The Guess Parlour

Adella Guess

Hair By Adella is now open for business. The owner and stylist Adella Rentena Guess, is a native of Ranger and Strawn area, has been in the hair industry for eighteen years. Adella has been living and working in Arlington, Texas for the last nine years. There she managed a salon for 2 1/2 years and trained newly licensed hair stylist just coming out of schools, her apprentices. Then she went to work in a lease salon the rest of the time. She has been trained in all the phases of hair, nails, facials, the running of a salon, etc. She had worked with all the new products on the salon market. A few Matrix, Fromeci Color and techniques, attended seminar for razor cutting, and shear precision at the Roefle Academy. Worked and trained under Toni and Guy Salons, Paul Mitchell, Sebastian, Aneda Raffle products, to name a few. Is inviting all her old and new friends to visit her salon on Main Street in Ranger. Adella is married to Billy Guess. Is the mother of four daughters, Michele Kwasrich, 28, of Grnad Prairie, Monifeil, 27, of Cisco, Andrea Pleuritis, 25, of Brooklyn, N.Y., and JoJo, 15, of Cisco. She has four granddaughters and a grandson. Her stepkids are Jason and Rondi Guess.

Parking Ordinance Approved For Courthouse

Eastland County Commissioners Monday adopted an order enforcing one-hour parking around the Courthouse. The vote for approval was 4-0, and the ordinance went into effect at that time. The hours for enforcement are 6 a.m. to 6 p.m. except on Saturdays and Sundays. The order exempts jurors and does not affect law enforcement and handicapped parking. Vehicles left in violation of the order may be towed away and the owners fined. "The idea of this is to provide a place for people who need Courthouse services," the Commissioners stated. "Some people are not able to walk the several blocks they are forced to do when the parking spaces are filled all day long."

WESTERN MANOR NEWS

By: Donna Nowak

We had a delightful visit from the children and their sponsors of the Ranger Church of God. They all belong to a different group depending on their ages. The Groups were "Rainbows" (they were the youngest group), the "Joybells" and the "Royal Rangers." These children went room to room meeting the residents and singing some songs all the children went up to the residents and shook their hands and told their names. The children were wonderful. They are going to adopt a grandparent. We are all looking forward to your next visit. The sponsors were: Lisa Wells, Burdie Lee and Pat Ingram. The children were: Josh

Wells, Cassandra Moon, Michael Wells, Tisha Moon, Crystal Wells, Kim Wells, Ashley Moon, Adam De la Torres, Juan De la Torres, Maria De la Torres, Junior, Keema Revis.

Tuesday, March 3rd, Mrs. Wompler and her singer came and we had a wonderful singing. The residents all joined in. The members of the group were Mrs. Wompler, Mr. Parker, O.T. Arnold, Connie Lewis, Gloria Tucker. The residents who came to the sing-along were: Chloe Wyatt, Fannie Beggs, Woodie Parson, Manuel Boney, Nellie Morgan, Dorothy Peacock, Camila Capiedra, Mottie Goforth, Abbie Greer, Maude Hames, Earl Redwine and Allene Sparkman.

ROADS A MAIN TOPIC FOR COUNTY COMMISSIONERS

At the County Commissioners meeting Monday, Rupert Starr submitted a petition requesting that more than 4 1/2 miles of County Roads 143 and 132 southwest of Cisco be changed to a farm-to-market road. The petition contained more than 200 names of persons in the Scranton, Mitchell and Dan Horn areas of Pct. 4. Starr told the Court that the roads under discussion were designated as all-weather roads, but they were impassable during wet spells. He said these roads were used by 17 families, their relatives, friends and business associates - as well as 25 Church families who come into the area.

The roads were also a school bus route, mail route, provided a route to a cemetery, and were needed at times for medical emergencies, Starr said.

Pct. 4 Comm. Reggie Pittman stated that he agreed a FM Road should be built in that vicinity. "The roads are washed out - difficult to get through,"

he said. "If we could get a paved road there it would help in maintenance."

The other Commissioners said they also supported the idea of the FM Road. Pct. 2 Comm. Calvin Ainsworth said all the Precincts needed more FM Roads, that he had six miles of road he especially needed that type of improvements on.

Pct. 1 Comm. Richard Robinson said the petition was "Extremely well-written, and we will do what we can."

But he said he couldn't hold out much hope, because every time the Commissioners had talked to the Highway Dept. about FM Roads they had been told that the Department had the same Farm-to-market funding that it had in the 1950's.

"That's 2 1/2-3 miles in 9 counties," Robinson said.

The Commissioners said a copy of the petition will be hand-delivered to the Highway Department (Dept. of Transportation) County Resident Engi-

neer and another will be mailed to District Headquarters in Brownwood.

On a road related matter, County Judge Scott Bailey told the Commissioners that he had written Governor Ann Richards about the county's continuing problems with storms.

The Judge said he told the governor that severe weather has damaged the county over the past 60 days, with the most recent storms occurring on March 3. These latest storms were worse than the others in the areas they hit, he said.

Pct. 3 Comm. L.T. Owen showed the Court a number of pictures of washed-out roads in the Rising Star area. Some of these were down to bed-rock and looked more like creeks than roads.

All the Commissioners reported that, no Federal or State money has arrived to help make road repairs, although the County was declared a Disaster Area after the December rains.

On another agenda

item, the Commissioners heard a request from Jerry Jackson, President of the Ranger Industrial Foundation, for monetary help to provide engineering data required with the city's bid for a state prison.

Jackson said a "short list" on March 16 would disclose whether Ranger remained under consideration for the facility. Up to \$7,500 might be required for soil samples and other work.

All the Commissioners stated they felt the prison would be of benefit to the County. But they tabled a vote on financial help until District Attorney Leslie Vance can study legal details.

As the meeting concluded Comm. Pittman reported on the number of prisoners currently held in the jail. The total was 16, with 3 ready for TDC, 5 awaiting trial, 3 city prisoners, 4 on "Blue" warrants, and 1 being held for other counties. Three had been held less than 30 days awaiting trial, with 2 over 30 days.

Benefit Basketball Game To Be Held March 21st

Saturday night, March 21st at 7:00 p.m., mark this date and time on your calendar.

The Ranger Senior High students will be taking on the Ranger Faculty in a benefit basketball game at the Ranger High School Gym. The proceeds from

this game will be used for Project Graduation.

This will be a chance for the students to do the teaching, or the teachers to give one more lesson.

This will be an exciting game, that will be played in fun. Or Will It.

URGENT

Mayor Ainsworth is requesting anyone that has a building or large room they could donate for the use of the CLOTHES CLOSET to please contact him immediately.

The Clothes Closet is a very worthwhile project and is sometimes the only source of clothes for those in need. Many Ranger families have been helped by the efforts of the Clothes Closet. No one knows when a tragedy may strike or an unforeseen financial problem

occur. This may well be the only means of clothing for some.

Those unselfishly volunteering their time and efforts to help those in need are: Mrs. Ruby Ainsworth, Mrs. Maurine Ellison and Mrs. Francis Hutchins.

Anyone that wishes to donate used clothing please call Mrs. Ainsworth at 647-1314.

Please, help these ladies so they may help our families in need.

The Clothes Closet will be open this Saturday.

Ranger Beats Rio Vista

The Ranger Bulldogs traveled to Glen Rose last weekend to play in their Annual Baseball Tournament. Ranger played its first game on Friday against Rio Vista. The Bulldogs had an incredible first inning and won the contest 9-6.

Rio Vista, the visiting team, scored in the top half of the first inning when their second batter Walker, stole second and third, and then scored on a wild pitch by Russell Brister.

The Bulldogs had a busy first inning at the plate, scoring eight runs using thirteen at-bats. Seven of the first eight batters who crossed the plate did so on wild pitches, and the other batter scored on a fielders choice. All of the runners in the first inning reached

on walks except for Matt Perkins, who reached on a fielder's choice.

Obviously, the Bulldogs put the game away in the first inning. Rio Vista got four runs in the second and one in the third inning, but it was not enough. The Bulldogs also added one more run when Shane Torrez scored on a wild pitch in the third inning. That concluded the scoring, and the Bulldogs won 9-6. Russell Brister was the winning pitcher with two strikeouts to his credit. Shane Torrez came on in Relief and struck out three.

