## Deer Hunters Report Good Kills

Two hundred and eighty bucks and seventy-eight turkeys have been brought in to the Sonora Food Locker through Thursday, according to Earl Lomax, owner.

E. S. Mayer, Jr. brought in the heaviest buck (160 pounds) and Mrs. Mack Cauthorn killed a buck with 20 points for honors in that department. The first buck of the season was brought in by Miss Bethel Knight of Breckenridge.

Those bringing turkeys in are: Rev. W. M. Dunn, San Angelo, Harvey Ashford, Texarkana, W. L. Golightly, Vernon, Bill Wade, Bethel Knight, C. S. Daniels and C. H. West, Waxahachie, Dr. Clark Finnerud, Dallas, D. R. Whittenburg, Ft. Stockton, John Cunningham, B. B. Adams, Sr., Mrs. W. N. Torian, W. H. Torian, Dr. Belford Shelmire, Dallas, Lewis Tyra, Paige Knight, W. W. Klatt and Sylvian Schoppa, Lubbock, Hub Calley and William Boyd, Veronon, Bob Morris, Abilene, Donald Crumbs, Midland, R. Paul Ricker, Jess Cunningham, Dan Dale, F. H. Hunter, Vernon, E. J. Jacobs, Maurice W. Cole, Johnson City and George Powell.

Emily Taylor, Fort Worth, Larry Flagg, George W. Gambill, Dallas, J. M. Brown, V. C. Thuly, W. H. Torian, Alice Claire Jones, Ernest Esch, Rusk, B. D. Stubblefield, Houston, G. K. Lowance, Otis Grafa, Jr., C. B. Grafa, J. L. Foxworth, Mrs. J. L. Foxworth, B. B. Adams, Fort Worth, Dr. Belford Shelmire, W. H. Farrington, Mrs. C. W. Finnerud, M. N. Christianson, Sam K. Horner, V. C. Thuly, John Biggs, Joe B. Wolverton, G. W. Turpin, Bill Hogan, F. R. McLaughlin, B. B. Adams, Jr., and Roy Weatherly.

Also Lloyd McMullen, Jack Sharp, M. E. Leach, E. A. Ward, W. E. Jones, Fort Worth and J. M. Grisso.

Successful deer hunters were: Bethel Knight, Breckenridge, E. M. Lambert, San Angelo, Archie Aday, Waxahachie, J. M. Adamson, Jess Cunningham, John Cunningham, Henrietta; Don Dale, Dallas, Ray Weaver, J. B. Armstrong, L. P. Singleton, San Angelo; Dr. L. H. Sherrill, Houston; W. L. Golightly, Vernon; G. H. Davis, W. H. Wortham, L. R. Shroyer, Fort Worth; M. V. McCortney, Otis Grafa, W. A. Cummings, Hobbs, N. M.; Bernon Wolf, M. C. Leach, Wallace Wartenbach, Mason, Bill Barnes, W. A. Bond, Mrs. W. H. Torian, Jan Vander Stucken, Nancy Wilson, Tom Elaine Espy, Ray F. Holmes, F. R. Bennett, Mrs. Mack Cauthorn, Dean Sanders, W. L. Howan, E. L. Creel, Childress; Dr. Belford Shelmire, J. E. Tankersley, Alpine, Marion B. Hall, Ft. Stockton; J. F. Hamby, Leonard Bing-

ham, Frank Granott, Jim Lankford, Elsie Schwiening, Bill Wade, L. R. Shroyer, Sam K. Horner, J. E. Branscum, Jim Stallings, Dayton Cain, E. S. Mayer, Jr., Freeman Miers, John Allen Ward, Loren Neis, John Biggs, Donald Combs, Roy Weaver, A. W. Branson, Pete Ecker, E. B. Wagner, Mrs. P. F. Burgstaller, Jim Berry, Joe B. Wolverton, Billy Galbreath, Mrs. W. E. Crummet, Velmore; Oliver Wuest, Ray A. Acker, P. H. Coates, E. E. Newton, John McCarver, Jr., W. H. Alsop and Mrs. Lee Lewis.

G. C. Allison, L. J. Ketter, Ed. Kinsey, Mrs. Bob Teaff, Robert L. Moore, Mrs. Clark W. Finnerud, Lewis Tyra, M. M. Christianson, Paige Knight, W. W. Klatt, Lubbock, Sylvian Schoppa, Alvin Druendson, E. C. Youngblood, J. B. Taylor, Hub Calley, Mrs. Fiebig, Fort Worth, Jesse C. Elliott, Gonzales, Bob Morris, T. E. Kuykendall, Abilene, Aubrey Crider, H. C. Grafa, C. B. Grafa, Otis Grafa, Harvey Ringer, F. H. Hunter, Vernon; E. J. Jacobs, R. D. Sheen, George W. Gambill, Dallas, Emery Taylor, Fort Worth; Roy F. Holmes, R. L. Bricker, Charley Trukey, Mrs. J. F. Nixon, J. F. Nixon, J. B. McShane, Lamesa and J. B. Claiborne.

Frank Pullen, C. H. Tisdale, Granville Barker, Chester Doyle, Charley Hutcherson, Carl D. Bishop, Mrs. Shannon Clarkson, Mrs. L. P. Bloodworth, John L. Middleton, Odessa, Roger Clendennan, T. E. Freeman, Harry H. Benson, Reva McMillan, San Angelo, Dave Locklin, R. A. Brymer, C. L. Weatherly, H. B. Adams, B. B. Adams, Bert Adams, Jr., Mose Johnson, Joseph L. Linsy, Leroy Flagg, Dr. E. L. Sullivan, Mrs. L. A. Sherrill, Joe Carnes, J. G. Lewis and W. R. Lewis.

A. L. Green, Serman, H. W. Davis, Houston, Guy Spence, Ft. Worth, Frank Ashcraft, Houston, C. W. Blalock, Houston, G. L. Lawrence, S. C. Herring, Abilene, D. W. Wood, Ed. Wright, D. R. Wells, Cross Plains, Dr. Clark W. Finnerud, Mrs. Asa Beach, Dallas, S. L. Sharp, George Barrow, Bud Glasscock, Ervin Willman, Peggy Willman, Eugene Newton, G. T. Rode, R. C. Vicars, Archie Adair, Lea Allison, Howard Espy, Curtis Nicholas, Owen M. Bourdant, Fort Worth, W. G. Rose, Mason, E. R. Cockrell, Seymour, H. W. Turney, Rev. Stanley Hauser, Fern Weaver, Oscar Carpenter, Walter Fisher, Barnhart, Mrs. Lloyd Earwood and C. F. Towns.

