

FOX SAYS L. C. KEEL PLANNED ROBBERY

STEPHENS CO. YOUTH HELD IN MURDER

BRECKENRIDGE, March 21.—Hugh Aken, 19, was held prisoner here today in the slaying of his father, who was shot to death 10 miles south of here last night. The father, Fred Aken, 50, was shot through the head four times with an automatic pistol at the home of his former wife. The son surrendered to Sheriff Morrow. He told the sheriff he shot his father when the elder Aken came to the house intoxicated and raised a disturbance. The son said the father had threatened him repeatedly. Preliminary hearing was set for Thursday.

Early Pioneer Is Laid to Final Rest

With the passing of the late Dr. Edwin Daniel Townsend, born in Keyburg, Ky., Sept. 6, 1861, there was removed from the ranks of the Eastland pioneers a man beloved by all who knew him, and respected by all whether personally acquainted or not. Edwin Daniel Townsend came to Texas with his parents, J. F. Townsend and Mary Josephine Townsend, at the tender age of nine years. In 1871, they settled in Eastland.

The lad grew to manhood in this county and was married to Anna Roy Scott of Dallas on Dec. 10, 1883, in Eastland. They made their home here until 1889, when they moved to Llano. Dr. Townsend's record as a self-sacrificing physician, serving the broad countryside over the wide plains, through all kinds of weather, is a matter of history.

Many tales are told of the hospitality of the Townsend ranch house in Llano, where the passing traveler was given welcome, and where friends knew there was always the open door. In 1927 they returned to Eastland and have resided here since that time.

The decedent left a wife, Anna Roy Townsend; a son, Edwin Roy Townsend of Eastland, and a daughter, Mrs. John Kinberg of Ranger, and one sister, Mrs. Henry Zweifel of Fort Worth.

Nieces: Mrs. Fay Taylor of Longview, Mrs. A. B. Crawford of Granbury, Miss Doris Zweifel of Fort Worth, and one nephew, Morris Townsend of Del Rio. Not the least of his children was his daughter-in-law, Mrs. Edith Townsend and son-in-law, John Kinberg, as closely knit to him as though they were his own flesh and blood.

Funeral services were conducted by Rev. E. R. Stanford, pastor, in Methodist church of Eastland this afternoon. Active pallbearers were W. A. Martin, Frank E. Day, Milton E. Lawrence, J. F. Little, Judge Clyde L. Garrett, and Oscar F. Chastain.

Honorary pallbearers: Dr. T. E. Payne, Dr. L. C. Brown, Dr. J. H. Caton, Dr. C. H. Carter, Dr. R. C. Ferguson, Dr. F. T. Isbell, Dr. Poe Lovett, Dr. W. S. Poe, Dr. W. Chaney, of Eastland; Dr. T. L. Lauderdale and Dr. J. A. Shaekelford of Ranger; Dr. R. E. Bowen of San Antonio; Dr. E. W. Kimble of Gorman; Dr. W. Y. Fowler of Llano, and his many beloved friends.

Interment was in the Eastland cemetery.

C. C. McDonald Is Visitor In Ranger

C. C. McDonald, candidate for governor of Texas, was a visitor in Ranger Wednesday, meeting the voters and outlining his campaign for the next few months. While in Ranger he was being introduced to the citizens by E. A. Ringold. Mr. McDonald said he would begin his active speaking campaign at Bonham, where he was born and raised, on April 21, and would likely include Eastland county in his itinerary.

TOY PLANES DEVELOPED
LANCASTER, Wis.—Fred Me-gow started making toy airplanes while he was a manual training instructor at Lancaster high school. Now he has a plant in Philadelphia, where he employs 20 persons making the toy planes, and has branch offices in Cleveland, O., and Providence, R. I.

Woman Advises A New System For Collection of Taxes

DALLAS, March 19.—Texas should adopt a system of tax collection as impersonal as that of the United States government, in the opinion of Sarah Menezes, former assistant U. S. district attorney. Famer for her tax evasion prosecutions in the United States courts Mrs. Menezes declared here Monday that state and local governments will never unscramble their delinquent tax problems until collectors become collectors in the true sense of the word and not merely receivers.

"Politics play too great a part in the offices of those tax collectors and too much lenience is well able to pay up his assessments," she said. Mrs. Menezes made this statement in her endorsement of the statewide delinquent tax educational campaign which is being sponsored by the Texas Junior Chamber of Commerce. A special committee of the Junior Chamber of Commerce appointed to direct the program, made public figures which show that delinquent taxes in Texas today amount to over 120 million dollars. Most of this money is owed by a comparatively small group which, records indicate, are financially able to pay.

Victor Bouldin of Mineral Wells, chairman of the tax committee, pointed out that each year more and more tax payers are becoming delinquent. In 1932, he said, 46 million dollars in taxes went unpaid, and county and city tax deficits are mounting in proportion to the state deficit.

According to Mrs. Menezes a man may hide his liability to the federal government, at least for awhile, but when this liability is known the collection is diligently pursued.

"Without taxation, government cannot exist and the quickest way to reach chaos is for the people to neglect to pay these just assessments," she said.

"Without doubt many tax debtors find it impossible to pay now, but it is also beyond doubt that many of the loudest complaints of tax burdens incident to the now deal emanate from that class of citizens which, according to statistics, owes the greatest proportion of the deficit. Small property owners, as a rule, when they can pay taxes promptly, but many men and corporations with ample resources have within the last few years taken advantage of the leniency intended for small home owners in distress. Instead of paying over the amount they owe the government which protects their property they continue to use in their private business funds which rightfully belong to the state.

"The deficits will have to be covered, even if it can be done in no other way than by levying additional taxes on those who will pay. The simplest way to avoid additional tax loads upon an already burdened public is for the public to demand delinquent tax payments by those who have the money with which to pay."

Spy Plot Spreads To United States
NEW YORK, March 22.—Mysterious ramifications of a huge international spy ring swung to New York today with reports that secret service agents were on the trail of a foreign scientist, described as the "brains" of the spy organization. The reports were that the scientist came to New York from Switzerland shortly before Robert Switz of New Jersey and his wife confessed participation in the ring to police in Paris. French government agents were said to have been in New York since Thursday working on the case in co-operation with local detectives.

RABBIT DRIVE
There will be a rabbit drive March 29, and those who enjoy the sport, are requested to meet at T. B. Garrett's farm one and one-half miles west of Carbon on Carbon and Pleasant Hill road at 8:30 a. m. March 29. A free dinner will be served those taking part at W. A. Hale's tank.

AGREEMENT IS SOUGHT BY U. S. AND JAPANESE

WASHINGTON, March 21.—The Japanese government has inaugurated direct diplomatic conversations with the United States in an effort to bring about an immediate settlement of all Far Eastern questions pending between this country and Japan, it was officially revealed today. The diplomatic overtures, which were started just a month ago, were revealed today with the simultaneous publication in Tokio and Washington of the texts of messages exchanged between the Japanese foreign minister and secretary of State Cordell Hull.

Two impending momentous international events impelled the Japanese foreign office to seek such a settlement in the opinion of informed observers here. There are: 1—The forthcoming naval conference in 1936, at which it is anticipated Japan will ask for a larger naval ratio than is allotted her under the Washington and London naval treaties. 2—The possibility of war between Japan and Russia, which many believe may break out within the next few months.

Expect a Large Attendance For The County Meet
Favorable weather conditions and considerable interest indicate a large attendance at the county meet to be held in Eastland Friday and Saturday. P. B. Bittle, director general of the meet, has been active the current week making final preparations for the contests and is of the opinion that it will be a decided success. The meet which is held annually promotes an interest in athletics and sports and according to many is of untold benefit to the students who participate.

Ickes Raises the Oil Allowable of Nation
WASHINGTON, March 21.—Administrator Harold Ickes today set the national allowable crude oil production for April and May at 2,366,200 barrels daily, an increase of 83,400 barrels over March. The allowable becomes effective at 7 a. m. April 1. Each of the 18 oil producing states was allowed an increase. The largest, 32,000 barrels, went to Texas, and the second largest to Oklahoma, 20,000 barrels.

25 Spies Caught In Prague Today
BERLIN, March 21.—A news agency dispatch from Prague, Czechoslovakia, today said a band of 25 spies, posing as immigrants, had been arrested. The dispatch said it was reported the chief of the band was a doctor and that his activities were in behalf of "a northern neighbor."

Funny Laws are Found on Statutes
AUSTIN, Tex.—A married man's overcoat can be sold for his debts but a single man's clothing is exempt. Rep. Harlee Morrison, Terrell, discovered when he studied the present state laws withholding certain personal property from seizure by creditors. His study brought out other strange things. The law literally separates the sheep from the goats. Twenty head of sheep can be retained by a farmer against all creditors, but his goats can be taken. He can keep hogs, but turkeys, ducks, geese, chickens and guineas may be sold. He can keep a horse and buggy. The law does not mention an automobile, but courts have construed the provision for keeping a horse and buggy to mean that the family is entitled to one vehicle, and have refused to deprive them of an automobile.

Too Many Men By Same Name Cause Some Confusion
Jim Fox, who lives on Elm street, is much disturbed because of a similarity of names in connection with the robbery of the armory and the subsequent arrests that were made. The Jim Fox, who is said by officers to have made a statement in connection with the robbery, is not Jim Fox, son of Thomas M. Fox, formerly with the Texas Company and who has done considerable wrestling around Ranger in the past few years, but is an older man by the same name who is no relative. According to officers, the man who was arrested formerly lived at Olden and has been in Ranger but a comparatively short time.

Amarillo Attorney Held In Death of 3 Year Old Girl

AMARILLO, March 22.—Joe Moore, Amarillo attorney, was to be arraigned today on charges of murder in connection with the fatal injury of Shirley Palmateer, 3, and the critical injury of her brother, George Henry, 2, and Elma Roberta, 5. The children were, according to witnesses, sitting on a curb in front of their home when an automobile hurled the curb and crushed them yesterday. Moore was taken into custody and was charged with driving while intoxicated. The charge was later changed to murder.

Texas Relief Bonds Are All Sold Today

DALLAS, March 21.—The first issue of Texas bonds ever to go into general circulation today were in the hands of banks, insurance companies and individual investors all over the country who bought \$4,000,000 worth of them. Donald O'Neil, who paid a bonus for the relief bonds in Austin last week, put them on sale here and through agents in other cities yesterday. Before nightfall all of them had been purchased with \$2,000,000 going to Texas investors.

Carl Springer Will Speak at Okra at Morning Services

The fourth speaker at the Okra Methodist church during "March, the Month for Men" will be Mr. Carl P. Springer, attorney at law of Eastland. Mr. Springer will close a series of addresses by laymen. He will speak at the regular service hour, 11 a. m. Mr. Springer will also speak at the other two points on the circuit, Macedonia at 9:30 a. m. and Sipe Springs 7:45 p. m. Sunday School will be held at 10 a. m. Classes for all ages. "Come thou with us and we will do thee good."

Flatwood Will Have Services On Sunday

Rev. Ephraim D. Conway will preach at the Flatwood Methodist church Sunday at both the morning and evening services. His subject at the morning hour will be, "What Use Is Religion," and at the evening hour his subject will be "The Three Crosses of Calvary." The public is cordially invited to attend these Pre-Easter services. Immediately following the Sunday morning services there will be a brief church conference of the church trustees, the church stewards, officers and teachers of the Sunday School. All are urged to be present.

RENNIE HILL PAROLED
AUSTIN, March 21.—Rennie Hill of Eastland county, sentenced to 25 years for murder on a conviction in June, 1924, was paroled today by the governor.

WOMAN SEEKS OWN AGE
EL PASO, Tex.—Mrs. M. J. McKelligon, Montrose, Calif., wants Mayor R. E. Sherman to tell her how old she is. Mrs. McKelligon believes she is 70, but the family's records were destroyed by fire, she wrote Mayor Sherman. She asked him to look up her birth certificate.

JUDGES FOR ELECTION ARE MADE KNOWN

In the February session of the county commissioners' court the commissioners appointed precinct election judges for 1934, on the second Monday of their session. The first name indicates that the person is the presiding judge and if more than two names are noted, these following the first are associate judges. Following are the names of the judges appointed: Precinct 1, Eastland, E. E. Woods, J. F. McWilliams, Oscar Wilson and N. T. Johnson; Ranger, No. 2, S. J. Dean, F. E. Langston, J. F. World's Entire Population Could Live Within Texas

SAN ANTONIO.—The entire population of the world could inhabit the vast expanse of the state of Texas and live comfortably, according to TexOvities, forthcoming book of odd and unusual facts about the union's largest state. Besides this astounding declaration, the author, Sticks Stahala, adds that there still would be room enough for each man to build an average-sized house, with a yard and even raise chickens. The population, according to the latest authoritative figures, was placed at approximately 1,732,000,000. Stahala in his TaxOvities says that each person could occupy a plot of ground 65 feet square and there still would be pasture for cattle to graze in. Stahala is a native Texan and has gathered information for his book since a youth. He also is a newspaper cartoonist and a syndicate writer.

ALFRED SMITH QUILTS HIS JOB AS AN EDITOR

NEW YORK, March 22.—Following a disagreement with his publisher over editorial policy, Alfred E. Smith has resigned as editor of the New Outlook, it was learned today. No mention of any disagreement was made in formal announcement of the resignation, which cited "pressure of business obligations" as his reason for withdrawal. The real reason, however, was disagreement over the magazine's viewpoint toward the national administration, it was learned from sources close to both men. Kitchener, a republican, was understood to have wanted to handle Washington criticism without gloves, which was not in accord with Smith's viewpoint.

Garner to Support Sen. Tom Connally

HOUSTON, March 22.—Vice President Garner will support Senator Tom Connally for re-election next fall, the Washington correspondent of the Houston Press said today. Connally will be opposed by Representative Joseph Weldon Bailey Jr. Garner emphasized he spoke only for himself, not for the administration. Bailey visited the white house yesterday and is understood to have offered to withdraw should the president prefer Connally. When he emerged from the conference, all he would say was "I'm still in the race." Bailey refused to comment on what the president told him, but said he thought it would be made public at the next conference of newspaper correspondents with the president.

