SEARCH FOR MILLIONAIRE

Madison, Wis., Oct. 20.—Search for Ambrose J. Small, a Toronto millionaire who disappeared last December, has led to Madison, where a detective working on the case expects to find a clue to the missing man's whereabouts. Small disappeared after depositing \$1,000,000 in a Toronto bank. A reward of \$50,000 has been offered for information leading to his recovery. Search has been made for his secretary, John Doughty, who is believed to have kidnaped Small.

ARRESTED FOR SEDITION

London, Oct. 19.—Sylvia Pankhurst daughter of Mrs. Emeline Pankhurst, was arrested today charged with publishing seditious literature.

GIN FIRES DISCUSSED

Fort Worth, Texas, Oct. 19.—Cotton gin fires was the principal subject at the annual convention of Texas Fire Marshals, which began here today. J. J. Daghish of Tyler is presiding over the meeting.

SENTENCES AFFIRMED

Austin, Texas, Oct. 20.—Judgments of the lower courts in the case of L. C. Gordon of Eastland County, given a 25 year sentence for the murder of Rowe Pollard, and Joe Henderson, under a 99-year sentence for the murder of Robert Killingsworth, were both affirmed by the Court of Criminal Appeals today.

The judgment against C. I. Raskberry of Rusk county, sentenced to 99 years for the murder of Ethel Pool, was reversed and remanded because of the defective charge of the jury.

Judgments against Tom Dunn, sentenced to 25 years for murder in Coryell county, was reversed and remanded because one juror was excused before the trial was completed.

SECRETARY SHOUSE RESIGNS

Washington, Oct. 14.—Jouett Shouse, assistant secretary of the treasury, has resigned, and the resignation accepted by the president, effective November 15. Shouse wrote the president October 7 that he desired to quit the post in order to adjust his personal affairs.

MOVIES TO TEACH FARMERS TO FIGHT BOLL WEEVIL

Washington, Oct. 18.—To aid Southern cotton growers in their fight against the boll weevil, the department of Agriculture is planning to show by motion pictures the methods used in combatting the destroyer by means of calcium arsenate poisons applied by dusting machines. By the persistent and intelligent use of this insecticide, it was said, department officials hoped to reduce the loss of the crop through weevil destruction to 10 percent.

LOOKS LIKE SKULDUGGERY

Washington, Oct. 18.—President Wilson today addressed a letter to Senator Harding relative to the republican nominee's statement Saturday that he had been "approached informally" by a representative of the French government regarding the new Association of Nations. Quoting a dispatch dated St. Louis October 16 purporting to report the statement of Mr. Harding, the president said: "I need not point out the grave and extraordinary inference to be drawn from such a statement, namely: That the government of France, which is a member of the League of Nations, had approached private citizens of a nation which is not a member of the League with the request, 'that the United States lead the way to world fraternity,' declaring that the State Department 'had always found the government of France most honorably mindful of its international obligations and punctiliously careful to observe all the properties of international intercourse.' The president wrote that he 'hesitated to draw the inference to which I have referred unless I am assured by you that you actually made the statement.'"

Asks French About it.

Washington, Oct. 18.—President Wilson today directed inquiries to both the French government and Senator Harding regarding Harding's recent statement that he had been approached "informally" by a representative of France and asked to lead in the formation of an Association of Nations.

DISORDERS IN LONDON

London, Oct. 18.—Disorders occurred at Whitehall this afternoon in connection with the coal miners' strike during a demonstration by unemployed men, who sent a delegation to Premier Lloyd George in Downing Street. Several persons were injured in attempts to break through the police cordons and others were hurt when some stonework fell from a window in the treasury building.

PLAN FOR LOAN FUND

Washington, Oct. 19.—The issuance of treasury certificates of indebtedness to the amount of at least \$250,000,000 for the purpose of facilitating loans to farmers was advocated today by George Hampton, managing director of the Farmers National Council, who said he had written to President Wilson seeking co-operation.

PALMER WANTS PROOF

Washington, Oct. 18.—Attorney General Palmer today directed the United States district attorney at San Francisco to "make a full and complete investigation of the reports that 40 barrels of whiskey and gin were withdrawn from bond in San Francisco for the entertainment of delegates to the Democratic National Convention." At the same time Mr. Palmer in a telegram called upon Acting Mayor McLeran of San Francisco to produce proof or publicly retract the statement attributed to him that Palmer knew all about the whiskey transaction at the time.

GREEK KING IS WORSE

Athens, October 19.—King Alexander, whose condition has been most grave, appeared worse today owing to congestion of the lungs. Newspapers here speculate on his successor, should the illness terminate fatally. A number of foreign princes have been suggested for the throne. It seems that Prince Charles of Belgium, younger son of King Albert and Queen Elizabeth, is the favorite.

BOTH PARTIES MUST SHOW RECEIPTS AND DISBURSEMENTS

St. Louis, Mo., Oct. 19.—Five days before the coming election (on October 28) complete records of collections and disbursements by the Republican and Democratic parties will be submitted to the public. The senate committee appointed to investigate campaign expenditures, meeting here yesterday, directed chairmen of National Senatorial Congressional Committees of the two parties to file such reports in Chicago on that date, the reports to cover all activities since the party chairmen testified at the committee hearing in Chicago several weeks ago.

HARDING SIMPLY LIED

Washington, Oct. 19.—Assurances have been given the State Department by Count DeBearn, French Charge d'Affaires here, that the French government has not given authority to anyone to approach Senator Harding with the suggestion that the republican presidential nominee take the lead in forming a new world's association. Calling attention to the official denial issued by the French Foreign office yesterday, the French charge told Undersecretary of State Davis that he was assured the French government had delegated no spokesman to act for it in negotiations with Harding, either "formally or informally, officially or unofficially."

Cox Ridicules Explanation

Worcester, Mass., Oct. 19.—Senator Harding's explanation of his remarks regarding alleged French overtures for a "new association" was ridiculed here today by Governor Cox in an address to a large crowd at the railroad station. "It's amazing how stupid the American people are," Governor Cox declared. "They just can't make out the man from Marion."

In Springfield the governor made an early morning address in pajamas to a crowd at the station.

WHAT THE FARMERS LOSE

Washington, Oct. 19.—The shrinkage in value of farm products so far this season will result in American farmers receiving \$2,500,000,000 less than they would have secured on a 1919 price basis, Secretary of Agriculture Meredith said today in addressing the convention of the American Bankers Association. He classed the resulting situation as one "which demands the best thought and sympathetic consideration of the bankers of America and all the people of the country." Mr. Meredith estimated the drop in corn prices involved a billion dollar loss to producers, while the decrease in cotton prices amounts to a third of a billion dollars. "The American people must see that the farmers secure sufficient credit for their needs," he continued. "Only thus can they continue to supply the nation's need for food."

SOME ONE MUST DO IT

Washington, Oct. 18.—Declaring that "some one" must finance this year's crops, George Hampton, managing director of the Farmers National Council, today wrote the Federal Reserve Board suggesting that in the event the board definitely decides against making an effort to get members to discount farm paper (warehouse receipts) the government borrow money and deposit it in national banks to be loaned to farmers at not more than 1 percent in excess of the rate the government pays.

TEXAS AVIATOR KILLED

Aurora, Ill., Oct. 18.—Bryan McMullen, a Dallas, Texas, pilot in the Chicago-Omaha aerial mail service, was killed while seeking to make a landing early Saturday morning in a fog near Batavia, Ill. The machine struck one of the few telephone lines running across the prairie. The plane turned over and the gasoline tank exploded, strapping it in. was burned to death.

Mr. and Mrs. Robert W. Wiggins, who had been visiting relatives here for several days, left Friday for Corsicana for a few days' visit, going thence to Mississippi, where they will reside for several months.

HOPE FOR SETTLEMENT ENGLISH MINERS' STRIKE

London, Oct. 18.—One effect of the coal strike upon financial London has been the weakening of the pound sterling, which has dropped to \$3.44 on buying orders to cover actual prospective coal shipments from the United States to Europe. Persistent reports of efforts to settle the strike have partially relieved the spirit of anxious uncertainty in England today. John Robert Clynes, former food controller, has expressed confidence of a settlement within the week if both sides can be brought together to discuss the controversy calmly.

FATAL RAILROAD DISASTERS

Roanoke, Va., Oct. 20.—Three train men were killed, five injured and several passengers were shaken up in a head-on collision at Rural Retreat, Va., between two passenger trains, according to a bulletin issued from the Norfolk & Western offices here today.

Six Killed, Fifteen Injured

Erie, Pa., Oct. 20.—Six persons are known to have been killed and at least 15 injured when the Chicago-Boston limited on the New York Central Line sideswiped a Buffalo-Cleveland train, westbound, at the west end of the station here today. Four of the bodies taken from the wreck were those of women.

SUNDAY IS LEAGUE DAY

Little Rock, Ark., Oct. 20.—October 24 has been designated as League of Nations Sunday in Arkansas by Governor Charles H. Brough, who yesterday issued a proclamation which declared acceptance or rejection of the league covenant presented one of the greatest issues ever before the American people. The proclamation urges that all persons not familiar with the covenant devote next Sunday to its study. The proclamation is in line with the action taken by Governor Robertson of Oklahoma, who also set next Sunday as League of Nations Day.

SOME FOODSTUFFS CHEAPER

Washington, Oct. 20.—The decline in the retail price of some foodstuffs during September was placed at 2 percent by the government statistics monthly report today on food costs. Some foodstuffs, notably potatoes and sugar, sustained a marked decrease in price, while others, including such commodities as eggs, porkchops and oranges, underwent price increases ranging at 8 percent in oranges to 12 percent in eggs. The drop in the price of potatoes was placed at 23 percent, sugar 20 percent, cabbage 14 percent and coffee 6 percent.