The Bulldogs played two more games in the Glen Rose Tournament, and results from those games will be in the next issue.

Letter to the Editor

There is a gem hidden in your midst; a treasure worth its weight in gold. Information and knowledge is yours for the asking at the Golemon Library of your very own Ranger Junior College. The Golemon Library is open to the public. It belongs to you, after all, paid for by your tax dollars. You have the right to use its collection and its services. This is your library. Its purpose is to serve the cultural, recreational, and intellectual needs of the community, as well as to support the academic and vocational programs of Ranger Junior College.

But what, you may ask, does the Golemon Library have for me? Books, for one thing; nearly 19,000 titles in every subject imaginable. Fiction as well as nonfiction. New books as well as old. Got a favorite subject, or a favorite author, or have you always wondered about something but never knew how to find out the why or the wherefore? Then give the Golemon Library a try. There are also magazines; over 100 current subscriptions, and issues that go back 10, 20, 30 years and more. There are machines

to read microfiche and microfilm, and there are photocopiers available for your use.

What is the cost to you? With the exception of a 10 cent charge for copies, your use of the Golemon Library is absolutely free! You can even order a book or a copy of a magazine article not found in our collection, through inter-library loan, without charge.

Your Golemon Library at Ranger Junior College is open Monday through Thursday 8 a.m. to 8 p.m., and Friday 8 a.m. to 4 p.m. It is closed on weekends and during school breaks, and keeps reduced hours during the summer. The library staff is always on hand to assist you in any way they can. Our number is 647-3234, ext. 118. Give us a call. No question is too large or too small.

Join those who have already discovered the wealth so near at hand. You are cordially invited to come to the Golemon Library, and check us out!

Sincerely,
John Pecoraro, Director
Golemon Library

Last Picture Day To Be Monday, March 16

Ranger Junior High and High School will be having their last picture day, Monday, March 16. This is the Monday after Spring Break. We want to remind everyone who would like a Dual/Individual Picture made to wear bright clothes that day.

Also, all students who

are involved in basketball, track, golf, tennis, and baseball need to bring their uniforms! The basketball sweetheart and beau, and the FHA sweetheart and beau picture will be taken too. The JH NHS will also be taken on Monday, March 16.

COUNTY of EASTLAND

SCOTT BAILEY
COUNTY JUDGE

EASTLAND, TEXAS 76448

March 4, 1992

The Honorable Ann Richards
Governor of Texas
Department of Public Safety
Division of Emergency Management
P. O. Box 4087
Austin, Texas 78773-0001

January, February, March, 1992
Flooding, Road & Bridge Damage,
and Wind Damage

Dear Governor Richards:

Eastland County has continued to experience heavy damages as a result of continued abnormal rainfall since the disastrous rains of late December and early January. On March 3, 1992, southern portions of our county were hit by torrential rains of cloudburst proportions, high winds of 50 m.p.h. velocity, and a small tornado. This last occurrence of turbulent weather and rain has caused washout of County roads, bridge damage, and individual losses to property owners. Some residents are unable to occupy their homes because of wind damage and disruption of their drinking water supply, as well as telephone and electric service in some areas. These conditions, which have continued for approximately 60 days, have severely impacted the health and safety and the economy of Eastland County. We are, therefore, requesting further consideration of a disaster declaration for both State and Federal programs which might be available to local governmental units and individuals severely damaged and impacted because of these conditions. We are preparing a Disaster Summary outline, detailing this extremely damaging rainfall episode, which was also accompanied in some areas by high wind velocity, which has caused a continuing damaging situation.

We express our appreciation for the past cooperation and assistance which we have received through the State and Federal Divisions of Emergency Management and will appreciate any advice or consideration given our heavy losses and damage.

Respectfully submitted,

Scott Bailey
Scott Bailey, County Judge
for Eastland County Commissioners' Court

SB/jw
xc: Mr. August Koenning
Emergency Management
Midland, Texas

(EDITOR'S NOTE:) This is a copy of a letter County Judge Scott Bailey brought to the Commissioner's Court meeting Monday, March 9, 1992. It is addressed to the Governor, Department of Public Safety and Division of Emergency Management, and requests further consideration of aid for recent flooding, road and bridge, and wind damage. The Commissioners stated agreement with the letter, and said they hoped more help would be targeted for Eastland County.

Lead Poisoning Widespread, Hard To Detect

Are your children being poisoned in their own home? They may be suffering from lead poisoning without showing any symptoms. Lead poisoning is a widespread problem that affects people from all socioeconomic groups, geographic areas, and racial or ethnic populations. Children are especially susceptible to lead poisoning.

Several causes of lead poisoning exist. Lead-based paint is the most dangerous and widespread. Although lead has been banned in house paint since the 1970s, it remains a hazard in older homes or homes that are being renovated. Children are poisoned when the ingest paint chips containing lead. Lead paint also is used in painted steel structures, such as bridges and expressways. Lead-contaminated dust and soil is another source of lead in the environment.

Lead paint and dust are the major sources of lead poisoning, but other exist. The level of lead in air has been significantly reduced with the elimination of leaded gasoline, but inhalation remains a cause of lead poisoning. Other sources include water, food, and occupations or hobbies involving lead, such as construction work or working with stained glass. It also is found in some traditional or folk medicines and in some cosmetics.

Lead poisoning can be a serious medical problem. The ideal blood lead concentration is zero, but even small levels can be dangerous. Lead affects virtually every system in

the body and is especially harmful to the developing brain and nervous system of fetuses and young children. Even low lead levels can result in decreased intelligence and growth, hearing loss, unexplained seizures, developmental delay, and behavioral disorders, including hyperactivity.

The effects of lead on the nervous system are irreversible, but lead poisoning can be prevented. If you live in an older home, have lead paint removed from your house by experts. Because pipes may contain lead solder, let water run from the tap for several minutes each morning before using it and always draw from the cold tap for drinking, cooking and making infant formula. Make sure your child does not have access to peeling paint or surfaces like window sills painted with lead-based paint.

Wash your child's face and hands before meals and wash toys and pacifiers frequently. If the soil around your home is contaminated, plant grass in the yard and plant bushes around the outside of the house so children cannot play there. Do not store food in open cans, especially if the cans are imported. Finally, do not serve or store food in leaded crystal or inadequately fired or decorative ceramics and pottery.

Low-level cases of lead poisoning often have no symptoms that occur at higher levels can be confused with other illnesses. If you think your child may suffer from lead poisoning, see your physician. He or she may rec-

March Is National Kidney Health Month

In more than 18 years since it became one of the first state programs of its kind in the U.S., the Kidney Health Program of the Texas Department of Health (TDH) has offered financial help to more than 30,000 of the state's kidney disease patients.

While the number of patients served may seem small, compared to some more general TDH programs benefiting millions, the end-stage renal dialysis, kidney transplants and other services the program pays for often determine a client's survival.

Manuel Zapata, director of the Kidney Health Program, explained that the program provides financial assistance for medical care for kidney disease patients who have no insurance and who do not qualify for Medicare or Medicaid. "For most of these clients, we offer the only alternative to certain deterioration and death from kidney disease," he said. Additionally, the program helps all program participants with transportation and medication.

The most common causes of kidney failure requiring dialysis or surgical transplantation are diabetes, hypertension (high blood pressure), and glomerulonephritis.

ommend a blood test and can tell you more about prevention and treatment.

Texas Medical Association is a professional organization of more than 30,000 physician and medical student members. It is located in Austin and has 119 component county medical societies around the state. The Association represents 82 percent of the doctors of medicine licensed and residing in Texas and 96 percent of the state's allopathic medical students. TMA's key objective is to improve the health of Texans through professional and personal development of its members.

Most of the program's clients are adults, with nearly one-third age 65 or older.

Having undergone a kidney transplant in 1989, Zapata knows first-hand the suffering and expense resulting from kidney disease. "Fortunately for me, I had adequate insurance to pay the costs of surgery and treatment," he said. "But anyone, regardless of age and resources, can develop kidney disease. When that happens, it is an emergency. Our program is meant to ensure that lack of money does not further compound a patient's health emergency."

