Bull Town Bulletins

By Bill Ellis

THE STORY RELEASED this week by the Associated Press which termed the state's cotton crop as the worst since 1975 comes as no great surprise to area farmers.

In fact, most local observers probably felt that the current crop was even worse than the figures indicated. The story said that cotton production in Texas for 1982 would amount to only 2.5 million bales.

This is a drop of 56 per cent from the production figures of 1981. It breaks down to a cash loss of \$758 million to producers, and an overall loss to the economy of \$2.2 billion, considering losses to cotton-related industries.

The slack production for 1982 is due to the adverse weather of the spring, when hail wiped out thousands of acres of cotton on the High Plains and South Plains.

This crop failure is expected to have a severe impact on communities which depend on the cotton crop as its main cash crop. And, even in Parmer County, where cotton only ranks third or fourth among agricultural crops, it means a big blow, especially when agriculture is already in a depressed condition.

A number of cotton farmers replanted their lost acreage to soybeans, and soybeans reached a record 28.6 million bushels in the state this year--about three times the usual production. Naturally, the price for soybeans has not been too good, due to the record production.

# Commission Has Routine Business

Mostly routine business was conducted by the Parmer County Commissioners at their regular meeting November 22.

A motion was passed to pay the boarding care bills for Parmer County's foster children, in the amount of \$1,147. This money will be re-imbursed the county.

Notation was made of a legislative briefing to be held in Amarillo on December 9, giving county officials an opportunity to visit with newly elected legislators.

A motion was passed approving payment of two doctor bills in the amount of \$25 and \$4 for two foster children.

Payment of the county's dues in the West Texas County Judge's and Commissioners Assn., in the amount of \$50, was approved.

of \$50, was approved.

Payment of a visiting district judge's expenses, in the amount of

\$106.55, was also approved.

Friona State Bank had asked permission to substitute new securities for others pledged as securities which are maturing. A motion was passed approving the bank's substitution of \$100,000 in Fort Worth Independent School District bonds maturing March 1, 1984, to replace \$50,000 in Carrizo Springs ISD bonds and \$25,000 in Fort Worth ISD bonds, both of

which matured December 1.

Approval was granted a county citizen for an easement to cross a county road with a water line in Precinct 2.

Laura Jacobs, county extension agent for Home Economics, reported on the County 4-H Food Show held November 20 with 52 4-H members participating. She also stated that the Christmas bazaar sponsored by the Parmer County Family Living Committee November 19-20 in Friona was a success, with 65 exhibitors and approximately 1500 guests registering.

Approval of a bill for \$355.90 by a visiting court reporter concluded the day's agenda.

The Pheasant Cock--Bird of Prey

## Fillies Are Third In Cage Meet

The Bovina High School Fillies won the third place trophy at the Sudan tournament last weekend.

The team scored wins over Crosbyton, 63-46 and Sundown, 58-54, but fell to Whitharral in their second game, 84-66.

The Fillies had balanced scoring in their game with Crosbyton, getting 14 points from Lisa Tubb, 23 from Lisa Schilling and 11 by Randee Cupit.

In the Whitharral game, the team had five players in double figures. Miss Tubb scored 22, Shawna Gober 12, Marie Pesch 23, Sonya Mayfield 10 and Lisa Schilling 10. "We scored a lot of points, but just didn't score enough to win," said Coach Larry Helton

In the third-place game against Sundown, Lisa Schilling took scoring honors with 16 points.

The girls junior varsity team is undefeated for the year, scoring their third win of the season at Melrose last Tuesday, 45-29. Teresa Shepherd paced the JV Fillies with 16 points.

The junior varsity girls are entered in the Muleshoe tournament. Their main problem has been depth, having to finish two games with four players, and coach Helton said he might have to make this problem worse this week by shifting a player or two up to the varsity, which also needs a player boost.

# Cage Teams In Friona Tournament

Bovina's varsity basketball teams will be in action beginning Thursday morning in the Friona invitational basketball tournament.

Both teams will face teams from Vega in the tournament openers. The Fillies meet the Vega girls at 9:30 a.m. Thursday, and the Mustangs-Vega boys will clash beginning at 11 a.m.

The Fillies will meet either the winner or loser of the Muleshoe-Pampa game in second-round action; while the Mustangs will meet Muleshoe or Nazareth in either the winner's or loser's bracket.

