CITIZENS TO SELECT SITE OF POSTOFFICE

Cards are to be mailed out by the Chamber of Commerce Saturday, to every holder of a poll tax receipt in the city of Ranger, asking them to vote on a site for a postoffice for the city.

All votes which are to be counted must be mailed not later than Wednesday night at 9 o'clock in order that they might be in the office of the Chamber of Commerce Thursday morning. A committee is to be appointed for the purpose of tabulating the returns from the election and their names will be made public by the Chamber of Commerce upon their selection.

Anyone who has not a poll tax receipt, but who can qualify as a voter, can secure a card at the Chamber of Commerce offices in order that they may get a vote. These cards can be secured Monday, Tuesday or Wednesday of next week.

The Chamber of Commerce announced, through its president, Dr. P. M. Kuykendall, that the organization would not advocate any site or building until after the people had voted and any site which received the largest number of votes would be the one the Chamber of Commerce would advocate as the site for the postoffice building. After the votes have all been received and the tabulation made by the committee, the announcement of the site or building selected will be made known by the committee.

BANK VAULT IS LOOTED BY ARMED MEN

PALESTINE, Texas, Oct. 26.—Four heavily armed bandits entered the Robinson State bank here today and escaped with from \$2,500 to \$3,000 cash after locking three officials in the bank vault.

The officials released tear gas in an attempt to repel the bandits.

Two of the bandits followed a negro porter into the building at 6:30 a. m., tied him up, and as the three officials entered shortly after 8 a. m., they were herded into the rear of the bank.

One official was forced to open the vault in the rear of the bank, another the smaller vault in the front.

From the rear vault the bandits took two boxes containing silver amounting to about \$200 and from the front vault they obtained about \$2,500.

After locking the officials in the large vault, the bandits began working on a small vault, attempting to enter the inner safe, which was set to open at 10 a. m.

The imprisoned officials pulled a lever inside the vault which released tear gas in the bank proper. The bandits fled in an automobile.

Set For Non-Stop Flight to Rome

A non-stop flight from New York to Rome is the goal Cesare Sabelli (left) and George R. Pond hope to achieve in their Bellanca monoplane "Leonardo Da Vinci." They're shown at Floyd Bennett field, New York, after making a load test flight preparatory to taking off.

FOUR ESCAPE FROM JAIL AT GREENVILLE

GREENVILLE, Texas, Oct. 26.—Four men escaped from the Hunt county jail today, leaving an injured companion guard over the night janitor of the courthouse building who was bound and gagged.

The escaped men were: Ralph King, 18, inmate of Huntsville penitentiary, who was held here awaiting trial on charges of burglary and robbery.

Jack Stewart, 25, Huntsville penitentiary inmate, likewise held awaiting trial here.

Bill Ross, held for Delta county authorities, and Frank Donovan, whose trial on charges of forgery was to open in district court Monday.

The four prisoners attacked Cloud Dudding, the night janitor, who was unarmed, with steel bars with which they had armed themselves.

He was beaten on the head and shoulders. Two lacerations on the head were treated by physicians today. The injured prisoner, who was too badly injured in the fall to attempt to flee, was left as guard over the janitor, who was bound and gagged.

Dudding estimated the jailbreak occurred about 1 a. m.

Stewart and King were allegedly members of the Dago Seay gang, believed to be the hijacking ring responsible for theft of thousands of dollars of merchandise from Texas truckers and warehousemen.

TRAIN ORDERED BY COMMITTEE FOR TOMORROW

Fully 300 Fans Expected To Make Trip To Abilene Game on Special.

Announcement was made today at a meeting of the Ranger High school athletic committee that a special train to the Abilene-Ranger football game had been ordered.

The train will leave Ranger at 12:30 Friday, arriving in Abilene at 12:15. The special will leave Abilene at 6:45, arriving in Ranger by 8:30 that night.

The high school pep squad will have sandwiches for sale on the special both enroute to Abilene and on the return trip so that those who do not wish to get their meal at Abilene can eat on the train on the way home.

