## DATE PRESIDENTS TRIP IS ANNOUNCED

(By Associated Press.)  
WASHINGTON, Aug. 27.—President Wilson will begin his trip to the Pacific coast as soon as the details can be arranged, probably within ten days or two weeks, Secretary Tumulty definitely announced today.

It is regarded likely that the president will reach the Pacific coast in time to review the Pacific fleet in San Francisco September 15th.

### TRIP TO OCCUPY ABOUT 25 DAYS.

The trip will occupy about twenty-five days "if the president can stand it," Tumulty said.

The itinerary is expected to be completed within a day or two. The president regards it more pressing than ever that he should make the trip, and not necessarily wait for the peace treaty to be reported to the senate by the foreign relations committee.

## JAP CABINET UPHOLD MILITARY OPINIONS

TOKIO, Aug. 25.—It is reported that at its meeting Thursday the Imperial cabinet is upholding the opinions advanced by the military element in the government, and decided to insist upon the exclusion from Manchuria and Mongolia the consortium by which the United States, Great Britain, France and Japan assume the dominant position in the finances of China. It is said that the negotiations will be resumed with the powers on that basis.

## RETAIL STORES TO SELL ARMY SUPPLIES

(By Associated Press.)  
WASHINGTON, Aug. 26.—Retail stores for the sale of household commodities included in the surplus stocks of the war department will be established September 25th. The stores will be located at depot centers of large cities and will accept and fill mail orders.

The continued purchase by the department of certain necessities so these stores will be continued indefinitely as a part of the government campaign against the high cost of living, is under consideration, it is understood.

### PRICES BE FIXED TO PREVENT DISCRIMINATION

The prices of all commodities offered for sale will be so fixed as to prevent discrimination between purchasers buying over the country, and mail orders will be accepted for parcel post delivery, but the policy of making sales through the postoffice department will be discontinued. The orders will go directly to the stores. The post office department will be asked to expedite the mail orders.

### MANY TEXAS CITIES WILL HAVE STORES.

The present plan is to open stores in fourteen zone supply cities, including San Antonio, El Paso, and others.

### FROM CAPT. STURDEVANT.

Colorado Springs, Col., Aug. 22.

Dear Sentinel.  
On Wednesday morning, August 6th, I left Nacogdoches in a Reo "6" car, accompanied by my wife and two girls and my little niece, Mary Weatherly, and our ultimate destination was "Pike's Peak or bust," and we arrived safely here Friday morning August 15th (my birthday) 1200 miles from home.

We fixed for "camping out" with tents, gasoline stove and other necessities, and we enjoyed the experience to the limit. We came out by Fort Worth and followed the Denver R. R., passed through the heart of the oilfield around Wichita Falls, Iowa Park and Electra. That whole country was so slick with oil that my car often "skidded" around corners and derricks looked like a forest of peculiar trees. The roads were badly cut up by heavy trucks hauling oil well supplies. We loafed along looking at the beautiful country and pretty prosperous towns.

We came near "hanging up" at Vernon, Texas. It is a beautiful, clean town, very attractive, surrounded by some of the finest land we saw. The road out of there was the nearest absolutely perfect of any on the entire trip. We stopped at the Goodnight ranch, and saw the buffaloes, which is about the only remaining herd of the noble animal. The town—or city—of Amarillo divided the honors with Vernon, as our second choice. We gave it a trial by spending the night there (looked like rain.) The striking feature of this beautiful place is that there are very few houses more than one story, even in the heart of the business district. The vastness of this part of Texas is overwhelming.

We passed into New Mexico at Texline. We soon came into the mountains. The town of Colorado Springs nestles at the foot of Pike's Peak. The grandeur and beauty of this mountain chain bankrupts the English language. I shall not attempt a description of it. Nothing short of actually seeing it will give the faintest idea of its sublimity and surpassing beauty.

And next to looking at Pike's peak we enjoy looking at the familiar face of the "Daily Sentinel" which reaches us regularly, though a trifle late. We are all well and anticipate a pleasant trip home, about Sept. 1st. I dashed this off in an ice cream parlor on a paper sack, and you are at perfect liberty to throw it in the "basket."

## Do You Buy Or Sell Hay At \$40.00 Per Ton?

When paying 2 cents per pound for hay do you stop and think about those "little patches" of grass that you could have saved but which you DIDN'T SAVE?

Be a seller. It is more pleasant and profitable to sell hay at \$40.00 than it is to buy at the same price.

We want to sell you a mower and rake. We'll make money when we sell and you'll make money when you buy.

Let's get together on this important matter. It's money to you, it's profit to us—but it's mighty hard on the fellow who has been selling you hay at 2 cents per pound.

Next spring will you be buying or selling hay? It's up to you.

## YANCEY BELIEVES RANERIA KILLED

MARFA, Aug. 25.—Major James P. Yancey, commander of the American punitive expedition, told the Associated Press over an army field telephone at Ruidosa today that he considered the report authentic that Jesus Raneria, the bandit leader, was shot and killed from an American airplane Tuesday.

### RENTERIA SLAIN 15 MILES SOUTH CANDELARIA.

Raneria was slain fifteen miles south of Candelaria. Yancey said he believed the reports that Raneria was killed were confirmed, as Mexicans on the trail told Americans of it, and others near Coyame confirmed it.

### SAN FRANCISCO SHIPPING FACILITIES BE INCREASED

SAN FRANCISCO, Aug. 25.—Shipping facilities connecting this city with the western ports of Central and South America will have to be increased very materially in the near future, if the business men of the Pacific Coast expect to maintain their trade supremacy in the western section of the countries affected, according to a statement given out today by Behno Schoch, the Latin American representative of the American Finance and Commerce Company. Mr. Schoch says that Great Britain and other European nations are now entering that field with very strong competition.

"The market on the western coast of South America logically belongs to concerns doing business through the port of San Francisco," says Mr. Schoch. "And if we desire to hold our share of it, we must provide immediately the tonnage in ships to properly supply the products that the market demands. Several district lines between Japanese and South American ports recently have been established.

A movement to secure more ships for South America through the Federal Shipping Board is advocated by Mr. Schoch.

Normal Hall, who is now making his home in Dallas, came in yesterday for a few days visit in the city.

### FROM C. A. ALFORD.

My Dear Sentinel,

Have been trying for some time to find an excuse to visit Marlin for my health, but not a frazzling thing could get wrong with me, so I just packed my grip and came for a visit with my daughter Lucile, her husband and two children. You may not suspect it, but I am used to city life, was in one once, and after living in good old Nacogdoches decided to look around a little in Houston, met a number of my acquaintances, attended to some business and took in a couple of shows. One thing I observed in the show business is how they are still practicing conservatism, even since the war is over. I know by experience about this H. C. L. people talk about and I don't mind the saving methods these show people use, but I don't believe it just nice for them to let so many of the public see just how conservative they are. I am writing this with both hands over my eyes, so please excuse mistakes. I am now trying to rest at Marlin, having a nice visit, and drinking hot dish water right out of the wells. I don't know why I drink the stuff, but am almost sure it is good or should be. I am having a little fun out of it all by myself. Most of the visitors are suffering, and haven't come here for fun, not many tell why they are here. A large number have rheumatism, stomach trouble, nervous diseases, and a lot of them are being treated for "chicken" bites. I don't know what that is, but guess it is pretty severe. Marlin isn't near as nice as old Nacogdoches, for Nacogdoches is the best little old town in the world, has the best bunch of people, and if our people will only eat right, work right and live right, not many will have to go any place to get right. I have just been taken for the proprietor, so I am going to get out of here.

C. A. ALFORD.

## OFFICIALS DISTURBED MEXICAN SITUATION

(By Associated Press.)  
WASHINGTON, Aug. 23.—Officials here are somewhat disturbed by the apparent determination of Carranza and his officials advisors in Mexico City to confiscate oil properties of foreigners, including Americans, despite protests from the nations whose nationals have Mexican investments.

