Drive safely! Observe stop signs.

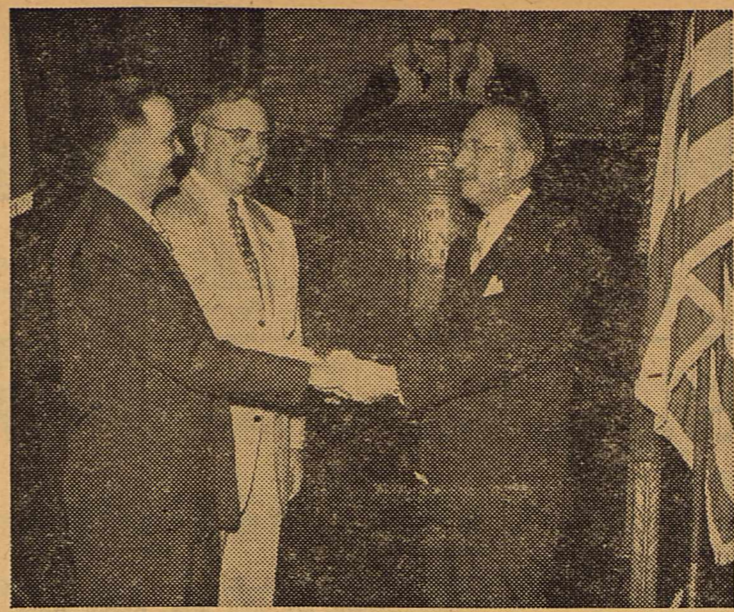

FOR TWO WEEKS NOW the House has mostly marked time, passed a few bills and watched the Senate for signs of activity that would point to an early adjournment.

Right now the best guess is that the session will end about August 1st, but that will depend on the Senate which always lags behind the House on legislation. There is no debate limit in the other chamber and some of the Senators are prone to be long-winded at times. Only last week one energetic Senator talked for 12 hours on one bill without sitting down.

The Senate leadership has promised another attempt to bring up the FEPC and how much time they'll kill on that is anybody's guess.

It's a funny thing. With some Democrats and some Republicans eyeing the November election and the negro and CIO votes, they spend hours blaming each other for not passing an FEPC bill, while very few if any of them

TEXAS PRESS BACKS U. S. INDEPENDENCE SAVINGS BOND DRIVE. Fred F. Florence, chairman of the Texas advertising committee of the current U. S. Independence Savings Bond Campaign and president of the Republic National Bank of Dallas (on right), thanks Van W. Stewart, president of the Texas Press Association and publisher of the Ochiltree County Herald, Perryton (in light suit), and Frederick I. Massengill, Jr., president-elect of the association and publisher of the Terrell Tribune, for pledge of vigorous support by the press of the state. Texas newspapers will bring the Savings Bond drive to the people through advertisements from business firms and individuals, and in news and editorial space. "The savings bond campaign transcends politics. It is a program in which all patriotic citizens may work together to gain personal financial independence and also aid in preserving our national freedom," Florence emphasizes. "U. S. Savings Bonds are helping to keep our military defenses strong. Money invested in them is money invested in the cause of peace. This is an appeal for an all-out effort to forestall a third World War—a total war—an atomic war. Besides this, the regular purchase of U. S. Savings Bonds by patriotic citizens means development of a program of thrift for every individual and the more savings bonds we buy the better it is for every community, as well as our country."

sincerely believe in the soundness of this vote-getting scheme. The proposal is kicked around and extolled as a panacea, and the crocodile tears that are shed by its sponsors would turn a small desert into verdant forest and almost float the battleship Missouri.

THE HOUSE LAST WEEK passed another rent control bill, continuing controls over rentals for 7 months. I voted against this measure. The war has been over for five years and I cannot justify arbitrary controls over what one segment of business enterprise can make while not doing the same to others. Why discriminate? If it's a good thing to control what a wage-earner can make, what a farmer or a sheep or cattle raiser can make? In other words, why pick on one group of our citizens who must, in operating their business, pay more for wages, more for the food they eat, more for repairs, paint, taxes upkeep and so forth?

Besides, individual States have authority to pass state laws controlling rents if they feel they are needed. Texas voted to abandon rent controls a year ago and is getting along very well without Uncle Sam imposing federal controls down there.

THIS BEING A POLITICAL YEAR, and Washington being the center of politics, trends are being closely watched and activities of political groups scrutinized these days.

Last week Phil Murray, boss of the CIO, called his 300 political leaders to Washington to whip them into a frenzy and launch a million dollar drive for his political war chest.

