Published in Sonora, Texas - "The Capital of the Stockman's Paradise"

SIXTIETH YEAR

Sonora, Texas, Friday, September 29, 1950

FIFTIETH WEEK

Corporal Tony Adams, above right, son of Mr. and Mrs. S. E. Adams of Sonora, reported to his parents last week that the jet fighters planes, like the one he and his companions are preparing to arm, are doing plenty of damage to the retreating North Korean. Adams is crew chief of the plane.

## Band Parents To Handle Game Concessions

The Band Parents Club will handle all concessions at football games for the remainder of the season, it was decided at a called meeting held Tuesday night. S. M. Loeffler is president of the organization.

The club will sell soft drinks, hot dogs, candy, coffee, cake and sandwiches. This afternoon there will be a sandwich sale on the sidewalk by the Corner Drug Store. Profits from these sales will be used for equipment and other band needs, according to H. R. Hay, director.

Tentative plans have also been made by the club to handle food and soft drinks concessions at the race meet here next weekend. It is also possible that the band may play there Saturday and Sunday. Hay announced that the band will attend the University of Texas - TCU football game in Austin October 15, and will tour the capital city Sunday. The group will march in a parade in Austin Saturday and will take part in a serenade of the Governor.

The Band Parents Club also voted to furnish transportation for band members to out-of-town games.

## JUNIOR TEAM WINS OVER IRAAN 13-0

Victorious in their first contest against the Mason Junior team, the Sonora Juniors took on a little more experienced team last night when they tangled with the Iraan junior team. The score was 13-0 in favor of the Broncos. Their next game will be played on Thursday, October 5, when they play the Reagan County Owlets here.

Feature attraction of the 1950 State Fair of Texas livestock show will be the All-American Jersey Show and Junior Jersey Exposition, world's largest cattle breed show.

## Broncs Bounce Kerrville B 39-0; Play Reagan First District Game

A greatly improved Bronco football team bounced back from the 13-6 licking it took from Robert Lee last week, to take the measure of the Kerrville B team, 39-0.

Defensive line charging, fewer offside and backfield in motion penalties and better reaction to signal calling made for smoother all-round play by the Broncos.

Henderson opened Sonora scoring with a run for the first touchdown and a pass from Baldwin for the second. Two outstanding runs of the game went for touchdowns and were made by Carroll, who took a pass and went 60 yards for the score, and Mike Gonzales, who ran through a beautiful hole opened by Sonora's forward wall for 65 yards and another score.

Tackling was still too high, downfield blocking weak, but the team was definitely improved over the Robert Lee game. Blockers also left the blocks too soon to make them effective.

The charging of the defensive line showed the best playing of the game, with Scott and Sanchez doing some good work.

Tonight the Broncos open their district play against the Reagan County Owls from Big Lake. Three men on the Bronco injured list will probably see light duty if any. These are Savell, who has a pulled back muscle, Schwiening, who injured his knee, and Mike Gonzales, who got a charley horse in Friday's game.

## Students Elect Class Officers

Officers for the Sonora High School classes were elected last week.

Grades and the officers elected are as follows:

Eighth grade — Betsy Ross, president; Tracy Crites, vice president; June Henderson, secretary-treasurer; and Albert Ward, reporter.

Ninth grade — Jodie Minnick, president; Robert Guest, vice president; Ora Crites, secretary-treasurer; and Bill Ratliff, student council representative.

Sophomore class — Billy Scott, president; Bobby Scott, vice president; Johnnie Johnson, secretary; Patsy Drennan, treasurer; and Joe David Ross, student council representative.

Junior class — Jack Raatliff, president; Inez Chalk, vice president; Bobby Drennan, secretary; Billy Savell, treasurer; and Myrtle McKee, student council representative.

Senior class — Fred Adkins, president; H. W. Kile, vice president; Peggy Ann Willmaan, secretary; John F. Howell, Jr., treasurer; and Blanche Taylor, student council representative.

Cheer leaders will be Onita Smith, Ora Crites and Bobby Drennan.

Members of the Bronco staff are: Jackie Gwen Wardlaw, editor; Charles Lee Haines and H. W. Kile, sports writers; Anne Karnes, society editor; Tyree Hardy, associate editor; and Carlene Peeples, cartoonist. Other staff members are: Blanche Taylor, Martha Renfro, John Hamby, Billy Scott, Peggy Barker, Peggy Reiley, Flora Dell Davis, Onita Smith, Betty Drennan, Geraldine Peitchinsky, Fred Adkins, Mary Turman, Carnie Sue Wyatt, Inez Chalk and T. M. Harvey, sponsor.

## Glasscock Gives Football Award

Edgar Glasscock has again donated the Glasscock Sportsmanship Award, given to the district football team which during the year exemplifies the best sportsmanship. It is a traveling award and will be permanently owned by the first school which wins it three times. The trophy stands thirty inches in height and is composed of a regulation size gold football mounted on three three columns. A good football player stands on the base. At the end of the year each district team will send in its choice for first, second and third place.

Bands, floats and colorful special features will make up the spectacular Parade of Decades, presented nightly during the 1950 State Fair of Texas Mid-Century Exposition, Oct. 7-22.

## - Stock News -

C. T. Jones has been receiving calves this week at the stockpens. He received 670 Hereford steer calves averaging 504 pounds, 369 Hereford heifer calves averaging 470 pounds, 445 Angus steer calves averaging 479 pounds and 368 Angus heifer calves which averaged 463 pounds. Jones contracted these at from 26 to 30 cents per pound. The steer calves brought 28 cents and the heifers 30 cents.

The Hereford calves were bought from Moore and Neill, Harold Friess, Aldwell Brothers, Lea Allison, Hospital Ranch, Miss Annella Stites, Thompson Bros. and Lawhorn, Thompson Bros. and Logan, Joe F. Logan, Wesley Sawyer, Sam E. Jones, John I. King and Thomas Espy.

The Angus calves were contracted from Mrs. Stella Keene, Mrs. C. E. Stites, John Cauthorn, Mack Cauthorn, Bevans Estate, Charley Hull and W. L. Miers.

Most of the Angus heifer calves stayed in the county and were bought by Lloyd Earwood, Thomas Morriss and John Ward. H. C. Roberts of Abilene bought the Angus steers. The Hereford calves went to Maurice Cohen of San Antonio.

R. A. Halbert enlarged his purebred Hereford herd through the purchase of four head at the Straus Medina-Flowing M dispersion sale of Trail's End Herefords at Denver September 18.

\* Two hundred fifty-four lots of cattle were sold at the one-day auction for an average of \$687 per lot. The sale returned \$175,085. It was held at the Painter Two-Bar-Two ranch southeast of Denver.

The rain last weekend was one of the best September rains received here in recent years. Practically county-wide, the fall was slow and will make a real difference in winter ranges. Various ranchmen reported included Dan Cauthorn 2.25; W. L. Davis 2.80; Alfred Sykes 1.25; Thomas Morriss 2.5.

## The Lions Roar

The Lions Club voted Tuesday to assist, as a committee of the whole, in the gathering and checking of names of World War II veterans which will appear on a memorial in the new Lillian M. Hudspeth Memorial Hospital.

On the program, Mrs. Jack Ellington sang three songs, accompanied by Mrs. Batts Friend.

## YOUR HEALTH

Veneral infections, notably syphilis and gonorrhea, will probably increase sharply in cities and towns near military centers in the near future, State Health Officer Geo. W. Cox has predicted.

He urged all cities, especially those in which greater numbers of military personnel were expected, to intensify their efforts to control veneral diseases.

