

By Congressman O. C. FISHER

Results of Poll

If it were left up to the folks who live in the 21st Congressional district, many of President Truman's "Fair Deal" measures would be scuttled.

The Taft-Hartley Act would not be repealed, the "civil rights" proposals would be snowed under, there would be no tax increase, socialized medicine would be doomed, and the proposed Federalized housing would be defeated by a narrow margin.

At least, that's the way the vast majority of 10,000 people in the 21st district feel about it. Some of the verdicts are very decisive while a few are rather close.

According to this poll, three out of every four people who have an opinion on the subject would be against scrapping the Taft-Hartley law. About 80 per cent want Uncle Sam to keep his hands off civil rights legislation. Nearly 90 per cent think Texas should retain its tidelands. Ninety-five out of every 100 want a strong preparedness program and 78 per cent wouldn't go for the \$4 billion tax increase.

Closer margins are shown on public housing and European aid. Thirty-eight per cent think the Federal Government should pay part of the cost of houses for low-income groups and for slum clearance, while 51 per cent think otherwise. The European aid program is supported by 63 per cent of those with opinions, while 23 per cent think it should be stopped.

Here is a summary of the tabulations, percentage-wise:

1. For the repeal of the Taft-Hartley Act, 19.8 per cent; against repeal, 66.5 per cent; no answers and no opinions, 13.7 per cent.

2. For a Federal anti-poll tax law, 27.7 per cent; against 69.5 per cent; others 2.8 per cent.

3. For an FEPC, 12.8 per cent; against, 81.9 per cent; others, 5.4 per cent.

4. For a Federal law controlling segregation problems, 5.9 per cent; against 90.4 per cent; others 3.7 per cent.

5. For compulsory health insurance, 20.8 per cent; against 72.5 per cent; others 6.7 per cent.

6. For giving the President power to impose price control and rationing, 14.5 per cent; against, 80 per cent; others, 5.5 per cent.

7. For 4-billion-dollar tax increase; 13.4 per cent; against, 77.8 per cent; others, 7.8 per cent.

8. For strong preparedness program, 95.5 per cent; against, 2.2 per cent; others, 2.3 per cent.

9. For Federal payment on low-income housing and slum clearance, 37.9 per cent; against, 51.6 per cent; others, 10.5 per cent.

10. For Federal ownership of tidelands, 7.4 per cent; against, 89.1 per cent; others, 3.5 per cent.

11. Is European aid justified, — Yes, 62.9 per cent; No, 23.5 per cent; others, 13.6 per cent.

It is well to point out that in answers to Number 11 — relating to European aid—quite a large number qualified their affirmative answers. Many hundreds answered "Yes," but added: "For a limited time," "but it should be reduced," "if properly administered," "provided those people will do more to help themselves," "we can't buy friendship," etc.

Thousands of comments on various questions submitted, as well as others, were made. These are very revealing and very interesting to me. I am personally reading every one of them, and am examining each questionnaire.

The predominant theme of all these expressions is: "Let the States handle their own civil rights problems and let Uncle Sam keep his nose out of our affairs that are local in nature."

Many, many hundreds express grave concern over the tendency toward big, centralized Government and the threat that this tendency may eventually lead to state socialism.

And they are big-debt conscious. They want this public debt cut down, the Federal payroll reduced, fewer bureaus, and non-essential governmental activities whacked. I am pleased that so many are following the Hoover Commission recommendations and praise them.

These questionnaires went to the people on the poll lists. Answers have come from all walks of life, from every town and hamlet in the 21st district, and they undoubtedly reflect a fairly accurate cross-section of the thinking of the people living there.

Hundreds have requested that this poll idea be repeated. It will be, early next year when the new poll list is made up.

Miss Carolyn Johnson, Miss Betty Rankhorn and Freddie Adkins visited in Ruidoso, New Mexico over the weekend.

E. L. Reed Given 5-Year Sentence

TERM SUSPENDED ON FIRST OFFENSE GROUNDS

E. L. Reed, itinerant oil field worker, was found guilty Friday in 112th District Court and sentenced to five years imprisonment in the state penitentiary on a charge of assault with intent to murder on the person of H. T. (Wampus) Espy. Sentence was suspended on the grounds that this was Reed's first conviction on a felony charge.

District Attorney Hart Johnson, assisted by County Attorney Web Elliott and L. W. Elliott, introduced Dr. Charles F. Browne as the prosecution's first witness. Dr. Browne stated that he had examined Espy and found him to have a wound 15 inches long and extending from the left hip across the abdomen. Twenty-one stitches were required to close the wound, Dr. Browne said.

Espy took the stand next and testified that he had attended an air show May 22, 1948, and had called one Rostein Pfister over and questioned him about going through a locked gate on his ranch. Pfister, Espy related, admitted going through the gate, but said that "it was only locked at one end." The two continued talking, when E. L. Reed, the defendant, and Jack Schultz joined them. Espy testified that he and Schultz got into an argument and that B. M. (Bustie) Halbert, Jr. came up and told them that he didn't want any trouble.

Espy said he then turned and walked off. He had gone several steps when he heard a voice. He turned and found Reed was right behind him. He threw up his left hand, Reed put his left arm around Espy's neck and knifed him with a knife held in his right hand. Espy said he struck back with his right fist.

Duane Prater testified that he saw Reed follow Espy and saw the two men scuffle. Prater identified the knife Sheriff Hutcherson found in Reed's car as one he had seen Reed carry half concealed.

Other prosecution witnesses included Stanley Mayfield, Craig Miller, S. H. Stokes, Tommy Smith and B. M. Halbert, Jr. All testified they had seen the scuffle and that Reed and Espy were standing about 3 feet apart during the argument preceding the scuffle.

