

BY BILL ELLIS

A NUMBER OF Bovina area residents had more than passing interest in last Sunday night's movie on Channel 4.

The movie, "Peter Lundy and the Medicine Hat Stallion," a story about a youngster who became a Pony Express rider was filmed in northern New Mexico on a ranch on which Bovina's Novel Strawn holds lease rights.

The ranch, DeVaca Land and Cattle Company, is a 92,000-acre spread, and has quite a lot of history behind it. The ranch was originally given to the heirs of Spanish explorer Cabeza deVaca by the U.S. government, to fulfill a promise which had been made to the explorer when he came to explore land in the "new world."

Several Bovina residents have visited the ranch in Northern New Mexico, and they enjoyed watching the TV movie Sunday night—not as much interested in the plot of the story as they were in catching glimpses of scenes that looked familiar.

Strawn runs cattle on the 144-section outfit in New Mexico, and uses the original brands used by the DeVaca families.

The ranch has a number of resources, including natural steam which the city of Albuquerque is developing and will eventually use as a major energy source.

ARE THE DALLAS COWBOYS for real? Here they are past the season's midpoint, and the Cowboys have yet to taste defeat.

Jay and Furne Harris hope that the Cowboys will still be able to make that boast after their next game, against the St. Louis Cardinals. Jay and Furne need to see the game in person.

The way the Cardinals have been playing lately, particularly in last Sunday's thumping of the Minnesota Vikings, the Cowboys may have their work cut out for them.

ALTHOUGH WE CONSIDER ourselves one of the top sports fans of our time (and wife Carol has to agree, as she tries in vain to communicate with us on Sunday afternoon), we have yet to see a Dallas Cowboy game "live and in person."

We have seen a number of National Football League games in person, as Carol and I lived for 15 months on the West Coast, where ye editor began his career as a sportswriter.

We even had the opportunity to see the first game ever played in the American Football League (now a part of the American Football Conference of the NFL).

The game matched the Oakland Raiders, today's Super Bowl champions, but then just a group of individuals trying to become a team, against the Dallas Texans. The Texans later moved to become the Kansas City Chiefs, and let the NFL Cowboys have the Dallas area to themselves.

On their home schedule in that first year for the AFL (1960), the Raiders played the Dallas Texans, Houston Oilers, Boston Patriots, Buffalo Bills, Los Angeles Chargers, New York Titans and Denver Broncos.

The Texans moved to Kansas City, the Chargers are now in San Diego, but the other teams remain in their original locations. Oh, yes, the Titans later became the Jets, and the Patriots were re-named to take in all of New England.

Things have changed considerably since the 1960 season, when you could buy a game ticket for \$4.50, and a program for 50 cents.

They were doing all they could to promote professional football in cities like Oakland and Dallas during that maiden voyage of 1960. Apparently, they did a pretty good job.

A certain grandma was so delighted when she heard that her grandchildren were coming for a visit that she gave five dollars to the church. The following Sunday, after the children had left, she gave ten dollars.

Scores Tumble In Football Contest

The Bovina Businesses Football Contest has passed its ninth weekend and veteran players are anticipating the upcoming nitty-gritty weeks when playoff games bring on entirely new circumstances for the predictors to puzzle over.

If anyone depends on the Harris Rating System, three out of five schoolboy games listed in the contest were wrong, although Harris hit the Bovina-Vega score right on the nose.

The ratings were wrong on the Farwell-Hart, Dimmitt-Friona and Tascosa-Amarillo. It is doubtful the teams pay any attention to the "experts" and their predictions, the results often being the opposite of the pre-game analysis.

Perhaps the pollsters should remember the old saw: "Don't predict anything. If you are right, nobody remembers and if you are wrong, nobody forgets."

The defensive struggle between Farwell and Hart was settled by a field goal with less than 4 minutes to go in the first half. Hart had just 36 yards total offense.

Friona's Chieftains continued their mischievous ways, upsetting Dimmitt, 34-7, and knocking their opponents out of a four-way tie for the leadership in District 3-AA.

Tascosa tumbled overmatched Amarillo High, 33-14, to win District 3-AAAA honors for the first time since 1968.

