Ticket Policy Explained In Event Bi-District Game Played Here

Superintendent E. A. Brodhead, of the local school system, has the following announcement and information concerning any bi-district football game to be played by the local football club. Irrespective of the outcome of the game with Ozona to-night the Broncos will go into bi-district play either as "clear" champion or in the event of loss to Ozona, as co-champion, and will then represent the district by virtue of having defeated Junction.

Negotiations for bi-district game will come following the results of the McCamey-Fort Stockton game which will be played in McCamey tonight. The winner of this game will be declared champion of District 5-A and will meet the Broncos at a place and time to be determined through conferences with officials of both teams.

In the event McCamey should win district 5-A, place of bi-district game will automatically be in Sonora by virtue of fact that our team traveled to McCamey last year. In the event that Fort Stockton should win, the place of the game would be determined following conferences between the officials of the schools and in all probability by "flip of a coin."

The fans of the Broncos and citizens living in Sutton County will be interested to know the procedure for handling the local game and the disposition of any tickets available. The following information is given which should be helpful informing our public concerning the details.

1. If Fort Stockton should win district 5-A, and should win the flip the game will be played in Fort Stockton and the tickets available will be placed on sale Monday at the time received in the same manner as outlined below. The number of tickets equal to the number of season tickets sold in Sonora will be reserved for those holders of season tickets.

2. If McCamey should win or in the event that Fort Stockton win and Sonora wins the flip, the game will be played in Sonora at a time and date agreed on by the officials of both schools and the game will be handled as follows:

a. Complimentary tickets issued by the local school for the regular season play would not be in effect for bi-district play.

b. It is planned that all seats in Sonora Stadium numbering 1,440 in both stands would be reserved and bands and pep squad will be placed on the track in folding chairs. This would mean that general admission tickets in the event of a sell-out would be for standing room only.

c. The number of tickets available to the local fans would be disposed of as follows:

1. Identical season tickets seats held will be reserved in the high school office until Tuesday noon, November 23, for the holders of season tickets both purchased and complimentary.

2. Other reserve seats available (which should be ample for our need) will go on sale Monday at 12:00 o'clock noon in the ticket box in the foyer of the elementary school auditorium to those fans desiring to purchase these additional reserve seats. Purchasers would be limited to four per person in any line established at that time. These tickets will remain on sale in this ticket booth for the first twenty-four hours unless disposed of prior to this time. If not disposed of within the first twenty-four hours the tickets remaining will be handled by local firms volunteering to help the school in this matter. This ticket booth will remain open until 5:30 P.M. Monday and re-open on Tuesday 8:00 A. M. and close at 12:00 noon on Wednesday. No tickets will be reserved by local school officials and held other than by means outlined above. Announcement will be forthcoming in town as soon after the conferences between officials of the two participating schools take place on Saturday, November 20.

INSURANCE AGENT NAMED

George E. Smith, local merchant, has been appointed Sutton County agent for the Columbia General Life Insurance Company of Houston, according to Walter E. Hoyler, district agent.

Mr. and Mrs. Jerrell Hardesty of Corpus Christi were here last week visiting her parents, Mr. and Mrs. George Barrow. Hardesty, who recently received his honorable discharge from the U. S. Navy, plans to enter Corpus Christi College at midterm.

Ozona Lions To Try Big Red Tonight

The Ozona Lions, who have a three won and six lost record this year, come to Sonora tonight to see if its true what they say about the Big Red.

Although the Lions have been shaded several times this season, they caught fire last week trouncing Eden 40-0, for what was perhaps their finest 48 minutes of the year. In the backfield Ozona has Sammy Martinez, an exceptionally fast boy who teams up well with Ronnie McMullen, Mike Clayton and Charles Hale, the quarterback. Sonora fans recall Hale's fine work against Sonora last year.

No team has blanked the Lions this season. Both Big Lake and Alpine held Ozona to 6 points, but they have scored at least twice in every other game.

Meanwhile, George Wright's shoulder seems to be slow in healing and he will not be able to play on defense. Other Sonora injuries have been cured and the Broncos seem ready to make their second consecutive District 6-A championship a "sure" thing with a victory tonight.

Game time is 7:30 o'clock.

TWO HUNTERS FINED FOR TRESPASSING

R. G. Halman and Tommy De Grant, both of San Angelo, pleaded guilty to charges of trespassing Tuesday morning in justice of the peace court and paid fines of \$214.50 each.

