SAMMIES LAUNCH BIG GAS ATTACK

Americans Launch a Terrific Gas Attack on the Enemy Northwest of Toul

(By Associated Press) WITH THE AMERICAN ARMY IN FRANCE, May 21.—The American artillery on the sector northwest of Toul launched a terrific local gas attack upon German positions and cantonments within the Gerchamp wood early today. Severe punishment was inflicted upon the enemy, but it is not known how great.

The Americans twice defeated German parties in lively patrol actions Monday night east of Luneville. The Americans captured two Germans.

ARTILLERY ACTIVE SOUTHWEST AMIENS

(By Associated Press) PARIS, May 22.—Artillery fighting of a most violent character occurred last night southwest of Amiens, it was officially announced today.

Heavy artillery fighting took place also on the southern part of the battlefield near the neighborhood of Plemont, west of Noyon.

A COMPROMISE ON CHAMBERLAIN BILL

(By Associated Press) WASHINGTON, May 22.—A compromise on the Chamberlain resolution for the investigation of aircraft production, and other army activities was assured when the senate expenditures committee agreed upon a substitute resolution.

Senator Chamberlain said the compromise was satisfactory to him, as it authorized the military committee and sub-committees to proceed not only with the aircraft and ordnance investigation, but also to make any other inquiries regarding army operations.

This substitute was adopted after less than two minutes debate.

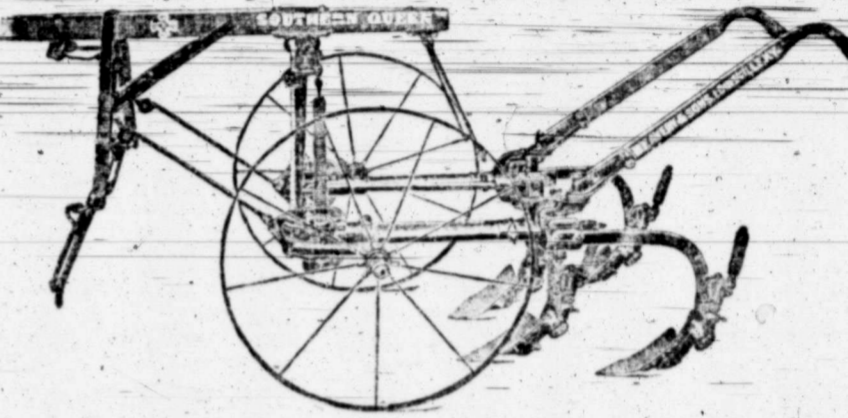

BRITISH ENTER GERMAN TRENCH

(By Associated Press) LONDON, May 22.—In the sector southeast of Arras German trenches were entered last night by British raiders, says today's announcement. Prisoners and machine guns were captured.

The Germans on the Flanders front carried out a heavy gas bombardment northeast of Bethune.

A Cultivator Built For the South

is the kind you want. A Northern cultivator "worked over" may not be strong enough to stand the hard knocks down here. There is a Southern cultivator built by a firm that has had ninety-three years' experience designing implements for Southern farmers. Its name is the

Avery "Southern Queen"

It has strength to spare and every adjustment necessary to cultivate Southern crops to the best advantage.

Gangs swivel in couplings so the inside sweep will clean the bed and outside standards swivel independently.

The pull of the team can be used to draw gang to or away from the row. The balance frame prevents pole from flying up when gangs are raised, and you can set the wheels as close together as 35 inches or as far apart as 49 inches.

There is a heap of satisfaction in knowing you have the best. Come in and get a Southern Queen.

Cason, Monk & Co.

MARTIAL LAW IN BOHEMIA

(By Associated Press) LONDON, May 22.—Martial law has been proclaimed in Bohemia, and in consequence of "popular excess" many persons have been imprisoned, according to dispatches received here.

ITALIANS BREAK UP AN ATTACK

(By Associated Press) ROME, May 21.—The Italians in the mountains west of Brenta broke up enemy attacks, especially on the southern slopes of Sasso-Rosso, today.

Economy Without Mere Cheapness

Economy by all means! Let this be every man's clothes buying watchword for summer and all the time—only first remember that economy resides, not in cheapness of the price, but in the excellency of the goods

In our Scloss Bros. Clothes you will find true economy, the economy of all-wool quality and durable service **\$12.50 to \$35.00**

Proper Staws that will put you in the swim at once Nifty, strong, light weight weaves that hold their shapes because made and sold on honor. Staple shapes for the older man, extreme effects for the younger and more dressy man **\$1.50 to \$5.00**

Manhattan and Eagle Shirts

From the raw product to the finished fabric, Manhattan Shirtings undergo the severest testing process, therefore every yard of fabric which goes into the making of Manhattan and Eagle Shirts can safely and securely bear the stamps of quality of these particular makes. Silk, madras, mercerized and other excellent materials **\$1.00 to \$5.00**

Handsome Silk Neckwear that never grows old. Stripes and panels in smart colorings with a distinguished air not found elsewhere. Washable Neckwear, too, that will come from the wash tub looking like new. Same old prices but brand new ideas in shapes and designs. **\$1.00, 75c, 50c and .25c**

We have a complete assortment of hot weather comforts for the uncomfortable Summer days. All economically priced.

Mayer & Schmidt, Inc.

APPEALS TO THE IRISH AMERICANS

(By Associated Press) DUBLIN, May 22.—John Dillon, Nationalist Leader, appealed to the people in the United States with Irish blood to support the Nationalist party as "the one party in Ireland which is fighting for Irish liberty without betraying the cause of liberty in other hands. Mr. Dillon denounced the Sinn Fein society.

ENSIGN POTTER IS KILLED FIGHTING

(By Associated Press) WASHINGTON, May 22.—News of the death of ensign Stephen Potter, killed while fighting seven enemy airplanes in the North sea April 25th was received today. Six weeks before he was killed he shot down a German seaplane.

WILL BE SUICIDE TO INTERFERE

(By Associated Press) LONDON, May 22.—German naval authorities say it would be "suicide" for them to attempt to interfere with the transportation of allied troops and ammunition across the English channel.

TORNADO SWEPT KANSAS TOWNS

(By Associated Press) HAYS, Kansas, May 21.—A tornado swept over Ellis county this morning. Five persons were killed and considerable property destroyed.

GERMAN IRISH PLOTS IN UNITED STATES

(By Associated Press) WASHINGTON, May 21.—Evidence of plotting between German and Irish agents in the United States for an Irish uprising has been uncovered by government agents, and is partly responsible for the recent Irish arrests. The evidence shows that the Germans furnished money for a rebellion in Ireland and possibly sent arms and ammunition to Ireland by submarines or blockade runners.

MEN TO REGISTER ON JUNE THE FIFTH

(By Associated Press) WASHINGTON, May 21.—The estimates today by Major General Crowder indicate that probably three-quarters of a million men will be obtained for the army by the registration on June the 5th, of youths attaining the age of 21 since last June. Crowder says that fully a million men will register. At least one fourth of them will be exempted on various causes.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . . Nothing seemed to help me until, one day, . . . I decided to

TAKE CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . . It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

All Druggists

AMERICAN BRINGS DOWN ENEMY PLANE

(By Associated Press)

WITH THE AMERICAN ARMY IN FRANCE, May 17.—Lieutenant Edward Rickenbacher brought down another German airplane northwest of Toul this morning. Full details of the fight are unavailable, but it appears that he encountered three Germans shortly after daylight and succeeded in bringing one of them down.

Helps to Keep Fit.

When the digestion is out of order, it throws the whole physical system out of gear. B. B. Hayward, Unadilla, Ga., writes: "Foley Cathartic Tablets give me quicker relief than anything I have ever tried." They relieve biliousness, bad breath, bloating, gas, indigestion and constipation. No griping or nausea. Stripling, Haselwood & Co. dw1

Oscar Murphey, a former citizen of this city who is now holding a good position with a grain house in Houston, is in the city renewing acquaintance with old friends.

Cut This Out—It is Worth Money.

DONT MISS THIS. Cut out this slip, enclose with five cents to Foley & Co., 2835 Sheffield Ave., Chicago Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup. Foley Kidney Pills and Foley Cathartic Tablets. Stripling, Haselwood & Co. dw1

THE RED CROSS RALLY WAS A GREAT EVENT

The Red Cross rally Saturday was possibly the biggest event of its kind in the history of Nacogdoches. It is certain that no event ever aroused more interest—but since everybody for miles around was here, there is no news value in a review of it.

The parade with the Red Cross nurses, the school children, the Boy Scouts, visiting soldier boys, and the great host of people who brought up the rear was indeed a spectacular and impressive event and does great credit to the promoters as well as those taking part.

At the school campus the great multitude of people listened to a great address from Judge Feagan of Livingston who came in lieu of Mr. Briggs who had to return to St. Louis and could not get here. Like many other patriotic attorneys, Judge Feagan is responding with his talents and his help, wherever his services are needed, and he is equal to any occasion as he proved with his eloquence and logical reason in his address here.

Our good band, which has had a hard struggle to keep up its organization by reason of so many of its members being taken away to war, but which has kept recruiting with new members, also proved equal to any occasion with the very fine music it furnished on this occasion.

Indeed, it was in all things a great event in which the people of the county were drawn closer together in one common purpose and the benefits of the day will not stop with the individual enterprise of the present Red Cross drive, but will go on with better co-operation in all the enterprises of the war, and hold us up at home.

This Widow Was Helped.

Mrs. A. Walden, 460 Glenn Ave., Fresno, Cal., writes: "I had a fever and it left me with a cough every winter. Foley's Honey and Tar helps me every time. I am a widow 66 years old." Nothing better for bronchial, grip and similar coughs and colds that hang on. Just fine for croup and whooping cough. Stripling, Haselwood & Co. dw1

Mrs. Wilson received a card this morning announcing that her husband, Capt. Robert Wilson, had arrived safely in France and she is greatly relieved with the news that he is new out of the danger of a sneaking submarine. It will be remembered that Capt. Wilson was for some time stationed at Waco assisting with the work of training the soldiers, but now goes to the front to take part in the real fighting. He volunteered in the service, and like the patriot he is, can be depended upon to do his part for his country's cause.

Wants to Help Other Men.

Mrs. W. G. Harrington sent this office a Chinese Marrow plant which resembles very much the cashew with which all East Texans are familiar. The instructions are that it should be cooked like an egg plant—and since the "proof of the pudding is in the eating," we will be able to tell more about it after it passes through the cooking process.

Wants to Help Other Men. M. W. Taylor, Calvert, Ala., writes: "To Whom It May Concern: I recommend Foley Kidney Pills, the best I ever used. I tried many different remedies, but none gave me relief like Foley's." They restore regular action of kidneys and bladder and relieve backache, rheumatic pains, stiff joints and muscles. Stripling, Haselwood & Co. dw1

WALTHALL RESIGNS AS JUSTICE OF PEACE

In order that I may devote all my time to the duties of Nacogdoches County Food Administration, I have resigned as Justice of the Peace, effective today. R. B. WALTHALL.

