

... Son of  
a gun ...

Please don't forget to vote in the school trustee election tomorrow (Saturday). Those whose terms expire this year are Bryan Hunt, Mrs. W. R. Cusenbary and George D. Chalk. Personally, we think it is the duty of every citizen to vote in all elections, and we hope that all of us do tomorrow. We have about 900 qualified voters in Sutton County who like to call themselves citizens—yet at one school election a couple of years ago there were only 47 votes cast. In other words, 47 people qualified themselves to speak finally and completely for about 3,500 people.

We think the above three candidates have made good board members and have the interest of our schools at heart. If you think so, give them a vote of confidence. If you don't think so, find a candidate you think can do a better job and vote for him. But in either event—vote. It's more of a privilege than you may think.

—(\*?½\$\*)—  
Was reading the Springfield (Mo.) Leader the other day and came across a solution to our dog problem. A dog up there, where citizens lead the quiet life and enjoy their rest, kept barking and barking until finally one of the neighbors could stand it no longer. The neighbor filed a complaint in Municipal Court, and the result of an afternoon-long trial was—a \$30 fine against the owner and banishment from Springfield for the dog. Well, from the looks of things around here, they must have banished him to Sonora, Texas.

—(\*?½\$\*)—  
Robert Halbert reported the following sales this week: two yearling calves to Charles E. Davidson, Jr., Ozona \$500 each; 1 range bull to Mrs. Steve Taylor, Hobbs, N. M. \$500; 1 bull to George Brockman \$1,500.

Halbert also sold another bull, Mr. Woodrow 53rd to Anderson-Tully Co., Vicksburg, Miss., for \$5,000, 3 calves, 3 to 4 months old, at \$1,000 each, and one calf, 3 weeks old for \$500. Mr. and Mrs. Halbert are in Springfield, Ill. this week attending a cattle show.

—(\*?½\$\*)—  
We have been requested by Joe Vander Stucken, our official weather commentator, to publish the following statement: "Strong winds were observed in Sonora the early part of the week. Unquote.

## Winners Named In Local School Speech Tournament Saturday

Winners of the Sonora Invitation Speech Tournament, held here Friday and Saturday, were revealed at a barbecue Saturday evening at the G. H. Davis ranch.

Winners included: Declamation—junior girls, Lois Lu Lomax, Sonora, first; Barbara Baker, Denton, second; declamation—junior boys, Oscar Lee Carpenter, Sonora, first; Paul Kellogg, Denton, second; dramatic interpretation—boys, Clay Newton, Denton, first; David Minton, second; dramatic interpretation—girls, Mary Whisenant, Denton, first; Ellen Davis, Denton, second.

Humorous declamation—boys, Burnet McClurkam, Denton, first; Jimmy Morgan, San Angelo, second; humorous declamation—girls, Sue Suddath, Denton, first; Nancy Lewis, San Angelo, second; radio speaking—girls, Jackie Wardlaw, Sonora, first; Patricia Tippet, San Angelo, second; radio speaking—boys, Johnnie Diego, Del Rio, first; Jack Ratliff, Sonora, second.

Dramatic declamation—Louis Brand, Denton, first; Ellen Davis, Denton, second; original oration—Bill Wright, Austin, first; Lynn Webster, San Angelo, second; poetry reading—Bill Wright, Austin, first; Mary Whisenant, Denton, second; senior declamation—boys, Jimmy Gray, Denton, first; Don Faugh, Denton, second; declamation—girls, Betty Baldrige, Denton, first; Mary Whisenant, Denton, second.

Extemporaneous speaking—girls, Martha Renfro, Sonora, first; Mariellen Wiley, Fort Stockton, second; extemporaneous speaking—boys, Jack Ratliff, Sonora, first; Bill Wright, Austin, second.

One-act play—San Angelo, first, for the second act of "Little Women"; Denton, second. Named as best supporting actress and actor were Mary Ellen Fellis and Jimmy Broyles, who both appeared in "Angel Street" presented by the Denton school.

In the debate division, the Austin team won first in the finals. Outstanding debaters were Bill Wright of the winning team, and Dean Davis of Denton.

Schools participating were Austin, Del Rio, Denton, San Angelo, Fort Stockton and Sonora.

## Sonora Enters Concho League

Sonora entered the Concho Basin baseball league Monday night at a league meeting held in San Angelo. Attending as local delegates were Manager John Bell, Pat Lyles and Edwin Thompson. Sonora and three other teams, Bronte, Robert Lee and Miles, are the returning members from last year.

Also voted in were Forsan and Big Lake and Rowena was given a tentative membership providing an eighth team enters.

Another meeting will be held Monday night to work out rules and other arrangements prior to opening of league play Sunday, April 16. The News will publish the league schedule as soon as it is released.

## Judge Casebier Candidate For Coming Election

Garland Casebier, newly appointed District Judge of the 112th Judicial District, this week announced that he would be a candidate for a first elective term in the coming Democratic primaries.

Judge Casebier, 39-year-old Fort Stockton lawyer, was appointed last week to the bench to fill a vacancy created by the death of the late Judge J. B. Randolph.

A resident of Pecos County from the age of 18 months, except for time spent in school and in the practice of law for two years in Wood County, he resigned the job

of city attorney of Fort Stockton last week when the appointment as District Judge was announced. He had held the city office for the last five years, and was assistant county attorney of Pecos County for a year prior to that time.

He attended the public schools of Fort Stockton, received a B.S. Degree from Sul Ross College at Alpine, and taught school for two years before entering the University of Texas Law School. He was licensed to practice in 1940.

The new Judge is married, and the father of two sons.

He is busy with court in the counties of the 112th District, and will make a formal statement to voters prior to the primary.

## Congratulations To These New Parents

Mr. and Mrs. Tex Farr of Jasper are parents of a daughter born March 24.

Mr. and Mrs. H. V. Morris of Sonora are grandparents. The Farris have two other children, Dennis, six, and Sherry, four.

Mr. and Mrs. Sam Coleman of

## Mrs. W. B. Adams Buried In Junction

Graveside funeral services for Mrs. W. B. Adams, 90, who died Saturday morning, March 17, in the home of her son, Marion, were held at 3 o'clock Sunday afternoon, March 18, at the Cedar Hill Cemetery with Walter W. Leamons of Junction, officiating.

Mrs. Adams had been a resident of Sutton County 48 years. A native of Robb Prairie, Fayette County, she was born July 9, 1859, a daughter of Dr. and Mrs. W. S. Pope. She attended school at LaGrange. On December 29, 1881, she was married to her late husband, a stock farmer, with whom she came to the Hill Country. Mr. Adams died August 31, 1931.