The men were arrested shortly after dawn about 25 miles south of Sonora by State Game Warden Nolan Johnson.

Band Goe To Alpine Saturday

The Sonora Bronco Band will leave at 5 o'clock tomorrow morning to spend the weekend in Alpine. The band will participate in an afternoon parade preceding the game between Sul Ross and Lamar Tech of Beaumont, and will appear at halftime ceremonies. Students will attend church Sunday morning in Alpine and will return to Sonora that afternoon.

SONORAN'S BROTHER DIES IN BROWNWOOD

Funeral services for Ota Melton Smith, 70, who died in a Brownwood hospital Saturday, were held Monday morning from the Morris Funeral Home in Brownwood. The Rev. Ben E. Gillespie, Presbyterian minister, officiated.

Mr. Smith was a brother of Mrs. H. L. Taylor, Mrs. J. S. Holman, Mrs. R. D. Trainer, and George E. Smith of Sonora. A retired peace officer, he was a Presbyterian, a member of the Knights of Pythias and Elks. Born in Brown County April 2, 1884, the son of the late Mr. and Mrs. George Smith, he moved to Mason when he was a boy, and later lived in Sonora, Eldorado and Del Rio. He had lived in Brownwood for the past 27 years. Mr. Smith and the former Miss Bessie Holland were married June 18, 1908 at Eldorado. She survives him, along with a son, Don Smith of Dallas; two daughters, Mrs. Otis Matlock of Brownwood, and Mrs. J. B. Cole of Amarillo.

He is also survived by three other brothers, Will of Carlsbad, New Mexico, Fred of Eldorado, Roy of Odessa and Delma of San Antonio.

Sonora Swamps Eldorado 40-6

The Sonora Broncos won their eighth straight game Friday night in Eldorado, swamping the Eagles 40-6 and clinching a chance to represent District 6-A in the playoffs.

The Broncos, with their backfield at full strength for the first time since the Rankin game, got right down to business after taking the kickoff on their own 40. In five straight plays, with Crites, Wright and Johnson carrying in that order, George Johnson went over from the Eagle three. Wright converted the first of four conversions of four tries Friday.

After stopping the Eldorado ground game following the kickoff, George Johnson took Pennington's punt on the three and returned to the 40 behind beautiful downfield blocking. Wright carried to the Eagle 35, Johnson to the 9, and Crites around left end to score, with Wright converting.

In the second quarter, Wright went 13 yards around right end to score, and George Johnson got loose on a 70-yard jaunt down the north sidelines for the fourth tally. Again, downfield blocking paid off.

Tracy Crites received a badly cut nose in the second quarter and had to leave the game.

Coach Joe Turner began using the second team in the second and finally had the freshmen playing the last quarter. In the third Sonora scored twice, Harold Garrett plunging over from the 4 and from the 2. Adkins and Vasquez carried for good yardage. The Eagles got their only score of the evening in the fourth when they drove straight downfield from their own 15, with Harris going over on fourth down from the Sonora 17.

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth—Improved moisture conditions in the territory gave the calf market a hand up Monday at Fort Worth. The stronger prices were triggered by broader stocker demand when some sales of replacement calves and yearlings were 50 cents to \$1 higher. Some heifer calves at \$18 and some stocker heifer yearlings at \$17 represented best sales of those types in some time and were particularly noteworthy since both prices were made by straight bunches of heifers which had no steers to help them into the higher sales range.

Salesmen were usually showing the heavyweight calves of the light yearling types to cattle buyers and as a result getting away better than when showing them to calf buyers. While most strictly calf weights were topping around \$17.50 for slaughter, some of the heavyweights were able to sell into the \$18 to \$21.50 bracket as light yearlings when fancy fat.

Cows were selling measurably better than at the close last week, although beef buyers were inclined to be pessimistic in view of the approach of Thanksgiving. Fed steers and yearlings sold steady to 25 cents lower. Packers pointed to the severe competition of the season from turkey and broiler chickens as well as the liberal runs of hogs being reported around the major marketing circles Monday as evidence of the kind of competition beef was running into across the butcher counters. Price pressure, especially from poultry, was reported very severe by packers.

Deer Hunters Report Kills

Less than fifty bucks and only six turkeys had been brought to the Sonora Food Locker Thursday at noon as warm weather put a damper on hunting season here.