Zapata said that in his own case he had to undergo dialysis for 15 months before receiving his transplant. The dialysis and surgery were costly enough, he explained, but the expense did not stop there. After transplant surgery, a patient must take special drugs to prevent his own body from rejecting the new organ. After two years, he said, he is in good health, but must continue taking costly medications.

"Increasingly more of our program budget pays for patients' immunosuppressant drugs. Many of our transplant clients may originally have been served by Medicare, but eligibility for such services ends after a year. Clients who lose Medicare eligibility often have nowhere to turn for help but our program," he explained.

Zapata said that the Kidney Health Program has grown from 817 approved applicants and a budget of \$2.5 million in 1974 to 10,327 active participants and a budget of \$12.3 million in the 1991 fiscal year. "The growing number of patients, plus the rising costs of medicine and treatment have caused us to reduce some benefits, such as payments for transportation. Whereas in 1987, we reimbursed 22 cents per

Perry Announces Grants For Environmentally Sensitive Biological Pest Controls

Agriculture Commissioner Rick Perry has awarded \$133,800 in grants to three statewide associations for pest control programs that promote minimum pesticide use.

The three grants, overseen through the Agri-systems Program at the Texas Department of Agriculture, are for fiscal year 1992. The funds are being awarded to the Texas Pest Management Association, the Texas Pecan Growers Association and the Texas Vegetable Association.

"These associations are working to help Texas farmers and ranchers in their ongoing efforts to maintain the land for future generations," Perry said.

"We are committed to helping our state's producers become less reliant on pesticides," Perry said. "These grants are just one example of numerous efforts underway at the Texas Department of Agriculture to create a balance between increased agricultural production and enhanced environmental protection."

The largest grant of \$98,886 was awarded to the pest management association, which works to help farmers and ranchers decrease their pesticide use through Integrated Pest Management. IPM involves using biological insect controls and cultural practices, with pesticides brought in only as a last resort. The association will use the funds to assist in its pest monitoring. This type of monitoring has enabled the association to create the largest biological database in Texas. Monitoring pests is important in

mile for a patient's transportation we now can pay only 12 cents a mile," he said. "But we still provide the vital benefits most eligible applicants need."

IPM because it stresses using pesticides only when insect populations have reached crop-threatening levels — not at the first sight of a pest.

The second grant of \$25,308 was given to the pecan growers association for its pest control program that uses a naturally-occurring pesticide called *Bacillus Thuringiensis* to control the Pecan Nut Casebearer. After damage to pecan groves is assessed from ground sightings, this information will be used along with data from a satellite system to develop maps pinpointing the pest damage "hot spots."

The vegetable association received the third grant of \$9,606 to assist in its Lower Rio Grande Valley trapping survey of the Sweet Potato Whitefly. Accurate assessments of the Sweet Potato Whitefly are important for biological pest control. The Sweet Potato Whitefly is one of Texas' most menacing pests, causing an estimated \$100 million dollars in damage in Texas in 1991.

State Treasurer Kay Bailey Hutchison Reports \$86 Million, 100,000 Names In Unclaimed Property Fund

State Treasurer Kay Bailey Hutchison has announced that 100,000 Texans have more than \$86 million in lost or forgotten property that she hopes to return to the rightful owners.

The 100,000 names were printed in the 1992 version of the Texas Treasury Unclaimed Property Fund list that was published statewide on Sunday, March 1 in 35 Texas newspapers.

"Each year at this time, the Texas Treasury publishes a list of people, businesses and organizations whose various accounts have been dormant for three years or more," said Mrs. Hutchison, whose agency administers the state's unclaimed property program.

Last year, \$50 million in unclaimed property was returned to owners, including \$300,000 worth of rare gold and silver coins to a Houston doctor who misplaced them in a bank's safety deposit box and more the \$20,000 to a retired Dallas school-

teacher who was unaware of her deceased husband's bank account.

Since the program's inception, hundreds of millions of dollars have been turned over to the state. More importantly, Mrs. Hutchison said, almost \$200 million worth has been returned to the rightful owners or heirs.

"Among my highest priorities as state treasurer is to reunite as many Texans as possible with their unclaimed or abandoned property," Mrs. Hutchison said. "If you saw your name in the publication, give us a call to find out what you might be missing. It's never too late to claim your money or property."

The toll-free telephone number for information on the unclaimed property program is 1-800-654-3463. Accounts in the fund include checking and savings accounts, utility deposits, oil royalties and stocks. They are turned over to the State Treasury by banks and businesses.

First Annual Art Show And Sale

The Baird Chamber of Commerce announces plans for their first Annual Art Show and Sale to be held March 14th. This event will round out three major events held in Baird annually to gain regional attention for the town and bring visitors into the community. Other annual events include Trades Festival in June and Bedlam in Baird in September.

The Art Show and Sale is scheduled in conjunction with the Abilene Train Festival. With so

many train enthusiasts coming into the area, the Baird event will provide another opportunity to visit a "railroad" community for its historic interests and unique shopping as well as the art show.

In addition to the Art Show and Sale which will be held at the Methodist Church from 9 a.m. to 5 p.m. downtown Baird will have another special activity. Participants in the "Great Locomotive Chase," a bicycle tour/race that kicks off in Abilene during the 10 a.m. Train

Festival Parade on March 14th, will be routed through Baird during the noon hour. Baird will serve as the mid-way point and rest stop for the bikers in the 100 kilometer (62 mile) bike tour. For more information about the bike tour/race call the Train Festival office, 676-3775.

Details about the Annual Art Show and Sale are available at the Baird Chamber of Commerce office, 854-2003. Included in the information is registration time and fee, divisions and classifications, stipulations on size of art and sales requirements and awards to be given.

Donations from local residents and merchants will be used to provide the cash awards for winners in the adult and children's divisions. Donations are being accepted at the Chamber office.

OBITUARIES

Lela Finley

Eastland-Lela Finley, 85, died Sunday, March 8, 1992, in an Abilene hospital.

Services were at 3 p.m. Monday, March 9, 1992, at Edwards Funeral Home Chapel in Eastland with Gary Montgomery officiating. Burial will be in Eastland City Cemetery.

Mrs. Finley was born in Knox County. She and her family lived in Baylor County, Nimrod and Cisco in Eastland County in her early years.

She was a homemaker and was a member of Daugherty Street Church of Christ.

She enjoyed sewing, crocheting, gardening and

was active in Bible study at her church.

She was the widow of J.W. Finley.

Survivors include three daughters, Claudie Mae Peel of Carbon, Nadine Linebarger of Dallas and Charlene Gibson of Del Valle; a son, Roy Finley of Eastland; two brothers, John Luttrell of Fort Worth and Clyde Luttrell of Hamilton; two sisters, Flora Campbell of Powderly and Juanita Baxter of Woodsboro; 10 grandchildren; 16 great-grandchildren; and a great-grandchild.

Ardis Murray

Eastland-Ardis Leo Murray, 51, of Mineral Wells, formerly of Eastland passed away Thursday, March 5, 1992, at a Dallas hospital.

Graveside services were at 2 p.m. Saturday, March 7, 1992, at Bear Springs Cemetery near Carbon with Joe Bullock officiating, directed by Bakker Funeral Home.

Mr. Murray was born in Ranger and lived most of

his life in the Eastland area before moving to Mineral Wells in the 1960s. He was a construction worker and a veteran of the U.S. Air Force.

Survivors include his wife, Bobbie Murray of Mineral Wells; eight stepchildren; a brother, Dean Murray of Eastland; two sisters, Polly Harton of Ranger and Luegean Bullock of Crane; and 10 grandchildren.

Wilber L. Williams

Gorman-Wilber L. Williams, 93, died Friday, March 6, 1992, at a Meridian nursing home.

Services were at 2 p.m. Sunday, March 8, 1992, at Higginbotham Funeral Home Chapel with the Rev. James Haynes officiating and the Rev. Lavelle Haynes assisting. Burial was in Oaklawn Cemetery.

Mr. Williams was born in Manor. He was a high school coach, a school superintendent in Walnut Springs and Jayton and a

teacher in Gorman and Grapevine, with 30 years experience in education all together. After retirement, he was a registered Hereford cattle rancher in Kaufman County. He was a Mason, Shriner and a member of the First United Methodist Church.

