HUNS HELD EVERYWHERE

(By Associated Press)

PARIS, July 17.—The Germans attacked last night north of St. Agnans, penetrating into Bourdonnere. The battle is continuing today further east. The French held the enemy in the outskirts of the Bouquiery wood and the village of Nesles. The Germans made a powerful attack near Monvoisin, but were driven out by a French counter attack between the Marne and Rheims. The fighting is violent in the Courtou Wood. The Germans attacked in the Virgny region, but their assault broke down. East of Rheims German local attacks were fruitless. The French positions here were maintained intact. The Germans suffered heavy losses in new attack on Beaumont.

AMERICAN GETS BACK AT THE HUNS

An American general at Conde Monday, after being forced to retire sent word to the French command that it was unendurable for the American flag to be pushed back, and announced that he would counter attack. He did and regained the lost ground and took an additional half mile for good measure.

AMERICANS TAKE FIVE HUNDRED PRISONERS

WASHINGTON, July 17.—Pershing's communique today reports that the Americans took five hundred prisoners in a counter attack which drove the Germans back to the Marne, east of Chateau Thierry.

AMERICANS DESTROY 5 HUN PLANES

WITH THE AMERICAN ARMY ON THE MARNE, July 17.—Five German airplanes and one balloon were destroyed by Americans near Dormans today.

GERMAN ATTACKS HELD EVERYWHERE

ON THE FRENCH FRONT, France, July 17.—Forty-eight hours have sufficed to hold German attacks launched Monday. Enemy units were turned back from the direction of Paris, and held in check by fresh troops. The position of the German columns which gained a footing on the south bank of the Marne has become perilous, while east of Rheims German efforts have been foiled. The Germans made little progress west of Rheims, and his hope of effecting a breach have not been realized. The allied armies are everywhere intact.

DUVAL EXECUTED FOR TREASON

(By Associated Press)

PARIS, July 17.—M. Duval, director of the German-Ophile newspaper Bonnet Rouge, was executed early today for a treasonable action.

WILSON'S PRINCIPLES AROUSE NO OPPOSITION

(By Associated Press)

AMSTERDAM, July 16.—Baron Burian, Austro-Hungary Foreign Minister, says that Wilson's four principles in his July 4th speech do not arouse "our opposition." The Allied demand regarding territory, he says, appears insurmountable.

RUSSIA MAY BREAK WITH THE ALLIES

(By Associated Press)

AMSTERDAM, July 17 (wireless)—Premier Lenine is about to break diplomatic relations with England and any other country connected with the landing of armed forces on the Murman coast. Americans were also landed there.

Elias C. Weeks left today for Camp Mabry, at Austin, where he was sent by the local exemption board for the mechanical course, probably radio. Mr. Weeks was sent out for general service some time ago, but could not stand the physical examination. Anxious to do his bit, he enters this branch as a limited service man.

LIEUT. ROOSEVELT HAS BEEN KILLED

(By Associated Press)
LONDON, July 17.—Lieutenant Quentin Roosevelt, the youngest son of the Colonel, was killed July 14, when his plane shot down behind the German lines in Chateau. He was attacked by a German squadron, says the Exchange Telegraph.

Roosevelt recently brought down his first plane. He was 20 years old.

Will Deliver Address Despite the Death of His Son.

SARATOGA SPRINGS, July 17.—Colonel Roosevelt will deliver his address at the Republican State Convention tomorrow, despite the death of his son, he notified the committee today.

Roosevelt's Statement.

OYSTER BAY, July 17.—"Quentin's mother and I are very glad that he got to the front and had the chance to render some service to his country, and to show the stuff there was in him before his fate befell him." This was the statement Theodore Roosevelt made on the death of his son.

DRAFT RESISTERS HAVE BEEN CAUGHT

Nine Carried to Beaumont Last Night by Texas Rangers and Other Officers.

Judge S. W. Blount of this city received a message from his son Mr. Lamar Blount, of San Augustine today announcing that young man named Evans and another named Williams, who are charged with shooting the rangers at White City a few days ago, and seven other draft resisters, were captured by the rangers and other officers in pursuit late yesterday afternoon and carried to Beaumont for safe-keeping.

Similar reports reached the city early this morning, and this late verification will be good news to many people who were greatly interested in the matter.

The early report was to the effect that a man from Lufkin, who was assisting in the search, disarmed himself, took off his coat and approached the boys with a proposition of surrender, to which they consented and all violence was thus saved in the capture.

Later reports from the scene bring the news that it was Hon. C. B. Collins of Lufkin who affected a compromise with the slackers at White City, and accomplished their arrest without bloodshed or further delay. Mr. Collins disarmed himself, and went with relatives to the rendezvous of the boys and urged them to surrender, insuring them that they would be protected against any violence. It was an exhibit of the diplomacy and strategy of a general, and the gentleman is being highly complimented for his good work.

ATTEMPTS DALLAS MOB ARE FUTILE

(By Associated Press)

DALLAS, July 17.—A mob today attempted to batter down the doors of the jail to take Will Jones, a negro who last night assaulted and murdered Mrs. J. E. Wolford, of Dallas county, the mob was kept away by deputy's with shot guns.

The candidates report a great day at Attoyac Tuesday, where there was a graveyard working, followed with dinner at the grounds and a political rally in the afternoon. A large crowd was present, and the whole occasion is reported to have been a most interesting one.

To Save and Feed More Hay is Your Patriotic Duty

Help our government and her allies win the war by saving the hay that is going to waste on your farm.

To feed hay saves grain and grain must be saved.

Help whip the kaiser. Help end the war by saving hay—saving grain.

We must win the war--We must save and feed more hay

On very liberal terms we will sell you a Mower, Rake and Press. On the terms that we are offering a Mower and Rake can more than pay for itself. We are making these special terms so that every farmer can buy a Mower and Rake and save hay.

FIRE DESTROYS MANY PLANES

(By Associated Press)

LONDON, July 17.—The destruction by fire of the new German airbase with twenty-two airplanes near Nivelles is attributed to revolutionists in the army. Ten Belgians and two German soldiers have been arrested.

THIRTY-THREE COLORED BOYS TO THE CAMPS

The local exemption board sent thirty-three colored boys to the training camps at Camp Travis today, thirty-two for Nacogdoches county, and one, Richard Patton for Kaufman county. The boys were put in charge of Henry Ferguson, and their names are as follows:

Joe Menefee, Elbert Simon, Jesse Anders, Sid Chatman, John E. Childress, Columbus Beall, Eddie Weaver, Will Allen, Henry C. Ferguson, Jacob R. Anderson, Jake Ferguson, Oscar Hayter, Mitchell Washington, Tom Garner, Augustus Jenkins, Lawrence O. Davis, Sam Risen, Jas. A. Bride, John H. Crawford, Louis Moore, Willie Parker, Will Crane, John Tignor, Eugene Garrett, Daniel Garner, L. A. Smith, Sam H. Horn, Robert McNair, Eugene Johnson, Jesse Sessions, Gilbert Curl, Henry Carter, for Nacogdoches county, and Richard Patton for Kaufman county.

The next call will come next Monday—when forty-four white men will be sent to Camp Travis.

THE EXEMPTION BOARD MOVES TO NEW QUARTERS

The local exemption board, which has been making its home in Judge Middlebrock's office since its organization, has been moved to room upstairs over the county judge's office in the court house, where it is conveniently and centrally located.

GERMANS BOMB AMERICAN HOSPITAL

(By Associated Press)

PARIS, July 16.—German airmen last night dropped bombs on the American Red Cross hospital at Jouy. Two enlisted men were killed, and nine wounded, including Miss Jane Jeffery, an American Red Cross nurse.

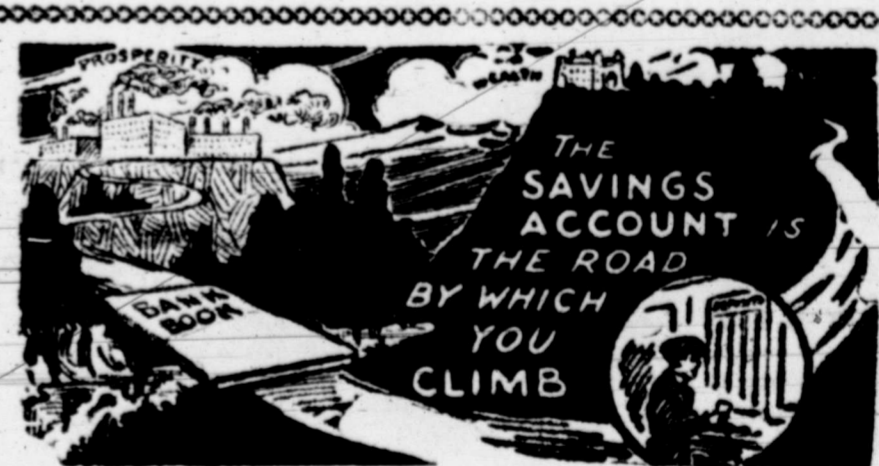

Lonnie Hamilton, who is now stationed at College Station, where he is preparing for service in Uncle Sam's army, came home Sunday on a little furlough. He will return tonight.

Not all the people who come this way now are drummers or prospectors—some of them are candidates for office.

Many towns are organizing cotton-picking clubs in which labor will be furnished with which to help gather the coming crop. It is a good and patriotic move wherever needed, for the most important matter before the people now is to produce and conserve what they have rather than barter so much.

It would be well for the farmers to investigate the new tractors, the Ford people are offering them. With the scarcity of labor that is present and will prevail for some time, every machine that can take its place is profitable. And then, too, the tractor is coming to stay just as has the automobile and the motor trucks.

BOY SCOUT ACTIVITIES

The Boy Scouts are doing much more patriotic work than the average citizen is aware, and of such value to the government as to result in letters of appreciation from the authorities. Their black walnut canvass covers the entire timber belt of the nation. They are sending in on an average of thirty-five reports a day, or listing about 800,000 feet every twenty-four hours, and have so far located approximately 6,000,000 feet for airplane blades and gunstocks. The canvass is going right along in this county, and we ask the help and encouragement of all patriotic citizens.

On the fourth of July the cable announced that a special commission from the Boy Scouts of America delivered to Premier Clemenceau of France a message of deepest sympathy and undivided cooperation for the cause of liberty and to the Boy Scouts of France who have served so nobly during the great war. It is said that the great statesman was brought to tears by their message. This commission also carried assurances to General Pershing their renewed pledge of the "cheerful use of all members and resources of the Boy Scouts of America in backing you to the limit in order that the war may be won." During this meeting it developed that over 100,000 of the older Scouts are now in the army and navy, making the very best of officers and privates.

The local scouts have been doing what they could for the country during the war. Besides the sale of war securities, helping other patriotic organizations, and especially in cheerfully doing special work for the government, the Boy Scout Brass band has traveled over fifteen hundred miles, visiting almost every nook and corner of the county to furnish music for patriotic gatherings. These services have been greatly appreciated, as scores of letters and messages show, but the best reward to the Scouts is the consciousness that they have faithfully "done their bit" for God and country.

FROM JUDGE GORDON.