The Rev. W. H. Marshall, pastor of the Methodist Church, brought in the first buck Tuesday morning shortly before 8 o'clock. It is rumored the buck was killed on a Methodist ranch. Other hunters checking in at the locker plant included: Deer-Earl Duncan, Lee Roy Valliant, Curt Schwiener, Jr., George T. Love Glenn Hullman, George Gletcher, James L. Morris, Sam Brown, Charles C. Rider, Allen D. Crowley, M. R. MacPherson, V. J. Hodge.

ATTEND MEETING

Attending the anniversary meeting of the W.M.U. in Coleman last week were Mesdames J. E. Eldridge, Louie Martin, R. G. Nance, J. P. Smith and Bob Odom.

Attend Church Sunday!

Fat cows drew \$7.50 to \$11 and canners and cutters sold mostly from \$5 to \$8, some light shells below \$5 still. Bulls sold from \$8 to \$12.

Good and choice slaughter calves of light and medium weight sold from \$13 to \$17.50 while choice and prime heavies sold frequently as light yearlings into the \$18 to \$21 bracket. Lower grade calves drew \$7 to \$13.

Good and choice stocker steer calves drew \$15 to \$20, and yearlings sold from \$19 down. Heifer calves topped at \$18 for stocker and heifer yearlings stockers sold from \$17 down. Replacement cows cashed at \$8 to \$12. All cow shipments were being sorted closely and those suitable for stockers were going back to the country at prices dollars above their slaughter value.

The movement of cows back to the country is recent weeks has given rise to some misgivings as to whether the cow herd in the part of the country will actually be reduced this year or not.

Old wethers drew \$7 to \$11, and yearling muttons cashed at \$9 to \$14.50. Old ewes drew \$5 to \$6 and breeding ewes sold from \$6 to \$12. Very good demand for suitable breeding ewes was again evident on all sides. Old bucks sold around \$4, some higher for stocker purposes.

Movement of sheep and lambs was curtailed at all market points on Monday, bearing out the seasonal trend toward smaller marketings. The latest lamb feeding prospectus issued by USDA says that not much change in the numbers of lambs to be fed was evident at end of October, as compared with a year ago at the same time.

In the Southwest, dry weather kept sizable numbers of lambs off grain field pastures, whereas a year ago in favored areas a good many sheep and lambs did well on these pastures.

THOUGHTS and THANKS

AS A NATION WE ENJOY NOT ONLY MATERIAL BLESSINGS NOT DREAMED OF BY OUR FATHERS WHO ESTABLISHED THANKSGIVING — BUT, WHAT'S MORE, WE'VE GROWN IN TOLERANCE, IN NEIGHBORLINESS, IN APPRECIATION OF THE FREEDOMS THAT WE HAVE WON IN OUR DEMOCRACY.

WE CAN ALL BE THOUGHTFUL OF, AND THANKFUL FOR, OUR NATIONAL HERITAGE — AND PARTICULARLY FOR THE VALUES OF THE SPIRIT THAT IT EMBRACES.

The next meeting will be held Monday, December 20 in the Elementary School cafeteria at 9:30 o'clock.

Congratulations To These NEW PARENTS

Mr. and Mrs. Herbert Fields are parents of a son born Monday night in San Angelo. The baby, who weighed nine pounds, five ounces, has been named Tyron. Mrs. Tryon Lewis of Fort Stockton is the baby's grandmother. Mr. and Mrs. Fields have two other son, Herbert and Johnny.

Mrs. J. F. Howell accompanied her daughter, Mrs. Jack M. Allen, and children to Sweetwater this week. They were met there by Allen and returned to their home in Perryton. Mrs. Allen and children have been guests of Dr. and Mrs. Howell the past two weeks.

250 Attend Gun Club Outing

Over 250 persons attended the Sutton County Rifle and Pistol Club's annual turkey shoot and barbecue Sunday at the range on the Stanley Mayfield ranch.

The club now has 90 members. Club officers say a total of 120 are needed for successful operation of the club which includes giving six to eight free barbecues and shoots each year.

In the Sunday shoot, the following won turkeys in the 100-yard off hand turkey head shoot: Charlie Howell, Hank Hull, Joe Benson, Bill Cervenka, Huff Lewis, M. R. McNeely, C. H. Redman, Oris Murphy, Robert Barr, John Martin, D. C. Langford, Dr. Jack Taylor, George Gann and M. R. Cunningham.

Ruffed turkeys were won by Herman Moore and Clay Puckett. Turkey winners on the standing deer target shoot were Lee Roy Valliant, George Curry, Robert Barr, H. S. Martindale, Ne-vill Smart, J. L. Greer, Jr., and Bill Cervenka.

