

### Stray Cattle A Problem Here, **Says Chief Dispatcher**

Richard Robinson, Chief of the Eastland County Cooperative Dispatch, told the **Commissioners** Court Monday about a serious problem.

> "At 4 a.m. last Saturday morning outside of Gorman a cow was in Highway 6, "Robinson said. "A Merkel man who was in the area delivering newspapers hit the cow with his van, then he hit a tree and it killed him.

"The thing is this kind of thing is going on all over the County, and getting worse, "Robinson informed the Commissioners.

He told of a number of near-fatal wrecks involving stray cattle,

including two on Highway 183 north of Cisco, and one on FM 2561 near Kokomo.

"I think there's a rumor out in the Metroplex, Graland, Euless, Stephenville, ect. that you can buy cheap land in Eastland County, turn your cows loose on it and do as

you please! "Robinson stated. "And one man in Gorman has cows over

the County. The Dispatch has called him 40 or 50 times on stray cows, and he always says: 'They're not mine!"

Robinson said that some people in the County ought to have a hero's badge, for if they see cattle straying they go out and round them up, even if they don't own the Livestock.

Dawson said the Courthouse systems were far outdated. She said she had been trying to make them compatable, but there were a lot of breakdowns.

"We are called at the Dispatch three or four times a day on Livestock roaming around, "Robinson declared. "Besides cattle, there are Emus on I-20, goats and horses in the roads.

"Eastland County has three only Constables now, "Robinson reminded the Court. "Two of them are about 80 years old, the other has an artificial knee.

"When called they go. Constable Cook was once out for 24 hrs. Trying to control cattle.

"We called deputies to help, but they were about calls behind all day long.

"We were going to send Fire a Department out to round cattle up, but they had grass fires and a structure fire."

Robinson stated that the trouble was not usually with local ranchers who lived on their property and watched after their cattle. He said that the problem was with absentee owners who buy pasture land, turn cows loose

#### House Prepares For August Recess

Despite very long hours and some heated debate, the House of Representatives made significant breakthroughs this week

in ending gridlock and passing important legislation with strong bipartisan support.

**Health Insurance Reform Bill is Passed:** 

Self-Employed **Deductibility** Raised to 80%

On Thursday, August 1, the House passed the Health Coverage Availability and Affordability Act, legislation that begins to reform the nation's health care insurance system. The bill passed by a vote of 421-2.

In an effort to achieve health insurance reform, the Congress focused on

so-called "portability" reform, a guarantee that employees would not lose their health insurance because of a job change or unemployment.

Under the House and Senate agreement, insurance companies would generally be prohibited from denying health coverage to workers who change or lose their jobs, and it would prevent insurers from excluding coverage for pre-existing conditions for more than one year

I am particularly pleased to report that selfemployed individuals will be able to deduct 80% of health insurance costs.

For many years I have supported legislation that would provide farmers and other self-employed individuals with the abil-

ity to deduct 100% of their health insurance costs. Increasing the deductibility from 30% to 80% will mean a great deal to farmers in particular.

lation, taxpayers will now be permitted to deduct, as an itemized medical deduction, qualified longterm care expenses, including premiums for such care. In addition, terminally ill and chronically ill individuals will be permitted to receive life insurance benefits prior to death without paying

fits. **House Passes Mini**mum Wage/Tax Cut Bill

In another overwhelmingly bipartisan vote of 354-72, the House approved a bill increasing the minimum wage from \$4.25 an hour to \$5.15. Taken as a whole, I was particularly supportive of the various tax changes

in the bill.

AUSTIN — Federal judges last week annulled the March primaries in three Texas congressional districts where race was ruled to have been the main factor in drawing boundaries.

The panel of three judges all appointed by Republican presidents - approved new, more compactly shaped districts. Redrawing those districts affected the shape and makeup of seven contiguous districts in the Houston area and six in the Dallas area.

So, the panel ordered special elections in those 13 districts set for Nov. 5, the same day as the general election for the rest of the state. The special elections will be open to all candidates of either party, and runoffs will be Dec. 10.

