Ex-Service Men Not Applying For Victory Medals

Out of the thirty-five counties which comprise the Houston Recruiting District and in which live 35,000 previous service men, only 5,700 have applied for the Victory Medals issued by the War Department and to which every previous service man is entitled. There has been a special force of men at the Army Recruiting Office in Houston for four months to help these men in making their application for these medals and they have only handled about sixty a day.

Ex-service men do not seem to realize that the government is going out of its way to issue these medals and that they have made everything as easy as possible for the men to get them and only for the right man. Great care is necessary to see that each man gets the clasps that he is entitled to and that someone else does not get a medal when he does not deserve. Still, the necessary steps to obtain a medal are very simple.

Any ex-service man has only to send his discharge to the Army Recruiting station, Houston, Texas, or bring it in person and the necessary forms will be filled out for him and forwarded to the Supply Depot at Philadelphia, from where the medal will be sent direct to him.

If you have served in the army since April, 1917, send in your discharge.

MOONSHINERS CLEARED OUT

Whitesburg, Ky., Oct. 25.—Sheriff James D. Tolliver of Letcher county has been commended by state and county authorities for clearing the county of moonshiners. He has himself destroyed 78 stills and 12 more with the aid of deputies. This is regarded as setting a record in Kentucky. The sheriff has been fired at many times.

TO REORGANIZE GUARD

Washington, Oct. 25.—The immediate reorganization of the National Guard is deemed advisable, said an announcement today by the War Department. Reserve and the National Guard officers of the general staff on duty in the department have been ordered to visit each corps area headquarters and discuss with corps commanders and state authorities with reference to organization of the guard divisions allocated the various corps areas.

Miss Mattie Euls Gaston returned Monday from Alto, where she had been visiting relatives. She was accompanied by her sister, Miss Edna Gaston, on her return to the city.

ARTICLE X OF LEAGUE IS NOT IMPORTANT

Brussels, Belgium, Oct. 25.—Leon Bourgeois, president of the Council of the League of Nations, talking to an American newspaper correspondent last night, said Article X of the League Covenant is not considered by European statesmen as a vital or essential element of the covenant. M. Bourgeois said he had been surprised that this Article X had caused so much emotion in the United States, as it could be eliminated without modifying the effectiveness of the League. "Article X," he asserted "is scarcely more than a moral background to the covenant."

PREDICTS BONE-DRY WORLD

Philadelphia, Oct. 25.—A bone-dry world was predicted by Dr. M. Cary Thomas, president of Bryn Mawr College, in her address at the opening of the thirty-sixth year of the college. She said:

"Already it is possible to read the writing on the wall. In Great Britain and Western Europe the consumption of wines in restaurants everywhere seems to be greatly decreased. The question of drastic regulations of the liquor traffic is to be voted on soon in Scotland, where the drunkenness of both men and women is truly terrible. Huge and enthusiastic temperance meetings are being held in all the great cities, and the growth of the temperance sentiment is very marked. Scandinavia is already getting rid of drinking by the sternest kind of state regulation."

GINNING REPORT

Washington, Oct. 25.—The government's cotton ginning report today showed a total of 5,712,057 bales ginned prior to October 18 indicated sporadic attempts throughout the cotton belt to keep the gins closed until the price of cotton advanced to higher levels had but little effect. The ginnings this year aggregated 783,953 bales more than the quantity ginned to October 18 last year, when the crop was 794,000 bales smaller than the forecast for this year. On the government's forecast of a crop of 12,123,000 bales this year, the ginnings to October 18 appeared to be about 47.1 percent normal. Ginnings in Texas this year to October 18th amount to 2,596,147 bales.

FLAGS CAUSE RIOT

Belfast, Ireland, October 18.—Displaying Sinn Fein flags in honor of Lord Mayor MacSwiney of Cork caused rioting today in the suburbs of Belfast in which one man was shot and killed.

NEW LAW IS INEFFECTIVE

Recent Election Bill Found to Have Amended Statute, Already Repealed

San Antonio, Texas, Oct. 27.—Hundreds of votes already cast for the Nov. 2 election are void, the absentee voting provision under which such votes have been received applying to only primary elections.

This view, concurred in by Joseph W. Hale, secretary of the state democratic executive committee, were discovered today when Marshall Hicks, prominent democratic leader and recent delegate to the San Francisco convention, found he will be absent from the city on November 2 and prepared to cast his ballot for Cox and Roosevelt, Pat Neff and other democratic candidates.

Looking up the election statutes to see just what provisions are under when absentee votes are being accepted by county clerks in various parts of the state the discovery was made that the provision is specifically limited to primaries.

Fifteen votes have already been cast in Bexar county alone and they were still being received this afternoon. Following the discovery, notice was given at once to the county clerk's office and Secretary Hale of the state committee was also consulted.

Further investigation today also led to the discovery that the entire election law passed at the recent session of the legislature is void. This is due to the fact that in passing the law it presumed to amend article 2039 of the revised statutes, when, in fact, that article was previously repealed by the act of May 26, 1917. The effort of the action of the special session was therefore to amend a statute that did not exist and under uniform ruling of the courts, in such cases is ineffective.

The resultant effect is that there is no election provision as to qualified voters other than the provision of the Texas constitution as changed by adoption of the nineteenth amendment to the federal constitution. This, according to the view of Marshall Hicks and other prominent attorneys, means that women can vote without poll tax in the November 2 election.

The act has been held valid already in a case heard in Harris county on the ground that it is unconstitutional.

No action has been taken in this county to test the law, but it is expected that as a result of the decision there, strengthened by the discovery that it is valid on other ground regardless of its constitutionality, that many women who did not pay poll taxes will demand the right to vote next Tuesday.

To make the act effective, it is asserted, the new election law should have provided that it was an amendment of the revised statutes as amended by the act of May 26, 1917. Both the amendment and the one attempted by the recent special session specifically limited absentee voting to primary elections.

Residents of other states having absentee voting laws still have the right to vote here in conformity with the laws of their states, but residents of Texas must vote in person November 2 if they vote at all.

MURDERED IN MEXICO

Washington, October 18.—M. T. Severy, an American, was murdered in Cananea, Mexico, last Wednesday, the State Department was advised today. The American consul at Nogales has been instructed by the secretary of state to request the local authorities there to take all possible measures to apprehend the murderers. Severy was a resident of Bisbee, Arizona.

CONFERENCE BEING HELD

London, Oct. 25.—Premier Lloyd George and members of the government this morning conferred with government experts concerning a new set of figures for wages of coal miners and production in the coal industry. Later the government and representatives of the miners met and continued the negotiations begun Saturday for a settlement of the miners' strike.

Try a Sentinel want ad.

COLLECTIONS, EXPENDITURES OF DEMOCRATS, REPUBLICANS.

Washington, Oct. 25.—The Democratic National Committee has expended \$699,071.69 in the National Campaign up to October 21, according to a report filed with the clerk of the house of representatives Saturday by Wilbur Marsh, committee treasurer. Total receipts were placed at \$677,934.87.

This compares with the total receipts of \$2,466,019.54 and expenditures of \$2,741,503.34 by the Republican National Committee, as sworn to in a statement filed late yesterday by Treasurer Fred Upham.

MACSWINEY PASSES OUT

London, Oct. 25.—Terence MacSwiney, lord mayor of Cork, died yesterday after a hunger strike lasting 73 days.

Longest Fast on Record.

London, Oct. 25.—Lord Mayor MacSwiney of Cork died in Brixton prison at 5:40 o'clock this morning after a hunger strike of more than 73 days, eclipsing any fast in the annals of the medical world. He had been unconscious for several days and did not recover his faculties before he died. Father Dominick, his private chaplain, and his brother, John MacSwiney, were with him when the end came.

KING ALEXANDER DEAD

Athens, Oct. 26.—Many difficulties regarding the succession to the Greek throne will result from the death of King Alexander, which occurred last night. There is every indication that the throne will be offered to Prince Paul, the third son of former King Constantine, but as a condition Constantine, must formally abdicate and Prince George, the other brother of Prince Paul, must renounce his rights. Only in the event of Constantine's persistent refusal would there be a question of the establishment of a republic, but it is known Premier Venizelos is of the opinion that Greece is not yet ripe for that form of government.

Paul Gets the Plum

Athens, Oct. 26.—The throne of Greece, made vacant by the death of King Alexander, will be offered to Prince Paul, third son of former King Constantine, it was officially announced today.

ARRESTED AS PRECAUTION

Dublin, Oct. 26.—Eight men, said to be residents of Cork, were arrested last evening as they were about to sail for England. The police are investigating whether they were merely going to attend the funeral of Lord Mayor MacSwiney or whether there is a possibility that they intended to avenge his death. Each of the men wore a uniform of the Irish republican army under his ordinary garb, and one carried four disguises. None was armed.

MAY REACH AGREEMENT

London, Oct. 26.—Formal negotiations between the government and the executive officers of the miners' federation in an effort to settle the coal strike was reopened this morning, indicating that the informal discussion which had been in progress since last Saturday had proven satisfactory, at least in some measure. The miners' executive body had previously been in conference over the government's new proposals, and as a result of their deliberations decided to begin formal negotiations.

PRESIDENT WILSON TALKS

Washington, Oct. 27.—President Wilson, addressing a group of pro-league Republicans at the White House today, declared the "so-called Americanism which we hear so much prattling about now is spurious and invented for party purposes only." Appealing for the completion of the "great moral achievement" which he said the war represented, the president asserted that "the war will have been fought in vain, and our immense sacrifices thrown away unless we complete the work then begun," and declared, "there is only one way to assure world peace, and that is by making it so dangerous to break the peace that no other nation will have the audacity to attempt it."

"BOOZE RING" LEADER IS IN MESHES OF THE LAW

Chicago, Oct. 27.—Details of the operations of the "booze ring" here and the names of public officials said to be involved are in the hands of federal officials today for presentation to the court, according to District Attorney Charles Cline, who questioned "Mike de Pike" Heitler, alleged leader in the whiskey deals, for several hours last night when Heitler was taken into custody. Warrants for the arrest of Heitler will be sought from United States Commissioner Lewis Mason, federal officials said. Heitler was detained without bail in the custody of deputy marshals all night. Heitler's name was linked with the whiskey traffic inquiry by several saloon keepers, who asserted he knew the details of the recent \$100,000 whiskey robbery, in which police are said to have aided the "booze ring" by helping to steal the liquor from purchasers while it was being delivered.

THINKS HE WAS JOBBED

Fort Worth, Texas, Oct. 27.—B. J. Cochran, under arrest at Aspermont, Texas, in connection with an alleged life insurance fraud, added a new theory today to the reason for his grave being found empty when he told a newspaper correspondent he believed he had been drugged and then buried alive on March 10, 1919. Later he was dug up, Cochran said he believed by Mexicans wanting to collect the \$10,000 reward offered for his arrest for participation in a fight at Socorro, N. M., in which two prominent Mexicans were killed. Today's statement by Cochran was an amplification of the one made yesterday in which he said he had been abducted and taken to New Mexico, where he was held for seven months. During his absence, Cochran's wife, now deceased, collected \$10,000 insurance on his life, believing her husband dead.

