Subscription Rate \$1.00 Per Year, Payable in Advance

CALIFORNIA FARMERS TURN TO FLAX SEED

A dispatch from Los Angeles reports that California farmers have found that flax seed will yield about the same as half a bale of cotton to the acre, and they are said to be going to it in droves to make up for acreage reduction along other lines, chiefly on irrigated land formerly planted to truck crops and alfalfa. Imperial Valley farmers harvested only 300 acres of flax last spring. This spring they are harvesting 11,500 acres and this fall they expect to plant 60,000 acres. The yield runs around 20 bushels to the acre, and the present price is around \$1.70 per bushel. California mills last year used 425,000 to 500,000 bushels of flax seed—"imported flax seed." This year the home crop now being harvested will yield enough to supply about half the California demand and still give enough planting seed to care for the more than quadrupled acreage planned for next fall. In normal times the United States crushes about 40,000,000 bushels of flax seed, "only half of which is grown in the United States." A code of fair competition for the linseed oil industry, for which flax seed is the principal raw material, became effective April 30—this year.

In civic work, some people sit around and find fault with those who work.

You see. If Californians hadn't made Japan mad, she might have let them have a few battleships.

When you are in doubt, look carefully before you leap.

"It can be done" is a good slogan.

California Scientist To Create Coldest Spot In the World

BERKELEY, Cal.—With the aid of liquid hydrogen University of California scientists are attempting to obtain the lowest temperature ever recorded. This would be a temperature within 500th of a degree of absolute zero, 272.95 degrees centigrade.

When Gabriel Daniel Fahrenheit mixed snow and salt together back in the 18th century, he believed he had found the lowest temperature possible. This he confidently recorded as zero on the first thermometer.

Today the university chemistry department has several quarts of liquid hydrogen in the "ice box" which will boil if it gets within 200 degrees under Fahrenheit's temperature.

W. F. Giaque, associate professor of chemistry, who is conducting the experiments, liquefied hydrogen by using liquid air and the refrigerator principle, similar to the ammonia pipe system used in ice boxes.

Giaque plans to use the liquid hydrogen as the "ammonia" in creating the coldest spot ever known to exist.

An electric thermometer will record the temperature as it decreases. When absolute zero is reached, the fine copper wire coiled in the "cold spot" will have no electrical resistance.

Absolute zero is defined as the temperature at which all molecular activity ceases. When this occurs there is nothing to oppose the free passing of electricity.

Crickett Warfare To Save Crops

WASHINGTON.—The federal government will launch an intensive campaign against the Mormon cricket, Dr. P. N. Annand of the bureau of entomology has announced.

This pest, according to the bureau, drove many early western settlers from their homesteads and still causes heavy crop losses, especially in the northern Rocky Mountain region.

Dr. Annand said that unless the crickets be poisoned before they migrate from uncultivated areas on Indian reservations and in national forests, where millions of eggs survived the winter, they would ravish cultivated lands.

Government experts will direct the campaign and supply materials and equipment. Dusting young crickets in the hatching region with powdered calcium arsenate and hydrated lime was prescribed by Dr. Annand as the best method of destruction.

The crickets got their name, it was said, from the fact that their first recorded appearance was in the Great Salt Lake basin in Utah, where they overran the first fields planted by the Mormons. White gulls came to the rescue and devoured the insects before they had completely destroyed the crops. A monument inside the gates of the temple grounds in Salt Lake City commemorates the timely arrival of the birds.

Mormon crickets, according to the bureau, usually migrate in bands varying from the size of a city block to a square mile or more. These bands are very dense, often with 100 to 500 crickets per square foot. From the time they hatch in the spring until they disappear in the fall, the crickets are almost constantly in motion. A band of them once entered an open-air dance pavilion and advanced across the polished floor. Their crushed bodies soon made the place so unpleasant that the dancers left.

They have cannibalistic tendencies and eat their brothers who have become handicapped by the loss of a leg or some other injury.

SON IS BORN

Mr. and Mrs. J. B. Barnett are the proud parents of a seven-pound baby boy, born Wednesday night at 12 o'clock at City-County hospital. "Barney" has been passing the cigars all day and says mother and son are doing splendidly. Mr. Barnett is an employee of J. C. Penney company.

GEORGIA REVENUES

ATLANTA, Ga.—Revenues collected by the State of Georgia are \$1,500,000 greater for the first four months of 1934 than for a similar period in 1933. State auditor Tom Wisdom announced. The greatest gains are shown in the fuel oil taxes, the motor vehicle license fees, and the state income taxes.

MINERS ENTOMBED

MONS, Belgium, May 16.—42 or more men were killed by a terrific explosion in a coal mine near here, it was officially estimated today. Forty bodies had been brought to the surface.

MEXICO, Mo.—The Seneker family is noted for its longevity. When Mrs. N. S. Seneker, 87, died, she was survived by four sisters ranging in age from 76 to 97 and three brothers from 68 to 74 years old.

THIS CURIOUS WORLD By William Ferguson

PETER JEFFERSON, FATHER OF THOMAS, BOUGHT 200 ACRES OF VIRGINIA LAND FOR A BOWL OF PUNCH!

THE curious disease of ailurophobia will cause strong men and women to faint at the sight of a cat... even a small kitten. Some persons are thrown into convulsions. The mere mention of a cat is enough to strike fear into the heart of some sufferers. The malady is not uncommon.

Group Named to Adjust Complaints In the Cotton Belt

WASHINGTON.—Eight district agents from the Extension Service in eight States of the Cotton Belt, have been designated to work as field men with the Agricultural Adjustment Administration to investigate and adjust all complaints violations and misunderstandings under the cotton adjustment contracts, it was announced today by the Agricultural Adjustment Administration.

A conference of these eight men with officials of the Agricultural Adjustment Administration terminated today. The agents who will serve as field men, until the investigation work is completed, are: W. J. Green, Stillwater, Okla.; C. C. Randall, Little Rock, Ark.; C. C. Smith, Greenwood, Miss.; J. G. Oliver, Athens, Ga.; E. W. Gaither, Raleigh, N. C.; Judd Brook, Jackson, Tenn.; C. W. Davis, Baton Rouge, La.; A. H. Ward, Aiken, S. C.

J. Phil Campbell, of the Administration's planning division, has been designated by Chester C. Davis, administrator of the Agricultural Adjustment Act, to direct this work. In announcing the policy to be followed by the field workers, Mr. Davis made the following statement:

"It is recognized that landowners, landlords and tenants as a whole have cooperated unselfishly in connection with the cotton adjustment program, and that county agents and county committees in their efforts to carry out the program fairly and effectively. However, in a very small percentage of cases, considering that almost a million contracts have been signed, complaints have been received that persons have adopted one means or another in an effort to take an unfair advantage.

"The vast majority of the farmers, who are living up to the contract, object to the few who are not abiding by the contract and desire adjustment of these cases. We have set up this special organization to take prompt and definite action toward investigating such complaints and bringing about necessary corrections.

"The cotton adjustment contract and the regulations in reference to it have been formulated on a basis considered fair and equitable to landowners and to tenants, and the Administration has a definite obligation to see that landlords, share croppers, share tenants, cash tenants, and managing share tenants shall actually receive the portion of benefits as specified in the contract. It is not the purpose of the Adjustment Administration to interfere with the usual and normal relationships and tenure arrangements between landlords and their tenants, as these are governed by established practices and by State laws.

"Insofar as possible, the field workers will, in every case, ascertain the facts and make a particular effort to bring about an adjustment or agreement, which will be mutually satisfactory and fair to all parties concerned."

During the past three days, according to Mr. Campbell, the field workers have examined the files of the cotton section, and have taken for investigation every complaint directly or indirectly arising from the operation of the cotton adjustment program.

The field men will be each detailed to first visit certain States, and counties within the States, taking with them all of the justifiable complaints which have been assigned them in Washington. In visiting the State, they will report to State directors of Extension to discuss the plan of procedure, and will then visit counties and work with county cotton adjustment committees and county agents in determining the facts and adjusting the difficulties.

NEGRO COOK GIVEN DIPLOMA

FARMVILLE, Va.—In recognition of his 50 years of service as State Teachers College here, Philip Ward, negro head cook, has been presented a diploma. He is the only employe who has been with the college constantly since it was founded.

Champagne and Soft Drinks Rate High With Vets

PARIS.—Champagne and soft drinks—not hard liquors—are the favorite drinks of the American Legionnaires.

Running down a rumor that this particular group of Americans was a "vulgar bunch of drunken bums," reveals that the Legion's bar here, drinks as follows—and these figures are based on one year of operation:

Champagne—costing 28 cents at present a big glass, is the favorite drink, being consumed by 50 per cent of the customers.

Next in popularity comes soft drinks consumed by 25 per cent of the customers.

Beer is third, with 15 per cent.

As regards the remaining 10 per cent, it is divided between French aperitifs, tomato juice cocktails, ginger ale, mineral water, whisky and brandy.

Cocktails, gin fizzes, and whiskies have been losing ground consistently at this bar for a year, while champagne and lighter liquors have been gaining. No attempt, however, is made to regulate the drinking habits of customers here, every man drinks what pleases him whether it is whisky or coca-cola, Benedictine or Vichy water. The only beverages not for sale are absinthe substitutes.

Most of the Legionnaires residing here are married to French women, and in their Franco-American homes, where wine is served event to the children as a matter of course, they have absorbed the principles of French drinking.

FOUR LEGGED CHICKEN HATCHED IN KANSAS

ATCHINSON, Kan.—Added to the host of oddities produced in Kansas is the four-legged chicken that has hatched at the Berry brothers hatchery here. It has two extra legs and feet which are perfectly formed, but drag behind the two regular legs.

ANCIENT BIBLE IN BOOKSHOP

TORONTO, Ont.—A Bible printed in 1613, thought to be one of the oldest in existence in Canada, has been found in a second-hand bookshop here. It contains the Order of Common Prayer, the historic John Speed Biblical genealogy and map of the Holy Land, and a series of woodcuts with explanatory texts.