Mrs. Adams had been ill several months before her death. She had been a member of the Church of Christ since childhood.

Survivors include nine children, Dave of Junction, Richard of Cherokee, Marion of Sonora, Mrs. Gertrude Hight of Austin, Coster of Del Rio, Mrs. Bell Thiers of Roosevelt, Earl of Center Point, Mina of Boerne, and Sam of Sonora; 25 grandchildren, 46 great-grandchildren, and 14 great-great-grandchildren.

## New Gulf Station To Be Opened Here Saturday

The opening of Sonora's second new service station on the new section of US highway 290 takes place tomorrow when O. L. Richardson holds open house at his new Gulf Station at the intersection of US 290 and US 277.

Richardson plans gifts for all who attend plus attendance prizes. Attendants will be on hand to demonstrate new equipment at the station, one of the most modern in this section. Features include ultra-modern rest rooms, closed wash, and grease racks, automatic oil changer and gas pumps and a roomy driveway.

A complete line of Gulf tires, tubes, batteries and Firestone tires and tubes and auto accessories is also stocked by the owner. Gulf consignee for this area is H. E. Finnigan of Eldorado.

## Dr. J. F. Howell Moves Offices

Dr. J. F. Howell moved his offices today to the building formerly occupied by the Post Office and the Eubank Radio and Electric Shop.

The building has been remodeled completely and is composed of a reception room, private office, x-ray and treatment room and private lounge.

A connecting corridor runs along the north side of the building. Reception room furniture is chrome and leather, metal venetian blinds are installed throughout, and flooring is of inlaid linoleum. Fluorescent lighting, air conditioning and automatic gas heat complete the remodeling program.

Dr. Howell, whose offices were formerly in the First National Bank Building, is beginning his twenty-fifth year of practice. He and his family came here in 1934.

Mrs. Russell Davis and daughters Diane and Suzanne, left Wednesday for Rogers, where they will make their home. Davis was recently appointed manager of Wm. Cameron there.

Junction are parents of a daughter born March 21. The baby has been named Helen Diana and weighed 7 pounds, 4 ounces.

Coleman, who is associated with the Soil Conservation Program, was with the Sonora office before going to Junction.

## Annual Cattleman's Field Day At Balmorhea Station April 15

The Annual Cattleman's Field Day and Barbecue will be held at the Texas Agricultural Experiment Station at Balmorhea on Saturday, April 15.

The test this year has included a comparison of gains made by young breeding bulls and heifers from various herds of purebred and crossbred cattle. Most cattle are of the Hereford breed but Beefmaster, Angus, Santa Gertrudis, and Brangus cattle have been used in the 1949-1950 Feeding Test in addition to the Herefords. During the 5-month feeding period the cattle have all been scrambled in the feedlots so that all had an equal chance. For the Field Day they will be penned by

Sire Progeny groups so that the calves of the different sires may be inspected and compared for type, gains, and quality.

The morning will be spent in inspecting the cattle in the feedlots. Barbecue lunch will be served at noon. A speaking program will follow immediately after the barbecue lunch. Several prominent livestock men will appear on this program and discuss subjects of interest to ranchmen and cattle breeders. Results of the progeny testing will also be presented.

There will be plenty of barbecue and beans and all interested persons are cordially invited to attend.

## Red Cross Drive Opened Here

### \$556 NAMED AS COUNTY QUOTA

The Sutton County chapter of the American Red Cross began its fund-raising campaign here this week seeking to meet a quota of \$556, according to Joe M. Vander Stucken, chairman.

Vander Stucken said there will be no personal canvass this year, but it is the desire of the committee that everyone contribute voluntarily.

Collection boxes have been placed at the Sonora Drug and Corner Drug stores, Home Gas Company, Sonora Gas Company, Home Hardware and Furniture Company, Elementary, High School and Elliott School, First National Bank, Perez Brothers Garage and Barber Shop, and the Devil's River News office.

The Red Cross needs funds this year, especially from Texas. Last year, Texas sent in to the national chapter \$1,400,000. The Red Cross spent at the scene of the Fort Worth flood disaster alone \$1,800,000 and in Texas last year over \$3 millions.

The Red Cross is, in fact, still spending money in Texas City to buy artificial limbs for persons injured in the Monsanto Chemical Co. blast three years ago. This is contrary to persistent rumors that the Red Cross is not allowed to operate in Texas City.

## Former Resident Dies In Del Rio

W. E. (Lute) Hodges, Langtry ranchman and former Sutton County resident, died Tuesday morning in a Del Rio hospital following a heart attack. Funeral services were held Wednesday afternoon at 4:30 o'clock in Uvalde from the First Methodist Church with the Rev. Luther Beasley, Mason, officiating.

Mr. Hodges was a brother-in-law of Mrs. Auther Simmons of Sonora. He was born February 23, 1885 in Kimble County and had ranched in Langtry for seven years.

Survivors include the wife, Mrs. May Bradford Hodges; two daughters, Mrs. W. P. Sights of Uvalde and Mrs. Jack Edwards, Uvalde; one son, W. E., Jr., of Langtry; three sisters, Mrs. Hardy Farmer of Junction, Mrs. Henry Knowl, Junction, and Mrs. Howard Payne of New Mexico, and one brother, Raymond Hodges of Junction.

## Artie Joy Buys McBee Station

Artie Joy, formerly operator of Joy's Gulf Station at Concho and US 277, has bought out the interest of John McBee & Son and is assuming operation of the McBee Texaco Station Saturday, April 1. To be known as Joy's Service Station, the business is located on US 290 adjoining the Ozona bridge.

Joy will handle tires, tubes and batteries, in addition to Texaco gasoline and oil, and is featuring washing, greasing and vacuum cleaning this week.

## Baptist Crusade Starts April 9

A simultaneous crusade by all Baptist Churches west of the Mississippi River begins Sunday, April 9, and continues through Sunday, April 16. The local Baptist Church will participate in this revival, the Rev. J. E. Eldridge, pastor, said Wednesday.

Mr. Eldridge will preach, and music will be directed by Mr. and Mrs. C. D. Pederson of Howard Payne College, Brownwood. Services will be held Sunday, April 9, and each evening during the following week at 8 o'clock. The public is cordially invited to attend.

## TWO FIRES REPORTED HERE MONDAY, TUESDAY

Two small fires were put out by local firemen this week. The first, Monday afternoon at 6:30 o'clock, sent trucks to Jim Perry's Garage, where a seat on a bulldozer belonging to Ford Allen, was on fire. Tuesday morning at 11:35 o'clock a grass fire at the rear of the M. C. Scott residence was extinguished by firemen.