CWA to Employ 452 Final Week Of March 23rd

Four hundred fifty-two is the number of workers to be employed on Eastland county CWA projects the final week commencing Friday, March 23. The figures represent a curtailment of 100 from the previous week. According to county administrative titular heads, the present CWA setup will be altered and a new one instituted, the nature of which they are at present unformed. However, it is known that relief administered will be measured from a standpoint of actual need only and that able-bodied people employed must exchange work for relief and there will be no gratuities. The old plan will be replaced by one which many expect will be a more efficient system.

Traffic Stanchion Hands Cop Knockout

CLEVELAND.—Patrolman Arthur Pagel got sluggish the other day. But his assailant was not a big, bad burglar or a muscle man. It was only an innocent safety stanchion, but it packed a terrific wallop. It was Pagel's job to move one of the stanchions. He found it frozen to the pavement. He dealt it a hefty blow. It broke loose, but so unwillingly that it swung on its humpy-dumpy base and hit back. A fellow patrolman revived Pagel by rubbing snow on his face.

Indian Heirness Is Mother at 12

Credited by physicians with being the youngest mother ever to undergo Caesarian surgery, Juanita McClish, 12-year-old Creek Indian heiness, shown here in Sapulpa, Okla., hospital with her 9 1/2-pound son, has only one worry—whether she'll have to go back to school. The child is the grandson of Mosey Deere, wealthy Indian. The father, Buster McClish, Indian farmer, is only 18.

Poultrymen Form Organization at Eastland Meet

A temporary organization of poultry raisers of Eastland county was effected Tuesday night when a representation of enthusiastic poultrymen gathered at the Chamber of Commerce rooms in Eastland. Plans were discussed for the effecting of a permanent organization of this body and plans for a real poultry show to be held during the Eastland County fair each year were discussed. Each person present voicing the opinion that the poultry business is one of the greatest and most profitable when handled in the right manner, and that a business to be profitable must be a well organized business, and that a good poultry show is one of the best known ways to increase interest in this business. After lengthy discussions of plans the meeting adjourned to meet again on Friday, March 30, to complete the permanent organization and make further plans for the future. Every person in and around Eastland county is earnestly urged to attend this next meeting and contribute in every way possible to help put this business on the plane where it is due to be.

Mrs. Mae Harrison Is Running For County Treasurer Position

Mrs. Mae Harrison was a visitor in Ranger today and announced that she would be a candidate for the office of county treasurer. She had her name placed in the announcement column of the Daily and Weekly Times and stated that her official announcement would appear in the Daily issue of April 1 and the Weekly issue of April 6. Mrs. Harrison is soliciting the support of her many friends throughout the county and said she would try to see as many of them as possible between now and July 28.

Yeggs Loot Bank Of \$4,200; Escape

GAINESVILLE, Texas, March 22.—Yeggs burned through the vault of the State Bank of Muenster, 16 miles southwest of Gainesville, and escaped with about \$4,200, last night. The robbery was discovered by officials when the bank was opened for business today. A torch was used to burn into the vault. The burglars gained entrance to the bank by jimmying a rear window.

STOCKHOLM CAFE 100 YEARS OLD

STOCKHOLM.—"Silent Mary" or "Tysta Mari," one of Stockholm's most popular restaurants, is 100 years old. It was founded in 1834 by Miss Mary Christina Lindstrom, an efficient but unusually taciturn woman, whose economy of words eventually gave the place the name under which it is known today. "Tysta Mari" was the first cafe in Stockholm to which womanly cups were invited.

URGED LABOR TO BE ARMED FOR EMERGENCY

Fox Released After Telling How Armory Robbery Was Discussed. Jim Fox, one of the three men being held in the county jail on charges in connection with the robbery of the national guard armory in Ranger on the night of Feb. 19, at a hearing this morning was allowed bond in the sum of \$5,000—\$2,500 on a theft charge and \$2,500 on a burglary charge. Fox talked reluctantly to officers, but told them of secret meetings held in cow pastures in the vicinity of Eastland at which speeches were made by L. S. Keel in which Keel advised his hearers to arm themselves and suggested that guns and ammunition could be obtained by burglarizing the national guard armory at Ranger, officers said. Jim Vinson, also being held in connection with the Ranger robbery, according to Fox, followed the speech by Keel and advised his hearers that if the robbery of the Ranger armory was undertaken they should be very cautious and that gloves, not cotton gloves, but rubber gloves, should be worn by those actually committing the burglary in order that no telltale finger prints be left. Vinson and Keel, arrested by Texas rangers at the time Fox was taken into custody, had not asked for a hearing and had not made bond this morning. At least one other man against whom charges have been filed in connection with the robbery, had not been arrested this morning. It was stated by officers that a number of other arrests were to follow. Texas Ranger Captain J. M. Robbins of Austin, assisted by Ranger Sid Kelso of San Antonio and members of Sheriff Virgo Foster's force in Eastland, have been working on the case for several days and the arrests here followed hours of investigation by officers Monday and Monday night. The rangers left Eastland Tuesday afternoon for Austin and San Antonio, but have not closed the case. L. C. Keel, who was arrested and held for a few hours some weeks ago when agitation by him among CWA workers in Eastland caused some trouble, is generally credited with being the leader of an organization of CWA workers in this and adjoining counties and it was in this organization that trouble occurred between the element led by Keel and the more conservative element that objected to the radical activities being advocated by Keel. Dissatisfaction among members helped officers in their work on the case. The government issued ammunition stolen from the Ranger armory was found on the persons of some of the men arrested Tuesday.

Olden Club Held Meeting On Friday

Olden Home Demonstration club met March 16 at the clubhouse at 2 p. m., with several members present. After a business session Miss Ruth Ramey talked to the club on storage space for the family clothes. If there are not enough built-in closets in the home, she described different ways of making them and how to store the hats and shoes. One thing of special interest she showed was how to make mothproof bags for storing winter clothes with practically no expense. The next meeting will be April 16 at 2 p. m., at the clubhouse.

HOPKINS PROMISES FARM TENANTS
BETTER TIMES

Harry L. Hopkins is federal relief administrator. He invaded Georgia for a conference of relief authorities from 12 Southern States. Administrator Hopkins promised "better days" to more landowners and tenant farmers of the South under President Roosevelt's plan for self-sustaining agriculture and public works projects as the media for cash incomes.

According to the Hopkins interpretation, the government will lend help to farmers with the view to making their own acreage produce their food supplies. There are thousands of Texas farmers and land tenants who never did supply their tables from orchards or gardens or farms. As for milk, they bought it in the canned form and as for bacon and lard, the shipments came from outside states. There are counties in Texas where a large percentage of the tillers of the soil produce their own food supplies, their own meatstuffs, their own cereal supplies and their cellars at the close of the season are stacked high with canned or preserved goods to keep the big bad wolf from the door for a year to come.

Forty years ago the real farmers and plantation owners of Texas produced their own food supplies. Then the World War came. Then the gambling era followed in its wake. Then on thousands of farms it was goodbye to the gospel of supplying the table or the larder with the produce of the soil filled by farmers or the land tenants. Speaking of the conference of relief administrators at Atlanta, 12 Southland states sent their representatives. After the conference was over Hopkins said: "This plan is extremely important to the South. In some states 30 per cent of the population is on relief rolls." Well, springtime is here. Summertime is coming. Farmers have been taught many lessons, and the most important of all is to produce their own food supplies and insist the canner take care of the surplus.

BEEF AND DAIRY LIVESTOCK BASIC
COMMODITIES

Tom Connally is the junior United States senator. Rep. Marvin Jones of Amarillo is the chairman of the agricultural committee. An important session of the senate was held March 10. That dignified body passed the \$350,000,000 Jones-Connally bill to make dairy and beef cattle basic commodities subject to processing taxes under the agricultural adjustment act, "but loaded with amendments going far beyond administration wishes." They won by a scratch. The bill was approved by the narrow margin of 39 to 38 and now goes to conference with the house whose bill provides only for cattle. Amendments voted by the senate adds peanuts, flax, rye, barley and grain sorghum and authorizes an appropriation of \$150,000,000 "for eradication of diseased cattle, government purchase and transfer of dairy cows to farms lacking such stock for domestic needs and feeding the needy." The same old questionnaire. "Where do we go from here?"

Breckenridge to
Have Vocational
Agriculture Show

BRECKENRIDGE, March 22.—Featuring the work of four departments of Breckenridge high school the fourth annual vocational show will be presented in that city on Friday and Saturday of this week.

The show will be held in the Southwest Motor company building on West Williams street, and advance interest in the affair has led its sponsors to believe that it will be the most successful ever staged in Breckenridge.

Exhibits of baby beeves, dairy cows, swine, fat lambs, goats, poultry, and saddle horses will be made by the department of vocational agriculture. In addition, this department will have several educational booths including terracing, sub-irrigation and farm shop work.

Aluminum and bronze work will be featured in the exhibit of the trades and industries department. All articles in this exhibit are being made in the high school machine shop.

Numerous drawings, maps, and blue prints will be shown by the mechanical drawing department, and Miss Nancy Ellwood, instructor of home economics announces that her department will have an exhibit of clothing made by the girls, and that they will have an educational booth on foods needed by a high school student.

No charge will be made for the show according to its sponsors, and the public is cordially invited.

TEAM WON 100 TO 0

AVOCA, Neb.—Members of the Syracuse High School basketball team wore a dazed expression as they walked off the court here after Avoca High School had defeated them 100 to 0 in one of the wildest basketball games of Nebraska history. The score was 18 to 0 at the first quarter; 38 to 0 at the half; 84 to 0 at the third quarter, and spectators were delighted when Avoca rounded off the evening's work by setting the score neatly at 100 to 0 as the game ended.

Special Correspondent

R. J. Raines, produce dealer of Ranger, was here on business Monday.

Mrs. Roy Ashburn, who has been suffering from a bone felon on her left thumb for several days, is much improved and her baby son, Kenneth, who has also been ill, is better.

We failed to mention last week that Dr. and Mrs. Audie Brown, of Dallas, spent the week-end with his mother, Mrs. N. A. Brown and family.

Mr. and Mrs. Lee McGuire and two daughters, Misses Latrell and Idell, visited the stock show at Fort Worth Saturday.

Mrs. Roy Rushing returned Monday from Eliasville, where she had visited her sister, Mrs. Worth Smith, for a week. Mrs. Smith came home with her.

Mrs. A. C. Moore, accompanied by Mrs. Fred Welder and Mrs. C. W. Maltby, drove up to Ranger Saturday afternoon and attended the meeting of the County Federation of Women's Clubs. The meeting was held at the Methodist church and was an especially interesting one, the guest speakers of the day being Mrs. Volney Taylor of Brownsville, who is president of the Texas Federation of Women's Clubs, and Mrs. J. M. Perkins of Eastland, president of the Sixth District Federation. Mrs. Mattie Henry and Mrs. W. C. Bedford were also at the county federation, going there from Eastland, where they had been guests at a noon luncheon given by Mrs. Perkins at her attractive home, in honor of Mrs. Taylor. Mrs. Perkins was assisted in entertaining by Mrs. James Horton, secretary of the Sixth district, Mrs. A. H. Johnson and Mrs. W. B. Collier. The luncheon was served in four courses and was delightful in every way.

On Monday night of last week a number of members of Desdemona Eastern Star chapter drove down to DeLeon and visited the chapter there. The meeting was the occasion of the visit of inspection of the district deputy grand matron, Mrs. Ben Rigby of Ranger. Those who went from Desdemona chapter were Mr. and Mrs. R. J. Krapf, Mmes. W. R. McGowan, J. H. Jackson, Roy Rushing, J. H. Rushing Sr., Roy Ashburn, I. N. Williams, Mattie Henry, John Mendenhall, W. C. Stark, Bill Parks and D. E. Hoover. They report a splendid meeting and the DeLeon chapter in fine working order.

Mr. and Mrs. C. M. Bratton and little daughter, Cleve Jean, accompanied by Weldon Rushing, attended the stock show at Fort Worth Saturday.

Mrs. E. V. Logan was the guest of Mrs. Betty Vestal from Thursday till Sunday. She was taken home Sunday afternoon by O. A. Kountze and Mrs. Vestal.

Mrs. Hugh Roe and her daughter, Miss Dorace Roe, were shopping in Stephenville Saturday.

Mrs. J. E. Derrick, her daughter and son-in-law, Mr. and Mrs. Style McEntire, and baby son, James Edward, returned Monday afternoon from Thorp Springs where they had visited for a few days with Mr. and Mrs. A. E. Kidd, the mother and step-father of the late J. E. Derrick.

The "21" Study club met Tuesday afternoon at the clubhouse and had an interesting health day program. The meeting was called to order by the president, Mrs. Roy Ashburn, who conducted the business session, after which the following program was rendered: "U. S. Bureau of Health and Pre-School Clinics," Mrs. Roy Ashburn; "Vital Statistics in Texas," Mrs. C. M. Bratton; songs, "Texas, Our Texas," club; "Hospitals for Cripples," Mrs. W. C. Bedford. Child labor laws and city and county health nurses were topics for general discussion. Questions, Mrs. Ralph Ludwick.

Declares the Nation
Has Bleacheritis

CHICAGO.—American sports have degenerated into "bleacheritis, one of the deadly sins of the universe," Bishop Irvin Peake Johnson, of Denver, believes. "We have become a nation of spectators," he said.

"We hear a lot of mention about the 'national sport' in this country," he said. "There is no such thing. A few professionals, or college men, play, while thousands pack the bleachers.

"What we need today is to come down off the bleachers and get into the game. Sports today are engaged in by relatively few persons, mostly professionals. America needs actively to participate in sports to gain the physical benefits of outdoor exercise."

FOUR VILLAGES SOLD

ISTANBUL.—A rich Jew of Palestine is reported to have purchased four villages in the Djebel Druz zone of Syria for \$65,000. The villages are to be expropriated within six months to make way for the installation of Jewish immigrants.

A cake baked in 1879 for a brother of President Fillmore is still untouched and on view at Lagrange, Ind. And they say only our mothers and grandmothers knew how to cook.

There is nothing quite so dashing as this Oliver Twist Suit of white linen. It will make your son the center of admiring glances wherever he goes.