Survivors include his wife, Hallie Beth Williams of Glen Rose; two daughters, Marsha Williams and Mary Sue Leech, both of Glen Rose.

Fannie Williams

JACKSBORO - Graveside services for Fannie Blackwell Williams, 87, of Jacksboro, were held at 2 p.m. Wednesday, March 11, at the Evergreen Cemetery in Ranger with Rev. Grayson Tennison officiating.

Mrs. Williams died Sunday, March 8, at the Jacksboro Nursing Center after a lengthy illness. She was born October

19, 1904, in Ranger. She was a homemaker. She married Edward Williams on January 6, 1925, in Ranger. He preceded her in death.

Survivors include two sons, James Edward Williams of Crowley and Billy Don Williams of Saginaw; a sister, Wilma Basham of Ranger; five grandchildren and five great grandchildren.

Eastland County Bass Club

The Eastland County Bass Club will have its March club tournament this Saturday, March 14, on an area like within the 35 mile radius of Eastland. All anglers interested in fishing will meet at Double Vision Restaurant for the drawing of the lake to be fished. Everybody who pays their entry fee can put a lake into the hat and we will draw at 6 a.m. Fishing hours will then be set. New members can join at this time.

Members met at the Eastland National Bank last Thursday for their regular monthly meeting and many important items were discussed. One item discussed was about our open tournament in September. After deciding to have this tournament, a committee was set up to set prize money and any rule changes. This report will be presented to the club at its next club meeting for final approval by the members. Once again, members will be trying to get sponsors to help with our tournament. Last year we had over 40 sponsors who helped make our tournament a success and this year we hope to have even more sponsors.

On Sunday, March 22, the ECBC will sponsor an evening open jackpot from 1:30 to 5:30 p.m. This

jackpot is open to anyone and you don't have to be a member of any bass club. Headquarters will be at Chock-O-Block on Lake Leon, and it will be a three fish total stringer weight. Entry fee will be \$10 with an optional big bass cutta. Two places will be paid for the stringer weight and one place for big bass. Non-boaters are welcome. Anyone needing more information about this jackpot or any of our club activities can call Gary Harton at 647-3888 or Butch Willingham, 442-3142.

Eastland County Defensive Driving Course Saturday

Eastland County Defensive Driving classes are now forming! For early registration please call 442-4479 or after 10 a.m. 442-2673. The fee for the class is \$20. Classes are held at the Mountain Top Church Family Center at 600 E. 8th Street in Cisco. The next class to be held will be March 14 and will be 8 a.m. to 4:30 p.m. Class materials and videos are interesting and designed to give positive learning reinforcement with class participation and interaction.

Mike (Elijah Wood) and his younger brother (Joseph Mazzello) find strength in each other and their best friend, Shane, as they settle into life in a new neighborhood after their mother remarries in "Radio Flyer," a Columbia Pictures release. This picture will show at the Majestic in Eastland March 13 through March 16.

'Radio Flyer' To Show At Majestic This Weekend

The movie "Radio Flyer" explores the world of two young brothers who are confronted with an abusive stepfather. The script is told from a child's point of view, but the material is definitely geared to adults as well as young people.

"Radio Flyer" will show at the Majestic in Eastland from Friday, March 13 through Monday, March 16, 1992. Curtain time will be 7:30 each evening, with tickets \$3.00 at the box office. This picture is rated PG-13.

The story begins in 1969, when Mike and Bobby (Elijah Wood and Joseph Mazzello) have driven across the United States with their recently divorced mom (Lorraine Bracco) to start a new life in California.

Then their mother remarries and moves the

family to a new town, and the brothers are forced to adjust to some harsh realities. Their mother has to work double shifts as a waitress, so she isn't at home when their new stepfather (Adam Baldwin) begins to threaten Bobby.

Devoted to their mother and protective of her, the boys keep their terrible secret to themselves. But their challenge compels them to secretly create what they call "The Big Idea." It requires a belief in themselves and the nearly impossible to transform the younger brother's little red wagon into a flying machine that will take him off in flight.

Producer Lauren Schuler-Donner says: "Nowadays, a good 20 years after the events of this story, we are more aware of the issue of child abuse, and kids like Mike

and Bobby don't have to rely on just themselves." "At the end of the film we show an 800 number for Childhelp USA's hotline that anyone can call if they are aware of any child being mistreated."

This film ranges from funny episodes to thought-provoking material. See it if you can.

Drilling Bits

New Tests
Brown
 Spartan Oil Corp.; Abilene, will drill a wildcat, No. 2 Duesek, to 1,600 in the Regular 3 miles SW of Grosvenor on an 80-acre lease. Spots 763 FNL, Cisco Press - Eastland Telegram - Ranger Times - Rising Star - Callahan County Star
Thursday, March 12, 1992

Texas Department Of Public Safety To Hold Special Tests

The Abilene drivers license office will conduct special testing for commercial drivers license (C.D.L.) on Saturday, March 14, 1992, and Saturday, March 28, 1992, at the Texas Engineering Extension Service Facility located at 3650 Loop 322 in Abilene.

The testing will begin at 8:30 a.m. each Saturday and will close at 2:30 p.m. each day and is only for the C.D.L.

Commercial drivers who need to take the tests, need to bring with them their current drivers license, their original issued social security card, or current employment record that indicates their social security number. No commercially produced social security cards will be accepted.

Persons who need the new commercial drivers license are those individuals who drive vehicles with registered gross weight in excess of 26,000 pounds, those who transport hazardous cargo that requires a placard and those who drive buses designed to transport 16 or more passengers (in-

cluding the driver.) Church bus drivers are not exempt from these requirements. Volunteer drivers also are required to secure a C.D.L.

Lieutenant Herschel Hancock, Drivers License Service, Abilene, has stated that the two additional C.D.L. testing dates have been scheduled to

help commercial drivers meet the April 1 deadline that has been set for all commercial drivers to be licensed. Any commercial driver who has not secured a C.D.L. by April 1st is in violation. He encourages as many drivers as possible to take advantage of the first

additional testing date to help even the numbers between the two dates. Also, if someone is not successful on the first date, they would have another opportunity before the deadline.

SMALL BUSINESS Q & A

Cheery Profits from Merry Customers

From CYNERGETICS

Q I've been an avid reader of your column ever since our local newspaper started publishing it. I have to admit I was skeptical at first of some of your unconventional concepts.

A But now I'm a believer! You've stated, "Don't just sell to your customers, entertain them!" So recently, when a local jazz group approached me about performing in my small coffee shop, I agreed right away.

The jazz group didn't charge me anything; they needed the exposure. And, in exchange for donating just a few square feet of unused space, I'm enjoying an increase in store volume of 65%!

Q Keep those great ideas coming!

A Keep those success stories coming! It makes it all worthwhile.

In today's tough economic climate, you need every possible hook you can muster to attract customers to you... rather than to your competition.

Providing free entertainment is probably the most cost-effective way around these days. Many out-of-work entertainers are available for no charge, just as you have discovered. And many, many recession-weary customers, sick of staying at home, are clamoring to be entertained on the cheap.

Here are some more success stories. Borrow profusely:
 ■ A California chain of cafes — with "hip" names like Mud, Java and Joe — is packing crowds in by positioning itself as an "in" place for singles. Their unusual live music programs draw constant attention from local newspapers.
 ■ Nordstrom, the upscale clothing store, woos customers with their stand-up bar at the entrance. Once customers are in, a live jazz pianist in the lobby keeps them feeling special and cuddled.
 ■ Landmark Centre, a stationery store in New York, has doubled sales volume

since they introduced their lunch-time "retail theater." Customers are treated to magic shows, mime acts, stand-up comedians, even commercials for the store.

■ The Factory, a fashion clothing outlet in downtown Los Angeles, keeps its teenage customers loitering, dancing and buying in tune to their live rock deejay.

■ A midwest grocery store borrows heavily from Disneyland. Their clerks dress in cartoon-character outfits and keep customers rolling in the aisles. Kids in these neighborhoods don't generally allow their parents to shop anywhere else!

