NEW LEADS IN MURDER CASE UNEARTHED

By United Press
FORT WORTH, July 15.—County officers today said they had obtained several new leads in their investigation of the triple slaying here.

The leads, they said, were obtained through questioning of two suspects in the \$71,000 mail robbery here and the sensational slayings. Those questioned were Weldon Rouett, mail robbery suspect and M. T. Howard, held in the slayings.

They were questioned last night in Dallas by local officers. Officers declined to disclose the nature of their leads.

Ranger Scouts Will Leave Wednesday For Annual Camp

Announcement was made Saturday that all Boy Scouts of Ranger who intend going to the annual scout encampment at Camp Billy Gibbons next week should have their bedding, cots and other equipment at the city hall not later than Tuesday afternoon in order that it can be sent to the camp before the scouts leave.

The leaving time for the scouts has been changed from Tuesday night to Wednesday morning at 6 o'clock. All scouts who are going to the camp must be at the city hall not later than 6 o'clock because the motorcade will leave Ranger promptly at that hour.

It was stated that tents and transportation facilities were still needed for the scouts and anyone having a tent that can be used or an automobile that can be placed in service for the trip was asked to communicate with the chamber of commerce Monday.

RFC Committee Has Cans To Be Used by Farmers

The Ranger Reconstruction Finance Corporation committee now has on hand a large number of No. 2 and No. 3 cans, to be used in canning garden produce for this section of the country.

Anyone who has corn, black-eyed peas or other vegetables they wish to get canned and who do not have the money with which to purchase the equipment, can secure the cans and use the committee canner to do so. Those who furnish the vegetables and do the work of canning can keep 60 per cent of the food for their own use, the other 40 per cent going to the R. F. C. committee to be used in feeding the needy next winter.

Those who wish to take advantage of this offer can get further details by inquiring at the chamber of commerce offices.

Automobile Men Met Saturday To Discuss Code

A call meeting of automobile dealers of Ranger was held at the Leveille-Maher Motor company Saturday morning at 10:30 to draw up a code of ethics under the provisions of the national industrial recovery act, sponsored by President Roosevelt.

H. C. Anderson was elected chairman of the automobile dealers group, with C. B. Pruet elected as secretary.

All the automobile dealers present joined unanimously in approving the plan as set out under the recovery act, in the hope that it will work out for the benefit of the dealers and for the public in general.

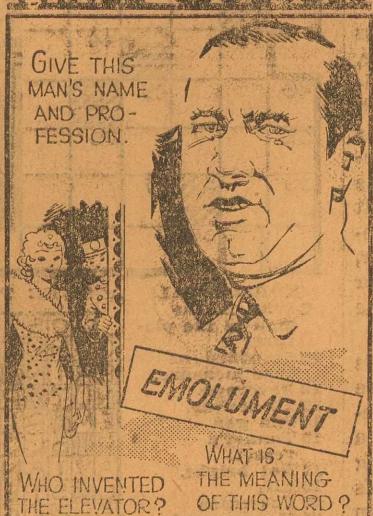

Those who attended were Morris Leveille, C. J. Moore, C. P. Simons, C. B. Pruet and H. C. Anderson.

Practice Shoot to Be Held By Club

Jack Roach, captain of the American Legion rifle range, announced Saturday that a practice shoot would be held this afternoon at the range, to which all members of the club are invited.

Each Sunday afternoon, when shoots in other towns do not conflict, practice in both large and small bore shooting and pistol practice is staged.

THREE GUESSES

AUTOMOBILE AGENCY TO BE OPENED HERE

H. C. "Andy" Anderson and J. L. Chance Saturday announced the formation of the Anderson-Chance Motor company, dealers in Eastland county for Dodge and Plymouth automobiles. At the same time plans were announced for the opening of agencies by the company in Eastland, Ranger and Cisco.

J. L. Chance, who has been a resident of Ranger for a number of years, where he was an employee of the Prairie Oil & Gas company and later in the wholesale oil and gasoline business, will be in charge of the Eastland agency, while Mr. Anderson will remain in Ranger and will have charge of the Ranger agency. Mr. Chance, with his family, are moving to Eastland, where they will make their home in the future.

H. C. Anderson was, until recently, in the hydraulic casing pulling business with Pete Jensen, with his headquarters in Ranger. He has sold his interest to Mr. Jensen and will, in the future, devote his entire time to the automobile agency. He is well known throughout this entire section of the country, having just completed a term as governor of the 41st district, Rotary International, which took him to every Rotary club in West Texas.