At the same time R. F. Holloway, superintendent of the Ranger public schools, announced that the Ranger schools would be closed at 11:45 tomorrow in order that as many of the teachers and pupils who desire to do so may make the trip on the special.

All schools will open at 8 o'clock Friday morning and will close at 11:45, the announcement stated.

On arrival at Abilene a parade will lead the fans to the Hilton hotel, where transportation will be waiting to take the fans, pep squad and band to the 'Eagles' field.

After the game 45 minutes will be given for all to board the train at Abilene at 6:45.

"With this program," Mr. Holloway's statement said, "no time will be allowed for supper in Abilene. The pep squad will be on hand with sandwiches for those whose appetites won't let them wait until they get home. With this arrangement the expense of the trip may be reduced to \$1, the price of the railway ticket.

At a meeting of the athletic committee this morning B. A. Tunnel was instructed to order the train to be in Ranger, though tickets had not been sold as yet to assure the railroad company the 250 passengers needed, though indications were that the goal would be reached.

Tickets were taken to the ward schools this morning by Tunnel and Holloway in order that the teachers and school children might secure their transportation this afternoon and Wade Swift took a bunch of tickets to Eastland, where the train will stop to pick up any fans in that city. Roy Speed has charge of the ticket sale there and the regular \$1.00 excursion tickets can be secured from him by Eastland fans.

R. D. Green, superintendent of the Abilene High School, said this afternoon in a long-distance conversation with R. F. Holloway that it would be impossible for the Abilene school to furnish transportation for all the fans on the train, but as many as could be cared for would be given rides to the football field.

Mr. Holloway urged all who are making the trip to Abilene by automobile to meet at the Hilton Hotel and furnish transportation for as many of the anger fans as possible.

The body of Lee Andrew J. Taylor, 54, who died in a Ranger hospital of injuries received in an automobile accident near Olden the latter part of last week, was shipped to his home in Kaufman today. Funeral services will be conducted at Kaufman.

While in Ranger Mrs. Taylor stayed at the home of Mr. and Mrs. O. G. Lanier.

NEW DIVISION NRA FORMED BY JOHNSON

WASHINGTON, Oct. 26.—A new division of NRA, backed by the full powers of the justice department and the federal trade commission, was created today to enforce codes and prevent price gouging.

Establishment of a permanent code enforcement organization to be known as the compliance division, was ordered by Administrator Johnson. Johnson, himself, will head the division until a permanent compliance director is appointed.

Under the compliance division will be a system of regional compliance agencies. There also will be a system of local boards or committees to deal with consumers' complaints against excessive price increases.

Farm Strike Meets With Opposition

DES MOINES, Oct. 26.—Opposition to the farm strike developed today among Midwestern farmers as state and federal officials prepared for a conference to discuss agricultural relief.

Eight hundred farmers from Iowa, lead by a sheriff, defied pickets stationed at the Missouri river bridge near Plattsmouth, Neb., and escorted 50 livestock trucks to market today.

The ground of farmers expressed confidence in the national administration ability to solve farm problems if given time, and charged most of the farm strike pickets were non-farmers and transients.

RANGERS PLAY COYOTES IN A GAME TONIGHT

The Ranger Junior College Texas Rangers and the Weatherford Junior College Coyotes, both playing their first night game, will meet tonight at Coyote field in one of the outstanding junior college football battles of the season.

Both teams are undefeated this year in conference competition, both having won from strong teams.

The Coyotes, remembering their 19 to 0 defeat last year at Lillard field, will be playing their best throughout the game, while the Rangers, encouraged over their win over the highly-rated Decatur Indians, will be striving to gain undisputed lead of the conference standing by defeating the Coyotes who now share that position with the Rangers.

The Weatherford field has been recently lighted for night games and this will be the first appearance of either team under the arcs. In order that his charges might become more accustomed to the night game, Coach Tricky Ward recently took them to Cisco for a workout at Chesley field. The boys showed up well under the lights in practice and expect to put up one of the best fights of their career tonight.