Beaumont, July 13, 1918.
To the Nacogdoches People:
This is a personal letter to tell you how much I enjoyed my visit with you and how I appreciate your homelike hospitality and generous spirit.
I take this occasion also to pledge my support heart and soul, to your state normal school, and if I become your State Senator, I will leave no stone unturned to establish that institution in the midst of a people who have the reddest land and the reddest blood in this great state.

DONATES BARREL OIL TO THE RED CROSS

Mr. Ed Sewell, general manager of the Chireno Oil & Gas Co., was in the city this morning, and while here called at The Sentinel office and said that he was going to send up the first barrel of oil from his well to be sold at auction for the benefit of the Red Cross.

The event will be advertised in the oil journals, the state papers and other periodicals, through which the matter will be brought to the attention of the oil men over the country and insure that many of them will file bids on it.

Mr. Sewell says it is common for the first barrel of oil from a new field to bring five and six hundred dollars at auction, and that with the purpose for which this is being offered it should bring a very handsome price.

The oil will probably arrive this afternoon and be displayed at some conspicuous place, where it can be seen by those wishing to take a look at it.

The well from which this is taken is down several hundred feet, and is finding a fine quality of oil, but it is the intention of the company to go much deeper before attempting to develop the present showing, believing that there is a great pool somewhere in the vicinity, and giving first attention to the more substantial test. Mr. Sewell says that his company can go 3500 feet with the present rig they have in operation, and that they have perfected arrangements to make whatever test necessary to satisfy them in the particular section where they are engaged.

From Mr. Sewell we also learn that there are now about six different concerns engaged in the work of a deep test in the county, at different places, and that if there is really a deep pool of oil in this section, it should be developed with the present activity. In addition to this there are several companies drilling shallow wells, and altogether there is much activity in the enterprise of oil prospecting in old Nacogdoches county.

When some one suggested that there was better co-operation between the oil companies in the present activity than had prevailed in past efforts, Mr. Sewell explained that this particular field had always been a puzzle to the oil world—why so much shallow oil could be found and nothing could be found with a deep test, and that the present effort was really co-operation between all in which a deep test could be made in the several localities without a burden to any particular one, but with success all having sufficient individual interests to re-imburse them. This is an idea that the average layman would not come into voluntarily, and is the more encouraging for the hope that a thorough test will be made of the entire field with the present effort and that we will soon be in the midst of a great oil field or understand that the pool is further removed.

FRUIT UNOBTAINABLE IN THE GERMAN EMPIRE

(By Associated Press)
AMSTERDAM, July 10.—"Reports of a calamitous state of things reach us from all fruit growing regions of the German Empire," says the Dusseldorf Nachrichten.

The paper states that there is a wild rush on the part of dealers and private persons for the orchards and fruit gardens. Everywhere the fruit crops are being bought up regardless of prices and food regulations.

The authorities seem powerless to cope with a rush of this magnitude. Fruitgrowers with impunity charge fivefold the maximum prices and get them. Cherries, strawberries and other fruit are unobtainable except at extortionate prices.

POSTOFFICE CLERKS GET SALARY RAISE

Beginning with the first of July this year all postoffice clerks received an increase of \$200 per year in salary, which will be very beneficial to them in these days of high cost of living. There has been no increase in the salary of postmasters. To the contrary, announcement was made that there would be no increase for them for the duration of the war.

THE GUM SHOER'S ANSWER

The following answer was made in the Beaumont Enterprise on July 7, after Mr. W. D. Gordon had seen fit to criticize me for going out and seeing the boys. He designated me as the "wild honeysuckle candidate": To the People of the Fourteenth Senatorial District:

On entering the race for state senator, I had hoped to make the race on my own merits and not the demerits of anyone. I have told my friends that I would attend to my own race, win it honestly if I could, and if elected serve the people of this district to the best of my ability.

As a representative of the people I believed, and yet believe, that it is impossible to represent a people fairly unless the representative is thoroughly acquainted with the conditions of the people he seeks to represent.

I have always believed that I was an average member of the "rank and file" of the people who make up the world and support the government. As such an individual I have always had great deal to do with the people who work and have tried to understand their different vocations. And particularly when entering the race I tried to see as many of the people of this district as possible.

Mr. Gordon has seen fit to designate me as a "gum shoer." In reply will say that I regret a controversy as much as any one, but if seeing the people is gum shoeing, then I will take the name as a gum shoer.

In my rounds gum shoeing I will mention a few of the things I have found. I met one man who was supporting my opponent because my opponent is a director in the Vinton Petroleum Oil company. Before I had time to tell the gentleman that would be perfectly all right to support his associate, he told me how large his corporation was and that they had refused \$2,500,000 for it. So I saw I had gotten in the wrong place and went back gum shoeing among the working people of this district.

I was still gum shoeing over in Nacogdoches county and I heard of a letter that my opponent purported to have written me, and he was mailing out copies of the letter that he claims to have written me, over the district.

When I first heard of the copies of the letter being sent out it was on the 28th day of June. I learned it after making a talk on thrift stamp buying. I circled Nacogdoches county, came home and the original had not come. I spent two days at home and still the letter did not come and I have never yet seen the original letter.

When I see the letter, if it ever reaches me, possibly I will know my opponent's intention.

My opponent seems to want to criticize me because I do not take on his judicial reform. I am very sorry that he regrets so much what I said, "wild honeysuckles grew in east Texas," but if I know the minds of this district like I believe I do, my opponent, nor any other director of a \$2,500,000 corporation will have a chance reforming the court procedure of this state.

Now I feel like apologizing to my friends for answering my opponent in the paper, and sincerely hope that my opponent will make his own race and allow me to make mine.

I am enjoying meeting the people of this district. I'm meeting lots of encouragement and fully believe I'll be elected, but I'm not boasting about nor will I boast of it, but will say here, that however much I regret a controversy, that I was born and raised in Newton, San Augustine and Sabine counties, spent something like one year in Brazoria county, and if my opponent desires to drag this campaign where it should never go, he can look up my records, private as well as public and possibly I can quit my gum shoeing long enough to do the same.

I hope we will have no other controversy; newspaper space costs money. I have an indorsement from my home county that I could publish, but I do not feel like buying out the newspapers, and will refrain from doing so if I can.

Again hoping everybody will run their own race, and that they will have as good time as I am having, I am going back home to

spend Saturday night and Sunday with my wife and babies, hold my court Monday and see more people next week.

If my opponent will get out and gum shoe a little, shake hands with some of the boys that drive a nail or "draw the bell cord over old Beck" or "doodle sawdust" he'll meet the biggest-hearted bunch he ever saw, and then I hope he can see some wild honeysuckles himself. Yours truly,

W. R. COUSINS.

TO ALL WAR SAVING SOCIETIES

The Pledge Card drive is over, and though the work of tabulating, listing and checking is still going on, the results in most instances are gratifying. There are some disappointments here and there, it is true, but in general, the necessity for saving and investing in War Savings Stamps has been intensively driven home.

It is now YOUR task and MY task to revitalize our societies; to inspire war savings members to new efforts and to enlist EVERY man, woman and child in the great army of War Savers and investors.

Because we pledged the president on the 28th of June, our work is by no means accomplished. For War Savings Societies, there is still the work of conserving and saving; there is still the work of the redemption of these pledges made so liberally and cheerfully.

The wonderful work already done in Nacogdoches County merely indicates what can be done when we once realize that we are engaged in the greatest constructive movement ever undertaken in a nation-wide way, BACKED BY GOVERNMENT AUTHORITY.

It is therefore suggested to the chairmen of the War Savings Societies that they secure the names of the pledgers from their district school chairmen. That they divide this list among the members of the society, asking each member to make it her duty to inquire regularly and systematically what pledges have been redeemed. To urge those who are inclined to procrastinate, to take up the pledges as quickly as possible; to report results to their secretaries, who will in turn make monthly report to Mrs. Frank Sharp for Nacogdoches, and Miss Zeve for the county at large.

In no other way can we know what Nacogdoches County has done and will do through Nacogdoches County War Savings Societies. No great task for any one person, but if each one does her part, the results will be gratifying.

"It ain't the individual
Nor the army as a whole
But the everlastin' Team Work
Of every bloomin' soul."
That counts.
Leah Zeve, County Chairman,
Women's Committee, War
Savings.

TRACTOR DEMONSTRATION.

The dealers are sending out notice that a demonstration of the Fordson Tractor will be held in Dallas Tuesday and Wednesday, July 16th and 17th. The demonstration will occur on the grounds of the Southern Methodist University, about five miles north of the city, which can be reached easily by automobile or street car.

The company is expecting from 1000 to 1500 farmers to be present.

COLORED MINISTER DIES.

Saturday's Daily
Rev. Sam Latham, pastor of the Sunset Gallilee Baptist church, colored, died at his home in this city last night at 10:10 o'clock, following an illness of some forty-five days duration.

Pastor Latham was an energetic worker for the cause of right living in the ranks of his race, and in his death they suffer the loss of a good man and a wise leader.

Mr. Sam Sitton and family left Sunday for Stamford, Texas, where they go for a few days visit to relatives and friends.

CORRESPONDENCE IN MIDDLEBROOK'S RESIGNATION

Following is the correspondence in Judge V. E. Middlebrook's resignation as a member of the Nacogdoches Exemption Board, which is self-explanatory:

Nacogdoches, Tex., June 19, 1918
V. E. Middlebrook, Nacogdoches.
W. P. Hobby, Governor of Texas, Adjutant General and through him, the Provost Marshal General and his excellency, Woodrow Wilson, President of the United States of America. Resignation.

Esteemed Sirs:
You petitioner has completed, in the next few days, one year's continuous work with the Local Exemption Board for Nacogdoches County, Texas. The fidelity with which this work has been accomplished can only be measured by the work itself; I, therefore, refrain from commenting on the same. I have much desired to continue in the work until it is finished and our armies have achieved glorious victory, and it is with profound regret, I find myself in such conditions as to render it impossible for me to continue the work.

The livelihood of a large family has been dependent upon my efforts, hence no considerable accumulations in property have come my way. It is, therefore, necessary for my earning capacity to begin again that the necessities of life may be provided for my family, four of whom are of school children, may be met. Of my meager holdings in property, I have already sold liberally to meet the current necessary expenses for my home while I have been engaged upon this work. The fact is, I have gone the limit.

It is with unfeigned sorrow I hand you my resignation to take effect immediately, with request that I be relieved not later than July 1st. The Board offices are in my law offices. It would be impossible for me to pursue my profession with the board officing with me. Therefore, it will be necessary for new quarters to be secured for the board and appointment of my successor and arrangements for new quarters should be promptly attended to.

My partners in this work, Mr. Giles M. Haltom, clerk of the Board, and A. A. Nelson, M. D., physician of the Board, are two of the most amiable and competent gentlemen and officials it has ever been my lot to work with and so much have I thought alike in the discharge of the duties imposed upon us, it affords me pleasure to say that during our year's work and the thousands of votes cast on various matters before us there has never been but one dissenting vote in our deliberations. Of my own personal knowledge these two gentlemen are in much the same condition as myself, though not so extremely so.

Sincerely and obediently,
V. E. MIDDLEBROOK.
Austin, Tex., June 29, 1918.
From: Supervisor Selective Service Law in Texas.
To: Judge V. E. Middlebrook, Nacogdoches, Texas.

