected with the new paper established in the Stand Pipe City a few weeks ago, and we assume that the Messenger is the offspring of a merger in which the two shops get together in a consolidation. Here's hoping, fellows.

The undercurrent of news, observation and reason all indicate that the prices of products and especially of foodstuffs will reach record-breaking prices next year. On wheat, meat and some other staple articles there is a guaranteed price, and that man who grows a surplus in this line is secure against the danger of any kind of calamity that may befall the country, but the man who is inclined to go extensively into cotton raising is taking a long risk. It is alright for every farmer to raise some of this staple, and we all hope that the good prices will prevail, but don't get away from the idea that there is no guarantee on the price of this product, and no sound reason in the production of a large crop.

The News learns today that at least five good crap shooters from Nacogdoches were spending last night in the city at one of the leading hotels, and while "rolling the bones" for high stakes Sheriff Evans walked quietly in and took charge of the game. It was a surprised bunch, it is said, but each and every one of them paid the necessary penalty with trimmings this morning to the tune of \$19.20 each, making close to \$100 of Nacogdoches coin on deposit in the Lufkin banks today.—Lufkin News.

The Lufkin Sheriff is to be congratulated for his vigilance, and was eminently correct in taking "charge of the game," but we wonder if there were not some Lufkin fellows in the bunch, too?

G. F. Garrison came down Monday from Garrison on a business trip.

NACOGDOCHES TRADITIONS

Meditation upon this war-time New Year, A. D. 1918, recalls to the mind of a few surviving residents of Nacogdoches that fifty-six years ago, Jan. 1, 1862, there was a most memorable New Year's Day in the old town. That was when Clark's Company left for the Confederate war. And though this was half a century ago, it was a day not to be forgotten by its witnesses.

The number of men in the company was more than a hundred, and they came from all parts of the county, which fact made a wide-spread interest in the departure of the company, and brought to town an unusually large crowd of people. Of course this was a most serious occasion, and created a great sensation. The very best blood of the land was in it. The captain, Wm. Clark, Jr., was a most prominent young lawyer, a son of one of the leading pioneers from Sabine county's early patriots, a California 49-er, who had been a member of the Texas secession-convention elected on the Union ticket. When he saw how Texas was going, he joined the cause of the South.

Captain F. Voigt was elected first-lieutenant of the company, N. L. Meroney second lieutenant, and T. H. Greer, first sergeant. These names show the complexion of the company. John W. Lewis, Jas. W. Stephens, John H. Richardson, John P. Davidson, George F. Ingraham and F. H. Hoya can all verify this.

To recite the daring deeds of those brave patriots would require more space than is available here. Other names are omitted for the same reason.

Where are these soldiers now? Only a few are yet alive. Some of those who are gone gave their blood at Mansfield, La., or Pleasant Hill, or on other battlefields—some at Little Rock or Jenkins Ferry, Ark. Their records are worthy as models for the young men of the present. They won their laurels by their patriotic sacrifices, their devotion to duty and honor.

J. E. M.

ADDITIONAL AGENT FOR THIS COUNTY

The Sentinel is informed that the national government will furnish Nacogdoches county with a new agricultural agent the coming year, who will assist County Agent Jas. D. Greer, and that both gentlemen are being instructed to teach the farmers the importance of growing all the feedstuff and foodstuff possible, and assist them in every way possible along this line.

The government bears the whole expense of the additional man, and will co-operate in many other ways as a part of the war policy in producing all the foodstuff possible, and it is not unlikely that an order will be made directing the ratio of crops if the people show inclination to go too much to a single crop.

Mr. Greer also informs The Sentinel that an expert on terracing will be in the county in the early spring, to spend thirty days with the farmers, teaching them and assisting them in terracing their farms, and all farmers needing this service should get ready for his coming, for the price of land is getting too high, and is too valuable to be allowed to go to waste as much of it has in the past.

Withal, the agents and the government are getting ready for a vigorous campaign of better and more progressive agriculture in the coming year, and much valuable service will be brought to the farmers, not only in helping them grow more stuff, but in the finding and guarantee of markets, the procuring of seed, and protection

along many lines that will be valuable, and every farmer should be quick to take advantage of the new opportunities offered him.

HELP WIN THE WAR BY KEEPING WELL

By DR. R. H. BISHOP, JR.,
Noted Commissioner of Health.
"I will strive to keep well in 1918!"

That is one of the best resolutions you can make for the forthcoming year. By keeping physically fit you can help Uncle Sam to fight his great fight. If you are sick the government must look upon you as a liability. If well and able you are an asset.

There is another important point. If you keep well you will help release another doctor for service with the flag. Uncle Sam has already called 16,000 physicians and surgeons to the colors. Not because there are many American soldiers on the sick list at present, but because the government proposes to prevent disease in the ranks rather than wait and try to cure it.

We must guard against certain dangerous and prevalent diseases.

Pneumonia, for instance, will be most dangerous for the next five months at least. It is a disease responsible for 10 per cent of all deaths in the United States. It is on the increase and is rapidly nosing out tuberculosis as the chief cause of death in this country.

If you maintain your bodily resistance by right living you have little to fear from the disease. Lower your guard by exposure to cold, wetting, hard drinking or overwork, and the disease will mark you for its next victim.

Wartime will increase the tuberculosis peril. It kills at least 150,000 persons each year. Three things will protect you against this disease—they are: Fresh air, good food, proper rest.

Cancer has been on the increase in this country for the past 15 years. It is now responsible for something like 80,000 deaths a year. Carelessness is the chief cause of it. "People fats, transmoirged into soap, with chronic sores or ulcers or irritations of the skin surfaces neglect to take the proper precautions at the earliest possible moment. Cancer in its early stages is curable. If allowed to develop, however, nothing can stop it.

Smallpox is on the increase in many communities. Vaccination will prevent it.

Typhoid fever is a needless terror. If one is careful to keep the hands clean and food and drinking water free from contamination there is little to fear from this disease.

The diseases of middle age—Bright's disease, hardening of the arteries and heart trouble—are increasing due to overeating, overworking and overworrying. The prevention of disease during the coming year will be, in fact, a patriotic duty.

OIL FLOWS FROM WELL NEAR CARTHAGE

Carthage Register.

The Producers' oil well near the river about eight miles from Carthage, which was brought in several weeks ago, has been bailed out and a flow of oil secured. Parties who have visited the well estimate the flow at 30 to 40 barrels per day.

