THIRTY-SEVENTH WEEK

## Sutton 4-H Club Wins Show

The Sutton County 4-H Club took most of the honors as the Lions Club's 14th Annual Wool and Mohair Show came to a close Thursday afternoon. Menard's 4-H Club was a close second.

The Sutton Club was judged best group for overall participation, including both exhibiting wool and mohair and all phases of judging.

It won the best club trophy, a rotating prize, for the third straight time, thus earning permanent possession. Top team in judging was the Menard team, which scored a total of 4,073 points.

Connie Mack Locklin, 14 son of Mr. and Mrs. Dave Locklin show the grand champion bag of wool for the third time in four years. J. M. Auld, Jr., Kerrville, showed the grand champion single fleece in the boys division. It weighed 11 3/4 pounds and came from a Rambouillet buck.

Joe David Ross, son of Mr. and Mrs. Joe Brown Ross, exhibited the grand champion bag of mohair. The fleeces were all from 2-year-old grade Angora does.

Locklin's bag of wool weighed 135 pounds and contained 14 grade Delaine fleeces. Shown this year were 310 wool and mohair fleeces and 24 bags of wool.

Champion mohair fleece was shown by Jimmie Menzies, 13, of Menard. It was from a billy kid and weighed four pounds at six months of growth.

### AUCTION SALE

Although a complete report was not available, the Lions Auction Sale, held Thursday afternoon, netted \$5,500, according to S. M. Kerbow, Lions president. An unusually large amount of stock and merchandise was offered this year, and although bidding was not too sharp, a high total was realized. Lemuel Jones, Junction auctioneer, was highly complimented by Lions officials, on his performance.

Top sale of the afternoon was made when a group of ranchmen bought a Halbert bull for \$1,500 and donated it to the 4-H Club.

## Sgt. Odom Gets Commendation From Navy

Sgt. First Class Ira O. Odom, U. S. A., son of Mr. and Mrs. Robert P. Odom of Sonora, was recently awarded a letter of commendation by Rear Admiral L. A. Thackrey, N. S. N.

Odom, who is attached to the Admiral's staff on board the amphibious force flagship USS Eldorado, was commended "for untiring efforts and constant attention to duty in assisting the production and distribution of operational orders and directives" for three amphibious operations in Korea.

The award was made by Capt. W. S. Heald, N. S. N., commanding officer of the Eldorado.

The citation reads, in part, as follows: "You served as a member of the Flag Allowance, Commander Amphibious Group 3, during the amphibious assault on Inchon, Korea, in September, 1950; the landing of the U. S. Seventh Division at Iwon, Korea, in October, 1950, and again at Inchon during the redeployment of elements of the U. S. Eighth Army through that port in December, 1950, and January, 1951.

"It was necessary that you work extremely long hours daily, under stress, in assisting the production and distribution of the orders and directives necessary to carry out the operations of this command.

"Your untiring efforts and constant attention to duty enabled this command to perform more efficiently, and thus contributed materially to these operations.

Your performance of duty was thorough, skillful and enthusiastic.

"Your excellent service reflects great credit on yourself and the United States Naval Service.

"A copy of this letter will be made a part of your official record."

## Sales Classes Start Monday

MANAGEMENT CLASS ALSO OFFERED BY UT

Merchants and employes may use some of their spare time next week to gain a better understanding of how to please Mr. and Mrs. Customer. The first general meeting of all store owners and managers who wish to participate in retail sales training and management classes will be held Monday night, June 25, in the directors room of the First National Bank. The meeting will start at 7:30 o'clock.

Ford Johnson, retail training specialist of the division of extension of the University of Texas, will be the instructor. In the sales training courses Johnson will emphasize importance of merchant-

use information as an aid in helping customers to buy. He will present a plan which is designed to help salespeople become better acquainted with the products they sell. Other points which will be covered during the ten-hour courses are personality development, determining customers needs, bringing out hidden features of merchandise, public relations in business, making customers feel at home and building a permanent repeat business.

### SALES CLASSES

The sales classes will start Tuesday morning at 8 o'clock with a repeat class starting at 9 o'clock. These classes will also meet at the bank. The management courses will deal with the importance of personnel handling. All of the three courses will emphasize techniques of supervision which are designed to pay the biggest dividends to employer and employee.