The CIO leader told his Political Action Committee (PAC) the money is needed to elect a pro-labor Congress this Fall and to defeat those who favor the Taft-Hartley Act. The latter, you will recall, makes labor unions subject to the same labor laws as employers.

Thus far this year the PAC has had a low batting score in primary campaigns, and they are obviously smarting from these set-backs. Money-raising attempts have been very disappointing to them. Their success in November will have a strong bearing on their "welfare state" program and the question of whether we are moving toward a lobar government in this country. Walter Reuther, a promising CIO leader, favors an outright Labor Party, but thers frown on the idea at this time.

AMONG OUR VISITORS last week were four Brownwood High School graduates and the school Principal, Mr. Leroy Preston. The students were Betty Bell, Virginia Hallum, Don Friend and Wayne Dean. They were a part of a group now on a conducted sight-seeing tour which included Washington

TEXAS MANUFACTURERS' DIRECTORY TO BE COMPLETED BY FALL

What company in Texas manufactures barn paint? In what Texas cities are children's clothing factories located? What is made in Texas, and how can we find out just where it is manufactured? So that an accurate and up-to-date listing of Texas manufacturers will be available, the Texas Bureau of Business Research is compiling

a new edition of its Directory of Texas Manufacturers. The 1950 Directory, the seventh edition since 1933 is expected to be completed during this fall. It will chart the many changes and expansions in Texas manufacturing that have taken place since the publication of the 1947 Directory. The new Directory will include manufacturers only. It will classify the factories by cities and by products. The name of the executive officer of each firm, the date of establishment, street address, products manufactured including trade names, territory served, and the number of employees will be shown. Questionnaires to be used in obtaining the information have been mailed to individual manufacturing plants, to chambers of commerce, and to postmasters in towns listed in the 1947 Directory. Texas manufacturers seeking new outlets for their products are urged to return their completed questionnaires to the Bureau or to the local chamber of commerce so that the name of their firm will appear in the new buyers' guide for Texas.

YOUR HEALTH

There's a lot of punch corked up in that little bottle of cleaning solvent out on the back porch. State Health Officer Geo. W. Cox called them "hazardous, when special precautions are not used." It seems that solvent vapors are heavier than air, which, means, according to Dr. Cox, that they will collect at floor levels. The danger of using solvent for such household chores as taking spots off the linoleum, or cleaning dirt or grease off the back steps, is that you have to get on your knees to do the job. And when you're on your knees, you're closer to the accumulation of solvent vapor. The state health officer proved his whole point with this story: A man attempted to remove the grease from the underside of his car by spraying it with a spray

"Mrs. America" Shines Car In 20 Minutes

Mrs. America—San Diego's Mrs. Francis Cloyd—shines her own car the new, easy way.

Science does it again. Any woman, anywhere in the world, can now make the family car bright as a mirror in about twenty minutes. It's quick and simple. The reason? Silicones! They were developed during the war. Most everything such as airplane ignition systems, and other motor equipment was protected from weather, rust and salt air corrosion by a coating containing silicones. They are anti-social. They hate dirt, grease, etc., and won't allow any of it to become a part of them. They're tough—heat and cold don't affect them. After many years of research, silicones have been successfully made into an automobile polish called Autobrite which is tougher than any car wax. The polish is just spread on and wiped off and the car stays brilliant for six months, needing only cold water sponging. The 4% solution of silicones in Autobrite is the perfect solution, according to scientists. In a single operation it cleans, polishes and protects.

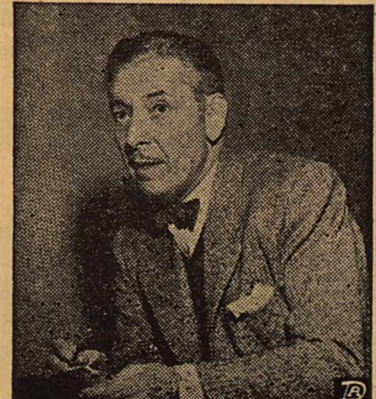

household furniture, or clothing. The idea is to get as much ventilation as possible. A fan blowing on the working area is helpful. **SUBSCRIBE TO THE NEWS**

Uncle Sam Says

Political independence, our "Declaration of Independence," was proclaimed to a young and vigorous nation on July 4, 1776, when citizens were summoned to Independence Hall plaza in Philadelphia by the stentorian tones of the historic Liberty Bell. The actual tone of the Liberty Bell will again be heard throughout the nation during the U. S. Savings Bonds "Independence Drive" May 15-July 4. This time it will peal forth a message of financial independence for the individual, a reminder to every citizen of the importance of savings and Savings Bonds. They make you better equipped to face the future, secure in the reality that yours will be a better, more comfortable future. U. S. Treasury Department

WEDNESDAY NIGHTS

For radio listeners and for students of mythical "Ivy College," Wednesday night becomes the liveliest night of the week when Academy Award winner Ronald Colman moves his "The Halls of Ivy" broadcasts to a new, Wednesday night (8:00 p.m., EDT) spot on NBC, starting May 10th. In the highly successful comedy show, which premiered in January of this year, Colman and Mrs. Colman co-star as college president "Dr. Wm. Todhunter Hall" and his unpredictable ex-musical comedy star wife, "Vicky."