The Hog Bayou oil company, it is understood, will begin boring on some of its leases as soon as drilling contracts are completed. The exact locations on which the company will drill have not yet been made public.

A number of outside capitalists, it is stated, have become interested in the Hog Bayou company which is claimed to have excellent financial backing.

THROW OFF THE YOKE

Every day we find a new way or a new idea of how to help win the war, and they are all good. Had the conservation of our resources now recommended and being employed in many quarters been adopted many years ago, even the waste places would be rolling in wealth, and the new vision we are getting in the matter is good for times of peace as well as war.

A new idea in the matter of conservation is offered by the Shreveport Times is the discard of the linen collar, worn in discomfort by men, in the following most logical argument, and we wish that the new "fashion" might extend on to Nacogdoches:

"Now that we are engaged in a war for democracy, and ancient habits and customs are being burst asunder, it is time for the men to make a determined effort to free themselves from the thralldom of the starched linen collar."

The linen collar possesses not a single redeeming trait. It is unsightly; it is uncomfortable; it furnishes no protection from the weather. On the contrary, during the heated period it adds to the overtaxed human being's discomfort.

Moreover it is an expensive article of wear. Its manufacturers were the first to seize upon the opportunity for war profits, and shove its price up by almost 50 per cent, regardless of the fact that over 2,000,000 men wearing the uniform of their country have been rewarded by a grateful nation with neck freedom. As a matter of upkeep, it is more expensive than an automobile. It costs 15 to 20 per cent every time the laundryman sharpens that saw edge that excoriates the thin red line around one's neck, and the cost of upkeep has risen step by step with the original cost of the article.

Discarding the useless, stiff white rag would daily save thousands of pounds of wheat and potatoes now made up into starch; thousands of pounds of soap, hundreds of gallons of chemicals used to break the fibre and render the collar useless after three laundryings. An important item would be the saving in collar buttons and the conservation of temper now wasted when the blamed things roll under the bottom of the dresser.

"Brothers, now is the time to strike a blow for liberty!"

RUMORS OF RAILROAD ACTIVITY IS CURRENT

Lufkin News.

Since the government has taken over the railroads and is now operating them as one line with orders that all freight must be routed the shortest way, a rumor is current to the effect that the H. E. & W. T. is to become one of the most important lines in the handling of traffic in the entire South, and that the road is to be immediately equipped with the biggest engines to be had, the track ballasted and improved from one end to the other in order to handle the extra heavy traffic that is to come over it, and that many additional crews will be put on and worked out of Lufkin. It is also rumored that additional terminals will at once be constructed in Lufkin, the repair department materially enlarged and other necessary arrangements made to take care of the traffic. There has been no official confirmation of this rumor, but all these things are almost sure to happen.

There is an immense tonnage from the west coming through Kansas City and destined for gulf ports. Also there is an immense tonnage from gulf ports to the west, and as the H. E. &

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for women's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote the letter in order that other women who may find relief as she did.

Women who are not well as she was should not give up from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years' experience is at your service.

W. T. offers by far the shortest and quickest route in handling this immense freight shipment it will readily be seen what is bound to happen. With such a prospect ahead of us we may count on the number of freight trains over this particular route being doubled several times and increasing materially the number of men working out of Lufkin. In fact, a great deal of the freight now going and coming to and from gulf ports over the Cotton Belt and I. & G. N. that has ever been handled by this road, will be diverted over the "Rabbit" in order to comply with government instructions to take the shortest route. In addition to the regular trainmen working out of Lufkin several additional switching crews will be necessary to keep down a congestion of freight and old Lufkin will take on every indication of a railroad center as never before.

WORK AT THIS PRISON FURNACE HAS BEGUN

Rusk Press-Journal.

Carpenters are now busy rebuilding and repairing the offices at the Rusk Iron Furnace, and there will be one hundred laborers placed at work Monday cleaning the grounds for the machinists and other skilled workmen who will arrive in a few days and begin preparations for the operation of the plant. It is understood that there has been several contracts let for large amounts of lumber to build residences and hotels.

The furnace will be in operation by April 1, 1918.

VITAL STATISTICS.

In the vital statistics of Nacogdoches county for the month of December there was shown a greater number of deaths than births, there being 21 births and 23 deaths.

Eight of these deaths were shown to be from pneumonia, in its several forms, while only one was shown to have been caused from typhoid fever. The remaining deaths were reported from other causes.

THEY WHO DANCE MUST PAY FIDDLER

People Cannot Take More Out of
a Community Than They
Put In.

COLLAPSE IS INEVITABLE

Town Will Not Survive Long If Its
Commercial Structure Is Torn
Down Faster Than It Can
Be Built Up.

(Copyright, 1917, Western Newspaper Union.)
He who dances must pay the fiddler. That is an old saying which is full of truth. The primary idea in this saying, of course, is that one cannot have any pleasure without paying for it in some way, but this is not the only sense in which it may be construed. It means that we cannot pursue any foolish policy indefinitely without paying for it in the end.

No man can overtax his physical strength indefinitely without risking ultimate disaster. Dissipation or overwork may be continued for a time without any noticeable results, but if continued for a sufficiently long time the inevitable comes to pass. The laws of nature cannot be violated with impunity. If one takes out of life more than he puts in, if he tears down his physical strength faster than he builds it up, he must eventually pay the fiddler.

What is true of the laws of nature is equally true of economic laws. The people of a community may for a time tear down the commercial structure of a town faster than they build it up without meeting disaster, but it cannot be continued indefinitely. In the end they must pay the fiddler.

Exhaust Resources of Community.
The person who makes his living in a community, receiving the money of the community for his labor or the products of his labor, and then spends his income outside of his community is helping to exhaust the resources of the community just as the man who expends his energy through dissipation or overexertion faster than he builds it up is exhausting his physical resources. One man may do this, of course, without noticeably affecting the economic strength of the community, but when a dozen men or women do it the effect becomes noticeable and when a hundred do it the resources of the community become exhausted to the point where collapse is inevitable. Those who are responsible for this situation may think that they have profited individually by their actions, but they have not realized that in the end they must pay the fiddler.

There are some persons who seem to be able to get through life without much effort. There are some who proceed on the theory that the world owes them a living and they proceed to collect it. They take what they can get and give nothing in return. Such persons, however, are not very numerous. Most of us must pay for everything that we get. Some may have to pay more than their share and these are carrying the burden of those who get more than they pay for. The fact remains that, as a general rule, one cannot have much worth while without paying for it.

