

... Son of a gun ...

The other morning we were parked in one of the local indigestion traps inhaling a cup of chewing gum remover and ruminating over little oddities in the news like the three-legged goat Jessie Green Barton is raising, when it suddenly occurred to us that we hadn't seen any high school seniors around in a couple of days. We sicked our ace reporter on the case and discovered that the whole class upped and went to New Orleans early Tuesday morning.

They spent Tuesday night at the Shamrock. Darlene Barrow's suitcase was left here so her dad put it on the night plane and it was waiting at the Shamrock desk when she checked in. In New Orleans Wednesday the class put up at the Jung and was joined by John F. Howell, Jr., Tulane freshman, for a sightseeing trip. Other night stops will be made at Shreveport and Waco and school will start again for the seniors Tuesday morning.

Accompanying the group are Supt. Brodhead, Mrs. W. H. Dameron, Mrs. Miers Savell, Mrs. Harold Schwing, Mrs. J. F. Hamby and Mrs. Carl Morrow.

Just herd that Darsey Harde-man will run for reelection as State Senator from the 25th District. The 25th District was recently created from 20 counties and comprises about one-sixth the land area of Texas.

One of the finest things to be organized in our town recently is the Men's Bible Class which meets at the Fire Station Sunday mornings at 9 o'clock. All men are welcome, and it's strictly come as you are. A talk on some phase of the Bible generally lasts about 15 minutes and there is group singing. The Bible talks are given by ministers and laymen. The hour was set so as not to interfere with any church services.

School Trustees Win Reelection Saturday

Mrs. Joe M. Vander Stucken and Frank Bond were elected to three-year terms as trustees for the Sonora Independent School District Saturday. Mrs. Vander Stucken received 259 votes, and Bond got 185.

Duke Wilson received 90 votes. Write-in candidates were Mrs. Edwin Sawyer, 5; Harold Friess, 2; and Joe M. Vander Stucken, 1.

Ben Mittel was elected county school trustee for Precinct No. 1 and Joe Brown Ross was elected trustee at large. Each received 238 votes.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - I'm planning to buy a house with a GI loan. My lender wants security in addition to the house itself. Is this allowed under the law?

A - Yes. It's a matter between the veteran and the lender.

Q - I have a National Service Life Insurance term policy. Now that I'm on active military duty, my premiums have been waived. What must I do, after I am discharged, in order to pick up my insurance again?

A - You must start paying the required premiums to VA, within 120 days after your separation from service. It's best to start paying the premiums as soon as you get out of service. The premiums won't be applied to your policy until it falls due, but in the meantime you'll be guarding against any chance of your policy lapsing.

Q - I am eligible for a pension because I am totally and permanently disabled as the result of a non-service - connected disability. Will I receive an extra amount of pension because I have a wife and family?

A - No. Under the law, pension rates are not based on the number of dependents you might have.

Mr. and Mrs. J. P. Smith spent last weekend visiting Mrs. Smith's sister, and husband, Mr. and Mrs. Robert Willis of Del Rio.

TB X-Ray Survey Here Turns Up 16 Definite Cases, Report Shows

Thirty-six Sutton County residents were referred to their physicians as the results of the x-ray survey conducted here last winter by the county Tuberculosis Association. The figures were made public last week by Mrs. Charles F. Browne, president of the association last year. Mrs. Browne said the survey showed 16 definite cases of tuberculosis, 20 suspicious cases, and seven cases of lung trouble other than tuberculosis.

The annual report submitted by Mrs. Browne mentioned the following activities between April 1, 1951 and March 31, 1952:

1. Provided 14 chest x-rays for patients referred by family physicians as unable to meet the cost.
2. Sent delegates to the Texas TB Assn., conference and sponsored two educational and promotional programs at the Lions Club.
3. Conducted x-ray survey with the Texas TB Assn., mobile x-ray unit, x-raying 778 persons at a cost of \$155.20. Members of Sonora Woman's Club, W. S. C. S., Wesleyan Service Guild, and Sonora Music Club assisted.

Conducted Christmas Seal Sale. Sent Christmas seals to 485 persons. 200 responded with an average of \$3.03 per contributor for total of \$605.50. Of this amount \$108 was sent to the state association.

New Officers in the association are: Mrs. John Bell, president, Boyd Lovelace, vice-president, Mrs. George Barrow, secretary and Mrs. John Winslow, treasurer, Mrs. Thelma Briscoe, office secretary. Directors are Mrs. Browne, Mrs. Briscoe, the Rev. W. H. Marshall, Mrs. Dan Cauthorn and Lea Roy Aldwell.

The program for 1952 includes a patch testing program in the schools, an x-ray survey, Christmas Seal Sale, chest x-rays for those referred by family physicians, educational programs for any local organization when requested and educational health booklets and programs for school children.

DRAFTÉES MAY VOLUNTEER AFTER PRE-CALL NOTICE

Draft registrants who have received pre-call notice may enlist in the Marines up to the actual time they receive their final induction notice, according to information received from the San Angelo, recruiting office.

T-Sgt. Wesley Ward, in charge of the Angelo office, stated that this authority extends until June 30, 1952, and covers those men who have received their pre-induction notice or physical examination.

He said further information may be had by contacting the Marine Corps recruiting station located in the Post Office Building, San Angelo. Information is available, also, on the West Texas "Buddy Squad" now forming and scheduled to leave out on April 15.

Mr. and Mrs. Pat Lyles and children will spend Easter in Nogdoches with his family.

Will Behrens has been visiting in Mason for the past two weeks.

DR. BOUGHTON SUFFERS HEART ATTACK IN ALABAMA

Word was received here Wednesday that Dr. I. B. Boughton, former veterinarian at the Sonora Experiment Station, had suffered a heart attack while attending a meeting at Opelika, Alabama April 2. Dr. Boughton was hospitalized at the Lee County Hospital at Opelika and on Tuesday, April 8, suffered a stroke. Mrs. Boughton is with him.