It is the opinion of all classes in Mexico as reported to the state departments, are for prompt and correct settlement of the petroleum question which is declared the key to the relations between the United States and Mexico.

## BRITISH COOPERATE WITH AMERICANS

LONDON, Aug. 23.—In connection with the expulsion from Mexico of the British Charge d' Affairs, it is understood that the British government is cooperating with the United States in an effort to straighten out the situation. It is suggested that Mexico possibly presents the opportunity for the application of the principles of the league of nations.

WASHINGTON, Aug. 23.—The Mexican chamber of deputies in a secret meeting yesterday defeated the resolution to appoint a committee to cooperate with the Carranza senate and the supreme court in forming a policy on international questions, particularly petroleum, advises state.

It is now understood that British Charge Cummings will be permitted to remain in Mexico City.

## SAYS KOLCHAK FACING CRISIS

WASHINGTON, Aug. 23.—Ambassador Morris who was sent by the state department from Tokio to Omsk to report on conditions in Siberia, has advised the government here that the next thirty days will probably see a crisis in the affairs of the Kolchak government. Morris asserts that Kolchak has been forced to devote so much attention to a military campaign against Bolshevism that he has been unable to organize sufficiently a civil government in Siberia to keep the people contented, but nevertheless Kolchak is the best man for the task confronting him, and its a question of his success or a triumph for the Bolsheviki.

## STEP TOWARD A SETTLEMENT MEXICO

MEXICO CITY, Aug. 23.—An important step toward adoption of measures tending to prevent clashes between Mexico and the United States was taken when Luis Cabrera, secretary of the treasury, regarded as the mouthpieces of the administration, stated that the Mexican and American governments should sign an agreement for reciprocal border guard service.

## PURSUIT MEXICAN BANDITS CONTINUES

MARFA, Aug. 23.—Pursuit of the Mexican bandits by the American punitive expedition is continuing south from a point in Mexico where the American camp was established, it was announced today.

The trails are not considered hot, however, as the bandits have reached the mountain fastnesses and it is feared they have escaped.

## REPORTS CONFLICT MEXICAN MATTER

WASHINGTON, Aug. 21.—The Mexican ambassador here was instructed by his government to protest to the state department against the dispatc hof American troops across the border, and request their withdrawal, according to a statement issued in Mexico City yesterday.

STATE DEPARTMENT DENIES PROTEST MADE.  
It was said at the state department today that no protest had been made by Ambassador Bonillas.

## PUNITIVE FORCE IS MAKING PROGRESS

MARFA, Texas, Aug. 22.—The American punitive expedition is making progress in Mexico pursuing bandits who held two American aviators for ransom, according to advices today from the field and reports that the forces would be withdrawn were denied officially.

No definite time for withdrawal has been fixed, but it is understood that the search for Renteria and his gang will last another week. Four bandits were killed Wednesday in a mountain block house, bringing the total to five known killed.

TO FOLLOW LONG AS TRAIL IS FRESH.

As long as the American punitive expedition continues to follow a hot trail they will remain in Mexico unless contrary orders are received from the war department Major General Dickman, commander of the Southern Department, announced today.

## SEVEN THOUSAND REMAIN ON RHINE

WASHINGTON, Aug. 22.—American troops which will remain on the Rhine permanently number nearly seven thousand officers and men the war department announced today.

The units are the 8th infantry, 7th machine gun battalion, 2nd battalion of the 6th field artillery, 35th signal battalion, 1st supply train, 1st ordnance repair shop, 1st engineer, field hospital 30, and ambulance company 26.

## ASKS INCREASED PAY FOR OFFICERS

WASHINGTON, Aug. 21.—With the resignation of several hundred permanent officers of the regular navy already submitted and more arriving daily, Acting Secretary Roosevelt today began work on proposed legislation to be submitted to congress, suggesting substantial pay increases to officers and enlisted men of the navy and marine corps. High ranking officers believe that the navy efficiency is seriously threatened. A majority of the resignations are coming from the younger officers who say that it is impossible to support families on present salaries.

## PARDONED CONVICT BE GIVEN HEARING

(By Associated Press.)  
AUSTIN, Aug. 21.—D. M. Delmas, pardoned recently by Governor Hobby, while being returned to the state penitentiary, was an escaped convict held in the jail at Huntsville pending extradition proceedings by Washington state, on the charge of breaking jail.

The governor granted Delmas a full pardon because of service in the British army. Delmas will be granted a hearing before his extradition is passed upon.

## CONGESTION OF TRAFFIC IN HONOLULU BE RELIEVED

HONOLULU, A. H., Aug. 21.—Congestion of passenger traffic to and from Hawaii, which has been pronounced since the early days of the war, when many of the crack Trans-Pacific liners were requisitioned for Atlantic transport service, will soon be relieved. The Matson line operating between San Francisco and Honolulu, has been advised that the Matsonia, Wilhemina, and Maui, three of its finest passenger carriers and freighters, will be returned to it within a few weeks and it is expected they will be on their former run by next December.

Messrs. W. S. Davis and Oscar Baxter left today for an overland trip to Wichita Falls, Ranger and other points, to be gone a week or ten days.

## UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you!  
It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

## COMMITTEE AMENDS LEAGUE OF NATIONS

WASHINGTON, Aug. 23.—By a vote of nine to eight, the senate foreign relations committee adopted an amendment to the peace treaty by which the German rights in Shantung province of China goes to China instead of Japan. All democrats and McCumber, the republican member from North Dakota, voted against the amendment. Chairman Lodge offered the amendment under which the word Japan be stricken from the Shantung sections and the word China be substituted.

The committee instructed Senator Lodge to request the president to send to the senate the treaty of the United States with Poland, and also information on negotiations with Austria, Turkey and Bulgaria.

## MEXICAN GENERAL ORGANIZES CAVALRY ON AMERICAN PLAN

CHIHUAHUA CITY, Mex., Aug. 21.—General Ignacio Enriquez, graduate of an American university and former governor of Chihuahua is organizing an auxiliary force of cavalry similar to the mounted constabulary of Pennsylvania and other American states. He claims to have 750 men under his command at present and is recruiting 250 more to complete his force of state troops. Many of these men have had experience in the field during the revolutions and all can shoot, ride and rope well.

They are divided into commands according to the districts in which they live and General Enriquez's ambition is to capture Villa and claim the reward of 25,000 pesos offered by the state of Chihuahua for Villa dead or alive. He is also candidate for governor at the next state election and hopes to rid the state of banditry by that time.

## MYSTERIOUS GOLD SEEKERS SEARCH FOR ALASKA NUGGETS

NOME, Alaska, July 14.—By Mail—Twenty-nine weather bronzed explorers hailing from every quarter of the globe and bound for some mysterious gold country of northern Siberia, left here tonight aboard the sailing schooner Casco, once the property of Robert Louis Stevenson.

Fears were expressed by Nome residents before the boat left that it would not be able to get through into the Arctic Ocean as reports received here recently said the Bering Straits were still blocked with ice.

Members of the ship's company said they were bound for some point in a vast uninhabited territory lying along the Arctic shore of Siberia between East Cape and the Lena River. They would not divulge the exact location of their destination.

The party is known as the Northern Mining and Trading Company and is led by S. L. McGirk, a mining engineer of Hamilton, Texas, president of the company. A. L. Johnson, another of the party, is vice-president. Captain C. L. Oliver is master of the adventure ship.

With the exception of the destination there is little mystery about the expedition, McGirk said while here. He asserted that the party possess certain knowledge about the country for which they are heading and are aiming to explore the section and find what it contains. No rich gold strikes are expected, he declared.

The Casco may be sent back from the North this fall, after landing her passengers at their destination.

## MORE MONEY THAN EVER BEFORE CIRCULATION ENGLAND

LONDON, Aug. 22.—More money than ever before is now in circulation in English villages, and its easy expenditure is apparent even to the casual passerby. Extra wages earned by workmen, housemaids and farm laborers have brought about an astonishing social change.