LOUIN MARTIN, Agent

X Crossings should be Seen and not Felt

at your coming. Boulevards take on a new smoothness. You know what riding comfort is—why the Buick ride is called matchless. So how about it? Come climb into a Buick and see for yourself what we mean. You'll get a style-thrill and a power-thrill along with your ride-thrill—and a story on price that eliminates your last excuse for not traveling in the Buick manner!

WHEN the sign says "Stop, Look and Listen," the prudent driver does. But after that what? Must you still move forward at a cautious crawl or pay toll in jar, jitter and jounce? Not, good sir, when you're at a Buick's wheel. You step on the throttle, move easily, swiftly forward. Your wheels dance—your tires drum-roll over rail and plank. But four gentle coil springs, one on each wheel, are working their magic—and you hear rather than feel the rough spot you have crossed. So rough spots seem to level out

That, of course, is only one kind of rough going you can meet in your travels. It's only one kind of discomfort your Buick's built to master. For beside gentle coil springing, every Buick rides on soft, low-pressure tires. Every one is steadied by a rigid torque-tube. Every one boasts a rigid, weaveproof frame—soft, sure shock absorbers—even special engine mountings to minimize vibration. They can have the special added smoothness of Dynaflo Drive,* cushioning power-thrust in spinning oil. *Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT
 This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

**THURSDAY CLUB MEETS
WITH MRS. GLASSCOCK**

Mrs. Sim Glasscock entertained members and guests of the Thursday Bridge Club at her home last Thursday evening. Garden flowers were used for decorations and ice cream and cake were served.

High score for the members was held by Mrs. R. G. Nance, for the guests by Mrs. Ella Wallace. Mrs. O. G. Babcock had low score, and Mrs. H. V. Morris won the bingo.

Playing were Meses. C. A. Tyler, Lee Labenske, Paul Turney, Wallace, Robert Rees, Morris, Ed C. Mayfield, Babcock, Nance, John Bunnell, J. W. Trainer and B. C. McGilvray.

MISSIONARY UNION MEETS

Members of the Women's Missionary Union of the Baptist Church met in circles Wednesday afternoon.

Circle Y met with Mrs. Katie Brasher at her home and the meeting opened with a prayer. Meses. Lawrence Nichols, Reynolds and Boyd Moore were on the program. Twelve members attended.

Circle O met with Mrs. R. G. Nance. Mrs. Bob Odom opened the program with a prayer. Mrs. Bill Drennan gave a report on "Community Commission Work." Ruth Drennan gave a report on a trip the G A girls made to Christoval. Mrs. T. F. Kennemer closed the meeting with a prayer. Eight members were present.

Circle U met with Mrs. J. E. Eldridge. The meeting opened with the song "Give of Your Best to The Master." Mrs. Eldridge gave the opening prayer. Mrs. Rip Ward and Mrs. B. H. Crites presented the program. Circle U had twelve members present.

Mr. and Mrs. Tom Driskell have as their guests this week Mr. and Mrs. Ned Holmes and daughter, Jean, of Dallas. Holmes is a nephew of Driskell.

Mr. and Mrs. Henry Burkett and son returned this week from a vacation trip to Corpus Christi.

Miss Betty Sargent of Fort Worth is visiting her aunt and uncle, Mr. and Mrs. Dick Morrison.

**Nicholas - Barker Nuptials Read
Friday Night At Methodist Church**

In a double ring ceremony at the First Methodist Church last Friday evening, Miss Billie Joe Barker, daughter of Mr. and Mrs. Granville Barker, became the bride of Jack Donald Nicholas, son of Mr. and Mrs. Curtis Nicholas.

The Rev. W. H. Marshall, pastor, performed the ceremony before the altar decorated with shasta daisies and candelabra. Fern and daisies banked the chancel. Mrs. S. M. Loeffler, at the organ, played "Liebestraume," "Indian Love Call" and the traditional marches, and accompanied Mrs. Jack Ellingson who sang "I Love You Truly" and "Because."