The 410 shotgun lucky shoot winners of turkeys included Mrs. Nevill Smart, Mrs. E. A. Brodhead and Mrs. J. M. Adamson.

Winners in the .22 shoot were Herbert Fields, Bobby Harris, Gerry Mayfield and Hank Hull. Skeet winners were Grady Matheson and Col Holman.

Trap shoot winners included Lt. Ross Snodgrass, Stanley Mayfield and Cunningham. Bench rest winner was Robert Barr.

STATION TESTS REVEAL EMERGENCY ROUGHAGES OK FOR BREEDING EWES

Pricklypear, singed and chopped, and supplemented with alfalfa hay and cottonseed meal proved satisfactory as an emergency ration for ewes. This conclusion was reached by research workers of the Sonora Experiment Station after a 213-day drylot feeding trial beginning in September 1953 and ending in April 1954.

One hundred Rambouillet ewes were divided into five equal lots for the trial. Other emergency roughage rations which also proved satisfactory, the ewes were bred and lambed successfully, included three parts ground cotton gin trash and two parts alfalfa hay and fed with molasses and supplemented with cottonseed meal or a combination of cottonseed meal and urea. Alfalfa hay fed alone and a combination of Johnsongrass hay, alfalfa hay and cotton seed also were satisfactory rations.

Because sheep cannot easily get the large leaves of pear in their mouths, and too, there is some danger of their developing the "pear eating" habit, the singed pear were chopped before being fed.

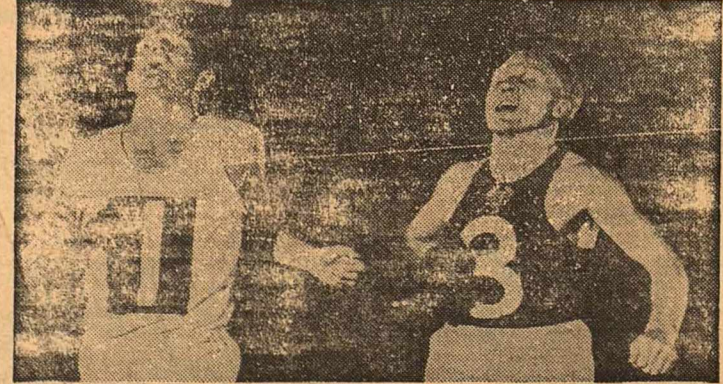

The ewes were fed a daily ration of .34 of a pound of alfalfa hay; 11.49 pounds of singed chopped pricklypear and .35 pound of cottonseed meal. The feed cost for 100 ewes on this ration figured \$3.92 a day. This compares with \$6.52 for those receiving alfalfa hay alone; \$5.51 for those getting gin trash, alfalfa hay, cottonseed meal and molasses; \$5.88 for the lot fed alfalfa hay, gin trash, cottonseed meal and molasses and urea and \$6.33 for the lot getting alfalfa and Johnsongrass hay and cottonseed.

The research workers conclude that several roughages or roughage combinations properly supplemented can be used to maintain breeding ewes. The price factor, they add, and the convenience of feeding should be considered in determining the ration to be used.

The complete report of the feeding trial may be obtained from the Agricultural Information Office, College Station, Texas. Ask for Progress Report 1725.

Sets World Record

LONDON, ENGLAND—Chris Chataway of England is shown breaking the tape to break the world record in the 5000 meter event beating V. Klutz of Russia coming in second. Chataway's mark at the London vs Moscow floodlit athletic meet at White City Stadium was a world record 13 minutes, 51.6 seconds. Klutz' time was 13 minutes, 51.8 seconds.

HI, LEVEL!—Pretty miss waves a greeting to fellow passenger as she prepares to board one of Santa Fe Railway's new experimental Hi-Level chair cars, to be used in test runs on El Capitan, The Chief and the San Francisco Chief. Upper deck of cars is devoted entirely to chairs for 67 passengers, with lower deck for baggage storage, rest rooms and service equipment.

Mr. and Mrs. M. C. Scott have as their guest this week, Mrs. Scott's mother, Mrs. Katie Johnson of Junction.

Miss Marilyn Mittel, student at Baylor University, was here last weekend visiting friends and relatives.

Guests of Mrs. C. E. Stites and daughter, Miss Annella Stites this week are Dr. and Mrs. Lloyd Sherrill of Houston.

Attend Church Sunday!

