Funeral Services Held For Claude Keene

Funeral rites were conducted Thursday from the Methodist Church in Sonora for Claude Keene, 43, former San Angelo and Sutton County business and ranch leader and public official, who died in San Antonio Wednesday. The Rev. Lawrence K. Brown officiated and Masons had charge at the graveside.

Mr. Keene, born at Greenville, was reared at Sonora; graduated from the school there when he was 16 years old, Gov. Tom Campbell presenting the diploma; moved here to attend the Methodist College then conducted here; and at 18 was made vice-president of the C. B. Henderson business. After Mr. Henderson's death, Mr. Keene an a brother went into the grocery business here, operating the Keene Brothers Store on S. Oakes St.

Afterward Mr. Keene joined Meacham's Department Store in Fort Worth and went to New York as buyer from the firm.

Subsequently he returned to Sonora to enter the ranching business. But town business called again and he and H. P. Allison set up a garage business in Sonora. During that time he served as county tax assessor-collector, and then was elected mayor of Sonora. He and the former Stella Miers were married 22 years ago.

Survivors include the mother, Mrs. Maude Dabney of San Angelo; the widow and two daughters, Katha Lea, University of Texas student, and Doris, Sonora High School senior.

Glenn (Sonny) Crowell received an injured shoulder Saturday morning when a horse fell with him at the race track. It is reported that he is better.

Nisbet To Attend Insurance Convention

J. L. Nisbet has qualified for attendance at the 37th annual agency convention of the Southwestern Life Insurance Company to be held in Galveston, Texas, June 5-6-7, according to an announcement received here today from C. F. O'Donnell, president.

More than 400 persons are expected to attend the convention, including 220 agents, their wives and officials of the Company. Southwestern Life representatives, by producing a specific volume of business during the previous year, win the right for themselves and their wives to attend the Company's annual convention with their expenses paid.

Registrants Told To Notify Local Board Of Present Address

All registrants are warned under the Selective Service Act that they must notify their local boards promptly of any change of address or become liable to severe penalties. General J. Watt Paige, State Selective Service Director, stated that it is the duty of every registrant to keep his local board advised at all times of the address at which mail will reach him without delay. All registrants who fail to conform to the Selective Service regulations, are liable to punishment by imprisonment for no more than five years or a fine of not more than \$10,000 or by both such fine and imprisonment.

Most cases of delinquency have been found to have been due to ignorance of the law or carelessness on the part of registrants. It is the policy of the Selective Service System and the Department of Justice to be lenient in cases where it is apparent there has been no willful intent to violate the law. Local boards have been asked to wait a reasonable length

4-H Club Boys To Fort Stockton Camp

A district encampment for 4-H Club boys in this district will be held Thursday, Friday and Saturday, June 5, 6, and 7 in Fort Stockton. About 300 boys are expected to attend the encampment. Included on the program is a grass identification contest, and a rifle shooting match. The purpose of the rifle shooting match is to teach boys how to use fire arms safely. The winning team will be eligible to participate in the state rifle match to be held at College Station later. Swimming in the Comanche Springs swimming pool is also included in the program.

The boys from here will leave Thursday in time to arrive at the camp at four p. m. and the camp will end after the noon meal on Saturday, June 7.

Six Sutton County 4-H Club boys are expected to attend and are: O. L. Richardson, Glenn Richardson, Eugene Alley, Billy Shurley, Eugene Shurley and Jerry Shurley. The boys will be housed in the new rock club house and an expert cook has been secured to cook balanced meals.

of time before reporting the delinquency to the Department of Justice.

General Paige said, "If, after a reasonable effort on the part of the local board, with the assistance of the local or state police, the whereabouts of the delinquent registrant cannot be ascertained and nothing has been heard from him in response to the notification, the local board then should report the delinquent to the United States Attorney."

The local board has mailed questionnaires to registrants whose order numbers are 251 to 300 inclusive.

Dee Word injured his knee with a drawing knife Saturday, while working at his ranch. It is reported he is better.