One evidence of this is seen in the great increase in bicycles and motorcycles, which has necessitated the establishment of countless garages and repair shops throughout the country. Dancing and other clubs are springing up everywhere. Whist clubs are favorites, and the costliness of the prizes for which the members play would, a few years ago, have constituted almost a scandal. The sense of well being and the demand for a more comfortable life is assigned as the cause for this last development. It is taken by sociologists as a permanent thing which is more likely to increase than to diminish.

## MYRON T. HERRICK DENOUNCES GOVERNMENT OWNERSHIP R. R.

(By Associated Press.)

CLEVELAND, Ohio, Aug. 21.—Myron T. Herrick of this city, member of the Executive Committee of the National Association of Owners of Railroad Securities, declared in a statement today that "the turning over of the vast system of railroad lines to the control of the government, and through the government to the control of organized labor, would be a long step toward the establishment in this country of an autocratic power that would imperil the liberties of the American people."

Mr. Herrick, who was formerly governor of Ohio and American ambassador to France, is a banker, director of the Erie railroad and of the New York Life Insurance Company.

Mr. Herrick asserted in his statement that "the experience of the last two years with the railroads, as with the telegraph and telephone lines is ample proof that there is neither efficiency nor economy in government control. He said that such control and operation would defeat the purpose for which the railroad brotherhoods were established, and that it would involve a huge addition to the public debt as the value of the railroads was estimated at \$17,000,000,000.

Referring to the agitation by railroad employees through the officers of their organizations in favor of government ownership of the roads, Mr. Herrick said:

"This propaganda will not be favorably received by the people of this country who, as always, must pay the bill. The deficit incurred in less than two years of federal operation is already more than \$500,000,000, and is mounting at the rate of \$2,000,000 a day in spite of sharp increases in freight and passenger rates. Directly or indirectly, in taxes, freight charges and increase in the cost of goods the burden of that deficit falls on the public and contributes in tremendous measure to the oppressively high cost of living. In the face of that showing who could conscientiously wish to perpetuate governmental control of the railroads?"

"I cannot believe the brotherhoods have thoroughly considered the consequences that would follow government ownership or that they have prepared to exercise this great power. Their present propaganda is wholly at variance with the character of their organizations and with their long and honorable history."

To add the cost of the railroads to the governments debt, Mr. Herrick said, "would weaken the government borrowing power, depreciate further government securities and increase the rate at which the government can borrow. He pointed out that the war had added \$20,000,000,000 to the public debt in two years and that the annual interest charge alone is now almost equal to the whole annual expense of the national government before the war. "To buy the railroads and double the national debt would be exceedingly unwise," said Mr.

Herrick. "It would simply multiply the principal and interest which the people must pay.

"Uncertainty in business will not cease until the railroad problem is solved," asserted Mr. Herrick. "Every delay means tremendous loss to the country. All the billions of wealth owned by the people of the United States are to go forward or backward, dependent upon the legislation which is just ahead. A mistake will threaten the whole financial structure."

Mr. Herrick said that he believed the best plan yet presented for solving the railroad question was that presented to congress by the National Association of Owners of railroad securities. This plan, he said, provides for a fixed percentage return to the roads and that where a road makes a profit in excess of 6 percent the excess shall be divided between the government, the employees and the railroad. In his opinion this plan protected all interests—the public, the shippers, employers and owners.

"The time for experiments has passed," said Mr. Herrick. "The government has followed fads and fancies far enough. Now let us forget partisan and politics and devise a practical plan for the business-like management of our great vehicles of commerce giving men of experience and vision a chance to exercise their abilities. Radical experimentation is unthinkable."

**C. C. GALLAWAY DIED IN HOSPITAL YESTERDAY**

Mr. C. C. Gallaway of Rockland, who has been in the hospital in this city the past few days, died there yesterday at 3 o'clock. Mr. Gallaway formerly lived in this city for many years, operating a lumber office, and has many friends here who are pained with the news of his death.

Mr. Gallaway was 50 years of age, born Oct. 16, 1869. He leaves a wife, who was with him at the time of death, and two sons, one of whom will arrive here from Dallas today. The body will be shipped to Jefferson, Texas, today by the undertaking establishment of the Tucker-Sitton Co., where the remains will be laid to rest tomorrow.

As the rivers ever flow to the ocean, through currents, and shallows and falls, so man passes through life with its turmoil and strife, and as the river finds peace at the end of its mad rush, so man finds the same at the end of his existence. Thus it is that God's forces work to the end inexorably, and it is not for the mind of man to comprehend or rebel against.

**DISPOSITION OF IRON MINES IS OBJECT OF COMPETITION**

(By Associated Press)  
PARIS, Aug. 22.—Disposition of the iron mines and iron industries of the part of Lorraine reattached to France by the Peace Treaty has become an object of competition between important iron and steel corporations and a syndicate of 200 iron founders. The former seek to purchase and operate the mines and works, while the latter demand that both the mines and the works by acquired by the state to remain its property and to be operated under its direct control.

# WEEKLY SENTINEL

MALTON & GIBBS, PUBLISHERS

"A woman may forgive her husband," says Luke McLuke, "but she will never forget that she has forgiven him."

Carranza's forces are now cooperating with the Americans—after they are sure that the bandits have escaped, and it is too late.

How do you like the sample of weather handed out? Sorta preparing us for what is to come this winter, so to speak.

The latest "publicity bureau" to be established is the "Irish National," which is going to necessitate our getting a larger waste basket.

What has become of the old fashioned editor who wrote his copy with a pencil, and took ribbon came syrup on subscription accounts?

Seeing that there are so many ways to spend money and only one way to save it, it is a wonder that any man has a dollar.—Luke McLuke.

Texas women are demanding the same wages paid to men. If our wife was the wage earner, we'd be in favor of the same thing.—Beaumont Journal

The Senate has reached the point where it is willing to admit that it has a copy of the treaty, but it denies that it has read the document.—Washington Post.

An exchange says that Baker thinks that the 5-cent street car fare is a "psychological necessity," and asks if there isn't some way to apply psychology to shoes.

Dr. Harry Lee, an evangelist, is conducting a meeting in Logansport. And at that his name would suggest that he should have some attractions at this season of the year.

Statistics show that railway engineers get more pay than the governor of Texas. It is a good thing for the engineers that the people of Texas don't get to vote on their pay.

Kaiser Bill's cousin is wanted by the officials of Berlin for hoarding and profiteering. He is engaging in about as dangerous an occupation as was that which caused the kaiser's downfall.

Investigations disclose that Detroit is the home of other things besides the automobile. It is estimated that two and one-half tons of opium in each year are put to illegitimate uses in that city.

The French battlefields have nothing on the Texas battlefields when it comes to names, and many of us are having to get the map to know where the towns named in the dispatches are.

It is announced that sugar prices are to be controlled again, and that sugar should retail at 11c a pound, which announcement will gain no sympathy whatever from the newly-married couple.

Texas is bounded on the north by the senate fight, on the east by the bolsheviks, on the south by the Mexican desperadoes, on the west by the "yellow peril" and is permeated within by the high cost of living and the "American party."

The war department announces that it is going to handle the Mexican situation without gloves. All the same, Jess Willard would advise that we take a few lessons on the "gentle art" from that exponent of gloves Jack Dempsey.

In ancient days when the old saying "man works from sun to sun, but a woman's work is never done" was truthfully applied, there might not have been so much objection to changing the clock, but it will not work in these modern days.

Bring on the ammonia! John Whitman, a farmer of Butler, Mo., has a famous herd of some twenty cows. One afternoon Mr. Whitman found his cows wading in the Cygnes river to keep cool. While in the river the cows were being milked by big catfish. Next!

While it is true that the boys of this generation don't know anything about the old-fashioned cradle men that used to harvest wheat with; it is also true that there are many women in this generation who don't know anything about the old-fashioned cradle women used to rock babies in.—George Bailey.

