E. C. Stephen Uninjured In Auto Crash

Ernest Carroll Stephen and his two passengers, Miss Wynetta Ford and Miss Naoma Vandenberg of Kingsville, escaped injury Friday night when the Stephen car struck a cow on the Highway about three miles west of Ingram.

The accident occurred shortly before nine o'clock Friday night. Stephen, who was driving the car, noticed the cow on the pavement but was unable to avoid it due to an approaching truck. Stephen's automobile, which was almost entirely demolished, was taken to a Kerrville garage and the party completed their trip to Sonora by bus.

Welfare Council Begins Clothing Toy Drive

The Community Welfare Council of Sonora is beginning its annual clothing and toy drive. Usable clothing in wearable condition is needed to assist needy and deserving families in this community. All clothing is stored and disbursed from the school building.

This year toys will be included in the drive. Toys in working condition will be used to add to the Christmas joy of children whose holidays might otherwise be cheerless.

Clothing and toys will be collected at the Sonora Gas Company office. Additional information may be obtained from Mrs. Francis Archer, Mrs. F. L. McKinney, Mrs. Wilfred Berger or Rev. Alanson Brown.

Mr. and Mrs. A. C. Elliott have as their guests her mother, Mrs. W. T. McQuary of Abilene and H. E. Lacy of Littlefield. Mr. and Mrs. T. E. Oglethorpe of Abilene were weekend guests in the Elliott home also.

Claire Jones To Head 4-H Club This Year

The 4-H Club and the Parents Booster Club held a joint meeting at the Court House Wednesday night. New officers were elected for 1956-57.

The 4-H club elected Claire Jones president, Preston Love vice-president, Joe Friess secretary and Rodney Davis reporter.

The Parents Booster Club re-elected S. M. Loeffler president, Joseph Vander Stucken vice-president, Mrs. Cleve Jones, Jr. secretary, Mrs. Dorothy Baker treasurer and Mrs. Harold Friess reporter.

January 19, 1957 was set for the 4-H Club show date. Jim Hugh Richardson will be chairman on that committee. Serving with him are Harold Friess, W. L. Davis and Pat Cooper. It was voted to follow the same procedure for prizes and sales as has been followed in previous years. E. A. Brodhead, Mrs. Dorothy Baker, Mrs. W. L. Davis and Mrs. Marie Ellis were elected to select a speaker and name a date

Ozona Lions Here Tonight For 7-A Conference Opening Contest

Coach Joe Turner's Broncos face the Ozona Lions here tonight in the first conference game of the 1956 season. The game promises to be a hot one with the Broncos showing firm determination to retaliate for the trouncing handed them last year by the Lions. But the Ozona team is equally determined to stop the Broncos' near-phenomenal winning streak.

Heading the contenders for the 7-A crown are Lion stars Bobby Sutton, Kent Babb, Robert Martinez and George Bunger. Both teams boast outstanding backfields and the outcome could hinge on the line work displayed.

Probable starters for the Lions are: Ends: Young, 174, and Jacobs, 161; Tackles: Brown, 167, and Marley, 187; Guards: Ingham, 160 and Roy Sutton, 153; Center, Franklin, 163; Backs: Sutton, 154, Martinez, 148, Babb, 154 and Bunger, 147.

Wanda Mackey Injured In Fall From Horse

Wanda Sue Mackey, daughter of Mr. and Mrs. Jack Mackey, was hospitalized Sunday afternoon for treatment of injuries suffered when she was thrown from her horse.

Wanda was riding along on the Edwin Sawyer ranch shortly after noon Sunday when the accident occurred. She was enroute to the Lee Fawcett home and was almost within sight of the house when she was thrown.

She was discovered by a driver employed by H and F Feed Company and taken by the Fawcetts to the local hospital where she received treatment for bruises and scratches. Wanda was released from the hospital Wednesday afternoon and is resting at home.

Mr. and Mrs. James Decker spent last weekend in Austin guests of her brother in law and sister, Mr. and Mrs. D. L. Duke.

Trio Escape Injury In Car Wreck Sunday

Mrs. Herbert Fields, her son Johnny, and Gerry Mayfield escaped with only bruises when the car in which they were riding overturned on the new farm-to-market road some 10 miles west of Sonora.