Also J. M. Grisso, Leo Brumley, Norbert McIntire, John McCarver, E. A. Ward, R. B. Anderson, Bill Decker, Marion Elliott, E. J. Wallace, F. G. McCarthy, San An-

## Ernest Woodward Killed In Korea

T/Sgt. Earnest A. Woodward, former Sonora resident, was reported killed in action in Korea November 9, according to word received by his father, J. C. Woodward of San Angelo. Mr. Woodward had received a letter from his son dated November 9, saying his division was falling back before an enemy counter-attack, being rushed to the extent the men had to throw away equipment to save guns and ammunition.

A native of Eldorado, Woodward had spent several years here. He was employed by Espy & Vander Stucken, Ray Baker and was in partnership in the concrete business with H. V. Morris.

Woodward had been in Korea since early July. He had been wounded in August but had recovered and had been in action for the last month to 40 days. He served 28 months in World War II and was in combat 11 months of that time in the European Theatre. He had decided to make the army a career and had returned to service once the Korean situation developed.

He is survived by his father, a brother, Fannie McCarver, a veteran of World War I, and three sisters, Mrs. Glyn Hammack, Mrs. Marvin Bryant, and Mrs. Lillie Del Wall, all of San Angelo.

## E. B. Fletcher To Drill Wildcat In Sutton Co.

E. B. Fletcher of Dallas plans to start by Dec. 5 an eastern Sutton County wildcat to be drilled with rotary to 4,200 feet if necessary to explore the Ellenburger.

The test, for which an application for a permit was filed with the Railroad Commission here Monday, will be No. 1 C. W. Adams, 660 feet from the south and east line of section 66, block A, GWT&P Ry. Co. survey. It will be 2 1/2 miles west-southwest of J. K. Davis No. 1 Mrs. W. Faulkner, Pennsylvania lime discovery in western Kimble County line 22 miles east of Junction and 30 miles east of Sonora.

L. W. Elliott and A. C. Elliott of Sonora and W. M. Holland of San Angelo farmed out to Fletcher leases on 954.5 acres for the drilling of No. 1 Adams, retaining an override. The leases are on all section 66, the south half of section 65, which adjoins section 66 on the north, and five acres out of the northwest part of section 83 north of the Llano river. Section 83 adjoins section 66 on the south.

The wildcat will be on the north bank of the Llano river, and west of Allison Park. It will be slightly more than one mile southeast of Ordovician Oil Co. No. 1 Mrs. J. T. Evans, abandoned dry at 4,188 feet Feb. 10, 1938. The Atlantic Refining Co., which has a large block in the area, and United Oil and Gas Co. of Shreveport will make dry hole contributions to the Fletcher test.

## Congratulations To These New Parents

A daughter, Vera Elizabeth, was born to Mr. and Mrs. Bill Wade Saturday in a San Angelo hospital. The baby weighed 7 pounds, 9 ounces.

Grandparents are Mrs. John T. Sellman of Sonora and Mr. and Mrs. Ovid Wade, Sr. of Eldorado. Great-grandmother is Mrs. Bettie Burk of Rochelle.

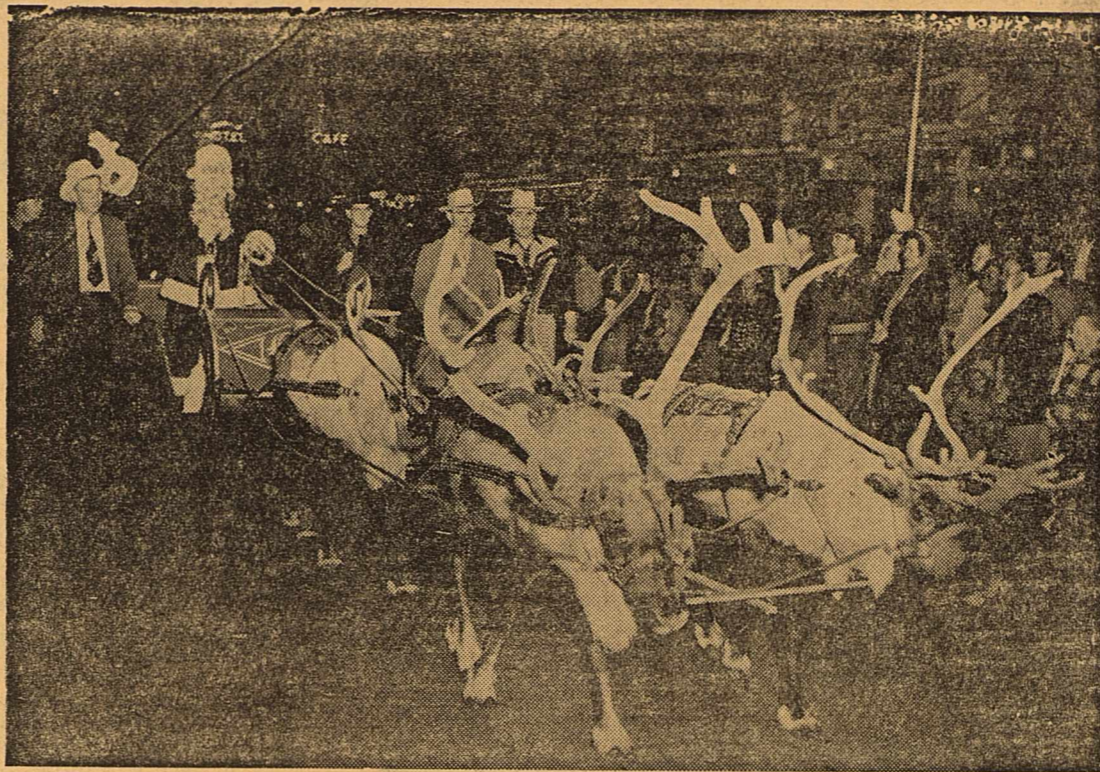

## MISSIONARY UNION LADIES HEAR BOOK REVIEW WED.

Members and guests of the Women's Missionary Union of the Baptist Church met Wednesday to hear a review of the book "So This Is Africa" given by Mrs. Rip Ward. The devotional was given by Mrs. J. E. Eldridge and the prayer by Mrs. W. O. Crites. A solo was sung by Mrs. Clifford Peterson.

Those present were Meses. Rip Ward, Alfred Cooper, J. E. Eldridge, W. K. Regeon, J. P. Smith, Katie Brasher, Jim Cauthorn, F. T. Kennemer, J. B. Heflin, R. G. Nance, W. O. Crites, Ping Glasscock, A. F. Spinks, Lawrence Nichols, Boyd Moore, J. W. Pepper, Sr., Bob Odom, Clifford Peterson and V. H. Wolf.

tonio, J. B. Cox, Billy Savell, F. W. Stewart, R. E. Williams, John E. Sentell, Billy Martin, Dick Copeland, Thomas E. Mix, Bob Cowden, C. L. Lee, Dr. C. F. Browne, Ed Fiebig, Mrs. Grace Knight, and J. L. Barbee.