The merchants of any community are the backbone of that community, so far as its prosperity and progress are concerned. Individually there may be some of them who do not exert themselves to boost their community, but collectively they are the men upon whom the living of every person in the community depends. The success or failure of an individual merchant may not be of particular concern to the people of a community, but the success or failure of the merchants as a whole is a matter of the very greatest concern.

Provide Market for Farmers.
The merchants of a town, in the first place, provide a market for a large part of the products of the farmers in the territory surrounding the town. They buy the produce of the farmers in small quantities, in accordance with their need, and some of them buy in larger quantities for shipment to foreign markets. If the merchants could not do this there would be no market at least for the small quantities except at ruinous prices. If the farmers could not realize a reasonable profit from their products, there would be no money for them to spend and there could be no money to pay for your products or to pay for your labor. It is therefore, of the greatest importance to every member of the community, whether a resident of the town or a farmer in the country surrounding the town, that the merchants be enabled to provide this market for at least a part of the farmer's products.

Every dollar sent away from a town to a mail order house helps to diminish the ability of the local merchants to provide a market for the farmer's products or to do any of the many other things which the merchants of every town do for their community.

Business in a community cannot be conducted on a one-sided basis. A man cannot take out of his community a

At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only cough remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher Hamilton County Republican News, Syracuse, Kan. dw

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed! Quit blowing and sniffling! A dose of "Fape's Cold Compound" taken every two hours until three doses are taken will end griping, sneezing and break-up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. "Fape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores.

MARRIED MEN WILL BE LAST CALLED IF AT ALL

The following dispatch appearing in today's papers will be of especial interest to people in all parts of the United States, since it has an important bearing on the draft for further soldiers, and bringing the news that the armies will first be gathered from the unmarried men and those having no dependents listed in Class No. 1:

Washington, Jan. 3.—All men for the war armies still to be raised by the United States will come from class one under the new selective service plan. That means the nation's fighting is to be done by young men without families dependent upon their labor for support and unskilled in necessary industrial or agricultural work.

Provost Marshal General Crowder announces the new policy in an exhaustive report upon the operation of the selective draft law submitted today to Secretary Baker and sent to congress. He says class one should provide men for all military needs of the country, and to accomplish that object he urged an amendment for the draft so as to provide that all men who have reached their 21st birthday since June 5, 1917, shall be required to register for classification. Also in the interest of fair distribution of the military burden he proposes that the quotas of states or districts be determined hereafter on the basis of the number of men in class one and not upon population. Available figures indicate, the report says, that there are 1,000,000 physically and otherwise qualified men under the present registration who will be found in class one when all questionnaires have been returned and the classification period ends, February 15. To this the extension of registration to men turning 21 since June 5 of last year, and thereafter, will add 700,000 effective men a year.

Composition of Class One.
Class one comprises single men without dependent relatives, married men who have habitually failed to support their families who are dependent upon wives for support or not usually engaged and whose families are supported by incomes independent of their labor; unskilled farm laborers, registrants of whom no classification is claimed or made, registrants who failed to answer questionnaires and in respect to whom no deferred classification is claimed or made and all registrants not included in another division of the schedule.

Narrowed down under the analysis of the first draft, made in the report, the plan places upon unattached single men and married men with independent incomes most of the weight of the military duty; the aggregate number of men in the other divisions of class one is very small. First Draft Beyond Expectations
General Crowder finds the first draft surpassed the highest etherless instantly responded to of the selective service idea. He pays high tribute not only to thousands of civilians who gave ungrudging service to making the plan a success, but also to the high patriotism of the American people as a whole.

"At the president's call" he says, "all ranks of the nation, reluctantly entering the war, nevertheless instantly responded to the first call of the nation with a vigorous and unselfish co-operation that submerged all individual interest in a single endeavor toward the consummation of the national task. I take it that no great national project was ever attempted with so complete a reliance upon the voluntary co-operation of citizens for its execution. Certainly no such bur-

densome and sacrificial statute had ever before been expected with a great hierarchy of officials. This law has been administered by civilians, whose official relations lie only in necessary powers with which they are vested by the president's designation of them to perform the duties that are laid upon them. They have made some mistakes. The system offers room for improvement. But the great thing they were called upon to do they have done."

Pleurisy pains are located just below the short ribs. Lumbago affects the same region but toward the back. BALLARD'S SNOW LINIMENT is the remedy in either case. If rubbed in thoroughly it eases pain, relaxes the muscles and the patient can move about freely and comfortably. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. eodw

Soon Over His Cold.

Everyone speaks well of Chamberlain's Cough Remedy has this to say regarding it: "Last winter my little boy, five after having used it. Mrs. George Lewis, Pittsfield, N. Y., years old, was sick with a cold for two or three weeks. I doctored him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold." dw

Mr. W. G. King, a former citizen of this county who is now making his home at Center, came over yesterday and remained until today looking after some business interests. Mr. King owns a large farm in the northern part of the county, which he says is not for sale at any price.

Stop the "Snuffles"

If you want to make your distressed babies easy and comfortable, give **Foley's Honey and Tar.** It is just what they ought to have for feverish colds, coughs, "snuffles," and wheezy breathing. It stops croup, too. **Foley's Honey and Tar** tastes good and the little ones like it. It contains no morphine, chloroform or other drug that you wouldn't like to give to young children. Do not accept a substitute. Mrs. B. H. Garrett, Schoolfield, Va., writes: "My baby was stricken with a severe cough and cold at one month old. I gave him ten to fifteen drops of **Foley's Honey and Tar** every three hours and it surely did help him. He hasn't been sick a day since." **Stripling, Haselwood & Co.**

Mrs. Jim Thrash is in receipt of a letter from her son, Fred Thrash, who is in training at Camp Travis, in which he says, among other things, that the boys were greatly delighted and encouraged with the splendid response Nacogdoches people gave to the cause of the Red Cross, making them feel that the folks at home were behind them, and with them in every way possible in the great mission in which the country is now engaged.

Ars Yours Sewers Clogged?

The bowels are the sewerage system of the body. You can well imagine the result when they are stopped up as is the case in constipation. As a purgative you will find Chamberlain's Tablets excellent. They are mild and gentle in their action. They also improve the digestion. dw

FOR SHERIFF.

Nacogdoches, Texas, Jan. 1, 1918
To the people of Nacogdoches County:

I am in the race for sheriff of your county, and solicit your support.

I was born here and reared in this and Rusk counties. I know that I am competent and capable of filling the office. I served as commissioner four years in all of Precinct No. 1. Take my record and see if it is not alright. Ask the men who served with me.