Experience during World War II, the health official said, indicates that unless civilians become as concerned about the veneral problem as are military and public health authorities, there will "most certainly" be a great increase in veneral disease infections among men in uniform and in the civilian population as well.

"That doesn't mean all soldiers are destined for VD infection," Dr. Cox declared. "It means simply that vice conditions, poorly supervised recreational facilities, and an indifferent attitude on the part of the public are inevitable around military posts and all contribute to higher VD rates."

"These young men were only recently civilians," he pointed out. "They worked or went to school in communities no different than yours or mine."

He urged that they be provided with wholesome recreational facilities while "in your town. It will help make their lives in uniform a little less drab and monotonous."

The State Department of Health has been working for years in close cooperation with the military in controlling VD and other diseases affecting men in uniform.

## New Stables To Be Ready For Racing Meet

The Sonora Park Association's fall race meet gets underway here next Friday at the local track with an afternoon program of five or six races and an evening roping consisting of both jackpot and matched events. The three-day meet closes Sunday afternoon, October 8.

The grandstand has had a coat of gray paint recently and two more stables, each housing 24 horses will be completed by the time the meet starts. According to R. M. McCarver, association secretary, entries indicate that even the new addition may not take care of all the horses.

Some 200 seats running twelve rows out north and south from the finish wire have been branded with row letters and seat numbers and are being sold as reserved seats for the entire meet at \$10 per space. These tickets are on sale at the First National Bank, or may be bought from Joe M. Vander Stucken, ticket sales chairman. General admissions will be sold at the gate.

Programs containing the day's races will be available each day of the meet.

## Brady Man To Open Cafe Here

The S Bar S Cafe, formerly Bob's Cafe, will be open for business Tuesday. New owners are Mr. and Mrs. W. S. Stephenson of Brady. The Stephensons, who were in the cafe business in Brady ten years, will feature home cooking at the cafe. The interior has been remodeled, including tile floor and new appliances.

The Stephensons, who are members of the Church of Christ and Masonic organizations, have three school age children, Dick, 15, Evelyn, 9, and Patience, 7.

Associated with Mr. and Mrs. Stephenson are Miss Bee Bater, who has been with them 19 years, and Miss Margie Fitzgerald. Cafe hours will be from 5 o'clock in the morning until 10 o'clock at night.

Mr. and Mrs. L. W. Elliott were in Dallas this week, where he received medical treatment.

## Cusenbary Names Committees For State Work

W. R. Cusenbary, Sutton County chairman of the Texas Economy Commission, appointed by Gov. Shivers to study ways and means of increasing efficiency in state government without increasing cost, has named his local work committee.

On the speaker's committee are E. A. Brodhead, J. W. Elliott, and Mrs. Dan Cauthorn. Finance committee: Jean Derebery, Joe M. Vander Stucken, and Joe Brown Ross. Study clubs committee: Mrs. M. E. Genrich, George D. Chalk, Sears Sentell, Edwin Sawyer, Mrs. Edwin Mayer, Mrs. Sterling Baker, and Norman S. Davis. Publicity: Clay Puckett, Frank Bond and G. H. Hall.

## Sonoran's Brother Dies In Mertzton

Funeral services for James Herman Carter, 56, brother of Mrs. Dan Cauthorn of Sonora, were held at 3 o'clock Monday afternoon at the First Methodist Church in Mertzton. Mr. Carter, a West Texas resident since 1901, died of a heart attack at his ranch home near Mertzton early Sunday morning. He and his father had been ranchmen in the Mertzton area since the turn of the century.

Mr. Carter is survived by his wife; one brother, Hamp Carter of Rankin; and five sisters, Mrs. I. W. Ellis, Roswell, N. M.; Mrs. Dan Cauthorn, Sonora; Mrs. C. C. Aiken, Houston; Mrs. T. P. Lauderdale, Mertzton; and Mrs. D. J. Wilson, Eldorado.

The Rev. Lynn McAden, assisted by the Rev. Roy Schillings of Eldorado and former pastor at Mertzton, officiated. Interment was in Mertzton Cemetery. Pallbearers were H. C. Noelke, Sheffield, M. B. Noelke, San Angelo, E. L. Tankersley and J. P. Crews, both of Mertzton, Street Whitley of Morgan, A. C. Hinde and Marvin Cade of Burnett, and Jack Taylor of San Angelo.

Mr. and Mrs. Howard Espy and daughters, Tom Elaine and Mary Jon, are spending a few days in San Antonio.

### Texas Venture

In Education • 1876-1951

Our first state college - Texas A. and M. is now in its seventy-fifth year

"... at the lowest possible cost, an education which is at the same time thorough, liberal and practical."

Richard COKE

Governor Richard Coke, first Democrat to hold the Governor's office in Texas after Reconstruction days, was more responsible than any other man for the founding of the A. and M. College of Texas. A well-educated (William & Mary) strong-willed man of vision, he pushed through the Legislature the acts which established the college as a going concern, and served as chairman of the college's first board of directors. In his speech dedicating the new institution, on opening day, October 4, 1876, Richard Coke laid the foundation stone for the educational philosophy on which A. and M. has grown. "The aim and mission of the Agricultural and Mechanical College of Texas," he said, "is, while preparing the young men of Texas for the high duties of American citizenship, at the same time to train their intelligence in which shall utilize them in the everyday pursuits of life... It has been the constant aim of the board to bring down to the lowest possible figure the cost of an education which shall be at the same time thorough, liberal and practical." On this foundation, the A. and M. College of Texas has been built, in its first 75 years, into one of the outstanding technical schools for men in the nation.

## S.C.S. News

Prepared By Staff Of  
Edwards Plateau Soil  
Conservation District,  
Soil Conservation Service

J. M. Vander Stucken, chairman of board of supervisors of the Edwards Plateau Soil Conservation District, has announced the scheduled supervisors election for Sub-Division No. 2 of the district at 2 o'clock, Tuesday afternoon, October 3, at the Sonora Wool and Mohair Co. warehouse.

All landowners with headquarters north of the Juno Road and west of the Del Rio-San Angelo Road are eligible to vote in this election.

Edwin Sawyer has represented this sub-division on the district board since the district was first organized 3 years ago.

Following the election a short tour is planned on nearby ranches to observe range conditions and practices. All landowners eligible to vote are urged to attend by Vander Stucken.

Now is a mighty good time to rest that pasture that has been grazed all year without a "break."

A deferment from now, following the week's general rain, until frost will help provide a little reserve feed for winter. Even more important, it will enable many of the better grasses such as side-ots grama and the bluestems to make a seed crop.

Replacements for grass plants are as important as livestock replacements in the ranching business. By continuous grazing, the rancher often prevents his betted grass plants from reproducing and providing the replacements that are always needed to successfully continue ranching practices.

Grass is like money - it takes grass to make grass, and the more grass left, the more there will be to graze. A pasture deferment now will help build up that "grass account."

The range on Jack Mann's ranches in the Edwards Plateau Soil Conservation District have continued to improve this past year. Every pasture is showing improvement through the increase of side-ots grama and the bluestems. Mann is going into the winter with a good supply of grass.

Mann's grazing program coupled with moderate stocking is primarily responsible for his range improvement. He practices pasture deferments, rotating deferments from pasture to pasture during the growing season. In addition to rotating his short deferments, Mann selected one pasture for a complete rest from May to September. This pasture has shown remarkable improvement in grass cover and increase of good grasses.

During the period from April 1 until the present time, ranchers in the Edwards Plateau Soil Conservation District have completely rested approximately 200,000 acres of rangeland. The length of deferments have varied from a few weeks up to 5 and 6 months. Some rest is better than none, but the longer the better.