By holding both Sul Ross and McMurry, both senior colleges, the Rangers are rated as one of the best, probably the best, defensive teams in the Central Texas Conference, while the Coyotes are rated as being equally as good on the offense as on the defense.

WAY OPENED TO RELEASE BANK DEPOSITS

DALLAS, Oct. 26.—The way was opened today for the release of millions of dollars in deposits tied up in "closed banks" of the southwest.

Committees announced yesterday by Fred Florence of Dallas, chairman of the special advisory and appraisal committee of the Eleventh Federal Reserve district, were to start to work for plans for the closed banks to obtain liquidity through loans from the Reconstruction Finance corporation under the setup perfected by President Roosevelt.

The first institution in the district expected to be liquidated will be the State Trust and Savings bank of Dallas.

Ford Loses Big Contract Because Of NRA Policies

WASHINGTON, Oct. 26.—Henry Ford today stood to lose valuable government contracts because of his policy of ignoring NRA.

War department officials preparing to place orders for \$10,000,000 of army motorization equipment disclosed none of the orders go to Ford so long as he does not display the Blue Eagle.

Ford officials said their dealers had submitted low bids for a large part of the equipment.

The auto code is held by NRA to apply to Ford, even though he is observing its terms, nevertheless he must sign a certificate of compliance before he can display the Blue Eagle.

J. J. Kelly reported on the ducking stool at the recent trades carnival and also made a report of the Eastland Lions club ladies night banquet, at which Mr. and Mrs. Kelly, Mr. and Mrs. Larson, Mr. and Mrs. Meroney and Mr. and Mrs. Davis were present.

Dr. Logsdon announced that he had heard from 23 members of his company, all of whom were expected to be present at the annual reunion on November 11. A committee was appointed to assist in the Armistice Day celebration, of which the reunion will be a part.

Baptist General Convention to Be Held at Dallas

DALLAS, Texas, Oct. 26.—The Baptist general convention of Texas which will hold its 85th annual session at Fort Worth beginning Nov. 7, will this year celebrate the 100th anniversary of the beginning of Baptist work in Texas.

The convention program will give large space to "Our Century of Progress," and will present the story of the first Baptist organization in Texas. This church was organized in Illinois and moved to Texas as a unit, crossing the Sabine river in November, 1833.

Dr. J. Howard Williams, general secretary of the convention, announces that Texas Baptists will celebrate their "Century of Progress" with a great mission offering amounting to \$134,000. Some \$50,000 of this fund has already been paid in, and Dr. Williams expressed himself as being very hopeful that Texas Baptists would raise the remaining \$85,000 within the next two weeks.

During this fall Texas Baptists have held 107 associational meetings all over Texas, with record attendance in almost every instance, demonstrating the progress and in our future," Judge Hickman said in beginning his address on "Faith."

"If the New Deal goes over, it will do so because of the faith and support of the citizens of the United States. It is designed to reach large proportions and then should go on of its own momentum," the speaker said.

Judge Hickman Speaks to Breck Fellowship Club

Chief Justice J. E. Hickman of the Eleventh Court of Civil Appeals of Eastland, was the principal speaker before a meeting of the Fellowship club in the Methodist church in Breckenridge, Tuesday evening. He was introduced by James Allison, president of the club.

"Now is the time to have faith in ourselves, in our government and in our future," Judge Hickman said in beginning his address on "Faith."

"If the New Deal goes over, it will do so because of the faith and support of the citizens of the United States. It is designed to reach large proportions and then should go on of its own momentum," the speaker said.

Minnesota Has Seven Sessions Of Legislature

ST. PAUL—A special session of the legislature scheduled for December by Gov. Floyd B. Olson would be the seventh such session in the history of Minnesota.

Although liquor control problems and relief are the only two subjects to be taken up at the session, it is doubtful if the session would be shorter than the one called in 1916, whose duration was six hours.

The 1916 session was called to pass legislation granting the ballot to soldiers then on the Mexican border.