The accident occurred shortly after noon Sunday as the trio were on their way to town and Mrs. Fields, who was driving, lost control of the car when it struck loose gravel.

Damage to the car was heavy.

Broncos Take Cowpunchers 13 - 6 In Friday Night Battle In Mason

The Sonora Broncos played the closest game of the season Friday night as they beat the Mason Cowpunchers 13 to 6 in a game where everything was just about even.

In the first quarter of play Mason kicked to Sonora but after a series of plays the Broncos were forced to kick. Mason took over on the Sonora 30 with Dannheim, Keller and Taylor carrying the pigskin to the two where they fumbled and Sonora recovered. Johnson ran off tackle for three and followed up with a pass to Ratliff which was complete for 25 yards. Johnson then skirted left end for an additional

15 and passed to Ratliff for another 5. Then Johnson ran for a 10 yard sprint right up the middle. Wall hit center for 1 and then, with key blocks thrown by Galindo, Adams and Neville, Johnson ran 55 yards to score. His PAT was good and the score was 7 to 0.

In the second period, Mason took over on the Sonora 35 with Taylor carrying for 2. A Dannheim to Kothmann pass was complete and good for 11 yards. Then Dannheim carried up the middle

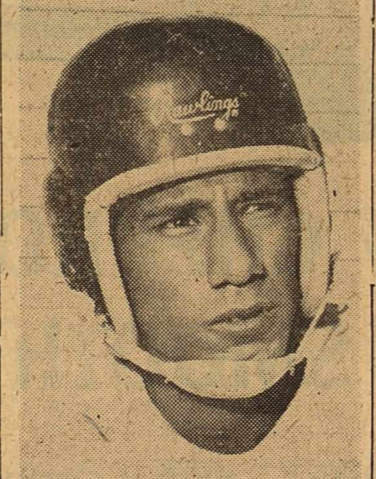

friends, "We're glad you came and we hope you return soon."

This was quite a week for accidents and close calls. One thing, though, we hasten to mention last week was National Fire Prevention Week and not one call did the local fire department receive.

We'll bet, though, that if Ella Archer had known what kind of snake she was doing battle with last Friday night, they'd have had a call. Mrs. Archer was waiting for the football bus to return from Mason when she spotted a snake at the gate of the athletic field. So out she jumps, picks up a dead mesquite limb and takes out after the interloper. When her mesquite limb broke she grabbed up another stock and did the fellow in.

Later, to her dismay, she discovered she had bested a coral snake-one of the four poisonous snakes found in our area.

We admire Ella's bravery-we wouldn't have tackled it even if had been a small grass snake!

for 5 and Taylor took a pitchout around left end to score. The try for extra point was no good and the score stood Sonora 7, Mason 6.

The remainder of the second quarter was mostly defensive ball with some good runs, blocking and

Local Mothers' Loan Fund Aids 146 Aggies

The \$500.00 Loan Fund raised by the Sonora A. & M. Mother's Club for use by students at A. & M. College has furnished emergency small loans for 146 students, according to a report received by Mrs. G. H. Davis, local president.

In a letter from Colonel E. F. Sauer, director of the Student Loan Office, Mrs. Davis received the following information: "I think you can see we have worked the fund pretty hard. We made 146 loans during this period (February 1 to May 31, 1956), in the amount of \$1,994.85; in other words, we have almost turned the fund over four times in four months.

Here Is Your Grid Schedule For 1956

The Bronco, Football schedule for the remainder of the season is as follows:

- Oct. 19, Ozona (here).
- Oct. 26, Junction (there).
- Nov. 2, Menard (there).
- Nov. 16, Eldorado (here).
- The "B" team schedule for the rest of the season is:
- Oct. 4, Del Rio (here).
- Oct. 11, Junction (there).
- Oct. 18, Iraan (there).
- Nov. 8, Lakeview (there).
- Nov. 8, Iraan (here).

Ranchers Must Return Unused Certificates

Hay Applications on file up to October 12 will be approved October 16 and issued Hay certificates. Applications will continue to be taken in the local ASC office, but the issuing of hay certificates for application taken after October 12 is still pending further information from the state FHA office. Hay certificates that will not be used must be returned.

Those who know they will not use their hay certificates are requested to return them to the ASC office before December 31, 1956.