The coat has three patch pockets and on one of them is an appliqued pennant. Notice, too, that the French piping on the coat is in a contrasting color. The trousers are of linen with a self belt and nickel buckle.

You'll like this Oliver Twist Suit. It fits perfectly. Its seams are strongly stitched. Buttons are sewed on to stay on. And fabrics are guaranteed color-fast.

Let us show you all of the new Oliver Twist Suits for spring. Our assortment and sizes are now complete. They are modestly priced.

COUNTY MEET TO BE FRIDAY-SATURDAY

OPENS 9 A. M. AT EASTLAND FOR TWO DAYS

Large Crowds Expected To Witness Contests Between School Representatives

The annual Eastland County Interscholastic League meet begins today in Eastland with an attendance which is anticipated as being one of the largest in the history of the Eastland county league.

Competition, it seems, is keener this year than it has been in previous years. Eastland, though it has practically won the majority of former meets, is promised competition of strength which has been evidenced by Ranger and Cisco and other towns in the county.

The program as announced by the executive committee is as follows:

Friday Morning

9:00 a. m. Essay writing, study hall 25 of the Eastland High school. Declamation, High school auditorium.

12:00 Lunch in High school cafeteria.

Friday Afternoon

1:00 Declamations continued in High school auditorium.

Track and field preliminaries at Connellee Park.

Extemporaneous speaking, study hall 20.

3:00 3R contest, room 21 of High school.

Friday Night

7:30 Debate finals in High school auditorium.

Saturday Morning

9:00 Arithmetic in study hall of High school building.

9:00 Spelling, contestants to meet in auditorium.

12:00 Lunch in High school cafeteria.

Saturday Afternoon

1:00 Story telling in High school auditorium.

Finals in track and field, Connellee Park.

New President Of Farm Union

Chosen president of the National Farmers' union, E. H. Everson, above, a "dirt farmer" of St. Charles, S. D., and for many years a farm leader, has pledged himself to carry on the principles of his predecessor, John A. Simpson, Oklahoma City, who died suddenly in Washington, D. C.

Many Die In Texas From Lock Jaw a Health Report Shows

AUSTIN—Every year there are about 150 deaths in Texas from lockjaw, according to Dr. John W. Brown, state health officer. Most of these deaths have resulted from the most trivial or minor wounds or injury. Only recently a small child died from a small wound caused by a splinter being stuck in the toe.

Lockjaw or tetanus patients die an agonizing death following frequent convulsions, which are set forth by the slightest stimulation to the central nervous system. The slamming of a door or the slightest noise may cause a patient to have violent convulsions. Stiffening of the muscles in the jaw is one of the first symptoms, and it is from this fact that the disease gets its name of lockjaw.

Puncture wounds, such as those resulting from sticking a nail or thorn in the foot or hand, are the most dangerous. The reason for this is that of tetanus germs can thrive only in a wound that is closed or in the presence of other germs that use up the air present. Tetanus germs do not thrive in the open air.

The prevention of lockjaw depends upon the proper care of all minor injuries. Closed wounds should be made open wounds and kept thoroughly clean. Anti-tetanus serum should be given after a puncture wound; gun powder wounds are also frequently followed by lockjaw. The period of time for the disease to develop in man is usually from six to 14 days, according to the amount of infection. In man, with a short period of incubation, six days or less, the disease is almost always fatal. With a longer period, the disease for recovery greater.

South Ward Wins Playground Ball Co. Championship

A county wide playground baseball tournament was held at South Ward School, Eastland, March 15. The games began at 1 o'clock and the schools represented were East Ward and West Ward of Cisco, and South Ward and West Ward of Eastland.

In the preliminaries South Ward defeated East Ward of Cisco 5 to 2, and West Ward of Cisco defeated West Ward of Eastland 10 to 9. This left South Ward of Eastland and West Ward of Cisco to play for the championship. The game ended decisively for South Ward, the score being 10 to 3.

East Ward of Cisco won over West Ward of Eastland at the same time. After the boys' games were over, the South Ward girls, coached by Miss Lois McAnnally, defeated the West Ward girls with the score 40 to 5.

J. T. Carter, teacher in South Ward School, was director of this part of the Interscholastic League events.

Men Are Again On Black Gold Search

DALLAS, March 22.—The men who search for black gold are coming back.

For more than three years the lot of the petroleum geologist has been a sad one. So depressed was the oil industry that striking a gusher became almost as unfortunate for those concerned as getting a dry hole.

But with higher crude prices and promises of stabilization of the marketing end, oil companies are looking ahead of present reserves to the day when new supplies of crude petroleum will be needed.

And so, according to J. P. D. Hull, business manager for the American Association of Petroleum Geologists in convention here, oil companies are rebuilding depleted geological staffs.

Proof of this, Hull said, is that since Jan. 1 more than 100 geologists have renewed membership in the association. During the depression, he said, the association lost about 400 members. The rolls at present contain around 2,000 names.

Recipes Used By Mrs. McDonald at Cooking School

The following are the recipes used by Mrs. Martha McDonald at the Happy Kitchen cooking school at the Masonic building Tuesday afternoon, and, in addition, three recipes which Mrs. McDonald recommends as very fine, but which were not taken up at the first session of the school. The three additional recipes are for gingerbread refrigerator cookies, oat meal cookies and original English plum pudding.

Ginger Refrigerator Cookies
1 cup Birdbrand; 1 cup sugar, 2 eggs; 1-2 cup molasses; 4 1-2 cups Gold Chain flour; 3 tsp ginger; 1 tsp soda; 1 tsp salt.
Method: Mix in the order given. Mold into loaf. Wrap in wax paper and place in refrigerator overnight. Slice very thin. Bake 10 to 12 minutes 400 degrees. Makes about 4 dozen cookies.

Orange Chicken Salad
Dissolve 2 tsp of gelatin in 1-2 cup cold water. Heat 1 cup of orange juice. Add 1-4 cup of sugar. Add gelatin to this, when cool add 2 cups of orange juice including the juice of 2 lemons. When it begins to thicken, pour into mold and add chicken salad made from one chicken, 2 cups minced celery, 2 tsp. minced parsley.

Prune Salad
Remove the pits from well cooked prunes and stuff with grated cheese and nuts.

Oat Meal Cookies
2 1/2 cups sugar; 2 cups flour; 1 cup Mrs. Tucker's Shortening; 1 cup butter/milk; 2 tsp. soda; 1 tsp. K. C. baking powder; 3 cups Gold Chain flour; 4 cups oat meal; 1 cup pecans.

Method: Mix together and drop by spoonfuls onto greased baking sheet and bake in moderate oven about 12 minutes.

Original English Plum Pudding
1 lb. beef suet chopped fine; 1-2 lbs. bread crumbs; 1 lb. seeded raisins; 1 lb. seedless raisins; 2 tsp. brandy and milk to suit; 1-2 lbs. currants; 6 oz. lemon and orange peel; 4 oz. citron; grated rind of 1 orange and 1 lemon, also juice; 1 cup brown sugar; 1 cup molasses; 8 eggs, beaten and strained; 1-2 tsp. each, cinnamon, nutmeg, cloves.
Method: Mix and steam 6 to 8 hours and put away, then restrain and serve hot.

Grape Jelly Cake
1-2 cup Mrs. Tucker's Shortening; 1 cup sugar; 2 eggs; 1-4 tsp. Morton's salt; 1 3/4 cups cake flour; 2 tsp. K. C. baking powder; 2-3 cup milk; 1 tsp. orange juice; grated rind 1 orange.
Method: Sift dry ingredients together. Cream sugar and shortening. Beat eggs thoroughly and add to creamed shortening. Alternate addition of milk and dry ingredients until all is used. Beat thoroughly. Add orange juice and grated rind. Bake in 2 layers 25 to 30 minutes. When cook stack with the following:
2 egg whites; 12 tablespoons grape jelly. Beat together thoroughly until stiff enough to spread on cake.

Crisp Sponge Cake Waffles
3 eggs; 1 cup sugar; 1 tsp. K. C. baking powder; 1-4 tsp. salt; 3 tsp. melted butter; 1-4 cup cold water; 1-2 tsp. lemon extract; 1 cup cake flour.
Method: Beat eggs very light, add sugar, add melted butter, cold water and extract. Sift dry in-

Ingredients together and beat into the cake mixture. Bake on a hot waffle iron until delicately brown.

Mrs. Tucker's Black Beauty
5 tsp. Mrs. Tucker's Shortening; 1 cup sugar; 1-4 tsp. salt; 2 eggs; 2 squares melted chocolate; 1-2 tsp. vanilla; 1-2 cup milk; 1 3/4 tsp. K. C. baking powder; 1 1/3 cups cake flour.
Method: Sift flour once, measure, add baking powder, salt, and sugar and sift together 3 times. Add butter. Combine eggs, milk and vanilla and add to flour mixture. Add chocolate and beat thoroughly. Bake in oven 325 degrees 1 hour and top with the following:

Chocolate Orange Icing
2 tsp. grated orange rind; 2 cups sifted confectioners sugar; 1 1/2 squares melted chocolate; about 4 tsp. orange juice. Mix together until smooth and put on cake.

Orange Ginger Pie
For crust: 2 cups of rolled ginger snap crumbs; 1-3 cup melted butter.
Method: Blend together and press in bottom of pan and on side to shape crust. Bake 10 minutes, 425 degrees.
Filling: 3 egg yolks; 3/4 cup sugar; 1-2 tsp. Morton salt; 1-2 cup orange juice; 2 tsp. lemon juice; 2 tsp. grated orange rind; 1-3 cup flour; 1 1/4 cups water.
Method: Cook in double boiler until thick. Let cool and pour in ginger snap crust and top with meringue.
Meringue: 3 egg whites beaten stiff; 6 tsp. sugar; Cook 375 degrees 15 minutes.

Stuffed Vegetables
6 big cabbage leaves; 6 small green peppers; 6 medium size tomatoes; 6 slices bacon.
To prepare vegetables: Drop cabbage leaves in boiling water for just exactly five minutes. Cut top slice from peppers, remove seeds, and drop into boiling water for 5 minutes. Drain cabbage leaves and peppers. Cut top slice from tomatoes. Remove most of pulp and save.
Stuffing for Vegetables
3-4 lb. ground cooked meat, (beef, ham, or left-over meat); 1 1/2 cups celery, chopped; 2 1/4 cups Wheaties; 1 clove garlic, ground; 1 tsp. Morton's salt; 1 egg; 3 small onions, ground; 4 pimento pods, chopped; 3 tbs. melted butter; 1-2 tsp. McIlhenny's Tabasco.
Method: Mix all thoroughly. 2. Place a generous amount on each cabbage leaf, roll up, and fasten with a toothpick. 3. Add tomato pulp to remainder of stuffing. 4. Place vegetables and stuffing in refrigerator until time to bake the vegetables. 5. Make tomato sauce.

Tomato Sauce
1-2 cup cooking oil; 1 onion, sliced; 2 cans tomato soup; 1-2 cup water; 1 bay leaf; tsp. salt; 1 tablespoon sugar; 1-4 tsp. McIlhenny's tabasco.
Method: 1. Cook onion in oil until yellow. 2. Add remainder of ingredients and just bring to a boil.
When Time to Bake Vegetables
1. Light oven and heat tomato sauce. 2. Fill peppers with stuffing and stand upright in baking pan. Cover tops with well buttered crumbs of Wheaties. 3. Fill tomatoes with stuffing and place in baking pan. Lay 2 slices of bacon over top of each. 4. Bake cabbage rolls in a casserole with tomato sauce around them and cover. 5. Serve all on one large platter. Arrange stuffed peppers and tomatoes alternately around edge. Place cabbage rolls with tomato sauce in center and decorate with sprigs of parsley.
Amount 6 servings. Time 45 minutes. Temperature, 350 degrees F. moderate oven.

Stuffed Veal Brisket
Prepare 5 lb. brisket with pocket. Salt and pepper to taste. Beat 6 eggs, 1-2 lb. of grated cheese, Swiss, parmesian or cheese. Mix together. Add 1 large spoon of olive oil, 1 spoon of chopped parsley and put in pocket. Sew very securely. Pour 1-2 cups boiling water over meat; 2 tsp. tomato

sauce; 1-2 tsp. Tabasco sauce, 1 sliced onion; cover roaster, also very hot oven 1 hour. Also good sliced cold.

Tomato Cheese Salad
2 tsp. gelatin dissolved in 1-4 cup cold water. 1 can hot tomato soup. Method: Let cool. Mix with 3 packages of cream cheese, 1 cup mayonnaise, 1 1/2 cups celery; 1-2 cup stuffed olives, 1 cup nut meats, 1-4 tsp. McIlhenny's Tabasco. Mold.

Tabasco Spice Cake
1 1/4 cups sugar; 1 cup butter; 4 eggs well beaten; 1 cup sweet milk; 3 cups Gold Chain flour; 3 tsp. K. C. baking powder; 1 teaspoon each cinnamon, allspice, nutmeg, cloves; 1-4 teaspoon McIlhenny's Tabasco Sauce; 1 cup strawberry jam.
Bake in three layers, 375 degrees, 25 to 30 minutes.
Filling
1 cup heavy cream; 2 cups white sugar; 1 cup brown sugar. Cook to soft ball degree when partially cool, beat well and add one cup pecans and 1-2 cup raisins, 1 tbs. butter.

The following are the recipes used by Mrs. Martha McDonald Wednesday afternoon at the second session of the Happy Kitchen Cooking School, being sponsored by the Ranger Times and a number of Ranger merchants:

Italian Spaghetti
2 lbs. ground meat, 2 tbs. minced onion; 1 tsp. minced garlic; 1 tbs. parmesiano cheese; 2 eggs; salt, Parm and form into balls. Cook in tomato sauce. Then add 4 cans tomato paste, 1 No. 2 can tomatoes and pour over the meat balls and let simmer 3 or 4 hours. Serve over spaghetti boiled in salted water.