KNOW OUR NEIGHBOR

Lewis Webster Elliott was born in Henderson, October 18, 1889, the oldest son of William Albert and Marion Flanagan Elliott, and the great grandson of Judge William Elliott, who received a league of land in Rusk County from the Spanish government in 1829.

Mr. Elliott has one sister, Miss Wilma Elliott, and one brother, A. C. Elliott who reside in Sonora. After being graduated from Tyler Commercial College in 1908 he became a stenographer for King and Strong and Blount and Strong, in Nacogdoches, holding that position until 1911.

At the age of six, Mr. Elliott moved from Henderson to Concord in Rusk County with his parents, where he lived until he moved to Nacogdoches. It was there that he married Miss Mary Sawyer Pearson, March 12, 1911. They have one child, Elizabeth, who is attending the University of Texas. In 1911 they moved to Palestine where Mr. Elliott was court reporter of the third judicial district. In 1914 he was admitted to the bar, and the same year he moved to San Angelo where he was a member of the law firm, Dumas and Elliott.

Mr. Elliott made his first visit to Sonora in March, 1916, when he came to court here as court reporter. On October 8, 1917, Mr. and Mrs. Elliott moved here. He was a member of the law firm of Wardlaw and Elliott here from 1917 to 1929, and has been in private law practice here since. He served as Sutton County Judge from 1920 to 1923.

Mr. Elliott was vice-president of the National Wool Marketing Corporation, Boston, Massachusetts in 1932; he is in charge of the reorganization for Federal Farm Board; he is in the ranching business, and has been since 1926, a director of the Sonora Wool and Mohair Company, president of the First National Loan Company, Del Rio, president of the Del Rio Wool and Mohair Company, stockholder and attorney for the First National Bank and the First Loan Company here; secretary-treasurer of the Sonora National Farm Loan Association, has been a director of the Texas Sheep and Goat Raisers Association; was president of the Board of Trustees of the Sonora Independent School District for about twenty years. L. W. Elliott School was named for him.

Written up in "Texian Who's Who," Mr. Elliott is a member of the Texas Bar Association and the American Bar Association, chairman of the Democratic executive committee, a deacon of the Baptist Church, A Lion, a member of the Masonic Lodge, and is past Worshipful Master, and past District Deputy Grand Master. Mr. Elliott's hobbies are fishing and hunting.

EXHIBIT BLANKET

One of the first 100 blankets ever manufactured in West Texas, a product of the West Texas Woolen Mills in Eldorado and one of 3 bought by the West Texas Utilities Company at the auction sale and formal opening of the mills in February, has been placed in the Resource and Museum Institute of the West Texas Chamber of Commerce in Abilene.

The blanket was presented by Price Campbell (right), president of the pioneer utilities company, to WTCC officials, D. A. Bandeen (left), general manager, and Malcolm Meek (center), treasurer.

Auctioned off by Gov. W. Lee O'Daniel, speaker and auctioneer at the formal opening, the blanket is to become a permanent part of the wool and mohair exhibit in the Museum and Institute, visited by thousands of people annually.

The gift to the WTCC was made following a tour of the mills by Mr. Campbell.

"West Texas produces the climate, the grass and the people who in turn produce some of the best cattle, sheep and goats in the nation," he said. "This region is becoming famous for its wool and mohair and now is the world's largest market. There is no reason why we cannot do as good a job processing it as we do raising it."

"We hope that placement of the blanket with the West Texas Chamber of Commerce will help lead to further progress and expansion along this line," he added, "and that successful operation of the Eldorado plant will inspire other industrial undertakings throughout West Texas."

