SIXTY SIXTH YEAR

Sonora, Texas, Friday, July 6, 1956

FORTIETH WEEK

## ODDS & ENDS

The Fourth, according to Patrolman Herman Moore, was just an average traffic day in this area. Herman says he had no wrecks and drivers were generally pretty well-behaved. Maybe most folks just stayed home and napped in front of the fan.

Have you noticed the grounds around the county jail? Deputy Oscar Groff has really done a job of cleaning up and beautifying the grounds.

If you have a house or apartment for rent there is quite a need for it just now with another oil crew moving in. This particular crew is working out in the Juno area and to simplify transportation matters, all workers and their families will settle either in Sonora or in Del Rio. They prefer Sonora because it is nearer to their location but if they cannot find adequate housing for all crew members, they will make Del Rio headquarters.

Needed at once, in order for the families to move in some time next week, are four furnished houses and six furnished apartments.

These men and their families will be at the present location for at least a year and we'd like to see them spend that year here.

So if you have a furnished house or apartment, or know of anyone who has one, please call the News Office. That's 21241.

Mr. and Mrs. Ernest McClelland and Bill returned Monday from Ruidoso where they had been for the past week.

Mr. and Mrs. Wallace Pepper had as their guests last week Mr. and Mrs. George Ray of Talpa and Mr. and Mrs. J. C. Pepper of Freer.

## Explorer Scouts Plan Canoe Trip In Minnesota, Canada This Month

E. A. Brodhead, advancement chairman for the Concho Valley Council Boy Scouts, will accompany nine Sonora Explorer Scouts on an 18 day camping and canoeing trip in Minnesota and Canada. The Explorers, Pascal Allison, Rus Chalk, Jim Ray Baker, Gene Brodhead, Rodney Davis, John McClelland, Johnny Neville, Freddy Fields and Dewey Shroyer will leave from Camp Sol Mayer Sunday, July 22 for the four-day trip to Sommers Canoe Base, Ely, Minnesota.

Following a day's intensive training in canoeing the Explorers will embark by canoe for Quetico Provincial Park, Ontario, Canada. Plans call for an eight-day stay in the Park area.

## LT. O. W. OGDEN IN CHARGE OF HARBOR DEFENSE UNIT

Lt. (i.g.) O. W. Ogden of Sonora has relieved Lt. C. F. Pape as Officer in Charge of the Harbor Defense Unit at Jamestown, Rhode Island.

Ogden's promotion was effective as of June 25. He is the son of O. C. Ogden of Sonora.

Field Day at the closing of Heart O' the Hills Camp, Monday, was attended by Mr. and Mrs. L. E. Johnson, Jr., Jessie Lem and Janet, Mr. and Mrs. L. E. Johnson, Sr., Mrs. Duke Wilson, Mrs. George Barrow, Mr. and Mrs. Stanley Mayfield, Sarah Lou Hardy and Annette Johnson.

## Patients Needed For Free Care At Elks Home For Crippled Children

The hospital for crippled and handicapped children maintained at Octane, near Gonzales, by the Benevolent and Protective Order of Elks, is now operating at only one-half capacity due to lack of patients.

## 4-H Teams Will Participate In Ozona Field Day

County Agent D. C. Langford and his 4-H range management judging teams will participate in a range judging contest in Ozona on Friday, July 13.

The contest will be held in conjunction with the field day to be held in Ozona on that date.

Members of the teams are Claire Jones, Joe Friess, Tommy Love, Jack Baker, John Friess and Dick McMillan.

## County Receives Extension On Drouth Program

Sutton County has been redesignated under the Emergency Feed Program according to Walter T. McKay, State Director of the Farmers Home Administration.

Applications for feed for eligible livestock may be made at the Sutton County ASC office through Friday, August 31. Applications will be for feed to carry basic livestock herds through the period ending September 30.

# City, County To Call Bond Election On Proposed Flood Prevention Plan

## \$75,000 Will Fulfill Local Share Of Dam Construction Project

County Commissioners and City officials met with the board of supervisors of the Edwards Plateau Soil Conservation District Tuesday to discuss action on a flood prevention program for Lowrey Draw. The group agreed to call an election in the very near future to let the people express their wishes concerning flood protection.