ODDS & ENDS

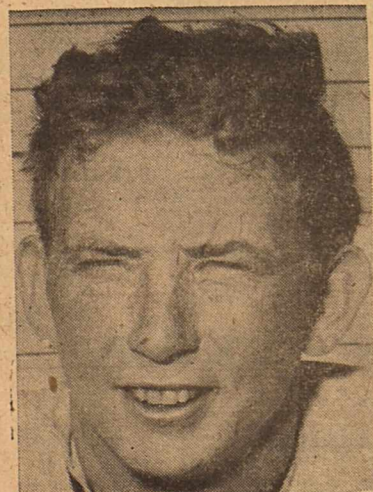

One of the most courteous gestures of West Texas hospitality was witnessed by Bronco fans who attended the Mason game last Friday night.

As the game ended, the announcer asked that the Mason fans remain seated until their guests had cleared the stands and gone to their cars, saying, "We will be home five minutes and the Sonora folks have a long drive ahead of them." The Mason people cooperated wholeheartedly.

We can think of no better means of promoting good interschool relationship within our district. So, tonight when our Ozona neighbors visit Bronco stadium, and the same request is made over the loud speaker, lets use this means of telling our

Said plaintiff's petition was filed on the 3rd day of October, 1956. The file number of said suit being No. 1206.

The names of the parties in said suit are Alton E. Hightower, plaintiff, and each and all of y u. the above named persons to whom this citation is addressed, defendants.

The nature of said suit being substantially as follows, to-wit: Plaintiff alleges that he is the owner in fee simple of the following described land in Sutton County, Texas.

Being part of Survey 85, Block B, HE&WT Ry Co. Survey in Sutton County, Texas, and being described by metes and bounds as follows, to-wit:

Beginning at the SE corner of a survey of 13.7 acre tract out of said Survey 85 conveyed to L. N. Halbert by R. W. Callahan, et al, dated September 31, 1892, recorded in Volume 1, Page 463, Sutton County Deed Records, from whence a love oak 8" bears North 19 deg. E 192 feet, said live oak being marked H;

Thence S 60 deg. W 718 feet to a pin for the NW corner of this survey;

Thence S 30 deg. E 141.5 feet

to an iron pin for the SW corner of this survey;

Thence N 60 deg. E to the center of road through the Amanda Bean Survey;

Thence in a Northerly direction along the center of said road to the place of beginning.

And on September 1, 1956 was in possession of said land and that on the same day the defendants unlawfully entered upon said land, dispossessed plaintiff therefrom and now unlawfully withhold same from plaintiff;

That plaintiff, and those whose title he holds, on said date had had peaceable, continuous and adverse possession under the 3, 5 and 10 year statutes of limitation of Texas, also complying with all requirements of said statutes, for the length of time required by law under each statute, and specially pleads said statutes of limitation in support of his title. Plaintiff sues for title and possession of said premises and general relief and said suit is brought in trespass to try title.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 2nd day of October, 1956.

Given under my hand and seal of said Court, at office in Sonora, Texas, this the 2nd day of October, 1956.

IT'S FEEDING TIME!

This cow's telling you something you probably know... it's time to start feeding. Grass is brown, tough, and doesn't have much food value. If her owner wants her to drop a husky calf come spring, then he'd better start supplementing her range.

She'd like Purina Range Checkers. They're easy to feed, tasty, contain a variety of proteins and carbohydrates and carry vitamins and minerals that the tough grass doesn't have. Cows must have these materials to build the unborn calves.

43 YEARS AGO

S.H. STOKES FAMILY REUNION- Mr. and Mrs. S. H. Stokes celebrated their 33rd wedding anniversary Oct. 22, with a turkey dinner which was greatly enjoyed by all present. All the family were together for the first time in years. Ten children and nine grandchildren complete the family group.

A handsome dinner set was presented Mr. and Mrs. Stokes by the children and Mrs. J. D. Lowrey. Mr. Nathan had considerable trouble in arranging for a family picture. The evening was spent in music and good singing.

