MAY PROCLAIM SOVIET REPUBLIC

(By Associated Press.)
BERLIN, Mar. 5.—A report is current today of the possibility of a proclamation of a Soviet republic, with Hugo Haase, former minister of foreign affairs, as its head.

BREMEN POLITICAL PRISONERS RELEASED

(By Associated Press.)
BERLIN, Mar. 5.—Bremen advises state that political prisoners there have been released by insurgents. The electric and gas works are in the hands of the insurgents. An attempt to call a general strike at Bremen was a fiasco.

KING OF SERBIA WILL RETIRE FAVOR REGENT ALEXANDER

(By Associated Press.)
ROME, Mar. 5.—King Peter of Serbia will soon retire in favor of Prince

Regent Alexander, according to a Fiume dispatch, quoting advices from Belgrade. It is said that King Peter's abdication will be read after the opening of the council of the state at the Serbian capital.

ANXIETY FELT SAFETY ALIENS

(By Associated Press.)
LONDON, Mar. 5.—Extreme anxiety prevails in all circles today, according to the Berlin correspondent of the Daily Mail. There is much uncertainty among foreign residents regarding their position, especially after the anti-American demonstration Sunday, and the Italian disturbance at another hotel. It is even rumored that the government does not feel able to guarantee the security of strangers, but no indications to this effect had reached the enter to authorities.

PRESIDENT SAILS FOR FRANCE TODAY

(By Associated Press.)
NEW YORK, Mar. 5.—President Wilson sailed today on his second voyage to France, determined, as he said in his Metropolitan Opera House speech last night not to "come back 'Till It's Over, Over There.'" The transport George Washington left Hoboken pier at 8:15 today.

SAY GERMANY NOT SUBMIT TO COERCION OF THE ALLIES

PARIS, Mar. 5.—At a meeting of the German cabinet, attended by party leaders and delegates of ship owners, it was unanimously understood that Germany would not submit to coercion from the Entente powers, whether in armistice negotiations, or peace parleys proper, according to a Zurich dispatch to the LeJournal.

SPECIAL CALL OF LEGISLATURE

(By Associated Press.)
AUSTIN, Mar. 5.—The house concurrent resolution proposing a sine die adjournment of the legislature March 14, was adopted by the house today with a large majority. Discussion on the floor of the house indicated that a special session may be called about the middle of June, to pass on appropriations bill and another soon after the election on the proposed woman suffrage amendment, which is May 24.

24 FORMER STUDENTS OF T. I. UNIVERSITY AWARDED MEDALS

(By Associated Press.)
AUSTIN, Mar. 5.—Twenty-two former students of the University of Texas have been awarded honor medals for service rendered with the American forces in France, according to data compiled by the University cataloger.

N. Y. EXCHANGE CLOSED TODAY

(By Associated Press.)
NEW YORK, Mar. 5.—Managers of the New York Cotton Exchange today decided to close the exchange until tomorrow in order to permit its members to readjust trading to the provisional wheat bill passed yesterday by congress, affecting cotton futures. The close of the amendment creates a contract by raising the number of grades of cotton, but does not touch the existing standing.

RUSSIAN SOVIETS EXPECTS A BIG AMERICAN LOAN

(By Associated Press.)
STOCKHOLM, Mar. 5.—The Soviet government of Russia hopes to be able to arrange a big loan in America, and is prepared to offer exchange important mining and railroad concessions, according to Petrograd advices received here.

RAILROADS REMAIN IN FEDERAL CONTROL

WASHINGTON, Feb. 28.—With the approval of President Wilson, the railroads will not be relinquished from government control until there has been an opportunity to see whether a constructive permanent program by legislation was likely to be adopted within reasonable time. Director General Hines announced today.

GILLETT ELECTED AS SPEAKER OF THE HOUSE

WASHINGTON, Feb. 28.—Republican representatives of the sixty-sixth congress today have completed preparations for the organization of the next house, with Representative Frank H. Gillett of Massachusetts, as speaker. Gillett was elected after one of the most spirited speakership contests in recent years.

DENIES WILSON ISSUES STATEMENT

WASHINGTON, Feb. 28.—On behalf of President Wilson, Secretary Tumulty issued a statement from the White House today denying formally that the president told members of the Congressional Foreign Affairs committee Wednesday night that the Irish question was a matter between Ireland and England, and that Ireland had no voice in the peace conference at present.

DEGREES WILL BE ISSUED UNIVERSITY STUDENTS

AUSTIN, Feb. 28.—Senator Hertzberg, of Texas, obtained an adoption of a concurrent resolution in the senate recommending to authorize the University of Texas and A. & M. college, that degrees be issued students who entered the army and who had completed three-fourths their courses.

MACOGDOCHES GETS NORMAL

As announced in yesterday's paper, the Stephen F. Austin normal will be constructed at Nacogdoches as originally planned.

The Texas legislature has voted to carry out the contract made by the state, and this has restored confidence to the people of Nacogdoches. Now it is up to Nacogdoches to make further preparations to receive the school.

One of the first things that we will have to do will be to build some more rent houses. As the matter now stands it is absolutely impossible to rent a house in this city. This is not a credit to the progressiveness of the people of Nacogdoches. We must realize this fact and get busy.

Also it is entirely probable that the prosperity and growth, and each business establishments should begin to town is entering into a new era of make preparations to handle an increased volume of business. We should have a commercial club row by all means, and yet the people are lagging in the matter. Who will be the first to make an effort in this end?

Let's get busy folks.

The Lufkin News makes much of some families that have moved to Angelina from this county. The only way we can explain the fact that families are moving must be that they want to get back to the country, as the cities and towns are growing so rapidly in this county that this has almost become impossible here.—Nacogdoches Sentinel.

Either that, or possibly they were seeking better agricultural lands upon which to grow bigger crops, with which to help feed the world. You never can tell what a fellow has in mind when he decides to leave Nacogdoches county. Yesterday I saw one he is determined to move.—Lufkin News.

And it seems that when this spirit takes possession of him he will go wherever he goes.

The dispatches announce that the seem to be some trouble brewing in the Balkan states, that is likely to disturb the peace of Europe. It is greatly to be regretted that the petty disputes and jealousies of the various smaller nations of Europe can not be forgotten in the great readjustment of the world's affairs that is being worked out.

The Carranza government is going to make public to the United States what it has done since the overthrow of the Diaz government in that country. Might have saved it though, for the United States is pretty well aware of its progress.

The British government is said to be in possession of the full plans of the Bolsheviks for 1919. With this information in advance it is to be hoped that the Allies may be able to take active measures to stamp this nuisance from the world.

Mrs. G. A. Nelson returned home yesterday from a five-week's visit to Lake Charles, La., accompanied by her daughter Miss Josie, who is just recovering from a severe illness of about three weeks. Miss Josie will remain with the homefolks until she recovers her health.

Should the allies sink the captured ships of the German navy is a question that has been worrying representatives at the peace conference for some time. The United States and England contend that they should be sunk to avoid argument, while France and Italy say that they should be apportioned among the allies. We are sure that to save further argument any one of the countries will take the whole fleet.

Now comes the former kaiser with the statement that Germany will soon repent the overthrow of the monarchy. In the change from one form of government to another, there is always more of less confusion and unrest, and quite a few disturbances. And it is possible that some may regret these changes. We will not attempt to interpret the likes or dislikes of the miserable Hun, but should he repent the overthrow of the monarchy it is our belief that he will have other things to repent for along about the same time.

ABOUT DEMONSTRATION AGENT

In reporting the abolishment of the office of county demonstration agent in this county, the Garrison News makes the following timely observations:

It is not the purpose of The News to criticize the wisdom of the court in the matter, as the members doubtless feel that they were best serving the interests of the county in doing so, but it is a fact that with the service the grade of farming in parts of Nacogdoches county had been greatly raised, and the county brought into prominence with the more progressive agricultural sections. During the last two or three years the people have not seemed to respond to the service as readily as they did in the beginning, and this in turn doubtless caused the agent to lose heart and neglect many places where he did not feel that his services were appreciated, but neither of these conditions should have weight in the analysis. A competent agent is a vital factor in bringing into closer relations with each other the advantages that are offered to the farmers through the government. The government has provided means and facilities for testing out all experiments in the most approved manner exclusively for the use of the farmers who haven't the time to spare and these superior facilities; trained specialists are also engaged to visit the different sections and be of any assistance possible to the farmers, and in abolishing the office we lose our pro rata part of it all. The News would rather provide an agent for each of the four commissioner precincts, and a competent corps of domestic science workers. The foundation of the wealth and prosperity of this county is centered in our agricultural interests, and if we do not go forward with development, we will almost surely fall backward.