### Will Give 65 Per Cent Protection

Results of the recent field examination on Dry Devil's River and Lowrey Draw were explained by E. B. Keng of the Soil Conservation Service. Four flood retention dams constructed on Lowrey Draw, plus some \$30,000 channel improvement in Sonora, would give 65 per cent protection against floods of 100-year fre-

quency. (The Ozona flood above town was estimated at a 71-year frequency). The railroad runs up one prong of Lowrey Draw, crosses nine times, and prevents the construction of an additional dam which would give Sonora about 80 per cent protection.

Flood prevention dams are designed to retain the largest expected rain in a 100-year period, releasing the water slowly through a 20 to 40-inch pipe over a period of several days. Spillways for each dam are designed large enough to carry safely another 100-year frequency rain falling when the dam is full.

### Will Cost \$75,000

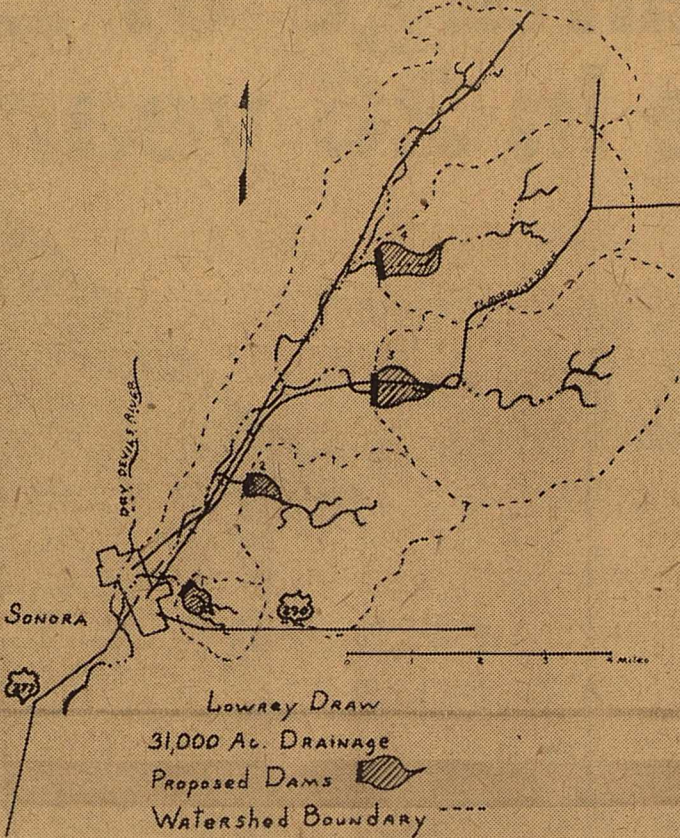

The field examination showed that total construction costs for the four dams on Lowrey Draw would be approximately \$300,000. Under Public Law 566 local people would pay not more than 25 per cent or approximately \$75,000.

The group recognized that flood prevention on Lowrey Draw would not solve Sonora's critical flood problem but that it would be a step in the right direction. Dry Devil's River is a potential threat and control would cost local people an additional estimated \$300,000. The field examination showed that annual costs would exceed expected benefits and Dry Devil's River would not be eligible for work under Public Law 566 at this time. It is believed that when a flood prevention work plan is developed on Lowrey Draw the detailed analysis of expected flood damages will show that control of floods on Dry Devil's River will also be practicable and feasible.

### Up To Voters

The action planned by the City and County to call an election on flood prevention work on Lowrey Draw will put the responsibility clearly on the local people. Each voter will have an opportunity to express his feeling on the need for taking action before the flood comes.

It was pointed out that bills have passed the House and are now being debated by the U. S. Senate which, if passed, would liberalize Public Law 566 and greatly reduce the proportion of construction costs paid by local people. Positive action to develop a flood prevention work plan in the near future would greatly improve chances of early consideration under the liberalized act in even it becomes law.

The above map shows locations of proposed flood prevention dams on Lowrey Draw. Dam Number One would be located just east of Hospital on the Hunt-Neill property. Dam Number Two would be two miles out of town on the W. A. Miers ranch. Number Three would be on the present McKavett Road about six miles from town, also on the Miers Ranch. Number Four would be about eight miles from town on the Steen Ranch.