INVESTIGATE WHEAT PRICES

Chicago, Oct. 20.—The Federal Trade Commission today began an investigation of operations on the Chicago Board of Trade in an effort to determine the cause of the recent depression in wheat prices. The hearing followed complaints from Governor Allen of Kansas that the slump was caused by speculators. He declared that speculators forced prices down six cents in one day, and later attempted to begin a "farmers' boycott" on selling.

WANT COWBOY CLOTHES

Galveston, Texas, Oct. 15.—South America has got acquainted with the Middle West and the gauchos of the pampas have begun to order "cowboy clothes" from Chicago mail order houses, according to Ed Lewishon, a "business scout" of a Chicago implement concern. He has just arrived here from a tour of investigation of Brazil, the Argentine Republic, Chile, and several other Latin-American countries.

LOWEST PRICE IN YEARS

Texarkana, Texas, Oct. 20.—Cotton reached the low mark of 15 cents on the local curb market today. This is the cheapest price in years.

Mineola, N. Y., Oct. 20.—The four mine air planes which left here July 15 to establish an air route to Nome, Alaska, arrived here today, completing the round trip.

POSSIBLE SETTLEMENT BRITISH COAL STRIKE

London, Oct. 20.—Negotiations that might settle the strike of British miners is today believed to be assured. Government officials and labor leaders, who outlined their position before the opening session of parliament, have shown a desire to reach an understanding. The belief is general today that proposals are in course of preparation on both sides. Premier Lloyd George has declared he is ready to enter into negotiations, but has laid emphasis upon the fact that the government wants a final settlement of the differences which brought about the cessation of work last Saturday.

RAVAGES OF TUBERCULOSIS

Austin, Texas, Oct. 19.—Every three minutes, as certain as the movement of the clock, some man, woman or child in the United States dies of tuberculosis. This statement was issued by the Texas Public Health Association today.

"Twenty die every hour, 480 every month, and 150,000 every year from the White Plague in the United States," said D. E. Breed, executive secretary of the Association.

"If we take the estimate of Dr. Donald B. Armstrong, assistant secretary of the National Tuberculosis Association, who recently visited Texas, there are 46,510 cases of tuberculosis in Texas at the present time. Dr. Armstrong, who is director of the Framingham, Massachusetts, Health Demonstration, where theories for making a model American city have been tried out, found that there was one case of tuberculosis to every hundred people."

THEFT MADE EASY

London, Oct. 15.—Door keys are considered unnecessary in the bolshevik scheme of life in Russia. Only privileged persons are supposed to possess them.

When the Associated Press correspondent, who recently crossed Russia asked for a door key in one of the nationalized hotels at Omsk he was informed by the hotel "commisar," formerly the owner, that under the red regime doors are not supposed to be bolted.

An appeal to the Omsk bolshevik commandant resulted in the American correspondent obtaining an official document granting him a key and the privilege of locking the door of his room.

HARDING'S STUPIDITY

Boston, Mass., Oct. 20.—Scathing attack upon Senator Lodge of Massachusetts, and sarcastic criticism of Senator Harding were made yesterday by Governor Cox during his New England tour, embracing Massachusetts and New Hampshire cities and ending last night with a great meeting on Boston Common.

Senator Harding was heaped with sarcasm and ridicule by Governor Cox in virtually every address of the day with the incident between president Wilson and the senator regarding the latter's statement of French overtures as the basis.

"The facts justify his stupidity, though deliberately, attempted to deceive the people of the United States," Governor Cox declared. Expressing belief that a French author and humorist was Senator Harding's source of information regarding French sentiment upon a new association of nations, and commenting upon Senator Harding's letter to President Wilson, Governor Cox said sarcastically:

"Poor Senator Harding has been misunderstood again. It is a pathetic thing that he suffers so much from the dullness of the American people, including newspaper editors and leaders among partisans and opponents."

REFUSED TO REVIEW CASE

Washington, Oct. 12.—The Supreme Court today refused to review the cases of George Holmes and Frank Miller, convicted at El Paso, Texas, in 1919 and sentenced to five years for conspiring to export war munitions to Mexico without a license. Three others indicted at the same time pleaded guilty and were sentenced to two years.

Tax Collector's Notice

I will be at the following places on the dates mentioned for the purpose of collecting taxes or the year 1920:

- DOUGLASS, Monday, November 8.
- CUSHING, Tuesday and Wednesday, November 9 and 10.
- SACUL, Thursday and Friday, Nov. 11 and 12.
- LINN FLAT, Saturday, Nov. 13.
- CHIRENO, Monday and Tuesday, Nov. 15 and 16.
- ETOILE, Wednesday, Nov. 17.
- MELROSE, Thursday, November 18.
- GARRISON, Monday and Tuesday, Nov. 22 and 23.
- APPLEBY, Wednesday, Nov. 24.

J. C. MELTON

Tax Collector, Nacogdoches County, Texas

WEEKLY SENTINEL

PRICE \$1.50 PER YEAR.

BY GILES M. HALTOM

ANNOUNCEMENTS

- For Associate Justice, Court of Civil Appeals, Ninth District. W. B. O'QUINN.
- For District Judge 2nd Judicial Dist. JUDGE L. D. GUINN.
- For District Attorney 2nd Judicial Dist. W. B. BATES.
- For Representative. W. E. THOMASON.
- For District Clerk. IVAN R. PRINCE.
- For County Judge. J. M. MARSHALL.
- For Tax Collector. J. C. MELTON.
- For County Clerk. J. F. FERRITE.
- For Tax Assessor. CLYDE SHOFNER.
- For Sheriff. G. W. L. WOODLAN.
- For County Superintendent. MISS EXIER M. LEWIS.
- For County Treasurer. J. F. FLOYD.
- For Justice of the Peace, Precinct No. 1. F. D. HUSTON.

- For Commissioner, Precinct No. 1. G. A. BLOUNT.
- For Public Weigher, Precinct No. 1. J. L. MULLINS.
- For Commissioner Precinct No. 4. LINK A. MOSS.

THE LEAGUE TO PREVENT WAR.

Every member of the League of Nations solemnly agrees that it will never go to war without first having done one or another of two things, without either submitting the matter in dispute to arbitration, in which case it promises to absolutely abide by the verdict; or if it does not care to submit it to arbitration, without submitting it to discussion by the council of the League of Nations, in which case it promises to lay all the documents and all the pertinent facts before that council; it consents that the council shall publish all documents and all the pertinent facts, so that all the world shall know them; that it shall be allowed six months in which to consider the matter; and that even at the end of the six months, if the decision of the council is not acceptable, it will still not go to war for three months following the rendering of the decision.

It is provided in the covenant of the League of Nations that any nation that disregards these solemn promises with regard to arbitration and discussion shall thereby be deemed ipso facto to have committed an act of war against the other members of the League and that there shall thereupon follow an absolute exclusion of that nation from communication of any kind with the members of the League. No goods can be shipped in or out; no telegraphic messages can be exchanged; there shall be no communication of any kind between the people of the other nations and the people of that nation. There is not a nation in Europe that can stand that for six months. Germany could have faced the armies of the world more readily than she faced the boycott of the world.

THE SOLDIERS OF TODAY

During Houston's greatest parade on the closing day of the Confederate Reunion, popular interest was naturally centered upon the beloved old veterans, but let us not overlook the impressive appearance of the troops of the Texas National Guard who led the parade.

Texas could have assembled no finer exhibit of the young manhood of this state for the visitors than was witnessed in this body of troops, and their appearance as such as to awaken a new sense of pride in the State guard among all Texans who saw them on this march.

In the finest physical condition after their period of service in Galveston, which offered them excellent military training, they bore themselves in a soldierly manner to win the admiration of the trained observer. Their step and alignment was almost perfect, and their officers performed their duties with a precision that bespoke their thorough military training. The Texas troops would have compared favorably with the crack regiments of the regulars.

Whoever conceived the idea of including the Texas Guardsmen in the parade is to be congratulated. Their appearance was a credit to the state. They sustained the highest traditions of Texas soldiery.

In our enthusiasm for the heroes of the Old South let us not forget to

share it with the splendid faithful troops of the New South who are serving in the public defense.—Houston Post, Oct. 10th, 1920.

WHY NOT BUILD?

Nacogdoches is composed of people who say that they want the city to be a growing, progressive and enterprising town. But it sometimes appears that their actions do not coincide with their words. To bear out this statement, everyone will admit that Nacogdoches needs more houses in which to house its own people and people who wish to come here, and everyone admits that "someone should begin to do some building." But the point of interest just now is that no one will build.

It appears that house property in Nacogdoches is to be especially desired—judging from the price of rent one has to pay—and it is regrettable that people here who have the money are not investing it, or a portion of it, in this manner.

There are plenty of people in Nacogdoches who are able to build from one to 10 bungalows and not especially feel the cost. It is plain to be seen that such an investment would be profitable, and no one was ever heard to say that it would not be profitable.

It would pay the local man, the man who has some money, to give the idea of building a little house in Nacogdoches a bit of his earnest consideration.

Throw away your hammer and get a horn.

Why take a market basket if you have only \$5

How can the ladies take their vote back next day and exchange it.

All campaign indications are that Ohio will supply the president.

There are a thousand who are posted on the daily big league ball scores to one who has read the League of Nations covenant.

There have been 385 sets of twins born in Texas this year, not to mention the bumper crop of singles. It is hard for the Republicans to offset such Democratic strenuousness.