The defense, conducted by Clyde Vinson, San Angelo attorney, called Rostein Pfister, local citizen, to the stand first. Although other witnesses had testified that Espy and Reed were standing about 3 feet apart during the argument, Pfister stated that Espy had let out a loud cry and charged into Reed from a distance of about 10 feet. Reed, according to Pfister, asked him "not to do that," but Espy repeated the act.

Reed next took the stand in his own defense. He said that he had asked Espy not to jump on Pfister, and that Espy, who was standing 10 feet away, ran at him (Reed) and charged into him. Reed said he asked Espy in a nice way "not to do that." Reed stated that he noticed Espy had a knife in his right hand. He amended this to read "left," then right, and finally chose Espy's left hand as the hand holding the knife. At this point Reed's memory failed him and he could not bring to mind what happened later.

Reed said that he couldn't have held a knife in his right hand, because it had been injured in an oil field accident, and he stated that Mrs. Lem Johnson, who had fingerprinted him, would remember this. However, when Hart Johnson called Mrs. Johnson to the stand, she remembered no such injury.

In giving his summation to the jury, Vinson stated that there was an element of doubt in the incident and pointed out that the knifing could have been accidentally done while Reed and Espy scuffled.

Web Elliott summarized testimony of the prosecution witnesses for the jury and Johnson made the final talk of the trial, concentrating at times on testimony of defense witnesses.

Members of the jury were Ray Baker, foreman, Arthur Carroll, Bill Drennan, Mat Adams, Bill Smith, Sam Karnes, Edward Archer, Fred Bode, Thomas Morris, Seth Lancaster, S. M. Kerbow and J. W. Duckett. Judge J. B. Randolph of Fort Stockton tried the case.

Fly To Temple

George D. Chalk, Mrs. W. R. Cusenbary and A. E. Wells flew to Temple Wednesday to inspect school furniture. They were flown to Temple in a plane owned by a Temple furniture firm.

SUTTON COUNTY HOSPITAL DEDICATION CEREMONIES PLANNED MONDAY MORNING

Structure To Be Built Partially Underground In Case Of Atom War

Sutton County's new hospital, in the planning stage for nearly a year, will be ready for use this week, it was announced by commissioners officials, who stated that work had been going on for some time. The announcement came as a complete surprise to many but may be explained by another startling fact -- that the hospital is being built almost entirely underground by the request of the government. This request was taken by many as being indicative of an impending atomic war.

ATOMIC AGE IS HERE — Picture above shows work about complete on Sutton County's new "atomic age" hospital, to be built almost entirely underground so that in case of an atomic war, patients would have some margin of safety.

NEW AMBULANCE — This brand new ambulance of the latest type has already arrived for use at the soon to be completed County hospital. Built along rugged lines, the vehicle is said to be ideally suited for traveling ranch roads. Some citizens have objected to the lack of comfort for patients, but others point out that plenty of fresh air is beneficial.

Two Cases Filed Miers New Head Here In Rice Hull Swindle

HOUSTON RICE MILLS NAMED DEFENDENTS

Two cases, both involving the recently revealed "rice hull swindles," have been filed in Sutton County, H. C. Kirby, county clerk, said Wednesday. Both cases were filed by G. B. Williams of the State Department of Agriculture, and are styled "State of Texas vs. River Bran Rice Mills of Houston," and "State of Texas vs. Gulf Coast Rice Mill of Houston."

The companies are alleged to have sold rice hulls, represented as having large fat and protein content, to local feed stores. Rice hulls are worthless as livestock feed, according to Brownwood officials who are conducting an investigation of the alleged fraud.

Indication in Brownwood are that a "rice hull swindle" of statewide proportions is being perpetrated on Texas farmers, dairymen and ranchmen. County Attorney David J. Morris of Brownwood and C. C. Perry of Texas A&M College are investigating circumstances indicating that rice hulls have been sold as ground feed alleged to have large fat and protein content to some 20 men in Brown and adjacent counties.

Present information leads Perry to believe that at least 15 carloads of the worthless hulls have been shipped to various sections of the state from South Texas mills during recent months.

Those present at the all-day meeting at the courthouse included: Schleicher County, Edward Brown, Perry Mittel and M. R. Williams.

Irion County: Mrs. Aline Carpenter, M. R. Carr, Reagan and Upton Counties: Louis Jagers, Menard County: Francis Kidd, M. R. Pool. Kimble County: Mrs. Mildred Snead. Crockett County: Miss Mary White, Claude Russell. Sutton County: B. M. Halbert, Jr., Cleve Jones, Jr., Lea Roy Aldwell.

Others included Henry H. Marshall, Statistical and Marketing Quotas Department, William L. David, State PMA Committeeman, Wesley Stevens, State Administrative Assistant, Hugh Hill, Field Officer, District 11.

Funeral services were held Friday afternoon, March 18, at 2 o'clock in Waco, for Mrs. T. B. Booker, former Sonoran, who died in that city March 17.

Mrs. Booker is survived by her husband and a son, Thomas B. Booker. She had been ill about four weeks.

NAMED RESIDENT PHYSICIAN — Dr. Joe Brfsskl has been named resident of the new County Hospital scheduled to be opened this week. Dr. Brfsskl is a graduate of the Psychopathic Ward of Bellevue Hospital, New York City and comes to Sonora highly recommended. (see story).

Baseball Season Opens Sunday

SONORA PLAYS NATHAN'S JEWELERS IN FIRST GAME

The Sonora Concho Basin team opens baseball season here Sunday afternoon at 2:30 o'clock with an exhibition game against Nathan's Jewelers of San Angelo. The visitors are managed by Bubba Brown, former Sonora player.