Subject: Personnel of Local Board for Nacogdoches Co.

1. Your favor of June 19, tendering your resignation as a member of the Local Board for Nacogdoches County has been received. Governor Hobby directs me to advise that your resignation has been accepted and to express the high appreciation felt for the very valuable and patriotic services rendered by you while a member of the board. It is with regret that your resignation is accepted, but we are doing so only because we realize the personal sacrifice that you would have to make in order to continue as a member of the Board. The matter of appointing your successor has been taken under advisement and will be consummated just as soon as possible.

JOHN C. TOWNES, JR.,
Major, Infantry, U. S. O. R. C.,
Nacogdoches, July 2, 1918.
Major John C. Townes, Jr.,
Acceptance, Resignation, V. E. Middlebrook.

Please accept my sincere thanks for the attention and dispatch, in re. my resignation of the 19th ult.

I assure you that the year's work for my country shall ever be treasured by me as one of the most valuable periods in my life's work. My only regret is financial circumstances forced

me to leave off the finishing of the work, with the two splendid characters, and officials, Giles M. Haltom and Dr. A. A. Nelson, who, with me, constituted the Board since the beginning. It has been a great delight and satisfaction to work with them. And such has been my experience in the work with all departments and officers concerned, with rare exception.

Of course, our Board has made some errors, but where such has become known to us, we have been speedy to acknowledge and rectify them. No man has made claim to this board that has not been fully considered, and on the other hand, this board has never let any man's interest, prestige or friendship stand in the way of the government, and I go off of the board with a satisfaction of mind and of heart, that neither my fellow man, nor my country, have just cause for complaint against this board.
V. E. MIDDLEBROOK.

SEND W. D. GORDON TO THE SENATE.

The people of Texas should right now of all periods in the history of the state, put none but its best men on guard in the councils of the state. For Texas is a great part of the nation, and the nation needs best that Texas is capable of in this hour of its great trial.

Judge W. D. Gordon of Beaumont is one of Beaumont's best. Also he is a man with a mission—a definite, well-understood mission. That alone entitles him to distinction among the average of the clan of legislative candidates.

Judge Gordon's mission is reform of the judicial system—the making of court processes simpler, more expeditious, less costly. And it is a mission well worth the while of a man of Judge Gordon's ability and attainments. It is also well worth the while of the public—the ordinary, every-day public—to give Judge Gordon a chance to fulfill his mission. As he clearly shows in his literature and speeches, the civil courts of Texas are today practically closed to the man of moderate means; wholly closed to the man of no means at all.

This is a reform in which every citizen is or should be greatly interested, but more particularly as those popularly referred to as the common people concerned. It is an issue that should prove universally popular.

Judge Gordon makes other definite pledges which show him to be gifted with that civic sense which distinguishes the statesman. He will be a tower of strength to the forces of public righteousness and political decency, and an important factor in any program of constructive legislation.

The people of this senatorial district will earn the gratitude of the people of the entire state by sending Judge W. D. Gordon to the Texas state senate.—Beaumont Journal.

Messrs. O. C. Dotson and D. M. McDuffie of Garrison were visitors to the city yesterday afternoon. Mr. McDuffie has been in failing health for the past year, but his friends over the country will be pleased to learn that he is now on the mend and hopes to soon again enjoy his former good health.

SYRUP TO SAVE THE SUGAR.

Corn syrup or other syrup can be used to sweeten cakes, ices, desserts of all kinds, to make pudding sauces, and for canning and preserving. In canning and preserving fruits, one-third by weight of the original amount of sugar used can be replaced by syrup. Here are some recipes suggested by the United States Food Administration.

SPICE CAKE

With part of the sugar replaced by corn syrup.

1/2 cup fat
1/2 cup sugar
2 eggs
1 cup milk
1 cup syrup
1/2 cup vanilla
1/2 cup ginger
1/2 cup baking powder
1/2 cup salt
1/2 cup cinnamon
1/2 cup cloves
1/2 cup raisins
1/2 cup barley flour
1/2 cup raisins

Cream the fat, sugar and egg yolks. Add the syrup, milk and vanilla and mix well. Add alternately the liquid and the dry ingredients sifted together. Add the flavoring and fold in the well-beaten egg whites. Lastly, add the raisins. Bake for one hour in a moderate oven.

PINEAPPLE SHERBET.

1 cup corn syrup
2 cups boiling water
1 cup grated pineapple
Juice of 1 lemon
White of 1 egg

Combine the ingredients with the exception of the egg white. Cook the mixture and freeze it. Add the egg white just before the freezing is completed.

EGG FLIP.

1 egg
1/2 cup milk
1/2 cup vanilla
Salt

Add the corn syrup to the egg and beat the mixture with an egg beater until it is light. Add the milk and the flavoring. Beat the mixture thoroughly and serve it hot.

"MOTHER FRIES IT IN A PAN."

Remember the little rhyme about the fish in the break? Catching fish is real war work. Eating it instead of meat is patriotism. The United States Food Administration submits these menus to give you some ideas.

Blackberry Pudding

HALIBUT WITH MEXICAN SAUCE
4 slices halibut
2 tablespoons corn flour
2 tablespoons salt
2 tablespoons fat
1 1/2 cups water
1/2 cup Worcestershire sauce

Dredge halibut with flour and salt. Melt fat in baking dish and brown slices of halibut on top of the stove. Pour water and Worcestershire over fish and bake in a moderate oven 35 minutes. Then pour Mexican sauce over fish, bake 5 minutes and serve.

MEXICAN SAUCE
1 cup tomatoes
1/2 cup onion
1/2 cup corn flour
2 teaspoons salt
1/2 cup cold water
1/2 cup green or red pepper

Bring tomatoes and onion to boiling point. Mix flour and salt with cold water and add to tomatoes, stirring constantly. Add pepper and pour over fish.

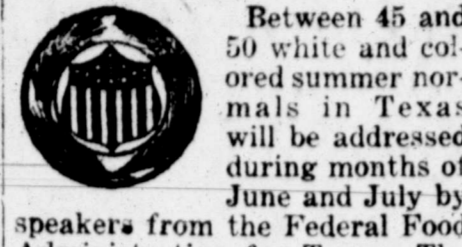

FISH PILAF WITH SPANISH SAUCE
1 cup rice
1 quart boiling water
2 teaspoons salt
1 cup cooked fish
1 cup fine wheatless bread crumbs
1 tablespoon Worcestershire sauce
1/2 cup rice stock
1/2 teaspoon pepper

Cook the rice in boiling salted water until thoroughly done. Drain, reserving the rice stock. Line a greased baking dish with part of the rice. Mix the fish, crumbs, Worcestershire sauce, pepper and rice stock and pack into center of dish. Cover with remainder of rice, packing it down to make a firm mold. Tie a paper over the top. Set in a steamer or on several thicknesses of paper in a pan of boiling water and steam for 30 minutes. Serve with Spanish sauce.

SPANISH SAUCE
2 tablespoons fat
2 tablespoons corn flour
1/2 cup milk
1/2 cup pepper
1 cup stewed tomatoes
1 cup rice stock
1/2 cup onion juice
1/2 cup chopped pimento

Melt fat, add flour, salt and pepper. Remove from fire, add tomato and water, return to fire and bring to the boiling point, stirring constantly, add onion and pimento. Turn most of fish on a platter over sauce around it.

TEACHERS OF TEXAS SUMMER NORMALS TO HEAR FOOD MEN

Between 45 and 50 white and colored summer normals in Texas will be addressed during months of June and July by speakers from the Federal Food Administration for Texas. The preparation of the schedule of speakers is the task of H. L. Mills, associate director of education of the Texas Food Administration. Dr. P. W. Horn, superintendent of the Houston public schools, will address six normals in Northern Texas for the Food Administration, while Administrator Peden will speak before those normals being held the closest to Houston.

While a number of speakers will be recruited from the outside, the following members of Administrator Peden's staff will take days off from their desks to make the food talk before the State teachers: H. Wirt Steele, director of organization; Karl M. Roberts, county Food Administrator for Harris County; Judge Henry J. Dannenbaum and Judge Ireland Graves of the legal and enforcement division; Sam H. Dixon, director of agriculture and live stock; John H. Regan, director of education, and H. L. Mills, associate director of education.

Rev. E. J. Howard, chairman, and W. L. Davis, secretary of the executive board of the colored section of the Federal Food Administration for Texas, will speak before the colored normals.

The white teachers normals are to be held this summer at Abilene, Arlington, Athens, Austin, Beaumont, Belton, Brenham, Brownwood, Brownsville, Canyon, Cipes, College Station, Comanche, Copps, Christ, Crockett, Dallas, Denton, El Paso, Georgetown, Gonzales, Greenville, Hondo, Houston, Huntsville, McKinney, Marshall, Meridian, Paris, San Antonio, San Marcos, Sherman, Stephenville, Teahuacana, Waco, Waxahachie, Weatherford and Woodville.

The colored teachers normals will be held this summer at Austin, Beaumont, Caldwell, Crockett, Fort Worth, Houston, Kaufman, La Grange-McKinney, Marshall, Tyler, Victoria, Waco and Wadwell.

BREAD MAKERS IN REMOTE CONSTRUCTION CAMPS HAVE SPECIAL BAKING PROGRAM.

In certain localities railroad companies and contractors, mining, oil, fishing and logging companies, and contracting firms operate camps to feed their employees. Those using three or more barrels of flour and meal per month in baking operations are subject to license and to the baking regulations. In most cases it is difficult for such camps to make out the baker's weekly report, or to conform to the service rules for public eating places (Rule A-7), as required by the baking regulations. In addition while waste must be prevented, it is the avowed policy of the Food Administration to see that men engaged in hard labor are allowed a sufficient quantity of bread of various forms.

Administrator Peden, through his county administrators in Texas, offers these camps the option of adopting the following flour conservation plan in lieu of the present service plan (Rule A-7) and baker's weekly report system:

1. Wheat flour allowance to be six ounces per day per person. If a camp purchases its Victory Bread, deduct one-half the weight of the bread from the flour allowance, as two ounces of Victory Bread contains one ounce of wheat flour.
2. Supplies of wheat flour to be purchased of 50-50 basis.
3. All bakery products to be made in accordance with the baking regulations where practicable.
4. The observance of one entirely wheatless meal each day will assist in this conservation.
5. Stocks to be limited to thirty days supply except where camps are distant from source of supply.
6. In order that he may check observance of this flour conservation plan, the Food Administrator will require such camps to make and deliver to local or State Administrator as directed, instead of the baker's weekly report, either weekly or monthly report of flour consumption and number of meals served as outlined in Baking 69, Reports.

NO NEW BAKERS TO SECURE LICENSES UNTIL AFTER AUGUST FIRST.

Until the end of the present critical shortage of wheat flour the Food Administration will discourage the opening of new commercial bakeries. Administrator Peden announces that those intending to enter the business of baking bread and rolls are requested not to apply for licenses until after August 1.

Under the wheat distribution rules, bakers of products other than bread and rolls, who were not in business in 1917, are not permitted to purchase or use any wheat flour in the manufacture of such products until after August 1. Such bakers should not apply for license until after that date.