These management courses have been conducted on a nation-wide scale since the end of the war, and they are equally applicable and valuable to large and small business establishments alike. Advance enrollments for either of the courses may be made by contacting Tom Ratliff.

First prizes will be awarded in all individual and group classes, starting at \$100. A new feature will be the award of \$200 to the champion bull and female and \$150 for the reserve champion bull and female. First prize award for the get-of-sire class will be \$200.

Silver service trophies will be awarded owners of the champion and reserve champion bulls and females, the get-of-sire class winner, and the best ten head.

The show will take a practical approach to Hereford raising that will appeal especially to commercial cattlemen in the newly developed livestock areas of East and North Texas, as well as to ranchmen of West and South Texas, Mr. Cabell said.

"It is entirely fitting," Mr. Cabell said, "that our new Livestock Judging Pavilion should be opened with the Hereford show of the year, the Pan-American National. Coupled with our \$250,000 cattle barn, which it adjoins, the new pavilion gives us facilities for showing and viewing fine livestock equal to the best in the Southwest."

Mrs. C. R. Reams of Mountain Home was the guest of Mr. and Mrs. A. A. Cowser last week. The Cowserts have as their guests this week Mrs. Cowser's parents, Mr. and Mrs. W. S. Baskerville of Dallas.

## Youth Caravan Begins Sunday

Beginning Sunday, June 24, and continuing through Friday, June 29, the Methodist Church will be host to the Methodist Youth Caravan. The Caravan will be composed of four girls, one boy, and an advisor; they are students of at least two years college work who have been previously trained for this type of church work. An intermediate group of 12 to 15 years will meet each afternoon, and the senior group, 15 years and up, will meet each evening for a well-rounded program including recreation, devotionals, and fellowship. All the meetings will be held in the basement of the church, and the exact meeting times will be announced Sunday morning. The Methodist Church feels that this program will be both enjoyable and beneficial, and all youth in the community are urged to attend.

Those taking part are Misses Wynell Pennington, Caledonia, Miss., Alice Ann Palmer, Oil City, Penn., Nancy Kane Royster, Laurens, S. C., Betty Jo Plybon, LaMar, West Va., and Mrs. Lucy Hamby, San Angelo, and Douglas E. Wingeier, Lowell, Mich.

## Dallas Hereford Show Getting New Pavilion

More than 500 aristocrats of the Hereford cattle breed from 30 states and Canada will compete in the Pan-American Hereford Show at the 1951 State Fair of Texas, Oct. 6-11, Ben E. Cabell, chairman of the fair's livestock committee, has announced.

Premiums of \$25,000 plus six silver service trophies valued at \$3,000, will be at stake in this, the greatest cattle show in the history of the fair. The awards are the highest the state fair has ever posted for any one show.

One of the highlights of the 1951 fair will be the spectacular Parade of Champions on the evening of Oct. 9 in the fair's new \$125,000 Livestock Judging Pavilion. This big free show will be a dramatic presentation of the great Hereford breed, a tribute to the importance of the Hereford industry in Texas and the Southwest, Mr. Cabell said.

The show will be widely publicized in all Pan-American countries. Livestock and agriculture leaders and government officials from Western Hemisphere nations will be invited. And, of course, all state Hereford associations in the United States have been invited to participate.

First prizes will be awarded in all individual and group classes, starting at \$100. A new feature will be the award of \$200 to the champion bull and female and \$150 for the reserve champion bull and female. First prize award for the get-of-sire class will be \$200.

Silver service trophies will be awarded owners of the champion and reserve champion bulls and females, the get-of-sire class winner, and the best ten head.

## Hudspeth Hospital To Be Opened July 1

### DRAFT BOARD HAS NEW OFFICE HOURS

Mrs. Andre Truden, clerk of Draft Board No. 110, announces that beginning next week office hours will be from 8 until noon Monday, Tuesday and Wednesday of each week. The draft board office is on the second floor of the court house.

### AGE-LIMIT FOR WAVES LOWERED TO EIGHTEEN

Lieutenant Commander A. C. Schoelple, Officer in Charge of the Houston Navy Recruiting District announced today that the age limits for the Navy WAVES has been lowered to 18 years. Previously the limit was 20 to 26. Women under 21 must still have their parents consent and all must be high school graduates.

