Buy Easter Seals

Easter Seal dollars last year provided more than 20,000 of Texas crippled children with medical care, equipment, rehabilitation, special education and transportation. As Easter day draws near, Texans are asked to buy and use the Easter Seals which they have received through the mail from the Texas Society for Crippled Children or their local Societies.

### ROPING CONTEST SET FOR SUNDAY AT FT. TERRETT

One of the first ropings of the season in this county will be held Sunday afternoon at 2:30 o'clock at the Fort Terrett Station, according to Hilton Turney, who is promoting the affair. Turney said this week that he had 15 wild Brahma calves ready for the ropers and wanted to invite the public to attend. Both matched and jackpot ropings will be held.

## SONORA SWEEPS DISTRICT IN OZONA

Sonora High School made a clean sweep of the Annual Spring District Meet held Friday, Saturday and Tuesday in Ozona, bringing back seven trophies and annexing the title of "district champion."

**Annex Softball and Tennis**  
The Sonora softball and tennis teams got the local aggregation off to a good start Friday when they won every event except one. The Broncos won championships in Boys' Junior High Baseball, Girls' Junior High Baseball, Boys' Juniors in High School Baseball and Girls' Juniors in High School Baseball, Girls' Junior Tennis Singles, Girls' Junior Tennis Doubles and Girls' Senior Doubles.

**Darlene Barrow won the junior singles, Onita Smith and Myrtle Ann McKee the junior doubles and Joan Gardner and Norva Smith, senior doubles.**

**Win Track and Field Meet**  
The Broncos really went to work Saturday when they captured high honors in the district track and field meet, with a total of 58 1/2 points. Sonora won or placed in

nearly every event.  
120-yard high hurdles: Allen, first; Ogden, second.

440-yard relay: Sonora, first. Team: J. W. Joy, Biddle, Kring and Allen.

880-yard dash: Granger, second. Mile run: Anthony, first. Broad jump: Biddle, first; Allen, third; Kring, fourth. (Dist. 20-3) High jump: Ogden, first (Height 5'9").

440-yard dash: Haines, second; Johnson, third; Berlanga, fourth. Mile Relay: Sonora, second. (Team: Johnson, Kring, Granger, Haines.)

220-yard Low Hurdles: Allen, first; Haines, fourth. (Time: 23.2.) Pole Vault: Walters, second; Hamilton, fourth.

**Second in Literary**  
District competition was resumed Tuesday when literary contests were held at Ozona High School.

Although Sonora swept the main events, students did not amass enough total points to win the literary meet. However, Sonora did have enough points over the complete meet to be named district

champions.

Sonora won the one-act play contest with a presentation of "Our Town" with James Hunt and Joyce Johnson winning actor and actress honors. Jack Ratliff and Max Murray won in debate, defeating Junction and Ozona. Nina Smith won second in girls' declamation, Norris Loeffler took first in boys' extemporaneous speech. Sonora's weakness in this department was not winning in any of the writing or arithmetic contests.

Of the seven cups brought home by Sonora contestants, one was for winning the all-round championship, four for baseball, one for the one-act play and one for track and field.

All track and field entries except one qualified for the regional meet to be held April 23, and 23 students are scheduled to make the trip. Of these 11 will be entered in track events and 13 in literary events.

Schools participating in the district meet were Ozona, Reagan County, Junction, Menard, Eldorado, Rocksprings and Sonora.

### Grass, Barracks Fires Reported

The Sonora Fire Department was called out at 3:37 Wednesday afternoon when a grass fire was reported at the rear of the Frank Bond residence. The first was started from a combination of a trash fire and a high wind. Firemen quickly extinguished the blaze.

A second alarm was sounded Thursday morning at 2:10, when two war surplus barracks buildings located near the Elliott School caught fire. When firemen arrived on the scene, the smaller of the two structures had burned to the ground and had caught the other building, located about 12 feet away, on fire. Firemen put out the fire in the large building and estimated it about half destroyed. Victor Rodriguez owned both buildings and both were being used as residences.