Mr. and Mrs. L. P. Bloodworth of El Paso were the guests of their son and family, Mr. and Mrs. L. P. Bloodworth, Jr., here this week.

## GARBAGE DISPOSAL

At the present time, the City of Sonora is making arrangements for a garbage disposal location, which will be kept in a sanitary condition by a permanent employee.

Pending completion of these arrangements, a temporary dump has been established. Persons wishing to use this dump are asked to call City Manager R. M. McCarver or the City Hall, for full information.

## 'Daughter Of 1950' Gist Named For To Be Named Here In Spring

A Sonora girl will be named Sonora Daughter of 1950 at an assembly program to be held the last day of school, according to Hillman D. Brown local furniture and appliance dealer. Brown announced Wednesday that a national Daughter's Day has been established as the second Sunday in April by a national furniture organization, for which he is a dealer.

The local girls to be named Sonora Daughter will be chosen by a group of anonymous judges on a basis of personal merit, her contribution to her school and to her community, and will be presented with a gift.

A national contest is being held this year to select the American Daughter of 1950, Brown said, but information was received here too late to allow time for a local entry to be submitted. Beginning next year, the local winner will be entered in the national contest.

## Enumerators For Census Named

### CREW BEGINS WORK HERE TOMORROW

Shelly Lowe, Mrs. Tom Neville, Mrs. Tom Black and Estella Virgen have been named census enumerators, according to Buddy Norton, crew chief for Kimble and Sutton Counties.

Lowe and Mrs. Neville will take the county census, Mrs. Black will be city enumerator, and Miss Virgen will be Latin-American enumerator. The taking of the census will begin Saturday, April 1, Norton said, in asking the cooperation of all citizens in aiding the enumerators in filling out the forms. All answers are held strictly confidential Norton pointed out.

Agricultural questionnaires are to be filled out by the time the enumerator calls, but in case a ranchman has not received one, it will be furnished by the enumerator when he calls.

### Have Detroit Guests

Mr. and Mrs. B. J. Moore are the guests of his parents, Mr. and Mrs. Boyd Moore. The B. J. Moores are enroute to Galveston, where he will work. They have been living for the past several years in Detroit. Moore will leave for Galveston Monday and Mrs. Moore will remain here with his parents for several days.

Mrs. E. F. King of Marfa is the guest of Mr. and Mrs. Clay Puckett.

## Gist Named For S.C.S. Award

The Rev. Bomer B. Gist has been selected as the outstanding conservationist, not a landowner, in the Edwards Plateau Soil Conservation District.

Last year this honor went to Geo. D. (Sally) Chalk, for his interest in conservation and his efforts in assisting district co-operators to obtain scarce grass and legume seed.

In selecting Rev. Gist for this year's award the District Board of Supervisors cited Gist's activities in furthering sound land use practices, and his interest in the conservation program offered by the district.

This interest and enthusiasm he has transmitted to others and prompted many to action. He has helped explain the District Program and the benefits of good conservation ranching in quite a wide area, and his efforts have materially furthered the work done in the district.

Last fall Rev. Gist designed and built a small, portable grass seed harvesting machine with which he gathered many pounds of valuable grass seed. This seed he gladly distributed in order to hasten the range reseeding work so vital on many ranges. He also aided several ranchers in gathering seed from introduced grasses planted in cooperation with the district last spring.

In addition, Rev. Gist has helped the district in the preparation of displays, grass judging contest and the like.

As a result of this selection Rev. Gist will compete in the Fort Worth Press "Save the Soil and Save Texas" awards contest for the title of outstanding conservationist in Texas who is not an active farmer or rancher.

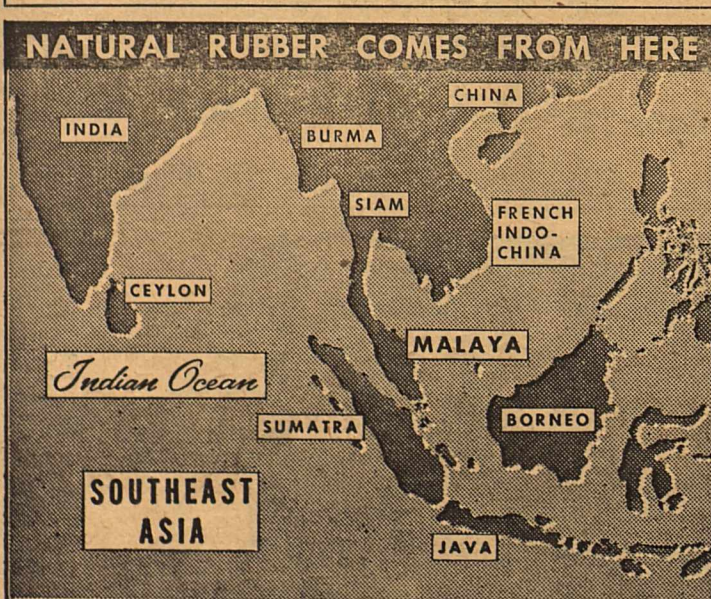

Rev. Gist has also been selected as the minister from this area, to compete in the Progressive Farmer contest to name "The Rural Minister of the Year for 1950."

## Wool, Mohair Contest Saturday

A practice wool, mohair, and grass judging contest will be held here Saturday morning at the Sonora Wool and Mohair Co. warehouse to familiarize 4-H Club and FFA contestants in this area with rules and proceedings to be used during the Wool and Mohair Show here in June.

J. A. Gray and Soil Conservation Service personnel will be in charge. Contestants from Bandera, Kerrville, Leakey, Rocksprings, Del Rio, Menard, Ozona, Eldorado, San Angelo, Mertzon, Iraan, Big Lake and Sterling City are expected to be here.

## Southeast Asia Supplies Needs Of World That Rides On Rubber

Over 90% of all the rubber grown in the world comes from billions of rubber trees in Southeast Asia. On rubber depends modern travel and communication—including automobiles, trucks, planes, telephones and radios.

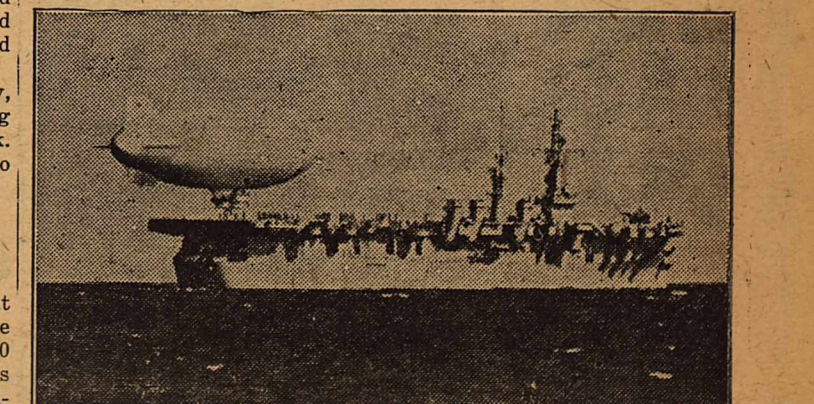

Recent events have turned the spotlight on Southeast Asia, stronghold of democracy in the East and the world's chief source of a raw material on which modern civilization depends—natural rubber.