In England when one wishes a special telephone connection he asks to be "put through", and when wanting long distance asks for "trunk lines". Also they call a railroad conductor a guard. Why in blazes don't the English speak English?

Why all this noise about Mr. Bryan not getting out and making campaign speeches? When a man has sense enough to shut up and keep quiet he should be encouraged at it. It is a godly virtue and one which all the rest of us are way shy on.

Now, ladies we have fought, bled and died many long years to help you get the ballot, but now that the time has arrived we desire to admonish you that if 25,000,000 of you are going to remain in the voting booth as long as you generally do in telephone booths, none of the rest of us are going to get a chance to vote.

It is well to remember, before saying that the people are all bad and the country is going to the demitition how-wows, that out of the 100,000,000 population of this country at least 98,000,000 have never committed a crime of any kind. That is a fine big average for the good. We are not such a bad lot, taken as a whole.

Come to think of it, we are inclined to fear that when the millennium comes, and we don't have to do anything but sit around on the river bank and strum a harp and listen to the birds sing, we'll get tired of the monotony in about a week and want to go to a ball game or the movies, or have a newspaper to read of how the politicians are going to save the country.

With congressmen and senators calling each other liars, thieves and porch-climbers, capital and labor lurching off the backs of each other's necks, the producer and consumer ramming bombs down each other's mouths and the rest of us waltzing around with a chip on our shoulders as big as a California redwood sawlog, where d'ye get that peace stuff, anyhow?

Brixton Jail, October 14, 1024.—On the 1523rd day of his hunger strike, Lord Mayor MacSwiney of Cork, according to a bulletin issued by the Irish Self Determination League, is perceptibly weaker and can scarcely speak above a whisper. He is sinking rapidly and can not possibly last more than 40 years longer.—Houston Post.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Crisis. Purgative With Calotabs, the Purified and Refined Calomel Tablets that are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—(Adv.)

90th DIVISION REUNION

Between six and seven thousand ex-90th Divisioners attended the second annual reunion of the 90th Division, just closed at Oklahoma City, Camp Travis, San Antonio, Texas, was chosen as the next meeting place, November 11, 12, and 13, 1921.

Among those present at the Oklahoma meeting were General Charles H. Martin and General J. P. O'Neil. General Martin commanded the division while in the army of occupation in Germany and is now stationed in Washington, D. C. General O'Neil commanded the 17th Infantry Brigade from the time it was organized until it was demobilized and is now in command the Pennsylvania National Guard.

The following were elected as officers for the Association for the ensuing year:

Ike S. Ashburn, College Station, Texas, President; Buford Jester, Corsicana, Texas, First Vice President; Hubert Bower, Oklahoma, Okla., Second Vice President; B. L. Coker, Idabel, Okla., Third Vice President; Arthur J. Reinhart, Dallas, Texas, Secretary; Dan F. Ragel, Dallas, Texas, Treasurer; David C. McCaleb, Wichita Falls, Texas, Historian; Floyd O. Burnett, Oklahoma City, Okla., Chaplain.

Plans have already been started for next year's reunion, according to advices from Secretary Arthur J. Reinhart, whose address is 811 Southwestern Life Building, Dallas, Texas.

TO THE DEMOCRATS OF THE SOUTH

Let me appeal to every democratic man and woman in the South to immediately make a contribution to the National Democratic Campaign Fund. The tide to victory has turned. We are sure of the victory if the proper financial support is given. The election of a democratic president means peace, prosperity and happiness for the South.

No one can tell just what will happen in the event of Republican success.

The professional politician of the North is jealous of the prosperity of the South.

The funds should be immediately contributed. Delay may be fatal. Send your check today to your State Finance Chairman. Joe Sparks, Assistant Treasurer, Democratic National Committee.

MOTHER!

'California Syrup of Figs' Child's Best Laxative

Accept 'California' Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say 'California.'

GOVERNMENT BY THE SENATE

Only within the Senate itself has government by, of and for the senate ever found favor. The Senate has always been regarded as the bulwark in our government of the great vested interests rather than of the popular will. Individual Senators have been patriots and great popular leaders, but the senate as a body has not been the champion of popular government.

The present senate exemplifies the established record and reputation of the body. It is now logical that the arrogance of some of its leaders should seek now, through the election of Senator Harding, to usurp the functions of the president.

Ex-Governor McCall of Massachusetts, in an article in a recent magazine, speaks thus of the Senate action on the League of Nations:

"This moral decadence has shown itself in the recent notable debate upon the treaty * * *"

Referring to future readers of the history of time, he says: "They would see a cause of colossal importance brought down to the level of the hustings as if it were the prime purpose not to confer a memorable boon upon mankind but to carry the next election."

And it is to the most reactionary and the narrowest of the clique of this Senate that Harding proposes to turn the government of the nation over.

Mr. Wilson has just told how it feels to be President and Bryan ought to know by experience how it feels not to be president.

The Republicans may be coughing up that fifteen millions, as alleged, but reports indicate that democrats have to be bribed with a dollar with crowbars and T.N.T.

The Democrats say the head of the Republican ticket is smaller than the tail, all same kangaroo. It is possible of course, that they may be prejudiced about a nickel's worth.

The hat that the beloved wife picks out may be a "dream" all right, as she expresses it at the time of picking it out, but the dream becomes a reality when the bill is presented.

It has been proven that Senator Harding was taking a bath at the time he was nominated at Chicago. Fat chance he has of getting the bolshevik or I. W. W. vote!

Doggone it! Even if we get rich our wives won't let us go where we want to; our daughters won't let us talk as we want to; and our doctors won't let us eat what we want to. What's the use?

Scientists say to cure stomach trouble fast a month or two, like some in Ireland do. Our main stomach trouble has always been to get three squares a day, which is some tall stunt these H. C. L. days.

UNUSUAL LAW SUIT WON BY LOCAL LAND MAN

Court officials say one of the hardest fought cases during this term of court was the case of Max W. Hart of this city, against T. S. Crossland of Appleby, Hart, who was suing Crossland on a specific performance of contract to purchase 350 acres of land 11 miles north of the city on the Henderson road, won an enforcement of the contract in a verdict returned by the jury, which was composed chiefly of business men. It seems that Crossland had promised, so Hart says, to let Hart sell the 350 acres of land at a certain price. Later Hart decided to buy the land himself at the specified price, but Crossland refused to sell. Then a law suit followed. Hart was represented by Judges S. W. Blount and V. E. Middlebrook, Moss Adams represented Mr. Crossland.

"GRANDMA" SIMMONS DEAD

"Grandma" Simmons, one of the old and well-known residents of Appleby, died suddenly at her home at 5 o'clock Thursday morning. She retired last night in apparently good health, but at the hour named attracted attention by her struggles, and in a few minutes was dead.

"Grandma" Simmons, as she was affectionately called by all who knew her, was 71 years old and for many years had been a resident of the Appleby community. She is survived by six children, among whom are Mrs. Willie Feazel of Nacogdoches. A son resides at Troup and others, we understand, at Appleby. All were at her home when she passed away.

Interment will be made in Bethel cemetery. Funeral arrangements had not been completed when the information was telephoned to the Sentinel.

Clean

Good old Luzianne is a clean coffee. It is not touched by hand from the time it is first received in New Orleans until you serve it on your table. Every pound sold in an individual air-tight tin can "Goes Twice as Far" LUZIANNE coffee

Wm. B. Reily & Co. Inc. New Orleans

GRAND JURY REPORT

Nacogdoches, Texas, Oct. 14, 1920. To the Hon. L. D. Guinn, Judge of the District Court in and for Nacogdoches county:

We, the Grand Jurors for the September term, A. D. 1920, of the District Court of Nacogdoches County, Texas, beg to make our final report, and in that connection make it known to the Court that we have finished our work and ask that we be permitted to adjourn finally for this term.

We, have been in session nine days, five the first meeting and four this second session. We have had many witnesses before us, have returned bills of indictments in cases we thought the evidence warranted, and not otherwise. Of course, we could still find more to do, but believe it useless to remain in session any longer.

We have had the able assistance of the District and County Attorneys and local officers, the Sheriff's department, etc. Have examined the jail and find it in good condition.

Our labors are over and we ask to be adjourned.

Respectfully submitted, V. L. Perry, W. O. Strode, H. W. Spradley, W. H. Ramba, C. E. White, C. R. Runnels, J. M. Adams, O. E. Muckelroy, John S. Jenkins, F. M. Coleman, T. Tilford.

Members of the Grand Jury Present.

VAGRANT POSTAL CARD

New York, Oct. 15.—A postcard mailed 17 years ago was recently delivered 12 miles from the place where it was dropped in a letter box. The man who sent it received it, having acquired the position formerly held by the original addressee.

Frank O'Keefe, the sender, was surveying the Harlem river in September 1903, for the department of docks. One evening he sent the card, reporting his work to the superintendent.

Later, O'Keefe, through a series of promotions, became superintendent of docks. When the postcard ended its prolonged travels several days ago, it was delivered to him.

A FREAK EGG

Mr. and Mrs. A. B. Smith, who reside on Rt. 3, three and a half miles east of town, brought to the Sentinel office Friday afternoon a curiosity in the shape of a freak egg, which consists of two small globes joined together very much like a dumb-bell. This double-barreled egg measures 2 1/4 inches in circumference. The globe 3 inches in circumference. The

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely. Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites. In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle. Large size \$1.00. JAMES F. BALLARD, Prop. St. Louis, Mo.

industrious biddy first laid an ordinary egg and immediately followed it with this freak product. It is on exhibition at this office.