Sonora is managed by Edward Archer and will probably have John Bell, submarine right hander on the mound at gametime. Pat Lyles will probably be Bell's battery mate, but the remainder of the lineup has not been named yet.

The locals are making two practice sessions weekly and hope to be in good shape for Sunday's contest. Concho Basin League play opens here Sunday, April 23, with a game against Robert Lee.

LONDON GIRLS BEAT OZONA TO WIN DIST. VOLLEYBALL

The London girls' volleyball team took the third game of a two out of three series here Tuesday night to annex the district volleyball championship. The score was 36-26. Each team had won one game in the playoff.

District 11 AAA Men Meet Here

A sub-district meeting of officials of District 11, AAA, was held here Tuesday to discuss problems in record sheet preparation for securing all crop acreage of 1941-1949. This information will be used in establishing wheat and cotton acreage allotments if they are declared necessary.

Those present at the all-day meeting at the courthouse included: Schleicher County, Edward Brown, Perry Mittel and M. R. Williams.

Irion County: Mrs. Aline Carpenter, M. R. Carr, Reagan and Upton Counties: Louis Jagers, Menard County: Francis Kidd, M. R. Pool. Kimble County: Mrs. Mildred Snead. Crockett County: Miss Mary White, Claude Russell. Sutton County: B. M. Halbert, Jr., Cleve Jones, Jr., Lea Roy Aldwell.

Others included Henry H. Marshall, Statistical and Marketing Quotas Department, William L. David, State PMA Committeeman, Wesley Stevens, State Administrative Assistant, Hugh Hill, Field Officer, District 11.

Funeral services were held Friday afternoon, March 18, at 2 o'clock in Waco, for Mrs. T. B. Booker, former Sonoran, who died in that city March 17.

We got a note from Don McCormick, manager of the South-west Texas Electric Cooperative (REA) in Eldorado, saying that all staking has been completed on 151 miles REA line to serve ranches in Sutton, Crockett and Val Verde Counties. McCormick said that right-of-way should be cleared by the end of the week.

Everything is ready to go on the project, two carloads of wire having been unloaded here last Friday. All other materials are on hand.

Bids will be opened in Eldorado Thursday, April 21, for construction of these lines and work should start about May 20 and be finished by August 20. McCormick did not say exactly where the lines will go, but we noticed Frank Bond's name on the letterhead, so we'll ask him next time we see him.

(? \* 1/2 \* ?)

Haven't heard anything about any roping matches being held this spring or summer. If any are held we want to enter Auther Simmons in the Lamb-Roping-On-Foot contest if he's as good as Boyd Lovelace says he is. Boyd says Auther catches them with a 6-inch loop on the end of a 30-foot lariat. If we don't stop putting stuff like this in the paper we'll be back to the story about Bud Smith trying to throw a golf ball from the movie over the bank.

(? \* 1/2 \* ?)

Don't forget to vote in the school trustee election tomorrow. No candidates have announced for the office, but the terms of Frank Bond and Mrs. George H. Neill expire this year, and it has been the custom here to reelect members whose terms expire unless there is some objection on their part. We believe that Bond and Mrs. Neill will serve again and would like to see them reelected. Both have done excellent jobs.

(? \* 1/2 \* ?)

Bobby Allen, high school senior who placed second in the high hurdles at Fort Worth two weeks ago, brought home a huge trophy Saturday from the San Angelo Invitation Track and Field Meet, where he won the high hurdles in 15.4. The two previous winners of the cup won the event in 15.8 and 15.7. Allen also broke the low hurdles record of 24.2 with a 23.9 heat in the face of a strong wind. Another Sonora boy, Bobby Granger, won second in the 880 dash.

(? \* 1/2 \* ?)

Dan Cauthorn sold to Lawrence Bledsoe 23 aged cows and calves at \$225 a pair. Delivery is scheduled between April 12 and 25.

(? \* 1/2 \* ?)

Bulldozers and carryalls started tearing out right-of-way in the city limits Wednesday morning to make the connection from the east side of North Concho street, where work had stopped previously, across the old C. W. Taylor property to the highway one block west of Concho. Curb and guttering work is already being done on that portion of the new road south of the draw and the bridge across the draw is about half completed.

Contrary to rumors, North Concho will not be cut off by the highway, but will angle into it in as safe a way as engineers can make it.

The new highway will cause many new businesses to move and possibly others to move over one block. O. L. Richardson said this week that he plans to have a new Gulf Station facing south on the new route and behind his present station by the time the road is ready. Humble and Texas Companies are also understood to be interested in locating in that vicinity.

Jim Perry will build a mechanical and welding shop and home adjoining Lawrence Nichol's cabinet shop in the near future.

Farther out, on the lot between the Marion Elliott and Mrs. Robert Rees residences, Jeff Lambert tentatively plans to build a neighborhood grocery, service station and trailer park. This property is 100 x 154 feet.

Undergoes Operation

George Wallace underwent a tonsillectomy Tuesday morning in a San Angelo hospital. He is reported recovering.

Too Many Cooks?

Never! Not when girls from all parts of the country who are learning to become nurses in Chicago's great Medical Center, get together after hours to try out a bit of their own home cooking. In the unique modern residence which houses students and graduate nurses connected with Cook County hospital, there are private kitchens on every floor as well as individual "date parlors" in the lounge.  
 Directors of Cook County School of Nursing co-operate with the self-governing student body, and encourage recreation and hobbies of which there are many.  
 Classes open in March and again in September. Qualified high-school students are now applying to the director at 1900 West Polk street, for the three year course. There are also Summer classes open to college students. This is a five year course leading to a college degree and a diploma in nursing as well.