It is a pity that the county is a victim of the old system.

H. E. & W. T. CLERKS ORGANIZE IN LUFKIN.

The clerks of the H. E. & W. T. railway perfected an organization in Lufkin Wednesday night at the Odd Fellows Hall in that city, with about thirty employes present, there being many out-of-town visitors present from Nacogdoches, Timpson and other points along the line.

It is said that these meetings will be held twice monthly in the city of Lufkin, and it is hoped to draw attendants from Humble on the south to Shreveport on the north. At the meeting, among other things, a delegate was elected to the National Convention, which will be held in Ohio in May.

WILL START WORK MONDAY

Contractor John Hablin, of Nacogdoches, was here yesterday making arrangements to begin work on the remodeling of the Guy Blount building on North First street, next Monday morning. This building is better known as the Hartman restaurant old stand, and later occupied by other business concerns. The improvements, among other things, will consist of a model plate-glass front, and imposing other outside and inside effects, and will be the home of the Smith Mercantile Company after all the finishing touches have been given. This will add another attractive business house to the many that the town can already boast of.—Lufkin News.

LIST OF ARMY DEATHS ARE MADE PUBLIC TODAY

(By Associated Press.)
WASHINGTON, Mar. 1.—The battle deaths during the war of all participants so far as available statistics show, were given today by General March as seven million, three hundred fifty-four thousand. This represents only the men killed in action or died of wounds. Russia led with a million six hundred thousand, Germany came second with a million six hundred thousand, and the United States last with fifty thousand.

The melon growers of Nacogdoches county, those who grow them for the market, are meeting in the City of Nacogdoches this afternoon to discuss the plans for the coming season. That is the thing to do; it would never do to overlook the melon crop of East Texas, and some of that curtailed cotton land might very well be put in melons, these red, juicy kind, that have made this section famous.—Lufkin News, Saturday.

PAROLLING PRISONERS FOR PROFIT.

An awakened public conscience some years ago decreed that the system of leasing State prisoners for the profit of the State be abolished. The State of Texas no longer farms out its prisoners to the highest bidder, but it appears from the report of the house committee which has been investigating penitentiary affairs, that through the abuse of the parole system, a practice arose than leasing has come into existence.

The parole law is a meritorious one, and properly administered, certainly ought to be kept in force. In providing that a reputable citizen may have paroled to him a prisoner, who is to sustain towards him somewhat the relation of a ward while the sentence of the prisoner runs, it opens the way for the reform of the prisoner, which is the true goal of punishment for lesser crimes, and affords opportunity for one convicted of crime to escape the hardships and disgrace of life in prison, while at the same time satisfying the demands of justice by abiding by the laws of the land in the future and performing some labor useful to society.

The parole law is of the same family of the suspended sentence act. The aim of both is to enable an offender to make amends outside prison walls and to "beat back" to usefulness and integrity.

As related in the committee's report, however, men actuated by greed are taking advantage of the good intentions of the law to have paroled to them large numbers of able-bodied prisoners, whom they are forcing to work for an insignificant wage, thereby profiting greatly from the labor of the unfortunate prisoners. Instead of going into the open labor market and buying the free labor they need, they are using the benevolence of the parole system to capitalize the misfortune of convicts for themselves. Instead of being actuated by humane and moral motives, men who secure the parole of prisoners for private profit are mocking morality and disgracing the state.

When the committee said that parolling prisoners for private profit was little short of criminal, the committee stated the case too mildly. Under the old lease system, the state received some profit from this enforced labor. It might have been argued that the prisoners owed the state something, but they certainly own private individuals nothing. The abuse of the parole system is reprehensible in a high degree, and the legislature ought to devise a way to put a stop to it speedily.

Slavery has been abolished in the United States. Parolling prisoners in bunches to profit from forced labor is a species of slavery, and Texas will not tolerate the reinstatement of slavery, if the fact be made known.

To secure a prisoner's parole, to give him employment or a home, to take a brotherly interest in him and help him to come back as an honorable and efficient member of society, is a most worthy act. This is the intent of the law, and when it is complied with, the prisoner is befriended and the state served.

When the motive in securing a prisoner's parole is greed, it becomes little less than a crime.—Houston Post.

Nacogdoches is to be congratulated. At last the legislature has voted to carry out the contract made by the State, and this means that the Stephen F. Austin Normal will be established in our sister city. Nacogdoches citizens did much heroic work in accomplishing what they set out to do, and they are due great credit for their untiring energy. Lufkin wafts felicitations.—Lufkin News.

Preparedness applies to the human body as well as to nations. A bottle of Prickly Ash Bitters on the shelf at home is the best and cheapest form of preparedness for indigestion, constipation and kidney troubles. It is the dose taken in time that wards off sickness and saves money. Price \$1.25 per bottle. Stripling, Haselwood & Co., special agents.

MONTHLY REPORT OF BAPTIST MISSIONARY

The monthly report of the county missionary of Nacogdoches county was made today at the First Baptist church. Rev. M. F. Drury, the county missionary, delivered a splendid sermon, after which luncheon was served.

The Sentinel was in error Saturday in stating that Mr. J. E. Reed died in the Spencer community. It was Mr. James E. Reese, of the Trinity community.

C. D. Stegall, who has been working with the Kirby M's stores, will arrive home today for a visit with his family, after an absence of a month.

"PROPAGANDA"

Much has been said ament the mass of literature sent out by the various bureaus and other organizations in an effort to induce the newspapers of the country to use it. It seems that some of them have caught an idea from the Germans, who formerly operated in this country, for quite a bit of the stuff is nothing but propaganda of various kinds, sent in an effort to induce the newspapers to make favorable editorial comment in their columns.

Much literature was sent out to induce the newspapers to defend the case of Tom Mooney. Now comes the following of Pastor Russell sending out all kinds of "dope" to influence public opinion in favor of pardoning some of their brethren who are now reposing in the federal penitentiary, as a result of transgressing the law in the matter of the espionage act.

It is not for the Sentinel to say whether these gentlemen are justly imprisoned. It is none of our business. But of this we are sure—the more times that an editor has to empty his wastebasket of the "dope" the less favorably inclined is he to give their claims any support.

UGLY CONDITIONS IN GERMANY.

The urgency of an early conclusion of peace is quite apparent in Germany, and the Peace Conference is beginning to realize that there is no abundance of time at its disposal. The eighth week of the conference has begun, and the whole world is conscious of suspense and anxiety which militate against security and order.

In Germany, there are grave economic conditions which can not but profoundly affect the new political order which the German people are endeavoring to establish. If, as London reports, the present German government is tottering in the confusion of a multitude of contentions democratic groups, to say nothing of the anarchists, it brings the world face to face with possibilities that may entail disaster everywhere.

If it be within the realm of possibility for the conference to reach such temporary or even tentative conclusions as may relieve the economic tension in Germany and permit a resumption of the industry and commerce, it would prove a helpful influence in the creation of the stable government here so essential to an execution of the requirements of the ultimate peace treaty.

The fact that the German nation has endured as well as it has after a crushing defeat, maintaining order during weeks of industrial prostration, with hunger and nakedness increasing, is a striking tribute to German discipline in supreme disaster. We do not mention this circumstance as having any bearing upon the ultimate treatment of Germany, for it does not. It is important, however, for the conference to consider the possibility of a German collapse that would preclude the vast scale of indemnity and reparation the conference expects to exact of the central group.

It is but natural that the entente allies should be anxious in the presence of a possibility of the utter collapse of German morale. Hence, the introduction of so many international questions having but meager if any relation to the war is anything but helpful.

Even the League of Nations itself might well await the execution of tentative or temporary agreements of an economic nature to stabilize the existing government, and render it stronger against confusion and disorder as well as against possible reactionary tendencies, which would be quite as disquieting as the anarchy that is threatened.

The millions of soldiers now demobilized in Germany can not remain idle, hungry and orderly. The salvation of the situation lies in putting the German people to work under such conditions as will permit them to obtain better food supplies and such other comforts as may enable them in an atmosphere of tranquility to sense their great problems and to organize their forces to keep the engagements which events have decreed for them.

Manifestly, it is without the province of those of us who watch the slowly evolving readjustments issuing from the conference to advise those who are grappling all the questions and problems involved in the monumental task in hand, or even to sense the difficulties and complications with which so many of the graver problems are invested, but it is not impossible for us to understand the urgent necessity of action that may prevent such a collapse in Germany as may defeat the principal objects of the conference.

