Matt Lee, who has been with F. Mayer & Sons saddle in the Territory for a couple of years, was in Sonora several days in a visit. He expects to go there again in a few weeks time.

Geo. Mauzy, the well known mutton man, was in Sonora Wednesday on his way down the river.

J. D. Lacey, the stockman from over the line in Edwards County, was in Sonora Wednesday trading.

The Lions Club held its next to last meeting before the Wool and Mohair Show, Auction Sale and Pioneer Jubilee, Tuesday at the Methodist Church, to the glare of flash bulbs in the camera of Dick Webdell or Newsfoto, who is making up a special section on the event. While Webdell took pictures of the bearded and mustachioed members, the club at large, and members of the Sam Merck, Jr. Post of the American Legion, Frank Bond was introduced as guest and Clay Puckett was presented a tastily wrapped gift as beard prize.

On the program was Miss Marie Watkins, who accompanied Lion Boyd Caffey, who sang two songs. At the close of the program, the club became a committee of the whole and worked out plans for booster trips to surrounding towns. The trips began Wednesday with a delegation composed of Bill Gilmore, Alfred Schweining, Dr. Joel Shelton, E. C. Saunders, Joe Berger, Albert Murray and Ben L. Wheat meeting with the Eldorado Lions Club. On Thursday, another committee is going to San Angelo to meet with the club there. This trip will include Wallace Dameron, Jodie Trainer, Clay Atchison, H. V. Stokes, and Clay Puckett. Following this, there will be a trip to Ozona Friday led by H. V. Stokes, and one Saturday to Junction. There will also be a trip to Rock-springs.

The publicity which will be given the event by Newsfoto will be centered in a six-page section. Pictures include committee chairmen, captains of the two baseball teams which will play a benefit game for British Relief, scenes from the Pioneer Parade of year before last, pictures of last year's wool show and auction sale, and general scenes of Sonora churches, business houses, and homes. There will also be pictures of a few of the old timers who are to be honored.

The baseball game, mentioned in the preceding paragraph, will be played between the Ralph Crow and the Sam Allison teams at the schoolyard at 5:30 O'clock, with the exceptions that the pitchers will be Curley Hays and Bill Wood, ranked as two of the best softball pitchers in the state. Both have volunteered their services for the game. A hat will be passed and the money sent to the British War Relief Agency. There will be a practice for the game at the schoolyard Sunday at 4 O'clock.

The soliciting committee, composed of George Edward Allison, Joe Vander Stucken, Busty Halbert, Buzzie Stokes, and Wallace Dameron, had received by Tuesday noon several consignments. These included:

Dempster Jones, Ozona, two registered Rambouillet lambs; H. C. Noelke, Sheffield and San Angelo, three registered Corriedale rams; E. H. (Ed) Shook, San Angelo, one registered Corriedale ram, two registered Suffolk rams Marvin Skaggs, Junction, five registered yearling Angora bucks; Joe Logan, Sonora, one registered Hereford heifer; Robert Halbert, Sonora, ten

registered Suffolk and Hampshire rams; the Sonora A&M Mothers Club has consigned a heifer.

According to Wallace Dameron, the committee would like to have all entries in by Wednesday, June 18, so that the sifting committee can arrange them for the sale the following day.

Mr. Dameron also said that the committee now has commitments of approximately 50 head of stock which includes Angora bucks, yearling Angora does, Spanish kids, fat lambs, Delaine rams, and Rambouillet rams. In the past there have always been from 100 to 150 head at the sale. Anyone wishing to make a consignment is asked to contact the soliciting committee.

Perhaps one of the most enjoyable hours of the day will be spent watching the pioneer parade. So far there have been over 60 entries turned in. Although it was pointed out last week that a person or a business house does not need an expensive rig to be in the parade, it must be mentioned again. All that is necessary is an old fashioned rig of some sort. Parade entries will meet behind the Court

House at 7 O'clock Thursday evening. The parade, starting at 7:30 will go around the south side of the Court House, down Main street to the First National Bank, then past the Sonora Motor Company, then around the block to the McDonald Hotel, and out to the school grounds, where it will disband. Here, at the end of the parade, will be held the judging of all beards, rigs, and family get-ups. Immediately after the parade, the carnival will begin, and will be run in conjunction with the dance which will start at 9 O'clock.