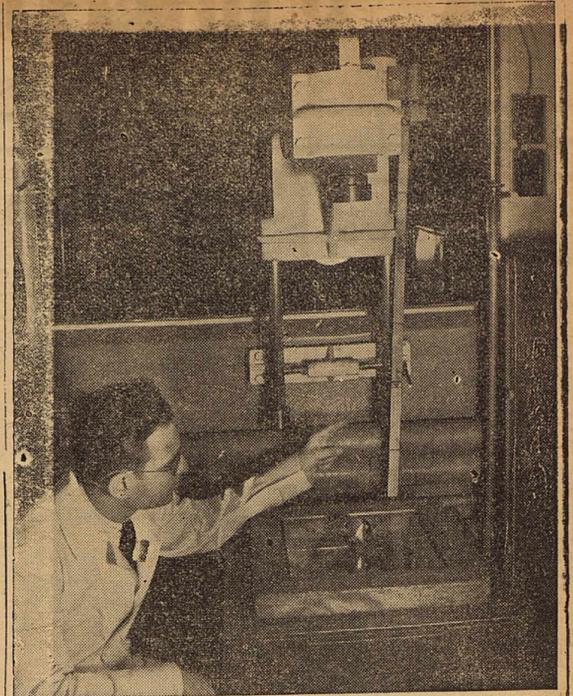

Randeen said that "it is a valuable addition to our collection of West Texas resources and manufactured products" and pointed out that all West Texans "are mighty proud" of the West Texas Woolen Mills and the fact that the first wool manufacturing plant in the state is located in West Texas in

the center of the greatest wool-producing area in the world.

"Thousands of out-of-state visitors to the Institute and Museum each year will inspect the blanket and learn that West Texas is turning from the 'raw material capital of the world' to an industrial region as well," he declared.

"We are very grateful to the West Texas Utilities, which long has been a friend to agricultural and industrial development throughout West Texas, for this gift. It will do much to help build up a market for the Eldorado product and to advertise the fact that virgin wool can be manufactured right here at home."

Of the other two blankets bought by the utilities through its district manager at San Angelo, H. H. Batjer and Eldorado local manager, Jerry Pennington, one is to be kept on display in the San Angelo district headquarters while the other is being retained by Mr. Campbell

THIS JOB IS TO BREAK GLASS

DEARBORN, MICH.—This man's job is to break glass. He's been at it for years. Yet he keeps on breaking it, trying to find a kind of glass that will bend instead of break.

After the first success with a glass that would break in a way that would not leave jagged edges, continued experiments have produced a glass which will crack and bend but not smash into dangerous cutting edges. In the 1920s, when the jagged glass in broken windshields was a major menace in even minor accidents, the Ford Motor Company pioneered safety glass in automobiles.

This picture, taken at that

company's glass plant, shows a 2-pound ball falling five feet upon a piece of safety glass. The glass merely cracks slightly. There is a newer glass now which will withstand the ball dropping 16 feet. This glass has a rubber-like quality and bends slightly when hit.

Ordinary plate glass of quarter-inch thickness shatters into jagged pieces when the balls drop only 18 inches.

Safety glass is made on the sandwich principle. This principle is to place between two layers of glass a sheet of plastic known as vinyl. Glass and plastic are formed into one unit under heat and pressure.

Urge Purchase Of Government Bonds

Austin, Texas, May 3.—Frank Scofield, State Administrator for the Defense Savings Staff of Texas, is today announcing the unqualified and wholehearted endorsement of the defense bond issue of the banking institutions of Texas. Interesting excerpts from prominent bankers' communications are being given to the public.

The banking commissioner, the Honorable Lee Brady, issued the following statement upon being questioned as to the feeling of the State Banking Institutions:

"It is a pleasure for me to add my word of endorsement to the United States Treasury's plan of offering Defense Bonds and Savings stamps to the public. I feel that these securities offer an investment of the highest type, which investment will no doubt prove to be a valuable hedge against any possible period of deflation that can follow the great pending program for national defense. A regular program of buying these securities will be the practicing of thrift in a fine way, and it will also give each of us who buy these bonds the personal satisfaction of knowing that we have a vital and integral part in helping our government prepare for any possible emergency."

R. H. Collier, Chief National Bank Examiner, made the following statement:

"The task now before us is that of marketing the new defense issues. It is noted that in some of our larger cities banks have had meetings of their entire staffs to acquaint them with the details of the new defense savings bonds so that they could readily acquaint individual investors with aims, purposes and accruing benefits thereof. We have taken the utterance of C. B. Upham, Deputy Comptroller of the Currency, as our criterion—Liberty is not a gift. It must be bought. The first payment is usually in blood. Installments come due in every generation. Let us not fail in meeting ours.