On the college scene, the fifth largest crowd in Missouri football history saw a hotly disputed touchdown in the fourth quarter clinch a 21-10 victory for Nebraska.

The other two games offering competition and interest throughout were Colorado-Iowa State and Georgia-Florida.

In the pro field, a comedy of penalties marred the Cincinnati-Cleveland contest. This is something no predictor can foresee and those choosing the Browns can only moan.

The up-and-down Chicago Bears were down again as Houston's Oilers committed mayhem, 47-0.

A possible indication of things to come in the last four weeks might be found in the fact that only one contestant managed to reach the 12-point level and just nine others struggled to the 11-point mark. Sandy Ware wins the first prize of \$7.50. She was wrong only on Hart over Farwell and Dimmitt over Friona.

Leon Grissom and Donna Grissom share the combined second and third place awards, each receiving \$4. They tied on their tie-breaker predictions, Leon seeing it as 6-34 (6) and Donna visualizing 0-28 (6).

HIGH SCORE....Sandy Ware was the week's winner in the Bovina Blade's football contest. She was the only contestant to correctly pick 12

Others involved in the 11-point fight were Dixie Carson, 12-28 (18); Wayne Gilliland, 7-28 (13); Erith Hawkins, 6-19 (21); Mike Nabers, 16-18 (32); Lynn Read, 6-30 (10); Pat Ware, 7-6 (35) and Steve Taylor of Friona, 14-12 (36).

After hanging in close all season, Jeanne Kerby gained four points over last week's leader and now shares first place with A.D.

Vote Totals Are Given

Bob Price led voting at Bovina in the senate election Tuesday with 42 votes. Next came Jim Brandon with 33, Bob Simpson, 31; Mel Phillips, 20; and Burk Whittenburg, 18.

Amendments favored were Nos. 1, 2 and 3. Others were given a negative margin.

County totals in the senate race were: Phillips 251; Price, 232; Brandon, 175; Simpson, 144; and Whittenburg, 102.

Murphy Surgery Slated Thursday

David Murphy, son of Mr. and Mrs. Don Murphy and a member of the varsity Bovina Mustangs, was seriously injured last Friday night in the first quarter of the Bovina-Vega contest.

The extent of his injuries was not known until his parents took him by car a little later that same night to the Northwest Texas Hospital Receiving Center in Amarillo.

Murphy was then transferred to St. Anthony's Hospital, also in Amarillo. In a telephone conversation with the Blade Tuesday morning, Mrs. Murphy said x-rays

Cumpton, each having 94 points. (Continued on Page 6)

Pep Rally Set Friday

A Pep Rally will be held in the High School Gymnasium on Friday, November 11 at 2:50 p.m.

The rally is a prelude to the last football game of the season, with the Mustangs facing the Hart Longhorns.

14,956

bales of cotton had been ginned in Parmer County as of Tuesday, November 8.

CAST BALLOTS....Mr. and Mrs. Clifford Leake of Bovina are shown about to cast their ballots in the special senatorial election here Tuesday. A light turnout of voters went to the polls. Election officials shown are Donna Roming and Jay Sherrill.

Cathy Trimble Is First Freeze Champ

Cathy Trimble has been designated the winner of The Bovina Blade's 13th Annual First Freeze Contest. With that award goes a first-place prize of \$5 and the title of "Champion First Freeze Predictor of Bovina, 1977."

Winning the contest is nothing new to Miss Trimble. She was crowned champion in 1967 and is the only two-time victor in the 13-year history of the contest.

Her entry was dated Sept. 23 and her prediction for the freeze was Nov. 1. Since the freeze actually occurred in the early morning of Nov. 2, closer in hours to the first than to the third, she is declared the winner.

The following predictions were received, with the entry date first, then the name and the predicted date last:

- Sept. 22—A.M. Wilson, Oct. 21; Mrs. C.E. Trimble, Oct. 22; C.E. Trimble, Oct. 28; Charles Trimble, Oct. 16.

Senior Play Postponed

Due to the football injury incurred by David Murphy last Friday night, the Senior Play, scheduled for Thursday, Nov. 17, has been postponed.

Murphy has a major role in the play.

The performance will take place sometime in January or February, depending on Murphy's return.