Commander Schoelple stated that all women accepted for the Navy WAVES will be processed in Houston and sent to Dallas for the physical examination and actual enlisting. From Dallas they will be sent to the Naval Training Center in Great Lakes, Illinois. The period of training in Great Lakes will normally be about 11 weeks and then a "boot" leave of about 12 days before assignment to a school or a permanent duty station.

WAVES are eligible for almost all the Navy ratings except the "Sea-going" rates. In general, they are eligible for all those ratings requiring less physical strength and the pay and allowances are the same as for the males.

In addition to the requirements as to age and education, WAVE applicants must be unmarried, have no dependents and be able to pass the mental and physical examination. Applications for the Navy WAVES are being taken at the Navy Recruiting Station in Post Office Building San Angelo, Texas.

Mr. and Mrs. Bob Mayer arrived this week from Stanford University. They will spend the summer as the guests of his parents, Mr. and Mrs. E. S. Mayer.

"WESTERNS" FOR RANCH HOUSES

Interior decorators all seem to agree that no ranch house is complete today without a Western painting — in fact, a "Western" gives the up-to-date Americana "new look," the desired touch when modernizing any home.

Remington, Russell and Leigh are the outstanding masters in this field of painting. Of the work of these three men Leigh's paintings are the only ones available today. His pictures vary greatly in size and price, beginning with color reproductions, etchings, water colors and oils of diverse dimensions. Those shown recently by the Milwaukee Museum — "Food and Robes for Winter" and "Leader's Downfall" — among his largest, 6 1/2 x 10 1/2 feet, and tagged \$15,000 each were pronounced by a prominent Milwaukee, Wisconsin, newspaper as worth every penny of the price.

But not a single Hopalong Cassidy or Calamity Jane need be without an example of this great painter's work. The most recent of W. R. Leigh's "Westerns" is the picture shown on the easel in the illustration above. It has been purchased by one of the large oil companies of the Eastern Seaboard, and the tour-guide service is distributing free, in states east of the

Mississippi and southwest including Texas, a full-color 11 x 14 inch reproduction. Motorists who secure a Gulf Tourguide Bureau request card from one of their stations should mail it and ask for "Round-up" instead of the usual information maps.

Mr. Leigh, called "Sagebrush Rembrandt" in the November 1948 issue of Collier's, has recently been cited for distinguished service in the field of art by Kappa Pi, an American national honorary art fraternity, and on May 4th the New York City Federation of Women's Clubs awarded him a scroll as "the outstanding American painter who has contributed most to art in 1950-51."

Leigh was born on a plantation in Virginia and is a descendant of Pocahontas. West Virginia also claims him as a native son, for Falling Waters, near Martinsburg, the township of his birth, has since become a part of this state. Now, he lives in a New York City apartment — "a cliff dwelling" he calls it — with his wife, Ethel Traphagen, founder of the famous Traphagen School of Fashion.

An exhibition of Leigh's recent work is now on view at the Grand Central Art Galleries in the Grand Central Terminal, New York.

The Lillian M. Hudspeth Memorial Hospital will be officially opened Sunday, July 1, according to William Burge, administrator. Burge said the hospital will receive patients beginning Monday, July 2.

Ceremonies will be held at 1 o'clock Sunday afternoon at the hospital and guided tours through the building will begin following the ceremonies. Several prominent speakers will be on hand, but their names will not be announced until definite acceptances are received.

The two-story hospital, built at a cost of nearly a half-million dollars, has been classed by medical men and by builders, as the finest in Texas for its size.

Next week's edition of the Devil's River News will be devoted entirely to the opening of the new hospital.

## Uncle Sam Says

The purchase of U. S. Defense Bonds is a method whereby you can make your dollars work for America, just as they work for you. Our country must be strong economically. It should be apparent to everyone that defense is everybody's job. Your part is to buy Defense Bonds. Every employee in a plant or business establishment should be enrolled for the Payroll Savings Plan or the Bond-a-Month Plan at his bank. A few dollars here or there will accomplish little, but with everyone doing his or her job, America will be economically secure.