TURK CONVICTS LECTURED

ISTANBUL.—Lectures on the principles of the Turkish Republic are being delivered to 300 convicts in an Anatolian penitentiary. It has been found that their conduct has been improving in consequence of the lectures.

SALEM

Special Correspondent

There was a large crowd out at the Mother's Day program. Marvin Sparger of Albany spent Saturday night and Sunday with his parents, Mr. and Mrs. W. H. Sparger.

Tobe Johnson took dinner with Mr. and Mrs. Otto Beaver Sunday. Mr. and Mrs. Wesley Dunlap of Mangum and his father spent Sunday with Roy Dunlap and family. Mr. and Mrs. Ila Redwine took dinner with Bro. Rippetoe and family Sunday.

Mr. and Mrs. Henry Dunlap spent Sunday with Roy Dunlap. Mrs. John Ivy and children of Ranger visited her parents Sunday and attended the Mother's Day program.

Several from this community attended the singing at Alameda Sunday night.

Furlie and Elmon Wayland and Red Morris of the Jakehamon community attended the program and visited with Ila Redwine and family Sunday.

Next Sunday night is our regular singing night. Everyone is invited.

The farmers of this community are very busy planting peanuts. We had a large crowd out at

FIRST PRESBYTERIAN CHURCH

L. B. Gray, Pastor

Sunday school, 9:45 a. m.; S. B. Baker, superintendent.

Morning worship, 11 a. m. "What About Capernaum?" will be discussed by the pastor.

Evening worship, 8 p. m. "Young People, Right or Wrong?" topic of evening discourse.

Christian Endeavor, 7 p. m. A very fine meeting last Sunday, and the promise of a better one at next session.

Ladies Auxiliary, Monday, all day meeting at Mrs. Gregg's.

The Little White Church on the Hill invites you most cordially to attend all its services.

In a hundred years or so, says a Massachusetts professor, all girls will be beautiful—and then what will they have to live for?

DESDEMONA

Mrs. John Whitton, who makes her home with her daughter, Mrs. C. W. Maltby, celebrated her 81st birthday on Friday, May 11. Although Mrs. Whitton has been an invalid for some time she keeps her bright, cheerful spirit and is loved by all who know her.

Rev. Sherrod Stover underwent an operation Monday at the Blackwell Sanitarium at Gorman for the removal of an obstruction in his nose. He was accompanied to Gorman by his mother, Mrs. S. T. Stover, his sister, Mrs. Dewey Jones, and Rev. Z. C. Chambliss.

Mrs. I. N. Williams drove down to De Leon on business Monday. Mrs. J. E. Derrick, her daughter, and son-in-law, Mr. and Mrs. Style McEntire and their baby, drove up to Eastland on business Monday.

Mr. and Mrs. Tom Nabers had as their guests Sunday their daughter, Mrs. Guy Patterson and children of Eastland, and their daughter and son-in-law, Mr. and Mrs. Harry Gallagher of Albany.

Little Bobbie Jean Lane, daughter of Mr. and Mrs. Horace Lane, visited her grandmother, Mrs. J. E. Kiker, at Eastland, from Friday until Sunday afternoon.

Mr. and Mrs. Worth Smith and children of Ellsville came down and spent Sunday with Mr. and Mrs. Roy Rushing. Other guests of the Rushings were Mrs. John Williams, mother of Mrs. Rushing and Mrs. Smith, who came in from her home near Salem, and Mrs. Fannie McMillan of Oklahoma City, who is visiting her sister, Mrs. Williams.

Clay Emde and his mother, Mrs. Mollie Emde of Kilgore, were here a few days last week visiting friends and looking after their property. Mrs. Emde still owns her home here and her many friends hope she and her son will some time return here to live.

Ed Hanson and family and a number of friends went to Eastland Monday to attend court as witnesses in the suit for damages against the gas company on account of the serious burns sustained by John Hanson when gas from a leaky pipe exploded. The case was postponed to Thursday.

Rev. and Mrs. Z. C. Chambliss returned Saturday from Best, where Rev. Chambliss had conducted a two weeks revival at the Baptist church. He reported a very successful meeting in which there were about 50 conversions, most of whom joined the church.

Rev. J. C. Aly of Fort Worth, who led the singing in a revival here a short while ago, also led the singing at Best.

Rev. Z. L. Howell and wife and daughter, Miss Lois Howell, left Monday for Ennis to visit the son of Rev. Howell, who is mayor of Ennis.

Glenn Maltby left several days ago for Kilgore to accept a job in the oil refinery in which his brother, Jay Maltby, has been working for several months.

Mrs. J. E. Derrick left Tuesday for Kilgore to visit her daughter, Mrs. Donald Howell, who has been quite ill the past two weeks. Mrs. Derrick was accompanied by her other daughter, Mrs. Style McEntire and baby, James Edward.

Mrs. May Harrison of Eastland was here Wednesday in the interest of her campaign for re-election to the office of county treasurer.

Our whole town was shocked and grieved to hear of the death of Billie McGowan, who was killed by accidentally falling from a window on the third floor of the dormitory of the school he was attending at Austin. Billie was the only son of Mr. and Mrs. W. R. McGowan, who lived here the past two years, moving to Eastland just a short time ago.

Besides his parents Billie is survived by one sister, Mrs. Gene Ashley of Eastland. The terrible tragedy occurred Thursday evening and the body was laid to rest at Temple on Friday.

During the summers that Billie spent here he made many friends who regret his untimely death. He was 19 years old and had attended school in Austin several years. Sincere sympathy is extended to the sorrowing parents and sister.

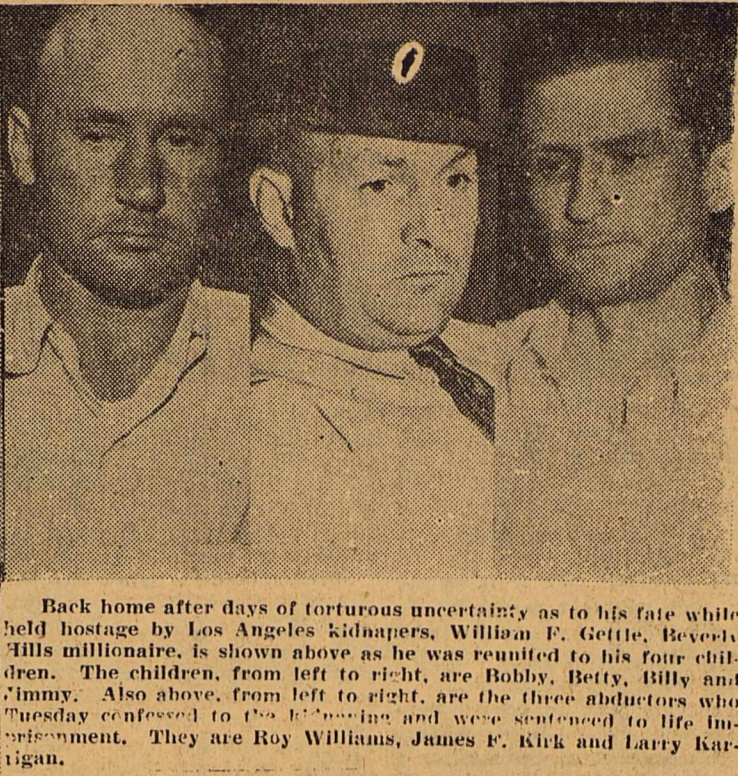

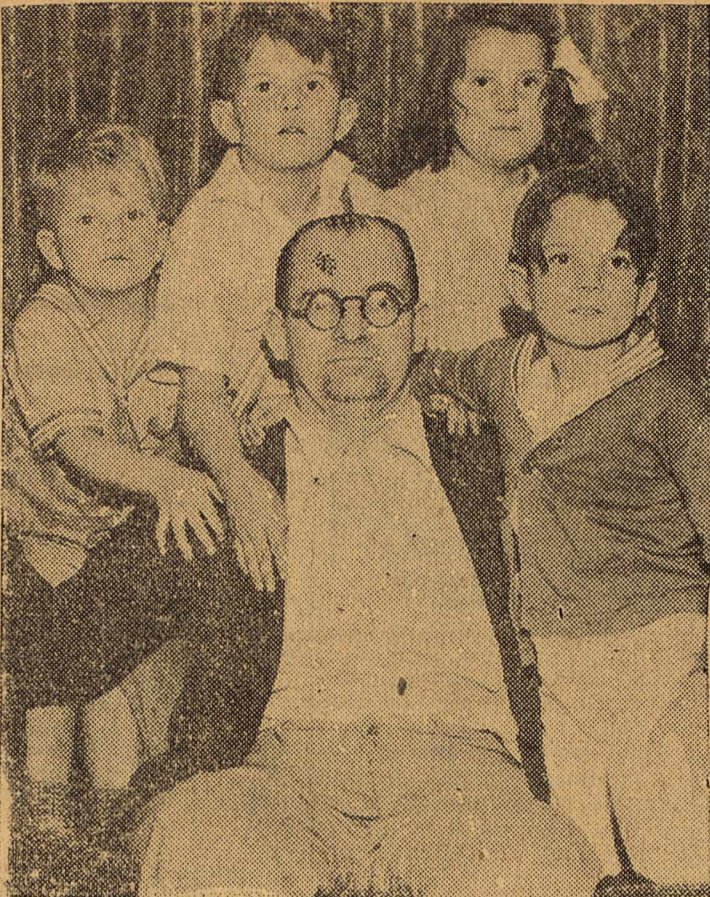

The "21" Study club had the annual "Guest Day" at the club house on Tuesday afternoon. The house had been beautifully decorated with pot plants and quantities of cut flowers.

Hostesses were Mmes. R. D. Wright, S. E. Snodgrass, John Mendenhall, Mattie Henry, J. E. Heeter and Plummer Ashburn. The program was the "Fine Arts Day" and was led by Mrs. W. H. Davis, chairman of the Fine Arts committee.