## Santa And Reindeer To Visit Sonora Tuesday

## Bronco Cagers Open Tuesday In Big Lake

By Bobby Joe Granger

The Sonora Broncos coached by Buddy Hawkins open their 1950 basketball season Tuesday, Dec. 5, in the Reagan County High School Gymnasium when they engage the Reagan Owls. The Broncos have six returning lettermen from last year's squad to bring the Broncos back into championship consideration after last year's disastrous season.

The district will be divided into two divisions with each division consisting of four teams. The winner of each division will play each other for the district championship. The West half consists of Sonora, Eldorado, Ozona and Ricksprings. The East division consists of Menard, Mason, Junction and London.

The returning lettermen for the Broncos are Gene Henderson, Bill Baldwin, Pat Carroll, Pedro Galindo, Jack Ratliff and Herb McKee. Other squadmen are Mike Gonzales, H. W. Kile, Joe David Ross, Candelario Jimenez, Bill Ratliff, Dick Stephenson, Pedro Gomez, Francisco Martinez and Jodie Minnick.

The Junior High cagers also open their season against Big Lake. The Colts schedule will be the same as the Broncos in district competition. Colt players are Griffen, Turney, Wright, Johnson, Crites, Mimick, Smith, Friess, Skinner, Spinks, Chalk, Friend and Hill.

Both of the clubs will field teams with very much height. The probable starting teams for the locals will be: High School, Galindo, Henderson, Baldwin, Carroll and McKee; Junior High, Skinner, Wright, Griffen, Smith, Johnson and Crites. The games will begin at 6 P.M. when the Junior High clubs meet.

## Rice - Baylor, SMU TCU Wind Up Conference Play

Two games that have annually produced thrilling finishes to the Southwest Conference are on the Humble Oil & Refining Company's football broadcast list for Saturday's semi-final weekend of regular activity.

Coming up will be another chapter in the wild and exciting TCU-SMU series, and the 1950 edition of the game that decided the 1949 championship -- Rice vs. Baylor.

Kern Tips and Alee Chesser will be at Dallas' Cotton Bowl to tell the SMU-TCU story, the 1950 renewal of a series that has few equals for football thrills. The broadcast, beginning at 1:50 p.m., will be heard on KPRC, Houston; WOAI, San Antonio; WFAA-WBAP-820, Dallas-Ft. Worth; KRIS, Corpus Christi.

From Baylor Stadium in Waco, Charlie Jordan and Eddie Barker will broadcast the Rice-Baylor meeting, beginning at 1:50 p.m. on stations KFJZ, Ft. Worth; WRR, Dallas; KRBC, Abilene; KGKL, San Angelo.

Mrs. F. M. Jackson of San Angelo spent last week here as the guest of Mrs. Jane Hamilton.

Mrs. Theo Savell is undergoing treatment in a San Angelo hospital.

## Soil Conservation District News

Vance Eubank's Southwest Trap has shown remarkable vegetative improvement in the last years. Eubank has deferred this trap two consecutive growing seasons. Among the many good grasses which have appeared in quantity in the open are little bluestem, Texas cupgrass, Texas wintergrass, and sideoats and nealy grama. These grasses are forming a heavy protective cover which will reduce the amount of water lost through runoff. This combination of high forage producing grasses will furnish excellent grazing for livestock.

Eubank made plans for seeding a portion of his field next spring to good native and introduced grasses. In addition to terracing the field he plans to defer both of his South Traps through the next growing season.

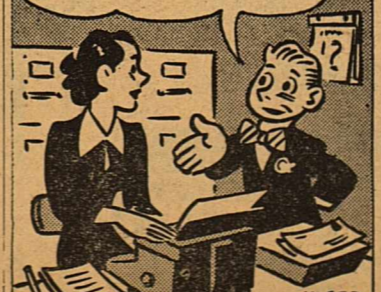

"Raindrop" was the title of the film shown to the Lions Club Tuesday. This color film produced by the Department of Agriculture depicts the effect of raindrops on soil. It emphasizes the force of the rain drop and the important part it plays in soil erosion. The effect of good cover on cultivated and pasture land was shown. Rain falling on a pasture with good cover produced clear runoff while rain falling on pasture with poor cover detached considerable soil which was carried off with runoff water. Measurements showed that during a heavy rain the force of raindrops on bare soil moves as much as 100 tons of soil per acre.

Other films shown the Veterans Agricultural Class Wednesday night were "Flood" and "Once Upon A Time." The film "Flood" depicted the causes and effects of floods and how soil and water conservation applied to watersheds would "cut the top off" of floods and prevent millions of dollars of flood damage. "Once Upon A Time" is an animated cartoon showing the evolution of soil and the effect civilization has played in wasting of soil and natural resources. This film was also shown to the Episcopal Sunday School last Sunday.

This series of film is scheduled to be shown to the High School

## Vic Vet says

UNREARRIED WIDOWS MAY QUALIFY FOR GI LOANS IF THEIR HUSBANDS DIED AS THE RESULT OF SERVICE IN WORLD WAR II. THEY, TOO, HAVE UNTIL JULY 25, 1957 TO USE THIS BENEFIT

For full information contact your nearest VETERANS ADMINISTRATION office

PREVUE OF LOCAL SANTA CLAUS PARADE — Santa will come riding in a bright-colored sleigh drawn by four big-antlered reindeer in our town next Tuesday at 1 o'clock. Here he waves to children thronging the street in another parade like the one you'll see. Those sleigh animals are Donder and Blitzen, Prancer and Dancer, and they're coming straight from the Arctic Circle near Kotzebue, Alaska, to Texas to gladden the hearts of all children.

## What's going on in Sonora

Joe Berlanga, Sonora footballer who received a throat injury in the Menard game, was brought home from a San Angelo hospital Sunday . . . G. H. Hall was brought home from a San Angelo hospital Monday. He is in bed at home . . . From the Menard Messenger: "This boy Henderson was a good clean football player. I don't think 'Iron Man' Crumbly of Junction could hold a light to this boy on the football field" . . . From the Shreveport Journal: "Tom Ratliff, Fair Park High School's first grid coach, occupied a seat on the Tribe's bench at the Turkey Day contest. He was mentor of the Indians from 1929 until 1935. For a number of years Ratliff was principal of the Belcher High School. He now resides at Sonora, Texas, where he is owner of a dry goods store and funeral home." Ratliff's team won their game with Byrd 35-13. A picture of the former coach with some of his old players was also published . . . J. M. Stevens, Sonora resident for many years, is critically ill in Hamilton. He is staying with a daughter, Mrs. A. D. Glover . . . Mr. and Mrs. Wes Hill had as their guests Thanksgiving Mr. and Mrs. Harry Keesee and Mr. and Mrs. C. S. Wells of Houston; her mother, Mrs. Joe Wallace and Sid Wallace of Pottsville; Alvin Wallace of Ricksprings and the Ben Gilberts of San Angelo . . . Special Agent John Hubbard of Abilene FBI office will speak here Tuesday night, December 5, at the Methodist Men's Banquet. All Sonora men are invited. Tickets at News Office or bank at \$1 each . . . About 200 Sonorans were seized with some type of food poisoning last Wednesday afternoon and night, 175 were treated by local physicians, but no clue could be found as to what might have caused the illness. Several unfounded rumors circulated to the effect that it might have been food served at the school cafeteria. The facts are, however, that only a few of those reported ill had eaten at the cafeteria. In fact, the illness followed absolutely no pattern whatever. There were people who had eaten at various local cafes who got sick and others who had eaten the same food in the same cafes at the same time who did not get sick.