## ATTEND UT ACCOUNTING, FINANCE MEET IN AUSTIN

Mrs. P. J. Taylor and Mrs. Violet Morrow attended the University of Texas' second Governmental Accounting and Finance Institute in Austin July 2 and 3.

The University's Institute of Public Affairs, Division of Extension and College of Business Administration conducted the conference, in cooperation with the League of Texas Municipalities, Association of City Clerks and Secretaries of Texas and Texas Chapter of the Municipal Finance Officers Association.

Mr. and Mrs. Jack Mackey spent the weekend at Cd Acuna, Mexico.

## LIONS ROAR

Lions President Dr. W. T. Hardy reported Tuesday on his trip to the annual Convention of Lions International held this year in Miami, Florida. Some 45,582 Lions representing all 75 countries comprising Lions International were registered for the convention.

One of the high lights of the convention was the parade of Lions which lasted over two hours.

Senator Henry Lodge spoke to members of the organization on International Relation, and Vice-President Richard M. Nixon also addressed the delegates.

Dr. Hardy also reported to the local Lions on the past year's work done by the Sonora club, stating that the organization has shown a net of increase of 16 members during the year ending June 30.

D. C. Langford gave an account of the Wool and Mohair Show which was a record event in which 121 fleeces of mohair, 312 fleeces of wool and 53 bags of wool were exhibited. Twelve judging teams composed of 68 4-H and FFA members were entered in judging contests and a total of 210 persons representing 24 counties participated in the show. Prize money awarded by the Club this year totaled \$462, trophies and banners from business houses another \$350 and

## Congratulations To These NEW PARENTS

Mr. and Mrs. Bobby Scott of Arlington are the parents of a daughter, Susan Elsbeth, who was born at St. Joseph's Hospital in Fort Worth June 30, and weighed 6 pounds and 14 ounces.

Grandparents are Mr. and Mrs. M. C. Scott and Mr. and Mrs. Bill Smith. Great-grandparents are Mr. and Mrs. G. G. Bennett and Mrs. Kate Johnson of Junction.