Women are tolerably tender-hearted until it comes to pass judgment on one of themselves.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing two ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at a very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white or a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and ever irritates.

Kill That Cold With

HILL'S CASCARA QUININE FOR Colds, Coughs AND La Grippe Neglected Colds are Dangerous Take no chances. Keep this standard remedy handy for the first sneeze. Breaks up a cold in 24 hours—Relieves Grippe in 3 days—Excellent for Headache. Quinine in this form does not affect the head—Cascara is best Tonic Laxative—No Opium in Hill's.

ALL DRUGGISTS SELL IT.

Just Water!

We don't try to coax you to have insulation replaced, battery recharged and a lot of miscellaneous needless work done when all your battery needs is a drink.

Drive in. Let's get acquainted for your battery's sake.

And you ought to know about **Threaded Rubber Insulation**—the kind selected by 152 manufacturers of passenger cars and motor trucks.

WHY DEMOCRATS SHOULD CONTRIBUTE

By George White, Chairman Democratic National Committee

Do you believe in Democracy? Do you believe in the League of Nations? Are you a supporter of James M. Cox and Franklin D. Roosevelt? Then you are the person whose help we need.

We are having it. Yes; and we appreciate your moral support and the vote you are going to cast for the ticket. While that is of first importance, it is not enough.

If you believe in the principles for which this fight is being made, you want those principles to prevail.

This is a tremendously big country. It is estimated that no fewer than 30,000,000 people will vote in the November election. They are all not in touch with the sources of information that are open to you. In many sections of the country there are virtually no democratic newspapers. Many thousands of voters are able to know but one side of the campaign, unless special effort is made to present the other side to them.

What we need and must have is the money necessary for legitimate expenses, to counteract the misstatements, the misrepresentations, and so we make this appeal for funds. If we send out speakers, if we send out literature it costs money, and our only way to pay these expenses is for the people who love these things for which we fight to send us their checks. A few thousand people among the millions who will support our cause with their vote would contribute to our campaign funds until they felt like they had denied themselves this spirit of sacrifice would show in certain victory. The only reason that the plain citizen may vote against us is because we haven't taken him the message. We need your financial help to do it.

HEALTH HINTS

From Texas State Board of Health. To cure is the voice of the past; to prevent the demand of the future.

An ounce of screening is worth a pound of malaria medicine.

Forewarned is forearmed—Let the plague situation in Texas spell PREVENT in capital letters.

A toothbrush every day will slam the door in the dentist's face.

Negligence, indifference, lack of information, false economy—not the Lord—make the death rate large.

Where cleanliness leads health will follow.

Spare the "swatter" and spoil the health of the entire family.

A safety first suggestion—If your child complains of a sore throat, don't send him to school, send for a doctor.

You study scientific farming to raise bigger and better crops. Why not study better babies hygiene to make your baby bigger and stronger?

Got Her Good Health out of a Bottle
Mrs. Edward Raifsnider, Wabash, Ind., says that she owes her good health to Chamberlain's Tablets. She suffered from distress after eating and constipation and was completely cured by the use of these tablets. Sold by Stripling, Haselwood & Co. c

COTTON GIN FIRE

Wichita Falls, Texas, Oct. 14.—Fire early this morning destroyed the J. B. Jamison cotton gin here. The loss is estimated at \$21,000. Fire Chief McClure says there is every evidence that the fire was of incendiary origin, though he declares he had received no warning of any kind. McClure advised all gin owners to arm their guards, with instructions to fire upon all prowlers.

CORNERING THE RINGSTERS

Chicago, Oct. 15.—The arrest of three men in connection with the Federal Grand Jury's investigation of the alleged "whiskey ring" brought out the information today, according to police officials, \$100,000 had been raised in Chicago to force out certain federal prohibition agents and replace them with men susceptible to the influence of the alleged "whiskey ring."

STATE WINS BIG LAND SUIT

Austin, Texas, Oct. 15.—Claims of the State of Texas for 60,000 acres of land in the Panhandle, alleged to be an excess survey of 3,000,000 acres granted the Capitol League Syndicate for erecting the capitol building in 1884, were allowed by a decision of the Fifty-Third District Court today. The state contended that the syndicate had received 3,060,000 acres instead of the 3,000,000 due them. This contention was based upon a resurvey of the lands held by the syndicate.

CHANGE IN DATE OF LIVESTOCK SHOW

The Purebred Livestock Show at Nacogdoches will be held on Thursday, November 4, instead of Tuesday, November 2, as announced in this paper yesterday.

November 4 will likely be designated as farm bureau day. An announcement along this line will be made shortly.

Remember the livestock show date, November 4th.

Watch out for the announcement about Farm Bureau Day.

If these two events can be brought together, it will be a red letter day for Nacogdoches county farmers.

H. L. McKnight.

Financial Loss Due to Colds

It is estimated that the average man loses three days time each year on account of inability to work because of a cold. Much of this loss can be avoided by treating every cold as soon as the first symptoms of the disease appear. Chamberlain's Cough Remedy has won a wide reputation and immense sale by cures of this disease. Try it. You are certain to be pleased with its pleasant taste and the prompt relief it affords. Sold by Stripling, Haselwood & Co. c

FERGUSON TO SPEAK HERE

Former Governor James E. Ferguson, candidate of the American party for president, will address the people of Nacogdoches county at the courthouse in this city at 2:30 p. m. on Monday, October 25. The voters are invited to attend and hear him expound the doctrines of the new party. He is a forceful speaker, and his talk will be interesting.

GRIP

Grip usually starts just the same as a cold with a watery discharge from the nose. You are much more likely to contract the grip when you have cold. For that reason when grip is prevalent you should go to bed as soon as you feel that you are taking cold and stay in bed until you have fully recovered which should not be long if you are taking Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on. Sold by Stripling, Haselwood & Co. c

THRASH-RAMSEY

Mr. Fred E. Thrash and Miss Lorine Ramsey of this city were married at 2:30 Sunday afternoon, October 17, 1920, at the Baptist parsonage, by Rev. S. D. Dollahite. Only a few close friends witnessed the ceremony. These young people have many friends in Nacogdoches and vicinity who join in wishing them a long, happy and prosperous life.

Ellis Haltom, formerly of the Nacogdoches High School, but who is now attending the Ruak Junior College, arrived in the city Sunday afternoon for a visit with homefolks and friends.

FIFTH-SUNDAY MEETING

Following is the program arranged for the Fifth-Sunday meeting of the Nacogdoches County Landmark Baptist Church, to be held with the Spring Hill church, five miles south of Martinsville.

Introductory, Friday, 11 a. m., by Rev. Mr. Rippand. 2 p. m.—Devotional service by Rev. W. P. Pate. (1) "What is the Wrath of God?" by Rev. Walter Ingram and Tom Honea. (2) "Is the Redemption and the New Birth the Same?" Rev. R. L. Wilkerson and F. M. Richard. 8 p. m.—Preaching by appointment.

Saturday, 9 a. m. Devotional service, by H. B. White. (3) "Can Baptists Scripturally Hold a Meeting With Other Denominations?" by Rev. Tom Honea and Rev. Rippand. (4) "What Advantages are Derived from Church Co-operation?" Rev. S. S. Boyd and W. W. Eaves. At 11 a. m. preaching by appointment. (5) 2 p. m. "The Plan, Purpose and Benefit of the Million Dollar Campaign." by M. A. Roberts. (6) "Is the B. M. A. Plan Work Unscriptural? If so, What is Scriptural?" by W. W. Eaves and Sam Boyd.

Sunday 10 a. m.—Sunday-school Talks, led by Rev. R. B. Berry. 11 a. m.—Preaching by appointment.

All preachers and members who are not on the program are cordially invited to come and take part in the discussions.

G. E. King,
J. H. Williamson,
T. A. Hargis,
Committee.

BARRON GETS VERDICT

Friday afternoon in district court the jury in the case of I. D. Barron against the Southern Pacific Railway Company returned a verdict in favor of the plaintiff for \$10,588.60. It will be remembered that Barron was struck by a train in the local yards last winter and one of his legs was so badly mangled that amputation was necessary. It is understood the railroad company will appeal.

CUBA APPEALS TO U. S.

Washington, Oct. 14.—Cuba has appealed to the American government for aid in her recent financial difficulties. The appeal has been taken under consideration by officials to determine whether a plan of assistance can be worked out.

INDIGESTION GOES, GONE!

"Pape's Diapepsin" at once fixes Your Sour, Gassy, Acid Stomach

The Only Way

In these days when you feel it necessary to economize on account of money shortage or for various other reasons that possibly limit your income and yet it is absolutely necessary for yourself, your family or your business to have an automobile do you consider as you should before investing?

- DO YOU CONSIDER the initial cost?
- DO YOU CONSIDER the upkeep cost?
- DO YOU CONSIDER the resale value? The low cost of parts? The promptness of necessary repairs? Safety of driving? Your investment?

If you have never been a FORD OWNER because they were not equipped with a STARTING SYSTEM you will now become one because they are equipped with the BEST STARTING AND LIGHTING SYSTEM IN THE WORLD.

If you think the FORD CAR does not ride with the ease of others, equip one with HASSLER SHOCK ABSORBERS and it will ride as easy as any car under \$1500.00.

- THE FORD SEDAN—An enclosed car with all modern conveniences for family use.
- THE FORD RUNABOUT—A business car.
- THE FORD TOURING CAR—Good for everybody, everywhere and everything.
- THE FORD COUPELET—An enclosed car with all modern conveniences for small family, for business or pleasure. An ideal doctor's or commercial car.
- THE FORD ONE TON TRUCK—For every farmer and commercial house in Nacogdoches county.