A scant 70 years ago not a single rubber tree grew in this entire area, nearly as large as Europe. Today there are millions of acres of neat rows of high-yielding rubber trees which supply nearly all world needs for this elastic material. The United States alone used over 600,000 tons of it in 1949.

In addition to the large planta-

tions or "estates," which are financed and managed by European and American companies, there are over 400,000 small one-family rubber farms in Malaya alone which supply a "cash crop" for native Malays, Chinese, and Indian growers.

A booklet called "Natural Rubber and You" has recently been published by the Natural Rubber Bureau, Dept. N200, 1631 K St., N.W., Washington 6, D.C. It shows in photographs how natural rubber is grown in Southeast Asia. You can obtain a free copy by writing the Bureau.

HUNTER-KILLER TEAM TO DESTROY SUBMARINES—With the advent of post-war improvements, such as the snorkel underwater breathing device, the submarine has become an increasingly difficult target. In recognizing the seriousness of this problem the U. S. Navy is improving anti-submarine warfare weapons and tactics. Aircraft, including blimps, may operate from carriers of an anti-submarine task force. Airships fly around the clock, landing on deck of the carrier twice daily to shift combat crews, refuel and replenish stores. (Official Department of Defense Photo)

## Son of a gun

Pasture plants need a rest period to regain their vigor and to allow them to produce a seed crop. Now is the time to make plans for carrying out deferred grazing practices for this year, says A. H. Walker, extension range specialist of Texas A&M College.

### YOUR HEALTH

We do not all grow, develop, mature—nor do our organs degenerate—at the same rate, says Dr. Geo. W. Cox, State Health Officer.

"Today, a man of 60 may be as young, vigorous as the average man of 40. On the other hand, he may look and act like a man of 80, old, weak and miserable. A man of 60 may have a 40 year old heart, 50 year old kidneys and an 80 year old liver.

"The physical changes which come with age alone are not entirely decline, either. Speed of reaction does diminish, but endurance increases in certain capacities. As speed declines skill is increased with practice, and as strength declines, judgement increases. Automobile driving ability, for example, improves from 24 to 43 in the average individual and at 65 is superior to that of the 20's.

The length of deferment may vary from two to six months or longer depending on the rainfall, condition of the range and the kinds of grasses in the pasture. In areas of high rainfall where grasses get coarse and lose their nutrients upon maturity, a spring rest for vigor and a fall rest for seed production is best, says Walker. In north and west Texas where grasses cure well, a six months rest from May to November may be advisable.

He points out that many ranchers were surprised at the amount of grass that came back on their deferred pastures. Excellent moisture and good growing condition last year were contributing factors and many ranchmen found tall growing grasses in their deferred pastures that they had never seen before. The explanation, says Walker, the grasses never had a chance to grow up before heavy grazing got them.

More operators, he adds, are finding that there is a dollars and cents angle tied in with the deferred grazing practice and cites as an example the case of Mason County ranchman Elwood Kothmann. Kothmann, he says, has rested one pasture for three years during the growing season from May to November and has grazed it during the winter months. Last year this pasture produced 41 pounds of beef per acre on an annual basis and did it in just six months of grazing and Walker adds the grass is nearly waist high.

Walker suggests that you make plans to defer at least one pasture on the ranch this year. He says demonstrations have proved that deferred grazing is also a very effective aid in any range recovery program and with favorable weather deferred pastures have shown

"Normal human beings can grow mentally at any age. The worst of all old-age diseases is neglect. Many factors that help make a healthy, happy old age are (1) eating right; (2) regular physical examinations and (3) keeping physically and mentally active without overtaxing ourselves. There is a rapidly growing branch of medicine, known as geriatrics, that specializes in disease and conditions of the ageing.

"Don't wait until you deteriorate—consult your physician now!"

remarkable recovery.

The mild winter has brought out early the Lone Star tick. According to James A. Deer, assistant extension entomologist of Texas A&M College, rather heavy infestations are already showing up on cattle and in some areas lawns are heavily populated with the pests.

As cattle parasites, Deer points out these ticks are bloodsuckers and in addition to sucking blood, cause secondary damage by leaving raw wounds where the screw-worm fly can deposit her eggs. Earliness of treatment may aid considerably in combating the lone star tick, says Deer, and the animals should be sprayed or dipped when the ticks first appear.

If a dip is used, Deer says it should contain eight pounds of 50 percent wettable DDT and four pounds of 6 percent gamma BHC to each 100 gallons of water. For a spray, the DDT-BHC combination or 10 pounds of 40 percent wettable toxaphene may be used in 100 gallons of water. Either of the solutions will kill the ticks present and will protect the cattle against reinfestation for a period of two to four weeks.

Lone Star ticks in the lawn, says Deer, can be controlled by dusting the surface of the lawn with 10 percent DDT dust at the rate of one pound of dust to each 1,000 square feet of area.

The cheapest milk production comes from improved pastures followed by silage, hay and concentrates. A good dairy cow will return approximately 7 times as much income from an acre of improved pasture as will any other type of livestock.

Santa Fe handled a total of 32,251 cars in preceding week of this week.

**Record Baylor Enrollment**  
 An all-time record for the Spring Quarter has been set at Baylor University with the enrollment of 4,755 students. The number surpasses by 44 the enrollment of 4,711 chalked up in the Spring of 1949 for a record up to that time.

**DRIVE SAFELY!** — Give the pedestrian the right-of-way.

Cotton and peanut farmers will soon know what they can plant this year as a result of House and Senate approval of a compromise acreage bill sent to the President last week. More than 90 per cent of growers voted for acreage restrictions in a referendum last December.

As passed, the measure will assure the individual farmer that his cotton allotment cannot be cut below at least 65 per cent of the average he planted in cotton and war crops during 1946, 1947 and 1948, or to not less than 45 per cent of his highest acreage in such crops in any one of those three years. A ceiling of 40 per cent of tilled land for cotton is also provided.

Texas was discriminated against in the peanut allotments for 1949.

so we were able to get that corrected and provide for around 100,000 additional acres for peanuts this year, of which Texas will get about one-half.