DAVID MURPHY

taken at the Center showed a broken vertebra in the neck plus a chipped bone. She further stated that David is in traction with Crutchfield-Tongs inserted in the skull. He was able to have visitors she said but the privilege will be stopped sometime Wednesday because of scheduled surgery to take place Thursday.

Following surgery, Mrs. Murphy explained, David will be in intensive care at least overnight and a hospital confinement of 10-18 days is expected. She said that her son will be happy to receive cards. They can be mailed to: David Murphy, St. Anthony's Hospital, Room 508, Amarillo, Texas 79107.

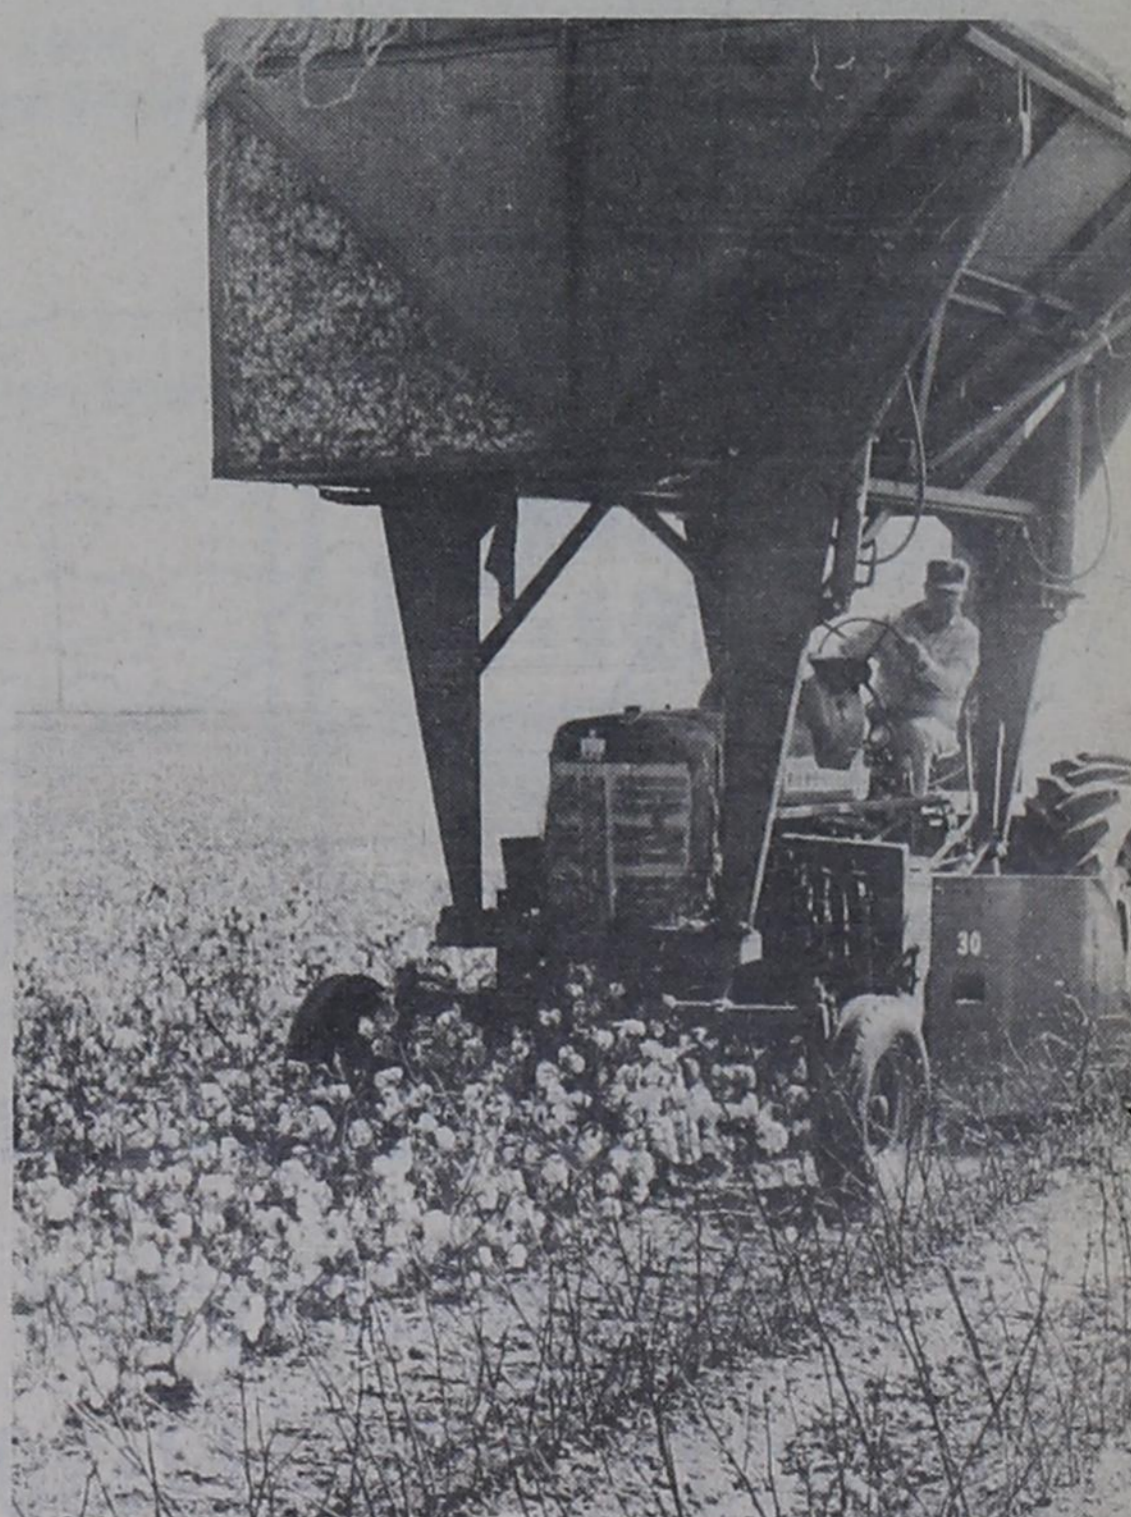

Housing Authority To Meet

A meeting of great importance to Bovina residents will be conducted by the Bovina Housing Authority in City Hall on Tuesday, Nov. 15, at 7 p.m.

Authority chairman, Billy Whitecotton, emphasized that, "this meeting will be held for the sole purpose of enlightening people; to go over the Authority's plans and goals and explain all we can as fully as possible."