## 2-Day Race Meet Starts

The Sonora Park Association's Summer Race Meet gets underway tomorrow afternoon when a group of three-year-olds will race 440 yards in a feature race marking the beginning of a two-day meet. Tonight and Saturday night

jackpot and matched ropings will be held at the track arena.

A total of fourteen races is planned but extra matched races may be worked into the schedule. A photo-finish will be on hand for all races.

A few reserve seat tickets are still available, according to Joe M. Vander Stucken, ticket chairman. Reserve tickets may also be bought from J. F. Hamby or Granville Barker.

Officials at the meet are: Jud-

ges, B. W. Hutcherson, W. B. McMillan, and Dan Cauthorn. Paddock, Lin Turney and James D. Trainer. Foul Judges, R. M. McCarver, L. E. Johnson, and S. M. Loeffler. Time Keepers, Johnny Dillard, John Fields, and H. T.

Espy. Pony Boys, Howard Espy and S. M. Loeffler. Starter, R. M. McCarver. Announcer, L. P. Bloodworth.

Attend SOME Church Sunday.

Brady Race Meet Set July 1-4

Brady's 24th Annual July Jubilee and Race Meet, scheduled for July 1-2-3-4, will be thrill-packed with entertainment from start to finish.

Frank Roddie, general chairman announced this morning that rodeo events will be held between races each afternoon. Otto Schmidt, well known rodeo man of Killeen, has been engaged by the Jubilee association to put on the thrilling events. Mf. Schmidt will be here with his wild Brahman bulls, raping calves and bucking horses. Roddie said that \$75 added money would be in order for the bull-riding and bucking horse contest. Texans love rodeos, so visit-

ors here for the races this year will not see one dull moment in the arena between the races.

Henry Bradley, chairman of "Old Settlers' Day" has started the ball to rolling in that part of the entertainment provided for our elders. This event will be held again at Richards Park, Tuesday morning, July 3 starting at 10 o'clock. The prizes for "Old Settlers Day" will be assembled soon and displayed in one of the large show windows at the Evridge store.

Bill Hames will be here in advance, as usual, to set up at Richards Park with his numerous shows and rides. Bill has a good reputation as a showman and has always provided clean entertainment for the throngs of persons who visit Richards Park annually for the big Brady celebration.

Roddie is of the opinion that this year's races are going to be the best in the history of the 24-year-old celebration. The parking area near the big all-steel grandstand has been all worked over and topped in order to eliminate the dust during the four afternoons of races. Brady boasts one of the best racing turfs in the state and by "Jubilee time" it will be in shipshape and ready for the clatter of horses' feet. Indications point now to an excellent field of good horses to assemble here from all over the Southwest.

The Brady fire boys will again decorate the old home town in patriotic colors for the event. So, with the recent good rains folks from over the Heart o' Texas area and the thousands of visitors annually here for the Jubilee will have reason for a nice rest along with

THE SCRUB BULL

Lest Pa's old bull might soon appear but yet my joy was mixed with fear. Yet that bull was to Pa and me A triumph in heredity.

When I was quite a smallish boy, It used to fill my heart with joy, Was our back pasture swimmin' To trudge the dusty path whose But if that old bull lived today And here and there showed up a goal pear.

He'd frighten no more kids away, Unless he roamed to curse the land Of farmers who don't understand lump.

The bull is half the herd, by gad, rump,

four days of fun and recreation.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - - May I change schools after the July 25 GI BILL training cut-off date, provided I do not change my course?

A - - Yes. You will be permitted to change schools, so long as your new school is approved to offer training to veterans, and so long as you remain in the same course. In order to change course, however, you must obtain prior VA approval, which is granted only under certain conditions.

Q - - I signed up for a three-year enlistment in December, 1945, under the Voluntary Recruitment Act. Does the July 25 GI training cut-off date apply to me?

A - - No. You have four years from the end of your Voluntary Recruitment Act enlistment in which to start GI Bill training. Q - - Is it too late for me to get additional National Service Life Insurance? I had only \$5,000 when I came out of service and I'd like to apply for \$5,000 more.

Wool And Mohair Shepherdess To Be Named

By Mrs. John V. Saul Publicity Chairman Hill Country Chapter Women's Auxiliary T. S. & G. R. A.