The Texas Group Investment Bankers Association of America passed the following resolution:

"Be it known that the Texas Group Investment Bankers Association

DAD CAN'T TAKE IT ANY MORE!

iation of America is fully in accord with the National Defense Program to sell Defense Certificates and Stamps . . . and we go on record as offering the services of the investment banking machinery of its members as can best be used by the Treasury Department in this forthcoming campaign."

The Texas Bankers Association through its president, Walter P. Napier, made the following statement:

"If the savings of our citizens become invested in these government securities it will have many beneficial effects such as cultivate again the habit of thrift; a tendency to prevent an inflationary monetary policy and an absorption of some of our excess reserves which have been a problem to the bankers in many respects."

From R. R. Gilbert, President, Federal Reserve Bank of Dallas, comes the following statement:

"There are several reasons why these securities represent a good investment and should be purchased by the public.

"First the bonds are safe because the full faith and credit of the United States Government are pledged for the payment of both principal and interest.

"Second, the bonds are redeemable in cash by the Government and therefore are free from market risks.

"Third, the bonds are available in convenient denominations and their purchase provides a satisfactory means of setting aside a portion of earnings regularly.

"Fourth, the purchase of bonds affords an opportunity for everyone to have a definite part in financing the defense program.

"Fifth, funds invested in these securities will tend to lessen the demand for goods and labor that may be urgently needed in carrying on the defense activities.

"Sixth, the funds saved may be used to satisfy deferred wants after the heavy government expenditures cease, thus helping to cushion the reaction that may occur at that time."

Mr. and Mrs. W. P. Truitt spent last week-end in Mart, the guests of Mr. Truitt's mother, Mrs. L. J. Truitt. She returned here with them and will spend about a week before returning to her home.

THE RECORD Facts That Concern You No. 29 of a Series

It's always the SORE thumb that sticks out...

Odd, isn't it—the way everybody notices the sore thumb?

It's the same way with the retailing of beer. Everybody knows about the one undesirable place...everybody seems to forget about the thousands of worthwhile retailers who operate clean, decent, law-abiding establishments.

To protect the good name of beer, we of the beer industry want the few... but noticeable... "black sheep" retailers eliminated.

That's not all. Such retailers endanger an industry that brings important economic benefits to the community. Right here in Texas beer provides employment for 31,165 persons, supports an annual payroll of \$22,076,182 and contributed \$2,273,968.64 last year in state taxes.

This state, too, has an important stake in the beer industry's purchases—for materials, equipment, and services—from more than 100 other industries.

You can help us protect these benefits in two ways—by (1) patronizing only the law-abiding places where beer is sold and (2) by reporting any irregularities you may observe to the duly constituted authorities.

A recital was given by the speech pupils of Mrs. Albert A. Murray and voice and piano pupils of Mrs. Preston C. Lightfoot Sunday afternoon at the Methodist Church. This was the final program of the year by these students. Eddie Farrel Smith gave a reading entitled In the Fashion, and Peggy Ann Willman played Aria to open the program. John Stanley Hamby's two pieces were The Birthday Party and Mice. Mary Burtle's selection was Crisscross, and Ernest Carroll Stephen and Ann Lightfoot were presented in a duet, If I Knew You and You Knew Me.

Make-Believe Town was the title of Flora Dell Devis' reading. Betty Faye Glasscock played A Song At Dusk which was followed by Fauntleroy Finds Fault, given by Bernard Mullins. Tommy Shannon's selection was Kentucky Babe and Charlene Hull's was Rocky Brooklet. Coming Round the Mountain a southern mountain song, was rendered by Peggy Ann Willman, accompanied by Mrs. Lightfoot. A reading, Vespers, was given by Beverly Smith and next was a piano selection, In the Luxembourg Gardens, played by Betty Faye Glasscock. A duet, In Seville, was

presented by Mary Burtle and Wallace Shannon. Another vocal number was given by Charlene Hull, accompanied by Mrs. Lightfoot. The title of this selection was Birds In the Branches.