I am a poor man and will have to make a crop while I am making the race. I haven't any other way of making a living, but I will see as many of you as possible.

Respectfully,
MATT MUCKLEROY.

Stomach Troubles.

If you have trouble with your stomach you should try Chamberlain's Tablets. So many have been restored to health by the use of these tablets and their cost is so little, 25 cents, that it is worth while to give them a trial. dw

DEATH OF FORMER MELROSE CITIZEN

A message was received here yesterday announcing the death of Mr. R. A. Barrett at Montoya, New Mexico.

Mr. Barrett was a former citizen of this county having been born and raised at Melrose. Leaving here about nine years ago he went to El Paso for the benefit of his health. From there he went to Cloudercroft, N. M. and finally to Montoya, Mexico, where he resided until the day of his death, which occurred Saturday, January 5th, at 12:30 from pleuro-pneumonia. He was 56 years old and at the time of his demise and was survived by his widow, 3 sons and 2 daughters, besides his mother, who resided at Melrose, one sister, Mrs. Benton Wilson, of Nacogdoches, and 6 brothers, who are as follows: Tom, Claude and Charlie Barrett, who live here, Jim Barrett, who lives in the Oil Springs settlement, Bob Barrett, of Teague, Texas, and Oscar, who still resides at the old home place at Melrose.

At the time of his death Mr. Barrett was editor of the Montoya Democrat, and had been in the newspaper harness for a period of several years. He married early in life, to Mrs. Jennie Taylor, daughter of Mr. and Mrs. A. I. Simpson, of this county, living at Melrose and Garrison until the time he left here going West.

Mr. Barrett was a splendid citizen, good neighbor and counted his friends by his acquaintances. His parents were among the best citizenship of our county and in his passing away there passed away a man whose works in the world can be counted for the betterment of mankind. Friends here will regret to learn of his death and will join The Sentinel in expressions of sympathy to the bereaved.

REPORT SHOWS WEDDINGS FOR THE YEAR 1916

The Department of Commerce at Washington requires the clerk of the county courts to file with that department once each year a report showing the number of licenses issued in the county for the year ending with the 31st day of January one year previous.

In compiling this report the Clerk of Nacogdoches County has just finished returns on the total number of licenses returned here during the year 1916. This report shows that there were returned to that office during the year 413 licenses.

The total returned for the year just closed will, of course be available one year hence. This is a splendid showing for the year 1916 and will rank well with the previous reports made to that department.

Messrs. J. B. Lilly and J. L. Brewer, a well known citizens of the Appleby country, were pleasant callers at The Sentinel office today (Wednesday) and Mr. Brewer had his name enrolled on the list of Sentinel readers in his community.

Dr. E. C. Billingsly, the well known dentist and a prince of good fellows from Cushing, was a visitor to this city Monday afternoon, going on to Appleby, and while here had his name enrolled as a member of the family of Sentinel readers in his city.

Every planter of corn should owe it to himself to plant only the best seed corn that may be secured. I devote my attention entirely to the selection of seed corn, and offer the readers of this paper, selected seed corn, grown in the Ozark region, where perfection of maturity is reached. Our crop here this year is better than ever before. You will best serve your interests by using this splendid seed the coming season. Write me for prices. Frank H. Lane, Silcox Springs, Ark.

STONE FORT NATIONAL BANK HOLDS ANNUAL ELECTION

The Stone Fort National Bank of this city held its annual election of officers Tuesday afternoon.

The stockholders first met and elected Messrs. I. L. Sturdevant, S. H. Watkins, S. B. Hayer, W. U. Perkins, Chas. Hoya, D. K. Cason and F. B. Sublett, directors. The directors in turn elected the following officers:

I. L. Sturdevant, President; W. U. Perkins, Vice-president; Chas. Hoya, Vice-president; F. B. Sublett, Cashier; Jno. R. Thomas, Assistant Cashier.

In this election there was no change in either the board of directors or officers, the administration of the old board and officers being so satisfactory to the stockholders that no change was desired.

In discussing the affairs of the bank, the officers state that it has been the most prosperous and satisfactory year in the history of the institution, and that they enter upon the new year with renewed hope for still greater things in the future.

The people associated with the enterprise are all patriotic, progressive business men who enjoy the respect and esteem of the people of the country, and under their administration the Stone Fort National Bank has taken its place with the more prominent banking institutions of East Texas richly meriting every achievement it has made and the strong position to which it has attained in the business world.

LOCKE-FLOWERS WEDDING.

Yesterday morning at the Methodist Parsonage, Rev. J. L. Massey officiating, Mr. Robert B. Flowers of Jefferson Barracks, Mo., and Miss Jewel Locke, were united in the holy bonds of matrimony.

The wedding was a most beautiful affair, being witnessed by a large number of friends. The bride is the daughter of Mrs. A. J. Locke. She is popular and winsome and her splendid winsome graces win for her the love of the many friends who know her. She is a member of one of the most highly respected families of our good community.

The bride-groom is well known in Nacogdoches, having been engaged in business here for about a year and has many friends who congratulate him in the winning of his fair bride's hand.

The happy couple will leave tomorrow for Tyler where they will spend their honeymoon at the home of Mr. Flower's mother, Mrs. L. M. Flowers, from where he will go Sunday to rejoin his his command. Mrs. Flowers will probably join him there later.

Mr. R. R. Loy, a good citizen of Cushing, was a visitor to this city Friday, and honored this office with a pleasant call. It will be remembered that Mr. Loy once served his beat as county commissioner, in which he rendered the county good and faithful service.

Mr. and Mrs. Mark Marshall are entertaining a fine new daughter, born Saturday night. Mr. James Bruce returned to Smith's Switch this morning after a business visit to the city.

I. W. W. MEMBER CAUGHT AT DIBOL

The Luikin News of Monday carries the following report of a member of the I. W. W. being arrested at Diboll and brought to Lufkin, where he was lodged in the county jail as a suspicious character and with the charge of vagrancy filed against him.

He was arrested by Constable John Cunningham, whose attention was called to the prisoner's suspicious actions during the forenoon in standing in and among the men employed on the yard, his habit of giving a good account of himself and the fact of his trespassing on property without a permit, and when searched, his possessions were found to be a pint bottle of "booze" partially emptied, a little coin of the realm and a little pamphlet denoting his membership in the Industrial Workers of the World with his dues paid up to the first of the month.