NATIVES KILLED IN HAITI

Washington, Oct. 27.—Natives killed in Haiti during the five years of American occupation number 2,250 instead of 3,250, as previously announced by the Navy Department, it was disclosed at the opening public session today of the naval court recently appointed by Secretary Daniels to investigate the conduct of Marines in the island republic. Brigadier General Barnett, former commander of the corps, the first witness before the court, testified that a mistake in addition had led to the erroneous announcement. Major Edmund McClellan, attached to the casualty record office corps, testified that only a few natives had been killed, and they not in action with the marines or gendarme.

DEATH DISTURBS VATICAN

Rome, Oct. 26.—News of the death of Terence MacSwiney was received at the Vatican from the Associated Press yesterday, being a communication to Monsignor Cerretti, papal undersecretary of state, who was deeply impressed with the tidings. When Pope Benedict was informed of the death of the lord mayor he showed deep regret, then knelt, remaining a long time in silent prayer.

OFFICER KILLED BY BANDIT

Chicago, Ill., Oct. 26.—Patrol Sergeant Edward Marpool was killed early today by an unidentified bandit, who later met death after fighting three pitched gun fights with the police. Marpool answered a call, met two bandits and was killed before he could draw his gun. Three hundred policemen drew a cordon around the district and took up the hunt for the sergeant's slayer. Four times the bandit tried to break through the ring, but each time was driven back after a hot fight. The firing finally ceased, when the police advanced and found the bandit dead in a vacant lot.

"NIGHT RIDERS" ARRESTED

Montgomery, Ala., Oct. 27.—Forty-three alleged "night riders" have been arrested in Cullman, Marshall and Blount counties, according to announcements today at the State Law Enforcement and the governor's office.

LIVE STOCK EXHIBIT AND FARM BUREAU DAY, NOVEMBER 4.

On Thursday, November 4, the Nacogdoches county Farm Bureau and the county Live Stock Association will hold a one-day exhibit of high class live stock at the city of Nacogdoches.

Premiums to the amount of probably \$200 will be distributed to the winners of first, second and third places in the several classes of different kinds of livestock. The exhibits will include every kind of stock from chickens to high class cattle, mules, horses, hogs, sheep and goats.

Entries will not be limited to registered animals. If you have an animal that you believe would be exceptionally good, bring it along, regardless of registration papers.

Pens will be provided for hogs, where notice of intention to exhibit has been sent to the secretary. Do not overlook this, a it is highly important.

Those who exhibit chickens or other poultry will need to provide their own coops.

In addition to the livestock show that day, the Board of Directors of the Nacogdoches County Farm Bureau have designated Thursday, November 4, as "Farm Bureau Day."

Every one of the 700 members of the Farm Bureau are urged to spend the day in looking over the livestock exhibits and also in conference regarding a program of work for the Bureau for 1921. Addresses will be made by prominent speakers, and an opportunity will be extended the membership to offer practical suggestions for the general good of agriculture in Nacogdoches county.

Come to Nacogdoches on November 4 and help boost the spirit of better livestock and of a better marketing system. You can help by your presence, and your help is needed, too. Don't overlook this fact.

Let us know your needs in the way of pens for exhibition purposes. If you neglect to do this, it will cause more or less inconvenience to all concerned.

The Dallas News will have a special representative here to write up Nacogdoches county activities. A good livestock show and a good farm bureau attendance on November 4 means much for our county.

Respectfully,
H. L. McKnight.

ALLEGED SWINDLER CAUGHT

Fort Worth, Texas, October 26.—B. J. Cochran, under arrest at Aspermont, Texas, in connection with an insurance fraud, declared in a statement to Sheriff Bigham last night that he was kidnaped by Mexicans and held prisoner in New Mexico for seven months, during which time his wife believed Cochran dead and collected \$10,000 insurance. Cochran in March, 1919, was reported to have died and his body buried near Aspermont. Recently officials examined Cochran's grave and found it empty. The grand jury at Aspermont started an investigation today, Cochran having been taken into custody at Sterling City last Saturday.

ATTEMPTED SUICIDE

A white man about fifty years old by the name of Roberts was hurried to the sanitarium this morning from his home about two miles from town on the Homer road, where he attempted suicide directly after breakfast, shooting himself in the stomach with a 16-gauge single-barrel shot gun.

His wife told Sheriff Evans, Deputy Sheriff Lout, and Dr. Childers, who were called to the scene, that she had left the house and gone to a pig pen when she heard the report of the gun and heard her husband groaning in agony, it appearing that he had walked out on the front gallery to commit the deed. Being assured that he could not live, he was asked to make a statement concerning the tragedy, and emphatically stated that he shot himself, that "he wanted to get out of his misery." Roberts had been living here about 11 months, coming from near Corsicana, and it is said that there are children in other parts of the state the victim of the shooting had been away and only returned last Saturday.—Lufkin News, 25th.

THE GREAT ISSUE

It is the greatest presidential campaign within the memory of man, the issues are incomparably great. The future of the world, the well being of mankind, the deliverance of peoples and of nations from the dangers that beset them—these are the issues of this contest. The callous recklessness with which the Republicans are carrying on the campaign is amazing, it is appalling. In the blindness of their partisanship they appear to give no thought to the consequences of policies which they every day proclaim as the purpose of their party. Europe sees and understand what it all means. The Republicans would keep us out of the League of Nations; all that their representative men and their candidate propose as a substitute is some kind of an "association" as yet not formulated in words and utterly incapable of realization. They would exclude us from the benefits of the Peace Treaty and their candidate puts forward in its place a mere resolution declaring war is at an end, a method of restoring peace which minds better informed than his would instantly reject as preposterous. They even talk of tariff duties to "exclude the flood of foreign goods," which is equivalent to depriving our debtors of the only means to pay their obligations. Dr. Vissering of the Netherlands Bank pointed out at the financial conference in Brussels the consequence of the policies of isolation and selfishness which the Republicans are preaching. Those consequences would fall not only upon the European nations, they would fall heavily upon us. In their denunciation of the Administration, of the Peace Treaty, of the League Covenant, all of the great works in which Mr. Wilson has been engaged, the Republicans have let themselves be betrayed into declarations of policy which would bring political, financial and social ruin to other nations to which we profess friendship. We cannot believe that they understand what they are doing, for it is certain that the normal human mind cannot deliberately intend such consequences.

The campaign draws to a close. The Republicans are jubilantly confident, the Democrats are justly apprehensive. Yet the whole course and outlook of the campaign could be changed, would be changed, if the Democrats could get the truth into the public mind, could make the people understand the immeasurable importance of the issues involved. Four years ago in September Mr. Wilson was as surely beaten as the Republicans now believe Mr. Cox to be beaten. Victory came to him through later changes in the political situation. Such changes may be wrought in this campaign. The Democrats should have in the field a dozen speakers where they now have one, and every one of the speakers should be equipped for the task and capable of the task of telling the plain truth about the League of Nations. Democrats of means who are interested in the success of the campaign should see to it that the committee has funds to clear the public mind of the delusions, misrepresentations and falsehoods, systematically spread abroad by the campaigners in behalf of Mr. Harding.

REPUBLICAN IDEALS DEBASED

"I would say that much of the sentiment uttered concerning our part in the war is balderdash," said Senator Harding in the United States Senate on June 18, 1917. On September 28, last, in his speech at Wheeling, Senator Harding said: "We did not go to war to make the world safe for democracy, or for humanity. We declared war in solemn obligation to protect American rights against assault."

No wonder that the venerable Charles W. Eliot, President Emeritus of Harvard University, long an honored and distinguished American, Republican and Progressive, says that the "Republican party has turned its back on its own principles of 1860 and 1918."

The Republican party boasts that its very foundation was based in a passionate unselfish love for liberty and humanity that it had its inspiration and fought a great war not for selfish reasons but to free another race—the negroes held in slavery.

How far has it descended under the Senate oligarchy and their candidate, Senator Harding, from the lofty ideals that inspired its founders and that characterized its greatest leader, Abraham Lincoln. To what a low level has it been sunk by Penrose and Barnes, by Lodge and Brandegee and that choice phalanx which compose the Old Guard. If Theodore Roosevelt were living, even though not the candidate, no such degradation of Americanism would be suffered. Yet by the present leaders of the Republican party, it is not only tolerated but applauded.

According to the Republican candidate for president the thousands of American soldiers who fell in France died, for a mess of pottage. All the grief and distress, all the noble sacrifices made by the women of America in giving their sons and husbands to the country were not suffered for humanity, for liberty and justice throughout the world, but for technical international rights.

The American people mobilized their tremendous power, they raised a tremendous army of the finest soldiers who ever trod the earth, they made great sacrifices, they lived hard, raised billions of money; it was a supreme national effort they made. But according to Senator Harding they were not moved thereby by love of liberty and justice, by hate of wrong and oppression, by the call of honor and duty, by a sense of outraged humanity against the German atrocities in Belgium and elsewhere. The ruined villages, the destroyed churches, the outraged women and murdered children of occupied France and Belgium did not move them.

There was no spiritual side to America's entry or America's conduct of the war. President Wilson was talking balderdash. So were the hosts of men and women who raised their voices in the call of the nation's spirit to patriotic service. The newspapers were printing balderdash; the mothers of America suffered for balderdash; American soldiers died for balderdash. The sordid American people went to war because, forsooth, their rights were assailed—so says Senator Harding.

A good American must take a national pride in the lofty and unselfish ideals and the great record of achievement that once gave power and prestige to the Republican party. And every good American of whatever political belief must feel a national shame at the present efforts pursued by Republican leaders to win an election.

THREE AMENDMENTS ARE MERITORIOUS

Each of the three constitutional amendments to be voted upon Nov. 2 in our opinion, is meritorious and deserves to be adopted. Many specific limitations were written into the Constitution of 1875 because of the fear that the radicals might in some way again secure power, and with the hope of hog-tying them. Although the fear was not realized, these limitations have remained in the Constitution, many of them to the inconvenience of the people and the detriment of public service.

The proposed amendments are designed to remove just such limitations. One of them would remove the limit of 50c on the \$100 as the tax which rural school districts may levy for the support of the schools, and would leave it to the people of each district to say how much taxes they are willing to pay for the support of their schools, just as the people of the cities are already able to say.

A second amendment would change that provision of the constitution which sets 25c on the \$100 as the maximum tax which may be levied in any city or town of 5,000 inhabitants or fewer, and would provide \$1.50 as the maximum of such tax, leaving it to the people of such cities or towns

to say how much tax they are willing to pay. Many of the smaller cities of this state are badly handicapped by the present limitations, and are prevented from providing adequate water supplies, sanitary facilities, pavements, etc. That which makes the condition absurd is that a town of 5,000 inhabitants is limited to a tax rate of 25 cents, whereas a town of 5,001 inhabitants may levy taxes not to exceed \$2.50 on the \$100.

