Bulldogs, Mavericks To Play at Eastland

FIRST NIGHT OF CARNIVAL DRAWS CROWD

Ranger's second annual trades carnival started last night, with a number of concessions along Main street receiving good patronage throughout the evening.

The crowd that attended showed that it had been well advertised throughout this section of the state, as a much larger first night crowd was on hand than had been anticipated, with indications that tonight and Saturday night would see even more people present.

The Ranger high school band, under the direction of R. L. Maddox, presented a concert at the band stand on the corner of Main and Rusk streets beginning at 7:30, at which a large crowd was in attendance. The band played many popular and favorite numbers that were enjoyed by those present.

Tonight another big time is planned, with free entertainment on the midway and more concessions opened.

The Lions club, which had trouble securing a tank for the ducking stool, secured one this morning and will have it installed in time for the opening of the midway at 7 o'clock.

This afternoon a football game between Ranger Junior College and Decatur Baptist College was claiming the attention of many who will be at the carnival tonight.

A large crowd also attended the races Thursday afternoon at Haugland airport.

Saturday night the American Legion Tickville band, under the direction of Dr. Harry A. Logsdon, presented a free entertainment.

Several new numbers that have not been heard by the local people or those from the surrounding territory.

Saturday afternoon another free attraction will be presented for all the visitors.

HORSE RACES ARE POPULAR WITH CROWD

One of the largest crowds to assemble in Ranger in several years was present at Haugland airport Thursday afternoon when horse races were held for the first time since the saddle horse races at the Second Monday trades days about a year ago. People were present from over a radius of almost 100 miles, cars from out of the county being noticed lining both sides of the track.

In the ladies' race Mrs. Frank Hensley won first place, Mrs. Clarence Henderson second and Ellen Francis third. The winner received a purse of \$4.50, second place winner received \$2.70 and third place brought \$1.80.

In the free for all race, which was the feature of the afternoon's entertainment, J. L. Reid won first place and a purse of \$14.70 and Pat Downing was second, winning \$6.30.

The cow pony race attracted lots of interest, with J. B. Weems winning first place and taking an \$8 purse, with Lowe Wallace coming in second and receiving a \$4.80 purse and J. Francis winning third place and \$3.20.

In the kid pony race Claude Peck Jr. was first, winning \$3.25, with C. W. Hodges, second, winning \$1.95, and Felix Burns Jr., winning third place and a purse of \$1.30.

The races attracted so much attention that there was much talk about town of providing a permanent track and holding horse races regularly in the future.

The racing program was under the direction of Wade Swift, who saw that it was carried out in a very satisfactory manner.

Word was received by Roy Gilbreath Wednesday night concerning the transfer of C. E. Kirby from Wichita Falls to Hattiesburg, Miss.

Mr. Kirby was located with the local branch of the J. Penney company as assistant manager for three years, being transferred last December to Wichita Falls in the same position. He was made manager of the Hattiesburg store.

'WHISKY POOL' IS REVEALED ON EXCHANGE

WASHINGTON, Oct. 20.—Alleged operation of a "whisky pool" to skyrocket alcohol stocks on the New York stock exchange, was revealed today to be under investigation by the senate stock-market committee.

Ferdinand Pecora, committee counsel, has been furnished a report on examination of the alcohol share account of at least 99 members of the stock exchange by Richard Whitney, president of the exchange.

Appearance of the first nine Wall street-brokers who were subpoenaed was scheduled to interrupt the Chase National bank inquiry but the committee planned to resume the Chase inquiry later.

Pioneer Resident Of County Is Buried Today

Funeral services were to be conducted this afternoon at Bullock for Mrs. Andrew Jackson Beck, 81, pioneer resident of Eastland county, who died at the home of her daughter, Mrs. C. P. Simons of Ranger, Thursday, after a long illness.

The decedent had made her home with her daughter for several years and had been a resident of Eastland county for 58 years. She lived near Ranger before the building of the Texas and Pacific railroad, when Ranger was a small trading post and all supplies were brought out of Fort Worth.

Mrs. Beck, nee Tabithy Elizabeth Taylor, was married to Andrew Jackson Beck in Denton county on July 13, 1866. To this union 14 children were born, nine of whom are living and all but one of whom were present at the time of her death. Her husband died in December, 1909.

Surviving children are Mrs. C. P. Simons, Ranger; Mrs. Matilda Porter, Nimrod; Tom Beck of Loving, N. M.; A. J. Beck Jr., Lacasa; George Beck, Ranger; Mrs. Bertha Williams, Ranger; Miss Ollie Beck, Ranger; Mrs. Ally Langford, Ranger, and Charles Beck, Ranger. Tom Beck was the only one of her children who was not present at the time of her death.