DON'T FORGET
By W. H. Marshall

You are not giving your religion much opportunity if you use it only on Sunday.

Surely a Christian is willing to put as much into his church budget as puts into his tobacco bill.

If you are a member of some church, that is a sign that at one time you were right and meant well. How is it with you today?

Responsibility is the best cure for radicalism.

Living for revenge make life a bitter business.

If you can keep your feet on the ground when the other fellow is up in the air, you will win.

I am but a half a man. My friends are the other half. If I have but one real friend, I have something to live for.

You can't keep your friends loyal by scolding them.

Scolding soon becomes the mother of bitterness.

A happy heart and a warm spring day do something to you that is hard to explain. But there is a little bit of heaven in both.

Success has a way of avoiding those who avoid difficulties.

Temper is like underwear; necessary, but not on display.

Men who cannot manage their tempers make poor bosses for other men.

Some men make up in noise what they lack in logic.

You could well afford to spend a little time with God out of every twenty-four hours God gives you. You may think you are smart but God was here doing business before you were born.

And he will be here doing business after you are gone.

If you know you are right, why don't you let time vindicate you?

If you want something worth hanging on to, don't expect to get it easily.

You are only as big as the world you are interested in.

Nothing is profitable which piles up wealth while people decay and the world goes to hell.

The women who is most respected is the one who is most womanly.

Usually speaking, men are what women make them.

What we become in the world depends upon our ability to work with other people.

SOCIAL SECURITY TO INCLUDE RANCHMEN BEGINNING JANUARY 1

The 1954 Amendments to the Social Security Act extend old-age and survivors insurance to over three and a half million farm operators—people farming for themselves—beginning January 1, 1955. This is the largest single group brought under the program on a compulsory basis by the new law. Practically all farm operators who clear as much as \$400 in a year will begin to earn social security credits in much the same way as the self-employed business man has been earning them since the beginning of 1950.

The self-employment social security tax on farm earnings applies to taxable years after 1954. If a self-employed farmer's first report covering any 1955 earnings is for the entire calendar year 1955, he will make the report early in 1956 as part of his Federal income tax return. If a farmer's net earnings for the year are more than \$400, he must file a self-employment report and pay the social security tax of three percent even if his earnings have not been high enough to require the payment of any Federal income tax.

For the farm operators, the new amendments provide a special simplified reporting procedure. Those farmers who report on a cash basis and who have a gross income of \$1,800 or less for the year may report either their actual net earnings or 50 percent of the gross income. A farm operator who has annual gross earnings over \$1,800 must figure his actual net earnings for the year. If the net is less than \$900 for the year, the farm operator may either report \$900 or the actual amount for his old-age and survivors insurance purposes. The self-employed farmer who has net earnings of \$400 or more in a taxable year after 1954 must report all such earnings up to \$4,200 for social security purposes. His net earnings or profit is the amount left after subtracting his farm expenses from his gross receipts as determined for income tax purposes. He will pay the three percent social security tax on these net self-employment earnings once a year beginning with 1955.

A LOOK AT THE BOOK

By DR. BOB JONES, JR.

PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

How much tragedy can be crowded into one sentence, and how frequently the Bible thus records a wasted opportunity or a life of failure. Such a sentence is that with which the eleventh chapter of Genesis closes: "and Terah died in Haran" (Genesis 11:32). To understand the failure in the life of Terah, one must look at the preceding verse, where we are told that Terah went forth with Abraham and Lot and Sarai "from Ur of the Chaldees, to go into the land of Canaan, and they came unto Haran, and dwelt there." God had a place of blessing and of Promise for Terah in the land of Canaan. He left Ur to set out for the place where God wanted him, but he never got there. They left Ur, "to go into Canaan," but they stopped on the way. Terah's grave was not in the land of promise, but on the way there. He is the man who started and never arrived, the man who was satisfied to stop partway. Every age has seen its Terahs—

men who started out in the purpose of God to do His will, who followed Him a while and then were content to stop and rest. There have been in every generation men called of God to a place of great blessing and service who never reached it because they were unwilling to go all the way with God. Such a life is always a fruitless, useless one; and such a destiny is always tragic. There is nothing sadder than a grave in Haran when God had planned a land of promise and a place of wide blessing instead. But in one sense, Terah's death was a blessing; for after Terah had died in Haran, Abraham followed God into the land of Canaan. The tragedy of Terah is not only that he missed the place of blessing himself, but that he held Abraham back for so many years. The man who fails to go along with God often not only deprives himself of blessing, but keeps others from the land of promise, too. Sometimes a death