**DRIVE SAFELY!** — Give the pedestrian the right-of-way.

### TAGRA To Back Wool Contest

**\$1,000 VOTED TO PRESENT WINNERS**

In an effort to bolster the sagging demand for mohair and mohair products, directors of the Texas Angora Goat Raisers' Association, in a quarterly meeting in Kerrville Saturday, April 2, devoted much time to a discussion of the Make It Yourself With Wool (and Mohair) contest.

An appeal for assistance was voiced to the directors by Mrs. Felix Real of Kerrville, president of the woman's auxiliary of the Texas Sheep and Goat Raisers' Association, and Mrs. Dolph Briscoe, Jr., of Uvalde, chairman of the state-wide contest. Two-widely-known growers, Jack Richardson of Uvalde and Fred T. Earwood of Sonora, agreed to underwrite \$1,000 to be awarded winners in the state contest in entries using a fabric of 50 percent wool and 50 percent mohair.

Melvin Rowland of Uvalde showed samples of such material which is now being manufactured by Collins & Alkman, eastern textile manufacturers.

Plans also were laid at Saturday's meeting for the August show and sale of the TAGRA to be held in Kerrville August 4, 5 and 6. The event will commemorate the 100th anniversary of the arrival of the first Angora goats in America from Turkey, and the Kerrville junior and senior chambers of commerce are making extensive plans not only to publicize the shows and sale but the mohair industry generally.

In the Angora show, the world's finest goats will compete for cash prizes totaling more than \$1,000, Pete Gulley, secretary of the association said.

One of the highlights of the three-day affair will be the crowning of Miss Alta Mae Miller of Rocksprings as mohair queen, a title now held by Miss Betty Lee Brandon of Kerrville. Neighboring towns in the mohair-producing area will be invited to send representatives to the coronation ceremonies. Governor Beauford H. Jester tentatively has accepted an invitation to attend the affair, according to Walter Saenger, manager of the chamber of commerce.

### Final Services Held Saturday For J. F. Riley

Funeral services were held on Saturday, April 9 at the Hamilton Methodist Church for J. F. Riley, 76, of Hamilton. Mr. Riley, who had been in ill health for several months, died at his home on Friday.

Survivors included eleven children, among them Mrs. Ariel Newton of Sonora; twenty-three grandchildren and five great-grandchildren. He was a visitor in the Newton home in Sonora last spring.

Jimmy Cusenbary, who is a student at Texas Tech in Lubbock, is spending the Easter holidays with his parents, Mr. and Mrs. Ben H. Cusenbary.

Mr. and Mrs. Gareld Leming of Hampton, Iowa are here on a two weeks visit with their daughter and son-in-law, Dr. and Mrs. M. E. Genrich.

Miss Maxine Geeslin is in Goldthwaite with her mother, Mrs. Herbert Geeslin, who is reported seriously ill. Miss Geeslin left here Wednesday.

Drive safely! Observe stop signs.

### THE WEATHER

Old Man Winter had a hard time leaving Sutton County this week, but temperatures recorded at the new weather station indicate that spring is definitely here and summer is not too far off.

Maximum for the seven-day period was 91 degrees on Wednesday and minimum was 32 on Tuesday morning. Some frost was also reported Tuesday morning, but damage to plants and shrubs was negligible.

### Sonora Baseball Teams Play Here

#### GOODFELLOW AND OZONA TO VISIT THIS WEEK

Sonora baseball fans will be given a preview of Concho Basin League play at the local diamond on Sunday afternoon when the Broncos entertain the Goodfellow Sky Hawks, a potent member of the CBL. Game time is set for 2:30 o'clock, and either Bell or Thompson will start on the mound for the Sonora club. Veteran reliever Pat Lyles will handle their slants for the afternoon.

The locals dropped a 17-9 game to the Ozona team of the Trans-Pecos loop at Ozona last Sunday, when the Bronco defense dropped apart to commit 13 errors, and allowed the home club to win easily. Stress has been placed on the defensive phase of the Bronco's game this week, and the Sky Hawks are expected to face stern opposition here Sunday.

The Sky Hawks feature an all-enlisted men's ball club, and have on their roster several former pro performers.

Admission charges will be 25 cents and 50 cents. Meanwhile, the Sonora High Broncos, under the direction of Coach Ed Thompson, have been working out daily in preparation for the opening of the high school baseball race. The high schoolers are in top shape, and will open their league season here next Tuesday afternoon against Coach Swede Pelt's Ozona High School Lions.

