## QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - Is there any deadline for starting under the Korean GI Bill?

A - Yes. Veterans who left service before August 20, 1952, must start before August 20, 1954. Veterans separated after August 20, 1952 have two years from their separation date in which to begin.

Q - I am a disabled veteran, and I recently completed Public Law 16 training and was declared rehabilitated. But now I find I'm not able to work at the job I trained for, since my disability has be-

come worse. Would it be possible for me to get additional training under the law?

A - Yes, it is possible for you to re-enter training, so long as your need for vocational rehabilitation is reestablished.

Q - May I get a GI loan to buy an apartment building, if I intend to live in one of the apartments?

A - Yes, so long as the total number of separate units is not more than four, if you're buying the apartment yourself. If more than one veteran buys, one additional unit may be added to the basic four for each veteran participating.

Q - I applied for disability compensation from VA, and I feel that the VA's rating should be higher than it is. Can I appeal?

A - Yes, you may appeal within one year from the date an official determination was made in your case.

Mr. and Mrs. Wes Hill had as their guests during the Thanksgiving holidays her sister and brother-in-law, Mr. and Mrs. Bob Medford, and family of Levelland and her brother, Alvin Wallace of San Angelo and Ben Richard Mittel of Evant.

## A Famous American Ship

The CHRISTOPHER COLUMBUS, said to have carried more passengers in her 44 years than any other liner on the Great Lakes, according to the American Merchant Marine Institute. Built in 1892 she was the best known of the "whaleback" type. This unusual design was intended to offer minimum resistance to wind and sea. Difficulties in unloading cargo and size limitations were serious handicaps, however, and the style was not long popular. Great Lakes shipping is an important part of our merchant marine. High construction costs are making it virtually impossible for private shipping to build new ships for passenger or freight services. Without new ships the American Merchant Marine can not long perform its service to our peacetime economy or serve as our "fourth arm" in war.

**Your Health**

Measles in Texas is reaching a mild epidemic stage at present, with outbreaks following closely the main lines of travel across the State, according to information made public today by Dr. George W. Cox State Health Officer. The number of cases reported to the State Health Department last week are much above the average. "The peculiar pattern of this spread of measles re-emphasizes the fact that it is a contagious disease, passed on from one person to another," Dr. Cox said. "Guard against exposure by avoiding contact with measles patients." Dr. Cox said that measles alone is not necessarily a dangerous disease, but dangerous complications, such as streptococcal infections, mastoiditis, and pneumonia which may follow, make it a disease to be carefully nursed, with close attention from a doctor. Unskilled treatment of a plain case of measles can result in dangerous complications," Dr. Cox

**Chevrolet Dealers Spotlight New Trucks**

Typical of completely re-engineered Chevrolet trucks making their 1954 model debut at dealer showrooms this week is the three-quarter ton (6500 GVW) stake, on which dual rear wheels are now available. Loading height has been lowered and floor area between stakes increased. More horsepower in each of three new engines, greater durability through sturdier construction, optional automatic transmission, improved comfort and convenience are among Chevrolet truck advances.

**There's A Lot To Be Thankful For**

Howdy Folks: I woke up this morning with a new feeling of gratitude in my heart and I just want to pass it along to all of you.

I am thankful for a community like Sonora and Sutton County, an ALL-AMERICAN Town and County. I am so very much obliged to you for your hearty welcome and I hope, The Lord willing, that I may be privileged to spend the balance of my life among you good people.

Just wonder if you really know how blessed we all are in so many things too numerous to mention, but first I would like to say just a few words about our hospital: isn't it a thing of beauty? Have you visited the hospital? If you have not please go out and receive the same kind of welcome that I did and then compare it and its capable personnel to other hospitals that you might have been in. Then just stop and think of the many thousands of communities without hospitals. Our sick can rest assured that they will be well taken care of in Sutton County.

Then have you thought about the numerous places in Texas without medical service? We can be grateful for

two of the finest doctors that we could ask for, well trained men, yes, but best of all good men with it, ready to take care of our families at any and all times, they are truly a major factor in our every day lives. See them often for periodical check-ups. Preventive medicine is so much better than waiting until disease has a strong hold on your body.

The writer has been in several hundred dental offices and there are few dental offices in this country that will even compare with ours. We have not just dentists but good, honest, well-trained and capable community men at the heads of these practices. You know fully well that twice a year you should see your dentist, so why delay? A well mouth is the prime source of good health.

Then we have two good drug stores with heavy stocks of the very latest medicines to take care of you and your doctors' and dentists' every want. Visit your drug stores often and discuss your needs with their very capable druggists. A druggist will always lend you a very sympathetic ear.

Will sign off for this time, but thanks for reading this and PLEASE THINK IT OVER.