It isn't a destroyed Germany that the highest considerations of justice and freedom demand, but a Germany

regenerated and disenthralled. The economic prostration of the central empires appears to be threatening the work of the Peace Conference, so even if the permanent work of the conference can not be expedited, surely temporary measures to avert disaster are possible.—Houston Post.

East Texas counties are waking up to the importance of good roads in this section, and it is refreshing to note that many miles of good roads have been contracted for. One of these days the people of Angelina county are going to wake up to the importance of good roads, and when they do, we will have good highways over here in the piney woods.—Lufkin News.

Sure we are waking up, and when you think of 105 citizens of Polk county coming from all parts of the county voting to ask the commissioner's court to order a bond election for \$800,000.00, with only two votes against it, you will see that old Polk is waking up.—Livingston Enterprise.

The same is becoming true of all counties in the East Texas piney woods. The farmers of several years ago who used to have a grudge against the automobile and good roads are acquiring the one and beginning to realize the importance of the other.

COUNTY PURCHASES ROAD GRADING MACHINE

Commissioner, G. A. Blount and County Judge J. M. Marshall came home Saturday from Dallas, where they went to purchase a road grading engine and to look carefully into the material which they are thinking of using in the repair of the court house floor.

Mr. Blount purchased a 25 H. P. Twin City road grading engine for \$857.50, and believes he made a very good deal for the county. The engine is to be shipped this week. In the repair of the floor, a substance is contemplated that will eliminate the ringing sound in the court rooms, making it more convenient and desirable.

Judge Marshall and Mr. Blount practically made a trade for the repair of the floor, but did not close the deal as they preferred to await till the court meets again and have the court o. k. this contract.

J. C. ANDERSON, Bankrupt, ORDER OF NOTICE THEREON

On this 28th day of February, 1919, on reading the foregoing it is ordered by the Court that a hearing be had upon the same on the 31st day of March, 1919, before J. W. Fitzgerald, one of the referees of said Court in Bankruptcy, at his office in Tyler, in said District, at 10 o'clock in the forenoon; and that notice thereof be published in the Nacogdoches Sentinel a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court that the clerk shall send by mail to all known creditors, copies of said petition and this order, addressed to them at their residence as stated.

Witness the Honorable Gordon Russell, Judge of the said court, and the seal thereof, at Tyler, in said district on the 28th day of February, 1919.

ESTIMATE GERMAN DEBT TO ALLIES

PARIS, Mar. 2.—The peace conference committee on reparations has estimated that twenty-four billion pounds is the amount which the enemy countries should pay to the allied and associated powers, says a Havas Agency statement today.

The French statement adds that demands for immediate payment of 1 billion pounds, part gold and the remainder in accounts payable in a period from 25 to 35 years.

SENATE AND HOUSE MAY WORK LATE TONIGHT.

(By Associated Press)
WASHINGTON, Mar. 1.—The senate and house met today prepared to remain in session until the early hours of Sunday if necessary to dispose of the great mass of legislation awaiting enactment. The possibility of a sharp contest between the democrats and republicans over the Victory Liberty Loan bill, is foreseen, which may result in calling an extra session of congress before opening the loan campaign.

RUSSIA PRESENTS SERIOUS QUESTION

(By Associated Press.)
PARIS, Feb. 28.—There is no longer no question of going on with the Prinkipo conference, Andre Tatiener, one of the French delegates to the peace conference informed the foreign newspaper correspondents today. He said the Bolsheviks had failed to comply with conditions laid down by the Entente regarding suspension of hostilities, and that the Allies have in view new methods of restoring order in Russia, and are examining available means to carry out the purpose.

SENATOR LODGE OPPOSES LEAGUE

SAYS PRESENT CONSTITUTION WOULD ENGENDER STRIFE INSTEAD PREVENT IT.

(By Associated Press.)
WASHINGTON, Feb. 28.—In his first public utterance on the league of nations since the constitution became public, Senator Lodge of Massachusetts, speaking before the senate today, solemnly warned the American people to weigh the constitution as presented to the peace conference.

The senator declared that his conviction was that instead of safeguarding the peace of the world, the league as now planned would engender strife and misunderstandings. He declared that as now drafted, the constitution would contravene the Monroe doctrine, strike at American sovereignty, involve America in all foreign disputes, substitute internationalism for nationalism, and be beneficial principally to Europe.

"Before we ratify the terms—and the language must be exact and precise—as free from any possibility of conflicting interpretation as it is possible to make them," the senator said.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:
"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

NACOGDOCHES TRADITIONS.

Old land marks is an oft told tale that never grows stale, and memory clings to them sacredly. Names of prominent pioneers in each locality are connected with them, and are thereby perpetuated. Forbes Hill, Irion Hill, Orton Hill, Goyes Hill, Simpson Hill, Tyler road, Douglas road, Durst road, and others, lead to inquiry as to why and how, come these names.

When the town of Nacogdoches was in fancy, it was truly out in the woods and over on the creek. There was no road into the town that was worthy to be called a road. There were trails and paths leading in and out. The biggest one of these trails evolved into what is now the old San Antonio road, coming from Natchitoches, 100 miles east. It sought the best way to pass around the hills and cross streams. To reach Nacogdoches it swung around a bad hill and crossing on the Carisco creek five miles east and came to the hill on the eastern side of town. It first came down a ravine or hollow, northward from its present route, crossing the Lanana creek at a point where it had low banks and no bridge.

This road led on through town westward, crossing Banita Bayou near where the Banita Hotel now stands, and ascending the big Iron Hill up the ravine that runs on the south side of the present road, and forked at the summit as it now does, going to the Durst crossing on the Angelina river, and the Linwood crossing above. Thick woods of heavy timber grew all along the road, even into town, and it was simply a tortuous rough country road.

Soon after the battle of San Jacinto, 1836 adventurous settlers poured into Texas by way of this road. Among them was Dr. R. A. Irion, a scholarly physician, who became secretary of State in the Republic of Texas under Gen. Houston. He soon married the best girl in town, Miss Anna Raguet, and became a leading doctor, and selected a home site on the pinnacle of the big hill west of town. Thus originated Irion Hill. His previous personal history was remarkable, but that need not be recited here.

Soon after this, 1840, came Sidney Maury Orton, from Tennessee, and chose a homesite in the woods east of town, on the pinnacle of the hill that took his name.

Orton and Irion became warm, congenial friends, and so did their children, even to their death. These two friends could look across the crags and the town between and see each other's house after the dense forest was cut out. They took sight and located a road that passed the houses of both and became Main street, after great work and worry, clearing, grading and directing travel.

Forbes Hill was in like manner the home of Col. John Forbes, standing about where Dr. Campbell's house now stands. It was in a like manner over in the woods on the Spanish Bluff road, that meandered up the ravine. All of these men were interesting characters.

So the roads, these hills, and these pioneers are worthy of remembrance as old land marks of note. They made history. Their descendants are extant in the land and show the blood. There are many others of equal importance.

TO AVOID AND RELIEVE INFLUENZA

By Dr. Franklin Duane.
Many people have been frightened by what they have read or heard of influenza. The more you fear the disease, the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact through sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headaches, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save your strength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some such mild and non-irritating physic as Dr. Pierce's Pleasant Pellets. Drink principally hot lemonade and tea cover up with plenty of clothes in bed so as to get a good sweat. When sweating is free and the fever reduced take a dose of two Anuric Tablets every four hours, followed by drinking at least a glass or two of hot water. Anuric Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in the same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dryness in the throat.

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength, insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron tonic tablet called "Ironic" or that well-known herbal tonic, Dr. Williams' Pink Pills, which has been used by thousands in Pierce's Golden Medical Discovery, the past two generations.

SENDS MANY SOUVENIRS TO MOTHER FROM FRANCE

Mrs. E. R. Ashley, of Decoy, was in the city today, and called at this office, with an assortment of souvenirs and relics from France that are very interesting.

The assortment contained pieces from the Cathedral of Verdun, destroyed by the shells of the Germans, a piece of an ivory door knob, and a piece of a robe, found in the cathedral of Marguerite, at Verdun. The assortment also contained shells of all kinds, from the 75 m. m. on down to those of smaller caliber. Quite an interesting feature in connection with the shells is the fact that Pvt. Ashley had carved all kinds of ornaments and inscriptions on them himself. There was also a paper knife, with a shell for a handle. In the collection were all kinds of French and Canadian coins, and a French pocket knife, many post cards and other souvenirs from France and Germany.

Pvt. Ashley says that he has other souvenirs, which he will bring with him when he comes home, as he did not wish to risk them in the mails.

BILL PROPOSES ENGLISH BE OFFICIAL TEXAS LANGUAGE

AUSTIN, Mar. 4.—A bill proposing that English shall be the official language in Texas, and proposing to restrict the use of other languages in the state was introduced in the house of the Texas legislature.