RUPTURE

SHIELD EXPERT HERE

H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Cactus Hotel, San Angelo, Friday, only, April 8, from 9 A.M. to 4 P.M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge. 6509 N. Artesian Ave., Chicago 45 Large incisional hernia or rupture following surgical operation especially solicited.

HILLMAN D. BROWN

Business activity in Texas in January continued the downward trend that became apparent in the fall of 1948, the Texas Bureau of Business Research reported.

The Bureau's composite index of business activity declined 1 per cent from December to 227 per cent of the prewar (1935-39) base period, a level 3 per cent under the postwar high of 233 per cent which was reached in August last

year. Dr. John R. Stockton, Bureau statistician, said this decline, coming at a time when there is widespread anxiety over weak spots developing in business all over the country, emphasizes the instability of the equilibrium that had been attained by American business at the end of the year 1948.

All but one of the components, electric power consumption with a

5-per-cent rise, registered declines during January in comparison with December. Miscellaneous freight carloadings dropped 8 per cent from December; crude oil runs to stills, 4 per cent; employment, 3 per cent; and pay rolls and department and apparel store sales, 1 per cent.

In comparison with January a year ago, two of the components showed declines, although the composite index was 8 per cent high. Although the year 1948 saw

business at very high levels, further increases do not appear likely.

The greatest weakness in the Texas business picture appears in the data on retail sales. Total retail sales in the State declined 11 per cent from December after adjustment for seasonal variation. Even more striking than this decline, Dr. Stockton said, was the fact that sales of durable goods' stores dropped 1 per cent while sales of non-durable goods fell

only 8 per cent. This reversed a trend that has held with little variation since the war. Sales of durable goods stores have consistently run higher than nondurable goods stores, and have been an important factor in maintaining the high level of business activity.

Department and apparel store sales made a better showing than either durable or nondurable goods, with a decline of only 1 per cent in the Bureau's index. It has been rather generally reported that the response of consumers to the price reductions available in the after-Christmas sales have given a substantial boost to department and apparel store sales. This seems to indicate that consumer buying can be stimulated by reduction of prices, and that the buying public is becoming more conscious than ever of high prices.

Cash income received by farmers continued to decline in January. The 37-per-cent drop in the seasonally adjusted index carried farm cash income to a level 32 per cent under January 1948. This decrease indicates strikingly the effect of falling prices of farm products of farm products on the income of the farmer.

The consumers' price index for Houston continued to decline in January. The level of all prices went down 7 per cent, while food prices dropped 1 per cent. The food price index was 3 per cent below the level of January 1948, but all commodities were still 1 per cent higher than a year ago. The prices of goods at retail always move more slowly than the prices in the primary markets; so the price of foods in the grocery stores does not yet reflect all the decreases in the prices paid to farmers.

PASTIME CLUB MEETS  
WITH MRS. J. W. TRAINER

Mrs. J. W. Trainer was hostess Thursday afternoon to the Pastime Club.

Arrangements of cut flowers were used throughout the party rooms, and Mrs. A. W. Awalt won high guest prize and Mrs. Lawrence Nichols won high club prize.

Refreshments were served to Mesdames Hall, Ratliff, Kirby, R. A. Halbert, Paul Turney, J. S. Glascock, E. B. Keng and Harold Friess.

A quadrangular track and field meet was held here Thursday afternoon with teams from Eldorado, Menard, Ozona and Sonora participating. The meet was for practice only and results were not available at press time Thursday.

MRS. RIP WARD HOSTESS  
TO JUST US CLUB

The Just Us Club was entertained Monday afternoon by Mrs. Rip Ward.

Mrs. G. H. Hall won high club prize and Mrs. J. T. Ratliff won high guest. Mrs. Howard Kirby won the bingo prize.

Refreshments were served to Mesdames Hall, Ratliff, Kirby, R. A. Halbert, Paul Turney, J. S. Glascock, E. B. Keng and Harold Friess.

A quadrangular track and field meet was held here Thursday afternoon with teams from Eldorado, Menard, Ozona and Sonora participating. The meet was for practice only and results were not available at press time Thursday.

Sonora Delegates  
Attend Convention

Mesdames E. D. Shurley, Ben Cusenbary, S. M. Loeffler and George Barrow are in Dallas this week attending the 25th Biennial Convention of the National Federation of Music Clubs. The meeting will close Sunday.

The conclave marks the second biennial of the Federation ever held below the Mason-Dixon line and the first in the Southwest.

MRS. HALL ENTERTAINS IDLE  
HOUR CLUB TUESDAY

Mrs. G. H. Hall was hostess last Tuesday afternoon to the Idle Hour Club, and the playing rooms were decorated with hydrangeas and irises.

Refreshments were served Mesdames Ben Cusenbary, C. G. Davis, J. F. Howell, Josie McDonald, Ella Wallace, Sterling Baker, Joe Brown Ross, W. H. Dameron, Edwin Mayer, R. C. Vicars, Louie Trainer and R. A. Halbert.

High scores were won by Mrs. Trainer and Mrs. Baker. Mrs. Wallace received the bingo prize.

Entertain With  
Dinner, Bridge  
Thursday Night

Mr. and Mrs. G. H. Hall entertained at their home Thursday night with a dinner and bridge party.

The dinner was served buffet style to Messrs. and Mesdames R. A. Halbert, Wallace Dameron, Lem Johnson, George Wynn, A. E. Wells, Frank Bond, Ben Cusenbary, E. B. Keng, Rip Ward, Edwin Mayer, J. F. Hamby, Edwin Sawyer, P. J. Taylor and Dr. and Mrs. J. F. Howell. Also Mesdames Ella Wallace, Violet Morrow and R. C. Vicars and A. E. Prugel.