The third of the amendments, relates to the compensation of public officers. One of its objects is to provide that definite salaries shall be paid to a large number of officers such as Sheriffs, Court Clerks, etc., who are now paid fees, and some of whom enjoy a much larger income than is received by the principal officers of the State. Another object of the amendment is to make it possible for the Legislature adequately to compensate a number of officials whose salaries are now fixed by the constitution and at low sums. These officials are the Governor, Attorney General, the State Treasurer, Comptroller, Land Commissioner, Secretary of State, members of the legislature and Lieutenant Governor. The legislature is now free to fix the compensation of all other officers and has done so. The rates which it has established as to these other officers do not indicate that there will be any extravagance as to the few offices now limited by the constitution, if the proposed amendment shall be adopted.

It is worthy of consideration in this connection that the State Constitution generally leave the legislature free to fix the salaries of officers, and that the Federal Constitution leaves the fixing of salaries entirely in the hands of congress.

We have heard it suggested that it would be absurd to permit the legislature to fix its own rate of compensation. An adequate answer is that congress always has fixed the compensation of its members, and that its acts in this regard never have excited protest of consequence. An elastic system of compensating public officials so that salaries may be such as to secure efficient service is needed, and this amendment, we think, provides for such a system.—Dallas News.

REPUBLICAN METHODS

The following editorial from the Albuquerque (New Mexico) Morning Journal, a Republican paper supporting Harding and Coolidge, proves Governor Cox's charges that the republican campaign authorities are seeking to muzzle the press and prevent the voters from hearing the Democratic side:

"We asked Governor Cox a half dozen questions yesterday morning. He answered them courteously. * * * He said we asked them graciously. "He in turn asked us a question in a gracious and courteous manner. We are a good sportsman and will answer it. It was this:

"Did not two gentlemen named Headly and Smith, representing Will H. Hays, national republican chairman, call upon you a few days before my arrival and ask you not to emphasize my welcome in New Mexico and to handle my meeting here as lightly as possible and to minimize its effect, and add that they were traveling ahead of me to interview republican papers for that purpose?"

"Two men of such names did interview us and did so represent themselves. They did make such a request and such a statement.

"We refused their request; said that any distinguished visitor to Albuquerque would receive a gracious reception from the Journal and the widest and fairest publicity regardless of politics; that we believe in free and fair discussion, that we owed the national committee nothing and would conduct the Journal as we chose.

"Then they said: 'Of course you will; you misunderstood us.'

"We are supporting Harding and Coolidge, but disapprove the methods of such over zealous partisans."

THE PRESIDENT SPEAKS

"You have been grossly misled with regard to the treaty, and particularly with regard to the proposed character of the League of Nations, by those who have assumed the serious responsibility of opposing it. They have gone so far that those who have spent their lives, as I have spent my life in familiarizing themselves with the history and traditions and policies of the nation, must stand amazed at the gross ignorance and impudent audacity which have led them to attempt to invent an 'Americanism' of their own, which has no foundation whatever in any of the authentic traditions of the government.

"They (the creators of this government) thought of America as the light of the world, as created to lead the world in the assertion of the

rights of the people and the rights of free nations; as destined to set the responsible example to all the world and of what free government is and can do for the maintenance of right standards, both national and international."—Woodrow Wilson.

They kill men like Christ and Lincoln and let things like Jack Johnson live.

Most of us want the law enforced on the other fellow.

Don't blame other people for what they don't know.

The chap that calls you brother usually wants something.

Every married couple ought to sign an armistice.

There wouldn't be any ennu about a Sinn Fein Parliament.

Hot air will take a balloon up a long ways—but it won't keep it there.

Even the man whose life is like an open book occasionally likes to paste a couple of pages together.

Irrelevantly speaking: We notice few deaf women ever join sewing societies.

"Clothes don't make the man," but they make a remarkable difference in his treatment.

Whenever they let you in on the ground floor, catch the elevator to the roof.

Chicago and St. Louis newspapers carry ads of Schlitz Palm Gardens. What in Halifax is a Schlitz Palm Garden good for now?

An exchange declares the cocktail is 76 years old. We never saw one over ten minutes old, and generally nine and a half minutes less that.

How times change. In 1896 Bryan was running for president and Cox was a reporter; in 1920 Cox is running for president and Bryan is a reporter.

Men will not work overtime without pay, but will go and put in overtime shooting craps and lose what they made while on regular shift. Man is a funny critter.

Some statistician has figured it out that if everybody in the United States would eat a prune a day it will save 100,000 tons of sugar a year. Fine. But ain't many us too full of 'em already?

"Every state legislature reflects accurately the intelligence of the people it represents," declares a Western governor. Probably so. That is what makes the outlook so discouraging at times.

Diplomacy is sure great stuff. Attorney General Palmer recently remarked that "in Pennsylvania Judge Boniville's word is not evidence of the fact." You see, being ignorant of the niceties of diplomacy, we would have

A crusade against "short weight" scales is in progress in Kansas City. Will it get so in this country that on honest and patriotic gouger and cheat will be deprived of all his rights and privileges just when he has a chance to do something?

Some say that the Nacogdoches-Douglass road is not holding up under the strain of traffic, rough places appearing in the road at various places. However, road experts say they are not experiencing any qualms over the road ultimately giving the greatest satisfaction. Extensive road-work is now in progress on the Nacogdoches-Henderson road.

Senator LaFollette was operated on recently for removal of the gall sac. We knew something like that was the matter with him, and we are inclined to the belief that it would be a fine thing to cut the gall sac out of about half the other senators and congressmen. P. S.—And lots of people.

The Republican National Committee is said to have mailed 750,000 members of traveling men's organizations a statement which Governor Cox never made, and denied immediately upon its appearance, regarding traveling men. Without reference to the question of fair play, mere justice to those traveling men requires that they be informed as to the untruth. To so inform them would require that Governor Cox's denial and refutation be sent to each of them. Figure up what that would cost the Democratic National Committee, and

Money Back

We said this last year and we have been saying it every year since we started Business—Try good old Luzianne Coffee. If it does not go farther and taste better than any other coffee at the price, your grocer will return your money without argument.

"Goes Twice as Far"

LUZIANNE
coffee
Wm. B. Reilly & Co. Inc. New Orleans

GUARANTEE—If, after using entire contents of the can according to directions, you are not satisfied in every respect, your grocer will refund the money you paid for it.

you will see why the Cox-Roosevelt managers need your help in the form of a contribution.

It is quite true that the farmer feeds us all, and it is also true that he wants a pretty good price for doing it.

The patent medicine ads say women suffer in silence, but none of the women we have ever known were very strong on the silence stuff.

Sawmill men must be getting rich. One breakfast food outfit in St. Louis has just declared a 400 percent dividend.

A doctor says man is like an automobile and his liver is the gasoline tank. Huh? We can blow our own horn, and that's more than an automobile can do.

Now that the world has been made safe for democracy, and there are so many vampires flying around, what can be done to make it safe for married men, also?

These highbrows that favor the Bolshevik movement should move to Russia, where the intellectuals are not fed until all the other classes have had what they want.

An inquisitive reader asks us if it is best to tell his wife the truth, always. The man who tells his wife a lie is a villain, but we prefer to hold our opinion of the garulous bonehead who always tells her the truth.

If you will mark down in a book everything you spend for six months then go over it, you will find that a whole lot of it was foolish and unnecessary. Try it and see. It is worth while.

The town man thinks all the farmer does is to sit down and watch things grow. A farmer thinks all the town people do is to sit behind a counter and rake in the money. This is the only reason every farmer wants to move to town and every town man wants to be a farmer.

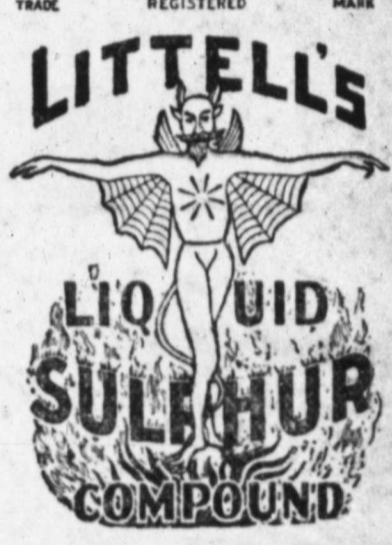

Don't begin to enumerate exceptions that will only prove the rule, for it is a fact that you can't gratify every whim of a man's stomach and get the best of his mind and soul. And if you give the average woman all the clothes she wants she will quit the Ladies' Aid Society and make for the roof gardens.

Every democrat in Nacogdoches county will be neglecting a very imperative duty if he or she fails to go to the polls on November 2 and cast a straight party vote. Enemies of democracy are untiring in their efforts against its principles, and the only defense is through a solid democratic vote against them. Do not stay at home and expect the party to win through the other fellow's vote.

An agent sold us some books recently who said he was working his way through college, but since looking the books over we are of the opinion that he does not need any more education—he's too derted smart now.

The main reason why thousands of people are in the poorhouses and asylums of like nature is because they fooled away their money and possessions when they had a chance to lay something away for old age. And thousands of us are following that same example.

Eiffel supplied \$700,000 and the French government \$300,000 for building the Eiffel Tower.

LITTELL'S
LIQUID
SULPHUR
COMPOUND

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbes which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle. Large size \$1.00

Kill That Cold With

HILL'S
CASCARA
BROMIDE
QUININE

FOR Colds, Coughs AND La Grippe

Neglected Colds are Dangerous

Take no chances. Keep this standard remedy handy for the first sneeze. Breaks up a cold in 24 hours—Relieves Grippe in 3 days—Excellent for Headache

Quinine in this form does not affect the head—Cascara is best Tonic Laxative—No Opiate in Hill's.

ALL DRUGGISTS SELL IT

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

LOOK AFTER YOUR BONDS

Dallas, Texas, Oct. 23.—"Holders of Fourth Liberty Bonds should collect their interest immediately," said Dinsmore W. Hume, Federal District of the Savings Division, "for it was due on October 15. As the bulk of bonds of this issue held in the Federal Reserve District were coupon bonds, the last coupon is now due, and the bonds themselves should be exchanged for new bonds through the bank where the owner collects interest."

"To encourage bond-holders to reinvest their interest, thus compounding their holdings, arrangements have been made for exchange direct of the interest for War Savings Stamps or Registered Treasury Certificates. Each \$100 bond brings \$4.25 annual interest. War Savings Stamps cost \$4.21 in October of this year and will bring the owner \$5 on January 1, 1925.

"In any event, holders of these bonds should immediately cash their coupons, and arrange at their bank for exchange of the temporary for a permanent bond, as is contemplated in the bonds themselves, and as was announced at the time they were sold."

