### OFFICIAL MEMORANDUM

Mayor Alfred Schwiening this week signed a proclamation designating Friday, August 31 through Thursday, September 6 as Wool Week in Sonora. The proclamation follows:  
WHEREAS, in true Texas tradition, Texas leads all other states of the Nation in the raising of sheep and goats; and,  
WHEREAS, the wool and mohair industry is a vital and important part of our State and National economy, adding greatly to our National income, providing a livelihood for thousands of citizens and contributing com-

fort and pleasure to the American Way of Life; and  
WHEREAS, the City of Sonora is profitably located in the heart of the sheep and goat raising area of Texas;  
BE IT THEREFORE RESOLVED THAT I, Alfred Schwiening, Mayor, City of Sonora, do hereby proclaim the week of August 31 to September 6, 1956, as WOOL WEEK IN SONORA.  
In official recognition whereof, I hereby affix my signature this 30th day of August 1956.  
Alfred Schwiening, Mayor.

### Wool Week In Sutton County AN EDITORIAL

This week has been designated by Governor Allen Shivers as Wool Week in Texas. It is a significant week for those of us in the wool producing Edwards Plateau Region. Here the basis of our economy is wool and its companion fiber, mohair. The production of these fibers is our principal industry and the income derived therefrom provides some 80% of the income in our county.  
Every rancher, merchant, professional person and public official is dependent directly upon this industry.  
We are now withstanding the ravages of a major drought. With faith and the grace of God we will continue to withstand it until He sends us His blessing of rain. Meanwhile we are constantly working to improve our clips of wool and mohair, producing an ever-better product, one that will maintain consumers' confidence in

woolen fabrics as the standard of all others.  
Our horizons are broad and clear-it is still a matter of record that nothing measures up to wool.  
**Reservists To Report Today At New Posts**  
Five members of Company B, 830th Av. Engr. Bn., now on six months active duty with the Army, reported to new assignments Friday, August 31. Privates Dan Eaton and Jack Adkins will be stationed at Fort Belvoir, Virginia; Gene Eubank and Carlos Loeffler at Camp Leonard Wood, Missouri; and Billy Bob Ellingson at Fort Bliss, Texas.  
The five have completed a two-week leave spent with their families in Sutton County.

### Friday Deadline For Drouth Feed Applications

Today is the last day to sign up for a supply of grain to carry eligible livestock through September 30, according to ASC manager Mrs. Marie K. Ellis.  
Purchase orders are valid for 60 days only after date of issue. Producers having purchase orders expiring before September 30 may purchase the feed if the feed dealer gives him a dealer's due bill or a document showing transfer of ownership from dealer to rancher. This may not be in the form of an invoice but must be a document showing actual ownership by the rancher. This is a new provision, Mrs. Ellis said.  
Purchase orders issued under the 1955 Feed Program are still valid unless cancelled by the 60-day limitation.

### McCARVER ATTENDING HOUSTON, AUSTIN MEETS

R. M. McCarver, manager of city utilities and local Civil Defense chairman, is attending meetings in Austin and Houston this week.  
Monday McCarver attended a meeting of directors of the League of Texas Municipalities in Austin for the purpose of planning the organization's annual convention to be held in Lubbock in October. McCarver is a vice-president of the League.  
Thursday and Friday McCarver attended the Regional V conference of the United States Civil Defense Council with representatives from Texas, Louisiana, Arkansas, Oklahoma, and New Mexico. The meeting is concerned with local problems in Civil Defense.  
Mr. and Mrs. L. B. Merrill and Cliff are visiting in Springerville, Arizona, this week.