Mrs. Cusenbary and Mrs. Halbert won high scores for the ladies. Taylor and Prugel won high scores for the men. Mrs. Halbert won the slam prize. Bingo prizes were won by Mrs. Bond and Edwin Mayer.

Arrangements of iris, gladioli and hydrangeas were placed about the party rooms.

FIDELIS CLASS MEETS

The Fidelis Class of the Baptist Church met Friday for an all-day affair at the church. A covered dish luncheon was served to 17 people. A quilt, which was being pieced by the members, was finished and will be sent to the Buckner's Orphans Home at Dallas. The group drew names for secret pals and Mrs. C. E. Brown was in charge of the business meeting.

Congratulations  
To These New Parents

Mr. and Mrs. Williams Lewis Clendenen became the parents of a son Wednesday morning in a San Angelo hospital. The boy weighed 7 pounds 8 ounces at birth and has been named Dennis.

Mr. and Mrs. W. F. Clendenen of Sonora are paternal grandparents.

NOTICE

Beginning Monday, April 4, noon and evening meals will be served at my home. Anyone interested in having home-cooked meals call Mrs. Ralph Trainer at 25291 for reservations. 1tc24

TO LIVE IN OREGON—Mrs. Billy Riffe Shurley and Mr. Shurley are en route to Laramie, Wyo., following their marriage March 21 at the First U. S. Presbyterian Church. The former Miss Jane Bryant, the bride is a daughter of Mr. and Mrs. Marcellus Douglas Bryant of San Angelo. Mr. Shurley, son of Mr. and Mrs. E. D. Shurley of Sonora, is to graduate from the University of Wyoming in June, following which the couple will be at home in Portland, Ore. (Photo by Atkinson.)

YOUR HEALTH

In a vigorous campaign to elevate the State health level by preventing the spread of communicable diseases which might be transmitted by foods, the State Department of Health is conducting training schools for food handlers in all sections of Texas, according to Dr. Geo. W. Cox, State Health Officer.

"Food handlers are being instructed in sanitary methods of preparing, handling, and serving food for public consumption," Dr. Cox said. "Actual experience has shown that an insanitary eating establishment is one of the surest sources of spreading infection. The lack of proper sanitation in food handling is a definite menace to public health and our goal is the education of cooks, waiters, butchers, bakers, fountain men, and all other food handlers to such a level as will insure an elimination of this health hazard."

The training schools consist of elementary courses in bacteriology, communicable diseases, medical zoology, foods, disinfection, sterilization, personal hygiene, and sanitation.

Since the program was instituted about 8 years ago, more than 400 schools have been conducted, with a total of over 25,000 food handlers receiving their certificates of completion in the courses.

Arrangements for such a food school can be made through any county health unit, by requesting the service from the Division of Health Education, State Department of Health, Austin, Texas.

More guns have arrived! Get ready for hunting season now. 22 single shot and bolt action repeater, 30-30 bolt action repeater and 30-30 Marlin carbine. Also these famous makes: 348 lever action repeater, 410 single barrel, the famous L. C. Smith 20 gauge double barrel, 16 and 12 gauge Remington and Savage automatic shotguns. All new guns, all at G. E. Ellis. Adv.

Parliament Party members in the English Civil War of the 17th century were called "roundheads" because they wore their hair clipped close.

Uncle Sam Says

Automatic Saving is Sure Saving when it's done with U. S. Savings Bonds. And your Opportunity to save in the safe, sure, automatic way will continue in the great Opportunity Spring Drive which opens May 16. An added investment in Savings Bonds through Payroll Savings will provide future security for you, your family, and your country. Start now—and in ten short years your Bonds will yield you \$40.00 for every \$30.00 you invest today. This is your "Opportunity for the Future."

Creamed salmon and peas fill and top hot flaky biscuits for a Lenten main course, with sliced hard cooked eggs as garnish.

No need to wait for summer berries to have shortcake! Enjoy tempting hot biscuits filled with creamed salmon and vegetables as the main dish these Lenten days. Favorite breads make meatless meals welcome to your family.

Use enriched flour to make up your favorite biscuit recipe, for then you include six-way nourishment in the menu: protein, iron, food energy, and three B-vitamins.

Before cutting out biscuits, dip the biscuit cutter in flour to keep the dough from sticking to it. You'll want to cut the biscuits nice and big—about three or three and one-half inches in diameter—when they are to be used in the main dish. Biscuits contain shortening, so the sheets on which they're baked do not have to be greased. Extra biscuits can be served as a bread, or eaten with jam or fruit sauce as a simple, nutritious dessert.

This shortcake idea can be varied. Sometimes cut the rolled-out dough with a sharp knife to make square biscuits. Often you'll want to use other creamed fillings—meat, poultry, or seafood—to make a variety of thrifty, satisfying main dishes.

#### BISCUIT SHORTCAKE WITH CREAMED SALMON AND PEAS

2 cups sifted enriched flour  
3 teaspoons baking powder  
1 teaspoon salt

Sift together flour, baking powder and salt. Cut or rub in shortening until mixture is crumbly. Add milk to make a soft dough. Turn out on lightly floured board and knead gently 30 seconds. Roll out one-half inch thick. Cut with floured biscuit cutter or sharp knife. Bake on ungreased baking

2 to 4 tablespoons shortening  
3/4 to 1 cup milk  
Creamed salmon and peas for filling

sheet in hot oven (450 degrees F.) 10 to 12 minutes. Makes about eight three-inch biscuits.