Given in marriage by her father, the bride wore a white organdy wedding gown, designed with insets of eyelet embroidery. The tiered skirt extended to a fan-shaped train, and the shoulder-length veil fell from a crown of seed pearls. The bride carried a white lace fan with an orchid and stephanotis and showers.

Miss Raymie Jo McClelland, maid of honor, wore a green organdy gown, fashioned similarly to the bride's. Miss Peggy Sue Barker, sister of the bride, was gowned in orchid identical to the maid of honor. Both carried shasta daisies on lace fans and wore headresses of daisies on small hats. Alice Lee Duncan, cousin of the bridegroom, was flower girl and wore a yellow organdy dress. Gene Shurley served as best man and ushers were Sidney Awalt and Ralph Mayer.

A reception at Club KaBar followed the ceremony. At the punch

bowl were Miss Nina Smith, Mrs. Andrew Moore and Mrs. Nelson Stubblefield. Mrs. W. L. Miers and Mrs. Earl Duncan served the three-tiered cake which was topped with a miniature bridal couple. Miss Jane Neill registered the guests.

The bride's table was centered with an arrangement of shasta daisies in the bride's chosen colors of pink, yellow and green, flanked by pink candles. Quartet tables at which guests were served were each centered with small bowls of daisies.

Following a trip to Hunt, the couple will live here until September when they will go to Austin. There the groom will resume his studies at the University of Texas.

Both Mr. and Mrs. Nicholas are graduates of Sonora High School. The bride, who attended San Angelo Business College, has been employed by Sonora National Farm Lion Association for the past two years.

The bridegroom served in the army and attended Texas A&M and Texas Tech before enrolling in the University.

Out-of-town guests for the wedding included Mr. and Mrs. S. B. Wheeler and son, Richard, of Fort Worth and Morris and Charles Bein of Harper.

Mr. and Mrs. Granville Barker entertained members of the wedding party with the rehearsal dinner at Club KaBar Thursday evening.

Chrysler first introduced high-compression power! Chrysler still leads the parade in all that high-compression power can do for you! Come let Chrysler's Spitfire High-Compression Engine show you the difference! In traffic it's flexible and speedy! With plenty of power for the toughest hill! With a combination of advantages no other engine can offer . . . from automatic gear-shifting that gives you full control . . . to waterproof ignition that prevents stalling in rain or high water! But . . .

Chrysler power is only one of the built-in values all the way through the car! Come see beauty that has no equal for "come-on"! Drive! Compare! Relax! And we're sure you'll buy Chrysler from now on!

It's got more **GO!**

THE NEW YORKER 4-DOOR SEDAN

See it—drive it . . . there's built-in value all the way through!

Advantages of Chrysler's High Compression Spitfire Engine!

Waterproof Ignition—prevents stalling in rain or high water! Lubricated Cylinder Walls—chemical protection for increased life. Floating Power—helps eliminate vibration. Superfinished Parts—reduce friction, last longer. Exhaust Valve Seat Inserts—reduce need for valve grinding! Full Flow Oil Filter—keeps oil clean!

Advantages of Chrysler's Fluid Drive

Automatic Gear Shifting—with full control of your car! Better traction—safer no slippery roads. Convenience of clutch for easier parking. Slower Engine Speeds—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.

Chrysler's Advantages in Comfort and Safety

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! Safe Guard Hydraulic Brakes—smoother stops, less pedal pressure. Cyclebonded linings for double the wear. Electrically Operated Windshield Wiper—constant speed all the time! Chair Height Seats—no crouching, you sit naturally! Safety Rim Wheels—won't throw tires after blowouts at normal speeds.

What's going on in Sonora..

Out-of-town observers say that the Sonora Lions Wool and Mohair Show is the biggest and best in the nation. This year's show is a record breaker with 1,087 fleeces of wool weighing over 10,000 pounds and 266 fleeces of mohair being shown. . . . The Methodist Church will have a watermelon supper Sunday night at 8 o'clock on the church lawn and singsong afterward. . . . Gene Robinson, Corner Drug Store pharmacist and Lions Club Tail Twister, has accepted a job with the Angelus Pharmacy in San Angelo and will leave July 1. His place will be taken by Eldon Caulk, native of Coleman, and a 1950 graduate from the School of Pharmacy, University of Texas. Caulk, who is 6 feet, 6 inches tall, will easily be the tallest man in town. A veteran of the Air Force, he is married to a registered nurse and they have a 6-year-old daughter who will start school here in