But, the redistricting plan did not sit well with House Speaker Pete Laney and Attorney General Dan Morales, both Democrats. The officials were contemplating an appeal to the U.S. Supreme Court last week to overturn the lower court decision.

Lancy and Morales said voter confusion and unnecessary shifting of boundary lines will be key arguments if they appeal the order. Lancy, who had a plan that would have changed the shape of only nine districts, said an early analysis of the court order is "more intrusive than necessary." Morales said only six districts need be changed. Lt. Gov. Bob Bullock, a Democrat, had asked the judges not to take action and instead leave the matter to the 1997 Legislature. After the panel approved the new boundaries, Bullock praised their efforts. "The plan does not smack of politics or needlessly change boundaries that had already been set," he told the Austin American-Statesman.

district in Houston lost about 15 percent of its Hispanic voters and no longer has a Hispanic majority.

**Principals to Receive Cash** 

Some Texas public school principals will be getting more than a jolt of self esteem for their role in improving their campuses. They will receive cash awards of up to \$5,000.

In the fall, principals of the state's most improved schools will receive checks - to use as they wish — based on the school's rating and the criteria being developed by a panel appointed by Gov. George W. Bush. The criteria are to be completed by Sept. 1.

"It's a check written to the principal. There are no strings attached," Criss Cloudt of the Texas Education Agency told the Associated Press.

Under the Principal Performance Incentives Program - part of the sweeping education bill passed by the 1995 Legislature - \$5 million will be disbursed. The program was tacked onto S.B. 1 by Rep. Kent Grusendorf, R- Arlington.

Some teachers, however, criticized the program because it left insolvent the Texas Successful Schools Awards System, another student performance-based program that did not focus on principals.

#### **Drivers Skirting Insurance Law**

Many Texas drivers are finding illegal ways to skirt a state law that requires them to carry liability car insurance all year.

The Austin American-Statesman analyzed state data and found that about 21 percent of drivers involved in accidents last year were not insured or their insurance status was unknown.

One way consumers avoid paying costly premiums is to purchase a six- or 12-month policy and then cancel it after a month - long enough to receive their proof of insurance card that allows them to renew their driver's license and vehicle registration or obtain an inspection sticker. Another method cheaters use to acquire an insurance card is to purchase a one-month from businesses that advertise them in the telephone book. Lack of enforcement is part of the problem. Lawmakers have rejected enforcement proposals as too expensive for the state, too burdensome on insurers and too heartless toward low-income drivers, the American-Statesman reported. **Other Capital Highlights** 

Bruce Casteel has been named senior captain (commander) of the Texas Rangers, succeeding Maurice Cook who retires at the end of the month. Casteel, 54, is a 23-year veteran of the 173-yearold elite law enforcement unit. He has served as assistant commander of the Rangers since 1992.

Texas Republican Party Chairman Tom Pauken was awarded \$180,683 by a Dallas County jury which concluded that a former business associate stole information from his firm, Texas Voter List, and sold it to Pauken's opponents in his unsuccessful 1991 race for the 3rd Congressional District seat.

Texas Insurance Commissioner Elton Bomer approved a new computerized "bulletin board system" that will match homeowners having trouble finding insurance with companies that will sell them coverage. The Market Assistant Program begins in October.

 Victor Morales, Democratic candidate for the U.S. Senate, last week challenged incumbent U.S. Sen. Phil Gramm to promise voters that he would serve a full, sixyear term if re-elected instead of running for president in the year 2000. Gramm's spokesman said the senator would only promise to work hard in 2000 to re-elect Bob Dole as president.

