Ranger Banker To Celebrate 50th Year

Tom Dunn

On Tuesday, July 2 Tom Dunn, President of People's State Bank of Ranger, will have completed 50 years in baking.

The employees of the bank have scheduled a two-day celebration in recognition of this achievement. Tuesday, July 2, a reception will be held where his friends in the banking community will have an opportunity to drop in and share this moment with him.

On Wednesday, July 3, a come-and-go open house will be from 9:00 a.m. to 2:30 p.m. where the bank's customers will have an opportunity to participate in the celebration.

Refreshments will be served throughout the day.

In the spring of 1946, when Tom Dunn graduated from Huckaby High School, it wasn't easy for a young man fresh off the farm to find a job that didn't involve farming in one way or another.

"At that time I had no idea the direction my life was going to take. I knew how to work. I had been working, it seemed, most of my life so I went looking for a job," he said in response to a question regarding the beginning of his career as a banker.

By July he was working for a road crew "tamping bridges." This involved using a hand tool to pack the dirt along the edges of to talk to you about this the road leading onto a newly constructed bridge.

One day he was tamping bridges, the next day he was in the bookkeeping department of the First National Bank of Stephenville, and the rest, as they say, is history.

Fred McCleskey, a vice president of the Stephenville bank, went to visit the superintendent of Huckaby High School in search of a bright young man who was good at math. The superintendent recommended Tom Dunn and Mr. McCleskey went to his home and invited him to come work at the bank. Tom accepted and worked there for the next eleven

He worked his way up to Loan Teller there when W. G. Kirk, President of the Farmer's National Bank of Gorman hired him as Vice President and Loan Officer.

He worked in the Gorman bank for four years and when Mr. Kirk bought the Citizen's National Bank in Brownwood, moved there with him as Vice President, Loan Officer, and Personnel Director.

When Mr. Kirk sold the Brownwood bank to B. C. Drinkard and bought another one in Grand Prairie, Tom made the decision to stay on with the Citizen's National Bank where he worked for a total of eleven years.

In 1971 Tom Wilson, Chairman of the board of Ranger's First State Bank, called Tom and invited him to move to Ranger as president of the bank and he accept-

The Board Directors at that time consisted of Tom Wilson, Chairman, Glenn Gilliam, President, J. P. McCraken, James Ratliff and Morris Newnham.

This is a year of half-century markers for Tom. Earlier this spring, he went back to celebrate the 50th anniversary of his graduating class at Huckaby High School, on July 2, he will celebrate his 50th year as a banker, and when he retires the last of December, he and Sammie will have celebrated their 50th wedding anniversary.

LIFE INSURANCE CAN HELP - AND HURT

Life insurance helps people cope with the financial strain that accompanies the death of a loved one. Insurance can provide for dependents, pay funeral costs, and keep a family business alive. But without proper planning, life insurance can also trigger a large estate tax bill.

That's because the estate tax starts at 37% and quickly reaches 55%. It applies to any property a person owns at death, whether held in a living trust, included in the probate estate, or paid directly to a beneficiary. While the first \$600,000 of estate value escapes taxation, thanks to the unified credit, many estates exceed that amount when insurance policies are part of the total value.

Is it possible to keep the government from taxing insurance benefits meant for your heirs? Fortunately, it is. Life insurance will not be included in your taxable estate if you don't own the policy at the time of death. To avoid losing life insurance proceeds to estate tax, consider arranging for another party to own your policy.

One technique is to establish a trust that holds your life insurance policy until your death. The trust pays the premiums, collects the benefits, then distributes proceeds to the beneficiaries of the trust. As with any trust, an attorney's assistance is essential in setting up a life insurance trust. Some taxpayers save the cost of a trust by

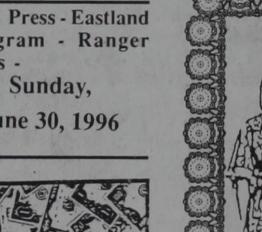

transferring the policy to another person, totally relinquishing ownership. Since the recipient of the policy obtains all rights of ownership, including the right to change the beneficiary, it is essential that the parties trust each other.

It is relatively easy to avoid paying estate tax on life insurance, and it makes good financial sense to do so. This is one area where professional assistance will pay for itself many times over. If you have any questions about estate planning, give us a call.

On Tuesday, July 2 Tom Dunn, President of People's State Bank of Ranger, will have completed 50 years in baking.

The employees of the bank have scheduled a two-day celebration in recognition of this achievement. Tuesday, July 2, a reception will be held where his friends in the banking community will have an opportunity to drop in and share this moment with him.

UTILITY COMPANY CUSTOMERS

Who Want Their Utility Companies To Help Buy Them A New Central Air Conditioning System? Let Me Explain...

If you're presently cooling your home with window units or central air conditioning over 10 years old. you're paying up to twice as much on your utility bills as you should be. There have been technological breakthroughs in central air conditioning design, which when installed properly in your home or small business, will reduce the amount you pay the utility companies up to \$100 per month!

NO MONEY DOWN **NO INTEREST** NO PAYMENT FOR SIX MONTHS

YOU CAN BUY WITH NO CASH
We negotiated a financing program with No money down, No interest and No payments for SIX MONTHS with approved credit.

Imagine what you could do with \$4,980.00. \$4,980.00 is the money you could be throwing away over the next 10 years while you heat and cool your home with old, inefficient heating and air conditioning equipment. And this does not include any future repair cost to your old system.

If you have an older system you're already paying for a new system anyway, You just haven't received the benefit of it yet!