The first number was a paper on "Our Presidents at Home," by Mrs. Dave Parks, being a part of the "Better Homes Day" program which was omitted two weeks ago on account of the illness of Mrs. Parks. The next was a sketch of the life of J. G. L. Ferris, America's most famous historical painter, by Mrs. J. E. Heeter, who also gave comments on the exhibit of prints of Ferris' historical pictures.

Miss Ruth Greshaw, a guest of the club, who is making quite a reputation as a singer, sang very beautifully. "In the Garden of Tomorrow." The leader Mrs. Davis and Mrs. W. C. Bedford gave a few facts about the

KIDNAP VICTIM HOME; ABDUCTORS ARE JAILED

Back home after days of torturous uncertainty as to his fate while held hostage by Los Angeles kidnapers, William F. Gettle, Beverly Hills millionaire, is shown above as he was reunited to his four children. The children, from left to right, are Bobby, Betty, Billy and Jimmy. Also above, from left to right, are the three abductors who Tuesday confessed to the kidnaping and were sentenced to life imprisonment. They are Roy Williams, James R. Kirk and Larry Kartigan.

life of Fannie J. Crosby, who died in 1915 at the age of 95 after having lived in total blindness all her life and yet having written over 3,000 sacred songs. The club then sang three of Miss Crosby's songs.

Mrs. Aaron Henslee was accompanist with Miss Lois Howell, a guest, as leader of the singing. The third division of the fine arts was literature and Mrs. R. D. Wright gave a paper on "America's Greatest Novelists," and Mrs. Acrea, Plummer Ashburn, Roy W. H. Davis talked of "America's Greatest Humorists."

the First Baptist church, who gave a very appropriate and inspiring message to be class.

Fred Welder and family drove up to Eastland Sunday. Mr. and Mrs. Floyd Daniels and daughter, Miss Bonnie Wayne Daniels of Best, are welcome visitors to our town this week. They lived here several years and their many friends are always glad to see them.

Mr. and Mrs. R. D. Hendrickson and baby son of Port Arthur, came Monday to visit their parents, Mr. and Mrs. G. S. Bruce.

"WEAKER SEX"
By United Press
CONCORDIA, Kan.—The weaker sex has turned the tables for Edward Shimek who has obtained a restraining order preventing

his wife from touching him or coming on his premises. In a petition for divorce the husband claimed his wife drinks, totes a gun, beats him, takes money from his store and leaves home.

CASH PRIZES REDUCED
By United Press
STOCKHOLM. — Each of the five Nobel Prizes this year will be worth \$43,254 or \$2,054 less than in 1933. This reduction partly is

due to lowered dividends on the investments of the Nobel Foundation, and partly to increased taxes. In 1923 the Prizes were worth 30,552 each, while in 1931 they were valued at \$46,364 each.

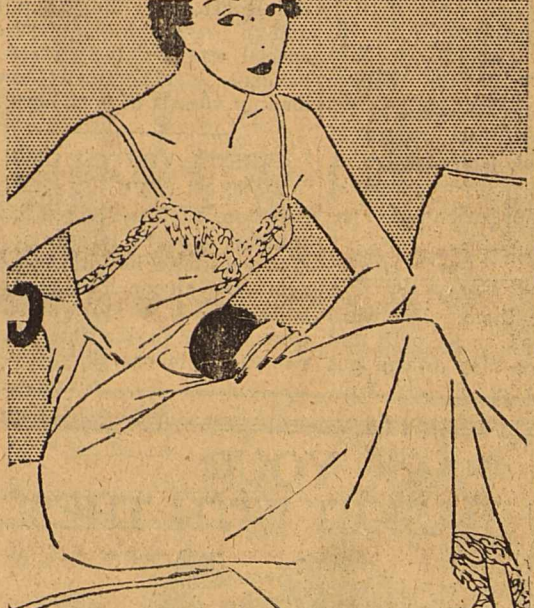

QUEER PIPE FOUND
By United Press
LINCOLN, Ill. — Carved of stone and encrusted with figures of beetles, the head of an eagle and grotesque humans, a pipe,

believed to be of Aztec origin was unearthed here recently by Ira Potter as he was digging in his garden. The bowl of the pipe shows considerable wear. On the outside is a perfect circle of carved figures

and on the inside are other carvings. When compared with pictures of ancient carvings the pipe resembles that of the Aztecs.

JOE E. BROWN
RETURNS TO LOCAL SCREEN

"A Very Honorable Guy"
His Best Role; Bing Crosby Appears In "We're Not Dressing."

A week of the most outstanding pictures ever shown on the local Arcadia screen start Friday when Clark Gable appears in "Men in White," his latest film, with Myrna Loy and Elizabeth Allen. "Men in White" is acclaimed by Broadway as the biggest stage hit in years and is now in its eighth month on Broadway. Gable, who will be remembered for his brilliant performance in "Dancing Lady" and "It Happened One Night," takes the lead as a noted surgeon, with Myrna Loy as his leading lady. In addition to this great screen attraction, Mary Belle Downtain will present her students of the dance on the stage at 9 p. m., Friday only. Mrs. Downtain's students have made several appearances on the local stage and are considered quite an attraction.

Sunday, Joe E. Brown will be seen on the screen in his latest screamlined hit, "A Very Honorable Guy." Joe E. is the most popular of the comedians ever to be seen in Ranger and holds the house record for attendance. In his latest picture Brown has the role of a gangster who couldn't be crooked. He was just too honest to live and almost didn't. Alice White co-stars with Brown in this film which promises to be filled with fun. A 20-minute musical short and Paramount News conclude this bill for Sunday only.

Ranger theatregoers have a real thrill in store for them Monday when Bing Crosby and Carole Lombard appear in "We're Not Dressing," the latest musical hit. Crosby does more singing in this film than in any he has ever starred. "Love Thy Neighbor," "May I," "Once in a Blue Moon," "She Reminds Me of You," and "Good Night Lovely Little Lady," are the song hits sung by Bing. On this same bill Chic Sales appears in a 20-minute laugh maker, "Oils Well."

Wednesday and Thursday May Robson, the star of "Lady for a Day," will be seen in "You Can't Buy Everything." Jean Parker co-stars with May Robson in this picture. Miss Parker had the role of Beth in "Little Women," and appeared on the local screen this

past week in "Lazy River." A real stage attraction will be offered in addition to this picture. The Tom and Jerry Trio will appear on the stage after each program and entertain with melody and music. Tom and Jerry played this city two years ago at the Columbia where they were a great success. An Edgar Kennedy comedy and Paramount News conclude this already complete bill.

The Columbia theatre shows "West of the Divide" Saturday and also starts a new serial, "Perils of Pauline." This bill is supported by an Our Gang comedy, "First Round-up." Sunday the Columbia gets "Above the Clouds," an air picture with Robert Armstrong, Dorothy Wilson, and Richard Cromwell. This picture promises much action and good entertainment. A 20-minute musical short, "Roman Vandals," and an Oddity complete the bill for Sunday only.

Boats and Beasts
Appear On List
Of Film's Props

What would an ordinary citizen do if he were suddenly required to produce a steam yacht, a lion, a gorilla, a gold framed picture, and a set of footprints, along with a hundred other equally extraordinary things?

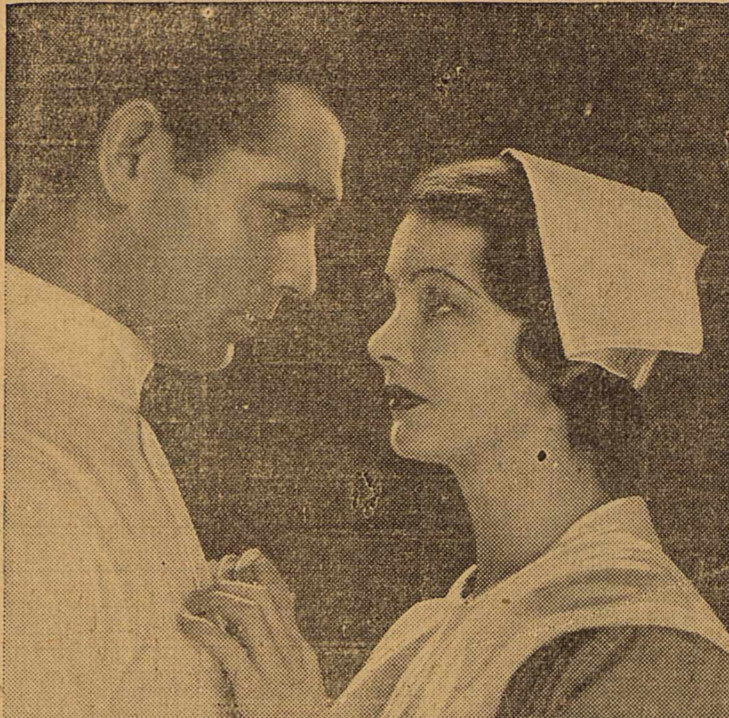

Those are just a selected few of the list of requirements handed in to the Paramount property and location departments by Director Norman Taurog, when he began work on "We're Not Dressing," coming Monday to the Arcadia theatre. The picture features Bing Crosby, Carole Lombard, George Burns and Gracie Allen, Ethel Merman and Leon Errol.

The lion and the gorilla were not the only animals required. The list also asked for a bear, one hundred and fifty clams and a dead duck—with the shotgun that killed him.

As for mechanical aids and hardware, there was one ocean freighter and passenger steamship, each with captains; a water bicycle; two stone hammers; a chest of tools that would float; and a case of prop whisky.

"We're Not Dressing" is a merry comedy about the shipwrecked passengers of a palatial yacht, who are forced to submit to the authority of a witty sailor, who is the only practical member of the party. After they are comfortably settled in their jungle home, a ship comes to their rescue, but not before the sailor succeeds in chastising the haughty heiress, and in winning her hand.

Romance Behind Hospital Walls

Clark Gable and Elizabeth Allan in "Men in White," which comes to the Arcadia Friday and Saturday.

MAY I?

