THIRTIETH-WEEK

... Son of
a gun ...

We have discovered another short cut which makes life slightly easier and a whole lot more interesting. Instead of looking at the show ad to see what's on tonight, we observe the activities of a few small boys around town.

For example, last Saturday afternoon we saw one youngster busy stalking a wrecked auto on the Elliott Motor Company lot. In his hand he carried a bow and arrow, not an ordinary arrow, but one with a large steel point. Nothing so it "Tembo," featuring Howard Hill, his bow and his steel-tipped arrows, was playing at La Vista that night. We must admit, however, that at first we thought it was a Tarzan.

When most of the small boys appear Saturday morning armed to the teeth and with eyes mere slits, you can bet a Western will be on and they'll be there to see that justice is done.

We had a few questions concerning the circus headline in last week's paper: "RAIN! RAIN!" and feel that we ought to explain.

Well, to begin with, we had been looking forward to writing a rain head for several years, and naturally our appetite was thoroughly whetted. So in the first place, we cast aside all ideas of conventional headlines, since this was certainly not a conventional rain. Then we thought of something like variety, the show newspaper, might run, and got this: "Sinus Subs For Ashma." But we didn't have enough big type for that one, so out it went.

Next we thought of going back to the good old days in the Eighties and Nineties when a rain head might read:

Good Precipitation
FALLS
in
Sutton County
Sunday Night

WET EVERYWHERE

But our readers are busy readers and generally have consumed the paper by the time they hit the Post Office door, so why give them a detailed headline and make them read clear to the curb? So we discarded that idea.

Finally, becoming pressed for time, we called it what it was. It was two rains, so we put RAIN! RAIN! in the biggest darn type in the house.

The Veterans Memorial Park has been completed and is, we think, a very handsome addition to our town. Many persons and firms are due much credit for making the park a reality. The city, the county and the Lions Club paid for the concrete work, Carl Cahill cleared the lot, hauled the dirt and leveled it. The city is planting grass and shaping up the plot, plus landscaping during construction and installing a water connection, Tommy Smith did the welding on the chain and corner posts. Others contributing time, money and material are Jeff Lambert (who ramrodded the project) A. E. Lowe, Wm. Cameron Co., Home Hardware & Furniture Co., Martin Plumbing Co., Foxworth-Galbraith Co., Joe M. Vander Stucken, Fred Spinks, State Highway Dept., and Andrew Fay.

Alfred Cooper returned last week from Glendale, California, where he visited his brother, Tom Cooper Mrs. Cooper.

Soil Conservation District News

News of Edwards Plateau Soil Conservation District
Prepared by Local SCS Personnel

How much of last week's rain did you hold? Moisture penetrations made on Joe Berger's ranch showed moisture to 24 inches under a good cover of grass and on bare ground only four inches. Good cover held six times as much water. Berger is cooperating with the Edwards Plateau Soil Conservation District and has made some remarkable range improvement thru pasture deferments and good range management.

L. E. Johnson Jr., another cooperator has completed an earthen tank in his Sotol Pasture. This tank will furnish additional livestock water where it is needed and will result in better distribution of grazing in the pasture.

Last week's rain filled the tank about half full and Johnson reports that it is holding. Johnson went to a little extra trouble to make sure the tank would hold. After the tank was constructed he lined it with the top soil he had move in building the tank.

H. H. Lawler is planting 34 acres of Hubam clover on his Fort Terrett ranch. Lawler plans to use the clover as a soil improving crop by plowing it under late this summer. The seed was inoculated with nitrifying bacteria to get maximum use of Hubam's ability to add nitrogen to the soil. The top growth, when plowed under will add additional organic matter to the soil.

MRS. DEE WORD IN SERIOUS CONDITION

The condition of Mrs. Dee Word was said to be grave as the News went to press Thursday afternoon. Mrs. Word was stricken Sunday morning while attending services at the First Methodist Church. She was taken to Hudspeth Memorial Hospital.

Here to be with their mother are Mrs. Marvin Rutland, Houston. Mrs. Scott Roberts, Marfa, and Mrs. C. W. Blalock, Houston. A grandson, Norbert McIntyre, Marfa, is also here.

INSTRUCTION SCHOOL HELD

A school of instruction for Girl Scout workers was conducted April 22, here by Miss Gerene Stanberry, Frontier Area Counselor, of San Angelo.

Those attending the course were Meses. E. D. Shurley, Chester Green, E. V. Smith, Arvil Boldt, W. W. Renfro and S. A. Bridges.

Mrs. Carl Price and daughter of San Antonio spent last week here with Mrs. Price's parents, Mr. and Mrs. E. T. Smith.