Dr. W. T. Hardy, station superintendent, received a call from Texas A. & M. College informing him of Dr. Boughton's illness. Dr. Hardy said Dr. Boughton's condition was described to him as critical. Dr. Boughton resigned his position here in 1950 to become dean of the School of Veterinary Medicine at Texas A. & M.

Sonorans Injured In Auto Wreck

Mrs. G. R. Brown, 62, was reported recovering in Hudsph Memorial Hospital from injuries received in an auto crash early Tuesday near Eldorado.

Mrs. Brown, her daughter, Mrs. Edgar Ward and Mrs. Ward's daughters, were driving in Mrs. Ward's car toward San Angelo Tuesday morning about 7:30 o'clock when a defect in the steering gear caused the car to swerve off the road and overturn in a ditch. Mrs. Brown was taken to a San Angelo hospital where x-rays revealed no broken bones. She was later brought here.

Elizabeth Ward received a broken arm and lnelle was cut and bruised. Mrs. Ward suffered a sprained ankle and bruises about the head.

Ram Progeny Test Field Day May 17

The Sonora Experiment Station ram progeny test field day will be held Saturday, May 17. Dr. W. T. Hardy, superintendent, announced Wednesday.

This fourth annual field day will be held to review findings of a 224-day ram progeny test. The test will be completed April 16. Sheep will be immediately weighed and shorn. The fleeces will be scored.

Weight, gain, wool production and other important points will be known about every individual sheep in the test in time for the field day. In the experiment, lambs are fed in groups of four to find which sires and which bloodlines are strongest in different characteristics.

Dr. Hardy said 226 rams began the test this year and only about ten have been lost or dropped out.

4-H CLUB ROUNDUP DATES SET JUNE 9-10

The annual Texas 4-H Club Roundup will be held at Texas A. & M. College on June 9-10. The statewide gathering, sponsored by the Agricultural Extension Service, for years has been recognized as one of the highlight meetings for 4-H Club members.

According to information released by Extension Director G. G. Gibson, each county may send as official delegates two boys' two girls' and two local adult leaders. This number does not include members who will participate in the many judging and team demonstration contests. Only one team from each Extension district may participate in each of the 14 announced contests. District winning teams are to be selected in district contests.

Since the annual Extension Conference will be held later in the year, only a limited number of county Extension agents will attend.

In addition to the contests, delegates will participate in recreation programs, assemblies, training meetings and visit points of interest on the college campus. The State 4-H Council will meet during the Roundup to make plans for other activities covering the remainder of the year.

CAR OWNERS URGED TO GET INSPECTIONS

"Get your vehicle inspected and avoid the delay and inconvenience of having to wait in line," said Chief G. W. Busby, Motor Vehicle Inspection Division, Department of Public Safety, Austin, Texas.

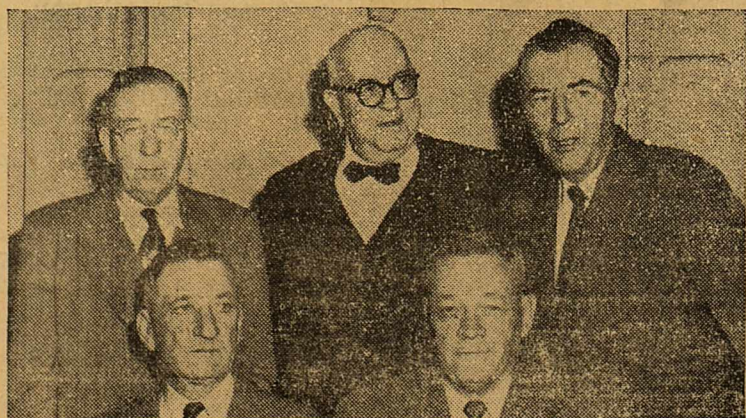

The 2,700 official inspection stations licensed in Texas so far are inspecting some 50,000 cars per week and in order to inspect all the cars in this State by the deadline, September 6, the number of cars inspected per week will have to be doubled.

There can be no further extension of the deadline and operators of vehicles not inspected on September 7, will be subject to arrest. The law provides a fine of not to exceed \$200 for any person guilty of operating a vehicle after September 7th when such vehicle has not been inspected and approved.

More and more stations are being licensed in Texas daily and the operators of these stations are waiting to faithfully and honestly to inspect your car at your earliest convenience. Take your car to the inspection station of your choice and get your approval certificate while there is plenty of time and no waiting.

When you get your approval certificate on your car, you will take pride in knowing that your car is safe to operate and that you are helping to contribute to a safer Texas.

Sonora Wins Trophy At District Meet

For the second straight year, Sonora High School was the winner of the Literary Events Trophy in the Interscholastic League meet held in Menard. Sonora compiled a total of 117 points in literary events which was 20 points ahead of the next school. Menard placed second with 97 points. Results of the overall trophy have not been announced yet, pending a meeting of a district committee to determine the second place winner in debate.

The events in which Sonora placed in are as follows:

Jack Ratliff won first place in ready-writing. This marked the third year in a row in which Ratliff has won this contest. Oscar Carpenter took third place in this event. The coach in this event was Miss Anne Palmer.

Bill Ratliff took a first place in slide rule. He almost doubled the score of the nearest contender in this contest. His coach is Jack Noyes.

In debate, Sonora took both first and a possible second place. Billy Scott and Tyree Hardy won first place for the third time. Albert Ward and Ralph Copeland entered as a second team.

In junior boy's declamation, Edward Aldwell took first place while Marilyn Mittel won second in senior girl's declamation.