## UNFAIR PROFITS.

It is an undisputed fact that there is considerable profiteering in all lines of business, wholesale and retail, and especially in those lines of it in the retail lines, which is combining with the already high cost of the various articles to make the cost of living extremely high.

Bringing this on down home, there are specific instances on record of profiteering in Nacogdoches, both in grocery and dry goods establishments, in which prices on the same article at the same time at one establishment has been nearly twice as much as it has at another place. This is not all, as other cases of profiteering are also in evidence. It is not altogether the big wholesale and manufacturing concerns that are doing the profiteering. Perhaps they began it first, and the retailers were forced to follow suit, but at any rate while the campaign is on it seems high time that this be stopped.

This is not only true with Nacogdoches, but with other places also. The Sentinel is speaking pointedly, and warning the merchants, because it feels that it is its duty to do so. Information of excess prices in Nacogdoches is furnished on reliable authority, and we can take it to be true. Prices will never be reduced by the wholesalers or manufacturers being forced to lower their margin of profits alone. It must be brought on down to the retailer as well.

In this connection a very effective way of reducing the cost of living is inquiring at various places for prices before buying. Frequently a person will buy an article at one place and not even ask the price, or inquire at other places. If that person cares to pay any price asked, or has no interest in reducing the cost of living, it is his business—but these men are few and far between these days. If the method of inquiry is practiced that merchant who overcharges must necessarily bring his prices down or lose his business.

A fair price committee has been named for Nacogdoches. It is the duty of this committee to inquire for the various prices, and if overcharge is in evidence to report it to higher authorities who will take measures to stop it. This committee is called to meet in the district clerk's office Friday morning at 10:00 o'clock, and it is to be hoped that they will take effective measures to see that all of the prices in Nacogdoches are right and above all to see that they do not vary in special instances.

Let us all make an earnest and honest effort to do our part to reduce the cost of living. Let us cut out the luxuries, buy with good judgment, economize, and at the same time take measures to stop the profiteering. A merchant of the city some few days ago contributed an article discussing the economizing part with clarity, so we will not touch further on this feature. The high cost of living is paralyzing the country, because it is causing strikes, discontent, dissatisfaction and is sowing the seeds of bolshevism in the labor circles of the country, and we can not permit this tendency to grow further. The government is making an honest effort to reduce prices and instead of us standing idle and stating that prices will not come down, it is our business to assist in every way possible, and especially in that way in which the government has asked.

## CHEAP LANDS STILL AVAILABLE

Houston Post.

Speaking of the relation of land to economic and political conditions in this country, George E. Roberts, vice president of the National City Bank of New York, declared recently that statesmen of Europe long ago said that the real test of American institutions would come when our cheap lands were gone.

He quoted Lord Macaulay as saying: "As to America, I appeal to the Twentieth century," and the banker added: "The free lands are gone; the cheap lands are gone."

The Montgomery Advertiser very pointedly takes issue with the New York banker, and reminds him that what he says may be true of the Mississippi Valley and of the Far West, but it is not true of the South, where there are millions and millions of acres of cutover lands which may be procured at low prices, and which will produce a variety of products for substantial and comfortable living.

What the Advertiser says is very true, and it should be impressed upon the minds of those trying to direct the economic forces of this country that they are making a mistake in persistently overlooking the resources of these regions are untold resources of wealth which only need to be developed in the proper manner to relieve greatly the congested condition in other sections, and to increase the food supply of the country very materially. Anyone acquainted with Texas

knows that there are vast stretches of idle lands in the eastern section of this State, known as "cutover lands" which can be bought cheaply and, in most instances, on good terms. It requires more work, of course, and expenditure of more capital, to put these lands into cultivation than it does to put in cultivation prairie lands, but that fact should not stand in the way of their development.

Our East Texas "cutover lands" have the advantage over other sections where prices are much higher in that they are capable of producing a much larger variety of products especially those products which go to make up desirable living. In addition to cotton and corn, they produce abundantly of berries, vegetables, peaches, plums and other fruits, and poultry and live stock growing is profitable. East Texas can come nearer producing everything it requires than any other section of the state.

And these fertile, idle acres are not in the midst of a great wilderness, but are accessible to many progressive little towns where there are excellent schools, churches and modern conveniences, and populated with a class of people who would be a credit to any state.

While the Northern economists are bewailing the disappearance of the cheap lands in the North and West let them cast their eyes to the South where there is an empire of land awaiting the touch of the actual settler, which is not surpassed in adaptability to furnishing a good living by any lands ever offered elsewhere at any price. Before they despair of American institutions because of congestion in the cities and exorbitant land prices in the older parts of the country, let them direct the surplus population to the South to our vacant lands, where by labor and thrift, the immigrants can soon become economically independent.

Texas has room for a million or so of such immigrants. Don't give up the ship. Come to Texas.

## AFRAID TO DRIVE TEAM TO TOWN

Farmer's Nerves Were Shattered—Had Lost Forty Pounds—Tanlac Restored Health.

"I never expected to be the strong, well man I am today and my neighbors think my recovery is the most astonishing thing that has ever happened in this part of the country," said Hiram Robinson, a well known farmer, R. F. D., 3, Randolph, Ill., in relating his remarkable experience with Tanlac recently.

"I used to think no medicine could help me," he continued, "but I've got to hand it to Tanlac, as it has not only relieved me entirely of all my suffering, but has added nearly forty pounds to my weight besides. For eleven years I was hardly able to be up, much less work, and when I ventured to eat anything except broth and the very lightest of food I would put in a day of the worst misery imaginable. If I ate a piece of pie or cake or a little fruit gas would form on my stomach and bring on such awful cramping pains that I could hardly stand it. This gas would press on my heart, nearly cutting off my breath, and cause such a dizzy, whirling sensation in my head that I thought I would go distracted. I dropped down all of forty pounds in weight and got so weak that I got hardly walk. At the time I got Tanlac I had not been able to do my work for a year. I was not only an absolute wreck physically, but my nerves were in such a shape that I couldn't lie still at night and during the day I was just like a fish out of water. I was habitually constipated and had such a hurting in my head just back of my eyes that I couldn't read at all. I was so nervous, weak and dizzy that I was actually afraid to drive a team to town and had taken so many different medicines without getting any better that I had given up in utter despair.

"But one day I was persuaded by my wife to get a bottle of Tanlac and right there is where my recovery started. If I should sit down here and talk or write for a solid week I couldn't tell how thankful I am for getting out of my misery to where I can enjoy living again. I now eat all kinds of meats, vegetables, pies and cake. In fact I eat like a wolf and enjoy every mouthful, and never have the least trouble with my stomach. I sleep as good as I did when a boy and can do as much work as I ever could in my life. I used to lag behind the boys in the field, when I was able to work at all, but now they have to step some to keep up with me. I am not one bit constipated and haven't had one cramp in my stomach since Tanlac commenced to bring me out of the kinks. What I say is more than verified by my looks, but my neighbors will tell you the same thing. I will never get through praising Tanlac."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith.

## THE FOURTEEN POINTS

Why You Should Enter the Tyler Commercial College, Tyler, Tex.