### Bank Deposits Show Increase In Past Year

Bank deposits in the First National Bank of Sonora have taken a drop from their high of \$3,611,173.47 last December, according to figures released by the bank this week. The loss is charged against Christmas spending, income tax payments and various other annual spring charges, such as vehicle registrations, Easter outfits and fishing equipment.

However, deposits of local citizens show a gain of 14 per cent over the same period of last year, with an April 11 reading of some \$2,851,845.46, as against \$2,502,898.98 on April 12 of 1948.

Drive safely! Observe stop signs.

... Son of a gun ...

EDWIN THOMPSON is wearing a perplexed look on his face this week. He handled only one chance in a baseball game, and finds himself charged with TWO errors.

ATTENTION, SONORA MEN: Those looking for an excuse in not giving Easter orchids can find it elsewhere in today's paper.

Baseball game this Sunday afternoon here, 2:30 o'clock. For those who don't like the game, there will be a roping contest at the Ft. Terrett Station, starting at the same time, same day.

Although SHELBY KERBOW didn't get JOHN EATON into the golfer's club, he did make a creditable showing against the Mighty John, as Lions Club members found out.

The Sonora Broncos lost out in district football and basketball play, but came home from Ozona the district winners in the annual literary and athletic district meet. Congrats to the kids, and their coaches and teachers.

As a result of the past weekend, some seven cups will be added to the Sonora High School trophy case.

Awfully proud of her new car is MRS. CLAYTON BRAY, who promises the Devil's staff a ride in it before the new is off.

If you felt hot on Wednesday afternoon, don't be surprised. The temperature that day reached 91 degrees. No arguing, fellows; official figures by BILL DUCKETT.

Easter worship services are planned for several times, and for several places, so there is no excuse for not attending one of them.

Those of you who might secretly be expecting an orchid as a special gift in the future will have to be satisfied with something less than a Vando Orchid, according to the U. S. Department of Agriculture. The department has banned the importation of the Vando, because of the danger of the flower carrying larvae of the fruit fly, according to J. W. Duckett, local florist. The embargo affects only the Vando Orchid (the exportation of which is a \$6,000,000 industry in Hawaii) and other species of the orchid will be available in season.

### Golfers Plan Re-establishment Of Local Club

Plans to streamline the Sonora Golf course in preparation for a tournament this spring or early summer were discussed at a meeting of the Sonora Golf Club Monday night at the First National Bank.

Election of officers was held and the twenty members present chose Leonard Caldwell president and Clayton Hamilton secretary-treasurer. It was decided to leave fees and dues as they have been — \$10 membership fee upon joining and \$1 per month dues.

Steel putting tracks will be removed from the sand greens and tee and fairway improvements made.

The local course is a 36 par for the nine holes with the course record being held by G. W. Archer. Archer shot a 33 in 1948. Three weeks ago, Sonora golfers played in the Junction tournament, winning six out of nine matches. It is planned to invite Junction, Menard and other clubs here for the Sonora tournament.

### Popular McMurry College Chorus, Soloists In Local Concert April 22

On April 22, at 8 o'clock the Sonora Music Club will present the 20 voice McMurry Male Chorus, under the direction of Dr. Thomas S. Williams, Chairman of the Division of Fine Arts and Dean of Music at McMurry College, Abilene. The concert will be held in the High School Auditorium.

The McMurry Male Chorus is of recent origin, having been organized in connection with the enlargement of McMurry College's Fine Arts program which was inaugurated in the fall of 1947 with the merger of the Dallas Institute of Vocal and Dramatic Art with McMurry College.

The concert will feature Sue Ratteree, soprano, and Craig Timberlake, basso, as soloists. This unusual group of young men, under the brilliant leadership of Dr. Williams, performed some 75 concerts during their first season and have already made over 40 appearances in the 1948-49 season. The group has toured extensively throughout West Texas and has been heard for two seasons in three weekly radio broadcasts through the facilities of KRBC and KWKC, Abilene. In recognition of the outstanding work of this group, it was selected as the only musical organization to ap-

## THIS IS AMERICA

This is freedom—many religions, many races, living in harmony together. For freedom is more than a way of life. It is a state of spirit—and our richest asset.