Each year a reindeer sheds those huge antlers -- and promptly grows a new set. They grow at the rate of half an inch a day, and in 90 days a reindeer will have grown himself a brand-new set of horns. Up in the Arctic the reindeer use those antlers for snow plows, to push drifts out of their way.

It's natural, Carothers says, for a reindeer to breathe with his mouth open and tongue lolled out, like a dog, when he's pulling a sleigh. The antlered natives of the Far North have been equipped by nature for life in the Arctic. Hair protects the ends of their noses, between their hooves and all parts of their bodies.

Uncle Sam is mighty particular about reindeer, and that's why it took Carothers two years to arrange to bring the first ones out. The Eskimos are particular too, but now they know Carothers and Santa will take good care of the reindeer while they're in Texas.

Their native feed is a lichen called reindeer moss, but down here they fare just fine on breakfast food. Rolled oats, that is, with a little mixed grain and a little peanut hay.

Eskimos helped Carothers round up and train the wild reindeer to work in harness hitched to a sled. Sometimes they're teamed up with sled dogs at first, until they get used to harness. Then they're allowed to pull a sled by themselves, and finally they learn to draw Santa's sleigh.

Then they're ready for the big Santa Claus parade. The Lions Club invites all children of this area to come downtown for the Santa Claus parade. Carothers will help Santa Claus and will return to Texas from the Arctic Circle to be on hand for this big show.

## Guests At Ranch

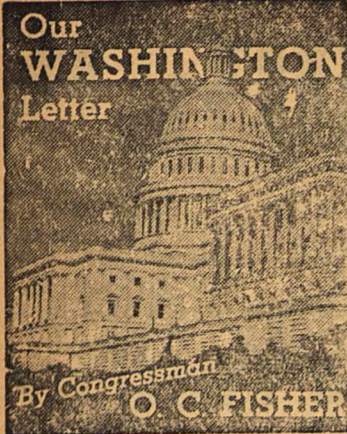

Guests of B. M. Halbert III at the ranch over the Thanksgiving holidays were Miss Nora J. Peterson, Kerrville, Mr. and Mrs. Bud Hawkins, Dallas, Harley May, Deming, N. M., Johnny Eckels, Beaumont and Bub Evans of Ft. Davis.

This is the time of the year when people look at thermometers and say, "It's colder than that!" be designd to make most efficient use of soil and water available.

**Texas Venture**  
In Education • 1876-1951  
Our first state college—Texas A. and M. is now in its seventy-fifth year

**HILGE NESS**

In recent months much has been written of amazing new developments in the forestry field through the breeding of hybrid trees, producing a fast-growing, vigorous new tree in much the same manner as scientists have produced hybrid corns and other valuable new plants. Success in this field would revolutionize forestry practices. Thirty years ago a little-known Texas scientist working on the A. and M. campus produced hybrid oak trees which are campus landmarks today. This pioneering opened up an entirely new field which is now coming to the attention of the world. Hilge Ness, who produced hybrid oaks by crossing the overcup oak and the liveoak, was chief botanist of the Texas Agricultural Experiment Station and professor of Botany at the college for many years. He joined the staff in 1889, after graduating from Texas A. and M., and served until his death in 1928. A distinguished scientist, he had great influence as a teacher and researcher, and made valuable contributions to Texas agriculture through the production of many useful new plants, one of which was the Nessberry, a cross between the newberry and raspberry, which still bears his name.

**Our WASHINGTON Letter**  
By Congressman O. C. FISHER

two, the beginning of a return of most industries from state ownership back to private enterprise. The party demanding a de-nationalizing of industry won 395 out of 487 seats in the unicameral legislative body. It rarely ever happens - turning away from socialism once a country gets stuck with it.

Turkey sent 250,000 tons of chrome to the United States last year - 38 percent of the U. S. supply. Through ECA and technical help, the annual chrome production should reach 500,000 tons by 1953. The Turks have some of the largest deposits of metallurgical chrome in the world, and we are heavily dependent upon imports.

Tehran, the capital of Iran, is a rather thriving Middle Eastern city of a million people, yet has

no water system, no sewer system, and has only 5,000 telephones. The cost of living there is 900 percent above prewar.

There's a very large Texas colony in Tehran, composed of 40 people according to the last count. In fact, they have a "Texas Embassy" and an "Ambassador" - P. L. Hicks, Isthman Steamship Co., representative. Hick's wife is the former Nettie Schneider of San Angelo. She is a sister of Mrs. Charles Harper and Buddy Schneider who works for Hemp-hill-Wells.

Other Tehran Texans include Mrs. James R. Pierce, of El Paso, whose husband, Col. Pierce, is Chief of the Tehran Gendarme (State Police) Advisory Commission. Speaking of Tehran, the people

are still talking about the Big Three (Roosevelt - Churchill - Stalin) conference which was held there in 1943. Three of the main boulevards in the city are named Roosevelt Street, Churchill Street and Stalin Street.

Embassy attaches recall that President Roosevelt spent the first night in the American Embassy, but for security reasons was moved to the Russian Embassy where he lived during the remainder of the conference. The British Embassy is across the street from the Russian, and the two could be guarded better, whereas the American Embassy was some blocks away. The conference itself was held in the Russian Embassy.

Denmark holds 4th of July celebrations each year, commemorating our independence, to which Americans are invited. In addition, about two boat loads of Danish-Americans go across to attend each year as honored guests. On last July 4, the affair was attended by 25,000 people, and was addressed (in Danish language) by Mrs. Eugenia Anderson, the American Ambassador.

Speaking of Mrs. Anderson, she has been Ambassador for less than a year, yet has just about mastered the native language in that time. She has already delivered three speeches in Danish and is quite a favorite with the Danish people. One of those talks was on Mother's Day, and it was broadcast.

In Denmark I met Admiral Quistgaard, Danish Defense Chief, who until recently was Naval Attaché for four years at the Danish Embassy in Washington. His son recently joined the American Marines and is presently stationed at Camp Pendleton, California.

One of the finest dairy herds in Denmark is near Copenhagen. The herd is called Red Danish, the cows average 1,300 pounds in weight, produce more than 500 pounds of butter fat annually. From the one famous herd I visited, during its 40 years 2,000 registered breeding bulls have been sold.