■ Fred Segal started out as a men's clothing store in the chic Melrose district of Los Angeles. Now that competition has intensified, they've added several sections — like cookie shops, espresso bars, display books and sexy lingerie — that evoke the "honey-look-at-this" response, thus causing customers to linger and shop for hours on end.

Of course, once you've drawn the customers in — and given them reasons to stay in — you must offer them a great product at a great price to get them to part with their hard-earned money.

Facing Your Worst Fears

How many times have you really feared something... only to find out it wasn't that bad after all?

So, why let your fears rule your life? Why let your imagination run on

overdrive? Starting right now, learn to face your worst fears. Don't let any more opportunities slip by because your fears got the better of you.

CHIROPRACTIC FOR BETTER HEALTH

DR. STEPHEN G. BARRY

CHIROPRACTOR

MEDICAL RESEARCH SUPPORTS CHIROPRACTIC

The British Medical Journal reports that Chiropractic treatment of low back pain, which affects 75 million Americans, is superior to the standard regimen administered by medical doctors.

The study, published in the summer of 1990, indicated that chiropractic manipulation can relieve severe back pain quicker and at lower cost than medical treatment. Chiropractic patients experienced less pain and disability and missed fewer days work.

At Barry Chiropractic Clinic we are committed to not only getting

you free of back pain but treating those conditions which cause your pain. No symptom can be more depressing than persistent back pain. Don't delay treatment when help is readily available.

Sheep And Goat Program Seeks Career-Minded Youth

Career-minded youth are being sought for the Texas Sheep and Goat Youth Leadership Workshop in June.

The program will identify outstanding youth in the sheep and goat industry and help those young people in making career decisions, according to Dr. Frank Craddock, sheep and goat specialist with the Texas Agricultural Extension Service.

The workshop is scheduled for June 21-26 in San Angelo and College Sta-

tion. The deadline for applications is March 31. Enrollment is limited to 20 to 30.

Texas is the leading state in the production of sheep and goats, with numbers totaling approximately 2 million sheep, 1.5 million Angora goats, and 500,000 meat goats. In the United States, 11.5 million sheep and 1.8 million Angora goats are produced.

"Many times, young people are exposed only to small segments of the

industry, not the whole picture," Craddock said. "We would like for our bright young people to stay in the state and in the sheep and goat industry when they begin their careers."

Workshop topics include breeding, industry association, health, marketing, nutrition, reproduction, environmental issues, meats, feedlot, politics, banking, computer, and fiber.

The group will visit the Texas A&M Research and Extension center, Texas Sheep and Goat Raisers Association, Mohair Council of America, a slaughtering facility, feedlot, skin and pelt company, wool and mohair warehouse, scouring plant, mohair processing plant, and visit sheep and Angora and Spanish goat operations in the San Angelo area. They also will visit with local bankers.

In College Station, the group will visit the Texas A&M University animal science department, sheep and goat center, and

the Rosenthal meat laboratory. Additionally, lectures on animal rights/welfare, computers, and human nutrition will be given.

Applicants must be entering their junior or senior years in high school, and actively involved in some aspect of sheep or goat production.

The Mohair Council of America and the Texas Sheep and Goat Raisers Association are co-sponsors of this program.

Applications are available from county Extension agents or vocational agriculture teachers throughout the state, or from Dr. Frank Craddock, Texas Agricultural Extension Service, P. O. Box 1849, Uvalde, Texas 78802-1849.

Art Show At Baird March 14

The first Annual Baird Art Show and Sale is set for Saturday, March 14th, at the Methodist Church in Baird. The show will be open for the public from 9 a.m. to 5 p.m.

Registration for the show begins Thursday, March 12, at 3:30 p.m. No entries will be accepted after 7 p.m.

Artists from all across the region are anticipated for the show. A special highlight of the sale will be a limited number of prints offered by Wayne Baize.

Renowned artist Boyd Graham of Abilene will officiate judging of the show. A native of West Texas and published artist and author, Graham is accomplished in oils, acrylics, watercolor and gouache. He is a member of several art societies and associations and his work is represented in private collections in the U.S. and abroad.

Elizabeth Taylor stars in the classic movie "Cleopatra," which will open at the Majestic Theatre Sunday, March 15 at 2 p.m.

Classic Movie "Cleopatra" Will Show At Majestic

Varied entertainment will be featured at the Majestic in Eastland during the next few days. The vintage movie "Cleopatra" will open Sunday, March 15 with a 2 p.m. Matinee. There will be another showing of this Historical/Drama on Tuesday, March 17 at 7:30 p.m.

This movie is the March Classic in the 1991-92 Series. Admission will be \$3 at the box office.

When "Cleopatra" was produced 30 years ago the off-stage dramas swirling around it attracted as much attention as the story on camera. Elizabeth Taylor became ill during the filming, and costly overruns became commonplace.

When she recovered, Taylor began to play love scenes with Mark Antony (Richard Burton) with more zeal than the script called for. The resulting scandal and speculation brought out a number of critics.

But looking at it 30 years later, the picture is a monumental achievement in many ways. The settings and costumes are remarkable - a lot more fun than reading about Rome and Egypt in a history book.

Taylor is exquisite, Burton rugged and handsome, and the story lines actually believable. This is an epic you'll want to see.

Are Two Hearing Aids Better Than One?

Two hearing aids are better than one. Or are they?

According to an audiologist at Baylor College of Medicine in Houston, some elderly people may hear better with a hearing aid in one ear only.

"It is usually the right ear," said Dr. James F. Jerger, a professor of otorhinolaryngology at Baylor, who believes that some hearing problems result from how sound is processed in the brain, rather than from an imbalance of hearing sensitivity in the ears.

Speech processing is controlled by the left side of the brain, said Jerger, which means that sounds received in the right ear travel directly to the left hemisphere. Sounds received in the left ear, however, travel first to the right side of the brain, and then cross to the left side along a bridge of nerve fibers called the corpus callosum.

"This is probably the basis for the right-ear advantage," he said.

For some time, researchers have noticed that people with age-related hearing loss tend to process sounds entering the right ear more efficiently.

Jerger studied topographical brain maps of more than 100 patients. The group included people with normal hearing, patients with hearing loss caused by diseases such as encephalitis and stroke, and patients with age-related hearing loss.

Three maps were made for each patient; one showing the brain's response when sound entered the left ear, the right ear, and both ears. Dark areas of the maps indicated positive electrical activity generated by the sound.

The brain maps of patients with normal hearing showed the most activity when sound entered both ears. But some patients with hearing loss showed more activity when the sound entered only one ear.

"There appears to be some type of interference,"

Jerger said. "Sound going into one ear interferes with sound entering the other ear, when both ears are stimulated simultaneously, but we don't know why."

Jerger's observations could have important implications for how the elderly use hearing aids. "One of our biggest problems is getting them to use hearing aids. We need to find the best conditions for their use."

For example, said Jerger, since the right ear often has an increasing advantage over the left ear from age 50 on, a hearing aid for the right ear only may be the best choice for some people.

Rescue Line For Women
Ruth Stewart, M.Ed.
Q. What are some other games to play with a pre-school child?
A. One game that helps memory is "What is missing?"
Put four objects on a table. (Use everyday objects such as an apple, saltshaker, a child's book, or a toothbrush.) Have the child to look at the objects and close his eyes while you take away an object, then the child guesses what is missing.

Watershed Damage Tops \$20 Million In Texas

Record-breaking rainfall that began in December has caused more than \$20.5 million damage to the state's watersheds in 55 counties, according to the Soil Conservation Service.

"As we get additional rainfall, we get more damage," said SCS's Gary Westmoreland of Temple. "Because the land is saturated, each rain produces more runoff, and that is what is causing the damage."

About 5 percent is damaged to a degree that poses an immediate threat to life or property, Westmoreland said. But more heavy rains on less damaged watersheds could erode them into the more serious category.

A watershed is an area of land that drains to one central point.

"Watersheds are like bath tubs" Westmoreland said. "The watershed for Galveston Bay includes the entire Trinity and San Jacinto river basins and all the land between, because they drain to a common point."

Westmoreland said SCS

personnel in each county have assessed damage as water recedes. Some areas still under water or too muddy to approach have not been examined.

"The damage starts at the Dallas-Fort Worth area and extends through the Blackland prairies, west to the Hill Country, east to the post oak region and south to the coast," he said.