Since Mr. Walthall is giving up an office that remunerates him for his services to devote his whole time to one purely patriotic with no individual compensation, he proves his patriotism with actions that speak louder than words.

Good For the Whole Family

Every family requires a safe and reliable cough and cold remedy. Mrs. John Potter, 20 Shupe St., Mt. Pleasant, Pa., writes: "I have used Foley's Honey and Tar for colds for years and highly recommend it to all families." Contains no opiates. Checks bronchial and grip coughs, croup and whooping-cough. Stripling, Haselwood & Co. dw1

Mr. W. A. King, who is now stationed at Hemphill, where he is engaged as manager of the telephone company, with his bride, is visiting with relatives and friends in the city for a few days. Mr. King was married to Miss Lucy Bryan, a charming and accomplished young lady of Tenaha, last Thursday, and they are making a little visit to relatives and friends here before going home. Mr. King was reared in this county coming from one of our best families, and has a great host of friends over here who will rejoice with him in his new relationship.

She Got Good Results.

This honest testimony from a woman who has suffered should be heeded by all afflicted with backache, rheumatic pains, or any symptoms of kidney and bladder trouble: "I have got such good results from Foley's Kidney Pills that I sleep much better. Mrs. Chas. Gray, 270 Sixth St., Detroit, Mich. Stripling, Haselwood & Co. dw1

Mr. J. D. Parrish, one of the county's progressive farmers residing down the country toward Woden, brought a Japanese cabbage to this office this morning which is as large as several heads of the old-fashion variety. It is about three feet high and weighs ten pounds after being dressed. Mr. Parrish says they are as palatable as the variety to which we are used, and since they grow to such greater perfection and dimensions, it would seem that the variety should be universally adopted in this section.

When an energetic, hard-working man feels unduly tired, half-sick, "blue" and discouraged he thinks he is getting lazy. It isn't laziness, the trouble is in the stomach and bowels; they are disordered. To restore energy, vim and activity the right remedy is Prickly Ash Bitters. It is a powerful system regulator. Price \$1.25 per bottle, Stripling, Haselwood & Co., Special Agents.

Mr. J. M. McClure, who is in town today, says that Woden has "gone over the top" in its Red Cross subscription, but they are still at work and will bring in more revenue for the noble cause.

Biliousness is a disorder involving the stomach, liver and bowels. It opens the door for disease. Prickly Ash Bitters is the right remedy. It drives out bile and impurities and makes you feel bright, vigorous and cheerful. Price \$1.25 per bottle. Stripling, Haselwood & Co. Special Agents.

Guarding Our Lines

Guarding our lines is like guarding our health—we must encourage the care of our bodies—train our organs for bodily endurance, efficiency and full achievement. It is not so much a necessity to fight disease as to cultivate health.

If we want to increase our chances for long life—Dr. Pierce, of the Surgical Institute, Buffalo, N. Y., says: "Keep the kidneys in good order. Try to eliminate through the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt; alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, obtain Anuric (double strength), for 60 cents at druggists, and exercise so you perspire—the skin helps to eliminate toxic poisons and uric acid."

For those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store, or send Dr. V. M. Pierce, Invalids' Hotel, Buffalo, N. Y., 10 cts. for trial package.

SPROUT, OKLA.—I suffered for a year with kidney trouble. I saw Dr. Pierce's advertisement in the paper and wrote for a trial package of Anuric. It helped me so much I went to the drug store and bought a supply of Dr. Pierce's medicine. I bought four bottles of the Golden Medical Discovery and the Anuric. The Golden Medical Discovery cured my kidney trouble. Mrs. MARY LANE FISHER, SPROUT, OKLA.

Rev. and Mrs. C. D. Atwell of this city are in receipt of a letter from their son, Donald, who is with the hospital corps of the American forces in France, in the course of which he gives much praise of the work of relief being done by the French, and expresses a spirit of optimism with the outlook for allied success in the near future. The young man writes a most interesting letter, all of which would make good reading if it were not in violation of the expressed wishes of the department that letters from the front to relatives be not published. It will be remembered that Mr. Atwell quit school to serve his country in its hour of trouble, and he is therefore a patriot of the true type.

A torpid liver is a heavy handicap to a working man. It robs him of strength, energy and mental alertness. To remove the burden the proper remedy is Prickly Ash Bitters. It is a fine liver, stomach and bowel medicine. Price \$1.25 per bottle. Stripling, Haselwood & Co.

Miss Lucy Yates, who has been teaching in the school at Woden, is at home again, the term of school having come to a close.

Do You Enjoy Life?

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. A few doses of Chamberlain's tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it. dw

Mr. O. D. Mitchell, a former citizen of this county, residing in the Oak Ridge community, from which place he moved to Oklahoma about two years ago, is here visiting relatives and friends for a few days. Mr. Mitchell says that he is in a dry streak this year, where no crops are being made, but that with the twenty-nine bales of cotton and seven hundred bushels of corn he made last year, he has enough to carry him over.

Cause of Headache

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. They are easy to take and mild and gentle in effect. dw

PINNED TO WALL OF A BOX CAR FOR HOURS

(By Associated Press)

PARIS, Texas, May 20.—After having been pinned to the wall of a boxcar for several hours by a load of lumber, Robert Borgone of Philadelphia, Pa., a discharged soldier, was released by railroad workers and was started back to his home last week. Borgone had a ticket from Fort Worth to Philadelphia and while waiting for a train at Fort Worth climbed into a box car and went to sleep on a cargo of lumber. The car was closed and sealed while the ex-soldier was asleep and soon was on its way northward.

Later the car was shunted on a siding near Paris and the compact with other cars shifted the lumber and pinned Borgone against the wall of the car. After several hours Borgone's cries attracted railroad workers and the car was given a sever bump at the opposite end by a switch engine in order to move the pile of lumber which was about to crush out Borgone's life. He then was released.

When the baby takes too much food the stomach turns; the result is indigestion, sourness and vomiting. Frequently the bowels are involved and there is colic pains and diarrhoea. MCGEE'S BABY ELIXIR is a grand corrective remedy for the stomach and bowel disorders of babies. It is pure, wholesome and pleasant to take. Price 25c and 50c per bottle. Sold by Stripling, Haselwood & Co. eodw

Mrs. C. D. Thomason has returned from a visit to Dallas. She was accompanied home by her daughter, Mrs. Bern Pack and little daughter Charlotte.

A Grippe Epidemic

Every winter Health Boards warn against this weakening disease which often strikes those who are least prepared to resist it. You should strengthen yourself against grippe by taking

SCOTT'S EMULSION

which is the cream of cod liver oil, refined, purified and so skillfully prepared that it enriches the blood streams, creates reserve strength and fortifies the lungs and throat. Don't delay—It may mean much.

Use SCOTT'S Refuse Substitutes

Scott & Borne, Bloomfield, N. J. 11-28

FOR SALE—My entire ginning outfit. Good stand and good neighborhood. Would not want the gin moved away. Will sell at a bargain. L. A. Legg, Eden community. dlwt

About Rheumatism.

Rheumatism causes more pain and suffering than any other disease for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

Mr. J. M. McClure, one of the Sentinel's good friends from Woden, brought a bunch of very fine turnips, with his compliments, to the office this morning.

RUB-MY-TISM—Antiseptic, Relieves Rheumatism, Sprains, Neuralgia, etc.

Mr. J. H. Brantley is spending the week with his son, Leon and family at Terrell.

Break your Cold or LaGrippe with a few doses of 666.

Little Miss Bernell Matthews of Waco is the guest of her grandparents, Mr. and Mrs. J. J. Bowden, in the city.

For a Sprained Ankle.

As soon as possible after the injury is received get a bottle of Chamberlain's Liniment and follow the plain printed directions which accompany the bottle. dw

ORTON FURNITURE STORE

BUYER PROTECTED BY ADVERTISING

Manufacturer Must Maintain
Quality of Goods Bearing
His Name.

HIS REPUTATION AT STAKE

Man Who Buys Standard Brands
From Local Merchants Knows
That He is Getting Full
Value for His Money.

(Copyright, 1917, Western Newspaper Union.)
Time was when advertising did not
occupy the place in the world of trade
that it does today. It has not been
so very many years ago that the peo-
ple were suspicious of advertising.
They were inclined to believe that the
merchant was trying to "fool" them
with his advertising, that he exag-
gerated the value of the merchandise
he advertised and took that method
of trying to get them to buy goods
that he could not sell by the old estab-
lished methods of merchandising.

Those days are gone. The public
now realizes that it is the greatest
beneficiary of advertising.

Advertising has done more in a de-
cade to establish certain standards in
merchandise than could have been ac-
complished in a hundred years by any
other agency. The manufacturer who
a few years ago merely made and sold
clothes now makes and sells the Blank
brand of clothes. The man who for-
merly just made hats now makes
Blank's hats. And so it is with every-
thing that one buys today. The man-
ufacturer, by his advertising, has built
up his business around a trade name
and if he is to continue in business
he must protect that trade name by
maintaining such a high standard of
quality that people, when they buy his
products will know just what they are
getting. The consumer, when he goes
into a store today, does not buy mer-
chandise blindly, with the hope that
it will prove to be worth the money.
He buys standard goods that bear the
trade-mark of the manufacturer and
that are backed by the reputation not
only of the merchant who sells them
but the manufacturer who makes them.
This has been brought about by ad-
vertising.

No Reputation to Protect.
All this applies to the retail mer-
chants as a class but it does not ap-
ply to the mail order business. The
man or woman who buys goods from
a catalogue house is not protected by
the manufacturer of the goods for the
reason that most manufacturers who
sell goods to the mail order houses
do not place their names upon the
goods and therefore have no reputa-
tion to protect.

The great majority of articles listed
and illustrated in the mail order cat-
alogues are included in what is known
among manufacturers as "stencil"
stuff. These articles bear the name of
the mail order house which sells them
instead of that of the manufacturer
who makes them. It can readily be
understood that any manufacturing
concern which turns out goods that
do not bear its name or trade-mark is
likely to be a very unreliable institu-
tion. It is not building up any repu-
tation on the quality of its goods for
its products have nothing to distin-
guish them from the products of any
other concern. With no reputation to
sustain and no chance of creating a
general demand for its goods the only
concern of a manufacturing institu-
tion of this kind is to make stuff as
cheaply as possible in order to obtain
the largest possible profit on its prod-
ucts.

Same Price World Over.
These facts are chiefly responsible
for the generally prevailing idea that
the home merchants do not sell goods
as cheaply as the mail order house.
They do sell the same quality of goods
that the mail order house sells as
cheaply as the mail order house sells
it but they cannot sell the standard,
guaranteed products of responsible
manufacturers at the same price at
which the mail order house sells its
nameless, unbranded merchandise.
Standard goods bearing a registered
trade-mark sell for the same price the
world over and the manufacturer's
guarantee stands back of them when
they are sold in the smallest village
in the country just the same as when
they are sold in the stores of the larg-
est cities.