So far, wagons have been promised by Jim Merck, Joe Logan, William Allison, Dave Locklin, Sam Allison, Robert Halbert, Auther Simmons, Hanev Davis, Cleve Jones, Curt Allison, and J. V. Alley; old time autos have been promised by Sam Hull and Jack Kasper.

The following have already sent their entries in to Dr. Shelton:

West Texas Utilities Co., Foxworth-Galbraith Lumber Co., Cameron Lumber Co., City Garage, Texaco Service Station, Adkins Plumbing Shop, Devil's River News, Gulf Service Station, H. V. Stokes Feed Co., Sonora Motor Co., Elliott Taylor Motor Co., E. F. Vander Stucken Co., Inc., J. W. ### Charles E. Coombes To Address Pioneers

Pioneers of Sutton and neighboring counties will be honored Thursday, June 19, at the Lions Club Pioneer Jubilee, when they come to hear the Honorable Charles E. Coombes of Stamford, who will address them at a luncheon in their honor on the Court House lawn Thursday at noon. Judge Coombes will also call a square dance that night at the dance at the High School Gymnasium.

Most of the morning has been reserved for the old timers to get together and exchange reminiscences. There will be adequate rooms in private homes for those who wish to rest during the day.

H. V. Stokes, mayor of Sonora, will make the welcoming address and introduce the speaker. During the luncheon, music will be furnished by the Texas Round-Up Gang of Station KRLD of Dallas, which will play both old fashioned and popular music.

During the afternoon the old timers will be taken on tours of the city in private cars, and will stop at the woolhouse, where additional entertainment is planned for them during the Auction Sale. At the close of the Auction Sale they will be brought back to the Court House, where they may watch the Pioneer Parade from reserved seats on the front Court House lawn.

The final tribute paid to these pioneers of the West will be at the dance Thursday night, where, again, they are to be the guests of honor.

### Seen At The 1939 Pioneer Jubilee

Seen in the surrounding pictures are several entries in the Pioneer Jubilee Parade held in conjunction with the Lions Club Wool and Mohair Show and Auction Sale in 1939. In the photo at the left Alfred Schweining, Jr. keeps Earl Smith from taking a ride he hadn't counted on. Above, two firemen, Jesse Green Barton and Lee Patrick, pull Sonora's ancient hose cart, which is now displayed on the City Hall lawn. It will be in this year's parade held Thursday, June 19, at 7 O'clock.—Photos by W. C. Gilmore.

NO TREES ARE CUT UNDER 12 INCHES

**IRON MOUNTAIN, MICH.—** When Henry Ford began lumbering in northern Michigan he made this "foot rule," thus leaving more space for younger trees to grow and provide the future supply.

On the half-million acres of timber which he has been scientifically cutting he has practically eliminated waste.

His theory in lumbering, as in his other activities, is that waste makes high prices and low wages; that reducing waste makes lower costs, lower prices and higher wages.

So first of all his lumbermen cut close to the ground and clear

up the brush that makes forest fires.

In addition to saw mills and the body-building plant for station wagons, he has built a wood distillation plant that converts cuttings, edgings, slabs, sawdust, shavings and chips back into charcoal.

Also into such products as tar, pitch, creosote, methyl alcohol, calcium acetate and fuel gas—all of which are used in Ford industries.

The results of this elimination of waste in lumbering are high wages and neat, up-to-date homes for workers.

Andrew Moore, Sonora Tavern, Wirt Stephenson, Humble Service Station, Methodist Church, Jack Kasper, Alfred Schweining, Nisbet Insurance Agency, First National Bank, C. C. McDaniels, Sonora Border Patrol Officers, Sonora Volunteer Fire Boys, Boy Scouts, Girl Scouts, Brownies, and Cubs.