The search for a home for the Eastland County Genealogical Society has come to a very exciting conclusion. The Maner Memorial Library of Cisco College has offered us the privileged of using the Randy Steffon room for meetings and for our collection of information. Everyone is welcome to go by the college library during these hours. The Texas Room of the library has an abundance of Texas information for your benefit. During the fall term, the hours are Monday through Thursday: 8 a.m. to 9:30 p.m.; Friday: 8 a.m. to 4 p.m.; Sunday: 6:30 to 9:30 p.m. The summer hours are Monday and Thursday: 8 a.m. to 12 p.m., 1 p.m. to 4 p.m. and 5 p.m. to 8:30 p.m., Tuesday and

#### **1996 PROPERTY** TAX RATES IN EASTLAND

COUNTY This notice concerns 1996 property tax rates for Eastland County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value. General Fund Last year's tax rate:

# **NO MONEY DOWN NO INTEREST NO PAYMENT FOR SIX MONTHS**

#### YOU CAN BUY WITH NO CASH

We negotiated a financing program with No money down, No interest and No payments for SIX MONTHS with approved credit.

#### LOOK AT THIS

Imagine what you could do with \$4,980.00. \$4,980.00 is the money you could be throwing away over the next 10 years while you heat and cool your home with old, inefficient heating and air conditioning equipment. And this does not include any future repair cost to your old system.

#### THINK ABOUT THIS

If you have an older system you're already paying for a new system anyway, You just haven't received the benefit of it yet!

#### **NO RISK - MONEY BACK GUARANTEE**

No one else in our business gives you such a bold guarantee. If we don't meet all our promises and you're not satisfied, we'll take out the system and return all your money or install another system for a period of one year from date of installation. Think of it as a year long test drive.