EMERGENCY WORKERS....Ambulance attendants (from left)
Donna and Larry Mitchell and Mary Richards demonstrate shock
trouser application on Dick Richards during a recent training
session.

# New EMS Equipment Saves Life

The Bovina Ambulance Service has been seeking funds for more advanced equipment recently. With Don Spring's enrollment in a paramedic class in Amarillo, the local service will soon have the ability to administer drugs with a doctor's orders, start IV's, and monitor heart attack patients including an electrocardiogram-like strip showing heart problems and defibrillator.

Among the new equipment which has already been obtained through funds from the city and county as well as contributions are two pairs of shock trousers. These MAST garments (Military Anti-Shock Trousers) are in sizes for both adults and children. They are used on patients who have lost a lot of blood or who for other reasons might be suffering from shock. They work almost like a self-transfusion, making more of the patient's own blood available to the vital organs of the body.

These shock trousers are recommended by doctors in the emergency departments of major hospitals such as Lubbock General and the Emergency Receiving Center at Northwest Texas in Amarillo. When applied to a recent patient in Bovina (Glenna Ritchie), doctors at Clovis High Plains Hospital credited the swift application of MAST trousers by the Bovina ambulance personnel with saving the patient's life.

Bovina Ambulance Service is planning an Emergency Medical Technician's course to begin early in January locally. More information will appear in later issues of the Blade.

All persons interested in learning to save lives, help the sick or injured, and to be prepared for emergency situations at home, on the road, or wherever are urged to call Don Spring, Larry Mitchell or Dick Richards.

## Lions Set Bulb Sale, Xmas Event

The Bovina Lions Club will conduct its annual light bulb sale Thursday evening. The city will be canvassed beginning at 7 p.m.

The Lions also plan to sponsor the Christmas Lighting Contest for Bovina residents. Cash prizes of \$50.00 (first), \$35.00 (second) and \$25.00 (third) will be awarded to the top three homes in the city.

Those wishing to enter the lighting contest are asked to call Durward Bell or Jay Sherrill by December 20.

## Pheasant Season Begins Dec. 11

The 1982 pheasant season will kick off next Saturday morning, December 11.

Once again, the season will be two weeks in duration, spanning three weekends. Final day of the season will be Sunday, December 26.

The bag limit will remain the same as in years past: two cocks per day and four in possession. Only the cock pheasants are legal game.

A good hunting season is anticipated. Jack Patterson, spokesman for the pheasant season, said he had seen a good number of pheasants in the Rhea community. Reports from other parts of the area have also been encouraging.

A large influx of hunters is expected for the opening weekend of the season next weekend.

A contest for the hunter turning in the longest tailfeather will be held sponsored by the Parmer County Game Management Association. Details on where to turn in the feather entries will be announced next week.

Texas followed the lead of its neighboring state, New Mexico, with the passage of House Bill 1421, which authorized the formation of Operation Game Thief. Concerned citizens may call a 24-hour toll-free number, 1-800-792-GAME, to report flagrant violations of Texas' wildlife and fish

Since implementing its game thief

program in 1976, New Mexico has collected over \$79,000 in fines and paid almost \$40,000 in rewards.

Trespassing laws have been stiffened with HB 717 upping criminal trespassing from a Class C to a Class B misdemeanor. In addition, if the offender carries a deadly weapon, he can be charged with a Class A misdemeanor.

Notice has to be present before a person can commit criminal trespassing. Notice is given in three ways: (1) Oral or written communication by owner of property; (2) Presence of fencing to exclude intruders or contain livestock, or (3) Sign posted on property indicating entry is

forbidden.

Under the Texas penal code, a Class C misdemeanor carries a maximum \$200 fine. However, trespassers convicted under the new law, under a Class B misdemeanor, will face a possible \$1,000 fine and/or 180 days in jail.

If the offender carries a deadly weapon, and most hunters do, the Class A misdemeanor can cost up to \$2,000 in fines and up to a year in iail

No public funds will be used in the Operation Game Thief program. More than \$20,000 in donations from individuals and organizations have been received to get the program started.

## Mustangs Win Sudan Tourney

Bovina High School's Mustangs remained undefeated for the season, and in the process brought home the championship trophy from the Sudan tournament last weekend.

The Ponies scored wins over Crosbyton, 62-49; Olton, 67-56 and Sundown, 63-48 in claiming the tournament title.

Bovina shot 41 per cent from the field in their tournament opener; and made 60.6 per cent of their free throws. Against Olton, the figures were 32 and 65 per cent, and in the finals they were 39 and 57 per cent.