"May I hold you to my heart?" words from one of the hit tunes in Bing Crosby's Paramount picture "We're Not Dressing," which comes on Monday to the Arcadia theatre, is what he's singing to Carole Lombard—and suiting the action to the words.

Exceptional Cast
Supports Brown
In 'Honorable Guy'

An exceptionally talented cast has been announced in support of Joe E. Brown, the prince of the Arcadia theatre next Sunday in the First National picture, "A Very Honorable Guy."

Alice White, the diminutive blonde, who was a reigning star two years ago, plays the leading feminine role. Miss White recently returned to screen work and has played the leading feminine role in three pictures, "Employed Entrance," "Picture Snatcher" and "The Hair Chaser."

Others in the cast are noted both on the stage and screen. Robert Barrat, who recently came to the screen where he has appeared in such pictures as "Gambling Lady," "Hi, Nellie" and "Massacre," was famous on Broadway for many years. It was while laying in "Lilly Turner" in New York that he was engaged to play the same part on the screen.

Alan Dinehart also is an old stage player although he has been doing picture work for the past several years, his most recent being "The Hair Chaser," "The World Changes" and "The Bureau of Missing Persons."

"A Very Honorable Guy" is the fourth picture for Irene Franklin, a headliner in vaudeville and on the musical comedy stage. Her other picture include "Registered Nurse," "The Cat and the Fiddle," and "The Women in His Life."

Among others in the cast are such well known players as Hobart Cavanaugh, Arthur Vinton, George Pat Collins, Harold Huber and James Dondan. Harry Warren and Al Dubin, the famous song writers, appear in the picture in their professional roles.

"A Very Honorable Guy" is a distinct departure in Joe E. Brown comedies. Joe playing the role of an underdog character. The picture is based on the hilarious story and short story writer. It was directed by Lloyd Bacon from the screen play by Earl Baldwin.

Actress Jealous of Gables' Affection
For Myrna Loy

Dorothy Gray's sad dilemma is that she is utterly lacking in sex appeal.

Dorothy, slim and pretty, frankly admits it and bemoans the fact. It is particularly trying, she says, when playing in the same picture with such romantics as Clark Gable and Myrna Loy.

Ten-year-olds are never taken seriously—that is the root of little Dorothy's trouble.

In "Men in White," new M-G-M production showing at the Arcadia theatre, Dorothy plays the role of a young hospital patient whose life is saved by Clark Gable, enacting the part of Dr. Ferguson in the dramatic story of hospital life.

"It isn't fair," she said. "Clark pays no attention to me except for a pat on the head now and then. And he holds Myrna in his arms in scene after scene."

Dorothy's first film role was in "The Scarlet Letter." Her charm was so captivating that she has been appearing in pictures ever since.

'Tom and Jerry' in Ranger Wednesday

"Tom and Jerry", who with their musical act, play the Arcadia Wednesday and Thursday. They will be remembered as appearing at the Columbia two years ago.

STAFF

Special Correspondent
 This locality would be greatly benefited by a good rain just at this time, as growing crops are needing moisture.

The farmers are very busy now planting crops and cultivating crops that are up and growing.

Rev. Muston of Eastland filled his regular appointment at the Baptist church on last Sunday morning.

There is preaching every second and fourth Sunday of each month at the Baptist church by the Rev. Mr. Muston of Eastland. The public is cordially invited to attend these services.

The Mother's Day program given by the Staff Sunday school last Sunday night was well rendered and attended by a large crowd.

Harry White, who teaches in the Graham high school was visiting with his parents, Mr. and Mrs. W. H. White on last Sunday.

Mr. and Mrs. M. O. Hazard were business visitors in Cisco last Wednesday.

Maurice Hazard attended the program at Morton Valley on last Friday evening and was a guest of William Hazard Friday night.

Mr. and Mrs. Hugh Carlton were dinner guests of Mr. and Mrs. Fayette Garrett last Sunday.

Grand Jury Urges More Birth Control

HOUSTON.—Some method of birth control was recommended by a Harris county grand jury in a recent report.

"It has become apparent," the report said, "that some step is necessary to limit or eliminate the prolific propagation of offsprings by parents incapable mentally, physically or morally of properly rearing such children. Such offspring sooner or later become charges of the State."

Consideration of the condition was given, the jurors said, because "the most distressing cases handled by this jury are those covering wife and child desertion."

Jail Inmates Were Ordered to Bathe Because of Visit

JUAREZ, Mex.—Jail inmates were ordered to take baths when Eugenia Torres, Mexican actress and author, called to read tender love poems to hard-boiled border gangsters and dope addicts.

Miss Torres took part in a women's program for the prisoners. The whole jail was scrubbed for the occasion.

Marathon Station Is Rearranged, Painted

The Marathon Filling Station, operated by Elmo Decker, Pine and Bunk streets, is being redecorated inside after the alternations were made in order that the repair shop could be installed.

Partitions have been changed and the interior painted up in order to make it look more attractive. The repair shop has just recently been installed, making the station one of the best equipped for repair work in the city.

"DILLINGER" WAS FISHERMAN

SANDUSKY, O.—Weighted down with machine guns and sawed-off shotguns, police made a hurried run to the western end of the city. A shaky voice had just given a "Dillinger tip" over the phone. The voice had said that the roving desperado and "several of his pals" were eating in a west end restaurant. Police found only a Lake Erie fisherman, too inebriated to speak.

A Michigan banker threw a big dinner to 200 of his friends the other day, but he could do that because he died some months before the crash.

OUT OUR WAY

ATTENDANCE EXPECTED TO BE OVER 100

The fourth annual golf tournament of the Ranger Country club will get under way, officially, Friday morning at 7:30 when the first of the qualifying rounds for the visitors is to start. Local players, including those from some of the nearby towns, have already qualified, with a large number already having their scores turned in. The course will be turned over to visitors Friday, with around 100 expected to be trying their hands at winning one of the many prizes offered.

More prizes than have ever been offered before have been secured from the merchants of Ranger, it was stated today, and among the trophies presented will be a large number of merchandise prizes. These have been collected and are on display in the windows of the Globe. Because of the long list of merchandise prizes, it was announced today that each town could enter a team of four players and the teams compete during the tournament.

The merchants who contributed to the prize list include Robinson Auto Supply company, Killingsworth, Cox & Co., J. C. Smith, Ranger Furniture Exchange, Texas Drug company, Bobo & Bobo, Joseph Dry Goods company, Hassen company, F. W. Woolworth & Co., Paramount Pharmacy, Montgomery Ward & Co., Ranger Auto Parts company, Horn Palace, Swaney's pharmacy, Ranger Cafe, J. C. Penney company, Clyde H. Davis, C. D. Hartnett company, Oil City pharmacy, Texas Electric Service company, W. N. McDonald Plumbing and Electric shop, Piggy Wigly, The Globe, Inc., Pete Jensen, Paramount hotel, Leveille-Maher Motor company, and Anderson-Pruett, Inc.

Much publicity has been given the tournament this year and leading golfers from over a large territory have signified their intention of being present when the tournament opens and remaining until the very end.

The entertainment committee has announced that the bridge tournament, originally planned, had been dropped from the program because there was enough entertainment for all without this part of the program.

The driving contest Friday afternoon, the match play Saturday and Sunday, the barbecue and Calcutta pool Friday night and the dance Saturday night all promise to be well attended with the largest crowd of any previous tournament on hand for each of the features.

Prizes to the winners in all flights, medalist, consolation, winners, runners-up, teams and all other prizes are to be presented at the clubhouse Sunday afternoon at the conclusion of the tournament.

Sam Gamble, who was recently elected president of the Ranger Country club, and H. P. Earnest, secretary-treasurer, who have been co-operating with all the committees in making the tournament a success, are confident that the attendance and interest this year will be much greater this year than ever before.

FIVE-LEGGED COLT BORN
 OTTAWA, Kan.—A five-legged colt born on Harry Fisher's farm near here is causing much attention in the community. The animal is normal in every way except that one front leg branches at the knee, having two fully developed hoofs. The young colt can use only three of its legs.

Pennsylvania Street Cleaner Has Record

TARENTUM, Pa.—Dan W. Howe, for 37 years an employe of this city, holds what is believed a world record as street cleaner. He estimates that his traveling up one street and down another, if totaled up would be 6,000 miles, just a mere walk from here to San Francisco and back.

Back in 1896, when Howe started his career, Tarentum had no paved streets. In fact he helped lay the first one. Before that time, however, Dan says his most important implement was the shovel.

When he began there was no NRA code which employers had to live up to, and often he worked 10 hours a day at 12 cents an hour.

Besides being the oldest street cleaner, Howe is regarded as the best versed person here, when it comes to sewer troubles. He has helped put in nearly every sewer this town has, and is often consulted when one of them get out of order.

Beautiful streets are Dan's pride and he does his bit at the age of 78 in keeping them that way.

Distance Is Best Protection for Effect Of Radium Workers

WASHINGTON.—Distance offers the best protection from the harmful effects of radium, the Bureau of Standards warns in a new hand book entitled "Radium Protection for Amounts Up to 300 Milligrams."

The book issued principally for those exposed to radium, suggests that technicians should not work habitually nearer than 10 feet to radium in storage or stay long near a patient receiving treatment.

"Permanent technicians should have at least six weeks vacation a year and should spend as much time as possible out of doors," the book states. "Careful blood counts should be made once a month to determine their physical condition."

When radium is carried about, containers should be equipped with handles long enough to keep the hand at least 12 inches away. When stored, radium should be entirely surrounded with lead.

When shipping by mail or express radium packages should be "conspicuously" marked "Radium—Keep Away," the bureau warned.

Old Jewelry Sales Add Millions in Gold

NEW YORK.—The value of old gold lying idle in American homes is believed to surpass the output of all the gold mines in the world for an entire year; that gold is valued at \$500,000,000. A drive to recover old gold, brought on in Britain some time ago, carried to light over half a billion dollars worth of the precious metal.