WHAT TO HAVE ON PICNICS

Say "picnic" and the mind leaps to thoughts of bacon, or beef and sardines. It's not necessary, and it's not patriotic to picnic with foods needed by the soldiers. Notice these picnic suppers suggested by the United States Food Administration.

1. Potatoes (baked in bonfire)
Wheatless Bread Butter
Hard Boiled Eggs Tomatoes
Barley Flour Cookies
Ice Cream or Fruit

2. Wheatless Bread Sandwiches of Lettuce and of Jam
Potato Salad
Dates Stuffed with Cream Cheese
Coffee in Thermos Bottle

3. Wheatless Bread and Butter
Jelly Orange Cheese
Marshmallows to Roast

WHEATLESS BREAD.
1 cup liquid
1/2 cup sugar
1/2 cup salt
1/2 cup milk
1/2 cup oil
1/2 cup yeast
1/2 cup raisins

Mix with the liquid the melted fat and egg. Combine the liquid and well-mixed dry ingredients. Bake in a loaf in a moderate oven for one hour or until thoroughly baked. Raisins or dates may be added if desired.

BARLEY FLOUR COOKIES.
1/2 cup fat
1/2 cup sugar
1/2 cup milk
1/2 cup salt
1/2 cup yeast
1/2 cup raisins

Mix with the liquid the melted fat and egg. Combine the liquid and well-mixed dry ingredients. Bake in a loaf in a moderate oven for one hour or until thoroughly baked. Raisins or dates may be added if desired.

MILK IS MEAT.

It has become necessary to save meat and to adopt a ration of 1 1/2 to 2 pounds per person per week in the home. The following recipes for use of milk as a meat substitute are offered to the householders of Texas who are anxious to help win the war and help to keep strong our soldiers in the winning of the war.

Milk is meat. It does the same sort of work as meat. It may be used all through the day to take the place of meat.

At Breakfast.
Milk with Cereals
Milk or Cocoa to Drink

At Luncheon, Dinner or Supper.
Milk Soups
In Scalloped, as:
Cottage Cheese, Cheese Dishes, Desserts

For example:
Breakfast.
Corn Flakes with Sliced Bananas and Top Milk
Scrambled Eggs
Creamed Potatoes
(Corn flour to thicken White Sauce)
Cocoa
Luncheon.

Potato Soup with Cornmeal Crackers
Fresh Strawberries with Cream
Barley Flour Cookies

Dinner.
Cottage Cheese and Nut Roast
Belgian Baked Potatoes
Cabbage Salad
Ice Cream
Corn Flour Sponge Cake

A PRETTY KETTLE OF FISH.

Here's a pretty Kettle of fish! What shall we do about it? "Eat them instead of meat," is the reply from the United States Food Administration.

Three Fish Dinners.

1. Baked Carp with Sour Cream
Hominy
Stuffed Fish Peppers
Wheatless Strawberry Shortcake

2. Baked Fish, Armenian Style
Belgian Baked Potatoes
Corn Bread
Cottage Cheese and Lettuce Salad
Peaches
Wheatless Sponge Cake

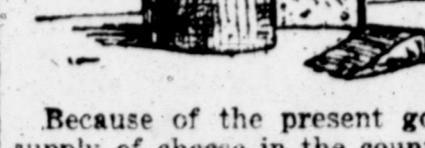

3. Fish Balls with Cheese Sauce
Asparagus Escalloped Eggplant
Apple Pie, a la Mode (wheatless crust)

BAKED CARP WITH SOUR CREAM.
Clean and bone the carp. Place it in an oiled baking pan, salt and pepper the surface, add two bay leaves, juice of one lemon, and cover with sour cream. Bake until the fish and cream are a golden brown. Serve the fish on the platter and strain the cream sauce over it.

BAKED FISH, ARMENIAN STYLE.
2 ripe tomatoes or 5 tablespoons stewed tomatoes
2 onions
3 pounds fish meat 1/2 cup beef fat or oil
1/2 bunch mint 1 cup water

Place the tomatoes and sliced onion in layers in the baking dish. Lay the skinned and boned carp in the dish and cover with a second layer of sliced onion and tomato. Sprinkle the finely chopped mint, salt and pepper over the top. Pour over this the melted fat or oil, add water, and bake in a hot oven at least half an hour or until the fish is tender.

CHEESE AT THE RIGHT PRICE

Because of the present good supply of cheese in the country and the prospect of continued abundant production this summer, those who know the food value of this dairy product and appreciate its appetizing flavor will be interested in the action the United States Food Administration has taken to facilitate its movement from the manufacturer to the table with as few delays and as small expense as possible.

Rules have been announced that will not permit dealers in American and Cheddar cheese to take advantage of advances in the market by selling cheese bought at a low price on the basis of higher costs that may prevail after the time of purchase. Commissions will not be allowed to enter into costs, reasonable margins have been fixed to prevent speculation and "dummy" sales have been prohibited. These and other regulations should make it possible for retailers to buy at lower prices, and through the working of the fair price committees, the consumer should get a good food product at the cost of production plus only the reasonable charges for handling and a just margin of profit.

With the increasing demand for meat for our army and navy, and the request by the food administration for beefless days in hotels, restaurants and homes, the effort to stabilize the marketing of cheese comes at an opportune time. One of the best concentrated foods has a good chance to occupy a more prominent place on the menu as it already does in the allied countries.

ONE TON OF GARBAGE CONTAINS:

Sufficient glycerine for the explosive charge of fourteen 75 millimeter shells.

Sufficient "fatty acid" for the manufacture of 100 12-ounce cakes of soap.

Sufficient fertilizer elements to grow eight bushels of wheat.

A score of other materials valuable in munition making.

IF USED AS HOG FEED IT WILL PRODUCE

One hundred pounds of good, firm, first quality pork. Can you afford to destroy these valuable products when your government needs them to help win the war?

THE UNITED STATES FOOD ADMINISTRATION URGES EVERY HOUSEWIFE

To be watchful over what goes into the garbage pail; to put less in and take more out. But what must go into the pail should be kept separated from other household refuse, so that it can be utilized either for making munitions or for hog feed. Do not permit broken glass, crockery, phonograph needles or other foreign substances to get into the garbage pail.

REMEMBER, GARBAGE IS VALUABLE. KEEP IT CLEAN!

COUNTRY STORE POULTRY DEALERS MUST HAVE LICENSES.

The Food Administration issues the following:

The president's proclamation of May 14, requiring the licensing of those engaged in certain lines of business, including operators of poultry and egg packing plants not already licensed by the United States Food Administration, has been misunderstood by some of those affected.

Under this classification anyone who sells poultry or eggs in any other way than at retail to the consumer, regardless of the amount of business done, must be licensed.

There are many country storekeepers whose business is mostly retail selling, but who buy eggs and sometimes poultry from the farmers. They have never considered themselves as operators of poultry and egg packing plants, but in reality that is what they are. The fact that they are in the retail business on too small a scale to require a retailer's license does not exclude them.

SUGAR IS SCARCE.

The work of the submarine off the Atlantic coast early in June resulted in a great loss of sugar from Cuba and Porto Rico. This means that we must be especially careful in our use of this important commodity. The United States Food Administration suggests that each person use no more than 3 pounds every month. Whenever possible honey, corn syrup, maple sugar and sorghum should be used.

DATE PUDDING
1 tablespoon cornstarch
1/2 cup sugar
1/2 cup milk
1/2 cup date syrup
1/2 cup small raisins
1/2 cup vanilla

Mix the cornstarch with 1/2 cup milk. Heat the remaining milk in a double boiler. Add the cornstarch, syrup, dates and salt, and stir until thick, cover and simmer for 30 minutes. Add the vanilla and pour into a dish to cool. Serve with apples. Prunes are good instead of dates.

SPICE CAKE
With part of the sugar replaced by corn syrup.

1/2 cup fat
1/2 cup sugar
2 eggs
1 cup milk
1 cup syrup
1/2 cup vanilla
1/2 cup ginger
1/2 cup baking powder
1/2 cup salt
1/2 cup cinnamon
1/2 cup cloves
1/2 cup raisins
1/2 cup barley flour
1/2 cup raisins

Cream the fat, sugar and egg yolks. Add the syrup, milk and vanilla and mix well. Add alternately the liquid and the dry ingredients sifted together. Add the flavoring and fold in the well-beaten egg whites. Lastly, add the raisins. Bake for one hour in a moderate oven.

FROZEN CUSTARD.
1 pint milk
1/2 cup sugar
1/2 cup milk
1/2 cup vanilla
1/2 cup salt

Cream the fat, sugar and egg yolks. Add the syrup, milk and vanilla and mix well. Add alternately the liquid and the dry ingredients sifted together. Add the flavoring and fold in the well-beaten egg whites. Lastly, add the raisins. Bake for one hour in a moderate oven.

FROZEN APRICOTS.
1 quart can apricots
Water
1/2 cup corn or other syrup
1/2 cup sugar

To the syrup from the apricots add the corn syrup and sufficient water to make 1 quart. Since the sweetness of the apricots varies, more or less, corn syrup may be needed. Put the apricots through a strainer, mix the pulp thoroughly with the liquid, and freeze the mixture.

COTTAGE CHEESE MENUS.

Cottage cheese will cut down your meat bills if you will use it for that purpose. Note these suggestions from the United States Food Administration.

Breakfast Menu.
Orange
Cottage Cheese Sausage
Corn Bread or Toasted Wheatless Bread
Creamed Potatoes
Coffee

Dinner Menu.
Cottage Cheese Loaf
Mashed Potatoes
Spinach
Radishes
Wheatless Bread
Strawberry Bavarian Cream
Coffee

Supper Menu.
Plain Cottage Cheese with Nuts and Chopped Peppers
Hashed Brown Potatoes
Lettuce Salad
Fresh Fruit Sauce
Oatmeal Cookies

COTTAGE CHEESE SAUSAGE.
1 tablespoon finely chopped onion
2 tablespoons savory fat
1/2 cup salt
1/2 cup milk
1/2 cup cottage cheese
1/2 cup cooked rice
1/2 cup wheatless bread crumbs
1/2 cup coarsely chopped peanut meats
1/2 teaspoon powdered sage
1/2 teaspoon thyme
1/2 teaspoon salt
1/2 cup peanut butter

Cook the onion in the fat until tender, but not brown. Dissolve the soda in the milk and work into the cheese. Mix all other dry ingredients thoroughly with the bread crumbs. Blend peanut butter and onion with the cheese, and mix with them the bread crumb mixture. Form into fat cakes, dust with bread crumbs or cornmeal and fry a delicate brown in the fat in a hot frying pan.

COTTAGE CHEESE LOAF.
2 cups cottage cheese
1 cup left-over cereal
1 cup wheatless bread crumbs
1/2 cup peanut butter
1/2 cup chopped peanuts
1/2 cup onion juice
Pinch of sage
Salt, cayenne and paprika
Liquid if necessary to mix

Form into a loaf and bake in a hot oven 20 or 25 minutes or until brown. Or bake in a greased bread tin and turn out on a platter. The cracklings left from fried-out fat or partially fried-out ground meat may be used in the place of peanut butter.