Greg McClaran scored 21 points to pace Bovina's scoring in the Crosbyton game, and had ten-point backup scoring from Richard Shepherd and Joe Black.

In the Olton game, Shepherd hit his season high with 25 points, and McClaran added 18. McClaran scored 15 and Shepherd 13 against Sundown.

"I'm real pleased with the way the kids are playing. We need to improve our free throw shooting somewhat, but it's coming up," said Mustang coach Mark Lanham.

MUSTANGS 18 37 44 62 Crosbyton 9 20 34 49 Jon Riddle 2-2-6; Richard Shepherd 3-4-10; Dale Gilbreath 2-3-7; Joe Black 5-0-10; Jeff Steelman 1-0-2; Joe Pat Wright 0-2-2; Greg McClaran 10-1-21; Jay Judd 1-2-4.

## Class Sets Dinner Sun.

McClaran 7-1-15; Judd 7-1-15.

The Bovina High School senior class will sponsor a dinner Sunday, December 12 at the school cafeteria, between the hours of 11:30 a.m. and 1 p.m.

The menu will consist of ham, beans, salad and drinks. Admission will be \$5.00 for adults and \$3.00 for children ten years of age and under.

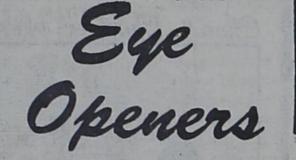

LOCAL VISITORS....Kathryn Hancock of Bovina has had her six sisters visiting recently here, a rare occasion. Six of the seven sisters are shown above. From the left are Pauline Sain of Eldorado, Oklahoma; Joan Landers of Denton, Mrs. Hancock, Mary Sideman of Dallas, Edith Butler of Denton and Mildred Brice of Fort Worth.

ANNIVERSARY NOTED....Mr. and Mrs. Calvin Cook celebrated their 39th wedding anniversary November 27 at a clubhouse in Clovis. Hosting the event were the couple's daughters, Mrs. Randy Menear of El Paso, and Mrs. Bennie McKay of Clovis. Around 60 friends and relatives attended the party, which was a surprise to the couple. "Thanks to everyone who made our party a great success," the Cooks said.

DO's & DON'TS FOR CONTACT LENS WEARERS

Littlefield, Texas 79339

Here are some tips for wearers of contact lenses:

DON'T swim with contact lenses. The water will wash the hard lenses off your cornea and the soft lenses will absorb the chemicals in the water. Never water ski with contacts for the same reason.

DO, when you drive, take along an extra pair or a pair of eyeglasses.

DON'T sleep with your contacts in--unless your prescription is for the extended wear lenses especially designed for this purpose.

DO, if you play racquet sports or baseball, wear safety glasses over your

DON'T use aerosol deodorants or hair sprays after inserting your contact lenses. If possible, avoid sprays altogether.

DO insert your contacts before putting on face or eye makeup. Water-

soluble eye makeup is best with contacts. DON'T touch the inner surface of the lens-the part which contacts the

DO see an eye doctor if your eyes develop pain, blurred vision or any lasting irritation. See your OPTOMETRIST for regular check-ups.

This message is brought to you in the interest of better vision by Drs. Armistead & Smith, Optometrists, Littlefield, Texas.

# Scooter's Scoops

By Scooter Russell

Twenty-six members of the family Miller in San Antonio. They were of Auther and Jean Judd visited in their home over the holidays: Auther's brothers, J.D. and family of Oklahoma City, and Howell and family of Cherokee, Oklahoma; and his niece Carolyn Hight and family of Oklahoma City.

Also visiting were all of their children, Dianne and daughter Amy of Albuquerque, New Mexico; their son Corky and family from Santa Fe, New Mexico; and their daughter Kim of Lubbock.

Lowell and Billie Primrose and son Jerry made a trip recently to Farmington, New Mexico and got acquainted with their first greatgrandchild Jeremy. He is Jerry's grandson and little Jeremy's parents are Jimmy and Diana Primrose. Lowell and Billie also had a good visit with their son Joe and Priscilla Primrose and daughters, Tammy and Carol of Farmington. Billie said they got most of their Christmas shopping done while there and enjoyed a good time with their family.

granddaughter and her husband, Janet and Bob Atterbury visiting recently in her home. Janet and Bob are both in the Army and will be leaving December 13 for Korea where they will be stationed for one year. Bob is a captain and Janet is a lieutenant.

brother and sister-in-law, L.C. and Odessa Strawn of Tucumcari, New Mexico, spent a couple of weeks in Del Rio, Texas, having a good time fishing. Doris said they had more fun than luck fishing but had plenty of fish to eat all the time they were there.