**THIS TASTES GOOD IN TEXAS**  
Uncooked Fruit Cake  
3/4 pound seeded raisins  
1/4 pound dried currants  
1/2 pound dates  
1/4 pound figs  
1/4 pound candied cherries  
1/4 pound candied pineapple  
2 ounces citron  
1/2 pound pecans  
1 cup rolled oats  
1/2 cup grape juice  
1/2 cup orange juice  
3/8 cup strained honey  
2 tablespoons unsalted fat  
2 whole cloves

A strong personality in the Middle East is diminutive General Ali Razmara, new Prime Minister of Iran. His brother, who lives in Boston, is an American citizen and his son is attending Syracuse University. Needless to say, America has a friend in the new Prime Minister.

In Belgrade it's the law that when a car approaches an intersection it must blink once to go straight, twice for a right turn and three times for a left turn.

The most inspiring sight in the world is from the Parthenon in Athens, atop the Acropolis, from which one may look down to nearly Mars Hill where St. Paul stood and delivered an immortal sermon to the Athenians.

It was "Oxi" (No) Day in Greece on October 30, as it is every year on that date. Its origin goes back to October 30, 1939, when at 3 o'clock in the morning the Italian Ambassador telephoned Betaxas, Greek Government head, to tell him that unless there was complete capitulation by 6 o'clock A. M., Mussolini's legions would march in. The sharp answer was "No". And in the war that followed, the Greeks gave the invaders a sound licking. Finally Adolph had to go to Benito's relief. So - for perhaps centuries, every October 30, will be "No" day in Greece.

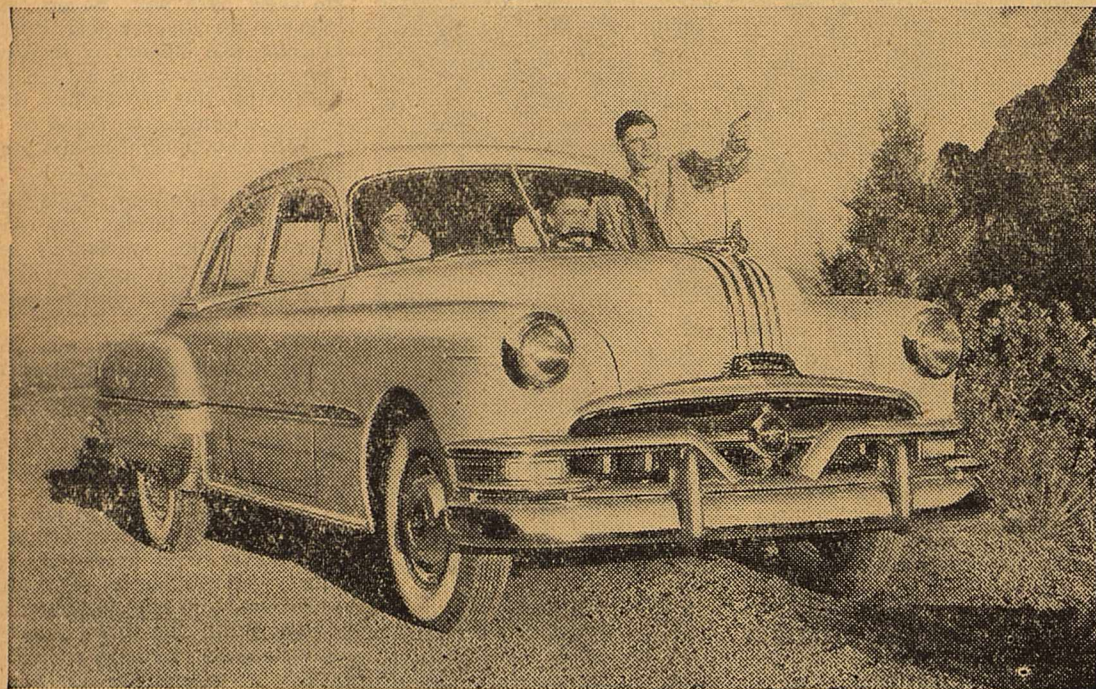

Official Department Of Defense Photo

**"BUDDY SYSTEM" BRINGS MUTUAL UNDERSTANDING**—The problem of integrating South Korean nationals into American military units has been solved by GIs to the satisfaction of top level planners. Pvt. Moon Bing Yong El, South Korean soldier, (left) and Pvt. Fanzie C. Benefield, Jr., member of the 5th Cavalry regiment, fight side by side against Communist forces in Waegwan area.

When ROK soldiers were recruited and hurriedly trained behind the tight Pusan perimeter in the critical days of the Korean campaign results frequently were not too good. Individual ROKs were outstanding soldiers, but many failed to fit into the integration plan because of the language barrier and lack of mutual understanding. But GIs who had served in Korea and Japan before the North Korean invasion and knew something of the languages soon demonstrated their ability to work with Korean soldiers effectively. These Americans also had a higher opinion of the South Korean as a fighting man. In a new training program Korean and American nationals were paired for every phase of their daily lives in the field. The ROK was a faithful shadow of the Yank, patterning his actions after those of his instructor. The men became good friends, and the bargain has not been one-sided, either. The Korean's knack for camouflage and his knowledge of Communist habits proved valuable. ROKs have an uncanny way of discovering the tricks of guerrillas in infiltrating behind the lines and were able to alert their American buddies to hidden dangers.

- 2 allspice berries
  - 1 inch stick cinnamon
  - 3/4 cup bread crumbs
  - Smaller fruit juices and spices 5 minutes. Strain, add oil and meal and bread crumbs to fruit juice. Cool. Stir in honey and fat. Cover batter air tight and let it stand overnight. Mix fruits and nuts and let stand overnight. Combine mixtures and blend thoroughly. Pack tightly in waxed paper lined pan or pack in aluminum foil freezer container or cover pan with tight fitting lid. This may be stored in the refrigerator for several weeks.
  - Complete Menu
  - Tuna Loaf
  - Green Beans - Buttered Carrots
  - Green Salad
  - Rolls - Butter
  - Uncooked Fruit Cake
  - Coffee
- Selfishness will break up any partnership ever formed.

**Silver Anniversary Pontiacs Make Bow**

Pontiac's 1951 Silver Anniversary models bring twenty-eight fresh styling innovations and seventeen mechanical improvements to the line. The new Pontiacs, now on display, again are available with six or eight cylinder engines. All models offer a choice of Hydra-Matic or synchro-mesh transmission. The popular Chieftain four-door sedan pictured exemplifies the advanced styling of the Pontiac Line.

LIGHT • MEDIUM • HEAVY MODELS • Made in widest variety of engine-body-chassis combinations to fit every trucking need

IN these uncertain days it's wise to buy a rugged truck that can roll with the punches for years to come. Big fleet operators who keep careful check on all makes of trucks tell us that GMC's are consistent standouts for long life with minimum maintenance.