HOUSEWIVES ARE EXPECTED TO USE FAIR PRICE LISTS AS MARKET "YARDSTICKS"

The Federal Food Administrators of the 48 states of the Union were unanimous in their approval of discarding the present system of regular monthly licensees' reports and in favoring a new system of price publication and inspection. Because of this decision at their conference recently in Washington, the public will be protected in the matter of prices by the price publications and the work of the price interpreting committees and price reporters.

Administrator Peden has appointed 46 price interpreting committees over Texas, and many more are in the course of being organized. It is his hope to have a price interpreting committee within a radius of 75 miles of each other in all the well-populated sections of the State.

The function of a price reporter is to visit the small and retail grocers, check up their costs and selling prices, mailing original report to Washington and duplicate to State headquarters. These prices are checked against the price interpreting lists governing the section in which they were assembled, and where differences exist the county administrator and the chairman of the price interpreting committee make an investigation and determine whether or not an adjustment may not be made without a hearing, and its subsequent penalization where guilt is established.

The interpreted prices of the fair price list are intended by the food administrator to be used by the housewives as guides for marketing, and the grocery establishments are expected to sell their commodities within the minimum and maximum prices recommended.

In many cases difference in quotations is justified, because the costs may call for an advanced figure. The merchant is sustained in operating on a cost plus basis.

THE SUPPLY OF MILK IS INCREASING

QUANTITIES FOR FOREIGN USE BEING CONDENSED. Consumption of Milk, Especially in Large Cities, Is Decreasing—Much Cheese in Storage.

Of the milk produced in the United States, 40 per cent is now used as fluid milk; 40 per cent goes into the making of butter, and the other 20 per cent into the making of condensed milk, cheese, ice cream and so forth.

The condensing facilities of the country, owing to the foreign demands, have more than doubled in the past two years. While this is a desirable result, unfortunately, at the present time, the allocation of shipping for export given to this production is only about one-third the manufacturing capacity. The exports last year jumped 100,000,000 pounds, reaching a total of 259,999,000 pounds.

Figures recently obtained by the United States department of agriculture show an increase of 390,000 head in all milk cows of the country in the last year. While the increase is small, the fact that there was any increase at all is taken as a very helpful sign for the future. The increase of heifer calves, between the ages of 1 and 2 years, totals 1,185,000, and this speaks well for future production of milk.

Storage figures indicate a rather large supply of cheese in this country. However, the allied countries have purchased very largely of this stock, but have, as yet, been unable to transport it. The available supply of cheese, therefore, is really considerably less than is indicated by these figures.

With a slightly increased milk production, there has been a rather notable decrease in consumption. This is especially true of the larger centers of population where the increase in price over last summer averages over 40 per cent to 45 per cent. One of the first reactions of the increased price in some of the larger cities was an immediate decrease in consumption, and this still remains materially below normal.

Had you noticed that the fellow who is always following the crowd never leads?

The luxuriant growth of weeds and grass about over town would indicate that Nacogdoches was losing her civic pride. This is unfortunate, and is out of harmony with the patriotic spirit of the country as well.

Every young man and every young woman should get this idea fixed in his or her mind before offering for service in the business or professional world: "Those who contemplate selling their time in a profitable market must have profitable time to sell."

That man who gets the best out of himself succeeds more surely and securely than he who endeavors to get the best of his neighbor. The individual self is the most important fellow we have to deal with, and if we would keep him under proper control we wouldn't have much time to spare with the other fellow.

The Sentinel is glad to learn that the business people are becoming interested in helping the Business College get a suitable home and equipment for the growth that is so promising. Nacogdoches is ambitious to become a great school town—and no school can do more for the town and its people than a good business college. Let's give the assistance so much needed without further delay and get the institution to going in a way that will lead on to greater things.

The Sentinel is glad to learn that the people of Nacogdoches are subscribing liberally to a fund with which to help the Nacogdoches Concert Band defray expenses, and that in appreciation of this the band boys will treat the people to the regular Friday evening concerts, as well as serve any other way they can. The organization is worthy the most generous co-operation and support of the people of the community.

GOOD NEWS FOR EXPRESS EMPLOYEES

The increase in express rates recently granted by the Interstate Commerce Commission makes it possible to immediately revise the wage schedules of the American Railway Express Co.

"President Taylor of the new company in an interview here today says that he has been in session with his chief operating officials and that they will begin immediately a readjustment of the wage schedules of the larger number of express employees throughout the entire country, and that it is the intention of the new company to utilize substantially the entire revenue accruing from the increased rates that will be available to the express company in an advance in wages. It will be appreciated that with such an enormous organization throughout the entire country, it will necessarily take some little time to work out the increases in a systematic and equitable manner. It is hoped this entire question can be disposed of within a period of thirty days. However, the employees will not suffer in consequence of this delay inasmuch as all increases when announced will be made to take effect from July 1st, 1918. None of this money will be used to increase the salaries of the higher-paid men or the officials of the company. The additional revenue accruing from the increased rates will be distributed upon the basis of doing the greatest good to the largest number.

"MR. FORD AGAIN"

(Notice appearing in the Wisconsin State Journal of Madison, Wis.)

The Ford has a son. It's been christened the Fordson. It's the little tractor that Ford and his engineers have been working on for years. It's now a commercial product. To mention it suggests to the guileless mind that we have opened up our editorial column for a paid advertisement. Far from it. In the first place the name Ford is so widely known that it is like advertising daylight to mention the Ford. The Ford car is the most discussed, most frequently mentioned commercial product ever put out by any single manufacturing plant in this or any other country in the world. And, when a plant that puts forth such a product, brings out another product after years of engineering and experimentation, it constitutes a news item quite worthy of comment. If the Fordson can be as useful an instrument as the Ford car has been, Hail! Hail! Fordson, here's your free ad. We're glad to hand it to you.

But, our interest in the Fordson does not stop with the product itself. That is merely where it begins. The world is full of knockers, ready to knock anybody who has made a success of anything or who is attempting to really do something constructive and worth while. Making money is no crime. When you make money helping other people, wealth does not become a crime unless you abuse your accumulation by the use you make of it. Making money is a crime if it has been made harming others. Ford made his money helping men. He's helped us to get over the ground, to deliver our parcels and packages easily, swiftly and cheaply. He's rendered us service. Now he comes across with the Fordson, the farm engine, that he tells us will economically and efficiently plow our fields, drag the harrow, the seeder and the planter; pull the harvester and haul the grain. Maybe it will do it better than any other tractor—maybe it won't. We do not know, but we do know that Mr. Ford's bringing out a utility tractor now, and getting it to the farmer at such a low price that he may contribute towards getting out the maximum harvest this year, is a patriotic contribution.

JUDGE SHORT WARNS HIS FRIENDS

Look! Read This Warning! Center, Texas, July 10, 1918. Messrs. Duff & Duff and Davis & Ramsey, of the Santa Fe Ry. Co. interests; Messrs. Orgain & Butler of the S. P. & K. C. S. Ry. interests; Messrs. Blount & Strong of the Frost Lumber Co. interests; Messrs. Todd Reeves & Banks and Hamilton & Hamilton of the Kirby interests; Messrs. Nevertheless, I know.

Two years ago, I was defeated by eleventh hour misrepresentations, and now I offer, in advance, as a shield against all poisoned arrows, the clerk's certified endorsement of me in 1916 of more than 83 1-3 per cent of the male voters of the county where I have lived for more than sixty years, as well as the other beautiful tributes, including the letter from the late Judge L. B. Hightower, which have been given the public, and I feel secure in the judgment of the great majority, who seeing the same, want an honest and capable Judge.

May the Lord have mercy upon the souls of those who would bear false witness against me, or otherwise contribute to my being treated wrong.

Respectfully,

COUNTY RED CROSS NEWS.

Mrs. Atwell and Mrs. George Matthews visited the meeting at Trawick on Friday. This is the first working meeting the ladies of Trawick have held, the auxiliary having been organized just a few weeks ago. There were about twenty workers present. Bandages were started and they will begin work on their knitting quota as soon as the wool arrives for the articles.

The wool for county use has not yet arrived. It was ordered from St. Louis, as soon as the quota of knitted articles was allotted to the chapter. When it does come it will be portioned out to all the branches and auxiliaries according to the amount of articles required of them.

Very few reports have been sent in this week. Please send all your Red Cross news to the writer of this column, not only reports of meetings, but entertainments for the benefits of the Red Cross and all things connected with it. Let all the other branches and auxiliaries see that you are up and doing things and not a back number.

Nacogdoches Branch.

Mrs. Parnell, chairman of knitting, has appointed chairmen to be at the garment room every afternoon in the week to give out wool, needles and directions, and receive finished garments, and instruct anyone wishing help with their work. The appointments are as follows:

Monday—Mrs. P. M. Sanders.
Tuesday—Miss Mildred Atwell.

Wednesday—Miss Gertrude Atwell.

Thursday—Mrs. Z. T. Mast.

Friday—Mrs. Luther Swift.

Saturday—Mrs. Murphey.

Garment Room report for week ending July 13th.

22 bed shirts, 3 bed packets, 17 many-tailed and 49 triangular bandages.

The gauze chairmen have been packing finished work this week. The gauze room will run on half time for some weeks during the summer according to directions from St. Louis. It will therefore be open Tuesday, Wednesday, Thursday and Friday afternoons and Thursday morning. Gauze has arrived, and the work continues from this time as announced until further notice.

North Church Circle.

The North church circle met as a body this week for the first time. Before this they have done the work in their own homes. There were 13 present at the meeting. 26 many-tailed and 23 triangular bandages were made and 125 gun wipes cut.

Maytown.

The junior Red Cross met Thursday p. m. with 12 children present. Several hundred gun wipes were cut.

The senior members met Wednesday p. m. with 17 white and 12 colored members present. There were 60 many-tailed and 72 triangular bandages and 5 helpless case shirts completed.

Woden.

The week ending July 6th. There were 174 many-tailed and 23 triangular bandages made. Two pairs of socks finished. 18 ladies have started socks and 3 are making sweaters.

Mt. Moriah.

Report for two weeks ending July 13th. There have 21 present. 27 many-tailed and 46 triangular bandages made.

Union Cross.

For week ending July 13th. There were 7 workers present. 26 triangular, 3 many-tailed bandages and 3 helpless case shirts made.

GROUND TO PIECES BY A MOVING TRAIN

Yesterday The Sentinel carried a brief report to the effect that a young man named Birdwell had been killed by a train in Angelina county. From Monday's issue of the Lufkin News the information is obtained that the young fellow was ground to pieces and was beyond recognition, but that a band on his coat disclosed the name R. Birdwell, and in his pockets were found the picture of a little girl, a Testament, a watch and knife, a card of J. L. Prince, candidate for sheriff of Nacogdoches county.

There is a family by the name of Birdwell in this county, residing at Chireno, but a telephone message failed to identify his connection with them.