The most threatening damage, he said, may be a bridge that is about to collapse, for example, or eroding river banks that could cause homes to be flooded.

Less menacing is damaged land that can wait two to four months for the repairs needed for long-term safety and stability.

Damages to natural resources are among the hardest to repair, said Dr. Bill Harris, soil specialist with the Texas Agricultural Extension Service.

"County or local governments are responsible for repair work on roads, bridges and other transportation conveyances," Harris said. "But much of this damage was on pri-

vate land and is the responsibility of the landowners."

Harris said logs and other debris have been deposited and gullies have washed across land, for example.

"In some places, top soil has eroded away and will have to be replaced," Harris notes. "Or land may need to be revegetated in order for a farmer to irrigate a crop."

In many places, soil conservation techniques such as terracing were washed out by heavy and continuous rainfall, he added.

Westmoreland said \$500,000 in designated federal emergency watershed funds were depleted by the end of December for the most critical repairs, such as the emergency evacuation of an elderly couple who were trapped in their home when the only road to the property flooded. Some eroding stream banks were stabilized, also, to prevent several homes from flooding, and the flood-damaged outflow pipe of a sewage treat-

Fishing Outdoors

AREA TEAMS PLACE WELL AT AMISTOD

Area two person team made another good showing this past weekend at Lake Amistod. The second qualifying event for the Anglers Choice Two Person Team Circuit drew 21 teams.

Anglers were met with some changing conditions. High winds Saturday only increased up to 40 mph gust by late afternoon. This blew a heavy cloud cover in for Sunday's event versus a partly cloudy day Saturday.

Amistod's fish appeared to be in the middle of the spawning ritual with most anglers reporting seeing big females on the beds. But Sunday showed most of the beds to be empty as the final weights show.

First place was won by the team of Galen and Boone with 14.90. These gentlemen have competed with anglers choice for four years and have consistently knocked on the door, but till now just

couldn't get in. Congratulations gentlemen on a great string.

Second was Milson and Frey 14.76; third was Carr and Romans; fourth was Cullion and Cullion, their folks also had the big bass of the day five pounds plus. And this lunger fell prey to a Berdley Power Worm. Fifth was Rick Glenn and Don Bailey 13.92. Area teams placing towards the top included Jimmy Johnson and Gary Horton 12.54; James Fullen and B.J. Johnson 11.01; Bobby Maynard and Terry Wilson 9.85; and Bob and Joe Bob Moore 9.62.

There really didn't seem to be one bait better than the another, lizards took first place. But worms, Slug O's, Rat-2-traps, jigs, crankbaits and buzz baits all produced fish.

The next event for this region will be at Possum Kingdom April 12, 1992, out of Sandbar. Watch here for more details.

Do not forget the Cowtown 100 Bass Club open Sunday March 15, 1992, at Lake Granbury. This event has a first place guarantee of \$1,000.00; second, \$500.00; third, \$250.00; fourth through tenth, \$100.00; plus prizes all based on 250 entries. Entry fee if received by March 11 is \$25.00 there after \$30.00. Headquarters will be at Rough Creek Park.

ment plant in Bosque County was repaired. "The problem is we quickly ran out of money," Westmoreland said. "People have lost property and facilities because there was no money to prevent it."

He said counties and local governments now are faced with trying to find money to make the necessary repairs.

The Texas Parks and Wildlife Department will bring together diverse interest groups in April to try to forge consensus on the future of mountain lion management in Texas.

On April 8 in Del Rio, 70 to 100 conservationists, landowners, urban citizens, livestock producers, hunters, preservationists, news reporters, wildlife biologists, university researchers and state legislators will sit down in round-table groups of about 10 each. Each group will be charged with developing constructive ideas toward a long-range mountain lion management strategy.

The consensus of each group then will be consolidated into an overall projection of needs and the sources of data to effectively manage the species in Texas.

Less is known about the solitary mountain lion than many other Texas wildlife species. Part of the department's goal is to develop accurate data on mountain lion populations and territory. After the round-table, department staff will expand efforts to collect harvest and mortality data and educate the public about mountain lions.

Opinions about mountain lions are diverse. Some livestock producers regard the animal as a threat to their livelihood. The Sierra Club recently petitioned the department to protect mountain lions in Texas. Mountain lions are currently classified as non-game animals, so there is no restriction on their harvest.

"I'm confident that the

proposed management forum and future research will provide the pathway for us to effectively address the mountain lion issue in the future," said Andrew Sansom, TPWD executive director.

Department wildlife biologists have recommended making no changes to the mountain lion's classification and regulations at this time because information indicates stable or increasing populations.

A few of the organizations and individuals invited to attend the round-table include the Sierra Club, the Texas Sheep & Goat Raisers, the U.S.

Fish and Wildlife Service, the Boone & Crockett Club, the Audubon Society, university researchers and biologists from state and federal agencies.

The department's goal for the round-table is to have the broadest possible representation of diverse interests. Past round-tables on other topics have proven to be an effective tool to identify problems and work toward cooperative solutions.

Pharmacy Topics

By Bob Mueller

New surgical technique that seems to control atrial fibrillation was developed at Washington University in St. Louis. The "maze" procedure has been successful with patients over a period of four years.

There's a correlation between tooth loss and high blood pressure. Professors at the University of California at San Francisco found that people without teeth usually eat soft, processed foods that are high in fat, salt and sugar.

"Little League elbow" is a not-common overuse injury in active children who have not yet reached skeletal maturity. Physician and Sportsmedicine reports. Stop pitching and rest, the doctors say. Ignoring the pain may lead to permanent disability.

We're not all the same under the skin. Scientists at the University of California at Los Angeles are now studying how different ethnic groups metabolize medications. Some groups keep certain drugs in the bloodstream longer, they find.

What's new in medicine? We keep up with the latest developments, the better to serve your health needs at Walmart Pharmacy Hwy 80 East, Eastland, 629-3347.

Our new line should put an end to a few others.

Our three newest products were designed to help eliminate those little lines that occur over time. No matter how carefully you care for your skin. Luxiva Cellular Therapy Serum for dry skin. Luxiva Cellular Therapy Emulsion for oily skin. And Luxiva Hydrosome Complex, an advanced hydrator for all skin types that penetrates and moisturizes, while guarding skin against further damage.

Stop by and find out more about our whole Luxiva line. Because when it comes to skin care, it's never too early—or too late—to get started.

Referendum And Election Of T.P.P.B. Approaching

Mary Webb Executive Director Texas Peanut Producers Board

The Texas Peanut Producers Board will hold its biennial election on April 30, 1992. The current terms of three board members on April 30, 1992. The current terms of three board members will expire at that time. Any person living within the following counties who is engaged in the business of producing, or causing to be produced, peanuts for commercial purposes, is eligible to vote in his district, including owners of farms and their tenants and sharecroppers, if such person is subject to paying the assessment that is collected on peanuts within the following counties:

DISTRICT II: Includes the northwestern counties of the State. The southernmost boundary of this district includes the following counties: Loving, Wheeler, Ector, Midland, Glasscock, Sterling, Coke, Nolan, Taylor, Callahan, Eastland, Palo Pinto, Parker, Wise, Denton, Grayson, Fannin and Lamar. Peanut producers north of this line are in District 2.

DISTRICT III: The westernmost boundary of this district includes the following counties: Red River, Delta, Hunt, Collin, Dallas, Tarrant, Hood, Erath, Bosque, McLennan, Bell, Milam, Lee, Bastrop, Fayette, Colo-

rado, Wharton and Matagorda. Producers east of this line are in District No. 3.

DISTRICT IV: The northernmost counties of this district include the following counties: Maverick, Zavala, Medina, Bexar, Guadalupe, Gonzales, Lavaca and Jackson. Producers south of this line are in District No. 4.

Any person qualifying to vote on the Texas Peanut Producers Board for a six year term from that district by application to the above organization, signed by himself and at least ten other persons eligible to vote in the election. Such application must be received by the Texas Peanut Producers Board at least 30 days prior to the election date, in order to have his name placed on the ballot.