Grandma Roberts was honored guest. She said she was 86 years old and that was the happiest day of her life. Others present were six married children and their families; Mr. and Mrs. Harry Sharp and children, Mr. and Mrs. Lem Stokes and children, Mr. and Mrs. Joe Trainer and children, Mr. and Mrs. Marion Stokes, Mrs. C. A. Trainer, Mrs. C. J. Bridge, Mrs. J. D. Worrell and baby, Mrs. Joe Bridge, Stella, Hiram, A. B., Joanna, Mora and Hazel Stokes, Misses Carra and Sallie Karnes, Lem, Cal and Cliff Johnson.

Miss Mary Louise Bahan and Bartholomew Cornell DeWitt of Sonora were married Tuesday morning at 8 o'clock at St. Mary's Catholic Church. Rev. Father Parks performed the ceremony. The altar was decorated with carnations, ferns and palms and the railing was draped with smilax stubbed with white flowers. The wedding march was played by Mrs. Marcus Cox and the offertory song was sung by Miss Mamie O'Reiley. The bridal party entered led by Miss Sophia Bahan. The bride entered with her father; the groom and his best man, Lea Aldwell, came in from the sanctuary, meeting the bride at the altar. Miss Sophia Bahan, the bridesmaid, wore a broadcloth suit and large hat. She carried a bouquet of American Beauty roses. The bride was attired in a blue broadcloth suit with fur trimmings and wore a large black hat. She carried American Beauty roses. A wedding breakfast was served at the

home of the bride's parents, Mr. and Mrs. A. W. Bahan, on Sixth Avenue. Mr. and Mrs. DeWitt are now on their bridal tour in South Texas. -Dallas News.

Mrs. Roy E. Aldwell gave a dinner and smoker for her husband Saturday night as a birthday surprise. Those present were E. S. Briant, W. M. Holland, H. R. Wardlaw, H. P. Allison, J. E. Mayfield, W. P. Brown, T. A. Williams, and Roy E. Aldwell.

Dr. and Mrs. L. L. Craddock are visiting in Dallas and attending the fair.

Mrs. Frank Turney and children visited on the J. A. Ogden ranch last Sunday.

Sol Kelley has returned from Waco where he disposed of some fat cattle.

Personal Notes

Mr. and Mrs. O. G. Babcock have as their guests this weekend their brother and sister in law, Mr. and Mrs. Dallas L. Knoll of Winter Park, Fla. Col Knoll, National President of Sojourners Masonic Lodge, is making an official visit here.

who bought from Will Dawson of San Angelo the remnant of the Jackson cattle for \$1,000, sold part of their claim to Wimm and Alexander of Brackett for \$2,600. Johnson and Evans think they will gather \$2,400 worth more.

J. B. Merck, who owns a ranch 20 miles south of Sonora, sold his corn in Sonora at \$1.25 per bushel. Seems odd to report the sale of corn but shows the possibilities of the country.

Miss Beatrice Brown, who has spent the past year visiting at Kerrville and Corpus Christi, arrived home Thursday. She is the daughter of Mr. and Mrs. J. S. Brown.

Miss Jessie Smith entertained the Five Hundred Club Saturday night.

Mr. and Mrs. Thomas Bond and son Frank and nephew Robert Duncan and Miss Willie Mae James, the governess, were in Sonora Thursday for a short visit.

Texans Find Ike Stands For Same Things We Do

A fellow was in our town the other day selling men's suits. He was from St. Louis, and he said he was a manufacturer's representative. Grandpa would have called him a dry goods drummer, and Papa would have referred to him as a traveling salesman. This shows you how things change with time. But actually that fellow from St. Louis was doing just about what the earlier visitors did—trying to sell suits.

You might say that he stayed in the same place but the names went off and left him. Reminded me some of the political situation in Texas.

I was reading a letter in the daily newspaper last week, from a man who said he was going to vote for Eisenhower. "I am a Democrat," he wrote to the editor of the paper, "but I feel like the party has run off and left me."

Come to think of it, a lot of conservative-type Texas Democrats are in that shape today. They haven't changed their views much on such things as local control, government spending, bureaucratic red tape, and freedom of the individual; they still travel down the same road they did 20 or 30 years ago, even if they do it at 70 miles an hour instead of 25.

They grew up believing that a man could live down nearly any

thing except voting for a Republican. They always voted "er straight, until a good many of them jumped over the traces in '52 and went for Ike.