Mr. J. B. Morris,

Dear Sir:

I have your letter of June 24th requesting me to state just what the facts are with reference to the Statewide Prohibition Bill and what part, if any, Senator Collins had in the framing and introduction of this bill, and in reply, I wish to state the following:

The records do not show every thing in connection with a measure, but for your information will state that the Statewide Bill was introduced simultaneously in the Senate and in the House; in the Senate by Senator Collins and in the House by myself and others. Objections were made to the bill as introduced because it was unnecessarily lengthy, whereupon, it was decided to redraw the bill to prevent the fight that was being made upon the bill first introduced. I actually drew up the substitute bill, but not until after I had conferred with Senator Collins and the other friends of prohibition, and we agreed upon the bill to be substituted. I substituted the bill in the house, and it was passed and went to the senate. Then Senator Collins called up the substitute bill and substituted it for the Senate Bill. He has the right to claim authorship of the bill, for he introduced the original, and then after it was decided to change the bill, it was not changed until he agreed upon the terms of the substitute. The people of Texas owe no more to anybody for Statewide prohibition than to Senator Collins. He was always on hand in the thickest of the fray for prohibition, and I should think that even his opponents would in fairness to him admit his splendid and untiring efforts in behalf of good government and prohibition in Texas. It was at his request made in caucus that the ship building yards were included in the Zone Bill. You understand, of course, that I do not want to be in the attitude of interfering in local politics, but as I have been asked for a statement, I gladly give the same with permission to use in any manner that you may deem necessary to offset any misunderstanding that may exist as to the part Senator Collins actually played in this important matter.

Very truly yours,

(Signed) FRENCH SPENCER,
Member House of Representatives, Texas Legislature.

CASUALTY LIST ISSUED TODAY

(By Associated Press)

WASHINGTON, July 17—The army casualty list issued today contained 173 names, divided as follows:

Killed in action, 39.
Died of wounds, 16.
Died of disease, 4.
Died of airplane accident, 2.
Died of accident and other causes, 6.

Wounded severely, 96.
Missing, 9.
Prisoners, 1.
Wounded severely, Weldon Giles, Leonard Texas, John R. Coolidge Fort Worth, and Robert Hickey of Denton.

Mrs. Burns' Letter.

Here is a letter that is certain to prove of interest to people in this vicinity, as cases of this sort occur in almost every neighborhood, and people should know what to do in like circumstances. Savanna, Mo., Oct. 12, 1916. "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint some three or four years ago and a few doses of this remedy cured me. I have recommended Chamberlain's Colic and Diarrhoea Remedy to dozens of people since I first used it."

Mrs. J. B. Atkins and children have returned from a visit to relatives and friends at Ferris, Texas, and were accompanied home by Mrs. J. S. Wilson, Jr., and baby.

W. H. Harris came up from Sour Lake and is spending the week with his family in the city.

Fewer at Health Resorts This Year.

Increased expenses in traveling and at health resorts will keep many hay fever and asthma sufferers home this summer. Foley's Honey and Tar is recommended as a satisfactory remedy for hay fever and asthma. It heals and soothes, allays inflammation and irritation, and eases the choking sensation. ITEMIZED REPORTS FOR WAR SAVINGS SOCIETIES FOR JUNE.

While the financial report for June, given below is not as good as we would wish, it is not bad, in view of the fact that so many savers and investors were "holding back" during the month waiting for the great June drive. July will no doubt be better, and increasingly so, until the pledges are all taken up—and "then some."

A few local societies are still to be heard from, also Chireno, Douglas, Libbert, Linn Flat, Martinsville, Oak Ridge, North Church, Sacul, and Woden. All good towns, which should swell the report several thousand dollars.

Catholic Aid Society, \$1.70, Christian Aid, \$13.05, C. C. Club \$150, Christ Church Guild, \$621.75, Irion Hill, \$1665.50, Ladies of Maccabees, \$205, Methodist Aid, \$1041.75, Presbyterian Mission, \$59.25, Presbyterian, U. S. A., \$391, Sewing Club, \$622.50, Orton Hill, \$76.25, Frost Johnson, \$230, Woodmen Circle, \$11, Equitable Fraternal Union, \$26-W. T. Wilson Grain Co., \$50, Cason, Monk & Co., \$283.50, Eichel's, \$347.50, Mayer & Schmidt, \$23.50, Tucker, Hayter & Co., \$261.75, Stripling, Haselwood & Co., \$70, Nacogdoches Grocery Co., \$892.75, Swift Bros. & Smith, \$62.50, Thomas & Richardson, \$150, Southern Pacific, \$70, Colored Red Cross, \$38.50, West End School, \$400, Sixth grade (Central), \$132.25, Fifth grade (Central), \$53.25, Appleby, \$22.60, Alazan, \$260, Attoyac, \$21, Caro, \$103.25, Cushing, \$10, Decoy, \$29, Fairview, \$80, Garrison, \$3,906.50, Flat Woods, \$258.25, Mahl, \$23.25, Maytown, \$87.25, Melrose, \$3236.75, Nat, \$125, Needmore, \$17, Rock Springs, \$19.25, Shady Grove, \$252, Swift, \$45, Trawick, \$172.25, Union Cross \$24.20.

Total, \$16,850.20. Only two new societies were organized in June, making the membership list 1740. Sales through the activity of the societies have aggregated in four months, \$135,336.50.

Since this report was made the following societies report: Martinsville, \$1050.00, Oak Ridge, \$585.00, which brings the Nacogdoches county total up to \$18,485.20.

THEIR RECORDS COMPARED

V. A. Collins charges that Box has no record; that his life has been all foliage and has produced no fruit. He then parades his belated co-operation with the governor and overwhelming majorities in both houses, during a few days of a special session after King's resignation, as if others had done nothing and he all. For general distribution, he makes his picture adorned with loud colors, with his own head self-decorated with garlands of laurel like the ancient Greeks put on the head of their hero-god Apollo, and says "the ladies will certainly want to hear their champion," instead of respectfully inviting them to hear him. His efforts to minify his opponents into nothing and inflate himself into a "champion" and hero-god, and calls for a comparison of records, which will be made.

COLLINS AND BOX AS DEMOCRATS

Collins, while a mature man, was trying to ride into office on another party tickets over the ruins of Democracy. Box supported James S. Hogg and C. A. Culbertson. Collins urged the election of such as Jerome Kearby and Barney Gibbs. Collins changed his politics and began to run for office on the Democratic ticket—Box continued a Democrat from boyhood. As precinct chairman, county chairman, at 25, member of the State Democratic committee and otherwise, he worked without pay and without making his convictions a hobby to ride on a lifelong office hunt. Collins' political life has been a house divided against itself.

COLLINS AND BOX AS PROHIBITIONISTS.

Collins states that Box's county was dry before Box's time, that Box's environment was good and that, therefore Box is entitled to no credit. John Box lived in wet counties until after he was 30, and by active campaign and otherwise helped to make and keep his section dry, serving as a member of statewide Prohibition Executive Committee and otherwise, his devotion to prohibition and clean government being as steady and unflinching as that of Collins has been broken. Long after John Box and his co-workers had closed the saloons in Cherokee and driven out the blind tigers, Collins tried to keep the saloons open in opposition to the will of the people fairly expressed, by contesting on technical, untenable, illegal grounds, the result of an election held in a precinct in Jefferson county. See official court reports in law offices, 112 S. W. page 707. If an anti then, Collins quickly changed, and was soon thereafter running for office against Captain Kelley as a "champion" prohibitionist. If not an anti then, he stifled his convictions and sought to destroy the work of himself and associates and to defeat the will of the people by serving for hire those who wanted to keep saloons open. Collins, the anti-prohibitionist-prohibitionist, like Collins the Populist-Democrats, a house divided against itself. Collins' wanderings and wabbings as a democracy and prohibition may not be unpardonable, since they appear to be partly temperamental and partly caused by chronic, gnawing, office-hunger. But his claim that by occasionally running across the line of right he becomes "The one candidate who has earned the right to your support," is extremely ludicrous, when his opponent is a life-long, active, working, fighting advocate of all the good there is in the causes whose championship Collins claims to monopolize. Take your choice.

WOMEN ENDORSE BOX

Read what Cherokee county women say about Box. These are not the stereotyped fulminations of a professional-congressman-maker like Jaspas, hired and imported from afar to boost Collins into Congress, but the modest, true and sincere statements of good women who have known John Box as neighbor, friend, lawyer, citizen and co-worker for a quarter of a century. Judge Box is clean and upright in private and public life, able in argument, strong in speech. He is a student of history and governmental affairs, a working, constant friend of christianity, education, prohibition, good government and whatever else promotes human betterment and a Democrat from boyhood. He is a son of the plain people, born among them on a little East Texas farm, climbing upward by labor and study and worth, enjoying their confidence and devoted to them in heart, word and deed. He is a friend of labor, and, to use his own words: "The man who is not the friend-of-laboring people is not a friend to mankind." We, the women of Cherokee County, want the women and people of other counties to know what kind of a man they now have a chance to send to Washington.

INSTRUCTIONS FOR THE COMING PRIMARIES

As there are some new features to be worked out in the coming primary by reason of fact that we have some new voters with Women Suffrage, the following report is made of the rules that will govern for the benefit of any who may not understand. The polls will open by sun time more familiarly known as old time, at 8:00 o'clock a. m., which will be 9:00 o'clock by the new time, and close at 7:00 p. m., old time, or 8:00 by the new time. Immediately upon the close of the polls the presiding officer shall announce the vote of each candidate as shown by the count at that time. At 2:00 p. m., on election day the precinct chairman shall call

a convention of the democratic voters of his precinct for the purpose of electing a precinct chairman, delegates to county convention, to be held at the court house in Nacogdoches at 11:00 a. m., August, 3rd. ***** Election Officers. Election officers chosen to hold the election are requested to call at the court house and get the tickets and supplies prepared for their respective boxes in plenty time to have them ready on election day, and bring them back with their returns promptly after the election is held. Following is the list of election officers chosen to hold the primaries July 27th and August 24th: Nacogdoches, W.—W. U. Perkins. Nacogdoches, S.—J. S. Dough-

MARRIED MONDAY.

Mr. Ed. McIlwaine, son of the late Wm. McIlwaine, and Miss Mary Faulkner, daughter of Mr. and Mrs. G. W. Faulkner, were married at the home of the officiating minister, Rev. A. T. Garrard, Monday afternoon about 6:00 o'clock.

These young people belong to good families of the county residing in the Campbell school house community, and are worthy the high esteem in which they are held by a large circle of friends. The young man will soon go to the training camp, now awaiting his call, which is of near approach, and they decided to consummate their plighted vows in advance. The Sentinel joins the many

BOX SUPPER

There will be a box supper and cream supper at Red Oak on Saturday night, July 20. The proceeds to go to the Red Cross knitting of that community. Your boy or neighbor's boy will need a sweater to wear this winter. Everybody is invited to come and help in this great cause. The candidates are especially invited. You will be given a chance to speak. We are expecting some good music. SECRETARY.

WATER MELON PARTY GIVEN AT CUSHING

Special to The Sentinel. I wish to report a watermelon party given last Thursday evening by Miss Lucius Sharp, in honor of her friend, Miss Edith Raney, of Houston, who is visiting her. Many games and other diversions were engaged in, and a pleasant evening spent. Names were drawn for the partners of the evening. (List omitted for lack of space.—Ed.)