Danish Apple Cake
2 cups dry bread crumbs (packed to measure) or 1 pkg. Zwieback, rolled fine; 3-4 cup butter, 1 tsp. cinnamon, 4 cups tart apple sauce.
Method: Fry crumbs gently, until evenly browned, in butter melted. Line the bottom of a very deep pie pan with buttered crumbs. Sprinkle with a little cinnamon, then spread 1-3 of the apple sauce over them. Add 2 more layers of crumbs and apple sauce, sprinkling cinnamon over crumbs. (There should be a layer of crumbs on top). Bake. Serve cold, with whipped cream, and garnish with bits of jelly, if desired. Cut in wedges like pie. Time bake 30 minutes. Temperature 325 degrees slow moderate oven. Size of pan 8 or 9 inch pie pan, 1 3/4 inches deep. Note: To make apple sauce, pare, core and quarter 10 to 12 cooking apples. Cook with 1-2 cup water and one cup sugar until tender. This makes thick sauce.

Blitz Torte and Variations
1-2 cup Mrs. Tucker's Shortening; 3-4 cup confectioners sugar; 4 eggs; 1 tsp. vanilla; 1 cup cake flour; 1 tsp. K. C. baking powder; 1-4 tsp. Morton's salt; 3 tbs. milk; 1 cup sugar (part confectioners and part granulated); 1-2 cup blanched almonds; 2 tsp. granulated sugar.
Method: Cream shortening, add confectioners sugar gradually and cream thoroughly. Add well beaten egg yolks and beat thoroughly. Blend in vanilla. Sift flour once before measuring. Sift flour, bak-

ing powder and salt together and beat into creamed mixture alternately with the milk. Spread batter in 2 well greased and floured pans. Make meringue by beating egg whites until they are stiff enough to hold a point, then beating in the cup of sugar gradually. Spread a 1/2 of meringue over each layer, sprinkle with chopped almonds and 1/2 tbs. of sugar. Bake until the part is done and meringue is set. After taking from oven allow torte to cool gradually before removing from pan. Remove to serving plate keeping meringue serving on top. Put custard filling between layers, and if desired pile sweetened cream on top to decorate. Time: bake 35 to 40 minutes. Temperature 325 degrees F. slow moderate oven. Size of pan, 2 round 8 inch layer pans.

Custard filling: Mix 1-4 cup granulated sugar and 3 tbs. flour together, stir in 1 cup milk and cook until no starchy taste remains—about 10 minutes. Add 2 well beaten egg yolks and cook over hot water for 2 minutes. When thoroughly cooked, add 1 tsp. lemon extract and spread between layers of torte.

Banana Variation. Bake torte, using 1-2 cup shredded coconut using meringue in place of almonds and sugar. Slice 2 bananas and combine with the custard filling just before serving. The torte may be decorated with sweetened whipped cream and slices of bananas.

Pineapple Variation. Bake torte as directed and fill with pineapple filling. When 1 cup whipping cream and blend in 2 tbs. confectioners sugar and 1-4 tsp. lemon extract. Fold in 1 cup well drained crushed pineapple (No. 1 can). This torte may be decorated with sweetened whipped cream and red and green maraschino cherries.

Chocolate Variation. Bake torte using pecans on top of meringue in place of almonds. Fill with chocolate custard; mix together 5-8 cups sugar (10 tbs.) 1-4 tsp Morton's salt, 1 tsp. corn starch. Add 1 cup milk and cook 15 minutes in double boiler. Add slowly 2 beaten egg yolks and one square chocolate melted. Cook slowly for 5 minutes longer. Cool. May be decorated with sweetened whipped cream and red and green maraschino cherries.

Del Rio Salad
1 firm head lettuce; 1 garlic bud; 2 tbs. sugar; juice of 1 lemon (1-4 cup); 1-2 tsp. salt; 2 tbs. mayonnaise.
Method: Chop well chilled crisp lettuce (be sure it is well dried) rub salad bowl thoroughly with cut surface of garlic. Place lettuce in bowl and sprinkle with sugar and lemon juice and fragrance of the garlic. Just before serving add mayonnaise and salt and toss the

orated with sweetened whipped cream and pecans.

Scandinavian Meat Balls
1-2 lb. ground round steak; 1-2 lb. ground veal; 1-2 lb. ground pork; 1-2 tsp. Morton's salt; 1-2 tsp. Tabasco; 1-16 tsp. allspice; 1 beaten egg; 1-2 cup milk; 1-2 cup bread crumbs; 2 tbs. Mrs. Tucker's shortening; 1 tbs. flour; 1 tbs. butter.
Method: Season the ground meat with the salt, pepper and allspice. Add the beaten egg, milk and bread crumbs, and mix thoroughly. Shape into small balls. Brown the balls quickly in the hot drippings cover with water and simmer 1 hour. Remove the balls and thicken the stock by adding the flour which has been blended with the butter. Pour this gravy around the meat balls and serve. Amount: 6 servings.

Mexican Rice
1-2 lb. pork fat; 1 white onion, finely chopped; 2 large tomatoes, chopped; 1 tsp. salt; 1-2 tsp. Tabasco; 1 cup rice (uncooked); 2 qts. boiling water; 2 1-2 cups chicken broth.
Method: Cut up pork and melt down the fat. Remove the pieces of pork, add onions and tomato and fry in the fat. Add salt and Tabasco. Push tomato and onion to one side in pan, and cook rice in fat until it is yellow. Mix in yellow. Mix in vegetables. Add a little chicken broth and simmer gently until broth is absorbed by the rice. Then add 2 cups of broth and let simmer until flavors are thoroughly blended, about 30 minutes. Serve hot, garnish with avocado slices. Amount 6 servings.

String Beans the German Way
Prepare 2 lbs. of string beans. Boil in water until tender. Fry 2 slices of bacon. Remove bacon and saute well in this fat 1 medium onion, chopped fine. Crumble bacon into onion, add 1 tbs. sugar, 2 tbs. vinegar and add to the beans, being careful to note there is no more than 1-2 cup of liquid in beans. Salt to taste. Simmer 5 minutes and serve.

Hungarian Goulash
1 1/2 lbs. beef neck; 3 tbs. Mrs. Tucker's Shortening; 1 large onion; 3 cups boiling water; 1 tsp. paprika; 12 potato balls; 6 small white onions; 6 carrot balls; 6 turnip balls; 1 tsp. Tabasco; 1 tsp. salt; 1 bay leaf; 1 clove; 3 tsp. flour.
Method: Slice the large onion and brown it in the lard. Remove the onion and put in the beef cut into small pieces. Brown the meat thoroughly. Remove the pieces of meat to a casserole. Add the paprika and the boiling water. Cover the dish and place it in a moderate oven.

Scotch Currant Loaf
1 lb. seedless raisins; 1 lb. seeded raisins; 1 box currants; 1-3 lb. citron; 1-2 lb. almonds; 1 1/3 cup grape juice or ginger ale; 2 1-3

lettuce lightly with a salad fork or spoon. Amount 6 servings.

Jewish Cream Cheese Pie
Pastry: 1-8 lb. butter; 3 tbs. sugar; 1 egg; 1-2 tsp. K. C. baking powder; 1 cup flour. Filling: 1-2 lb. cream cheese or 1 cup cottage cheese; 2 eggs; 1-4 cup sugar; 1 tbs. flour; 1 pt. milk; 1-2 tsp. vanilla; juice of 1 lemon.
Method: Bake pastry and filling together; 1 hour slowly.

ADDRESS JACQUES MEG. CO., CHICAGO, ILLINOIS

OAK GROVE

There is considerable sickness reported in the community, but none is serious.

The blizzard that blew in last Saturday at noon sent the mercury down to 16 above zero, which is the coldest weather recorded here this winter. The lowest temperature recorded prior to the above date was 18 degrees above.

J. E. Cannaday and T. J. Cox were business visitors in Eastland last Saturday.

Quite a number of Oak Grovers attended the community organization meeting of the corn-hog reduction contract signers at Eastland Tuesday.

Our rabbit hunters were out after scalps last Friday. Only about 14 men were present and we only drove the small pastures, and only bagged about a dozen scalps. We will go again Friday, the 23rd, and we invite all lovers of the sport to join us in the afternoon only. Meet at 1:30 p. m. 1 mile southwest of Carbon.

There is a great difference of opinion among the fruit growers here as to the effect of the recent cold on this year's fruit crops. Some think it is all killed, while others think it safe, yet some reaches and sweet plums were in bloom and the fruit is very likely all killed but where the fruit buds were not open this writer thinks the fruit is safe this far.

SALEM

We have been having some cold weather. Don't know if it has damaged the fruit or not.

The meeting closed Sunday night.

Mr. W. H. Sparger, Ila Redwine was in Eastland and Ranger on business Monday.

Mr. and Mrs. Earl Redwine spent Saturday night with Ila Redwine and family.

Mrs. John Ivy of Ranger spent the week-end with her parents, Mr. and Mrs. W. H. Sparger.

Rev. Smith spent Sunday with Ray Dunlap and family.

Mr. and Mrs. Bonnie Highsmith spent Sunday with Mr. and Mrs. Oren Lee.

Tom Rainey and Sidney Owen went to Gorman Monday on business.

Alvin Rogers and mother went to Gorman to trades day Monday.

Mr. and Mrs. Zelvin Fonville spent Friday night with her parents, Tom Rainey.

Curtis and Grady Redwine spent Saturday night with Dimist and Lacy Dunlap.

Little Junior Redwine was sick last Friday.

Mr. and Mrs. Zelvin Fonville spent Friday with her brother, Mr. and Mrs. Hubert Rainey of Desdemons.

Tobe Johnson visited his son, Dove Johnson, Sunday.

Mr. and Mrs. Ila Redwine spent Tuesday night with Ray Dunlap and family.

Zelvin Fonville has been sick but is improving.

UNION

An outdoor party was given in the honor of Ada Terry's 17th birthday, Monday night, near her home. Several interesting games and songs were enjoyed around the bonfire. Refreshments of cake and lemonade were served to the following: Mr. and Mrs. Arnie Fox of Stamford, Mr. and Mrs. A. E. Fox and son, A. E. Jr., Bertha Lea Anderson, A. J. Taylor, Jack Drake, Lloyd Fox, Mr. and Mrs. G. A. Fox and children, Darlene, G. A. and Billy Joe, and Arleta Terry, all of this community; Cecil and Joe Francis Thomas, Chester Alford, Nedwir Jones and Thelma Nabors, all of Eastland, and the honoree, Ada Terry.

Mrs. Doe Whitehead visited her parents, Mr. and Mrs. W. U. Fox, Tuesday.

Dorman Fox of this community is visiting R. J. Fox of Stamford.

Mr. and Mrs. Claud Leclair of Olden, Mr. and Mrs. Annie Fox of Stamford visited their grandparents, Mr. and Mrs. W. U. Fox, Sunday.

Green Wright and Charley Langley left Sunday for Stamford.

Mrs. Latha Taylor visited Mrs. W. W. Terry Tuesday afternoon.

Tom Rainey of Desdemons was visiting in this community Friday and Saturday.

Thelma Nabors of Eastland spent Friday night and Saturday with her parents, Mr. and Mrs. L. R. Nabors. She also spent Saturday night and Sunday with Ada Terry.

Arleta Terry spent Friday with Mrs. A. E. Fox.

Bertha Lea Anderson, Ada and Arleta Terry were Eastland visitors Tuesday.

Find Colleges Are An Aid to Religion

LINCOLN, Neb.—Higher education at the University of Nebraska is not conducive to irreligion, a survey made here by Dr. Stephen M. Corey has revealed.

Representative groups of seniors and freshmen were asked to agree, or disagree, with religious propositions outlined in a standardized questionnaire submitted by Dr. Corey. The reactions were definitely on the side of religion.

In tabulating the results of the survey, the professor noted that crystallization of thought, that follows development of more mature thinking processes among seniors, has resulted in the older men possessing a more clear conception of a Deity than freshmen.

A suggestion that the "church is losing grounds" was definitely rejected by both groups submitting

to the questionnaire. Dr. Corey pointed out, however, the idea was more definitely discarded by seniors than by freshmen. Such also was the case in reaction to a proposition that "the church is trying to adjust itself to a scientific world and therefore deserves support."

On the other hand, freshmen were a little more certain than seniors that a superior Deity always must be expected to support the right and condemn the wrong and were more tolerant of demonstrations and church theology than older men.

The proposal has been made for the addition of a course in our public schools in which the children will be taught how to vote. So that they can teach their parents, perhaps.

Light wines and beers can't be very light if heavy taxes are put on them.

Joe Parker of Gorman Candidate For Representative

J. M. (Joe) Parker of Gorman states that he is a candidate for Representative in the State Legislature and that he will have a formal announcement to make soon regarding his platform.

Mr. Parker was reared in Eastland county, having come here with his parents from Arkansas in 1885, and has lived most of the time in this immediate section. He has been practicing law for many years and is recognized as one of the county's leading lawyers.

Iowa State university has installed easy chairs for students. The professors should stand up, so that at least they will remain awake.

The Political Brew Simmers Slowly For Democrat Meet

HOUSTON, Tex.—Political brew is simmering slowly for the pow-wow here March 24 of Texas Democratic Committeemen at which new party chiefs will be selected.

Little indication has come as to who may be expected to fill the positions of national committeeman, national committeewoman, and state chairman.

Chairman Maury Hughes of Dallas, relinquishing his post to seek the Democratic gubernatorial nomination, called the meeting at National Chairman James A. Farley accepted the year-old resignation of Jed C. Adams as national committeeman from Texas.

The resignation of Mrs. Clara Driscoll Sevier of Corpus Christi as national committeewoman is expected to be accepted by the time the meeting convenes here. She offered her resignation after her husband, Hal H. Sevier, was made ambassador to Chile.

Besides election of new chiefs the executive committee will act on Hughes' demand to place on the primary ballot the question of whether the legislature should submit repeal of the state prohibition laws to the people.

When Adams offered his resignation March 10, 1933, the position was sought by many prominent Texas Democrats. Even the name of Vice-President Garner was mentioned prominently as a possible successor. Hughes and C. C. McDonald, close friend of Jim Ferguson, wanted the job.

Farley pigeon-holed Adams' resignation, clearing a situation that threatened to prove embarrassing to Garner when a Ferguson controlled representation seemed certain. Now Hughes and McDonald are in the race for Governor, and President Roosevelt has made known he does not want administration members to hold party posts.