## Mayer - Rousselot Wedding Read In San Angelo

Before an altar decorated with lemon leaves and lighted with cathedral-length tapers in branched candelabras, Miss Doris Jane Mayer of Sonora became the bride at 7 o'clock Saturday evening of Norman Wayne Rousselot of San Marino, California.

The bride is the daughter of Mr. and Mrs. Edwin S. Mayer. Mr. Rousselot is a son of Mr. and Mrs. Harbin Rousselot of San Marino, California.

The Rev. B. O. Wood read the single-ring vows in the First Presbyterian Church (U. S.), in San Angelo. Mrs. L. E. Erwin furnished traditional wedding music and Dr. Eric Soratin, conductor of the San Angelo Symphony, played a violin solo, "Ave Maria," accompanied at the piano by Mrs. C. B. Beall.

Given in marriage by her father, the bride wore a gown of imported white satin designed by William Cahill of California. The portrait neckline of the gown had a narrow band of beaded pearls. An accented pleated inset extended to the floor in front and the satin skirt swept into a chapel-length train.

Her floor-length veil fell from an inverted crown of pearls. Her crescent bouquet was of calla lilies and stephanotis.

Mrs. Robert Mayer, sister-in-law of the bride, was matron of honor. Miss Norine Castle of Los Angeles, California, and Mrs. John Rousselot of Alhambra, California, sister-in-law of the bridegroom, were bridesmaids.

The attendants wore floor-length gowns of blue tulle and taffeta. Their headdresses were crowns of mother of pearl encrusted with blue brilliants. They carried crescent bouquets of yellow roses.

John Rousselot of Alhambra, California, was his brother's best man. Robert and Richard Mayer and Ed Mayer, Jr., of Bluff Dale, brothers of the bride, and Clifford Foerster of San Antonio were ushers.

A reception was held in the ballroom at the Hotel Cactus. The wedding cake, flanked by silver candelabras, centered on serving table. A second table held two silver punch bowls and was centered with an arrangement of chrysanthemums were used at vantage points in the ballroom.

Mrs. Len Mertz and Miss Gladys Mayer served cake. Presiding at the punch bowls were Miss Flora Dell Davis, and Miss Gloria Jacobs of Freeport, Texas.

Among the out-of-town guests registered by Mrs. Ed Mayer, Jr., of Bluff Dale and Mrs. James Behrens of Dallas were the bridegroom's parents, Mr. and Mrs. Harbin Rousselot of San Marino, Mr. and Mrs. Henry J. Kuetemeyer of Los Angeles, grandparents of the bridegroom; Mr. and Mrs. James Behrens of Dallas, Mr. and Mrs. Phil Hirsch of Atlanta, Ga., Mr. and Mrs. William Coleman of Oklahoma City, Mrs. Louis Freed of Houston, Jack Wolda of Chicago, Mr. and Mrs. Frank Rodgers, and Mrs. A. McMahon, all of San Antonio.

When the couple left on a wedding trip to Tucson, Arizona, and San Francisco, California, the bride was wearing a slate blue suit with beaded collar. Her hat and gloves were pale blue. Red tipped carnations and red roses formed her corsage.

The couple will reside in Monterey, California, where Rousselot is stationed at an army language school.

Mrs. Rousselot attended Santa Rita Elementary School and was graduated from Hoekaday School in Dallas, Principia Upper School in St. Louis, Mo., and Principia Junior College in Elshah, Ill. The bridegroom attended school in San Marino and was graduated from South Pasadena High School and Principia Senior College in Elshah, Ill.

Mr. and Mrs. Mayer, parents of the bride, entertained members of the wedding party and out-of-town guests at the rehearsal dinner Friday night in the Green Room of the St. Angelus Hotel.

Mrs. J. M. Lea, Mrs. Charles Canon and Miss Cornick entertained relatives and close friends of the couple with a luncheon at St. Angelus Hotel Saturday.

Come In and Order One... Today!

Of course, any day is a wonderful day for stepping up to Cadillac.

When the magic moment arrives in a man's life when he feels entitled to the "car of cars," he should make the move without hesitation—regardless of year, or season, or any other consideration.

But we do feel, in all honesty, that the motorist who finds himself in that happy circumstance this fall is particularly fortunate.

For Cadillac has never offered so many wonderful things, in such abundant measure, as it does today.

It is supremely beautiful—with grace and dignity and majesty that set it instantly apart from the rest of the world's motor cars.

Its performance is simply breath-taking—even when measured against Cadillac's own extraordinary standards. And the car is luxurious and distinctive and

pride-inspiring far beyond its illustrious predecessors.

In addition to all this, the current Cadillac creation is unbelievably practical to own and economical to operate. The lowest-priced Cadillac, for instance, now costs less than twenty-two different models of other makes of motor cars manufactured in America.

And you can ride out a normal, full day's journey on a single tankful of gasoline.