All girls entering the "Make It Yourself With Wool and Mohair" contest in Texas will go to Kerrville to compete in the State Wool and Mohair Festival there October 5.

In Kerrville, the girls will not only be privileged to take part in the festivities, but will compete for the title of Wool and Mohair Shepherdess of Texas. The high point winner of the sewing contest will win this name award, as well as other prizes and will advance from there to national competition. Housing facilities at Kerrville are spacious with the town's summer camp facilities being made available. Details on transportation, lodging and other arrangements may be secured by contestants early in the fall.

This style show will differ from those of previous years. Girls from all over the state will be in Kerrville to compete in one big show instead of numerous smaller area shows from which winners formerly advanced to a state final held at the annual convention of the Texas Sheep and Goat Raisers' Association in November. This year, winners of the Kerrville State Show will go to the National Wool Growers contest finals in Portland Oregon in December.

The first week in October is being designated as Texas Wool and Mohair Week. The Kerrville Lion's Club, assisted by the Hill Country Chapter of the Woman's Auxiliary of the Texas Sheep and Goat Raisers' Association is staging the first State Wool and Mohair Festival, October 3-6. The "Make It Yourself With Wool and Mohair" Style Show, sponsored by the entire State Woman's Auxiliary of the TS & GRA, will climax the 4-day celebration.

Your State chairman, Mrs. Willie B. Wilson, 1510 W. Ave. San Angelo, will answer any questions you may have or help you in any way she can regarding the contest. Get your woolens now—so you can meet the early fall deadline, September 14.

for new NSLI. The Servicemen's Indemnity and Insurance Acts of 1951, passed April 25, ended the issuance of new NSLI as well as new U. S. Government Life Insurance for World War I veterans.

Q - - I am on active duty in the Army, I have the \$10,000 indemnity protection under the new law signed by the President late in April. Who gets the money if I die in service?

A - - The money is payable only to surviving spouse, child or children, brother or sister or parent; and the insured may name one or more beneficiaries within this permitted class.

RANCHMEN protect yourself against further drought! JOIN THE "EDWARDS PLATEAU IMPROVEMENT CORP."

IF WE WORK TOGETHER . . . WE CAN INCREASE OUR RAINFALL 50% TO 400% IN THIS AREA

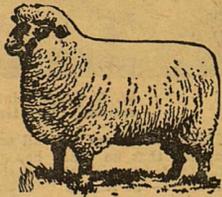

It Will Mean Better Wool and Stock Production . . . Lower Feed Bills!

Your help is needed to employ "The Water Resources Development Corporation," headed by Dr. Irving P. Krick, who has raised rain-increasing operations to the stature of science. With his organization, rain-increasing is no longer in the experimental stage. Dr. Krick is one of the nation's leading meteorological scientists; and it was he who helped provide the weather information for the Allied Armies during World War II.

Dr. Krick plans his operations on an intimate knowledge of current weather conditions based on 50 years of meteorological history. He and his assistants have made millions of dollars for farmers, ranchers and power companies during 1950. We, on the board of the "Edwards Plateau Improvement Corporation," have devoted much time in the study of his past records and are convinced that Dr. Krick has a better-than-average chance of giving us relief from drought conditions.

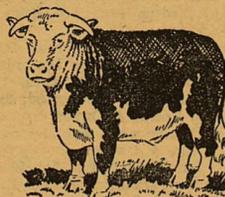

THE BOARD OF DIRECTORS AND OTHER RANCHMEN HAVE ALREADY GIVEN TIME AND MONEY TO THIS PROJECT . . . YOUR HELP IS NEEDED TO ASSURE AN ANNUAL PROGRAM!

TO JOIN THIS PROGRESSIVE, SCIENTIFIC RAIN-INCREASING OPERATION WILL COST ONLY TWO CENTS PER ACRE ANNUALLY! A TAX COUNSELOR ADVISES THAT THIS IS A DEDUCTIBLE EXPENSE OF OPERATION — IN HIS OPINION.