NO RISK - MONEY BACK GUARANTEE

No one else in our business gives you such a bold guarantee. If we don't meet all our promises and you're not satisfied, we'll take out the system and return all your money or install another system for a period of one year from date of installation. Think of it as a year long test drive.

Just call J & J Air Conditioning at 817-629-2251 or 1-800-585-2251 and set up an appointment for your FREE survey. We will come out, measure your home and determine the proper size equipment. We will then analyze your existing equipment and ductwork and any other concerns you may have. If we find that this offering is beneficial for your situation we will explain this fantastic program to you. There is absolutely no obligation to buy anything.

THANK YOU

I would like to thank everyone that was concerned about me after the snake bit me last week. The snake was not poisonous. And I am alright. My foot only swelled for 2

or 3 days. I would like to thank Dr. Alexander, the Game Warden, and the nurses at the hospital.

Also all the friends that called and ones that sent cards. I am o.k. now.

> Ida Lou Tucker and my husband, Walter thanks you too

Losing a Mother is one of the deepest sorrows a heart can know. It gives one strength and comfort to know that others understand and care.

We would like to express our appreciation and thanks to the people of Cisco and the surrounding area for their many special thoughts, words of kindness, concerns, prayers, cards, calls, visits, memorials, floral arrangements and support given my Mother, Alma Stroebel Dunning, during her life, sickness and death.

We especially remember the loy she had from her farm and those associated with it. Redeemer Lutheran Church, the Lutheran Women's Missionary League and neighbors.

Our thanks to Pastor Bill Lowrey for his visits and comforting words, for the beautiful special music by JoAnn Rust, Christina Leach, and Vernell Reich, the people who provided food, and the ladies who served the meal following the funeral, the caregivers

at Mesa Springs Care Center of Abilene, Brad and Sherry Kimbrough and the staff from the funeral home for their caring and professional service.

Our appreciation to everyone who supported, encouraged and became a part of Mother's travel along the road of life to her eternal home with Jesus, a journey of 85 years, 1 month and 20 days.

The ones we love are never gone, they live within

A new endoscopic technique has been developed to correct heel pain caused from Heel Spur Syndrome. Unlike traditional surgery which required long, often painful recovery periods, this new technically advanced procedure uses very tiny incisions which enable the patient to return to normal shoes in approximately three days, and back to work soon thereafter! A very simple, fast procedure without general anesthetic.

God bless Mommie, Daddie, and all my friends at church . . .

"Hearken unto the roice of my cry, my King, and my God."

God's word has a great deal to say about prayer, for prayer is our means to communicate with God. Through prayer we can give thanks, petition for our friends, and seek God's wisdom for our daily living.

Make prayer a daily practice in your life.

The Church is God's appointed agency in this world to: spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view one should support the Church to the sake of the welfare

MEDICAL RESEARCH SUPPORTS CHIROPRACTIC

The British Medical Journal reports that Chiropractic treatment of low back pain, which affects 75 million Americans, is superior to the standard regimen administered by medical doctors.

The study, published in the summer of 1990, indicated that chiropractic manipulation can relieve severe back pain quicker and at lower cost than medical treatment. Chiropractic patients experienced less pain and disability and missed fewer days work.

At Barry Chiropractic Clinic we are committed to not only getting you free of back pain but treating those conditions which cause your pain. No symptom can be more depressing than persistent back pain. Don't delay treatment when help is readily available.

News & Views For The 17th District

The House of Representatives Should Pass

Bipartisan Welfare Reform Legislation

The welfare system is broken and needs to be fixed. This point has been made to me time and time again in my visits with folks around the 17th District. But as important as it is to reform the welfare system, this won't happen without bipartisan cooperation.

During this Congress, I have been actively involved in the welfare re- nately, we were able to form process. In addition to setting up welfare reform task forces in Texas, I co-authored a bipartisan welfare reform proposal known as the Bipartisan Welfare Reform Act.

In writing this legislation, I worked to develop a common-sense welfare reform proposal that increases personal responsibility, moves welfare recipients into the work place, and increases state flexibility to administer the program.

This proposal provides states with the resources for work programs and child care to help achieve the goal of moving people from welfare to the workforce. Without these additional resources, work requirements are either an empty promise or a tremendous unfunded mandate on the states.

Our Texas State Legis-

lators passed, and the governor signed, an excellent welfare reform package. However, because of the federal funding involved, the Texas welfare overhaul plan required a "waiver" from certain federal requirements before it could be implemented.

I served as a liaison between Governor Bush and the Department of Health and Human Services (HHS) in order to move the waiver approval process forward. Fortuconvince HHS officials of the value of these changes and the State of Texas did receive the necessary waiver.

The Texas welfare program now sets a 5-year window during which adult recipients who are required to participate in the JOBS program, but do not find a job after a certain period of time, would no longer be eligible for cash benefits.

The Texas waiver request embraced the principles of the Bipartisan Welfare Reform Act, and I think all Texans will ultimately benefit from the changes made in this

Here in the Congress, there is very strong support for passing legislation to reform the nation's welfare system. Members of both parties understand

that the nation wants reform. Unfortunately, partisan politics may once again rear its ugly head.

The House leadership has expressed its interest in combining welfare reform and Medicaid reform in one piece of legislation. While Democrats and Republicans are ready to reform welfare, Medicaid reform is another issue altogether.

If the House leadership ties these two complex issues together, they will be playing the worst kind of partisan politics and, in the process, will lose an opportunity to accomplish meaningful welfare reform in this Congress.

I will continue to do all I can, working with my Republican and Democratic colleagues on a bipartisan reform bill that eventually can be signed into law.
