

RJC Homecoming Plans Complete; Queen Is Chosen

Ranger Junior College is observing Homecoming Saturday, November 13.

Activities planned include a business meeting for Ex-Students at 11:00 a.m., a parade downtown at 2:00 p.m., the Ranger Junior College-Blinn Junior College football game at 7:30 p.m., and an Ex-Students dance after the game at the Elks Club.

At the business meeting, new officers will be elected, and the Coming-Home Queen will be chosen.

All Ex-students of the college are urged to come to Ranger for Homecoming.

Weldon Cunningham of Ranger is president of the Ranger Junior College Ex-Students Association.

Students at Ranger Junior College chose their 1965 Homecoming Queen Thursday from a list of four coeds, nominated Wednesday by secret ballot.

Nominees for the honor were Gloria Aguilar, Jan Coulson, Mary Lou Lowry and Janet King, all freshmen on the RJC campus.

The name of the winner will be kept secret until the presentation during halftime ceremonies of the Ranger Junior College-Blinn Junior College football game in the RJC stadium Saturday evening, November 13.

Miss Aguilar, eighteen-year-old graduate of Technical High School, Fort Worth, is the daughter of Mr. and Mrs. F. Aguilar, 2509 Thannisch Avenue, Fort Worth. A brown eyed brunette, she is a business administration major. A member of the Debs, she enjoys dancing and reading. Her church affiliation is Catholic. She plans to become an airline stewardess after finishing at Ranger Junior College.

Miss Coulson, eighteen-year-old daughter of Mr. and Mrs. T. H. Coulson, 5237 Blue Valley, Fort Worth, comes to Ranger Junior College from North Side High School, where she played volleyball and was very active in club work. Majoring in education and minoring in business, she is undecided on what senior college she will attend after finishing Ranger College. She was duchess from Ranger Junior College at the coronation of Miss Gorman last month.

Red-haired Janet King, 18, daughter of Mr. and Mrs. Branch, is a majorette in the Ranger Junior College Band. She is a 1965 graduate of R. L. Turner High School, where she was a majorette and participated in the drill team. She plans to attend a senior college after finishing at Ranger Junior College.

Miss Lowry, 17 year-old daughter of C. E. Lowry, is from Breckenridge, Texas. She is a cheerleader at Ranger Junior College. Her hobbies are swimming and sewing, and she also enjoys volleyball. She is a general business major and plans to go into secretarial work. During high school days, Miss Lowry was in FHA, Junior Historical and Junior Forum.

All four nominees will take part in the ceremony, with the runners-up serving as the queen's attendants.

CROWDS thronged into the Marston Building in downtown Ranger Thursday, Friday and Saturday for Ward's big three-day "Warehouse Sale." Harold Turnipseed, manager of the store, said the special merchandising event was a tremendous success. (Staff Photo)

Ranger's United Fund Over Top Friday at Noon

Rangers 1965 United Fund quota of \$5,500 was fully subscribed Friday, John Adair, secretary-treasurer, reported.

Glyn Gilliam, UF president, and Dr. Luther Gohlke, drive chairman, and Dr. John Foster, assistant chairman, were highly pleased with the results of the campaign which was opened on Monday, Oct. 4.

The success of the current fund-raising effort marked the first time in several years that Ranger has fully subscribed a United Fund goal.

"The citizens of Ranger, including our businessmen and merchants, are to be highly commended for their liberal support of the United Fund," Gilliam said.

"We also are deeply indebted to our United Fund directors and the other volunteers whose initiative and effort was a vital factor in the success of this drive," Gilliam added.

One of the new features of the 1965 campaign was the presentation of "100 percent Awards" to business firms whose management and employees all made UF contributions.

Town Talk

The Carl Barnes Post No. 69 announces a change in their meeting time.

They will meet the second Monday in every month until October 29, 1966, according to Electra Pearson, Post Adjutant.

RANGER Band Boosters are reminded of an important meeting to be held in the Band Hall at 7:30 p.m., Tuesday, November 9.

All members are urged to attend.

THANKS to Zora Lea Reynolds for this unique and interesting note:

"My friend, Ulala McLean Squires, and I think we have quite a record. When we were small we both lived in Stephens County, were next door neighbors, played together and went to school together.