### Worthy Students May Borrow Now Pay Later, For Higher Education

Sutton County students needing financial assistance in continuing their education beyond the high school level, seem virtually assured of the availability of loan funds from the newly organized and privately endowed "Sutton County Educational Trust Fund".  
Under the private endowment, which will eventually amount to \$100,000, some \$3,000 per year will be available through to applicants who meet the approval of the advisory council. The council's approval will be based on the applicant's character, his need for the loan, his demonstrated abilities and his capacities to benefit from added training. Final approval and decisions as to the amount and extent of assistance lie with the board of trustees.  
Applications for assistance for the coming school year should be made to Rex Lowe, chairman of the advisory council. Students from Sutton County will receive prime consideration, though out-of-county students may apply.  
Primary purpose of the trust is to encourage and assist students desiring to enter the ministry, with secondary consideration going to train for social work, nursing, or teaching; third preference is for those desiring to enter one of the other professions.  
Under the terms of the trust those receiving a loan are called upon to sign a note and pay interest at the rate of \$1.00 per year until the full amount of the note is paid. Ministerial students who complete their seven year course of study and remain active in the ministry for a period of three years are exempted from repayment of the loan. Social workers, nurses, and teachers who complete their training periods and serve in their profession for a period of five years are obligated to repay only 50% of the amount of the note. Other professional people must repay the full amount.  
The advisory council is composed of all active ministers, priests, rabbis, regularly ordained or serving an organized congregation in Sutton County, principals of the schools comprising the Sonora Independent School District, one citizen to represent the people and serve as secretary, one citizen to represent the legal profession.  
Present members of the council are Rex Lowe, chairman, W. H. Marshall, vice-chairman, Stanton Bundy, secretary, J. E. Eldridge, Alanson Brown, Godfrey Blank, OFM, Carl Jones, J. E. L. Harrison, T. R. Chappell, H. J. Walter and J. W. Elliott.  
The board of trustees is comprised of one representative of the First Loan Company of Sonora, the superintendent of the Sonora Independent School District and the president of the Sonora Lions Club. Present board members are George H. Neill, president, E. A. Brodhead and Dr. W. T. Hardy.  
Final approval of the trust by the Bureau of Internal Revenue is expected shortly.  
Contributions to the trust are welcomed and may be earmarked to be used as interest, that is for immediate use, or as capital, thus increasing the amount of interest over a period of years.

### Joe Turner Tells Lions Of Plans For Coming Football Season

two touchdowns."  
"Our second game of the season is with Wink. We are told that Wink doesn't have a team but the McCamey coaching staff says Wink always has a team. Our third game is with Iraan. They are always tough and with their new coach, they should really roll this year. Then we play Coahoma, always a nice club.  
"As for McCamey, they haven't forgotten that 58 to 25 score and are primed for revenge. If they can beat us 100 to 0 they'll do it. "Mason has a passer this year. The outstanding passer in the state last year. That I saw. Mason will also have size. In the past two years we have downed them 34 to 13 and 13 to 12.  
Coach Joe Turner spoke to Lions Tuesday on the condition of the high school football team and its prospects for the coming grid season. Turner said his boys began scrimmage Monday and

began concentrating on defensive scrimmage Tuesday, after finding they were weaker defensively.  
"If we were playing a normal schedule this season we could win nine games," Turner said, "but with the unusually stiff schedule we have ahead of us we can only hope to hold our opponents to one touchdown."  
"John Cobalt of the Ozona staff said Tuesday morning that they haven't a thing-only 25 boys out so far. But Coach Hickman will have a better balanced backfield than formerly and Ozona is crowding AA ball.  
"Junction's new coach Jack Hoggett will have a good team although line coach Frank Hubbell says they are weak at end.  
"Bill Humphrey of Menard is switching from single wing to T formation this year and has a fast backfield.  
"All coaches in the district are agreed that Eldorado has the edge on the conference. They have 19

## Easements Obtained For Dams ; Funds Nearly Complete

A forward step toward securing flood protection on Lowrey Draw was taken this week when supervisors of the Edwards Plateau Soil Conservation District advised H. N. Smith, Soil Conservation Service, that \$13,512 was available to apply on developing a work plan. Smith was advised that work toward raising an additional \$1,488 was continuing, to raise the total amount to \$15,000, which the work plan is expected to cost.  
A local flood control Committee was appointed to assist the

district to expedite the program. The five man committee included Alfred Schwiening, Joe M. Vander Stucken, Dan Cauthorn, Stanton Bundy and Joe B. Ross.  
Easements were obtained this week from the three landowners are Mrs. Ada Wynn, W. A. Miers, and George H. Neill and Bryan Hunt. All landowners recognized the potential flood danger of the city and were willing to permit restriction of the dams, without cost, on their property.  
Alfred Schwiening, Joe M. Vander Stucken, Granville Bar-