Visiting Capt. Lea Roy Aldwell here Tuesday in the interest of the U. S. Army Organized Reserve Corps were Lt. Col. Harold L. Wilson, Capt. Drake M. Collins, and M-Sgt. Edward Pugh. They are from the Unit Instructors' office, ORC, Austin.

GAME NIGHT REALIZES \$300 FOR WOMAN'S CLUB

The Sonora Woman's Club made \$300 from the game night held Tuesday at the Elementary School. The money will be used toward retiring a \$600 debt incurred by the installation of a new floor in the club house.

Club members donated refreshments and prizes for each table. Members of the committee in charge of the program were Meses. Charles F. Browne, chairman, Lea Allison, Howard Espy and Gay Copeland.

The committee issued the following statement: "The members of the Sonora Woman's Club are very appreciative of each donation and wish to thank everyone who helped make this game night fund-raising party a success."

Camp Allison 4-H Studies For Show

The Camp Allison 4-H Club held an all-day meeting Saturday at the M. E. Joy ranch to study preparation of wool for the Sonora Wool Show in June. Lester Garrett and Joy sheared some of Ted Bailey's sheep and gave the demonstration.

A barbecue lunch was served at noon to the following: D. C. Langford, county agent, Curt Schwiening and son, Curt Jr., Mr. and Mrs. Vance Eubank and son, Gene; Mr. and Mrs. Lester Garrett and son, Harold Lewis.

The next meeting will be held May 31 at the Curt Schwiening ranch. Members of the Sonora 4-H Club are especially invited to attend.

Five Sonora Horses Named To Futurity

The "Texas Futurity" to be held in San Angelo, May 10, 16 and 17 is a wide open event this point according to officials of the Texas Horse Breeders Association, sponsors of the event.

Although there are 71 two-year olds nominated in the three divisions (300 yards, 1/4 mile and 1/2 mile) a standout favorite has not developed as yet.

Five Sonora owned horse are eligible for the event. They are: "Trusty", Andrew Moore; "About Time", Miss Nancy Hunt; "Lady Reno", and "Wee Ariel," James Hunt; and "Sweet Pair" Wesley C. Young.

Elimination trials will be held in the Fair Grounds Park, May 10, and this competition will reduce the field in each division to a final gate of eight horse who will be eligible to share in the estimated \$14,000.00 in purses.

Additional races up to one-mile in distance will fill a complete card on both the day of the trials as well as on May 17, when final stakes are scheduled. The program for Friday, May 16, will be made up entirely of extra races including the featured Texas Derby. This event which has attracted many of the top 3-year olds in Texas will be at 5 1/4 furlongs and carries \$500 in added money.

The "Texas Futurity" which is sponsored by the Texas Horse Breeders Association is truly a breeders' race in that the two-year olds which are eligible, were nominated in February for the May running. The early nomination requires more reliance to be placed on bloodlines than on known ability. A fee of \$100 is required for entry. Post time will be 2 o'clock on each of the three days.

MOTORISTS URGED TO GET CARS INSPECTED

Motorists are again reminded that their cars should be inspected as soon as possible. "Most cars," said a state inspector recently, "that are in good shape have already been inspected. What we are after is a steady flow of cars to the inspection stations rather than a last minute rush."

Congratulations To These NEW PARENTS

Mr. and Mrs. Jimmie Cook are the parents of a daughter, Judy Bob, born at Goodfellow Base Hospital April 25. The baby weighed six pounds, and seven ounces.

Grandparents are Mrs. R. V. Cook of Sonora and Mr. and Mrs. A. G. Clark of Eldorado. Jimmy Cook is serving with the Navy aboard the USS Balletrix in the Pacific.

Mr. and Mrs. Kenneth Graves announce the birth of a son, Kenneth Francisco, Jr., born April 28 in San Angelo and weighing five pounds, 15 ounces.

Grandparents are Mr. and Mrs. H. H. Whitley of Waskom, and Mr. and Mrs. L. E. Graves of Forth Worth. Mrs. Whitley is here with her daughter and plans to remain until June 1.

The ladies of the Firemen's Auxiliary will hold a cake sale May 10, at the Sonora Gas Company.

Lions Install New Officers

Leadership of the Sonora Lions Club changed hands Tuesday when A. E. Prugel was installed as president for the coming year. He succeeds S. M. Kerbow. Tom Ratliff installed the new officers including E. A. Brodhead, first vice-president; Bomer Gist, Lion tamer; Irvin Willman, tail twister; A. E. Prugel, secretary and treasurer. Prugel is the first officer in the history of the Sonora club to hold the presidency and another office.