Under freedom of religion, Americans attend more churches than any other nation. Under freedom of speech, we have more newspapers, more radio stations than any other country in the world. Under freedom of opportunity, our children attend more schools, have more chances to succeed in life.

We are only 7% of the world's people, living on 6% of the world's land. Yet, we

who live in America have the highest standard of living the world has ever known.

Under freedom of enterprise—you may call it Democracy, or Capitalism—we make just about one-third of the world's goods, mostly for our own use. We drive three-fourths of the world's autos, use about half the world's electricity. Our homes are unrivaled for comfort and labor-saving devices. We eat more meat, buy more clothes, see more shows, own more insurance. We even save more money.

Yes, freedom pays—in the coin of tolerance and understanding, and in the coin of progress and prosperity.

**A LOOK AT THE BOOK**  
By DR. BOB JONES, JR.  
PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

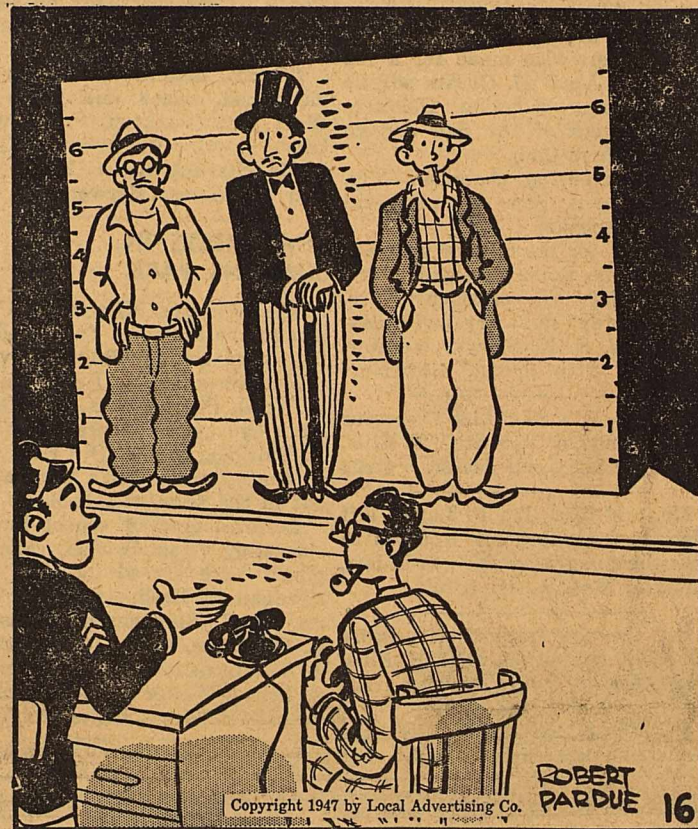

Faith always manifests itself outwardly, and faith as small as a grain of mustard seed will grow into something larger. Faith believes in advance that the miraculous will happen, and seeing the marvelous realized, expects still greater miracles.

Paul saw a man in his congregation at Lystra who was a cripple from birth and had never walked being "impotent in his feet" (Acts 14:8). Paul recognized in the man — we are not told by what means, whether simply by the glow in his countenance or by the words which he spoke—the faith to be healed. He, therefore, commanded the lame man to stand on his feet. He obeyed the command and found himself not only able to stand but to walk. The thing that Paul commanded was in itself from the standpoint of reason and logic an impossibility. Here was a man who had no power in his feet. Reason said, "I cannot stand." Faith spoke, saying to the unfortunate cripple, "You can stand;" and he believed

the voice of faith, rejected the logic of reason, and stood. Once upon his feet, he found himself walking.

God often works in this fashion in human lives. He commands us to do that which may be from a human standpoint impossible; but if we leap to obey, we find ourselves doing something far greater than that which we first set out to do in obedience to the divine command. But no man ever walks until he first begins by standing. God's order is always, "First things first"; and until we are willing to follow the divine order, we will never be freed from the hindrances and the impotencies which make us so useless and so idle. The crippled had faith to believe he would walk. He evidenced this faith by standing. The man who believes God will have the faith to put himself in the place where God can work a miracle even if logic says that he is unable to put himself there. And in the place where he stands by faith, he will discover

**YOUR HEALTH**

The month of April usually brings the first days of near-summer weather to Texas, and literally thousands of Texans commence to make serious and detailed plans for their annual vacation which is of great importance to the health and well being of every man and child.