Ferguson has announced he would not enter the contest for selections here but it is generally understood that his silent support at least will go to John Davis, Dallas attorney, and former state attorney, for national committeeman and to Ed Hussion of Houston, Ferguson backer for 19 years, for the state chairmanship.

State Senator A. J. Wirtz of Seguin is another of the early candidates mentioned for Adams' position.

Among the first to be endorsed by his home party leaders for the national committee membership was W. F. Orgain, attorney at Beaumont.

The state chairmanship battle may prove the most exciting issue at the meeting here, Houston observers believe. Besides Hussion, secretary of the state committee, Committeeman J. K. Brim of Sulphur Springs has indicated he would like the job.

No ventures have been made regarding the successor to Mrs. Sevier if her resignation is accepted.

United States Senators Morris Sheppard and Tom Connally have joined Ferguson in saying they will take no active part in the selection of the new party chiefs. That, they said, is the business of the state democratic committee.

United States Will Register Treaties

GENEVA.—The decision of the United States to register its treaties with the League of Nations is hailed here as "a triumph of common sense."

Woodrow Wilson, it is recalled here, wrote the article in the league covenant stipulating that all international treaties, to be binding, must be registered and published by the league.

This article was the natural outgrowth of one of Wilson's 14 points calling for "open covenants openly arrived at."

The United States, however, does not agree that none of its international instruments are binding until registered and published by the league.

Washington's action was officially explained as having been taken "with a view to aiding in making the treaty series compiled by the League of Nations more complete and the texts of the treaties with the United States more widely available in foreign countries."

Since its foundation, the league has registered and published 3,338 international treaties in practically every known language. They are contained in 138 large volumes and are guarded in a fire-proof room.

Jack Dempsey Had Unusual Career as World Champion

Jack Dempsey, former heavyweight boxing champion of the world, who will referee the matches at the Elks Arena Friday night, as, according to the All-Sports record book, the best record of any fighter the game has ever known.

Here is his record compiled by Frank G. Menke, editor of the All-Sports:

Born June 24, 1895, Manassa, Colorado; real name William Harrison Dempsey; began fighting career around Utah and Colorado mining camps in 1914; weight then about 148; height, 6 feet 1 1/2 inches; weight in heavyweight prime 200; knocked Willard down 7 times in first round, battered him in second and third; Willard's seconds tossed in towel before fourth round began; lost title to Gene Tunney in Philadelphia, Sept. 23, 1926 on 10 round decision; announced retirement after second Tunney fight in Chicago, Sept., 1927.

From 1914 until 1919 Dempsey engaged in 61 fights, won 43 of them by knockouts; was never knocked out but once in entire career.

Statistical record: total matches, 69; won with kayo, 47; won decision, 7; won on foul, 1; no decisions, 5; draws, 4; lost decisions, 4; knocked one once.

As a gate attraction Dempsey was the best in any division of the fight game. In 5 fights after he became champion he drew a total of 454,800 paid admissions through the turnstiles.

In his fight with Willard, Dempsey received \$27,500. Exhibition with Billy Miske, \$55,000. Fight 187-194. Won heavyweight title with Bill Brennan, \$100,000. In from Jess Willard, July 4, 1919 in his battle with Georges Carpentier Toledo; knocked Willard down 7 times in first round, battered him in second and third; Willard's seconds

after 3 minutes and 58 seconds of fighting his end of the purse was \$470,000; or \$120,000 a fighting minute. First Tunney fight brought him \$711,868. After he lost his title to Tunney he fought Jack Sharkey in New York and netted \$350,711 for himself. As contender for his former championship Dempsey received \$425,000 in the second Tunney fight in Chicago.

Dempsey is now 39 years old and will never enter the ring again with the gloves on but will probably devote his entire time to his interest in Max Baer and the promotion of fights at Madison Square Garden.

Out of Town Guests At Cooking School

Another good crowd was present for the third day of the Happy Kitchen Cooking school, sponsored by the Ranger Times and a number of the Ranger merchants.

Beautiful Girls of Every Nationality Seen in 'Mandalay'

All the nationalities of Europe and Asia — with a sprinkling of Polynesia for good luck — are represented among the hundred or more beautiful and exotic women who throng the Polyglot Rangoon cafe in which take place some of the most dramatic scenes in the First National picture, "Mandalay" which comes to the Arcadia Theatre Sunday, with Kay Francis, Ricardo Cortez, Warner Oland and Lyle Talbot in the featured roles.

A dozen or more Chinese and Japanese girls are waitresses and attendants. The troupe of professional dancers who execute the stately, languorous Burmese dances for the edification of the guests are Malay. Among the women who constitute the chief attraction at Nick's place are English, French, Scotch, Swedish, Russian, German, Italian and Spanish girls.

Every European country is represented among the planters, business men, brokers, naval officers and diplomatic representatives who occupy the tables. There are Sikhs, Hindus, Afghans, Siamese and Cingalese strolling among the tables. And there are a few Americans.

Though their nationality has no direct bearing on the story, the birthplace of the principal actors in the sequence adds to the foreign atmosphere of the scene. Warner Oland, who plays Nick, the owner of the cafe, was born in Sweden. Rafaela Ottiano, The Countess, is a native of Genoa, Italy. Ricardo Cortez was born in Vienna, Austria. Kay Francis, the star, is the only native American of the four.

"Mandalay" is a thrilling romance of a beautiful Russian exile who is sold in virtual slavery to an Oriental resort keeper by the man she loves. Her escape and pursuit form some of the most exciting episodes imaginable. Michael Curtiz directed the picture from the screen play by Austin Parker and Charles Kenyon, based on the story by Paul Hervey Fox.

DOG CHANGED COLOR
CLEVELAND.—"Rags," a part Spitz, part Chow dog, whose hair was white, brown and black, disappeared from the home of Evan Dovalosky, and showed up several weeks later totally black and newly registered as a "black male collie." After testing the dye that was used, S. P. C. A. officers went after the temporary owner.

MOUNTAIN

Special Correspondent
Bill Morrow and family have returned from Cottle county where they were called to the bedside of Earl Creager, who has been seriously ill for a month. His condition is reported improved but still serious.

S. E. Carter had the misfortune to lose a considerable part of his household goods when his house came near burning down last week. It was not known how the fire started.

Bill Askew is having his entire ranch fenced, using the best of material. A crew of workmen has been on the job for more than a month. Mr. Askew kept cattle exclusively until a few years ago he began keeping sheep and now finds that sheep are more desirable than cattle. He recently purchased two fine registered rams and will build up his flock in quality as well as quantity.

Much corn is being planted here this week.

It is the opinion of some that the late freeze killed all fruit that was in the bloom.

HOUSE VOTES BILL TO CUT COTTON CROP

WASHINGTON, March 19.—The House today passed the Bankhead cotton control bill in the face of Republican warnings the measure marked the first step in efforts to regiment all American agriculture.

The bill limits the next marketable crop to 10,000,000 bales and places taxes on all cotton in excess of allotment which moves into state commerce.

The bill won by a majority of 251 to 114.

The tax imposed in the bill is collectable at the gin. If finally enacted, the bill would work out like this:

The agriculture department will work out state production quotas. The state in turn will make allotments to counties.

When the farmer receives his quota the county board gives him certificates exempting from taxation the amount of cotton allotted him.

After the crop is harvested, the farmer ships it to the gin and presents his tax exemption certificate. If he desires to gin more cotton than is called for by the certificate, he must pay a tax of 50 per cent of the market price.

The bill does not prohibit a farmer from growing any amount of cotton he sees fit, but before any cotton which is produced in excess of his quota can be ginned, the tax must be paid on the over production.

Strawberry Crop Is On Way to Market

GALVESTON—Galveston county's strawberry crop is beginning to move into local markets in increasing quantities. First ripe berries were reported about Christmas, but they have been few until the past several days. First quotations for the new crop were around \$3 a crate.

Mrs. Dr. A. K. Wier Is Buried Today In Local Cemetery

Funeral services for Mrs. Ellen Wier, wife of Dr. A. K. Wier of Ranger, were conducted from the Central Baptist Church of Ranger, of which she was an active member, at 3 o'clock Friday afternoon. Rev. H. H. Stephens, pastor of the church, conducted the services, assisted by the other pastors of Ranger. Interment was in Evergreen Cemetery following the services at the church.

Bro. Hamilton, who is singing at the revival at the First Baptist Church, sang a solo, "He Lives on High" at the services, which were attended by a large number of friends of the deceased. Songs by the choir included "Amazing Grace," "Asleep in Jesus," "There's a Fountain of Blood" and "Rock of Ages," all of which were favorite songs with Mrs. Wier.

The decedent was born in Mason county, Mississippi, Sept. 23, 1878 and moved to Texas when four years of age. She moved to Staff with her parents 42 years ago and had been a resident of the county since that time, moving to Ranger in 1905 when she was married to Dr. A. K. Wier of Ranger.

Survivors are her husband, one son Dr. D. T. Wier of St. Louis, who arrived last night for the funeral, one daughter, Miss Kenneth Wier and five brothers, all of whom were present at the time of her death.

Active pall bearers were F. D. Hicks, Roy Gilbreath, E. A. Ringold, O. T. Hazard, Floyd Killingsworth, Lloyd Bruce, Wallace Wagner and C. E. May.

League Debate Preliminaries Held In Eastland

Preliminaries of the Eastland county interscholastic league debate contest were held in Eastland Monday morning at the Eastland high school.

In the debates between the girls and boys teams of Cisco and Rising Star, Cisco won and thus automatically became the contestants against Eastland at the county meet this week, March 23 and 24.

JURY BRINGS IN VERDICT AT THIRD TRIAL

Counsel for Defense Notifies Court An Appeal Will Be Filed

BAIRD, Mar. 16.—Doy Arnold, accused of beating and stabbing his wife, Zelma to death at Breckenridge, was assessed the death penalty by a jury here today.

Arnold received the verdict stoically. He made no comment as he was led from the courtroom. The defense gave notice an appeal would be filed.

The trial was the third undergone by Arnold. The first resulted in a verdict of guilty and a death penalty. The verdict was reversed by the court of criminal appeals. The second trial resulted in a hung jury.

The case went to the jury yesterday afternoon.

At 7 a. m. the jurors filed into the courtroom with their verdict.

Eastland Boy Is Charged With Theft

Buster Bishop, held in the Stephens county jail, Saturday, confessed to having stolen some copper wire from the Texas Electric service company on two occasions, according to officers.

Bishop in his confession to District Attorney Ben J. Dean, Stephens county, also admitted stealing two cars in Breckenridge, one of which belonged to C. A. Martin, Eastland, the officers said.

Saturday Sheriff Morrow of Stephens county, accompanied by the manager of the Texas Electric Service company of Breckenridge, went to Fort Worth to return the stolen wire.

Wet Territory Now Spreading In Texas

AUSTIN.—Wet territory is continuing to expand through local option elections. Beer sale permit applications have come to the office of State Comptroller George Sheppard from 19 counties that were dry when the state beer law became effective last September.

Some of the 19 counties have voted to permit beer in all parts of the county; some have permitted sales only in particular cities, towns or precincts.

The added wet territory has been in Smith, Willacy, Freestone, Stonewall, Lipscomb, Maverick, Trinity, Terry, Calhoun, Hale, Eastland, Haskell, Runnels, Burnet, Childress, Young Nolan, Motley and Palo Pinto counties.

Beer was permitted in 1932 counties upon adoption of the beer amendment and beer act.

Holloway Elected Head of Oil Belt Education Assn.

At the meeting of the Oil Belt Education Association, held in Big Spring this past week-end, R. F. Holloway, superintendent of the Ranger High School and President of the Ranger Junior College, was elected president of the association for the coming year.

Mr. Holloway has been an active member of the association since its formation several years ago and his selection as president was decided upon by the educators in recognition of his faithful service to the association.

The meeting was attended by P. O. Hatley, principal of the Hodges Oak Park school, M. B. Hair, instructor in the high school, O. G. Lanier and R. F. Holloway, all of Ranger.

Automobile Drivers License Law Being Urged For Texas

DALLAS, Tex.—Movement for a statewide automobile drivers' license law is underway here.

Interest in the movement gained rapid momentum during arguments before the Dallas city council for passage of an ordinance to limit and regulate the speed of automobiles.

A resolution, urging the passage of state drivers' license law, was passed by the Dallas Chamber of Commerce during a recent meeting of the Accident and Prevention Association here.

Copies of the resolution were mailed to other chambers of commerce throughout the state to assist in promotion of the movement.

The document urged that some step be taken definitely to eliminate the "careless and indifferent attitude toward traffic regulations within the state."

Charles A. Miller, president of the Accident Prevention Association, said that the state-wide campaign for the drivers' license law would continue until something is done about it in the legislature.

Miller said that letters urging support of the project also were sent to more than 300 insurance agents in Texas.

He called attention to House Bill No. 20, which provided for licensing of automobile drivers.

The bill was tabled at the special session recently ended. It will not come up again for consideration until 1935.

"We are not advocating a bill," Miller said, "but instigating a campaign that will eventually bring about state-wide interest in the passage of House Bill No. 20."

Socialite Held In Kidnaping

Dr. Isaac Dee Kelley, wealthy throat specialist, Mrs. Nellie Muench, above, socially prominent wife of a St. Louis physician, is free under \$50,000 bond. Five men, three of them underworld characters, also were indicted for the abduction, staged in 1931.

Former Assistant City Secretary of Ranger Died Mon.

Word was received in Ranger on Monday morning of the death of Miss Mable Wood, formerly of Ranger and for the past year an employe of the Arrow Refining company of Fort Worth.

Death occurred in Mexia, where Miss Wood had been ill at the home of her sister for the past month. No details as to funeral arrangements were received in the message telling of her death.

Miss Wood was well known in Ranger, serving for five years as assistant city secretary. She resigned her position in the city office March 21, 1933, to accept the position in Fort Worth which she held until she became ill about a month ago.

J. A. Lash, Former Eastland Man Is Dead At Cisco

J. A. Lash, 63, of Cisco, passed away at his home in that city, Saturday, following an illness of a month.

The decedent left a widow, Mrs. Ida Lash, and daughters, his only children, Mrs. Florence (William) Graham of Dallas, and Mrs. Sarah (George C.) Cross of Eastland, and three grandchildren.