Joe David Ross won first place in boy's extempore speaking and Nancy Eaton won second place in the girl's division. These speech students were coached by T. M. Harvey.

The One-Act-Play, as already reported, won third place. It was coached by Mrs. Ruby Dameron. Other students entering literary contests were: Jehnie Johnson and Gretta Shaw, Number Sense; Nancy Hunt, Declamation; Raymond Darrow, slide-rule; Maxine Ballard and Priscilla Winslow, typewriting.

In the school athletic events, Edward took first place, Menard second, and Sonora third.

These events in which Sonora placed and the contestants are as follows:

Joe Morris won first place in the mile run. Dick Stephenson took first in the discus throw and second in the shot put. The mile relay team made up of Eddie Smith, Joe David Ross, Lobby Scott and Tracy Crites won first place. The mile relay, made up of Bill Ratliff, Bobby Scott, Eddie Smith and Jodie Minnick, was second. Ross came in fourth in the 220 yard dash and Ross and Scott tied for fourth in the hundred yard dash. All senior track was coached by Joe Turner.

In junior track, Sonora took second place. These boys were coached by Jack Fry.

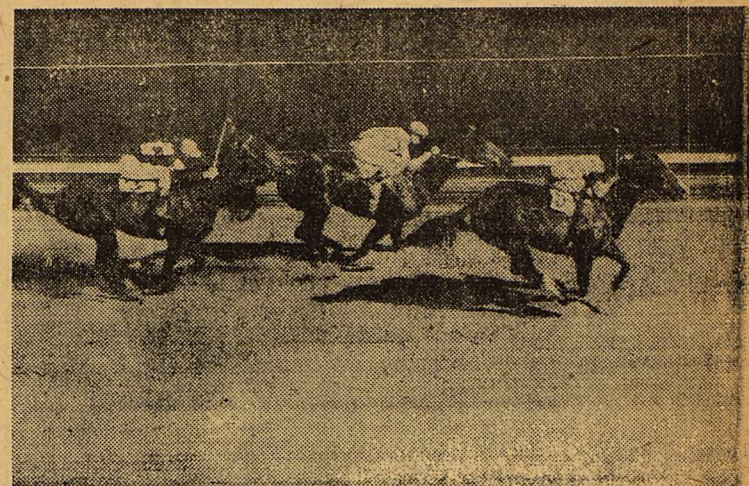

In playground ball, Sonora won second place in the boys division. The Sonora team was coached by Oliver Wuest.

Betsy Ross and Myrtle McKee won first place in tennis in the senior girl's doubles division. Patsy Drennon took first place in the senior girl's singles division. June Henderson won second place in junior girls singles. These girls were coached by Miss Jewel Pye.

George Wright and John Mittel took second place honors in boy's senior doubles while Bill Baldwin was second in boy's senior singles. W. T. Watkins and Jack Johnson won first in boy's junior doubles. These boys were coached by Jack Noyes.

Sonora had already taken first place in volleyball which added fifteen points to the Sonora total. This event was also coached by Miss Pye.

All first place winners, with the exception of some junior events, will be eligible to compete in Brownwood at the Regional Interscholastic League Meet on April 18, and 19. Winners there will be eligible to compete in the state meet in Austin May 2, 5.

Top quarter horses, such as those pictured above, will race for purses ranging from \$200 to \$500 at Fort Duncan Race Track in Eagle Pass April 18, and 20. Sponsored by the Eagle Pass Quarter Horse Association, the annual spring meet was cut from the usual four days to two days, and the sizes of all purses increased, thus attracting the best quarter and thoroughbred sprinters in the country. Six quarter horse races, three thoroughbred races and a number of match races are on the card for April 18.

RANCK WORKER KILLS JAVELINA WITH KNIFE

Juan Herrera, 40, employed on the Ben Meckel ranch, received severe cuts on his right arm Monday on the Meckel ranch when a javelina hog attacked him.

Herrera and his hound had chased two javelinas into a thicket. One ran off and the other charged when a pole Herrera struck it with broke. The hog grabbed the ranch worker by the arm, but Herrera managed to get his knife with the other hand and kill the animal.

Suffering from loss of blood, Herrera walked to the house. Meckel brought him to town for treatment. He is reported recovering.

More than 120 of the best quarter horses in the United States will race for purses ranging from \$200 to \$500 here at Fort Duncan Race Track April 18 and 20 in the annual April Quarter Horse Race Meet sponsored by the Eagle Pass Quarter Horse Association.

A. D. Eidson, president of the association, announced that entries poured in so fast that officials were forced to turn down more than 150 top horses for the meet. All races were filled and all available stables at Fort Duncan Race Track were reserved six weeks before the meet.

A total of 122 horses representing 62 stables in Texas, Oklahoma, New Mexico, Arizona and Louisiana, have been entered, and six quarter horse races, three thoroughbred races and a number of match races are on the card for the first day. Purses will be \$200 with \$50 entry fees added. Sunday, April 20, purses will be \$500, with \$100 entry fees added. By cutting the usual four-day meet to two days, and increasing the size of the purses, Mr. Eidson said, the association was able to attract the best race horses in the country.

Because of this, local racing fans are predicting that several new track records will be set during the two-day meet.

Among the famous horses entered are: String Band, owned by E. L. Bass of Houston; Lemonade, owned by Tony Fenack of Louisiana; Slow Motion, owned by Geo. B. Parr of San Diego; Star Deck F, owned by J. B. Ferguson of Wharton; Squaw String (daughter of Squaw H), and Hi Maria, owned by J. O. Hankins of Rock-springs; Miss Whizaway, owned by Dr. Albert Plattner of Grand Prairie; Ben Jay, owned by Dr. T. D. Crews of Gonzales; Freedom, owned by Roy Gaines of Sinton; Miss Tacabaya, owned by Leopold Lopez of Laredo; Hy Miss I'll Go, owned by T. C. Benson of Refugio; Citation, owned by E. R. Bailey of San Antonio; Tyrany, owned by W. D. Lumpkin of Amarillo; Ranch Rider, owned by Dr. Cooper of McCombs; Major Jr., owned by Dr. T. M. Johnson of Del Rio; and Flying Dutchman, owned by Henry Vossman of Junction.

as their guest this week, Mrs. Wyatt's sister, Mrs. R. W. Fisher of San Antonio.