The funeral services were conducted at the Bullock church this afternoon at 2:30 by Rev. K. C. Edmonds, with interment in the Bullock cemetery immediately following the services at the church. Killingsworth, Cox & Co. was in charge of interment.

Papers Are Served On Jesse Jones In A Federal Suit

FORT WORTH, Oct. 20.—U. S. Marshal J. R. Wright today notified Stanley Boykin, attorney, that he had served a subpoena in a federal court suit against Jesse Jones, reconstruction finance corporation chairman, in Houston.

The subpoena was issued at the instance of Boykin, attorney for Mrs. Selma Sternberg of St. Louis, who is seeking receivership of the Fort Worth Properties association, in which Jones is a stockholder.

Wright took charge of the subpoena Wednesday and was to serve it before Jones left. Jones, however, flew to Houston yesterday before Wright had served the papers.

Former Rangerite Dies In Pecos

Bob Disney received word today of the death of C. L. Dittman in a Pecos hospital. Mr. Dittman will be remembered by acquaintances as a former resident of Ranger, at which time he worked as contractor and producer. He has recently been in the fields of Pecos and Fort Stockton.

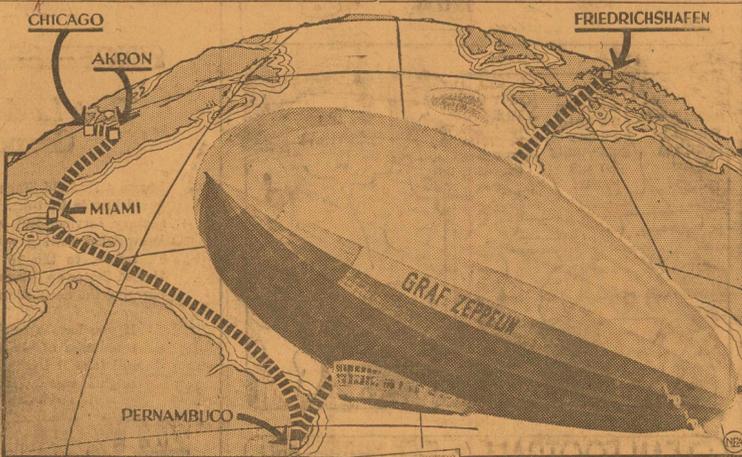

Friends await notice of funeral arrangements. It is reported that a number of families plan to attend the burial services.

Cotton Operatives Go Out on Strike

AUGUSTA, Ga., Oct. 20.—About 4,000 cotton mill operatives here and in nearby South Carolina towns struck today in protest against alleged introduction of the "stretch out" resulting in laying off one shift.

Mills affected were the Sibley and Enterprise here, one at Horse-creek Valley, S. C., and one at Aiken, S. C.

Graf Zeppelin to Climax World Fair Thrills

Eager throngs at the Chicago World's Fair will tender a tumultuous welcome to the exhibition's most distinguished visitor—the Graf Zeppelin—late this month. The German air colossus turning north from its regular trans-Atlantic terminal at Pernambuco, Brazil, will fly first to Miami, Fla., then on to Akron, and finally to Chicago. It is due in Miami on October 23, according to present plans, in Akron on October 24, and in Chicago possibly October 26, all arrangements for the trip not being complete. Above are shown the Graf, its course, and a World Fair scene.

Cotton Plow-Up Checks Received

County Agent J. C. Patterson stated this morning that all but 14 of the cotton plow-up checks due Eastland county farmers had been received and that those were expected at most any time.

The outstanding 14 checks, when received, will bring the total amount received by Eastland county farmers from this source up to approximately \$62,000.00, County Agent Patterson said.

CONFIDENCE MEN ARE HELD AT FORT WORTH

FORT WORTH, Oct. 20.—Thirteen alleged confidence men were held in city jail today as a result of Chief of Police Henry Lewis' drive to protect Arlington Downs race track visitors from swindlers and racketeers.

All have police records as swindlers and touts, Lewis said. Their bonds were set at \$200 each.

Ten of the men were arrested in a series of raids on hotels and rooming houses here after last midnight and three others were arrested yesterday.

"As fast as the crooks make bond we will jail them again until they learn that Fort Worth is not easy pickings," Lewis said.

Man Is Stabbed During A Fight On Ranger Street

One man was stabbed, seriously, and another was being sought by Ranger police today following a cutting affray on Main street last night.