From know-how gained in building 50 MILLION CARS

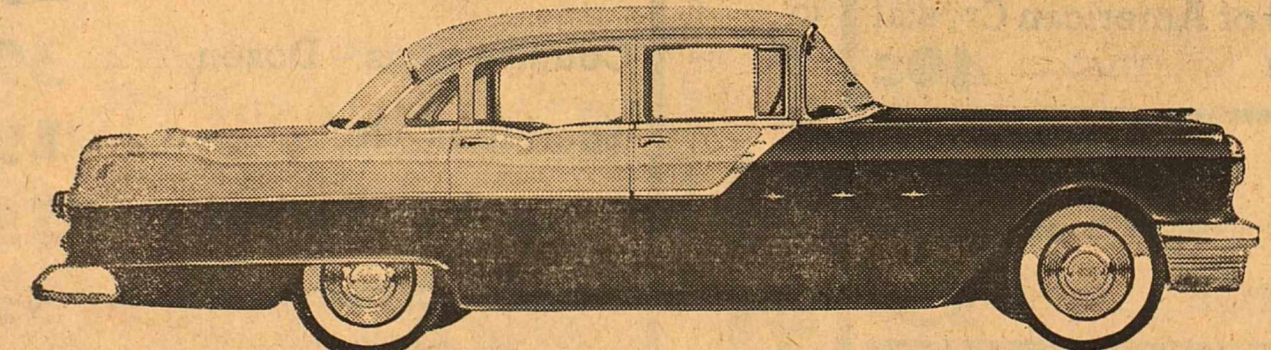

comes an all-new General Motors masterpiece PONTIAC FOR '55

The 1955 Pontiac is getting a royal welcome. "It's hot," they're saying, "the hot car of the year." And no wonder! With its Vogue Two-Tone styling and Strato-Streak V-8 engine, Pontiac wraps up more beauty, luxury, size and power than a like amount of money ever bought before. The price is near the lowest, but the car is way out front in everything that makes an automobile great.

The reason lies in the achievement General Motors is now celebrating—the vast experience gained in building 50 million cars. Research experience that uncovers what you want and need. Design experience that creates new trends. Engineering experience producing more dollar-for-dollar quality year after year.

That's the background of this All-New General Motors Masterpiece. Come in, drive it, and find out what it means to you. Let your own eyes tell you that here is the smartest car on the highway. Let your own hands report the new handling perfection brought about by recirculating ball steering and other advancements in the all-new shock-proof chassis. And let the great new Strato-Streak V-8 whisper its tale of getaway, response and compelling power that make driving a brand-new experience.

Then let us tell you about Pontiac's new thrift and reliability—and how little it costs to buy this future-fashioned beauty. Come in soon and get the exciting facts!

**Womans Club To
Present Play
Review Dec. 2**

Mrs. Anita Arneson of San Antonio will review "Teahouse of the August Moon," Broadway hit play, at a meeting of the Sonora Woman's Club Thursday, December 2. The review will last about an hour, according to Mrs. E. S. Mayer. Tickets will be mailed to club members Saturday, November 27, for resale. In her play reviews, Mrs. Arneson uses no text or notes. With a wonderful command of language, which is derived from a cultural background and much travel, Mrs. Arneson presents significant episodes, description of stage sets and costumes. She unfolds the philosophy of the thesis with subtle turns of phrases and such spontaneity as to give impressions of the plays.

**MORGAN DAVISES HOSTS

 Ole Miss Has One Ambition

From where I sit... by Joe Marsh

Granny Drives But Won't "Shift"

Saw Grandma Taylor parking her 1924 Franklin out front the other day. Neat as a pin, radiator and hub caps gleaming—the whole car is as shiny as the day she bought it 30 years ago.

Then I stopped and looked again—for there, hanging on the spare tire was a sign: "This car NOT for sale."

Asked Granny what was going on. "Joe," she says, "it's this craze for old cars. Everybody wants to buy my Franklin. But it has served for years and it's not for sale at any price."

From where I sit, it's strictly the new cars for me—but Grandma Taylor, and others, are certainly welcome to their "old faithfuls." It's simply a question of preference. Same with a choice of beverages. For instance, I like a temperate glass of beer with supper. You may prefer coffee. Fine! The important thing is that we respect each other's choice—and "ride along smoothly" together.

Joe Marsh

Another Crack at Arkansas.