Miss Wanda Glascock plans to spend Easter Sunday in Greenville with her father, Hub Glascock. Mr. and Mrs. A. A. Cowsert and family went fishing at the lower Devil's River Lake Sunday.

Mr. Edwin Sawyer was in Oak-wood last week visiting her mother, Mrs. Evelyn Ward.

JUDSONIA, ARK.—Their homes among more than 2,000 Arkansas and Missouri homes destroyed or damaged by March tornadoes, these men, like thousands of storm victims, turn to the Red Cross for help after emergency needs for food, clothing, medical care and shelter are met. Red Cross workers will stay on the job until rehabilitation needs of more than 1,600 families registered for help in these two states are determined. Based on need, Red Cross will assist in repairing and rebuilding homes and providing furniture. Of the nearly 500 persons hospitalized by tornado injuries, many will need Red Cross help with medical bills. All this Red Cross help, expected to run into millions, is a gift given by the people through the Red Cross fund campaign.

Our WASHINGTON Letter

By Congressman
O. C. FISHER

OF MAJOR PUBLIC CONCERN is the new wage boost the President's Wage Stabilization Board recommended last week for the steelworkers. It would be the biggest single government-supported wage raise in history, and it came at a time after the consumer cost-of-living index had dropped two cents the preceding month.

The steelworkers now get an average of \$2 per hour along with other benefits. The new hike, if it goes through, will add an immediate 18 cents, and an additional 8 cents by next January 1. Other benefits figured in the WSB formula, along with a recommendation for a forced union shop, re-

gardless of the bargaining agreements between the steel companies and the unions. The steelworkers have had five raises in the past five years.

Now, all of this can have serious repercussions upon the public, as I see it. The entire public becomes involved. Your taxes are affected. The purchasing power of your dollar may be lowered. What you pay for a spool of barbed wire, a cook stove, a hay bailer, or a tractor, will be higher. Because steel is a basic industry and a jump in steel prices is reflected all down the line when you go to the store and buy any kind of hardware.

It seems unfortunate that Phil Murray, the Big Boss of the Steelworkers, would blind himself to the far-reaching effects of this action. It seems even more unfortunate that the government would be a party to it. A moderate increase has been justified. The big steel or adjustment of differences might companies said if the Government had kept out of the picture, they could have done business with Murray and made an acceptable agreement. But sustained by the influence of the Government itself, Murray seems to be determined to take full advantage of the situation. After all, now, if the big steel companies balk, and a strike takes

place, Murray can say: "You see, they won't even do what the United States Government asks them to do!"

Uncle Sam may lose heavily in taxes, too. The Treasury expects to collect about \$28 billion in taxes from corporations in the coming fiscal year. But the wage hikes will cut into that, and a considerable share of the proposed new wage increase will likely to be taken from what would otherwise have gone to the government in taxes. It is estimated that this action may mean as much as \$11 billion in less taxes from corporations.

Moreover, John L. Lewis has never let Phil Murray out-do him when it comes to wage increases. And he will be scowling across the bargaining table again in the near future. Now, what will he demand? A new pattern of general increases is threatened.

Mr. and Mrs. Julius Krauskopf took his parents, Mr. and Mrs. Emil Krauskopf, who had been visiting them last week, to their home in Houston Saturday. Krauskopf is employed by Stan Lind.

Give the little lady a hand

THIS ad is addressed to husbands — husbands who've yearned for the thrill of sitting behind a broad hood packed with horsepower—and the pride of rolling down the street in a car that tells the world, "Here's a man who knows the finest thing on wheels."

But husbands have wives. And wives have been known to say, "No big cars for me. They're too hard to handle."

Well, we have an answer for that one. It's a ROADMASTER with Buick's new Power Steering.† And Power Steering takes over any time the steering gets tough—works like a helping hand—reduces the effort of turning the wheel of a car at a standstill to about the same effort it takes to pick up a mink coat.

BUT out on the open highway—with a clear straight stretch before you—your hands still have command of the wheel—you can feel that sure, firm, easy and eager responsiveness that's a part of the fun of driving.

The rest of the fun is in something else that's new this year—the highest horsepower that a Buick Fireball Engine has ever delivered — and an Airpower carburetor that lets loose an extra reserve of power when needed, and still adds extra miles to your cruising range on each tankful of gas.

So we suggest a family demonstration. You'll both like the hushed and restful silence of this superbly able traveler. You'll like the harmonious beauty of its

interior, and the deep and luxurious softness of its seats.

You'll like the velvet-gloved grip of its Wide-Band brakes, and the most capacious trunk in Buick history.

You'll like the smooth surge of Dynaflow Drive, and you'll like—but why waste time talking, when you could be finding out more than we can ever tell you? How about making a date to do that right now?

Equipment, accessories, trim and models are subject to change without notice. White sidewalls optional at extra cost when available. †Optional at extra cost on Roadmaster only.

CHRYSLER FirePower is so much more than HORSEPOWER

It's worth remembering that today's Chrysler V-8 is not a "warmed-over" engine, but basically brand new... the first truly new type engine of modern times. It does, indeed, open new horsepower potentials, but what it can mean to you goes way beyond just that...