Visiting with the Strawns during the Thanksgiving holidays were their daughter, Judy and Tim Herring of Friona, and the Strawn's son Bill of Spearman.

home last Saturday from visiting relatives in New Mexico. They spent two weeks with Willie's brother and his wife, Windell and Clodie Gipson of Albuquerque. They visited ten days with their daughter Eudora and Bud Craft and family in Ruidoso; visited a few days with son Wayne and Gladys Gipson in Roswell; and spent the night with daughter Wyvonna and Leonard Haney in Farwell before coming home Saturday. They were away from home about a month.

Dean and Juanita Hastings, Dean's sisters, Donalita Hawkins of Bovina and Imogene Swim of Roaring Springs visited their aunt Mable Reynolds and her daughter Geraldine

Southwestern Public Service Company conserves fresh water by using reclaimed water. We buy sewage effluent (liquid sewage) from the cities of Amarillo and Lubbock, chemically treat the effluent, then use it as cooling water for our power plants. In partial exchange for this effluent, SPS also sells fresh water to the cities. Working

together, SPS and the cities of Amarillo and Lubbock are making a difference in the availability and quality of one of our

area's most precious resources-water. J. R. Chafin, plant clerk, Jones Station, Lubbock.

Christmas trees can be a fire hazard if not cared for properly. Before setting up your tree, help "fireproof" it by cutting across the base diagonally. This will allow the tree to absorb more water and keep it from drying out too rapidly. When decorating your tree, check all tree lights for loose sockets or

frayed wiring before placing them on the tree. And never use any lights that do not display the Underwriters' Laboratory seal. Caring for your Christmas tree properly can prevent a holiday tragedy.

Mike Costello, safety/claims specialist, Roswell.

The Averaged Billing Plan minimizes ups and downs in your electric bill. If you prefer to budget your bill each month, averaged billing may be for you. Using this plan, you pay a set amount each month, rather than the dollar amount of electricity actually used. This monthly rate is figured by averaging the dollar amount of your past 12

monthly bills. Contact one of our people at your local SPS office for more information about this free service.

Pat Smith, cashier/clerk, Amarillo.

You and SPS, partners managing electricity, make the difference.

For answers to your questions, call or write your SPS manager.

## Fifty-Two Compete In 4-H Food Show

Fifty-two "Kitchen Magicians" entered the Parmer County 4-H Food Show, November 20. The show, held in Friona, featured dishes those 4-H'ers had prepared in either main dish, fruits and vegetables, breads and cereals or nutritious snacks and desserts categories.

The Senior winners were: breads and cereals, first, Maureen Jesko, Lazbuddie; main dish, first, Geretta Hutchins and second, Corey Jones, both of Farwell; fruits and vegetables, first, Lisa McGehee, Lazbuddie; nutritious snacks and desserts, first, Devera Rhodes, Friona; second, Teresa Rose, Farwell and third, Ashlee Gee, Friona.

In the Junior division the winners and other contestants were: breads and cereals, first, Jennifer Cass; second, Shelly Salyer; third, Elaine White, all of Friona. Also competing in this category were Jana Renner, Friona; Lucretia Foster, Oklahoma Lane; and Jaimie Charlson of Farwell, all of whom received blue ribbons. Leah Steelman and Mendy Rhodes of Bovina received red ribbons.

Main dish, first, Danna Ralston, Farwell; second, Kendra Stephens, Farwell; third, Amy McGehee, Lazbuddie. Also Krista Renner, Friona and Pat McBroom, Lazbuddie received blue ribbons.

In fruits and vegetables, first, Dana White, Oklahoma Lane; second, Kaçi Stephens, Farwell; third, Kristi Stephens, Farwell. Also Stuart Walker, Friona; Trey Hinkson and Lori McBroom, both of Lazbuddie, received blue ribbons. Kassie Weatherly, Friona, received a red

In nutritious snacks and desserts, first, Angie White, Oklahoma Lane; second, Chad Rhodes, Friona; and tied for third, Kevin McGehee, Lazbuddie and Sindy Preston, Friona. Also receiving blue ribbons were Steven Smith, Susie Preston, and Beverly Burton, all of Friona. Receiving white ribbons were Jeremy and Cindy Jones, both of Farwell.