Lawrence Gaugler was in the West Texas Clinic and Hospital today, where attending physicians said that though it was too early to tell much about the outcome his condition was considered serious. If peritonitis sets in, as it often does in such cases, he will have little chance to live, otherwise he will probably recover, according to reports.

The fight occurred after 10:30 last night when the two got into an argument on Main street and Gaugler was stabbed. Officers arrested one woman who was with the man, and placed her in the city jail, pending investigation of the case. No other arrests had been made today, though officers were on the lookout for the man who did the cutting, who was known to them.

Dallas Attorney Convicted of Murder

DALLAS, Tex., Oct. 20.—Noah Roark, Dallas attorney was convicted today of murder in connection with the slaying here last February 10 of Justin Stein, building manager.

The jury, which began deliberations last night after four days of trial, denied a state plea of death penalty and assessed a 40-year prison term.

Truck Was Ordered For 22 Pound Haul Of Government Pork

AUSTIN, Tex.—A few days after Texas was allotted several million pounds of pork to feed its unemployed, Liveoak County Relief Administrator H. E. Lamb received a nice letter. "He was advised 22 pounds of pork had been allotted his county. He was further advised his pork quota was included in a carload sent to San Antonio. Would he please send a truck for his pork?"

San Antonio is 84 miles from Administrator Lamb's office. He wired Senator E. J. Blackett: "This is clearly one time it will not pay to bring home the bacon."

The incident was cited in the senate as an example of inefficient relief administration.

Jarrel's Name Was Wrong on Records

AUSTIN, Tex.—Dr. E. F. Jarrel who resigned from the state livestock sanitary commission was appointed to the place with his name spelled Jarrell. The extra "l" is shown in the senate journal when the appointment was submitted for confirmation.

Newspaper men relying on the record for the spelling later learned they were using one "l" too many.

Which recalls a rule once in force in a leading Texas daily newspaper.

It directed reporters to follow the spelling of names as given in the city directory, "if the directory is correct."

Senator Has Record For Short Speeches

AUSTIN, Tex.—Senator Albert Stone, Brenham lawyer, deserves a title as the senate's "Minute Man." He seldom speaks on any issue more than 60 seconds. Only once have his comments consumed three minutes.

Members of the senate press table decided to extend him a vote of thanks. Explained Senator Stone: "Did you ever know of a senator who changed his mind because of a speech?"

The newspaper correspondents did not.

WILL DEVELOP MINE

JUAREZ, Mexico.—E. P. Serrano, immigration inspector, plans to develop a gold and silver mine near Chihuahua City on which recent assay reports showed \$285 per ton. Serrano is a brother of Gustavo P. Serrano, Mexican minister to Nicaragua.

ROGERS MAKES PEACE MOVE AT BANQUET

DALLAS, Tex., Oct. 20.—What started out to be a Texas tribute to Vice President John Garner and Postmaster-General James Farley, today had evolved into ointment for state politics.

As the high administration party moved to San Antonio and the E. W. Morrison ranch near Uvalde, it left a soothed "Texas Democrat" party in its wake.

The messenger of peace in the long and bitter battle between mon G. Carter and the Fergusons was none other than Will Rogers. Appearing uninvited, the comedian attended a banquet here last night for national political dignitaries, to offer his praise of Farley and Garner and to bid for peace between Carter and the Fergusons.

Looking at Gov. Ferguson and her husband, Rogers said, "It's time for folks who have had any difficulty to get together. Governor, both of you, Amon has no ill will toward you, I know. If the Fergusons are ever caught in any town within reach of Amon I know he will be glad to give you not only a breakfast, but a wonderful meal."

Militiamen Are Called In Coal Strike Territory

SPRINGFIELD, Ill., Oct. 20.—Three companies of militiamen were mobilized at the state arsenal and other companies were ordered in readiness for duty as thousands of progressive miners massed to picket two mines of the Peabody Coal company here today.

As the miners prepared to march on the mines, state and federal authorities expressed apprehension of violence and possible bloodshed in a renewal of the bitter war between the progressive miners and their rival United Mine Workers union.

Dr. S. G. Thompson Dies, Funeral At Fort Worth Sat.

Dr. Sam G. Thompson, for the past year pastor of the Eastland Methodist church, died at 5:00 o'clock this morning at a hospital in Temple, where he had gone some six weeks ago for medical treatment and a possible operation.

Funeral services will be conducted from the First Methodist church in Fort Worth Saturday afternoon at 2:30 o'clock. Dr. C. Q. Smith, presiding elder of the Cisco district of the Methodist church and a life-long friend of Dr. Thompson will conduct the services. Burial will be in a Fort Worth cemetery.