The potato program was dealt with, restrictions being imposed and provision made that in 1951 any support for potato growers will apply only if marketing quotas are invoked. That should have been done long ago.

While the cotton acreage relief will not remove all the injustices, it will help our district by allowing about 40,000 additional acres for cotton this year over the allotments announced in December.

The new amendment, if it becomes law, will not materially increase cotton production over the nation this year. During the bumper year of 1949 a total of 27 million acres were planted in cotton. Under the new law the total will be cut to about 21 million. Next year it will probably be necessary to cut the acreage down to 17 or 18 million acres in order to curb the carry-over and keep the program on a sound basis.

**ECONOMY SIGNS**

The House rose up last week and repulsed two non-essential money bills which would have cost the taxpayers hundreds of millions of dollars. One, to dish out \$37,000,000 to help local communities finance a rural library service was defeated by only three votes. The other, to provide \$80 million annually (\$400,000,000 estimated eventually) to subsidize mining operations, was voted down by a margin of 20 votes. My vote helped to defeat both of these.

It seems to me that library service is purely local in character and should be financed by local communities and the various States, most of which are in better financial condition than is the Federal government. If Uncle Sam is to help on these things he must borrow the money because he is now operating deep in the red.

FOR SALE: House and lot. Reasonable price. Half block from Main Street. Phone 24171. 4tp22

**My Soil Conservation District**

By Turney Friess  
 Fourth Place Winner In The SCS Essay Contest

By mistake, the name of Turney Friess appeared in the by-line of the third place theme published last week. The third place theme was written by Joe David Ross, and the News wishes to congratulate his achievement. The theme published today was written by Turney Friess and was judged fourth in the recent soil conservation theme writing contest. — Ed.

The Soil Conservation Program in our area is called the Edwards Plateau Soil Conservation District. It was organized April 1948, and now has 83 ranchers as members covering 590,421 acres.

To organize a Soil Conservation District a petition signed by fifty or more landowners requesting formation is sent into the State Soil Conservation Board. The State Board holds a meeting to hear opinions of the local landowners and an election is held to determine whether they want a district.

The Edwards Plateau Soil Conservation District includes all of Sutton County and the northwestern one fourth of Edwards County. The District Supervisors are J. M. Vander Stucken, Frank Bond, Fred Earwood, Joe Brown Ross and Edwin Sawyer. The supervisors prepared a program which sets out the conditions and problems in the district and a plan which tells what is to be done to correct each problem.

The County Agent helps with the educational work of the district through the 4-H Programs. The Soil Conservation Service is helping the district by furnishing trained men to help the farmers and ranchers practice proper conservation on their ranches. The ranchers apply for assistance to

the board of supervisors. After the application is approved at a regular monthly meeting the Soil Conservation Service personnel make a date with the rancher. They look over his land, study his problems on soil, erosion, vegetation, water disposal and other conservation problems. With the rancher they work out a plan. The plan includes an aerial photograph of the land, erosion, kind of soil, condition of vegetation and the treatment for each piece of land. If the rancher is interested he helps carry out the plan. It is done completely at his own will. If the rancher needs help in running terrace lines, irrigation work, grass seeding, etc., the Soil Conservation Service gives technical information.

To be no older an organization than it is the Edwards Plateau Soil Conservation District has accomplished much. With the help and cooperation of the ranchers

they have already improved 123,888 acres of land; applied 1,491 acres of crop residue management, and seeded 822 acres of range. They have 1,785 acres in contour farming, 134 acres in cover cropping, 10.4 acres of improved irrigation.

The ranchers need to improve their range around Sonora by growing more desirable grasses such as little bluestem, sideoats, plains lovegrass, Texas cupgrass and Texas winter grass. They need to decrease bitterweed through management of grass. They also need to decrease oak, cedar, and mesquite. When the land is in good condition, it will soak up the water and less will run off to carry away the soil.

THE DEVIL'S RIVER NEWS

MRS. BARROW HOSTESS TO THURSDAY CLUB

Mrs. George Barrow was hostess to the Thursday Bridge Club at her home Wednesday afternoon. Mrs. Lee Patrick won high club score, Mrs. B. C. McGilvray, second high, Mrs. J. W. Trainer, low, and Mrs. Arthur Carroll, high guest.

Refreshments of cake and punch were served to the following: Mesdames John Bunnell, Patrick, Andre Truden, Carroll, Tom Darrow, Robert Rees, Lee Labenske,

FORTY-TWO CLUB MEETS THURSDAY AFTERNOON

Mrs. Lawrence Nichols entertained members of the "42" Club at her home last Thursday. Potted plants were used in decoration. Mrs. Robert Rees won high club score and Mrs. A. W. Awalt low score.

A sandwich plate and punch were served to the following: Mesdames Rose Thorp, R. V. Cook, Robert Kelley, H. V. Morris, O. G. Babcock, Ella Wallace, John Bunnell, Joe Berger, Rees, Awalt and Gene Lightfoot.

Miss Alice Karnes and Mrs. Fred Simmons attended the funeral of W. E. Hodges in Uvalde Wednesday.

Trainer, Joe Berger, O. G. Babcock and McGilvray.

Mrs. Johnson Hostess To Wednesday Club

Mrs. L. E. Johnson, Jr. entertained members and guests of the Wednesday Afternoon Club last week at the Ka-Bar Club. Mrs. Russell Davis won high club score, Mrs. Tom Darrow won high guest, Mrs. Andre Truden won bingo and Mrs. R. A. Halbert won the slam prize.

A salad plate was served to the following: Mesdames Edwin Sawyer, C. T. Jones, Jr., Rip Ward, E. D. Shurley, Hillman Brown, Dewitt Lancaster, H. C. Kirby, W. B. McMillan, Robert V. Kelley, Joe B. Logan, F. L. McKinney, Marion Elliott, Charles Browne, Dorothy Norris, Louie Trainer, Sam Karnes, Halbert, Darrow, Truden and Davis.

Mrs. H. V. Morris is in Jasper the guest of her daughter and husband, Mr. and Mrs. Tex Farr.

Entertain With Bridge Thursday

Mr. and Mrs. P. J. Taylor and Mr. and Mrs. George Wynn entertained last Thursday evening with a bridge party at the Sonora Woman's Club. An Easter theme was used and spring flowers and potted plants carried out the scheme.

High scores were won by Mrs. E. B. Keng and Andre Truden, slam prizes by Mrs. Charles F. Browne and J. A. Ward, Jr., and bingo prizes by Mrs. J. F. Howell and L. E. Johnson, Jr.