The PeeWee division is made up of 4-H'ers who are not yet nine, and so can't compete. Receiving blue ribbons were: Carla Burton, Shelly Preston, Chesley Ray, Kris Hamilton and Allison Walker, all of Friona. Also, Robin Foster, Holly Donaldson, Becky Donaldson and Amy Foster, all of Oklahoma Lane.

The first place winners in the 

Junior and Senior divisions will compete at the District level Saturday, December 11 on the Texas Tech campus in Lubbock.

## **GTE Faces** Problem

"A word of caution when hunting this year," suggests O.D. Hearn, GTE Operations Manager in Brownfield. This is the time of year we experience an increase in service outages as a result of cables and other outside equipment being damaged by gunshot.

Hearn estimated that hunting accidents account for eight to ten outages a week in his area. Most of the damage is unintentional, he

Particularly during hunting season, the number of outages increases. "It is possible that an average of ten customers lose service each time a cable is shot. Hearn stated, "Over a one year period, if only one cable is damaged a week, more than 500 customers could be affected."

He added that cables are not always completely severed and that often times the cable is just "nicked" which will eventually result in service problems for customers.

To avoid unnecessary service interruptions, a serious inconvenience to the customer as well as an expense to the Telephone Company, hunters are advised to use caution when hunting near telephone facilities.

"A service interruption can be a serious problem," he said. "Not only is it aggravating for our customers, but it also poses a safety problem when people cannot call for emergency services," he concluded.

HOLD FAIR...Members of Mrs. Bradburn's fifth grade class are shown during a demonstration fair which was held recently at the school.

## Fifth Grade Students **Hold Science Fair**

On Friday, November 19, Mrs. Bradburn's fifth grade class held a demonstration fair. All students participated in this project, which involved several skills.

First, the students read several books about science projects, handicraft projects, and other activities (puppets, plays, etc.) Then they chose a project they liked and one that was within their expertise.

Altogether, they had ten days to read through the project, make it according to directions, learn to describe the way it was done and demonstrate it.

Mrs. Bradburn said, "The students

did remarkably well in their individual efforts." They demonstrated their projects at Ridgelea in the morning, in the Junior High Gym after lunch and to parents and guests in the Junior High Library. Mrs. Bradburn served cookies and punch to the visitors.

"A demonstration fair is a super way to stimulate the desire to read, and also to give the students a place and occasion to exhibit their accomplishments. It enhances their abilities to follow instructions, give directions, set up a display, and learn to speak with poise and confidence," the instructor said.

# Deregulation of your telephone ...how will it affect you

Deregulation. What does it mean to the nation's telephone industry — and the customers it serves? All of the hows, whys and maybes are not determined, but here are answers to some often-asked questions.

### Q. What is deregulation?

A. Simply, it's the process of removing state and federal controls from many services provided by the telecommunications industry. It means customers can select equipment and services in a competitive market without regulation by a regulatory commission.

#### Q. When does it happen?

A. Deregulation isn't new. Federal Communications Commission rulings over the past three decades have allowed some competition in terminal equipment (telephones, multi-line systems, etc.) and in long-distance services. But deregulation surfaced as a major public issue when the FCC mandated total deregulation of new terminal equipment, effective January 1, 1983.

#### Q. Why does the FCC want the telephone industry to be deregulated?

A. The FCC believes competitive markets are most efficient. Deregulation — and competition — will encourage new services and open more options to customers.

Actually, the FCC is but one of the driving forces behind deregulation. Congress, the Justice Department and the Reagan Administration (like others before it) all are eager to deregulate the American telephone

## Q. What is GTE's position regarding deregulation?

A. GTE feels that deregulation ultimately will benefit all concerned. Competition is the American way and GTE expects to compete aggressively.

## Q. Just what services will continue under regulation?

A. After January 1, the basic local and long-distance switching networks will continue to be regulated. So will all in-place equipment on customer premises. New equipment will be excluded from regulation, as will 'enhanced' services, which combine basic service with computer processing to provide additional, different or restructured information.

## Q. How does this affect customers?

A. The big change is in lease and purchase arrangements for telephones, multi-line systems and other equipment in a customer's home or business.

After January 1, existing customers may continue to lease their phones from General Telephone. In addition, they have the option of purchasing phones — either from General Telephone or another supplier.