That goes for all GMC's from 1/2-ton models up. Many GMC Diesel truck-tractors are still highballing loads with more than a million miles of over-the-road service behind them.

The reason is--every GMC is all truck! Every GMC is designed by truck engineers for truck service with 100% truck-built parts. You get a real truck engine with high horsepower and higher sustained torque--more pull--an engine that delivers full power without eating its heart out!

There are many other extra-value reasons why a GMC is your best buy for the long haul. We'll be glad to give you proof!

**ELLIOTT MOTOR COMPANY**

**Dec. 15 Closing Entry Date For Houston Show**

Entries for the 1951 Houston Fat Stock Show and Livestock Exposition, January 31 through February 11, are pouring into the Stock Show office and show officials are confidently predicting more than 9,000 entries.

President W. A. Lee stressed that December 15 was deadline for swine, sheep and cattle entries and that January 15 is deadline for horse, poultry and rabbit entries. He urged potential exhibitors to mail their entries at once.

At the same time, Lee announced that reservations were being accepted for tickets for the World's Championship Rodeo which in 1951 will star William "Hopalong Cassidy" Boyd, Eddy Arnold and his Oklahoma Wranglers, and other topflight rodeo acts.

All mail orders should be mailed to the Director of Ticket Sales, P. O. Box 2371, Houston, Texas. The orders should give complete information -- number of tickets desired, price, date of performance and whether a matinee or night performance. A post office money order or check should accompany the order with an extra 40 cents for mailing and registration costs.

primitive man in the Western world.

Artifacts found in a small lake bed near Clovis shed new light upon the succession of human inhabitants of New Mexico in the late Pleistocene Era -- the geologic age just preceding the present, Dr. Sellards explained.

Deposits accumulated in the lake intermittently, resulting in four distinct layers of earth. Three contained human relics and fossil animal remains. To the oldest culture, he gave the name of Llano or Plains Culture, because it was found in the Llano Estacado region of Texas and New Mexico.

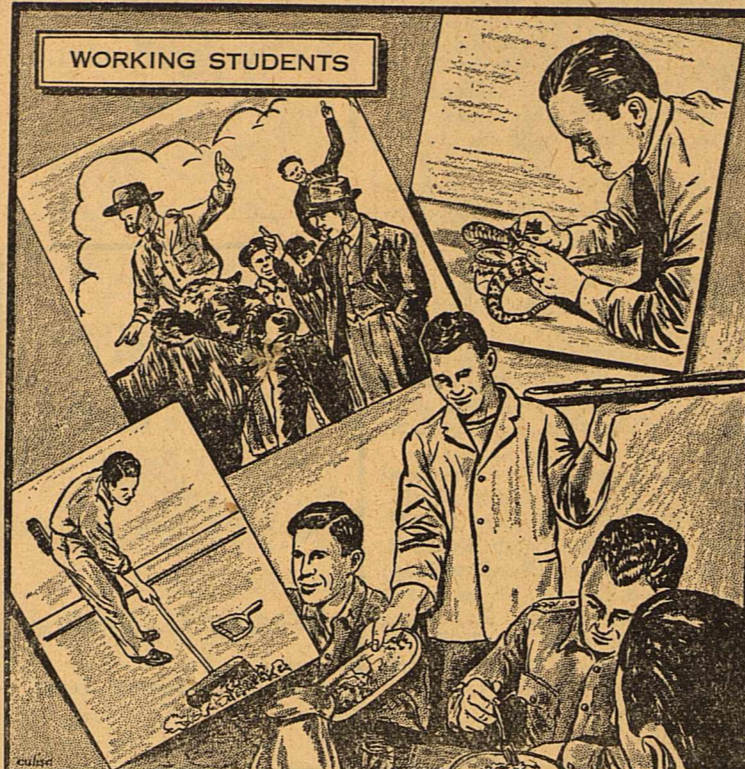

This bottom layer of lake deposits contains elephant, horse, and bison fossil remains. The geologists also found numerous bone artifacts -- once probably digging tools, Dr. Sellards reported. Also, they discovered stone artifacts, such as hide scrapers and spear points.

"The implications are that these earliest known people of the plains obtained a part at least of their food from seeds and tubers and were not wholly a hunting people," Dr. Sellards pointed out.

It is surprising what a public speaker will say to gain publicity.

Many and ingenious are the ways Texas boys have found for earning all or a part of their college expenses in order to secure an education. The old standby jobs of janitor and mess hall waiter have long been popular with working students at the A. and M. College of Texas, while other have found new and novel ways of their own after the standard jobs were filled. One of the Southwest's leading auctioneers today works his way through school as a student auctioneer at A. and M. A former member of Congress divided his working time between the home barn and mail delivery. Many biology students have earned extra money by catching poisonous snakes for study or to "milk" them of their venom for sale to manufacturers of medicines. One enterprising leader leaves the campus and sold their pelts. Records of working students at A. and M. show that on the average their grades are as good as those of boys who do not have to earn a part of their college expenses.

**How can you pass up our prices?**

As we've been saying for quite a spell — "Whatever your price range—Better buy Buick."

But maybe we'd better get down to brass tacks, as to just what this suggestion means.

In the lower-price field, this has been happening:

*Four out of ten Buick SPECIALS—bought by people with a car to trade in—have been bought by folks who formerly drove one of the so-called "low-priced three." They found they could afford a Buick!*

In the fine-car field, something even more impressive has happened:

*Four out of five people who looked at a ROADMASTER and another very distinguished automobile decided in favor of ROADMASTER!*

So—whatever your price range, take a look at our prices—and at what you get for your money.

What you get is the thrill of owning the greatest Buick of all time—as registered by record-breaking sales.

What you get is power and style and comfort and performance that are hard to match in any other automobile.

More specifically—you get the power-with-thrift of Buick's famous Fireball high-compression engine—a style that stands out in any company—a ride with the comfort of coil springs on every wheel—and performance that makes you feel like the head man on any highway.

Better come in today—and see what can be done about getting quick delivery.

**Only BUICK has Dynaflo drive\* and with it goes:**

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

YOUR KEY TO GREATER VALUE

**Better Buy Buick-Now!**

WHATEVER YOUR PRICE RANGE

### Sonora Colts Given Banquet

The Sonora High School Junior football team was honored with a banquet and dance last week in the cafeteria.

Hosts were eighth grade sponsors, Miss Lady Lu Terry and T. M. Harvey, and the class mothers, Mrs. Gay Copeland, Mrs. L. C. Hardesty and Mrs. Arthur Carroll. Bill Ratliff and Charles Griffen are captains of the team and Oliver Wuest is coach. Assistant coach is Charles Lee Haines. Bill Ratliff served as master of ceremonies.

Gifts were presented to Wuest, Haines and Robert Guest, who had served as water boy for the team. Billy Scott played piano selections during the banquet. Colors of red and gold were used. Seventy-five attended.