The election will be held by mail ballot. Ballots must be mailed to the polling place at P. O. Box 398, Gorman, Texas 76454 by or before midnight on date of the election. (April 30, 1992)

Any person qualified to vote who does not receive a ballot 15 days prior to the election, may obtain one at County Agent offices in peanut producing counties within the State.

What's New In '92 Nina, Pinta, Santa Maria To Call At Galveston

Perhaps the biggest Medicare news this year is that Congress did not pass an Omnibus Budget Reconciliation Act (OBRA) late in 1991. Instead of scrambling to effect a new OBRA bill, HCFA is implementing various phases of prior legislation. Among the changes which are advantageous to beneficiaries are the following:

Global Surgery
Medicare is standardizing the all-inclusive or "global" rate it pays for surgical procedures. Each surgical procedure has been classified as either "minor" or "major." Beginning January 1, 1992, the all-inclusive rate for minor surgeries will include one day "pre-op and 10 days "post-op," for major surgeries, one day "pre-op" and 90 days "post-op." We include the post-operative medical visits in the global fee along with the procedures (such as suture removal) normally identified with post-operative surgical visits.

The physician usually cannot charge for a separate office visit during this global period unless the patient needs care for a problem not connected to the surgery. Some non-incisional procedures have no post-op visits included with the fee.

Electrocardiograms (EKGs)
Medicare no longer pays physicians a separate amount to interpret EKGs. Payments for hospital or office visits have been increased to include the cost of interpretation. The Medicare beneficiary cannot be separately charged for an EKG interpretation. This will prove especially helpful to hospitalized Medicare beneficiaries who in the past were often "surprised" by bills for EKG interpretations.

Limiting Charge
This is the second year that physicians who do not accept assignment will be subject to the limiting charge. Simply stated, for most services this year the limiting charge equals 120% of the allowed amounts. Amounts were calculated by Medicare carriers in each state and then furnished to the physicians it services.

Physicians who do not accept assignment can charge their Medicare patients no more than the limiting charge. A beneficiary concerned about the amount his doctor is charging, should ask him if it is in line with the limiting charge. We are happy to say that physicians in the Dallas Region appear to be comply-

Participating Physicians

Although many physicians who do not "participate" in Medicare accept assignment selectively, Medicare participating physicians sign an agreement to always accept assignment. This means that they accept the Medicare allowable as their total payment. They are limited to charging the Medicare beneficiary only for any unmet portion of the \$100 deductible, for the 20 percent coinsurance, and for any non-covered services.

Many beneficiaries who carefully choose a Medicare participating physician find that, upon hospitalization, their physician calls in consultants who do not accept assignment. While non-participating physicians do not always charge more than the allowable, they often do. *It is a good idea for patients who want to save money to ask their physicians to call in only other participating physicians to help out on the case.*

Replicas of the Niña, Pinta and Santa Maria, commissioned by the Government of Spain, will call at the port of Galveston from Wednesday, March 25 through Sunday, March 29. The Galveston visit is presented by the Spain '92 Foundation; the City of Galveston; the Port of Galveston; the Galveston Park Board of Trustees; and George and Cynthia Mitchell.

The caravels are estimated to arrive at noon on March 25, and sailboats from throughout the Galveston Bay area are invited to welcome the fleet and escort it to the Port of Galveston. They will dock at Pier 21, off Port Industrial Boulevard at 21st Street, next to the tall ship Elissa and the Texas Seaport Museum. The public will be welcome aboard to tour the vessels throughout their stay at the Island port. Accompanying the vessels are educational exhibits regarding the construction of the replicas and life aboard them at sea.

Individual tickets
Individuals may board the Niña, Pinta and Santa Maria on March 25, 26

and 27 from 2 to 5 p.m.; and Saturday and Sunday, March 28 and 29, from 9 a.m. to 5 p.m. Individual tickets will be available at \$6 for adults and \$3 for children under 12. No admission will be charged for children under age 6. Individual tickets may be purchased after February 15 at any Houston or Galveston area Randall's; at the Galveston Island Convention and Visitors Bureau, 1-800-351-4236 (within Texas); or at the Strand Visitors' Center.

Group Tours
Group tours will be available on Thursday and Friday March 26 and 27, and must be reserved through the Galveston Historical Foundation, 409 765-7834 or 713-280-3907. Tickets will be available at \$3 per person for groups of 20 or more. School groups may board free of charge.

Galveston's Niña, Pinta and Santa Maria Fund

Proceeds from tickets sales beyond what is needed to cover the expense of the Galveston visit will go to a newly created nonprofit charitable fund, the "Niña, Pinta and Santa Maria Fund," to be administered by the Galveston Park Board of Trustees to foster the creation of new festivals and cultural events for Galveston. According to Don Schattel, executive director of the Galveston Park Board of Trustees, this endeavor is supported by the Spain '92 Foundation in its goal to leave behind a legacy in each of the cities visited by the Niña, Pinta and Santa Maria.

Built by the Government of Spain at a cost of over \$15 million, the ships are authentic replicas of Columbus' fleet and commemorate the quinquennial of his initial voyage to the New World in 1492. Manned by Spanish and American crews, the vessels made a 22-city European Tour before departing for the New World from the Port of Huelva, Spain, on October 12, 1991. The transatlantic voyage took 29 days.

Putnam News

By Ruby Weathermon

Thank you for your participation in our American Cancer Fund-raiser, we had Saturday 29th at the Putnam School Bldg. No words can describe what a great success it was. All of you helped the Putnam area and Callahan County Unit of the A.C.S. have an unforgettable day. We all can feel proud! The old school building was filled to the brim. There was good food, music, fellowship and dedication to such a worthy cause. Each one of you did your part, you did a good thing, you will be blessed.

The quilt was won by K.B. Riffe of Putnam. There was \$1100.00 donated to the quilt drawing. The overall net amount was \$1949.79.

Also memorials in the amount of \$110.00 were given in memory of R.D. Weeks who buried on Saturday.

The Putnam Community were fond of R.D. Weeks. We send our sympathy to the Weeks family. We will miss him and his fiddle. We want to extend a standing invitation to the Weeks children, Robert, Brandy and Rebekah Jean to come play

at the Putnam Musical anytime.

Jo Buchanan had hip surgery in the Humana Hospital on Monday. He is the son of Anita Buchanan of Putnam and Blayne Buchanan of Clyde. We all send our best wishes to Jo and hope he is home soon.

Felix Manion, Jim Hatchett and Robert Martin from Baird were in town this past week.

Roland Jones the J.P. from Cross Plains was in Putnam on Wednesday.

Commissioner Tommy Holland is a frequent visitor in Putnam taking care of his chores.

Kenneth Hudson from Moran comes around quite often. He stops by for coffee after he has waded the mud all day seeing to the wells.

Ronnie Wylie has been missed around town this past week. He is serving on the jury in Taylor County.

Virginia Gary from Ft. Worth came to the Hitchin Post to visit with her sister Joann Gray while she was working.

Alma Stephenson and granddaughter Alicia, Baird came to Putnam to see her sister Ida Mae

DESDEMONA NEWS

By Vonnie Guthery

First Baptist Church of Desdemona will host a revival March 15-20 with Evangelist Henry Roe of Houston as the guest speaker. Song leader will be Charles Altimore of Houston with Karen Eaves of Desdemona as the pianist. Services of Sunday evening the 15th will be at 6:00 p.m. Week-days are 7:00 p.m. Everyone invited.

Merlene Wisdom and her mother, Eva Williams of Stephenville visited last weekend with Marsha Johnson, Billy and Chris in Andrews.

Bro. Grayson and Betty

Tennison of Fort Worth and former pastor of Desdemona First Baptist Church visited Saturday in Desdemona with Evah Sparkman, Dorothy Roberts and other friends. Grayson and Betty are a wonderful couple and much loved by everyone.

James and Eileen Buckley of Graham visited Saturday with his brother, Jerry and Pat Buckley. Then on Sunday, Jerry and Pat visited in Graham with James and Eileen.

Sonja Martin visited Saturday in Millsap with her Dad, Eddie Martin.

Pleasant Hill Club Will Meet Thursday

Ray Green from Abilene came and got in on moving the chairs from the school Bldg. to the Community Center. When Ray comes by he is always willing to lend us a helping hand.