From present indications, our fall attendance will be the heaviest in the history of the institution. We are now getting almost one hundred requests each day for catalogues from those interested in attending at once. There are many reasons why you should enter the Tyler Commercial College. FIRST, we meet the demand of the business office and government, or we would not be enrolling over three thousand five hundred students yearly from over half the states in the Union. SECOND, through our free employment department we see that our graduates secure good positions. THIRD, we have our own specially prepared and copyrighted text books and the most modern methods of teaching. This enables us to give a better training in less time and at less expense. FOURTH, our work is practically all taught on the individual plan of instruction, thereby enabling each student to advance as rapidly as his ability will permit. The dull student is not overcrowded by the fast one, or the fast student held back on account of the dull one and both discouraged. FIFTH each works to his full capacity and is delighted with his work. This method also enables a student to enter any day in the year, and take up his work to the very best advantage. SIXTH, you will associate with a splendid class of ambitious industrious young men and women. SEVENTH, our free Service Department is of exceptional value to the graduates in after life. It is free to all and is very thorough. EIGHTH, we have one of the most competent corps of teachers to be found anywhere. They know how to make a student's stay pleasant as well as profitable. NINTH, we give thorough courses in Bookkeeping, shorthand, telegraphy, cotton classing and business administration and finance. TENTH, this gives you a wide range of subjects from which to select something to fit you for the wide range of subjects from which to select something to fit you for the line of work you most prefer. ELEVENTH, we have shown the superiority of our training by placing our students in the very best positions to be had in commercial state and national affairs. TWELFTH, by repeatedly winning first honors on our exhibit of student's work at three different state fairs. THIRTEENTH, our large building was especially constructed for school work. Tyler is a beautiful, moral, healthful city of fifteen thousand high class citizens. FOURTEENTH, the metropolis and educational center of East Texas.

Fill in coupon and receive our catalogue, making your arrangements to enter America's largest, most thorough and complete business training school at once. More than twenty five thousand have benefited by this advice. Tyler Commercial College, Tyler, Texas.

## SCOUTS PREPARING FOR THE BIG SUMMER ENCAMPMENT

The Boy Scouts are making big preparations for their summer encampment. They richly deserve good time this year. They traveled thousands of miles in government service last year, helped in all the ways possible in all the public service, and because of the war voted to have no encampment last year that their time and money might go to Uncle Sam and the army. No citizens of the country were more loyal and active according to their ability. For this reason the public has not been asked for two years for subscriptions to help the Scout work. But we feel that these boys have now earned a grand vacation encampment with all the joys to boys' hearts that go with it. Therefore, you will be asked to help generously along this cause, by a committee of business men this week. Make it the best offering we have given to our boys.

We want every Boy Scout to attend the meeting Friday night and request all the parents to see that the boys are there, and also that they go with us to this encampment. The very best care will be taken of the boys, as a number of men will always be present. Each boy should have the following articles: comb, toothbrush, two towels, two suits of clothes, tin cup, and his Sunday school lesson paper. Do not bring or send rich goodies to individual boys as we will all eat army style and the food will be good. Boys should not have much if any spending money, as we will be far from stores and the woods is a good place to lose it all.

The encampment will be from September 2nd to 10th, the boys leaving the Stone Fort on Tuesday morning, September 2nd, at 9 o'clock. On Sunday September 7th, there will be religious services in the woods and Sunday school. The parents of the scouts will be invited to come down and bring their lunches and have dinner on the ground and join with us in these services. The place for the encampment will be announced later as the committee of men have not yet fully decided, but either of the three places in view will be fine and easily reached with cars.

M. C. JOHNSON, Commissioner.

### LIGHTNING STRIKES TWICE SAME PLACE JACKSONVILLE

Wednesday afternoon about 5:30 o'clock lightning struck the gin pole of the new cotton compress under construction in Jacksonville. It is said that the lightning zigzagged about striking every post in the tower and doing between \$1,000 and \$1,200 damage, which was covered by insurance.

It will be remembered that about two months ago the old compress which was located in the same place was struck by lightning and completely destroyed. It is said that the bolt yesterday fell almost identically in the same spot as before, thereby doing away with the old theory that lightning does not strike twice in the same place.

### R. B. WALTHALL APPOINTED DIST. FOOD ADMINISTRATOR

Capt. R. B. Walthall is in receipt of a communication from State Food Administrator Peden announcing that he has been appointed the district food administrator for District No. 2, which includes the counties of East Texas, and that the headquarters will be in Nacogdoches in the future.

The headquarters were formerly in Lufkin during the war, and they were changed to Nacogdoches because it seems the more logical and central point for the district.

Mr. W. S. Davis has been appointed the county food administrator in Mr. Walthall's place. Mr. Davis was the county food administrator at the end of the war, and is familiar with the work, and will doubtless make a good servant in this capacity. Mr. Audley Harris is not able to serve on the Fair price committee, and Mr. Davis is now county administrator, consequently there are two vacancies on the committee, appointments of which will probably be made today. Mr. Davis says that it is his intention to appoint another woman member of the committee.

### INTERESTING SUNDAY SCHOOL RALLY FAIRVIEW LAST NIGHT

An interesting Sunday school rally was held at the Methodist church at Fairview last night, in which a large crowd was present, it being estimated that some 250 people were there.

Miss Ada Stripling made address of welcome, and County Attorney L. G. King made the address of the evening, making an interesting and splendid talk, outlining the history of the Sunday school work, and giving other attendant features of interest. Mr. W. M. Byrne made a little talk in reply, thanking Mr. King for the address, etc.

The rally was in celebration of the Sunday school contest, which recently closed at Fairview, between the blues and the reds, in which the blues won. Punch and cake was served, and an enjoyable evening was spent.

### IMPORTANT ASSOCIATIONAL MEETING ON TUESDAY

On Tuesday afternoon associational workers met in response to the call of the Associational Superintendent, Brother M. F. Drury (appointed by the Dallas office) to make apportionments for the churches in the association in the \$75,000,000.00 campaign which is to cover a period of five years. After due deliberation the following apportionments were made:

Nacogdoches church \$55,000,000; tinsville, \$7,500; Trinity, \$7,500; Douglassville, \$7,500; Trinity, \$7,500; Douglas \$6,000; Chireno \$6,000; Cushing, \$6,000; Sacul, \$4,000; Lilly Grove \$4,000; North Church \$4,000; Cold Springs \$2,000; Shady Grove, 1,500; Prairie Grove \$2,000; Caro \$2,000; Eden \$2,000; Etoile, \$2,000; New Harmony, \$500; Oak Flat \$500; Mt. Horeb, \$250; McKnight, \$250.

In this month we are having the publicity month of the campaign, in which the Baptist Standard subscriptions are being increased by the thousands. Next month will be the month for organization of associations, and especially a month of prayer and intercession. November will be the month when Christian Stewardship will be emphasized, and beginning the last Sunday in November through the first Sunday in December, the pledges for this campaign will be taken throughout the whole of the Southern Baptist Convention.

We feel sure that our people are going to respond to this program with enthusiasm.

### MRS. CLIFTON TANNERY DIED THIS MORNING

Mrs. Clifton Tannery died at her home in this city this morning at 11:15 o'clock, after a protracted illness; continuing many weeks. Mrs. Tannery has been dangerously ill and not expected to live for the past few days. She leaves to mourn her loss her husband, Mr. Clifton Tannery, who is employed at the Redland Barber shop in this city, four boys, Lester, age 20, O. L., 15, Clifton, Jr. 13, Virgil, 9, and one daughter, Pauline, aged 11; her father and mother Mr. and Mrs. W. C. Covington from Rusk, Miss Ida Covington of Wood-

and Mrs. Standfield of Kaufman, who has not arrived, Marcus Covington of Rusk, Emmett Covington of Woodville, who has not arrived, Mr. Joe Covington of Martinsville, Mr. Ed Vinzing and family of Rusk, Mr. and Mrs. W. McMurtry of Alto, E. W. Tannery of Houston, and a brother's child, Miss Bernice Tannery of Alto, were all, with the two exceptions with her at the time of death. Mrs. Vinzing and Mrs. McMurtry are sisters of Mrs. Tannery.

The funeral service will be held at the residence on Mound street tomorrow morning at 10 o'clock, Rev. C. A. Westbrook conducting the service.

Mrs. Tannery has long been a member of the Baptist church, in which she has been a faithful servant of the Lord. She has made many friends since coming to Nacogdoches who are pained to learn of her untimely demise in which she leaves a bereft husband and five children without a Mother's guiding influence, to whom the sympathy of the entire community goes out. May they gain comfort in the knowledge that she so lived on this earth that she has been released from her suffering here to bask in the beauties of the promised realm of glory above, is the sincere wish of The Sentinel in extending consolation in their deep hour of trial.