Under the plan of the bill all state and county officials would be required to transact official business in English. No books kept in any other language than English would be admitted as evidence in suits.

An anti-tipping bill has been introduced in the legislature. Its author says that he thinks that the employees of hotels would prefer working for a salary instead of depending upon tips for the major portion of their wages and that the public needs protection.

Six bills, which have for their purpose the raising of general revenue have been introduced in the house of the Texas legislature. The bills, written by Representative John F. Davis of Dallas, and with the sanction of the house committee on revenue and taxation propose a gross production tax of 2 per cent on sulphur, salt, coal, gas and quicksilver mined in the state, and a 2 per cent gross tax on wharf companies.

It is estimated that if these bills become laws between \$2,000,000 and \$3,000,000 a year will be realized from the taxes. The author of the measure states, however, that they are all more or less tentative, and that the rates may be raised or lowered during the consideration of them. He says that the committee on revenue and taxation is faced with the problem of raising additional revenue, and these measures are an effort to meet the problem.

Estimated appropriations to be made exceed the present revenue of the state approximately \$4,000,000 and the appropriation committee is working upon the assumption that new legislation will raise revenue to meet the deficiency.

One measure, a gross production tax of 2 per cent on oil produced in the state, has been passed by the house. It is estimated that this tax would bring \$2,000,000 revenue.

LOAN SHARK IS FOUND GUILTY

By Associated Press HOUSTON, Feb. 27.—Award of damages of \$400 and punitive damages of \$3500 has been made to Will Cooper, a negro, by the supreme court of Texas in a decision handed down in the case of an alleged "loan shark" agency affirming the case of Will Cooper versus Almon Cotton. Cotton, it was said, conducted a loan agency. The case which has been in the courts since 1912 was based on a charge of usury on the part of the defendant.

Testimony also brought out that in the latter part of 1911 much interest was aroused in Houston over certain "loan shark" business through which a number of agencies charged usurious interest on small loans.

Facts in Cooper's case show that he borrowed only \$15 from Cotton making an assignment of his wages as security. The railway company for which Cooper was working had a regulation against employees assigning their salary and provided for discharge for violation of the regulation. Within the seven months that followed Cotton was paid \$15 and, an addition, received from Cooper \$33 interest, according to testimony adduced in court here in 1912, in a suit by Cotton. Cooper lost his position as the result of the suit.

Cooper then filed suit against Cotton in the same year. An appeal of decision was made to the civil court of San Antonio by which court the case was affirmed. The supreme court first denied application for writ of error, then, on motion for rehearing granted the writ. The case was then submitted to the supreme court December 10, 1918, and affirmed last week.

Cooper's suit was based on the fact that under the law the principal and the highest rate of interest allowed by law has been paid on a debt, then power of attorney giving is lawfully discharged.

"STORY OF NO. 40"

40 years ago an old doctor was putting up a medicine for diseases of the blood, that cured the worst cases of specific blood poison, and time proved that the cures were permanent. After many years I secured the prescription (being a druggist), and took each ingredient separately and referred to my U. S. Dispensary and other authoritative books on medicine and found the medical properties set down as follows: "Employed in diseases of the granular system in blood poison, scrofula, constipation, stomach and liver troubles, chronic rheumatic, catarrh, in sores, ulcers, skin eruptions, mercurial and lead poisoning. Under its use nodes, tumors scrofulous swellings that have withstood all other treatment as if by magic." To commemorate my fortieth year as a druggist I named this medicine "Number 40 for the blood." J. C. Mendenhall, Evansville, Ind.

MARTHA'S VINEYARD HUN U-BOAT BASE!

Startling Theory Suggested in "The False Faces"

Louis Joseph Vance, author of "The False Faces," the Paramount-Artcraft special picture produced by Thomas H. Ince and starring Henry B. Walthall, conceived an original idea when he suggested in the story the possibility of a U-Boat base on Martha's Vineyard. The recent activity of the Hun submarines along the coast of America indicate at least the plausibility of the idea.

This picture, which possesses, it is said, remarkable attributes, such as thrill, suspense, imagination and romance in high degree, will be seen at the Queen Theatre next Thursday. A fine cast has been provided to support Mr. Walthall, and Irvin Willat directed the production. The picture is based on a serial story which was published in the Saturday Evening Post last spring.

IMPORTANT MASS MEETING MONDAY

One of the most vital mass meetings ever held to consider the welfare of Nacogdoches will be held Monday night at the court house. The meeting will be held to consider questions relating to the normal, and it is hoped that every citizen in the town will be present.

Superintendent R. F. Davis, who has spent considerable time at Austin during this session of the legislature, while that body was attempting to repeal the appropriation which would have killed the normal here and at Kingsville, has a plan which he wishes to unfold to the people, which he believes will have an influence toward creating a friendship among the representatives of the surrounding counties for our normal.

About twenty business men gathered at the city hall Tuesday evening to hear Mr. Davis make a report on the situation, and at this meeting Mr. Davis related what he had in mind and the plan met the approval of all present. However these business men considered the matter of such importance that they thought it best to call a mass meeting so that the entire citizenship of the city might become familiar with the situation and learn how they might help toward bringing here the institution which they so wholeheartedly supported a couple of years ago.

It is the opinion of those best informed that Nacogdoches stands a good chance to get the normal, and perhaps get it before our people had hoped it would be possible. If this is accomplished it will require another concerted effort on the part of the citizenship such as was put forth a couple of years ago when Nacogdoches made such a magnificent fight for the location and changed those who were prejudiced against the location of the normal here to enthusiastic supporters of this place.

In the meeting Tuesday afternoon it was pointed out that Nacogdoches did herself a wonderful amount of good through the effort she put forth to secure the normal location. Her people were brought closer together and made to realize more fully the splendid advantages the city enjoys. The clean-up campaign which was put on at that time injected a spirit of civic pride in the people of the city which has not entirely disappeared to this day.

A revival of this nature may be one of the things discussed at the mass meeting, but it will not be the major subject. To lend a little entertainment to the meeting, the band has been secured and a good program will be ready.

The meeting will be at 7:30 and

RAILWAY OFFICIAL WARNS FARMERS TO ORDER FERTILIZER AT ONCE.

Regional Director Winchell Finds Situation Is Becoming Precarious and Urges Farmers Not to Delay Till Last Moment.

The following statement has been issued to the press by the United States Regional Director of Railways, about the fertilizer movement:

"Please let me say a word to our farmer patrons. "The normal yearly movement of fertilizers in this region runs from three million to five million tons. This means, in round figures, 160,000 carloads to be handled.

"Ordinarily most of this very large item of traffic is thrown on the railroads in the months of January, February and March. Great activity on their part is necessary to handle the same well.

"By February 10 at least 40 per cent of the whole fertilizer tonnage has usually been shipped, but this year less than 10 per cent has moved so far; that is to say, the movement up to date is about 50,000 cars short of what it should have been.

"It is easy for you to see what I fear.

"A flood of business at the last moment cannot be moved to the satisfaction of our patrons and complaints will surely follow. We are anxious to avoid complaints, but it is obvious that we cannot move all of this tonnage at one time. In order to do the job right it is necessary that it be well distributed throughout the whole three months.

"During the past four or five weeks car conditions and weather have been favorable, but the fertilizers have not moved freely and immediate activity is now necessary to avoid a condition which will be serious alike to the farmers and the railroads."

SHOULD FERTILIZERS FOR COTTON BE REDUCED?

C. A. Whittle, Soil Improvement Committee, Atlanta, Ga.

Fertilizers should be applied in kind and quantity that experience has taught will bring the largest profits to the farmer. No more, no less.

Profits in cotton production largely depend upon two factors, labor and fertilizers. Both are now high in price.

Cotton requires a large amount of labor, more labor than any other general field crop. Therefore, when the cost of labor increases, the profits of cotton production decrease rapidly and are easily wiped out. Because cotton is so burdened with labor cost, it follows that profits in producing it depend upon increasing the yield per acre; it depends upon it more than most other crops. As a matter of fact, a great deal of the cotton lands of the South are hardly fertile enough to pay the labor cost of producing a crop of cotton. Therefore, fertilizers have been depended upon to give the farmer the only profit he could expect to get out of producing the crop. It is plain, then, that to cut down fertilizer applications would mean simply cutting down the farmers' profits. It also seems to be clear that any farmer having any kind of land can not afford to let high labor cost sweep away his profits through a failure to use the necessary amount of fertilizers.