Prof. A. W. Bell of Appleby was in the city Saturday and called at the Sentinel office to have his name enrolled among the elect.

TEXAS POLL TAX LAW ADJUDGED UNCONSTITUTIONAL

Houston, Texas, Oct. 23.—Judge J. D. Harvey of the Eighteenth District Court of Harris county today declared unconstitutional the poll tax law passed by the last called session of the legislature. He holds that women may vote in the general election on November 2, or any other election this year, without the payment of a poll tax.

A REMINDER

This is to remind all the democrats of Nacogdoches county that Tuesday, November 2, is election day, and it should be a genuine pleasure to go to the polls and vote the National, State, District and County tickets. Every qualified voter owes it to his country to exercise the right of suffrage on election day.

When a voter comes voluntarily and participates in a party primary and then vote the ticket of another party at the general election, he is false to a moral obligation and repudiates a contract of honor.

For the first time the women can participate in a general election on the same terms with the men.

R. B. Walthall, County Chairman, Democratic Executive Committee.

RETIRING PROSECUTOR IS FEASTED BY LOCAL BAR

Thursday night at Weaver's Cafe the Nacogdoches Bar met, as had been previously arranged and enjoyed a sumptuous feast which had been prepared in honor of District Attorney W. B. O'Quinn, who is now retiring from that office to assume a new place as one of the judges in the Court of Civil Appeals at Beaumont. Promptly at 8 o'clock the various members of the Nacogdoches bar began arriving, and in a short time all were there with the exception of one or two who, on account of sickness or business arrangements, were unable to be present.

The dinner was served in three courses, and so nicely was it prepared that everyone present commented upon the superiority of the delicious viands served, consisting as it did of oysters, cereal beverages and sandwiches, which had been skillfully prepared by the excellent selection of Mr. Felix Weaver.

Judge S. W. Blount was toastmaster for the occasion, and he did what was expected of him to perfection. Under his management everything moved off in the best possible manner, and soon all were revelling in the greatest possible enjoyment. Judge Blount, after the dinner had been served, was the first of the lawyers present to make a talk. In his remarks Judge Blount said it gave him great pleasure to be present at the banquet and to say a few words for his old friend, Mr. O'Quinn; that he had known Mr. O'Quinn for many years and knew him to be a superior man in every way. He recounted some interesting experiences connected with his acquaintance with Mr. O'Quinn, some of them causing loud laughter, and some of them a touch of true comradeship calling forth sober thoughts. He told of some of the old time battles that he and Mr. O'Quinn had indulged in while in the political world, and also related some of the incidents that had taken place in the court room. Judge Blount concluded his remarks by paying a beautiful tribute to Mr. O'Quinn, and expressed the hope that Mr. O'Quinn would in the future, everywhere he went, enjoy to the fullest degree the greatest success.

Mayor V. E. Middlebrook was the second speaker for the occasion, and he from the first got the crowd in a good humor by making some friendly and humorous remarks at Mr. O'Quinn's expense. Mayor Middlebrook said, "I know of no other man with whom it would give me more pleasure to be than the man for whom this feast has been spread." He also recounted some of the interesting things of the past in which he and Mr. O'Quinn had taken part. He said that the people with whom Mr. O'Quinn had served "owed him a debt of gratitude for the great services he had rendered them as District Attorney."

He concluded by saying that "I hope your future will be one of the very best, and that your name will go down in history as one of the best of your kind that has ever served this district."

Attorney Moss Adams was the third speaker on the floor, and he immediately put the crowd in a good humor by saying that as far as he was concerned "I am darn glad Judge O'Quinn is leaving the office of district attorney." He made it clear, however, by this remark that it was all because he had received some hard knocks from the intellect of Mr. O'Quinn in the years past while defending some criminal in the courts. Mr. Adams paid some beautiful tributes to Mr. O'Quinn, saying that he knew wherever he went he would have success.

Then Judge Blount called upon Mr. O'Quinn for a few remarks. Mr. O'Quinn began by saying that "I assure you I deeply appreciate the honor of being here with you good friends and especially the pleasant little occasion you have so graciously prepared for me as a token of your friendship." He told of some of the things connected with his life, saying that he was born in this county "a good many years ago, and that naturally this old county was very dear to him." He told of some of the things he had experienced in a social, political and legal way during the 13 years he had been district attorney. He was loudly cheered at the conclusion of his remarks.

It was befitting that the new district attorney, W. B. Bates, the man succeeding Mr. O'Quinn, should be present, and make the closing remarks. Attorney Bates made a very beautiful little talk, saying that while he had not had the pleasure and profit of knowing Mr. O'Quinn as long as some of the older members of the Nacogdoches bar, he had enjoyed the profitable pleasure of "sitting studiously at his feet, and taking instructions since knowing him." Mr. Bates made some befitting remarks and said in conclusion that he hoped his rec-

Fordson Farm Tractor

More than 100,000 Fordson tractors have been sold to farmers in the United States. They are helping these farmers to do better and more work in less time and at less cost. North, East, South, West—everywhere the Fordson has proven itself a money-maker and a real necessity to the farmer. Besides it is helping mightily to solve the labor problem.

These one hundred thousand, and more practical farmers have affirmed the economy—the exceptionally low fuel and operating cost—of the Fordson; it is compact and devoid of excessive weight. And it is built of the same strong iron and steel as is the Ford car.

Winter or bad weather does not hinder the Fordson's usefulness. Day or night—twenty-four a day if you choose—you can utilize the Fordson.

Only so many Fordsons are allotted this territory. Orders are being filled in sequence—first come first served. Let us have yours now.

There is a practical use for the Fordson every day of the year. Let's tell you. Come in and let's have a tractor talk. Give us a chance to make a demonstration on your own farm.

BEN T. WILSON FORD

South Side P. O. Square Nacogdoches, Texas

ord as district attorney would be as good as Mr. O'Quinn's; that if it was he could sincerely say to himself, "well done, thou good and faithful servant."

The banquet was brought to a close by Judge Blount and all present hastened to shake the hand of the man in whose honor the splendid little feast had been given.

Attorney A. A. Seale, in conclusion, gave Mr. Felix Weaver, the man

responsible for the excellent spread, the thanks of the Nacogdoches bar. Those present at the banquet were: Judge L. D. Guinn, W. B. Bates, J. J. Greve, V. E. Middlebrook, C. C. Watson, S. M. Adams, J. M. Marshall, F. P. Marshall, A. A. Seale, F. D. Huston, L. G. King, W. B. O'Quinn, R. B. Walthall, Audley Harris, Judge S. W. Blount, W. S. Davis and Elmer Summers.

A splendid Box Supper was served Friday night at Woden, quite a number of young people from Nacogdoches attending. Attorney W. B. Bates made the main speech of the occasion, and this was followed by one from Miss Exier Lewis, nominee for county superintendent. Everyone had a good time, so they said.

Mr. and Mrs. John Spencer visited in Lufkin Monday.

KEEPING WELL MEANS A CONSTANT FIGHT AGAINST CATARRH

Many diseases may be described as a catarrhal condition. Coughs, colds, nasal catarrh, stomach and bowel disorders are just a few of the very common ills due to catarrh.

Fight it! Fight catarrh with a remedy of assured merit, a remedy which has a reputation for usefulness extending over half a century—

Tax Collector, Nacogdoches County, Texas

It's dollars to doughnuts—

no man ever smoked a better cigarette at any price!

CAMELS quality, and their expert blend of choice Turkish and choice Domestic tobaccos hand you a cigarette that will satisfy every smoke desire you ever expressed. You will prefer this Camel blend to either kind smoked straight!

Camels mellow-mildness will certainly appeal to you. The "body" is all there, and that smoothness! It's a delight!

Go the limit with Camels! They will not tire your taste. And, they leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor!

Just compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents; or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

WEEKLY SENTINEL

PRICE \$1.50 PER YEAR.

BY GILES M. HALTOM

BE SURE TO VOTE

The Sentinel wishes to again emphasize the importance of a full democratic vote in the election next week. Every member of the party in the state, every man or woman who has the best interests of the nation and the world at heart, every voter who believes the people of the earth should be freed from the menace of causeless wars, every woman who believes her boy was given her for something nobler than to furnish material for slaughter at the behest of militarism, all who stand for fair play in a political campaign and therefore condemn the crusade of treacherous falsehoods promulgated by the republican party, should vote the democratic ticket. Do not let private business keep you away from the polls. The small sacrifice of time or convenience is insignificant when compared with the tremendous issues at stake.

Go to the polls and vote for Peace, Progress and Prosperity. This is the slogan of democracy.

WOMEN DEMAND THE LEAGUE OF NATIONS

Women, running true to form, are championing the League of Nations because, as usual, they are trusting to their instinct, and instinct tells them that this proposal is the only safeguard for peace.

But by far the most important provision, and of this we hear little, is the proposal to disarm the world. The financial burden which this would lift is enormous. Men fully appreciate that 93 percent of all appropriations are made for war, past, present and future. But to women of America, disarmament does not mean so much a saving in money. It means that by every gun, every battleship, every piece of fighting machinery we scrap, by just so much we have reduced the chances of war, and that is what American women, and women all over the world, want.

American women are at this time more concerned with the sufferings and needs of Europe, the undernourished women and children, than they are with the cry which the republicans are setting up, namely America's superiority in finance, resources and trade, which prestige must be maintained, no matter what the cost in spiritual disintegration.

Shall America go to pieces through greed and selfishness? American women answer "No! and again No!"

THE ISSUE OF THE HOUR BEFORE TEXAS

"A great national election looms large just ahead; three men from three parties are running for Governor of Texas; a new legislature is about to be created—each and all of these are great issues in a way, but the issue of the hour before Texas, is the carrying of the School Amendment at the November election. Whether Cox or Harding is elected the United States will weather the international storms which beset her; Texas might get along politically even if an out-of-the-regular candidate were elected, but if the school amendment fails she will be hit a blow which will retard her progress for years to come. Say what we will, the public schools are the saviors of democracy—there can be no such things as a government of the people and by the people for the people without public education."

PEACE, PROGRESS AND PROSPERITY

"Next year, if we go into the League of Nations, we can save \$465,000,000 in our Navy alone. Do you know what you can do with \$465,000,000? You can reclaim 23,000,000 acres of arid land in the West. I am in favor of stopping the building of battleships and of reclaiming arid land, and of giving every soldier boy a farm and a home of his own, if he wants to try it out there in that great promising country. If he does not want that, then I am in favor of the Fourfold plan, which was recommended by the American Legion at Cleveland within the last week or ten days."—Governor Cox.

NEGROES AND THE SCHOOL AMENDMENT

There are thousands of negroes in Texas who are sincerely interested in the advancement of their race. In the coming November election the negroes who are qualified to vote will have a splendid opportunity to do something for negro welfare by casting their ballots for the school amendment.

A large part of the negro popula-

tion of the state is in the country, and their educational facilities are in many districts are extremely meager. The negroes have suffered quite as much if not more, from the poor schools in many of the rural districts as have the whites.