ker and Harold Garrett are continuing their efforts to raise the additional \$1,500 needed to make the work plan. Any citizen or firm desiring to make a contribution should contact one of these men or leave the donation at the bank or news office.  
The list of contributors to the fund included the following: Home Hardware and Furniture, Ford Allen, J. Wray Campbell, J. T. Penick, Stockmen's Feed Co., Sonora Feed and Supply, Sonora TV Service, Edwin Sawyer, Gay Copeland, J. T. Ratliff, W. B.

McMillan, C. T. Jones, Bryan Hunt, Granger and Johnson, Louis Davis, Joe Berger, Sonora Gas Co., Wm. Cameron Lumber Co., Joe M. Vander Stucken, Corral Trading Post, Gulf Service Station, Roueche Grocery, Devil's River News, Edward B. Keng, Commercial Cafe, L. S. Sosa, Abelino Sanchez, Vicente Bautista, Ernesto Castro, Miguel Sanchez, Antonio Chavez, Andrew Fay, Trinidad Ramirez, Foxworth Galbraith Lumber Co., and C. H. Carson.

Football scrimmage and practice got underway Monday with just such scenes as the above where the Broncos are concentrated on stopping former Bronco George Wright, now playing at the University of Tennessee. Coach Turner gives a Coach's eye

view of the coming season in an article in this week's issue.

## Good Soil Practices Important In Fine Wool Production

The production of wool ranks very high as an income producer in the Edwards Plateau Soil Conservation District. The amount and quality of wool produced depends in large measure upon the amount and quality of native range forage available to sheep during each year.

### MAJOR ADAMSON ASSIGNED TO WASHINGTON POST

Army Major James B. Adamson, son of Colonel J. M. Adamson of Sonora, recently was assigned to the Fifth Regimental Combat Team headquarters at Fort Lewis, Washington. Major Adamson was last stationed in Norfolk, Virginia. He was graduated from the U. S. Military Academy in 1944.

First, sufficient forage must be present to keep sheep in a thrifty, productive state at all times. When feed becomes scarce or unavailable the rate of wool growth is slowed down or stopped, and the wool clip is reduced in length and fleece weight. Serious food shortages can produce "breaks" in wool, or a weak point in the fiber which greatly reduces its value for cloth production.

Kinds of plants present are important in wool production from several standpoints. Sheep are outstanding among domestic animals in preferring a variety of range forage. They not only like to graze grass, forbs and browse, but like to graze many different kinds of grasses, forbs and browse plants.

Another important tie-in between proper range management and wool production is the relation between good ranges and clean wool. When sheep are forced to graze denuded ranges, the wool accumulates a huge amount of dust and dirt. Since most wool is now cored and sold on a clean basis it is doubly important that the fleece is as clean as possible. Good grass ties the soil down

under a protective blanket of stems and leaves, and wind and the feet of sheep cannot whip the soil into the air. The grass blanket also enables the soil to soak up water to produce more forage. Substantial improvement can and should be made in quality of livestock, but the quantity and quality of range forage available is the basis of the livestock and wool production industry.

Strong, desirable forage plants are endowed by nature with the ability to crowd out many undesirable plants such as bitterweed, hairy caltrop, grassburs, goat-hounds, and others. Even where some poisonous plants are present in patches among good grasses, sheep tend to avoid the poison plants so long as more desirable feed is available.

### 43 YEARS AGO

The Sonora Public Schools opened for the session of 1913-14, Monday, Sept. 1st, under most favorable auspices indeed. All members of the school board, many parents, and other citizens were present to greet the teachers in assurance of their hearty co-operation for the best school possible for Sonora and Sutton County.

In order to take care of the increased numbers of pupils and to provide working facilities for the increased faculty, several changes have been made. The large auditorium in the school building has been partitioned into three class rooms giving accommodations to three teachers in charge of the high school department, the lower rooms being occupied by the intermediate department exclusively. The primary department in charge of two professional primarians, has been transferred to the Court House.