By all tests, by all counts, covering a period of seventeen years, the FORD CAR has proven the most economical car made. The demand is unprecedented because the value is unequalled. THE FORD CAR stands upon the record of what it has accomplished and must be judged independently of its price.

Improve your Digestion.
If you have weak digestion eat sparingly of your meals, let at least five hours elapse between each meal, eat nothing between meals. Drink an abundance of water. Take one of Chamberlain's Tablets immediately after supper. Do this and you will improve your digestion. Sold by Stripling, Haselwood & Co.

WHEAT PRICE JUMPS
Chicago, Oct. 15.—Wheat made a big advance in price today after the news became public that the President had asked Governor Allen of Kansas for information which might indicate the recent drop in values was due to any artificial causes. December delivery ran up to \$2.21 and closed unsettled at \$2.17½ and \$2.18.

THE SWEET POTATO MARKET

In Nacogdoches has opened and we are ready to handle any quantity of well matured yellow meated potatoes of number one-grade. We will buy only one grade. It is easy to grade sweet potatoes. Number one grade consists of sound sweet potatoes of similar varietal characteristics which are practically free from dirt or other foreign matter, frost injury, bruises, cuts, cracks and damage caused by disease or mechanical means. The diameter shall be not less than one and three quarter inches nor more than three and one half inches. The length from four to eight inches.

DON'T
Haul them to the curing plant loose in the wagon bed. (We furnish the baskets.)
Haul them to the curing plant in sacks or tubs. (Come for your baskets when you are ready to dig.)
Throw or chunk the potatoes onto a heap row or anywhere else. (It bruises them.)
Wait until frost to dig your potatoes. (It will ruin them.)
Feed all your potatoes to your hogs. (It is to expensive.)

DO
Come to see us when you are in town.

BY GILES M. HALTOM

LET'S HELP COX WIN

We remember having read somewhere of a certain man whose attitude toward a worthy cause was that "he felt for them in his inmost heart but he never felt in his pocket."

The noblest cause ever submitted to the American people for acceptance or rejection will be decided at the ballot box on November 2. In the three weeks that intervene the verdict of the voters will be made up.

It is thoughtless folly to say, as some do, that the verdict is already in—that the American people have made up their minds to reject the League of Nations not because they are opposed to it but because of a grouch alleged to be held against the Wilson Administration.

To entertain that supposition is to challenge the intelligence, the morality and the good citizenship of Americans. It is to confess, in advance of the fact, the failure of popular government. It is a recantation of faith entirely without basis in history. For the voters of the United States, from the foundation of this free government, have never thus lightly neglected a great moral issue. On more than one occasion they have ignored party lines, have broken them down and indeed destroyed great parties, to register their will as citizens, who are patriots and good men and women first, and partisans thereafter.

It is the enlightened, conscientious, independent vote of the nation, that is to be found by the millions in both the major parties as well as outside them, that will decide the result in November, and that vote has not given the slightest indication that it means to vote against the league and against progressive government because Warren G. Harding is a republican and James M. Cox is a democrat.

The reason why so many men fail to come back is because they have never been anywhere.

A contemporary says: "The hardest auto to dodge is the one your wife insists on having."

More women are giving to the Cox-Roosevelt Campaign fund than ever before contributed money to a national campaign. Nearly every one of them says it is because of desire to see the League of Nations prevail.

James M. Cox's train had to be wrecked and the candidate's life endangered before a Republican paper in San Francisco would print a line on its front page regarding the Democratic Presidential candidate's speaking trip on the Pacific Coast. Yet some people wonder why the Democratic National Committee needs money for use in informing the voters in many sections regarding the true issues of the campaign.

"I wish I could match the President" a young New Yorker wrote the Democratic National Headquarters the other day. "I can't do it in any particular, not even money. But I would like to match a million other Americans who believe in America as the President believes in it—as something more than a fighter when mad only and more than a hog when swill is to be had. For that reason I am sending you a check for a dollar—one of the few that I have in the bank. I hope it will do the cause as much good as it would have done me. Don't waste two cents on an acknowledgment."

NACOGDOCHES TRADITIONS

This article deserves to be entitled memories, rather than traditions. It ought to appeal to modern schools, as it refers to old-fashioned schools, and this subject has been heretofore referred to.

How many graduates of Baylor or Rice ever heard of writing with a goose feather, a pen made at the school house with a pen knife and a goose quill? The Spanish name for a pen is la pluma—the feather. Steel pens came later. So did gold pens. Fountain pens are of recent origin. The Declaration of Independence was probably written with a goose quill pen. Lead pencils were not then abundant and they were expensive. A slate and pencil were indispensable, yet rare and expensive. The small boy or girl would chew off the end of his pencil, or drop it and break it short and then get a cane quill, such as was used for a pipe stem in a clay pipe, and, using it like a steel pen holder, insert the short piece of his broken pencil into it. He ciphered on a slate with this.

The copy book of that period is never heard of now. It was simply blank foolscap paper. Copies or models were set by the teacher, first, perpendicular marks, then slanting marks, or curve, circles, etc.

And Webster's Blue Back spelling book, McGuffey's First Reader, Smiley's Arithmetic and Roswell & Smith English Grammar, all combined made the complete course of "the three R's," readin', 'ritin' and 'rithmetic." This brings to memory the old song, "Jordan is a Hard Road to Travel." But they got there all the same. And the school desk, well, they didn't have any. The seat was a rough hewed log bench, or stool, with four peg legs. As the small boy sat on this bench his bare legs swung under it. There were no desks, but a long sloping shelf at one side of the log school house. And the boy that got his learning in this fashion went out into the world when grown and taught school and raised the standard of education, and founded such schools as Rice, Baylor, the University of Texas, the A. & M., etc.

Among the remembered teachers of Nacogdoches in the past, it may be recalled that Prof. Bringhurst was principal about twenty-five years ago. His widow and only child, Miss Nettie, now live at San Antonio, Texas. She is the youngest daughter of General Sam Houston, Nettie Houston Bringhurst. They have lived here many years. Prof. Bringhurst was a highly respected teacher, but he was always a poor man.

Mrs. Bringhurst is highly esteemed for her personality, her literary talents, and her ancestry. It is also worthy of mention that Mrs. Percy V. Pennybacker, the distinguished Texas historian, and her lamented husband were not strangers to Nacogdoches. Her father, Rev. Dr. Hardwicke of Virginia, lived here a year or more. He came here with Kenzie College. He was an eloquent Baptist minister. Prof. Pennybacker was a highly educated teacher.

When the Confederate States war began in 1861, the old Nacogdoches University was in full blast under Prof. W. L. Alexander, graduate of Chapel Hill, N. C. He and a number of his boys joined the Confederate army and school was out. He became captain of the company, and was loved by his men. Few of his school-boy soldiers are living now. Dock Burrows can name them, or rather, he can name the survivors of Alexander's company.

J.E.M.

When some people receive a favor they act as if they expected a trading stamp with it.

GOVERNOR JAMES E. FERGUSON

Candidate for President on the American Party Ticket

Will address the people of Nacogdoches and vicinity at Nacogdoches

MONDAY AFTERNOON, OCTOBER 25, AT 2:30

Everybody invited. Ladies especially invited to attend.

Governor Ferguson has a message worth hearing.

SHOULD RAISE OUR QUOTA

Houston, Texas, Oct. 20.—The present efforts of the County Advisory Boards to raise funds will be continued in those counties which have not raised their quotas, according to an announcement made by James A. Elkins of this city, president of the state advisory board of the Salvation Army.

"The members of all the county advisory boards are determined to make this campaign a success," continued Mr. Elkins. "Unfortunately a number of the counties were slow in organizing and starting to obtain subscriptions. Many of these counties have asked permission to continue to obtain funds and this permission has been granted to all counties which have not reached their quotas."

Reports are being received daily of additional cities and counties in Southeast Texas which have "gone over the top" in the Salvation Army Appeal.

"The Salvation Army hopes that

it will not be forced to curtail this work and that it will be able to live up to the promises made in connection with the advisory board plans. Such will be the case if sufficient funds to cover the expenses of the work are forthcoming," said Lieut. Col. George Wood, commanding the Salvation Army forces in the Southwest division, including the states of Texas, Oklahoma and Louisiana.

A HUGE LEMON

August Rulfs, one of the Sentinel's carrier boys, brought to the office Friday morning a lemon grown by Mr. J. R. Futch at his home at the Frost-Johnson mill. This lemon measured 14 inches in circumference lengthwise and 12 1/2 inches the small way. The tree is planted in a tub, which is of course moved indoors during cold weather. There were eight lemons on the tree this year, and the one brought to the office was blown off by the high winds of Thursday night.

Feeding Value of Potatoes

Co-operative Extension Work
AGRICULTURAL AND HOME ECONOMICS
State of Louisiana.

Baton Rouge, La., October 9, 1920.

Mr. P. R. Perkins,
Nacogdoches, Texas.

Dear Sir:

This is to acknowledge receipt of yours of the 4th instant, in which you ask for data showing the relative value of sweet potatoes and corn in feeding hogs.

Experiments conducted by this station show that it takes three bushels of sweet potatoes to equal one bushel of corn in feeding value. Upon this basis the grower who argues that he can derive more from his potatoes by feeding them to his hogs than by selling them at \$.80 per bushel either does not know their feeding value or the market price of corn. The farmers of this state are receiving from \$.75 to \$1 per bushel for their corn. At the price of sweet potatoes, \$.80 per bushel, it would cost the grower \$2.40 to feed his hogs as against \$1 by feeding them corn. In other words it would cost him \$2.40 to get the same amount of gain from his hogs that \$1 worth of corn would give him. It would certainly pay him to sell his sweet potatoes and buy corn.