FirePower is also a better-built engine throughout. It doesn't require premium fuel. It runs with less waste, less heat, less wear, less carbon deposit than other type engines can do. More of your gasoline's energy is turned into actual road power, greater reserve for passing and top speeds when needed...

FirePower gives your gasoline a better place to work... the first hemispherical combustion chamber in a stock-car engine. It makes possible more power from every drop of gas. You feel it the minute you open up a Chrysler, in greater accelerating power than you've ever had at your command...

Why not drive this revolutionary new-type engine, and feel its wonderful difference for yourself? Let your Chrysler dealer show you how much more than horsepower your money can buy in the engine Chrysler has designed from scratch to do an engine's job better, longer, and more efficiently than previous engines can hope to do!

Our WASHINGTON Letter
By Congressman O. C. FISHER

FIRINGS, RESIGNATION, President Truman's decision, the pending steel strike, Tidelands, cherry blossoms, and the Queen of the Netherlands, all figured in Washington news last week.

Charles E. Wilson, the demobilized War Mobilizer, handed in his resignation in protest against the President's refusal to follow his advice to refuse WSB's proposed settlement of the steel argument. WSB had recommended 26c an hour increase for Phil Murray's union, and Wilson said this will adversely affect the nation's economy and would probably lead to another round of wage and price increases, hence more inflation.

Wilson, in his first public appearance following his resignation talked to the Texas delegation at our weekly lunch last week. He pulled no punches. He pointed out that while the cost of living index is dropping Phil Murray is demanding an increase that will reverse that trend "as sure as God made little apples".

He cautioned that if Murray's demands are continued, "the cost of

that labor by 1960 will reach \$4 per hour and the cost of steel will jump to \$200 a ton!" Steel labor has had 5 raises in 5 years, not counting the ones they are now demanding.

"Phil Murray and also one or two other union leaders now has more power to control the fate of this Nation's economy than does the President of the United States", he reminded. "Murray can shut down the steel mills tomorrow, along with scores of other industries. But do you think the President of the United States has the power to start them up again the next day? Emphatically not."

TIDELANDS
Texas and the nation for that matter scored a victory last week when the Senate passed our tidelands bill by a vote of 50 to 35, with 7 of the absent Senators being recorded as favoring the measure. One absentee, Senator Ke-fauver, had himself recorded as being opposed to it.

Since the bill is not on all fours with the House bill we passed last summer, it will have to be acted upon again in the House. That will be done soon. The House will be able to override a veto. It is a bit doubtful in the Senate, though there is a distinct possibility that a veto can be overridden by the Senators. Up to now it has been a major victory for Texas and for fundamental rights of the States.

MORRIS GOES OUT
When the President announced the appointment of Newbold Morris as a choice to ferret out any corruption in government this carrying out the pattern set by many members of Congress in exposing crime and corruption where it can be found he was acclaimed by the exposing element on Capitol Hill.

But it soon developed that Morris' law firm had been entangled in some big ship profits, which while legal at least raised a question with regard to his fitness for the clean-up job.

Then last week the pay-off came. Attorney General McGrath said he had made a mistake in approving Morris' appointment, didn't like the way he was handling his job, and proceeded to fire him. A few hours later President Truman gave McGrath his walking papers. Thus, two months after the appointment of a clean-up man, it all fizzled. The total results: zero.

It can be assured, however, that the independent members of Congress will not retreat. Those of us who have supported the exposure drive during the past year or so will keep right on exposing and bringing to justice all who can be found betraying their public trust.

Mr. and Mrs. Truman Hines had as their guests last weekend Mrs. Hines' sister, Mrs. W. E. Waldring, Jr., and children, and her mother, Mrs. W. E. Waldring, Sr., all of Port Arthur.

Max Darrell Murray and Miss Darlene Varley, University of Texas students, are here as guests of Murray's grandmother, Mrs. B. C. McGilvray and Mr. and Mrs. Bill McGilvray.

BETWEEN MAN AND HIS MAK
Between Man And His Maker by W. H. Marshall

There are many people in the world who seem to think that they are here to be waited on by God. They always feel that God owes them something. But they never think that they owe God anything.

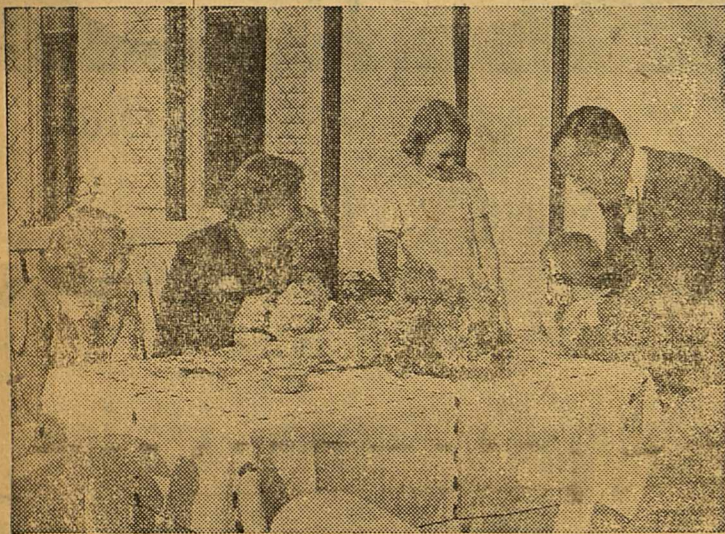

They never attend religious services on any Sunday. They never give to God's Church to help make the world a better place in which to live. They never figure they should do their part to help God on with his world. They are good honest men too. They pay their obligations to their fellowman, but they seem to think that they owe God no-

thing. God owns the soil, the grasses of pasture and field, and the Bible tells us that God owns the cattle on a thousand hills, that is, God owns everything, even the air we breathe. Have you stopped to think, why will a man take so much from God and then after God blesses him, he gives so little or nothing back to God. Every body

likes a GOOD SPORT. God has a right to expect that every man receiving His blessings will give back to Him in such generosity as to help God keep on blessing men every where.