This is what the national advertis-
ing of the manufacturers has done
for the consumers of the country. It
has enabled them to go into their home
stores and buy merchandise which they
know from past experience or from
the reputation and guarantee of the
manufacturer will give them satisfac-
tion. They are not buying blindly
and hopefully when they buy from the
merchants in their home towns. They
are buying with the knowledge that
they are getting their money's worth.
When they buy advertised brands they
are getting double protection, that
which is afforded by the responsibility
of the retail merchant and that which
is given by the reputation and guar-

antee of the manufacturer. When they
buy the unknown brands of goods
that are offered by the mail order
houses they are getting neither kind
of protection.

There are about 22,000 deaf and
jamb persons in the United Kingdom,
between 3,000 and 4,000 residing in
London.

Executive Committee
Meets June 15th

The Democratic Executive
Committee of Nacogdoches
county will be called in regular
session Saturday, June 15th for
the purpose of making assess-
ments to raise funds to defray
the expenses of the general pri-
mary election, to be held July
27th, drawing of candidates for
position of names on the official
ballot, and other matters that
might come regularly before it in
the interest of the election.

Any person desiring his name
to appear on the official ballot
in the said general primary elec-
tion to be held June 27th for all
county and precinct offices shall

BAPTIST HOME MISSION REPORT

(By Associated Press)

HOT SPRING, May 16.—
How war activities have direct-
ly affected the work of the
church, was emphasized in the
report which the Board of Home
Missions made today to the
Southern Baptist Convention
here.

The report called attention to
the fact that last year the con-
vention pledged the property,
lives and sacred honor of the
Baptists of the South to the
President of the United States in
the prosecution of the war with
Germany and said that despite
large sums given the Red Cross
and Army Y. M. C. A., and the
purchase of Liberty bonds, the
Baptists of the south have done
the largest church work in their
history in the past year. A to-
tal of \$600,000 was given the
Red Cross and Army Y. M. C. A.

and the purchase of Liberty
bonds, the Baptists of the South
have done the largest church
work in their history in the past
year. A total of \$600,000 was
given for this work, and increase
of more than \$200,000 over the
preceding year. Texas Baptists
gave the most, Georgia was sec-
ond and South Carolina third.
The report added:

The report stated that in the
army camps, in conjunction
with the State Mission secretar-
ies and the Northern Baptist
convention, much work has been
undertaken. One camp pastor
has been sent to every canton-
ment in the south to work in har-
mony with the Y. M. C. A. men
and chaplains. Rev. George
Green who was a captain in the
Spanish-American war has been
put in charge of this work.

"Baptists have responded in
large numbers to the call of their
country," said the report. Many
preachers are fighting as priv-
ates in the trenches, while oth-
ers are doing Y. M. C. A. work or
serving as Chaplains or Camp
pastors. So patriotic have been
the mountain sections been that
a number of the counties sent in
their full quotas before the draft
law went into effect, and the
mountain schools of the denom-
ination show a shortage of five
hundred young men. At the
same time the number of girl
students has increased. In the
boys' dormitories in several
schools there are many vacant
rooms, but the dormitories for
girls are all overcrowded.

The board received \$585,000
this year, and there were 31,000
baptisms.

STATUTORY LAW EF- FECTIVE JUNE 26TH.

(By Associated Press)
AUSTIN, May 16.—The stat-
utory prohibition law which will
become effective June 26, will su-
persede the zone law in the event
the last named is knocked out or
upheld by the appeals court.
The statewide act will govern
either way the court decides the
question. In many respects the
statutory act is not as drastic as
the zone law as the former per-
mits the shipment of liquor into
prohibited territory or zone area
for scientific purposes. Under
the statewide act a person also
may carry intoxicants into probi-
tion territory provided they are
for his own personal use.

It also is likely that under the
provisions of the statewide act,
a way will be found to permit the
shipment of liquors into the
state for manufacturing pur-
poses, which cannot now be done
under the zone law. Manufactur-
ing plants in Texas have been
hard hit by this piece of legisla-
tion, and the attorney general's
department has been deluged
with inquiries from various por-

COMING TWENTY-ONE'S MUST REGISTER JUNE 5TH

The Local Exemption Board of this city is in receipt of the following official communication in the matter of young men coming into the draft age:

"We have today received a telegram from General Crowder announcing that congress has passed the Act providing for the registration of men who have become twenty-one years of age since June 5th, last, and further advising that a proclamation by the President will be issued shortly, naming June 5th, 1918, as the day of registration. General Crowder requests that the widest publicity be given to the fact that all men who have attained the age of twenty-one since June 5th, 1917, will be required to register on the day mentioned, and you are requested personally to see that each local newspaper in the county publishes this fact," etc.

With this notice let all young men of Nacogdoches county who have become twenty-one years of age since June 5th, 1917, take notice that they must appear before the Exemption Board in the town of Nacogdoches on June 5th, 1918, for registration, and that there will be a severe penalty to any who fail to do so.

"ATTENTION" WANTED STENOGRAPHERS

Be patriotic; go into training immediately and serve your country well. In line with the Selective Conscription Bill passed by Congress, the government is making an extraordinary effort to fill the great number of clerical positions now open. Our government is hard pressed for more help and each of us can relieve this need somewhat by offering our services. Read the following letter and be convinced.

Washington, D. C.
Tyler Commercial College,
Tyler, Texas.
Gentlemen:

The present emergency conditions are taxing the resources of this commission to furnish stenographers and typewriters in sufficient numbers for the departments at Washington. For the present, examinations for both men and women are being held every Tuesday in 400 of the principal cities.

Enclosed are two poster announcements of stenographer and typewriter examinations. It is requested that they be displayed where they will come to the notice of your students and other stenographers, that you personally make an announcement in the class-room of the need of the government, and that if practicable you communicate the information to your graduates.

The civil as well as the military forces must be recruited to meet the unusual situation. Stenographers and typewriters in large numbers are needed. It is the patriotic duty of citizens who have this special knowledge to use it where it will be of most value to the government.

The Commission will be grateful for your co-operation.

Very respectfully,
John A. McIlhenny, Pres., U. S. Civil Service Commission.

Uncle Sam is refusing to draft for military service any who have industrial or commercial training and are needed more at home. Can you say that a young person fighting a typewriter or pushing a pen for Uncle Sam is not as patriotic as one who should the rifle? Certainly not. Uncle Sam has al-

ready so many men for draft that he has not enough training camps to call them out. Yet he is sending appeals for help in his work at home. Ten, too, you have the following points to consider. You are not required to enlist, and you may resign at any time. You will receive a training worth thousands of dollars to you after peace is declared and will have the permanent recommendation that you have held a government position. The entrance salary is from \$1000 to \$1200 per year. Can you equal them in any other way, considering the duty you owe to your country? Young ladies and young men who are physically unfit for military service have this excellent opportunity to serve our country and draw pay for so doing. These positions are permanent for business never gets dull with "Uncle Sam." The government has long since recognized the Tyler Commercial College as the greatest institution of its kind for preparing young people for this work. Get busy. Do your part. Write today for free catalogue and full information.

Tyler Commercial College,
Civil Service Department.

SCHOOL CLOSING.

The students of the high school are now busy with final examinations and the teachers and students of all the Nacogdoches schools are rushing to finish the work of this term by the end of this week.

The schedule of the closing exercises for the schools follows:

Friday evening at 8:30 the Central Grammar school will assist in War Savings program to be given at the High School auditorium, and this honor is worthily bestowed upon the central Grammar School for they are undoubtedly the most enthusiastic group of Thrift and War Savings Stamp buyers in our county, if not in East Texas.

The Baccalaureate sermon for the graduating class of the Nacogdoches High School will be preached by Rev. M. C. Johnson at the High School auditorium Sunday, May 26, at 11:00 o'clock a. m. On this occasion the Senior class wishes every congregation of our city to be present and join with them in worship.

The review of the year's work and the award of promotion cards will be made at the High School Monday, May 27, at 9 o'clock a. m.

The graduation exercises will occur Monday evening, May 27, at 8:30 o'clock. The address of the occasion will be delivered by Hon. Fred T. Wilson, of Houston, who is one of the noted orators of the bayou city, now busily engaged in sending Texas "over the top" in the present Red Cross campaign.

The school authorities report a busy and profitable year of work, and they are joined by the teachers and students of the schools in urging our whole citizenship to join them in these closing exercises.

VERDICT OF GUILTY IN T. W. GREER CASE

Lufkin News.
The case of the State vs. T. W. Greer, charged with the killing of Oscar Gibson at Huntington on the afternoon of May 10th, was given to the jury after strong arguments by both defendant's and the State's attorneys, Saturday night about ten o'clock. In a short time the jury returned a verdict of guilty and assessed the punishment at five years in the penitentiary. Notice of appeal was given and the case will be taken to the higher courts as soon as an appeal can be perfected.

After the return of this verdict, the court adjourned for the term.

HIS WIFE'S TROUBLE COST HIM OVER TWO THOUSAND DOLLARS

"Just a Few Bottles of Tanlac Have Restored Her to Health Again," French Declares.

"After I spent over two thousand dollars for medicines for my wife without doing her any good, it sure does seem wonderful to me that just a few bottles of Tanlac have restored her to health again," is the remarkable statement made a few days ago by Harry C. French, who resides at 240 La Branch street, Houston, Texas.

"Several months ago," he continued, "my wife's health failed, she lost her appetite and, before I realized it, her condition had gotten to be so bad that she was in danger of a complete breakdown. What little she forced herself to eat disagreed with her and she suffered agonies from the gas that rose from the undigested food in her stomach. She was badly constipated and suffered from such terrible headaches that her nervous system went all to pieces and she couldn't sleep more than half the night. She worried so much over her condition and became so despondent that she would hardly speak a dozen words during the day.

"I got several specialists to prescribe for her and got her to take many different medicines and positively nothing did her the least good but Tanlac. Soon after she started on her first bottle I noticed that she was picking up and getting to be more cheerful and she has continued to improve right along ever since. She eats anything she wants now and it all agrees with her, she talks and laughs most of the time and is always in a good humor. She sleeps like a child and nothing worries her at all. In fact, she is entirely like a different person."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith, in Woden by M. J. King, in Garrison by Garrison Drug Co., in Appleby by A. J. Beck, in Douglas by Campbell & Watkins, in Chireno, and in Nat by E. M. Jarrell.

COWBOY RECRUITS ARE SIGNING FOR SERVICE

(By Associated Press)
EL PASO, May 21.—Covered with dust from a pony ride of more than 100 miles, with spurs clanking and hat pushed far back on his head a youth rode up to the recruiting tent of the First Texas cavalry last week and "reckoned as how he was ready to sign up with the El Paso boys to fight the Germans or anything else that needed fighting."

He said he "lowed they needed a fast-class cow puncher what could ride anything that walked, crawled or ran on foah legs." He registered as George McDonald of Fort Worth. Cowboy recruits are coming in great numbers, officers say.