The foregoing is not intended to belittle the feeding value of sweet potatoes for they should form an important part of the hog's diet, especially when the culls can be left in the field and harvested by the hogs.

Yours very truly,
M. HULL,
Sweet Potato Specialist.

IT'S A GOOD JOB

Uncle Sam is looking for about 250 young men with a high school education who would like to learn the exciting profession of Army Balloonist, and eventually become balloon and airship reserve officers. They will be paid \$75 a month while learning, and receive a ration allowance of \$1 a day, together with quarters, all clothing and equipment and free medical and dental treatment. This course is open to unmarried applicants possessing a high school education, or its equivalent who can pass the Regular Army physical examination and the physical tests required of flying officers.

Successful candidates enter as cadets and will be sent at once to the Air Service school for training as balloon observers at Ross Field, Los Angeles, California. There each young man takes a 10-months course in balloon observation under ideal conditions. He is taught how to handle his craft in all its phases and to make observations, and he eventually qualifies as a free balloon pilot.

When the cadet is rated as a balloon observer he is sent to Fort Sill, Oklahoma, to receive his artillery training. Upon completion of this course, the student is commissioned a second lieutenant in the Air Service Reserve Corps. Then he has the alternative of discharge or continuation in service as an enlisted man. There is also opportunity for him to take an examination for a lieutenancy in the regular army. If a cadet cannot finish this course successfully, he will be discharged and not retained in the army against his will.

Major General P. C. Harris, Adjutant General of the army, says:

"This training opens up an entirely new range of experience to the young man, and lays the foundation for qualification as a dirigible balloon pilot, a new field of almost limitless possibilities. Commercial transportation by airship is an accomplished fact in America, and according to present plans, next year will see it in operation in this country on a large scale. Today the only opportunity for such training is in either the army or navy; in fact, the lack of qualified personnel is one of the serious draw-

backs to present commercial plans for airship lines." Army recruiting officers throughout the United States have been notified to furnish full particulars to all young men who are interested in becoming balloonists under these new conditions.

LIBERAL CREDITS SOUGHT

Washington, Oct. 15.—Although the agricultural conference held here for the purpose of obtaining more liberal credits for farmers has concluded its sessions, a committee remained in Washington today awaiting an announcement of the future credit policy of the Federal Reserve Bank.

INDIGESTION GOES, GONE!

"Pape's Diapepsin" at once fixes Your Sour, Gassy, Acid Stomach

Food souring, gas, distress. Wonder what upset your stomach? Well, don't bother! The moment you eat a tablet or two of Pape's Diapepsin all the lumps of indigestion pain, the sourness, heartburn and belching of gasses, due to acidity, vanish—truly wonderful.

Millions of people know it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralizes acidity and gives relief at once—no waiting! Buy a box of Pape's Diapepsin now! Don't stay miserable! Try to regulate your stomach so that you can eat your favorite foods without causing distress. The cost is little. The benefits are great.

MEMBERS FARM BUREAU

Nacogdoches, Texas, Oct. 18, 1920.
To the Sentinel:

Below is a list of those who have joined the Nacogdoches County Farm Bureau up to Saturday night, Oct. 16th.

The drive for memberships is still under way and will continue until every farmer in the county and every business and professional man who has the interest of the farmer at heart has had an opportunity to become a member. If you have not been asked to join, do not wait for someone to call on you, but drop into the office at Nacogdoches and leave your membership fee of \$10, or see the director from your voting box and hand him your name and dues. Each director is authorized to take memberships in his voting box.

The condition of Southern agriculture today not only justifies the producers in forming a strong organization to protect and promote their interest, but makes it imperative that they do so.

The Farm Bureau is planned along broad, liberal lines, free from class hatred and sectional jealousy. Its phenomenal growth and universal popularity is destined to make it felt in the most remote agricultural districts.

The officers elected are:

President, Nat. T. Cisco,
Vice President, J. T. Anderson,
Treasurer, T. J. Maroney.

Members of the Board of Directors:

E. W. Matthews, Melrose,
T. J. Curl, Chireno,
L. T. Buckner, Attoyac,
Jas. T. Hanna, Martinsville,
B. F. Johnson, Harmony,
John Weatherly, Appleby,
J. W. Mitchell, Linn Flat,
R. R. Loy, Nat,
Jack Anthony, Libbert,
Henry T. Pittman, Cushing,
J. T. Anderson, Douglass.

There are seven members of the Board yet to be named. These will be selected within a short time.

Please read the list below and if your name has been omitted, kindly call attention to same and it will be properly recorded. And if your name is not entitled to be recorded, see that the conditions are met and the roll increased by so much as your name, at least.

H. L. McKnight.

The list follows:

W. R. Hughes, W. H. Scarbrough,
W. M. Harrell, J. L. Williams, F. C. Purdy, D. M. Muckelroy, J. A. Ennis, R. E. Russell, J. D. Martin, A. E. Hanna, D. C. Danley, A. L. Hargis, J. T. Hanna, K. E. Hanna, L. B. Hatchel, Q. V. Birdwell, J. W. Smith, Fuller Hanna & Co., Ansel Fuller, J. Kingham, J. F. Hanna, J. E. Harrell, B. F. Smith, S. A. Mills, G. C. Consoford, J. R. Martin, J. B. Hall, J. W. Burt, J. T. Wood, J. R. YOUNG FOLKS HERE IS YOUR OPPORTUNITY

Pick scraps of time from the waste basket, turn them into dollars; earn while you learn by taking a money back guaranteed course of Bookkeeping, Shorthand, Business Administration and Finance, Telegraphy, Commercial Law, Business Arithmetic, Salesmanship, Commercial Lettering, Advertising, or Business Penmanship, by correspondence through the Extension Department of the Tyler Commercial College.

We secure satisfactory results or refund your money. Our correspondence courses include the same subjects as given with a personal course, with the privilege of entering college for personal work at any stage of your course, without paying additional tuition. In other words, the correspondence instructions are absolutely free if you enter for personal work. Many find it to their advantage even when they intend to take personal work later, to first enroll for the course by correspondence and utilize their spare moments until they are ready to enter since it costs nothing extra. This often saves them a couple of months' time and board in school on their personal work, and enables them to leave college earlier and accept a good position. Another advantage of the correspondence course is that we give three months free use of a standard typewriter and with the full shorthand course. Many of our students have attained a speed of forty to fifty words per minute through our system of touch typewriting during the three months course and have at the same time carried on their other work. Telegraphy instruments and supplies are furnished with our course in telegraphy, and a thorough course in salesmanship is given with bookkeeping.

We use our original copyrighted methods. We make every subject practical and interesting from start to finish. Every lesson receives prompt personal attention and a personal reply. We have taught hundreds of students successfully and know we can teach you or we would not guarantee to refund your money. Why continue to waste your spare moments? Turn them into knowledge and make them earn you dollars. Take advantage of the wonderful opportunities for young men and women in the business world today. You can't afford to let your spare moments pass when there is such a crying need for office help. For full particulars and large free catalogue, address the Extension Department, Tyler Commercial College, Tyler, Texas.

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Bluford, Ill., got rid of her ills. "During . . . I was awfully weak . . . My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried . . . One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

TAKE

CARDUI

The Woman's Tonic

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

Take Cardui

L. 32

SUBSTITUTE FOR RADIUM

Columbia, Mo., Oct. 15.—A perfect substitute for radium can be produced through a chemical process which purifies mesothorium, according to G. F. Breckenridge and Dr. Herman Schlundt of the department of chemistry of the University of Missouri, who have been conducting experiments in conjunction with Dr. R. B. Moore of the United States Bureau of Mines.

Mesothorium is a by-product in the manufacture of mantles for gas lamps and is found in the monazite ore of Brazil.

The radium substitute can be used effectively as a radium substitute for medical purposes, it is said.

EMBARGO ON COAL

London, Oct. 15.—The British government this morning placed an embargo upon the export of coal from the United Kingdom, effective immediately. The embargo is designed to conserve the supply for home use, this move being the result of a threat of coal miners to strike next Monday.

"I CANNOT GET ALONG WITHOUT IT"

Mrs. M. P. Tilden and Others Praise Swamp Chill Tonic

Mrs. Tilden, who lives in Little Creek, La., says: "Swamp Tonic is the best medicine I ever used, and I cannot get along without it."

Mr. John Plunkett, who lives in Gore, Okla., says: "I know Swamp Tonic can be relied on to cure chills, and I would never be without a bottle in the house."

Elmer Park is also a booster for this famous, old tonic that relieves so much malaria, ague, chills, etc. Mr. Park says: "Every home should have Swamp Chill Tonic in it. It is the one remedy that positively cures all forms of chills and fever."

H. W. Scoggins, Esq., La., accidentally ran across a bottle of Swamp Chill Tonic and writes us that he likes it fine. Other letters such as these come in to us almost every day.

Swamp Chill Tonic is 60 cents a bottle. All dealers recommend it. D-35

NACOGDOCHES-PALESTINE GAME

Smarting from the sting of the 1917 defeat, Coach Oehler, with his husky clan of Palestine "pigskin toters," invaded Doches Friday with hearts intent on sweet revenge.

The game was called at 4 o'clock and long before that hour spectators were taking their places along the side lines, awaiting the referee's whistle to start the fray.

Palestine was first on the field. Their size and football-looking ability caused a shudder to run through even the staunchest backers of Doches. Doches raced out on the field five minutes before the game was to be called. On their faces could plainly be seen the grim determination that wins victories.