Once upon a time, a Boston sports writer, far from his native habitat, wrote a lead that said, "Little Ole Miss made a little old mess of Boston College today." The people of the Deep South were duly appreciative.

Well, little Ole Miss has made a little old mess of every opponent except Arkansas this season. Against the Porkers Ole Miss made a mess of itself.

The potent Porkers beat the Rebels, 6 to 0, in Little Rock. After the game, Rex Reed Bergan, a large tackle churning toward All-American recognition, said, "I don't believe it." He spoke for the state of Mississippi and a lot of the football world.

The Rebels are magnificently endowed and proved it by sweeping over North Texas State, Kentucky, Villanova, Vanderbilt, Tulane, Louisiana State and Memphis State. Only Arkansas held the Rebels scoreless. Only Vandy and LSU held 'em to as few as three touchdowns. They can run. The can pass. They can defend. The figures prove it.

It just happened that they caught Arkansas on the rise, played it too cautiously and got licked on one pass play that covered 63 yards. It came in the last four minutes of the game and Ole Miss couldn't even get consolation out of the statistics.

The opulence of the Rebels runs from end to end and through the backfield. In Eagle Day they have one of the leading passers in the nation. But this Split-T quarterback never starts. Houston Pat-

QUESTIONS AND ANSWERS FROM VETERANS ADMINISTRATION

Q - I am planning to apply for disability compensation. Since I have just had a physical examination at a recognized private hospital, would it be necessary for me to be examined again by the VA?

A - No, it would not be necessary for you to be examined by VA, so long as your hospital examination identifies your disabling condition and presents sufficient findings so that VA can properly evaluate the condition. Further, your examination must have been certified by the hospital's chief medical officer or his physician-designate.

Q - I am in the organized reserves, and I have been called to active training duty for two weeks. Will those two weeks count in lengthening my entitlement to Korean GI Bill training?

A - No. Training duty may not be counted in determining entitlement to Korean GI Bill training. Only active duty—as opposed to training duty—may be considered in computing entitlement.

Q - I lost my GI insurance policy. If something happens to me, will my beneficiaries still be able to get the proceeds of the policy?

A - Yes. The policy itself, which has been issued to you, is for informational purposes only. It is not necessary to produce the policy as evidence that the insurance is in effect; proceeds will be paid anyhow, so long as VA records show your policy was in force.

Chrysler New Yorker Deluze St. Regis

ANNOUNCING CHRYSLER FOR 1955 WITH THE 100-MILLION-DOLLAR LOOK

IT'S HAPPENED! Here's a wholly new direction in automotive styling for all cars to follow. And it took Chrysler for 1955 to do it: America's top performer and the first in the coming generation of motorcars! Come see it! Everything about it is completely new, and dramatically different. Here's the car with the 100-Million-Dollar Look . . . and when you own it and drive it, you'll feel like every million of it! Chrysler for 1955 is long and sinewy and low. It's a sleek, clean length of steel that looks as if it might have been born in a wind tunnel. Washed free of clutter.

Purposeful as an arrow shot from a bow! New front-end . . . you can spot it a mile away! New Super-Scenic sweptback windshield . . . with corner posts that slant back to allow safest possible vision. New tapered rear deck. New sweeping silhouette that's inches lower than other big cars. New Twin-Tower tail-lights that say "Stop!" with great authority. New PowerFlite Range-Selector on the dash that completely outmodes conventional levers on the steering column. And new fashion-forecast luxury interiors that surpass in color and richness anything you've ever

seen in any but custom-built motor cars! Come drive it! Every Chrysler is now a V-8 —with engines up to 250 HP, the most powerful type in the world. Famous Chrysler engineering brings you PowerFlite, most automatic of all no-clutch transmissions. Full-Time Coaxial Power Steering and new double-width pedal Power Brakes. Plus new tubeless tires! Everything is here you need . . . to drive, as well as look, ahead of all others. Come see America's most smartly different cars today. See for yourself why now, more than ever, the power of leadership is yours in a Chrysler.

Producers In Dist. 6 To Have Associate Agent

Sheep and goat producers in Agricultural Extension Service district six now have available on a seasonal basis the services of an associate agricultural agent to assist them with their improvement program. Pat H. Cooper of Fort Stockton is the new agent according to word from Extension Director G. G. Gibson.

Cooper is a native of Sonora and studied animal husbandry and agronomy at Texas A & M. College. For the past several years he has been ranching in the Fort Stockton area and is well-known. His headquarters will be in Fort Stockton. Extension Animal Husbandman James A. Gray of San Angelo will direct the improvement program. Cooper will work closely with District Agent Joe Glover.