The adoption of this amendment will permit the citizens of a school district to increase their school tax rate from 50 cents to \$1, and where this is done, the negro schools will come in for their share of the improvement made possible.

There is no color line drawn in making provisions for the public schools of the state. The negroes should recognize that this proposed amendment is not a partisan measure, that it is put up to the qualified voters of the state for their decision.

It is a measure which affects the and all negro voters who desire to much as that of the white children, and all negro voters who desire to promote the progress of their race should not fail to vote for the school tax amendment.—Houston Post.

Learn to make a living before you practice making love.

Any person who deals with the public gets very tired of life now and then.

We have always found it easy to go in debt, but Lord, how hard it is to get out!

You can buy anything you want in a department store. Also a lot of things you don't want.

It is very discouraging to think of, but today is the future you hoped for forty years ago.

Old age begins when one begins looking backwards instead of forward.

It is impossible to have a bum stomach and not that kind of a disposition.

Public favor, deserved or not deserved, is about as lasting as a bunch of lettuce in a grocery store.

It is a fact that with the passing of the saloons, the court rooms nearly always require dusting.

You may be able to recall the good old days when bacon was regarded as plain food.

People are usually willing to do their duty, but they do not like to do too much of it.

You cannot depend upon humanity. No candidate ever gets all the votes promised him.

About the time we get old enough to know better we are so durned aged that it don't make any difference whether we know better or not.

Governor Coolidge says his wife selects his shirts, collars and ties. Then, b'gosh he don't get our vote. A vice president don't need much sense, but he ought to have just a little. It is dollars to doughnuts those shirts have these turn back cuffs, the collars saw chunks out of his Adam's apple and the tie are worked off on her by a smart bargain counter clerk as being just as good as the other kind.

The Fenians are the outgrowth of an Irish military organization founded, tradition says, about 400 B. C.

HOLLANDERS OF OLD TIMES

Colchia, Caucasian Tribe, Free People Because They Had Always Command of the Sea.

The inhabitants of Colchia, set in the valleys of the inaccessible Caucasus to the northward of the Asiatic plains, were the Hollanders of ancient times. They were a free and barbarous people, but were invited to the cultivation of commerce by the vicinity of two seas which were formerly joined towards the north, and attained by means of it to a great degree of opulence which made them celebrated. Their territory of small extent lay on the eastern shore of the Euxine sea. The greater portion of it was marshy, and the atmosphere humid; they had frequent and heavy rains, a great number of channels intersected their plains, on the banks of which the dwellings of the people were placed, raised for the most part upon stakes. The natives of the country were corpulent and somewhat above the middle stature, and their language was hard of utterance and ungraceful. Their chief river, the Phasis, like the Rhine, lost itself in interminable sands.

Northern Scythia, including the region above Sarmatia and the forests of Germany as far as the frozen sea, was a wilderness through which many pastoral and hunting nations incessantly roamed.—Detroit Free Press.

LIVED MANY CENTURIES AGO

Skeleton of Giant Wombat, Recently Found in Tasmania, Believed to Be 20,000 Years Old.

A complete skeleton recently discovered in the Mowbray marsh, on the far outskirts of the wild marshy regions of Northwest Tasmania confirms the existence 20,000 or 30,000 years ago of a giant wombat (one of the pouched animals peculiar to the Antipodes). The discovery was made by Mr. Lovett, a farmer, who was digging a drain into the swamp.

The skeleton lay buried in six feet of decayed vegetable matter resting on sand that was once the bed of a lake. Mr. Scott of the Launceston museum, examined and excavated the skeleton and expressed the opinion that the animal had lived perhaps more than 20,000 years ago, says the London Daily Mail. It is the only specimen yet discovered. In life the animal would be bigger than a mole, with four elephantine legs and a head very much like a bulldog. Experts believe it to be a smaller species of a gigantic marsupial approaching in size the Brontosaurus (which weighed 80 to 90 tons). It has long, beaklike tusks, and probably lived on herbs and was slow of movement.

The present-day wombat is a burrowing animal from two to three feet long, with a short, thick body, short legs and very little tail.

Doing Good Work.

Good work is not entirely a question of will power. Often it is impaired by a low physical standard. The quality of the work cannot be up to high water mark when every faculty, every function, and every bit of your ability is affected by a rundown physical and mental condition. You may be sure that your weakness, whatever its cause, will appear in your work, whether it is making books or selling them, teaching school or studying, chiseling statues or digging ditches.

Had one the power to analyze the cause of his non-success, many a failure could see these things standing out all over his career—insufficient sleep, lack of exercise in the open air, lack of change and recreation, irregularity and want of system in his method of living.

The youth who would get the most out of life, who would reach the highest expression in his work and retain his freshness, vigor and enthusiasm to the last must lead a regular life.—Orison Sweet Marden in Chicago Daily News.

Sugar Cane.

Sugar cane requires an abundance of sunshine and water and a deep, fertile soil. In planting the stalks are laid lengthwise in furrows, and each joint sends up a shoot, which later produces suckers. When ready for harvesting a field of sugar cane resembles a corn field, but the plants are somewhat larger and there are no tassels and no ears. The stalks at this time have been growing about 12 months and have changed from green to reddish in color, while most of the lower leaves have fallen away. They are cut by hand with a long knife, stripped of their leaves and carried on carts or small cars to the sugar mill.

Milk and Meat Prevent Pellagra.

The most recent researches into pellagra, just published in the form of a report from the United States public health service, make it clear that deficiency of milk and fresh meat in the diet is the principal cause of the disease.

Dr. Joseph Goldberger, to whom the world owes most of its knowledge of pellagra, urges that more cows be introduced into those regions of our Southern states in which pellagra is most prevalent, and that all-the-year-round fresh meat markets be established.

His Views.

"She's sweet and simple."
"Sounds good. Still, I don't think I care to marry a simple girl."—Louisville Courier-Journal.

FOR THOROUGH-BRED TEACHERS

Illustrative of the fact that it is not only the mothers who are becoming thoroughly aroused because of the discrimination so frequently made in favor of the welfare of the live stock of the state, when compared with the welfare of the children of the state, the following bona fide quotation is given from a letter received from an honest-to-goodness, upstanding red-blooded Texas man who has served many years on boards of trustees, and doubtless knows what he is talking about.

"I have long ago come to the conclusion that the trouble with most schools originates with the patrons. Now let's see how this school business compares with other business. You have in your school district a number of stock-men who have been successful in their business. There comes a time when they want to change their herds. Do they go out and buy the first cow or hog they see? Not on your life, they put in many days, and search the best herds of the country before they make a selection. They want the best; they will have nothing but the best.

"I have before me the Dallas News of yesterday, and I read that up at McKinney, Texas, a man paid two-thousand-two-hundred good American dollars for a six-months old pig. Now that man isn't crazy; on the contrary he is smart. But are the patrons in your school district and mine, looking for any thoroughbred school teachers? By that I mean are they looking for and demanding the best that money can buy, regardless of price? No; we must have thoroughbred Poland China hogs, and Herefords, but any old scrub will do for either trustees or teachers to entrust with improving the minds and morals of our children."

STATE FOOTBALL NEWS

Austin, Texas, Oct. 25.—In the third week of the high school football as reported to the University Scholastic League Bureau, three teams are showing up strongly, since they have each won four games and lost none—Abilene in West Texas, McKinney in Central Texas, and Beaumont in East Texas. Many others are in the thousand percent column, having won three games and lost none, or won two games and lost none. In these summaries no games are taken account of which are not officially reported to the Bureau.

Sixty seven games were reported this week. As a rule the reports show that the larger schools have been successful during the past week with the notable exception that Hillsboro succeeded in defeating the Fort Worth Central High school by a score of 20-0.

Several minor accidents have occurred. The center on the Strawn team in the game with Thurber suffered a broken collar bone, as did the halfback on the Cameron team in its game with Taylor. One player had two ribs broken in the game between Honey Grove and Whitwright. A Graham player had a shoulder broken in a game with Haskell. The McKinney quarterback had his wrist broken in a game with Whitesboro and the same injury was suffered by a quarterback in the Beaumont-Lake Charles game.

The teams that have won three games and lost none, follow: Bryan, Clarksville, Calvert, Greenville, Haskell, Marshall, Stephenville, Sinton.

The following teams have won two games and lost none: Austin, Armadillo, Belton, Caldwell, Childress, Cisco, Corsicana, Cleburne, Comanche, Corpus Christi, De Leon, El Paso, Eagle Lake, Electra, Georgetown, Humble, Honey Grove, Hillsboro, Hubbard, Kennedy, Mercedes, Plainview, Reagan, Strawn, Wichita Falls and Yorktown.

Other teams with 1,000 percent having won one game and lost none: Athens, Burnett, Bishop, Bonham, Galveston, Ball High, Mexia, Mason, Nacogdoches and Sherman.

750 percent teams, winning three and losing no games: Floresville, Hearne, Marlin, Polytechnic.

667 percent teams, winning two and losing no games, Mineola, Terrell, Tyler, Taylor, Weatherford and Winaboro.

500 percent teams, Gilmer, Atlanta, Beeville, Denison, Edna, Le Grange, McAllen, Pecos, San Antonio, Main Ave., Smithville, Taft and Temple.

333 percent teams, winning one and losing two games: Giddings, Jacksville, Leonard, La Porte, Merkel, Normangee and Navasota.

Hon. W. E. Thomason returned Tuesday from Dallas, where he had been attending the fair and other business. Last week Mr. Thomason visited Houston, Austin, Galveston, Dallas and other points. He reported his son, Alton, who is attending the University of Texas, doing fine.

RANGERS ATTRACT KIDDIES

Galveston, Texas, Oct. 25.—The readguard of smart summer vacationists at beaches here are delighted onlookers at a revival of the old west, even though it be on a small scale. Captain J. B. "Smiling Joe" Brooks' command of thirty-three Texas Rangers is proving an attraction to visitors second only to the inviting waters of the gulf. The rangers are supervising the police department after the cessation of the martial law and withdrawal of state troops, who have been in the city for some time.

CALIFORNIA'S ORANGE CROP

Los Angeles, Cal., Oct. 26.—Pavde with oranges, a "golden roadway" ten feet wide, reaching from the Pacific to the Atlantic across the entire United States, could be built from the crop produced during the past season.

More than three billion luscious spheres matured in the sunshine of "America's Riviera."

Figures compiled by the California Fruit Growers' Exchange show that the fiscal year just closed, approximately 3,001,753,920 oranges were shipped from California. This number, if packed in a single layer, would form a continuous highway ten feet wide, over the mountains, deserts and rivers stretching the entire width of the continent.

If all the oranges produced in the past year were placed in a single line, they would reach from Los Angeles across the Pacific, completely banding the world with enough left over to make a second line around the globe to Chicago.

The consumption of California oranges has doubled in ten years.