"Citizens should know these plans and goals. Nothing much can be accomplished if they do not show up for this meeting. The Authority will be able to set to rest the rumors and misunderstandings which are based on everything except the facts."

"We have visited a successful project in a comparable community. I have taken pictures and we will show them as examples of our proposed type of projects. There will be a question and answer session and the Authority members will answer any questions put to us, to the best of our abilities. We urge the public to attend. They will never know the facts if they stay away."

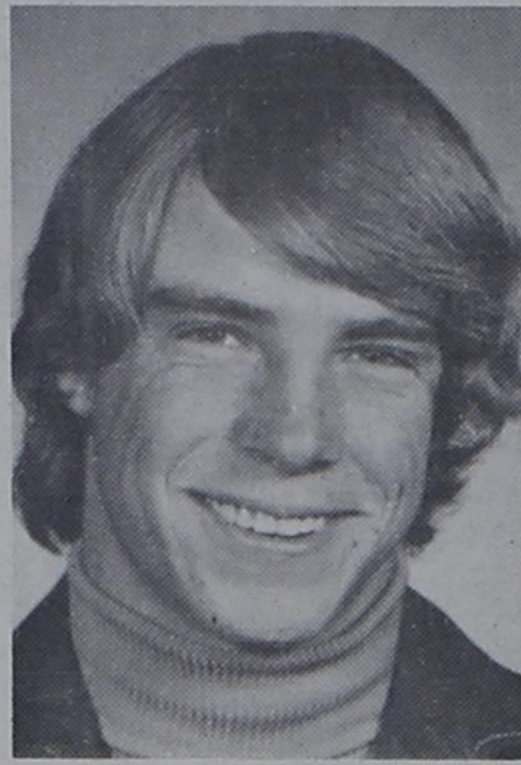

COTTON HARVEST....The area's cotton harvest, underway for quite some time, was just ready to shift into high gear this week following the first freeze, when it was halted due to rain on Monday and Tuesday. Those who defoliated early were

able to get their cotton stripped. Included in that group was Jim Owens, who had a 60-acre patch of cotton on Parmerton Hill. John Dixon, the custom stripper, said the cotton made 1 3/4 to two bales per acre.