The captains, coaches and officials met in mid-field and decided upon the conditions of the game. Captain Muckelroy won the toss and elected to receive at the north goal.

Muckelroy received the kick-off and made a beautiful fifteen-yard return. Doches played cautiously, trying out the big Palestine line, which Fullback Sullivan found easy to penetrate by virtue and his terrific line-smashing propensities. This mode of attack was varied by end runs, with Hagan and Smith alternating in rail-roading the oval. Only once during the game was this style of play stopped for a loss, so effective was the interference.

The drive and machine-like precision of the Doches eleven swept the opponents off their feet, and in four minutes after the referee's whistle started the game the ball was played behind the Palestine goal line. Brown promptly kicked the goal, making the score 7-0.

Palestine received the kick and on first play from scrimmage a long forward pass to Pennybacker, right end, who was perched near the side line, resulted in a fifty-yard run for a touchdown. Palestine failed to kick goal, score 7-6. This was a neatly executed play and the spectators in true Doches style gave the visitors a hand.

Doches received the kickoff and Quarterback Golub dived down into his repertoire of plays and discovered the most weird system of forward passes ever unearthed on the local gridiron. These completely mystified the visitors, and together with some classy inside football completely routed them.

Palestine attempted to violate the sanctity of Doches territory by the aerial route, but the local backs intercepted their attempt with uncanny accuracy, left Halfback Smith capturing four of these, which he promptly converted into a touchdown.

To say that any one man on the Doches team starred above his team mate would no doubt be presumptuous. Left Halfback Smith made six of the touchdowns, all of which were runs of twenty to fifty yards in length. Hagan also made some great gains. Sullivan proved a sensation at full, his line plunges netting from four to fifteen yards on each attempt. Golub at quarter handled the team perfectly, showing great judgment in the selection of plays.

The entire line played faultlessly, only one first down being made through it. No doubt the luminous part of the line was at center. Here Hollis Parrish played the greatest game ever played by a Doches center. All through the game he must have been considered a privileged character judging from the way they permitted him to wander back into the backfield and throw their backs for losses. It would have required the strength of a super-man to have played the game through as Red was playing it. Badly battered and bruised, he had to leave the game in the fourth quarter, but not until he had firmly established himself in our hall of football fame.

After all is said, everyone who witnessed the game—everyone who participated—will admit that it was a hard fought and cleanly won game.

Nacogdoches feels honored in having such a clean, manly team as her guests, and we invite them to come again.

Those who played for "Doches": Left End—Brown, Left Tackle—F. Shofner, Left Guard—Thompson, Center—Parrish, Right Guard—C. Langford, Right Tackle—Muckelroy, (Capt.) Right End—Summers, Quarter—Golub, Left Half—E. Smith, Right Half—Hagan, Full Back—Sullivan.

Substitutes: B. Shofner for Brown, Rudisill for Thompson, Davis for Langford, A. Langford for Parrish, Bates for B. Shofner, P. Pool for Summers, Swift for Rudisill.

AN IMPORTANT LETTER

SAN ANTONIO, TEXAS.—"In my early married life I became very ill with feminine trouble and no doctoring or medicines gave me any relief until I started to take Doctor Pierce's Favorite Prescription. I was down in bed, unable to do my own housework, but it was only a short time before I was feeling stronger and all my pains left me. I took about six bottles of 'Favorite Prescription' and can say positively that it cured me of all feminine trouble for I have been in perfect health ever since. I take pleasure in recommending Dr. Pierce's Favorite Prescription to all women suffering with inward trouble."—MRS. ANNIE F. EDDIS, 224 Rogers Street.

All druggists. Liquid or tablets. Send 10 cents to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial package of the tablets.

Eiland for Golub. Referee—Oscar Nash, (Rusk). Umpire—Willie Buchanan, Head Linesman—T. C. Thrash, Time by Quarters—12½-15-12½-15.

ROAD TO LUFKIN

The Sentinel learns that plans have about matured for the construction of the proposed road from Nacogdoches to Lufkin and that work will begin as soon as details can be worked out. It is stated that enough money has been pledged to construct a gravel roadbed from the river to within two miles of Lufkin, and it should not be difficult to secure funds for the completion of the remaining distance. The people of Nacogdoches county may be relied upon to do their part in the building of this important highway.

STRUCK OIL

Mr. Claude Thompson, formerly with Cason, Monk & Company of this city, is in a way to become an oil magnate. Some time ago he went to Breckenridge and took a position in a hardware store, and the sales force of this store secured possession of a town lot upon which they sunk a well. A telegram from Mr. Thompson Friday morning stated this well came in Wednesday with a 400-barrel flow. The young man's many friends in Nacogdoches congratulate him on his good fortune.

JEWISH RELIEF

New York, Oct. 14.—Over \$33,000,000 has been expended for the relief of Jewish war sufferers from Eastern Europe and other parts of the world since the outbreak of the war, according to a report of the American Jewish Relief Association. This money has been expended in over 30 countries but more than \$15,000,000 has been distributed in Poland, Lithuania and Courland.

Appropriations for relief work are being made at between \$500,000 and \$1,000,000 a month by the Joint Distribution Committee, of which Felix M. Warburg is chairman.

"DANDERINE"

Girls! Save Your Hair! Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, want lots of long, strong, beautiful hair.

A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty- tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness—All druggists!

A GENEROUS GIFT

Dallas, Texas, Oct. 15.—The gift of George L. Keller, 1610 Commerce street, young Dallas millionaire and president of the Keller Oil Holdings, to the Salvation Army Home Service program in this city, entitles the latter to the total output of the first well brought in by the Keller Kentucky Oil corporation for one day. In case the well is a "duster" Keller indemnifies the Salvation Army against loss in the sum of \$1,000.

Keller now has two wells drilling on a fifty acre tract known as block 5, on the John B. Covington tract. He named them "Ma" and "Pa" Burdick. Keller was a first lieutenant in the tank corps during the war.

"This is just the way I have of paying my part of the debt that the former soldiers owe the Salvation Army for the work they did during the war," Keller said in announcing the gift. "In case the well is a bad one then I agree to give the Salvation Army \$1,000."

Keller belongs to the new crop of young oil millionaires in Texas, although he is not a recent addition to the oil game. For the last seven or eight years he has given his strict attention to the industry and like most of the other members of the profession he has made and lost several fortunes.

Keller has large holdings in the Bowling Green, Kentucky, pool. The "Ma" and "Pa" Burdick wells are in proven territory four miles south of Bowling Green on the national pike.

APPEAL TO WOMEN VOTERS

Mrs. Conc Johnson, National Democratic Committee Woman for Texas, today issued the following appeal to the women of the state:

"After more than seventy years of sacrifice and struggle the vote for women is at last won. We are no longer subjects of the government, but citizens.

"Under a recent act of the Texas Legislature all women in this state may vote in the general election on November 2 by paying a poll tax by October 22. Those women who paid a poll tax prior to February 1st, 1920, are not subject to this tax.

"As Democratic National Committee woman for Texas, I urge all women the state who are subject to the poll tax mentioned to pay same so as to be qualified to exercise this newly acquired power for the highest and best interests of the nation and state. The ballot is a guarantee of liberty. It is a weapon of offense and defense, a prayer. It should be used intelligently, conscientiously prayerfully. It is of no service unless we exercise it. My association with the women of Texas in various lines of endeavor sustains the belief that we will accept the ballot as a responsibility and obligation to be used for the general good and will continue the pursuit of information respecting our social, economic and industrial problems and the true relation of our government to them, in order that they may be able to use the ballot with intelligence and patriotism.

"I appeal particularly to the democratic women of Texas to qualify themselves in the approaching election. Let us not forget that it was under a democratic administration that the Suffrage amendment to the Federal Constitution was submitted and ratified and that it was largely through the the persistent appeals of President Wilson that it was accomplished.

"The election to the presidency of Senator Harding, who is the candidate of reactionary influences holds no promise to the women of the nation. The opposition of the republican party to the League of Nations which is the only hope of the world against the barbarism and waste of life and treasure of war is enough to arouse the women of the country against its candidates, Governor Cox is a fighter; he does not shun inquiries respecting his views on national questions; he endorses the record of our party; defends the League of Nations and advocates measures which are for progress.

Our democratic women qualify themselves to vote for Cox and Roosevelt for President and Vice President and Neff for Governor.

MINERS ON VACATION

Muskogee, Okla., Oct. 15.—Approximately 800 coal miners in the McAlester field are on vacation today because of various grievances pending in wage controversies, headquarters officials of District 21 of the United Mine Workers estimated today.

ASKS ALLEN FOR PROOF

Washington, Oct. 15.—President Wilson has requested Governor Allen of Kansas to forward to the Federal Trade Commission any information he has tending to indicate that the recent decline in wheat prices was due to unfair practices of competition or other artificial causes. A letter to this effect, sent today by Secretary Tamulty, was in answer to many appeals to the government for action looking to an embargo on Canadian wheat. These were referred some time ago to a commission of the Department of Agriculture.

STANDS OFF A LOT OF DOCTOR BILLS

Recommends Pe-ru-na for Catarrh of the Stomach, Colds and Grip

"I have used Pe-ru-na for several years and can heartily recommend it for catarrh of the stomach or entire system. It gives me relief from 10 or 15 doctor bills and makes me feel like a new person."—E. F. BUTLER, R. F. D. No. 5, Box 51, Waynesburg, Kentucky.