These physical changes having been made there was no room left for assembling the entire school body and visitors, so teachers and pupils at once on entering the building were directed to their respective rooms. Of the 240 pupils who were present many had received classifications at the close of last session and were quickly assigned to the work of the present term and dismissed for the day. The many new pupils present were distributed to the various rooms for entrance examinations. These tests for classification will consume the principle part of the first two days, after which work will be taken up and disposed of in regular order.

The News stands for public education and for the betterment of all the facilities having this in view. Our columns are open to the teachers and we invite them to furnish us school news and to discuss all educational questions of interest and profit to our people.

This cow's telling you something you probably know... it's time to start feeding. Grass is brown, tough, and doesn't have much food value. If her owner wants her to drop a husky calf come spring, then he'd better start supplementing her range.

She'd like Purina Range Checkers. They're easy to feed, tasty, contain a variety of proteins and carbohydrates and carry vitamins and minerals that the tough grass doesn't have. Cows must have these materials to build the unborn calves.

Mrs. R. V. Cook and Mrs. Charles Hull won high club scores and Mrs. Wess Hill won high guest score. Mrs. Tom Sandherr won low score.

Others who attended included Mmes. Louin Martin, R. B. Kelley, Ella Wallace, Rose Thorp, C. E. Stites, O. G. Babcock, Lee Labenske and Joe Berger.

Mr. and Mrs. W. A. Glasscock of Eagle Pass arrived Saturday for a visit with their parents, Mr. and Mrs. Sim Glasscock and Mrs. Thelma Briscoe.

Beth Gilispie of San Angelo spent last weekend in Sonora the guest of Margaret Alice Turner.

**Miss Wool To Be Named August 31 At San Angelo Wool Fiesta**

Miss Wool of 1956 will be chosen from eleven contestants at the annual Miss Wool Style Show to be held in San Angelo August 31. The selection of Miss Wool and her coronation will climax Wool Week observance throughout the State and the Wool Fiesta in San Angelo.

Miss Wool will be selected on a basis of beauty, accomplishment, poise and intellect, and she must exhibit the ability to achieve a working knowledge of the wool industry.

The eleven finalists will model the wool and mohair wardrobe which will be one of the gifts to the lucky girl selected Miss Wool. In addition to the wardrobe, Miss Wool will have the use of a hardtop convertible for one year.

This year's finalists are Miss June Prichard of Wichita Falls, Miss Suzanne Huggins of Baytown, Miss Norma Ledbetter of Dallas, Miss Peggy Shelby of San Angelo, Miss Peggy Seay of San Antonio, Miss Jean Crass of Lubbock, Miss Wanda Carden of Ozona, Miss Earline Whitt of Austin, Miss Jean Marie Julian of San Antonio, Miss Mary Ann Ward of Tyler and Miss Jeanne Wansing of Amarillo.

The contestant named Miss Wool will succeed Miss Jan Turbeville of Lockhart, current Miss Wool. Past holders of the honor have been Miss Janet Lee of Austin, Miss Kathryn Gromatzky of San Angelo, Miss Sarah Belcia of San Antonio and Miss Turbeville.

**What Grandmother did**

**that Granddaughter doesn't!**

For one thing Grandmother spent 5½ hours a day in the kitchen. Granddaughter doesn't—she spends about an hour and a half on the average.

Plenty of low-cost electricity is the biggest part of the reason why. There's more than enough to do your cooking, your mixing, your dishwashing, your water heating.

And the men and women at your electric service company are planning and building ahead so there will be plenty for granddaughter, too.

In fact, you can be sure of plenty of electricity *always* when you are served by an independent electric company like this one.

### A Tribute To The Rancher During Texas Wool Week

This is Wool Week. Governor Allan Shivers designated this week as Wool Week here in Texas. More than we perhaps realize and basic economy here in the hill country is wool and mohair. I am told that 80% of our income here in Sutton County comes from wool and mohair.

For the past several years we have seen a major drought. It has cut deep into our livestock herds. But from early Bible days we have had droughts, and also the Bible tells us about sheep. It would seem that man has depended, so far as our record of history goes, on sheep.