The carnival, held before and during the dance, will be spread out from the band room in the gymnasium to the tennis courts, and will feature games, food, confections, and novelties. C. H. (Dolly) Carson will have charge of the Doll Racks, Preston C. Lightfoot will run the bingo game, Leo Brown will have the Penny Pitching game (and we didn't say pinching); the Roulette Wheel will be run by John Lee Nisbet, Balloons, whips and novelties will be sold by Sheeny Adkins, and Bill Gilmore will have charge of the hot dog and cold drink concessions.

Also decorated in true carnival style will be the City of Sonora.

In charge of the American Legion, decorations, which will include American and Texas flags, and bunting strung up and down and across the streets in the business section, will be handled by a professional who will string the decorations Monday and leave them until Friday. It must be noted that businessmen's support in making the decorations possible was one hundred per cent.

All the activities at the Woolhouse will be broadcast back to town. With the inimitable Nelson Johnson as auctioneer, and the Round-Up Gang furnishing the music, there should not be a dull moment at the auction.

**AN ORDINANCE**

Commissioner Hamilton introduced a proposed ordinance, which was read in full; and thereupon Commissioner Hamilton made a motion that the rule requiring ordinances to be read at more than one meeting be suspended, which motion was seconded by Commissioner Schwiening. The motion was carried by the following vote: AYES: Mayor Stokes and Commissioners Hamilton and Schwiening. NOES: None.

THEREUPON, Commissioner Hamilton made a motion that the Ordinance be finally passed, which motion was seconded by Commissioner Schwiening. The motion was carried by the following vote: AYES: Mayor Stokes and Commissioners Hamilton and Schwiening. Thereupon, the Mayor announced that the Ordinance has been finally passed by unanimous vote. The

Ordinance is as follows: AN ORDINANCE REQUIRING ALL PUBLIC UTILITIES WITHIN THE CITY OF SONORA, TEXAS, TO SECURE PERMITS BEFORE MAKING ANY IMPROVEMENTS, ALTERATIONS, OR ADDITIONS TO THE PROPERTY OF SUCH UTILITY, PRESCRIBING RULES AND REGULATIONS, FIXING PENALTIES AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF SONORA, TEXAS:

Section 1. It shall be unlawful for any person, firm or corporation officer, representative or employee of any such person, firm or corporation owning, maintaining and/or operating a public utility in the City of Sonora, Texas, to make or cause or permit to be made any improvement, alteration, or addition to the property of such public utility within the corporate limits of the City of Sonora, Texas, without first having obtained a permit therefor from the City Manager.

Section 2. Any such utility desiring to make any improvement, alteration, or addition to its property shall first file with the City Manager an application therefor, in which application shall be set forth in detail the improvement, alteration, or addition contemplated and desired to be made together

with an itemized statement of the cost thereof. Such application shall also state the necessity for such improvement, alteration or addition and shall be signed by the person in charge and control of such utility.

Section 3. Upon receipt of such application it shall be the duty of the City Manager to issue a permit therefor to such utility and to file and keep such application together with a copy of the permit granted therefor in a permanent file record in his office.

Section 4. Any public utility failing to comply with this ordinance shall be forever barred and estopped from charging the cost and expense of any such improvement, alteration or addition to capital investment and same shall not be considered nor be permitted to be used in considering the cost of such utility and the investment therein as a basis for any rate to be charged to the public by such utility nor shall the cost of such improvement, alteration or addition be considered or taken into consideration in the valuation of the properties of such utility in the event of its purchase or condemnation by the City.

Section 5. The provisions of this ordinance shall not apply to any expenditures made or to be made by any of the public utilities operating within this City where such expenditure is for maintenance, operation, or ordinary repairs and replacements or where the improvement, alteration or addition costs less than Twenty-five Dollars (\$25.00).

Section 6. The fact that the City of Sonora, Texas, has at this time no adequate ordinance governing the improvement, alteration or addition to public utility properties within the said City by the persons, firms, or corporation owning, maintaining and/or operating the same creates an emergency and an imperative public necessity, requiring that all rules be suspended and that this ordinance be passed as an emergency measure and be and become effective on and as of the day of the date of its introduction and passage and approval, and it is so ordered.

Passed and approved this the 2nd day of June, 1941.

H. V. STOKES,  
Mayor, City of Sonora.

ATTEST:  
GEO. E. SMITH,  
City Secretary.