Mr. and Mrs. Kim Massengill, Josh and Jesslyn from Abilene visited with her parents Mr. and Mrs. John Doyle Isenhower on Saturday night. Josh had the honor of drawing the ticket out of the cage for the quilt. Kim read the names of those who have died of cancer in the Putnam area and the musicians dedicated the song "How Great Thou Art" in their memory. It was very touching.

The Pleasant Hill Home Extension Club will meet in the home of Ann Larkin Thursday, March 12, at 2 p.m. The program will be given by Ann Larkin entitled "Over the Counter Drugs." Members are urged to be present, visitors are welcome.

Arleta Shirey, Murl Campbell, Dora Schaefer and Twila Lee attended the Extension Homemakers Council meeting on Wednesday, March 4, in Eastland.

AARP Offers Free Tax Assistance

One month of the tax season has already passed and the IRS is reporting that the system of processing the returns is operating effectively this year. Now is the time to send in your return so it may be processed quickly and refunds mailed promptly. Do not wait until the last days when the IRS Center is rushed and refunds are mailed slowly. Bring your tax forms to a Senior Citizen Center and avoid the last minute rush.

Free income tax advice is available at all Senior Citizen Centers throughout Eastland County and also at the Eastland Memorial Library through the AARP Tax-Aide Program.

AARP Volunteer Counselors, trained by the Internal Revenue Service, are available at the Senior Centers to provide FREE assistance for the elderly and also for low and moderate income persons who are unable to afford professional advice.

As an older American, you may not have to file a return if you are single and over 65 and your gross income is less than \$6,400. Married persons who would generally file a joint return and both are over 65 years, may not need to file if your adjusted gross

income was less than \$11,300. Low to moderate income families with children may also be entitled to a special Tax Credit of up to \$2,000. You may be eligible for this credit if you have worked during the year, had at least one child living with you and your earned income was less than \$20,000. Working families that earned so little they had no tax withheld from their paycheck and also workers who lost their jobs or worked only part time are eligible for this Earned Income Credit.

Earned Income Credit is the only credit that is refundable. That means it can go to families whose income is so low that it owes no tax but can receive a refund check up to \$2,000.

Free income Tax Assistance is available to low and moderate income persons through the AARP TAX-AIDE PROGRAM. Tax-aided volunteer counselors will provide assistance through April 15.

To locate the Tax-aid site nearest you contact Walter Knowlden, Assistance District Coordinator, telephone 442-1715 or call your nearest Senior Citizen Center and make an appointment.

"Older Worker Week" Noted

County Judge Scott Bailey is pictured Monday as he issued a Proclamation for "Older Worker Week" in Eastland County March 8-14.

The Proclamation said, in part, "For over 25 years the Senior Community Service Employment Programs, through or-

ganizations such as Texas Farmer's Union Green Thumb have provided older workers with opportunities to apply lifelong skills in local community projects while receiving marketable training for employment transition into the private sector." Pictured with Judge

Bailey are Eastland Green Thumb Enrollees Laverne Allgood, Library Assistant at Eastland Centennial Memorial Library, and Bobbie Acker, Clerical Receptionist at the Department of Human Resources. Present but not pictured were Green Thumb Enrollee

Evelyn West of Eastland and Faye Spurlen, Green Thumb Program Aide.

In Eastland County communities there are 13 persons enrolled in the Green Thumb Program, which is funded by a Grant from the U.S. Department of Labor. These workers contribute much to community projects and services.

County Judge Scott Bailey, Louise Allgood, Bobbie Acker.

READ THE CLASSIFIEDS

Proclamation

Thousands of older Texans offer employers the experience and wisdom of a lifetime of hard work and dedication. Our mature population is both willing and able to put that knowledge and expertise to work for the benefit of our great state.

Texas is proud of the contributions made by our mature workers in today's society and we must maintain and strengthen this valuable resource in our labor force of the future.

For over twenty-five years, the Senior Community Service Employment Programs, through organizations such as Texas Farmers Union Green Thumb, have provided older workers the opportunity to apply their lifelong skills and abilities in local community projects while receiving marketable training for employment transition into the private sector.

Therefore, I, Scott Bailey,
(name)

County Judge of Eastland County
(title) (city or county)

DO HEREBY PROCLAIM THE WEEK OF MARCH 8-14, 1992, AS

OLDER WORKER WEEK IN Eastland County

Engagement

Dennis - Lambert

Diantha Dennis of Desdemona and William Dennis announce the engagement of their daughter, Angela, to Larry Lambert, son of Billy and Pauline Lambert.

They will marry on

March 18, 1992 in Las Vegas, Nevada.

The bride-elect attends Texas Tech University. The future bride-groom is a graduate of Coronado High School and is employed by Southwest Airlines.

Alaskan Author Reviews Book For Writers Club

BY EVELYN VALEK

Mary Carey, Alaskan homesteader, author and member of the Cisco Writers Club, reviewed her newest book, *A Texas Brat in Alaska*, at the club's Tuesday night meeting.

The book is one of Carey's 11 published books and her first fiction piece. Most of Carey's books are about her adventures and experiences in Alaska, where she homesteaded 30 years ago.

Carey said she was asked by her publisher, Eakin Press of Austin, to write a book for teenagers. The resulting product was *A Texas Brat in Alaska*.

The book is about a 13-year-old Texas boy, Paul, who seems to be in constant trouble at school. Carey said she based the character of Paul on her own brother, Paul Latch.

In the book, Paul lives with his grandmother. To avoid being expelled from school, Paul agrees with the school principal to go

live in Alaska with his parents who are both working on a Cat Train during the long Alaskan night. While there Paul experiences many adventures, one of which is discovering a plot by Iraq to blow up the Alaskan oil pipeline during the Persian Gulf War.

Carey said that a Cat Train is a chain of buildings and drilling equipment pulled by caterpillars through the tundra in search of oil. At one time Carey traveled with a Cat Train that employed 426 men and 11 women office workers.

Carey's newest book, along with others, can be purchased at Dean Drug in Cisco. Lela Lloyd announced at Tuesday's meeting that Betty McGrew of Dean Drug will display books by club members at the store and sell them on a percentage basis.

Attending Tuesday's meeting were members Evelyn Valek, Lela Lloyd,

County Band Festival Set For April 5

The second annual Eastland County Band Festival will be held Sunday, April 5, 2 p.m. at the Majestic Theatre in Eastland. This special event is called "A Gift to the Community" by its sponsors, the Eastland Music Study Club.

The program will feature the Cisco High School Band, with Wayne White Director, Eastland High School Band, Harold Scarborough, Director, Ranger High School Band, Richard Bradford, Director, Cisco Junior College Jazz Band, Bill Swinney, Director, and Ranger Junior College Band, Bob Johnson, Director.

There are many fine young musicians in these Bands, and this Festival will give them a chance to display their talents.

This will be a sparking, all-new program - something to look forward to. The public is invited to come out and hear this Tri-City Festival.

Carroll Barnhill, Mary Carey, Ruth York and her children and guests Vernon and Lynda Foster of Cisco, and from Eastland: Nema Lu Parker, Cecil and Molly Copeland, Ronnie and Pam White, Tina Ford and her guest Ruth Cowley of Pennsylvania.

The Cisco Writers Club meets the first Tuesday of each month at 7 p.m. in the Community Room of First National Bank in Cisco.

If everyone over 50 had colorectal cancer checkups, the cure rate could be 75%. Call us.

AMERICAN CANCER SOCIETY

When you're ready to retire,

this may not be worth the paper it's printed on.

An AmWest IRA will give you a healthy retirement bonus!

Social Security isn't as secure as it used to be. And if you're planning to retire on it, you may be in for an unpleasant surprise.

Fortunately, an AmWest IRA will help you build a strong foundation for the future. You can start an AmWest IRA with only \$100 and add as little as \$25 whenever you like... up to \$2,000 a year if you wish. Your AmWest IRA will earn a CD rate and even give you an extra tax deduction.

And when you retire with an AmWest IRA, you'll have only one thing to worry about: where to spend it. Start yours today. Call 1-800-725-1901.

Periodic additions limited to specific accounts. Rates and terms subject to change without notice. Tax deduction limits may apply, consult tax adviser for details.