The Sonora Wool and Mohair Company's grass plot has proved again the value of the taller, deeper rooted grasses. The taller grasses, such as the bluestems, Indian grass, blue panicum, etc. have remained green and healthy all during the dry summer, while many of the short grasses such as red grama, hairy triodia, etc. have fallen by the wayside.

Supervisors of the Edwards Plateau Soil Conservation District approved, last week, conservation plans on the Clara Allison, Annella Stites and Terry Baker ranches. Approximately 75 percent of the ranchers in the district are now cooperating actively to conserve soil and water by improving range condition.

The bigger the truck the better load - the taller the grass the larger the livestock production.

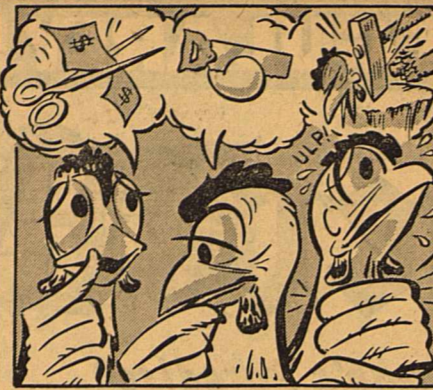

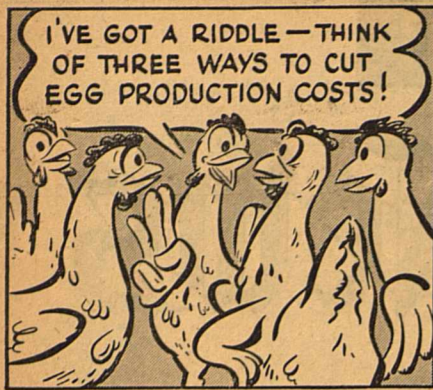

R. A. Halbert has completed the over-seeding of Hubam and Madrid sweet clover on oats. These plantings were made with inoculated clover seed on Halbert's irrigation farm. Besides providing grazing, the use of these legumes will aid greatly in maintaining and increasing soil fertility and organic matter.

## Ride 'Em, Cowboy

Bull Riding is one of the most popular of many events to be seen at the 19th Annual Texas Prison Rodeo, to be held in Prison Stadium at Huntsville, Texas, each Sunday in October.

record of the exposure to which the monitors have been subjected. Dr. Cox says they show whether or not the wearer has received the "maximum allowable lifetime dosage."

Pocket dosimeters, like the film badges are for the protection of the monitors. They look like fountain pens, and gauge on-the-spot amounts of radiation.

Geiger counters and ionization chambers actually count the number of radiation particles -- gamma rays, and alpha and beta particles present in an area. So sensitive is the Geiger counter that if it could be wired to a fly his footsteps could be heard distinctly.

**SUBSCRIBE TO THE NEWS**

There is a remarkable parallel between spiritual life and physical life. A man comes into the world by means of physical birth. Then having been born, it is necessary, if life is to be sustained and developed, that it be properly nourished. Therefore, food is an essential. Food in itself, however, does not guarantee healthy, normal life. There must be, also, exercise and activity. Muscles, which are unused soon atrophy, and no man ever develops fully into the finest specimen of physical manhood without attention to exercise and proper physical activity.

The same laws follow in the spiritual realm. No man possesses

spiritual life until he is born into it. This is what the Lord Jesus Christ meant when he said to Nicodemus, "Ye must be born again" (John 3:7). This great fact has been so often overlooked in present-day preaching. No man can know the life of God or possess it until he secures it in God's way—that is, by the miracle of the new birth through faith in Christ. A man must be born of the Spirit before he possesses spiritual life. Then having come into this experience, it is necessary that this life of the Spirit be nourished. Spiritual nourishment comes through a study of the Word of God and through fellowship with Him in prayer. The Word of God—the Bible—is the nourishment which feeds the soul. No man can be a well-nourished Christian unless he feeds upon it regularly. First, he is nourished on the milk of the Word. Then, as he grows spiritually, he begins to understand other portions which at first were not clearly open to him; and as he goes deeper and deeper into the things of God, he finds himself feasting on the strong meat of the Word.

But it is not enough simply to be born and to nourish oneself spiritually; there must be, if the spiritual life is to be healthy and normal, plenty of exercise; and spiritual exercise comes as we work for the Lord. All too many Christians are satisfied to enjoy their fellowship with God, to feed themselves upon the Word, to enjoy spiritual things without making any effort to make Christ known to others; and since they are not busy working for God, their spiritual development is hindered. There must be for a healthy spiritual life both nourishment and exercise. To fail to nourish oneself spiritually means there is no strength for the spir-

itual exercise; there is no incentive to it. To feast on the Word and not use the spiritual energies derived there from in the service of the Lord will mean the lack of fullest development; and the spiritual life will be an unhealthy, abnormal one.

**YOUR HEALTH**

At least four different types of radioactive detection instruments and computers are available for measuring radiation particles if and when an atomic bomb is ever exploded over a Texas community.

This encouraging bit of information was revealed by the state's chief health official, Dr. Geo. W. Cox. He's state director of health and emergency medical services, part of the Texas civil defense setup.

Radiation is one of three principal harmful effects of atomic explosions. Others are blast damage and burns. Using RADIAC instruments, it is possible to know what areas are safe from the tasteless, odorless, and colorless radioactive particles.

All RADIAC instruments are designed for use by radiation monitoring squads. Squad members might be soldiers, or they could be civilians trained by the State Health Department's radiological division. In either case they would be trained for immediate action in atomic disasters.

"Planning emergency medical and health services in an atomic disaster has been one big mess of confusion," Dr. Cox admitted. "But we're beginning to see light now. Our radiology division is going to go right to work, now that we have it set up."

Radiac instruments got this of-

ficial explanation:  
Film badges can be pinned onto the lapel, strapped onto the wrist, worn in a ring, etc. The consist of a piece of photographic film, and are used to show the amount of radiation to which the monitor has been exposed. Radiation particles affect the film like and when an atomic bomb is light. Dozens of "tracks" are visible when the film comes in contact with heavy concentrations of radiation.  
Film badges are a permanent

It's Doughnut Time

Long Johns and Bismarcks are two members of the popular doughnut family. They're exceptionally fluffy and tender because they are made from a sweet yeast dough.

Doughnuts are one of the best breads invented to go with hot fragrant coffee, rich cocoa, or just plain chilled milk. Both cake and yeast-type doughnuts are available in variety from the bakers, but they are fun to make at home now and then. Doughnuts are appropriate for informal parties at which they are guaranteed to disappear by the dozens.

A bit of nutmeg is added for spice to the sweet yeast dough used for yeast doughnuts, Long Johns and Bismarcks. Today's recipe tells how to use the one dough for plain doughnuts with the hole, twists, Bismarcks, and Long Johns. When cool, roll plain doughnuts and twists in granulated sugar, or cinnamon and sugar. Sprinkle Bismarcks with powdered sugar and frost Long Johns with confectioners' sugar icing.

To check the temperature of the fat used for frying doughnuts without a thermometer, drop a one-inch cube of bread into the hot fat. If it browns in 60 seconds, the temperature is right for frying doughnuts.