Directors are Clayton Hamilton, James D. Trainer, Andre Truden, H. M. Smith, George H. Neill, Jack Mackey, Louin Martin and Joe Berger.

In taking over the presidency, Prugel listed expenditures the club made toward worthy causes last year. These included: Boys and Girls Fund, \$615; U. S. O., \$500; Stockpens improvement, \$500; Girl Scouts, \$600; Boy Scouts, \$1,000; Park Association, \$2,500; Tables and kitchen repair for meeting place (Methodist Church basement) \$459; Fire Department, \$100; Schools (aiding formation of National Honor Society) \$392. Total: \$6,751.

SONORAN'S MOTHER BURIED IN MERKEL

Funeral services for Mrs. George C. Smith, 76, mother of Mrs. Tommy Seals of Sonora, were held at Merkel Tuesday. Mrs. Smith died at her home there Monday. Burial was in Rose Hill Cemetery, Merkel.

Mrs. Smith, the wife of a retired merchant, was born Minnie T. Miller October 8, 1872. She married G. C. Smith in 1894 and moved to Merkel in 1923.

Other survivors include the husband, a brother, two sisters, four other daughters, 26 grandchildren and two great-grandchildren.

Personal Notes

Mr. and Mrs. William Allen of Jackson, Miss., are the parents of twin sons, born April 9, Mrs. Allen is the former Miss Jean Cory, daughter of V. L. Cory, range botanist at the Experiment Station.

Sgt. 1-c Cleveland Nance has returned from Korea and is spending his furlough in Sonora. He was met in San Antonio Monday by his wife and his parents, Mr. and Mrs. R. G. Nance.

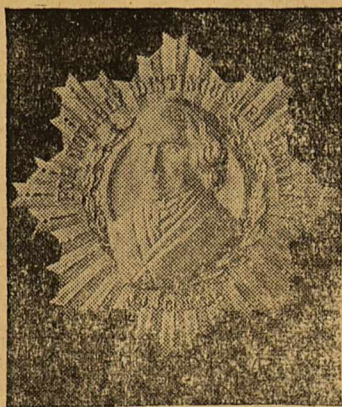

A MAN FINDS WHAT HE LOOKS FOR

By W. H. Marshall

You usually find what you look for. Look for beauty and you will find it. Look for ugliness and you will find it.

It is through the process of LOOKING that we also create the power to see. First and last, we see what we want to see and have made up our minds to see. And we ourselves will become finally what we look for and what we find in others. Character is self creating. It is not something that is pushed down your throat. It is something you have made up your mind to look for; to see, and to find. So, if you can't get along with yourself, don't blame the other fellow. Change your way of looking, and you will also change your character.

K. T. Keller Awarded Highest Masonic Medal

K. T. Keller, Chairman of the Board of Chrysler Corporation and Director of Guided Missiles for the Department of Defense, has been awarded the highest honorary decoration of the Masonic Order's Scottish Rite, the Gourgas Medal, for "notably distinguished service in the cause of Freemasonry, humanity and country."

Since its creation in 1938, the Gourgas Medal has been awarded to only three other Freemasons including the late King Gustav V of Sweden for "outstanding service in connection with the International Red Cross." President Harry S. Truman in recognition of his work during World War II as head of the Truman Committee, and Dr. Melvin M. Johnson, Sovereign Supreme Commander of the Masonic Order's Supreme Council, for his contributions in the field of mental hygiene and to Masonry. Mr. Keller, who was crowned a 33rd Mason in 1942, is the first industrialist to be awarded the Gourgas Medal. He was honored not only for his well-known achievements in industry, but also for his outstanding service to the country in many capacities during both war and peace.

Garrett Files For Precinct 3 Commissioner

The only race for Sutton County political office became established this week when Aldie Garrett entered his candidacy for County Commissioner, Precinct 3. Garrett was appointed several months ago to complete the unexpired term of the late C. W. Adams.

Garrett's opponent is Vance Eubank, also a ranchman, who announced his candidacy in March.

Wednesday Garrett authorized the News to publish the following statement: "Having been appointed commissioner of Precinct No. 3 by the Commissioners Court to serve the unexpired term of the late C. W. Adams, I wish to announce my candidacy for election to the office. If elected, I will fulfill the duties of the office to the best of my ability. I will appreciate all support given me in the primary and general election. I am in the ranching business and have made my home in Sutton County since 1926."

Rifle Shoot Slated May 18

The annual meeting of the Sonora Rifle and Pistol Club has been postponed until Sunday, May 18, at which time a shoot, election of officers and barbecue will be held at the club range.

The all-day affair will be held for club members and prospective members only.