America is believed to have an even greater store. A gold rush is now in progress throughout the United States with millions of people searching for their old fashioned jewelry and odds and ends of gold.

The large refining houses are receiving thousands of old gold shipments. Much of the old gold is sold to local jewelers who later send it to the refiners. The shipments vary from a single ring, or old watch case, to shipments worth thousands of dollars.

The Philippines are reported as being out of the red, financially. Now Congress may be sorry it ever offered the islands their independence.

Bank Checks Show A Big Increase Over Last April

AUSTIN, Tex.—Checks cashed by member banks reporting to the Dallas Federal Reserve Bank totaled \$628,000,000 in April, against \$491,000,000 in March and \$388,000,000 in April, 1933, increases of 28 per cent and 62 per cent respectively, according to the University of Texas Bureau of Business Research.

Deposits showed a decline of 2 per cent from March but an increase of 17.3 per cent over April last year, the Bureau's report said. The sharp increase in deposits compared with April, 1933, was limited entirely to demand deposits since there was a slight drop in time deposits in comparison with April last year.

Loans showed practically no change from March, but there was a drop of nearly 14 per cent from April, 1933. Government securities owned, however, increased 71 per cent over April, 1933.

Egypt Makes Plans For Home Industry

LONDON.—Egypt, land of the Pyramids, has joined the nations which are trying to develop home industry.

In many places the old-fashioned hand looms, which have been used from time immemorial to weave Egypt's fine cotton into cloth, are being replaced by modern machinery. The object is to enable Egyptians to supply the type of cotton best suited to Egyptian needs.

In spite of comparatively cheap labor, which can be obtained in Egypt, the government has found it necessary to put a tariff on all imported cotton goods. This is said not to affect British goods, because of their grade and price, are not suited to the Egyptian market. It is aimed primarily at Japanese competition.

The Japanese, it is stated, can produce exactly the grade of cotton material required by Egypt at a price which, despite the expense of transportation, makes it impossible for even comparatively cheaply produced local cotton to hold its own. Hence the expansion of the local industry.

Enormous progress in the industry is reported. For the moment efforts are being made merely to make Egypt self-sufficient insofar as her cotton-goods needs are concerned. Eventually it is hoped to be able to export Egyptian-made cotton to Egypt's neighbors, which are great cotton users. Palestine, Iraq and Arabia are situated geographically so as to make it more to their advantage economically speaking to buy Egyptian cotton if available.

Apart from the fact that the Egyptian cotton has a reputation for unequalled fineness, it is considered that Egyptians are better able to produce the type of goods required by their neighbors than other nations.

The value of agricultural land, already said to be among highest priced areas in the world, is rising. Already scarce, it is becoming scarcer on account of industrial development. The country, officials say, is on the verge of enjoying an unprecedented boom. Comparative freedom from political troubles at the moment is aiding in the process.

A doctor reports he has been able to keep dogs live without their stomachs for as long as 10 years. He couldn't do that with children, who are all stomachs.

VOLUME I.
RANGER, TEXAS, FRIDAY, MAY 18, 1934
NUMBER 19

GARDEN PLAN FOR JOBLESS WORKING OUT

WASHINGTON, May 14.—House and garden projects designed to remove thousands of depression-stricken families from the relief rolls, will start with new federal millions, the United Press learned today.

The relief plan is modeled after the experimental subsistence homestead projects which now dot the country. It is designed to aid farmers who are unable to earn food, shelter and clothing, workers in played-out industries and city workers capable of supporting themselves in agriculture.

Needy families may expect a comfortable home, garden tools, livestock, feed, sufficient ground to grow vegetables for home consumption, and part-time jobs.

Relief Funds Sent Counties of State

AUSTIN, May 14.—Relief funds for May, totaling \$1,173,000 were being forwarded to county administrators today from state relief headquarters.

The new distribution is based on relief needs as shown by the case load in each county. It is a considerable reduction from previous issuances, due to checkup of relief needs, following abandonment of CWA operations.

Reductions are greatest in agricultural areas, where seasonal farm work is lessening demand.

COON DOG ADOPTS PIGS

GOFF, Kans.—Two orphaned pigs have been adopted by a coon dog whose pups were drowned near here. The strange family is said to be happy and the pigs have thrived for a month under the dog's care.

Commissioner Completes a Road To Cross Roads

Henry Davenport, commissioner of Ranger and Eastland precinct, has recently completed a one and one-half mile stretch of road that serves the Cross Roads community and school. This road ties in with approximately five miles of other roads that enables the people to have a road system that connects with the Bankhead highway and this road is one of the best in this section.

Before Mr. Davenport started the work it was almost impossible to travel the Cross Roads road in rainy weather. The people along the route are well satisfied with the work and each one of them co-operated with the commissioner in seeing the work finished.

The road was built with CWA labor under the supervision of Mr. Davenport and Bob Hise, and the Jack Phillips estate donated the right-of-way for the project.

There are in the neighborhood of 50 children being served by the new road to the Cross Roads school who are carried each day by bus to their studies. C. D. Ervin is the driver.

Nebraska to Raise Salaries of Teachers

LINCOLN, Neb.—School boards of Nebraska have relaxed their drastic economy programs of a year ago and salaries of school teachers are on their way back up to pre-depression levels, according to state school heads.

The general increase, according to State Superintendent Charles W. Taylor, will average from eight to ten per cent for the state. In many centers the increases will be as high as 15 to 18 per cent, Taylor said.

O. D. Stevens Trial Postponed to June

FORT WORTH, May 14.—District Judge George Hosey today postponed the trial of O. D. Stevens, charged with murder in the slaying of three men here last July, until June 11. The delay was granted on a defense appeal that an important witness was absent.

INFANT DROWNS IN FISH POUND; BURIAL MONDAY

Funeral services were conducted from the family residence, Route 3, Gorman, Monday afternoon for Burnis Dale Elrod, 14-month-old son of Mr. and Mrs. D. O. Elrod of Alameda, who drowned Sunday morning. The services were conducted by Rev. K. C. Edmonds of Ranger with burial at the Howard cemetery.

The infant was playing in the yard of his grandfather, R. R. Browning of Alameda Sunday morning at 11:30 when the tragedy occurred. While playing in the yard he fell into a fish pond, where he drowned before help could reach him.

He was born in the Alameda-Cheaney community Feb. 20, 1933, and was but one year, two months and 13 days old at the time of the accident. The entire community was saddened Sunday when word of the accident spread as the family has been well known and respected in that community for a number of years and the child, though young, was well known throughout the section of the county.

Olden Boy Makes N.T.A.C. Honor Roll

ARLINGTON, May 15.—Victor Lee Hand of Olden has recently compiled a total of 29 grade points to earn a place on the North Texas Agricultural College honor roll, Dean George L. Dickey announced. Hand is a student in the engineering department of the college.

Southern Baptists Show Good Gains

FORT WORTH, May 15.—All 18 of the states of the Southern Baptist convention showed gains in membership and contributions to the Womens Missionary Union, last year, it was announced today.

Cotton Week Being Observed Over the Whole of America

National Cotton Week, which began on Monday, May 14 and will continue through Saturday, May 19, is being observed throughout the nation, and particularly in the south, where cotton reigns as king of agricultural crops.

The leading stores of the nation are featuring cotton goods and during the week the citizens of America are given an opportunity to boost cotton, the leading payroll of the Dixie states.

Many stores, too, throughout the nation, are offering special cotton week bargains, thereby offering the public the benefit of many bargains in cotton goods of all kinds.

The week is creating considerable interest and it is expected that in the future it will grow in importance until it takes on the aspect of an annual celebration in commemoration of one of the greatest of agricultural products of the United States.

Oil Drilling and Gas Wells Get Attention

Reports have been received of several oil and gas wells in this territory that are creating considerable interest among oil men.

An oil well on the Mrs. Emma Terrell tract, three miles west of Ranger, is reported producing around 75 barrels of oil daily, after it had been considered played out. The casing was pulled from the 3,500-foot level, at which the well had been producing, to the 2,900 foot level, where it began flowing.

Reports said the well was first flowing at the rate of four barrels an hour, but later estimates put the flow at around three barrels an hour.

A good well is reported to have been brought in on the Kincaid tract, about two miles northwest of Cisco, Monday afternoon from the Lake sand. The well, which was drilled by Sinclair Prairie, was given a shot at 4 o'clock Monday afternoon, oil going over the crown block. No estimate on the amount of oil it will produce had been reported, though it was said to be a good producer.

Reports of a 10,000,000-foot gas well being drilled in near Cisco recently were also received and the Texas & Pacific Coal and Oil Company is reported to have brought in a 15,000,000-foot gas well in the Strawn field recently.

Oil drilling activity has increased considerably in recent months, with several wells being watched closely by operators.

More Bread Bonds To Be Issued Before June 1st

AUSTIN, May 15.—Issuance of the remaining \$3,750,000 state bread bonds by June 1 and a special September session of the Texas legislature to authorize more bonds were considered likely today.

Requests for sale of the remaining bonds was made by the state relief commission.

Gov. Miriam A. Ferguson took a lead in the relief commission session. She said she would not hesitate to call the legislature to authorize more bonds to prevent hunger.

"Let's use the available money, if needed," she urged. "When it is gone I can call the legislature."

Eastland Youth Killed In Fall At Deaf School

AUSTIN, May 11.—The body of William McGowan, 19, student at the State School for the Deaf here, will be taken to Temple today for burial.

McGowan was killed yesterday in a fall from a three-story window. The youth's parents, Mr. and Mrs. W. R. McGowan of Eastland, were en route to Temple to attend their son's funeral.

WOMAN NOT ENOCH ARDEN BRIDEPORT, Conn.

There is no Mrs. Enoch Arden—Brien Murgan found that out. He waited 22 years for his wife to return to him before applying for a divorce. The decree was granted.

FEBRUARY GOOD WINE MONTH

PARIS—Last February was the best February for French wines in five years. During that time the taxed consumption was 382,520,100 bottles, as compared with 352,530,700 bottles February, 1933.