Funeral services were held this afternoon at 3:00 o'clock in the Presbyterian church in Cisco, with Rev. Pierce officiating.

Interment was in the Cisco cemetery. Many Eastland friends attended the services.

The late Mr. Lash lived in Eastland for a number of years, when he was associated with the States Oil Corporation.

He was a genial man and had a large circle of friends throughout the oil fields.

Senator Woodull Is A Candidate For Lieut. Governor

HOUSTON, March 21.—Senator Walter Woodull of Houston has formally announced his candidacy for the office of lieutenant governor, saying:

"I aspire to the honor of being lieutenant governor of this state. I was born in Texas and educated in her schools, including the university. I volunteered to serve in her national guard on the border in 1916 and served in the World War. I have been privileged to represent the people of Texas in both houses of the legislature and I believe I know the problems of the state.

"As the campaign progresses, I will discuss and give to the electorate my position on pertinent issues."

Senator Woodull has represented Harris county in the senate for the past six years and was unanimously elected president pro tempore at the last regular session. He was born in Laredo, Texas, and worked his way through the University of Texas. He led in the organization of Houston community chest, is active in the civic life of this city, and is one of the leading lawyers in this section of the state. Senator Woodull was elected state manager for the Garner-for-president forces in Texas and served in that capacity at the national democratic convention in Chicago.

Senator Woodull married Miss Ethel Eldridge of Sugarland in 1917 and they have one son. He is a member of and active in the South End Christian church of this city.

ENCOURAGE SILVER USE

NEWPORT BEACH, Calif.—To encourage the circulation of silver coins, merchants of this beach town give an extra 10 per cent in trade when silver dollars are used in making purchases. The municipal government payroll will also be entirely in silver which residents feel is an aid to mining and also keeps the money within the city.

CROP DAMAGE IS LARGE OVER STATE TODAY

DALLAS, Mar. 19.—A belated blast which brought sub-freezing temperatures to Texas over the week-end brought losses to farmers and stockmen, it was feared today as the mercury began an upward climb.

According to Victor Schoffelmayer, agricultural editor of the Dallas News, damage to commercial orchards in North and East Texas may have been averted by the dry fall which held back the growth of peach, plum and pear trees.

Degree of damage to commercial peach orchards may not be known for several days.

Early gardens were seriously hurt. Young corn was killed or badly hurt. Spring oats also suffered. Fall oats were badly hurt and cut back.

Panhandle wheat was blown out of the ground in many parts of that region and, unprotected by a sufficient blanket of snow, was hard hit by temperatures of 15 degrees or less.

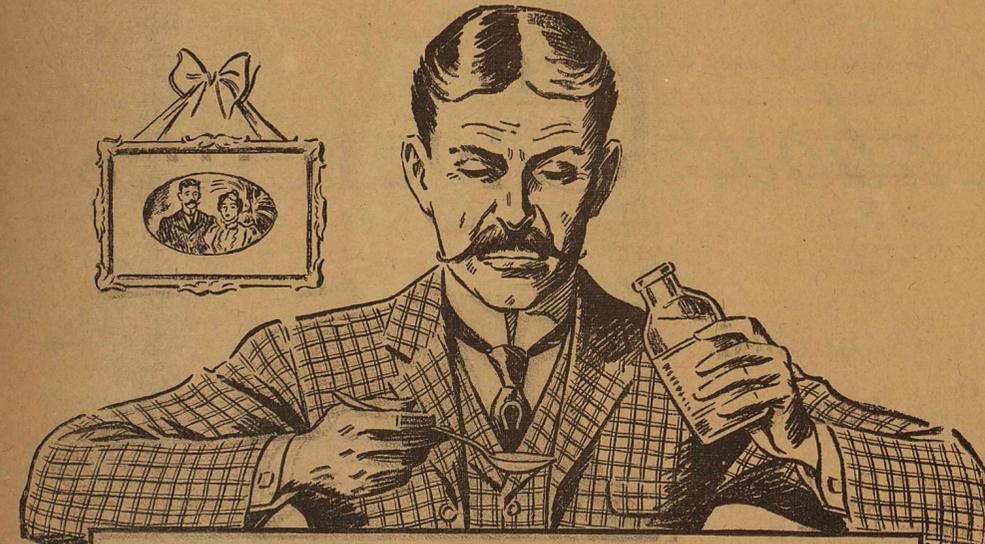

HARLINGEN, Mar. 19.—Frost in the lower Rio Grande Valley last night ruined half of the vegetable crop, it was estimated today. It will be several days before accurate figures are obtained.

County Meet Be Held Mar. 23-24

Final preparations are being made for the interscholastic league meet to be held in Eastland March 23 and 24.

It is estimated that over 1,500 will attend the meet.

It has been six years since a similar meet was held in Eastland.

It used to be sulphur and molasses but now it's delicious
Kellogg's ALL-BRAN

WILL you ever forget the sulphur and molasses "spring tonic"? But times have changed. Today, we know that much of the listlessness of spring days results from common constipation.

This condition can be corrected by including plenty of "bulk" with meals. So today, instead of getting an unpleasant "spring tonic," you go to your grocer's for a package of Kellogg's ALL-BRAN.

Two table-spoonfuls of this delicious cereal daily furnish the "bulk" needed to help promote regular habits.

ALL-BRAN also provides vitamin B, as well as a generous share of the iron you need in spring.

People who are really ill after the winter, of course, should consult their physicians. ALL-BRAN is simply recommended for common constipation—and is not a "cure-all."

The labels of bran cereals tell, now, whether they are all bran or only part bran. Get Kellogg's ALL-BRAN—and avoid disappointment! At all grocers. Made by Kellogg in Battle Creek.

Can constipation safely be relieved? "Yes!" say medical men. "Yes!" say the many thousands who have followed their advice and know.
You are not likely to cure your constipation with salts, pills, tablets or any of the habit-forming cathartics. But you can safely relieve this condition by gentle regulation with a suitable liquid laxative.

THE LIQUID TEST:
First: select a properly prepared liquid laxative. Second: take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.
Simple, isn't it? And it works! The right liquid laxative brings thorough bowel action without using force. An approved liquid laxative (one which is most widely used for both adults and children) is Dr. Caldwell's Syrup Pepsin. It is a doctor's prescription, and perfectly safe. Its laxative action is based on senna, a natural laxative; the dose can be measured, and the

Judge Garrett Is In The Race For County Judgeship

The people of Eastland county have been good to me. They have returned me to office on several occasions, for all of which I shall ever be deeply grateful. They have reposed a confidence in me which I appreciate beyond expression and in return for it all, I have earnestly and faithfully endeavored to render the county honest and efficient service, determined not to betray the confidence and trust placed in me. Believing that my past experience and my knowledge of this county's needs during these perilous times well qualify me to efficiently discharge the duties of county judge and because of my desire to render the county a real service and the further fact that many of our outstanding and substantial citizens have solicited me, I am announcing for re-election.

Believing our citizens should know what their public officials have done, I shall briefly mention a few things which, I feel, they are deeply interested in and in which I have had a small part.

Two years ago, together with other West Texas county judges, I worked faithfully to secure the passage of the law which sets aside one cent per gallon of the gasoline tax to be applied on the payment of our county road bonds, the proceeds of which went to the building of designated state highways, the result being that the state is paying all the interest on said bonds and 80 per cent of the principal, the one cent per gallon being insufficient to pay more than above amount, however, we are now working to the end that the state assume the entire amount and it is confidently hoped that this will be accomplished within the next year or two. The state has not assumed payment of any of the county's bonds, but merely agrees to participate for a period of two years, one and one-half of which have expired, into the proceeds of which went into the construction of "designated" state highways. An agreement has been reached by the state and county that of our outstanding bonds, \$2,000,000 were used in constructing state highways and the state agrees to participate in the payment of this amount as far as the gasoline tax will permit. The state's assumption of the above amount will mean the lifting of a terrible burden from our taxpayers and, if elected, I pledge my continued efforts along this line.

With other members of the commissioners' court, I have worked faithfully in an attempt to fairly and impartially equalize values for taxable purposes. Many corrections and adjustments have been made with the taxpayer when it appeared the circumstances justified same. This, also, shall continue to be my policy, if elected.

Since becoming county judge, due to reduction in values and tax rate, taxes have been reduced between 40 and 50 per cent. This can be verified by comparing tax receipts. Although the times have been distressing the last few years and many of our very best citizens have been unable to pay their taxes, Eastland county has been run on a cash basis, no juror, laborer or merchant having to carry script for their services or merchandise. While many of the cities and counties in Texas have been compelled to default in their obligations, Eastland county, because of the co-operation of its citizens, has promptly met every obligation, including principal and interest on bonds.

I have stood for lending every possible aid to the farmer, poultrymen, stockmen, sheep and goat raisers, and when they are helped everybody is benefitted—in that

even in the face of the fact that funds have been very short, the commissioners' court over which I preside, has, just as far as funds would permit and the law authorize, paid bounties on jack rabbits, wolves, wildcats and bobcats which are destroying crops, turkeys and chickens, goats and sheep, and is paying same now. We not only pay a portion of one government trapper's salary but also pay the local citizens a bounty.

Believing that I was elected to serve the entire county, I have earnestly co-operated with representatives from all parts of the county in working with the highway department, sparing no time and distance, on projects which would mean the appropriation of funds, employment of men or construction of more highways for the county. Feeling that the locating of highways through incorporated cities should be handled locally, never, at any time, have I interested myself in these matters. I firmly believe that my intimate acquaintance and friendly connection with the highway department has been and will continue to be worth much to Eastland county.

While jails over the state have been filled with insane people awaiting admission into our crowded state institutions, by earnest co-operation I have been successful in getting our county's insane promptly admitted, thereby relieving relatives of the terrible embarrassment of having their loved ones confined in jail. Likewise, I have been reasonably successful in getting admitted promptly to our various institutions those who were adjudged in my court to be tuberculars, epileptics and feeble-minded.

Concerning those of our county who have been extremely unfortunate from a financial and physical standpoint, I have tried to be very considerate and charitable and have had a part in seeing that many who were unable to provide it, had, not only food, clothing, shelter and medicine, but also hospitalization and surgical attention. In many instances emergency cases have been admitted to City-County hospital as well as private hospitals permitting reimbursement to county where charity would not be accepted. Some criticism has been made concerning some of above policies but in each instance I used my best judgment.

It will be my purpose to give during the campaign, a more detailed report of my stewardship and to see personally every voter possible. But in the meantime I most respectfully urge every voter to make a careful investigation concerning my official acts while serving you as county judge—an office which belongs to the people of Eastland county and not to those placed there by them.

Sincerely and earnestly soliciting your support and influence, solely upon my merits and qualifications, I am,

Very respectfully yours,
C. L. (Clyde) GARRETT.

Nutria Now Raised Successfully in U. S.

OLATHE, Kan. — James G. Manning, who imported the first nutria, or South American beaver, to this country, believes the demand for the animals' fur will result in numerous domestic breeding farms in the United States.

The nutria, unlike its North American cousin, does not indulge in tree cutting and dam building, but seems content to eat heartily of carrots, other vegetables and weeds, and swim about a tank.

The animals are easily raised, according to Manning, who now has 18. The original pair died recently. The adult male weighs about 25 pounds. They reproduce at the rate of about five litters every two years with from four to 11 young in a litter.

Car Registrations Above Last Year

AUSTIN, Tex.—New passenger car registrations in the 16 most populous counties of Texas totaled 3,237 in February against 1,851 in January and 1,793 in February, 1933, gains of 75 per cent and 81 per cent respectively, according to the University of Texas Bureau of Business Research.

Registrations for January and February combined totaled 5,088 against 4,281 during the corresponding period last year, a gain of 20 per cent.

The difficulties which many automobile companies had in getting their production schedules under way during January seem to have been largely overcome, and with the big back-log of orders which now prevails, registrations should continue to make highly favorable comparisons with the past three years, the Bureau's report said.

State Shoot to Be Held at Austin In June of This Year

AUSTIN, Tex.—Experts with firearms soon will be blasting away with practice shots for the annual pistol matches of the Texas State Rifle Association here June 9 and 10.

Charles Askins Jr., of the U. S. Border Patrol, will defend his 1933 title at the police pistol range in Zilker Park here. Askins won the championship last year by scoring 274 targets out of a possible 300.

The border patrolman's marksmanship was even more remarkable for the fact he is left-handed. Runner-up last year was R. Wilzewski, a private at Fort Bliss, El Paso, who scored 273. Don Nissen, San Antonio, was third with 272.

The big bore rifle tournament, usually held at Camp Mabry here, will be staged at Camp Bullis in San Antonio Sept. 13-16. Sergeant Umberger, 23rd Infantry, Fort Sam Houston, won the 1933 championship with 326 hits out of a possible 350.

Runnersup and possible 1934 champions were Gene Farren, Houston, 325, and Sergeant Huntington, 9th Infantry, Fort Sam Houston, 324.

Small bore riflemen will open fire in Fort Worth May 26 and 27 in an effort to wrest from Thurman Randle, Dallas, the title won last year with 1092 hits out of a possible 1100.

Randle is one of the most widely known marksmen in the middle west. Close behind in last year's tournament were Gene Farren, Houston, 1089, and R. C. Pope, Dallas, 1086.

New Local Manager Of Gas Company Is On Job In Ranger

R. B. Canfield, formerly merchandise man for the Texas-Louisiana Power company in the Central Texas division, has arrived in Ranger to take over the management of the Ranger office, to replace Olin Calvin, who resigned to take over the active management of the Cub Drug company at Olney, which he and J. B. St. Clair, now manager for the company at Olney, purchased last Thursday.

Mr. Calvin said he hated to leave Ranger, as he liked it here, but Olney was his home town where he owned some property and where he now owned a business and then he was going back there to take over his new duties as a business man of the town.

Mr. Canfield is not unknown in the West Central Texas division as he was for a number of years merchandising man at Breckenridge, where he and Calvin became friends. He has been with the company since 1928 when he was in the accounting department at Fort Worth, later going to Pecos and then to Kermit, where he gained first hand information on oil, gas and water in the Winkler field.