Margie Crowell read The Bear Story, which was followed by a duet by Tommy and Wallace Shannon. This number, Just Singing Alone, was the last selection on the program.

Miss Marie Watkins presented her pupils of the elementary school Friday evening and students of the High School Saturday evening in recitals that mark the closing of the music school. The recitals were given at the high school auditorium.

To open the program of Friday evening Blanche Lavon Taylor, Beverly Smith and Ernest Carrol Stephen played Spring Breezes, which was followed by two numbers played by James Theodore Hunt. They were Papageno's Magic Melody and Song of the Drum. Robin's Request and Circus Parade were played by Beverly Smith. David Shurley's numbers were Viennest Refrain and Rodeo Riders. Sammie Jeanne Allison played Sleepy Hollow Tune. Surprise Symphony Tune, On the

Bridge of Avignon, Betty and Bill and the Elevator were the selections of Ann Karnes. Ernest Carrol Stephen's numbers were Evening Bells and the Cello, A duet, Tulip Time, was played by Jane Neill, and James Theodore Hunt, which was followed by Charles Lee Cusenbary playing Catch Me! The two selections of Blanche Lavon Taylor were Call of the Old Drum and Spanish Dance.

Jane Neill played Waltz of the Flower Fairies and the two numbers of Billie Wright Taylor were Blue Skies and The Wild Horseman. Spinning Song, rendered by Jimmy Cusenbary and Carnival Dancers and Andante Cantabile and Rondo were the numbers by Edith Mae Babcock. The closing selections were played by John Allen Ward. They were The Limpid Stream and Ecossaises.

On Saturday evening the High School group were presented. Lila D. Chalk played Allegro Moderato and White Lilacs to open the recital, and next on the program Glen Richardson rendered A Minuet. Two numbers, Wake Up and The Cuckoo Clock were the selections performed by Sammie Jeanne Allison. Geraldine Morrow's numbers were Pink Peonies and A Curious Story, and Frances Atchison's was Humoresque.

Martha Jo Moore rendered A Heron in Flight, and Playing Hopscotch, and following these numbers was a piano trio composed of Sammie Jeanne Allison, Marguerite Howell and Billy Shurley. They played Flight of the Witches. Away in the Country, Passing By and What's the Time, Blackbird? were the selections of Edith Mae Babcock. Marjorie Reba Nisbet played Sonata in G-Allegro and Bobbie Nell Gulley played Rustling of Spring. Billy Shurley's selections were Gigue, Waltz in A Flat and Hunting Song.

Numbers played by Marjory Dameron were Minuet in G and Dance of the Elves. Nancy Christie played Album Leaf and Silver Slippers, and Doris Keene Waltz in A Flat. Marguerite Howell's number was The Butterfly and O. L. Richardson Jr. played Meditation from Thais and Juba, a dance. Hungarian Dance No. VI and Contredanse were the selections by Sammie Jeanne Allison and Dance of the Elves by Edith May Bab-

Here's the average woman:
Marries at the age of 24.
Quarrels at least twice a month with her husband.
Spends four years washing dishes.

Is five feet four inches tall.
Spends 2,784 hours (five years) gossiping.

Weighs 128 pounds—until she becomes careless about her figure.
Spends \$312 in beauty parlors and \$387 on drug store cosmetics.

Attends 3,027 movie matinees, many of them double features.
Threatens at least eight times to go home to mother—but never does.

Spends three years and eight months on the telephone.

Never learns to play a golf game that satisfies her husband.

Listens to 18 radio serials each week.

Is positive that her child is better than the brat next door.

Buys 369 hats and 582 dresses.

Devotes the best seven years of her life to attempting to make her husband over—without success.

Ruins three fenders on the car and tears off one garage door.

Occasionally wishes she'd married someone else.

Lives five years longer than her husband.

Darns 4,827 pairs of socks.

Never learns to drive a nail without hitting her thumb.

And makes a darn good wife in spite of it all.

—Sulphur Springs Telegram.