Rains May Boom Mesquite Spraying

The general rains which have fallen over most of the state during the past two weeks are likely to boom aerial mesquite spraying operations. Adequate soil moisture is a factor that materially effects the final result of the operation, says A. H. Walker, range specialist for the Texas Agricultural Extension Service.

Mesquite in South Texas will be the first to catch the applications of lethal doses of 2, 4, 5-T. The operations will spread from there north and west as conditions become favorable for the applications, says the specialist. Despite generally unfavorable weather last spring, some 400,000 acres of mesquite infested range lands were sprayed.

On Texas range lands where mesquite is the predominant kind of brush, Walker recommends the use — on an acre basis — of at least two-thirds of a pound of the volatile ester of 2, 4, 5-T in an emulsion of one gallon of diesel oil and three gallons of water for control. He has recently inspected areas in South Texas where aerial spraying was done last spring and reports that results look fair to good. Where moisture conditions were good last year at spraying time, he says, the results look much better now.

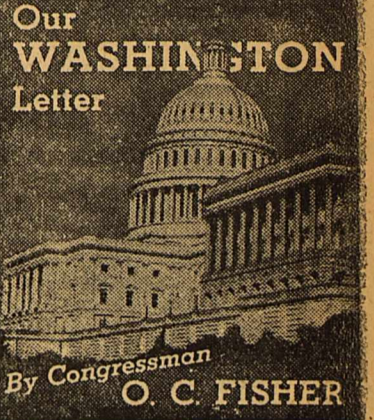

The specialist points out that aerial spraying is recommended only where mesquite is the predominant kind of brush on range land. White brush, black brush, granjeno, guajillo, oak and huisache have not been effectively controlled by airplane spraying when the rate recommended for mesquite control was applied. These plants are defoliated but much sprouting is evident. Therefore says Walker, controlling mesquite in mixed brush stands may be a profitable practice for the other kinds of brush may take over. This is especially true when proper stocking and good grazing management are not followed after treatment.

Here are some suggestions from Walker that should make the chemical control program more effective. The proper time for applying the spray material is from 7 to 11 weeks after the mesquites leaf out in the spring. The last March frost which killed the leaves on mesquite in some areas of the state should be considered and no spraying should be done until new leaves are fully developed.

Good soil moisture and mesquite growth are mighty important factors so far as the final results are concerned, says Walker. The moisture should occur at least 30 days before the application is made.

Livestock like to graze the sprayed areas, says Walker and unless watched will overgraze them. Plants on these areas are more palatable, and too, the weeds are killed. It's a wise practice, he says to defer grazing on the sprayed areas. This will give grasses a chance to make seed and in the long run will mean better mesquite control and more forage.

mills continued to be top news on Capitol Hill last week. The House got its first chance to speak on the subject when by a vote of 255 to 88 it adopted a resolution calling for an investigation of the Wage Stabilization Board. I voted for the investigation. The findings should be very revealing. There is a lot of evidence that will show the majority of the so-called "public" members of the WSB were previously on the payrolls of the Big Unions. George Taylor, former chairman of the public members on the board, recently resigned to take a \$20,000 a year job with the CIO.

In another action last week, the House passed a new immigration law, mainly to reify all the hodge-podge of immigration laws that have been put on the books during the past 30 years. The new law retains our present basic quota systems, and does not liberalize the total number who can enter from year to year. That number totals 154,000 per annum, with most of it allotted to Great Britain and Northern Ireland whose quota continues to be 65,000. Ireland gets 17,700; Germany 25,800. These quotas are based upon the percentage of "national origin" in this country as of 1920.

This same bill also dealt with the exclusion of undesirable aliens, broadening and tightening the laws in that respect, and improved existing statutes with respect to deporting aliens already here and screening out security risks and subversives. I voted for this bill.

Before long the Congress will tackle the job of deciding whether to continue OPS for another year. The present law expires at the end of June. Actually, most of the items purchased in the stores now are below the OPS ceilings. Yet the vast army of OPS employees and enforcement officers is continued with a continuing demand for the addition of more and more federal employees.

OPS methods of grading lamb meat at the packing houses has cost the growers large amounts in many instances. This has to do with the decision of whether a lamb is a lamb or has advanced to the status of mutton. The consumers naturally prefer "lamb", yet because of a technical method of deciding, OPS has forced many butcher shops to label meat "mutton" which traditionally is sold as "lamb", and the growers are thus unfairly penalized.

Another example of how unnecessary ceiling on pork is costing consumers vast sums is the report from Chicago, the meat capital of America. There last week pork was selling at from 15% to 25% below ceiling, and yet one packer alone (Armour & Co.) is paying as much as \$200,000 per month in overtime to 300 fulltime employees simply to keep the records and reports required by OPS. When you multiply this by the number of people all over the country who must incur extra expenses to keep OPS records where selling prices are below ceiling prices, you get some idea of the load the American people are carrying in keeping OPS in business.