**TO REPORT TO DRAFT BOARD**

John Stevens Moore will report to the Local Draft Board June 17, to be sent to the induction station at Fort Bliss, El Paso.

It was announced at state headquarters that induction of many registrants who had been barred from military training because of statutory law violations, is now possible because of a revision of selective service regulations.

The revision of the regulation, General J. Watt Page, State Selective Service Director, said today, removes the sweeping disqualifications of all men who had been convicted on an offense which the laws of the jurisdiction in which it occurred defined as a felony. Instead, he said, debarment as felons is limited to perpetrators of certain "heinous" crimes and habitual criminals.

Advising the local boards of Texas of this revision, General

Paige hailed it as just and timely. He said:

"This will enable many patriotic young Americans who had been debarred because of some youthful misstep to serve their nation in the ranks of its armed defenders. It is timely for that reason in view of the national emergency, and it is just also in that it makes a proper discrimination between offenses that are merely violations of statutory law and crimes which denote moral turpitude. It bars the criminal but it opens the door to the man who has atoned for and repented of an offense against society that is not generally accepted as a felony."

The changes are in the regulations defining "Class IV-F: Physically, Mentally, or Morally Unfit." They now ban specifically the following law violations:

1. Those who have been convicted of certain heinous crimes;
2. Who have been convicted on two or more occasions of offenses which come under the generally accepted definition of a felony;
3. Who are chronic offenders with pronounced criminal tendencies who have been convicted on at least three occasions of offenses punishable by jail sentences;
4. Who are being retained in the custody of any court or criminal jurisdiction, or other civil authority.

"Irrespective of these specific provisions concerning law violators," General Page said, "the regulations as amended also provide that any registrant 'who is found to be morally unfit for military service' shall be placed in Class IV-F, together with any registrant 'who is found, after physical examination, to be physically or mentally unfit for military service.'"

Class IV-F also includes any registrant "who has been dishonorably discharged from the Army, Navy, Marine Corps, or Coast Guard, or who has been discharged because of undesirability or of habits or traits of character."

**H. V. Stokes Chosen To Direct Drive**

H. V. Stokes of Sonora is to direct the Sutton County drive for funds to be used by the United Service Organizations in staffing and maintaining recreational service clubs over the nation for soldiers, sailors and defense workers, District Chairman Edwin S. Mayer of San Angelo announces.

Sutton County has been asked to give \$400 of the 27-County Congressional District's quota of \$20,000.

Six major welfare organizations have joined together to provide a place where a soldier, sailor or defense worker on his day off may find social, recreational and religious activities. The federal government plans to build some 360 clubs near camps, including those in West Texas.

Subscriptions to the non-profit organization are to be made directly to Mr. Stokes who will send them to Mr. Mayer for forwarding to state headquarters.

The nation-wide goal is \$10,765,000. President Roosevelt and high Army and Navy officials have endorsed the program.

"The U. S. O. Program affords us—the American people—the beneficiaries of the most precious heritage remaining to free men—with our opportunity to serve—to help our U. S. A. by supporting this worthy cause," Mr. Maer declared. "Give generously—give liberally—in the name of liberty and humanity—for God and country."

Miss Jamie Trainer is visiting her sister, Mrs. Sam Thomas and family in San Angelo.

Mrs. Mary Shroyer went to Fort Worth with her niece, Mrs. Anna Livingston, and will continue her trip to DeQueen, Ark., for a visit with her sister, Mrs. Edith Jones, and other points in Arkansas and Texas. She expects to return home about the first of July.

Mrs. Anna Livingston left last Friday for her home in Fort Worth after a six weeks' visit with relatives.

Mrs. Haywood Bird and daughter, Christine, spent last week in San Angelo.

## Flag Day To Be Observed Saturday

On Flag Day, Saturday, June 14, 1923, the American Legion called a conference in Washington, D. C., for the representatives of sixty-eight organizations to draft an authentic code of flag etiquette. A flag code was adopted at this gathering which today represents the authoritative opinion of the principal patriotic bodies of the United States and the Army and Navy experts. The American Legion has distributed millions of copies of the flag program in its continuing program of flag education.