The partners in the new business announced, also, that they had been very fortunate in securing the services of C. T. Berrier as automobile salesman. Mr. Berrier was for a number of years connected with the Gilbelt Motor company, in the Ranger agency, and has been for some time with the Seaman Motor company of Mineral Wells. He has been in the automobile business for the past 11 years and is considered one of the best automobile salesmen in this part of the state. He will make his headquarters in Ranger.

Judge Sartin declared that the campaign for repeal is a campaign backed by the brewers and tax-dodging millionaires of the east. He said every merchant, farmer and individual interested in legitimate business should shun from his indifference and defeat the efforts of those who would tear down our prohibition laws for the defense of his own business if no other.

Judge Sartin spoke in part as follows:

"At a time when the people are crying for bread, this is no time to hand them a stone. When they ask for a fish, do not give them a serpent. No individual has ever been able to drink himself rich and a nation is only an aggregation of individuals. Prosperity must rest upon a firmer foundation than a keg of beer. Liquor is the hardest competitor that business can have.

It is a competitor of every legitimate and useful industry, an enemy of the church, the public school, a destroyer of the home, and a defiler of everything that is pure and wholesome. These have enough competition already without the competition of liquor."

Searchers Find Man Wandering In Nearby Pasture

Sheriff Virge Foster and deputies Loss Woods and Steele Hill, together with fifteen or twenty more men from Eastland went to the Merriman community Friday afternoon to help hunt for a young irresponsible man who disappeared from his home on the John Earnings place between sundown and dark Thursday evening.

After hunting about the community for some time they found the boy walking in the pasture near the home. As he is unable to talk they could not learn where he had been or what had happened to him, but the officers stated that he appeared to be lost. Except being worn out and almost perished from thirst he was not otherwise injured.

Services are to be conducted at the Austin Avenue Methodist church in Waco this afternoon at 5 o'clock. Several Ranger people were numbered among those attending, including Mr. and Mrs. M. H. Hagaman.

Roque Tournament At Eastland Today

The Oil Belt tournament for roque players, which includes Breckinridge, Ranger, Cisco and Eastland, will be held in Eastland today, beginning at eight o'clock at the court recently finished at the city park. The playing will be in progress continuously from that time until late in the afternoon.

Some of the best players of this section, this latter to include a general course and a first aid section, are expected to be present and enter the contests.

Eastland has a roque club of twelve members, of which Curly Maynard is secretary and John Rawson is assistant secretary. The club has just completed one of the best courts in this part of the country. The playing ground is hard surfaced with concrete boundary walls. The club will have representative players entered in the tournament who will attempt to win for Eastland.

Roque is a game played similar to the old croquet game, but shows many improvements and interesting features. Visitors are invited to watch the playing. Shades are convenient and ice water will be furnished for all who attend.

The work of the training school will be given in both lecture and practice form. A feature this year will be that students in the general and fire marshals' sections will do work in the laboratories of the chemistry department at the college. Here they will study chemical reactions involved in combustion and in fire extinguishing.

Prohibition Has Been An Issue In Eastland County Since 1880

Records in the county clerk's office disclose the fact that the prohibition question has been an issue in Eastland county since far back as 1880. The first election on record was held in precinct No. 1 on Sept. 4, 1880, and lost by 65 votes, the vote being 33 for and 98 against prohibition. The first county-wide election was held on Sept. 12, 1885, and lost by 96 votes, the count being 533 for and 629 against.

It was not until March 23, 1895, that prohibition carried in the county and then by only 17 votes, the result being 681 for and 664 against. April 27, 1897, or two years later, another election was ordered and prohibition lost by 214 votes, the count this time being 835 for and 1,049 against. On Oct. 15, 1901, liquor was again voted out and the county has been legally dry from that time until now.

It is claimed by those who are in a position to know that, if the 18th amendment to the constitution should be repealed, Texas would still be a dry state with the Dean law applying and that, if the Dean law should be repealed, Eastland county would still be dry with the results of the local option election of July 22, 1911, holding until an election could be called by the commissioners' court to determine what the will of the people of the county might be.

Below is given a summary of the history of the prohibition issue for the county, including place held, date held, and vote for and against:

Court Salary Cuts Cause Judge to Quit

By United Press
AUSTIN.—Judges on the commission of appeals of the supreme court of Texas are to be paid salaries little higher than those of clerks in normal times.