For Biscuit Shortcake: Split biscuits in half and serve with creamed peas and salmon. Garnish platter with hard-cooked egg slices.

The Reverend Stanley Hauser was guest speaker at a joint meeting of the Rotary and Lions Clubs in Junction Thursday at the Las Lomas hotel.

### Musical Trio Coming Thursday

The "Andrews Trio," an instrumental group featuring marimba, violin and piano, will present a program ranging from classical to popular selection Thursday night at 7:30 o'clock at the High School auditorium.

Beverly Reynolds, marimbist, of New York, took up the study of the marimba and other percussion instruments at an early age. She studied eight years at the Eastman School of Music, Rochester, New York, receiving her Bachelor of Music degree.

Mary Nell Snow, pianist, of Dallas, studied at Southern Methodist University and for two years at the University of Texas. While at Austin she accompanied for voice students, did solo work and assistant student-teaching at the University of Texas. She is a member of Mu Phi Epsilon, National Honorary Music Sorority. She has been pianist for the Dallas Training Symphony Orchestra, and did accompanying and directing at the Community Center, Augusta, Ga. She was Music Director at the girl's camp, "Sylvania of the Rockies," Denver Colorado, the summer of 1948 and will return there the summer of 1949.

Marguerite Gillette, violinist, hails from Miami, Florida. At the age of fifteen she went to Chicago to study under the late Dr. Leon Sametini, teacher and Vice President at Chicago Musical College. At his death she was transferred to Paul Stassevich who succeeded Dr. Sametini. At the 1947 commencement, when she received the Bachelor of Music degree at the age of 21, she won the honor of appearing as soloist with the Symphony Orchestra. For two years she played over Radio Station WMBI with the "Chamber Music Quartet." She has filled many engagements in Chicago and Florida, and last fall toured eastern schools as violin soloist in "Highways of Music."

Mr and Mrs. A. J. Hamilton, who have been making their home in Las Vegas, Nevada, arrived Wednesday to visit their daughter and son-in-law, Mr. and Mrs. Roger Clendenen.

Mr. and Mrs. Ray Stewart and daughter, Shirley, of Sonora, were weekend guests of Mr. and Mrs. Avery Stewart of Junction.

J. Wray Campbell, Dock Simmons and Son Allison are at Port Isabel fishing this week.

In England, automobile drivers keep to the left instead of the right.

### Weekly Swings of SOUTHWEST FARM MARKETS

Most southwest farm products brought steady to stronger prices during the past week despite weakness in some cattle and vegetables, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Lighter receipts of livestock at southwest markets found prices generally steady to strong, although lower grade cows and all grade calves sold mostly 50 cents to \$1 lower at Fort Worth and San Antonio. Oklahoma City quoted vealers to \$27 and choice heavy calves to \$26. Best calves reached \$25 at Fort Worth, \$26 at San Antonio, and \$26.50 at Houston. Good and choice vealers topped at \$32 at Denver.

Sheep and lambs scored advances of 50 cents to as much as \$1.50 throughout the southwest. Spring lambs arrived in greater numbers, although overall receipts fell below a week ago. Choice spring lambs sold upward to \$27.50 at San Antonio, and \$29 at Fort Worth, while 84 pound offerings touched \$32 at Oklahoma City. Denver turned good and choice lightweight woolled lambs at \$31 per hundred pounds.

Ten years ago, in 1939, a dollar would buy a dozen eggs, (39c), a pound of butter (30c), a sack of oranges (25c) and a tall can of milk (6). Today, the same dollar will buy one pound of butter (80c) and five eggs (49 cents a dozen).

Recent livestock price declines should not confuse livestock producers. The prospects for making a profit feeding livestock are brighter than one year ago.

Robespierre, French Revolution leader who had thousands guillotined, finally was guillotined himself.

**SCOTTISH RITE HOSPITAL TREATED 6,000 CRIPPLED CHILDREN DURING YEAR**

Six hundred and five crippled children of Texas received surgery and medical attention at the Texas Scottish Rite Hospital for

Crippled Children in Dallas, according to the recent annual report released by Asher Mintz, secretary. In addition to the 605 in-patients for the year, 5,311 clinic treatments were given other crippled children, who came to the hospital from all corners of Texas.

A large number of cases were orthopedic or bone patients, under the care of Dr. Brandon Carrell, chief surgeon. Approximately 100 of the permanent bed patients were oral cases under the treatment of Dr. A. L. Frew. There were 165 polio patients treated during the 1948 epidemic.

# the bucket brigade

In great-grandfather's time, when public water supply systems were few and far between, a house on fire was a real threat to the community. Today, in 13,000 communities, public water supply systems provide sufficient water to control fires in addition to supplying home and industrial needs. A thousand gallons a minute from modern fire-fighting equipment may be unfair to bucket brigades but is mighty comforting to property owners.

Remember that your public water supply system not only protects your property but guards your health by providing safe, palatable water—and for less than a dime a ton.

## CITY OF SONORA Water System

Home Owned — Water - Light & Power - Sewer System

**A LOOK AT THE BOOK**  
By DR. BOB JONES, JR.  
PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

With godlike simplicity Jesus Christ asserted His deity. "I am the Light of the world." "I am the Bread which came down from Heaven." "I and My Father are one," said He. Beside the well of Samaria, He revealed to the woman of Sychar that He was the looked-for Messiah, saying, "I that speak unto thee am He." He associated Himself with God of eternity when He used the name of the great I am, saying of Himself, "Before Abraham was, I am." As God He forgave sins and demonstrated His right to assume the divine prerogative of healing the body, saying, "For whether is easier to say, Thy sins be forgiven thee; or to say, Arise, and walk?" From the cross in the hour of His anguish, He spoke forgiveness to a dying thief and opened the door of Paradise for the poor malefactor suffering beside Him.