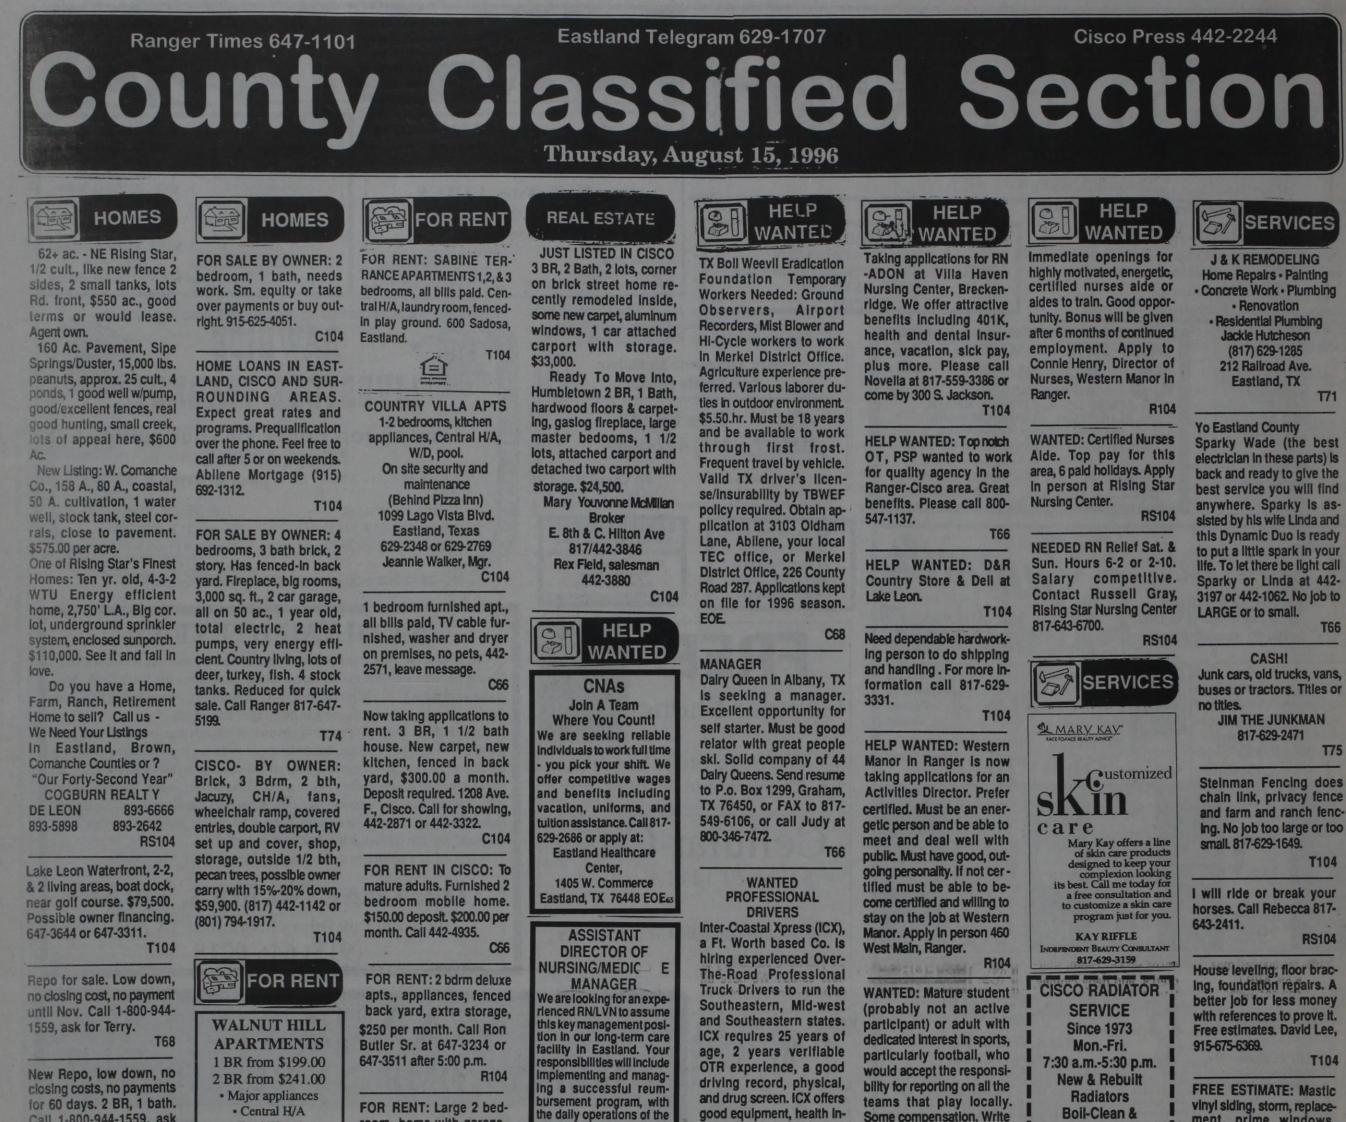

#### HERE'S HOW

Just call J & J Air Conditioning at 817-629-2251 or 1-800-585-2251 and set up an appointment for your FREE survey. We will come out, measure your home and determine the proper size equipment. We will then analyze your existing equipment and ductwork and any other concerns you may have. If we find that this offering is beneficial for your situation we will explain this fantastic program to you. There is absolutely no obligation to buy anything.

#### **Moran News** By Mrs. Luke Huskey

Remember to come to the Elam-Eureka Community reunion on Saturday, August 24, at the Moran Community Center. All resident, former residents and friends are invited. ~~~

Mrs. Ella Mae Thorp of Odessa and Mrs. Martha Williams of Eunice, N.M. visited with their brother. Jim Howard, last Tuesday. ~~~

Moran and community have been blessed with some more much needed rain. The grass and weeds are growing by leaps and bounds, and soon the lawn mowers will be going. Approximately three inches have fallen the last few days. 4 10 of an inch fell Sunday night. The temperature has fallen some due to the rain. The countryside looks much better due to the rains. Fires continue to be hazardous, so do be careful with outside burning. Some of the fires have been cased by lightning.

Mr. and Mrs. Bryant Edwards, E.L. Miller and Mr. and Mrs. Larry Mohon attended a reception in Clyde Saturday night, honoring J.B. Easterling, who received his 50 year pin and certificate from the Order of the Eastern Star. ~~~

Mrs. Leo Wiloth attended the funeral for her sister-in-law Mrs. Dorothy Carr in Cisco, Sunday. She attended the funeral for Mr. Bowles in Breckenridge, Monday. Mr. Bowles is the father of Mrs. Rex Wiloth. ~~~

The members of the American Legion Auxiliary enjoyed a "Salad" supper with the members of the American Legion preceding the regular meeting of the groups last

birthday in August, so no singing was done. Various topics were discussed, both of the past and future.