"Later in life we both moved to Ranger and were next door neighbors and our children played together and went to school together.

"Now we have grandchildren who are neighbors, play together and go to school together.

"Three generations of good friends!"

Town Talker believes our readers will agree that is quite a record.

MANY HAPPY RETURNS to the following Rangerites who will be having birthdays during the coming week:

Sunday — Bobbi Jo Piburn, Monday — Bobby Bradford, Harry Weldon.

Tuesday — Rickey Croix, Mrs. C. D. Gallagher.

Thursday — Mrs. Ross Hodges, Tom M. Fox III, Billie Beck.

Friday — Eunice Polston, (Continued on page 2)

'Loner' Charged With 10 Gorman Burglaries

A series of ten burglaries in Gorman has been cleared up with the arrest of an 18-year-old loner and the recovery of most of the loot, Eastland County Sheriff L. E. (Lefty) Sublett has reported.

It was a long and tedious task, involving work by the sheriff's department, city police, Texas Rangers and Highway Patrolmen, Sheriff Sublett said. Investigation included weeks of checking and several nights of stake-outs, he said.

Charged with four counts of burglary is Stephen O. Sanders, a Gorman resident. Eastland County will have to wait a while though because Comanche County has prior claim to Sanders. About a month ago he pleaded guilty to car theft in that county and received a probation sentence. Local authorities returned him to Comanche County after capture here to answer to the probation violation and he is now in the state penitentiary. He'll be bench warranted later for trial in this county, the sheriff said.

The ten burglaries include Rankins Army Store, Mehafey Grocery, the school, three break-ins at the V. O. Huff residence, Oglesbe Grocery Store, Browns feed store (two buildings) and theft of

a rifle from a pickup. Recovered loot included guns, watches, radios, some \$285 in cash (including two \$100 bills) and assorted other merchandise.

Gorman Mayor Ross Wilson earlier sought Texas Ranger support, stating that the County Sheriff's Department is understaffed, and unable to conduct the type of investigation necessary to break the burglary plague.

Sanders was reported in Ranger Saturday night, Oct. 30, with a small pistol and quite a bit of cash. The sheriff picked him up Monday, Nov. 1, and piece-by-piece picked the story of the burglaries out of him.

Described as "miserly," the youth finally took officials to the various locations in Gorman where the loot had been stashed away — including a site at the football field, vacant houses and in a gin auger.

He had not spent much of the money, he said, fearing that to do so might arouse suspicion. He reportedly broke into the Huff home on Oct. 25, after returning to Gorman from Comanche where he had received his probation sentence that day.

Some four or five other burglary cases are still unsolved in Gorman, Sheriff Sublett said.

RANGER DOWNTOWN LOTS GO ON BLOCK IN EASTLAND DEC. 7

Two lots in downtown Ranger — located at the rear of the Gholsen Hotel on Pine Street — will be sold at auction at the court house in Eastland on Tuesday, Dec. 7, according to a legal notice published in The Carbon Messenger.

The sale will be held between 10 a.m. and 4 p.m., according to the notice signed by Sheriff L. E. (Lefty) Sublett. His "Notice of Execution Sale" was signed on Oct. 15.

"By virtue of an execution issued out of the Justice Court, Precinct No. 1, Harris County, Texas, on a judgment rendered in said court on the 15th day of July, 1963,

Buffaloes Upset Bulldogs, 34-8

The Ranger High Bulldogs were stunned by an under-rated band of Cross Plains Buffaloes, 34-8, in a District 10-A conference contest unreeled at Cross Plains Friday night.

The Maroon & White charges of Coach Gerald Cumpston had been picked in pre-game ratings as favorites to win the 10-A tilt.

But five touchdowns, three in the first half and two in the second, four points after-touchdown, and an alert defense accounted for the Buffs' impressive victory.

The Cross Plains crew, which scored only two minutes after the opening kickoff, held a 21-0 lead at halftime.

With only little more than six minutes left in the game and trailing, 28-0, the Bulldogs initiated a drive from their own 27-yard line and rolled down to the Buffs' 2-yard stripe where Quarterback Jerry Watson knifed over for Ranger's lone tally of the night. Fullback Larry Blackwell ran for the two extra points.

