

Bull Town Bulletins By Bill Ellis

ONE OF MY CHRISTMAS gifts was a book entitled "The Top 10 of Everything." Wife Carol gave it to Ye Editor, figuring he might be running low on column material. As you could tell from her last week's effort, she will never run low on material as long as she has Ye Editor around!

For instance, did you know that the earth's moon is only the fifth largest planetary moon in our solar system? Jupiter's moon, Ganymede, is about 50 per cent larger than our moon. Two other Jupiter moons, Callisto and Io, and Saturn's Titan are top ranked ahead of our own moon. Bet none of theirs is as pretty as our moon was this past Monday evening.

When it comes to the top food producers in the U.S., who would you choose? Probably not the Philip Morris Company, but it's number one, as a producer of cereals, cheese and beer. Conagra, which produces frozen foods, processed meats and potato products, is second, followed by Sara Lee and IBP, whom you'll recognize as a beef and pork producer.

The rest of the food list is as follows: 5. Archer Daniels Midland (refined oils, food additives); 6. General Mills; 7. Ralston Purina; 8. H.J. Heinz; 9. CPC International (sweeteners, corn oil, mayo, pasta and peanut butter) and 10. Borden.

If you watch much television or read newspapers or magazines, the following "top ten" probably won't be very surprising. It's the top ten advertisers of food and drink in the U.S. Kellogg's, led by Tony the Tiger, is number one, followed by: 2. McDonald's; 3. Budweiser; 4. Kraft; 5. General Mills Cereals; 6. Coke/Diet Coke; 7. Pizza Hut; 8. Miller Beer; 9. Post Cereals; and 10. Burger King.

The only food company that appeared on both of the above lists was General Mills, and it had basically the same ranking in both lists. Don't know for sure what that proves!

Did you Dallas Cowboys fans realize that your favorite team was the all-time most successful? Based on Super Bowl wins (four) and runnerup (three), the Cowboys lead every other team in the NFL. You all know that they missed by one win this year of adding to this lead, so the 49ers will be a close second after they win Super Bowl XXIX.

Baseball fans realize that there had been a World Series for 90 consecutive years before the strike of 1994 deprived the fans of their usual fall "sports fix." Ty Cobb had the most hits: 4,191, and highest batting average: .367; and Babe Ruth tied for ninth on both lists, with 2,873 hits and a .342 average.

Oldest stadiums currently in the major leagues are Tiger Stadium in Detroit and Fenway Park in Boston, both completed in 1914. The newest one, The Ballpark at Arlington, was used for just over a half season, so if anyone wants to buy a stadium, it should be in near-mint condition.

We saw a list of the longest highways in the U.S., and our first thought was "Do you suppose that I-40 (the old U.S. "66") made it. The answer was "no." However, an even bigger surprise was that our own U.S. Highway 60 DID make the list. It stands in seventh place overall at 2,748 miles. Nearby Highway 70, which goes through Muleshoe and Plainview, is next in eighth place, at 2,728 miles.

Speaking of highways, it should come as no surprise that Texas leads all states with the greatest network of roads, with 293,317 miles of roads. That's 43 per cent more than the second-place state, California.

California did lead the nation in licensed drivers, with almost twice as many as Texas, which stands in second place. So, with half as many drivers and 43 per cent more GOOD roads, where would you rather live?

Low-Interest Loans Available Locally

Low-interest Agricultural Water Conservation loans to purchase and install water conserving irrigation equipment are available to farmers and ranchers.

The loans, along with information about the program, may be available through your local underground water conservation districts, soil and water conservation districts, and irrigation districts.

The districts can loan this money directly to individual farmers to cover the cost of improving water use efficiency of existing irrigation systems or replacing it with modern water-conserving equipment such as Low Energy Precision Application (LEPA) systems.

Other loan applications include converting irrigated acreage to dryland farming and purchasing equipment for furrow dikes and water harvesting. The board can

also provide a loan to a district to improve its irrigation facilities.

Agricultural Water Conservation loans are made available to local districts by the Texas Water Development Board. These loans carry a very competitive interest rate as a result of currently being bought down by a multi-million dollar U.S. Department of Energy Oil Overcharge grant provided to the board by the state's General Services Commission.

Since the program was approved by the Texas Legislature in 1986, \$22.8 million in 32 low-interest loans have been made to 12 districts, saving 10 to 20 per cent of the water supplied through the improved irrigation systems.

Interested farmers should contact their local district or call Comer Tuck at the Texas Water Development Board at 512/463-7983.

Facts About The **BIBLE** *BY JOHN LEHTI*

HOW DAVID IS FINALLY MADE KING

THE NEWS OF KING SAUL'S DEFEAT AND DEATH AT THE HANDS OF THE PHILISTINES, ON MOUNT GILBOA, WAS RECEIVED SORROWFULLY BY DAVID AND HIS MEN...

THEIR MOURNING IS SINCERE AND DEEP FOR, THOUGH SAUL HAD ATTEMPTED TO DESTROY DAVID, STILL HE WAS THEIR KING!

...AND NOW, IN DEEP PRIVACY, DAVID ASKS OF THE LORD....

SHALL I GO UP INTO ANY OF THE CITIES OF JUDAH?

GO UP!

WHITHER SHALL I GO UP?

UNTO HEBRON!

SO DAVID, ACTING UPON THE LORD'S COMMAND, LEADS HIS ARMY FORTH FROM THE WILDERNESS! AND WITH THEM COME THE WIVES AND FAMILIES OF ALL THE MEN - FOR THERE WILL BE NO TURNING BACK - HEBRON IS DAVID'S GOAL....

ARTIST OF MONTH....Dr. Anthony Orme, who is a staff member at Friona Medical Clinic, has been a photographer for a number of years. Some of his works are being featured this month at Prairie Acres, where he is saluted as "Artist of the Month." Dr. Orme bought his first camera while at medical school. While living at Blanchard, Oklahoma, he began taking football action pictures for the local newspaper. He develops and prints his own pictures. He is proud of a photo he took at Dealy Plaza in Dallas on the 25th anniversary of the assassination of John F. Kennedy. The museum there asked for the picture, and it is now hanging there. Ben Israel, "Resident of the Month," is shown here with Dr. Orme.