#### CARD OF THANKS

### 31 Years Ago

Mr. and Mrs. Claude Stites were in town Wednesday.

Ben Cusenbary was in town Wednesday from the ranch 20 miles south of Sonora.

Mr. and Mrs. Robert Halbert were in town Monday from the ranch 16 miles west of town.

R. E. Aldwell returned from San Antonio where he left Mrs. Aldwell for a visit of some weeks in that city.

D. K. McMullan of Angelo was in Sonora last Saturday on his way to the ranch near Beaver Lake.

J. N. Ross was in town Wednesday from the ranch where work has lightened up with the fine weather.

J. A. Cauthorn was in from the ranch Wednesday.

J. H. Dismukes and W. B. Finley, Jr. of Eldorado were here Tuesday.

J. P. Wilkerson of Angelo was a business visitor in town Saturday.

Dr. "Buck" Henry and family of Menard were here Saturday returning from a hunting trip on the Pecos.

Robert Johnson of Anderson returned from San Antonio Monday with Misses Clara Allison and Sallie Wardlaw. Mr. Johnson is a brother-in-law to Miss Wardlaw and will visit here a few days.

R. H. Chalk was in from the ranch Wednesday.

E. E. Sawyer returned Saturday from a business trip to Del Rio.

Failure to provide farm livestock and poultry with the protection and feed they need during the winter months, may mean the difference between a profit or loss for the producer.

### K. R. Bluestem Gets Good Dry Weather Report

King Ranch bluestem grass stands droughty conditions well because it is a deep rooted plant. This is the conclusion arrived at by Felix Meier of Gillespie County.

C. A. Stone, county agent of Gillespie County, reports that Meier planted K. R. bluestem on his ranch three years ago. He scattered the seed by hand on open ground, along diversion terraces, and down in draws. A few of the seed sprouted and the plants made seed the following summer.

In September of this year, lots of small seedlings could be found in the seeded areas, and several of the old plants were in full seed. Meier says he also found that K. R. bluestem produces seed three times a year.

Many of the plants on Meier's ranch produced their seed with the seed stalk flat on the ground, because cattle, deer and sheep kept nibbling on the green forage all during the spring and summer. A. H. Walker, range specialist or the Texas A&M Extension Service, says that this is characteristic of K. R. bluestem. It will produce seed under very heavy grazing conditions.

However, Walker points out that K. R. bluestem, like all grasses, does better when it is not continuously and closely grazed.

### Premium Lists Ready For Angelo Show

Premium list for the San Angelo Fat Stock Show has come off the presses. The exposition, one of the leading in the Southwest, will be held March 1 through 3, 1951.

This announcement was made by H. E. McCulloch, general chairman for the 1951 show.

Prizes in the sheep division will be awarded to Rambouillets, Delaine-Merinos, Corriedales, Suffolk, Hampshires, Southdowns, Shropshires, and fat lambs. The swine department will feature fat pigs.

Divisions in the cattle department will be Herefords, Aberdeen-Angus, Brahmins, and fat steers. Committeemen for the various divisions include: Fred Ball, Boys' Show Committee; H. C. Noelke, Jr., Men's Show Committee; George C. Riggins, Boys' Sale Committee; J. P. Williamson, Publicity and Advertising Committee; and Ray W. Willoughby, Finance Committee.

Superintendents for divisional showings are: M. B. Inman, Jr., Boys' Baby Beef Show; H. M. Carter, Boys' Fat Lamb Show; R. O. Sheffield, Boys' Breeding Sheep Show; Joe Lemley, Boys' Pig Show; H. C. Noelke, Jr., Men's Sheep Show; Jack V. Williams, Hereford Show; Henry Moore, Aberdeen-Angus Show; and O. J. Flowers, Brahman Show.

A Junior College Judging Contest will be held in conjunction

with San Angelo Fat Stock Show. This will be the second year that the show has sponsored this contest. S. B. Phillips, West Texas Utilities Company, will be general superintendent.

FOR SALE: 15,000 bundles of Hegira, late cut. Fir as you ever saw to rain. Price, \$30 per ton. Delivered and stacked at above price. Bill deCravey, Phone 23811, Eldorado, Texas. tfn7-Adv.

LOST: Pair of Edward Caroe glasses at Old Park Inn several weeks ago. Finder please return to same place or Ellis Sporting Goods. Call for reward. Gordon McDonald, Eldorado, Texas 1tp7

Mr. Dan Goldsmith, 3024 Curron Road, Louisville, Ky., owner of Coogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise **HADACOL** correctly. He says he knows most folks don't realize what a change **HADACOL** can make in their life if their systems are deficient in Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. Here is Mr. Goldsmith's statement:

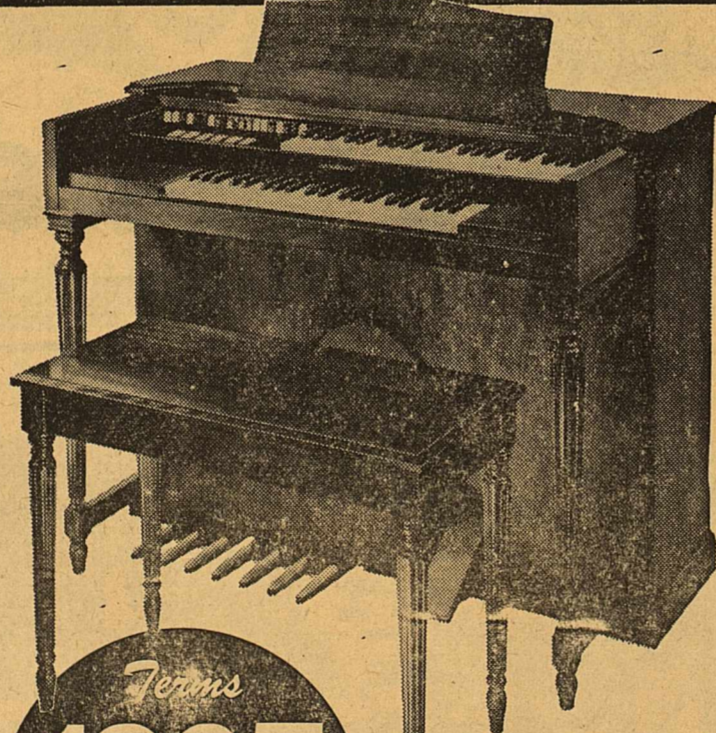

"Before I started taking **HADACOL** I was run down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for **HADACOL** so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. **HADACOL** is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put **HADACOL** on the market."

**HADACOL Is So Different**

Thousands are benefiting from **HADACOL**... whose systems lack Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin. **HADACOL** is so wonderful because **HADACOL** helps build up the hemoglobin content of your blood (when Iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.

Give remarkable **HADACOL** a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have **HADACOL**, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

**Sleeping Comfort FOR SALE!**

Let us show you what Modern Automatic Sleeping Comfort can mean to you!