AGAIN PROTESTS SEIZURE OF SHIPS

(By Associated Press)
WASHINGTON, May 22.—The Dutch minister today delivered a supplementary note of protest against the seizure of Dutch shipping by the United States recently. The note contends that the explanation for this seizure did not answer the original objections.

I have 2,000 potato sacks for sale cheap. Phone me your order. Marcus Smith. 2w

RED CROSS NEWS OVER THE COUNTY

Friday Mrs. H. F. Tucker and Mrs. Atwell went to Mahl and met with 10 ladies all ready for work. They instructed them in the cutting and making of bandages and hospital garments. It is certain that the ladies of Mahl will come up to all that is expected of them if they continue as enthusiastically as they began.

Saturday, as everyone knows, was a BIG day for the Red Cross and, in fact should have been for every citizen of Nacogdoches county. It began the second Red Cross War Fund Campaign—Mr. Robert Lindsey and a competent committee, had charge of the program for the day and are to be highly recommended for the manner in which all things were handled. At 1:20 on the college campus a large throng gathered. There were a number of sections in the parade which marched through town. Mr. Atwell, as chairman of Nacogdoches county, was requested to head the parade, the band followed, and after that a large number of people having close relatives in the service of our country—marched. Some carried service flags, and some the Stars and Stripes.

The fire truck took next place in line and carried Mayor Matthews. Then came the Red Cross nurse section, which was an unusual sight as well as an attractive one. Miss Liberty and Uncle Sam riding in state in a pony cart came next and received much applause. Children of the Grammar School followed them, and then everyone fell in line after the school section. At the campus where the parade disbanded the crowd was addressed by Judge Feagan, whom everyone knows as a splendid speaker, and his address was enjoyed by everyone present. After the affairs on the campus were over representatives from eight branches and auxiliaries went to the county Red Cross rooms to get necessary information for work in their various organizations.

Sunday, May 19th, Mr. Ben Tucker went to Mt. Moriah to organize branches and auxiliaries. Officers were elected as follows: Chairman, Mrs. Addie Nix; Vice-chairman, Miss Nannie Mills; Secretary-Treasurer, Miss Ruth Mills.

The work committee will go out as soon as arrangements can be made to help the ladies to get started with their work.

Mr. Atwell and Mr. W. S. Davis visited Bernaldo Sunday to look after the quota in that district for this present drive. They were assessed \$50.00, but came across with \$68.00, and this amount may be added to before the drive closes.

The following report is from Chireno: The Junior Red Cross girls met at the work rooms this week, and refolded 100 many-tailed bandages and 80 triangular bandages. They also cut gun-wipers. We expect good work from the Juniors this vacation. They are instructed by Mrs. Gussie Mettauer and Mrs. Lizzie Still. The Thursday afternoon meeting was largely attended. Mrs. Belle Buckner, who is chairman of the knitting gave out yarn for sweaters. She also reported seven pairs of wristlets finished. The knitting has just been started here and larger amounts of work will be credited to the knitters in the future. The ladies are working on helpless case shirts, having finished two and seven more cut out. The Attoyac ladies met here Thursday and looked over the work. They took samples of bandages and bought muslin to start work with.

Chireno was one of the first auxiliaries of the Nacogdoches Red Cross when it was started over a year ago, but has now been made a branch, with several auxiliaries under its charge. They are doing fine work and are an asset to the chapter.

The Chireno report is the only one received up to this time, but it is hoped more branches will comply with the request for reports on each week's work and anything of interest that the branch may be doing that it may be printed in this column which is written each week.

WHEAT CONSERVATION PUBLIC EATING PLACES

To Public Eating Places:
Texas has used up its allotment of wheat, and there will be no more shipped into this state before the new crop is harvested. Therefore, we must make our present supply last until the next harvest. For this reason it will be necessary for the public eating places to use quick breads, such as muffins, corn pone, corn cake, Boston brown breads, etc., which can be made with less than one-third wheat. Call upon the baker to make quick breads if you are unable to supply yourself.

It is particularly important to revise the public's definition of a sandwich. Instead of consisting of meat or cheese between two slices of bread, it might quite as appropriately consist of two muffins with meat or cheese on a plate beside them.

On and after May 22nd, you should serve quick breads as above mentioned in the place of victory bread. Our motto is "Corn Bread Until the Next Harvest." A beautiful placard will be sent you by the Food Administration, calling upon the public to eat quick breads.

It is permissible, in putting up lunches, to use Victory bread for sandwiches.

This rule will be enforced by the Food Administration, and anyone violating same will be called before the Federal Food Administrator, or his duly appointed deputy, for a hearing, and should be proven guilty his supply must be cut off.

Yours very truly,
E. W. LEDEN,
Federal Food Administrator for Texas.

THE ZONE LAW UPHELD BY COURT

(By Associated Press)
AUSTIN, May 22.—An opinion on the Hollinsworth case from Tarrant county involving the constitutionality of the zone law was upheld by the court this afternoon by the Court of Criminal Appeals in a majority opinion, Judge Davidson dissenting.

The law became effective with the dawn of April 16 and upwards of 1,200 saloons were banished. On the first day of its operation, however, G. H. Hollinsworth, of Fort Worth, was arrested on a charge of selling a quart of whiskey inside the ten-mile zone around the military camp there.

Violation of the law constituted a felony and Hollinsworth was held without bail. The constitutionality of the law was attacked on eight grounds.

DIRECTORS MAY OUST PRESIDENTS

(By Associated Press)
WASHINGTON, May 22.—The regional railroads directors have asked a recommendation of federal directors for every railroad to replace the railway presidents as chief operating officer.

LIKE AN ELECTRIC BUTTON ON TOES

Tells Why a Corn is so Painful and Says Cutting Makes Them Grow.

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freezone. This will cost but very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug freezone is harmless and never inflames or even irritates the surrounding skin.

NOTICE—SHERIFF'S SALE.

The State of Texas, County of Nacogdoches:

By virtue of an execution, issued out of the Honorable District Court of Nacogdoches County, on the 15th day of May, A. D. 1918, by the clerk thereof in the case of Sarah E. Parks, et al, versus H. Oliver, et al, No. 5599, and to me, as Sheriff directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in July, A. D. 1918, it being the 2nd day of said month, before the Court House door of said Nacogdoches County, in the city of Nacogdoches, the following described property, to-wit:

119 acres of land situated in Nacogdoches County, Texas, a part of the J. I. Ybarbo grant, being more specifically described as follows: Beginning at a point 60 yrs north 20, east of the south-east cor of a 50-acre tract, owned by the Angelina County Lumber Company.

Thence north 30, west 927 yrs to corner on the bank of Honey branch. Thence down said branch with its meanderings 849 6-10 yrs to corner on bank of said branch. Thence south 20, west 700 yrs to corner, thence south 61, west 138 4-10 yrs to corner, thence north 75, west 650 yrs to the place of beginning, and being the late homestead of J. W. Oliver and wife, levied on as the property of H. Oliver, L. C. Spillers, and M. J. Carter, on the 18th day of May, 1918, to satisfy a judgment amounting to \$83.87 in favor of the officers of the said District court of Nacogdoches county, and costs of suit.

Given under my hand this 18th day of May, A. D. 1918.

J. L. PRINCE, Sheriff.
By J. M. SPRADLEY, Deputy.

ANNUAL EXHIBIT DOMESTIC ART GIRLS

The work of the House Economics Department for the year is drawing to a close. In addition to the regular work required eleven capes for the Red Cross were made. The Annual Exhibit of the year's work will be given on Thursday and Friday evenings of this week from two o'clock until 5. The public and friends of the girls of this department are especially invited to visit the building on these afternoons.

FERTILIZER—600 lbs of phosphate at \$1.15 and 500 lbs. potash at \$3.15. E. H. Power, Nacogdoches. 23-2tw

GOVERNOR HOBBY FOR NACOGDOCHES NORMAL

To the Voters of Nacogdoches County:

I have been asked recently what Gov. Hobby's feeling are towards our Normal, and in answer to this I am taking the liberty to publish the Governor's recommendation and his approval of the bill that delayed the building of our Normal School, which are self explanatory.

Governor's Office,
Austin, September 25, 1917.
To the Thirty-fifth Legislature in Third Called Session:

I submit for the consideration of your honorable body the following enactment of an act to further define the powers and duties of the State Normal School Board of Regents, as set forth in Chapter 191 of the Acts of the Regular Session of the Thirty-fifth Legislature, providing for the establishment, maintenance and government of the two normal colleges, and as set forth in Chapter 197, Acts of the regular session of the Thirty-fifth Legislature, providing for the establishment, maintenance and government of a state normal school at Alpine, Texas, providing that the duties imposed upon the said State Normal School Board of Regents by the provisions of these acts may be further defined by providing that said board shall be authorized to construct and have ready for occupancy one of these normal colleges not later than September 1, 1918, one by September 1, 1920, and one by September 1, 1922.

In obedience to the request of a large number of the members of your body, I have taken under consideration the matter of amending or repealing the law creating these institutions. After an investigation of the steps taken by the State Normal School Board of Regents as authorized by the legislature, it is my judgment that these laws can not be repealed if due regard for the obligation of the state is taken into consideration.

I accompany this message with a statement from the State Normal School Board of Regents, who were authorized under the law to locate and establish these colleges; and it will be seen from this report that such progress has been made in acceptance of sites which were donated by the several towns and cities which were candidates for the location of these schools, as to commit the State to the building and completion of same. I therefore, suggest that the treasury of the state may be relieved by the building of one of these institutions at intervals of two years; which at the same time will provide for carrying out these contracts authorized by the legislature.

After a full and free discussion among the members of the State Normal School Board of Regents, the plan of building these colleges at the periods stated was approved as the best method of relieving the threatened efficiency in the treasury, and also carry out the contracts as entered into by the board.

I am accompanying this message also with the endorsement of such a plan by the State Normal School Board of Regents.

At my request there has been prepared by the Attorney General's department, jointly with Hon. Leonard Tillotson, Representative from Austin County, a bill further defining the powers and duties of the regents, which in my judgment, will accomplish the best results under the circumstances.

Respectfully submitted,
W. P. HOBBY,
Acting Governor of Texas.

Exhibit.
Austin, Sept. 24, 1917.
Honorable W. P. Hobby,
Governor of Texas,
Austin, Texas.

Dear Sir:
As requested in your letter of the 22nd inst. we give you as follows, the status with regard to the three normal schools at Nacogdoches, Kingsville and Alpine, as provided for by the Thirty-fifth legislature:

(1) Stephen F. Austin Normal at Nacogdoches:
After canvassing the territory east of the 96th Meridian and duly considering the propositions made to the Board by the several towns and cities which were candidates for the location of this school, the Board bearing in mind the limitations surrounding its action and conditions in the law providing for the creation of said school concluded that the Stephen F. Austin Normal College should be located at Nacogdoches.