WARFA, Texas, Aug. 21.—One American is believed killed and two others captured since American troops crossed the border Tuesday, according to a cavalry sergeant who reached the border after dark yesterday, and reported that captain Matlock had captured two bandits who are believed implicated in the capture of Americans Peterson and Davis.

## REPROBUS PAINTING NOW ON VIEW IN LONDON GALLERY

LONDON, Aug. 22.—One of Whistler's most famous paintings, the "Little White Girl," is now on view in the National gallery to which it was presented together with two other Whistler paintings, "Cremorne Lights" and "The Fire Wheel."

"The Little White Girl" was painted in 1864 and exhibited at the Royal Academy in 1865 where it created a sensation and aroused much hostile criticism. One critic regretted that Whistler should make the "most bizarre of bipeds" out of the woman he painted, and an American critic described it as a "powerful woman with wild hair and a vacant stare in her eyes."

Among the few who appreciated the charm was Swinburne who after writing it wrote the poem, "Before the Mirror." The picture, for which the model "Jo" sat, shows a girl in a simple white gown leaning against the mantle, her face reflected in the mirror.

"Cremorne Lights" is a nocturne in silver and blue, a twilight scene with a sky of soft tones, the water slightly lighter in color, with the lights of buildings and the reflections of the lights of the old Cremorne Gardens.

"The Fire Wheel" is a picture of a fireworks display, a nocturne in black and gold.

## AMERICAN TRADE WITH ITALY MAY REACH BILLION DOLLARS

ROME, Aug. 21.—From present indications, American trade with Italy this year may reach the billion dollar mark, says the Popolo Romano. During the first three months of 1919, American imports into Italy amounted to approximately \$220,000,000 while Italy's exports to America reached \$1,000,000. The statement shows that if the present rate of trade be maintained a record of commerce between the two countries will be attained. America is by far the greatest seller to Italy. A poor second is Great Britain, with a total of \$70,000,000 for the first three months, with Argentina next with \$65,000,000.

## BOLSHEVIKI FLEET IN GULF FINLAND IS DISABLED

(By the Associated Press) STOCKHOLM, Aug. 23.—The Bolshevik fleet in the Gulf of Finland defending Petrograd is disabled completely, newspapers report. The city of Kronstadt was destroyed by bombardment of British warships.

## HEROISM OF AMERICAN NAVAL OFFICER COMMEMORATED

SAN FRANCISCO, Aug. 22.—The heroism of the late Lieutenant Arnold Marcus, of the United States Navy, in navigating to safety the explosion-torn submarine A-7 at Manila in July, 1917, while he, himself, was suffering from fatal burns, was commemorated here today in the launching of the United States destroyer Marcus. The craft's sponsor was Mrs. Arnold Marcus, of San Francisco, widow of the young officer.

Burned and otherwise badly injured by an explosion of gasoline vapor in the hold of the A-7, Lieutenant Marcus refused aid for himself until he had insured the safety of the crew and beached the submarine. In a letter to Mrs. Marcus, who is the only daughter of Paul Cowles, of Chicago, superintendent of the Central Division of the Associated Press, Secretary of the Navy Daniels recently wrote:

"The conduct of your husband was that of a most gallant officer, who, though fatally injured, without regard to self, devoted every action and thought to the care of his vessel and men."

Lieutenant Marcus was a graduate of the Annapolis naval academy with the class of 1913. He had served in Mexican waters and was attached to the Asiatic fleet when he met his death. He was the son of Lady Young, wife of Lieutenant Colonel Sir Popham Young, an official of the government of India. Lady Young attended the launching of the destroyer.

The Marcus is a thirty-five knot, 30,000 horse power, flush deck destroyer of the most powerful build. It is 330 feet long and 30 feet beam.

## VOLCANIC PEAKS IN ALASKA IN ERUPTION THIS SUMMER

JUNEA, Alaska, July 30.—By Mail—Volcanic peaks in the far southwestern corner of Alaska are in eruption this summer evidently for the benefit of a party of scientists sent by the National Geographic Society to study Mount Katmai, the greatest of Alaska's smoking mountains, and its "Valley of Ten Thousand Smokes."

Persons who have returned recently from the volcanic country to the westward said Shishaldin Peak, on Unimak Island, in the Aleutian chain, was in eruption recently. They also reported it was believed Mount Bavof on the southwestern Alaskan mainland, also had spouted as the snow about the summit was coal black.

When the party of scientists left Anchorage, Alaska, on their way to the Katmai country, they said they believed there was little likelihood of an eruption this summer and declared they were certain there was absolutely no danger attached to the investigation. Katmai's last big "blow off" was in June, 1912.

The party of twenty-six scientists is headed by Professor Robert A. Griggs of the University of Ohio and some are from Carnegie Institute. They are planning to make observations of the botanical, biological and geological effects of the 1912 eruption.

In 1913 Professor Griggs headed a party of scientists to Katmai and returned with the announcement that the crater was the largest on the globe and that near Katmai lay a great valley whose floor was dotted with thousands of mouths vomiting gray vapory gas and smoke. This valley, Professor Griggs named "The Valley of Ten Thousand Smokes." Instead of ten thousand, it is said there are literally millions of smoking vents.

Professor Griggs and his party expect to remain in the Katmai district until the middle of September. Until they return nothing probably will be heard from them as there is no direct means of communication. Mrs. Griggs and her children accompanied the professor to Kodiak, an island near Katmai, and will remain there during the summer waiting for him to return.

Moving pictures of the smoking mountain and valley are to be brought back by the party.

## NEGRO WOMAN ARRESTED FOR THEFT YESTERDAY

Mariah Matthews, a negro woman about 30 years of age, was arrested yesterday afternoon when she got off of the Nacogdoches & Southeastern train coming up from the Frost-Johnson mill, by the sheriff's department. The sheriff had been informed that a watch and a suit of clothes had been stolen out at the mill, and she was suspected. The woman is now lodged in jail, and the watch and clothes were recovered.

## A NERVOUS BREAKDOWN

### Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY 473 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

## TELEGRAPH HOBBY ABOUT NEGROES

AUSTIN, Aug. 23.—Governor Hobby today received telegrams from officials of the National Association for the advancement of colored people concerning the beating here yesterday and ordering from town J. R. Shilladay, secretary of the Association. The governor gave no information regarding the messages, but New York advices last night said the association wired him asking what was done to punish Shilladay's assailants.

"Shilladay was the only offender in connection with the matter referred to in your telegram, and he was punished before your inquiry came," Governor Hobby said in a telegraphic reply.

I. S. Riddle of Garrison was a visitor to the city yesterday.

## Give Me a Friendly, Natural Hand-shake

an' a friendly natural tobacco. Keep yo' put-on airs an' "sauces-up" tobaccos for the fellow that likes nut sundaes better than home made pie—

So says a friend of ours named Velvet Joe. And he just about hits the nail on the head.

Velvet is made for men who think there's no smoke like real tobacco. If you are that sort of man, listen:

Velvet was born in old Kentucky, where more than one good thing comes from. It was raised as carefully as any other Kentucky thoroughbred. But the real secret of Velvet's friendly qualities is its slow natural ageing in wooden hogsheads. Ageing in the wood never hurt anything—and least of all, tobacco.

And so we say, Velvet is good tobacco—nothing more or less. It runs second to none.

### DEATH PENALTY DIDN'T STOP LIQUOR TRAFFIC IN MEXICO

(By Associated Press)

DOUGLAS, Ariz., Aug. 21.—Though death has been the penalty pronounced by General U. Elias Calles, governor of Sonora, Mexico for the making or selling of liquors in that state, public sentiment was so strongly against the decree that, while arrests were being made in other parts of the state, in the capital Hermosillo, recently liquor never was more plentiful nor cheaper since prohibition first went into effect in 1915.

Americans reaching here recently from Hermosillo said beer was being sold at \$25 gold a case of 60 pints and tequila was selling at \$5 a quart.