Fertilizers are high priced, it is true. But, after all, it is not so much the price as the profit-producing power of the fertilizers that should be a guide. Fertilizers increase yields at the lowest possible labor cost. In other words, they save labor, and since labor is the biggest and most expensive factor in making a crop of cotton, then fertilizers save expense and make profits more certain.

that don't mean 8:30. Let everyone come and hear what will be said in this matter toward bringing the normal here and other things tending to make a bigger and better city.

LEAGUE NATIONS PANDORA OF EVILS

SENATOR SHERMAN, REPUBLICAN OF ILLINOIS CRITICIZES PRESIDENT WILSON.

By Associated Press. WASHINGTON, Mar. 3.—The constitution of the league of nations as presented at the peace conference, was pictured at the senate today by Senator Sherman, republican member of Illinois, as a Pandora box full of evils which would imply upon the American people the aggregated calamities of the world.

Sherman criticized Wilson, asking who authorized him to "rear above the republic and autocratic power." He added that the power was not found in the constitution of the United States, nor was it implied from the undefined war powers, and gave it as his opinion that the President had been acting either as an "usurper or dictator."

The senator urged that the warnings of the founders of the American government to let Europe settle her own quarrels be regarded now, advising that when the United States went to war against the common danger it did not bind itself in perpetual alliance to draw the sword whenever and so long as the majority of the European governments voted upon it.

SENATE OPPOSES COTTON ACREAGE REDUCTION

AUSTIN, Feb. 28.—The Texas senate went on record today as being opposed to reduction of the cotton acreage, when a resolution was offered by Senator Westbrook, of Fort, was voted down. The resolution proposed that the cotton acreage be reduced one-third from last year's production of cotton.

Why Colds Are Dangerous.

You are often told to "beware of colds," but why? We will tell you. Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on the more danger, especially from the germ dis-

EVERYBODY IS NOW FIGURING INCOME TAX

In Order to Be Helpful to Public, Internal Revenue Bureau Has Every Available Officer in Field.

SEVERE PENALTIES IF YOU DELAY BEYOND MARCH 15

With the due date for Income Taxes only a few weeks away, the collection of this far-reaching tax on 1918 incomes has started off with a bang. Everybody is figuring income tax.

Payments and sworn statements of income must reach Internal Revenue offices on or before March 15, and there are severe penalties for delinquency. Residents of Texas are required to make their returns and pay their taxes to Alexander S. Walker, Collector of Internal Revenue, Austin, Tex., or to deputy collectors who are now doing free advisory work on Income Tax.

"Pay your Income Tax by March 15," is the slogan of the Internal Revenue Bureau, which has sent every available officer into the field to help the public to understand the requirements and to prepare the returns.

Who Must Make Return.
It is estimated that many thousands of single and married persons in this section of the United States who have never before made annual returns are required to do so this year.

Income tax returns must be made between now and March 15 by persons who come under the following classifications:

Any unmarried person whose 1918 net income was \$1,000 or over. Widows and widowers, divorcees and married persons who are living apart from their husbands or wives, are for the purposes of the Income Tax classed as unmarried.

Any married person living with wife or husband whose 1918 net income was \$2,000 or over. The income of both husband and wife must be considered, together with the earnings of minor children, if any.

Revenue Bureau Offers Aid.

Each person in the United States who is in either of these classifications must get busy at once if penalties are to be avoided. He should secure a blank Form 1040 A for reporting net income up to \$5,000, or Form 1040 if his net income exceeded that amount. Forms are being distributed by Collectors and their Deputies, also by banks. By following the instructions on the forms a correct return can be prepared at home. If a person needs advice or aid, the Deputy Collectors in the field will furnish this without charge.

The new Revenue law places the Income Tax duty on citizens and residents. The Internal Revenue Bureau is sending its men to work right with the public to get the tax and the returns in. With active co-operation, every tax due March 15 will be paid and every return required by law will be in the Revenue offices on time.

Exemptions Allowed.

A single person is allowed a personal exemption of \$1,000. If he is supporting in his household relatives who are dependent upon him, he may claim the status of the head of a family who has the same exemption as if married.

A married person, who lives with wife or husband, is allowed a personal exemption of \$2,000. The head of a family is entitled to claim a similar personal exemption.

An additional exemption of \$200 is allowed for each person under eighteen or incapable of self support, who was dependent upon and received his chief support from the taxpayer.

A husband and wife living together are entitled to but one personal exemption of \$2,000. If they make separate returns, the exemption may be claimed by either or divided.

Accuracy Required.

Absolute accuracy is necessary in making up income figures. Any person who is working for wages should find out exactly how much he received during the whole year 1918. Fees, bank interest, bond interest, dividends, rents received, and all other items must be reported correctly. Mere guesses are not accepted, for they are unjust alike to the taxpayer and the Government, and defeat the proper administration of the law.

PAY AND FILE INCOME TAX BEFORE MAR. 15

U. S. Internal Revenue Bureau Gives Warning That Severe Penalties Will Be Enforced.

WOMEN WITHIN LAW'S SCOPE; HOW THEY REPORT INCOME

The Income Tax drive comes to a close on Saturday night, March 15.

All payments and returns due on that date under the provisions of the new Revenue Law must be in the hands of local Internal Revenue Collectors before their offices close that night.

The Income Tax is being collected to meet the war expenses. Every person who shouted and tooted his horn on Armistice Day is now called upon to contribute his share of the cost of winning the war.

The laggards and the dodgers will face severe fines and jail sentences. The Internal Revenue Bureau announces that its officers will check us all up to see that every person who comes within the scope of the Income Tax law did his share.

Where to Pay and File.

Residents of Texas are required to make their returns and pay their taxes to Alexander S. Walker, Collector of Internal Revenue, Austin, Tex., or to deputy collectors who are now doing free advisory work on Income Tax.

Payments sent by mail should be attached to the returns and should be in the form of check, money order or draft. Cash payments by mail are sent at the taxpayer's risk of loss.

If you are unable to make your return personally because of illness, absence or incapacity, an agent or legal representative may make your return.

If there are any doubtful points as to your items of income or allowable deductions, you should get in touch at once with a Revenue officer or a banker for advice.

Women Pay Tax.

Women are subject to all the requirements of the Income Tax. Whether single or married, a woman's income from all sources must be considered.

If unmarried, or if living apart from her husband, she must make her return for 1918 if her net income was \$1,000 or over.

If married and living with her husband, her income must be considered with the husband's in determining the liability for a return. Their joint income, less the credits allowed by law, is subject to normal tax. The wife's net income is considered separately in computing any surtax that may be due.

Husband and wife file jointly, as a rule. If the husband does not include his wife's income in his return, the wife must file a separate return.

Severe Penalties.

The new Revenue Law places severe penalties on a person who fails to make return on time, refuses to make return or renders a fraudulent return. For failure to make return and pay tax on time a fine of not more than \$1,000 is named, and 25 per cent of the tax due is added to the assessment. For refusing willfully to make return, or for making a false or fraudulent return there is a fine of not exceeding \$10,000 and imprisonment of not exceeding one year, or both.

Farmers' Income Taxable.

Every farmer and ranchman who had a fair or a good year in 1918 must heed the Income Tax this year. He must consider all his income as taxable. He is entitled to deduct from his gross income all amounts expended in carrying on his farm. The cost of farm machinery, farm buildings and improvements cannot be deducted. The cost of live stock, either for resale or for breeding purposes, is also regarded as investment.

Overtime and Bonuses Taxed.

Salary and wage-earners must consider as taxable every item received from employers and from other sources. Bonuses and overtime pay are to be reported, as well as the regular payments.

Allowances for Losses.

Losses sustained in 1918 and not covered by insurance are deductible items if incurred in the taxpayer's business or trade, in any transaction undertaken for profit or arising from fire, storm, shipwreck or other casualty, or from theft.

THIS TELLS HOW TO FIGURE INCOME TAX

Squarely Up to Every Individual to Get Busy by March 15 or Suffer Penalty.

"Don't wait until the final due date, March 15th, for paying your Income Tax and making your return. Avoid the last minute rush. Any person can figure out his liability today as well as he can next week, and if there is any point on which he needs advice he can now get in touch with a Revenue man."

This word of advice is from Alexander S. Walker, Collector of Internal Revenue, Austin, who is collecting the Income Tax in Texas. Collector Walker is giving without charge every aid of his office and his enlarged field force to help the people get their payments and their returns in by March 15th.

But the Income Tax men will not pull your door-bell or your coat-tails, according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

Did You Earn This Much?

Every unmarried person who received income averaging \$19.25 a week during 1918 and every married couple who jointly received income averaging \$38.50 a week should secure at once from the nearest Deputy Collector or the nearest bank a blank Form 1040 A. That form contains the information he will need to enable him to figure his correct net income and any tax that he owes the Government.