The Sheep and Goat Raisers Association has come a long way in breeding up their herds. I believe that we can look forward to the future for a greater wool and mohair industry.

Throughout the Bible we find references to the sheep and the shepherd; the Israelites were a nation of shepherds. Abraham owned thousands of sheep. King David was once a shepherd boy. The 23rd Psalm is a parable of the good shepherd. Jesus was called the Lamb of God. Jesus said to Peter, "Feed my sheep."

In more modern times the German tribes who conquered Rome drove their sheep with them to feed and clothe themselves. So did the Crusaders during the Middle Ages.

And the Pilgrim fathers brought to America the beginnings of our wool industry. From such origins it has developed into a highly specialized industry, one that is basic to the economy, not only of the present, but the future of our country.

With all humility, we salute the ranchman. Without him, his knowledge, his courage, we would be a poor country indeed. So, if you want the best, always ask for wool or mohair.

Nothing measures up to Wool.

### 'Hotbox' Ok'd By GOC Officer

Exercise "Hotbox" a practice alert on Sunday, August 12, was termed successful of Sgt. E. H. Geitner, Air Force Officer in charge of this area.

Observation posts over a wide area of south and west Texas participated in the practice exercise. Major Den Baines, Commander of this area stated in announcing the exercise "In past exercises our principal weakness has been a lack of continuing track information. With more posts in operation than in past exercises, it is hoped that we will be able to follow many of these aircraft from post to post, thus establishing a sound track continuity. This must be accomplished if our efforts are to be of maximum value to the Air Force. Consequently all Post Supervisors are urged to insure that their posts are manned throughout this exercise as well as being manned for the maximum time possible during normal operations."

The Sonora observation post reported four planes to the San Antonio Filter Center during the Sunday alert. Local observers are requested to make a strong effort to observe and report all planes when they are on assigned duty. Some 65-70 Sonora citizens now observe planes one day during each 60 day period. Three all night filling station operators and two night watchmen report planes at night.

Mrs. J. W. Trainer and Miss Jamie Trainer spent the past week visiting Mr. and Mrs. Joe H. Trainer in Houston and Mr. and Mrs. Sam Thomas in San Angelo.

**JACK RATLIFF COMPLETES 3-WEEK COURSE AT CORPUS**

John T. Ratliff, son of Mr. and Mrs. J. T. Ratliff of Sonora, is among the more than 700 Naval Reserve Training Corps midshipmen from 26 colleges and universities throughout the nation who completed a three-week aviation indoctrination at the Naval Air Station, Corpus Christi, Texas.

The annual summer training is part of a three-year program to acquaint Naval officer trainees with all phases of naval life so they will be prepared to select a branch of the Naval service when they are graduated.

The midshipmen took familiarization flights in the jet trainers and flying boats.

Mrs. Violet Morrow, who has been employed at the City Hall for the past fifteen years, has accepted a position as House Mother in one of the Texas University's approved homes for boys and will leave for Austin September 1.

Mr. and Mrs. Joe Seale and Jim Bob were the guests of Mr. and Mrs. Gene Henderson in Refugio last weekend.

**Feed Program Extended To October 31**

The emergency feed grain program in Sutton County has been extended to provide feed for basic livestock herds through October 31, 1956. Applications for feed may be taken at the local ASC office through October 1, 1956.

Mrs. Bud Smith and Mrs. Charles Howard spent last weekend in Fort Stockton, guests of Mr. and Mrs. Clayton Puckett. They attended the Cabot art exhibit at the Riggs Museum.

Mrs. Lee Labenske spent several days this week in San Marcos visiting Mrs. Mae Crucher and in Austin visiting Mrs. Virgie Inman.

Mrs. Annie Sharp has returned from El Paso where she was the guest of Mr. and Mrs. Walter Sharp and other relatives.

Miss Jamie Trainer will leave for Phoenix, Arizona Saturday where she will teach public school music and band this year.

**Daniel, Wilson Carry County By Wide Majority In Saturday Vote**

With the contest for governor still contested, even though a

victory for Price Daniel seemed assured, Texans witnessed one of the tightest political contests in the state's history.