Those present were C.L. Miller, Mae Delle Jones, Ray Spurgeon, Florence Brooks, Nadine Brewster, Hubert Brewster, Mildred Smith, Elma May Huskey and Mr. and Mrs. James Garrett.

The next meeting will be on Thursday night, September 12, at the Lone Star Eatery in Albany. ~~~

Mr. and Mrs. Rick Reynolds and children of Tucson, Arizona visited for student development with his mother, Mrs. Bea at HSU; Dr. Herb Ped-Weir and other relatives ersen, director of the misin Moran, last week. ~~~

**MORAN SCHOOL** All teachers were present for an in-service day at the Moran School Monday. The teachers will have a work day on Tuesday and will be read for the students to report to school on Wednesday. ~~~

Mrs. Wade Roberts accompanied her daughter, Mrs. Nancy Bridges to the Glorietta Conference Encampment, N.M. last week. They also visited points of interest in Santa Fe and visited with relatives in Albuquerque. They report a very enjoyable trip.

We welcome Mrs. Wanda Lee Ellis to Moran. She is the daughter of Dary Edwards.

Mr. and Mrs. Paul Ray **Reynolds of Snyder spent** the week at their home in Moran and visited with his mother, Mrs. Dary Edwards and Mr. Ed-

wards.

~~~ Mr. and Mrs. Roscoe Seay celebrated their 30th wedding anniversary Sunday with a celebration at the Moran Community Center hosted by their children. ~~~

Monday night.

The president, Elma May Huskey, called the Auxiliary meeting to order and Mary Edwards led the opening prayer. The Pledge to the flag and the Preamble to the Constitution was repeated in unison.

The secretary, Lisa Schafer, read the Minutes of the last meeting and the Minutes were approved. She gave the Concession stand financial report. Mary Edwards, treasurer, gave her report. Mildred Smith gave the membership and Poppy fund report, as she is chairman of the activities.

The Auxiliary members have Sympathy, Get Well and Birthday Cards for sale.

Various activities were discussed. The members decided to entertain the youth of the community on Saturday night, September 7 with a cookie and ice cream supper at the Legion Hall from 7 to 9 p.m. All youth of the community from 10 to 18 years of age are invited. Games will be played.

The Moran Birthday Club met at the Lone Star Eatery in Albany, last Thursday night for the regular August meeting. Ten members were present. No one present had a

The Olympics are a series of sporting events in which the best athletes in the world participate. They compete either on their own or as a member of a team in games of speed, strength and skill. The Games are held every two years, alternating between Winter Olympics and Summer Olympics. They take place in different cities around the world.

Athletes who compete in the Olympics have usually spent much of their lives training and practicing. It takes many years to develop the skill and physical conditioning required to compete in these special events.

The last Summer Olympics were held in 1992 and the last Winter Olympics were held in 1994. Listed below are some of the 1992 Summer Olympic gold medal winners and the highest placing American winner in each event.

At The Pool

By Martha I. Morrison Candor, NY

Nicole, Michelle, Kaitlynn and Tina met at the pool. Each carried a towel (one pink, one aqua, one blue and one white) which was rolled with something inside. One girl had sunglasses, another had a radio, the third had suntan lotion and the last had a book. Use the clues to find out which gir!'s towel was blue and who had the sunglasses. Use the grid to help you. Put an "x" in each incorrect box and an "o" in each correct box.

Michelle's towel had a pattern of flamingos in a shade darker than the background color.
 Tina forgot her glasses and couldn't use what she brought.
 Kaitlynn's towel was neither blue nor white.

4. The cap was loose on the suntan lotion and some of it spilled on the aqua towel while its owner was walking to the pool.

5. Everyone used what Nicole brought at the same time.

6. The book was not in the blue towel.

**1996 Property Tax Rates in Ranger Hospital District** This notice concerns 1996 property tax rates for the Ranger Hospital District. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.