In an interview this morning, a reporter could get very little information out of the prisoner as to his employment in the past and his reasons for stopping over at Diboll save that he had worked at Tulsa, Okla., stopping in Dallas, from which point he was sent out to a job "somewhere on the river," and then working his way on to the oil fields at Humble, when he stopped over in Diboll, where he was later arrested. He claims to have no relatives with the exception of one brother, and had been a member of the I. W. W. for the past six months. He is a small man of 40 years of age, with several weeks' growth of beard, dressed in clothes none too clean, and has a shifty air that does not impress one at all favorably. His memory as to the past is exceedingly bad, and he will be held by the authorities pending further investigations.

The little official membership book found on him denotes that he was initiated into the order of the I. W. W. on July 12th, 1917, in A. W. I. U. No. 400, branch No. 400, department of agriculture, occupation as laborer, and signed by Forest Edwards as financial secretary, general number 328,826. The dues of the prisoner had been paid up to January, 1918, and the transfer record showed that he had been transferred from Union No. 400 to Union No. 450. In the Preamble is noted this little phrase, "Instead of the conservative motto, 'A fair day's wages for a fair day's work,' we must inscribe on our banner the revolutionary watchword, 'Abolition of the wage system.'" Altogether, the little book is full of such doctrines, as is exemplified in the practices resorted to by this organization throughout the universe, a consortment of men whose evident aim in life is to get what they want by force, incendiarism, pillage and murder.

EXEMPTION BOARD FINISHES MAILING

The Exemption Board will finish its work of mailing out questionnaires today, and will then take up the work of classifying the list.

The Board reports that returns are coming in a pretty lively clip, and so far as they can ascertain at this time there will be very few who fail to return their cards.

It will take some two months to finish up the work of properly classifying these lists, from which it will be noted that the Board is not through work by any means.

Mr. and Mrs. W. B. Boozer left today for Mineola, where they will visit among relatives and friends for ten or twelve days.

AMBITION

Had it not been for the fact that you are a successful banker, or merchant, or business man of any kind without first being trained in the Tyler Commercial College. You would attend a university with a reputation if you wanted to make a first-class doctor, lawyer or minister. Why not use the same good judgment in selecting a business school in which to secure your training? The Tyler Commercial College of Tyler, Texas, is the business university of the South; it enrolls more students than any other similar school in America. Its students have come from 39 different states and seven foreign countries; its graduates are holding the very best positions in the leading cities of the United States.

If you will spend from \$125.00 to \$200 for tuition, board and books for a course of shorthand, bookkeeping, telegraphy, cotton classing or business administration and finance, or better still, spend \$200.00 to \$250.00 and complete any two or three courses, you will have made the best investment of your life. What young man or woman with grit and determination cannot raise this amount? Hundreds of students who borrowed every cent of their money to attend this school, or gave their note for part of their tuition, have found it the best venture of their lives; they were soon able through the good positions secured them by the college, to pay what they owed and continue to hold their good positions or go into business for themselves and succeed. If you always remain where you are you will always be what you are. Think this statement over seriously. More than 300 new students, before this month closes, will be added to the twelve hundred that are now here. Why not you be among the number? You can enter any day and take up the work. For large free catalogue, verifying the above claims and more, fill in and mail.

HARDLY HAD A WELL DAY IN SEVEN YEARS

Persuaded By Wife to Take Tanlac He Got 17 Pounds and Troubles are Gone.

"My wife was determined that I should try Tanlac; so one day I was away from home she bought a bottle and simply made me begin taking it and the results are, I have actually gained seventeen pounds and feel better than I have in seven years." This is what C. C. Moore of 155 Estrella Street, Dallas, Texas, says after using a few bottles of the "Master Medicine."

"I had suffered from indigestion and stomach trouble until my health was so shattered I couldn't enjoy living at all. In fact I hardly knew what it was to have a well day in seven years until Tanlac straightened me out. I had gotten to where I couldn't eat anything or even drink water without suffering from it. I lived for months on nothing but milk and other liquids and these also caused me all sorts of trouble.

"I often got so weak and dizzy I would fall on the streets unconscious and when I came to myself I would be at home in bed. I was very nervous all the time, could scarcely sleep and had awful headaches. No one knows how I did suffer and although I spent lots of money and tried everything I knew of, nothing seemed to reach my case or do me any good.

"I kept falling off in weight and the day I started on Tanlac I weighed only one hundred and nineteen pounds. I commenced to feel better in a few days after I began taking Tanlac and have gradually picked up ever since. I now weigh one hundred and thirty-six pounds—have gained seven pounds in weight—and what I have gained in health and strength is more than I can tell. I can now eat what I want, as much of it as I please with no bad feelings afterwards. My headaches are broken up, I sleep like a log and simply feel like a different man."

Tanlac is sold in Nacogdoches by Stripling, Haserwood & Co. and Swift Bros. & Smith, in Woden by M. J. King, in Garrison by Garrison Drug Co., in Appleby by Weatherly Bros., in Sacul by Arkan Cranford, in Cushing by A. J. Beck, in Douglass by Campbell & Watkins and in Chireno, in Nat by E. M. Jarrell.

CITATION BY PUBLICATION.

To the Sheriff or any Constable of Nacogdoches County—Greeting: You are hereby commanded to summon Francis Waggoner by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next session of the district court of Nacogdoches county, to be held at the Court house thereof, in Nacogdoches, on the 2nd Monday in February, A. D. 1918, the same being the 11th day of February, A. D. 1918, then and there to answer a petition filed in said Court on the 7th day of January, A. D. 1918, in a suit, numbered on the docket of said court No. 493, wherein Tom Waggoner is Plaintiff, and Francis Waggoner is Defendant, and said petition alleging that plaintiff and defendant were lawfully married to each other on or about the 1st day of March 1907, and thereafter continued to live together as husband and wife until on or about the 1st day of September, 1907, when defendant without cause or provocation on the part of plaintiff abandoned him, since which time they have not lived together as husband and wife.

That plaintiff herein pleads the statute of more than three years abandonment, and prays that defendant be cited by publication to appear and answer herein, and upon a final hearing hereof he have judgment dissolving said marital vows now existing between them, for costs of suit and general relief.

Herein fail not but have before said court at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Nacogdoches, this 7th day of January, A. D. 1918.

NOTICE IN PROBATE—W. E. Manning, Sr., deceased.