Because February is a short month, it is expected that March wine tax figures will reveal an even more striking record.

PRESIDENT SIGNS BILL

WASHINGTON, May 15.—President Roosevelt today signed the Johnson bill which prohibits public utilities from appealing decisions of state commissions or boards to the federal district court.

Schools Receive Transportation Aid From State

The county school depository has received \$5,649 from the state as the state's share of transportation expenses of rural and independent schools in Eastland county for the first half of 1934.

Rural schools will receive \$3,331 and independent schools will be the beneficiary to the tune of \$2,318.

The schools who will benefit by the remittance are Flatwood, Morton Valley, Colony, Alameda, Okra, Corban, Gorman, Rising Star, Romney, Scranton, Desdemona and Pioneer.

J. A. Lauderdale Is Critically Injured

CISCO, May 15.—J. A. Lauderdale, about 60, prominent farmer of the Harpersville community and father of J. D. Lauderdale, Cisco, was brought to Graham sanitarium early Monday afternoon in a critical condition from injuries sustained when he was thrown by a horse Monday morning. The accident occurred about mid-morning, and Mr. Lauderdale was still unconscious when brought to the hospital.

The nature and extent of his injuries could not be determined at the time, it was said.

FIGHTING FUND IS ASKED TO COMBAT CRIME

WASHINGTON, May 14.—A fighting fund of \$3,000,000 to provide men and guns for a nationwide battle against crime was under scrutiny today by Budget Director Lewis Douglas.

The fighting funds have been asked by Attorney General Homer Cummings to arm a corps of 300 new federal agents. It was believed the deficiency appropriation bill would contain a request for that amount.

If the money is voted Cummings will equip his men with powerful armor-plated cars, radio scout cars and an arsenal of the latest developments in machine guns, automatic rifles, gas bombs and other weapons.

SEMI-PRECIOUS STONES FOUND

COLD BEACH, Ore.—Amateur geologists have picked up on the beach near here several valuable finds of semi-precious stones during low tides and smooth seas during April. Beautiful specimens of agates, jasper and serpentine jade were found by the geologists.

Lady Says CARDUI Eased Pain In Side

Cardui helped an Oklahoma lady, as described below, and many others have been benefited in a similar way. "I had a hurting in my side every few weeks," writes Mrs. Bill Stewart, of Dewar, Okla. "I had heard of Cardui and started taking it. It stopped my hurting and built up my strength. I took 11 bottles and I sure felt better."

Try Cardui for pains, cramps, nervousness due to a run-down condition. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Weekly Sunday School Lesson

The Future of the Kingdom

Text: Matt. 24:1 to 25:30.

The International Uniform Sunday School Lesson for May 20.

BY WM. E. GILROY, D. D., Editor of Advance

AMONG the effective illustrations of the kingdom of heaven none was more vivid or striking than that of the 10 virgins with the 10 lamps, going forth to meet the bridegroom.

The lamps were of no use without oil and it might have been supposed that oil would be the first consideration, but let any reader who has ever been stalled on the highway with an auto out of gas cast a stone at the foolish virgins.

The virgins were fair types of ordinary people and it was not remarkable that one-half of them were so slack as to go forth with their lamps without oil. So it was that, as the bridegroom was late, they had fallen asleep.

When they were aroused to meet him, the five wise virgins lighted their lamps and went forth, but the foolish virgins were put to shame, for their lamps had gone out and there was no time for them to go and buy more oil, though they went to seek it. The bridegroom came while they were gone, and the door was shut.

Of course, the story is constructed to point the moral that Jesus intended: namely, that people are just as foolish concerning the greater things of life as they are about the lesser things.

and the foolish are shut out just as relentlessly from the high sources of grace and truth, if they neglect their opportunity, as were these foolish virgins. The teaching of this lesson is worth considering in a rather slack age. We do not today make quite so much of either heaven or hell as did a former generation. We go on for the most part without that terrible sense of destiny that has affected people so deeply in the past, but the solemn truths of Scripture are just as solemn as they ever were.

We see men and women make rack and ruin of life, not always through sinfulness, but often through foolishness. It is not downright evil that alone defeats a man's life, but his lesser sins and shortcomings as well.

"I HAVE played the fool," was King Saul's candid confession when he had made a mess of his life. That was a life of tragedy, stark and terrible, ending with suicide on a battlefield of defeat the career of a man, splendid in physique and endowment, who had been called to high responsibility under the most favorable circumstance.

Tragedy began in folly—that was Saul's history. And tragedy may enter our lives through folly. Be watchful, be well prepared and provided; leave nothing to chance, but bring all of life under the dominance of its highest opportunity and destiny—that is the lesson of the Parable of the Wise and Foolish Virgins.

four regional champions would play here for the state title, probably during the week-end following the Interscholastic League's annual meet.

The state tourney would be financed by gate receipts and a \$1 fee for entrance in the baseball league. His plan has been referred to an executive committee of the Interscholastic League. It probably will be pigeon-holed until the referendum is completed.

AUSTIN, Tex.—"More emphasis on high school baseball will improve the quality of football."

Such was the comment of Coach D. C. (Bobby) Cannon of Corpus Christi in regard to a plan for carrying high school baseball competition to a state title.

"Our good football players have almost without exception been outstanding in baseball," he said. "It improves their coordination, and the fellows that play baseball in the summer usually are in good physical condition to start the grid season in the fall."

OLDEST ONE WAY STREET

CARVER, Mass.—This town claims the oldest one way street in the country. Savery Avenue was made a one way route in 1861 to avoid collisions of horse-drawn carriages. There never has been an accident on the street.

6,793 Pounds of Nails Picked Up Off the Highways

J. W. Whiteaker, operator of a highway nail picker who recently worked on roads in Eastland county has finished work in eight counties that comprise the 23rd highway division at which time the machine and its operator traveled 736 miles and 6,793 pounds of metal was gathered.

The 1,194 pounds of metal which was gathered from over a distance of 123 miles in Eastland county was a greater number than in that of any of the eight counties.

Pounds of metal and the distance traveled in each of the following counties were: 84 miles, 783 1-2 pounds in Mills; 89 miles, 521 1-2 pounds, Comanche; 88 miles, 913 pounds, Stephens; 108 miles, 442 1-2 pounds, Brown; 108 miles, 900 1-2 pounds, Coleman; 64 miles, 1073 pounds, San Saba county, and 98 miles, 965 pounds in McCullough.

Operation of the machine is explained as follows by Whiteaker: "The electric magnet nail picker is mounted on a truck. The juice is generated by a four cylinder universal engine which is sent by four cables to the two magnets

four feet long, ten inches wide and about three inches thick which are enclosed in iron containers suspended from the rear of the truck; when ready to unload a piece of ducking nine feet long and 30 inches wide under the magnet and the current is shut off—the droppings are then put in a large bucket, weighed and dumped in a box carried for that purpose. The weights are recorded and daily reports are made on same. The metal picked up is dumped in creeks or rivers to keep it from getting back on the highways. The magnet will not pick up silver, gold, copper, brass or any metal except iron or steel products."

The rate of picking up speed, Whiteaker says, is around four miles per hour. The machine is stopped about every two miles and unloaded, also at railroad crossing because the rails pull off material that should come in contact with them.

NEW TREATMENT SUCCEEDS

DETROIT.—A comparatively new treatment for lobar pneumonia, which has reduced the death rate from 41 to 13 per cent in San Francisco Hospital, according to reports, has proven successful here, Dr. E. J. O'Brien, chief surgeon of Herman Kiefer Hospital, declared. The treatment, known as pneumothorax, consists of the injection of air under pressure be-

tween the chest wall and the pleura to collapse the affected portion of the lung, compelling rest and recuperation.

Arm of Boy, Six, Is Broken In Separator

CISCO, May 15.—Floyd Alsup, 9, youngest son of Mr. and Mrs. J. F. Alsup, sustained a double fracture of his left arm when his clothing caught in a power separator at the Alsup dairy farm northwest of Cisco about 9 o'clock Monday morning. The arm was broken above below the elbow, examination at Graham sanitarium where the injury was treated, revealed.

Mr. Alsup said that he had shut off the electricity which powers the machine and that it was running on momentum when the boy's sleeve caught in a wheel. Only the facts that the machine runs at a slow rate and that the power was off prevented the child being killed, he said. Worse injury was prevented when he and others who were present lifted the boy and rotated him with the machine until it was slowed down sufficiently to release the child, he said.

Bonus marchers again are converging on Washington. Good news. They'll make congress quit sooner than any other army of lobbyists could.

CARD OF THANKS

Our appreciation to our friends and loved ones cannot be put into words to those who gave us comfort at the time we had to give up our darling babe. Mr. and Mrs. D. O. Elrod and relatives.

In Memory of Little Dale Put away his little playthings, Wet with mother's pearly tears He will need them on earth never He has climbed the golden stair, Angels whisper that our darling Is in lands so bright and fair, That his little feet are waiting Close behind the golden stair. —By Grandfather and Mother Browning.

Dr. Cornish of the University of California, who has been trying to bring a dog back to life, asks more time to finish his experiments—or finish the dog.

School Baseball Will Be Decided Upon By a Vote

By VERNON A. MCGEE United Press Staff Correspondent AUSTIN, Tex.—Whether there shall be a state wide "major league" in schoolboy baseball is to be determined soon by a referendum in the Texas Interscholastic League.

Director Roy Henderson said the poll would be conducted before the end of the current school year. If the vote is affirmative the first state champion in high school baseball will be determined next spring.

Proposals to carry the League's baseball competition to a state title this year failed because a rule now requires diamond play to end May 15 with eight regional championships.

Addition of baseball to the League's major sports now carried to state championships was discussed warmly by delegates at the League's 24th annual meet here May 4-5. However, no motion was made. No vote was taken.

The League's director and executive committee still are uncertain of the demand for a school boy "major league." D. C. Cannon, Corpus Christi high school coach, was a major spokesman for the plan at the annual meeting of high school football coaches the weekend of the League's annual tournament. He believed that between 250 and 300 high school nines would enter a statewide baseball league next spring.