A desert course was served to the following: Messrs. and Mesdames Clayton Bray, Charles F. Browne, Ben Cusenbary, W. R. Cusenbary, Tom Darrow, W. H. Dameron, Leo Merrill, M. E. Gerich, R. A. Halbert, J. F. Hamby, L. E. Johnson, Jr., L. E. Johnson, Sr., E. B. Keng, Shelley Lowe, Edwin Mayer, J. F. Howell, W. B. McMillan, A. E. Prugel, Joe Brown Ross, Collier Shurley, E. D. Shurley, Andre Truden, R. C. Vicars, George Brockman, Libb Wallace, Rip Ward, J. A. Ward, Jr., A. E. Wells, Lee Fawcett, Sterling Baker.

Also Mesdames Carl Morrow, E. E. Sawyer, N. B. Wilson, Ella Wallace, Katie Brasher, R. A. Dullnig; Miss Alice Karnes and Dr. E. M. DeBerry.

There were 140,032,345 gallons of whisky bottled in the U.S. in 1949, about 1.3 per cent less than in 1948. Sales of whisky declined about 1 per cent, but sales of wine increased about 12 per cent.

Theologian To Speak Here Good Friday

Dr. Edmund H. Steelman will appear here April 7, to speak on "Women of Scripture." Dr. Steelman is being sponsored by the Women's Society of Christian Service of the Methodist Church. The talk will be heard at the church.

Dr. Steelman, Professor of Bible and Chaplain at Southwestern University since 1946, is in constant demand as a speaker before youth and church groups.

A minister of the Methodist Church, Dr. Steelman is now a member of the Southwest Texas Conference, having transferred from the New Jersey Conference

travels which include Europe, Palestine, Syria and Egypt, together with his rich experience as a professor and a minister, provide him with a background for presenting the work of the church from a truly comprehensive point of view.

He has taught in various church conferences, assemblies and institutions since coming to Texas in addition to serving on the staff at Pastors' Schools and the Town and Country Conference. While a minister in Philadelphia, Dr. Steelman was a regular radio preacher over one of the leading radio stations of that area. He served three years as Dean and Acting President of the Bible Institute of

Philadelphia. In addition to a heavy schedule, he finds time for writing numerous articles for religious and professional publications. He had a series of travel articles published in a church paper and has been a contributor to Religious Digest.

Miss Frances Drennan, a student nurse at the Jeff Davis Hospital in Houston, returned to Houston Thursday after a visit with her parents, Mr. and Mrs. Jack Drennan.

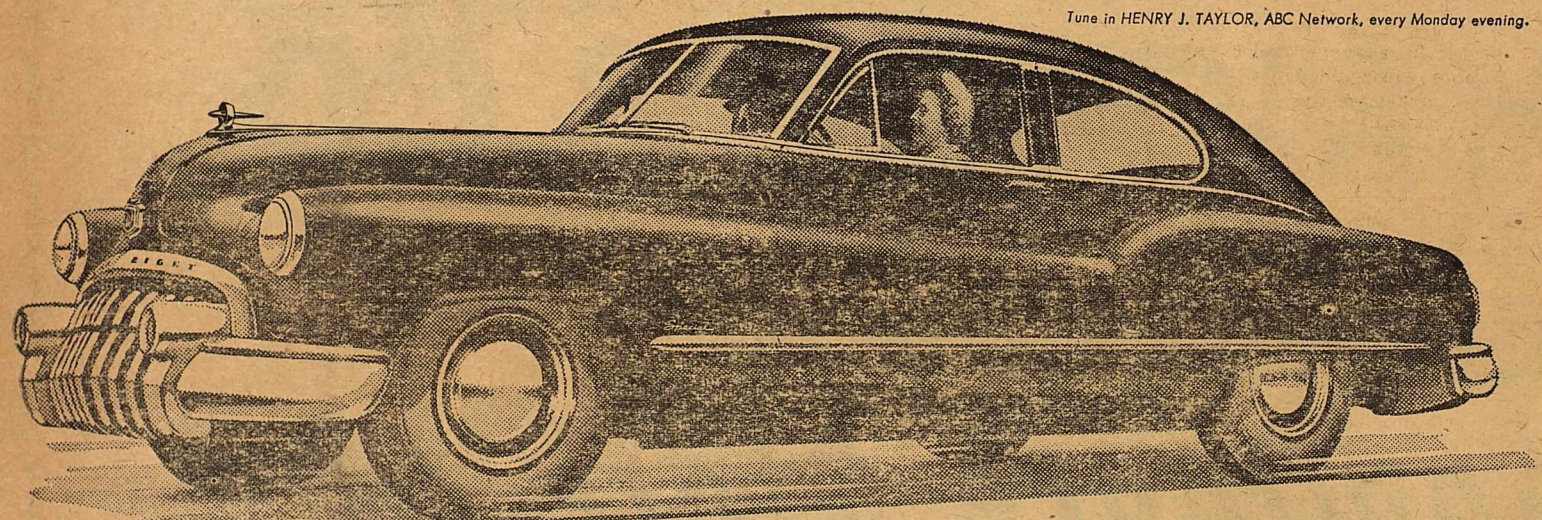

The American Legion has launched a national "Go to Church" movement, starting April 16.

Attend SOME Church Sunday.

Your Budget, too, says  
**"WELCOME SPRING!"**

How about it—got that "new-car" fever? Got a hankering to take hold of a brand-new wheel—touch off the power in a smooth, firm, lively new engine—set out to meet spring in fresh new styling and sparkling colors? Got a suppressed desire to make it really something good this time—and step away in a Fireballing new Buick,

with all its room and comfort and standout styling? Well—why not? You know there's no better buy you can make—and no wider choice than you're going to find among Buick's array of beauties for 1950. You know there's no livelier action—no smoother ride—no roomier comfort for the money than you'll find right here.

de luxe versions a bit richer in trim and outside finish. You can have a Coupe, two-door or four-door models—sleek-lined jetbacks or tourbacks with roomy luggage compartments. You can dress them up, if you like, with a long list of added equipment—including 1950 Dynaflo Drive\* for instance—or hold the list down to the essentials everyone wants.

Only BUICK has  
**Dynaflo**  
and with it goes:  
HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, double bubble-tailights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SAFETY-RIDE, from all-coil springing, safety-ride rims, low-pressure tires, ride-steady ing torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

And if you don't know it—we'd like to repeat this: If you can afford a new car, you can afford a 1950 Buick. The SPECIAL's prices start just above the lowest bracket. You can choose between thrifty standard-finish models—and

And your budget is going to find continuing reason to be content that you blossomed out in a Buick. For in the hands of owners, the SPECIAL is proving thrifty to run as well as thrifty to buy—and what more could you ask? Which suggests—why not see your Buick dealer now and ask him the exact details and prices, trade-ins, delivery and terms?