Our flag is the outward symbol of the ideals which inspired the birth of our democracy. It symbolizes the soul of America, typifying her fine spiritual values, aspirations, institutions and traditions. It reflects the achievements and progress of the American people in art, science, culture and literature, invention and commerce, transportation and industry: It controls the strong, protects the weak, relieves the suffering, strives constantly for the betterment of all mankind. It stands for tolerance. It is the badge of America's greatness and the emblem of its destiny.

This flag stands for humanity, for equal opportunity to all the sons of man. Of course we haven't arrived yet at that goal; there are many injustices yet around us, many senseless and cruel customs of the past still clinging to us, but the only hope of righting the wrongs of men lies in the feeling produced in our bosoms by the sight of our flag.

It is the sincere hope of the American Legion Auxiliary of Sonora that every business firm here will cooperate with the American Legion and the Auxiliary by displaying the American flag from their building on June 14. Only through vital nation-wide cooperation can Flag Day be made a success.

I have blown my nose where the tall palm grows,  
On the shimmering desert sands; I have blown it well while beneath the spell

Where the iceberg's song is sung, In the arctic chill with a right good will  
My proboscis has been wrung.

Hat matched the trade winds' blow.  
  
Where the natives chant, and the elephant  
Drives through the jungle shade; Where the leopard leaps and the serpent creeps

When my nostrils both go wrong; I have blown my nose before friends and foes  
But never before in song.

Dr. B. R. Davidson went to the coast Monday to see the patient. He confided to members of the family that the postmaster's condition is not good.

Added to her worries, Mrs. Adams' car was stolen from where it was parked in front on a San Diego hotel, but was later recovered on the Kearney Mesa.

Phenothiazine Proves Efficient Medicine

Interest in the use of Phenothiazine for the control of stomach worms of sheep and goats has increased many fold since experiments have proven the efficiency of this complex organic chemical in controlling these internal parasites.

The Veterinary staff of the Ranch Experiment Station at Sonora found that within twenty-four to forty-eight hours after the medicine was given to heavily infested sheep, the animals were very noticeably improved. During these tests animals were autopsied at various periods after treatment and the stomach and intestines were examined for parasites and it was found that a dose containing .3 gram for every pound of body weight eliminated all stomach-worms.

Tests carried on at Ranch Experiment Station proved that this chemical used as drench was effective in controlling stomach worms for as long as 55 days subsequent to treatment even though the treated animals were running in infested pastures.

Phenothiazine drench is now on the market and can be bought ready to prepare for treatment. It can be mixed up on the ranch by mixing (for a gallon of drench) 2-3 ounce of Bentonite into one quart of water, stirring rapidly and thoroughly. This mixture is then poured gradually into sixty-four ounces of Phenothiazine and thorough stirring should continue during this process. As soon as a thick paste is formed enough wa-er is added to make a gallon of the mixture, stirring thoroughly all the time.

The recommended dose is 2 ounces to the grown sheep and relative amount to lambs depending on their weight.

This new drench has many advantages over others. Sheep or goats should not be held off of water or feed before or after drenching with Phenothiazine. It minnows that were taken in Val Verde County, and the possession by any person of more than two hundred minnows at one time shall be prima facie evidence of a violation of this Act.

Section 8. Penalty. Any person violating any provision of this Act shall be deemed guilty of a misdemeanor and upon conviction shall \$10 and not more than \$100.

Section 9. All laws, or parts of laws, insofar as they conflict with any provision of this Act, or insofar as they grant privileges greater than those granted in this Act, be and the same are hereby repealed. Effective June 5.

is important that the animals be released immediately after treatment as the wool might be stained if they are left crowded in pens very long after drenching. This drench has proven effective in the control of stomach worms and other internal parasites than many other drenches. When given as a drench the animals readily take it, thereby lessening the chances of strangulation. Phenothiazine may be bought locally.

Vases of spring flowers were used as room decorations. Mrs. W. P. Truitt won high club and Mrs. J. A. Ward, Jr., won high guest. Mesdames Jodie Truitt, Dewitt Lancaster, Howard Kirby, J. W. Taylor, Truitt, Ward and Miss Mary Sue Blanton were present.