Coaches in Dallas, Fort Worth, Waco, Kilgore, Houston, El Paso and Cuero and other cities have affirmed willingness to send their teams in quest of a state title. Coach Cannon proposed the state be divided into districts, winners of which would compete in four regional play-offs. The

Asthma Was Choking Her

Got Immediate Relief! Seventeen Years Later—Still Enjoying Splendid Health!

December 8, 1916.—"I had asthma for 17 years. I coughed most of the time and couldn't rest, day or night. I tried everything, but grew so weak I could hardly walk across the room. After taking one bottle of Nacor, I could do most of my housework. That was 8 years ago. I am still feeling fine, with no sign of asthma."—Mrs. Mary Bean, R. 3, Nashua, N. H. July 31, 1933.—"I continue in good health and am still taking Nacor. I have no signs of asthma."—Mrs. Mary Bean. FREE—No need to suffer asthma torture when blessed relief can be yours. For years Nacor has helped thousands. Their letters and booklet of vital information sent FREE. Write Nacor Medicine Co., 1445 State Life Bldg., Indianapolis.

Why Not A Spring Vacation?

Are you one whose vitality is always lowest in the spring? Do you have what you term "a snappy case of spring fever?" You're probably just run-down and worn-out after a hard winter. What you'd better do is stop right now, rest awhile, and get in trim to carry on for another year.

CRAZY WATER HOTEL

A Hotel With A Homelike Atmosphere

Offers these distinctive features that make for the good, old SOLID COMFORT that's so necessary to complete rest and relaxation.

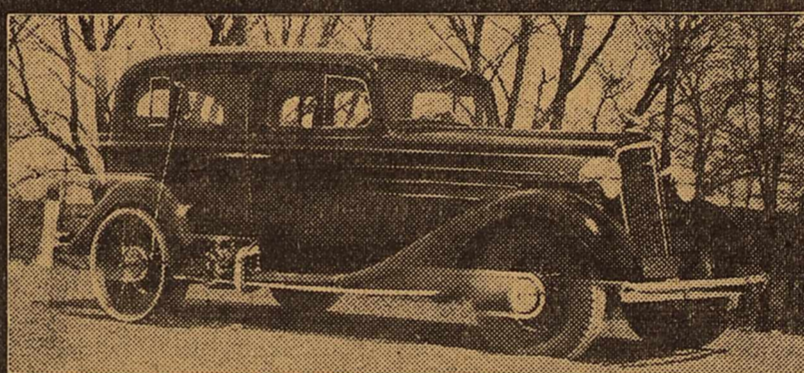

- *A friendly, restful influence that puts you immediately at your ease.
*Light, airy outside rooms furnished and equipped with a thought for comfort first.
*Invigorating, rebuilding mineral baths under courteous, trained masseurs.
*Crazy Mineral Water at the noted Crazy Bar, or served to you in your room.
*Food that dazzles even jaded appetites.
*A spacious, but cheerful lobby and drinking pavilion.
*Recreational activities, planned by the staff that is always ready to render "service with a smile."

The beautiful CRAZY WATER HOTEL, nestled in the foothills of the Palo Pinto Mountains is easily reached by paved highway or by rail. Write for full information about our treatment plan.

PROVED-

in the hands of hundreds of thousands of owners

Now we ask you to

Drive it only 5 miles and you'll never be satisfied with any other low-priced car

WHY do you suppose Chevrolet keeps repeating, in all of its advertising, "Drive it only 5 miles"? Here's the reason: Chevrolet engineers have tried out all the various makes of cars in today's low-price field. And they have proved to their complete satisfaction, the same things that hundreds of thousands of Chevrolet owners are proving in their daily driving: How much more smoothly a car travels with genuine, fully-enclosed Knee-Action. How much more comfortably it handles, with shock-proof steering. How much more restfully you ride, in a Fisher Body car. How

much more safely you drive, with cable-controlled brakes. And how much finer performance and better economy are secured from an overhead-valve Six! In other words, Chevrolet engineers know for sure that the Chevrolet ride simply can't be matched by any other in the low-price field. They know it—thousands of owners know it—and now we want you to know it too, before you make your final choice of a low-priced car. CHEVROLET MOTOR COMPANY, DETROIT, MICH. THIS CURIOUS WORLD By William Ferguson

EVERY CHRISTMAS FROM 1813 TO 1931, THE KING OF ENGLAND WAS PRESENTED WITH "FOUR-AND-TWENTY WOODCOCKS BAKED IN A PIE," A CUSTOM BEGUN BY LORD TALBOT, AND CONTINUED BY ALL VICEROYS AND GOVERNORS GENERAL OF IRELAND. IN 1932, DONAL BUCKLEY, GOVERNOR GENERAL OF THE IRISH FREE STATE, FAILED TO SEND THE TRADITIONAL PASTRY.

PENGUINS SWIM 100 MILES A DAY WITHOUT EXERTING THEMSELVES.

MOONLIGHT IS BETTER THAN FLOODLIGHTS FOR LANDING AN AIRPLANE AT NIGHT.

THE penguin uses his feet as rudders, while swimming, and propels himself entirely with his wings, or flippers. He flies through water in the same manner as other birds fly through air. A waterproof, transparent film closes over his eyes when he goes below the surface, thereby enabling him to see perfectly.

Lone Star Official Tells Why Road Should be Changed

Serious danger of explosion and fire, a constant menace to motorists and company employees would exist if State Highway 193 were constructed as now proposed through the Lone Star Gas company plant east of Gordon, Frank L. Chase, vice president, declared in a statement released today.

"The Lone Star Gas company is not trying to delay the building of the new road," said Mr. Chase. "In fact, we have offered to aid financially in securing right-of-way that does not pass through the gasoline plant, exposing motorists to dangers common to the operation of

such plant and increasing hazards to our own employees."

The state and county could save money by locating the highway so it would pass outside of the plant site with practically no change in the proposed junction of highways 89 and 193, according to gas company engineers. The \$1,036.40 damages allowed the company by the court of condemnation would be saved by the county, and the company would donate more than \$1,000, making a saving of over \$2,000 to the county and state highway department, it was pointed out by Mr. Chase. Recognizing these economies, the Palo Pinto county commissioners unanimously passed a resolution April 17 suggesting that the highway department change the right-of-way, he said.

In crossing the company plant site at the point proposed, the new highway would cut across more

than 20 pip lines, most of which are gas, oil, and gasoline lines. Traffic would pass within a few feet of cottages occupied by employees and their families must live at the plant; one cottage would be just four feet from the highway. This would present an unnecessary hazard to children of employees. Another unnecessary hazard would be that busy employees would have to cross a high speed highway going from one part of the plant to another in the regular course of their daily work.

"Over and above the rights of the company," Mr. Chase declared, "some consideration should be given men working for their living in an already hazardous occupation."

Thirteen Rural Schools Receive Aid from F.E.R.

Grants to 13 Eastland county rural schools have recently been assured by the Federal Relief Administration office at Austin for the continuance of the school terms to that of 1930 and 1931 length. The grants range from \$85 to \$1,132 and the aggregate sum is \$3,915.

Schools which will receive the grants are: Yellow Mound, Union, Flatwood, Morton Valley, Alameda, Shady Grove, Elm, Crocker, Grandview, Okra, Bullock, Pleasant Hill and George Hill.

Although Dothan and Colony

grants have been approved by the relief offices, the sums and time the grants will be made has as yet not been designated.

MELLOWED BY AGE Enriched by Tradition

Fine beer can't be made over night. Behind fine beer must be age—and tradition. BUDWEISER is richly endowed with both. Anheuser-Busch began brewing in 1859. BUDWEISER was created in 1876. Its unforgettable quality was so outstanding that in the International Exposition in Paris in '78 it won first honors from all the brews of the world. It was awarded the gold medal at the World's Fair in Philadelphia in 1876, at Amsterdam in 1883, at New Orleans in 1885 and Chicago in 1893. BUDWEISER's greatest distinction never has been matched by any other brew anywhere—the biggest selling bottled beer in history.

Here's why LUCKIES DO NOT DRY OUT They Taste Better

It's toasted
✓ Luckies are all-ways kind to your throat

Only the Center Leaves—these are the Mildest Leaves

The Cream of the Crop They Taste Better

Luckies are made of only the clean center leaves—the mildest, best-tasting tobaccos. And then, "It's toasted" for throat protection. Every Lucky Strike is round, firm, fully packed—no loose ends. That's why Luckies "keep in condition"—do not dry out. Luckies are always in all-ways kind to your throat.

Conference Golf Tournament Held

Jack Mooney of Ranger was medalist and North Texas Agricultural college of Arlington won the match play for teams in the annual Central Texas Conference golf meet held in Ranger Friday and Saturday. North Texas Agricultural College won by a team score of 309, which is one of the best scores turned in by a college team in match play in the state.
In the individual play, in which the eight high men played for honors, Neal Dantser of Tarleton won over Willoughby of North Texas Agricultural College by a score of 4-3.
In this tourney Willoughby defeated Mooney in the semi-finals, 3-1, while Dantser defeated Elders of N. T. A. C., 1-up in 19 holes. The eight high score men who participated were Mooney of Ranger, Delk of N. T. A. C., Eldridge of John Heartsill, Masters of N. T. A. C., Willoughby of N. T. A. C., Heartsill of Weatherford, Yarbrough of Weatherford and Dantser of John Tarleton.

Cowboys Could Not Get Away With a Song Like On Radio

FORT WORTH. — Cowboys could not get away with singing their songs the way radio crooners do, believes Dr. Newton Gaines of Texas Christian University, an authority on cowboy songs.
"If cowboys sang their songs as crooners and radio singers do, they'd be thrown from their horses," Gaines said. Gaines represented Texas at the National Folk Song Festival in St. Louis recently.
"The cowboy sings his songs to the natural gait rhythm of his horse," Gaines said. "The time of the songs fits into the walk, trot or gallop of the cow pony.
"Most persons sing cowboy songs too loudly. The cowboy does most of his singing when he is alone, in order to quiet the cattle and to keep himself company, and there is no occasion for noise."