A vacation can relax nervous tension, bring renewed vigor, and usually supply an opportunity for more sunlight and outdoor activities than is customary for office workers and those of sedentary occupations. But traveling to vacation spots for the purpose of "roughing it" can also bring a serious health menace in the form of typhoid germs from impure water supplies, and for this reason, Dr. Geo. W. Cox, State Health Officer, advises all persons contemplating such a vacation to first be inoculated against typhoid.

"Persons planning a vacation where sanitation standards may not be carefully observed, should protect their health by typhoid inoculation, and thus avoid the risk of serious illness from this delatating and sometimes fatal disease," Dr. Cox said. "An individual not previously rendered immune, can establish immunity by having one typhoid vaccine injection administered each week for three weeks; if he has kept his immunity from a previous inoculation, one "booster" shot each year will keep him protected from typhoid."

Dr. Cox warned that impure water is not the only means of spreading typhoid, and cautioned against the careless exposure of food and milk to flies, roaches, rodents, and other germ-spreading pests.

Pat Lyles and Jack Rape returned Thursday night from Houston, where they attended a sales meeting of General Tire dealers. Their firm, Lyles and Rape, placed among the first fifteen dealers in Texas this year in tire sales.

**Child Training Studied By SWC**

"Making Every Human Life Count" was the subject presented on the Sonora Woman's Club program Thursday of last week. Mrs. Howard Espy spoke on the training of subnormal children and new methods now developed for their training. Mrs. Clay Puckett talked about the discovery and training of "gifted" or very bright children. Piano solos were presented by Misses Flora Dell Davis and Carlene Peebles. During the business meeting, presided over by the president, Mrs. E. B. Keng, the club voted to give a coffee at the club house, with members of the Texas Sheep and Goat Raisers' Association Auxiliary, for wives of the directors of the association when that group meets here in June. Hostesses during the tea hour were Mrs. Earl Lomax and Mrs. W. H. Dameron. Cake and coffee were served and on each plate was a small corsage of spring blossoms which were also used in the meeting room. Present, besides those already mentioned, were Mesdames Rip Ward, Dan Cauthorn, W. R. Cusenbary, B. H. Cusenbary, C. G. Davis, Sterling Baker, M. E. Genrich and Armer Earwood.

Sunday morning sermon subject, "In Our Father's House." Easter is not a time for tears. It is a time for joy; a day when all of us can renew our faith. It is a day to think. It is a day to remember that the Church is the First and One great institution. It is a day that should remind us that a man makes his one great mistake when for any reason he finds that he has no time for the church. The church even keeps that man's home. The church guards his life and liberty. The church gives him his only reason why he should live at all.

Sunday worship with us at The Methodist Church if you do not have membership in some other church. Visitors in our little city are welcome to our services. The Methodist Church is here to serve this community. Phone 22791 for any service we can render you. Parsonage phone, 21821. Phone us any time day or night.

Sunday we will receive members and baptise those present to be baptised.

You will find our church a friendly church and our Methodist people a friendly people. You are welcome to all of our services. Morning service at 10:50 o'clock. Evening service at 7:30 o'clock.

Grandparents are Mr. and Mrs. Claude Prater of Sonora and Mr. and Mrs. C. C. Smith of San Angelo.

Mr. and Mrs. D. R. McGara of Sonora became the parents of a son, Michael James, born Saturday morning in Sonora. The baby weighed 8 pounds 12 ounces at birth.

Grandparents are Mr. and Mrs. J. F. McGara of Trafford, Penn., and Mr. and Mrs. Boyd Lovelace of Sonora.