More than 17 million boxes or 37 thousand carloads of oranges were produced and nearly 9 thousand carloads of lemons. Of this amount, 73.7 percent were handled through the California Fruit Growers' Exchange, a non-profit co-operative organization of 10,500 citrus growers.

AMERICAN PARTY MEETING

The American party of Nacogdoches county met at the courthouse at Nacogdoches, Texas, October 16 for the purpose of perfecting a permanent organization, and elected J. M. Dill as permanent chairman.

The first thing that came before the organization was the selection of a committee. T. White, W. J. Gough and Bill Christian were selected as the committee to petition the county judge to appoint county supervisors to hold the coming election.

There being nothing else to come before the organization, a motion was made to adjourn.

J. M. Dill, Chairman,
S. P. Collins, Sec'y.

A UNIQUE DISTILLERY

Henderson, Ky., Oct. 25.—Investigating the odor of burning rags, Jailor Rod Davis discovered a moonshine still in the city jail. Prisoners had made their fire from pieces of blankets and had distilled more than a pint of liquor from corn bread saved from jail rations.

Send your contribution to Mr. Walthall or leave it at the Sentinel office. It is time to act. Get your name on the honor roll.

Building construction in the United States is about double in May what it is in January.

Rosy Cheeks & Satin Skin

Because of her rosy cheeks and satin skin a woman attracts the admiration of all men. When the young woman peers in her glass, she may see pimples and blotches and she immediately goes to the drug store for paint, powders and beauty creams, when she should go there for a blood medicine and stomach alterative known as "Golden Medical Discovery."

This vegetable tonic and blood alterative clears the skin, beautifies it, increases the blood supply and the circulation, while pimples, boils and eruptions vanish quickly. Ask your nearest druggist for Dr. Pierce's Golden Medical Discovery in tablet or liquid form or send 10c. for trial package of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

FERGUSON SPOKE HERE MONDAY AFTERNOON

Hon. James E. Ferguson, former governor of Texas, spoke here Monday at the courthouse at 2:30 p. m. He was heard by a crowd estimated to be about 400 people, the crowd being chiefly composed of country people. Mr. Ferguson was introduced by Mr. A. J. Spradley, who spoke in the earnest terms of the friendship he had for Mr. Ferguson, and who said that the future for Mr. Ferguson looked extremely bright in the materialization of his plans.

Mr. Ferguson spoke for about one and one half hours, during which time he went over the political, financial and social condition of the country, pointing out in characteristic fashion that "things were not as they should be." He took a hot shot at the Wilson Administration, criticized the present condition of the state of Texas, defended his own record, and said that "I am going to be elected president of the United States four years from now, even if not this time." He received some cheers during the course of his remarks.

Mr. Ferguson was the guest of Mayor Middlebrook Monday night, and left for San Augustine Tuesday, having an appointment there for today.

NACOGDOCHES COUNTY OIL NEWS

A count made today in the Nacogdoches county oil fields showed that 21 rigs are in operation putting down shallow wells located in the southeastern part of the county in the vicinity of Oil Springs. Three rigs were unloaded here Monday and these will be put into operation within the next ten days. One of these rigs belongs to Smith & Grimes, drilling on the Muckelroy 83 acre lease; one belongs to Frazier and Sons and will drill on the Mann Oil Company lease on the Blount farm. The third is the property of the Tartar Oil Association drilling in the Melrose vicinity. The Mann Oil Company will begin setting casing Tuesday in the Chireno field, and will spud in Tuesday morning.

The governments of the United States has proclaimed the fact to the world that there are only two classes of men that are fit to live at all—and one fights and the other works.

WHEN MEALS HIT BACK

"Pape's Diapepsin" instantly Ends Indigestion, Sourness, Stomach Acidity

Are lumps of undigested food causing you pain? Is your stomach acid, gassy, sour, or have you flatulence, heartburn? Then take Pape's Diapepsin. Just as soon as you eat a tablet or two of Pape's Diapepsin all that dyspepsia, indigestion and stomach distress caused by dyspepsia ends. These pleasant, harmless tablets of Pape's Diapepsin never fail to make sick, upset stomachs feel fine at once, and they cost very little at drug stores.

NACOGDOCHES DEMOCRATS CONTRIBUTE TO FUND

County Chairman R. B. Walthall began soliciting Monday Morning funds for the National Democratic Campaign Committee, which is badly in need of money for the close-up work of the campaign. Statements published Saturday show that the republicans had raised something over \$2,000,000 for publicity purposes, while the contributions to the democratic fund was but little more than \$600,000. If Democrats expect victory they must furnish the money to disseminate the truth about the purposes of their party in order to overcome the impression made by the republican misrepresentations with which the country has been flooded. Every democrat in Nacogdoches county, should esteem it a sacred duty, as well as a very great privilege and add his mite to this democratic campaign fund.

Following are the names of the contributors thus far heard from, together with the amount subscribed by each:

E. H. Blount	\$25.00
S. W. Blount	\$5.00
I. D. Parmley	\$5.00
L. G. King	\$5.00
G. W. L. Woodlan	\$5.00
J. F. Perritte	\$2.50
R. H. Fall, for Chireno People	\$8.00

H. C. DARDEN

H. C. Darden, aged 87, died at his home at Bronson, Sabine county, at 10 o'clock Sunday morning, after a brief illness. Deceased was one of the good men of East Texas, a consistent Christian, a devoted father and exemplary citizen. He was a member of the Christian church, and his godly walk was an example to all.

He is survived by three sons and two daughters, the former living at distant points and therefore were unable to attend the funeral, the daughters, Mrs. J. D. Fore of Bronson and Mrs. J. M. Spurgeon of Melrose were with him when he passed away. His granddaughter, Miss Jennie Spurgeon of Nacogdoches, was also present at the funeral.

Interment was made Monday afternoon at Melrose, Rev. Mr. Hudman of the Baptist church officiating.

THE ORIENT RAILROAD

Washington, Oct. 25.—The Mexican government and the Kansas City, Mexico & Orient Railway Company have reached an agreement under which the company is to construct a railroad about 35 miles long from Del Rio, Texas, to Allende, Coahuila, on the Mexican National railroad, the department of commerce was advised today by Trade Commissioner Cunningham, at Mexico City. The new road will afford a direct route between Kansas City and Mexico City, with a saving of 24 hours, the trade commissioner said, and an equal saving of time on the route to the Pacific coast over the Southern Pacific Railroad.

INDUSTRIAL WAR SETTLED

London, Oct. 27.—Members of the miners' executive body informed the conference of trade union delegates here today that there was every prospect of terms for a settlement of the coal strike being reached tonight. It is reported the miners' leaders have accepted the government's terms and will submit them to a conference of the miners' delegates. The mine owners are also said to have agreed to the government's proposals.

Travelers over the road to Chireno say this road is very muddy owing to the recent rains. As a consequence, not many people were in the city Tuesday and trade was dull.

C. H. Deabler is in the city for a few days attending to business matters. Mr. Deabler was former county demonstration agent for this county, but is now selling fertilizer for Armour & Company. He says he is doing fine in his new work, and likes it.

PROHI OFFICER RESIGNS

Chicago, Oct. 27.—Major A. V. Dalrymple, prohibition enforcement officer of the Central States District, has tendered his resignation at Washington, it was announced at the Federal Building today. Dalrymple is reported to have left for Washington to urge the appointment of Frank Richardson, special agent of the Department of Justice, as his successor.

BELGIANS WIN PRIZE

New York, Oct. 26.—Officials of the Aero Club of America today conceded that the James Gordon Bennett international trophy for free balloons had been won by the Belgian entry "Belgica," piloted by two Belgian army officers, Lieutenants DeMuyter and LaBrousse.

CANADIAN PROVINCES TO VOTE ON PROHIBITION

Toronto, Ont., Oct. 21.—A referendum is to be held in the provinces of Nova Scotia, Alberta, Ontario, Saskatchewan and Manitoba on October 25 to decide whether the importation of intoxicating liquor into these provinces shall be prohibited by law. All of these provinces now have local option in force. They are permitted under the British North American act to prohibit the sale of liquor within each province, but at present cannot prevent its importation into the province, as interprovincial trade is under the control of the Dominion government.

The Dominion Parliament, however, has decided that control of liquor shipments into the province shall be abrogated whenever the province has so voted. The purpose of this is to confer upon each province the right to completely carry out the will of the people regarding control of the sale of liquor. This is a concession made by Parliament as an alternative to national prohibition.

If the vote in either of these provinces on October 25 is in favor of taking over the full control of the liquor business within the province the importation of liquor will be prohibited.

SAVE THE CHILDREN

Austin, Texas, Oct. 23.—Nearly 20,000 children in Texas are exposed to tuberculosis every year. These figures are the result of research work of the National Tuberculosis Association. This statement was issued by the Texas Public Health Association today.

Research by the National Organization shows that at least one percent of the normal population of an American community has active tuberculosis, and that an additional one percent has this disease in a relatively negative form. This would mean that Texas, with a population of 4,661,027, would have 46,610 people with the active disease, and the same number with it in a negative form. This is a total of 93,220 cases of the "white plague" in the state, according to the figures of the National Tuberculosis Association.

"In order to control the disease," said D. E. Breed, executive secretary of the Texas Public Health Association, "the anti-tuberculosis agencies of this country are advocating three definite policies: First, the prevention of infection, especially from adults to children; Second, the building of bodily resistance; and, Third, the cure and restoration of the curable to working efficiency."

"To carry out these policies we must discover the cases by means of tuberculosis nurses, dispensaries, clinics, private physicians and general education. Then we must work for hospitals and sanatoria to care for the cases. These things our Association and local societies are advocating to stamp out tuberculosis in Texas."

MEN NEEDED FOR ARMY

Recruiting for the Army of Occupation now on duty in Germany will be resumed on November 1. For the infantry 200 men are needed of whom 12 must be clerks, but only recruits of a high type, who can be quickly trained will be accepted. When 310 infantry vacancies are thrown open on October 1 they will be filled up so quickly that these enlistments for Germany had to be closed on October 6.

Major General P. C. Harris, the Adjutant General of the army says: "The service in Germany has proved to be so attractive that the ranks there are always filled. Our chief difficulty is that regiments are apt to be over-enlisted before we can stop the recruiting officers from accepting more applicants, and we must send such men to the station for which they were accepted.

Equally popular is army service in Hawaii, and as a rule few recruits can be accepted for duty there. However, the 13th Field Artillery has left the United States for service in the Mid-Pacific, and enlistments for this regiment are authorized in orders issued today.

In the old army new recruits had no choice in the selection of a regiment, and could not name any particular station. In the new peacetime army a man may either pick his own regiment or designate the part of the world to which he wishes to be sent.

Judge Hal W. Grier of Beaumont was in the city Wednesday buying some oil leases. Judge Grier is very enthusiastic over the oil prospects of Nacogdoches county and thinks

The weight of the earth's atmosphere is the same as that of an ocean of mercury covering the entire earth to a depth of 76 centimeters.