The law requires that every unmarried person who had a net income of \$1,000 or over and every married person whose net income was \$2,000 or over (including the income of husband or wife, and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

Taxable Income.

An individual must include under gross income all gains, profits and income derived from salaries, wages, or compensation for personal service of whatever kind and in whatever form paid, or from professions, vocations, business, sales or dealings in property of all kinds, interest, rent, dividends, or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses, interest paid or accrued on indebtedness, taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless, and depreciation on buildings, machinery, fixtures, etc., used in business. A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

The taxpayer is not allowed to deduct any personal, living or family expense, any amount spent for improving property, or any expense of restoring property or making good its exhaustion for which an allowance is claimed under depreciation.

Figuring the Tax.

Before figuring the normal tax the dividends are deducted as credits from net income, together with the personal exemption. As in previous years, dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first \$4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of \$5,000. The personal exemption and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding \$5,000, and the instructions on that form will show how to figure the surtax.

Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of \$1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector. Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

INCOME TAX PAYS FOR PUBLIC BENEFITS.

"Viewed in its largest and *
* truest sense, the payment of *
* taxes is payment for benefits *
* received or expected. Only from *
* a narrow and essentially selfish *
* and shortsighted viewpoint can *
* the individual propose to him- *
* self the evasion of tax liability *
* as a desirable course of action." *

Who Benefits By High Prices?

You, feel that retail meat prices are too high. Your retailer says he has to pay higher prices to the packers.

Swift & Company prove that out of every dollar the retailer pays to the packers for meat, 2 cents is for packers' profit, 13 cents is for operating expenses, and 85 cents goes to the stock raiser; and that the prices of live stock and meat move up and down together.

The live-stock raiser points to rising costs of raising live stock. Labor reminds us that higher wages must go hand in hand with the new cost of living.

No one, apparently, is responsible. No one, apparently, is benefited by higher prices and higher income.

We are all living on a high-priced scale. One trouble is, that the number of dollars has multiplied faster than the quantity of goods, so that each dollar buys less than formerly.

GREAT CONGRESS PASSES IN HISTORY

(By Associated Press.)
 WASHINGTON, Mar. 4.—Congress adjourned at noon today in the midst of a republican filibuster in the senate that killed a long list of important measures. Among the bills that failed was an appropriation for the railroads administration.

There was no turning back of the clocks. The democratic leaders realized the situation was hopeless, and the gavel ended the long great war session, and the Sixty-fifth congress actually tapped at noon.

The spokesman of the administration said that the failure of this measure would necessarily mean the almost immediate return of the railroads to the owners, because the government could not retain and finance them without an appropriation.

The 65th or great war congress passed into history today with final taps of the gavel by Vice-President Marshall and Speaker Clark at noon. Failure of scores of important bills gave promise of early convening for reconstruction legislation of the new congress in extraordinary session, in which control passes from the democratic party to the republicans.

Unusual scenes of confusion in the final rush to complete its work accompanied the closing hours of congress, in which President Wilson, just back from France in his room off the senate chamber, hastily signed many last-moment measures.

Stupendous was the record of the congress, which carried the nation into and through the war and which had been in almost continuous session since it was called by President Wilson in to extraordinary session April 2, 1917, to declare war against Germany. It appropriated about \$60,000,000,000, authorized \$25,000,000,000 in bonds, and enacted countless measures for prosecuting the war and of domestic import. The new congress will take up the limitless task of reconstruction problems, ratification of the peace treaty and other vital questions, probably immediately after the return of President Wilson from his second visit to France.

Special features of the Sixty-fifth congress were many addresses by President Wilson, including those recommending war with Germany and Austria, that of Jan. 8, 1917, enunciating his famous fourteen principles of peace, and those endorsing woman suffrage, announcing the armistice terms imposed upon Germany last November and, his recent address, detailing accomplishments of his work at Paris.

There were three sessions of the congress. The first, extra session, met April 2, 1917, following shortly after the turbulent and successful senate filibuster on the administration armed ship bill which marked the close of the sixty-fourth congress. The dramatic night address of President Wilson to urge war with Germany, which was promptly declared, marked the opening of the extra session, called but a few weeks after the president's inauguration for a second term. The session closed October 6, 1917, lasting 188 days. The second session—lasting 354 days and the longest in the history of American government—began Dec. 3, 1917, and adjourned November 21, last. The third and final session which ended today began Dec. 2, last, and was the statutory short session of 93 days.

Substantial democratic majorities in both senate and house since President Wilson's inauguration six years ago now have passed. In the new congress, the senate will have 49 republicans and 47 democrats and the house 238 republicans and 193 democrats, 1 socialist, 2 independents and one prohibitionist.

Many veterans in both houses retired with today's adjournment. In the senate these included Senators Saulsbury, of Del., president pro tempore; Lewis of Ill., democratic whip; Shaforth of Colo., Thompson of Kansas; Hardwick of Georgia, Hollis of New Hampshire, and Vardaman of Mississippi; Goff of West Virginia, Smith of Michigan and Weeks of Massachusetts. Among prominent representatives whose services ended were Miss Jeanette Rankin of Montana, the first woman elected to the house; Meyer London of New York, socialist; Swager Sherley of Kentucky, chairman of the appropriations committee; Hayes, California; Keating, Colorado, Powers of Kentucky, Foster, Illinois, Cox, Barnhart and Dixon of Indiana; Miller, Minnesota; Borland, Missouri; Parker, New Jersey, Gordon, Ohio; Farr, Pennsylvania; O'Shaunnessy, Rhode Island; Slayden, Gregg and Dies, Texas; and Cooper and Stafford of Wisconsin.

New members of the next congress include Senators-elect Harrison, Mississippi, Harris, Georgia; Stanley, Kentucky, Capper, Kansas; Edge, New Jersey; Elkins, West Virginia; McCormick, Illinois; Newberry, Michi-

gan; and Wash, Massachusetts. Partisan politics, although it caused the mandate for change from democratic to republican control of congress, was largely buried during the war period, war measures being hastily rushed through with big bipartisan majorities. Many acute controversies, however, marked the congress. Among these were the 1917-1918 question of war efficiency, developed from an investigation of the senate military committee and reaching a climax in the dispute between President Wilson and Senator Chamberlain of Oregon, chairman of the committee. Others involved the league of nations, the Overman bill conferring unlimited authority on the president to reorganize government departments, government control of railroads and the food control act.

During the first session of the congress, devoted largely to prosecution of the war, among the important measures passed were:

The war declaration against Germany, signed April 6, 1917; the selective draft act; the law for seizure of interned German ships; the war risk insurance bureau act; the first war revenue bill; the food and fuel control law; the daylight saving measure; the initial and record-breaking aviation appropriation of \$640,000,000; the trading with the enemy act; and measures providing for soldiers and sailors insurance and protection of their civil rights at home.

Outstanding measures of the second, long session, were: The Austrian war declaration; the national prohibition resolution; the Webb export trade act, the alien property custodian bill; the laws for government control of railroads; telegraphs, telephones, cables and radio utilities; the second draft law; the War Finance Corporation act and the Overman reorganization bill.

During the last session, completion of the \$6,000,000,000 revenue bill was the chief accomplishment in addition to completion of waterpower, oil gas, and coal land development legislation, authorization of additional bonds and the huge annual appropriation bills. Woman suffrage also was a much-debated topic, but was defeated in the senate last month, 35 to 17, lacking the necessary two thirds by margin of one vote, after the resolution proposing submission of an equal suffrage amendment to the constitution had been adopted by the house on Jan. 10, 1917, by a vote of 274 to 136. The campaign for its adoption will be rewarded in the new congress.

Investigations by both senate and house committees were numerous throughout the three sessions. Among these were the inquiry into Jisoyalty, charges against Senator La Follette of Wisconsin, which recently ended in a vote dismissing the charges. Other important inquiries, in addition to the senate military committee's general army investigation, were those into radical, pro-German and brewer's propaganda, activities of the national security league, regulation of the meat industry; the railroad question, into coal and sugar conditions; the Ford-Newberry senatorial election contest from Michigan, and the Hog Island shipbuilding enterprise.

The senate confirmed thousands of nominations. It ratified treaties for acquisition of the Virgin Islands, for reciprocal drafting of aliens and several commercial and arbitration treaties. Despite the support of President Wilson, the \$25,000,000 Colombia treaty again failed.