The citizenship of that city has complied with all of the requirements of the law and with the exactions of the board respecting the location of the school there. A tract of land consisting of 205 acres and conveniently located for the successful maintenance and operation of the school has been conveyed to the state, and they have carried out all promises and conditions set forth in their formal application on file with this board asking for the location of said school, a copy of which application is hereto attached and marked "Exhibit A" and made a part hereof. The deed conveying said land to the state has been executed and delivered to the president of this board, and the abstract of title to said property has been delivered to the attorney general, and by him examined, and is being perfected in accordance with his opinion. Architects for the proposed building have been selected, plans and specifications therefore are being prepared, the architect and building committee for this board have visited the site and caused to be prepared contour maps, and locations of the buildings on the site have been designated.

In brief, all of the details preliminary to the construction of the buildings have been performed within the time and in the manner provided for in the bill creating said school.

Respectfully submitted,
A. C. GOETH, President,
M. O. FLOWERS,
WALTER J. CRAWFORD,
ROBT. J. ECKHARDT,
State Normal School Board of Regents.

Exhibit.
Austin, Sept. 25, 1917.
Governor W. P. Hobby,
Austin, Texas.

My dear Governor:
Referring further to your inquiry as to the status with regard to the three new normal colleges to be established, namely, the South Texas Normal College at Kingsville, the Stephen F. Austin State Normal College at Nacogdoches and the Sul Ross Normal College at Alpine, we beg leave to state that the general outline of the bill proposed by Hon. Leonard Tillotson is satisfactory to this Board, and as the best method of carrying out the contracts entered into by this board.

Very truly yours,
A. C. GOETH,
President State Normal School Board of Regents.

You will notice after having read the above that Gov. Hobby says the Board of Regents as authorized by the legislature have taken certain action in locating the Normal, and that in his judgment these laws can not be repealed if due

regard for the obligations of the state is taken into consideration; and further in recommending the delay of the building, the governor wished the legislature to build one school in 1918, 1920 and 1922, but the legislature did not accept his recommendations in the matter, but deferred the building of these schools not later than the governor wished, that is 1919, 1921, and 1923, and the governor in approving the bill delaying the schools put this on the bill-to-wit:

"On September 25th, 1917, I submitted to the legislature the subject of enacting a law to further define the powers and duties of the state Normal school board of regents, and to provide that the duties imposed upon the same Board of Regents by previous acts of the Thirty-fifth legislature be further defined by authorizing that one of the three new Normal colleges for which an appropriation was made at the regular session be constructed, and ready for occupancy by September 1st, 1918, one September 1st, 1920, and one by September 1st, 1922."

In passing this law the legislature extended the time beyond that recommended by me for constructing each of the three Normal colleges. I regret this was the case because since the legislature provided for the building of these schools, it seemed to me that more regard for the good faith of the state would be shown by building one of the schools during this administration, one during the next administration and one during the next. I assume, however, that the legislature intends to carry out, in good faith, the building of the schools at the time stipulated in the bill as enacted and so I am approving the same to relieve the State Treasury at a time when special care must be taken to prevent a deficit at the end of the present fiscal year.

The Thirty-fifth Legislature enacted laws making provision for three normal colleges and in performing the duty conferred upon them by the legislature, the members of the State Normal School Board of Regents located one of these colleges at Kingsville, one at Nacogdoches and arranged to accept a site at Alpine, which location was fixed by the legislature. The people of these communities complied with the requirements of the legislature, and of the State Normal School Board of Regents, and in my judgment the State is bound by every principle of honor to establish the schools in accordance with the agreement with the respective communities.

I approve this act believing and expecting that the agreement made by the State will be carried out and that the next legislature will not permit a breach of good faith on the part of the state.

W. P. HOBBY,
Governor of Texas.

When you have read the above carefully, you will readily see that Gov. Hobby has not deprived our little town of the school, but has only delayed the building of the same to keep down a deficit at the end of this year, and had the building been started, it would have cost twice as much and it would have been impossible to have finished same during these strenuous times, and then again if built would now be vacant, as there is enough room in the other State Normals over the state for twice the number that are now attending, as the young men have been called to war. I am sure after you have read the above that you will agree that there is no urgent need for the building of this school right now, and you can see that Gov. Hobby's plain

words are that the legislature should not allow a breach of good faith on the part of the State in this matter. "In my judgment the state is bound by every principle of HONOR to establish the school in accordance with the agreement with the respective communities," and then again Gov. Hobby said in approving the bill "I approve this act believing and expecting that the agreement made by the state will be carried out and that the next legislature will not permit a breach of good FAITH on the part of the State." What more could he say in these strenuous times?

Trusting that you will give the above your candid consideration, and if you think Gov. Hobby is friendly to our town, and then you hear some one on your streets saying that Gov. Hobby has taken the normal from us, would thank you to call his attention to the above, not for me nor for the governor, but for the town's good.

S. M. ADAMS,
Chairman of Hobby Club.

JACKSON CARNLEY IS ASSASSINATED

Last Thursday while Sheriff Prince and his deputy Jackson Carnley, with a citizen of the community whose name we have not learned, were going through a farm out about six miles west of town, hunting for a negro who was reported to have broken up a Red Cross meeting at the Lone Star (colored) school house last night, a negro by the name of Orange Escoc, secreted in a cluster of bushes, opened fire on Carnley with a double-barrel shot gun loaded with buckshot, one load taking effect in the officer's head and one in his breast, from which he died instantly.

SHERIFF PRINCE EMPTIES HIS PISTOL
After shooting the negro fled and Sheriff Prince emptied his pistol at him, but failed to disable him if any shot took effect. It is also reported that Carnley fired one shot, one chamber of his pistol being empty. If it is true that he did it was quick work, evidently following the first appearance or first shot of his assassin.

Sheriff Prince went to a phone in the neighborhood and called for help, and a great posse of officers and men went in quick pursuit, there being several car loads in the crowd. People from the community of the tragedy, and other places have also joined in the search, but the assassin had not been captured when this report was prepared at 2:00 o'clock this afternoon.

Messrs. Ben Tucker and Benton Wilson, undertakers, went out and brought the body of Carnley in, arriving in town with it about 1:00 o'clock. They found the head of the victim badly torn up, and a wound in his breast, which would indicate that the shot were fired a close range.

The complaint for which the officers were hunting the negro originated with the report that he ran riot in a Red Cross meeting being held in the colored school or church building, known as Lone Star last night, and breaking it up. It is also reported that some white people were present, who had come to counsel with the colored people in the purposes and benefits of the order, but The Sentinel has no verification of this report. In the course of his disturbance Escoc is said to have cursed the Red Cross, the government and everybody in sympathy with it, which is a violation of the law now and the matter was reported to the officers, with complaint and they were endeavoring to

apprehend him when the tragedy occurred.

Carnley was about thirty years old, and has been serving as deputy sheriff some four years, in which capacity he had distinguished himself for good work. He was a candidate for constable of this precinct in the precept campaign. He is survived by a daughter.

The remains of Mr. Carnley were carried to Swift Friday afternoon where they were laid to rest following the funeral service. Relatives and several friends will accompany the remains, and there will doubtless be a big turnout of the people of the community where the gentleman was reared, and an impressive service follow.

It can be said to the credit of this man that he died in the service of his country just as would the soldier, for he was chasing an enemy of the country when he lost his life.

CARNLEY'S FUNERAL DREW LARGE CROWD

It is reported that the funeral services held over the remains of Jackson Carnley at Swift Friday afternoon, the deputy sheriff who lost his life in defense of his country, drew a great multitude of people, and that it was a most impressive service.

Rev. A. T. Gerrard conducted the religious services, and the Woodmen of the World, of which he was a social member, assisted in laying the remains to rest.

RED CROSS NEWS

The report from the gauze rooms for the week ending May 18, was the making of 255 dozen gauze wipes.

There is an urgent call for more workers, and yet more workers after that. Think of Capt. O'Connor's lurid descriptions of the horrors of war—the battle's aftermath with hundreds of wounded men under the charge of one doctor. And though it is now better regulated, the conditions have at times been so dreadful that no bandages were available, so that the raw wounds had to be dressed with newspapers! Should such a thing again become necessary, we could never live down the shame of it, nor face our boys when they come back.

The chairmen are aware that a number of ladies who find it impossible for one reason or another to come to the rooms and work, are helping in other ways. Nevertheless, there are many, many more who seem so far not to have heard the call for help. Can we not, as we've done in every other cause, do this thing right? We put over, gloriously, the Liberty Loan, Thrift Stamps, and the Red Cross drive. Now, let us, every week, put our work and workers average over the top, in the Nacogdoches Way!

FIELDS NAMED FOR DEAD AVIATORS

(By Associated Press)
FORT WORTH, May 21.—Flying fields are to be named in honor of two aviators who were killed here last winter, according to dispatches from Washington. One is Payne Field at West Point, Miss., to be named for Dewitt K. Payne, who fell to his death February 1. The other is March Field, Riverside, Cal., named for Second Lieutenant Peyton C. March, Jr., son of the chief of staff of the American army, who was killed February 22. The new fields will make a total of 29 in the United States.

MRS. HORTENSE WARD COMING SATURDAY

The presence of every woman in the county is most earnestly desired at the District Court room Friday afternoon at two o'clock to help in the organization of an Equal Suffrage League for Nacogdoches county.

Mrs. Hortense Ward of Houston will be present to address the women and direct the organization of the league.

Nacogdoches is particularly fortunate in securing Mrs. Ward's help in this undertaking since she has had long and varied experience in suffrage work and can render much valuable aid in instructing the women in their new duties. Mrs. Ward was instrumental in securing equal property rights for women. Remember that this organization is not for the town but for the whole county and it is most important that representatives attend from every community.

The object of the organization will be to unite in order to get the best efforts of the women of the county toward upholding the principles of clean and safe government.

GREATLY APPRECIATE NACOGDOCHES OFFERING

Some time ago Mrs. Geo. H. Matthews took the initiative in preparing a contribution for the American fund for French wounded, to which she and her neighbors contributed five kits, or complete suits for women. In answer she is in receipt of the following letter from the headquarters of the enterprise:

Your very generous donation of five Martha Washington bags has been received, and we wish to send you our most sincere appreciation, not only for the articles themselves which are very nice indeed, and beautifully made, but also for the interest and effort they represent. Let us assure you that these bags will go far towards relieving the terrible suffering of the refugees; five poor, French women, homeless and without the necessities of life, will be made happier and more comfortable by your generosity. It is with great pleasure, therefore, we will ship these bags to do the good for which they are intended. With renewed thanks for the interest and co-operation," etc.

Mrs. Matthews requests The Sentinel to make public acknowledgment of her appreciation to the good ladies who assisted her in the enterprise, and announce that she hopes to have further co-operation in a greater work along this line when the Red Cross drive is over. These contributions go directly to French women who are destitute of clothing and all things that sustain life, and no more noble cause could engage the attention and service of those who can assist.