To all persons interested in the estate of R. S. Manning, Sr., deceased, that Mrs. G. W. Manning has filed in the County Court of Nacogdoches county, an application for letters of Administration of the estate of R. S. Manning, Sr., deceased, who died intestate in Nacogdoches county, Texas, on the 11th day of February, 1918, leaving real and personal property situated in said county of the probable value of \$2000.00, subject to the payment of the debts due by said estate; that said R. S. Manning, Sr., on the 7th day of March, 1914, executed and delivered his promissory note to G. W. Manning for the sum of fifty six dollars with legal interest from date thereof; that Mrs. G. W. Manning is the legal owner and holder of said note, which is a valid and subsisting obligation against said estate, which said note is long past due and wholly unpaid; that said Mrs. W. Manning prays that she be appointed Administratrix of said estate for the purpose of collecting her debt, interest, and reasonable attorney's fees and cost of this administration, there being no administration and the heirs of said estate refusing to take out administration or pay said debt. What said application will be heard on the 3rd Monday in January, A. D. 1918, the same being the 21st day of January at the court house thereof, in the county of Nacogdoches, at which time all persons interested in said estate may appear and contest said application, if they see proper.

Herein fail not, under penalty of the law, and of this writ make return.

Given under my hand and the seal of office in the city of Nacogdoches the 5th day of January, A. D. 1918. Attest: W. T. ORTON, Clerk, Court, Nacogdoches county. By I. D. FARMLEY, Deputy. 10-21w.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, and the pains were very severe. A friend told me I had tried everything else, why not Cardui? I did, and soon saw it was helping me. After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

MRS. J. L. DICKERSON DIED THURSDAY

Mrs. J. L. Dickerson, aged 82 years and 27 days passed away Thursday at the home of Mr. Joe Stripling, 3 miles east of town, and was buried at the family burying grounds at Swift, Rev. Smith of the Methodist church conducting the funeral services.

The remains were followed to the cemetery by a large concourse of bereaved friends and relatives who tenderly committed her body back to the earth from which it came.

Deceased had been in ill health for several months and her death was not altogether unlooked for. She is survived by 6 children, 23 grand children and several great grand children. She was the oldest sister of the Hall family, some of whom live in our city and who survive her, there being Messrs. B. M. Hall, Sam, and H. T. who live at Bluffdale, Texas. Her sisters, Mrs. R. L. Bentley, lives at Dallas, and Mrs. Elizabeth Kemper at Oklahoma City.

Her husband, J. L. Dickerson, died some time previous and was buried at Swift, Mrs. Dickerson having been buried at his side.

Thus, another of our dear sweet mothers has passed over the river to await that great resurrection. Always faithful to her children, she taught them these lessons in life so needful toward the uplifting of mankind and in her tender Christian life set the examples that would cause them to live the life the master would have them live.

Out from the mystic shadows of the evergreen forest of life came the Goddess of light and love calling her from this world of sorrow, and transplanting her in that Celestial Home beyond the seas. And as those who are left behind mourn her departure they rest in the comfort that God doeth all things well and look for that day when He shall call them to come up higher.

In the summary of her life it can well be said that there was a blessing bestowed upon the world around about because of her having lived, for there is none with whom she touched hands but who felt better because of her having lived.

To the bereaved The Sentinel expresses condolence.

FOR TAX COLLECTOR.

To the Voters of Nacogdoches County:

I herewith submit my announcement for re-election to the office of Tax Collector of Nacogdoches county.

I am serving my first term in this office, and have done everything in my power to make you a good tax collector, and at the same time treat the people courteously and fair. If my record is satisfactory, and you find that I have done my best to serve you faithfully and well, I will greatly appreciate the enjoyment of the Democratic custom of a second term, and in return promise the same faithful and untiring service.

Thanking you for past favors, and hoping for a favorable consideration at your hands in my present effort, I am

Gratefully,
J. C. MELTON.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel, salivated! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow besides, it may sallyate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

FOR COUNTY ATTORNEY.

To the Voters:

I desire to announce my candidacy for the office of County Attorney of Nacogdoches County, subject to the action of the Democratic Primary, next July. I was appointed County Attorney about a month ago, since which time I have undertaken to render good services to the people, and if I am elected to this position I promise to continue this, and think that when I become better acquainted with the duties of the office, I can still be of more service.

Respectfully soliciting the support of the voters of the county, I am,

Yours respectfully,
LANGSTON G. KING.

Croup at Midnight Well in Morning.

"A few nights ago one of my patrons had a small child taken with croup about midnight," writes M. T. Davis, Bearsville, W. Va. "They came to my store and got a bottle of Foley's Honey and Tar. Before morning the child had entirely recovered." Use only Foley's for coughs, colds, croup and grip." Stripling, Haselwood & Co. dwl

COUNTRY RESIDENCE DESTROYED BY FIRE

The residence of Holland Burk, together with practically all the household effects, located some two or three miles from town out on the Tyler road, were destroyed by fire Wednesday afternoon.

Many people are contributing to a purse to help reimburse Mr. Burk and his good family in the loss they have sustained.

Gets Good Results Quickly.

These few lines from J. E. Haynes, McAlester, Okla., deserve careful reading by every one who values good health: "I find no medicine which acts so mildly and quickly with good results as Foley Cathartic Tablets. They empty the stomach and bowels, giving all of the digestive organs a healthy action." Stripling, Haselwood & Co. dwl

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

FIVE NEGROES TO BE HANGED

San Antonio, Texas, Jan. 2.—Five of the negroes tried by the last court martial in connection with the Houston riots have been sentenced to be hanged, according to the verdict of the court announced by Major General Ruckman this morning.

They are Privates Babe Gollier, Thomas McDonald, James Robinson, Joseph Smith and Albert D. Wright, all of Company 1, 24th United States infantry.

Execution of the sentenced will be suspended until after the case is reviewed by President Wilson.

Three of the 15 tried were sentenced to 10 years at Leavenworth, and seven to seven years each.

Fate in Wilson's Hands.

President Wilson is now the sole arbiter of the fate of five more negro soldiers, found guilty of participation in the Houston riot of August 23, against whom the death penalty by hanging was imposed by the court martial and approved by Gen. J. W. Ruckman, Southern department commander, and announced today.

Under the ruling announced that all death penalties except those found among soldiers in the Pershing expedition be referred to the president his approval will be required before any additional executions.

But This Out—It is Worth Money.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2355 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills and Foley Cathartic Tablets

Was Feeling All Run Down.