SOLDIER'S LETTER

A. E. F., France, Jan. 19, 1919.
 Mr. M. D. Stoker.
 My Dear Father:

I will drop you a few lines to let you know that I am o.k. I am not doing anything now. I think I will start home soon. Don't know just when. I was at Paris last week, Paris is a fine town. I like it much better than London. I was at London. Am now at Mailey, which is about 90 miles east of Paris, near Verdun. I have had a fine time in France. Drove a truck all over it. Have enjoyed myself ever since I have been here. Don't know what I will do when I get back. Save my money for I will need it to buy clothes with. I make \$36 per month and pay \$6.00 per month insurance.

I draw only 81 francs per month and I spent it all and could spend more. This is a fine place to spend money, and have a good time. It isn't very cold here, but rains all the time. Today is the first time. I have seen the sun in 3 months. We have had 2 snows this winter.

Answer my letter soon so I will get it before I start home.
 Hope mother received the present.
 Hope to see you all in March.

Your son,
BEATRICE STOKER.

Mrs. S. M. King of Beaumont arrived today for a week-end visit with friends.

MUSIC AND THE WAR

The salutary effect of good music is more than ever recognized by people of all classes. No less a personage than General Pershing says that music made large contribution toward winning the war.

Music is inspiring to the intellect, elevating to the morals, reining to the soul, and even makes its contribution to the health of the body.

Believing that music has a vital place in holy worship, the stewards in counsel with the pastor have requested that the choir prepare a special musical program for the service at the Methodist church for next Sunday morning March 2nd to which the general public is cordially invited.

In addition to the special numbers by selected singers, there will be also some of the grand old hymns that our fathers and mothers used to sing. Let us make it a great good day—"Membership Day".

The baptism of infants will be attended to at the beginning of the service. Parents are requested to be present with their children promptly at eleven o'clock.

New members will also be received at this service. The work of this church is moving along fine in all of its departments. Let us make it still better with each recurring week. "All at it always at it."
 J. L. Massey, Pastor.

DISTRICT COURT

The State of Texas vs. R. E. Means, for cutting a telephone wire, was tried yesterday afternoon, and the jury is still out, and will probably not reach an agreement.

In the case of Myrtle Johnson vs. W. H. Johnson, suit for divorce, granted.

This is about all that will be tried by the court this week. Next Monday the case of Samantha Roebuck vs. Drake Williams, transferred from San Augustine county, for murder, will be taken up.

URGES LEAGUE BE AMENDED

(By Associated Press.)
 WASHINGTON, Mar. 3.—Following the address of Senator Sherman in the senate today Senator McCumber, of North Dakota, republican member of the Foreign Relations Committee, urged that the United States become a party to the league for preserving world peace. He urged an amendment in the league charter so there would be no possibility of surrender of any of American sovereignty or Monroe doctrine.

Spring is Here

We wish to call your special attention to our line of SPRING MILLINERY, which is larger and better this season than ever before. Every day we are receiving new Hats by express, and we invite you to pay our Millinery Department a visit. We carry only the latest styles, and our prices are about one half of what you pay elsewhere. That's why our Millinery Department has been such a great success.

We also wish to announce the arrival of an extra large shipment of the latest Spring Ginghams, in Plaids, Stripes and Checks, and a beautiful assortment of patterns. These ginghams would be considered extra good values at 35c, but as a spring opening offer, we are placing the entire lot at the special price of 24 1-2c yd.

There is a reason why you should trade with us; we carry only the best quality; our styles are the very latest, and our prices are about one half.

Batteries? Only One for Me

If you saw batteries every day as I do you'd say the same, and your choice—like mine—would be Willard every time.

You'd know—as I do—that every Willard Battery is built to give full battery value for every penny that's paid for it—that every piece of insulation, every plate, every jar, is known to be right before it leaves the factory.

We keep a complete stock of Willard Batteries—and can supply a new one fully charged and ready for use on your car. If you need battery repairs, we'll furnish you with a rental battery, so that your car can be kept constantly in service.

Dry Batteries—every one brand new. You don't take any risk—either of delay or of getting one new as the day it left the factory.

SOLDIER'S LETTER.

At Sea S. S. Huron, Sun. Feb. 23, 1919. Dear Everybody:

We'll be at last nearing the shore of the United States, after quite a sojourn aboard of many hardships and much misery. We left Andard a cold rainy night at 2:00 o'clock and hiked with heavy packs about nine miles in the rain to Angers where we took a frog freight train to St. Nazaire, which French port we sailed from. We remained at St. Nazaire 14 days, in an isolation camp, living on beans one day and slum the next. It was very nice. We went through examinations every day for all known diseases. Those that were minus all of them sailed after two weeks. We sailed on the U. S. S. Huron a large ship. Have had a very hard, tough trip, however. Tomorrow will be 14 days we have been on the water. Sure has been a monotonous dreary trip. The ocean is bad enough in the summer, much less in the winter. The whole A. E. F. will be land lubbers as Florence used to say, after they cross this ocean. All of us got sea sick this trip. It is as bad or worse than any one ever tried to explain. We had gargable cans all over the ship, and from 10 to 15 were around them constantly. The ocean has been awfully stormy and rough, during the past 13 days. It has nearly been impossible to walk from one part of the vessel to the other. Had an accident to the ship the other day. A sixty-mile gale was blowing and the ship listed so far on the side that the life boats from the third deck nearly touched the water. A big wave came over the ship and washed a bunch of the boys against the iron railing. Several in our battery got severely hurt. One young fellow named Hollingsworth in our battery had both legs broken. He died last night. He sure was a good fellow. We were great chums while we were in France.

His home was in Beaumont, and he married only a few days before we left Galveston, but such is life, as Nathan Doches, and I came near getting hurt Dale says. Old Minton, a boy from too. We held on the rail with our feet over the water about two feet from us when the vessel righted, we sure beat it below.

Well, us fellows didn't shed any tears on leaving France. France and all other countries are absolutely out of the question. The U. S. is all of it. We haven't sighted land, yet, but they say we will tomorrow. Some joy full sight, say we. We will really feel like kissing the shore like Columbus did.

Oh, to see an apple, orange, banana candy, malted milk, peanut butter, imagine a country with nothing—that's France. Never even saw any syrup.

Say, we land at Newport News, Va. Hope we get our mail there. Haven't had any mail in two months. Held in the States, we heard. Don't know if we will get it or not. Don't think we will be at Newport News very long, and we will be home very soon.

Guess that we are about the happiest bunch that ever was. Gee, it mostly seems like a dream. Am absolutely crazy to see you all. We did not allow ourselves to think about home while we were in France, but that is about all that we have done on our way back home.

This boat is jumping every way, so excuse this writing. Will write again when we land and learn some news. Lots of love to all,

Newport News, Va., Feb. 24, 1919.

Dear Everybody: Have just landed, and marched out to Camp Stewart. Gee, it seems heavenly to again be on terra firma, and especially in the Etat-Unis, as the French call the U. S. The United States is heaven compared to any other country. Every fellow in the regiment felt hugging everything we met this a. m. Thought we would go mad when we were crossing a large bridge and a fast passenger train on the Chesapeake & Ohio railroad passed. It was the first honest-to-goodness train we have seen in oh, so long, and the large street cars and lights! My, everything seems strange. Two hands met us and we were given a great welcome by the city and the school children of the different schools. One preacher who learned a bunch of us were from Texas ran up and down the streets crying, "Hurrah for Texas! We are at present quarantined. We will be de coteized tomorrow, and think we will be free to see the sights, shows and etc. of the city after then. Don't know what our plans are at present. From what I can gather we will not be here but a short time—not over a week. And then will be rushed back to Texas and discharged (tout-suite) French for quickly, so we will probably be home very shortly—happy thought! We have all certainly been through our share of hardships and misery, but it has about all ended now, so we should worry. 'Tis fine to again write

a letter that won't be censored—that won't be a year on the road. Can imagine how we feel tonight. Have got a real cot, and even a mattress to sleep on. The first bed that we have slept on since the last night that we spent at Upton, N. Y., before leaving. Have even got a big stove and a hot fire, the first stove and fire we have had this winter. Have also got running water and a place to wash—can you imagine it! At present am sitting in a warm Y. M. C. A. eating at intervals a banana, apple, orange, box of Zu-Zu's, box of dates and marshmallows. Suppose we will be sick, but every guy is doing it. A Victrola is playing the River Shannon, and a guy at a piano is playing "Mighty Like A Rose." So after much misery this really seems like a bit of heaven. Will keep you all posted on our plans. Lots of love to all. VINTON HILLENKAMP.