The best aid to health and beauty is a good night's sleep. You will fall asleep faster and sleep sounder in a bed that is warm all over and stays that way all night. With a G-E Automatic Blanket, you can select the personal warmth you like best. Just set the dial on the bed-side control... this "just-right" warmth is automatically maintained... regardless of temperature changes... all night long.

Automatic Electric Blankets

COME IN AND SEE FOR YOURSELF...

- The new signal-wire circuit that gives you even, luxurious, sunshiny warmth—all night long.
- How the remarkable bed-side control keeps your bed at a perfect temperature for real sleeping comfort.
- How the new G-E Blanket is lighter than ever—sturdier than ever—how it takes the place of three ordinary blankets.
- How 1,000,000 G-E Blankets are already making Americans "sleep-happy."

G-E Automatic Blankets launder easily and come in four lovely colors: rose, blue, green, and cedar. They're available in sizes to fit any type bed.

**A LOOK AT THE BOOK**  
 By DR. BOB JONES, JR.  
 PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

There are many wonderful lessons for us in the book of Job. It is great drama and great literature. As one of the books in the inspired Word of God it is a source of truth and blessing, but in this modern day its riches are often left unexplored.

Job was a prosperous man who honored God. Satan charged that he served the Lord because it paid him. God, to prove Job's faithfulness, granted Satan permission to afflict him. His children were killed; his property was swept away; he was afflicted with a loathsome disease. Friends came to commiserate with him, but their conversation was a source of irritation to Job and their "comfort"

mocked him. They professed great wisdom about spiritual matters and great understanding of the way in which God worked, but their philosophy was full of falsehood and their arguments stupid and ill conceived as they attempted to convince Job that he suffered because he had committed some secret sin. "Who ever perished, being innocent? or where were the righteous cut off?" (Job 4:7); they asked and even Job himself was convinced that God had not dealt justly with him.

Finally, God's voice sounded from the whirlwind, "Who is this that darkeneth counsel by words without knowledge?" (Job 38:2). conceit of man in questioning the wisdom of God was challenged with the question, "Where wast thou when I laid the foundations of the earth?" (Job 38:4).

How well might these two questions be addressed to some of our twentieth century, who are full of opinions without knowledge. The very air is blue with the empty words of self-important men. Listening to them talk, one would think they knew better than almighty God how to run the world. They offer advice about problems of which they have no comprehension. They darken counsel "by

**YOUR HEALTH**

Among the most frequent causes of sinus trouble are infections of the nose and throat like the common cold, influenza, measles, scarlet fever, whooping cough, and diphtheria, says Dr. Geo. W. Cox, State Health Officer. Exposure and chilling of the skin, poor diet, fatigue, allergies, infected teeth or tonsils, enlarged adenoids or other nasal obstructions also may cause sinus infection.

Blowing the nose violently, diving or swimming with the nose under water may force infectious material into the sinuses. Frequent use of sprays, oils and antiseptics in the nose may injure the mucous membrane and bring on sinus infection.

General resistance to sinus infection can be built up by observing words without knowledge."

ing the rules for good physical and mental health. Get plenty of rest, good food and exercise. Protect your body from sudden changes in temperature and from exposure to extreme cold or heat. Don't expose yourself to infections, since colds and other infections of nose, throat and chest are often forerunners of sinus trouble.

Rest in bed and medical care for respiratory ailments are wise precautions against complications.

A stuffy nose is not necessarily a symptom of sinus infection; he may give you medicines to relieve the situation. But you should use nose drops, inhalants and salves only if your doctor recommends them.

Look Ahead . . . at your Ford Dealer's today! Look at the '51 Ford!

Here's the car designed and built not just for this year and next, but for the years to come. To stay in style, to stay young in performance, to stay thrifty!

It's the '51 Ford with 43 new "Look Ahead" features—some illustrated above—every one planned and engineered for the years ahead.

You'll find such advances as the new Automatic Ride Control that makes even rough roads easy on you—easy on the car itself

This unique new springing system automatically adjusts spring reaction to road conditions. Automatic Ride Control includes Advanced "Hydra-Coil" Front Springs and new Variable-Rate Rear Spring Suspension. Both team with new "Viscous Control" Shock Absorbers to give you a relaxing ride, a level ride—no jounce, no pitch, no roll!

Yes, you'll ride in comfort in the new '51 Ford . . . and you'll ride in style, too! Inside and out, you'll find beauty in every detail of styling, coachwork and finish of this fine new Ford. And it is beauty that lasts because the quality is there!

You can have your choice of two great Ford economy engines: the world-famous, 100-h.p. V-8 or its companion in quality and quiet, the 95-h.p. Six. Both of these engines offer the Automatic Mileage Maker that matches timing to fuel charges so that every drop of gasoline is used—none wasted.

And in the new '51 Ford you are offered a choice of three advanced transmissions—the Conventional Drive, the Overdrive, and Fordomatic Drive, the newest and finest of all automatic transmissions. Visit your Ford Dealer today to see and "Test Drive" this finest Ford ever built!

Been finding it hard to save money?

Try this simple plan

**Absolutely Guaranteed**

to give you cash savings of \$ **4329.00**

You can have the financial independence you've longed for. You — yes, you — can easily save as much as \$4,329!

The plan is easy—and sure. (1) Decide today to set aside your savings regularly before you draw your pay... through the Payroll Savings Plan. (2) Authorize your employer to save \$7.50 from your pay each week and to invest it in United States Savings Bonds, Series E. You'll save automatically, systematically, and "painlessly." And in 5 years, you will own \$2,009.02 in cash; in 10 years, \$4,329.02!

Bonds are like dollars—only better! Any Series E Savings Bond you've held 60 days or more may be cashed on demand at any bank or other authorized paying agency. And if you should lose or accidentally destroy a bond, your money's still safe. Because the Treasury will replace your bond, free of charge.

Go to your employer's Payroll Office now—and start your financial security program by signing up for U. S. Savings Bonds in the Payroll Savings Plan.

Choose one of these plans

—start saving today!

SAVE EACH WEEK	AND YOU WILL HAVE	
	In 5 Years	In 10 Years
\$ 1.25	\$ 334.11	\$ 719.11
2.50	668.97	1,440.84
3.75	1,004.20	2,163.45
7.50	2,009.02	4,329.02
12.50	3,348.95	7,217.20
15.00	4,018.67	8,660.42
18.75	5,024.24	10,828.74

For your security, and your country's too, SAVE NOW—through systematic investment in U. S. Savings Bonds

FRYERS — HENS — BARBECUE

When the eye is quicker than the hand

You actually take less time to find a number in the telephone directory than to call "Information" and wait while she looks for your number.

"Information," of course, is at your service if you find the number isn't listed. But make it a habit to check the directory first—won't you, please? It means speedier service for you.

The San Angelo Telephone Co.