DANA HARRIS received a certificate in diesel mechanics from Lincoln Technical Institute, Dallas, on Friday, Nov. 4. The course is normally for a duration of two years, but by taking on an extra work load, Harris was able to complete the requirements in 16 months. Harris, son of Mr. and Mrs. Jay Harris of Bovina, is employed as a diesel mechanic by International House, Odessa, Texas.

Board Names New Director

The Texas Water Development Board Friday named Harvey D. Davis of Temple, executive director of the Texas Department of Water Resources, effective November 1, announced Chairman A.L. Black of Friona.

The six-member Board met here in a special session and unanimously selected Davis to head the agency. On September 1, legislation consolidated the staffs of the Texas Water Development Board, the Texas Water Quality Board and the Texas Water Rights Commission into the single agency.

Charles E. Nemir, former assistant executive director of the Water Development Board, has served as acting executive director of the new agency since September 1.

Davis, 50, has been executive director of the Texas Soil and Water Conservation Board for the past 16 years and has been with the agency for 23 years.

He is a native of Thrall, attended public school in Taylor and holds bachelor's and master's degrees in business administration from the University of Houston. Prior to his state service, Davis taught business administration for five years at Blinn Junior College.

Reflections

From *The Blade*

20 YEARS AGO—NOV. 6, 1957
Complaints were few and of the non-serious nature Monday night at the city hall as a meeting, designed for citizens to protest against Bovina's planned paving program, was conducted.

With next to no interest at all shown by local citizens, the polls were open in the American Legion Hall Tuesday so voters could decide whether they were for or against three proposed amendments to the state constitution.

With the opening of The Great Western Company slated Friday, Bovina will have another new business in operation.

The Texas Highway Department will spend \$13,800 for improvements on farm-to-market roads in Parmer County during 1958.

Coffee shops and domino parlors are filled to overflowing with nervous farmers this week as they gather in popular loitering places and exchange worried conversations among themselves over the possible outcome of the fall crops.

15 YEARS AGO—NOV. 7, 1962
Stephen Sherrill, son of Mr. and Mrs. Jay Sherrill, was last week's winner of the football contest. A fifth grade student, he is the youngest winner in three-year history of the contest.

Homecoming for ex-students of

Bovina High School was observed here Friday with a variety of highlights. A downtown parade, featuring more than a dozen colorful and imaginative floats, started the activities.

Bovina Volunteer Fire Department's fire truck fund is \$648 richer as a result of a promotion put on by firemen during past few weeks.

Dixi Hartzog was crowned football queen and Dickie Clayton was named football hero of Bovina High School for 1962.

County Agent Daryl Coker this week defended attacks on the Rural Area Development program (RAD) as unfair, erroneous and completely without basis.

10 YEARS AGO—NOV. 8, 1967
Rev. Ken Moore of O'Brien, last Wednesday night accepted the invitation of the First Baptist Church of Bovina to become its pastor.

Barbara Allen has been named Bovina Lions Club queen for 1967-'68. She is a senior in Bovina High School and the daughter of Mr. and Mrs. Roy Allen.

Miss LaNelle Christian and Lynn Murphy were named Football Queen and King in halftime activities of the Bovina-Farwell football game Friday night.

If close counted in football like it does in horseshoes, the Bovina Mustangs would have picked up a win over Farwell here Friday night. The outcome gave Farwell a shaky,

one-point margin, 7-6, but the Mustangs won almost everything but the score.

Bovina's boys baseball program is now out of debt. Wayne Spears, chairman of the concession stand, and Alfred Moody, treasurer of the sponsoring Lions Club, burned the notes at the First State Bank Thursday.

5 YEARS AGO—NOV. 8, 1972
The only thing surprising about Tuesday's general election here and across the county was the fact that a record number of voters did not mark ballots.