Cemetery Survey Near End In Study Project

A total of 81 cemeteries and burial grounds have been tabulated and investigated by the Eastland County Historical Survey Committee in its work during the past year, Chairman Mike Collins of Eastland reported in a talk last Wednesday at the weekly meeting of the Cisco Lions Club.

Details of the cemetery survey, including writing the story of each burial ground, now are being concluded with the hope of having it ready for printing in a few weeks, Mr. Collins added. The cemeteries will be located on a county map display board at the courthouse for all to see. The county committee, which is composed of representatives from all parts of the county, is finding that "we have much in the way of historically interesting facts," Mr. Collins said. The county contributes \$500 per year to finance the committee's work, he added.

The group is studying ideas and plans for a county museum and for historically significant things to be properly marked. A monthly meeting is held to carry on the committee work.

Two county markers have been located — one at the courthouse to designate Camp Solomon of Civil War fame and at Desdemona where old Fort Blair served early settlers. Ranger has a marker where the first boom day oil well was drilled, and Cisco

has one at the First National Bank where the famous Santa Claus bank robbery took place.

Others have been approved or are in the process, Mr. Collins said. These include the first Hilton Hotel in Cisco and the spot near Gorman where Capt. Randolph, for whom Randolph Field AF Base was named, lost his life.

Mr. Collins told about the work of the 18-man state committee. This region, he said, is represented by Dr. Rupert N. Richardson of Abilene. The committee is in a five-year program of survey work and hopes to locate places for 5,000 markers of historical places. Some 1200 already have been designated, he said.

Lion Sterling Drumwright was in charge of the program and presented Mr. Collins, who is employed by the Eastland National Bank.

Leo Hatten, Cisco Junior College registrar, was introduced as a new club member.

FHA Loan for \$112,000 Okayed for Rec. Area

The approval of a \$112,000 insured loan by the Farmers Home Administration to develop a recreational area near Rising Star, Texas, was announced today by H. P. Cole, County Supervisor of the Farmers Home Administration, Eastland, Texas.

The proposed loan for the Lakewood Recreation Center project will convert the existing facilities into a modern recreational center. The proposed Lakewood Recreational Center will consist of a modern club house and living quarters, swimming pool, golf course, water facilities, sanitary facilities, and picnic area.

The loan was obtained by the Lakewood Recreation Center, a nonprofit organization of 230 rural families. In addition, income will be received from fees charged

Sheriff Dept. Is Tear-Gas Equipped

There's going to be "tears ahead" for certain Eastland County law breakers now.

The county sheriff's department is equipped with a tear-gas rig which can, when called on, lay down an enormous atmosphere of uncomfortable breathing material for violators.

The rig consists of a long-range weapon capable of hurling a tear-gas projectile up to some 350 yards, shorter range weapons and tear-gas grenades.

To be kept at the county jail and available for use by all law enforcement agencies in the area, the device is expected to be most usable here for the routing out of holed-up persons in vacant buildings when there's danger of personal injury from mental patients or others capable of inhumane acts.

The rig costs approximately \$300, and the county also added to the sheriff department two road-block type

beacon lights, road-block signs for the autos and miniature two-way radios.

The tear-gas gun is a shot-gun-type device which can accurately hurl gas bombs through windows and openings at great distances.

nonmembers using the recreation area. Funds will be provided by the First State Bank of Rising Star, Rising Star, Texas.

The facility will serve the communities of Rising Star, Cross Plains, and surrounding areas. Approximately 5,000 people live in the area to be served and approximately 700 will use the facilities each year, association officials estimate.

Construction of the project will provide 1,864 man-days of labor for landscape architects, engineers, machine operators, pipe layers, electricians, plumbers, welders, carpenters, and other laborers, and remove 27 acres of farmland from production. Some 11 people will be employed in the construction of the facilities. Approximately 1 new job will be provided in the operation and maintenance of the recreational facility.

Under the insured loan program the Farmers Home Administration makes and services the loan and guarantees repayment of the money borrowed along with interest.