Wool is another example. With the present ceiling around twice as much as wool is selling for, and with a government loan at 90% of parity going into effect, OPS continues a large force to keep records on wool sales and prices!

All of this simply results in higher, not lower, living costs. The people pay the cost of keeping OPS going, the high salaries, magazine advertisements, bill boards, radio-casts, etc. This adds up to \$69,000,000 a year, and the people pay the bill in taxes. A year ago I voted against continuing OPS and the WSB cost-raising procedure, which actually added to rather than reduced cost. The fact that throughout the year most prices have been under ceilings, with prices of many basic items being on the decline, indicates that OPS has not justified the vast expense that it has cost the taxpayers.

F. L. McKinney
 County Clerk
 and the following absent: none, constituting a quorum, and among other proceedings, passed the following order:

There came on to be considered the petition of Bryan Hunt and 59 other persons asking that an election be ordered upon the question of issuing bonds of Sutton County, Texas, for the purpose of constructing, maintaining, operating macadamized, graveled or paved roads and turnpikes, or in aid thereof in said County.

It appearing to the satisfaction of the Court that said petition is signed by more than 50 of the resident property taxpaying qualified voters of Sutton County, who own taxable property in said County and who have duly rendered the same for taxation and is otherwise in conformity with law.

It further appearing to the Court that the amount of the bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of Sutton County, Texas.

It further appearing to the Court that it is advisable to issue said bonds and that said petition should be granted, and said election as prayed for shall be ordered:

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF SUTTON COUNTY, TEXAS:

That an election be held in said County on the 17th day of May, 1952, which is not less than thirty days from the date of this Order, at which election, in accordance

with said petition, the following proposition shall be submitted to the resident property taxpaying qualified voters of said County for their action thereupon:

PROPOSITION

"Whether or not bonds of said Sutton County shall be issued in the amount of \$75,000.00, bearing interest at a rate not to exceed 4% per annum, and maturing at such times as may be fixed by said Commissioners' Court, serially or otherwise, not to exceed twenty years from date, for the purpose of constructing, maintaining, and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof; and whether or not an ad valorem tax shall be levied and collected on all taxable property in said Sutton County for the current year and annually thereafter while said bonds or any of them are outstanding sufficient to pay the current interest on said bonds and to pay the principal thereof as the same becomes due."

That said election shall be held at the following places in said County and the following named persons are hereby appointed officers for said election:

1. Election Precinct No. 1, at the County Court House, in Sonora, Texas, with L. P. Bloodworth as Presiding Judge, and Wilfred Berger and _____, Clerks.

The ballots of said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF THE BONDS AND THE LEVYING OF AD VALOREM TAX IN PAYMENT THEREOF."

"AGAINST THE ISSUANCE OF THE BONDS AND THE LEVYING OF AD VALOREM TAX IN PAYMENT THEREOF."

Each voter shall vote on the proposition hereby submitted by placing an X in the square beside the expression of his choice, or said voter may scratch or mark out one of said expressions, thus leaving the other as indicating his vote.

The manner of holding said election shall be governed, as near as may be, by the General Election Laws of this State, except as modified by the provisions of Chapter 3, Title 22, Vernon's Annotated Revised Civil Statutes of the State of Texas, Revision of 1925, as amended, and none but resident property taxpaying qualified voters of said County and who have duly rendered the same for taxation shall be allowed to vote at said election.

Notice of said election shall be given by publication of a copy of this Order in a newspaper published in said County for three successive weeks prior to said election. In addition thereto, a copy of this order shall be posted in four public places in said County, one of which shall be the courthouse door, at least three weeks prior to the date of said election.

The County Clerk is hereby authorized and directed to cause said notice to be published and posted as herein above directed and further orders are reserved until the returns of said election are made by the duly authorized election officials and received by this Court.

The above order being read, it was moved and seconded that same do pass. Thereupon, the question being called for, the following members of the Court voted AYE: D. L. Locklin, Dan Cauthorn, Aldie Garrett, Dantes Reiley; and the following members voted NO: none. PASSED, APPROVED AND ADOPTED this the 21 day of April, 1952.

QUESTIONS AND ANSWERS FROM

VETERANS ADMINISTRATION

Q - Is a down payment required for a GI business loan?

A - No. Neither the law nor recent credit control regulations require a down payment for a GI business loan. But your lender has the right to ask for one if he chooses.

Q - I'm studying engineering under the GI Bill. I want to drop my math course for the time being. Am I allowed to do so under VA's post-cut-off date regulations?