Cecil Bunch and Mrs. Donna Jester were the only two contestants to have 10 of 10 correct predictions in the football contest. Bunch was awarded \$5 prize money and Mrs. Jester, \$3.

Construction of a three-bedroom, two-bath parsonage for First Baptist Church of Bovina began about two weeks ago.

Sotero Medina, Sr. of Bovina was arrested Sunday afternoon by City Marshal Ronald Mitchell and state highway patrol officers for the illegal possession of alcoholic beverages.

Bruce Fillpot, Alton McCormick and Stephanie Wiseman were named Mustang Bandmen of the Week following Friday night's performance of the band at Kress.

Bovina school officials have released a list of radio and television stations which will carry announcements of school cancellation during bad weather, this winter.

Thirty-Two Attend Prayer Breakfast

Thirty-two laymen representing the various churches in Bovina celebrated the beginning of their fourth year of fellowship prayer breakfasts held locally and hosted by laymen of each church on a rotation basis,

at 6:30 a.m. the first Monday of each month.

Monday's breakfast was hosted by Catholic laymen. Breakfast was preceded by an opening prayer of praise offered by newly ordained deacon Zeferino Villarreal.

The program was a songfest accompanied by three local guitarists. Rev. Wilburn Stone led the group in "Amazing Grace," Don Spring played for "Church in the Vale" and Ruben Uriegas led the men in singing "Why Me, Lord?"

Stanley Klimek reminded the group of next month's breakfast to be hosted by Baptist laymen.

Rev. Derrel Lewis gave a prayer of dismissal.

The ice cream sundae is said to have originated about 1897 in the Red Cross Pharmacy, in Ithaca, N.Y.

How many pivot companies tailor lease payments to crop prices?

A New Lease from Lindsay.

Lindsay's Zimmatic Crop Lease is a revolutionary leasing program. If you don't take a long, hard look at it, you'll be shortchanging yourself. The Zimmatic Crop Lease is unique in the industry. When you study this offer you'll see that Lindsay is ready to go the distance with you and share some of the same risks you face every year.

Here are the details:

Term:	12 years
Payment:	Arrears
Security Deposit:	5% of equipment cost
Rate:	Depends on corn price
Option:	Conversion to standard 10-year lease

Consider the features of the Zimmatic Crop Lease. First of all, if corn prices plunge, so does your lease payment. But also consider the low security deposit (lowest in the industry) and the fact that it's a 12-year lease (longest in the industry)... both features improve your cash flow each year of the lease. Your Zimmatic is out there raising your first year's crop before your first payment is due. And you'll be getting an annual interest payment on your security deposit to use as you wish. Whether you raise corn, alfalfa, wheat, sugar beets, potatoes, soybeans or whatever, the Zimmatic Crop Lease can work for you. Although the lease payment is based on the changing price of corn, Lindsay designed the program considering that over the long-term other crop prices generally fluctuate with corn. Come in and see us soon. When we put a pencil to this program, you'll see that no other center pivot irrigation company has a finance program that can compete with the Zimmatic Crop Lease.

THIS PROGRAM WILL BE ENDING SOON

LOSING THEIR BRAINS

This is not a very dignified title, but it is the truth. According to an article in June 1970 READERS DIGEST (pp. 65-69) by Albert Q. Maisel he tells of the work of Drs. Melvin H. Knisely, Herbert A. Moskow, and Raymond C. Pennington. These men deal with physical phenomenon "blood sludging" or blood clustering and plugging up the capillaries of the brain and body. When sludging occurs body cells are cut off from their needed oxygen and cells die. If the body cannot reproduce cells it is bad. The body cannot reproduce cells of the brain. When sludging destroys cells in the human brain they are gone forever! Heavy drinkers slowly and surely destroy their brains. Social drinkers slowly and surely destroy their brains too. The difference is only in degree. Cirrhosis of the liver develops 8 times more in drinkers than in non-drinkers. Damage to heart tissues are noted in drinkers heavy, or social. The problem is Ethel Alcohol. Small or large quantities destroy human cells. The social drinker who thinks he goes untouched because he drinks so moderately and casually is in error. Every drop of ethel alcohol, according to Dr. Knisely, destroys SOME of his being. The body is the temple of the Holy Spirit (1 Cor. 3 & 6). Our body is to be given as a sacrifice--to God (Rom. 12:1-2). We should live as long as well as possible to His glory! Alcohol shortens our usefulness and our influence as well. IT IS CERTAINLY NOT HARMFUL TO ABSTAIN!!!!