YEAST DOUGHNUTS

- 2 packages yeast, compressed or dry
1/2 cup lukewarm water
1 cup milk
1/2 cup sugar
2 teaspoons salt
2 eggs, beaten
1 teaspoon grated lemon rind (if desired)
1/4 cup melted shortening
5 cups sifted enriched flour (about)
1/2 teaspoon nutmeg
Fat for frying

Soften yeast in lukewarm water. Scald milk. Add sugar and salt. Cool to lukewarm. Add 2 cups flour and nutmeg. Mix well. Add softened yeast, eggs, and lemon rind. Beat well. Add shortening. Mix well. Add more flour to make a soft dough. Turn out on lightly floured board and knead until satiny. Place in greased bowl, cover and let rise until doubled. Punch down. Let rest 10 minutes. Roll out to 1/2 inch thickness and cut with doughnut cutter for plain doughnuts. For twists, roll small portions of dough under the hand and twist the dough back on itself. For Bismarcks, roll the dough 1/4 inch thick and cut into pieces 1 inch wide and 3 inches long or square with a biscuit cutter. Let until doubled, and fry in deep (375° F.). Makes about 3 dozen doughnuts.

Editors Comment

On Economy Body

(Editor's Note: Today's article, fourth in a series on the Texas Economy Commission, consists of excerpts from editorials of Texas newspapers, plus comments by two outstanding citizens.)
Hardly four months remain before the Legislature meets in January to consider the requirements for additional taxes to finance state government at the existing level of half a billion dollars a year.
Time for doing something about this problem, affecting all the people, is running short. Pressure groups will be in full force at the Legislature to champion their spending programs which will necessitate higher taxes.
State nonessentials must be eliminated. Deferrable needs must be postponed, and the ability of the people to pay must be taken into consideration in weighing every spending proposal.
The Texas Economy Commission offers a vehicle for majority expression against oppressive state taxes and undue state spending. If the people adopt a cynical, defeatist attitude, the minority pressure groups will prevail before the Legislature again next year.
The state's bureaucratic system, like that of the federal government, has grown enormously. More and more new agencies are being created, old ones expanded. All of this costs a great deal of money.
There is an opportunity here for the Economy Commission to render invaluable service. Waste, duplication and extravagance in state affairs must be reduced to a minimum to keep the load from becoming too heavy for Texans to carry. Agencies may be consolidated, merged or abolished when desirable.
The state government has grown because the people have demanded more of it. The Texas Economy Commission may well conclude that the time has come to reverse that process.
The people may be reminded that unless they are prepared to dig deeper into their pockets—and pay perhaps 200 million dollars a year additional taxes, which might be levied on sales or income—they must get along with less, not demand more, state services or "assistance."
The twin problems of the survey, and ultimately of the commission, will be the fact that Texas has built up something over 200 boards, agencies, commissions, bureaus, departments, and that it has its treasury accounts split into more than 100 special funds, some constitutional, some statutory.
There is almost an unlimited range of possibility in the reorganization plans that may be proposed by the Economy Commission.
Income to the state is running ahead of last year. In eleven months the state counted \$511,188,363 in revenue, compared to \$470,970,616 in a like period of last year.
But spending is running ahead of income. Before the next year is up, the state is scheduled to be in the red.
The Governor of Texas has acted in good faith and has created the Texas Economy Commission as an instrumentality through which recommendations can be made for more economy and efficiency in the executive branch of our state government.
The commission has been formed and is now ready to function. The Governor of Texas has shown his good faith. It's time the business men and women of Texas manifest their interest and desire in economy and efficiency by formulating a county unit in every county in Texas and by raising the necessary money to get the job done properly.
I am interested in furthering—not retarding—the growth and development of our great state. To that end, I want us to be able to distinguish between true economy and false economy... between liberal support of worthwhile institutions and profligate spending of hard-earned tax monies.
In short, what is good about our state government, let's make it better. What is bad let's cut it out. Let's stand for things that make Texas a better place in which to live and work and raise families Governor Allan Shivers.

Purdue - Texas, SMU - Ohio Big Games On Air

A series of four of the nation's top inter-sectional games and two interesting home-state meetings are on Humble Oil & Refining Company's football broadcast schedule this weekend.
Two strong Big Ten squads are on the list of Saturday games -- Texas-Purdue at Austin and SMU-Ohio State from Columbus, Ohio. Rice and Santa Clara open the Owls' big new stadium, while TCU challenges Oklahoma A&M at Stillwater, Okla. Texas A&M and Texas Tech will renew their series at San Antonio, and Baylor dedicates its new bowl against fast-growing University of Houston.

The six games are divided into four day contests and two night meetings.
Purdue's invasion of the University of Texas' Memorial Stadium will be called by Kern Tips and Alex Chesser. The broadcast begins at 1:50 o'clock over stations KFJZ, Fort Worth; WRR, Dallas; KGKL, San Angelo; KABC, San Antonio; KTHT, Houston.
The SMU-Ohio State broadcast will begin at 12:50 o'clock with a description by Ves Box and Buddy Bostick from the Buckeyes' huge stadium in Columbus, Ohio. The game will be heard over WFAA-

WBAP-570, Dallas-Fort Worth; KPRC, Houston; WOAI, San Antonio.
At 1:20 o'clock from Stillwater, Okla., Jerry Doggett and Dave Russell will cover the TCU-Oklahoma A&M game, with the broadcast to be heard over WBAP-WFAA-820, Fort Worth-Dallas, and KFDX, Wichita Falls.
Charlie Jordan and Hal Thompson will join in calling the play-by-play and color of the Baylor-Houston game from Waco. Broadcast time is 1:50 o'clock over stations KWTX, Waco; KXYZ, Houston; KWBU, Corpus Christi; KVET, Austin.
On the evening schedule, at 8:05 o'clock, the Rice-Santa Clara game will be broadcast by Eddie Barker and Bob Walker on KTRH, Houston.
Texas A&M and Texas Tech's meeting in San Antonio will be aired by Bill Michaels and Jim Wiggins. Broadcast time will be

8 o'clock over stations KFJZ, Fort Worth; WRR, Dallas; KGKL, San Angelo; KNOW, Austin; KABC, San Antonio, KTHT, Houston.
Flower gardeners can have bulbs flowering in the garden or house every month in the year if plans are made now for the year-round garden.

BOTTLE OF Pearl PLEASE
The 3 X's of TEXAS
Xtra dry... Xtra light... Xtra mellow
Have made PREMIUM QUALITY PEARL
the No. 1 Beer from the No. 1 state!
Our 65% plant expansion program of last year provided enormous new ageing cellars insuring the fully-aged goodness of Pearl. It's slow aged... it's naturally better. Buy it in bottles or cans.
PEARL SALES SKYROCKET
Three times the diameter of the world... that's right! If you could stack beer bottles end-on-end the number of bottles of Pearl Beer consumed this year would make a stack more than 24,000 miles high, or three times the diameter of the world. The illustration shows sales progress through previous years.
BOTTLE OF PEARL, PLEASE

## P-TA Membership Drive To Start

The Parent-Teacher Association membership drive will begin Monday, October 2, according to Mrs. Francis Archer, membership chairman, and Miss Emma Hamilton and Miss Christine Legg, committee members.

The second meeting of the P-TA will be held Tuesday afternoon at 3 o'clock in the Elementary School auditorium. Program for this meeting will be presented by the Sutton County Tuberculosis Association and a tea will follow.

## MRS. RIP WARD HOSTESS TO IDLE HOUR CLUB

Mrs. Rip Ward was hostess to members of the Idle Hour Club at her home Tuesday afternoon. Mrs. Joe Brown Ross had high score for members, Mrs. Ben Cusenbary, second high, and Mrs. E. D. Shurley had high guest score, with Mrs. E. S. Mayer receiving the cup prize.

A dessert plate and coffee were served to Meses J. Franklin Howell, G. H. Davis, Sterling Baker, Ross, Cusenbary, Mayer, Ell Wallace and Shurley.