As if this were not sufficient to set it apart, a Cadillac car—according to an authoritative study of used car prices—may be expected to return a greater percentage of its owner's original investment at the time of resale than any other motor car in the land!

So—if you are considering a Cadillac for yourself and your family—come in and order one today!

It's the right thing to do—and it's the right time to do it.

## A LOOK AT THE BOOK

By DR. BOB JONES, R.

PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

Luke tells us that the Lord spoke one of His parables to convey to His hearers the truth "that men ought always to pray, and not to faint" (Luke 18:1).

We think of prayer as a privilege, which certainly it is. One of the great miracles of God's grace is the fact that man may enjoy in prayer communion with God, that in prayer man may make his desires known unto God, that he may in prayer discover God's will and ask God's intervention in his affairs.

But prayer is more than a privilege. It is an obligation. Each individual in the universe has a responsibility to do his best. Every father has a responsibility to be the best possible father to his child. Every child has a responsibility to his parents which it is his duty to meet to the best of his ability. Each businessman has an obligation of honor and integrity and industry, and it is the plain teaching of the Word of God that it is a sin for a man to do less than his best. No one can do his best until he taps the resources of Deity and seeks divine guidance. Prayer is therefore, an obligation. Christians are commanded to "pray without ceasing," that is, to maintain a constant attitude of prayer, to keep in constant communion and fellowship with the Father. Paul more than

one urged the saints to pray for him and to Timothy, his son in the Gospel, he declared, "I will therefore that men pray everywhere, lifting up holy hands, without wrath and doubting" (I Timothy 2:8).

Prayer is instinctive. Men who have professed to doubt the existence of Deity in the midst of great

battle or in a storm at sea have cried out to God when death seemed imminent. How much better to be in constant communion and fellowship with Him, a regenerated child of God making our desires and requests known unto Him, Who is our Father, assured that "like as a father pitieth his children, so the Lord pitieth them that fear Him" (Psalm 103:13).

## From where I sit... by Joe Marsh

The Missus Keeps Posted

Ever since our electricity was cut off last year on account of me forgetting to mail in the payment, the Missus has been sort of leery about giving me letters to mail.  
From where I sit, an occasional check-up is a good thing. Check-ups on just how tolerant we are of other people's preferences and tastes, for example. I like a glass of beer with supper, you may prefer cider—but if I ever try to switch you to my choice, simply "address" me with a reminder of your rights.  
Then yesterday, I got a postcard at the office in a familiar handwriting. I turned it over and by golly it was from the Missus herself! It read: "Thanks, Joe, for mailing my letters." Well!

**CHANCE GOVERNS CALL FOR JURY DUTY**

Have you ever had to postpone or cancel a hunting or fishing trip or some important business matter to answer a call for jury service? Many people are finding themselves in the position nowadays. Some may wonder just how that jury summons always seems to arrive at the most inopportune time. There's no secret involved. It is

largely a matter of chance. Under Texas laws jury panels for District Courts are selected by one of two methods—the Jury Wheel or the Jury Commission. The jury wheel is a hollow metal wheel or container, so erected that it will freely revolve on its axle. In counties using a jury wheel, a list of all qualified jurors is prepared from the official tax lists in August of each year. Taking part in the ceremony are the County Tax Assessor, the District Clerk, the County Sheriff, and the County Clerk. Each prospective juror's name is written on a card of uniform size and placed in the metal container. The wheel is locked with two separate locks, the key to one lock being kept by the District Clerk and the other key being kept by the Sheriff. As jurors are needed, the wheel is revolved to mix the names and the required number drawn for preparation of jury lists. Three persons must be present

when the wheel is unlocked and the names drawn therefrom—the Sheriff (or one of his deputies), the District Clerk or one of his deputies, and the District Judge. Upon completion of currently required jury lists, all names are returned to the container, which is again double locked. Later, when the time comes around to prepare a new set of lists, some of the same names will very likely be drawn again. Others may never be drawn. In counties not operating under the jury wheel system, the District Judge at each term of his court appoints from three to five persons from different sections of the county to act as Jury Commissioners.

Using the county tax assessment roll, these men follow the Judge's instructions as to the number of jurors to be selected for various weeks of the court term. The lists of names prepared by them are sealed in separate envelopes and delivered to the Judge. He, in turn, turns them over to the District Clerk or one of his deputies in open court, who immediately files the envelopes away in a safe place in the Clerk's office.

Although ordinary inconveniences are not usually sufficient to gain an excuse from jury service, emergency or hardship is a different matter. If you face such extreme circumstances in your business or personal affairs that your mind cannot freely reflect and meditate upon the important issues to be tried, call this to the atten-

tion of the judge. Courts try to be reasonable in granting excuses. The judge will consider your situation carefully and thoughtfully, and may determine that your service should be deferred. (This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)