CHICAGO MURDERERS DIE IN THE CHAIR

Chicago is the second American city in point of population and wealth. Chicago in time bids fair to become the first metropolis of the republic. According to criminal statistics, 186 police officers have been slain in the second American city since the close of the World War. They were slain by outlaws. They were shot down in cold blood while in performance of duty.

Chicago had an awakening long before the coming of the Century of Progress exposition. Law abiding citizens, men both fearless and liberty loving, organized. They determined that crime should cease or be reduced to the minimum and that desperadoes that made Chicago their rendezvous should be exterminated. They voted Big Bill Thompson and his gang out of office. They elected as the chief magistrate of Chicago Anton Cermack, a splendid citizen who was shot to death by an assassin in the city of Miami.

Now ever since his death the courts of Chicago have been grinding. They have put behind the bars of the penitentiary hijackers and kidnapers and assassins of the so-called underworld of America. They have given the world its greatest exposition. They have waged a relentless war on crime and criminals. Now slayers of policemen convicted by juries of their peers are being sent to the electric chair, desperadoes who robbed the defenseless using firearms are not pardoned by the governor of Illinois. They are not furloughed. They are kept where they belong behind the stone walls of the penitentiaries of the commonwealth. Since the coming of October, two slayers of brave officers have paid the penalty. They were electrocuted in the "pan"—otherwise the electric chair. Three are in death cells awaiting the awful penalty.

Atty. Gen. Homer Cummings launched the nationwide crusade against crime and criminals. He named Joseph B. Keenan, a courageous and intelligent prosecutor, to direct the drive and the prosecution with the assistance of state officials everywhere. Well, the recent record made by the federal judge and federal prosecutors tells the story of the war against criminals who defy not only the federal but state authorities and who rob and slay without compunction of conscience. This is as it should be. It is said that to err is human but to forgive divine. It is a beautiful sentiment, but the social order should be safeguarded and the law-abiding men and women of nation and state should be protected at all times—and without counting the cost.

Charmingly Entertained

Mrs. Walter I. Clark entertained the Book club at her residence on South Seaman street, Thursday in one of the most original and delightful affairs the club has enjoyed this season.

The 1 o'clock luncheon, given in honor of the new members, an annual affair, was a bookish entertainment in both menu and program.

The buffet table, beautiful in its arrangement, centered with a silver bowl filled with small, bright flowers, and flanked by pink candles, in low silver holders, bore the Arnold Bennett salad; squash a la Willie Cather; baked potatoes a la Ludwig; George Sand rolls; and last course of ice cream a la Mencken; cake in G. B. Shaw style, and Sinclair Lewis coffee.

Four tables, flower centered, with places marked with unique cartoons of each member, containing both the printed program and menu, carried out the pink and lavender color motif.

The program was devoted to the reviewing by Mrs. H. B. Howard, of Hervey Allen's "Anthony Adverse," a very fine analysis.

Mrs. Scott W. Key, president of the club, in her graceful fashion, expressed a warm welcome to the new members present, and the guests of the day, Mrs. J. M. Armstrong of Fort Worth, and Mrs. Hume, of this city, a recent addition to the social set.

Members present were Meses W. E. Chaney, L. E. Edwards, Curtis A. Hertig, E. E. Freyschlag, Scott W. Key, Milburn McCarty, H. S. Howard, James A. Jarboe, Harry Porter, P. G. Russell, John W. Turner, Virgil T. Seaberry, Charles Fagg, Byron Meredith, McEwen, and hostess.

Gay Week-End Promised

Eastland will have piteous entertainment, Thursday, Friday and Saturday, in the various Hallowe'en carnivals, parties, and other features in observance of this season, dear to the American heart.

The spook party of the Martha Dorcas class, tonight, will have some pranking features and not the least will be the fun of awakening the echoes in a vacant house, which will not be exactly vacant on this occasion.

Everyone going to this original entertainment is requested by Mrs. W. E. Coleman to assemble in front of her residence on South Seaman street, corner of Sadosa, and to await their mysterious escort to their destination.

Clubs, organizations, and what not, are putting on a series of stunts Friday night at the high school auditorium, in a program sponsored by the Thursday Afternoon club, the oldest literary federated organization in the city.