Dr. Thompson is survived by his widow and two daughters, Misses Lillian and Mary Thompson, both of Eastland. His family, together with Mrs. Annie Perkins Stewart, a sister of Mrs. Thompson, were with him when death came.

Dr. Thompson had been an active Methodist minister for many years. He had been a member of Texas conferences for a long time and among the churches he has served as pastor were those at Mexia, Coleman, Graham and Eastland. He had also served more than once as presiding elder, having filled that position one time in the Cisco district.

Friends who have known him throughout his ministry say he was considered one of Methodism's strongest and most influential leaders.

Arguments Are Heard In Murder Trial At Lubbock

LUBBOCK, Texas, Oct. 20.—Final arguments were presented today in the trial of Vert Readhimer, charged with murder in connection with the slaying of Stokes Campbell.

Defense and prosecution rested last night with presentation of rebuttal testimony by the state.

Readhimer and his father are charged in the slaying of Campbell, whom the defense tried to show had seduced the defendant's sister, Grace.

Roosevelt Sends Note To Russia

MOSCOW, Russia, Oct. 20.—President Roosevelt and Mikhail Kalinin, president of the Russian central executive committee, have exchanged messages preliminary to opening negotiations in Washington the United Press was informed today.

FARM STRIKE CALLED FOR THE MID-WEST

ST. PAUL, Minn., Oct. 20.—Months of discontent marked by sporadic outbursts of violence, flared into open revolt in the agricultural middle west today as 2,000,000 farmers were ordered to strike in a desperate effort to enforce immediate federal relief.

A declaration of economic warfare to obtain an increase in the price of farm products and force a refinancing of farm debts was issued at a secret meeting here of directors of the National Farmers Holiday association.

Milo Reno, national president, announced the strike order to become effective at noon tomorrow, in the 25 states where units of the association have been organized. He expects millions of non-members to join in the strike.

A proclamation calling the strike declares it would take the form of:

1. Refusal to sell any grain, produce, livestock, milk, butter, eggs, and other products except for prices equal to the price of production.
2. Refusal to purchase groceries and merchandise except as necessary to sustainance and unobtainable otherwise.
3. Refusal to leave our homes, a tantamount defiance of mortgage foreclosures and eviction orders.
4. Refusal to meet capital payments on debts until prices reach production cost levels.
5. Refusal to pay taxes or interest on debts out of money needed for food, clothing and other necessities.

The call for the strike climaxed a swift-moving series of events in the middle-west, protesting failure of the national recovery program to improve the condition of the American farmer.

The governor of North Dakota ordered mobilization of the national guard to enforce his embargo on removal of wheat from the state. The governor of Nebraska described the plight of the farmer as "implorable."

WASHINGTON, Oct. 20.—President Roosevelt is contemplating immediate action in the mid-western farm strike, Representative Truax, democrat, Ohio, said today upon leaving the white house, where he discussed the agricultural situation.

Sherman Clayton Plans An Appeal In Murder Case

LINDEN, Tex., Oct. 20.—Sherman Clayton today planned to appeal from the 8-year prison sentence given him yesterday by a jury which heard him tried on a charge of murder in the slaying of his crippled daughter, Bernice.

Clayton reiterated his assertion of innocence in the strangling of the crippled child in a backwoods, faith healing. He declared his only part in the wiers ritual was to pray for recovery.

Man Is Injured In A Fall From Horse Thursday

Norman Richardson was painfully, but not seriously injured when he jumped from a horse at the race track Thursday afternoon.

The horse, which belonged to Pat Downing, got out of control when Richardson was riding it and headed for a line of parked automobiles. When he jumped, the rider was thrown against one of the machines, receiving painful injuries. He was taken to the West Texas Clinic and Hospital, where he received medical aid, and was released this morning.

BOTH TEAMS DETERMINED TO WIN GAME

Conference Game To Be Played At Maverick Field Saturday Afternoon.

The Ranger Bulldogs, defending champions of the Oil Belt district, will invade Maverick field Saturday in the first conference game for the Ranger team and the second for the Eastland Mavericks.

Both teams have shown considerable improvement during the past week or so and both are reported to have been pointing for this game for some time. The contest is expected to be one of the best in this section of the Oil Belt for some time because of the fact that the two teams have the majority of the lettermen of the district in their squads.

The Bulldogs have played four pre-season games, while the Mavericks have played three and one conference tilt. Each has lost three and won one, though the competition of the Bulldogs has been slightly harder than the schedule played by the Mavericks.