TWO ARE KILLED WHEN TRAIN WRECKS

(By Associated Press)
TEXAS KANA, May 21.—One soldier is missing, eighteen injured, Engineer McAllister killed, and several trainmen badly injured when the northbound St. Louis Southwestern train was derailed by a broken angle bar near Garland City, Arkansas, today.

Appleby Camp No. 1219, Woodmen of the World, will have a call meeting Saturday night to attend to such business as might come up at regular meeting. We urge that every member be present. G. W. Faulkner, C. C. A. B. Stoddard, Clerk.

The Sentinel

BALTON & GIBBS, Publishers

TELEPHONE 94

In an election held Wednesday Angelina county voted to build a county hospital and eradicate the ticks. This forward step should certainly prove a boon to the health of the county, for both man and beast, and we congratulate our neighbors.

Whatever Nacogdoches decides to do with the slayer of Officer Carnley will be right.—Lufkin News.

From the present temper of many, it would not take half as long to decide what to do with him as it is taking to catch him.

No human voice nor human pen can do justice to the Red Cross. The only pen equal to the task is the pen of the Recording Angel, who is working overtime to keep up with its blessed activities.—N. Picard.

The fires of patriotism of early days are still burning brightly down at Nacogdoches. Besides sending her young men away to war, the older ones formed a home guard. Now, the ladies have organized a company of one hundred strong and are drilling from six to seven o'clock each evening. The spirits of old Sam Houston, Rusk and other pioneers still go marching on.—Wills Point Chronicle.

Nacogdoches is doing very well with the Red Cross work—but just look who went up there and spoke to 'em about it.—Lufkin News.

And this same individual is a native son of the community, being born in the very shadow of the old Stone Fort and reared in the community. It was natural that he would feel an interest in the place of his nativity—and he has been helping save the home of his adoption, so we have nothing to "fuss" about in this incident.

Soon we expect over a million American boys in France. Has any one ever stopped to think what a million means? The American colonies at the beginning of the Revolutionary War had only three million people big, little, old and young. But let us look at it from another standpoint. Can the imagination measure the profound solicitude felt daily, hourly, for these boys? Can any master of language describe the love bestowed upon these boys? And the prayers of which they are the constant subjects, the hopes that tremble between life and death? They are the best blood of America—tested out physically, mentally and morally. For their services, for their lives, the mothers and fathers and all patriots left behind will exact more than lip help. Those who are merely investing in war measures their profits in business, and some of them not half their profits, will go down after this war as unworthy of true Americans, and will be known as Hessians.—Col. Milner in Rusk County News.

The only thing that has ever retarded the moral and political progress of this country has been ignorance. The ignorant man in America has been the dupe and victim of every scheme, either foreign or local, that has ever been invented to impose on a human being. In trade, in politics, in religion, in war, and peace, he, the ignorant American, gets run over, knocked down, sand-bagged, and left on the roadside, with empty pockets and a bewildered mind. The

trouble with the ignorant man is the fact that he cannot distinguish between the real thing and the counterfeit. He will often exchange the earnings of a year for a "chance" in something that he knows nothing about. He will renounce the religion of Spurgeon or Wesley for a jabber in an unknown tongue. He will discard the constitution of his country, turn from the principles of the Declaration of Independence, trample upon the best traditions of his people, and follow a smart German spy without knowing it. He will repeat the most far-fetched, the most unreasonable lies that were ever invented, believe them and often get mad at the person that seeks to correct him.—Col. Milner in Rusk County News.

WIN THE WAR CONVENTION

Hon. Beeman Strong, Rev. M. C. Johnson and Miss Leah Zeve are back from Houston, where they had been to attend a win the war convention which had been called by Mr. Louis Lipsitz the efficient State Director of the War Savings work of the United States government for Texas. Several representatives of the Treasury Department at Washington were present to present the essential importance of this great work, and about two hundred delegates representing the organizations of the South Texas counties were present, as was also many of the bankers who had been attending the convention of Texas bankers at Galveston.

From the earnestness of these leading financial men we feel sure that the War Savings Work is very necessary to the government and extremely helpful to the citizens who go the limit in investing in War Savings securities. It seemed to be the opinion of all that the time had come when every man and institution in the country must show his colors, and do his best to help win the war or give a mighty good reason. The financial slacker is the worst enemy of the country, and will be brought to the light of day so that all his neighbors may know where he stands. The men and women who are doing their part will be enrolled on the scroll of honor and will be cherished as true soldiers because they help Uncle Sam maintain the army that is saving the world for democracy. All true citizens of Nacogdoches county will invest to the extent of their ability without question, and all who refuse will be known and remembered as slackers.

HOSPITALS CONSOLIDATE UNDER ONE MANAGEMENT

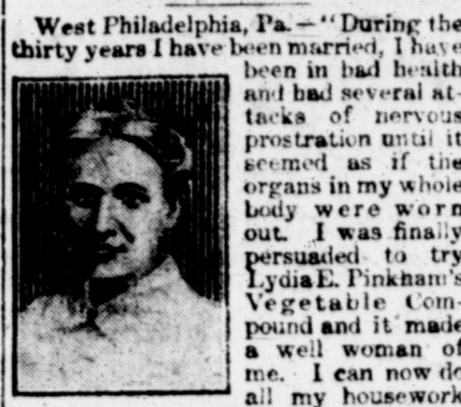

Dr. W. I. M. Smith, owner of the Smith Hospital, has purchased an interest in the Tucker Memorial Hospital, and the two institutions have been consolidated under one common management, with Drs. Smith and Tucker in charge.

By this arrangement these progressive physicians hope to improve and build up the one institution to meet the demands of the times, present and future, and give to their patrons the very best service that equipment and skill in their line can provide.

The hospitals of Nacogdoches have helped put the old town on the map. With the superior medical and surgical service they have furnished in the past, their fame has spread until patients were brought here from many miles away, and at times both institutions could not accommodate the rush as they would like, having to engage rooms in private homes. The opportunity is golden for them to build up a great

NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, headache, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

hospital and continue to grow in importance and usefulness. There is no large, well appointed hospital in East Texas. Nacogdoches, with its central location and easy access to all parts of a great section of country not provided in this line, would be the logical place for an institution of this kind, and with the reputation those engaged in hospital service have made in the past, the patronage would be forthcoming to sustain it.

THE DROUTH RELIEF AID GIVEN TO COUNTIES

AUSTIN, May 17.—Two hundred and seventy-four thousand dollars has been given to counties seeking aid under the \$2,000,000 drouth relief. This amount was apportioned among 22 counties. While this amount may be increased officials believe that as a result of the recent rains in the drouth section, but few more counties will want aid. However, it is pointed out that the rains may encourage farmers to plant large crops and much additional aid may be sought on that account.

OPENS HEADQUARTERS

Senator V. A. Collins of Beaumont and Mr. F. H. Jaspur of Dallas are in the city arranging to open headquarters for the northern end of the district in Mr. Collins' campaign for congress here.

Mr. Jaspur will be in charge of the Nacogdoches office and will look after Mr. Collins' interests in this end of the district from this place.

Mr. Collins says that he will place his formal announcement in the newspapers within the next few days, and will follow up with a vigorous campaign to the close.

COMMISSIONERS' COURT.

The Commissioners' court adjourned its regular quarterly session yesterday afternoon, and the commissioners returned to their respective homes.

The session was given over practically altogether to routine matters in the way of examining reports, allowing accounts, and examining the tax rolls of the tax assessor.

The resignation of R. B. Walthall as justice of the peace of the Garrison precinct was continued, by reason of the court having on file no application and bond for his successor. If it is not withdrawn, it can be heard at the monthly meeting a month hence.

Judge S. W. Blount has returned from a visit to Center.

MUST GET LICENSE TO SELL EXPLOSIVES

The Fourth Called Session of the 35th legislature enacted a law, which makes it incumbent upon every state, county and municipal peace officer in Texas to enforce the Federal Explosives act, which went into effect last November, and to co-operate with and report to Chas. B. Watters, United States Explosives Inspector, San Antonio, Texas, on all explosions, and violations of the Federal Explosives Act; and the willful failure or refusal of any such officer to discharge and perform the duties imposed by this Act shall constitute a misdemeanor involving official misconduct, and on conviction he shall be punished by a fine of not more than one thousand dollars and removal from office. This law was introduced and passed at the suggestion of the Texas State Council of Defense.

The Federal Explosives Act prohibits the manufacture, sale, purchase and possession of all explosives and their ingredients, in time of war, without a license. In other words, the dealer must have a license, and the purchaser must have a license. The dealer must keep an itemized record showing the name and address of purchaser, his license number, kind and quantity of explosive purchased, and purpose for which it is to be used. This also compels practically every drug store in the United States to have a license permitting them to have in possession and sell explosive ingredients, in quantities of an ounce or more, and the dealer must keep the same record as the party who sells dynamite. These ingredients are: bichromates, chlorates, chromates, nitrates, nitric acid, perchlorates, perborates, permanganates, peroxides and phosphorus, in their various forms.

To Be Rigidly Enforced.

According to Chas. B. Watters, United States Explosives Inspector for Texas, this law will be rigidly enforced in the future; it having been in effect since November 15, 1917, and every dealer has had time to familiarize himself with the law and all its details, and no excuses will be accepted in the future. Violation of this act carries a penalty of \$5000 fine or imprisonment at Fort Leavenworth or both. A careful and systematic check is being made, by the Federal Authorities, of every dealer in Texas who handles explosives or ingredients, regardless of location or size. An inspector or some deputy may drop in any day, and dealers should not allow themselves to be caught unprepared.

W. T. Orton, county clerk, is United States Explosives Licensing Officer for Nacogdoches county, and such dealers as have not already procured their license should take immediate steps to do so.

This is considered one of the most important war measures enacted by our congress, and our dealers can not be too careful in making sales of explosives or their ingredients.

Any violations of this law, or any explosions, should be reported to Chas. B. Watters, United States Explosives Inspector, San Antonio, Texas.

COUNTY TRUSTEES.

The Commissioners' court has canvassed the vote and find that Messrs. W. B. McKnight of Nacogdoches precinct, J. A. Anderson of Douglas, and Geo. F. Fuller of Martinsville were elected county school trustees.

Miss Estelle Wood of Diboll is visiting her friend, Miss Bernice McLain, in the city.

TRIBUTE TO MEMORY OF A CUSHING LADY

Mrs. Samantha C. Baxter was born March 20, 1875, in Nacogdoches county, Texas, and departed this life April 21, 1918. Aged 43 years and 1 month.

She was married to Mr. R. H. Baxter December 17, 1892, and to this union was born 7 children, 4 boys and 3 girls. One of the former died in infancy.

Mrs. Baxter professed religion in the summer of 1896 under the ministry of Rev. Joseph M. Coke and on October 26th, of the same year, she united with the Cumberland Presbyterian church at Friendship, and remained a faithful member of the same until the union of the Cumberland with the Presbyterian U. S. A., when she became a member of the latter church, in which she remained a faithful, active, loyal member until her death.

the homefolks, for the betterment of community, and for the advancement of the church.