Readers Reminded To Write

Readers are reminded that they have until November 22 to protest to the Department of Health, Education and Welfare for the proposed regulations that would cripple hospitals located in small and medium-sized communities. The announced changes would centralize medical services, and curtail services in hospitals the size of Parmer County Community Hospital. Letters should be addressed to the Health Resources Administration, Room 10-22; 3700 East-West Highway; Hyattsville, Maryland, 20782. Residents are also encouraged to write to their congressmen. (See their addresses elsewhere).

Ivy Fund Established

Contributions to the Henry Ivy Memorial Fund can be made to the First State Bank of Bovina. A spokesman said the fund has already been set up and the recipient of all donations will be the American Lung Association, Top of Texas District.

Commissioners In Routine Session

On Oct. 24, the Parmer County Commissioners Court approved the Modification of Contractual Agreements for a right-of-way procurement. The Modification Agreement sets forth at the State will participate at the rate of 90 per cent instead of the 50 per cent participation of past years. The Court approved the proposed installation of buried cable by General Telephone Co. of the Southwest, Brownfield. Rhea Bradley, Littlefield, of the Texas Department of Highways and Public Transportation, gave the Court his views concerning the road situation. A gift and letter of appreciation was presented Bradley in recognition of his years of service and guidance to Parmer County.

Precinct 4 Commissioner Jimmy Briggs brought to the Court's attention the probability there could be many advantages in applying for the privilege of securing certain surplus property from the Texas Surplus Property. Paul Catoe of Panhandle Community Action reviewed with the Court the Alliance Counties' fiscal plans for 1977-78 and their proposal for the county for this fiscal year. Judge Paul Fortenberry announced that he had received a letter from the Bailey County judge to the effect that the financing of the bookmobile would remain as it has been since its inception.

New Officers Named To GSPA

Officers were elected for a new two-year term at the Texas Grain Sorghum Producers Board meeting held Oct. 11 in Lubbock. Larry Witten of Olton, Texas, was named chairman, a post previously held for two terms by C.C. "Pap" Reed. John Gilbreath of Hart vacated the post of secretary-treasurer to assume the vice chairmanship. C.P. Smith, Hale Center, was named secretary-treasurer. Witten formerly served as vice chairman. The newly elected directors of the board were sworn in at that meeting by Bob Gray, of the Texas Department of Agriculture. They

are Paul Cobb, Lee Hill, Worth Jones and C.C. Reed. Paul Cobb will be serving his first term as a director. Cobb farms 3,500 dryland acres in Yoakum County; Hill, 2,000 irrigated acres in Hartley County; Jones, 980 irrigated acres in Swisher County; and Reed, 1,500 irrigated acres in Swisher County. Jones also breeds Angus cattle and Reed irrigates pasture for cattle grazing. K.B. Parish, past chairman, awarded plaques of recognition to C.C. Reed for his service as Chairman of the Board and A.R. Dillard for service as a Board director.

Farmers Are Asked To Give Views

The Food and Fiber National Institute of Achievement presented a slide show about grain sorghum during lunch. The slide show was one of three prepared by that organization to emphasize the role played by American farmers and ranchers in helping to feed and clothe the nation and world. Texas Grain Sorghum Producers Board promotes grain sorghum sales and research. It is supported by a five cents per ton assessment collected in a 29-county area of the Texas High Plains.

Powerful Vega Romps Over Injured Ponies By 34-0 Score

Bovina's Mustangs suffered a shattering 34-0 defeat at the hands of state-ranked Vega's Longhorns in a game at Vega last Friday.

Adding to the misery of the defeat was the serious injury to flanker back David Murphy, who suffered a

broken neck during the course of the game.