His Deity was so evidenced even in His death in the rending of the veil of the temple, the earthquake and darkness, that the centurion in charge of the crucifixion was compelled to exclaim, "Truly this was the Son of God."

What of His resurrection? So powerful was He that death could not hold Him; so divine that He could take up again the life which He had laid down willingly and return victorious over the power of death and the tomb. The grave clothes lying in their place, the stone rolled back, evidence but another time the Deity manifest in the life of Jesus Christ from the moment the Babe was laid in Bethlehem's manger.

His power in the lives of those who have acknowledged His Deity and been redeemed by His blood is proof that He must indeed be the Son of God. A great host—they testify that He has done for them what only God's Son could do. A great cloud of witnesses—a noble army; men and boys, the matron and the maid—in every century since He appeared upon our earth have trusted Him and proved Him God. By His divine power, drunkards have been made sober, unclean men pure, thieves honest; by His divine grace, lives are transformed. He is the Son of God!

Mrs. Maysie Brown is in San Angelo, where she is receiving treatment for a sinus infection.

John Stanley Hamby, son of Mr. and Mrs. J. F. Hamby, has been ill at home this home.

REMINGTON RAND'S  
**TOPflight**  
ELECTRIC  
ADDING MACHINE

CUSHIONED POWER  
STREAMLINED ACTION

In the new TOPflight electric adding machine, built-in steel cushions cut office clatter to a murmur. You'll turn out more work with new ease on this quieter, faster model, with its streamlined 10-key keyboard. And it's all-electric—adds, subtracts, multiplies directly as fast as your fingers will move. Come in—see it today.

- Cushioned power mutes noise, reduces vibration.
- Longer motor bars mean new ease of operation.
- Famous 10-key control provides new speed of figure entry.
- Lists and totals to \$100,000.00.
- Lists, adds, subtracts, multiplies electrically.

IT'S THE PORTABLE FOR OFFICE AND PERSONAL USE!

**41 Years Ago**

W. A. and Dave Ogle were in Sonora Friday from the Middle Valley country trading.

Ira Glascock is drilling the Brown & Burney ranch well a few feet deeper.

Mrs. Frank Salmon has moved her music rooms to the Newell place near the school house.

Mrs. F. M. Sparks arrived home this week from a visit to friends and relatives in Del Rio.

Joe Trainer bought the Geo. F. Strickland residence in East Sonora from A. J. Ricks for \$650.

J. N. Ross was in town Friday. Mr. Ross was preparing to shear his goats when last Sunday's storm changed the program.

W. A. Glascock, who ranches 30 miles south of Sonora, was in town this week. He is keeping all hands busy these days.

G. B. Hamilton has his muttons on the R. F. Halbert range west of Sonora. After shearing they will go to market.

There is now stored in Sonora 10,000 pounds of mohair and the other 60 or 70 thousand pounds will be coming in daily. The fineness and quality of the Sonora country mohair was a revelation to the mohair buyers last fall, but the clip this spring is still better.

J. H. Luckie, the windmill man, was in Sonora this week. He has recently put up a 16-foot Sampson for Ed Martin; a 14-foot Sampson for John W. Reiley and an 18-foot Eclipse for Sam McKnight.

J. H. Luckie moved his family in from the ranch this week and will reside in the old Perry McConnell place on Main Street.

D. B. Cusenbary was in town this week on a visit to his family.

Born to Mr. and Mrs. Lem Stokes on Sunday, March 8, 1908, a girl. R. H. Martin bought from A. F. Clarkson 225 head of 2-year-old steers at \$17.50 per head.

**WHEN** beautiful Martha Scott of the movies made her debut on the NBC "Great Gildersleeve" radio show recently—as a new romantic interest for Gildy—it was like coming home. Not many film fans know that Miss Scott was originally a radio actress. Very young, curly-haired Martha was playing the lead in a New York drama program when she was "discovered" and given the ingenue part in the Broadway play, "Our Town." The show, and she, became an overnight sensation and on the strength of that performance she was offered a Hollywood contract.

**Blue Ribbon Actor**  
Griff Barnett, versatile actor who plays a variety of supporting roles on NBC's Thursday dramatic show, "Screen Guild Players," was awarded a blue ribbon by Movie Magazine for his portrayal of "Dr. Conroy" in the film, "Apartment For Peggy."

**Famous Men's Favorite**  
Richard Tucker, leading Metropolitan Opera tenor, is a favorite with two of this country's most famous men—President Truman and Maestro Toscanini. In his recent Jefferson Jackson Day speech, Mr. Truman said, "I think Mr. Tucker has one of the loveliest voices I have heard—and I have heard a great many." Toscanini selected Tucker to sing the male lead in the N B C Symphony broadcasts of "Aida" (March 26 and April 2) after hearing him sing only one aria.

For years, Brown had talked about the trip to Europe that he was going to take. He was a bachelor, had no close kin, had a fair amount of wealth and there was really no reason for not taking the trip. But he kept putting it off and time flitted by until he was 80.

Not long ago, I saw him and he said something about the trip to Europe; he was going to take it pretty soon, he said.

But he won't make the trip to Europe, ever; he is dead.

His heirs can take the trip that he was too busy to get around to making.

If you are planning to see the Grand Canyon or Yellowstone Park or Alaska or Mexico—go.

Or you may have the same fate that Brown had.