J. Frank Dobie has done it again—written a darn swell book, perhaps his best—to date. It's called "The Longhorns" and anyone who hereafter undertakes to write on the subject will be like Ruth, gleaning in the field after the reapers.

There are maturity, sureness of touch and an easy mastery of words. Consider this, "Old Brindle opened his eyes, yawned, got up as deliberate as a ticket agent." Or this picture of a teamster pleading with an ox-team that had become mired, "He talked to them harder than a crap-shooter talking to his bones." Or this cameo, "The days went by as slow as laboring oxen walk." And just one more nugget, the description of a man with a whip, "He curved the fifteen feet of tapering rawhide through the air—and the ringing crack made the sky brighter."

This man Dobie is a poet.

Isn't in fine when days are cloudy,
Most everything of somber hue;
For one to hear a welcome Howdy,
My old friend, how are you?

A reading of old newspapers, no matter of what period, will show that the city, the country or the world was upset about something. It ran like this: The shipping clerk was making more money on stocks than the company president was making running the business, oil was ten cents a barrel and being wastefully produced, stocks were crashing, Japan was ravishing Shanghai, and Germany was arming. Technocrack was the goblin one month and chain letters the siren of the next.

It wasn't imagination or calamity howling. All those things were happening. They were affecting, did affect, and will affect our lives tremendously.

So we find a thought. And that thought is that if we wait to find a settled time in which to do something, we may wait out our three-score and ten years and die from shock on the last day from some new and startling development wholly unexpected. If you ever intend to build the dog a dry house read good biography, or learn to carve a turkey, you might as well get started. There's no use waiting for things to settle down. (Handed in by our good friend, Dick Brown of Dallas.)

TIRE OPPORTUNITY PRESENTED IN SALE

Anticipating the year's first new peak in tire buying, scheduling of the annual spring sale has just been announced by Sam Hull, local Goodyear dealer, who points out that the opportunity is timed to coincide with the beginning of what may be the country's biggest driving period in any year.

Present plans for sales' dates covers the period from May 21 to 31 during the 10 days of which dealers nationally will feature the first-line G-3 All-Weather tread tire offered in a special trade-in deal, as well as the All-American in five popular sizes, attractively priced for the sale.

Backed by a written guarantee, these tires built with improved Supertwist cord have increased body strength, the G-3 in actual tests having averaged 20 per cent longer tread wear than other first

line tires tested.

With rubber prices steady for a crucial international situation, now would be a logical time for those who need tires during the summer to make replacements on their cars, in the opinion of Mr. Hull, especially since prices are lowered in a period when buying should be increasing, because of a seasonal demand for new tires to provide

safer motor car operation on crowded highways.

Mr. and Mrs. Ernest McClelland and Mr. and Mrs. Henry Greenhill were in San Angelo Sunday.

Congratulations Seniors

Make Hall Of Fame

Doris Meckel and O. L. Richardson, Jr., have been selected as representatives to WHO'S WHO AMONG HIGH SCHOOL STUDENTS IN TEXAS, an incorporated non-profit educational project of the American High School Educational Association. These students were chosen from the senior class, the only class eligible for participation, on the five qualities as stated in the purpose as chartered by the organization: "To promote, to encourage, and to attempt to maintain the qualities of leadership, character, scholarship, sportsmanship, and extra-curricular activities among high school students. To cooperate with the high school authorities in an effort to give the proper acclaim to the outstanding students who have attained this high educational standard by placing their records and achievements before leading business men and before college and university officials. And to endeavor to assist worthy high school students of limited means to obtain an opportunity to receive higher educational training."

Doris Meckel, a senior of the 1941 class is a daughter of Mr. and Mrs. Ben F. Meckel.

Doris has been chosen as a member of "Who's Who" by the high school faculty. This is perhaps the greatest accomplishment any high school student may attain, since the standards for selection are unusually high.

During her four years in high school Doris has been an energetic worker, whose cooperation teachers could always depend upon, and whose leadership students valued. She leaves an enviable record of accomplishments and honors as she graduates from high school this year. A brief summary of her record is: reporter of the senior class, 1941; pep squad leader, 1940-41; treasurer of the Little Theater; and president of the Future Homemakers Club, 1939-40.