A - Yes. VA's post-cut off date regulations apply to changes of over-all programs of study, and not to changes of individual courses within a program of study. Therefore, dropping or adding a course, within a program of study, is permitted.

Q - I'm drawing a pension, and I wonder if I would be eligible for the increased maximum of \$120 a month which goes to veterans who need regular aid and attendance of another person. My doctor has prescribed rest in bed for a couple of months, while I recover from an illness, and I need constant aid while I'm in bed.

A - You would not be entitled to the \$120 a month rate during your temporary confinement to bed. The increase is for those who are permanently in need of regular aid and attendance of another person.

Will You Help Nominate "Ike"?
THE COURTHOUSE
You Can Do It At

If you want Texas-born Dwight D. Eisenhower to be the next President, your LAST CHANCE to do something about it is in your REPUBLICAN PRECINCT CONVENTION AT THE COURTHOUSE Saturday, May 3rd

You cannot vote for "IKE" in November unless he's nominated by the Republican National Convention in July. The Republican Precinct Conventions in your neighborhood will decide whether "IKE" gets the nomination.

Your Precinct Convention will elect delegates to the County Convention.

Your County Convention on May 6, will elect delegates to the State Convention.

Your State Convention on May 27, will elect delegates to the Republican National Convention who will nominate our next President.

BUT, your Precinct Convention is the first and most important step to nominate "IKE".

All Texans Are Most Welcome!

It's your RIGHT and your DUTY to attend your Republican Precinct Convention if:

1. You want to see Dwight D. Eisenhower elected as President in 1952.
2. You have a poll tax receipt or an exemption certificate.

The Republican Party does NOT belong to any little group - it belongs to YOU. Unless you attend your Precinct Convention, you'll be throwing away your right to help nominate "IKE".

The resolution that was passed by the Republican State Committee in February, is in NO SENSE A PLEDGE. You are not pledged to support the nominee of the Republican Party nor does it prohibit you from voting in the July Democratic Primary nor does it prohibit you from voting for whomever you please in the November election.

Here's What You Should Do To Help Nominate "Ike"

1. Arrive on time. 2 P. M. sharp, preferably EARLIER.
2. When you're electing County Convention delegates from your Precinct, vote ONLY for persons who are Eisenhower supporters.
2. BEFORE County Convention delegates are elected, ASK everyone whose name has been proposed whether he or she is for "IKE". You have a right to know where everyone stands. If you speak up for "IKE", you'll probably be elected as a County Convention delegate yourself.

Presidential Aspirant

WINDER, GA.—Mrs. Ina Dillard Russell, 84, hands her famous son, Sen. Richard Russell, a glass of milk at her Winder, Ga., home.

Sen. Russell, Democratic presidential aspirant from Georgia, says that if he is elected president, his mother will live at the White House and be official hostess at many of the important functions.

Mother of 13 children, Mrs. Russell was her bachelor son's official hostess when he was Governor of Georgia in the early 1930's. If the Senator becomes president, he would be the third bachelor president in American history.

Look who's crowding "the low-priced three"

THE price of a car has a lot to do with the number of folks who can afford to own it.

So the leaders in sales—for almost a generation—have been three cars whose bid for popularity has included a potent price appeal.

But who do you think is right on their heels? Who has led the field, outside "the low-priced three"—ever since 1938?

Well, sir, the name is Buick.

You get more pounds of real automobile when you buy the Buick pictured here.

You get more power. You get "big-car feel."

You get an honest-to-goodness Million Dollar Ride.

You get, in other words, an all-round money's worth of great engineering that makes any Buick—SPECIAL, SUPER or ROADMASTER—a standout buy in its field.

That's not just our say-so. It's what car buyers have said with their hard-earned dollars, year after year.

We think you ought to find out for yourself what these other folks have discovered.

We think you ought to find out why so many Buick buyers are trading in one of the so-called "low-priced three."

We think you ought to compare the size, compare the performance, compare the price, because we know what you'll find out:

If you can afford a new car, you can afford a Buick.

Why not find out for yourself what's behind this popularity?

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series. †Optional at extra cost on ROADMASTER only.

ONLY BUICK PROVIDES THEM ALL

- DYNAFLOW DRIVE***—great boon to easier driving, proved on more than a million Buicks
- FIREBALL 8 ENGINE**—of valve-in-head design, makes high compression count for more
- NEW WIDE-BAND BRAKES**—for smoother, more positive control
- MILLION DOLLAR RIDE**—with 4-wheel coil springing and road-steady torque-tube
- TOP-CAPACITY TRUNKS**—more luggage room than ever in most models

- NEW TWO-TONE INTERIORS**—in most models, grace Buick's Body by Fisher
- SWEEPSPEAR STYLING**—adds gleaming smartness to all models
- Plus These, Too, On ROADMASTER:** AIRPOWER CARBURETION—with highest horsepower in Buick history. MORE MILES PER GALLON. POWER STEERING†—greatly eases parking and turning, without losing that firm feel. SILENCE—so complete you can speak in whispers under way.