"Recreation projects of this type boost rural areas development," Mr. Cole pointed out. Such endeavors bring new jobs to rural communities and provide much needed recreational facilities for urban and rural families. In addition, these facilities help develop the type of rural community that encourages young people to remain in their hometown, attracts industry, and promotes tourism. These projects also utilize land not needed for crop production.

The Farmers Home Administration loan will be repaid over a 40-year period.

Officers of the corporation receiving the loan are: R. D. Needham, President, Cross Plains, Texas; J. A. Rutherford, Secretary - Treasurer, Rising Star, Texas; L. B. Forbes, Member Rising Star, Texas; A. A. White Member, Rising Star, Texas; W. E. Tyler Member, Rising Star, Texas; Dave Lee, Member, Rising Star, Texas; and Jack Jackson, Member, Rising Star, Texas.

This is the 6th loan to be made to a rural group in Texas for the development of a recreational area. Loans of this type were authorized by the 1962 Food and Agricultural Act. Loans made were for a total of \$502,900.

New Water Well At Nimrod Seen As Boost For Irrigation Outlook

The irrigation possibilities for crops in the Nimrod area of Eastland County took on a brighter outlook this week with the completion of a substantial water well on the Kenneth M. Bostick farm, which is located near the community center building there.

A picture of Mr. Bostick watching water being pumped from the well appears with this story. His two children, Johnny, 7, and Karen, 3, are also shown in the picture.

Mr. Bostick, 29, a native of the Nimrod area, drilled the well to 51 feet, and a test of several days showed 120 gallon per minute. A 30-inch hole was sunk and gravel was used to pack casing in with pump.

A 120-GPM well is considered a "big well" for this area. Mr. Bostick plans to use it and others planned in the area to water his peanut crop and his pastures of Coastal Bermuda and Love Grass. He has some 150 acres in improved pastures and a 100-acre peanut allotment.

A good peanut crop now is being harvested at the Bostick farm. He estimated that it would yield some 40 bushels per acre.

Mr. Bostick and his wife, the former Barbara Simmons, bought their 400 acre farm from his parents, the Cecil Bosticks, who now live near Rising Star. They have improved the residence and the farm buildings, added new and modern farm machinery, improved pastures and the fences. They have a herd of some 75 cows.

The Bosticks are active in the Nimrod Community Club and in community affairs generally. She is an active member in the Cisco P-TA.

Mr. Bostick said he planned four or five more wells before next spring and would obtain an aluminum pipe set-up for irrigating his fields.

FORMER CISCOANS RECOVER FROM GAS IN CALIFORNIA

Mr. and Mrs. Elvis Nelms, former Cisco, residents now of Rainbow Canyon Road, Fallbrook, Calif., were reported this week to be recovering from an encounter with deadly chlorine gas that penetrated their house on the afternoon of Oct. 25. Mrs. Nelms is out of the hospital, but both are still under a doctor's care.

According to a local newspaper report there, the gas leaked from the San Diego Water Authority Chlorine House on Highway 395 where the Nelms live. The Nelms' guests, Mr. and Mrs. Don Archer of Perris, Calif., were also affected by the gas.

Mr. Archer, also a former resident of Cisco, is Mrs. Nelms' brother. The two couples were given oxygen by the Fallbrook fire department. All four were put under observation for possible internal burns. Mrs. Nelms was the only one hospitalized.

Mr. Nelms, son of Mrs. Alie Nelms, 504 W. 3rd, Cisco, is now employed at the Metropolitan Water District of

Loyalty To Country Is Theme Of Speaker At Rotary Dinner

A person should be loyal to his country's institutions and policies and at the same time respect his fellow nations' choice of regulating their own affairs. This was the essence of a talk by Dr. John C. Stevens, assistant president of Abilene Christian College, at an inter-city dinner meeting of District 579 Rotary Clubs Thursday night at the Victor Hotel in Cisco.

Approximately 150 attended this first inter-club meeting of Rotary Clubs of Cisco, Eastland, Ranger and Breckenridge. Wives of Rotarians were present for the special program.

Dr. Stevens, who received in 1961 the George Washington Award for public speaking, took his Ph.D. in European history from the University of Arkansas. Before occupying his present position as assistant president of ACC, he taught history there.