The entertainment is the annual gesture of the club in their support of the public library, open to the public in the community clubhouse four afternoons a week.

The stunt show will have a snappy curtain raiser in "The Merchants Revue," featuring many delectable babes, and every one of whom will be given a souvenir after the performance, and the winner, a prize.

Thomas Hickey of Hillsboro has been engaged as master of ceremonies, so state the general chairman, Mrs. F. M. Kenny, president of the sponsoring club, and Mrs. M. J. Pickett.

A list of merchants has already been announced who will enter their choice of children, and the latest addition includes J. C. Penney store, Moorhead Motor Company, Baldridge Beauty parlor, Jim Horton, Magnolia (Wayne Jones), Stephen Printing company, and Piggly Wiggly.

There will be snappy music furnished throughout the evening and those going will have a rare and diversified entertainment, that will tackle the mental palate.

Also comes the Hallowe'en parties of the South Ward school and the West Ward school, both opening 6 p. m., Saturday night, on the square; the first in the same building they used last year, and the West Ward in the Charlotte hotel.

If there wasn't anything else that would draw the visitor, there would yet be the coronation ceremony and crowning of the king and queen of the South and West Ward schools, a colorful and spectacular pageant.

On Friday night the Epworth league will have a jolly Hallowe'en party in the lower assembly-room of the Methodist church.

Mary Frances Hunter, entertainment chairman, has a rollicking program outlined and regular Hal-

lowe'en refreshments will be arranged by Miss Carolyn Cox and committee.

There is still another Hallowe'en affair Saturday night, when the seniors and intermediates of the B. Y. P. U. will have a jolly evening, a regular masquerade party, with the senior group as the host.

The crowd will meet in the Baptist church and beyond that no further statement is made.

It is in such legitimate entertainments as this the mischievous pranks are avoided, in the keeping busy of both youngsters and oldsters.

Intermediate R. A. and G. A. Fine Program

There was a large attendance registered at the meeting of the intermediate Royal Ambassadors and Girls Auxiliary held 4:15 p. m., Tuesday in the Baptist church, with Mrs. L. G. Rogers, director as supervisor of program.

Hymns, "Prayer Changes Things," and "He Keeps Me Singing," and prayer offered by Miss Della Webb, formed the devotional.

Minutes, approved, were submitted by secretary, Miss Geraldine Terrell.

Miss Frances Lane was greeted as a new member.

The program, "Following the Sunrise Trail," was led by L. J. Lambert Jr.

The first part of the program, presented a devotional from Luke 1:42-51, by Miss Geraldine Terrell of Group 1, in charge of program.

The second part, "Jesus Going About His Father's Business," was the subject of Curtis Terrell, and third, "Bible Study," given by L. J. Lambert Jr.

"Courage," by Miss Beulah Drake, and subject, "Good Health," by Miss Marzelle Wright, concluded program.

The day of the meetings has been changed to Wednesday.

Those present, Misses Della Webb, Elinor Drinkard, Beulah Drake, Marzelle Wrist, Katherine Garrett, Frances Lane, Dora B. Williams, Alice Mae Sue, Annabelle Arterburn, Marie Hilburn, Loraine Chambers, Joy Coplen, Jane Ray, Geraldine Terrell, Katherine Lovelace, Mary Shepherd; L. J. South Ward School P.-T. A. Concludes Carnival Plans

The Parent-Teacher association of the South Ward school had an attendance of 52 members, an unprecedented number, at their regular meeting Tuesday afternoon in the school cafeteria.

Mrs. L. Y. Morris, president, opened the meeting, and Miss Lillian Smith served as secretary pro tem.

After the routine business the invitation was read received from the Eastland County Council of P.-T. A., which convenes in Ranger Saturday, Oct. 28, 2:30 p. m., in Gholson hotel.

The card was from Mrs. F. E. Jacobs.

A membership drive is on in the school for each room which has been furnished a big blue flower bowl and every blue flower added to the receptacle means a new member in each room.

