RISING COMMODITY PRICES AND GROWING PUBLIC CONFIDENCE

Away down here in Texas rainbows are showing their rare tints. For instance the monthly business review of the Federal Reserve Bank of Dallas reports a further noticeable expansion of business and industry during the month of June. This the review states "was stimulated by rising commodity prices and growing public confidence." Heavy general rains during the latter part of May greatly improved agricultural conditions. There is a drouth area. and in the "afflicted spots" plants are deteriorating rapidly and a portion of the crops are unplanted. Over most of the districts moisture is generally ample for the present and row crops are in fair to good condition. Ranges and livestock have improved since the May rains and conditions "are generally good except in a few areas which are still dry." Wool and mohair led all other commodities in the general upward price trend. Top prices for wool touched the 28 cent level for the first time in several years. Yes, and served as a sharp stimulant to business and financial activities throughout the Texas sheep producing areas.

Another cheerful little earful taken from the survey Construction activity was well sustained during the month. College Station publicity agents report weevils on upland farms are increasing. Wheat continues to soar on crop damage the country over and the grain belts of the middle west and the north west as well as those in the Dominion stocks: of Canada are being scorched to a fare-you-well. Watch the ticker. Read the newspapers. The ticker and the newspapers tell all the story in cold type on the printed page.

JOBS FOR DEMOCRATS ON THE RIO GRANDE BORDER

Postmaster General James A. Farley very bluntly told have been unfairly blanketed in the civil service should be removed." Among those he said he had in mind were 200 men riding the border in Texas to prevent the smuggling of aliens into the United States and who were given the republic.

Hordes of republicans were given jobs via the special order route blazed by past republican presidents of the Fox Film United States. They were not compelled to undergo a civil Freeport Tex..... service examination. They were "blanketed in" and the Gen Elec. Gen Foods civil service rules should not be invoked as protection for Gen Mot . . these individuals who were lucky during the reigns of Harding and Coolidge and Hoover. Even a president should not be permitted to flout the civil service laws of Houston Oil border may be dispossessed of their horses and the vacant places filled by democratic range riders who have been Kroger G & B. feeding on husks for 12 long years. That which is sauce for the goose is said to be sauce for the gander.

The world's present distress seems to be material con-as readily at our disposal as it was three years ago.

Lends car for test-Gulf-lube cuts oil costs 281/2%

MR. AND MRS. LOU MOORE, Ambassador Hotel, Indianapolis—owned one of the six cars borrowed for this daring test. Gulf-lube cut this car's oil consumption 28.3%, as compared with all other oils tested.

New motor oil amazes AAA Officials*

N 6 borrowed cars, representatives of the Contest Board of the AAA tested 4 of America's leading brands of 25c oils . . .

And, when the 4-day run on the famous Indianapolis Speedway was over, Gulf-lube had beaten every oil in every car!

To the amazement of the Officials, the aver-

age of all the figures proved this . . . Gulf-lube went 281/2% farther than its competitors before a quart of oil had to be added—a clear-cut saving of over one-fourth!

Switch to Gulf-lube and start saving 2 ways! First, you'll use less oil. Second, you'll pay less for repairs-for the oil that gives higher mileage is a better buy. Prove it! Get Gulf-lube at any Gulf station. © 1933, GULF REFINING CO., PITTSBURGH, PA.

Oras Boone and wife stopped over for a visit with his cousin, Mrs. C. J. Williams and husband while en route from Los Angeles to attend the Century of Progress at Chicago.

Brady Poe had the misfortune of losing his barn and contents by fire Friday night about 10:30. Mr. Poe' had 50 bales of peanut hay and other feed all burned. Origin of the fire is unknown.

Lions Hear Projects

(Continued from page one) from the present site of the Willows. One of the old stone cabins still stands.

The last major project mentioned by the speaker was also the latest of the four major projects of the club since its formation. It was the leasing and operation of the Willows. The pool has been operated by the club for the past three years and has furnished amusement and swimming facilities for both the grown-ups and the children during the heat of the past three summers. Many improvements have been made on the pool since it was taken over by the Lions club, making it one of the best pools of its kind nearby. This project was the result of a club contest among the members to name a community project for the club to sponsor back in 1931. It was at Dr. Logsdon's suggestion past three summers.

The talk by Dr. Logsdon was to acquaint the members with the be a delegate to the convention, activities and achievements of the being a representative of the Eastclub and to give them a better un- land club. derstanding of the service render-

The whistle shrills! The judges make the count...and Stella Willins is crowned the fastest woman typist in the world-with a record of 124 words a minute!

• AT RIGHT-STELLA WILLINS is shown enjoying a Camel. She says: "I'd advise anybody who enjoys smoking a lot to smoke Camels, for the sake of their nerves."

• WHAT A RELIEF to the spectators to light up their Camels and ease the strain of watching a thrilling finish. Whenever you feel keyed up, excited, have a Camelfor the sake of your nerves, for the added pleasure in Camel's costlier tobaccos.

IT IS MORE FUN TO KNOW

Since tobacco quality is all important in a cigarette, Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

STEADY SMOKERS TURN TO CAMELS

STELLA WILLINS says: "I just couldn't type at top speed and do it accurately if I hadn't learned how to keep my nerves healthy. I am a woman who enjoys smoking. I prefer Camels, as I never tire of them no matter how steadily I smoke. They are delightfully mild. And they don't make my nerves ragged. I'd advise anybody who enjoys smoking a lot to smoke Camels, for the sake of their nerves."

Camels, made as they are from costlier tobaccos, give a satisfaction that never fades...no matter how steadily you smoke them. Start smoking Camels today and discover for yourself the added pleasure of a milder cigarette that never tires your taste. It is more fun to know.