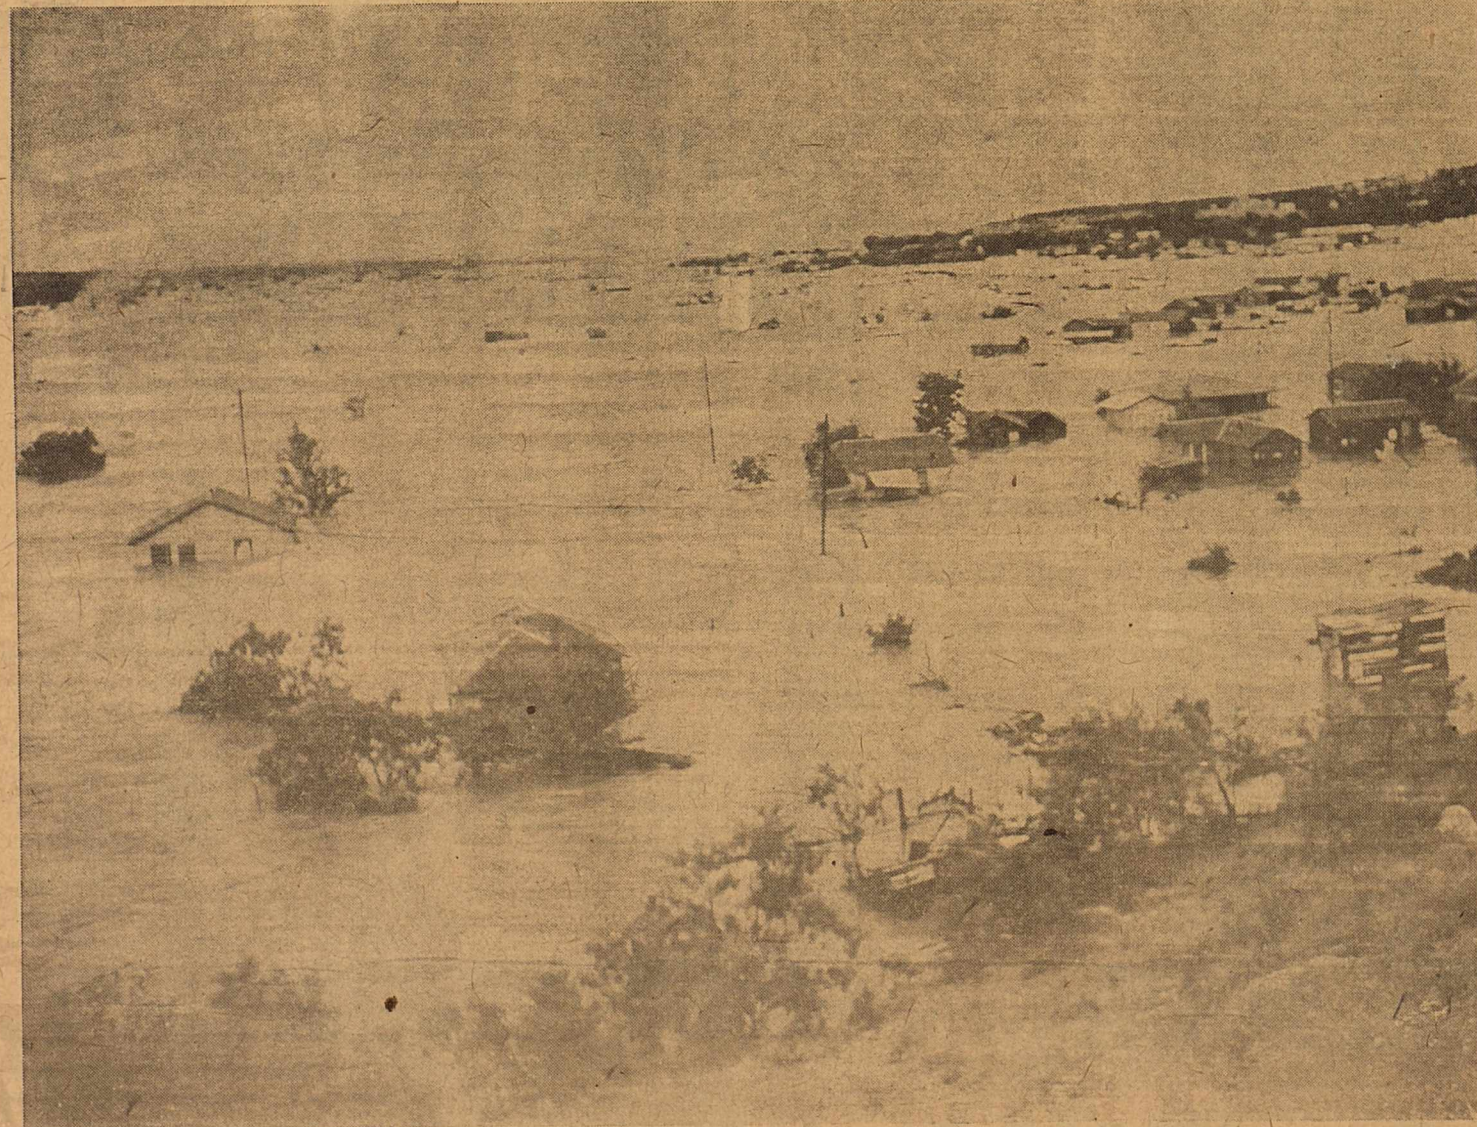

Mrs. John Fields and John David and Mrs. G. T. Rode and Georgia Gail returned Saturday from San Antonio where they attended plays presented by theater stars of Trinity University. Patsy Rode and Betty Sue Fields, who attended summer workshop at Trinity University, had parts in the play "Father Has Been to Mars."

Mr. and Mrs. Ed Gorman and family of McCamey were the weekend guests of Mr. and Mrs. Carl Cahill last weekend.

ribbons, also from the Lions, amounted to \$120.

Lion John Eaton, unofficial Club watchdog, addressed a few thousand words to members.

One guest, George D. Wallace, was present.

Ozona as it appeared on June 28, 1954 when 17 lives were lost and property damage was estimated at \$3,590,584. An average of 11.21 inches of rain over the Johnson Draw watershed, with 3.6 inches of run-off, produced this flood.

In addition to lives and property there was a cost of \$65,000 for rescue work, policing, relief and care of flood victims and combating insects and diseases. This same amount is nearly enough to provide flood protection for Sonora on Lowrey Draw.