Justices of the peace, in several instances, have made more money in fees than supreme court judges receive in salaries.

Judge C. A. Leddy believes such a system unjust. He resigned from the commission of appeals, and will seek greater income with the law firm of Fullbright, Crocker & Freeman, of Houston.

"My duty to make provision for

six years ago Ben Cantwell won 25 of the first 30 games he pitched for Jacksonvile, in the Southern League. A dozen major league scouts were sent scurrying to Florida to look him over.

"Just a good bush league pitcher who hasn't enough stuff to deliver in the big show," was the consensus of opinion. But those 25 victories looked mighty good to John McGraw. He took a chance.

The scouts' judgment seemed vindicated the following year when Cantwell flopped, and McGraw traded him to the Braves along

Former Ranger Man to Wrestle Here Monday

At the Elks club Monday night wrestling fans of Ranger will have an opportunity to see one of their former local wrestlers in the ring. No other than King Cole, who lived in Ranger and worked in the oil fields during the boom days, wrestling as a side line whenever he could meet. He has since traveled to all corners of the United States and met all of the wrestlers of note, having wins over such men as Billy Edwards, Juan Humberto, Bob Montgomery and other leading light heavies. King is to wrestle Eddie Brock Monday night in a finish match, best two falls with no time limit. In Brock he will meet a very clean and clever wrestler that has made a great hit with the fans and can take care of himself at all times in the ring.

Something new will be offered to wrestling and fight fans Monday night when Speedy Franks and Pete Cardiel step into the ring to meet in a return bout. It will be remembered that the match was stopped between these two when they were wrestling two weeks ago because both would not stay within the rules and were entirely too rough. Their purse was held up and the winner Monday night will get it all. They will meet under Australian rules which allows 10 minutes of fighting and wrestling and then a three-minute rest. Both wrestlers will wear boxing gloves and will be allowed to hit. The strange hold and kicking is barred.

The boxing fans saw the best fights ever held in Ranger last Monday night and Benny Wilson is trying to repeat next Monday by bringing back Jelly Harry, the young k.o. flash, with Smitty Smith of Cisco. They are down for six rounds and they are both known as boxers that will take a blow in order to deliver one. Jelly Harry made a big hit last Monday night with his second-round knockout over Popeye Cole in such a classy manner and fight fans are anxious to see just how far this boy can go. The next fight will be for four rounds between Harvey Reichman of Breckenridge and Benny Greenfield of Fort Worth. Both of these boys are newcomers to the Elks club fans but from their past records in other towns this is sure to be a great fight. Greenfield has been boxing in Fort Worth for some time and holds quite a record over some of the topnotchers and Reichman is also quite a clever boxer, so these two matches are sure to be as full of action as the two matches that were seen at the Elks club last Monday night.

PRESIDENTS GATHERED
TOGETHER IN TEXAS

By United Press
CORPUS CHRISTI.—Four men, each destined to be president, were gathered in Corpus Christi at one time, local historians have discovered. They plan a tablet to memorialize the occurrence. It took place when Ulysses S. Grant, Jefferson Davis, Zachary Taylor and Franklin Pierce all were part of the U. S. army mobilized for invasion of Mexico. Headquarters of the expedition were at this place. One later headed the Confederacy. The others became presidents of the United States.

Horses Catch It
JOSEPH E. WIDENER's Hurry-off ran as a \$400 selling plateau last month. He managed to beat a cheap band, but had to struggle to do it. Three days later he won the east's tuck classic, the Belmont Stakes, winning \$49,490 for his owner, Indian Runner, entered in claiming events last year, duplicated Hurry-off's feat by beating the best horses at Arlington.

What next? I wouldn't know.

Perhaps it will be just as well if Niagara doesn't declare war on the United States this year.

LINDBERGH'S OFF TO BLAZE NEW ARCTIC AIRWAY

Plane that was to feature in another chapter in the history of aviation is pictured on the runway at North Beach, New York, just before Col. and Mrs. Charles A. Lindbergh soared away in it toward the Arctic to map a new air route to Europe. The ship, the same they used on their flight to the Orient two years ago, is powered by a 700 h. p. Wright Cyclone engine and will have a cruising range of about 2,000 miles.