Buick's newest engine—the F-263 Fireball—gives this year's SPECIAL the highest power in SPECIAL history

**Remember—only BUICK has a FIREBALL ENGINE**

**WE** get a chuckle, sometimes, over all the fuss that's being made about "new engines."

You'll note that the key feature of their design in every case is the valve-in-head principle—whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression"—and how high you can go depends upon the available fuel. Using this design, wartime aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this: No other type of engine has ever been used in a Buick—which means that Buick owners, all along, have

trick word. It describes what happens in this engine. Inrushing fuel rolls into a swirling ball of gasoline vapor compacted around the spark plug. And when the fat spark sets it off, a cyclone of power lets go.

Of course, a Fireball Engine, being a valve-in-head, keeps pace with high-test fuel, when it comes to "high compression."

But what's more important in the present state of the world is this: A Fireball Engine is designed to handle the not-so-high-test fuel we may be getting in the not-too-distant future.

So, if you want to sample all that's fine in motorcar engines, your Buick dealer is the man to see. Come in soon, and find out what the rest of the world has been missing.

Equipment, accessories, trim and models are subject to change without notice.

Q - I am training several veterans on-the-job under the GI Bill in my automobile repair shop, and I plan to grant a slight raise in the wage scale they are receiving. How do I go about it?  
 A - You must notify the State Approving Agency in your State. The agency will then notify VA, at which time necessary adjustments in subsistence payments will be made.

Q - I am a Korean campaign veteran in receipt of compensation for a service-connected disability.

If I show a need for it, would I be eligible for Public Law 16 training?

A - You may be eligible if you are in need of training to overcome the handicap of your disability, and your disability resulted directly from armed conflict or during extra-hazardous service. Both requirements must be met.

Q - Is a veteran who lost his sight for reasons not connected with military service entitled to VA's special aids to the blinded?  
 A - Yes-provided the veteran is entitled to compensation for any service-connected disability. The service-connected disability, however, need not be blindness itself.

*"I just knew this would happen!"*

THIS YEAR about 1 1/2 million couples are getting married and setting up homes of their own. The brides of today want modern homes, modern conveniences. They demand the best... they're insisting on cool, clean, thrifty electric cooking... on the safety and economy of electric refrigerators that make once-a-week shopping possible. Yes, these modern brides want the many electric servants that make life comfortable and convenient.

Here in West Texas, they'll have them, too! For power lines and power plants are

ready in advance. Your business-managed electric service company plans things that way. There's ample electric power to make all these new homes comfortable and convenient—as well as power for industry and defense as needed.

In fact, the West Texas Utilities Company has increased by 63% its generating capacity since 1946. Actually added more than 70,000 horsepower capacity during the last five years... and has scheduled for the near future installation of additional power units.

You and each of you are hereby commanded to appear before the District Court of Sutton County, Texas, to be held at the courthouse of said county in the City of Sonora, Sutton County, Texas, at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of the issuance hereof; that is to say, at or before, 10 o'clock A. M. of Monday the 30 day of July, 1951, and answer the petition of W. A. Miers, Stella Keene, a widow, H. C. Saunders, and Bryan Hunt, plaintiffs, in Cause Number 1102 styled W. A. Miers, et al. vs. August Meckel, et al., in which the said W. A. Miers, Stella Keene, a widow, H. C. Saunders, and Bryan Hunt are plaintiffs, and August Meckel and Sabina (or Sabine) Meckel, if living and if dead, the Unknown Heirs, of August Meckel and Sabina (or Sabine) Meckel, deceased; A. W. May, if living, and if dead, the Unknown Heirs of A. W. May, deceased; Irve Ellis, if living, and if dead, the Unknown Heirs of Irve Ellis, deceased; Asa Robertson and Anna Robertson, if living, and if dead, the Unknown Heirs of Asa Robertson and Anna Robertson, deceased; J. Keinschmidt, if living, and if dead, the Unknown Heirs

of Henry Keinschmidt, deceased; Anna Margaretha Vogel and Johann Gottlieb Vogel, if living, and if dead, the Unknown Heirs of Anna Margaretha Vogel and Johann Gottlieb Vogel, deceased; and Nicolas Bayreuther, if living, and if dead, the Unknown Heirs of Nicolas Bayreuther, deceased are defendants, which petition was filed in said Court on the 15 day of June, 1951 and the nature of which said suit is as follows:

A suit for trespass to try title and to remove the cloud from the title to certain land and premises in Sutton County, Texas, title to and right of possession being claimed by plaintiffs, said land being described as follows, to wit:

Survey No. 13, in Sutton County, Texas, (formerly in Crockett County, Texas), on the waters of Devil's River, a tributary of the Rio Grande, granted to Nicolas Bayreuther, assignee of E. L. & R. R. Ry. Co., containing approximately 609.6 acres of land, by virtue of Land Scrip No. 1528 issued by the Commissioner of the General Land Office May 6th, 1881, and also involved in said suit is 506.1 acres of land out of said Survey No. 13, sold by W. A. Miers to Stella Keene by deed dated, February 19, 1951, recorded in Vol. 49, page 356 of the Deed Records of Sutton County, Texas.

The said W. A. Miers claims 103.6 acres in Survey 13 in fee simple, subject to an oil and gas lease in favor of Stanolind Oil & Gas Company, with a one-eighth royalty reserved to the said W. A. Miers. The said Stella Keene claims the 506.1 acres in fee simple subject to an oil and gas lease in favor of H. C. Saunders, with a one-eighth royalty reserved to said Stella Keene. The said H. C. Saunders and Bryan Hunt claim under said oil and gas lease jointly, with said royalty reserved as aforesaid. The plaintiffs plead the three, five, ten and twenty-five years statutes of limitation.

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

Witness F. L. McKinney, Clerk of the District Court of Sutton County, Texas.

Given under my hand and seal of said court at office in the City of Sonora, this 15 day of June, A. D. 1951.

FEEL ITS NEW EASE!... With sensational new Hydraguide power steering four-fifths of the work is done for you at your touch on the wheel! The littlest lady can park the biggest Chrysler with two fingers... drive all day with freedom from arm fatigue!

ENJOY ITS NEW CONTROL... You can't imagine the feel of complete command this new kind of steering gives you. In city traffic... on awkward driveways... in snug garage doorways... you never felt steering control like it.

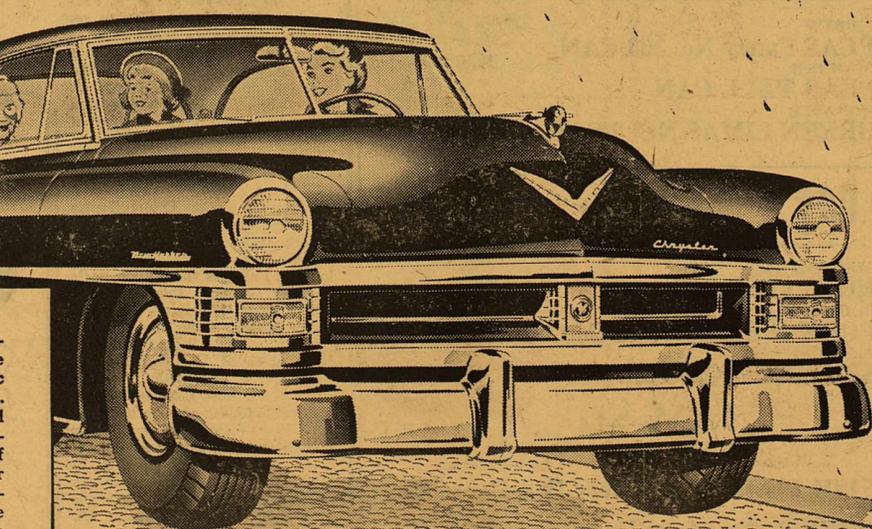

DRIVE WITH THIS NEW SAFETY! It not only makes steering four-fifths easier... but many times safer, too. Takes out the strain driving in ruts, sand, snow or cross-country. Even off the road onto a soft shoulder, Hydraguide helps keep your car steady with almost no effort!

**Not in the "lab" but ready to drive now!  
Chrysler's New Hydraguide Power Steering!**

This year, for the first time on any American passenger car, Chrysler presents the new principle of Hydraguide hydraulic power steering. It's not "in the future"... it's out on the road NOW! It is being called the most important automotive achievement since the development of the self starter. People who try it—even after hearing about it from friends—are completely surprised and delighted at the totally new ease and control Hydraguide gives them at the wheel. It is regular equipment on Crown Imperials, optional at extra cost on other Imperial and New Yorker models. Your Chrysler dealer invites you to try it for yourself.