Dick Rabon of Eden was the guest of his brother, J. M. Rabon and family here this week.

## Sixth District Texas Federation Music Clubs To Convene Here

The 24th annual convention of the Sixth District Texas Federation of Music Clubs will be held in Sonora October 12, 13 and 14. Opening the convention will be a supper and board meeting at the home of Mrs. E. S. Mayer, with the committee chairmen in charge.

The business sessions will be held in the elementary school auditorium starting at 9:30 o'clock each morning.

Mrs. Louie Trainer, local chairman, has named the following committees: program, Meses E. D. Shurley, O. G. Babcock, A. E. Prugel, Vestel Askew; coffee, Meses Dave Locklin, Ben Mittel, J. C. Stephen, Tom Ratliff; registration, Meses James Wilson, H. M. Smith, Earl Lomax; luncheon, Meses G. H. Davis, Bryan Hunt, Sterling Baker, Marion Elliott, Al-red Schwiening, Jr.; housing, Mrs. S. M. Loeffler; flowers, Mrs. Rip Ward; publicity, Meses M. E. Genrich, Norman Davis, A. E. Prugel; supper, Meses C. E. Scott, Malcolm Bollinger, Jack Ellingson, B. M. Emert; tea, Meses Ben H. Cusenbary, John A. Ward, Jr., Stanley Mayfield, E. E. Sawyer, C. T. Jones, Jr.

Four large lots for sale. Might consider good used car trade-in. Call 24511. 1tp50.

## MISSIONARY UNION OF BAPTIST CHURCH MEETS

The Women's Missionary Union of the Baptist Church met at the church Monday to observe the Mary Hill Davis State Mission week with a prayer program. Circles O and Y presented the pageant "He Dwelleth With You."

A covered dish luncheon was served followed by the afternoon program. Meses Alfred Cooper and J. E. Eldridge from Circle U were in charge of the program. A quilt was made for the orphans home, and a box was packed for the home. Twenty members attended the meeting.

On Wednesday afternoon the members met at the church for a business meeting and to install the new officers for next year.

Installed as president was Mrs. Alfred Cooper; vice president, Mrs. W. O. Crites; secretary-treasurer, Mrs. Bob Odum; young people's secretary, Mrs. J. B. Heflin.

There were 14 members present. The quarterly reports were made and the group was dismissed by Gene McCarver, a member of the Sunbeams.

NOTICE: I am again associated with Stephen's Beauty Shop. Mrs. Lucille Smith. 1tp50.

# SOCIETY NOTES

Sonora, Texas, Friday, September 29, 1950 THE DEVIL'S RIVER NEWS

MRS. REX W. LOWE

Mrs. Rex Lowe, who before her marriage last Saturday was the former Miss Edith Eldridge, is being complimented with a series of parties this week.

## W.S.C.S. Opens Year's Work With Luncheon

The Women's Society of Christian Service held the first business meeting of the year at the Methodist Church Wednesday. A covered dish luncheon was served and hostesses for the occasion were Meses O. G. Babcock and H. M. Smith.

Following the luncheon the business meeting was held with Mrs. Smith, president, in charge of the meeting. The Rev. W. H. Marshall reported that choir robes were to be bought and asked that the WSCS help with the project. The group voted to buy copies of "The Upper Room, a bulletin published by the church, for distribution to shut-ins. Mrs. J. T. Sellman will be in charge of the distribution of these books.

During the coming year the WSCS will conduct a study course jointly with the Wesleyan Service Guild on "Christian Vocation," and the WSCS voted to buy the material for the study. The first of the studies will be held October 2-5, starting Monday night at 7:30 o'clock and lasting through Thursday, with a meeting to be held each night.

United Nations Day, which will be observed October 24, will be under the sponsorship of the WSCS this year and all other churches will be asked to participate.

Mrs. H. M. Smith was elected delegate to the quarterly conference to be held in Austin October 10, 11, and 12.

Mrs. J. Franklin Howell, chairman of Christian Social Relations and Church Activities, appointed committee for the three divisions of the committee: Legislation and Social Activities, Mrs. E. A. Broadhead, Mrs. Dee Word, Mrs. M. E. Genrich, Mrs. O. G. Babcock; Housekeeping, Meses Annie Sharp, W. R. Cusenbary, Robert Kelley, R. V. Cook, C. T. Jones, Jr., A. E. Lowe; Visitation, Meses J. T. Sellman, George Hamilton, A. E. Prugel, W. L. Davis.

Eighteen members attended the meeting.

The 187-acre, \$35,000,000 State Fair Park at Dallas will be the scene of the 1950 State Fair of Texas Mid-Century Exposition.

## Congratulations To These New Parents

Mr. and Mrs. Clayton Hamilton are the parents of a son born Sunday in a San Antonio hospital. The baby, who weighed 7 pounds, 14 ounces at birth, has been named Richard Clayton.

Grandparents are Mr. and Mrs. R. M. Burgoyne of San Antonio and Mr. and Mrs. V. F. Hamilton of Sonora. Mrs. Jane Hamilton is a great grandmother.

A son, Billy Wayne, was born to Mr. and Mrs. Tommy Smith Tuesday morning in a San Angelo hospital. The baby weighed 7 pounds, 12 ounces.

Grandparents are Mr. and Mrs. Bill Cartwright and Mr. and Mrs. E. T. Smith, all of Sonora.

## MRS. REX LOWE FETED WITH SHOWER FRIDAY

Mrs. W. W. Renfro honored Mrs. Rex Lowe with a linen shower at her home last Friday. Two games were played and the gifts opened following the serving of cake and coffee.

Attending were Meses June Fisher, Martha Neal, Hazel Sterling, Betty Rankhorn, and Meses Audrey Bridges, Duane Prater, T. E. Glascock, Edgar Glascock, T. M. Harvey, Belle Glascock and J. E. Eldridge.

## WHITES TO NEW ORLEANS

Dr. and Mrs. Tom White will spend next week in New Orleans, where Dr. White will attend a meeting of southern and southwestern dentists. He will also take several refresher courses offered at the meeting.

## DEBRA COOPER GIVEN PARTY ON BIRTHDAY

Debra Cooper was honored on her fifth birthday when her mother, Mrs. Roy Cooper, entertained with a party at the Baptist Church Saturday afternoon. A color scheme of pink and white was carried out, and ice cream, cake and punch were served.

Children attending the party were Janet Morrison, Kay Shurley, Nancy Anthony, Candice Cauthorn, Joe Willman, Bill McClelland, Ozzie Ellington, Glenna Heflin, Pamela Calk, Jan Smith, Alice Lee Duncan, Nell Guest, Georgia Gale Rode, Daon Locklin, Phillip Chalk, Delaney Cook, Betty Ann Patrick, Margaret Alice Smith and Betty Jack Cooper.

Also Meses Vernon Cook, Lee Patrick, Eldon Calk, Dick Morrison, Howard Guest and Jack Ellingson.

The hostess was assisted by Mrs. Alfred Cooper. Attend SOME Church Sunday.

## Greenhill - Norris Wedding Read

Announcement was made this week of the marriage Saturday in Big Lake of Mrs. Dorothy Norris to Henry Greenhill. The Rev. J. E. L. Harrison, pastor of the Big Lake Church of Christ, performed the ceremony.

The couple was attended by Mr. Greenhill's brother and sister-in-law, Mr. and Mrs. R. M. Greenhill of Barnhart.