Funeral services were conducted by her former and present pastors at Friendship cemetery April 22, 1918.

The church and community has lost a good and useful member her husband a true wife and companion and her children a loving devoted mother.

Mere words are inadequate to express our sympathy in such a bereavement; we can only point them to Jesus who can and does understand and who cares for us in our bereavements, for He wept at the grave of his friend.

By her pastor,
JOSEPH A. SHURTLEFF.

The writer had been her pastor for the past 2 years and will be rigidly enforced in the future; it having been in effect since November 15, 1917, and every dealer has had time to familiarize himself with the law and all its details, and no excuses will be accepted in the future. Violation of this act carries a penalty of \$5000 fine or imprisonment at Fort Leavenworth or both. A careful and systematic check is being made, by the Federal Authorities, of every dealer in Texas who handles explosives or ingredients, regardless of location or size. An inspector or some deputy may drop in any day, and dealers should not allow themselves to be caught unprepared.

Uncle Cal Fall, who still calls Nacogdoches his home, but who has been operating a rooming house in Houston lately, arrived last night for a little visit to friends in the city. His friends over the county will be pleased to learn that he is enjoying good health and doing very nicely with his enterprise in Houston, but he has remained away from Nacogdoches about as long as he and his friends here like it, and he may sell out and return home before long. He says that the Vondorsmith family and Byron Campbell, also recently from this city, are doing nicely. Mr. Vondorsmith has a position with the shipyards in which he draws a salary of \$6.00 per day, Eugene Vondorsmith is holding a position in the express office, and Byron Campbell is operating a rooming house.

ALECK ESCOE WAS KILLED BY D. BROWN

Tragedy Comes as Sequel to the Killing of Jackson Carnley a Few Days Ago.

From Saturday's Daily
News reached town late yesterday afternoon to the effect that D. Brown, a well known young man of the Martinsville country, had killed Aleck Escoe, a brother of Orange Escoe, who murdered Deputy Sheriff Jackson Carnley Thursday morning.

There are so many rumors and reports current that it is hard to get a statement for publication that could be vouched for, but from the best that it can be sifted it seems that some men were inside of the negro's house putting his wife through the "third degree" in an effort to make her tell what she knew about it when Escoe came running in with a stick of some kind in his hand. Brown told him to stop, which he failed, and by his actions refused to do, when he (Brown) shot him, killing him instantly.

Mr. Brown came to town and has been here today, and up until the time this report was prepared had not been placed under arrest or detained by any officer. He was mustered in with the new cavalry company yesterday afternoon, after which he went out to the scene and the trouble occurred about 6:00 o'clock.

The negro, Orange Escoe, who killed Carnley, is still at large, and it would seem that he has made his escape out of the country. The officers, while still searching and on the alert, believe that he has left the section, having traced him about eight miles in his flight. The officers, however, are firm in the belief that they will ultimately catch him and bring him to justice.

LATER—County Attorney King and the sheriff went out and investigated the matter this morning, and the county attorney has filed a complaint of murder against Brown and placed it in the hands of the sheriff who will place him under bond for a preliminary trial at some future date. From the county attorney we also get the information that the woman says she was not hurt in the exercises save for the fright, and that the stick borne by the negro who was killed was his walking stick.

SURGEONS agree that in cases of cuts, burns, bruises and wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For man or beast, BOROZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Stripling, Haselwood & Co. eodw

THE SR. B. Y. P. U. WILL GO TO HARMONY

The Sentinel is requested to announce that the Senior B. Y. P. U. of the Baptist church of this city will go to Harmony Sunday afternoon and at 3:30 o'clock will render a model B. Y. P. U. program, at the conclusion of which Miss Irene Clevenger will organize a B. Y. P. U. in that community.

Sallow complexion is due to a torpid liver. HERBINE purifies and strengthens the liver and bowels and restores the rosy bloom of health to the cheek. Price 60c. Sold by Stripling, Haselwood & Co. eodw

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

HON. BEEMAN STRONG AT ALTO LAST NIGHT

Monday's Daily
Hon. Beeman Strong of this city addressed the people of Alto last night in the interest of the Red Cross—and of course he made a great address, for with his ability as a speaker and this great subject he could not fail. The people of the neighborhood came together in a union meeting at the Methodist church for this service, and there was a good crowd present, who listened attentively and earnestly throughout the exercises.

In the course of his address Mr. Strong reviewed the horrors of the great war, America's mission in the matter, and the great work the Red Cross was doing for the relief of the boys over there, and suffering humanity wherever suffering was found. He plead earnestly with the people to do their duty in this and all other enterprises of the war to the end that success might be achieved at the earliest possible moment, and with equal earnestness he depicted the conditions that would confront us if we should fail in our endeavor. The people were deeply moved with his earnestness and eloquence, and while the good town is already "over the top" we imagine that there will be a substantial increase in the subscription as a result of this address. Mr. Strong was introduced by Hon. W. M. Imboden who, in a few well chosen words, paid tribute to the sterling worth of the speaker as he knew him from the time he was first admitted to the bar to the present day.

Messrs. N. D. Naman, R. C. Monk, Editor W. S. Davis of the Herald, and the editor of The Sentinel accompanied Mr. Strong on the trip, making the trip through the country in Mr. Naman's car, and returning home after the speaking.

Barbed wire cuts, ragged wounds, collar and harness galls heal up quickly when BAL-LARD'S SNOW LINIMENT is applied. It is both healing and antiseptic. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co. eodw

PEACE THIS YEAR SAYS CHANCELLOR

AMSTERDAM, May 18.—German Chancellor Hertling in an interview said he was still optimistic enough to believe that "we shall have peace this year. I cherish firm confidence that further events in the west will bring us nearer the speedy end of the war."

TRIAL PASTOR STOKES WAS BEGUN TODAY

(By Associated Press)
KANSAS CITY, May 20.—The trial of Rose Pastor Stokes, a wealthy New York Socialist, charged with violating the espionage act was begun today.

AMERICAN MAJOR KILLED IN BATTLE

(By Associated Press)
WITH THE AMERICAN ARMY IN FRANCE, May 19.—Major Raoul Lufberrey Wallingford of Connecticut, has been killed in an aerial battle. He will be buried tomorrow with full military honors.

The German machine which brought Lufberrey down was armed with two machine guns and apparently escaped.

GREAT UNION SERVICE HELD HERE YESTERDAY

Monday's Daily
The people of Nacogdoches came together in a great union service yesterday, in which all lines were thrown to the winds and all worshipped together with one common purpose.

And we all feel better for it. Rev. M. C. Johnson of the Main Street Presbyterian church presided as master of ceremonies; Rev. J. N. Cunningham of the First Presbyterian church offered a fervent prayer; Rev. T. F. Weaver of the Christian read appropriate passages of scripture; a choir made up from the different choirs of the city furnished inspiring music, and Rev. C. D. Atwell of the Episcopal church delivered a great sermon, in the course of which he reviewed the great war and its different enterprises, the new conditions that are confronting us, present and future, and at some length told of the good work the Red Cross, that angel of mercy which reaches out to the very trenches where men are suffering and dying, is doing.

He urged the people at home to do everything in their power in co-operation with the government and the various agencies and enterprises which are promoted in the interest of success and the care of our boys across the waters. Indeed, it was in all things a masterly patriotic address teeming with spiritual fervor and no one who listened to it could not come away without feeling a great benefit for having been present.

RED CROSS DRIVE IS INAUGURATED TODAY

(By Associated Press)
AUSTIN, May 20.—Throughout Texas today a campaign was inaugurated to raise Texas' quota in the \$100,000,000 Red Cross drive. Organization in various localities was completed several days ago. Reports recently received at the capitol indicate that all mayors have complied with the request of Governor Hobby and have issued proclamations designating Red Cross week.

ENSIGN STONE SAFE IN LONDON

WASHINGTON, May 18.—Ensign E. A. Stone, of Norfolk, given up for drowned in the English channel last month, has safely arrived in London. With a companion Stone clung eighty hours without food or drink, to the underside of the seaplane before he was saved. His machine had gone wrong and plunged into the sea.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, it acts internally and acts through the blood on the mucous surfaces of the system. One hundred Dollars reward is offered for any case that Hall's Catarrh Medicine does not cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Stripling, Haselwood & Co. eodw

COURT SUSTAINS COMMISSION ORDERS

(By Associated Press)
WASHINGTON, May 20.—Federal court decrees sustaining interstate commerce commission orders readjusting the freight rates between Shreveport, La., and Texas points, and enjoining the Texas railroad commission from interfering with the fixing of intrastate rates in compliance with the order were today in effect sustained by the Supreme Court, which dismissed the appeal.

AMERICAN SHIP SUNK IN FOREIGN WATERS

(By Associated Press)
WASHINGTON, May 20.—The American cargo steamer J. G. McCullough has been sunk in foreign waters. All hands except engineer Dougherty were saved.

AMERICANS BAG 2 ENEMY MACHINES

(By Associated Press)
WITH THE AMERICAN ARMY IN FRANCE, May 19.—American aviators have brought down two hostile airplanes, says an American statement issued today.

AMERICANS GET AN ENEMY PLANE

(By Associated Press)
PARIS, May 19.—A statement issued here says that American gunners have brought down a German airplane.

TORNADO KILLS 12 AND INJURES 25

(By Associated Press)
OMAHA, Neb., May 20.—A tornado at Bloomfield, Nebraska Saturday night killed twelve and injured twenty-five persons.

WILSON SIGNS THE OVERMAN BILL

(By Associated Press)
WASHINGTON, May 20.—President Wilson today signed the Overman bill giving the president the powers to co-ordinate the government departments.

BRITISH AVIATORS IN GREAT SUCCESS

(By Associated Press)
LONDON, May 20.—In aerial fighting Saturday, twenty German planes were destroyed, two disabled by British aviators. The bombing of railway stations, airdomes, munition dumps as well as the submarine base at Zeebrugge, continued.

AMERICANS THIRD IN RANK ON FRONT

(By Associated Press)
WASHINGTON, May 18.—The Americans have become such a military factor that they now rank third in mileage on the western front, made known at a war councils meeting. The French hold the most, the British second, the Americans third and the Belgians next.

MEXICANS KILL AN AMERICAN

(By Associated Press)
McALLEN, Texas, May 20.—Sergeant Herbert Ulrice of Kaw-Kawlin, Michigan, was killed by a shot from across the line near Hidalgo today. Four Mexicans were killed in return fire.

ALL STUDENTS ARE ELIGIBLE

WASHINGTON, May 17.—Secretary Baker announced today that all successful students of the fourth officers training camps are eligible for commissions, instead of only fifty per cent as heretofore.

FRENCH, ITALIANS ADVANCE 12 MILES

(By Associated Press)
PARIS, May 20.—French and Italian troops have made an advance of twelve and a half miles on the Western and Macedonian front it was officially announced today.