ROBIN BATTLED HIS OWN SHADOW

BATTLE CREEK, Mich. — The long-known antipathy of the robin for his own shadow was demonstrated here when one of the red-breasted clan attacked his reflection in the door panel of the car owned by Charles H. Scully. Scully returned to his parked car to find the bird clawing and pecking at the shiny surface. So infuriated was the bird at the interruption of his battle that he flung himself several times at Scully.

Political Announcements

This paper is authorized to announce the following candidates for office, subject to the Democratic Primary Election in July, 1934:
For County Judge:
W. D. R. OWEN
CLYDE L. GARRETT

CLAIBORNE ELDRIDGE
T. C. WILLIAMS
For County Treasurer:
JOHN WHITE
MRS. MAE HARRISON
For Sheriff:
VIRGE FOSTER
For Commissioner, Precinct No. 1:
HENRY DAVENPORT

Tourists Aided Florida Papers

MIAMI, Fla.—Florida newspapers with advertising increases measured in millions of lines, are telling the story of this state's return to the first prosperity it has enjoyed in nearly eight years. Florida's newspapers, like the state's business generally, prospered far beyond expectations this past winter as 1,500,000 tourists swept into the state, spending an estimated \$300,000,000 and bringing about an economic recovery for which Florida is now honoring Col. Henry L. Doherty of New York, whom the state regards as having almost single-handedly returned it through his resort industry work.
Figures compiled by the committee of newspaper publishers and business men, which sponsored the Doherty Day prosperity celebration, May 5, reveal that advertising has shown an average gain of 26.6 per cent in the first quarter of 1934, over the corresponding period of 1933. This is five per cent above the 21.6 per cent average gain in newspaper lineage for the entire nation.
In six Florida cities, Miami, Jacksonville, St. Petersburg, Tampa, Orlando and Pensacola, the figures show advertising lineage for the first quarter of 1934 totaled 16,965,595 lines compared to 13,320,399 lines for the same period a year ago.
Miami, with one of its papers leading the entire 14 southern states in advertising volume, showed a total increase of 1,747,956 lines. One paper increased 41 per cent from 2,298,702 lines to 3,243,926, and the other gained 46 per cent from 1,721,342 to 2,524,074 lines.

Lumber Output Steadily Growing

AUSTIN, Tex.—The Southern Pine Association reported 217,057 board feet as the average weekly production of lumber per unit during April, which was nearly 1 per cent above that of March and 19 per cent greater than April, 1933, according to the University of Texas Bureau of Business Research.
Average weekly shipments per unit totaling 201,236 board feet represented a decline of 1 per cent from March and 11 per cent from April last year, the Bureau's report said. Unfilled orders per unit averaged 779,984 board feet on April 30, practically the same as on March 31 but 31 per cent above that at the close of April a year ago.

Good Crowd In Town For Second Monday; No Program Planned

A good crowd was in Ranger Monday for second Monday, though no definite program had been worked out for the entertainment of the visitors.

Teachers Defend Research Work

AUSTIN, Tex.—Research work as part of the state's educational expense is defended by Dr. E. P. Schoch, director of the University of Texas Bureau of Industrial Chemistry.
Laying aside the question of the value commercially of research discoveries, Dr. Schoch advocated research on the limited plane of its value to the educational system.
"Research," he said, "builds up the scholarship of the faculty and makes them more enthusiastic teachers. It impels students to do work in which they otherwise would be less active."
"Research," he adds, "is an old-age insurance for teachers. When a teacher is limited to second-hand transmission of knowledge, he can readily be replaced by a younger and cheaper teacher; but if he continues to progress by research, he is always ahead of the less experienced teacher."
Dr. Schoch does not agree that college research has not been valuable commercially, a point waved for discussion of research from a strictly educational point of view.

Cotton Included In Exchange Bill

WASHINGTON, May 14.—The house agriculture committee today voted to include cotton markets in the commodities exchange control bill.
As it was reported originally by the committee, the bill proposed to regulate commodities exchange markets by limiting short selling and speculation and by licensing commission merchants' dealings in commodities. The action today was to designate cotton as a commodity.
Chairman Marvin Jones of Texas, of the committee, said he would introduce a new bill immediately extending provisions to cotton.

Printer Town's Mayor Cambridge, Ohio

CAMBRIDGE, Ohio.—Fred F. Duff works in the "ad alley" of a newspaper here by day and as mayor, evenings. As council president, he has been named acting mayor during Frank P. Arnold's illness from a paralytic stroke.

Sale of Liquor to Women Is Deplored

EL PASO.—Sale of liquor to women and children is the worse result of repeal, says Ida B. Wise Smith, W. C. T. U. national president.
"It's damnable—and that's not a curse word, it's an adjective," she said here during a conference. Mrs. Smith predicted the return of prohibition.
She has figured the effect of 3.2 beer on an automobile driver to a split second.
"Two drinks of 3.2 slow a driver's muscular reactions one-fifth of a second. That fraction often is the difference between a wreck and an avoided accident," she said.

Jail Has No Tenants Cottonwood Falls, Kan.

COTTONWOOD FALLS, Kan. a lawlessness apparently is on the wane here and the county jail is a lonesome place. For nearly two months this spring there was not a prisoner in jail.

Visited 16,000 Homes Quincy, Mass.

QUINCY, Mass.—The Men's Bible class of Quincy has visited 16,000 homes here and distributed gratis 1,765 Bibles in order to have a Bible in "every home in Quincy."

Wanted 17 Miles to the Gallon

Instead of obligating themselves to paying war pensions for many years, why don't the countries of the world plan a war that would kill all their men outright and make things easier for the following war?

Was Taking Every Kind of Drug for Constipation

Read this very enthusiastic letter:
"I am 34 years old and as far back in my life I have been constipated. I was so bad that I had one bowel movement every five or six days. I was taking every kind of drug known for constipation.
"Now for the last two months I have been eating a little ALL-BRAN night and morning and I have at least two to three bowel movements each day."—Mr. Frank Piratzky, 40-66 93rd St., Corona, Long Island, New York.
Laboratory tests show Kellogg's ALL-BRAN provides "bulk" and vitamin B to aid elimination. ALL-BRAN is also a fine source of iron for the blood.
The "bulk" in ALL-BRAN is much like that in leafy vegetables. Inside the body, it forms a soft mass. Gently, this clears out the intestinal wastes.
Isn't this safer than taking harmful patent medicines? Two tablespoonfuls daily are usually sufficient. Severe cases with each meal. If not relieved this way, see your doctor.
You'll enjoy eating Kellogg's ALL-BRAN as a cereal with milk or cream—sugar or honey or fresh fruits added. Or, to use in cooking.
In the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

Check Your Motor Car Judgment Get This Book

What do you want in the motor car you buy? What have you a right to expect? The Pontiac "Check and Double Check" book will tell you. It's brimful of inside information about low-priced cars. It enables you to check and double check motor car values point by point. For your own satisfaction and protection, get and use this book before you buy any car. Advertisement for the New Pontiac Eight. Features a large image of the car and a testimonial from a satisfied owner. The testimonial states: "Having driven my 1934 Pontiac 6116 miles, I want to inform you how well-satisfied I am with it. It has speed, power, comfort, acceleration, smoothness, roadability, and ease of handling. From an economy standpoint it may interest you to know I enjoy about seventeen miles to the gallon. I drive fast most all the time and the car is still too new to tell what the final gas mileage consumption will be. You will recall that I was going to buy a Six but am glad I didn't, for I can see that this car will be just as economical to drive." The ad also includes the slogan "Here's real Economy!" and "17 Miles to the Gallon!"

Advertisement for Bilious Attacks. Text: "For bilious attacks due to constipation, thousands of men and women take Theford's Black-Draught because it is purely vegetable and brings prompt, refreshing relief. 'I have used Black-Draught,' writes Mr. T. L. Austin, of McAdenville, N. C. 'There is a package of it on my mantel now. I take it for biliousness. If I did not take it, the dizziness and headache would put me out of business. It is the quickest medicine to relieve me that I know.'" Theford's BLACK-DRAUGHT Purely Vegetable Laxative "CHILDREN LIKE THE STRIP"

Advertisement for ALKA-SELTZER. Text: "Time Lost is Money Lost. It costs money to be sick. You see it directly if your pay envelope is short. You lose out on some important work if you live on a farm or if you are one of the few who are not docked for lost time. You can't afford to show up on the job unless you are feeling fit. The boss wants results—not excuses. How many times do Gas on Stomach, Headache, Sour Stomach, 'That Tired Feeling,' 'That Morning After' Feeling, Neuralgia, Rheumatic, Sciatic, Muscular or Periodic Pains keep you at home or interfere with your doing a full day's work? All these troubles are caused or made worse by too much acid in your body. To correct this condition take ALKA-SELTZER. The New Pain-Relieving, Alkalizing, Effervescent Tablet. It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid. Alka-Seltzer is pleasant to take, harmless, non-laxative. Why don't you try it? Get a drink at your drug store soda fountain for a nickel. Buy a package for home use." Includes image of Alka-Seltzer packaging.

Advertisement for Chesterfield cigarettes. Text: "It takes good things to make good things." "YOU CAN USE MOST THINGS that grow out of the ground just as soon as they are harvested. But not so with cigarette tobaccos... not if you want them to be mild and taste right. It takes many months of aging in the wood—2½ to 3 years to be exact—to bring out the flavor and mildness of the tobaccos—just as it takes many months of aging to bring out the flavor of rare wines. It means something that Chesterfield tobaccos are aged and mellowed like fine wines—it helps to give Chesterfield its milder and better taste. the cigarette that's MILDER the cigarette that TASTES BETTER" Includes image of a Chesterfield cigarette pack.

Advertisement for Lotabs. Text: "for Biliousness Sour Stomach Gas and Headache due to Constipation" Includes image of Lotabs packaging.