September. . . . A grass fire near the house owned by Clyde Henderson in West Sonora, burned off about a block of grass Wednesday. . . . Another grass fire near the Joe Lancaster house Monday was out before firemen arrived. . . . 330 people registered at the Sheppard's store opening Saturday. Mrs. Lloyd McMullen won the bedspread, Mrs. Mary Lee Ellington won the blanket and Marino Martinez won the sheets. . . . Tyree Hardy, next year's drum major, and twirlers Peggy Willman, Carnie Sue Wyatt, Betty Sue Allen and Pat Glasscock left Sunday to attend a short course for twirlers at T. C. U. They will be met in Fort Worth by H. R. Hay, Sonora band director who is studying at T. C. U. this summer. They expect to return Sunday. . . . Mr. and Mrs. Howard Millican, Mr. and Mrs. M. C. Scott, Mr. and Mrs. R. G. Nance and Bobby Scott and Billy Bryan

Savell left Thursday to attend a butane dealers meeting in Fort Worth. . . . Dan Cauthorn was the last county candidate to file for office, having submitted his name to the county committee last Friday. He is running unopposed for reelection as county commissioner, Precinct 2. . . . Ralph Tipton left Wednesday for a month's stay in California. . . . Tom Cooper is here visiting his brother, Alfred. . . . Mrs. H. F. Shaw and children, Bill and Betty, of Beaumont are visiting the J. W. Nevilles. . . . Mr. and Mrs. John Shoemaker and son, Daniel Haynie, of LaCrosse, Wisconsin, are visiting her parents, Mr. and Mrs. G. H. Davis, who also have as their guests Mr. and Mrs. L. C. Cody of Dallas and Mrs. C. L. Mathis of Hamilton. . . . Mr. and Mrs. Ray H. Hynds of Port Isabel spent a few days this week with the Norman Davises. . . . George Barrow played in the civic club golf tournament in Junction Sunday. He and another Lion beat a couple of Rotarians. . . . Mrs. Annie Sharp, Mrs. Theresa Friend, Mrs. G. P. Hill and Mrs. W. D. Krings attended a barbecue Tuesday at Carta Valley given for Mr. and Mrs. Buck Bishop on their Golden Wedding Anniversary. . . . Mrs. Marvin Burt of Van Nuys, Calif. visited her cousin, Mrs. Tom Driskell here last week.

Mr. and Mrs. Salome Perez are parents of a son, David R., born Friday night here. The baby weighed 9 pounds.

ATTENTION: Many men and women are being held back in establishing. Let us put you in business supplying customers with Rawleigh Products in the town of Sonora. No capital needed to start. Write Rawleigh's, Dept. TXE - 1730 - 272, Memphis Tenn. 5tc33

Planning a party, luncheon, buffet or banquet? Why worry with it. Let Mrs. Gallemore, your school dietician, handle it. Dial 22581. 3tp34.

Retail Sales In Gradual Climb

Preliminary tabulations placed Texas retail sales at \$445,387,000 in May, a 7-per-cent gain from April, the Texas Bureau of Business Research reported. In comparison with May 1949, state retail sales climbed 11 per cent in May 1950.

Durable goods store sales stepped up 13 per cent from April and rose 19 per cent from May of last year, while sales of nondurable goods stores increased 3 per cent from April and 5 per cent from May 1949.

All types of durable goods stores registered sales increase in May from the previous month. Jewelry stores turned in the largest gain in the durable goods group—23 per cent; followed by sales increases in farm implement stores, 22 per cent; furniture stores, 16 per cent; motor vehicle stores and hardware stores, 13 per cent; lumber and building material, 11 per cent; and household and appliance stores, 7 per cent.

Except for a 9-per-cent decline in household and appliance stores, 1 durable goods stores tallied increases over their May 1949 sales. Motor vehicle sales were up 26 per cent in May 1950 as compared with May 1949. Sales of lumber and building material rose 23 per cent; farm implements, 16 per cent; furniture, 9 per cent; hardware, 5 per cent; and jewelry, 1 per cent.

Filling stations, up 12 per cent, turned in the largest increase in sales in the nondurable goods group in May from April, followed by department stores, 8 per cent; office, store, and school supplies, 7 per cent; eating and drinking places, 4 per cent; apparel and drug stores, 2 per cent; and florist shops, 1 per cent.

Monthly declines were recorded in sales of general merchandise and country general stores, 1 per cent, and in food stores, down fractionally.

Doris Gill Bishop of Junction is the guest of her aunt and uncle, Mr. and Mrs. Leonard Caldwell.

MRS. MCGILVRAY HOSTESS TO FIREMEN'S AUXILIARY

Members of the Firemen's Auxiliary were entertained at the first station by Mrs. Bill McGilvray last Wednesday night. High score for "42" for members was held by Mrs. Artie Joy, low by Mrs. J. A. Martin, Jr., and high guest by Mrs. Ed Grobe. High score for bridge was held by Mrs. A. H. Adkins, low by Mrs. Stanley Hauser and Mrs. Walter Gulick of San Antonio held high guest score.