Louis Buckner, Somerset Va., writes: "I was feeling all run down; tired, with pains in my back. After taking Foley Kidney Pills I felt like a new man." Backache, rheumatic pains, stiff joints, sore muscles, swollen ankles, and sleep-disturbing bladder ailments yield quickly to this time-tried remedy. Stripling, Haselwood & Co. dwl

A. A. Ennis of Battery C, 133 Regiment, at Camp Bowie, was in town Wednesday en route to Fort Worth. Mr. Ennis has been visiting his parents, Mr. and Mrs. J. A. Ennis, at Martinsvilles.

Her Trouble is Gone.

Mrs. Thomas H. Davis, Montgomery, Ind., says she had trouble with her bladder and had doctored for several months without relief, when Foley Kidney Pills were recommended and she commenced using them and got relief. They relieve backache, rheumatic pains, stiff, swollen joints and kidney trouble. Stripling, Haselwood & Co. dwl

NEW TEXAS GUARD PLANS DEFERRED

Dear Sir:—You asked me how I was pleased with my Delco Light Plant. Will say that I am highly pleased with it. It makes so fine light—the very best. Simple in operation and the cost of running expenses is practically nothing compared with the service it gives. I have run my lights, fans and iron for 8 days and nights on one charge of the batteries without running the engine, with good lights and I could have run a week. Anyone will make no mistake when they buy the Delco Light. I would not take twice what my plant cost me if I couldn't get another like it. You can use my name for reference.

Encore Cookies!

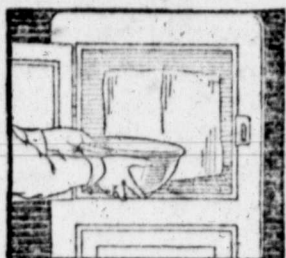

1. Cream Cottolene, add sugar gradually.

2. Beat eggs well.

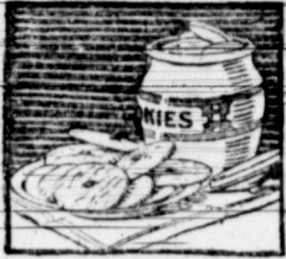

3. Add to first mixture eggs, soda dissolved in milk, salt, seeds and flour to make a soft dough.

4. Place dough in ice box to chill.

5. Shape cookies, place raisin in center of each and bake.

6. The result! Crisp, wholesome cookies made without a speck of butter.

We agree with a friend of ours, "A part of every child's education should be cookies—crisp, wholesome cookies."

Of course, if you have been using butter for cookies you may think that cookies, are somewhat of a luxury now-a-days.

But you can now make deliciously crisp cookies by using economical Cottolene instead of using expensive butter. And notice this, too—one-third less of wholesome Cottolene than you would use of butter.

Many careful housekeepers have found that Cottolene, because of its superior richness, goes much farther than other shortenings which they had been using.

Below is a recipe that shows how to make cookies that even expensive butter might be proud of. Try it and see if your children aren't tickled with these delicious Cottolene cookies. See if you aren't delighted with the money-saving.

- 1/2 cup Cottolene
- 2 cups sugar
- 2 eggs
- 1 level-teaspoon soda
- 1 cup butter milk
- 1 level teaspoon salt
- 1 cup flour
- 1 1/2 table-spoons Caraway Seeds
- Kaisins

Picture No. 1 shows how to start.

"The Natural Shortening"

AMERICA'S PART IN THE GREAT WAR

Washington, Jan. 2.—Constant and speedy dispatch of American troops to the European battle front is the principal recommendation made to the government by the American delegates who recently returned from the inter-allied war council at Paris.

Speeding up of the merchant ship building program and closer co-operation with the co-belligerents are the other principal recommendations.

This was disclosed today by the state department, which made public a summary of the result of the conference.

Through a new inter-allied organization for co-ordinating shipping resources, arrangements have been made to devote "the greatest amount of tonnage possible for the transportation of American troops."

Agree On Definite Naval Plans.

A definite plan was formed for more active utilization of American naval forces and an agreement was made with the British admiralty to effect certain plans for anti-submarine warfare.

The contribution of the United States to a pooling of war resources was agreed upon. The arrangement guarantees full equipment of every kind will be available to all American forces sent to Europe during 1918.

Arrangements were made to have the United States participate in military deliberations of supreme war council "as a step toward efficient and centralized unity of control of military operations."

Plans were also worked out whereby in order to permit the United States to visualize the problem of food control at home Great Britain, France and Italy agreed to put in legalized and compulsory control of food stuffs in their countries.

The extent of the military effort to be attempted by the United States was clearly determined and an allied advisory board was created to advise each nation on allotments of ships, so as to permit the American military effort to be realized.

Recommendations by U. S. Envoys.

The principal recommendations headed by Colonel E. M. House as President Wilson's personal representative, are:

"That the United States exert all their influence to secure the entire unity of effort, military, naval and economic between themselves and the countries associated with them in the war."

"Inasmuch as the successful termination of the war by the United States and the allies can be greatly hastened by the extension of the United States shipping program, that the government and the people of the United States bend every effort towards accomplishing this result by a systematic co-ordination of resources of men and materials."

"That the fighting forces of the United States be dispatched to Europe with the least possible delay, incident to training and equipment."

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Dandruffe right now—Also stops itching scalp.

"Thin, brittle, colorless and scraggy hair is more evidence of a neglected scalp of dandruff than any other sign." "There is nothing so destructive to the hair as dandruff—it robs the hair of its natural vitality and its very life; causes itching, produces a feverish scalp and makes the hair fall out. It not only causes the hair roots to shrink, leaving a hole in the hair falls out. A little Dandruffe tonight—now—any time—will surely save your hair."

Get a small bottle of Knowlton's Dandruffe from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Dandruffe. Save your hair! Try it!

D. 1918, the same being the 11th day of February, A. D. 1918; then and there to answer a petition filed in said Court on the 26th day of December, A. D. 1917, in a suit, numbered on the docket of said Court, No. 488, wherein Mrs. E. E. Church is plaintiff, and L. H. Church is defendant, and said petition alleging that plaintiff and defendant were married to each other on or about the 15th day of February, A. D. 1917, and continued to live together as husband and wife until on or about the 15th day of March, A. D. 1917, at which time plaintiff separated from defendant and since which time they have not lived together as husband and wife.

Plaintiff further alleges that defendant wholly failed to support her or to even provide her with the necessities of life and by reason of such treatment was compelled to return to her father in order that she might have something to eat and be taken care of. Plaintiff is indigent and wishes to avoid the expense of traveling and supporting her family, as he was physically unable to do so. Wherefore plaintiff prays the court that defendant be ordered to appear and answer herein and answer a hearing hereof that she have judgment dissolving said marital contract, which still exists, for cost of suit and general relief. All of which more fully appears in plaintiff's petition now on file in this office.