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE CARDUI The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be . . ." writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk, just staggered around. . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

AN AGED CITIZEN DIES AT CARO TODAY

Saturday's Daily
Mr. Henry Sealbach, a highly respected citizen of the county, died at the home of his son J. W. Sealbach, at Caro, this morning at 2:20, and his body will be laid to rest in the cemetery at Union Springs tomorrow morning at 9:00 o'clock.

Mr. Sealbach would have been eighty-five years of age had he lived until the 14th of September, and is survived by a son and a daughter, Mr. J. W. Sealbach and Mrs. Tom Foote. He was a native of Germany, arriving in Texas sixty-three years, seven months and thirteen days previous to his death. He united with Odd Fellows Lodge No. 37, in 1870.

It is said to the credit of Mr. Sealbach that he was ever a good and useful citizen and was the most highly esteemed by those who knew him best. Coming to Texas when a very young man, and making this country his home by adoption, he was very much in love with it, and so far as he had opportunity was one of our most loyal and appreciative citizens.

MRS. W. P. COUNCIL DIES IN DALLAS

Saturday's Daily
The sad news has been received in the city of the death of Mrs. W. P. Council, at the home of her mother in Dallas, where she had gone a few days ago.

From the best information that can be obtained the lady was sick but a short time. A message was received yesterday announcing that she was very ill, and another later in the afternoon announcing that she had died at 2:30.

The funeral service will be held in Dallas and the body laid to rest in the cemetery at that place. Louis Council of Lufkin will accompany his mother from this city to Dallas this afternoon where they go to attend the funeral.

Mrs. Council was a most estimable lady, in the full enjoyment of life and health so far as the general public knew, and the news comes as a great shock to the many friends of the family in this city.

ALLIES TO HAVE SIBERIAN SUPPORT

(By Associated Press)
LONDON, July 13.—The Allied powers will have the full support of the new Siberian government according to provisional ruler, General Horvath. He cites the renewal of all treaties with the allied powers as confirmation of their intention to act in complete accord with our brave allies and to return to Russian ranks those who are fighting with the enemy: General Horvath is an anti German as well as an anti Bolshevik.

If you feel "blue," "No account," "lazy," you need a good cleaning out. HERBINE is the right thing for that purpose. It stimulates the liver, tones up the stomach and purifies the bowels. Price 60c. Sold by Stripling, Haselwood & Co.

BRITISH HAVE TWO MILLION IN FRANCE

(By Associated Press)
PARIS, July 12.—British fighting forces in France now aggregate 2,000,000 men, says the Havas Agency. This is equal the number they had there in 1917.

In every home where there is a baby there should also be a bottle of McGEES' BABY ELIXIR. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drugs of any kind. Price 25c and 50c per bottle. Sold by Stripling, Haselwood & Co.

Chamberlain's Tablets.

These tablets are intended especially for stomach troubles, biliousness and constipation. If you have any troubles of this sort, give them a trial and realize for yourself what a first-class medicine will do for you. They only cost a quarter.

ITALIANS OCCUPY TOWN OF BERAT

(By Associated Press)
WASHINGTON, July 12.—The Italians in Albania have occupied Berat and captured quantities of materials and prisoners, says an official dispatch from Rome. Heavy losses have been inflicted on the Austrians at Concalaghit, and in Valdassa, and Austrian attacks have been repulsed on the southern slopes of Sassorosa.

Lame Shoulder.

This ailment is usually caused by rheumatism of the muscles. All that is needed is absolute rest and a few applications of Chamberlain's Liniment. Try it. It only costs a quarter.

COUNTY COURT.

Today is the day for the beginning of the summer term of County Court, but as there is not very much business on the docket, and nothing pressing, Judge Perritte has excused the jury for the first two weeks and will hear only probate and other matters which can be tried without inconvenience to the general public.

Rid of the Torment of Rheumatism

"Send me Foley Kidney Pills. I am badly done up with rheumatism and they are the only thing that help me." A. J. Walsh, Snefels, Colo.

Rheumatism is stubborn as a mule—it hangs on like a leech—wears out your strength—wrests you with pain—drags on your vitality—depresses your mind—affects your health!

Don't let it hang on you! Don't give up to it! Don't overlook Foley Kidney Pills! For they work directly on the kidneys—tone up and strengthen them to the perfect action that keeps uric acid out of the blood, and clears away the cause of rheumatism, lumbago and stiff, swollen, aching joints. Begin now, today, and soon you will again be active and free from pain.

Mr. Walsh winds up his letter to us by saying: "I consider Foley Kidney Pills the best I have ever used, and I have tried several different remedies." Your druggist sells them.

Stripling, Haselwood & Co.

Senator John M. Henderson of Daingerfield, candidate for lieutenant governor, was a visitor to the city this morning, circulating among the voters in the interest of his candidacy. Senator Henderson is a man of pleasing personality with a good record of service, in sympathy with all the enterprises of the war and a life-long prohibitionist, and a democrat. He was a member of the commission which held secure endorsement of the Choctaw Trail through this section, and he is very anxious that the people go on with the enterprise. In discussing the matter he says that the people of his town are going ahead with the work.

MISS FAIRY CAVIN WEDS.

Miss Fairy Cavin—one of the accomplished and charming daughters of Mr. and Mrs. Geo. W. Cavin, of this city, was married to Mr. Albert Marian Curry at the court house this morning, Judge J. F. Perritte officiating.

The bride is one of Nacogdoches' most worthy daughters who has been engaged in the profession of teaching the past several years, in which capacity she has won for herself an enviable reputation, and she has a great host of friends in Nacogdoches county who will unite in congratulations and good wishes.

The bride-groom is a stranger to us, but he is a young man of pleasing personality and good bearing, reputed to be worthy the fair bride he has won.

LOST LETTER.

Mrs. O. F. Giltner, a new-comer to the community, had the misfortune to lose a letter from her son, who is engaged in the aviation service in France, while on her way from the postoffice July 2nd, and she would be very grateful to the finder if he will put it back in the postoffice for her. She had not opened the letter, hence does not know its contents and is very much distressed with its loss.

Friends of the family in the city will be pained to learn that Mr. N. N. Snapp, a well known traveling man, and his family are arranging to move to Batesville, Ark., where Mr. Snapp's work calls him. Mr. Snapp says that he and family are very much in love with old Nacogdoches and that they hope to return to citizenship with us some time in the future.

SAMMIES AND BRITISH LAND IN RUSSIA

(By Associated Press)
LONDON, July 15.—Americans and British occupy the whole of the Murman coast in northern Russia, says a Moscow dispatch received here.

The British and Americans after capturing Kem, a railroad station on the White Sea advanced toward Toroki, the Bolshevik authorities withdrawing to Nirok. The commanders of the Entente allied forces have issued an appeal to the population asking help against Germany and Finland. It is declared the Murman coast, Russian territory, is under protection of the Entente powers. The Americans are marines and blue jackets, says the report.

RY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Takes a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

OIL ASSOCIATION HAS INCORPORATED

The McLean-Williams Oil Association, which recently opened up an office in this city, and which has a well under way in the Matthews tract, prospecting for oil, report of which has previously been made in this paper, has incorporated with a capital stock of \$100,000 and will engage extensively in development work.

The company has offices both at Mt. Pleasant, Texas and Nacogdoches, the general office being at this place. At Mt. Pleasant the company has some lignite mines, while at this place it is prospecting for oil on a scale so substantial that it will get it if it be true that we have a real oil field in this section.

Nacogdoches county is indeed fortunate in securing the interest and activity of this company which is composed of most excellent, honorable gentlemen, who are in real earnest in the matter, using the best facilities and the best men that money can procure, and who have plenty financial support with which to make any test and pursue any development in which they may be justified. And The Sentinel sincerely hopes they will receive whatever co-operation they may need in developing the oil fields of old Nacogdoches county, and bring this great industry into its own—an enterprise, if successful, that would be almost boundless in its resources and profit to our county.

PROMINENT ENGLISHMEN PRAISE OUR PRESIDENT

(By Associated Press)

LONDON, July 11.—A dinner by five hundred prominent Englishmen to American officers resolved itself into an ovation for President Wilson today. Former Premier Asquith, in a speech sincerely praised the president's leadership in the war and plan a league of nations. Vice Admiral Sims announced that the submarine menace was now ended, as construction exceeded the sinkings. General Biddle reveals that Americans are training in seventy to eighty points in England and Scotland.

WILSON VETOES TIME LIMIT RESOLUTION

(By Associated Press)

WASHINGTON, July 11.—President Wilson today vetoed the resolution extending the time in which the Railroad Administration may release control of the lines. This is not wanted in the federal system.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

FRENCH EXECUTE SUPERB ACTION

TAKE LARGE BATCH OF PRISONERS AND MUCH TERRITORY

TAKE MAIN RAILWAY

Take Possession Entire Bouvrelles Plateau Dominating Region Astre, Moruil

(By Associated Press)

WITH THE FRENCH ARMIES ON THE FRONT, July 13.—In a superbly executed action, the French southeast of Amiens gained a large batch of prisoners and the possession of the entire Bouvrelles plateau, dominating the region between the rivers of Astre and Moruil, through which the main railroad from Paris to Amiens passes.

FROM DALLAS FEAZELL

The Sentinel is in receipt of a letter from Dallas Feazell, ordering the paper sent to his address, explaining that he is able to get all the big papers he wants but none of them satisfy like "the paper."

Dallas says he is standing the army life fine, and doesn't have to do very much hard drilling now, "but," quoting him, "believe me I drilled three days with a rifle on my shoulder which sure made me hot, but I am temporarily transferred to the band, so they took my rifle yesterday, which I didn't object to as we had 260 recruits in the company where I am, and they would put their sweaty hands on it every chance, so it kept me busy cleaning it, but they have one of their own to clean today. Most all the eighty boys who came down on the 28th of May have been transferred to other camps and the few Nacogdoches boys remaining feel somewhat lonesome, but we are all brothers here and have some wonderful times. San Antonio has the greatest ladies, they come out and render some very fine programs to us soldier boys every night or two. The Y. M. C. A. is a great place with every kind of good books to read."

Continuing in the letter, the writer says: "I have just one thing to grumble about, and that is that Uncle Sam does not keep men's clothes on hand, so I had to order me a special-made uniform as I was such a man. It has been ordered five weeks and I am sure anxious to get it."

Dallas says that instead of losing weight he has gained several pounds, and if he keeps up it may take even longer to get the next uniform made, but his Nacogdoches friends will join in the hope that he may soon get the one that is now on the way and enjoy wearing it as only a patriot of his disposition can, that several other parties who

LIGHTNING KILLS MAN IN ANGELINA COUNTY

Lufkin News, Saturday.

Shortly after quitting work yesterday afternoon, and while wending his way home from the Lufkin Land & Lumber Company mill, George Gann was struck by lightning and instantly killed, the bolt striking him on the left side of the skull, splitting it open, singeing off his eyebrows and eyelashes, traveling on down the body, which was burned severely in a number of places, tearing the overalls of the corpse to shreds and completely removing the shoes from his feet. It was also learned were in the rear of Gann were

DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELIE B. BATTINGHAM, 629 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

GREAT DISCOVERY IN UNIVERSITY SHACK

(By Associated Press)

AUSTIN, July 12.—In an unpainted shack on the campus grounds of the University of Texas, a shack which cost less than \$10,000 and which probably is fitted with as poor equipment as any college chemistry laboratory in this country—a graduate of the university, in one day, has made a discovery that is worth to the United States government more than seven times the amount of money the University has spent in the last thirty years on buildings and maintenance.