"I can't figure out what's happened," one of them told me. "Seems like Eisenhower talks like a Democrat and Stevenson talks like a college professor."

The other day this same fellow said: "I think I've got it figured out. Ike stands for the things us Texas Democrats have always stood for. Adlai is too thick with Walter Reuther and that crowd to suit me. I'm going for Ike again."

That's the way with most folks in our town. They decided to give Ike a try at it in '52, and they like the way he has gone about the job. There are some things they wished he'd done a little different, but by and large they think he has made us a fine President. At least all the hometown boys are back from Korea, and as far as we can tell the government is being run honestly.

Somebody asked that Missouri suit salesman how Mr. Truman was getting along, and he said he didn't know. "He isn't in the clothing business any more," he explained. "In fact, as far as I can tell, he is clear out of all kinds of business."

Yours Truly,
Tex

Barnyard "WHOOdonit"

The Barn Owl Controversy still rages in our town. One group claims owls should be protected because they eat vermin. The other faction holds that those little howlers also eat chickens... and should be shot.

Now Pops Parker claims both parties are right. All owls clean up vermin. Some owls also clean up an occasional hen yard.

The way to spot a bad owl, according to Pops, is to put up a 10-foot pole in the chicken run with a No. 2 trap on it. A mauling bird generally perches to

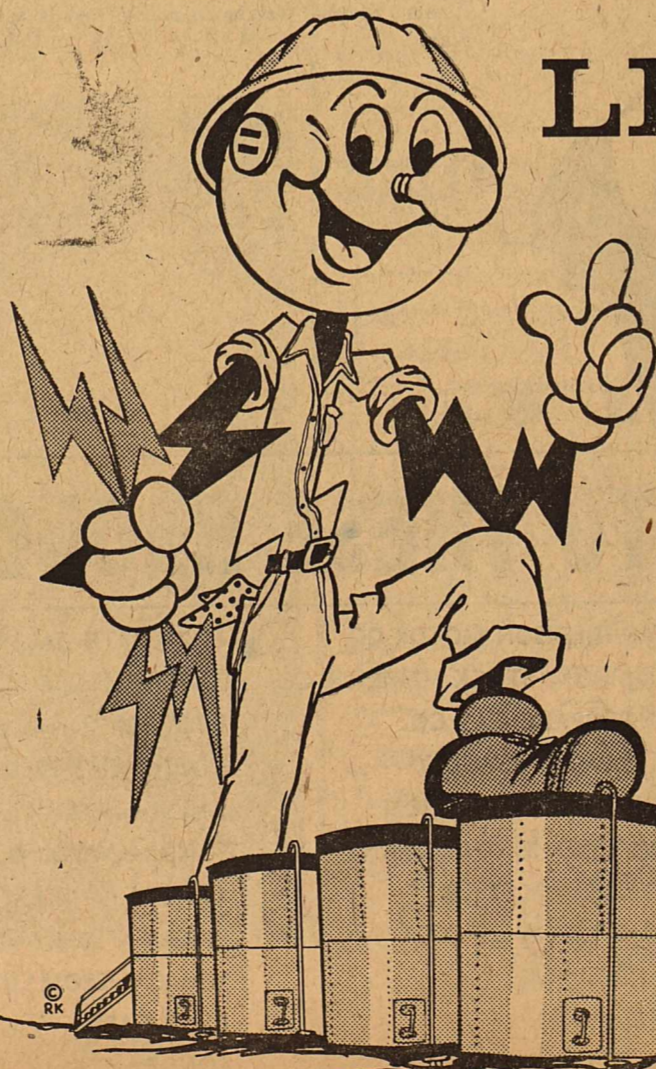

look over the situation before he strikes, giving you your evidence, and the culprit!

From where I sit, I doubt if this will end the owl argument. People have different opinions on the subject—just as they have different opinions about whether beer, tea or what-have-you makes the best thirst quencher. Examine the facts and make up your own mind, I say... and be thankful we live where that's possible.

LET'S MEASURE AN OIL WELL

... in West Texas

You can measure an oil well by its depth, by its production, or in any of a number of ways. But the real "measure" of an oil well is to be found in the jobs it creates, in the schools and highways it provides, in the stores, shops and industries it supports... in short, the real measure of an oil well is in the benefits it brings to all the people of an area. The West Texas Utilities Company, too, can be measured in the record it has made in helping the West Texas Oil Industry serve the people of West Texas.