In the first game of the season the Mavericks lost to the strong Decatur Baptist college team by a score of 12 to 7. The next week they defeated Dublin by a score of 19 to 7, proving that they had a good attack. The following week they lost to a Gorman team composed of high school and ex-high school players by a score of 12 to 7, and last week lost to the Breckenridge Buckaroos by the same score.

The Bulldogs' first contest was with an all-star team from Stephenville, composed of ex-high school players. The Bulldogs won by a score of 34 to 0 against a team with a weak offense. The following week they were nosed out in the last few minutes of play at Lubbock after leading throughout three quarters, losing by a score of 26 to 21. Their first home game was with the powerful Central High School Panthers and the score again went against the Bulldogs by a score of 6 to 0. Last week-end they played the Mineral Wells Mountaineers, with a re-arranged lineup, and won their first game of the season by a score of 14 to 7.

Since the Breckenridge game the Mavericks have been working out some of their defects and a smooth-working, harder-driving machine is expected to be thrown into the fight by Coach Petty, who has been giving his squad regular workouts in order to eliminate some of the defects noted last week.

The Mavericks probably have the scrappiest team the school has turned out in many years, and in spite of their early season showing are rated to go far in the district race, though their loss to Breckenridge will be hard to overcome later in the season.

The Bulldogs, most of whom saw the Breckenridge-Eastland contest last week, now realize that they will be up against one of the hardest teams they have met so far this season are expecting a hard-fought game from start to finish.

The rosters of the two teams follow:

Are You Using a SINGER SEWING MACHINE
 That Looks Like the One Grandma Used?

It was a fine old Singer, the best sewing machine you could buy in its time. It rendered long years of satisfactory service. But we want ALL Singer users to know what sewing with a MODERN Singer is like. Therefore, to the 10 million Singer owners in the United States and Canada, Bonded Representatives are carrying the news of this special offer:

If you have a machine made BEFORE the introduction of the modern Singer Electric, we will take it back and allow you 40% of your original cost toward any new model you choose.

PARIS STYLES

By MARY KNIGHT
 United Press Staff Correspondent
PARIS.—When the first little shivers of autumn begin to dance along the edges of your backbone, thoughts turn from silks to wools, fine rough, rich, tweedy fabrics framed with delightful bits of the season's smartest fur.
 And the cloth coat, fur-trimmed again is going to hold the center of the fashion stage. Of course, there is no ousting completely the full-length fur coat, but instead of this model, as formerly, the all-over fur coat will prefer the three-quarter length and the swagger line. Loose in the back, but fastening snugly in front.
 There are enough smart furs this year for everyone to be completely happy and satisfied. The Princess de Rohan (Dikusha) prefers baby-box dyed to match materials, shining-bronze seal for sport, and sables for afternoon. She uses lots of luxurious leopard, too, but for coat linings and satin. Gallie is a version of the new "worked" furs she is launching this season.

Water Leads Salmon Back to Birthplace

By United Press
PORTLAND, Ore.—Proof that salmon return to their birthplaces to spawn was found when 1,000 big Royal Chinook salmon returned to the Bonneville state hatchery.
 The fish average 30 pounds. When released in the Columbia river four years ago they were but two and one-half inches long.
 An acute taste of water, rather than eyesight, or a geographic sense, led the big fish back to their birthplaces, according to Hugh C. Mitchell, fish culture director of the state game commission.

British Columbia Leads In Shipping

By United Press
VANCOUVER, B. C.—British Columbia leads the dominion in ships and tonnage, according to statistics in the national revenue review.
 Not only does the province take first place in total tonnage of vessels entering Canadian ports, but it also had the largest number of ocean-going ships enter the harbor.
 Ocean-going craft entering British Columbia ports during the year 1932-33 numbered 8,242, with a registered 12,488,201 tons. Quebec showed the next heaviest tonnage with 6,021,612. Vancouver also led the dominion in total number of all kinds of ships.

 Mr. and Mrs. R. D. Maxwell and children of Okra were Sunday guests of Mr. and Mrs. J. G. Stuteville.

FISH IN YARD AFTER STORM

By United Press
BATTLE CREEK, Mich.—A sucker chub, six inches long, was found in a yard here after a heavy storm, apparently killed by hail. Although the yard is far from any body of water, there was no evidence that the fish was brought there by a cat or dropped by fishermen.

A BIBLE THOUGHT FOR TODAY

GENUINE PRAISE: Whoso offereth praise glorifieth me; and to him that ordereth his way aright will I show the salvation of God.—Psalm 50: 23.