The first year that Col. Ray Leeman was head of the South Texas Chamber of Commerce—(it was the first year of that organization's history), he sat down and wrote the annual report. All the progress—the new industries, the new oil fields, the new highways—just about everything constructive that had happened anywhere in South Texas during the 12 months went into the document. A copy was sent to a friend, who wrote back:

"There was only one thing wrong with that report; you didn't

*Hair beauty secrets... by toni*

Little girls like to have glamorous curls just like mother and the perfect solution to the problem is a soft, natural looking home permanent wave. Wispy straight locks or thick unruly hair can easily be shaped, thinned and then curled into any number of charming styles that will make little girls look their best—as illustrated in the hair styles shown above, inspired by famous story-book characters.

## Texas Hunters And Fishermen To Strut Stuff At Brownwood April 10

Shooting for fun instead of training for war will be the order of the day on the old Camp Bowie rifle range near Brownwood next week as Texas hunters and fishermen set about the business of selecting state champions.

In the course of the four-day Texas Sportsmen's Competition April 7-10, state championships will be decided in plug casting, fly casting, pistol marksmanship, rifle marksmanship, skeet, trap, coonhound racing and in four types of hunting dogs. The meet, first statewide competition of its kind in the United States, is sponsored by the Texas Wildlife Federation, an organization of 250 Texas hunting and fishing clubs.

Brownwood sports clubs have made everything ready on the old army training grounds. Conveniences available include sanitary facilities, camp sites, firewood, a commissary and other facilities. Thousands of participants and observers will camp out on the same location where thousands of American soldiers trained for World War II.

Registration and practice will get underway Thursday, April 7. On April 8 at 8 a. m., the competition proper starts. The only limitation on entries is the requirement that all participants be members of a club affiliated with the Texas Wildlife Federation.

In addition to the events of the competition during the daylight hours, both entrants and observers will participate in the night-time festivities—square dancing, campfire singing, tall story telling and just plain camping out pleasures.

The schedule of events for the competition is as follows:  
Skeet shooting—Friday, Saturday and Sunday, 100 targets and shells, \$13 entry fee, team shooting to run concurrently.

Trap-shooting—Friday, Saturday and Sunday, 50 targets \$7 entry fee.

Plug casting, fisherman's distance event and fisherman's accuracy event—Saturday, entry fee \$1 with separate divisions for men, women and juniors.

Plug casting, accuracy—Sunday, entry fee \$1.

Dry fly and wet fly casting—Sunday, entry fee \$1.

Pistol tournament—Friday, Saturday and Sunday, entry fee \$1 per match with 18 matches scheduled.

Small bore rifle tournament—Friday, Saturday and Sunday, entry fee \$1.50 per match with 16 matches scheduled.

Bird dog bench show—Friday, entry fee \$3 per dog.

Coonhound race—Saturday and Sunday, entry fee \$3 per dog.

Coonhound bench show—Saturday, entry fee \$3 per dog.

Foxhound bench show—Sunday, entry fee \$3 per dog.

## Postal Receipts Rise In Texas

Postal receipts for 60 Texas cities rose 18 per cent over February 1948 to total \$3,394,580 in February 1949, dropping 5 per cent from January, the Texas Bureau of Business Research reported.

Dallas, up 20 per cent in February, though not showing the highest per cent advance over a year earlier, exceeded other Texas cities in dollar value, its postal receipts amounting to \$860,360. Houston's postal receipts, reaching \$570,231, climbed 17 per cent in the February-to-February comparisons, while Fort Worth's total of \$366,450 provided a 21-per-cent advance over the same period.

San Antonio registered a 13-per-cent gain in February over a year ago with \$314,469 in postal receipts, which topped Austin's total \$160,934, a 23-per-cent jump over February 1948.

Cities having the greatest percentage increases over the February-to-February period were McAllen, up 131 per cent; Tyler, 52 per cent; Sweetwater, 49 per cent; and Jacksonville, 39 per cent.

Gains over the previous month were recorded by McAllen, 81 per cent; Austin, 31 per cent; New Braunfels, 21 per cent; and Sweetwater, 12 per cent. Smaller increases were turned in by Borger, Lamesa, Jacksonville, Fort Worth, and Longview, while decreases were registered by other Texas cities.

What to do if you can't lay your hands on a Shmoo\*

\*SHMOO—a prolific animal dreamed up by artist Al Capp to provide meat, eggs, milk and suspender buttons for the folks in the famous comic strip, "L'il Abner."

Shmoos are remarkable creatures.

They give milk, lay eggs. Broiled, they taste like steak. Fried, they taste like chicken.

L'il Abner and his Dog Patch friends don't have to worry about the future since cartoonist Capp invented shmoos.

BUT—we happen to know that cartoonist Capp is providing for his own family's future needs another sure way. By buying U.S. Savings Bonds regularly.

And that, without a doubt, is the wisest thing for anyone who doesn't own a shmoo to do!

Saving is every bit as easy as raising shmoos, once you've signed up for the Payroll Savings Plan. Whatever sum you say is saved out of your paycheck automatically every pay-day before you have a chance to spend it.

Safe and sure—every nickel is guaranteed by Uncle Sam. And that money grows fast. In just ten years, you get back \$4 for every \$3 you invest today.

If your company has a Payroll Savings Plan, enroll today. If not, join the Bond-A-Month Plan through your bank.

**AUTOMATIC SAVING IS SURE SAVING U.S. SAVINGS BONDS**

## TELEPHONES and ELECTRIC RABBITS

In our efforts to provide telephone service for all who want it—we're a little like the greyhounds who chase an electric rabbit around the track. No matter how fast we move, we never quite catch up. This is because the demand for new service never slackens even slightly. We'd like to provide service for everyone immediately. Although that is impossible, we are continuing to install telephones for those on our waiting list at an increasingly rapid rate.

The San Angelo Telephone Co.