SAVE those bottles in which you get window cleaner, especially if they have the spray gadget. These can be filled with turpentine, for example, to be used during painting time. Spray the hands for a quick clean-up.

Those rubber kitchen scrapers are excellent for transferring paint from one can to another. Use these and save your paint brushes.

THIS WEEK'S RECIPE
Coffee Tapioca Pudding (Serves 6)

¾ cup quick-cooking tapioca
½ cup brown sugar
¼ teaspoon salt
1 cup hot coffee
1½ cups milk
½ cup heavy cream

Mix together tapioca, brown sugar, salt, coffee, and milk. Cook, stirring constantly until mixture reaches a full boil. Remove from heat and cool thoroughly. Beat cream stiff and gently fold tapioca into cream.

Don't know where to hang those freshly ironed clothes? Get an extra one of those hall trees, second hand, if you like, and place near the ironing center.

When pots and pans have an unpleasant odor, wash them in sudsy water to which you've added two tablespoons of vinegar.

Several small Turkish towels are of great help in absorbing water in the refrigerator when you defrost. Place them at the bottom of the refrigerator when you start defrosting, then remove when you're ready to clean. Saves mopping.

Bias seams on skirts will not stretch if the side seams are sewed twice, one-fourth inch apart. Do not press the seam open when finished and your hemline will stay nice and even.

Looking Through The Windows Of Life

By W. H. Marshall

What are great things? What are the most valuable things on earth? Are they land, and buildings and bonds? Of course a civilization must have a material foundation. Just as a school building must have a foundation. But the school building is not the school however important the building is.

Man has always sought for a way of life. He has tried many things. He has attempted to worship God through stone and image. He has even attempted to worship God through the glorification of the sex and the gratification of physical desires. Man has sought God through humanism. In many ways man has sought his God.

One would think that today men would really want to find God and to find a real way of life. Many men do. But man as a whole still thinks he can get along without God.

Some times one wants to brand man as a creature who had rather die than to take the trouble to think and set his house in order.

If there is a God, then man must start with God if he is to get anywhere. That is true with the individual. It is true with our homes. To think we can get along in our home without God is to make one of the sad mistakes many homes make. Parents who have no place or time for God in their homes are making the mistake of their lives with their children. The greatest thing parents can do for their children is to set an example of Christian living before them. To take the child any and everywhere on Sunday rather than to church, is to sin against your own child. Plain words, but true nevertheless.

The poor man is the man that thinks he has no need of God. The blind man is not the man who has lost the sight of both eyes.

The blind man is the man who has no soul with which to see his need of God. He will take care of and dress up his body while he allows his soul to go begging for strength and light and God. He, strangely enough, figures his body needs care, but his soul is not important.

Of course God made man a

free, moral agent. By that I mean we can think for ourselves and choose for ourselves. But in so doing, what a shame that it takes so little to please so many of us!

To be forever trying to get a little more of the world at the expense of our soul, seems to me to be the height of folly. When life is over, all that we will have coming to us is just enough earth to lay our body in. In that case, the poorest man will be as wealthy as the richest man. And the richest man will stay dead as long as the poorest man. Folly! How poor of heart and soul are so many of us satisfied to be.

There are adequate reserves of power within every one of us if we only knew it. No man need be poor in heart and soul. No man need let the world take him prisoner to the material. You and I, every human being are something more than flesh and bones. No man need sell his soul out to the world and to the choice of things that perish with use and time.

Of course, I am glad that God has given us the chance to hit a home run or to strike out. Wesley Sawyer and Cyle Clements are in Dallas this week on business and pleasure trip.

GATE-CLOSERS

Dear Friends

A farmer friend of ours paid Humble's field men a fine compliment recently.

He said, "There's one thing about you Humble people, you close gates."

Well, of course we do.

All of us at Humble want the good will of the folks with whom we do business. And among those folks, the farmers and ranchers who lease their land to us for exploration and production are right at the top of the list.

In fact, you farmers are partners with us in the development of a vital natural resource. If our efforts are successful then everyone involved benefits.

Keeping the gates closed and the fences mended—things like that are the least we can do.

