Why, in two years that, would amount to an increase of \$48. How in the world is this state possibly going to bear up under such a load? Two dollars a month!

The way our old folks are being treated is the most disgraceful blot ever to be stamped upon the face of the great State of Texas. Mayhe the intention is noble and good, but there are thousands of old folks who are starving to death.

The state sets aside a lot of money for the old folks, but darn little of it ever trickles down to them. Too much comes off the top for high paid administrators. We know an old age administrator who never made a dime in his life work-

ing. He has always been on a government gravy train. He administers to the old folks in h i s county like every dime he allowed them was as hard to part from as pulling his fingernails out by the roots. Yet he has bought for himself several good farms and stocked them with fine cattle, has built himself a beautiful home and owns a big automobile and a lot of other stuff and we often wonder how long he could last on the \$20 or \$30 a month that he dishes out to the old folks.

Of course they are allowed up to around \$50 a month, but try and get it. Even if these old folks got the full amount they've got to pay their grocery bill and their medical bill, and \$50 a month won't do that. But in addition, most everyone of them have to pay water, light and gas bills, insurance, taxes and incidentals, and every now and then, believe it or not, they have to have a pair of shoes and some

Old folks who happen to have some money on the side, or some rich kids, or who happen to have some property that brings

them in some extra money, don't notice it so much, but the sad part of the whole thing is, the big vast majority of the old folks, 90 per cent of them at least, don't have a dime! All on earth they have is the few little coins they get from their Old Age Pensions.

There are millions of workers in this country who are not affected by rising prices. Their wage contracts are so written that when prices go up their pay automatically goes up. This is not so for the getting thinner and thinner around

Talk about 4-hour days and 4-day weeks and 3-months paid vacations! Talk about salary raises of from \$1,000 to \$2,000 a year for our county commis-. sioners! Talk about raises of \$9,000 for our legislators! Talk about \$200,000,000 a year for the Egyptians! Talk about \$2 a month for our old folks!