THE SWEET POTATO MARKET

In Nacogdoches has opened and we are ready to handle any quantity of well matured yellow meated potatoes of number one grade. We will buy only one grade. It is easy to grade sweet potatoes. Number one grade consists of sound sweet potatoes of similar varietal characteristics which are practically free from dirt or other foreign matter, frost injury, bruises, cuts, cracks and damage caused by disease or mechanical means. The diameter shall be not less than one and three quarter inches nor more than three and one half inches. The length from four to eight inches.

DON'T
Haul them to the curing plant loose in the wagon bed. (We furnish the baskets.)
Haul them to the curing plant in sacks or tubs. (Come for your baskets when you are ready to dig.)
Throw or chunk the potatoes onto a heap row or anywhere else. (It bruises them.)
Wait until frost to dig your potatoes. (It will ruin them.)
Feed all your potatoes to your hogs. (It is to expensive.)

DO
Come to see us when you are in town.

NACOGDOCHES POTATO COMPANY

PAUL R. PERKINS, Manager

To abort a cold and prevent complications take

The purified and refined calomel tablets that are nausealess, safe and sure. Medicinal virtues retained and improved. Sold only in sealed packages. Price 35c.

RECENT POLL TAXES PAID

Up until last night, at the expiration of the time for paying poll taxes provided by the recently adjourned Texas Legislature, ninety receipts were issued and three exemptions. The division was as follows: Fifty whites and forty three negroes; fifteen of those paying the tax were men and seventy-eight were women.

If as little interest was taken in qualifying for voting under the new ruling over the state as was taken in Angelina county, then the called session of the legislature, as far as this feature was concerned, could have been held up. The truth is, the great overwhelming majority of women of this country do not care for the ballot, and are not going to have anything to do with it, all arguments of those enthused over the matter to the contrary notwithstanding.—Lufkin News.

RIOTING IS COSTLY

Belfast, Ireland, Oct. 21.—Claims for damage caused in the Belfast riots in July and August amount to \$7,000,000, while Lisburn's org^y of destruction resulted in claims for \$4,075,000. Lisburn is a town of 12,500 population and owes its name curiously to its destruction by fire in 1707. Its townspeople are taking the destruction philosophically and remark that "when the Sinn Feiners pay the government for destroyed courthouses and barracks we will pay them and not till then."

SHOE PRICES DECLINE

St. Louis, Oct. 22.—A continued decline in the price of shoes is predicted by delegates attending the conference of Western Association of Shoe Wholesalers today. Shoe prices have generally declined on an average of 35 percent since last May, it was asserted.

EASES A COLD

WITH ONE DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the gripe misery. The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents and any drug store. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

THREE-YEAR THRIFT CAMPAIGN

Washington, Oct. 21.—A three year thrift campaign to reach every family in the country that has no bank account was proposed to the American Bankers Association today by its committee on Public and Private Thrift. As a part of the campaign, government officials would be called upon to practice the utmost economy to reduce the expenditures of the federal government.

"The recent orgy of extravagance," declared the committee's report, "has indicated very clearly the need for more popular realization of the need for saving when and as the opportunity presents itself. The time is at hand when thrift and saving will be regarded as not only possibilities, but actual necessities."

Small savers are to be the chief source of financing the normal growth of commerce and industry, the report said, adding that present tax policies offer a serious check to increased investment by holders of large wealth.

"Not only must the lesson be taught to the individual citizen and especially to the wage earner who has not yet found a place to begin," said the report, "but our government officials must also be impressed with a similar idea because of their example to the citizens and also because of its demand upon the people's savings for purposes which are too often neither wise nor economically handled. The tax burden upon industry and commerce and upon the billions of savings which would otherwise be used to finance new industries and new commerce is beyond all reason and in excess of the public need."

A RIGHTEOUS MOVE

Chicago, Oct. 21.—Two and a half million dollars have been voted by the Council of the Board of Benevolence of the Methodist Episcopal Church to assist former service men to renew their education which was broken off by their entrance into the war.

THE STATE OF TEXAS

To the Sheriff or any Constable of Nacogdoches County, Greeting: You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Nacogdoches County, a copy of the following notice:

The State of Texas
To all persons interested in the estate of Beulah Belle Weems, deceased, know ye that T. W. Weems has filed in the County Court of Nacogdoches County, an application for the Probate of the Last Will and Testament of said Beulah Belle Weems, deceased, filed with said application, and for Letters Testamentary which will be heard in the next term of said Court, commencing on the Third Monday in November, A. D. 1920, the same being the 15th day of November, A. D. 1920, at the Courthouse thereof, in Nacogdoches, at which time all persons interested in the estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed same.

Given under my hand and seal of said court, at office in Nacogdoches, Texas, this 12th day of October, A. D. 1920.

[Seal] I. D. Farnley, Clerk, County Court, Nacogdoches, County, Texas.

By Susie Massey, Deputy. 14-3w.

LOST—White and black bitch hound, had on collar bearing name G. M. Rulfs. Return for reward. G. M. Rulfs, Nacogdoches. 21-3dwl

THE "OLD RELIABLE"

THEFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Theford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Theford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Theford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Theford's, the genuine.

At all druggists. (U. 75)

WANTS MEXICO RECOGNIZED

Washington, Oct. 21.—A telegram sent to President Wilson yesterday by Governor Hobby of Texas, who urged the immediate recognition of the new government of Mexico, has been received at the White House, but officials there and at the State Department declined to comment. Roberto Pasqueira, the new confidential agent of the Mexican government, is prepared to again urge recognition of the new government. It was indicated at the State Department, however, that a conference with Pasqueira would not be arranged for the near future.

FORT WORTH MURDERS

Fort Worth, Texas, Oct. 21.—The police are trying to solve the second mysterious murder within a week—that of J. B. Loper, who was shot to death near the Texas Pacific depot late last night. The first killing was that of a motorman, James A. Cord, Sunday night. It is believed robbery was the motive in each instance.

"Only 3 Days!"

"For Swamp Chill Tonic to break up my malaria, and I've felt fine ever since. I wouldn't be without this wonderful remedy."

DELIVERING THE GOODS

Berlin, Oct. 22.—Delivery by the Germans of aircraft to the Entente in accordance with the Versailles peace treaty has been completed.

Delivery of arms and munitions and other booty to France and Belgium now therefore, remains to be carried out.

Feeding Value of Potatoes

Co-Operative Extension Work
AGRICULTURAL AND HOME ECONOMICS
State of Louisiana.

Baton Rouge, La., October 9, 1920.

Mr. P. R. Perkins,
Nacogdoches, Texas.

Dear Sir:

This is to acknowledge receipt of yours of the 4th instant, in which you ask for data showing the relative value of sweet potatoes and corn in feeding hogs.

Experiments conducted by this station show that it takes three bushels of sweet potatoes to equal one bushel of corn in feeding value. Upon this basis the grower who argues that he can derive more from his potatoes by feeding them to his hogs than by selling them at \$.80 per bushel either does not know their feeding value or the market price of corn. The farmers of this state are receiving from \$.75 to \$1 per bushel for their corn. At the price of sweet potatoes, \$.80 per bushel, it would cost the grower \$2.40 to feed his hogs as against \$1 by feeding them corn. In other words it would cost him \$2.40 to get the same amount of gain from his hogs that \$1 worth of corn would give him. It would certainly pay him to sell his sweet potatoes and buy corn.

The foregoing is not intended to belittle the feeding value of sweet potatoes for they should form an important part of the hog's diet, especially when the culls can be left in the field and harvested by the hogs.

Yours very truly,
M. HULL,
Sweet Potato Specialist.

"Buffalo Bill, where do you get saddles and pads for your Rough Riders?"
From Waco, Texas, made by Tom Padgett Co.—Forty eight years in business—they don't hure your horse.
(Padgett's ad has been carried by the Haltom papers for forty years.)

USE "DIAMOND DYES"

Buy right! Don't risk material. Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into old garments, draperies, coverings, everything, whether wool, silk, linen, cotton or mixed goods.
Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has "Diamond Dyes Color Card"—16 rich colors.

Dr. Will H. Bruce, Osteopathic Physician, Redland Hotel.

Bud Campbell of Appleby was in the city Thursday.

J. T. Curl of Chireno was a business visitor in the city Thursday.

Mr. W. B. Wortham of Garrison was in the city Thursday.

Belton Latimer of Garrison was in the city Thursday.

Albert and Bernice Morgan of Douglass were in the city Friday.

J. C. Hand of the Shady Grove community was in the city Saturday.

Miss Bess Brown of Linn Flat was in the city Saturday shopping.

Mrs. Charles Hardy of Mt. Enterprise was in the city Saturday.

C. E. Hill of Appleby was in the city Saturday on business.

Simon Morrison of Lufkin was in the city Thursday, having been to the Dallas fair.

Born—To Mr. and Mrs. G. W. Morris of Nacogdoches, on Friday morning, October 23, 1920, a son.

J. G. Ross, a former Nacogdoches county man, living now at Cleveland, is visiting relatives at Melrose.

Dr. C. G. Rogers of Cushing was a business visitor in the city Thursday and made the Sentinel office a genial call.

Judge H. V. Falls of Chireno was in the city Wednesday attending to business matters.

Dick Stripling has been on the sick list this week, but is now able to attend to his duties at the store.

At the courthouse Saturday morning, James Morgan of Douglass was tried for insanity and it was decided that he be sent to Rusk for treatment.

Mrs. Hudgins and little daughter Margaret, of Louisiana are in the city visiting the former's parents, Mr. and Mrs. Floyd Hardeman.

S. V. Dorn, one of the chief oil operators of this county, hailing from Fort Worth was not able to arrive in the city Saturday on account of previous business arrangements.

TATE-RANDALL

Mr. H. M. Tate and Miss Grace Randall of Etoile were married Friday afternoon at 4 o'clock at the Baxter Hotel by Judge F. D. Huston.

There was brought to the Sentinel office Saturday morning a hank of cotton and wool thread spun by Mrs. Mary Lowery, who resides near the Angelina river a short distance from Etoile. The work is beautifully done and reflects credit upon the skill of the good woman who thus reverted to the old method of making "sure enough" cloth. She weaves this yarn into cloth, having already produced enough for two suits of clothes, which will outlast anything likely to be had from present-day manufacturers. This hank of yarn will be sent to the Shelby County Fair for exhibition.

TIES WANTED

Miss Ruth Morris left Monday for a trip to Palestine, where she will spend a few days with relatives and friends.

NACOGDOCHES COUNTY OIL NEWS

The Carolina Oil Company, operating in Nacogdoches county, have completed their refinery and are now refining the crude product from their wells, which are located at Oil Springs, some twenty miles southeast of Nacogdoches. The initial output of their refinery is approximately 400 barrels, although it depends upon the kind of oil they are refining. The oil here contains no gasoline, but it is said to be the finest lubricating oil to be found in the United States. Large quantities of it are used by the natives for lubricating purposes, and it gives good satisfaction, although not being as good as when refined. The Carolina Company is transporting to their refinery their oil by means of a railroad and tank cars. They have about 40 wells completed, and are busy drilling all the time.