'CASCARETS' WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

TALES OFF DANDEUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

PROPOSE INVESTIGATION TEXAS LAND COMMISSIONER

HUNDREDS VISITORS A. AND M. TODAY

(By Associated Press) COLLEGE STATION, March 1.—Hundreds of visitors are here today to witness the exercises at the A. & M. College which will mark the tribute of the College to her sons who fell in the world war which will be held tomorrow—Texas Independence Day—some two scarce in number. Parents and wives of these sons who made the supreme sacrifice will be the guests of the College and a large service flag, containing the thirty-eight gold stars will be in evidence, and a large scroll bearing the names and records of the fallen heroes will be on display.

Arrangements have been made to plant a pecan tree alongside the campus driveway for each A. & M. man who fell in the service and a bronze or other plate bearing the person's name will be placed on or at the foot of the tree. These trees will be transplanted from the nearby Brazos bottoms.

Addresses will be delivered by Charles Rogan, of Austin, president of the Alumni Association of the college, and Rev. Glenn Sneed, pastor of the Trinity Presbyterian church of Dallas.

Following are the names of those who lost their lives in the war: Lieutenant Farris S. Anderson, Mesquite; Private Walter G. Beville, Greensboro, Ala.; Lieutenant William F. Bourland, Valley Springs; Lieutenant Thomas R. Brailford, Latexo; Lieutenant Vories P. Brown, San Antonio; Private Romeo W. Cox, Childress; Captain Samuel R. Craig, El Campo; Private Norman G. Crocker, Center; Captain James R. Findlater, San Angelo; Lieutenant Benjamin H. Gardner, Palestine; Corporal Eric A. Goldbeck, Uvalde; Private Erwin M. Gorman, Oakwood; Lieutenant Cyrus Earle Graham, Bryan; Captain Little Harrison, Houston; Lieutenant Charles Hauser, Eagle Pass; Lieutenant Hamlet Park Jones, Kaufman; Lieutenant Walter S. Keeling, Dallas;

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St. N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal. If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

SENATOR KNOX ASSAILES LEAGUE

(By Associated Press) WASHINGTON, Mar. 1.—Senator Knox of Pennsylvania, speaking in the senate today assailed the league of nations as striking down the American constitutional principles, and proposed a new world organization, which he said would preserve the Monroe doctrine, and save America from the results of European intrigue and aggression.

Senator Knox said that the constitution of the league as presented to the peace conference sanctions, breeds and commands war, and after criticizing the various causes of the document asked, "Why this feverish anxiety for the adoption of this plan. Why this racing up and down the land by propagandists urging its adoption. What benefit is to come from such a sale of country as is urged upon us? Who are the beneficiaries of this betrayal of our people?"

Mrs. S. Kavan and mother, Mrs. R. Moscovitz, are leaving today for their home in New York. They want to say good bye to their friends and express regrets that their stay was so short that they did not have time to return the many calls that they received.

Calomel Today! Sick Tomorrow!

I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

"Your Nose Knows"

All smoking tobaccos use some flavoring. The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

Tuxedo uses chocolate—the purest, most wholesome and delicious of all flavorings! Everybody likes chocolate—we all know that chocolate added to anything as a flavoring always makes that thing still more enjoyable. That is why a dash of chocolate, added to the most carefully selected and properly aged burley tobacco, makes Tuxedo more enjoyable.

HOME GOING OF

W. B. RICHARDSON

Brother Richardson was born April 11, 1853. Went home to meet his Savior Feb. 5th, 1919. He leaves a wife and four children, Mrs. O. E. Dickinson of San Benito, Texas; Mrs. Mrs. D. M. Matthews, of Caddo, Texas; Mrs. R. M. White, of Mineral Wells, Texas; and Prof. Rupert N. Richardson of Abilene.

It is with a sad heart that I write these lines. In the death of this beloved brother, I have experienced a personal loss, and my heart goes out in deep sympathy to every member of this grief stricken family. Brother Richardson was a good citizen, a deacon of the New Testament type, and loyal to every phase of our Master's cause, an Odd Fellow, who believed in and practiced the great principles of "Friendship, Love and Truth."

It was my privilege to be his pastor for a number of years, and I hear testimony to his untiring faithfulness to the cause of Christ, and the needs of his fellow man.

God above knows how much I feel the loss of his companionship. He was one of my true and tried friends. But as I look (through my tears) upon the deep blue sky I rejoice that in the near future, we, by the grace of God shall meet again to shout and sing in the presence and fellowship of Him who loves us and redeemed us through his blood.

Funeral services were conducted by the writer and Dr. C. T. Alexander pastor of The First Baptist Church of Mineral Wells, after which his body was laid to rest by his brother Odd Fellows in Elm Wood cemetery to await the morning or the resurrection.

Why do we mourn departed friends, or shake at death's alarms? 'Tis but the voice of Jesus sends to call them to His arms. The God of all grace, comfort the bereaved ones in the prayer of your old pastor.

NEW MOTOR SERVICE STATION OPENS IN THE CITY

Announcement has been made of the opening of the Barnett Motor Co., composed of Messrs. D. H. Barnett, J. A. Warner and Ford Simpson, who will handle the Dodge cars. They intend to open a sales and service station, and have ordered a large stock of parts for the Dodge car. The location has not as yet been decided upon.

All of the gentlemen of the firm are well known. Mrs. Barnett has been handling the Dodge in connec-

tion with a garage and black smith shop; Mr. Warner has been associated with Mr. Ben T. Wilson in recent months at the Ford Station; Mr. Simpson was formerly associated with the Nacogdoches Garage Co., before serving as an instructor in the army at Austin, and these gentlemen will compose a team that will no doubt build up a large business.

COAL INDUSTRY IS MONOPOLIZED

(By Associated Press.) WASHINGTON, Mar. 3.—Senator Vardaman of Mississippi, chairman of the senate manufacturers committee, inserted in the Congressional Record today, a statement on the committee investigating the anthracite situation, charging that the production of anthracite coal in the United States is controlled by eight large transportation companies, which through an almost complete monopoly were able to fix the price and determine the rate of production. The shortage of anthracite during the war, and the existing high prices, he said, were due almost entirely to this monopolistic control.

SENATE DEBATE REACHES CLIMAX

(By Associated Press.) WASHINGTON, Mar. 4.—Senator Lodge, of Massachusetts, republican leader, brought the long senate debate on the League of Nations to a climax last night with the introduction into the senate of a resolution proposing that the senate record itself against the acceptance of the league of the constitution as now drawn. The republican leaders decided not to make further attempt to get action on the Lodge resolution to record the senate against the constitution of the league of nations as now drawn. As a counter measure, Lewis of Illinois, democratic whip, prepared a resolution and proposed to the senate to approve all proper efforts of the president to effect the league of peace.

BOLSHEVIKI REPORTED TO BE MOVING CONSIDERABLE FORCE

(By Associated Press.) ARCHANGEL, Mar. 4.—The Bolsheviks were reported yesterday to be moving a considerable force along the road from Tarabovo in the Kadish sector. Last night the Bolsheviks bombarded Vistavka. The Americans evacuated Vevsievska after the block houses had been set on fire. The allies however continue to retain the hold on their positions at Vistavka, and the villages of Maximovskaya and Kitsa.

NEGRO RAPINES WILL BE GRANTED A NEW TRIAL

CHICAGO, Mar. 4.—Eighteen negro soldiers, convicted of attack upon a woman visitor at Camp Grant last May, are to be given a new trial as the result of an opinion by the judge advocate general that they were not fairly tried. A number of the negroes had been given the death sentence.

ADOPTS RESOLUTION URGING REDUCTION COTTON ACREAGE

(By Associated Press.) AUSTIN, Mar. 4.—The senate today adopted a resolution by Senator Westbrook of Hunt county, urging the farmers of Texas to reduce their cotton acreage one-third of last year's production. The lower branch had already adopted a similar resolution. It was announced in Austin today that there would be a hearing tonight, before the senate committee on civil jurisprudence, on the house bill proposing a 2 per cent gross tax on the oil production.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

MARY ANDERSON IN "THE FALSE FACES"

Mary Anderson, leading woman for Henry B. Walthall, star of "The False Faces," by Louis Joseph Vance, a splendid Thomas H. Ince Paramount Arctur special picture, which will be shown at the Queen Theatre tomorrow, is one of the best-known of ingenues, whose work always has been characterized by an original vivacity and refreshing sincerity. Miss Anderson has done much delightful work as a comedian and ingenue, always giving to the roles for which she was cast, a freshness of viewpoint and an artistic touch which means so much in any picture.

Her work with Mr. Walthall in this production is said to be the best that she has done in a long time, the role giving her ample scope for her diversified talents. Irvin V. Willat directed "The False Faces," which appeared first as a serial in the Saturday Evening Post.