New customers also will be able to buy phones anywhere they choose (including General Telephone). Cost of equipment purchased by customers will be determined by the marketplace - not regulatory commissions. Lease options also will be available to new customers, but again will be determined by the marketplace - not the regulators.

There's another important point. By definition, anyone who alters existing service will be classified as a new customer. People who move from one residence to another — even though both are served by General Telephone — would be considered new customers under deregulation guidelines.

## Q. Will all customers be affected by deregulation?

A. No. The FCC's order applies only to single-line service. Customers on multi-party lines may continue to lease phones from General Telephone with all the traditional services. For a period after deregulation begins, party line customers may have some options that will not be available after January 1, 1983 to single-line customers.

## Q. Will it affect the cost of telephone service?

A. Deregulation will have an impact on virtually every aspect of the telephone industry — including cost. It should result in lower prices for some services and higher prices for others. The net effect of deregulation — and the competition it creates — is that each product or service provided by General Telephone must pay its own way, without subsidies from other segments of the business.

For example, revenues from various optional services have traditionally subsidized the cost of providing basic local service. That ensured basic telephone service was affordable to nearly everyone. But competition will force prices to more closely reflect the true cost of any service. Local rates probably will rise; others may decrease. Either way, customers will be asked to pay for the cost of the services they use.

## Q. So what are the benefits to the consumer?

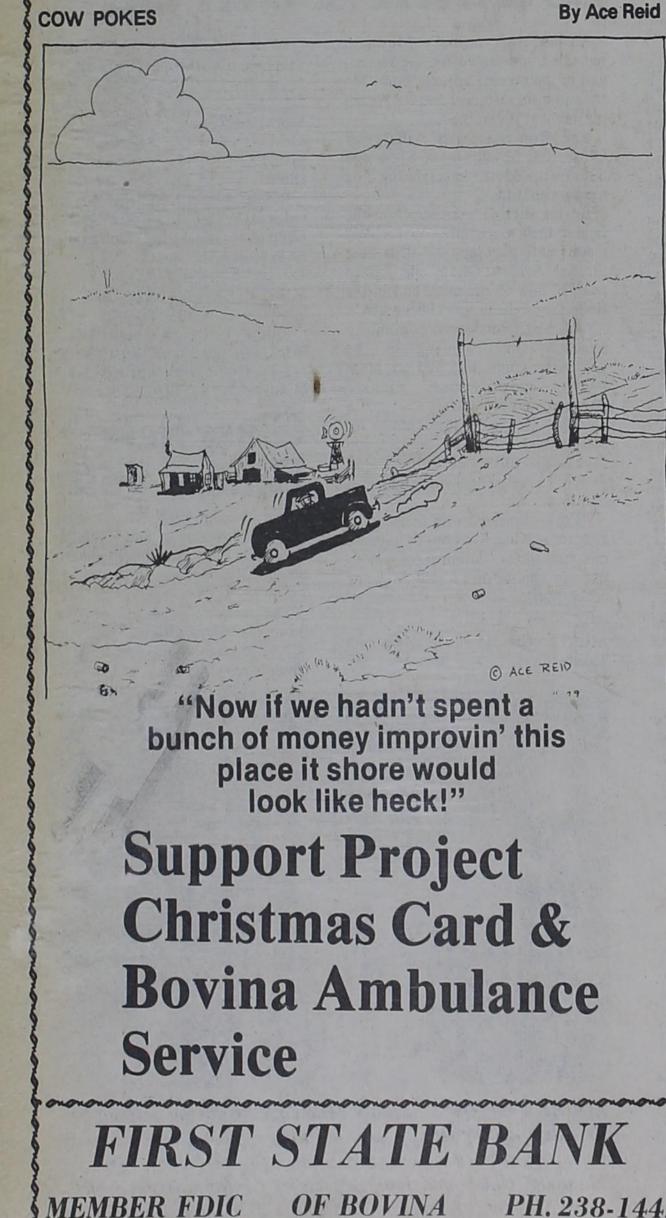

A. With deregulation comes competition. With competition comes the suppliers' desire to provide customers with what they want, when they want it, resulting in many options, introduction of new technology and keeping costs at the lowest possible level.

#### Q. Won't there be a lot of people who will be unable to afford a telephone?

A. GTE expects to help customers meet increases in telephone rates by phasing in certain options for flat rate pricing, including Usage Sensitive Service (USS) which is a measured service.