Got Her Good Health out of a Bottle Mrs. Edward Raifsnider, Wabash, Ind., says that she owes her good health to Chamberlain's Tablets. She suffered from distress after eating and constipation and was completely cured by the use of these tablets. Sold by Stripling, Haselwood & Co. c

Oilmen in the city say the oil situation in this county is active enough, but just now the fairs over the country are having a tendency to detract from the enthusiasm. However, every day finds a car load of oilmen going to the oil fields to investigate them. The men who have come to Nacogdoches to develop its oil resources are not easily discouraged.

Improve your Digestion. If you have weak digestion eat sparingly of your meals, let at least five hours elapse between each meal, eat nothing between meals. Drink an abundance of water. Take one of Chamberlain's Tablets immediately after supper. Do this and you will improve your digestion. Sold by Stripling, Haselwood & Co. c

TOKEN OF APPRECIATION

Fire Chief I. L. Sturdevant was in the Sentinel office Tuesday morning and exhibited a check for \$25 sent by the Bonita Lumber Company to the fire company in token of appreciation of the good work accomplished by the boys Monday afternoon in fighting the blaze at the Bonita plant. This acknowledgement is very gratifying to Chief Sturdevant and his corps of fire laddies, not so much because of the intrinsic value of the gift as because of the recognition of the efforts of the boys in protecting the property of our people. Their fine work Monday afternoon undoubtedly saved the Bonita Lumber Company from heavy loss. And the same may be said of their prompt and efficient work in many other instances. We are proud of our fire boys.

H. L. McKnight returned Tuesday from Dallas, where he had been attending to business. Mr. McKnight said the Dallas News was planning to send a special reporter here in November when the big Chamber of Commerce banquet takes place. Further details concerning the banquet will be given out as the time set for it approaches.

HAD TO FIGHT FOR BREATH, SHE SAYS

Mrs. Cheever Gains Twenty-five Pounds and Ends Troubles by Taking Tanlac.

"Since taking Tanlac I have gained twenty-five pounds and feel better than I have in years," said Mrs. Mertry A. Cheever, who lives at the corner of 55th Ave., and 102nd street, Portland, Oregon. Continuing she said: "I suffered twenty-five years with stomach trouble and rheumatism and a few months ago I had to give up completely and take to my bed. I had pains all over my body and my muscles would draw up so tight I could hardly keep from screaming. At times I felt like a thousand needles were sticking in me and I had pains over my kidneys nearly all the time. Nearly everything I ate seemed to turn to gas and cause my heart to palpitate so bad I feared I had heart trouble, and I thought every breath would be my last. I was badly constipated, too, and had simply terrifying headaches that would last a week at a time. I was so nervous I felt like crying at the top of my voice and I lost so much weight that I only weighed seventy-five pounds.

"A friend advised me to take Tanlac and it was simply wonderful the way I improved right from the start. I have now taken four bottles and my indigestion is entirely gone. I eat anything without the slightest trouble my rheumatism has just about left me. I never have a headache and my nerves are as steady as a clock. I am never constipated any more and my general health is so good I want to tell the whole world about what a wonderful medicine Tanlac is."

Tanlac is sold in Nacogdoches by Swift Bros. & Smith, Stripling, Haselwood & Co., and in Garrison by the Dale Drug Co.

ATTENTION FARMERS

I have some real good registered Jersey cows that will freshen during the winter, this is all good stuff and well bred. I will trade you for your common cows taking them in at market prices and sell you my cows less than you can buy them on the market. Lee Gaston. 28-2w

TWO FARMS FOR RENT

One six miles from Nacogdoches, about 50 acres in cultivation. One ten miles from Nacogdoches, 80 acres in cultivation. See me at once if you want a bargain. R. W. Haselwood. 28-2w.

The Carolina Oil Company commenced refining this week, having a capacity of 400 barrels. Later on the capacity may be increased.

Financial Loss Due to Colds

It is estimated that the average man loses three days time each year on account of inability to work because of a cold. Much of this loss can be avoided by treating every cold as soon as the first symptoms of the disease appear. Chamberlain's Cough Remedy has won a wide reputation and immense sale by cures of this disease. Try it. You are certain to be pleased with its pleasant taste and the prompt relief it affords. Sold by Stripling, Haselwood & Co. c

Father J. J. Casserly, after a pastorate in the Nacogdoches parish extending over a period of seven years, will leave next week for Lampasas, to which charge he has been assigned, the change being made on account of his health, which has been precarious, for several years. Father Casserly has endeared himself to his flock here, and is highly esteemed as a faithful worker and a good Christian by all our people, regardless of denominational affiliations. We all hope that he may be completely and speedily restored.

GRIP

Grip usually starts just the same as a cold with a watery discharge from the nose. You are much more likely to contract the grip when you have cold. For that reason when grip is prevalent you should go to bed as soon as you feel that you are taking cold and stay in bed until you have fully recovered which should not be long if you are taking Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on. Sold by Stripling, Haselwood & Co. c

OIL NEWS

Quite a number of oilmen are in Nacogdoches county making arrangements to help develop the large shallow pool which is located in the southeastern part of the county near Oil Springs. This shallow pool seems to extend over several square miles of territory, and so far not a dry hole has been drilled here. The wells are usually drilled to a depth of 350 feet, and the production ranges from one to five barrels per day.

Thomas & Richardson
Always First to Name Low Prices

BUCKNER-HARDEMAN

Saturday morning at Melrose, Mr. Fred Buckner and Miss Dorothy Hardehan were quietly married at the home of the bride, Rev. J. L. Massey of this city officiating.

Mr. Buckner is well known in this county, was reared in the Melrose vicinity, and is a son of Mr. and Mrs. Oscar Buckner.

Miss Hardehan is the daughter of Mrs. H. A. Hardehan of Melrose, and has quite a number of friends here and at her home.

The happy young couple left for Dallas Saturday, where Mr. Buckner has accepted a position with the American Railway Express Company.

In all malarial countries the popular remedy is Herbine. People find it a good medicine for purifying the system and warding off the disease. Price 60c. Sold by Stripling, Haselwood & Co. b

STRAYED MULE

Ten year old horse mule, weighs about 800 pounds. Shod in front. Marked heavily with collar. Heavy built, in good order. Finder please notify J. G. Crenshaw, Grigsby, Texas. 28-1w

\$4,000 buys 160 acres fine farming land, with valuable pine and oak timber, beginning at the depot at Dalmont, including lake and extending to Pine Grove church. Bennett League. Payable \$2,000 cash, and ten notes for \$200 each and interest payable annually for ten years. Pine trees should be worth the price. Reddish loam, fine truck and early cotton land, also peaches and grapes. Write owner, J. R. Irion, Dallas, Texas. 28-4w

The Sentinel received Monday morning a very interesting letter from "Did" Gaston, one of the former Nacogdoches High School boys, telling how he likes A. & M. College, the college he is attending. "Did" sent some interesting clippings from the college paper telling how the "Aggies" put it over the "Phillips" by a score of 47 to 0. He said the "Aggies" are doing just like the Nacogdoches High School, and you will hear more of them later on. Please give all the school my best regards."

WE BUY YOUR EGGS AND OTHER PRODUCE. STAR MARKET.

RED CROSS ROLL CALL

The Red Cross Roll Call will open November 11. This is merely a membership drive, and it is the time when you should enter your name upon the rolls of this great organization. It will only cost you \$1 to become a member for 1921. Considering the magnificent work being done by the Red Cross in every field of human relief and succor, the small sum of \$1 seems a pittance to ask, but if our people will respond generously with that amount, enough money can be raised to enable the Red Cross to carry out its humanitarian plans for the coming year. Enroll your name the first day of the campaign.

Ease the pain of a rheumatic attack by a rubbing application of Ballard's Snow Liniment. It relieves tenderness and strengthens the joints. Three sizes, 30c, 60c, and \$1.20. per bottle. Sold by Stripling, Haselwood & Co. b

Mr. Charlie Langford returned from Dallas, Sherman and other points Monday, reporting a fine time. Charlie has been attending the fair for several days. He visited S. M. U. while in Dallas and said that all the Nacogdoches boys and girls were doing fine with the exception of Miss Onita Burk, who has been sick for the past two weeks.

A clear colorless liquid that will heal cuts, sores and galls is the latest and best production of medical science. Ask for Liquid Borozone, it is a marvel in flesh healing remedies. Price 30c, 60c, and \$1.20. Sold by Stripling, Haselwood & Co. b

YOU CAN ALWAYS BUY FRESH FISH, FRESH PORK AND GOOD TENDER BEEF AT THE STAR MARKET. NEXT DOOR TO FIRE STATION.

Collis Davis writes back to friends and relatives in this city that he is suffering from a severe case of eye strain, causing him to be in the hospital under the care of physicians. Collis is attending the West Point Military Academy, and has been making good all the way through. It is regrettable that such an unfortunate condition should befall him.

GILSON-MITCHELL

Mr. F. W. Gilson of Niles, Mich., and Mrs. Pearl Mitchell of this city were married at 5:30 Sunday afternoon, October 24th, 1920, at the home of Walter Hutchins by Judge Frank Huston.

Mr. Gilson is an architect and appears to be a gentleman in every way worthy of the matrimonial prize he has won.

Mrs. Mitchell for more than a year has been saleslady in the Lone Star Bakery, in which position she acquitted herself in a manner which added much to the popularity of the house she served and gained for herself many personal friends, all of whom wish for her a long life of prosperity and happiness.

Mr. and Mrs. Gilson left Sunday night for Shreveport, where the former has made business connections which will detain him for more than a year.

To get rid of worms in children give them White's Cream Vermifuge. The little sufferer improves at once and soon becomes healthy, active and robust. Price 35c. Sold by Stripling, Haselwood & Co. b

Travelers over the roads in Nacogdoches county report that the roads are in pretty bad shape, owing to the recent rains. The road to Alto and Douglass is the one giving the most satisfaction, it is said, and this one is pretty muddy. Some of the roads on which the contractors are working get rather bad during the rainy season, and it is extremely difficult to travel over them.

To remove bilious impurities in the system and be made internally clean and healthy, you need the fine tonic and laxative properties of Herbine. It acts quickly and thoroughly. Price 60c. Sold by Stripling, Haselwood & Co. b

WE APPRECIATE EVERYBODY'S BUSINESS AND GIVE YOU THE BEST MEAT THAT MONEY CAN BUY IN RETURN. STAR MARKET.

FINE MARE FOR SALE
That fine young mare that I have been advertising for sale will be sold at the Stock Show in Nacogdoches Thursday, November 4th, by John McKnight. E. H. Power. 28-1wp