WHATEVER YOUR PRICE RANGE  
**"Better buy Buick"**  
Phone your BUICK dealer for a demonstration—Right Now!

**Coffee Cake is Luncheon Feature**

Cinnamon spiral coffee cake, hot from the oven, stars at a light luncheon of fruit salads and cheese.

When you plan menus around fruit platters and crisp vegetable salads, be sure to include one hot food at the meal. Hot pan rolls, yeast breads or quick coffee cakes are an excellent choice, for they satisfy hungry folks, and complete the menu nutritionally, too. These enriched breads are a good source of the B-vitamins and iron important for good health.

Cinnamon spiral coffee cake is a new member of the family of yeast breads. The home baker will enjoy making it, for it is easy to shape. A roll of the sweet dough is coiled round and round in a tube pan. Cinnamon and nuts go on each layer to make the bread spicy and good.

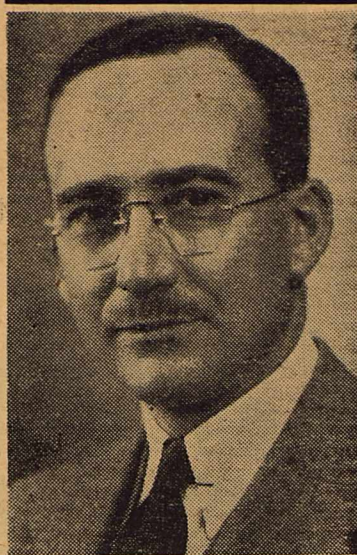

Serve cinnamon spiral coffee cake on a large plate, garnishing with stuffed prunes and cheese wedges. Cheese in the picture was cut with scalloped cookie cutter, then quartered. Complete the menu with fruit salads and baked custard.

**CINNAMON SPIRAL COFFEE CAKE**

- 1 package yeast, compressed or dry
- 1/2 cup lukewarm water
- 1/2 cup milk
- 1/2 cup sugar
- 1 teaspoon salt
- 2 tablespoons melted shortening
- 2 1/2 cups sifted enriched flour (about)
- 1 egg, beaten
- Melted butter or margarine
- Cinnamon-sugar
- 1/2 cup chopped nuts

Soften yeast in lukewarm water. Scald milk. Add sugar, salt and shortening. Cool to lukewarm. Add enough more flour to make a thick batter. Mix well. Add softened yeast and egg. Beat well. Add more flour to make a soft dough. Turn out on lightly floured board and knead until smooth and satiny. Place in greased bowl. Cover and let rise in warm place until doubled (about 1 1/2 hours). When light, punch down. Let rest 10 minutes. Divide dough in half. Roll under hand to 1 inch thickness. Coil around in greased ring mold 6 1/2 inches in diameter, brushing between each roll with melted butter or margarine and sprinkling with cinnamon sugar and chopped nuts. Bake in moderate oven (350 degrees F.) 30 minutes. Makes two cinnamon spiral coffee cakes.

**Army Recruiter Coming Tuesday**

Sgt. D. H. Dobbins of the San Angelo Recruiting Station will be in Sonora next Tuesday, April 4, to interview applicants for the U. S. Army or the U. S. Air Force.

Sgt. Dobbins states that even though the Army and Air Force are on a quota basis that all applicants that can qualify can be expected to be taken immediately. This is due to the fact that the population per square mile is low in this section of the country. Original enlistees for the regular army are now sent to Fort Ord, California for their basic training, prior service men are sent to Fort Riley, Kansas for reassignment. Original Air Force and re-enlistees are sent to Lackland Air Force Base, San Antonio, for training and re-assignment.

Sgt. Dobbins states that quali-

fied men now have better chances than ever to advance under the career plan where promotions are based on competitive examinations. Sgt. Dobbins will be at the Post Office some time Tuesday morning.

EXPERT Sewing Machine Repairing — Parts and supplies for nearly all makes. All treadle machines should be cleaned, rust-proofed, bearings and tensions tightened and adjusted each seven years. Electrics each five. This work includes minor parts, \$7.50. Free inspection. All work done at your home. Due to shortage of trained technical mechanics and parts for the machines, this will be the last trip. BEN POWELL SEWING MACHINE SERVICE will be at McDonald Hotel until April 5. 1tp24

Sanitation is mighty important to the turkey poul. Brooder houses, brooders and all brooder house equipment should be cleaned and disinfected before the poulters are put in the brooder houses.

**Bob Wills Hears Folks Tell Of Hadacol's Many Blessings**

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

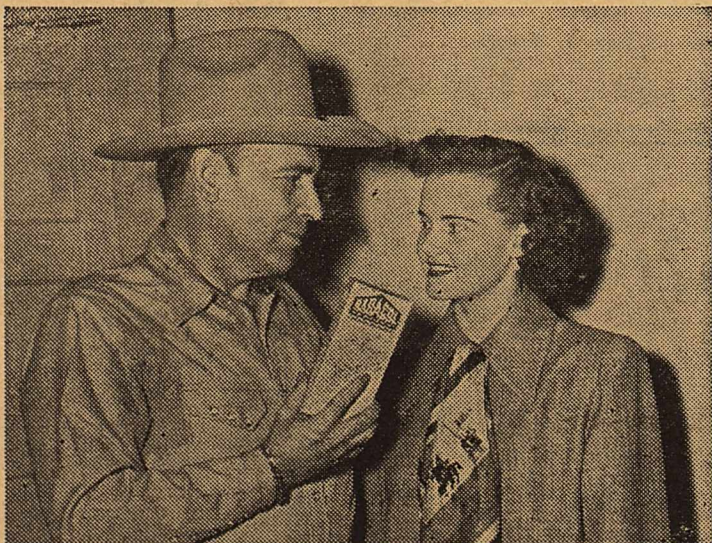

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Carol Jean White, 3636 West Park St., Oklahoma City, is a good example:

"One of the luckiest days of my life was when I heard Bob Wills tell about the wonderful blessings of HADACOL. I had lost my appetite, my energy was down. I suffered with gastric disturbances and indigestion. I took the advice of Bob Wills and took HADACOL. I felt better right off and have felt better and better as I have continued to take HADACOL. I now recommend HADACOL to my friends."

Miss White suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are

**Bob Wills Hears About HADACOL'S Blessings**

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Carol Jean White, 3636 West Park St., Oklahoma City, tells Bob how much HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands

have already been benefited by this amazing tonic, HADACOL.

So, it matters not who you are . . . it matters not where you live . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

## A LOOK AT THE BOOK

By DR. BOB JONES, JR.

PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

Fear! How it grips the human heart! How the grip paralyzes with cold terror! But for the Christian it is an emotion that never be felt. "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" (II Timothy 1:7).