**Uncle Sam Says**

Good intentions do not make a good savings plan. The SMART, SURE way to save is on a regular, convenient-dependable, automatic plan. You can get this sensible combination by investing in U. S. Savings Bonds in either of two ways. On your company's payroll with the Payroll Savings Plan where you work, or if self-employed, your bank's Bond-a-Month Plan where you bank. That's one sure way to bring home the bacon and by bacon, I mean the things you dream about for the future, a home—a business—a college education, and freedom from worry. Just reserve a slice of that for yourself—today.

**BAPTIST CHILDREN ARE ENTERTAINED TUESDAY**

The primary class of the Baptist Sunday School was feted with an Easter egg hunt and wiener roast at the Simmons Park Tuesday afternoon.

Mrs. Frank Potmesil and Mrs. G. A. Wynn were hostesses and guests were: Barbara Walter, Joe, Jerry and Gay Potmesil, Jetty and Cecilia Young, Norma Lee Maxey, Wanda Kyle, Wallace and Nancy Anthony, Ridge Sewell, Alice Kay Askins, Bill Lewis, Mary Jo Robinson, Jessie Peitchinsky, Larry Lakey, Eralene Smith, Jerry Baldwin and Butch Handley.

Mrs. Edwin Sawyer and children went to Oakwood today where they plan to visit Mrs. Sawyer's mother, Mrs. Evelyn Ward, for about two weeks.

Mr. and Mrs. W. W. Wendt and son, Harvey Lee, plan to spend the Easter holidays with Mrs. Wendt's mother, Mrs. E. J. Billie-deaux, in Galveston.

Mr. and Mrs. Jack Mackey and Mr. and Mrs. Louis Davis were in Dallas early this week on business.

Weekly Swing of  
SOUTHWEST FARM MARKETS

Many farm products sold at lower prices than a week ago, despite strength in some quarters, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Cattle prices showed little change for the week on most classes, although scattered gains of 25 cents to \$1 appeared. Common to good cows ranged from \$18 to \$21 at Houston, \$17 to \$19 at Fort Worth, San Antonio and Oklahoma City, and \$17.50 to \$19.25 at Denver.

Spring lambs advanced \$2 a hundred pounds at Fort Worth to reach a new high price of \$33 on good and choice. Other sheep and lamb markets showed only scattered changes up or down. Denver bought the first spring lambs of the season at \$29.

Little wool changed hands. One clip sold in Texas at 70 cents a grease pound.

Livestock receipts last week were mostly a little lighter than the week before in the southwest but somewhat heavier in the mid-west. All dressed meat except veal sold in New York Monday unchanged to \$1 or more higher than

a week earlier.

# Son of a gun

Nature's two great fibers, wool and cotton, are still the overwhelming preference of men for all items of their clothing, with synthetic fibers of only minor interest, declares The Wool Bureau in an analysis of the report on the first Consumer Fiber Preference Survey just concluded and made public by the Bureau of Agricultural Economics of the Department of Agriculture.

The survey, which the Bureau of Agricultural Economics declares represents the opinions of fifty million American men, was completed in June, 1948. It includes inquiries as to men's preferences in summer suits, dress and sports shirts, pajamas, socks and robes, and raincoats.

The outstanding preference for wool, the Bureau reports, is in men's summer suits. Sixty-two per cent of those questioned stated that they insisted on wool for summer outer apparel because of its comfort, its resistance to wrinkling, its durability and appearance, and satisfactory clean-

ing. One of the most important facts developed by the survey, The Wool Bureau reports, is the tremendous increase in the number of light-weight, wool tropical worsted suits being worn throughout the country. The vogue for skeleton-lined, tropical worsted suits is not more than fifteen years old. Today it represents between 25 and 30 per cent of the entire men's suit business. Forty per cent of the population, according to the Bureau of Agricultural Economics survey, own one or more of these suits.

"Until a decade or so ago," The Wool Bureau states, "the men's tropical summer weight suit was more or less a luxury or a novelty. Today it is a staple and an increasingly important part of all men's clothing lines. At the outset these tropical weight worsted suits were worn during the summer months. This period has now been extended until at the present time tropical weight suits are worn from April into November, and in some cases are worn by men the

## There'll Always Be a "Gawker"

"Harry the Hermit," as he's called, came into town last week and, as usual, caused quite a stir. He looks like a cross between Santa Claus and Daniel Boone.