**Dove Season To Open At Noon Saturday**

Local Game Warden Nolan W. Johnson reminds dove hunters that dove season in Sutton County opens at noon Saturday, September 1, and continues through sunset October 17. Birds may be taken from noon to sunset only through the season.

Daily bag limit on doves is ten and any person may not have more than ten in possession.

Doves may be taken with a bow and arrow, or with a shotgun, not larger than ten gauge, fired from the shoulder, but they may not be taken by means of any automatic-loading or hand-operated repeating shotgun capable of holding more than three shells unless the magazine has been cut off or plugged with a one-piece metal or wooden filler incapable of removal without disassembling so as to reduce the capacity of the gun to not more than three shells at one time in the magazine and chamber combined.

Hunting licenses are available at all sporting goods stores now.

In Sutton County voters clearly expressed their preferences, giving Daniel and Will Wilson substantial majorities over opponents Ralph Yarborough and Tom Moore. Ben Ramsey was unopposed for the office of Lt. Governor.

Official returns showed 286 votes for Daniel to 170 for Yarborough. Ramsey polled a total of 399. For Attorney General, Wilson received 341 votes, his opponent Moore 108.

**"B" Team Practice 22 Boys Out For**

Junior Coach Oliver Wuest reported this week that he has 22 boys reporting for practice with the Bronco B team. These boys have a full schedule of nine games ahead of them for the season and Wuest says the spirit among the boys is high.

One pre-season injury has been reported with Don Cooper, son of Mr. and Mrs. Pat Cooper, sustaining a fractured leg in practice.

Signed up for practice are: Alfred Sykes, Jerry Baldwin, Roland Drennan, Ben Castillo, Tony Chavez, Rodney Davis, Harvey Gomeb and Jimmy Samaniego, backs; Gene Brodhead and Pascal Allison, tackles; Pete Skains,

**E. S. Mayer, Mrs. Browne Named To High Posts In State, Nat'l GOP**

Sutton County Republicans are adding more and more to the increased activities of the State Republican party. Edwin S. Mayer, prominent county ranchman and active GOP member, attended last week's National convention in San Francisco as a delegate from Texas. Mrs. Charles F. Browne, member of the

Texas Republican Women's Committee, was an alternate delegate to the convention.

At the State meeting held in Corpus Christi this week, Mayer was named electoral college delegate nominee. Mrs. Browne was elected to the office of Permanent Secretary of the state convention. Both Mayer and Mrs. Browne were re-elected committeeman and committee-woman from this district and Mayer served on the resolutions committee.

Robert L. Hardgrave, Jr., accompanied Mayer and Mrs. Browne as a representative of the Young Republicans Organization.

**Ranchers May Apply For Hay, Roughage**

Applications for hay and other roughage may be accepted at the local ASC office, according to information received by the office Friday.