SALE OF JOBS SCANDAL TO BE AIRED

What about the sale of jobs? What of the buyers of jobs? Sen. Morris Shephard proposed an amendment to the Volstead act making the purchaser of liquor "equally guilty with the seller."

Is selling political jobs or places at the official crib a crime? Is the purchasing of a job at the political crib a violation of the statutes? Well, Rep. Gordon Burns and his associates are going "to probe the scandal and its ramifications from the cellar to the garret." His house committee will continue their investigation in the months to come. They will place all the evidence before the grand juries of at least five counties. No doubt they will be called as witnesses before the aforesaid grand juries.

There is a senate investigating committee that will be on the job in coming months. This committee unearthed many fee grabbing jobs of exploitation on the part of paid officials in the remote past.

There is something doing all the time in Texas. Now the lawmakers who are members of the investigating committee of the senate and the house promise to go all the road. If there are guilty persons, they should be uncovered. If there are innocent persons whose names have been linked with the scandal, they should be vindicated. Justice should be done to all concerned.

TAX EXPERT ACE INDICTED FOR INCOME TAX EVASION

William H. Malone is a prominent citizen and a prominent leader of the republican party of Illinois. He is the former chairman of the state tax commission and in his time held many important offices. In all his campaigns he was a champion of the "downtrodden and the poor." Now he has been indicted by a federal grand jury on charges of defrauding the government of \$59,580.13 income tax for the years 1929 and 1930. Insofar as Citizen Malone is concerned there appears to be a new deal on in the state of Abraham Lincoln for "the purification of politics and those who take down the ripe persimmons."

A moving, active spirit in everything that promotes the best interests of your city makes better business. A spirit of better business for everyone and the best in the world for your city is what you want.

Vicks Announces Newspapers Will Get Advertising

GREENSBORO, N. C., Oct. 19.—In accordance with its policy for the past 30 years, the Vicks Chemical Company announced today that newspapers will receive most of the heavy advertising this season for Vicks VapoRub, Vicks Nose & Throat Drops, Vicks Medicated

Cough Drops and Vicks Voratone Antiseptic. Vicks advertising and expansion for this season is one of the largest in the company's history—a continuation of past policies.

During the past four years Vicks has increased its advertising 150 per cent. It has increased the number of its employees 72 per cent and maintained salaries at the high 1929 levels. Throughout this period other companies were curtailing their advertising or eliminating it entirely, discharging millions

of employees and slashing salaries. Vicks has continued the aggressive merchandising that has always characterized its sales policies. In these four years—probably the most disastrous economically that America has ever known—sales of Vicks products have increased from 26,000,000 packages in 1929 to more than 52,000,000 packages this year.

Having operated throughout its history under policies similar to those embodied in the National Industrial Recovery Act, the Vicks

company naturally gave its wholehearted support to the NRA program as soon as it was announced. Vicks "signed up" with NRA without reservation in spirit as well as in fact, President L. Richardson declared.

For many years Vicks VapoRub has surpassed in sales volume all other cold remedies. Mr. Richardson attributes much of the tremendous VapoRub sales—over 26,000,000 jars last year—to consistent newspaper advertising.

When Vicks Nose & Throat Drops, the new aid in preventing colds, and Vicks Medicated Cough Drops, medicated with ingredients of Vicks VapoRub, were introduced nationally in 1931, newspapers were selected as the principal advertising medium. The mounting sales and unqualified national acceptance of these new products in less than two years, despite highly unfavorable general business conditions, afford striking illustration of the value of newspaper advertising, Mr. Richardson believes.

Again Mr. Richardson's faith in newspaper advertising was vindicated when Vicks Voratone Antiseptic was introduced early this year with heavy advertising in 1-300 daily newspapers throughout the country. In a few months it has forged well to the front in the mouth antiseptic field.

"On its own" again after three years as a unit of Drug, Inc., the Vicks company is resuming its former position among the world's largest independent manufacturers of proprietary drugs. Dissolution of Drug, Inc., largest holding company of drug concerns in the world, was voted by the stockholders at a recent meeting in Wilmington, Del.

ROLLS PERFECT GAME

By United Press
DETROIT, Mich.—Joe Good rolled a perfect game in his first attempt of the winter bowling season. In his first game since last spring, he chose alley No. 13 and scored 300.

"Why," asks Dr. Charles Mayo, "should a man want to live to be 90 if his brain dies at 70?" Because it takes him 20 years to find out.

PAUL IN ASIA MINOR

"Now there were at Antioch, in the church that was there, prophets and teachers, Barnabas, and Symeon that was called Niger and Lucius of Cyrene, and Manaen the foster brother of Herod the tetrarch, and Saul."