# Giants Take 2 Games and Tigers 1 In Last Week's Little League Play

By Ben Castillo, Jr.

GIANTS BEAT CLUBS. Wednesday, June 27, 1956. The Giants, though held to only one hit, got the most of five walks and one error in the second inning to score three runs and upset the Cubs three to one.

The lone Cub run came in the third.

R. Noriega, hurling for the Giants allowed four hits, struck out eight and walked one. C. Woodburn, hurling beautifully for the Cubs allowed only one hit, struck out 11 but walked eight men.

Cub hits were by J. Glasscock, Cervantez and S. Sosa. The lone

Giant hit was by R. Moore.

TIGERS DEFEAT CUBS. Friday, June 29. The Tigers extended their winning streak to three games as they defeated the Cubs eight to five.

The Tigers exploded for five runs in the first inning when they paraded 11 men to the plate. The Tigers came back with two more runs in the second and one more in the sixth.

The Cubs big inning was the third when they scored four runs.

The other run was in the first. Gonzalez, pitching for the Tigers, allowed four hits, struck out 10 and walked 10.

Cub pitchers Wood and Mar-

tinez allowed four hits, struck out four and walked eight.

D. Brown led the Tigers with two hits, one a two-run homer, and a single. Cervantez got two hits for the Cubs.

GIANTS BLANK TIGERS. Monday, July 2. The Giants, behind the one-hit hurling of R. Noriega and with the help of five Tiger errors, defeated the Tigers seven to nothing.

R. Noriega struck out eight and walked one. Wood and Badillo pitching for the Tigers, allowed four hits and struck out five but walked nine.

The Giants' hits, all singles, were by L. Flores, R. Moore, T. Noriega and R. Noriega.

*happy vacations begin in a Chevy*

*You'll love to travel in it, because it loves to travel! When you get this Chevrolet out on the road, you'll want to keep going—and so will the whole family.*

America's largest selling car—2 million more owners than any other make!

Of course, even in a Chevy the happiest vacations may involve one or two minor problems. Like fidgety small fry who want gallons of water and keep asking if you're almost there. The big things, though, are well taken care of by this roomy Chevrolet's smooth and easy way of going.

being great oversized affairs went out with the introduction of Chevrolet's outrigger rear springing and low, precisely balanced chassis design. With horsepower up to 225, the Chevrolet moves out like a whiplash, for safer passing. And with it you're always got that solid feeling of stability.

The fact is, few cars at any price hold the road with a Chevy's grace. That idea about the best riding cars

It's no wonder that many people who used to buy higher priced cars are changing to Chevy! Stop by for a ride.

(A Complete Water Softening Service)

43 YEARS AGO

Work on the construction of the reinforced concrete bridge or causeway over Devil's River about twelve miles from Del Rio on the Del Rio Comstock and Juno road, was begun this week and will be pushed to completion as rapidly as possible. This is the first effort to span Devil's River with any kind of a bridge and is an improvement that will be of great benefit to all interests.

J. A. Ward returned from attending the Ballinger anniversary

and visiting relatives. Mrs. G. S. Allison, Mrs. J. T. Evans, Sr., and Miss Dollie Allison left Friday on a pleasure trip to Marlin. Mr. and Mrs. Ed Fowler and children were in from their upper ranch Thursday. Miss Orphia Hill of Streeter Illinois, is visiting her cousins Misses Marjory and Ida Aldwell

R. E. Taylor was in town Wednesday for wire fencing. The rains have opened up all the water gaps. Miss Alice and George Trainer are visiting friends and relatives of the Llano this week. J. T. Evans of Fort Terrett ranch was water bound in Sonora Sunday. Reports from the Llano indicated a big rise and every water hole above full of water.

Mr. and Mrs. G. C. Earwood returned Tuesday from a business and pleasure trip to Fort Worth. They were met in Sonora by their son. Mal Valentine returned from Rocksprings Country Tuesday and is expecting to leave shortly for Colorado. Miss Carra Karnes left for Ozona Tuesday where she will join her aunt and uncle, Mr. and Mrs. Frank Friend on a trip to

Galveston. They expect to be gone two weeks and when Miss Karnes returns her friends expect to be told of the wonders of the surf and the deep blue sea. Newt Burrus, John Guest, Dave Ogle and their families have returned from a four years "try out" in the fertile land of Colorado where well ask them, and their actions in returning evidences the fact that the Sonora country and Middle Valley in particular looks good to them.