37 WERE KILLED IN LONDON AIR RAID

(By Associated Press)
LONDON, May 20.—Thirty seven were killed, and a hundred and fifty-five injured in the London area during last night's air raid.

ALLIES AWAITING GERMANS TO FIGHT

(By Associated Press)
LONDON, May 29.—In the official statement issued today it is stated that from Ypres to Rheims the allied armies are waiting confidently the resumption by the Germans of the offensive begun two months ago. Good weather prevails. The report says that the lack of fighting spirit among the crack German divisions is holding back the fighting.

TREMORS RECORDED IN SAINT LOUIS

(By Associated Press)
ST. LOUIS, May 20.—Earthquake tremors continuing five minutes were recorded at ten thirty-five today by the seismograph at the St. Louis University. The location was approximately four thousand miles south, probably in Peru.

UNITED SHOE CO. WON ITS CASE

(By Associated Press)
WASHINGTON, May 20.—The United Shoe Machinery Co. today won its case in the Supreme Court against the government's anti-trust action. The court not only approved the legal organization of the company, but also the much contested "Tying Leases."

From Weak and Lame To Well and Strong

Try them. Foley Kidney Pills will do for other men and women—quickly—what they have done for Mrs. Straygne.
"Last year, I got almost down with my back," writes Mrs. H. T. Straygne of Gainesville, Ga., R. No. 3. "I suffered from inflammation of the bladder, and whenever I stopped doctoring grew worse. I tried Foley Kidney Pills, and after taking them awhile my bladder action became regular and the stinging sensation disappeared. I am now stronger in my back than I've been for several years, and since getting well, I've stayed well and had no return of the trouble."
Start in now to use Foley Kidney Pills. You will feel an improvement from the very first doses, showing how quickly they act on kidneys and bladder. They stop irregular urinary action, ease pain in back and sides, limber up stiff joints and acting muscles. They put the kidneys and bladder in sound, healthy condition. Try them.
Stripling, Haselwood & Co.

SINN FEIN ARRESTS IN IRELAND

(By Associated Press)
LONDON, May 18.—Professor Edward Devalera, president of Sinn Fein, Arthur Griffith, founder of Sinn Fein, Countess Markievitz, Dr. Dillon and William Corgrave, Sinn Fein M. P. for Kilkenny, have been arrested, according to an Exchange dispatch from Dublin to the Times.
The dispatch says that Dr. Hayes and Barrell Figgis also have been arrested. The arrests were made as a discovery of German plots in Dublin. The proclamation says that British subjects residents in Ireland entered into treasonable communication with the enemy, which calls for drastic measures.

TURKS RESUME ANOTHER OFFENSIVE

(By Associated Press)
LONDON, May 20.—The Turks have resumed an offensive all along the Caucasian front and have occupied Van, says a Tiflis dispatch dated May 12th. Another Armenian massacre has begun.

PRAGUE IS NOW IN A STATE OF SIEGE

(By Associated Press)
LONDON, May 20.—A state of siege has been proclaimed at Prague, the Bohemian capital. Exchange Telegraph dispatches say these counter measures were taken as a result of anti-German demonstration, in which crowds paraded the streets shouting long live Wilson, Clemenceau, and Lloyd George.

MUST REGISTER JUNE THE FIFTH

(By Associated Press)
WASHINGTON, May 18.—June the fifth has been fixed as the date for the registration of the youth of the country who have attained twenty-one since registration last year.

FIX PRICES OF 1918 WOOL

(By Associated Press)
WASHINGTON, May 20.—The War Industries board has fixed the prices of 1918 wool clip at prices established June 30th, 1917, at the Atlantic seaboard markets on a scoured basis.

ENTENTE TO HELP IN THE FAR EAST

PARIS, May 17.—The Allies have informed Japan and China that they have arranged for Entente military co-operation to meet the dangers threatening peace of the Far East from German penetration.

A NACOGDOCHES BOY MARRIES IN BALTIMORE

Announcement has been made of the marriage of Miss Ada E. Shultz, only daughter of Mr. and Mrs. J. E. Shultz of No. 22 Pleasant street, to First Sergeant John E. Baugh. The ceremony was performed in the parsonage of the Third Reformed Church, Baltimore, by the pastor, Rev. J. R. Bergery, at noon on Thursday, May 2nd. Following the ceremony the young couple left on a honeymoon trip to Atlantic City.

The bride is reported to be a musician of good accomplishment, having studied in some of the best colleges and been connected with some of the best orchestras and musical organizations of her city.

The bride-groom went out from one of the good families of this county and now belongs to Co. D, 314th Infantry Regiment, stationed at Camp Meade, Admiral M. D. For the present his bride will continue to reside at her former home.

The many friends in this county of this worthy young man will join in good wishes for his future happiness and prosperity.

FOR DISTRICT CLERK.

Since women are being called upon to take their place along with men in this struggle for justice and right, and since to help win in this struggle, we give more and do more than ever before, I am convinced that to make a useful and helpful citizen I must work harder and longer and make more than ever before. An opportunity to work is what I ask, and that at the hands of the people.

I believe, after investigation, that I can fill the office of District Clerk and hereby ask the help and support of my friends to get this office. I promise all that lies within my power to fill every need and requirement of this office and at the same time to fill my place in your midst as a useful citizen.

Yours most sincerely,
JENNIE HARRIS.

BIG SURPRISE TO MANY IN NACOGDOCHES

People are surprised at the INSTANT action of simple-buckthorn bark, glycerine, etc., as mixed in Adler-ika. ONE SPOONFUL flushes the ENTIRE bowel tract so completely it relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. THE INSTANT, pleasant action of Adler-ika surprises both doctors and patients. It removes foul matter which poisoned your stomach for months. Stripling, Haselwood & Co.

S. M. KING WILL SPEAK AT CUSHING

The Sentinel is requested to announce that Judge Steve M. King will speak at Cushing at 2:30 Saturday afternoon, to which the general public is cordially invited.

WANTED TO BUY—from one to a hundred cars 4 feet Oak Wood. Also hard wood slabs. State best price. Ed. Sacks, Houston, Texas. 23-4wp

Any person who would make the statement that the war is bringing hard times to this country is either very ignorant of conditions, or is afflicted with a grouch that is dangerous propaganda. Before the war cotton was selling at twelve and fifteen cents a pound, with meats around the same price, and corn was considered a big price at one dollar a bushel. All these commodities now bring more than double the price, and there is more money in circulation than at any time in the history of the world. Doctor your grouch with another contribution to the Red Cross and the purchase of some more war savings stamps.

Messrs. J. D. Garrison, J. S. Watson, and Editor Walthall of Garrison were visitors to the city yesterday, and while here Mr. Garrison called at the office and had his name enrolled on the subscription list of the Daily Sentinel to take the place of another afternoon paper he has been reading.

FOR SALE—Forty bushels white ear corn at \$2.00 per bushel, and one ton of peanut hay for \$30 per ton, at crib three miles north of Appleby. R. E. Marshall, Garrison, R. F. D. No. 2.

Mr. and Mrs. Luke Motley of Tenaha were visitors to the city yesterday afternoon. Mr. Motley is cashier of the bank at Tenaha, and is a progressive citizen of his town who takes the lead in all matters of progress.

WATCH AND WAIT FOR G. WARD SHELFER

to have your eyes examined and glasses fitted. He will be with us again in a few days. All glasses ground in Dallas at 1443 Main St., and a record kept of every pair that you may have them duplicated at any time in case you lose or break them, simply order more yourself and you will get prompt, accurate service at the right price. Remember please, Dr. Shelfer makes no trips out in the country, so beware of peddlers as many are being deceived and swindled. Phone us for next date and appointment.
 J. W. KENNEDY, Druggist, Phone 20 Nacogdoches, Texas. 1td-2w.

ALWAYS IN THE MARKET.

We want your left over Planting Cotton Seed and peanuts. Bring them to us and get the money. No amount too small or too large. 3td-3w
NACOGDOCHES OIL MILL.

County Judge J. F. Perritte went to the Tucker-Smith Memorial Hospital yesterday afternoon where he will undergo another operation Thursday, and his friends over the county will join in the hope that it may prove successful and that he may soon be restored to health.

WHY THAT LAME BACK.

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Nacogdoches resident's example.

Mrs. J. S. Murphey, E. Hospital St., says: "My back ached and there were pains across my hips. For a long time I was troubled and as Doan's Kidney Pills had given such good results in the family, I finally used them. They gave me great benefit and I heartily recommend them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Murphey had. Foster-Milburn Co., Mfrs., Buffalo.

COLORED FOOD ADMINISTRATOR.

The Sentinel is informed that J. H. Rowe, a well known colored school teacher of the county, has been appointed deputy food administrator to work among the colored people in the matter in Nacogdoches county. He received his appointment direct from Mr. Peden, state administrator.

Mr. A. E. Carter of Caro was a visitor to the city today.

Prof. W. L. Dorsey, headmaster of the Peacock Military Institute of San Antonio, is in the city visiting the homefolks for a few days.

He says that the school did a great work this year, and that the prospects are bright for a still greater work another year.

RURAL CARRIER EXAMINATION.

The United Civil Service Commission has announced that an examination for the county of Nacogdoches, Texas, to be held at Nacogdoches June 8th, 1918, to fill the position of rural carrier routes from other post offices in the above mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from Tom Buchanan at the Nacogdoches post office.

SPEAKING PROGRAM HOBBY CAMPAIGN

The Sentinel is requested to announce that the following speakers will address the people at the places and time indicated next Saturday afternoon.

Nacogdoches, 2:30—Hon. W. M. Imboden of Alto.
 Appleby, 3:00 and Mayotown 6:30—J. C. Harris.
 Martinsville, 8:30—W. M. Imboden.
 Mahl, 3:30—Audley Harris.
 Sacul 2:00 Cushing 4:00 Douglas 8:30—Beeman Strong.
 Chireno 2:30, Melrose 4:30—S. M. Adams.

A special invitation is extended to the ladies to hear these addresses.

TWO MORE STORES FOR MODEL FRONTS

Workmen have begun on the job of tearing out the old front and awnings on the buildings occupied by Slay Brothers and Joe Zeve, down West Main street, preparatory to the installation of modern glass fronts and white brick supports after the manner employed with the Naman building occupied by Goldsberry Brothers on the corner. The buildings will also have the same kind of awnings, and the improvement will certainly be a great one for the civic attractiveness of that part of the city, connecting, as it does, with other modern buildings and completing the row.

One of these buildings, occupied by Slay Brothers, belongs to Mrs. Whitaker and the other to Joe Zeve. Messrs. Will Rulfs and Lit Herrin have the work in charge.

Capt. W. E. Thomason has returned from a business visit to Austin, where he went on business in connection with the completion of the organization of his new company of cavalry. When seen by the newspaper man he said that he never authorized the statement appearing in the Houston Chronicle to the effect that he had resigned as a member of the legislature, and that he had no intention of doing so for the reason that there is a possibility that the war would be over before his services would again be needed as a legislator.