Sure is true for '52

When better automobiles are built **BUICK** will build them

Chrysler V-8 Saratoga Sedan, gasoline economy winner in Class "F". Entered and driven in the 1952 Mobil Oil Gas Economy Run by Chrysler Dealer Mel Alsbury, Hollywood. It was one of three Chrysler FirePower V-8's to win in their respective classes.

180 HP CHRYSLER V-8 FIRST IN 3 CLASSES IN ECONOMY RUN!

Here is truly dramatic proof that Chrysler's great new FirePower 180 HP V-8 engine design sets an entirely new standard of efficiency among American passenger car engines!

In this annual economy test, rigidly supervised, and limited strictly to stock car entrants, cars competing are divided, by price and size, into 11 standard classes. The route, from Los Angeles to Sun Valley, covered 1,415 miles of every possible kind of driving. Average speed for all cars was just under 41 miles per hour.

And in 3 of the 11 classes, the Chrysler V-8 engine was best for gasoline mileage.

In Class "F", this magnificent new engine won first place for a Saratoga 6-passenger sedan (125 1/2-inch wheelbase, 4010 pounds). In Class "H", it won first honors for a Saratoga model 8-passenger sedan (139 1/2-inch wheelbase, 4510 pounds). And in the top price and size, Class "I", it was again first, in a Chrysler

Crown Imperial Sedan (145 1/2-inch wheelbase, 5360 pounds).

To travel these substantial cars at this speed under these conditions gives additional proof, we believe, that here in the FirePower V-8 engine is the finest and most efficient engine ever put into an American passenger car!

WE INVITE YOU TO DRIVE THIS ENGINE, YOURSELF ...

The same engine which has just scored these remarkable accomplishments is no farther from you than your own Chrysler Dealer. He will welcome the chance to let you take the wheel and feel for yourself what Chrysler has done ... not only in engine performance, but in power steering, power brakes, new shock absorbers, passenger comfort ... to deserve the title: "Finest Car America Has Yet Produced!"

Baseball Season Here Again

CHICAGO, ILL. — Sox topple Cubs 10-8. A seventh inning rally enabled the Chicago White Sox to take the first game of a double bill from the Chicago Cubs at Wrigley Field here. The second game was called at the end of 3 1/2 innings because of darkness. This photo shows Nellie Fox (#26) of the Sox sliding into second safely on a steal while Roy Smalley (#39) of the Cubs appears to be taking a dive. The umpire is not identified.

Vet Winner of \$50,000 Farm

MARION, KAN. — Donald D. Dunn and his family beam over the good news that Dunn, a combat veteran of World War II, has been adjudged winner of a \$50,000 farm set-up in the Columbia basin of Washington.

Dunn was adjudged the "most worthy veteran" in a contest conducted by the Veterans of Foreign Wars of the U. S. From left: Herbert L. Rosenkranz, chairman of the VFW National Agricultural and Development Committee, who brought the good news; Mrs. Vernetta Jean Dunn, wife of the winner; Sally Ann, 5, Dunn and Deanna, 8.

YOUR HEALTH

Mental disorders today represent a real problem and it is estimated that almost fifty percent of all hospital beds are filled by persons suffering from mental or nervous diseases, declares Dr. Geo. W. Cox, State Health Officer.

It thus appears that modern civilization is exacting a terrific toll. High speed living with its cruel exactions upon nature, is responsible for a large part of the trouble. But improper personal conduct must also shoulder much of the blame. The fact is that nearly fifty percent of the patients entering hospitals for mental disorders are there because of organic or toxic causes.

For example, general paralysis is the direct cause of many mental troubles in males entering hospitals. This condition is an organic disease of the brain due to the germ responsible for syphilis. It is a preventable disease. Early and effective treatment of acquired syphilis will block the end results of general paralysis in the insane.

The excessive use of alcohol is responsible for a number of mental disorders. Alcohol and syphilis combined are responsible for approximately one-fifth of the hos-

pitalized insanities. Nevertheless, improper living habits continue to impair many brains. Insufficient sleep, neglect of bodily care and a consistent overforcing of nervous energy are the pitfalls to avoid in this connection.