Not long ago 50 cases of 600 bottles of tequila, sealed in all parts of Sonora, were publicly destroyed. The liquor was poured into the gutter in front of the governors' palace. Americans who witnessed the destruction said that a number of peons were on hand with cups and when the liquor was poured into the gutter, scooped up enough to get riotously drunk.

During the period when the death penalty was in force until it was repealed, early in July, not a single execution had taken place.

Adolfo de la Huerta, the governor-elect, and the state congress are reported to be prepared early in September, when they take office, to put into effect a law reopening saloons in Sonora for the sale of light wines and beer. At present there are a number of buildings in Agua Prieta, Naco, Nogales, Sonora, being remodeled for saloon purposes. Senor de la Huerta is said to have been approached recently by representatives of the people of the Altos and Sahuaripa districts or counties with the petition that the manufacture and sale of mescal distilled from the Maguay, a species of cactus, be permitted.

### NASHVILLE STREET CAR SERVICE IS SUSPENDED

Fifteen aviators, assisted by Mexican troops were ordered to cooperate by Governor Cantu of Lower California vainly combed the timbered hills yesterday.

### POLES DEFEAT THE BOLSHEVIKI

COPENHAGEN, Aug. 22.—The Polish troops administered a crushing defeat on the Bolsheviki and Soviet forces, who are being pursued everywhere, the Polish general announced at Warsaw.

The fortress of Rovno, in Molhynia, was captured by the Poles after hard fighting, the report says.

### WHERE THE RAINBOW NEVER FADES.

It cannot be that the earth is man's only abiding place. It cannot be that our life is a mere bubble cast up by eternity to float a moment on its waves and then sink into nothingness. Else why is it that the glorious aspirations which leap like angels from the temple of our hearts are forever wandering unsatisfied? Why is it that all the stars that hold their festival around the midnight throne are set above the grasp of our limited facilities, forever mocking us with their unapproachable glory? And, finally, why is it that bright forms of human beauty presented to our view are taken from us, leaving the thousand streams of our affections to flow back in Alpine torrents upon our hearts? There is a realm where the rainbow never fades; where the stars will be spread out before us like islands that slumber in the ocean; and where the beautiful beings which now pass before us like shadows will stay in our presence forever.—Geo. D. Prentice.

### CITY FILES SUIT AGAINST THE PAVING COMPANY

Yesterday the city of Nacogdoches filed a damage suit against the Dallas paving company and their bondsmen, who paved the city of Nacogdoches, in the district court here. The pavement has been buckling up every time it has rained here of late, and the city charges that it has not been satisfactory, and that the company has not lived up to its guarantee.

It is stated here that this company has now gone defunct.

J. A. Weaver brought in a couple of blue figs today which measured 6 1-4 inches around. Can you beat it?

### MARTIAL LAW PROCLAIMED THROUGHOUT HUNGARY

COPENHAGEN, Aug. 21.—Martial law has been proclaimed throughout Hungary, says a Budapest dispatch dated Wednesday.

S. E. Barnhart of Garrison was a visitor to the city yesterday.

### "FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross." Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer manufacturer of Monoaceticacidester of Salicylicacid.

### GERMAN AMERICAN SOLDIERS ENGAGE

COPENHAGEN, Aug. 21.—Collisions between German and American sailors Tuesday at Neufahr-Wessen, near Danzig resulted in the wounding of several civilians and one German seaman, according to Danzig dispatches.

### AMERICAN Y MEN CAUGHT IN RUSSIAN MUTINY FIRE

ARCHANGEL, Aug. 21.—Two American Y. M. C. A. men, Howard E. Merrill of Somerville, Mass., and Thomas L. Cotton of Lingle, Wyo., were caught amid heavy shell fire in a mutiny of the Russian troops at Tulgás on the Dvina river sometime ago. Their experiences have just now been told.

Merrill and Cotton were formerly Dartmouth college athletes, were the only Americans in the village which was garrisoned by Russian troops, with a few British officers. The Russians, fearing that they were about to be cut off and surrounded by the Bolsheviki, determined to mutiny. They escorted the two Americans to a blockhouse which was under fire from Russian artillery.

The blockhouse eventually became too hot for the Russian escorts and they fled, leaving the Americans to make their escape to Archangel by rowing 250 miles down the river.

### MASKED BANDITS HOLD UP PASSENGER TRAIN

NASHVILLE, Aug. 21.—Masked bandits held up the Louisville & Nashville passenger train today between Columbia and Pulaski, and carried off mail pouches. No estimate of the value of the booty secured is available. Posses are pursuing the robbers.

### GIRLS! USE LEMONS FOR SUNBURN, TAN

Try It! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons in to a bottle containing three ounces of Orchard White, shake well and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

### KILLING OF NINETY MEN OF FEDERAL GARRISON REPORTED

LAREDO, Tex., Aug. 22.—Killing of ninety men of the government garrison at Tanhujo, state of Vera Cruz, Mexico, by followers of Manuel Pelaez, the rebel chief of the oil regions, is reported in copies of El Heraldo de Mexico which have been received here. Sixty were killed in defending the town.

According to the published account the rebel chief forced the commander of the garrison, Lieutenant-Colonel Marquez, to execute the 30 prisoners with a machine gun, later hanging the unfortunate officer up by his heels and shooting him.

Mrs. John Robertson and little daughter Allen, came in from Paris yesterday, to visit relatives in the city.

### CITATION BY PUBLICATIONS

THE STATE OF TEXAS.  
To the Sheriff or any Constable of Nacogdoches County, Greeting:

You are hereby commanded to summon Sidney Sparks by making publication of this Citation once a week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not then in any newspaper published in the 2nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said Judicial District, to appear at the next regular term of the district court of Nacogdoches County, to be holden at the court house thereof, in Nacogdoches on the 1st Monday in September, A. D. 1919 the same being the 1st day of September, A. D. 1919, then and there to answer a petition filed in said court on the 9th day of August, A. D. 1919, in a suit numbered on the docket of said court No. 615, wherein Mary Sparks is plaintiff and Sidney Sparks is defendant, and said petition alleging that plaintiff is an actual bona fide inhabitant of the state of Texas, having resided in said Nacogdoches county for more than a year next immediately preceding the filing of this suit; that defendant's residence is unknown to plaintiff; that heretofore, to-wit: on the third of December, 1903, plaintiff and defendant were lawfully married in Nacogdoches county, Texas, and continued to live together until about the middle of December, 1907, when defendant, without cause or provocation abandoned this plaintiff, since which time the plaintiff and defendant have not lived together as man and wife, that plaintiff treated defendant as a wife should a husband, but defendant, wholly unfaithful of his married vows, and on the date aforesaid, abandoned this plaintiff, since which time they have not lived together as man and wife; that plaintiff pleading the three years statute of abandonment.

Herein fail not, but have before said Court, at its aforesaid regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court at office in Nacogdoches this 9th day of August, A. D. 1919.

R. B. WALTHALL, Clerk  
District Court, Nacogdoches Co.

Sheriff Woodlan was called to Garrison this morning, by Contable Vaught, in the matter of a burglary in that city last night. It is said that some automobile tires were stolen from a garage in that place.

Mrs. S. Mintz and son, Leo, returned Friday from Rochester, Minn., where Mrs. Mintz underwent a surgical operation by the Mayo Bros. She is rapidly improving, and it is hoped she will be in sound health soon.

Rev. J. H. Fuller, of Little Rock, Ark., preached at the Christian church both morning and evening yesterday. Both of his sermons were very strong and interesting, and his hearers were charmed with his logical discourses.

I. D. Parmlay and family have returned from their automobile trip to Central and West Texas. Mr. Parmlay was forced to leave his car in Abilene, as the roads were so bad they were impossible to make the return trip in the car.

George, Henry B., and Emory Monk of Nacogdoches spent a few hours in the city Sunday. Miss Ida remained for a few weeks and the boys were accompanied by Miss Eula Mae, who has been spending the summer here.—Alto Herald.