He later went to Breckenridge in the commercial department and then to Clifton, where he remained until accepting a position as manager of the Ranger office.

Mr. Canfield said today that he would go to Clifton this week-end and his wife would come back to Ranger with him to make their home as citizens of the town. While in Clifton he will oversee the shipment of his furniture to Ranger.

E. B. Cain, district manager from Breckenridge, was in Ranger this morning helping Mr. Canfield to become acquainted with his new duties. Mr. Calvin will remain in Ranger until the first of next week, helping the new manager to become accustomed to his new duties, after which he will move to Olney to make his home.

Repeal Will Be Only One Of The Changes on Ballot

AUSTIN.—Prohibition repeal will be only one of the several constitutional changes the regular session of the state legislature will be asked to pass on to popular vote in 1935.

A movement already has been put under way to authorize issuance of state bonds to be substituted for the numerous county and district road bond issues, in the retirement of which the state now is assisting.

James C. Tucker, executive secretary of the board of county and district road indebtedness, which handles the state's participation in bond retirement is sponsoring the state bond plan. Briefly it provides that instead of contributing to retire existing county and district bonds, the state shall issue enough new state bonds to retire them all at once.

Its advantage is that the average rate of interest on the outstanding district and county bonds is 5.1458 per cent. State bonds, Tucker says, can be floated at 4 per cent, if backed by an allocation of part of the state gasoline tax for bond retirement. The reduced interest, Tucker figures, would save \$2,200,000 a year. If the state bonds were sold at 4 1/2 per cent, he has calculated, the saving still would be \$1,200,000 a year over the present system.

A new tax plan also may be submitted to the people. It would permit allowance of a discount on payment of taxes in advance of the time they become delinquent. Besides being an incentive to tax payment, Senator John W. Hornsby, Austin, father of the plan, points out that it would distribute the tax collection work over months and so make unnecessary extra forces in tax collection offices during January.

Southwestern Oil Men Will Meet at Ft. Worth April 20

FORT WORTH.—Five hundred oil men from all sections of the Southwest are expected here April 20 and 21 for the spring meeting of the Southwestern District of the Production division of the American Petroleum Institute.

Stanley Thompson, chairman of the Chamber of Commerce oil and gas committee, and five general committees have started work on details of the two-day convention which has been set to fall on Texas Derby Day at Arlington Downs race track.

The visiting oil men will be the guests of the Fort Worth Chamber of Commerce at noon luncheon, April 21. A speaker of national prominence will discuss matters of primary interest to the industry, Thompson said.

Discussions of the petroleum NRA code and its application in the Southwest are scheduled as are papers and talks on various technical and practical subjects.

W. T. Doherty, Houston, is program chairman.

PENNSYLVANIA LEADS IN LEGION MEMBERSHIPS

PHILADELPHIA.—Pennsylvania has more American Legion members than any other state, it was announced by Otto P. Messner, state commander. The 217 posts have nearly 80,000 members. The state also leads in Sons of the American Legion charters with 132.

BIG DIPLOMAS PREFERRED

MORGANTOWN, W. Va.—A poll taken at the University of West Virginia here shows that

men prefer bigger diplomas than women. Two-thirds of the male candidates for degrees voted for the old wallpaper sheepskins, while all but four women wanted the newer, pocket-size ones.

ALASKA COMMERCE UP
JUNEAU, Alaska.—Alaska's

tal commerce for 1933 showed an increase of more than \$3,000,000 over 1932. Shipments in 1933 were valued at \$64,080,445, of which \$43,263,678 was outbound and \$20,826,267 inbound.

Practically untouched by human hands

WE'D like you to see Chesterfields made. We know you'd be impressed by the absolute cleanliness of our factories.

The tobaccos are the best that money can buy.

Expert chemists test for cleanliness and purity all materials used in any way in the manufacture of Chesterfield cigarettes.

The factories are modern throughout. Even the air is changed every 4 1/2 minutes.

When you smoke a Chesterfield you can be sure that there isn't a purer cigarette made.

In a letter to us an eminent scientist says: "Chesterfields are just as pure as the water you drink."

Inspectors examine Chesterfields as they come from the cigarette making machines and throw out any imperfect cigarettes.

NEGLECT OF COMMON CONSTIPATION IS A SERIOUS MATTER

Prevent This Condition with Kellogg's ALL-BRAN

The first question your doctor asks is whether you are constipated or not. He knows that this condition may cause headaches, loss of appetite and energy, sleeplessness. It is often the starting point of serious illness.

You can prevent and relieve common constipation so easily. Just eat a delicious cereal once a day. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" and vitamin B to aid regular habits. ALL-BRAN is also a rich source of blood-building iron.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the intestinal wastes.

Isn't this "cereal way" safer and far more pleasant than taking patent medicines—so often harmful? Two tablespoonsful of ALL-BRAN daily are usually sufficient. With each meal in chronic cases. If seriously ill, see your doctor—ALL-BRAN is not a "cure-all."

Enjoy ALL-BRAN as a cereal, or use in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

I have been using Dr. Miles Anti-Pain Pills for thirty years. No matter what kind of pain I have, they stop it almost instantly. Never without them in the house.

Mrs. Chas. W. Webb, Indio, Calif.

You're The Loser

WHEN you allow Headache, Neuralgia, Muscular, Rheumatic, Sciatic or Periodic Pains to keep you from work or pleasure. You can't go places and do things when you are suffering—and the work or good times won't wait for you.

Why allow Pain to rob you of Health, Friends, Happiness, Money?

DR. MILES ANTI-PAIN PILLS have been used for the relief of pain for more than forty years. They taste good, act quickly, do not upset the stomach, nor cause constipation, leave no dull, depressed feeling.

Thousands have used them for twenty, thirty, forty years, and still find that nothing else relieves pain so promptly and effectively.

Why don't you try them? Once you know how pleasant they are to take, how quickly and effectively they relieve, you won't want to go back to disagreeable, slow acting medicines.

You too may find quick relief. Why wait forty minutes for relief when Dr. Miles Anti-Pain Pills will relieve you in ten to twenty minutes?

As a household remedy I have never found anything that equaled Dr. Miles Anti-Pain Pills.

Mrs. Silas D. Keller, Penfield, Pa.

I never found anything that was so good to stop pain as Dr. Miles Anti-Pain Pills. I have told many about them and I find they are all using them.

Mrs. Martha Lacy, Davenport, Iowa

I have been using Dr. Miles Anti-Pain Pills for years. I keep them on hand all the time. I can certainly recommend them for pain.

Miss Audra Seybold, 241 W. 2nd St., Dayton, Ohio

Your Anti-Pain Pills have been a wonderful help to me. I have used them for three years and always keep them on hand.

Mrs. E. Pierce, Lapwai, Idaho

I have used quite a lot of Dr. Miles Anti-Pain Pills. They are fine pills to stop pain.

Sales Tax Goes Begging Among State Candidates

By GORDON K. SHEARER

AUSTIN, March 19.—The sales tax, hailed as a political panacea for state financial ills in the last campaign, goes begging for support among this year's candidates for governor.

C. C. McDonald, Ferguson-endorsed candidate, in his platform favors taxes on mortgages, on capital stock, on intangible assets and on labor-saving machinery, but omits the sales tax.

Tom Hunter mentions it in his campaign documents. He favors a sales tax only on articles brought into the state to compete with home-produced goods. How this sort of an interstate tariff will get by the federal constitution is not explained.

Maury Hughes and L. H. Middleton, Fort Worth contractor-candidate, both declare against the sales tax. They agree with President Roosevelt that the people with incomes less than \$2,000 a year do two-thirds of the country's buying. The sales tax would hit such people.

Strangely enough, the state income tax, once the rival of the sales tax for legislative favor, also lacks favor in the campaign.

Apparently taxation is in too hazy a condition to become the determining factor in the campaign.

Whether prohibition is or is not to be a leading issue is viewed differently by the candidates, themselves. Hughes says it is. "The influence of the next governor," he says, "will probably determine whether Texas is to become wet or remain dry." Hunter says the liquor question is not merely an issue for the race, but just an "ism" dragged out to divide the people.

Jimmie Allred and Edgar Witt both skinned it so lightly in initial announcements that they felt called upon to issue supplemental statements. Both favored leaving it to the people. Allred announced himself personally on the dry side and Witt said he would vote for repeal.

Edward K. Russell, Anona, has been announced as a bone dry candidate. While the issue seems to be having little consideration for the first primary, many believe it may become the deciding factor in the run-off primary, if a wet and a dry respectively get into the final race.

That a run-off will be required is almost sure. Some enthusiastic Allred supporters can be found who think he will win a majority of the first primary votes. If he does he will be the first democratic candidate for governor to do so since the party adopted the majority rule, except candidates for a second term.

Dan Moody made the nearest approach to winning in the first primary in an initial race for governor when he polled 409,732 out of a total of 821,234 votes cast. Both Moody and Pat M. Neff won their re-election nomination without a run-off primary.

For the first primary campaign, the candidates still seem to be "felling out" on issues. Allred started off with a strong slam at lobbyists and lobbyists. Hunter consigned bribe-givers and bribe-takers to the electric chair. Neither is likely to get open opposition for none is going to brand himself an

evil lobbyist, a briber or a bribe-taker.

Maury Hughes seized something more tangible to attack as an opener. He delivered his first "sneak" of the campaign at the state ranger force. If he becomes governor it will be either taken "out of politics" or be abolished, he announced.

Issues will become defined as the candidates get on the stump and get a reaction from their hearers. McDonald will "open" at Bonham when it gets "warm in April," meaning probably San Jacinto day. Allred will open at Bowie but has not set the day. Others are also expected to be on the stump by May.

Frat Pledge Pin Clue to Robbery

OXFORD, Ohio.—A fraternity pledge pin, left on the coat of a fleeing student, has solved the mysterious disappearance of old and valuable books from the Miami university library here.

The student's confession came after all pledges of the fraternity were asked to produce their pledge pins. All did so except the one man, according to authorities. Some 100 books on various subjects have been stolen. Practically all were recovered from the student's room, along with letters he had written to second-hand book dealers in various cities.

ELECTION ORDER

Be it ordered by the Board of Trustees of the Ranger Independent School District that an election be held at the City Hall, in the Town of Ranger, in said Ranger Independent School District on the 7th day of April, 1934, for the purpose of electing two School Trustees for said Ranger Independent School District. G. D. Chastain is hereby appointed manager of said election, and he shall select two judges and two clerks to assist him in holding the same and said election shall be held in the manner prescribed by law for holding other elections.

The returns of said election shall be made to the Board of Trustees of said Independent School District in accordance with law. A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law.

In testimony whereof, witness the signatures of the President and Secretary of said Ranger Independent School District and the seal thereof hereunto affixed, this 14th day of March, 1934. L. H. Flewellen, president of board of trustees, Ranger Independent School District. Attest: R. S. Balch, Secretary of Board of Trustees, Ranger Independent School District.

For Hard Coughs or Colds that Worry You

Creomulsion is made to give supreme help for coughs or colds. It combines seven helps in one—the best helps known to science. It is for quick relief, for safety. But careful people, more and more, use it for every cough that starts. No one knows where a cough may lead. No one can tell which factor will do most. That depends on the type of cold. Creomulsion costs a little more than lesser helps. But it means the utmost help. And it costs you nothing if it fails to bring the quick relief you seek. Your druggist guarantees it. Use it for safety's sake. (adv.)

Federal Credit Bank Rediscount Rate Is Now Lowest Ever

HOUSTON.—The Federal Intermediate Credit Bank of Houston has fixed its discount rate effective March 16, 1934, at 2 1/2 per cent per annum, it was announced here Friday by Dwight P. Reordan, president of the Federal Intermediate Credit bank. The new discount rate of 2 1/2 per cent is the lowest rate charged by the bank since its organization June 19, 1923. Since Dec. 19, 1932, the rate had been 3 per cent per annum.

Mr. Reordan explained that these rates of discount are governed by the interest rate paid by the bank on its debentures and the favorable market for these securities is due to the recognition by investors of the fact that the Intermediate Credit Bank system has during its more than ten years existence been conducted along sound business lines.

"The Federal Intermediate Credit bank does not make loans directly to individual farmers and stockmen but extends credit to financing institutions, which make loans for agricultural and livestock production purposes, such as production credit associations, State and national banks, livestock loan companies, and agricultural credit corporations. This bank also makes direct loans to farmers' cooperative marketing and purchasing associations on the security of warehouse receipts or shipping documents covering staple agricultural commodities. The rate of interest which a credit institution may charge the farmer or stockman on a note discounted with the federal Intermediate Credit bank may not

exceed the bank's current discount rate by more than 3 per cent per annum. While the new discount rate of the bank is in effect the maximum interest rate to the farmers and stockmen will be 5 1/2 per cent per annum," Mr. Reordan said.

At the close of business Thursday, the Federal Intermediate Credit Bank of Houston had outstanding loans and discounts totaling approximately \$22,000,000.

RANGER IN 1923

After hectic years like 1919 to 1922, this was a rather quiet year in Ranger, though New Years celebrators caused a near riot in which the police and fire departments had to cooperate in dispelling mobs that wanted to have Roman candle fights on Main street and which started several bonfires on the streets. The next day acting police Chief Hammet resigned and the county judge called a recall election for the entire city commission, though it was apparently never held.

On Jan. 4 the commissioner court revoked the action declaring the highways, which had been built with much controversy, completed. Jan. 7 Chestnut & Smith announced they would their fifth casinghead gasoline plant. Two days later the Nash hotel burned and three were slightly injured in the blaze.

On Jan. 17 the firemen threatened to strike when Jake Friedman resigned. Jan. 28 B. F. Bennett was elected secretary of the chamber of commerce. On Feb. 1 four business houses on Rusk and Main streets burned and Feb. 3 a police report showed that fewer crimes were being committed and fewer arrests made.

Feb. 8 a community market for farmers was planned and much interest was being taken in agriculture, which had been neglected during the boom. March 14 George T. Hemingway resigned as city secretary and A. E. Ringold was appointed to his place on April 18, serving until Sept. 16. On April 2 R. H. Hodges was elected mayor on the Greater Ranger ticket. April 15 the First Methodist church auditorium was opened.