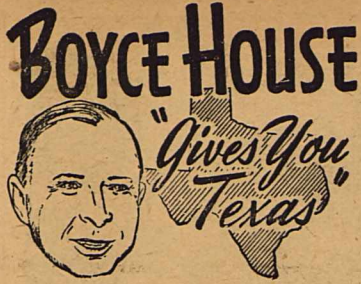

Fear and a sound mind are not found together. Fear makes a man act with unreasoning instinct, not with the logical accuracy of sound thought. Possessed by it, the mind cannot function accurately and

clearly. But love and a sound mind are a natural combination. Love stimulates life. Love motivates action and though along the highest planes. Pure love can move men to the finest of creative effort and artistic endeavor and tireless activity.

Fear can become man's greatest enemy. Shakespeare said, "Cowards die many times before their deaths. The valiant never taste of death but once." Love is an ally that never knows defeat. Even death itself holds no terror when love is by one's side.

The child of God is called to the "spirit of love," and he who lives up to that high calling is freed from the bondage of fear, for "perfect love casteth out fear" (I John 4:18).

Having experienced the love of God fully, there is no room left in the heart for fear. "God is love" (I John 4:8), and resting in Him all is calm and confidence. However alarming external conditions may be, however dreadful may appear the circumstances

Some men try advertising as the Indian tried feathers. He took one feather and slept on it all night. Next morning, he remarked, "White man says feather heap soft; white man heap fool."

People are always saying to an author, "Why don't you write about So-and-So? He is a story."

Everybody is a story. Not just the generals and the financiers, the bandits and the inventors, but everybody. Take any individual—he is born, he learns the difference between sunshine and shadow, between smiles and frowns. He masters the art of crawling and goes exploring. He takes the first faltering step and soon is running. He achieves the miracle of speech. He has the companionship of a dog; he goes hunting; he fishes; he plays and he fights with other boys.

He knows the love of mother and father, the comradeship of brothers and sisters, the repression of schoolroom, the joys of holidays, the anticipation of vacation, the long days of summer with the vague visions of boyhood. At last he grows up, falls in love, marries, has children of his with which one is surrounded, the Christian trusts unafraid in the love of God.

That God loves us is evident, "For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life" (John 3:1). A God who loves so greatly is not a God who will permit anything to come into the life of His child except what is best for him. And an all-wise God surely is a competent judge of what is best! As a child trusts the love of his mother and leaves the problems of his little life to her solution, so may the Christian trust his life to the keeping of a loving God.

We may not understand God's choice for us now. We may not know why He permits some things to cross our paths. We may not comprehend His perfect will when the clouds hide the sun and the tempest of sorrow sweep over us. But with "a sound mind" and perfect confidence, God's child rests in "the love of Christ, which passeth knowledge" (Ephesians 3:19).

## 46 Years Ago

George W. Stephenson bought the residence of Mrs. D. R. McDonald back of the Episcopal Church this week for \$1000. Besides the residence there is about 15 acres.

John Ward was up from his ranch Monday on business.

This week's News contains the announcement of R. H. Martin as a candidate for re-election to the office of Tax Assessor of Sutton County. Bob showed up in the last campaign as a known quantity own, beholds the footsteps of his

father and mother grow feeble and sees their eyes close forever.

He plows or runs a bank or works in a store or practices law or follows one of a hundred other vocations—and there are the thrills of success and the glooms of failure. His friends, one by one, are called away.

Then, as dawn is breaking or as evening shadows are falling, the story ends.

Yes, everybody is a story.

Envy is like a canker at the heart of a rose. It causes the petals of the flower to fall, its fragrance to fade, its very being to perish. Of all base emotions, envy is the most illogical and useless.

and expects to be re-elected. He invites investigation of his official conduct since he has been in office.

Frank Wyatt and daughter, Miss May, were in from the ranch Thursday for supplies and visiting friends.

G. W. Logan was up from his place on the Llano Thursday and reports another good rain.

Jim and Eli Kuykendall, the well known tank builders, came up from the Whitehead ranch Thursday to attend to some business.

J. C. Burnes, a prominent lawyer of Ponca City, was in Sonora last Saturday attending to some professional business.

Will Kesselr, known as Brigam, was in from Abe Mayer's ranch Thursday and had a good time

### JOE BURKETT RUNNING FOR CIVIL APPEALS BENCH

Judge Joe Burkett of San Antonio was in Sonora last Friday in the interest of his candidacy for Associate Justice of the Fourth Court of Civil Appeals. The Democratic Primary is to be held July 22.

Judge Burkett states that he has been practicing law for more than 30 years in all of the Courts,

**OVER ALL COMMANDER**—Lieut. Gen. Stephen J. Chamberlin commands the Joint United States-Canadian winter training exercises in the Yukon and Alaska. Working closely with Gen. Chamberlin are Maj. Gen. M. H. S. Penhale, commanding the Canadian Army's Western Command, and Air Vice Marshal Hugh Campbell, commanding the Royal Canadian Air Force, and Maj. Gen. Robert M. Lee, commanding the U. S. Air Force Tactical Command.

### H. J. ANTOINE SEEKS LEGISLATIVE POST

The Devil's River News is authorized to announce the candidacy of H. J. Antoine of Kerrville for election to the office of State Representative of the 86th District. Antoine (pronounced Antwine) is a retired real estate broker, 56 years old, married and the father of two grown children. He was born in Alabama and lived in Houston 20 years before moving to Kerrville four years ago.

He states that he believes presidential electors should be chosen by the voters at primary elections along with other public officials and NOT chosen by a small group of self-appointed political machine bosses in hotel rooms at convention as is done now. The convention system, adopted in 1778, no longer represents the people.

from Justice of the Peace to Supreme Court of the United States, and in addition thereto has served as County Judge, District Judge, and Special Judge of the Criminal District Court in Bexar County. He also stated he taught school as a young man in this western portion of Texas.

# Into thin air...

As any woman knows, even the best perfume will evaporate into thin air if the stopper isn't replaced properly.

It's the same way with money. On payday, you feel so wonderfully wealthy—but suddenly, if you don't watch out, your cash seems to be vanishing into thin air.

There's one good way to put a stopper on money-evaporation. All you do is sign up for the Payroll Savings Plan where you work (or if you work for yourself, join the Bond-A-Month Plan at your bank) and a certain amount is deducted automatically from your salary.

It's painless—you'll never miss the money. It's safe—you've got Uncle Sam backing up your investment. It's profitable—\$4 for every \$3 after ten years.

And what a happy feeling to know that a part of your salary is tucked away for the future!

Automatic saving is sure saving—U.S. Savings Bonds.