We had a friendly glass of beer together and I asks him, "Don't you ever get annoyed at the way some people laugh and stare as you go by?" "Shucks no," Harry says. "Only while they're laughin' at me, I'm feelin' a mite sorry for them. Imagine—folks so ungrateful they can't see I'm really just the same as they are underneath."

From where I sit, Harry's a lot more "civilized" than the people who make fun of him. He's contented, lives the way he believes is right without harming anyone—and what's more, he's tolerant of others whose tastes in living are different from his.

Maybe we all don't look the same, or act the same, or eat or drink the same, but in a free country, why should we?

## 59 Years Ago

S. H. Stokes, a progressive sheepman of McCulloch County, arrived with his family Monday and has secured a residence lot. He also has 1,500 fine sheep with him and will locate a ranch down the draw.

H. B. Graham, architect and builder, has drawn the plans of a four room house with an octagon front, double gallery and hall, to cost \$1,800. The plans are for the residence of John W. Hagerlund, and the building when completed would be an ornament to any city.

E. C. Saunders returned from Brady Tuesday, looking hail and hearty.

L. B. Miller, representing the well known business house of M. Half & Bro., of San Antonio, was in the trading center of the stockmen's paradise last week.

Sheriff McConnell and County Clerk Strader left for San Angelo Saturday.

Miss Florence Traweck went to San Angelo this morning.

L. A. White, from Swift & Huds-peth's ranch, was in Sonora for supplies Thursday.

Jerry Robinson was in town Wednesday and has gone to San Angelo to attend the Fair.

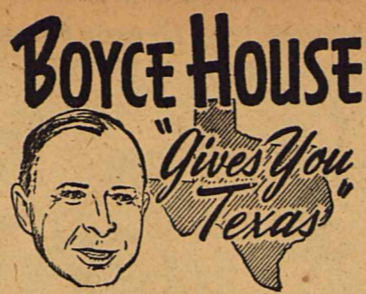

Thomas Larkin, the strapping young sheep boss for P. McHugh, was in town Wednesday.

W. D. Heflin was in town this week.

Miss Dee Drake, the beautiful and accomplished daughter of F. M. Drake of Gwynn, was visiting Sonora this week, the guest of Mr. and Mrs. J. T. Gurley.

R. J. Bean will build a nice residence in Sonora shortly.

W. F. Decker of McKavett was year round. This extended use period is typical of the tendency toward the use of lighter weight wools and worsteds by both men and women in all articles of outer apparel. It is one of the fundamental reasons for the tremendous increased use of fine wools by this country.

Dr. Arthur H. Compton is doubtless a great atomic scientist—but no great shakes as a grammarian if we are to judge by a recent press dispatch which quoted him as telegraphing an acceptance of an offer to receive an honorary doctor of laws degree from Texas Christian University.

"I will be delighted to become an alumni of Texas Christian." Maybe Dr. Compton are the Siamese twins.

There was an old-time rancher who was so parsimonious that he fed his cowboys the poorest kind of food. One range-rider complained but without effect. The "old man" rode up to this cowhand's shack and, a storm coming up, he stayed for the night. Next morning, the rancher bit down on a biscuit and yelled, "This is weevil-y." He clamped down on the bacon and then angrily said, "This meat is too tough to chew." He started to shove his plate back but the cowboy whipped out a pistol and announced:

"You said that flour and bacon was good enough for me; now, darn you, eat every bite of it."

Which the cattleman did. Far from firing the nery cowboy, the ranchman sent over a supply of good grub and always liked him thereafter. He would refer to the cowpoke as "that kid from Arkansas."

In El Dorado, Ark. (visited in the late 1930's), they told of a banker whose advice was so highly esteemed that when the first World War was in progress, the citizens held back on buying Liberty bonds until, to the promise of the United States government to pay, was added the assurance of the banker that the bonds were a good investment. Then the people bought!

When shirts with separate collars quit being fashionable, a whole regiment of jokes went out, too. The worst of the lot was probably the one about the miser with a wart on the back of his neck which he used for a collar button.

in town Thursday and purchased a business and residence lot in Sonora, and will build at once and move his family here as soon as possible. Mr. Decker is a saddle and harness maker and will open a shop in the trading center of the Stockmen's Paradise. He is also locating a ranch on Dry Devil's River and stocking it with 3,000 sheep.