April 25 L. H. Flewellen offered a draft of an ordinance to keep youths under 18 off the streets after 9 o'clock. May 11 the Central Baptist church burned to the ground and on Dec. 24 the church announced purchase of the brick building on the corner of Pine and Commerce.

May 21 the marathon dance craze started and a so-called world record was set by W. E. McMillin. June 1, fire threatened the Young school for the third or fourth time. June 20 Roger Fenlaw, Justice of peace, drowned while hunting at Longview and June 24 Luther Davenport drowned in Olden Lake.

June 26 contract was let for the Merriman school building and July 5 the city purchased the site of the city hall. July 6 the Lone Star Gas company announced building of three plants and by Aug. 2 the city hall was occupied, though not completed.

Sept. 3 four men were killed in a blast at the Bob Hansford parking lot and Oct. 29 C & S Plant 108 was swept by fire. Nov. 8 the J. M. White store was burglarized and Nov. 18 four were arrested on an automobile insurance swindle. Nov. 22 the waterworks plant was appraised at \$157,628 and Dec. 5, \$170,000 in bonds for its purchase was urged.

By Dec. 30 drilling of several shallow wells near Ranger was contemplated a new drilling activity was forecast.

P.C.A. Loans Will Carry the Lowest Interest in History

HOUSTON.—Beginning March 16 and until further notice farmers and stockmen throughout the entire State of Texas securing production loans through the 50 Production Credit associations which were recently established and embrace every county in the State, will have the benefit of what is probably the lowest rate of interest in the history of Texas agriculture, it was announced here Friday by Tully C. Garner, president of the Production Credit Corporation of Houston. The Production Credit Corporation provides the initial capital of production credit associations and supervises the organization and operation of these associations.

In referring to the low interest rates now available, Mr. Garner said: "The Production Credit associations were recently set-up to give the farmers and stockmen of Texas a reservoir of credit in good times and bad times at a low rate of interest. Up to the present, the rate of interest had been 6 per cent per annum, now the discount rate of the Federal Intermediate Credit bank has been lowered so that the associations can make loans to the farmers and stockmen at 5 1/2 per cent interest. This is probably the lowest rate that has ever been available to Texas farmers."

Mr. Garner pointed out that many applications for loans were being received daily by secretary-treasurers of the local production credit associations throughout Texas. The latest reports received by the corporation at Houston indicate that approximately 9,000 applications for crop and livestock production loans amounting to \$2,900,000,000 have been made to the associations.

Delinquent Taxes One-Third of All Tax Values of 1885

AUSTIN, March 23.—A startling sidelight of the present state-wide delinquent tax education campaign sponsored by the Texas Junior Chamber of Commerce was revealed today through a cursory examination of the tax records of 50 years ago now filed in the archives at the state capitol here.

The amount of delinquent taxes now on the tax rolls over Texas amounts to approximately \$120,000,000 and is one-third of the entire assessed value of all Texas property 50 years ago according to the records. The total value of all property assessed in 1885 was only \$603,000,000.

Fifty years ago, according to Victor Bouldin of Mineral Wells, chairman of the Junior Chamber tax educational committee, Texas property owners were already beginning to let the payment of their taxes lag at that time being behind in their payments the comparatively small sum of \$30,000. And strange to say up to this good day that same \$30,000 is still owed the state.

"These records reveal a strange condition of the human mind. Once a man gets behind he stays there unless pushed by the tax collectors. As the years rolled by the delinquent tax rolls grew slowly at first but rapidly and frenziedly during the last few years, piling up millions upon millions of unpaid debts to the state by property owners from every section of Texas. And today Texas property owners are past due their state in the payment of \$120,000,000 in property taxes and some \$80,000,000 to other governmental branches."

The campaign of delinquent tax education was inaugurated by the Texas Junior Chamber of Commerce with the idea of encouraging those who can pay up old taxes. This, the campaign committee pointed out, would make it easier on the person who pays his taxes regularly and have the effect of stopping future additional levies by the legislature.

"Unless a good portion of the delinquent taxes are paid up soon, it appears inevitable that the legislature will saddle us with greater burdens in the attempt to make up the deficit," Mr. Bouldin said. "This will do nothing but make it still harder on the citizens who believe in our state and local government sufficiently to pay their just share of the operating costs."

Reports from various parts of the state show that a number of tax collectors have started advertising campaigns in the daily and weekly newspapers to tie in with the state-wide program of the Junior Chamber. Radio talks, luncheon club speeches, and widespread newspaper publicity through the other mediums through which the public is being urged to pay delinquent taxes.

Girls, beware of falling in love with men who have flat heads, says a British woman surgeon. Better fat heads than flat heads, eh?

Lumber Production Above that of 1933

AUSTIN.—Reports from the Southern Pine association for February show that average weekly production per unit of lumber during that month totaled 204,190 board feet, against 181,717 in January and 160,981 in February, 1933, gains of 12.4 and 25.8 per cent respectively, according to the University of Texas Bureau of Business Research. Average weekly shipments per unit of 180,228 board feet exceeded by 16.5 per cent the 154,714 board feet of January and 7.7 per cent the 167,316 board feet of February last year. Average unfilled orders per unit amounted to 660,036 board feet, against 580,718 in January, a gain of 13.7 per cent, and exceeded the 450,561 board feet of February, 1933, by 46.5 per cent.

First 1934 Cotton Checks Sent Out To the Producers

WASHINGTON, March 20.—The first rental payments under 1934-35 cotton reduction contracts were made today, when checks totaling \$1,609,169 were mailed to 38 cotton producers of Tallapoosa county, Georgia. This represents the first installment of a total of \$4,137,800 which will be paid to these producers for this year's acreage reduction.

The checks initiated distribution of approximately \$100,000,000 rental payments which will be made in two installments. In addition to these rental payments which cotton producers will receive for curtailing acreage this year, a parity payment of between \$25,000,000 and \$30,000,000 will be distributed in next December. The total rental payments a producer receives under the cotton adjustment contract is 3 1/2 cents per pound of lint cotton produced on the average acre of his base, multiplied by the number of acres he rents to the secretary of agriculture under his contract.

Distribution of the first installment of rental payments, which represents half of the total, is expected to be completed by April 30. The second installment will be distributed between Aug. 1 and Sept. 30.

The estimated acreage rented under all 1934-35 contracts that had been signed on March 14 totaled 15,152,659 acres, Cully A. Cobb, chief of the cotton section, announced today. This is 38.19 per cent of the base acreage of contracting producers, whose acreage remaining in production will total 24,276,725 acres.

The total number of contracts that had been signed on March 14 was 945,030. Of this number 760,780 had been approved by the community and county committees by that date, and 184,250 were awaiting approval.

The agricultural adjustment administration expects cotton checks to be going out in volume by the latter part of March. Contracts signed in the 956 counties participating in the cotton adjustment program are first tabulated and sent to a state examining board for statistical review and approval. If adjustments are required, these adjustments are made by the local production control associations, the adjustments are checked by the state board and the contracts forwarded to Washington for review and approval for payment.

Mr. Cobb stated today that the machinery for disbursing the checks to contracting producers was complete and the rapidly with which checks were distributed would depend, in a large degree, upon the promptness with which the approved contracts were received in Washington.

WALTHAM TO AID NEEDY WALTHAM, Mass.—"Share-a-meal" is this city's slogan for helping the needy. The plan is to install baskets in all provision stores in Waltham. Customers are urged to deposit portions of their purchases as they leave. Storekeepers also are asked to contribute.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25¢ at drug stores. ©1931 C. M. Co.

Additional Seats Being Added For Elk Dempsey Card

Additional seats are being added in anticipation of the large crowd Friday night when Jack Dempsey makes a personal appearance at the Elks Arena.

Dempsey will arrive about the time the show starts and will leave as soon as the card is over for Hollywood. This will be his only appearance in West Texas and fans are advised to get their tickets early to see this greatest of all fighters.

According to the record book The Mauler has the best record of any man that ever stepped into the ring. In his eighty fights he has fifty-two knockouts. After becoming champion he earned in actual purses close to three million dollars. In his fight with Firpo, which lasted three minutes, he received one hundred and twenty thousand dollars a fighting minute.

Plans to Remove Surplus Cattle to Be Talked at Meet

SAN ANTONIO, Tex.—Plans to remove surplus cattle from a harassed market will be discussed at the 58th annual convention of Texas and Southwestern Cattle Raisers' Association here beginning March 20.

Marketing methods, import duties on beef and by-products, and the effect of taxes upon the cattle empires of the Southwest are other topics due consideration, according to E. B. Spiller, secretary of the association.

Speying heifer calves in order to control production on the range is one of the most prominently mentioned plans due the attention of cattlemen. Owners of limited herds and of purebred animals have objected to the plan as working hardships on them.

Cattlemen from Oklahoma, New Mexico and Texas are expected to assemble here for the meeting. Dolph Briscoe, Uvalde, will preside over the convention.

Panhandle cattlemen are expected to support W. T. Coble, Amarillo, now first vice-president, for election as Briscoe's successor.

Report Shows Air Travel Is Safe

KANSAS CITY, Mo.—An index to the increasing safety of air travel was contained in the annual report of Roy C. Farrell, manager of the Kansas City municipal airport.

The report showed that 42,859 passengers embarked or disembarked from planes at the airport in 1933 without any accidents.

With a total of 19,198 landings and 18,240 takeoffs, only two serious accidents and one fatality occurred, according to the report. Total poundage of mail carried at the airport showed a decrease. The poundage totaled 379,785, a decrease of 78,039 pounds under 1932.

Total passenger business, including commercial transport and army operations, showed a gain of 5,520 for the year, bringing the 1933 total to 51,056. Despite restricted military flying, a total of 1,553 army flyers used the airport in 1933.

MANY IDEAS OF FIRST LADY NOW IN ACTION

By RUBY A. BLACK

United Press Staff Correspondent WASHINGTON.—A year ago Mrs. Franklin D. Roosevelt entered the White House, expressed the hope that she would find some time to read, and indicated that she would relinquish her public activities, although she might find some "not strictly political" things to do and say.

During that year she has seen many of her dreams come true—but not the one about time for reading.

She has traveled from coast to coast in airplanes and now she is going even farther, to Puerto Rico and the Virgin Islands, across a part of the Caribbean Sea, to learn about other spots where the Stars and Stripes fly. She made a 4,000-mile motor trip through New England and Canada, and visited the South, the Middle West, the Far West, and "Down East" Maine.

From all these trips she has returned and told government officials, from the President down, pertinent facts about the country and the people. Many of these facts have guided government action.

She can, she carefully says, merely co-operate with government officials. Since, however, they seek her information and suggestions, many of her ideas have been translated into action.

Disclaims Credit Here are some of the dreams she has seen come true in the last year:

Child labor has been almost abolished. (She won't admit she had anything to do with it.)

Women are guaranteed equal pay for equal work in NRA codes, because she discussed the question with Recovery Administrator Hugh S. Johnson.

Undernourished children in the District of Columbia are being fed milk and fresh vegetables at lunch because she suspected that a special "show" was put on when she visited the lunch rooms, and later made an unannounced visit which revealed the truth.

All over the country, subsistence homesteads are being developed with government loans because she and Mr. Roosevelt had long dreamed of decentralizing industry, aiding people in living in sunshine and fresh air where they can grow their vegetables and obtain their cash income from factory work. Mrs. Roosevelt has a large part in all these projects, particularly in the first, at Reidsville, W. Va., which she has visited five times and which was started first because she took time to go and inspect the groundwork, already laid by other agencies, and insist that as soon as possible these stranded unemployed miners be given an opportunity to make their livings again.

The homes being built on these farm-factory projects are to have plumbing and electricity.

Jobless women were given equitable consideration in CWA projects because Mrs. Roosevelt was interested.

Unemployed artists—painters, sculptors, actors, musicians—got CWA jobs because she called at-

ention to the fact that something had been done to nearly every other group of workers except them.

Takes Active Part She has humanized the White House. More people—ordinary people—have seen the second floor than ever saw it before. She has made it the Roosevelt family home, and yet has admitted the people to it. She has made even the formal functions seem as if they were parties she was interested in giving. She invites many people to lunch and dinner with her. She gives informal parties.

Decides Liquor Problem An issue Mrs. Roosevelt had to confront which has not bothered "First Ladies" for many administrations was that of serving legal alcoholic beverages in the White House. When beer was legalized, Mrs. Roosevelt issued a formal statement that beer would not be barred from the White House, although she herself did not drink alcoholic beverages. When other liquor was legalized, she issued a statement that no distilled liquors would be served in the White House; and that wine, when served, would be simple, with American wines preferred.

Mrs. Roosevelt's activities have constantly increased in scope during her year in the White House. It took about a year to make her act as freely as she did before March 4, 1933.

On Feb. 19, Mrs. Roosevelt's name entered into debate in the Senate, in connection with the successful fight in the Senate to strike out the appropriation bill rider which the House of Representatives adopted to prevent the purchase of postoffice equipment from the Reidsville factory. Senator M. M. Neely, (Dem., W. Va.), answering critics of the project, who wanted to know if the government intended to build factories for other unemployed people said:

"If their suffering were as great as that of the West Virginia coal miners has been, the Senator from West Virginia would favor any plan to relieve them that Mrs. Roosevelt or anyone else of unobstructed vision and unerring judgment might propose."

Political Announcements

This paper is authorized to announce the following candidates for office, subject to the Democratic Primary Election in July, 1934:

For County Judge: W. D. R. OWEN, CLYDE L. GARRETT

For County Superintendent: CLAIBORNE ELDRIDGE

For County Treasurer: JOHN WHITE

For Commissioner, Precinct No. 1: HENRY DAVENPORT

Whose Fault?

When Children Get Bad Reports in School

Poor marks in school are often due to a child's physical condition. No child can study with a sluggish system. Sluggishness actually dulls the senses; it dulls the brightest mind. Before you can blame the child—or his teacher—you must be sure you are not sending a badly clogged child to school. Don't wait for a badly coated tongue, headaches, and poor appetite to tell you a child's bowels need help! The laxative action of the senna in this fruity syrup is enough. There's a way to insure their regularity; see next column:  Get pure California Syrup of Figs.