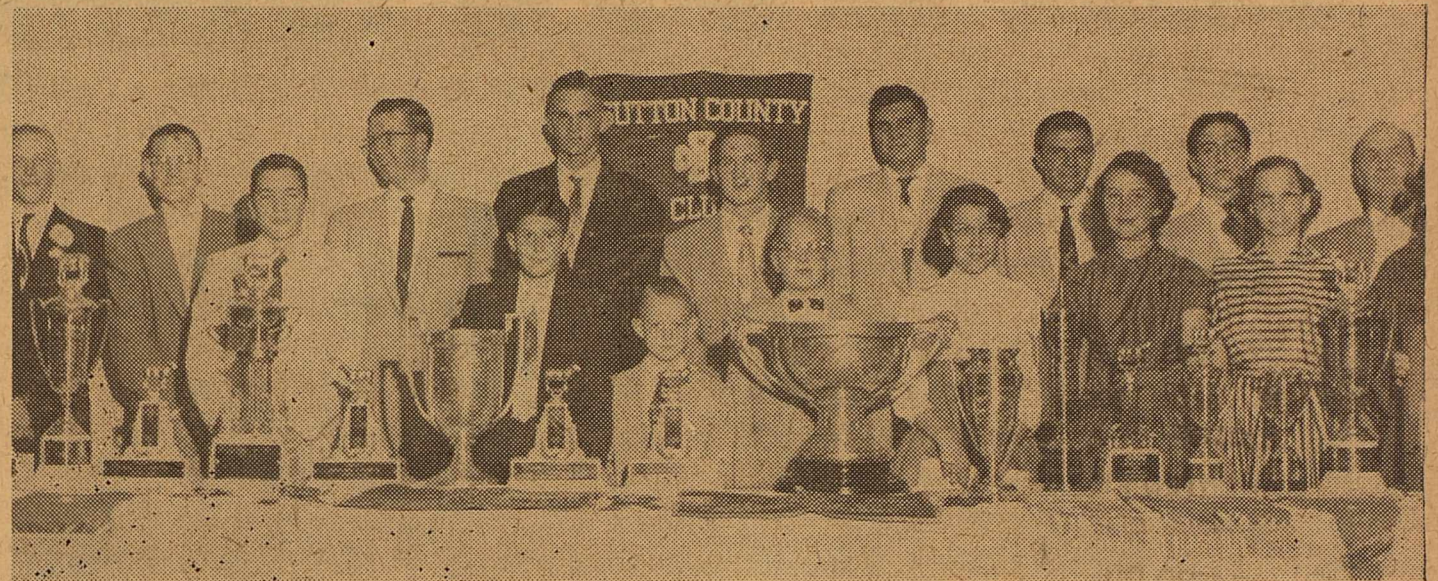

The hay program will be a 180-day program to carry eligible livestock through December 31, 1956. Details have not been received as to what kinds of roughage other than hay will be designed.

Bud Halbert had as guests last weekend Mr. and Mrs. James Byer and children, Jim and Jamie, of Baird.

Mr. and Mrs. G. H. Neill accompanied their daughter, Jane, to Pueblo, Colorado Wednesday. Jane will teach kindergarten in the public school there.

Mrs. J. W. Trainer and Miss Jamie Trainer spent the past week visiting Mr. and Mrs. Joe H. Trainer in Houston and Mr. and Mrs. Sam Thomas in San Angelo.

**There's Wool In Your Future**

As long as young people like these produce prize winning fleeces WOOL is definitely a part of the future. And with constant improvements in breeding practices and fleece grading, that future is bright. Our 4-H members are finding the matchless satisfaction of seeing the proper execution of sound ranching practices pay off in fine fleeces.

The development of a synthetic fiber may bring pride to a small group of chemists but production of fine wool comes from a love of nature and a devotion to industry which is being instilled in youth through such media as the Lions Club Wool Show and 4-H Clubs.

We join in observing Texas Wool Week by saying, "Look To The Future-There's Wool In It."

Dear Shopper,

Here at the Corral we've already done our Christmas shopping. Now we are ready to help you get yours underway so you can really enjoy the holidays without the hustle and confusion of last-minute Christmas buying.

Our merchandise is arriving daily and we have already received a large line of original and varied Christmas gifts. Among the items we think you'll find ideal are pine what-nots, kitchen slates, mail racks. And we have pottery items in modern and provincial patterns.

We know you like brass and copper so we have stocked up on those two popular metals in planters, wall plaques, canister sets, trays, trivets, and magazine racks. Some of these combine brass or copper with wrought iron. We have a lot of wrought iron, too, including table and bar accessories, patio ware and lawn and patio lights. Something new and unusual we think you'll like is a set of bathroom accessories in black.

This year we are enlarging our stock of good toys. We are featuring hobby kits, roller skates, archery sets, sling shots, and cameras.

Need a gift for someone who has everything? We have a whole slough of suggestions including a battery powered hand vacuum for sprucing up clothing or upholstery, and jeweled light switch panels.

And of course you know that the Corral is the place to find the exact gun you're looking for as well as other hunting and camping equipment and a complete line of fishing tackle.

You can expect in your mail box in the near future a shop-by-mail catalogue featuring new and unusual gift items. Some of these items are already in stock and others arriving daily.

The latch-string's always out at the Corral. Come by and let us help you.

Yours very truly,

The Corral Trading Post