Mrs. Claude Baker had as her guest last Wednesday her nephew, Caleb Davis of Los Angeles.

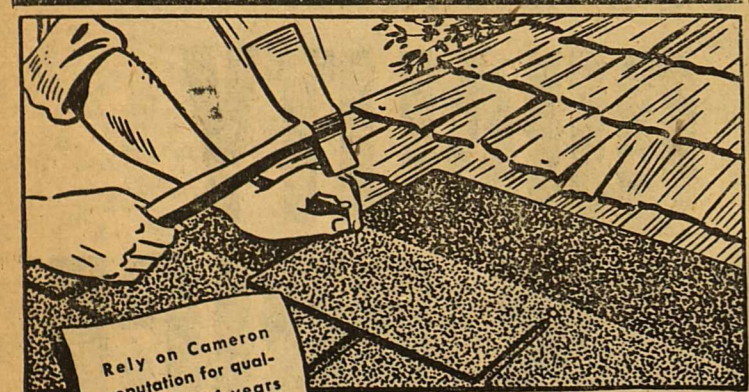

Dutch Royal Couple Visits United States

Queen Juliana of The Netherlands is on her first official visit to the United States since becoming Holland's monarch in 1948. With her husband Bernhard, Prince of The Netherlands, she will spend a few weeks in this country visiting Washington, New York and Midwestern and Western places of interest.

The royal couple has brought one of the famous Dutch carillons as a gift from the Dutch people to the American people in token of friendship; it will be erected in a national park near Washington. Left behind in Holland to go to school are their four daughters, Princesses Beatrix, 14; Irene, 12; Margriet, 9; and Marijke, 5. Photo shows the family enjoying a final tea party together just before the parents' departure for America.

Confer with Ike

Paris, France — General Dwight Eisenhower (center) is shown with Paul G. Hoffman, former ECA administrator (left), and John J. McCloy, U. S. Commissioner for Germany, after he conferred with them in separate talks. McCloy is believed to have discussed West German participation in the European Army, and inclusion of German troops in forthcoming maneuvers. Hoffman, leading figure in the "Ike For President" drive, may have been reporting progress.

LOOKING FOR CLEWS

GERMANTOWN, PENN. — Harvey Fretz still finds a lot of pleasure in life even though he is 89 years old. He likes to read every book he can find about his "Pennsylvania Dutch" ancestors, and reminisce about the days when he used to drive the stage coach between Doylestown and Buckingham. Though his eyes are still "as sharp as ever for distances," he began using ready-to-wear reading glasses for close-up work like checking passenger and freight lists by oil lamps back in 1909. Spectacles of this kind, which he buys in a dime store, overcome his impairment of sharp near vision and enable him to "read and figure" with ease. One of his hobbies is collecting antiques. He's an expert on dishes and cut glass. He always has a pair of ready-to-wear reading glasses handy when he attempts to spot identifying clews to truly fine old pieces, and over the years has collected many rare specimens of early American china and glass Stiegelware.

Ahead—the Nicest Miles in the World!

Well, the day has come! You have your beautiful Golden Anniversary Cadillac—and are off on that cross-country journey you've so eagerly awaited.

You're full of hope and anticipation—but almost afraid it's too good to be true. Can any car perform and handle the way people say this one does?

You come to the end of the street that opens into the crosstown thoroughfare—and the big, easy-acting brakes settle you down to the softest, smoothest stop you ever experienced in all your life.

You touch the throttle, and the great engine starts you out like the flight of an arrow—smoothly and swiftly and quietly.

Almost before you know it, a light turns red—and, once again, that easy, velvety stop. And then the green—and again that swift, eager move into action.

Stop and go—red and green . . . and pretty soon it dawns upon you that you never dreamed of driving a car that handled and performed like this.

Wonderful in city traffic—no doubt about it!

And then the cars thin out about you—the traffic lights stretch farther and farther apart—and you find yourself on the open road.

Instinctively, your foot goes down on the throttle; but, quickly, it eases up again. For you find yourself really rolling in a couple of hundred feet! So you do a little experimenting until you find the spot where the accelerator belongs for sane and sensible driving—and then you settle back and relax.

You scarcely seem to be moving at all. You handle the wheel with the weight of your hand. You're comfortable—resting—at peace with the highway! The sun rises higher and the road beckons on.

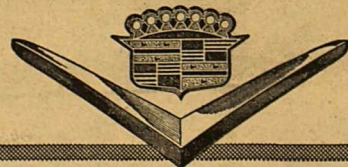

"Where did we plan on stopping tonight?"

"Better take a look at the map and see what's on down the line. We're going to get a lot farther than I ever dreamed we could!"

Yes, it's true what they say about Cadillac.

Better come in and see it—and drive it—while you're in the mood!

Devastating Earthquake in Japan

Kiritappu, Japan — This is the scene at Kiritappu when struck by pounding tidal wave that followed devastating earthquake. More than 35 persons were killed, with many more injured and missing, and thousands homeless. This town was the worst hit, and suffered the most damage.

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - - I am an ex-WAC, going to school full time under the GI Bill. I'm married and have a child. Would I be eligible for the \$120-a-month subsistence for veterans with more than one dependent (my husband and child)?

A - - No. You may, however, be eligible for the \$105 rate paid to veteran-trainees with one dependent—that dependent being your child.

Q - - How do I go about finding a lender who will lend me money under the GI Bill?

A - - Information as to who makes GI farm loans may be obtained usually from the County Agricultural Extension Agent. Information concerning home and business loans may be had from your local Chamber of Commerce, or by inquiring at banks, saving and loan associa-

tion, mortgage and insurance companies, and other public and private lending agencies.