Herein Fail Not but have before said Court, at its aforesaid next regular term, this writ with you return thereon, showing how you have executed the same.

D. 1918, the same being the 11th day of February, A. D. 1918; then and there to answer a petition filed in said Court on the 26th day of August, A. D. 1917, in a suit, numbered on the docket of said Court No. 479, wherein Mammy P. Drake is plaintiff and Harry W. Drake is defendant, and said petition alleging that plaintiff and defendant were lawfully married June 1, 1915, and lived together until about April 25, 1917, when by reason of the cruel and harsh treatment of defendant toward plaintiff, she was forced to separate from him, from which time they have not lived together; plaintiff alleges that during the time she and defendant lived together she was kind and affectionate to defendant, but defendant unmindful of his marital vows, began a course of harsh and cruel treatment toward plaintiff; that defendant often cursed and abused plaintiff and otherwise mistreated her. Plaintiff alleges that on the 21st of August, 1916, defendant came home drunk, cursed and beat plaintiff, and just prior to the separation again abused plaintiff and threatened to whip her, at which time she was forced to leave him for her own protection. Plaintiff alleges that defendant was untrue to her, that he lived a dissolute life, often spending weeks at a time away from home and wholly failed to provide for plaintiff and her child, and was guilty of such excesses and outrages that rendered their further living together insupportable. That there was born from said marriage a girl, Lamerie Drake, now about a year old, residing with plaintiff; that plaintiff is a proper person to have the custody and control of said child. Wherefore plaintiff prays and answers this petition, that said marriage relation be dissolved, that she be awarded the custody of her said child, for costs of suit and for general and special relief.

Herein Fail Not but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Austin, Texas, Jan. 5.—Gov. W. P. Hobby tonight announced that he would be a candidate to succeed himself at the July primary election. His platform, he said, would be to subordinate every other issue to the war.

"To win this war and make Texas the most helpful and most useful of all states in this respect will be chief effort of my official life and the principal plank in my platform," he said.

Governor Hobby pledged himself, if elected to recommend the submission to a popular vote the question of a prohibition amendment to the constitution, endorsed the present system of regulating state expenditures and declared he would seek special legislation as a means of increasing the number of acres under cultivation. He said that his time would be so occupied that he would be unable to make a personal campaign.

Mr. W. T. Butler of Woden was in town today with nine bales of cotton, for which he received 30 cents per pound.

Mr. Butler was wounded in a storm at his home place early last fall and is just recovering from his injuries, this being his first trip to town since the occasion. He has many friends here who are glad to know of his recovery.

Gov. W. P. Hobby tonight announced that he would be a candidate to succeed himself at the July primary election. His platform, he said, would be to subordinate every other issue to the war.

"To win this war and make Texas the most helpful and most useful of all states in this respect will be chief effort of my official life and the principal plank in my platform," he said.

Governor Hobby pledged himself, if elected to recommend the submission to a popular vote the question of a prohibition amendment to the constitution, endorsed the present system of regulating state expenditures and declared he would seek special legislation as a means of increasing the number of acres under cultivation. He said that his time would be so occupied that he would be unable to make a personal campaign.

ANOTHER NACOGDOCHES CASE.

There's A Way For You Suffering Nacogdoches Folks. Just another report of a case in Nacogdoches. Another typical case. Heavy ailment relieved in Nacogdoches with Doan's Kidney Pills.

Mrs. J. B. Eaves, Nacogdoches says: "A dull ache settled right over my hips and the pains bore down on me like a weight and almost wore me out. Sharp, darting pains ran into the back of my neck, causing headaches and spells of dizziness and I had other distressing kidney disorders. Doan's Kidney Pills, procured at Stripling, Haselwood & Co.'s Drug Store, gave excellent results and I gladly tell other kidney sufferers of my experience so they may have the same good benefits."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Eaves had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

joined there Monday by Miss Morgan. They were married in the halls of the Y. M. C. A. No. 33, the minister in charge performing the ceremony that made them man and wife.

Miss Morgan is the popular daughter of Mr. and Mrs. J. N. Morgan of Harmony, and her winsome ways has won her a host of friends in the community where she has lived.

Mr. Johnson is the son of Mr. and Mrs. R. F. Johnson, also of the Harmony community and is a young man of splendid integrity and sterling worth. He will remain with relatives here for a short stay after which he will rejoin his command at Camp Travis.

The Sentinel joins with their friends in extending congratulations.

Mr. and Mrs. John Teutsch and Mr. J. N. Thomas spent yesterday in Melrose, where they visited Mr. Teutsch's father, Robert Teutsch the occasion being the 74th birthday of the latter. Mr. Robert Teutsch is one of the county's most highly respected citizens, and was born and raised in this county. Early in life he was married to Miss Sallie Skillern and this good family has raised several children, who rank among our best citizenship. On this occasion a splendid dinner was given the guests and the afternoon was spent in hunting. A very enjoyable occasion is reported.

Fritz Teutsch of Chireno, is here on business.

We regret to lose this good family.

Mr. W. H. Gray, Jr., and wife will move to Logansport, La., where he will farm this year. Their many friends wish them success.

Mr. Joe Mast and Mr. Sam Flournoy are moving on Wilson street today.

Mr. J. E. Teutsch has resigned his position with Mr. R. H. Falk and accepted a position with Keltys' Lumber Co., in San Augustine county.

The oil well is progressing nicely. Mr. Cornelson, the manager, is confident of striking oil in the near future. He will begin well No. 2 on Y. Chestnut's lease in a few days.

Mr. Ben Brantley is still on the sick list.

Little Oliver Pack McCall is sick with measles.

31 cent cotton has enthused the farmers of this place and are eager to make preparations for another crop, but the continued drouth prevents them from doing so at present.

Mr. Leslie Williams came down from Garrison this morning to get his car which has been in the garage here for repair.

A PEANUT CROP PROVES PROFITABLE

Mr. W. D. Boozer, a well known farmer of this community, experimented with a peanut crop last year, and found it very profitable, making a clear profit of \$50 an acre on his crop. Mr. Boozer planted thirteen acres of sandy land in the crop. He had his rows 2 1/2 feet apart, and put them from five to ten inches in the drill. From the crop he derived revenue to the amount of \$651.00, with which he is highly pleased.