The win kept Vega's record for the season spotless at 9-0, and 4-0 in District 3-A play. It set up a showdown with the Kress Kangaroos on Friday in Vega for the district

title. Kress brings an 8-1 season record into the contest. The Kangaroos have an identical 4-0 district slate.

Vega operated like a well-oiled machine in methodically rolling to their win over the Mustangs.

Schedule Released

The Bovina Mustangs and Fillies will kick off their 1977-78 basketball seasons here next week, although the first two outings scheduled may be affected by possible football play by the opponents.

The first two games scheduled for the teams are with Muleshoe and Friona, and both have a shot at being in the football playoffs in District 3-AA.

Should Muleshoe win the playoff rights, the four games scheduled at Muleshoe on November 15 would be cut to two girls games, starting at 6 p.m.

If Friona gains the playoffs, the games scheduled at Friona November 18 will be cancelled entirely, and an effort will be made to schedule another team. These plans will begin to take shape on Monday, following the last round of regular-season football games.

Information Given On Upcoming Legislation

The following is some pending legislation that concerned persons have requested information about:

HR2998—This bill is very simple, and will give "civil rights" to homosexuals. The definition reads: "As used in this Act, the term 'affectional or sexual preference' means having or manifesting and emotional or physical attachment to another consenting person or persons of either gender, or manifesting a preference for such attachment." It covers "civil rights" for homosexual and lesbians in public accommodations, public facilities, public education, federally assisted opportunities, equal employment opportunities, intervention and procedure, housing sale and rental, financing and brokerage services, prevention of intimidation and education programs receiving Federal financial assistance. Note that it does not say "consenting adults"—but "consenting persons." Mr. Mahon said, "I am worried about the possibly far-reaching implications of such a measure on the traditional family unit."

HR28—This is considered to be

another piece of dangerous legislation, and is called "The Displaced Homemakers Bill." Purpose: to establish 50 Multi-purpose Service Centers for counseling, job training, etc. of displaced homemakers. Centers will be located anywhere the Secretary of HEW designates. This will be financed by the tax payer; with 90 per cent coming from the federal level and 10 per cent from the state level. No limit on amount is stated. Reasons for opposing HR28: It is expensive—it is unnecessary, because it duplicates services already available.

HR2505—"Comprehensive Child Development Act." This bill will establish federally funded day care centers that will allow the Federal Government to become involved in child rearing. Groups pushing for this are: feminists who think mothers should get out of the home and into "more rewarding" work; entrepreneurs looking for a new growth business; unemployed teachers eyeing job opportunities; child development professionals who believe the institutional setting develops children "more fully."

Vice President Mondale has stated that he will never give up until this is accomplished.

Rep. Elizabeth Holtzman has introduced a bill in the U.S. House, providing that ERA ratification date be extended SEVEN YEARS. The vote is likely to come within a short time; so let your Representative and Senators know how you feel about this issue.

FACTS

Some thinking concerning the saving of energy is downright ridiculous. Recently a group in Washington recommended in a 225-page report that we do away with mechanized agriculture as we know it and return to the way Grandpa used to do it. They said we'd save energy, improve the environment and end unemployment if we'd switch from tractors and trucks to horses and mules. Earle E. Gavett, a USDA economist, called such a move "Biologically impossible and sociologically impractical." First, we'd need 61 million horses and mules to make the switch. We'd have to use 180 million acres of prime farmland to feed them, half of the total we now have in all crops. And the move would likely create a tremendous labor shortage. We have roughly 4 million farm workers now. We'd need 31 million with a horse and mule agriculture.

COOPERATIVES- They're What's Happening

Co-ops are really in style these days. Very possibly a group may be starting up a cooperative right this minute to obtain goods and services to help them live better, more economically.

To some 50 million consumer-members of the nation's 40 thousand cooperatives, this new-old way of doing business is the way to go. Cooperatives have been successful business enterprises for more than a century.

Cooperatives meet many people's needs efficiently and thriftily. They market and purchase farm products and supplies, lend money, help people save money, provide health care, legal aid, electric and telephone service. There are food and furniture cooperatives, housing, student and nursery school co-ops, cooperative insurance companies, credit unions, funeral societies, TV and auto repair shops.

There's probably a co-op or two or three in your life, whether you're a member or not. They're good for you!