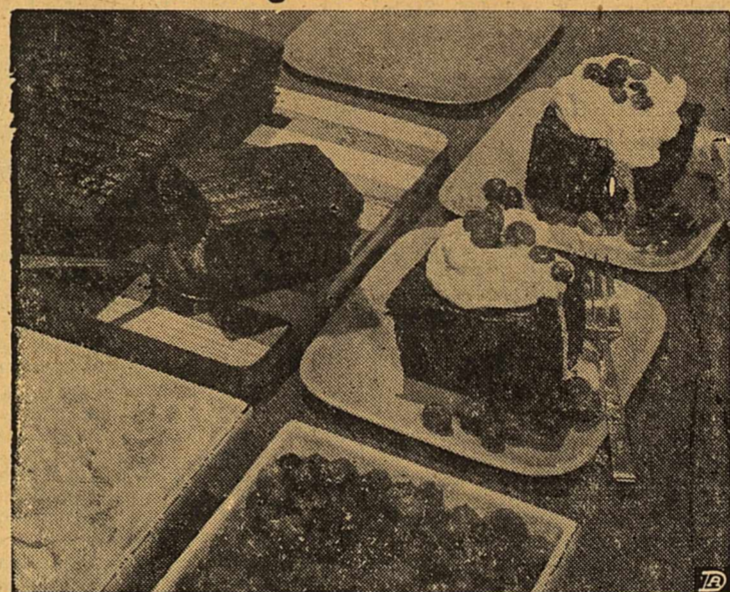

Mrs. Greenhill wore a navy suit with pink accessories and a corsage of pink carnations.

The couple is at home in Sonora.

## GIRL SCOUT COUNCIL TO MEET MONDAY NIGHT

There will be a meeting of the Girl Scouts Council Monday night at 7 o'clock. All board members, leaders and advisors are urged to attend. This is a public meeting and all interested persons are invited to attend.

## Fresh Cranberries Add Sparkle to Gingercake Dessert

Courtesy EATMOR-General Mills

The whole family will ask for second helpings of this delicious dessert. And it's so easy to make you won't mind a bit! Use a packaged gingercake mix and prepare as directed on the carton. Cut in squares, and serve warm with a generous garnish of whipped cream and sweet-tart fresh cranberry sauce. It's as pretty as a party, and mighty good eating, too.

### CRANBERRY SPARKLE FOR GINGERCake

2 cups sugar  
2 cups water  
4 cups fresh cranberries

Boil sugar and water together 5 minutes. Add berries and cook without stirring until all the skins pop—about 5 minutes. Remove from heat and cool in saucepan. Makes 1 quart sauce. To serve as topping, chill and partially drain before spooning over cake.

# SO LIGHT... LIGHT in color LIGHT in aroma LIGHT on your system

You can see, you can taste the 3-way lightness of Lone Star. Lone Star is a clear beer with a clean, fresh taste because it's brewed without added sugars or fattening syrups.

# SO RIGHT... because:

Lone Star is not only a natural all-grain beer, it's double-aged, too! Two ageing periods give Lone Star that mellow... that mild... that "just right" flavor that makes you smack your lips and smile.

A revised list of names veterans of World War II will not appear until next week due to the time required in checking and rechecking the list. The new list will appear next week, however.

**"Texas Takes Care Of Its Own" Is Gonzales Warm Springs Motto**

Texans are faced with a challenge to "Take care of their own" this month as the fund-raising drive for Gonzales Warm Springs for Crippled Children opens on an all-out basis. The plea for support is expected to strike in every corner of the largest state of the Union, even as the Demon Polio, creator of the need, has done in recent years. Volunteer workers in many communities are waging financial war against the crippling effects of polio on Texas youngsters.

The need is great at Gonzales Warm Springs Foundation, located near Palmetto State Park, for more bed space, more work space, expanded treatment facilities. Founded in 1937, the Texas treatment center has become one of the outstanding of its kind in the United States.

For the past two years, Gonzales Warm Springs has operated at capacity of 115 patients, under round the clock care and treatment. Adept technicians, doctors and attendants coordinate their efforts in supplying physical, psychological vocational rehabilitation while simultaneously conducting educational, social and religious programs to meet the individual needs of handicapped children. Generous Texans have, in the past, provided more than a million dollars worth of buildings and equipment at Gonzales, for the use of Texas children who need and can derive benefit from the treatment program. The intense polio rage of recent years has struck hundreds of children in all sections of the state.

Motto of the Gonzales Warm Springs Foundation is "Texas Takes Care of Its Own." Official and staff members believe Texans will do just that during the 1950 fund drive.

**FIREMEN'S AUXILIARY MEETS WEDNESDAY NIGHT**

Mrs. E. T. Smith was hostess when the Firemen's Auxiliary met at the fire station Wednesday night. Pie and coffee were served. High score for bridge was held by Mrs. Lee Patrick, low by Mrs. Katie Brasher. High for forty-two was won by Mrs. Wes Granger, low by Mrs. Gomer Minnick and high guest by Mrs. Sibe McKee.

Playing were Mmes. Jack Hite, Granger, McKee, J. A. Martin, Jr., Artie Joy, Minnick, Monroe Puryear, Tom Womack, Patrick, G. G. Bennett, Brasher and Ford Allen.

The 1950 State Fair of Texas will play host to more than 2,000 newspaper and radio men on Press and Radio Day, Oct. 7, opening day of the nation's largest and most spectacular exposition. Drive safely! Observe stop signs.

**What's going on in Sonora...**

**AROUND THE TOWN**

The \$95,000 loan to the Kimble Electric Coop, which was approved last week by the REA, will be used to build 85 miles of new distribution lines to serve 54 more customers in Kimble, Menard and Sutton Counties. This is an average of approximately \$1,759 per customer, which is dirt cheap when compared to the increased efficiency and productivity good power it gives to a farm or ranch.

A good crowd was on hand Tuesday night to see the Bronco-Kerrville B movies. The pictures were excellent, thanks to the know-how of Edwin Sawyer, who made them. A crow's nest is being built this week to give the photographer a better command of the field. The idea of a booster club was brought up, main purpose being to finance the film cost of \$35 per game. The club will be organized next Tuesday night when the Reagan game pictures are shown at the cafeteria. In all probability the club will be chartered with 70 members, each paying 50 cents per game, and with free admission to students.

Stanley Mayfield returned last week from a hunting trip to Wyoming. Mr. and Mrs. Rex Merriman escaped serious injury Tuesday night when they were in a auto wreck near Sterling City.

The Sonora Woman's Club will have its first meeting Thursday, Oct. 5. An open house and tea will follow the meeting and Mrs. Norman Davis will give a reading.

Mr. and Mrs. E. B. Keng and daughter, Jan, attended the Golden Wedding Anniversary of Mr. and Mrs. Will Keng in Brady last weekend.

Cpl. Frank Leslie Moore will report Oct. 13 to Fort Hood for active duty in the army.

The Nelson Stubblefields have a new car

as the result of a collision with a deer last Saturday night near Harper.

**TRAFFIC SAFETY**

An announcement in the school staff bulletin, published by Supt. E. A. Brodhead, for this week states: "We have quite a serious problem around our school during the noon hour, at the beginning of the day and following the close of school in the evening. I have asked Mrs. Cauthorn to appoint three members of the P-TA to serve on a safety committee. The school will be represented by Mr. Davis, Mr. Lowe and a student from each division of our school. I am asking this committee to work first on the problem of traffic safety in regards to parking, crossing streets, safety zones, etc. This committee will be called together early next week."

While on the subject of safety, here's something via the Eldorado Success titled "Please Don't Run Over My Little Girl."