Jerry Green, the little boy that was injured by a live wire in this city Saturday afternoon, is reported to be resting all right, and will no doubt be out in a day or two. The Sentinel reported Saturday that his name was Joe Green. His name is Jerry and he is the son of Joe Green.

Messrs. Oscar Baxter and W. S. Davis have arrived home from an automobile trip to Central Texas. They intended visiting North Texas, but were forced to leave their car in Fort Worth and come back home, on account of the bad roads.

It would be hard to find a twenty-foot square in the pavement this morning that is not "buckled up." The city recently filed suit against the paving company, and it is a pity that the jury-to-be could not see the paving this morning—no further evidence would be needed.

Some few days ago The Sentinel carried the report stating that a young Mexican boy named Dora Manschacker, was arrested and lodged in jail, charged with the destruction of property in tearing down fences. We are informed by an interested party that Manschacker was arrested with that charge, but was not put in jail and was turned loose.

Mr. J. N. Parsons, formerly of Dallas, has accepted a position as salesman with Mr. Ben T. Wilson, local Ford dealer, and will make his future home in Nacogdoches. Mr. Parsons' family will join him within the next thirty days. Mr. Parsons is a man of splendid ability and will be a welcome addition to the young business men of Nacogdoches.

Charlie Durst, a negro, was arrested yesterday, charged with stealing a buggy cushion, and paid a fine amounting to probably much more than the cushion, which was returned to the rightful owner, would have cost. It seems that Durst exchanged an old cushion for the new one, while the owner of the buggy from which it was taken, was absent.

From the Garrison News we glean the information that the Garrison Coal & Oil Co., now have their coal mine on a paying basis, and that they have secured a tract of land in another part of the city, and that the company is going to begin operations toward putting in a second mine. With the prospects of an enormous fuel shortage this winter, this should be a good enterprise for the neighborhood city.

Mr. J. B. Hughes spent Monday in the city prospective to returning to Alto to make his home. He will locate in the Corner Drug Store, or Allen's Drug Store, either of which is a splendid location, and as the town has no jeweler and Mr. Hughes and his work is well known we predict for him a splendid business. He purchased the Merrivether place on Mill street while in the city, and expects to return to Alto by the first of December.—Alto Herald.

Several parties from West Texas have been in the city the past few days in an effort to secure cotton pickers, and many have been secured. Farm laborers, are scarce in all parts of the country this year, and in this county as well. In this connection, inquiry into the wages paid in West Texas show that they are no more than is paid in Nacogdoches county, and many cases not as much, which would not seem to justify the laborers in making the change.

Mrs. T. E. Burgess and son, Raymond, left Wednesday evening for Denton, where they go to be present at the graduation of their daughter and sister, Miss Mattie, who has completed the course in fine and applied arts, and will receive her B. S. degree from the College of Industrial Arts Aug. 21st. They were accompanied on the trip by Miss Nettie Lewis, Miss Mattie's first art instructor, and Mr. Underwood of this city. They are making the trip overland and expect to stop in Dallas, Ft. Worth, Shreveport and several other places before returning home.

**PRICE INTERPRETING COMMITTEE TO MEET FRIDAY MORNING**  
County Food Administrator R. B. Walthall advises that the fair price committees, the personnel of which was carried in The Sentinel a few days ago, will meet in the district clerk's office of the court house Friday morning at 10:30, and all members are requested to be present.

At this time the committee will organize its forces, and prepare for active service. The purpose of the committee will be to publish a fair price list of staple articles each week, and see that the prices conform to them.

## APPOINTMENT AND DUTIES OF CENSUS ENUMERATORS

Every county in this congressional district is to be subdivided into enumerating districts and an enumerator is appointed for every such subdivision.

The compensation of enumerators shall not be less than two, or more than four cents for each inhabitant; not less than twenty nor more than thirty cents for each productive industry reported; not less than twenty nor more than thirty cents for each barn and enclosure containing live stock not on the farm. The enumerator must be a resident of the county within which his duties are to be performed and must be able to pass an examination with reference to his fitness for the duties required of him.

It shall be the duty of each enumerator to visit personally each dwelling house in his district and each family therein and obtain such statistics as required by law.

Enumerators to begin work January the 2nd, 1920 and to complete same within thirty days. Any city having 2500 or more inhabitants, the enumeration must be completed within two weeks.

Enumerators are to be appointed solely with reference to their fitness. Applications with references may be filed at any time, however, the appointment of enumerators will not begin until the several counties are subdivided into enumerator districts.

Headquarters for supervisor not as yet determined, however, for the present, all applications should be addressed to the undersigned at Center, Texas.

J. W. SHOTWELL, Supervisor.

## EQUIPMENT COMING FOR THE INFANTRY COMPANY

Captain Walthall has been advised by the Commanding Officer of his regiment, Col. Kirk, that the equipment for the infantry company was shipped from Camp Mabry on August 17th, and that it would reach Nacogdoches in about ten days.

With the exception of the large cities, Nacogdoches is the only city in Texas with both a troop of cavalry and a company of infantry, and it is to be hoped that the citizens of this place will show their appreciation by rendering Captains Lee and Walthall every assistance possible.

Captain Walthall says that he will call the men of his company together as soon as the equipment arrives.

## DEATH OF ALTO BOY IN HOSPITAL LAST WEEK

The Alto Herald contains the following account of the death of Willie Cornelius in this city last Thursday:

The news of the death of Willie Cornelius, aged 19, that occurred in Nacogdoches Tuesday was a complete surprise to many, as his illness was unknown to many of his friends.

He was stricken with appendicitis while at church in the Atoy community on last Friday night, and was carried to Nacogdoches Monday and operated on at 9 o'clock p. m., and died Tuesday p. m. at 7 o'clock.

He was the only son of Mrs. Tallie Cornelius and had only been at home from overseas two months, having been gassed while in service, and it is thought that this was the cause of his not being able to recover from the operation.

The remains were laid to rest in the Cornelius cemetery in the Atoy community Wednesday afternoon, a minister of Cushing officiating.

Besides a mother he leaves two sisters to mourn his departure, who have the sympathy of many friends in their bereavement.

## TEACHERS EXAMINATION.

County Superintendent Layton announces that there will be a teachers examination held in his office on Friday and Saturday, Sept. 5th and 6th for those desiring teachers certificates.

## APPLEBY LOCALS.

It is reported that Miss Mable Crawford, who has been very sick for several days, is better today.

O. C. McNeill of Joaquin has been called to the bedside of his son-in-law, Mr. Hutchison of Lone Pine, who is very ill and not expected to live.

Mack Clifton was buried at the Clifton Cemetery Tuesday after a short illness. He leaves a wife and several children.

C. G. Haney of Richmond, Texas, is visiting relatives and friends at this place.

Miss Lucile Bridwell of Ballinger, is visiting Mrs. Nora Skeeters and other relatives this week.

The Appleby Sunday school had an outing last Sunday, and recited their Bible lessons on the banks of the small Jordan near Mrs. Laura Melton's, a fish pond. Another picnic is contemplated ere long.

W. W. Mangham is repairing his mill house and building a new warehouse. Mr. Mangham is now locating ice from Nacogdoches, as he says that it is almost impossible to get ice by the car load on account of the demand being greater than the output.

There will be a singing school commencing at Appleby Monday after the fifth Sunday in this month. Prof. Battles of Swift will conduct the series. The old as well as the young are invited to attend. We are looking for a good attendance from adjoining communities.

## SAYS CHEMIST IS PUBLIC BENEFACTOR.

Being a doctor and suffering for many years with stomach trouble, I feel I cannot do justice to so great a public benefactor in writing. Mayr's Wonderful Remedy is everything you have claimed for it. I can now eat and relish victuals I have not dared to eat in many years. Am feeling like newly born. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Stripling, Haselwood & Co. and druggists everywhere.