This the opening verse of our lesson sums up in a very precise manner the situation in Antioch at this time (A. D. 47-49).

The Christians were no longer just a congregation but an organized church. They proved this by setting to work to establish other institutions of the same kind.

Prophet means "foreteller" and also "forthteller." They had foresight into divine truth and proclaimed it to men. Teachers were not so exalted a people. Their work was confined to the declaration and explanation of religious truth.

These men were true to their conversion and worked faithfully, heeding God's call at all times.

"And as they ministered to the Lord and fasted, the Holy Spirit said, Separate me Barnabas and Saul for the work where unto I have called them."

Theirs was a human and also divine mission. The prophets of the church through which the Holy Spirit had spoken were acting under this direction. The Holy Spirit went with these first missionaries.

"And from thence they sailed to Cyprus." Cyprus was only 70 miles from Antioch and the native home of Barnabas. He was widely acquainted there and also many of the Christians in Antioch had relatives and friends on the island.

They could furnish the missionaries with letters of introduction. Cyprus is 110 miles long, 30 to 60 miles broad and mountainous. There were rich copper mines there and hundreds of Jews were working in these. Paul and Barnabas thought this would be excellent soil in which to plant a new church.

The whole story of this tour from Antioch in Syria an Antioch in Pisidia, Cyprus thence to Perga in Pamphylia and north to Antioch is one of absorbing interest. Their experiences were many and varied, working without rest, being thought gods, healing, and teaching, till at last "they stoned Paul." But Paul lived to yet bring the glad tidings to many Gentiles. He also changed his name from Saul, his Jewish name, to Paul, his Roman name.

STAFF NEWS

We have been having some cool weather the past few days, pretty good sign that winter weather is just around the corner.

Mr. and Mrs. Spencer Hazard had as their guests for dinner last Sunday Mr. and Mrs. Buster Hazard and children of Graham, Truman Horn of Oklahoma, and little Miss Dorotha Nell Hazard of the Pleasant Grove community.

Mrs. H. E. Hughes was a guest of her daughter and family, Mrs. Boyd Hazard of Pleasant Grove, last Saturday and Sunday.

Mr. and Mrs. O. T. Hazard and daughter, Frances, were in Dallas last Sunday seeing the fair.

Mr. and Mrs. T. E. Richardson of Eastland were callers in the home of Mr. and Mrs. M. O. Hazard last Sunday afternoon.

Walter Duncan and Richard Eaves were business visitors in Eastland Tuesday.

Mr. and Mrs. F. C. Williamson were business visitors in Eastland Tuesday.

Mrs. J. M. White is still very seriously ill at her home. Her many friends have been very anxious about her recovery.

Next Sunday is the regular preaching day at the Baptist church. Everyone is cordially invited to attend.

DERRICK SHADOWS

By V. MARIE STEPHENS

We went about peering at license plates . . .

We strained our ears for a northern brogue . . .

We gazed skyward for tall buildings . . .

We sniffed the air for a breath of Great Lake air . . .

It was no use. We were right here in Texas . . .

The lights on the derrick dazzled our sense . . .

We blinked . . . and were jostled . . .

We even heeded the call from a booth and spent a dime . . . and didn't win a thing. A Rotarian was responsible for that . . .

We were stepped upon by children . . . and we stepped upon chewing gum. The Parent-Teachers went placidly on selling things . . .

We were allowed a brief glimpse of the wonders of new cars all fenced in with crepe paper. Such glib!

The Lions were there . . . the Elks, too . . . and a band . . .

The American Legion shone in gala glory . . .

We looked at things from Jerusalem . . . and New York . . . and Dallas . . .

Again, we were stepped upon . . .

We saw people from Eastland and Gorman and hither and yon . . .

We even met two people from Abilene . . . and one from Massachusetts. We became blind to the facts, and boasted to ourself . . .

They must have come all the way to attend our carnival . . .

That's what it was. The Ranger Carnival . . .

Three days of fun and frolic in the home town . . .

We forgot Dallas . . .

And since there was a noticeable lack of gangsters and night clubs . . . we forgot Chicago . . .

Oh, I say, old chap! Er . . . have you been to the carnival? 'Tis a jolly well good one. Really, don't you know!

Seriously, though . . .

We weren't even boosting the thing. We don't really care whether you go and spend money or not . . .

We're just telling you what a real time we had. Thanks to the high school, there was plenty of bum-bum-de-um-dum . . . bang . . . crash . . . boom. Yeah, the band. We always cared for bands . . .

Anyhow, a carnival is just too much fun anywhere you take it . . .