"Today my daughter, who is 7 years old, started to school as usual. She wore a dark blue dress with a white collar. She had on black shoes and wore blue gloves. Her cocker spaniel, Coot, sat on the front porch and whined his canine disbelief in education as she waved goodbye and started off to school.

"Tonight we talked about school. She told me about the girl who sits in front of her and the boy across the aisle who makes funny faces. She told me about her teacher, the trees in the yard, and the big girl who doesn't believe in Santa Claus. We talked about a lot of things -- tremendously vital, unimportant things -- and then we studied spelling, reading and arithmetic - then to bed.

"She's in the nursery now, sound asleep with Princess Elizabeth (her doll) cuddled in her right arm.

"You fellows wouldn't hurt her, would you? You see, I'm her daddy. When her doll is broken or her finger cut or her head gets bumped, I can fix it. But when she starts to school, when she walks across the street, then she's in your hands.

"She's a nice little girl. She can run like a deer, and darts about like a chipmunk. She likes to ride horses and swim and hike with me on Saturday afternoons.

"I can't be with her all the time. I have to work to pay for her food, clothes and education. So please help me look out for her. Please drive slowly past the school intersections - and please remember that children run from behind parked cars.

"Please don't run over my little girl!" -- Every Daddy.

**From where I sit... by Joe Marsh**

**New Use For Old Windmills**

I drove past Larson's farm last week and saw him perched on top of his 75-year-old windmill. "Still planning on tearing it down?" I shouted up to him.

"Not on your life," says Curly as he climbs down. "I'm getting myself a television set from Buzz Ellis' and he says this windmill is going to come in mighty handy."

"You see," Curly went on, "I'm going to put my TV antenna right on top of it. Since the windmill is higher than the house, I'll get the best reception around here—but if it wasn't for Buzz and his advice, I'd have scrapped it."

From where I sit, Curly's success as a farmer and his popularity in town is due, in a large part, to his open-mindedness and his willingness to listen to people and their opinions. He'll listen to Buzz Ellis' over a malted milk or he and I can talk politics—each with a glass of temperate beer. Yes, Curly's as modern as television itself!

**JAX DISTRIBUTING COMPANY**  
 Jackson Brewing Company, New Orleans, La.

THE SECRETARY OF AGRICULTURE is expected to announce within the next ten days, the acreage-control situation as applied to cotton in 1951. Due to the 9 1/2 million bale estimate for this year, which is lower than had been expected, it is likely that the Secretary will, in his announce-

ment, tell the farmers that there will be no marketing quotas applied in 1951, and that there will be relaxed acreage controls, if any, imposed.

In fact, the talk in recent days down in the Department has favored an additional five million acres next year more than the 21,000,000 acres that has been scheduled. In that case it is indicated there will be little, if any, need for acreage controls. In any event, the Secretary is expected to make a statement on the subject in the near future.

It has been determined that the Congress will be in recess until November 27, at which time we will reconvene for the purpose of dealing with the subject of taxes on excess wartime profits.

AS A MEMBER of the Armed Services Committee, I, along with Representative Clemente of New York and Representative Hardy of Virginia, have been designated by Chairman Carl Vinson to go to Europe during the recess period on official business pertaining to the Committee's work. We are to go on a regularly scheduled MAT (Military Air Transport) plane from Westover Field in Massachusetts to Frankfurt. The Army has a daily schedule of transport planes flying that route each day.

We will spend a little time in Frankfurt, Berlin, Munich, and will probably go into the Ruhr Valley while we are there. In addition, if conditions permit, we plan to go to Vienna, where we have military installations at present, and to France, the Scandinavian countries, Yugoslavia, Italy, Greece, and Turkey.

With the world situation as it now is, we are called upon to spend billions to bolster the military preparedness of the friendly countries who compose the Atlantic Pact group. It is, of course, important that we keep ourselves as well informed as possible on what the situation is and just how successful the program is working out. There are, of course, matters pertaining to our occupation forces in Germany in which our Committee is particularly interested and about which we are from time to time upon to legislate.

In my absence, my office in Washington will be kept open and my office staff will give prompt attention to all mail that is received. While I am overseas, I plan to send weekly reports back concerning conditions as we find

**DON'T HAVE ANSWER YET —**

**Mesquite Control Work Giving Promising Results, No Solution**

Experimental work in mesquite control in Texas is giving some very promising results. The Texas Agricultural Experiment Station is conducting most of this work at its various sub-stations in the mesquite infested areas of the state.

C. E. Fisher, superintendent of the Spur sub-station, is conducting the work. Since 1938, he has tested 5,000 different chemical mixtures for controlling mesquite.

Some of the most encouraging results in Fisher's work have been obtained from spraying 100 five-acre plots in 1949 by airplane with the more promising chemical mixtures.

Examination of the 100 plots 14 months after treatment showed the best control to be obtained from the ester of 2,4,5-T. An application of two-thirds of a pound of 2,4,5-T ester in one gallon of diesel oil and four gallons of water per acre gave 98 percent top-kill, and 69 percent of the mesquite plants showed no regrowth.

The regrowth which did occur was very spindly and abnormal, and usually less than six inches tall. These results were obtained by applying the 2,4,5-T ester in May. Less effective results were obtained from June and August treatments, and March and October treatments were generally ineffective.

This year, Fisher supervised the spraying of 20 large tracts of mesquite infested range with four of the most promising chemicals, which include the ester and the amine of 2,4,5-T. These tracts vary in size from 320 to 1280 acres each.

Airplane spraying is not practical for the small scale stockmen nor for controlling mesquite around corrals, water tanks, or those near cultivated crops. Other methods of applying the chemicals are being developed.

A. H. Walker, range specialist for the Texas A&M Extension Service, is supervising pilot demonstrations of small scale control methods. Such demonstrations are being conducted by county agents in 16 counties.

The county agents are applying 2,4,5-T ester to mesquite trees on ranches in their respective counties and keeping records on the

results obtained.

The results of this program indicate that applying a five-tenths percent (.5%) solution of 2,4,5-T ester in diesel oil to the cut surface of mesquite stumps, after the trees have been cut off, gives a kill of 90 to 95 percent. A kill of 75 percent is being obtained by applying the same mixture to the trunks of mesquite trees up to about a foot above the ground. The mixture is also being sprayed on the foliage of mesquite trees with a hand sprayer, but results for this method are not conclusive.

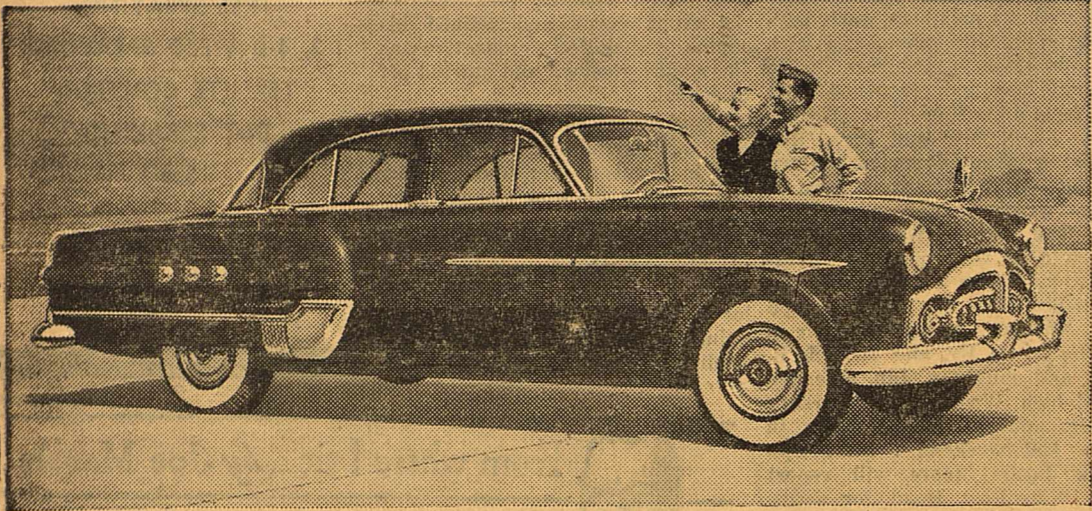

Walker points out that the growth and reproductive characteristics of mesquite make eradication of this plant improbable. Therefore, a long time control program may be the answer to the problem.