This is the statement of Dr. R. S. Vinson, president of the Austin Rotary club. He gave no details.

While the exact nature of the discovery has not been made public it is supposed that it is an improved chemical process for the manufacture of certain kinds of material necessary to the carrying on of the war.

OFFICIAL REVIEW CAVALRY TROOP

Capt. W. J. Johnson, physical director First Brigade Texas National Guard, was in the city yesterday afternoon and evening on an official visit to Capt. Thomason's troop of cavalry, coming for the purpose of reviewing and instructing the boys. He was accompanied to this city by Capt. Doak and Lieutenants Risinger and Ray of Troop L, San Augustine.

Capt. Johnson lectured the boys on physical culture and affairs of army life, exhibiting the calisthenic exercises that make men strong and healthy, and cautioned them to be clean in mind and body. He also complimented the troop for the good progress it is making and for its general appearance.

The officers and members greatly enjoyed the visit of the gentleman, and those accompanying him from the neighborhood.

AMERICAN TROOPS READY PASS 2 MILLION MARK

(By Associated Press)

WASHINGTON, July 13.—American troops over seas and en route, passed the two million mark chief of staff General March told the senate committee today. This represents an increase of ninety thousand since last week.

Three army corps of from 225 to 250 thousand men have been organized from American divisions in France, said General March. Major General Hunter Liggett commands the first. The others are unannounced.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fash, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

MANY IN AMERICA HOLD HUN BONDS

More Evidence of German Activities in This Country Uncovered.

(By Associated Press)

WASHINGTON, July 12.—A fairly complete list of the holders in America of German war bonds, is in the hands of the government. It is announced that in connection with the disclosures of the holding by the Busch family that the estimate includes 20,000 individuals on the list.

Million Used Came From Sale of War Bonds in This Country.

NEW YORK, July 12.—Millions used in German propaganda came from the sale of war bonds in this country. American officials find the trail of activities long and unexposed.

The money used to buy the New York Mail was only a small part of that which was used to influence public opinion for Germany. The evidence indicates that large sums were also sent to South America.

AVIATORS GALLANT AND SELF-SACRIFICING

(By Associated Press)

PARIS, July 10.—The gallantry and self sacrifice of aviators is illustrated in the story of a captain-observer and his protector-pilot who have escaped death after a perilous flight in Lorraine.

The captain was assigned to observation duty only, with a pilot as protector in a swift spade accompanying him to guard against enemy attack. The attack materialized quickly enough, but so suddenly that the pilot could not warn the intent captain and so quietly that the captain did not notice the three German machines that came swooping down from far above.

The pilot saw at once that there was but one way to save the unconscious and absorbed captain—by drawing the attack upon himself—and this he did. His spade was soon shot through with bullets despite his utmost efforts, and in no time he was twirling earthward. The captain had been attracted by the machine gun fire and was making rapidly for the French lines in his slower machine.

The German attacking machines, seeing the spade apparently hopelessly disabled went after the observer's airplane. They never succeeded in catching up with it. The captain was mourning the loss of his friend, the pilot, when a telephone message informed him that the latter had landed safely within the French lines.

Despite his almost certain sacrifice he had been able when with in a short distance of the ground to straighten himself out, and fly just over the tree tops, unhindered by furious enemy fire, to a point just within the French lines. His airplane after landing was viciously shelled by the Germans.

CROWDER CALLS MANY REGISTRANTS

(By Associated Press)

WASHINGTON, July 13.—Provost Marshal General Crowder issued a call today for 12,145 registrants of grammar school education for general military service, to entrain during August for special training.

Hon. Clarence E. Gilmore of Wills Point, Van Zandt county, was a visitor to the city yesterday afternoon, meeting with the voters in the interest of his candidacy. Mr. Gilmore is a brother of Editor Gilmore of the Center Champion, and is himself a newspaper man. He has had considerable experience with the public service, having served several terms in the state legislature with ability and distinction, and is a man of integrity and good ability for the place he is now seeking as railroad commissioner.

WOMEN TORTURED.

Suffer terribly with corns because of high heels, but why care now.

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to try these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can easily be lifted out with the fingers, if you will get from any drug store a quarter of an ounce of a drug called freezone. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn or callus. The soreness is relieved at once and soon the entire corn or callus, root and all, lifts out without one particle of pain.

This freezone is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Tell your wife about this.

Read the Compliments Business Men Pass on Our Graduates

Here are a few extracts from letters of prominent business men who have had the proof as to the ability of our graduates:

"Having employed several of your graduates, I think your institution the best of its kind in this country."

"Of the seven young men you have sent us, six remain in our service, and the other has just joined the navy. All are making good."

"There is such a scarcity of business colleges who fit their students for real business, that we cannot refrain from writing and indorsing your college, since several of your students have proven competent in our office."

"As you all know, I have had a number of your students in my office. I take this opportunity of saying that every student that I have had from your school shows superiority of training over students that I have had from other schools."

"I have given your graduates a thorough test and have found them to be accurate and quick with their work. The thorough and practical training you give fits them for any kind of a position."

"We have one of your graduates as stenographer in our legal department at a handsome salary giving entire satisfaction. The work is extremely difficult, requiring the greatest skill and accuracy, reads her notes like print. We wish to commend your school for turning out such excellent graduates."

"If all of your graduates are as proficient as the three young men we have in our office, you are certainly doing a great work for not only the young people, but the business men as well."

A large firm of Cotton Buyers of East Texas says:

"We predict much success for your Cotton Classifying Department. It is thorough and up-to-date and is in charge of capable instructors."

"We have several of your students and all of them understand their business. Your courses are thorough or they could not take hold as they have done for us."

"If the several graduates of your school, that have been in our employment, are fair samples, I cannot recommend your institution too highly."

Write for catalogue containing hundreds of endorsements, together with name and address of business men who pay our graduates good salaries. With our modern systems, we can give you a better course of Bookkeeping, shorthand, Cotton Classing, Business Administration and Finance, or Telegraphy in half the time and at half the expense of any other school teaching other systems. Address Tyler Commercial College, Tyler, Texas.

If hot weather saps your energy and you can't work well, it is a sign that your system is full of bilious impurities. You will be sick if you do not do something. Take Prickly Ash Bitters, it cleanses the blood, liver and bowels, restores strength, vim and cheerful spirits. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

NOTICE.

I am ready to sell the T. J. Hill homestead, situated on Freedom Hill, consisting of about nine acres of land, with two houses and improvements. This is one of the most desirable locations for a home in Nacogdoches.

Mrs. John B. Mayfield of Gonzales, Texas, received word Sunday, July 14, that the ship on which Mechanic John B. Mayfield had sailed had arrived safely over sea. Mechanic Mayfield is a son of Mr. and Mrs. N. Q. Mayfield of Nat, and a son-in-law of Mr. and Mrs. T. B. Fussell of Gonzales, Texas. Their many friends will be interested to learn of his safe arrival over sea.

The Mucklebrook family are at home again, having returned from a visit to different places, and report a most pleasant outing.

FIVE PEOPLE IN ONE FAMILY BENEFITTED

"Finest Thing I've Ever Seen," Says Compton—Gains Ten Pounds on Tanlac.

"There are five of us at home who have taken Tanlac and it hasn't failed to bring good results in a single," said Arthur M. Compton, a popular clerk at the Oriental Hotel and living at 1206 West Street, Dallas, Texas, recently.

"As to my own case," Mr. Compton continued, "Tanlac has increased my weight ten pounds in the past three weeks and has certainly relieved me of an awful lot of suffering. When I began taking it my stomach was all out of order and I had no appetite. I was so nervous I could hardly sleep, and was all run-down and had that tired, sluggish feeling all the time. I had fallen off in weight and was awfully sick and discouraged."

"Finally my uncle from Terrell, Texas, persuaded me to try Tanlac and it has been a wonderful thing for me. My appetite is fine now and I eat like a goat. My nervousness is entirely gone, I sleep like a log and all my sluggish, depressed feelings have left me. I recommend Tanlac every chance I have because it has done me so much good. It has helped our whole family and we are all boosting it. It certainly is the finest medicine we ever had in the house."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith, in Woden, by M. J. King, in Garrison by Garrison Drug Co., in Appleby by A. J. Beck, in Douglas by Campbell & Watkins, in Chireno, and in Nat by E. M. Jarrell.

THE YOUNG MAN WAS FROM CUSHING

The Sentinel gets the additional information about the identity of the young man who was ground to pieces by a train in Angelina county a few days ago from Tuesday's issue of the Lufkin Daily News:

The remains of the young man picked up on the railroad track near Burke yesterday morning and brought to this city, have been positively identified as that of Raymond Birdwell of near Cushing, Nacogdoches County.

Relatives of the young man arrived last night from the above place and had no trouble in identifying him. He was 19 years old and lived with his parents a few miles from the town of Cushing. He left home several days ago for a visit with relatives at or near Moscow and was supposed to be on his return home when the accident occurred that caused his death.

The remains were prepared for interment by Undertaker C. N. Humason and were shipped to Cushing at noon today. The manner of his death, or rather just how it happened that he was run over by a passing train, will perhaps remain a mystery.

Have just received a car load of lentless cotton seed hulls in new 100 lb sacks. Will sell for \$1.00 per sack. Marcus C. Smith. Phone 388. 16-5d1w

Mr. E. M. Weatherly, a well known business man and citizen of Garrison, was a visitor to the city yesterday afternoon, and honored this office with a pleasant call while here. Mr. Weatherly is owner of the famous Weatherly Wells, which are located on the premises of his home, and he says that he is going to give more attention to his water business in future.

GARRISON FIRM FILES PETITION IN BANKRUPTCY

The Garrison Drug Co., Inc., at Garrison, has closed its doors and filed a petition in voluntary bankruptcy.

This drug store at one time enjoyed a very flourishing business, and ranked with the prominent business enterprises of the county. Several years ago it was hit hard by the drouth, which made it impossible to collect up for a large volume of credit business, to be followed with another drouth, and it has never been able to recover from the reverses sustained.

The men who have been connected with the store are most excellent gentlemen, and they have many friends who deeply sympathize with them in the reverses they have sustained.

MARRIED LAST NIGHT.

Mr. M. F. Ammons and Miss Mary Corley, a couple of well known and highly respected young people of the Needmore community, were married at the residence of Esquire Frank Huston at 11:00 o'clock last night.

The Sentinel joins friends of the contracting parties in congratulations and good wishes.

FIRST MONTH'S SALARY PAID ALL COST FOR HER COURSE

Many of Walden's pupils pay for the total cost of their course with one month's salary. You should do as well.

All future salaries are clear gain on your investment. The position is certain if you only get ready.

A POSITION SIX WEEKS EARLIER

New classes will be formed next Monday, and by entering then you should be ready in October. That means a salary six weeks earlier, and a better position.

The time that you save will pay for your course. Don't put it off!