A salad plate was served to Mmes. George Barrow, Hauser, Carl Cahill, Adkins, Edwin Thompson, Shelby Kerbow, Gulick, Wes Granger, Joy, Martin, Gomer Minnick, Ervin Willman, Tommy Smith, Dayton Cain and Grobe.

A 22-acre oat pasture at the Brazos River Field Laboratory of the Texas Agricultural Experiment Station near College Station furnished good grazing during the past winter for 85 steer calves for 94 days and for 88 cows and 30 calves for 21 days.

Drive home the facts...
and you'll drive home in a new Chevrolet

There's nothing like making your own tests—getting your own facts—and being your own judge of value before buying any product!

That's why we invite you to come to our showroom, take out a new Chevrolet without any obligation whatever, and learn from your own experience why more people buy Chevrolets than any other make of car.

Look at the new Chevrolet from every angle! Let

your own eyes tell you it's more beautiful . . . inside and out! And then press the accelerator, glide forth and experience a combination of driving and riding ease, performance and economy, and roadability and safety exclusive to this one low-priced car!

Yes, we cordially invite you to drive home the facts of Chevrolet superiority in your own way and at your own pace; for we know when you do this you'll decide to drive home in a new Chevrolet!

Come in . . . drive a Chevrolet . . . and you'll know why
it's first and finest at lowest cost!

Corn on the Cob
Drop corn, ear by ear, so as not to disturb the boiling, into a large quantity of boiling water - salted. (About 1½ t. salt per quart water). One tablespoon or more of sugar added to water improves flavor of corn. Boil in covered container 7 to 10 minutes. Serve at once.

Clover plantings made this spring are doing very well. Weed competition is bad in some plantings and seems to be holding the clover back to some extent. Satisfactory stands have been reported by Duke Wilson, R. A. Halbert and Lea Allison.

Idaho leads all states of the Union in the production of silver and zinc.

Looky, Looky, Looky...

"...here comes cookie!" "Cookie" is scarcely the term to apply to these glamorous little Coconut Marshmallow Treats—they deserve a much fancier one. However, there is nothing fancy about making them! They couldn't be simpler! The beverage you serve with them should be equally glamorous, so why not try tall, cool Mocha Floats. They are quick and easy to make, too, if you use the wonderful new 4 in 1 instant cocoa mix. What a treat—for a planned party or for the friend who drops in casually on an afternoon!

And, by the way, with this instant cocoa mix, you can meet daily dairy food requirements of growing bodies, as well as small fry demands for chocolate milk shakes, with no trouble at all. And for additional nourishment, you'd better keep the cookie jar well stocked with tempting Spicy Oatmeal Cookies that have in them sugar and spice and coconut nice!

Coconut Marshmallow Treats

Cut marshmallows in halves. Dip cut-side in shredded coconut. Place, coconut up, on graham crackers. Bake in moderate oven (350° F.) about 10 minutes, or broil under medium heat until delicately browned.

Mocha Float

¼ cup cold Chocolate Sauce
1 cup chilled milk
Coffee ice cream
Combine chocolate sauce and milk and blend well. Pour into tall glass. Add ice cream and serve at once. Makes 1 serving.

Chocolate Sauce: Combine 1 cup instant sweet cocoa mix and a dash of salt in saucepan. Add 1½ cups hot water. Place over medium heat, bring to a boil, and boil 4 minutes, stirring constantly. Remove from heat, add 2 tablespoons butter, and mix until smooth. Makes 1½ cups sauce.

Spicy Oatmeal Cookies

2 cups sifted flour
1 teaspoon soda
1 teaspoon salt
1 teaspoon cinnamon
1 teaspoon nutmeg
1 cup sugar
1½ cups rolled oats
1 cup shredded coconut
2 eggs, well beaten
¾ cup melted butter or other shortening
½ cup milk
1 teaspoon vanilla

Sift flour once, measure, add soda, salt, spices, and sugar, and sift again. Add rolled oats and coconut and mix well. Combine eggs, shortening, milk, and vanilla and add all at once to dry ingredients. For cookies with a rough appearance stir batter until ingredients are just blended. Or beat well for smoother, cake-like cookies. Drop from tablespoon on ungreased baking sheet 2 inches apart. Bake in moderate oven (350° F.) 15 to 18 minutes. Makes about 3 dozen large cookies.