The object of current experimental work is to find a chemical which will give a high percent if kill with the least cost per acre. Walker says that information must also be obtained on the lengths of the control period from applying the chemicals and whether or not the control methods are practical.

**THIST TASTES GOOD IN TEXAS**

- Sweet Potato Custary Pie  
 3 eggs  
 1/2 cup suger  
 1/2 cup brown sugar, firmly packed  
 1 tablespoon flour  
 1/2 teaspoon salt  
 1/2 teaspoon nutmeg  
 1/2 teaspoon cinnamon  
 2 cups mashed sweet potatoes (cooked or canned)  
 1 1/2 cups of top milk  
 1/2 teaspoon allspice  
 Beat eggs slightly; add suger and mix well. Add flour, salt, and spices; then add potatoes and blend until smooth. Gradually add the milk.  
 Turn into baked pastry-lined pie pan. Bake in hot over 450 degrees F. for 10 minutes; then in moderate oven (350 degrees F.) for 40 to 50 minutes or until a silver knife comes out clean inserted in the filling.  
 Makes one 9-inch pie.

**STYLE LEADER OF 1951 PACKARD LINE**

Style leader of the new 1951 Packard line is the Patrician "400"—a car to pioneer a whole new era of fine-car development. Sleek lines of the daring new functional body design combine with smartly-tailored "Fashion Forum" interiors to highlight this model, which is powered by a new Packard Thunderbolt engine. Ultramatic Drive is standard equipment. The new engine has a 7.8-to-1 compression ratio—the highest in the

industry for full-size passenger car engines—and rates 155 h.p.

Other models in the 1951 Packard line are the "300" termed the new "Boss of the Road" and the "200," in seven body styles, including both soft-top and hard-top convertibles. Improved Ultramatic Drive, Packard's famed automatic transmission, is optional on these models at slight extra cost.

In the new line, rear seat passen-

gers sit even further ahead of the rear axle to give an improved "Limousine Ride." Lowered hood line enhances the "Guide-Line" fenders. Wrap-around, three-piece rear windows, together with a new curved one-piece windshield, afford "Horizon-View" visibility.

The Patrician "400" and "300" are on a 127-inch wheelbase, while the "200" models have a longer 122-inch wheelbase.

**U. S. ARMY SOLDIER SERVES ALSO AS CIVIC LEADER**—Master Sergeant Eugene H. Lansing, veteran of the China campaign with the Flying Tigers with the Army Air Force, now serving his second enlistment, has been designated as the first "Serviceman of the Month" and elected President of the Junior Chamber of Commerce in Boise, Idaho, where he is on an Army assignment. His career exemplifies how an American soldier has opportunities to display his varied talents. He is active in several civic organizations, the Boise Community Chest and a local glee club—all these in addition to his duties as recruiting officer in the Idaho Military District.

A native of Glenwood, Idaho, he was graduated from the Yakima, Washington, High School in 1937 and the same year enlisted in the Army Air Force, and in the Hawaiian department he qualified as an aircraft mechanic. After Pearl Harbor he was ordered to Australia and thence to Karachi, India, as shop foreman in an Air Force maintenance group. He next went over the "Hump" to China and served in the Flying Tigers, enduring vicissitudes in operations which soon had the Japanese on the run. At Kunming he was in charge of the only propeller shop in China. During this period he was promoted to master sergeant.

**31 Years Ago**

A mass meeting of business men and citizens held in San Angelo, decided to build the Sonora road as the most important link in their road roads system. The road to Sonora is considered by Federal and State authorities the greatest commercial highway in the State and has made liberal allowances for assistance in its construction. Because of the character of the country it passes over on the famous Lipan Flat, near Angelo, where the traffic is unusually heavy in supplying the trade territory 100 or more miles to the south of the Queen City of the Conchos, the State and Federal engineers require the construction of a "Pike" road across the Flat for a distance of fifteen miles, at a cost of \$20,000 a mile. The meeting recommended that such a road be built and promised the support at a future time of a new bond issue with which to build the other roads of Tom Green County.

—31—

Sam Adams is out on crutches after a ten day fight with blood poisoning in his leg. On the 16th of the month he was kicked by a horse, but having been through the war with the 36th Division, did not give the injury much attention and came to town on business that day. He had started to his home on the North Llano that evening but was only a few miles from town when he returned for treatment. He has since been at the home of his aunt, Mrs. Geo. Trainer, under the doctor's care.

Mr. and Mrs. Thomas Bond and son, T. A. Bond, returned Tuesday from a visit to San Antonio. They came home by the Uvalde-Barksdale-Rocksprings route and had no trouble navigating the roads. The

**BIG TIME AIRLIFTING IN KOREA**—How did the U. S. Armed Forces succeed in getting so many heavy trucks to the fighting front in Korea where ports are jammed and highways are few? The "flying boxcar" solved the problem. The "boxcar," you know, is the nickname of the big USAF C-119, a plane that carries a 15-ton cargo and swallows a 3 1/2-ton truck, whisking it in a space of minutes over mountains and seas and puts it down close to the battle lines. Within an hour this truck, mounting the "boxcar's" ramp, will carry needed supplies to GIs struggling against the enemy.

**Looking for honest-to-goodness COMFORT?**

**Better Buy Buick!**

You've probably heard a lot of talk about comfort in 1950 cars.

But we'd like to offer one suggestion, which is—let a Buick speak for itself.

We'd like to have you settle yourself (your family too, if you

have one) on a Buick's soft, deep, comfort-angled cushions, and see how restful they are.

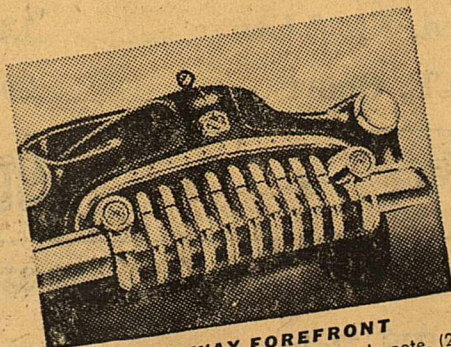

More than this, we'd like you to sample that comfort in motion. Slip your fingers around that slender steering wheel, touch toe to treadle and take off in the smooth, unbroken surge of power that Dynaflo Drive\* delivers.

We'd like to have you hunt out some of the less-smooth streets or back roads that never seem to get fixed—and put Buick's soft coil springing and solid underpinning to tough and practical test.

All the while, be thinking about what such riding and driving ease can mean on long, all-day trips, and compare it with what you've been used to.

This whole experience is bound to make you want a Buick—and when you ask "how much" you'll get a second pleasant surprise in the low delivered prices your dealer is quoting—prices that start at a level that is actually lower than you'd pay for some sixes.

Your Buick dealer is the man to see and this is the best of all times to see him. Drop in, won't you, to see about getting an order signed?

**FOUR-WAY FOREFRONT**  
This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.