Nature demands that her fundamental laws be at least reasonably observed. A constant outraging of the physiological economy takes its toll not only in bodies but in minds also. Insanities and lesser nervous disorders could be spectacularly reduced if this fact was more generally respected. Training for mental health must be started in childhood as that is the time when corrections can be made to the best advantage.

Wanted: a new kind of Crusader

...to help fight the strangest, strongest foe the world has ever known—cancer.

Cancer that will kill 22 million living Americans... unless it is controlled.

Cancer that will cause untold suffering... unless it is checked.

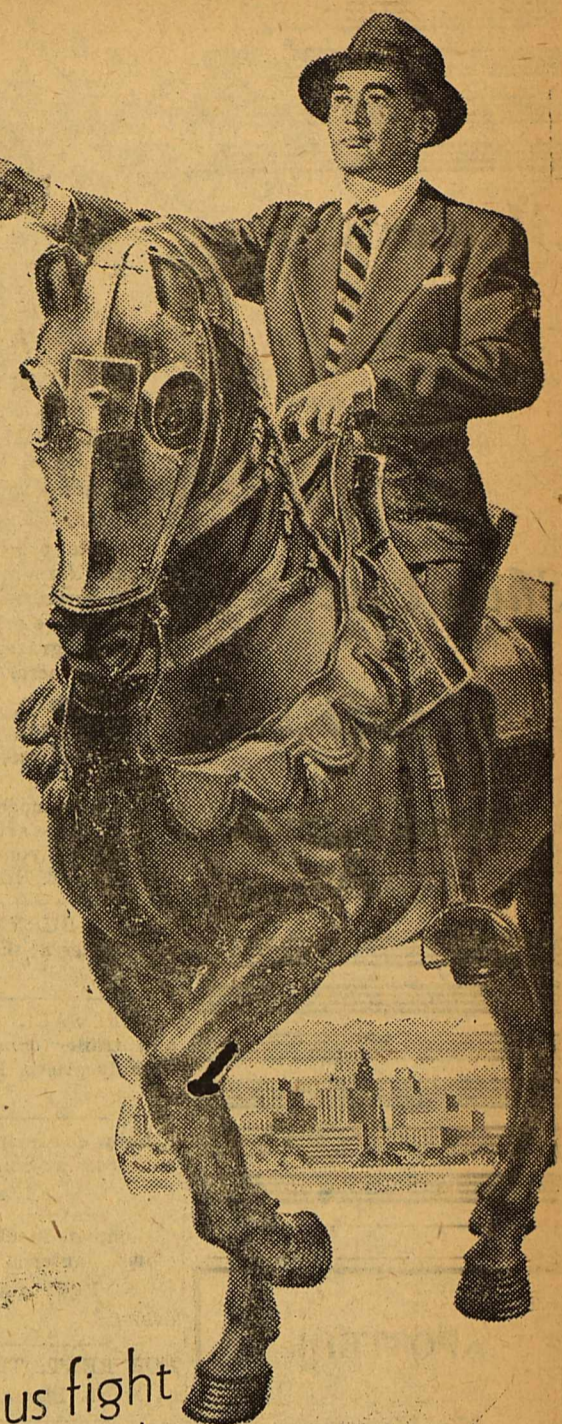

This crusader's name? It could be your own. He is any generous person, fighting cancer by giving freely to the American Cancer Society's Cancer Crusade.

◆ He believes the light in the "lab" must not be extinguished.

◆ He believes his fellows must learn to recognize the symptoms of cancer and the need for early diagnosis.

◆ He believes more doctors, nurses and research scientists must be trained.

Will you be that kind of crusader? Will you help us fight cancer? Remember—a victory now may mean protection for you later. Without your support we may be defeated. With it, there is nothing we cannot do. Won't you help us by giving now... giving generously?

ON BITING WIND AND COLD AND SNOW... his numb fingers bent around an M-1 rifle... this soldier is living with the same hardships suffered by General Washington's troops at Valley Forge 174 years ago.

His equipment is immeasurably better than any those first Yankees could have dreamed of. His chances of survival are equally improved. But, like them, he is doing a grim, hard job for the defense of his country.

Defense is your job, too. It is your job to maintain and support America's economic strength as this soldier is supporting her military strength.

It's an easy job...and one of the best ways to do it is by buying United States Defense Bonds regularly. For with bonds and other forms of savings you are making yourself and your country stable and strong. And America must be kept strong—economically as well as militarily. For we must always remember... in this cold-warring world, peace is only for the strong!

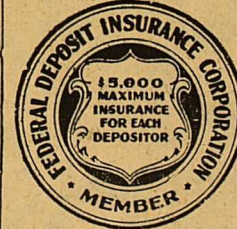

The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

Peace is for the strong... Buy U.S. Defense Bonds now!