She has represented the high school in various extra-curricular activities at Interscholastic league meets by placing second in junior girls declamation, second in tennis in 1939; twice winner of first place in debate at five-county meets, and second in district meet. Other scholastic honors to her credit are a scholarship award for the highest grade in typing in 1939-40, an honor roll certificate for three consecutive years, has received three gold R pins (an award for reading the greatest number of books from an approved list), and has been Lioness each year (A local honor paid to the boy and girl making the highest scholastic record during any six week period).

Besides maintaining a very high scholastic average of 93 per cent she has found time to be active in club work by being a member of the Future Homemakers Club, Little Theatre, band, and Pan American clubs.

Doris says her hobby is making a collection of newspaper clippings of the achievements of Sonora High School.

She plans to enter Hardin-Simmons University at Abilene in September, 1941, where she will study home economics, speech and music.

Mrs. G. W. Howell of Nauvoo, Alabama and Mrs. Jim Pirkle and son, Gary, of Adamville, Alabama are the guests of Dr. and Mrs. J. F. Howell.

 "It Tastes Better"

O. L. "Laddie" Richardson, Jr., son of Mr. and Mrs. O. L. Richardson, Sr., completes his senior high school course Friday, May 23, at which time he will be graduated with the other members of his class.

On November 22, 1924, O. L. was born and in due time received his schooling in the Sonora Public Schools.

Aside from the fact that O. L. has maintained splendid scholastic averages throughout high school, and has demonstrated skill in various phases of music, probably his prime achievements have been in athletics.

Coming out for basketball two years and lettering his last year, he shared co-captain's honors.

His stellar role was in the cinder path. Richardson and speed are synonymous. O. L. won the 50 and 100 yard dashes in junior track. Last year in his first year of senior competition, he continued to win the dashes more often than not. After winning first place in both 100 and 220 yard dashes, and establishing records in these events at the 5-County Meet, and repeating these wins at district and placing at regional, he had the opportunity of representing Sonora at the State Interscholastic Meet.

He has just completed his last season in high school by almost duplicating his previous records. In the 5-County Meet he placed first in three dashes, the 100 yard dash, 220 yard dash, and the 440 yard dash. He also placed third in the high jump in this meet.

At the District Meet in San Angelo, O. L. established a record of 22.7 in the 220 yard dash and placed in the 100 yard dash. At the Regional Meet in Abilene he won both of these events.

May 2 and 3 found O. L. at the State Meet in Austin. He ran a close third in the 100 yard dash preliminaries, but he failed to qualify for the finals.

Other extra-curricular activities in which "Laddie" has participated are declamation, 4-H Club and typing; other student offices which he has held include President of the Bronco Band, the Pan-American Club, the 4-H Club and his Sunday School Class... advertising manager of the Little Theater and member of the Bronco news staff.

Other honors won by O. L. are: Gold "R" Reading Medal, three years; Lions Club award for scholarship, Lions Club essay contest in his freshman year, eagle scout, perfect attendance in his junior year and a 5-year attendance medal in Sunday School.

Music and coin collection are O. L.'s hobbies.

His plan is to study animal husbandry, probably at Texas A & M for the ensuing school year.

Seniors Honored With Tea

Last Sunday evening at 6:30 the senior class, their room mothers and the high school faculty were entertained with a tea in the home of Mr. and Mrs. Edgar Shurley. Miss Marie Watkins and Mrs. P. C. Lightfoot furnished music during the afternoon. Punch was served by Miss Viva Milstead from the new punch bowl left to the school by this year's senior class. After refreshments consisting of punch, cake, nuts, and mints the group was entertained by a reading given by Mrs. Albert Murray. Those present were: Mickey Adams, Billy Jo Henderson, Mary Jo Rape, O. L. Richardson, Harold Briscoe, Buster Shroyer, Gene Neuerburg, Pat Gilmore, Georgia Nance, Mary L. Gee, Kelso Locklin, R. W. Johnson, Doris Keene, Doris Meckel, Clayton White, Clayton White, Mr. and Mrs. P. C. Lightfoot, Mr. and Mrs. Albert Murray, Mr. King, Miss Edmonson, Miss Milstead, Mrs. Richardson, Mrs. Neuerburg, Marjorie Ann Lightfoot, and Billy Shurley.