Q - - I have a service-connected dental condition, and was fitted with bridgework several years ago through VA's outpatient dental program. The bridgework seems to be wearing out. May I have it replaced?

A - - Yes. Bridgework which becomes unserviceable through legitimate wear and deterioration may be replaced, provided your dental condition is still shown to be service-connected.

Q - - I surrendered my NSLI permanent policy for cash when I went back into military service. I expect to get out soon, and I'd like to know what I must do to regain my insurance protection.

A - - You may either (1) apply to VA in Washington, D. C. for a new permanent policy on the same plan and not in excess of the amount surrendered for cash, and pay the required premium, or (2) reinstate your surrendered permanent plan by paying the required reserve and the premium for the current month. In either case, you must act within 120 days following your separation from active service. Physical examination is not necessary.

He said there was only one way to stop the disease which is 100 percent fatal to livestock and humans alike, once symptoms develop. That way is to kill foxes "by trapping, shooting, poisoning any way to cut their number in half and break the chain of infection." "If it isn't done which out for an epidemic," he warned.

YOUR HEALTH

Central Texas' for population will have to be reduced by at least 50 percent immediately in order to avert serious fox rabies trouble this spring, the State Department of Health has warned.

Unless livestock owners, fox hunters, and the public generally get on the ball, the whole region is in for increasing numbers of rabies cases, State Health Officer Geo. W. Cox predicted.

Five rabid foxes have been killed within Austin's city limits or adjacent to them since the first of the year, Dr. Cox said. All were found to be positive by laboratory tests.