The room having the most flowers will be the honor room and will be given a party 3:30 p. m., next Monday in school cafeteria.

The P.-T. A. voted to put on a stunt for the Thursday afternoon stunt show, and committee to arrange same was named in Mrs. Houle, Meses. Clifton Horn and Marvin Hood.

Mr. Howard of Abilene gave a fine analytical talk on the construction of the piano.

Plans for the carnival were completed and announcement made that the Stubblefield building on south side of square would house the entertainment.

All committees reported they were at work on the carnival plans. This was one of the most interesting meetings the association has held in several seasons.

Longevity Heir Proves Legal Puzzle

By United Press
FERGUS FALLS, Minn.—Michael Heise, 103 years old, has created a problem for the probate court here by over-living his allotted span of years as figured by insurance mortality tables.

The problem was in connection with a life estate created for him by his wife. She died in 1927, leaving her husband a life interest in her residence.

Heise left the residence to live with relatives. Then the question of selling the residence came up. He was entitled to compensation on the basis of life expectancy, but this, as figured on American insurance mortality tables, ended at 95 years. He had over-lived his time by eight years already and was hale and hearty.

In case the residence should be sold, attorneys pondered whether he would be entitled to anything, or would he owe the heirs several years' rental.

SYRACUSE, N. Y.—Working alone, the Rev. Leon Lacey, pastor of the Community church here, has fashioned the unfinished church auditorium into a place of worship and has fitted up adjoining living quarters for himself.

He became pastor of the church a year ago, and found the basement of the church being used for worship, but the rest of the building unfinished.

With lumber which he found about the building, he went to work, fixing up an auditorium large enough to accommodate the congregation.

Mongrel Whipped Tarantula

By United Press
NILES, Calif.—Football season was just getting into full swing, but sports-minded residents of Niles had unusual tastes. Joe Machado and Frank Silva captured a tarantula. John Andrade captured a "mongrel" spider, only "pint size," but with plenty of hair on his chest. Tarantula and "mongrel" were pitted in a glass jar "arena," before 50 breathless spectators. The "mongrel" won the nod.

Finds Son In Noose Shadow

Eighteen years' search ended for Cy Forsythe, below, professional baseball player, in Sacramento, Calif., jail, when he found his son, above, confined there, accused of murdering a Sacramento girl. The child, then 4, was left in care of friends at Topeka, Kan., when his mother died. During the absence of Forsythe, the family moved away and all trace of the child was lost. Striking resemblance of father and son is shown in the pictures. The father will fight to save his son from the noose.

Pat's curved lips set in a straight line at the thought, and she drove herself a little harder. She was thinner and she had developed a cold. She had intended to stop at the drug store on the corner and get something for it, but always she seemed too tired, or too engrossed in her thoughts when she passed.

One morning she awakened to the sound of rain. That meant losing another day. It might mean a job lost. And it meant, too, a whole day to be spent alone.

A day alone would be intolerable. What was a little rain? Pat told herself she could walk close to the side of stores on her way to the subway. And on the way home she would buy a bottle of cough medicine. There had been a dull ache in her chest for two days now.

She almost gave up the idea of going out while she was eating her breakfast. She felt chilled dreadfully. If there were no advertisements that looked encouraging maybe she would stay at home, after all.

SHE ran downstairs to the apartment occupied by Mrs. Baker,

When children won't eat—and won't gain weight—

The youngster who has no appetite, probably has stasis. A little syrup of figs will soon correct this condition—then watch the child eat—and gain!

Mothers should never coax a child to eat. Nature knows best. Remove the cause of a youngster's poor appetite—get rid of stasis. Children who don't eat are sluggish. Read what the "California treatment" is doing for sluggish, listless children in every part of the country!

A POUND A WEEK. Your child will eat well from the day and hour you conquer sluggishness. But that girl or boy with furry tongue and a bad breath should not be dosed with salts!

Begin tonight, with enough pure syrup of figs to cleanse the colon thoroughly. Less tomorrow, then every other day, or twice a week, until the appetite, digestion, weight, complexion, tell you the stasis is gone.