Bill DeWitt of Brackett is visiting his big brother Bart, and his uncle and aunt, Judge and Mrs. James Cornell. Mr. and Mrs. H. L. Bridge were in Sonora this week from the ranch. Henry says his goats are as fat as can be. Misses Edna and Stella Wheat were visitors in town and at the ranch of Mr. and Mrs. Ed Mayfield this week.

H. Eastland returned Tuesday from Ballinger where Mrs. Eastland and daughter are visiting friends. Mr. and Mrs. Alfred Vander Stucken of Kinney County and Mrs. Emile Vander Stucken of San Angelo are visiting in Sonora this week. Mrs. Vander Stucken is a member of the firm of E. F. Vander Stucken and Company.

## Livestock Market Round-Up

(Editor's note: For sometime now, we have felt the need for a livestock column in the "Devil". This first attempt will probably be pretty drouthy, but bear with us for awhile and maybe we will get the hang of it. We will appreciate any information of current sales, market trends and range conditions.)

Local and state market trends this week were generally lower, as increased shipments and offerings, continued dry ranges, and poorer quality had a depressing effect on sales. Slaughter lambs in Fort Worth were \$1 and mostly \$2 lower this week. Slaughter calves sold fully \$1 lower.

A brighter oote was souded this week when county ranchmen received over \$334,000 in incentive payments, and when The Sonora Wool and Mohair Co. sold 731,000 pounds of this spring's wool clip to Emery, Russell and Goodrich. The 505,000 lbs. accumulation of graded staple brought more than \$1.40 clean basis and around 250,000 pounds of 8-months averaged around 50c with a top of 53½c.

Small amounts of fall mohair being contracted for 81½ and \$1.01½, with one major buyer doing most of the buying.

Johnny Hamby will receive forty pair of cows and calves from Hussey, Mayers of Del Rio on Tuesday. Selling price was reported to be 11c straight across for the pairs.

Jake Merck has bought 350 pairs of ewes and lambs from John I. King for \$15.00 per pair. The lambs are expected to weigh 60 pounds.

No takers for lamb sales this week as buyers were offering only 14c.

The US Tarriff Commission

didn't do so well in its recommendation to the Chief Executive for relief under the escape clause of the Reciprocal Trade Act. Out of 50-odd recommendations made by the commission, President Eisenhower approved only six.

Johnny Hamby sold 350 Cleve Jones ewes, ages 3 to 6, to John I. King for \$7.50 this week.

Fred Earwood handed us a clipping from an Australian livestock publication describing a new method of wool gathering. This new method was devised during a shearers' strike and involves a chemical spray which causes wool to turn loose at skin level after a thorough soaking with the spray. A few days after the spraying the sheep is run through a plucking chute, a device, according to our understanding, similar to a chickenpicker with rubber "fingers" rotating on revolving drums.

We'd like to see this tried here in Sutton County but with a slightly different twist. Let's spray the sheep and goats, turn them out, and after a few days bring out a high-powered real estate promoter and show him, on every dead cedar and livestock tree, the beatin'est new miracle fiber crop ever seen.

The goin' price on land ought to be pretty fair and after giving Jack half there'd still be enough left to grub stake a fishing trip.

Mr. and Mrs. Louis Davis and daughters Mary, Maxine, Irene and Beth spent Sunday in San Antonio visiting the zoo.

Mrs. Maxine Ellingson and Wanda Sue Mackey spent last weekend in El Paso visiting Sonora boys stationed at Fort Bliss, Billy Bob Ellingson, Gene Eubank, Carlos Loeffler, Jack Adkins and Dan Eaton.

THE

OF SECURITY  
START WITH  
**SAVINGS**

Freak chance, that brings sudden fortune, is not the means of security for the great majority of us. But consistent, steady, savings have made the dreams of many people a reality. You can count on it as sure means of providing you with the really important things . . . your own home, or a college education for your children; or an income for your years of retirement . . . or any of the things you find worth saving for. Following a regular plan makes saving automatic - - easier than haphazard saving. Come into the bank today for details on how you can save the easier way.