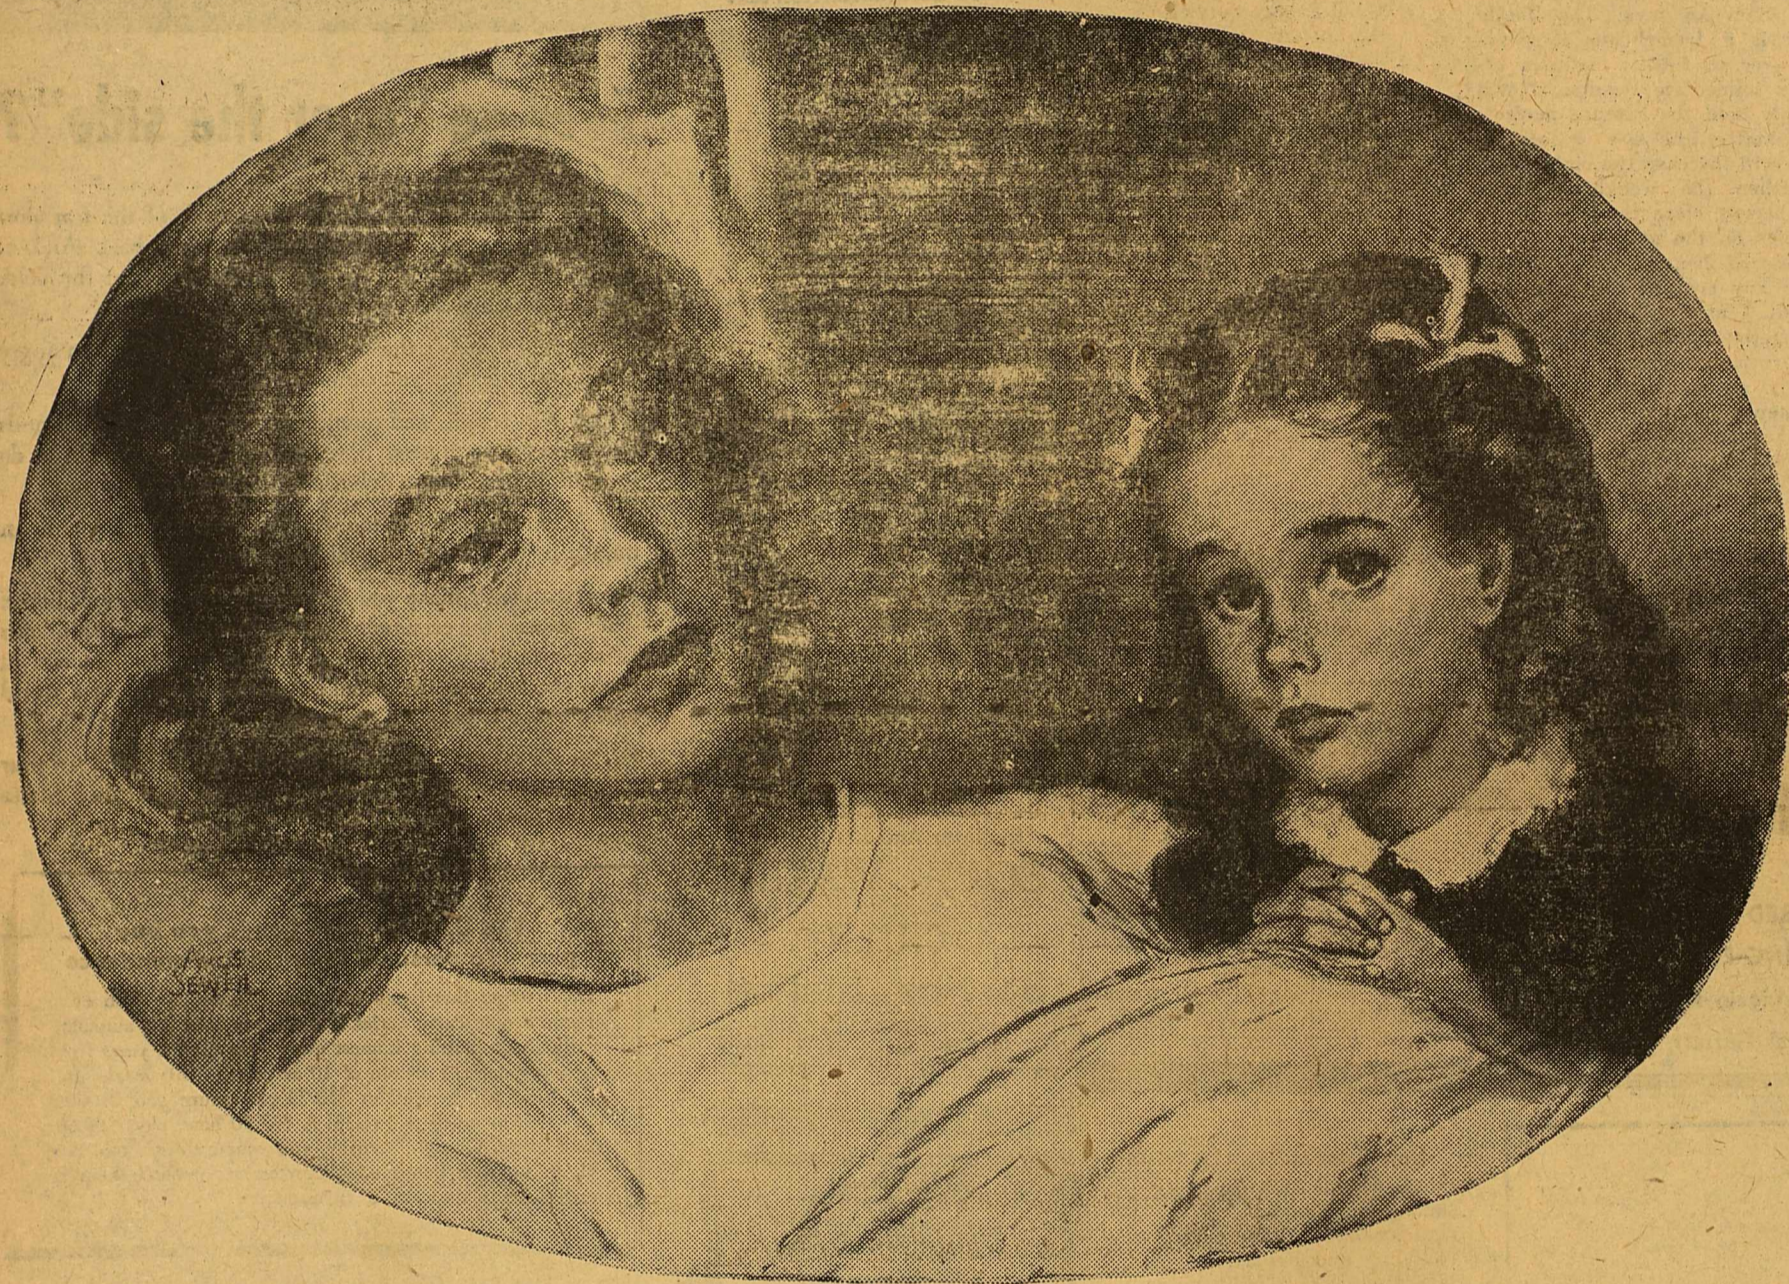

The grim warning came on the heels of a report that the disease had been diagnosed in Fayette County for the first time in history.

The health officer said Central Texas rabies had been almost eradicated except for a small pocket in Milam County. Because no cases were reported for some nine

months, fox thinning efforts were relaxed. That's when the trouble began.

In November of 1951, he reported, the disease flamed in the southern part of Milam County and advanced rapidly toward the heavier fox population of Yee, Fayette, Bastrop, and Travis Counties.

The direction of spread now, according to all indications, is westward and southwestward. New outbreaks can be expected in those sections.

"THANK YOU FOR THE CHANCE to watch my daughter grow up"

I don't think I would have known how to say good-bye to my little girl. Thank you for the chance to watch her grow up . . .

The doctors tell me that now all the disease in me has been destroyed. I'm going to live.

I'm one of the lucky ones—one of the 70,000 saved each year from cancer. *There should be more of us . . .*

When I was helping raise funds last April for the Cancer Crusade I never thought I was really working for myself—never dreamed cancer would strike me. Now I know it can happen.

The dollars you give to the American Cancer Society mean so much to those of us who face cancer. Those dollars paid for the leaflet that sent me to my doctor . . . He told me yesterday they paid for his training on an American Cancer Society fellowship.

Yes, I am one of the lucky ones.

With your help there will be many more . . . thousands more. Won't you show you care with a generous gift? Thank you, thank you very much.

The cost of living went up + up

It's a Fact!

For the average West Texas family, a kilowatt-hour of electric service costs less today than it did 20, 15 — even 10 years ago!

Although the cost of materials, manpower, fuel, and everything else needed to provide electric service has gone up in price, your local rates have stayed low.

Your electric service is still the biggest bargain in the family budget — your most dependable, low-cost servant.

The price of electricity went down + down

The cost of your electric service has remained low because you use a lot of it and because of the skills and efficient business methods used by the men and women of this company.

SERVICE

is my business

I'm your co-op lineman... You see me with my truck along your line, and I want to take this chance to say hello. My job is to...

Build new lines Enlarge other lines Prevent outages Keep the lines clear

I am well equipped to serve you, and I hope you will cooperate with me to keep outages at a minimum. I cut and trim trees, for instance, to keep them off the lines. If you spot me on your place, you will know I am working to provide you with better service. You can help, however...

In case of an outage, call your co-op office. Tell us the trouble and its location if you can. This will save us time finding it.

We are sure our service is the best in the area. But we know we can always improve.

We are glad to be working for you and proud of our part in this locally-owned, democratically controlled co-op serving this community