J. D. Prewitt, district agent for the district six extension service was in Sonora Monday and Tuesday.

W. A. Crowe of Amarillo, Mrs. L. T. Hovians, J. R. Crowe, Mrs. Lydia McClain, and Morris Conerly, all of Port Arthur, and Mrs. Malicia Conerly of Annacoco, La., came Sunday and left Wednesday for a visit with Mr. and Mrs. Ralph Crowe.

Mr. and Mrs. Bill McGilvary, Mr. and Mrs. T. A. McMillan and Mr. and Mrs. Hubert Fields were in San Antonio last week end.

Miss Milstead Senior Sponsor

For four years Miss Viva Milstead has taught English in the Sonora High School. Miss Milstead is in our school not only to correct the "ain'ts" but also to be the sponsor, or mother to the senior class. When Miss Milstead came to Sonora the seniors did not customarily take a trip in the spring but during the past four years the senior class has looked forward to an entertaining and educational tour before graduation. This year

Senior Banquet To Be Held Friday

Next Friday at 6:30 the seniors will be presented with a banquet by the room mothers at the McDonald Hotel. Immediately following the banquet the seniors will leave for the Graduation exercises where they are to receive their diplomas. The seniors have been instructed by the Room Mothers, Nance, Richardson and Neuerburg, not to eat any supper before the banquet. And by the way, the senior room mothers have been just about tops this year. Nobody could have provided any more fun and sponsored a class any better

the graduating class has just returned from a trip to the Carlsbad Caverns.

Miss Milstead graduated from the Hamlin High School in 1928. She attended Hardin-Simmons University for four years, and received her degree with a major in English and a minor in science and Physical Education.

Various summers Miss Milstead has done graduate work at the University of Colorado.

The student body has appreciated Miss Milstead's friendly co-operation and helpful teaching.

THE VACUUM CLEANER...

Well, Richard, it looks as if you can retire as far as R. W. Clayton and Saunders are concerned. Taking into consideration these golf sprees, measles, and friendly visits you have already retired.

Bernie Dawn and Sid have just taken their first lessons on moon gazing from the side of a tank. At least neither of them fell into the tank.

There are people who can't take hints such as three is a crowd. (Reference material—Francis)

For the Baccalaureate Sermon after the reception the following senior boys appeared without cake icing on their suits. Er, er . . .

Well, really this is quite embarrassing but I don't seem to recall any that didn't have any icing on them.

Dr. Taylor of Howard Payne says: Early to bed, early to rise; hurry to work and advertise.

than have these mothers and Miss Milstead, so the seniors take this opportunity to publicly thank their room mothers for all they have done. The seniors have a full schedule this week and are looking forward to lots of fun as well as getting their sheepskin.

METHODIST CHURCH

—Mens Bible Class—9:15. —
 —Sunday School—9:30. —
 —Morning Worship—10:25. —
 —League Service—7:00 p. m. —
 —Evening Worship—5:00 p. m. —

We are calling all members and friends attention to the change of schedule. The Sunday School and Church services are shortened considerably. When members of the Sunday School come to the church they will immediately go to class. At 10:20 the first bell will ring and this means that all departments from the primary department through the adults will end their classes and start immediately to the auditorium for the combined Sunday School and morning worship service. At the end of this service a short Bible story will be given by the pastor. Promptly at 11:15 the entire Sunday School and morning worship service will come to an end. Parents of pupils in the Nursery and Beginners departments will either come for their children at 10:15 or leave them in the Beginners department for an extended session during the morning worship service. Parents who do not bring their children of this age to Sunday School and do not care to have them with them can leave them in the Beginners department. There will be someone who will be responsible for them while in church.