French Flyers Seek Non-Stop Record

By flying over the Atlantic in a straight line from New York, the French flyers, Maurice Rossi, left, and Paul Codos hope to set a new record for a non-stop long distance flight from the United States to Europe. They are shown at Floyd Bennett airport, New York, where they are testing their cabin monoplane "Joseph Le Brix," pictured below.

Ranger Tap Dancer to Climax Summer Study Course With Solo Number in Dance Revue

Young Cecelia McDowell, recognized for her talent as a tap dancer and who for the past winter season studied under the direction of Elizabeth Maxwell of Cisco, opened a summer course of study with Elizabeth King of Fort Worth several weeks ago. As a result of the successful work just drawn to a close, Cecelia will appear in the annual "kiddie" dance revue to be held at the Worth theatre at Fort Worth, July 19-21.

Lovely costumes for this brilliant event were designed by Miss King's personal designers who specialize in this particular feature of work. Two gorgeous costumes will be worn by this little dancer accentuating her blonde loveliness and charm.

Not only does her talent border upon dance but also in piano. For the past few years she has been an outstanding pupil of piano under the instruction of Mrs. M. R. Newlyn, noted pianist. She is a first cousin of Elva McDowell, better known under her screen name as Eva Southern, of Los Angeles motion picture actress, who has been inactive in her work during the past two years due to injuries sustained while shooting a scene at Fox studio.

A group of Ranger friends and dance lovers are planning a motor trip to Fort Worth to view the opening performance.

Seventy-five persons were present on last Wednesday night for the mid-week prayer service. A fine spirit prevailed. Four were baptized at the close of the service.

Among the group who were baptized were a father, mother and three children who turned from sin to Christ and went into the baptismal waters together.

Driven Golf Ball Remained In Tree

By United Press

KIRKSVILLE, Mo.—Caprices of golf balls in flight have become astounding as to blend in fact and fiction. Randolph Davis, however, has witnesses to support his story.

With two friends, Davis was playing a round at the Kirksville Country club course. He smote with might and main and it sailed away into some trees. Prolonged search of the adjacent greenward failed to disclose the ball.

A look upward and the mystery was solved. There was Davis' golf ball, balanced precariously in the fork between two branches.

STATE BOOSTER DIED

By United Press

BOISE, Idaho.—Idaho—the land of "The Sawtooth Mountains"—has lost one of its best boosters in the recent death of Robert W. Limbert, of Boise. Limbert, one of the best "trick shot men" in the world, toured the nation for years in exhibiting his skill with a pistol on the stage, and always, during his act, chattered about "home, the land of the deep canyons, lofty peaks and sawtooth-mountains." Heart trouble caused his death en route from Omaha to Boise.

The strange kind of oil flowed over the derrick for 200 feet when the well was drilled in. Dark green in color, the oil turned a brilliant golden yellow when it struck the outside air. Analysis showed it to be almost pure gasoline. It was so heavy that it hung from fences near the well like still oil is the only well in the area. Other drilling attempts have produced dry holes.

The well was drilled in at 3,710 feet on Jan. 26, 1923, for production estimated at 350 barrels a day. The "vaseline well" still produces around this amount, and still is the only well in the area. Other drilling attempts have produced dry holes.

Plans for painting and remodeling the lunch room and kitchen were announced Saturday.

The station will continue to handle Texaco oils, gasoline and grease and U. S. tires.

DEAN TERRILL ADMITS THE STRIKE

By United Press

AUSTIN.—Miss Ruby Terrill, mother-advisor of 3,000 or more co-eds who attend the University of Texas annually, believes the "flapper" has given way to the modern young woman of conservative standards.

Dean Terrill admits the depression may have improved the character of collegiate Miss 1933. Whatever the cause, she cites the following facts as proof conservative thinking has replaced flippancy in the minds of present day co-eds.

1. There are fewer cases of thievery in dormitories and boarding houses.

2. There are fewer complaints from Austin merchants of long over-due credit accounts.

3. A spirit of cooperation among women students has visibly increased.

4. There have been fewer failures in scholarship.

5. Girls have learned to take their responsibilities more seriously. New worthwhile organizations have appeared on the campus, inactive clubs have been revived, honorary societies rejuvenated, a lot of "dead wood" from university classes and clubs has been eliminated.

6. Instead of advice in broken love affairs, Dean Terrill now is asked for advice in problems of finance, scholarships, budgets, living expenses.