## Jester Signs Cancer Control Month Declaration

Urging all Texans to support "the mighty effort now being made by the American Cancer Society" to defeat cancer, Governor Beauford Jester has declared April as Cancer Control Month in Texas. "A beachhead has been established against this formidable enemy of all humans," Jester said. "However, the tide of cancer continues to mount relentlessly throughout this state and nation. All Texans must become aware of the cancer menace, and all Texans must be reached by the cancer control methods being sponsored by the American Cancer Society." With the Governor are, left to right, Dr. William Gambrell, Col. Ike Ashburn, Mr. Fagen Dickson, Dr. W. S. Bohls, all leaders of the Texas division, American Cancer Society.

## Soil Conservation News

Oats planted in rows on the contour are doing better than oats planted without contouring. Jack Mann, cooperorator of the Edwards Plateau Soil Conservation District, has two fields on his home ranch separated only by a ranch road that serves as a good illustration.

Technicians of the Soil Conservation Service assisted Mann in laying out contour lines last fall. One field was planted on the contour, the other was not.

Oats in the contoured field are in a healthier, more vigorous condition than oats in the other field. They have put on more growth and have a healthy, dark green color. Those not planted on the contour are smaller and yellow in color.

This spring livestock had access to both fields at the same time. Even with free choice, Mann feels the contoured field furnished more grazing for livestock.

Contour cultivation holds a moderate rainfall, making the moisture available for use by the crop. Rows running down hill not only lose water but permit a greater loss of top soil.

Most cooperators of the Edwards Plateau Soil Conservation District completed spring seeding of grasses last week.

Rip Ward planted approximately 40 acres of cultivated field on the J. A. Cauthorn ranch to K. R. bluestem, Slender grama, Lehmann's lovegrass and blue grama. Thomas Morriss planted approximately 3 acres of K. R. bluestem in the corners of one of his cultivated fields.

Jack Mann planted a 6 acre field to K. R. bluestem, blue panic, slender grama, and Boer's love-

grass. Mann's field is located near his headquarters and is laid out in such a manner that it can be irrigated. Irrigation is to be used only as an aid in getting the grass started.

The two-row planter used in planted grasses in the local Soil Conservation District was loaned to the Upper Llano Soil Conservation District. It will be used by cooperators in that district this week and will be returned to Sonora next week.

**Wanted:**

**A MAN TO STEAL SOME MONEY!**

We're looking for a man (don't care how old or young he is) who loves money.

A man who likes the feeling of having a little extra money on hand, just in case something unexpected pops up.

A man who swears he's going to save some money, and yet never seems to get started, because—well, because he just never seems to get started.

We want this man to steal some money—from himself.

That's right, we want him to go down to his bank or into his boss (either one) and sign up for the Automatic Savings Plan.

Then he can sit back and watch his Savings Bonds pile up, like pennies in a kid's bank. Only there's none of the temptation of a piggy bank. No pain, when you save this automatic way.

It's just like getting extra money from yourself, except that you never know it's happening—you hardly miss it when it comes around to paying the bills or balancing the budget, because it's worked out so well. And you get every cent of it back, with a handsome interest—\$4 on every \$3 you put in.

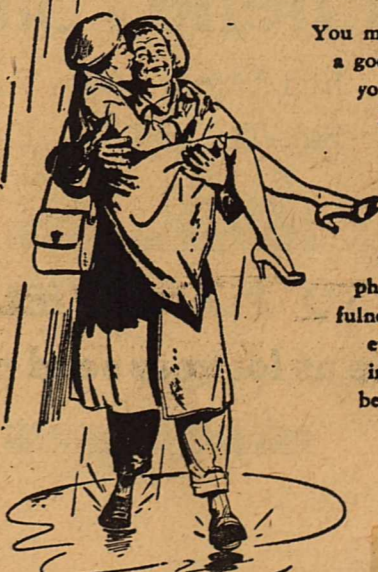

The automatic Payroll Savings or Bond-A-Month Plans make saving money almost as easy as spending it. See about whichever of these two plans is best for you today.