Pat H. Cooper

The expanded sheep and goat and wool and mohair improvement program has resulted from producer requests especially the Texas Sheep and Goat Raisers Association. Gray for some years has been conducting demonstrations with a limited number of producers over the sheep and goat area and the results of this work

formed the basis for the expansion.

The improvement program is based on rigid flock selection. The selection of breeding animals is based on getting a type of sheep or goat which will produce a fleece of good quality and in quantity. Also produce lambs and kids which will be most acceptable to the trade. Staple length of the fleece will get special attention.

Size of the breeding animal is recognized as of major importance and will not be minimized in the selection program. Breeding animals with open faces will get attention in the areas where heavy infestations of needlegrass occur. Since wrinkles are discriminated against by lamb feeders, this point will also be considered. No effort is being made to influence any one type of sheep or goat but uniformity within clips will be stressed.

The total program includes such major points as balancing sheep and goat numbers with land, feed, facilities and labor; following a planned grazing and management program; selecting breeding stock for high production and quality; using sound flock management practices; making best use of supplemental feed; proper preparation of wool and mohair for market and selling on a quality basis. Selection of breeding animals and proper preparation of wool and mohair for market will be the two points getting major attention at this time, says Gibson.

The incentive plan, recently announced by the USDA, puts wool and mohair quality in the spotlight. This development coupled with the culling program brought on by the continuing drought give more emphasis than ever before to the importance of going to market with a quality product, says Gibson.

Plans are now being perfected for an area-wide fleece preparation training school for county agents. The school to be held the latter part of March at the A.

And M. Adject at Junction is a part of the training program being handled by Gray. The agents in the school will actually prepare a clip for market.

Cooperating ranchers will be expected to keep a minimum amount of records on fleece weights, lamb or kid crop and lamb or kid weights.

Director Gibson says a committee from Texas Sheep and Goat Raisers Association is working with an A. & M. System committee to make the program more effective and also to expand it as rapidly as possible.

We bring you **THE 1955 BUICK**

New thriller in *Style - Power - Performance*

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

A BRIGHT NEW FRESHNESS greets your eyes and tells you: *Buick's done it again.*

You see it in the bold distinction of that gleaming Wide-Screen Grille. You see it in the rakish sweep of the rear-end contours. You see it in the whole fore-and-aft newness of fleet-lined grace that marks Buick the beauty thrill of 1955.

New horsepower — up to 236

You learn more when you get the power story. Up to new peaks go the horsepower of every Buick V8 engine — a wallowing 188 hp in the low-price SPECIAL — a mighty 236 hp in the CENTURY, SUPER and ROADMASTER.

And it's new, more responsive, far abler power you can literally feel as you go.

But even bigger Buick news for 1955 is

something more than style and power. *It's what the "variable pitch propeller" now has done for Dynaflo Drive.**

Up goes performance — and gas mileage too

When you find it necessary to push the pedal to the floor board, you do more than call on the greatest high-compression V8 power in Buick history.

You do what a pilot does when he heads his plane down a runway.

You do in oil what he does in air — *you cut down take-off time by using "variable pitch propellers."*

In this case, the propeller blades are inside the Dynaflo unit. But they're engineered to swivel or change their "pitch" just like plane

propellers — and with the same result: one pitch for getaway, another pitch for gas-saving fuel efficiency.

And what you get in the way of instantaneous safety-surge with absolute smoothness, you can only believe when you feel it.

This you have to try

Of course, we want you to come and see the trend-setting new Buicks — look into the betterments in gasoline mileage that add new thrills to these spectacular cars.

But this year, "seeing" is only the beginning. So — while you join the crowds viewing the new Buicks this week end, make a date to get behind the wheel as soon as you possibly can. We promise you the thrill of the year.

*Standard on Roadmaster, optional at extra cost on other Series.

NOTICE TO OUR PATRONS

Beginning Wednesday morning, November 24, at 11 o'clock the employees of the C. G. Morrison Store will pause for one minute of silent prayer or meditation.

We, the employees of the company, cordially invite you to join us should you be in our store at that time.

We feel it is fitting and right that the active, though brief in this particular case, daily practice of our common Christian faith will help us to lead fuller lives and will be of great help to those whom we think of at this time.

Very Sincerely Yours,

The manager and employees of the C. G. Morrison Company in Sonora.