We know. A lot of us grew up on farms and ranches.

The new Ford Fairlane 500 (118-inch wheelbase). Longer, lower, larger than many medium-priced cars, yet lower in price than most of them!

Here's what put the magic in the new kind of FORD!

It started with the "Inner Ford." When Ford planned this baby, they thought in terms of a car through-and-through new.

The wheels got smaller. This Ford is so new that even the wheels have changed. Now smaller and broader, they help you take off quickly.

The wheelbase got longer . . . so now you can choose between a Ford that's over 16 ft. long—or one over 17 ft. long!

The frame got wider. Side rails bow out to give a more stable, safer riding platform . . . a lower, sleeker silhouette.

The ride got smoother. With new suspension, new springing front and rear, the ride this new Ford gives is the smoothest ever.

The handling got easier. Poised and balanced like a panther, this car has swept-back front suspension that works its magic when you need it most.

The power got hotter. There's a wide range of Silver Anniversary V-8's to fit every horsepower need* . . . plus a new Mileage Maker Six.

"Six or V-8 the going is great"

The roof got lower. And it's designed to let you make the easy entries and graceful exits you've always known.

The body got quieter. It's the strongest body built for a low-priced car. No car in Ford's field has such generous sound-proofing.

The room got bigger. There's head room to spare for a tycoon-type hat. There's real stretch-out leg room, too.

The lines got sweeter. They have the Touch of Tomorrow. Each graceful contour says, "Let's go!"

The style got smarter. With this new-look Ford you have a car that belongs anywhere! All Fairlane models look like hardtops.

The value got greater . . . the price is still Ford-low.

*A Special 270-hp Thunderbird 512 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 512 Super V-8 engine delivering up to 285 hp.

SEE IT FOR YOURSELF!

So now you know the magic of the '57 FORD!

Warehousemen Meet, Form Organization

An organization of Texas wool and mohair warehousemen was organized Saturday at a meeting in Fredericksburg. The organization is pledged to promote marketing of wool and mohair and betterment of the industry. J. B. McCord, president of the Texas Sheep & Goat Raisers Association, presided at the meeting which was attended by representatives from 13 wool and mohair warehouses in the wool-producing area of the state. The organization hopes eventually to have all wool and mohair warehouses included in the membership. A committee was appointed to apply for a charter and to draw up proposed by-laws. Serving on the committee will be Fred T. Earwood, chairman, Sonora; L. W. Elliott, Sonora, C. W. Wardlaw, Del Rio, Dolph Briscoe, Uvalde, and Ray Wyatt, Bandera. Ernest Williams, San Angelo, was named secretary.

Organization will be completed and first permanent officers named at the annual convention of the TS&GRA in San Angelo in December. John Stanley Hamby, a Texas University student, was at home last weekend visiting his parents, Mr. and Mrs. Johnnie Hamby.

PTA EXECUTIVE BOARD MEETS THURSDAY IN OZONA

The executive board of the Tri-County Council of the Parent-Teachers Association met in Ozona Thursday, October 11 and named new officers. Elected to serve for the coming year were Mrs. Palmer West, Eldorado, president; Mrs. Frank Potmesil, Sonora, vice-president; Mrs. Herbert Fields, Sonora, secretary; L. B. Sykes, Ozona, legislative chairman; Mrs. Robert Kelley, Jr., Sonora, publication chairman.

L. B. Sykes, superintendent of the Ozona schools, and E. A. Brodhead, superintendent of the Sonora schools, gave a panel discussion of proposed Constitutional Amendment number four which would bring up to date the present teacher's retirement arrangement. It was brought out that the present retirement plan is out-dated and that under it teachers do not receive the same benefits as other white collar workers or daily wage earners. They urged that everyone vote for the proposed amendment.

Car Inspections Slow In Texas

Texas motorists are exercising the old American custom of putting off until tomorrow what ought to be done today and Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety has expressed some concern that the practice is responsible for considerable lagging in the State's motor vehicle inspection program.

The first month of the new inspection period ended on October 15 and Garrison noted that only 4% of registered vehicles have been inspected. The period runs through April 15, 1957 and a minimum of 14% of the cars must be checked each month in order to avoid unnecessary rushes on the inspection stations in the final weeks of the period.