A one-world society where people of all nations would be the same and indivisible, Dr. Stevens said, is not feasible. He compared zealous humanitarians who advocate the one-world concept, to the French revolutionists in the 18th century who tried to enforce their reforms of liberty, fraternity, and equality upon other nations who did not want them.

The one-world idea, though good in the philosophical realm, Dr. Stevens said, would in reality ultimately lead to a world dictatorship, because all people will not willingly accept the same ideals of government.

Citizens should be loyal to the United States, since a nation is a vehicle through which its people express international concerns, Dr. Stevens said. Loyalty should begin in the home and in the local community. Before Dr. Stevens' talk, the Rotarians introduced by Eris Ritchie,

Vance McCracken and Tim Rich, both Cisco High School seniors. Presidents of the Eastland, Ranger, and Breckenridge Rotary clubs, were introduced by Eris Ritchie, president of the Cisco club.

Other Cisco Rotary officers are Standlee McCracken, vice president; Anton White, secretary; and Bob Qualls, treasurer.

Officers of the Eastland Rotary Club are A. D. Taylor, president; Roland McFarland, vice president; and Grover Hallmark, secretary-treasurer.

Ranger Rotary officers are John Foster, president; Luther Gohlke, vice president; and Dewey Cox, secretary-treasurer.

President of the Breckenridge club is W. B. Owen; vice president, E. P. Fambro; and secretary - treasurer, Garth Bills.

Walter Riley is governor of District 579 of Rotary International.

MEETING ON MONDAY
A 17-minute film on tractors will be shown by Perkins Implement Co. at a meeting of the Young Farmers of the Cisco area at 7:30 p. m. Monday at the FFA Barn on the Moran road, according to an announcement. The program will also include a film on hay making. Interested young farmers were urged to attend.

THE BOYS FROM SYRACUSE

By BILL BELEW

Ranger Junior College has been invaded by "The Boys From Syracuse." The three, Bob Hughes, son of Mr. and Mrs. Robert Hughes; Jim Lavelle, son of Mr. and Mrs. Thomas Lavelle; and Stan Sieradzan, son of Mr. and Mrs. William Sieradzan, all hail from Syracuse, New York. They are all here on basketball scholarships.

Hughes, a sophomore and All-Texas Junior College Federation round-baller last season, is from St. Vincent's High School. He was on the All-Parochial player at St. Vincent's High School in Syracuse.

Lavelle is also from St. Vincent's High School in Syracuse. He is a freshman at RJC.

Stan Sieradzan was an All-Parochial player at Sacred

Heart High School. He is a freshman and, like his two fellow Syracuseans, is a fine prospect for the Ranger Rangers.

None of these boys have a hobby apart from sports. It would be all but impossible as they spend nearly every spare minute on the basketball court. But if the Texans at RJC were to venture a guess as to what their hobbies were, they would probably say it was constantly talking about the Orange Men" from Syracuse University or Jim Brown. This goes on during the Saturday game games when the Texans are rooting for Texas University, Baylor, or some other Texas School.

It is clearly evident that "The Boys From Syracuse" are in Ranger — but Syracuse is still in the boys.

brand name, "Safemark." Several other state Farm Bureaus are already marketing the new "Safemark" tire which is produced at a GTR Waco plant.

All standard sizes in the premium deluxe grade of passenger car tires and first-line premium truck and tractor tires will be offered Eastland County Farm Bureau members, Mr. Cozart said. The cost will be the factory price plus a very nominal distribution charge which will make them available to members "a very substantial saving" the county FB president declared.

Squiers Farm Store, 514 W. Main, Eastland, has been named the authorized FB Tire Service Agent for the county, Mr. Cozart said. Tires can be purchased directly from him by any FB members by presenting a current membership card. Members actively engaged in farming or ranching may buy any tires they need for personal vehicles. All members will be limited to passenger car tires.

"This is strictly a service-to-member program instituted to help cut cost of production and thereby increase net income of our members," Cozart said. "Sales will be restricted in order to prevent buying through the program for commercial use by anyone other than farmers and ranchers."

Safemark tires will be guaranteed by TASCO, and serving agents will make necessary adjustments on the basis of the original cost of the tire with no charge for mounting replacement tires, he said.