It is wise to keep a bottle of Pe-ru-na in the house for emergencies. Coughs and colds may usually be relieved by few doses of Pe-ru-na taken in time. Nasal catarrh, indigestion, constipation, diarrhoea, rheumatism or other troubles due to a catarrhal condition of the mucous membranes all call for Pe-ru-na as the successful treatment. The health building, strength restoring qualities of this well known remedy are especially marked after a protracted sickness, the grip or Spanish Flu.

PE-RU-NA is justly proud of its record of fifty years as health protector for the whole family.

TABLETS OR LIQUID SOLD EVERYWHERE

MURDERER OF EDITOR GETS THIRTY-FIVE YEARS

Gallatin, Mo., Oct. 14.—Hugh L. Tarwater was today found guilty by a jury of second degree murder in connection with the death of Wesley Robertson, a veteran newspaper publisher, on December 23, 1919, and was sentenced to 35 years in the penitentiary.

SEVERE BREAK IN COTTON

New York, Oct. 16.—There was a further severe break in the price of cotton on the exchange here this morning, with all active deliveries making new low records for the season. December delivery sold off to 19 cents per pound; or a full cent below the closing quotation yesterday owing to the continued pressure of Southern offerings in liquidation. Buyers are anticipating a rally.

Bad Break at New Orleans

New York, Oct. 16.—October contracts in the local cotton market today broke \$10 per bale under extremely heavy liquidation of long cotton inspired by the British coal strike and the fear of its consequence. October, the spot month, was in the weakest position on the boards and dropped the full 200 points allowed by the rules of the Cotton Exchange.

URGES STRIKERS TO RETURN

Muskogee, Okla., Oct. 16.—John T. Wilkinson, president of District 21, United Mine Workers of America, late last night sent a circular letter to the local unions of the state advising all miners now on "vacation" to return to work in order that the demands for increased wages might be considered by the operators. Wilkinson said he believed the miners would accept the advice, although no general return was expected before Monday. Officials at headquarters at the same time issued a call for a meeting of representatives of the entire district, comprising Oklahoma, Arkansas and Texas, to convene here Monday to consider the wage demands of the miners in detail.

BREAKS A COLD IN A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

WANTED—Family who can work 75 or 80 acres of land or two families who can work 40 acres each, good land and water. J. S. Faulkner, Attyac, Texas. 7-wf

THE STATE OF TEXAS

To the Sheriff or any Constable of Nacogdoches County, Greeting:
You are hereby commanded to cause to be published once each week for a period of ten days before the return of hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Nacogdoches County, a copy of the following notice:

The State of Texas
To all persons interested in the estate of Beulah Belle Weems, deceased, know ye that T. W. Weems has filed in the County Court of Nacogdoches County, an application for the Probate of the Last Will and Testament of said Beulah Belle Weems, deceased, filed with said application, and for Letters Testamentary which will be heard in the next term of said Court, commencing on the Third Monday in November, A. D. 1920, the same being the 15th day of November, A. D. 1920, at the Courthouse thereof, in Nacogdoches, at which time all persons interested in the estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed same.
Given under my hand and seal of said court, at office in Nacogdoches, Texas, this the 12th day of October, A. D. 1920.

[Seal] I. D. Parmley,
Clerk, County Court, Nacogdoches, County, Texas.

By Susie Massey, Deputy.
14-3w.

**GOOD MUSICAL SHOW
AT THE MAJESTIC**

A very large and appreciative audience at the Majestic Theater had the pleasure last Wednesday night of hearing one of the best musical numbers in Alto for some time.

The Gaston Sisters from Nacogdoches, came over and delighted the crowd with some of the latest songs and those old-time melodies that improved with age.

Of special importance was the numbers given by Baby Gaston, who, with her winsome ways, won the audience from the start.

Chaperoned by Miss Willie Gramling, the young ladies were: Misses Mattie Eula, Ola Jane, Maude, Little Voncella Olene and Ouida Jho.

Accompanying the party were Messrs. Roy Nelson, Blake Lyles, Creed Thrash and Karner Beeson.—Alto Herald, 14th.

DAWSON-BRANTLEY
Miss Bernice Brantley, formerly of Tucker, Hayter & Company, was married to Mr. Byron Dawson in Dallas Saturday, according to reports brought to the city by Mr. and Mrs. J. H. Brantley, who were present to witness the ceremony.

Mrs. Dawson is well known in Nacogdoches, having worked in Tucker, Hayter & Company's store for some time. Mr. Dawson is a native Nacogdoches county boy, and is now working with the Fort Worth & Denver railroad. The happy couple will make their home in Wichita Falls.

NOTICE TO WOODMEN

You are cordially invited to be at the Hall next Tuesday night at 7 o'clock. We have something in store for each and every member of Liberty Elm Camp, No. 210. Also the Team is requested to be on hand. Don't fail to be at this meeting, it is important to each and every member.

J. O. Ray, Clerk.

FOR SALE—My home place on Orton Hill. A splendid home at a bargain if taken at once. W. T. Orton. 8-dt1w

Mr. and Mrs. Joe Moore (the latter formerly Miss Zelma Wilkerson), who have been making their home in Cushing since their marriage in April, have moved back to Nacogdoches and will make it their future home. Mr. Moore having accepted a position in W. T. Lakey's Barber Shop.

BOX SUPPER DATE CHANGED

The date of the Box Supper advertised to be given by the Woden school on the 23rd inst. has been changed to the night of Friday, the 22d. This promises to be an affair well worth attending and patronizing. Remember the new date—Friday night, Oct. 23.

Mrs. G. B. Layton has returned from El Paso, where she attended the Grand Chapter of the Eastern Star.

The more we read the dispatches about Mayor MacSwiney getting along for eight weeks without food the more we are inclined to make a bluff at our grocer, and tell them if they do not come down in price we will just simply quit eating altogether. Then along about dinned time our resolution weakens.

**MR. DODSON WARNS
USERS OF CALOMEL**

Says Drug Acts Like Dynamite on Liver and You Lose a Day's Work

There's no reason why a person should take sickening, salivating calomel, when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant vegetable liquid which will start your liver just as surely as calomel but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel sick, nauseated and weak tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

SUGAR 14 cents PER POUND AT SEALE BROS. 21-1w

FOR SALE AT ONCE—100 acres good farm land, 7 miles south on T. & N. O. railroad. 40 acres in cultivation, 2 sets houses, well watered. 3 head young cattle, 1 good mule, 11 good hogs, 1 syrup mill and evaporator, 6,000 stalks sugar cane, 200 bushels good corn and all farm implements. All complete for \$3,500 if taken at once. You will be pleased with the place. It is a real value for some one. Easy Terms. J. B. Boatman, Nacogdoches, Texas. 13-6dw2p

A clear colorless liquid that will heal cuts, sores and galls is the latest and best production of medical science. Ask for Liquid Borozone, it is a marvel in flesh healing remedies. Price 30c, 60c, and \$1.20. Sold by Stripling, Haselwood & Co.

We will sell for cash, 8 pounds good green coffee for \$1.

Every thing else in line. See us if you want a bargain. Muckleroy & Westmoreland. 21-2dw1

J. F. Cash, T. J. Maroney and R. E. DeLoney were appointed Monday as commissioners to select jurors for the next term of court.

To remove bilious impurities in the system and be made internally clean and healthy, you need the fine tonic and laxative properties of Herbine. It acts quickly and thoroughly. Price 60c. Sold by Stripling, Haselwood & Co.

BUR YOUR GROCERIES FROM SEALE BROS. 21-1w

J. R. Prince of Douglass was in the city Monday, returning to his home the afternoon of the same day.

**WOULD GLADLY GO
100 MILES FOR IT**

That is What Mrs. Burns Says After Taking Tanlac—Gains Nine Pounds

"I had to go sixteen miles for my first bottle of Tanlac, but after the way it helped me I would gladly go a hundred miles rather than be without it," said Mrs. George M. Burns, of 1900 Spruce Ave., Kansas City, Mo.

"For six months I had stomach trouble and indigestion so bad that what I ate gave me no strength at all," continued Mrs. Burns. "I had no appetite whatever and was so nervous that even the barking of a dog would completely upset me. My kidneys gave me a lot of trouble and I suffered dreadfully with pains in my back; I couldn't get any relief at all and finally I got so weak that I couldn't do my housework."

"A friend advised me to try Tanlac and I had to go all the way from Chau tauqua, Kan., where I was then living, to Sedan, to get it. But that was surely a profitable trip, for the Tanlac helped me right from the start. My appetite picked up and I can now eat anything I want and it does me good too, for I have already gained nine pounds, am strong enough to do all my housework and am getting stronger every day. My nerves are steady as can be and I am in better general health than for many years. I have recommended Tanlac to many of my friends and every one of them has been benefited by it."

Tanlac is sold in Nacogdoches by Swift Bros. & Smith, Stripling, Haselwood & Co., and in Garrison by the Dale Drug Co.

MASS MEETING

Of All Farmers and Business Men Saturday, October 23, at 2 p. m.

Every farmer and business man is invited to hear Prof. C. W. Rice, a colored representative of the State Department of Agriculture, Austin, Texas.

He will discuss the following subjects:

(1) "Why the Farmer Should Hold His Cotton."
(2) How to Reduce the High Cost of Living."

Don't fail to hear this message. Don't forget to be present promptly at 2 o'clock.

At The Courthouse

In all malarial countries the popular remedy is Herbine. People find it a good medicine for purifying the system and warding off the disease. Price 60c. Sold by Stripling, Haselwood & Co.

Mr. and Mrs. G. W. Fairbrother and little daughter arrived in the city a few days ago and the former has taken a place in the Herald office. The Sentinel welcomes this good family to Nacogdoches and hopes they may find their stay both profitable and pleasant.