Humble Opens
New Pipe Line

The first oil from Kemper Station in West Texas arrived Tuesday, June 13 in Satsuma, 20 miles north of Houston, through Humble Pipe Line Company's new 18-inch line. R. V. Hanrahan, president of Humble Pipe Line Company, pushed the button that opened the valve that allowed the oil to flow to tankage. Other Pipe Line executives present for the opening ceremonies were: O. Q. Lomax, vice president; A. E. Payne, superintendent of the Southern Division; W. S. Spangler, assistant superintendent; H. C. Evans, Tomball District superintendent; and H. H. Hetzler, chief engineer at the Satsuma station.

The oil was started from Kemper, near Big Lake, on May 25, while construction was still going on at the eastern end of the line. The oil was moved slowly toward the coast for it was displacing water that had been run through the lines at high pressure for testing purposes. It took 576,211 barrels of oil to fill the line.

Construction of the direct 370-mile line began on December 13, 1949, and was completed on May 28, 1950. The line, which cuts 52 miles off the old route, passes through sixteen counties: Reagan, Crockett, Schleicher, Menard, Kimble, Gillespie, Mason, Blanco, Hayes, Travis, Bastrop, Lee Fayette, Austin, Waller and Harris.

In the past, the oil was moved through a system of small lines that "just grew" as new fields were discovered. This led to inefficiency and top-heavy operating costs. In the face of these rising costs, increased postwar competition, and the need for additional capacity, the new line was called for. It is expected that this line will reduce operating costs and place Humble in a better competitive position among other carriers by having a shorter route, larger pipe to carry more oil, and fewer pump stations.

Several innovations were used

Robert Massie Co.

Funeral Directors, Embalmers

Superior Ambulance
Service

Phone 4444

Day or Night

SAN ANGELO, TEXAS

in the construction of this new \$15 million pipe line. For crossing rivers the pipe was coated with a thick layer of special cement to make it lie stationary in ditches dug or blasted in the river beds. Special four and six-unit gang drill rigs were used to drill shot holes for explosive charges.

Soon to be put into operation is the longest microwave radio relay system in Texas. This communication system is virtually a telephone system without wires. Messages sent by dispatchers will be beamed across country through a series of repeater stations.

Present capacity of the line, with only the Kemper station pumping, is 85,000 barrels of oil a day. With the addition of three intermediate stations at Eckart, Ft. McKavett, and Warda, 135,000 barrels a day can be delivered. This is nearly three times as much as the old system carried.

Not one single particle of a shark is wasted. These fish yield 20 commodities.

It's the best—
Electric Cooking
has advantages for all!

Better for you

FAST . . . electric "speed-units" now cook faster than any other method. They bring food to cooking temperature with unbelievable speed, and cook it at just the right temperature for the most flavorful and nutritious results.

COOL . . . the heat goes directly into the food and not into the air and kitchen. The days of hot, stuffy kitchens are over when you use flameless, clean electric cooking.

SIMPLE . . . as turning on your kitchen light. A flick of the switch and you're ready to cook. Baking, broiling, roasting, surface, deep-well, and pressure cooking are all equally simple.

AUTOMATIC . . . you've got a thrill coming when you can take the afternoon off, and have your supper ready for serving when you return. Electric cooking's automatic timing will "chef" for you, turning your oven on and off at just the right time, while you are enjoying a game of Bridge or Canasta.

Better for your home

CLEAN . . . you have freedom from combustion. No smoke, soot, fumes, or odors can come out of an electric coil to make your kitchen walls dark and dingy. This clean, flameless heat helps keep pots and pans bright, too.

CONVENIENT . . . once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods, as old-fashioned as flame lamps.

MODERN . . . electricity is as dependable a servant for cooking as it is for lighting your home. Yes, today, the modern way to cook is the "electric way."

LONG LIFE . . . your electric range is built to be a permanent part of your home. You have a right to expect—and you will get—many, many long years of cooking pleasure.

Better for your family

SAFE . . . no matches, no fire, no fumes to bring hazards into your kitchen. Since electric cooking is flameless, no oxygen is removed and the air is not over-charged with nitrogen to sweat up the walls.

HEALTHFUL . . . less water is used when cooking electrically; foods cook in their own juices, retain garden-fresh flavor and food values which are so often lost and carried off with the fumes of combustion in other methods of cooking.

ECONOMICAL . . . there's no wasted heat with electricity. Faster than ever, electric cooking gets the job done quicker and low-cost electric cooking rates bring operating costs way down.

MORE FREEDOM . . . your electric range requires less attention from you in the kitchen; its automatic features free you to devote more time to your family, more time to the pleasures of life. Its gleaming porcelain is so easy to keep clean . . . you'll be out of your kitchen in a jiffy after mealtime.

See Your Electric Range Dealer Today!