If you can . . .

Ward Officials On Visit to Ranger

R. C. Moore of the Chicago office, D. D. Prust and Mr. McCort of the Fort Worth office of Montgomery Ward stores were business visitors in Ranger Thursday.

After inspecting the local store the trio left for Brownwood, the next stop on their itinerary. They were highly pleased with the store arrangement of the Ranger store, and especially with the increases in business shown by R. W. Fesmire, local manager, and his personnel.

Eric the Robot Is Interviewed

MONTREAL.—Eric the Robot, a two-ton mechanical "brain child" of a British woman inventor, has just granted his first Canadian "interview."

Brought here for exhibition at the radio show, the mechanical marvel held a group of newspaper men in awe for 15 minutes by his uncanny ability to answer questions and obey commands.

Greeting reporters with outstretched hands, Eric led them to seats, sat down, himself, and told them he was six years old, unmarried, liked blondes and beer and lived on "electric currents."

Frequently during the interview at the command of reporters, the robot got up, walked around the room, waved his arms and even managed a weak hic-cough when asked what happened when he "drank too much beer."

A cleverly constructed assembly of metal resembling a human being in armor, Eric is like a modern Frankenstein. He is the creation of Prof. Miriam Holden, of England, a prominent physicist.

WHO'S WHO In the Supreme Court No. 2—Willis VanDevanter

Oldest in point of service among justices of the United States supreme court, Willis VanDevanter of Wyoming is rated as one of the ablest members of the nation's highest tribunal. He is shown above in a new photo.

Classed as a conservative, even as a reactionary, he is respected even by the liberal leaders, for the extent of his legal knowledge. Possessing an active and keenly analytical mind, he is one of the hardest-working members of the supreme bench, though at 73 he is in frail health.

A power in Wyoming in its territorial days, he became a cabinet aide, was appointed to the circuit court by Roosevelt, and by Taft to the supreme bench in 1910.

Special Offer Made On Sewing Machines

The Ranger Singer sewing machine agency is now offering a discount of 40 per cent of the purchase price on old sewing machines turned in on new machines purchased locally. The machines being taken in on these purchases are 12 years old, or older.

The sewing machine business in this section has been better in the past three months than it has been since 1929, according to Mr. Parsons, local representative. Along with the Singer sewing machines he is handling the Singer vacuum sweeper.

Sewing machines are cheaper now than they have ever been and can be bought at lower prices now than they can be purchased for in later months, Mr. Parsons stated in commenting on the increase in business.

AT ARCADIA TODAY AND SATURDAY

Edgar Rice Burroughs, originator and author of "Tarzan," was Sol Lesser's guest on a jungle set where "Tarzan the Fearless," which comes to the Arcadia theatre today, is being filmed. The author expressed his emphatic approval of Buster Crabbe in the role of his brain child, and watched with interest while the Olympic champion did scenes with Jacqueline Wells, his attractive leading lady.

Burroughs agrees with producer Lesser that though "Tarzan" has perhaps a greater following among adults than any other character in modern fiction, he is practically a god to children. The script of "Tarzan the Fearless" has been carefully prepared and is free from sophisticated angles, the author declares. Instead, it is packed with thrills—enough to delight the heart of any "Tarzan" fan.

Speedy Franks to Get Married At Elks Show Mon.

Wrestlers, as a rule, engage only in time-limit matches on the mat, but Speedy Franks, San Angelo's 150-pound whirlwind, will enter the ring in the Elks club at Ranger Monday night for a "contest" that is scheduled to last a life-time, if everything goes off the way Dan Cupid wants it.

Franks will be wed in the ring, attired in his grappling regalia, to Miss Thelma Kenemer, pretty Fort Worth miss, just before he tackles Eddie O'Shea, rugged New Yorker, in the main event of the weekly wrestling and boxing show. The San Angelo grappler is 22

years old—a youth in the matter of age, but a clever, ringwise veteran in experience in the grunt and groin game. His bride is one year his junior. The wedding will be the culmination of a romance which began in a wrestling arena in Fort Worth one night when Franks was on the card. Miss Kenemer liked his wrestling and through a friend they were introduced. The little fellow with the bow and arrow began shooting his love darts at them and now on Monday evening in the Ranger Elks club Dan Cupid's efforts will be crowned with success.

An all-star supporting card has been lined up for this program topped by the Franks-O'Shea tussle. Steve Nenoff, the Bulgarian welterweight ace, who ranks right next to World's Champion Jack Reynolds, will meet Bill Angus of Ranger, in a finish match. Other features are planned.