LITTLE THINGS about the Stars

TELEVISION - RADIO - HOLLYWOOD

By GEORGE LILLEY

HOLLYWOOD—Why are Mr. and Mrs. teams so successful in radio when double harness in the movies often leads straight to the divorce court? Mr. and Mrs. Ronald Colman, whose show "The Halls of Ivy," Friday nights, NBC, is one of the season's top radio clicks, have been thinking it over. "Actors tend to live their parts off screen," says Colman. "After a 12-hour studio day, we become so absorbed in our roles, it is hard to shed them when we get home. When two partners are emoting by the fireside—murder!" There is yet to be a divorce among topflight radio couples. "Radio gives a common interest," Benita Colman adds, "yet lets man and wife live a normal life. We come to Hollywood twice a week—rehearsal and broadcast. We are home for dinner, back in this world, at the usual hour. There is no actor hangover."

Benita Colman . . . no hangover

MEET CORLISS

Janet Waldo: Beautiful and bright radio star. Janet plays the title role of "Meet Corliss Archer" (Sunday evenings, CBS), one of the year's surprisingly successful programs in the Hooperatings. The young actress came to Hollywood from the University of Washington in '42. After making the rounds of the "no casting today" signs, Janet took a different tack. Simply walked backstage at a rehearsal, introduced herself, got an audition and a minor role in support of Merle Oberon. Since then she has appeared on most of the major dramatic programs out of Hollywood. Quiet, serious, Janet designs her own clothes, cooks, sews, rides horseback, skis. Husband, radio writer-producer Robert E. Lee, thinks she is about the greatest little actress there is. So do a lot of "Corliss" fans.

Very Little Things

"We the People," the radio-TV program (Friday nights, NBC), for one of the few times in its 13-year history, devoted its entire program to one subject. The occasion was a behind-the-scenes view of the circus at its winter home, Sarasota, Fla. A back-scenes highlight: an ex-Philadelphia artist-advertising designer, Martha Hunter. Her unique job: 24-hour a day "mother" to two baby gorillas—Gargantua II (14 months old, 18 lbs.), Mlle. Toto (about nine months old, 15 lbs.). Two of six in captivity, the babies (cost: \$10,000 each), sensitive and introverted, must be brought up with constant care and affection. Miss Hunter sleeps in the same room with the pair, spends most of her waking hours with them in their nursery, stocked with baby chairs, tables, spoons and children's toys.

Martha Hunter Gargantua II . . . and "babies."

SMOCKS FOR SUGARPLUMS

For a growing array of arty tiny tots, the nation's biggest contest is on. The kids of radio's "Juvenile Jury" (Sun. afternoons, Mutual) are conducting a real old Bohemian art competition, "Art for Art's Sake," in which any child not yet 12 may enter drawings. Any subject is permissible in any medium—crayon, pencil, water color, oil, ink. Emcee Jack Barry advises there is no limit to the number of entries; kids may submit as many drawings as they like. Prizes are art supplies for both the schools of the winners and themselves. Professional artists are the judges: Norman Rockwell, Earl Oliver Hurst, John Groth. Entries may be mailed to "Juvenile Jury Art Contest," Box 710, New York 46.

Jack Barry . . . all for art

FAVORITES AMONG TCU FRESHMEN—Selected from among all the coeds in the freshmen class at TCU, Miss Beverly Herrin (left), Vernonia, Ore.; Miss Jo Ann Ruby (center), Lufkin; and Miss Ursula McDermott, Lufkin, are three of the 12 coeds named as "Favorites" at the University. Three girls and three boys were selected from each of the four classes and announced in the 1950 Horned Frog, University yearbook.

Don't try it,
lady!

No matter how hard you try—you can never push back the clock.

It's smarter to go along with it—and face the future—secure in the knowledge that you're preparing for it now.

And the best way we know to prepare for a secure future is to save today. But save regularly, automatically. Save a safe, sure, easy way. The U. S. Savings Bonds way! It's as simple as this . . .

Just buy your U. S. Savings Bonds on the automatic Payroll Savings Plan at your place of business. Or . . .

If you're not on a payroll, buy them at your bank on the Bond-A-Month Plan.

Remember every \$30 you put into U. S. Savings Bonds today—will be worth \$40 in 10 years.

Automatic saving is sure saving—

SERVING SUTTON COUNTY 50 YEARS

Every HELLO is a "GOOD BUY"

Yes, every telephone hello is a "good buy," and in countless different ways. It can be a good buy in convenience—a good buy in pleasure—a good buy in business—a good buy in peace of mind. In any case—in every case, your telephone is a bargain. And its value is increasing daily.
